# About

Our journey at Codeintelli has been nothing short of inspiring. We started out in 2019, where we have a small team of freelancers, we've steadily grown, evolving our capabilities and expanding our horizons. This milestone symbolizes more than just a new chapter—it signifies the birth of a platform where inspiration meets creation and together, they rise to greater heights.

With Codeintelli, we're not just building a company; we're cultivating innovation, forming lasting partnerships and continuing our unwavering commitment to deliver exceptional IT solutions.

## PROCESS

### Requirement Gathering

We gather your requirements to understand your needs and goals for the app.

### Launch/Handover

After navigating through our process, we launch/handover project, accompanied by documentation.

### UI/UX Designing

We design the app's UI and UX to ensure that it is user-friendly and engaging.

### Testing

We perform quality assurance checks to ensure that the app meets the required standards.

### Development

We develop the app's backend and frontend functionalities.

### Deployment

We deploy the app to the stores or cloud for different Architecture & available to users.

Virtual Try-On

Social Features

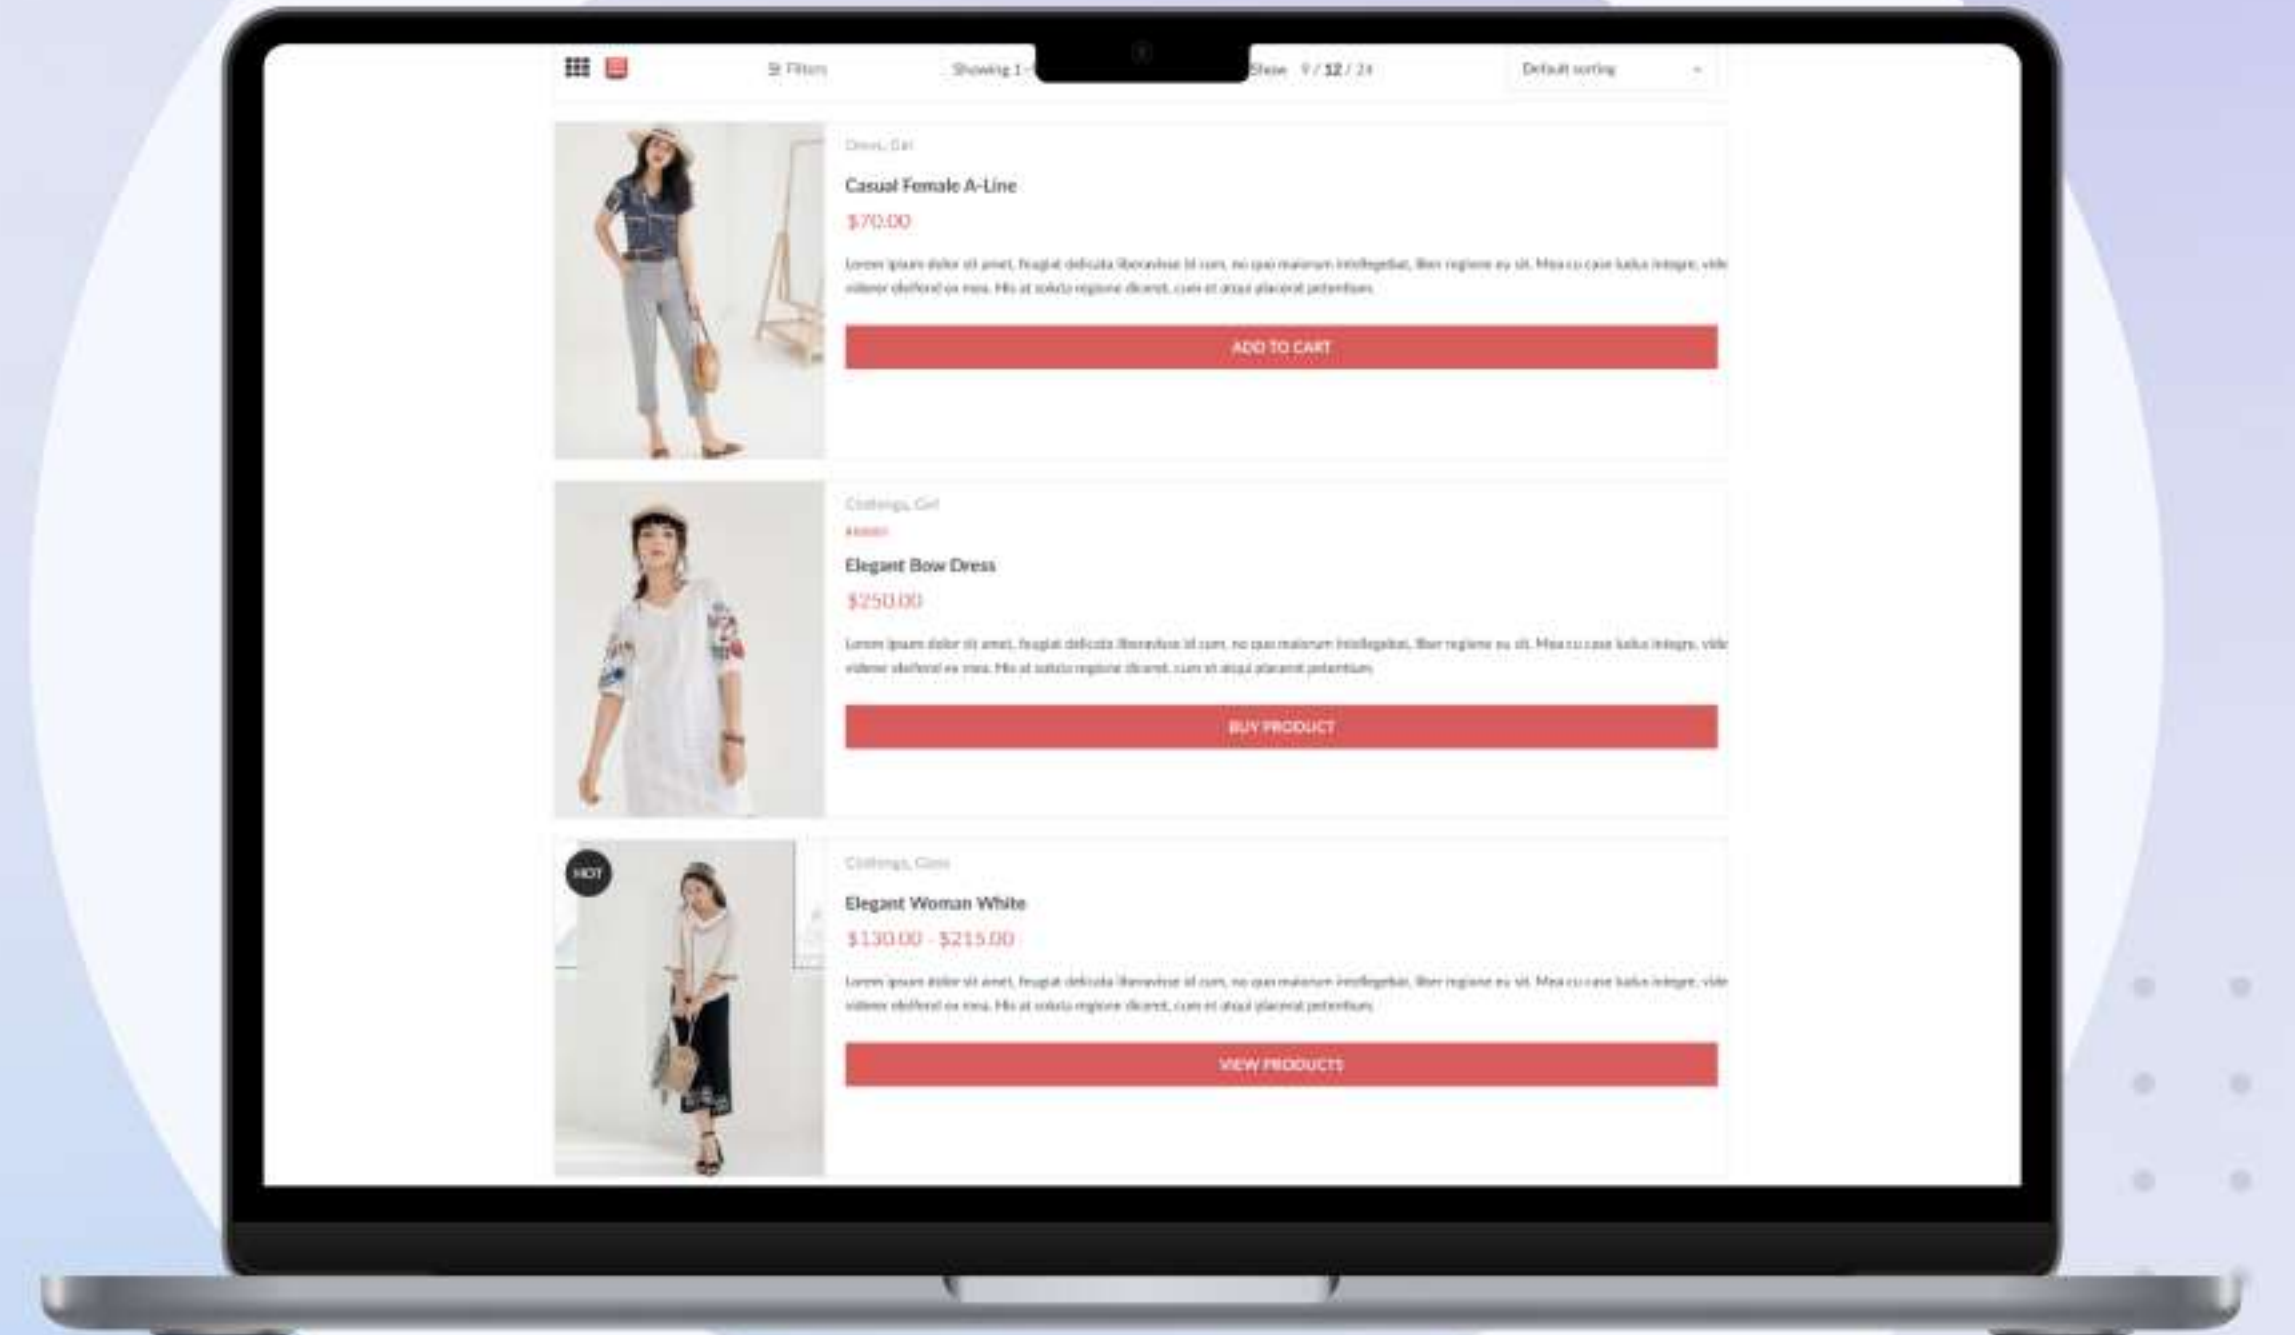

Streamlined Checkout

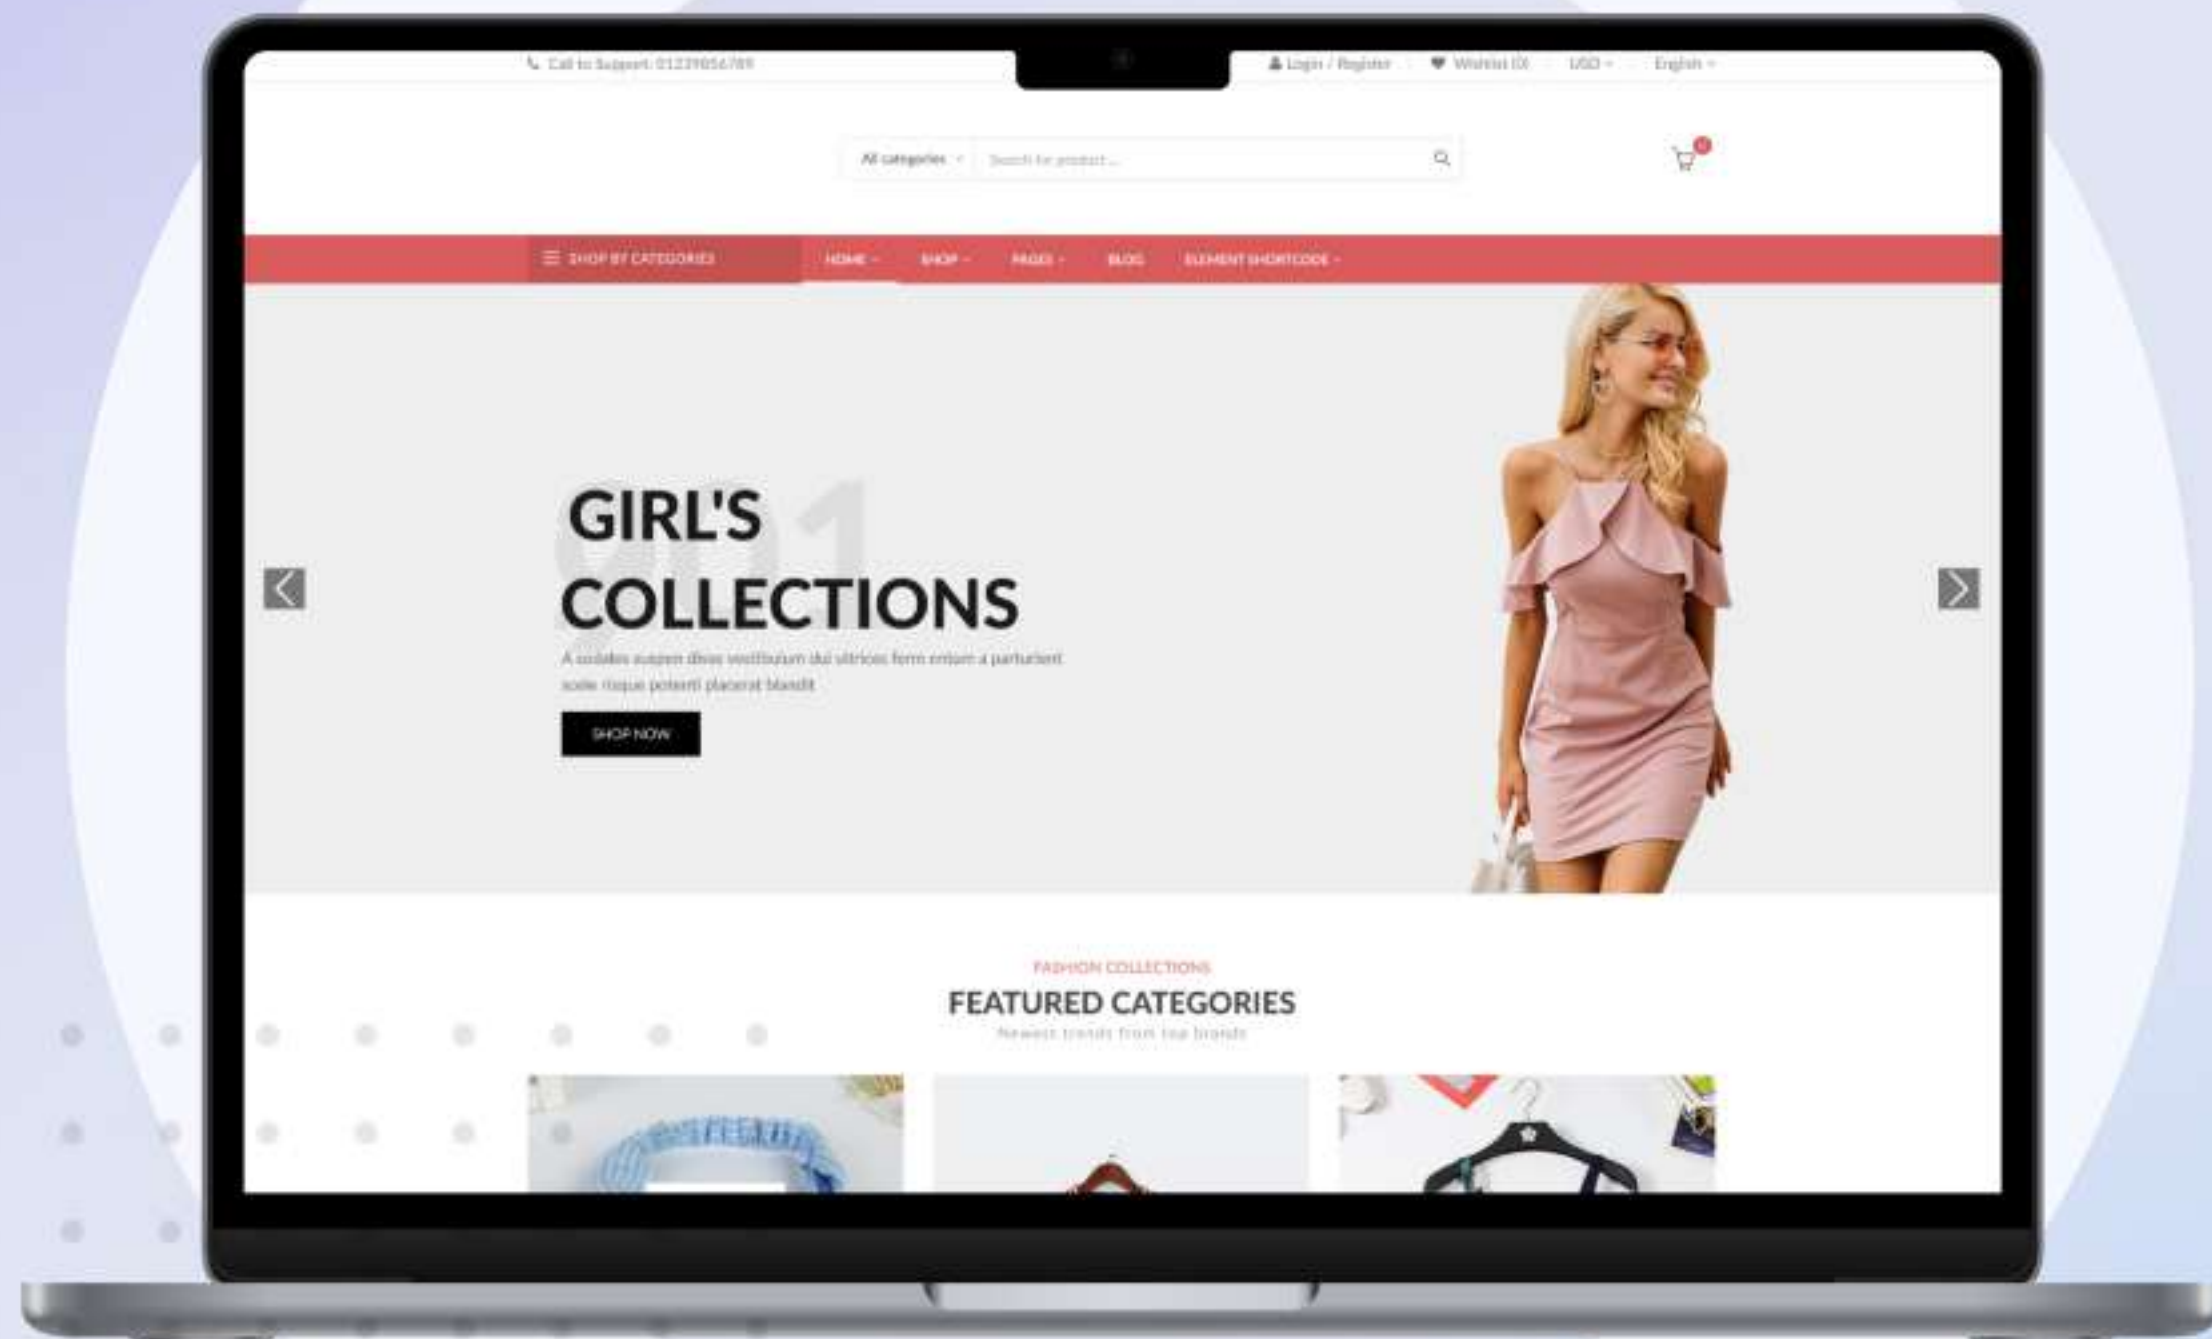

# Challenges

- ✓ Developing an intuitive mobile-first try-on experience
- ✓ Curating style recommendations effectively
- ✓ Expanding size ranges and fabric transparency
- ✓ Optimizing 3D visuals and graphics for speed

# Solutions

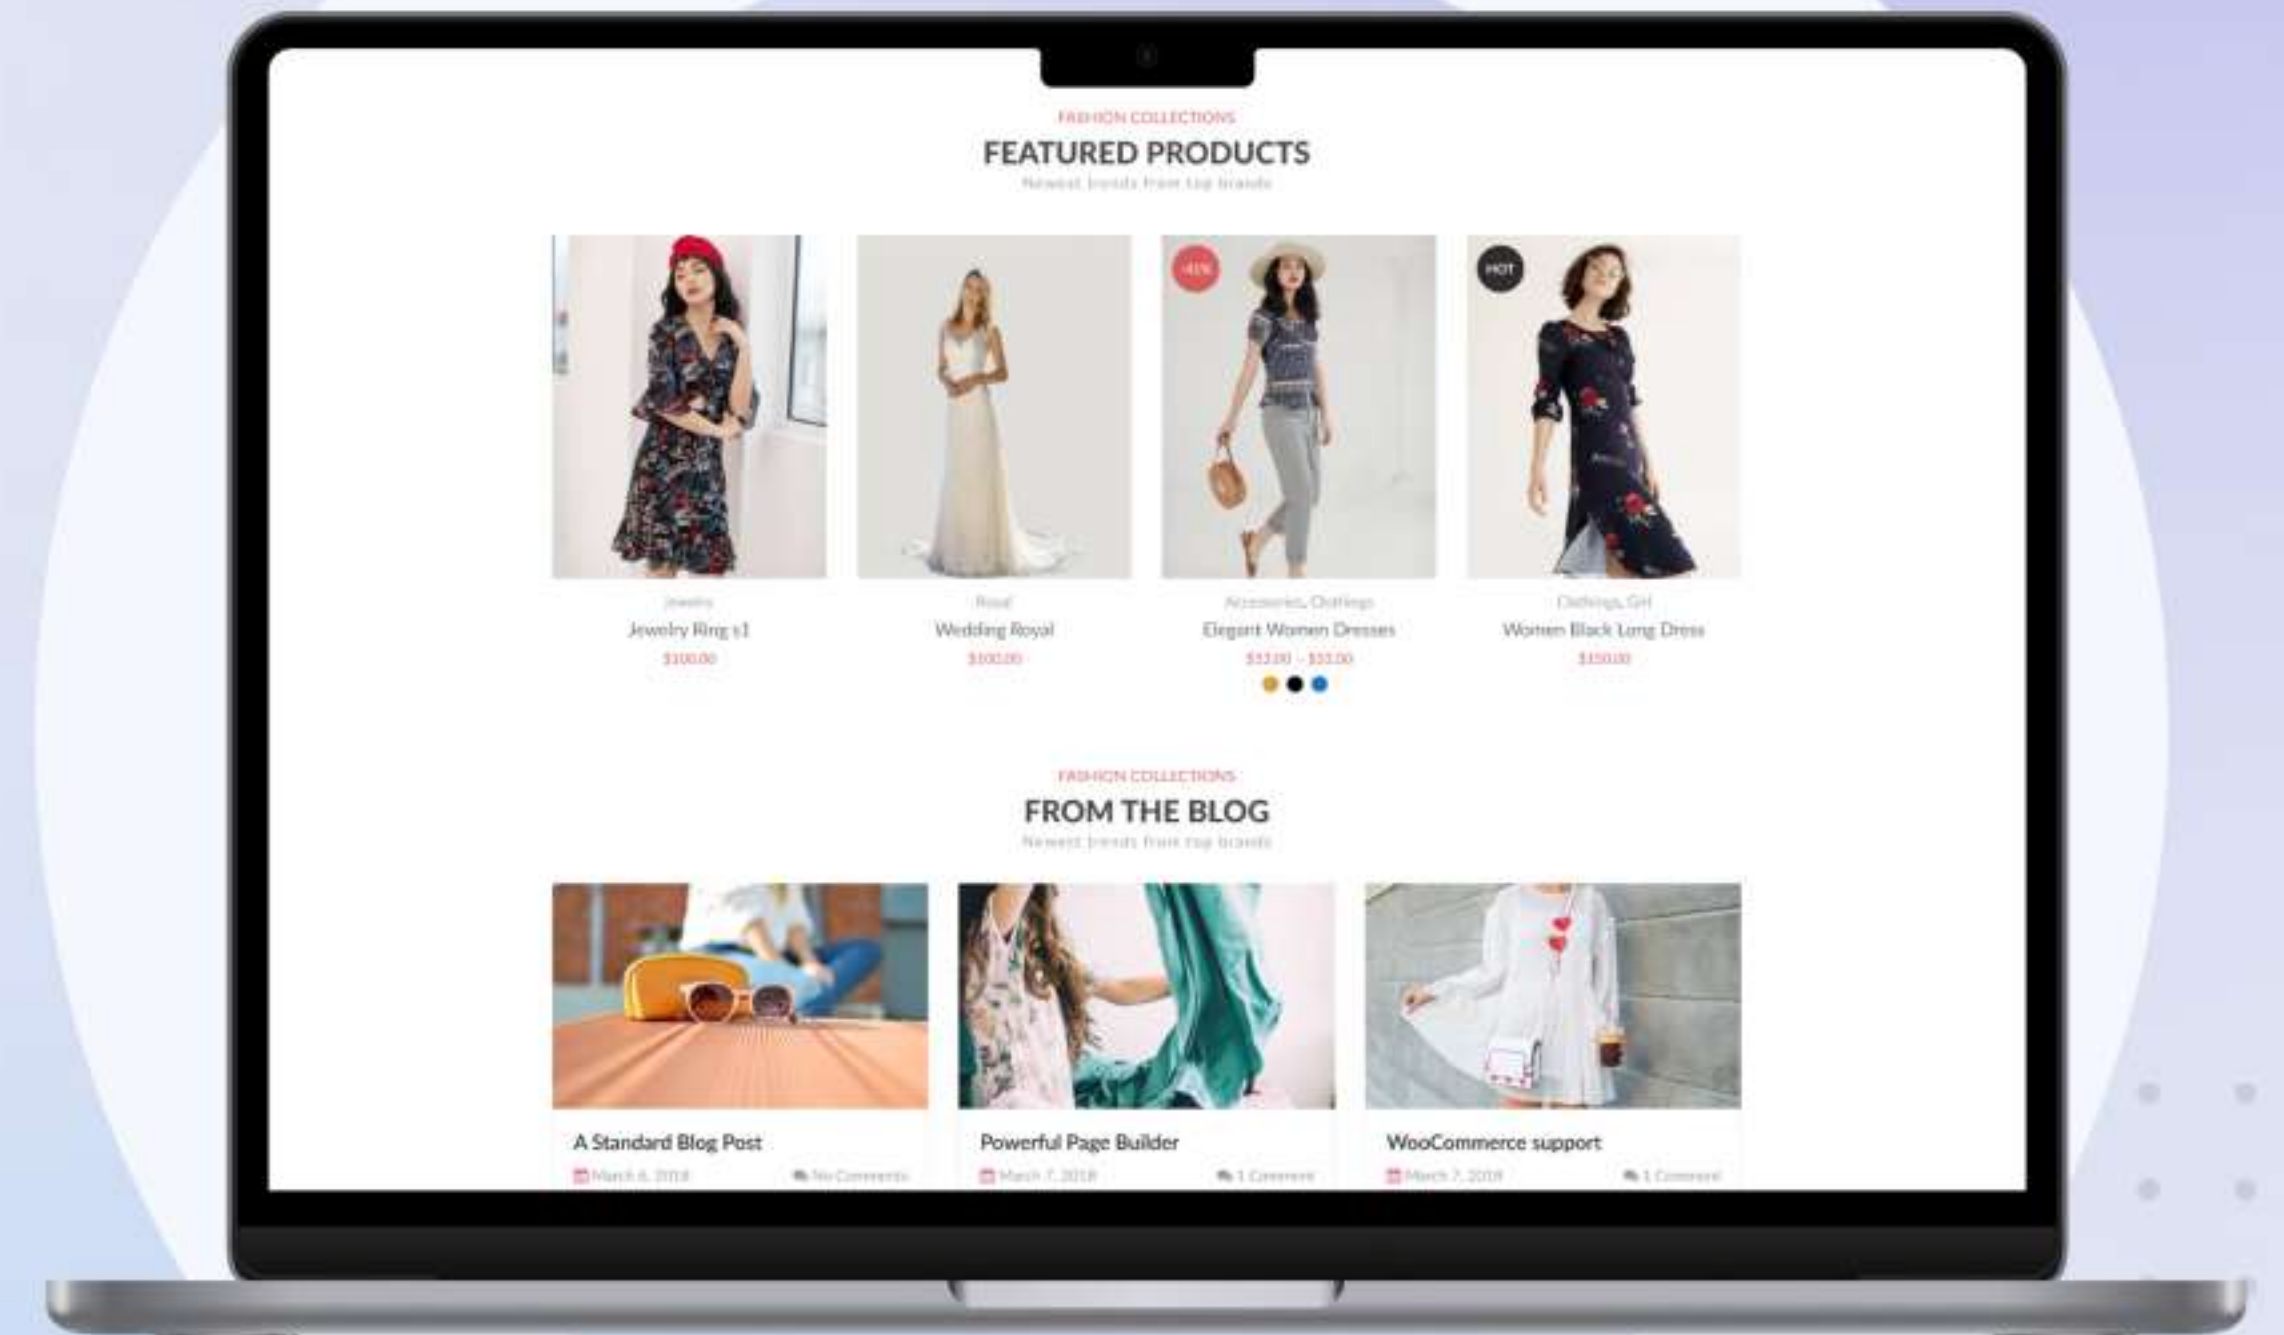

- ✓ Implement AR technology alongside other visualization modes
- ✓ Photorealistic product renders from multi-angle shoots
- ✓ Size inclusion practices and model diversity requirements
- ✓ Utilize gesture interactions and gamification elements

# Impact

- ✓ Average session time increased 32% over previous platform
- ✓ 63% of customers engage with personalized recommendations
- ✓ 15 top global brands onboarded in first two quarters
- ✓ Additional sizes drove 21% more sales

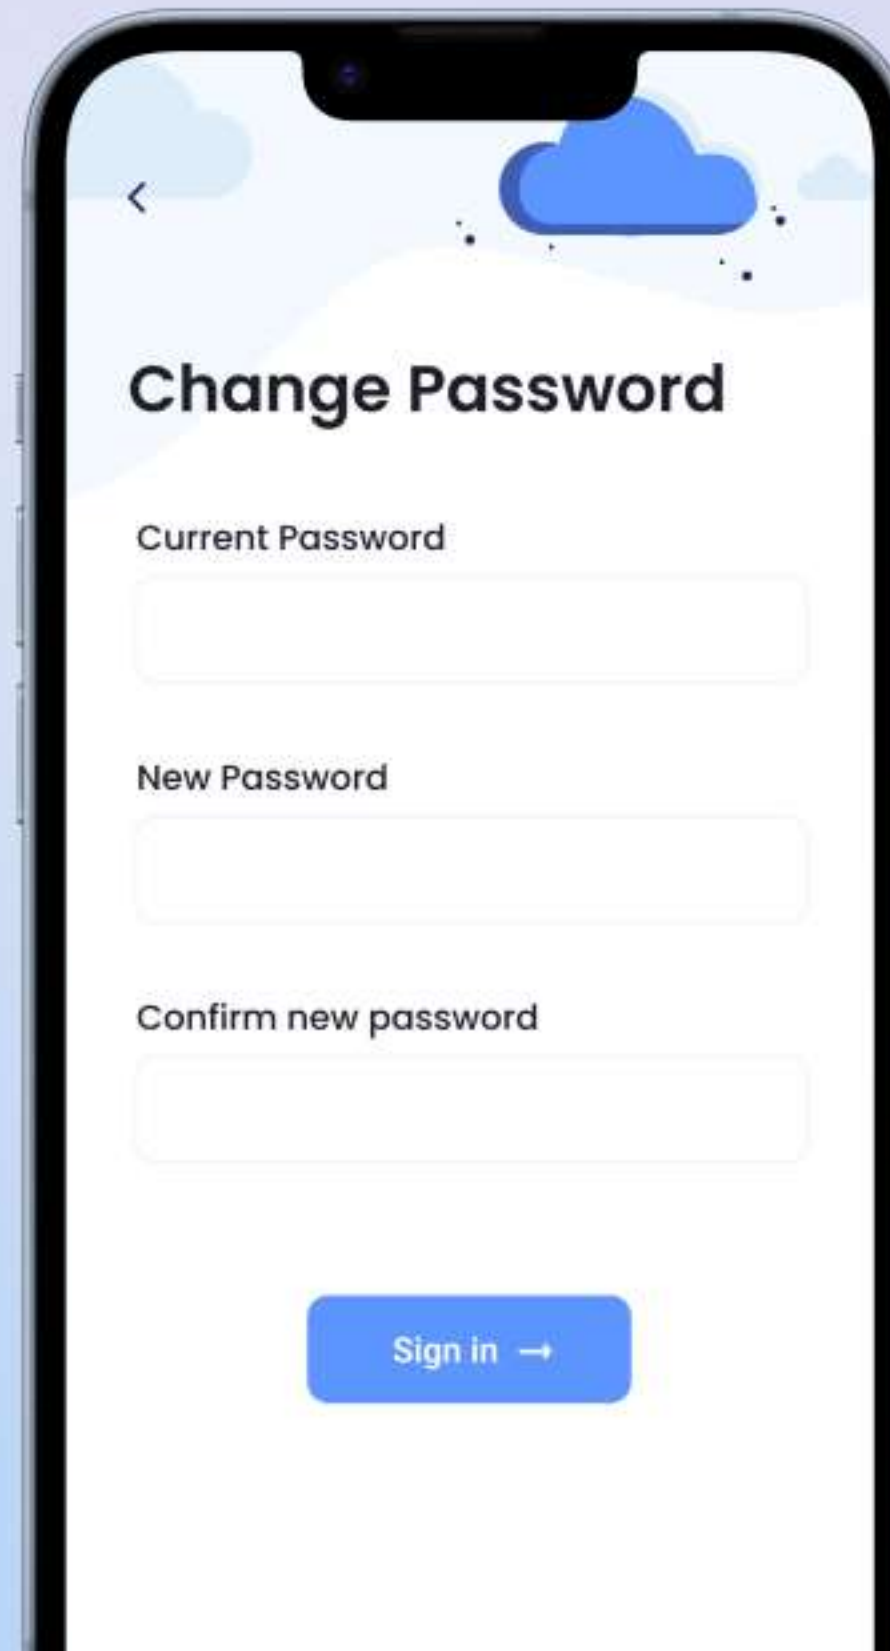

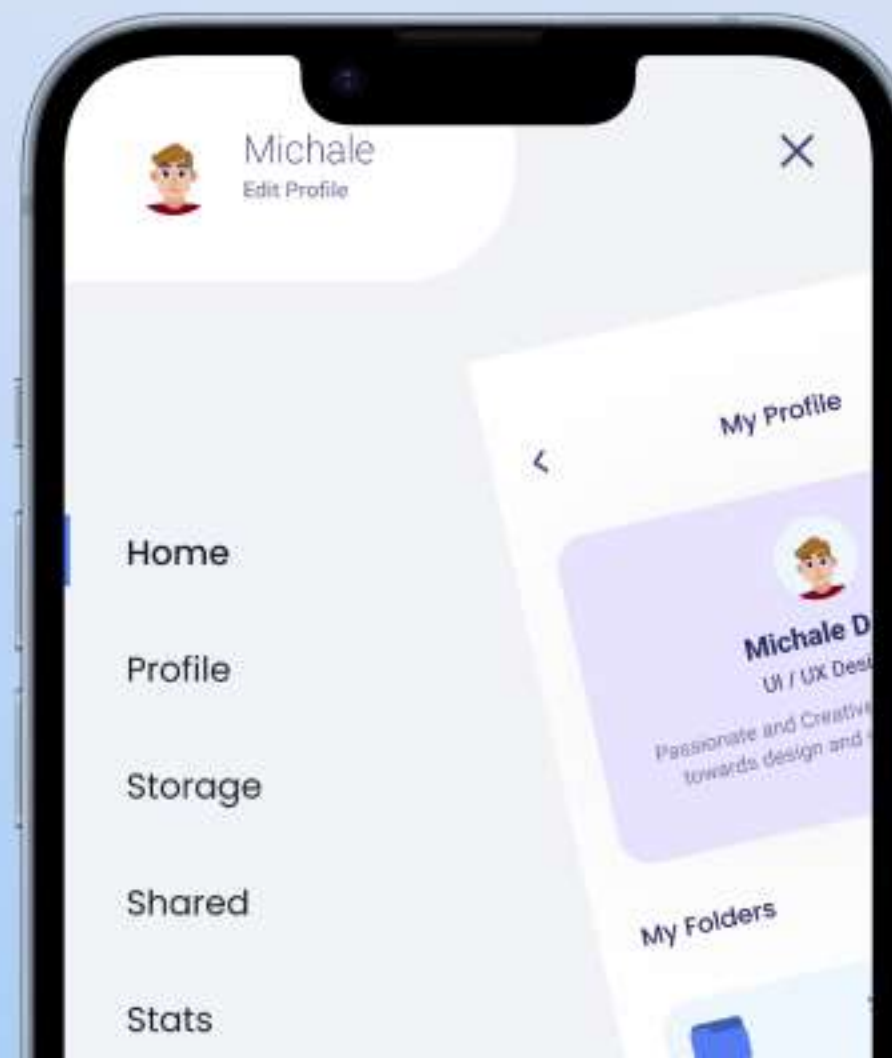

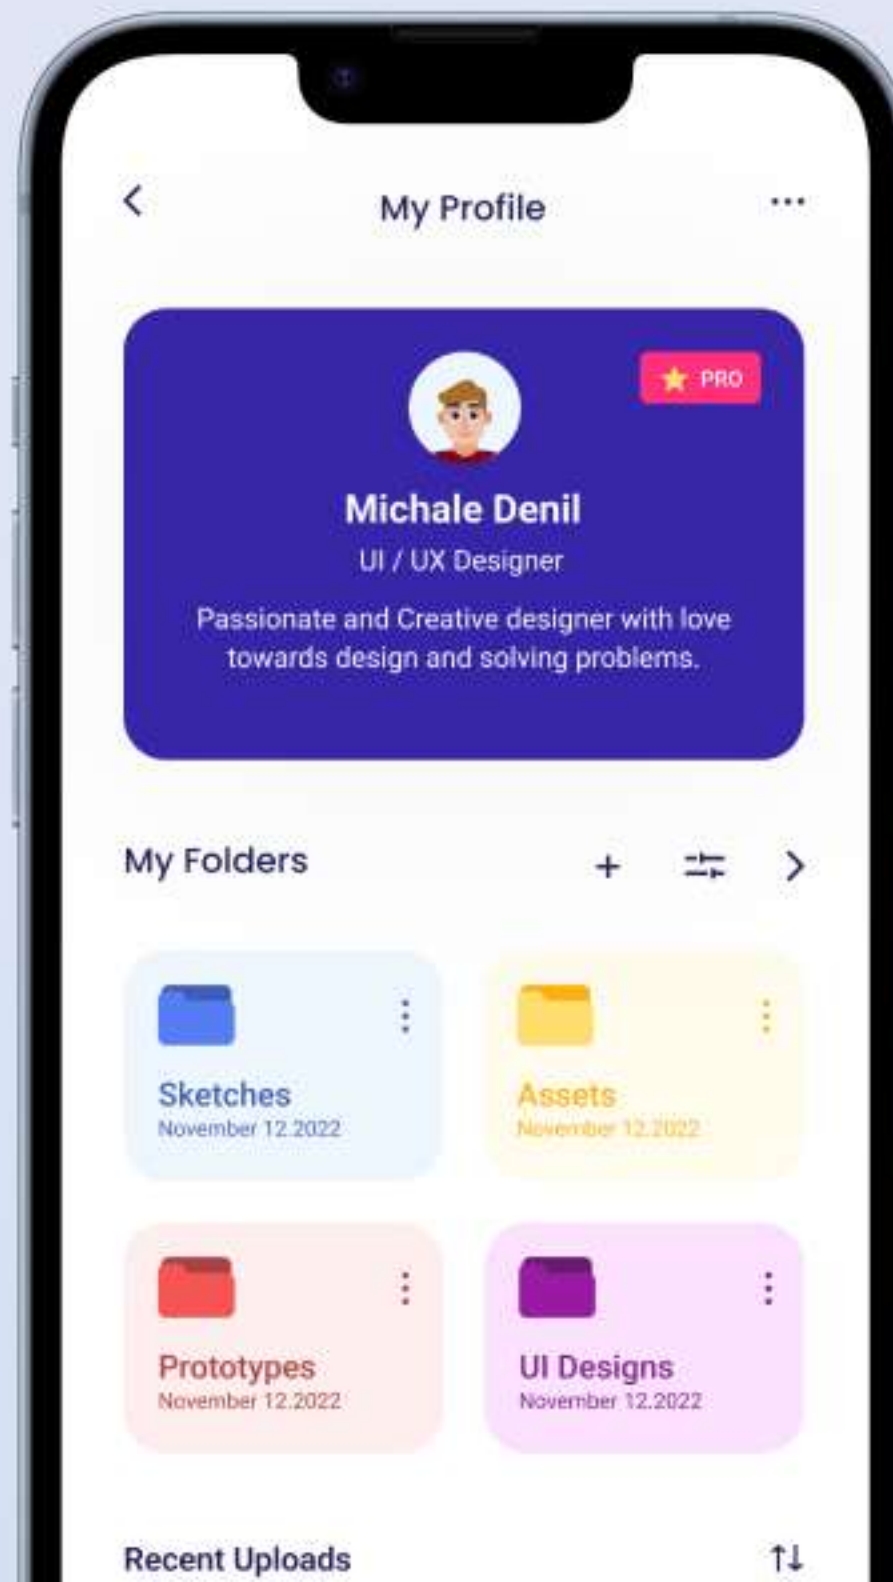

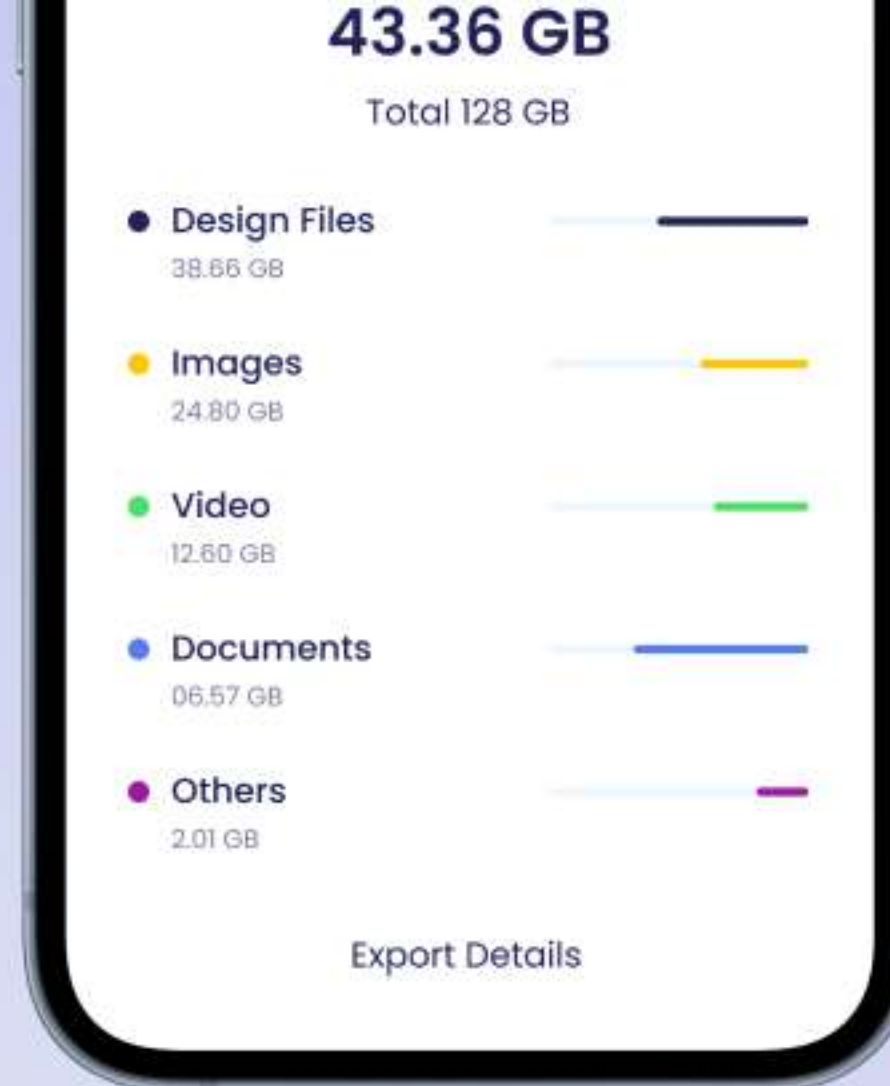

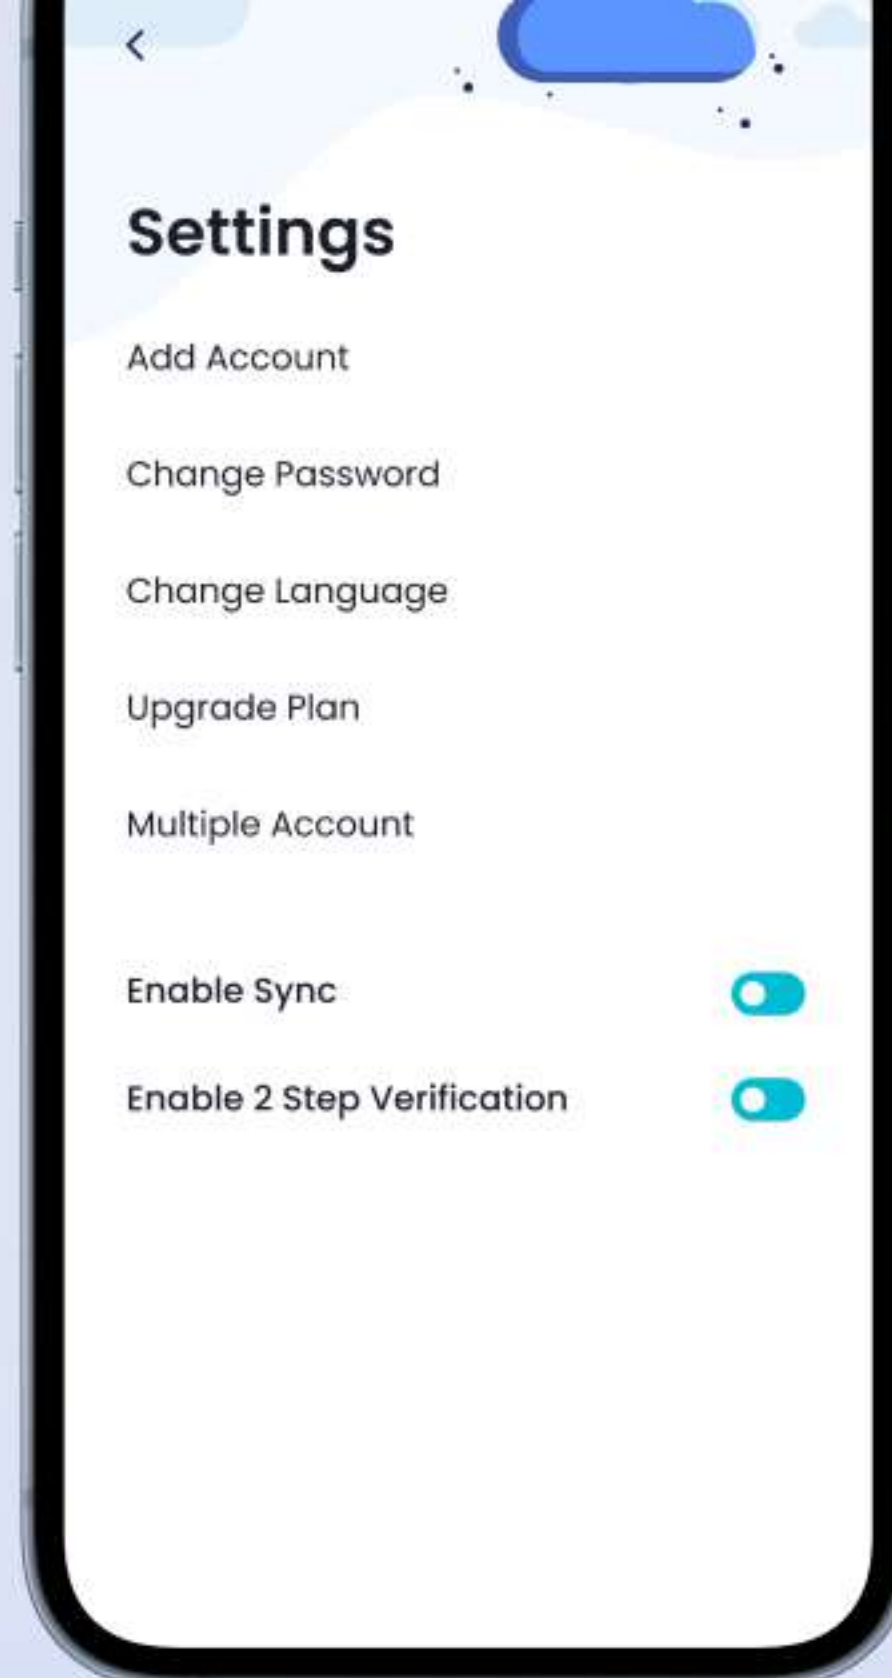

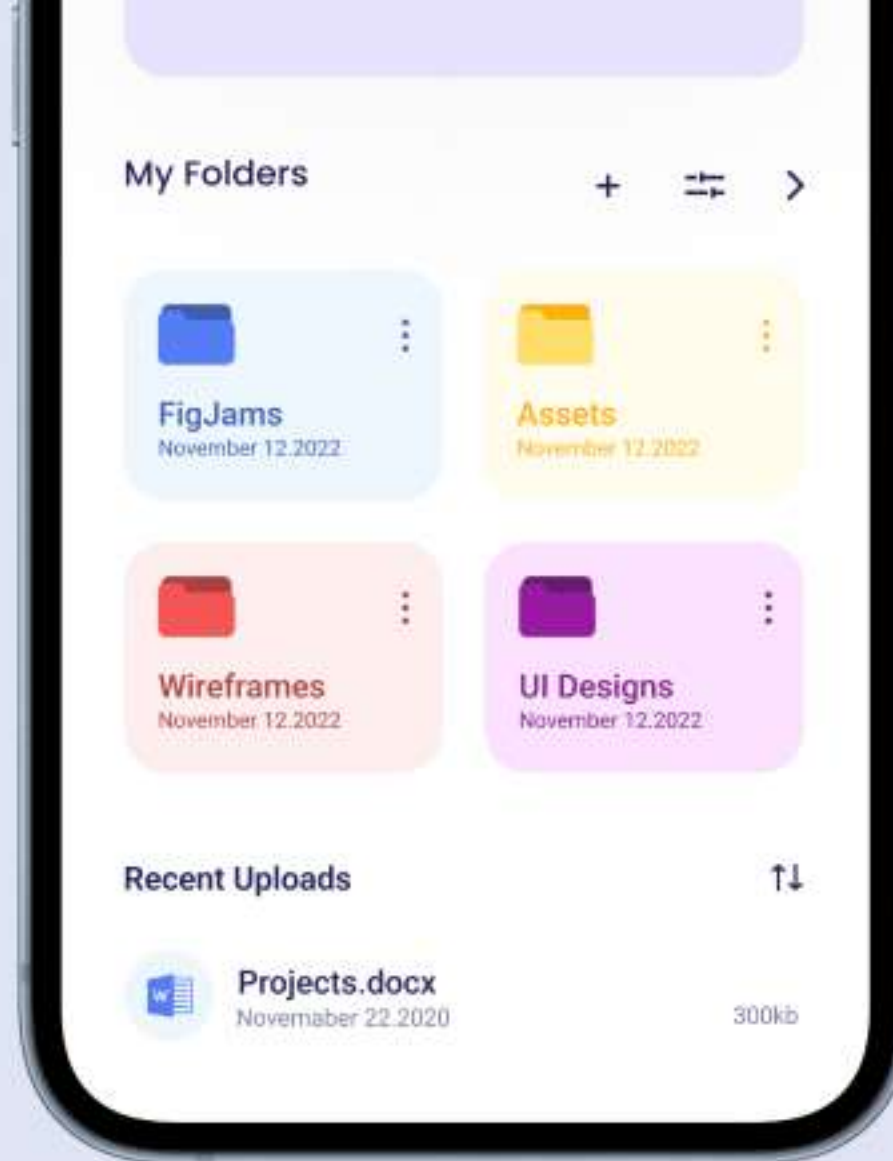

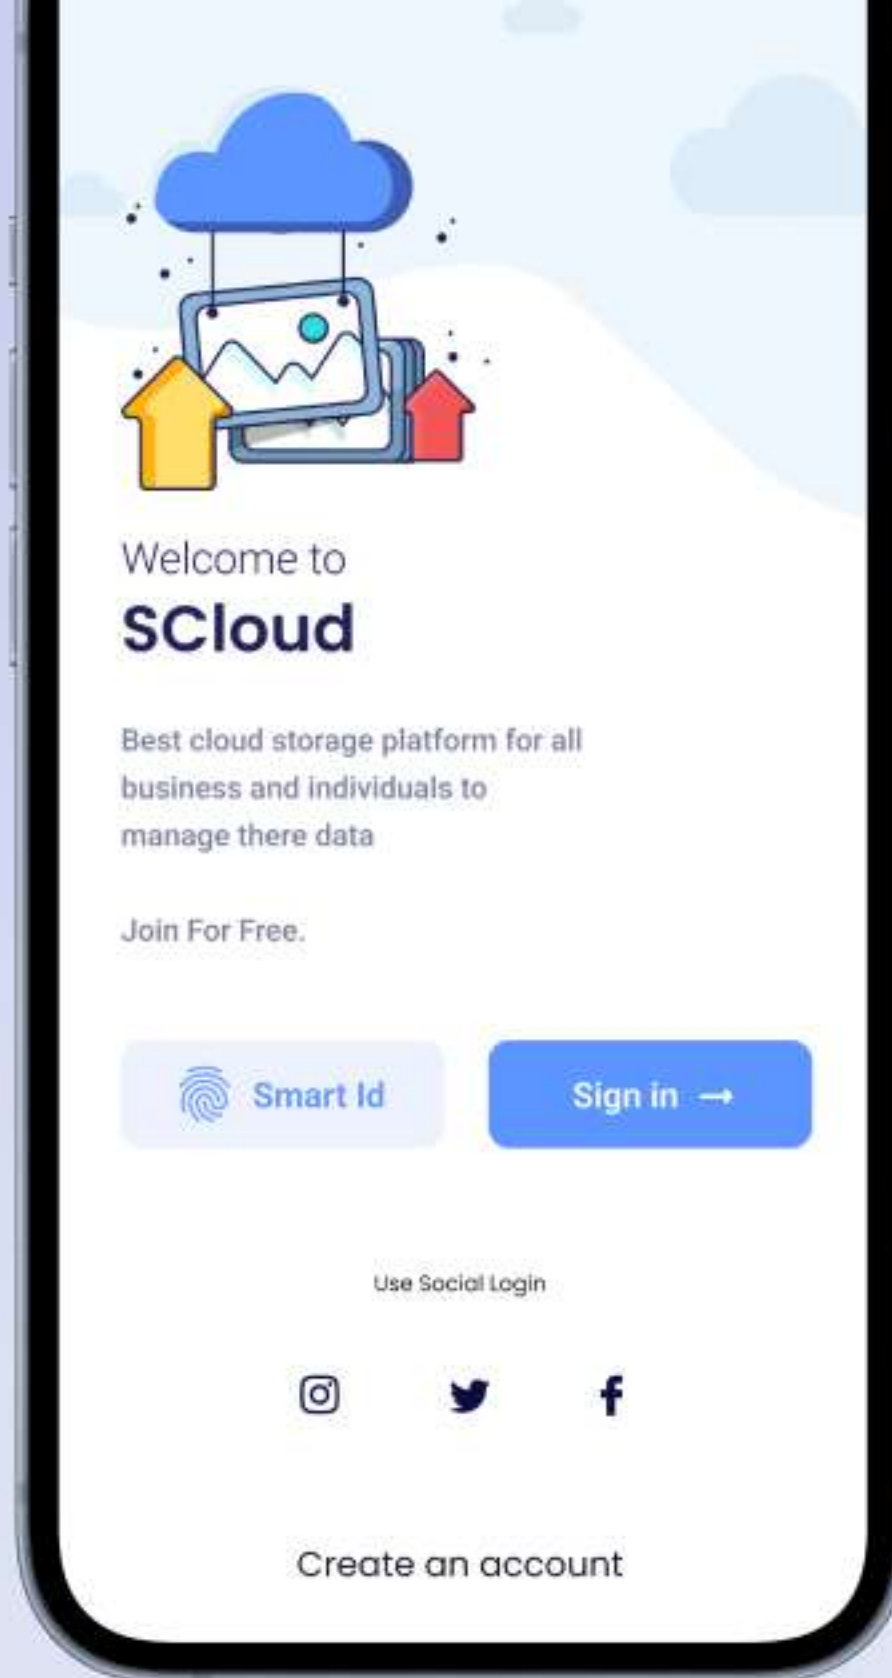

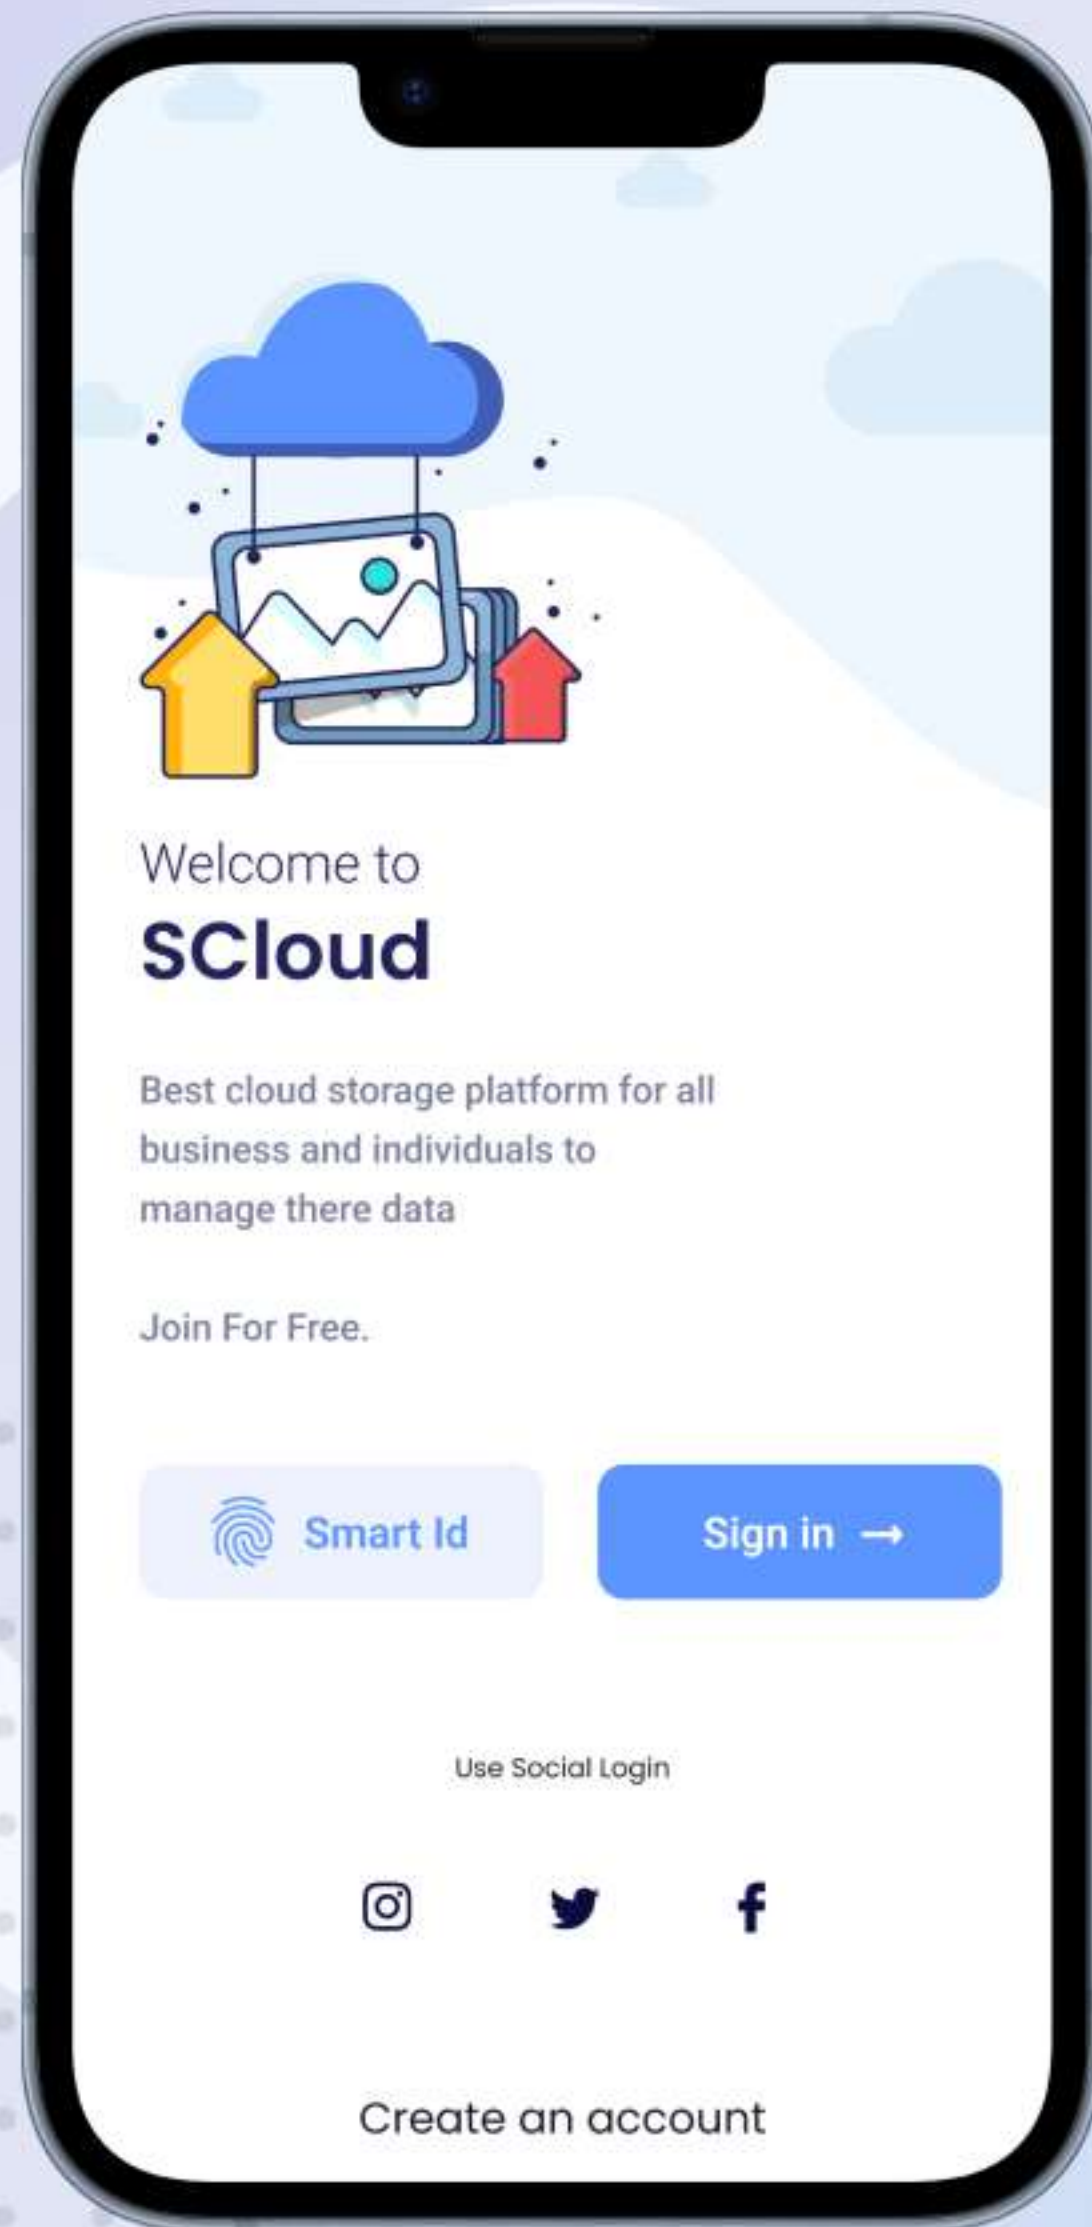

# Streamlining Business Operations with a Unified Cloud Office Dashboard

- Many Corp relied on disparate cloud apps like email, calendar, storage causing inefficiencies.
- Teams wasted time toggling between apps and missed key information.
- They needed integrated access to core business platforms.

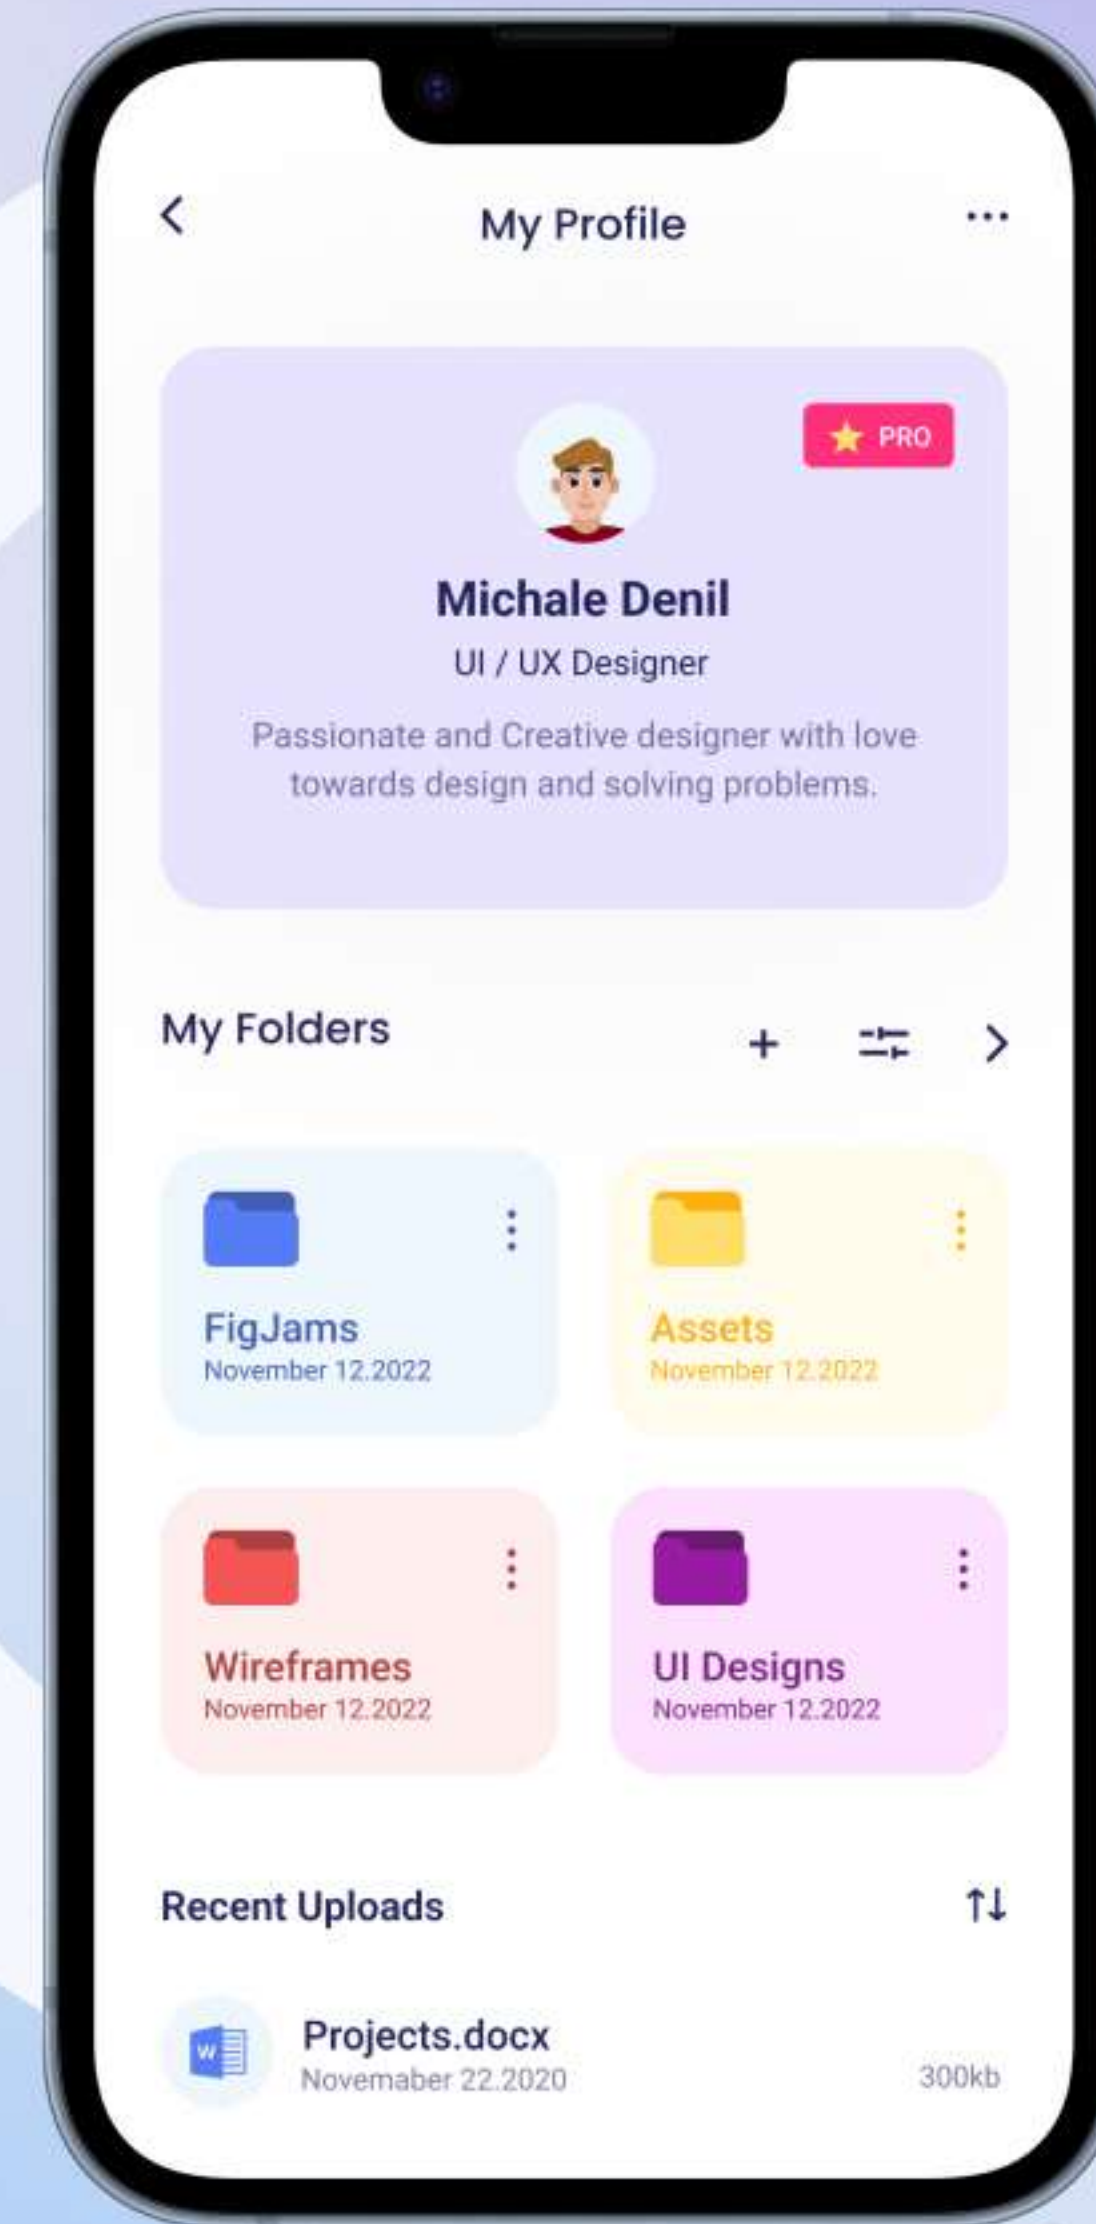

# Features

- ✓ Unified view of email, calendar, docs etc. in one dashboard
- ✓ Single sign-on access to cloud office apps
- ✓ Customizable widgets to view key metrics
- ✓ Real-time notifications and alerts
- ✓ Role-based access controls
- ✓ Integrations with third-party business apps via APIs
- ✓ Responsive design and mobile optimization

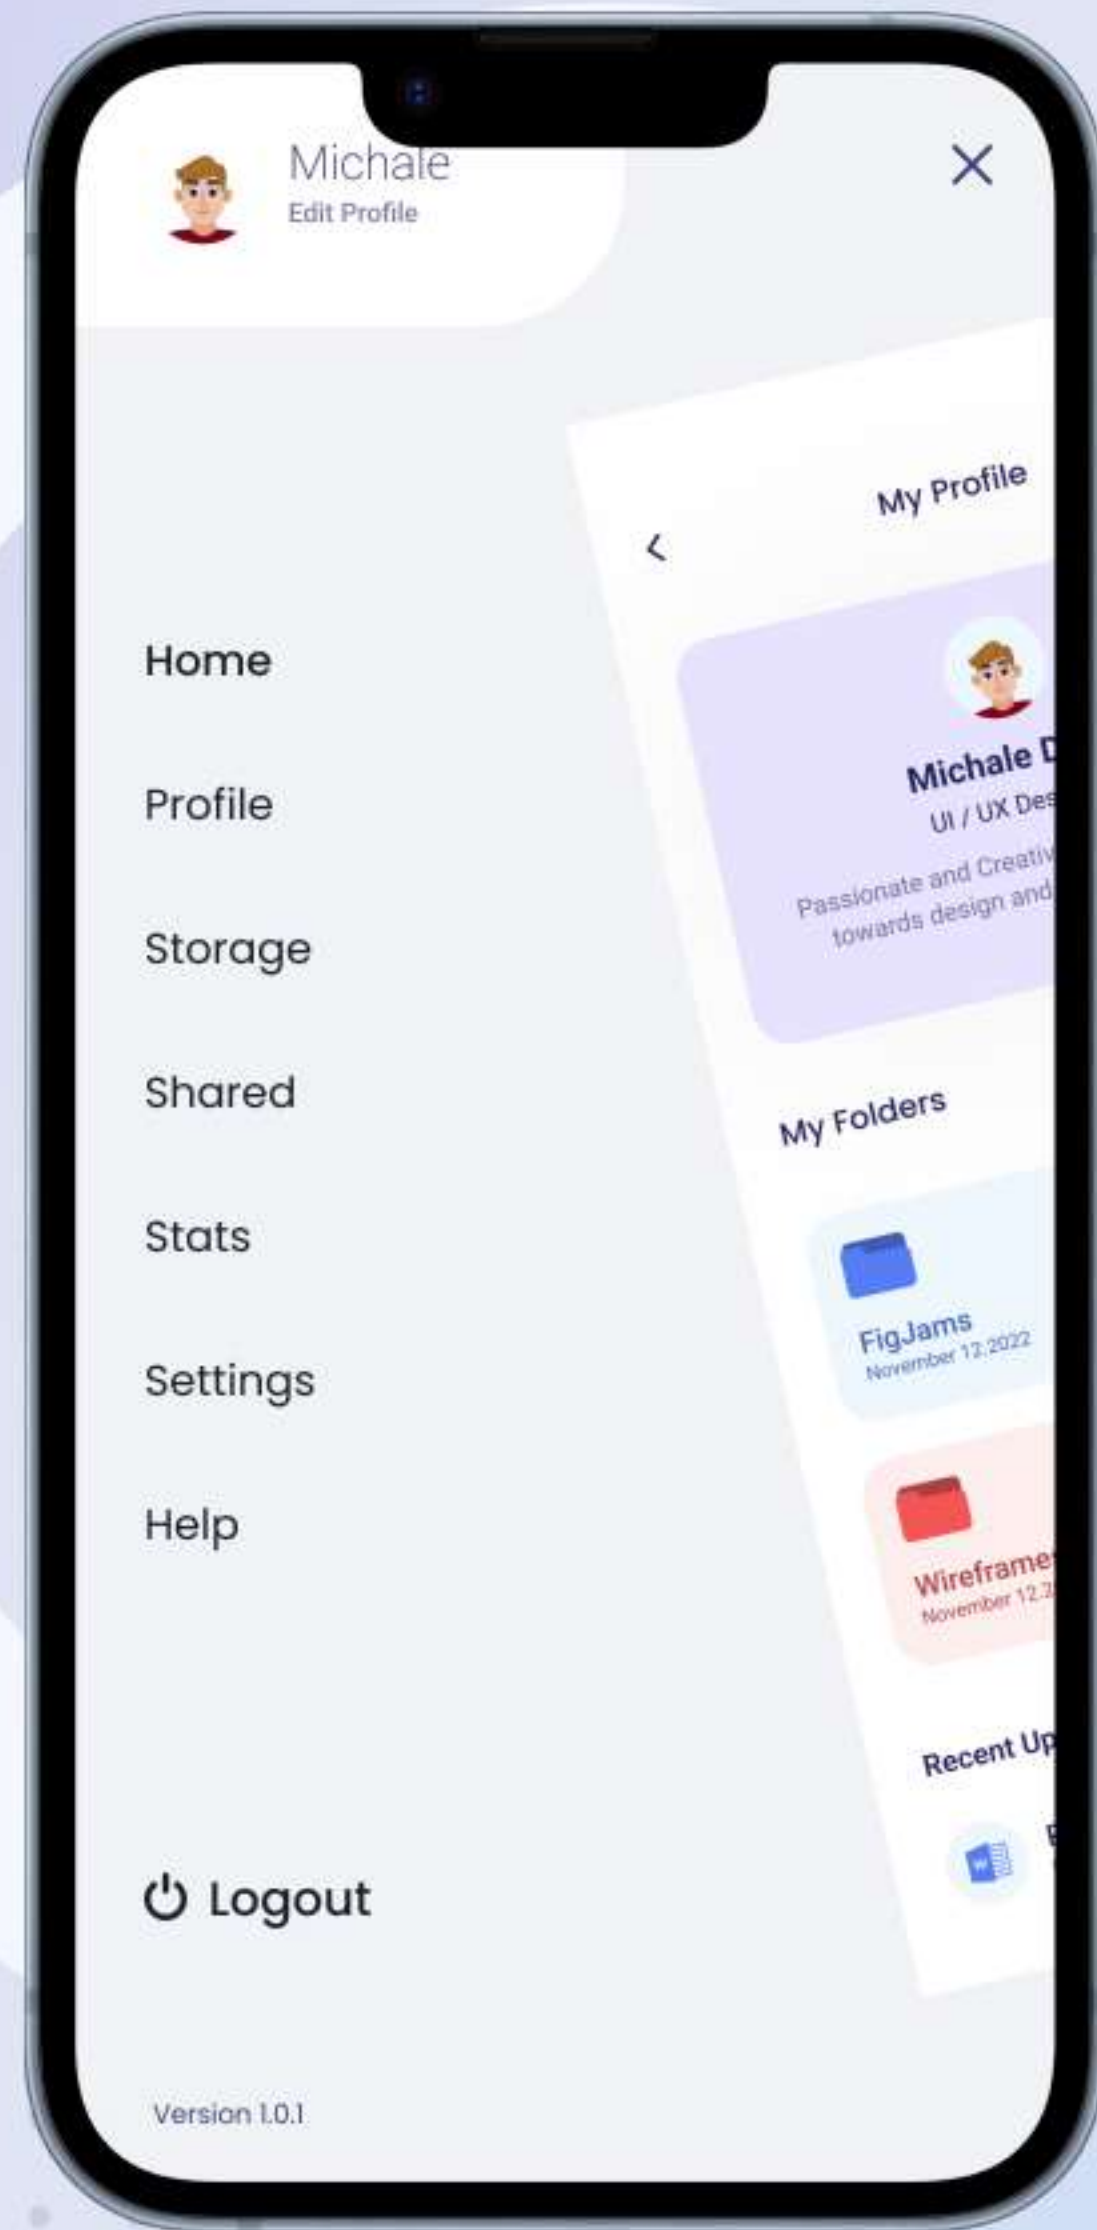

# Challenges

- ✓ Decreased productivity from app switching and fragmented data.
- ✓ Lack of visibility into cross-departmental projects and tasks.
- ✓ No unified platform to build additional capabilities upon.
- ✓ Security challenges with single sign-on access.

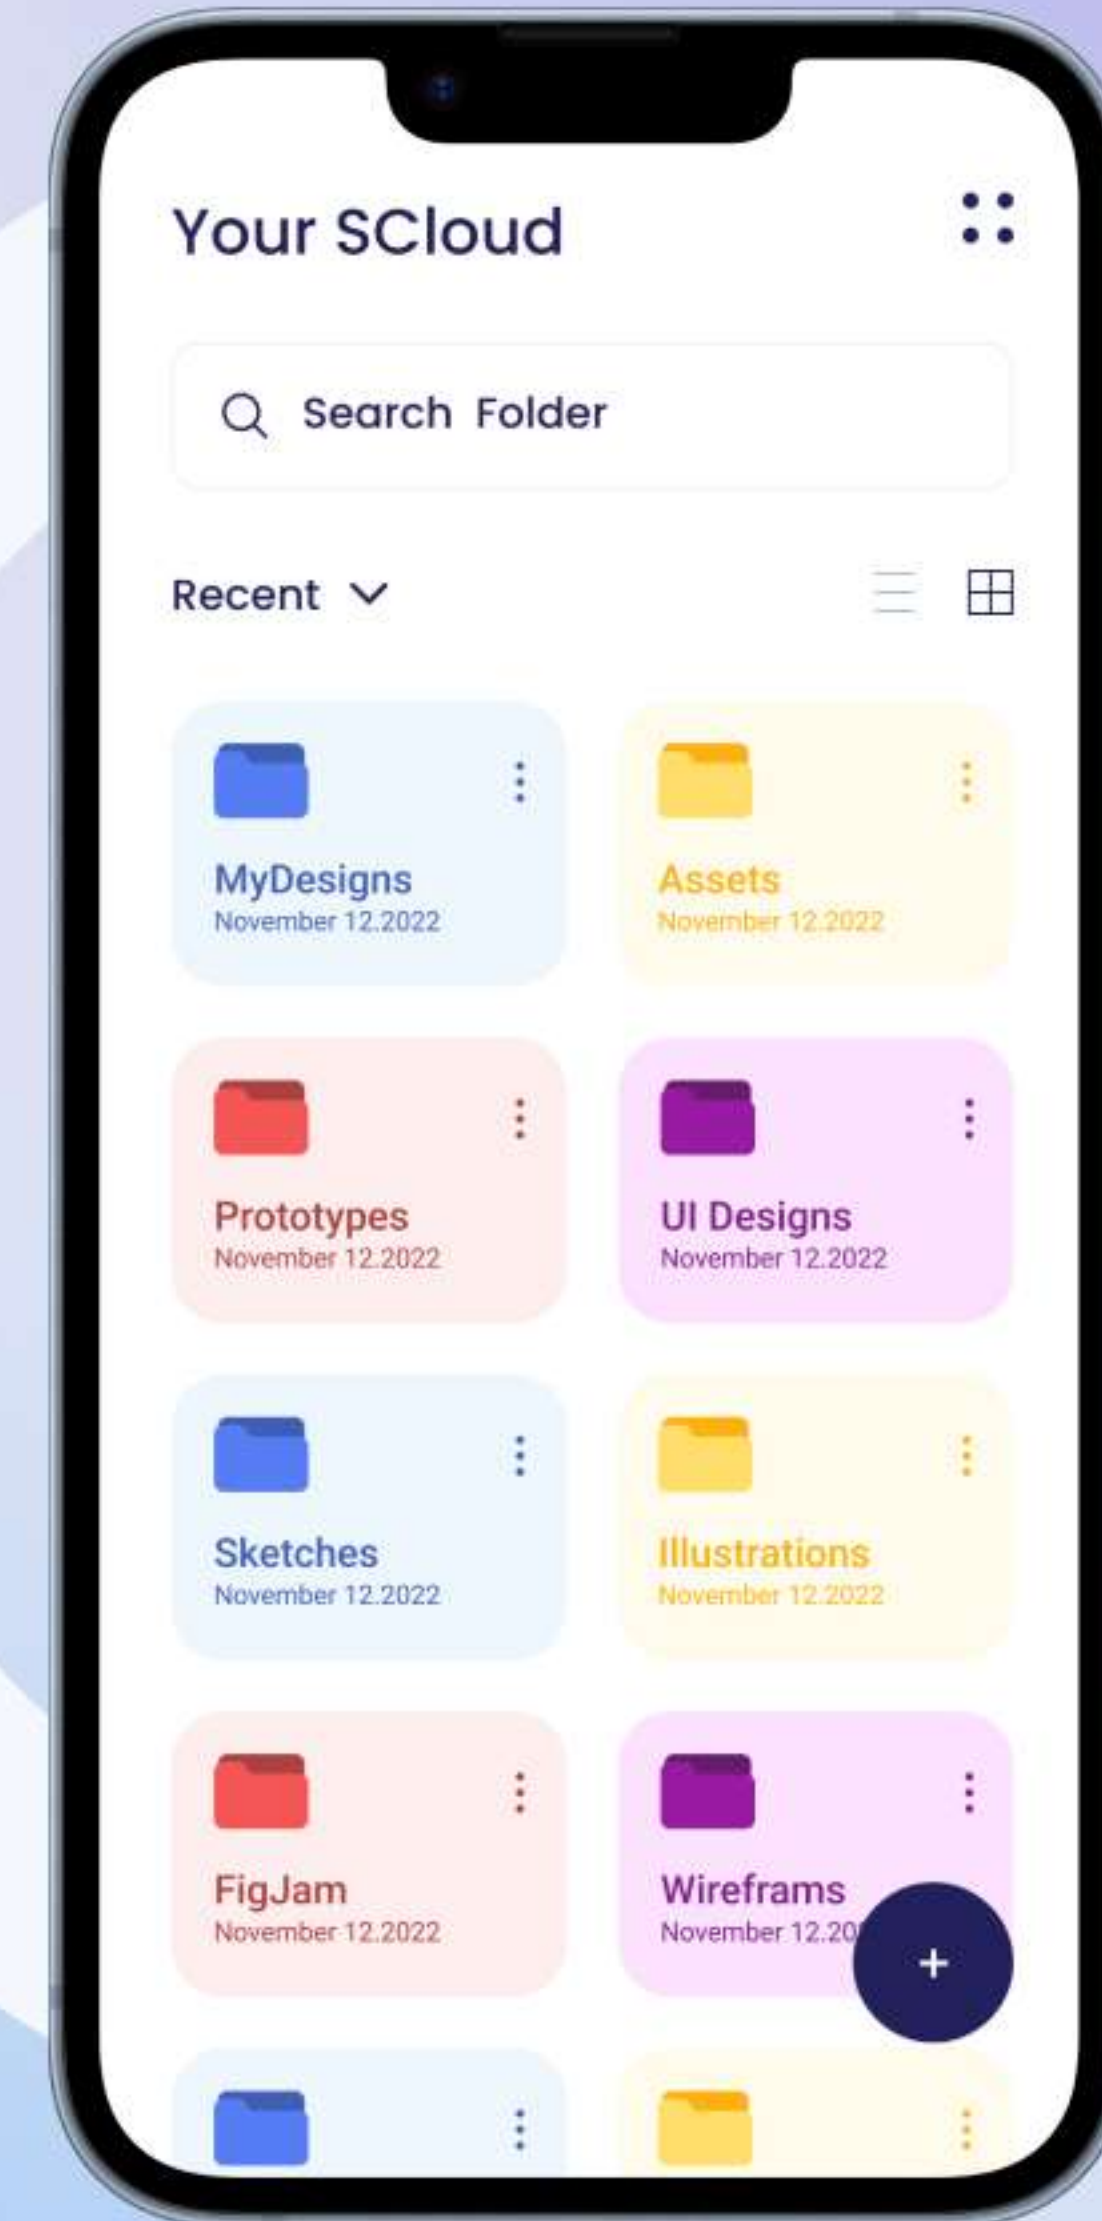

# Solutions

- ✓ Single dashboard access to core cloud apps
- ✓ Customizable widgets for data insights
- ✓ Centralized notifications and alerts
- ✓ Role-based access controls
- ✓ API integrations with other apps
- ✓ Accessible across devices

# Impact

- ✓ 28% increase in productivity
- ✓ 52% faster cross-department collaboration
- ✓ 76% employees highly satisfied with unified platform
- ✓ 25% decreased time spent managing multiple logins

# Construction Operations Management Software

Construction operations management software is a comprehensive solution designed to streamline and optimize various aspects of construction project execution, from scheduling and resource management to site operations, quality control, and compliance.

# Bulty Innovative & Industrial Solutions

Bulty is a construction and architecture environmentally most responsible for any kinds of themes.

# Features

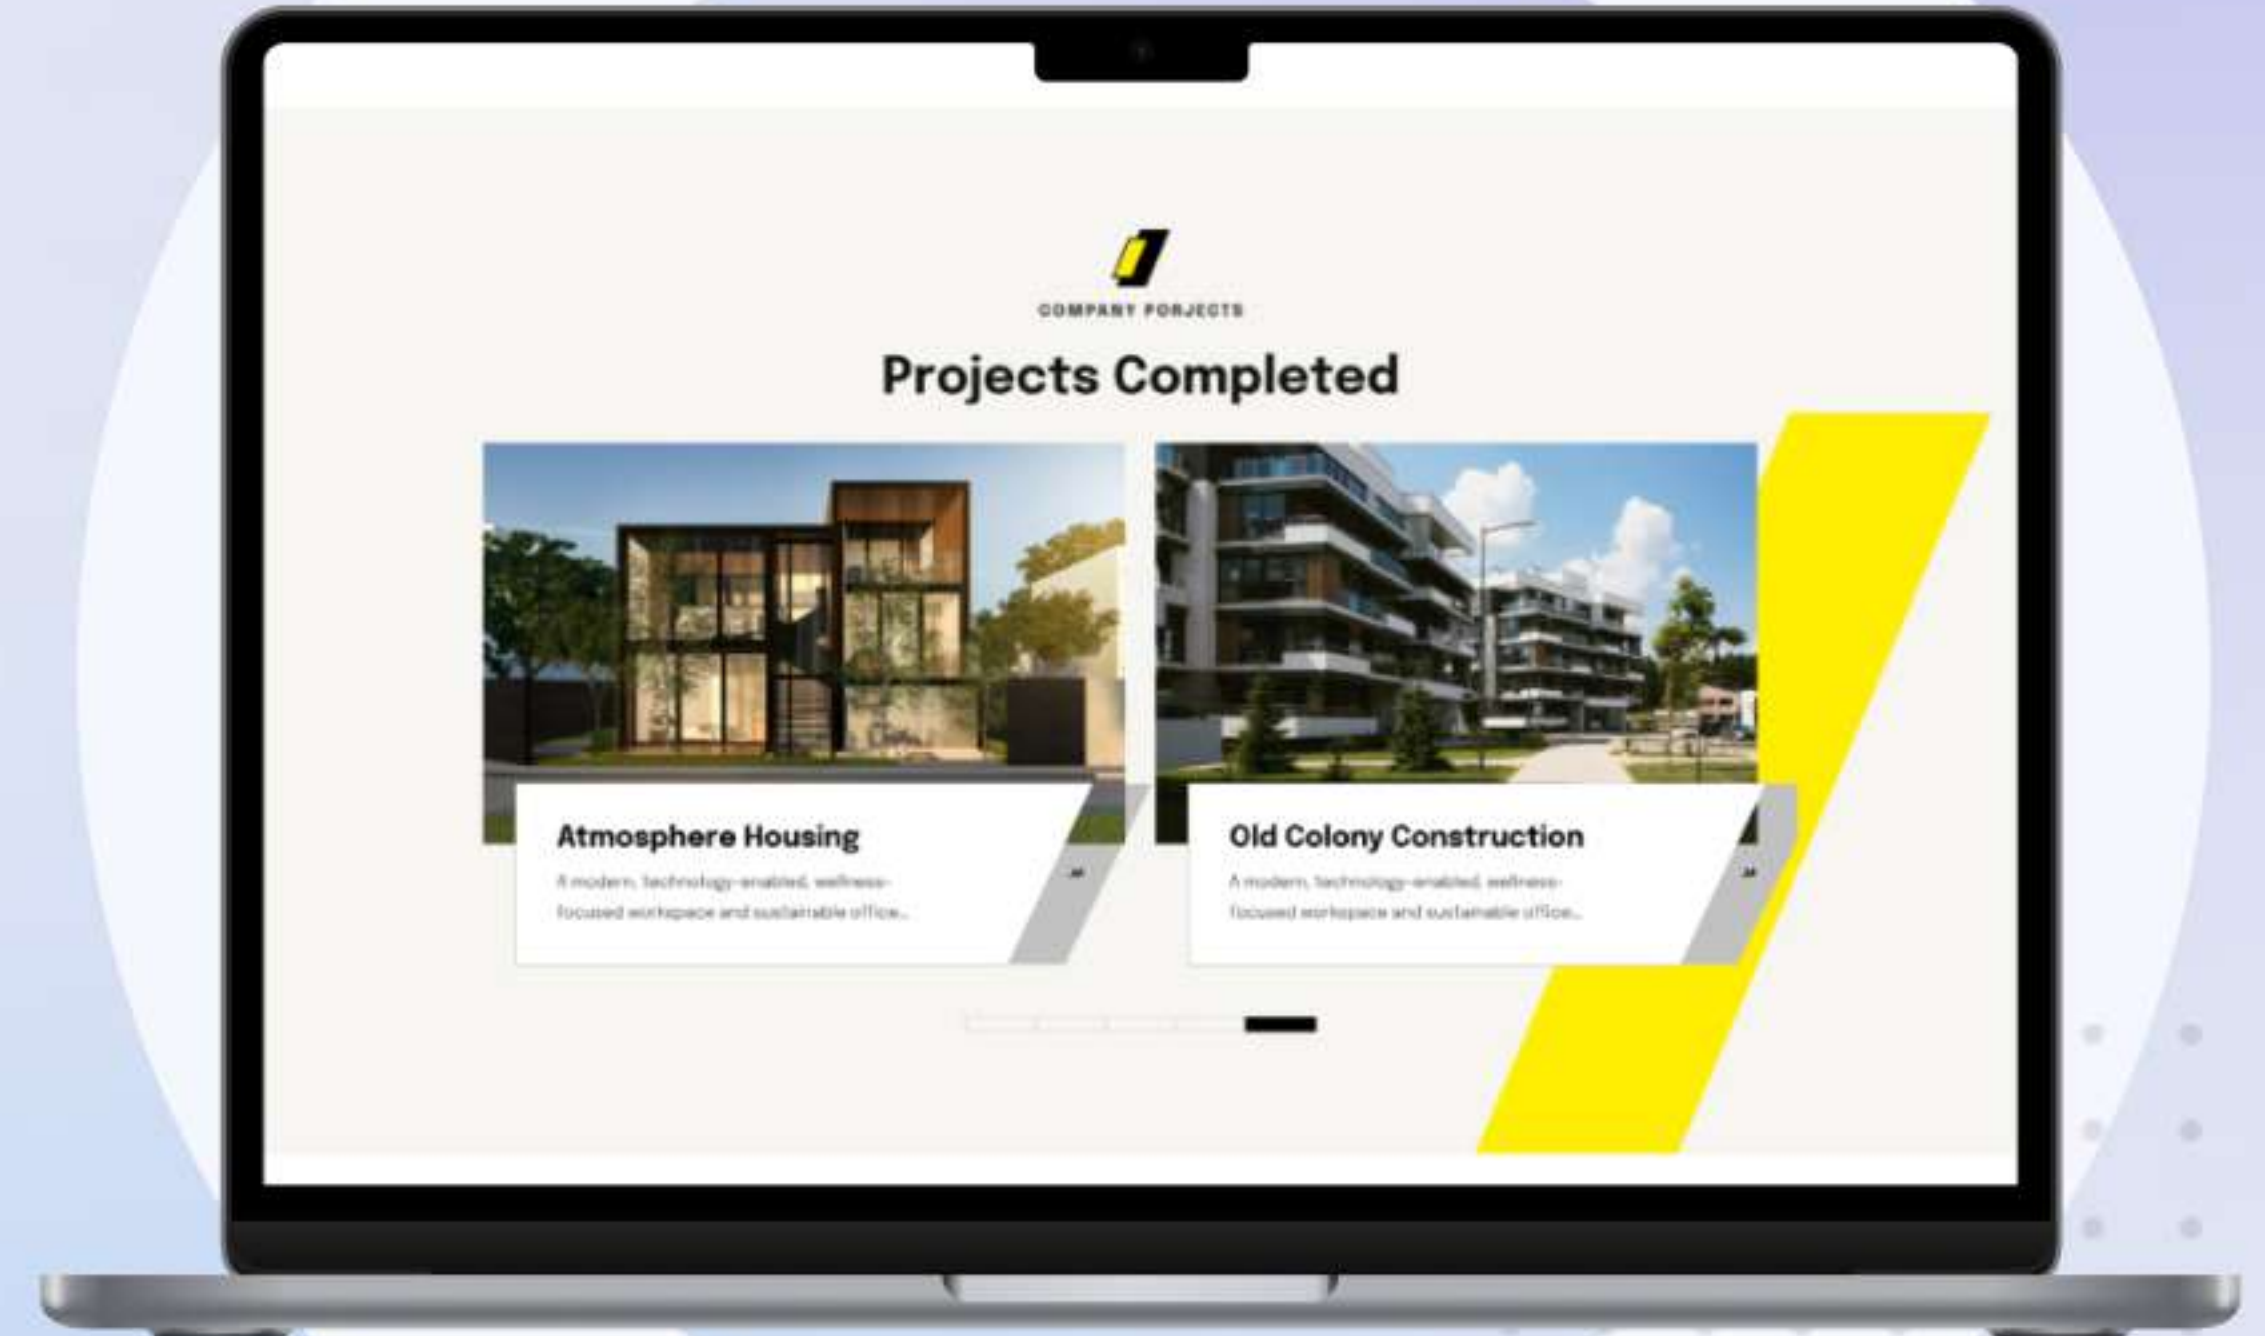

- ✓ Scheduling and Dispatching
- ✓ Equipment and Labor Tracking
- ✓ Materials and Inventory Management
- ✓ Budgeting and Cost Controls
- ✓ Document Management
- ✓ Safety and Quality Management

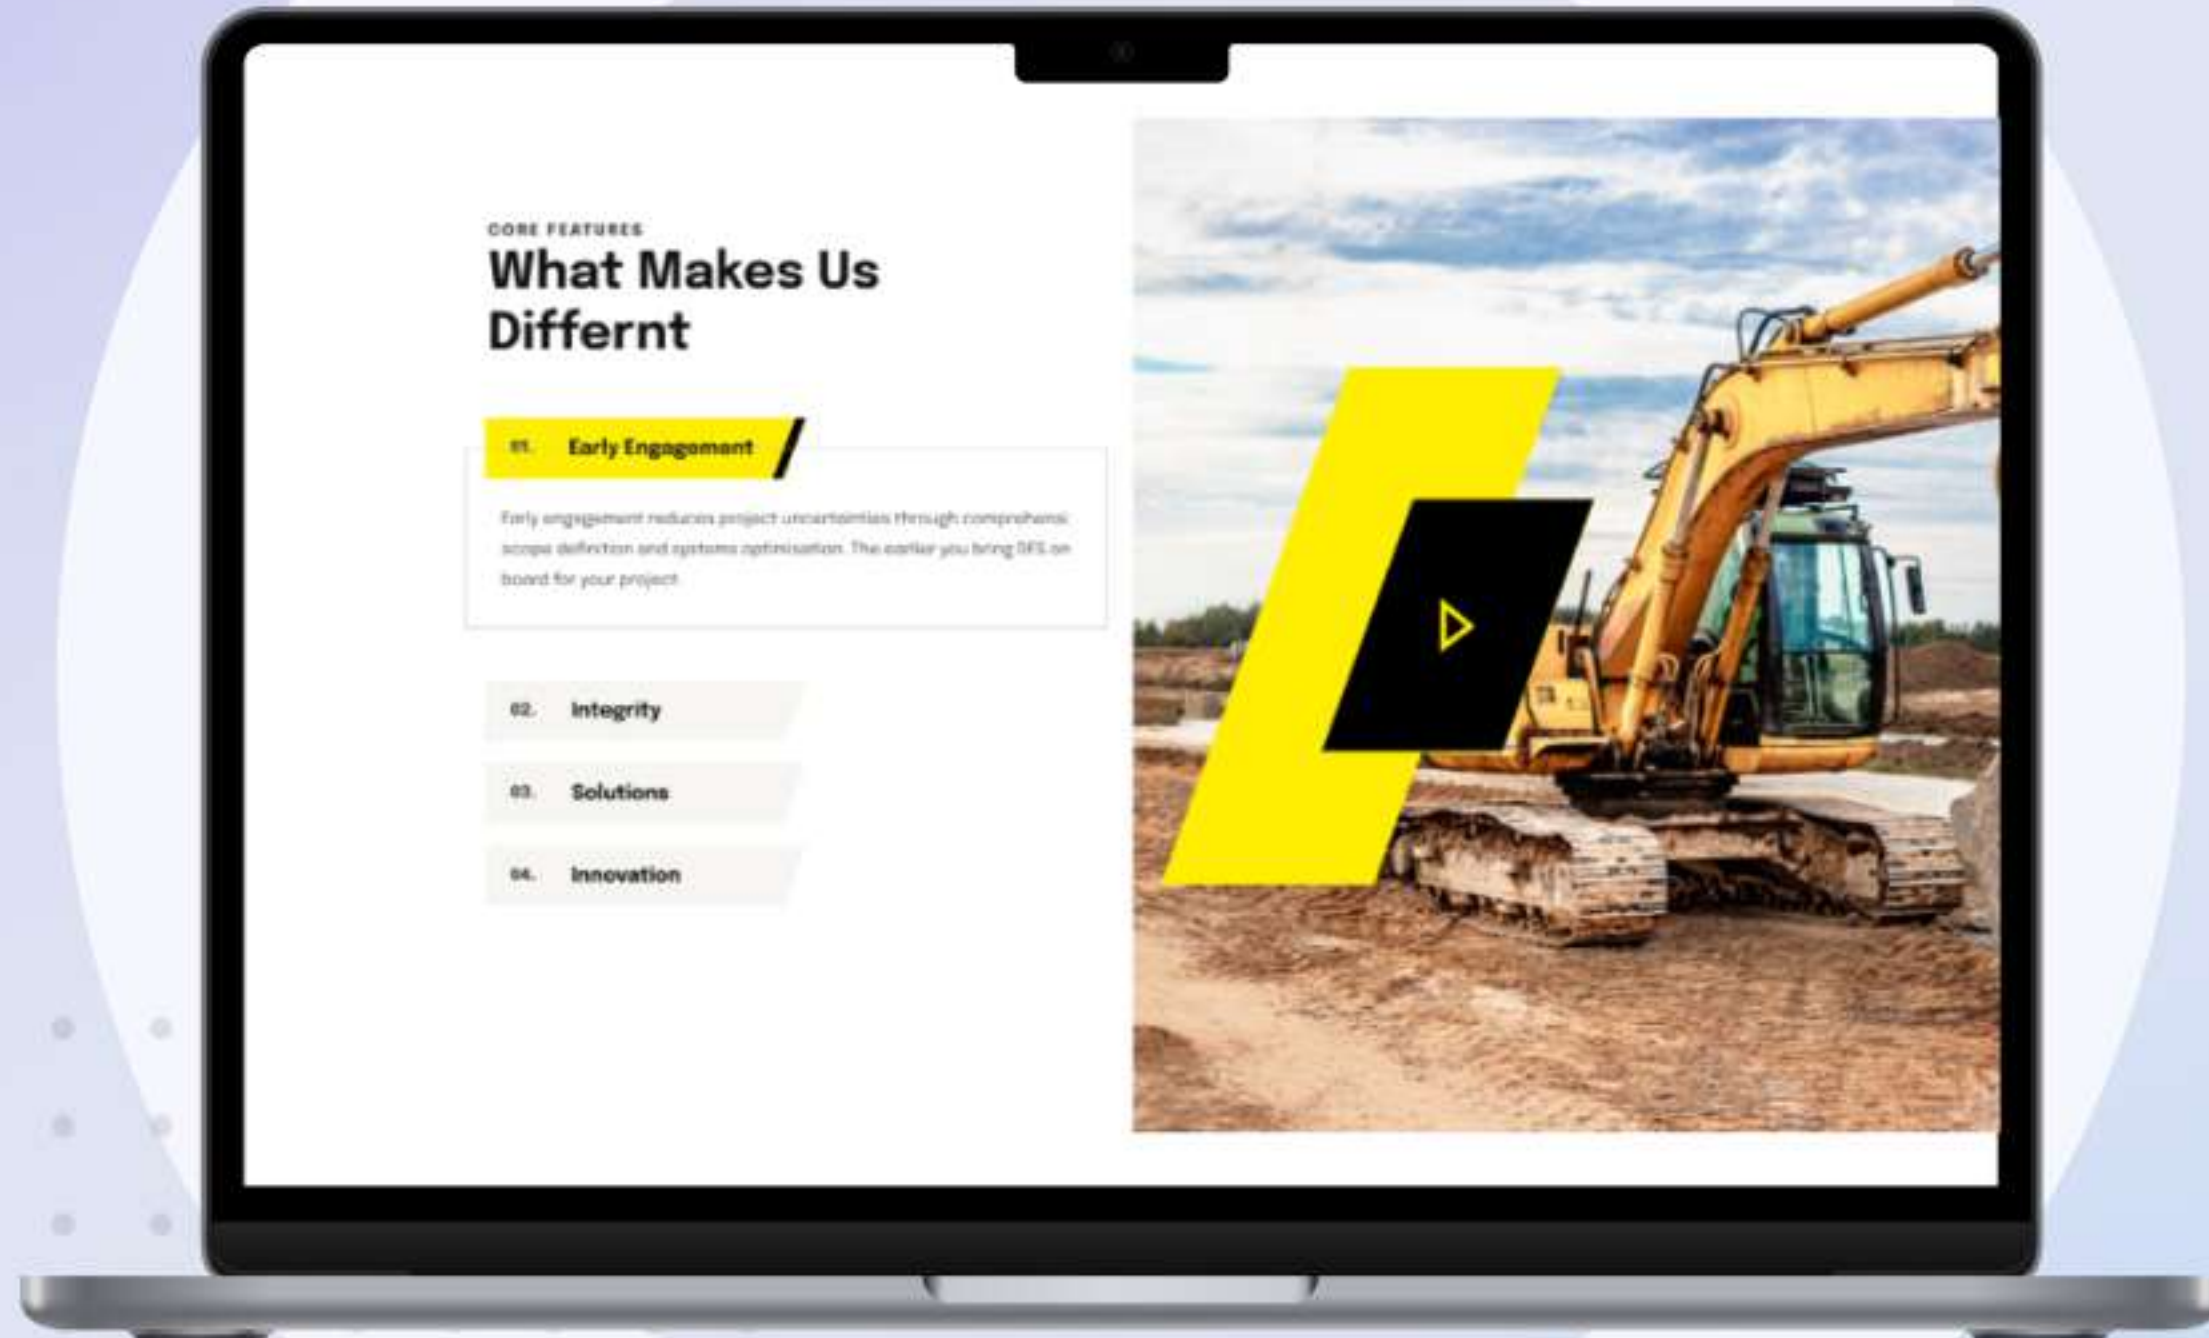

# Challenges

- ✓ Construction firms face numerous challenges in managing complex projects, including coordinating resources, maintaining budgets, ensuring compliance, and maintaining visibility into field operations. Implementing a comprehensive construction operations management software solution can address these challenges by providing a centralized platform for scheduling, tracking, and controlling various aspects of project execution.

# Solutions

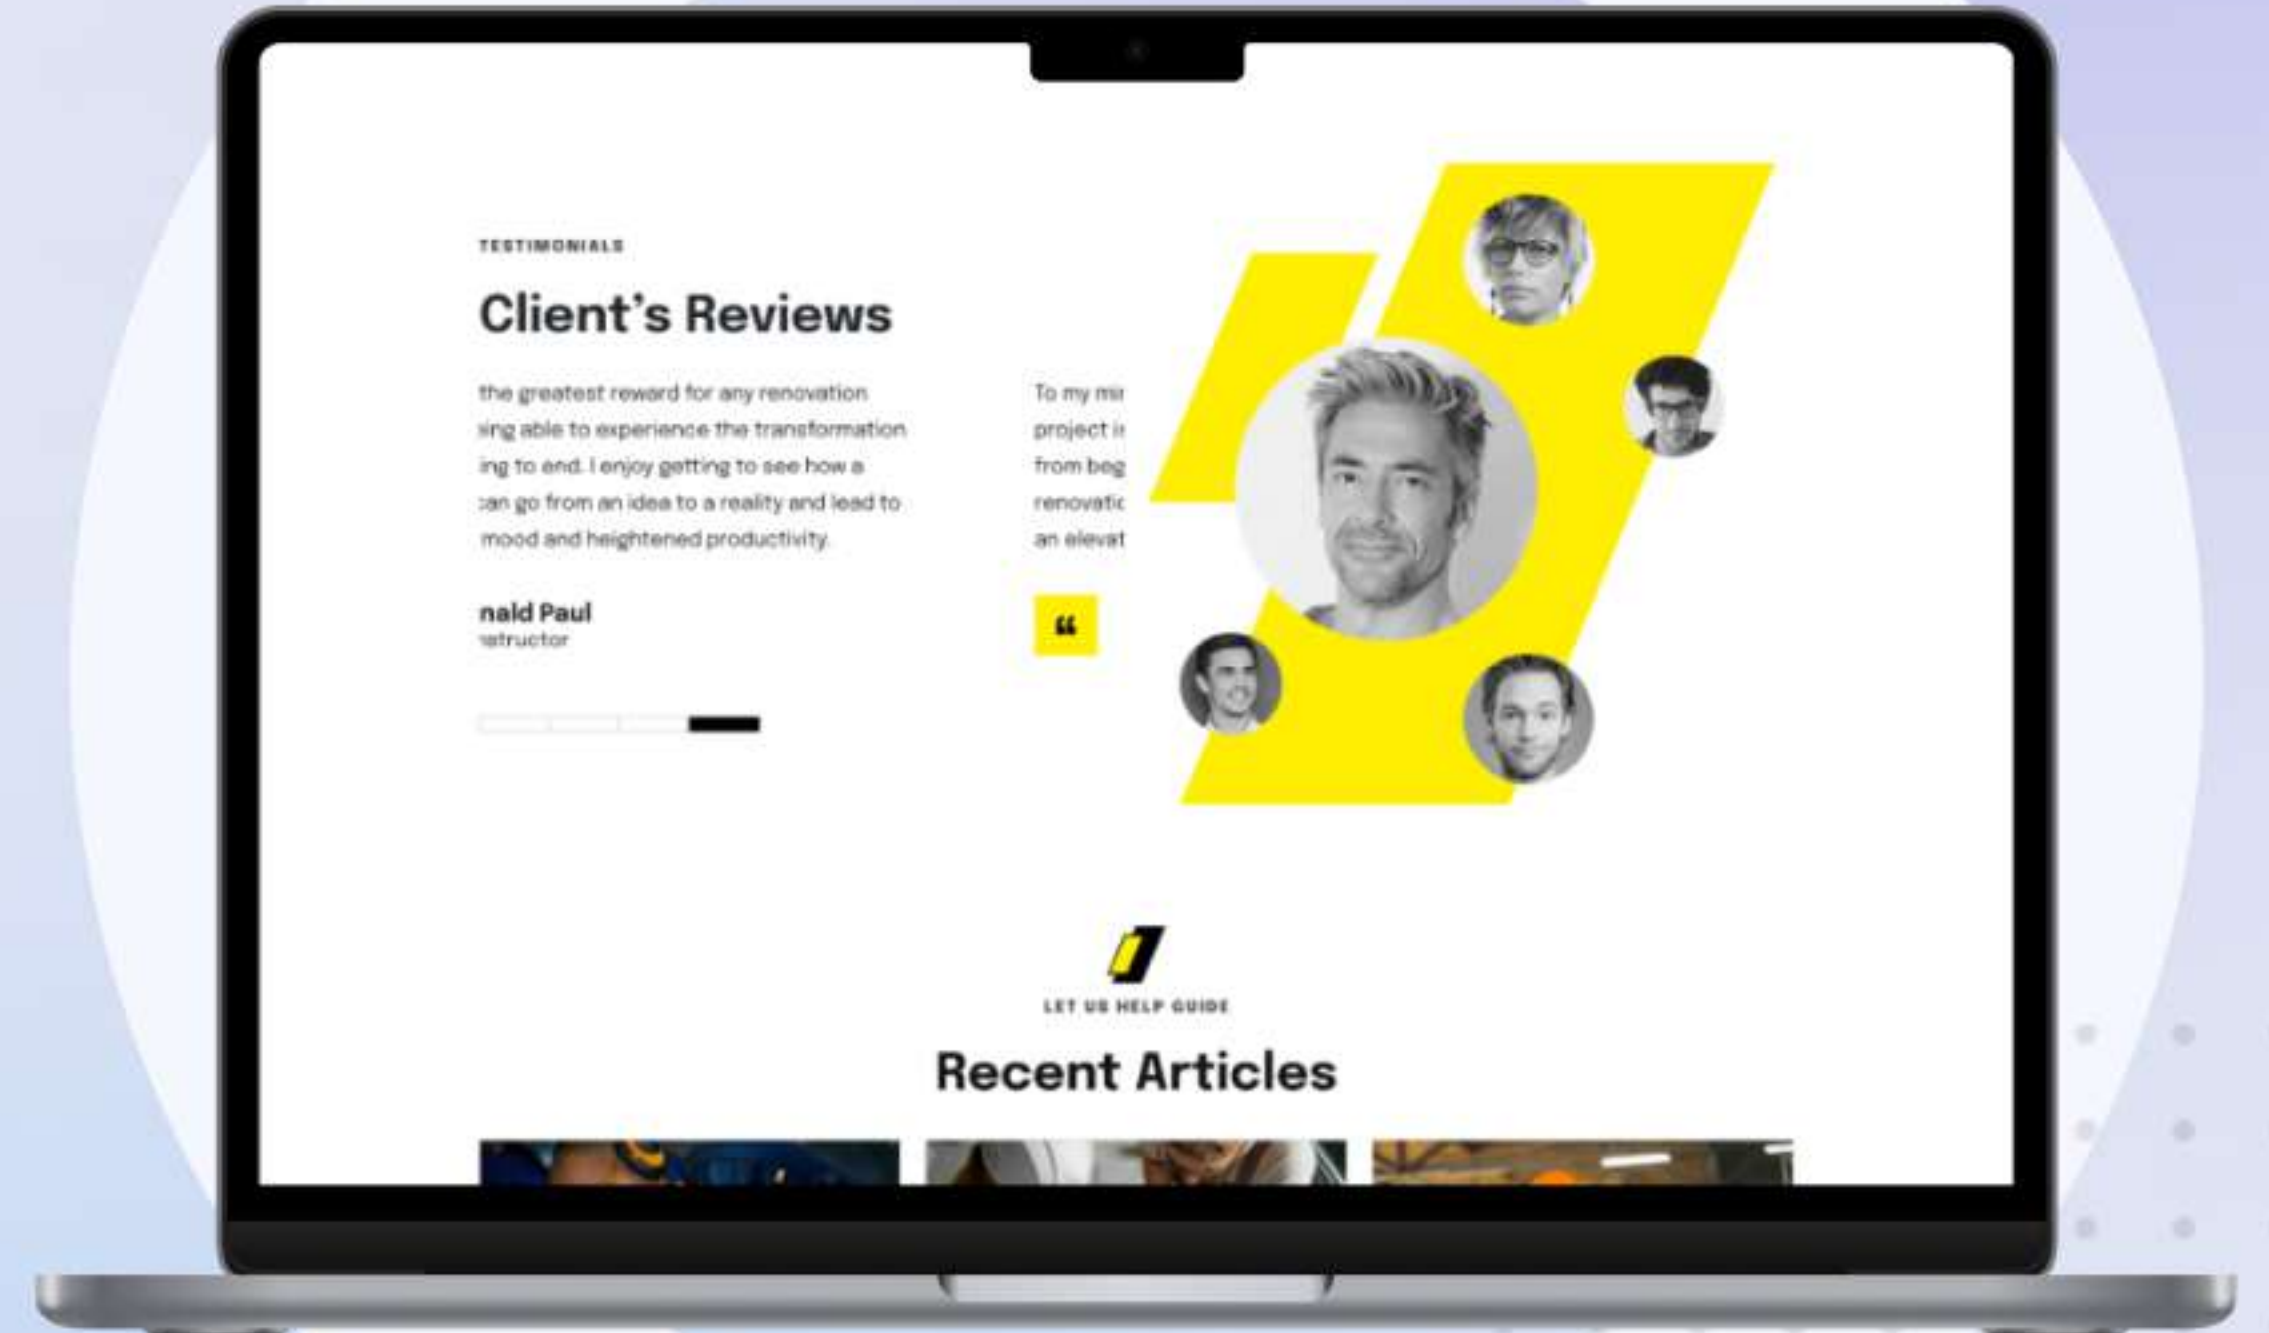

- ✓ Advanced scheduling and resource allocation tools to optimize project timelines and resource utilization.
- ✓ Real-time tracking of equipment, materials, labor, and costs, enabling better visibility and control over project operations.
- ✓ Robust document management and collaboration features to ensure access to critical project information across the organization.
- ✓ Comprehensive safety and quality management tools to maintain compliance and reduce project risks.
- ✓ Mobile access and offline syncing capabilities to support field personnel in remote or disconnected environments.

# Impact

- ✓ Increased on-time and on-budget project delivery, reducing delays and cost overruns.
- ✓ Improved resource allocation and utilization, maximizing the productivity of equipment, materials, and labor.
- ✓ Enhanced compliance with safety and quality standards, reducing rework and mitigating project risks.
- ✓ Greater visibility into field operations, enabling more informed decision-making and proactive issue resolution.

# Cosmetic Product Branding

Look-beauty company launched a new cosmetics brand targeted at millennial women, focused on natural ingredients and self-expression.

- ✓ Ecommerce Experience
- ✓ In-Store Experiences

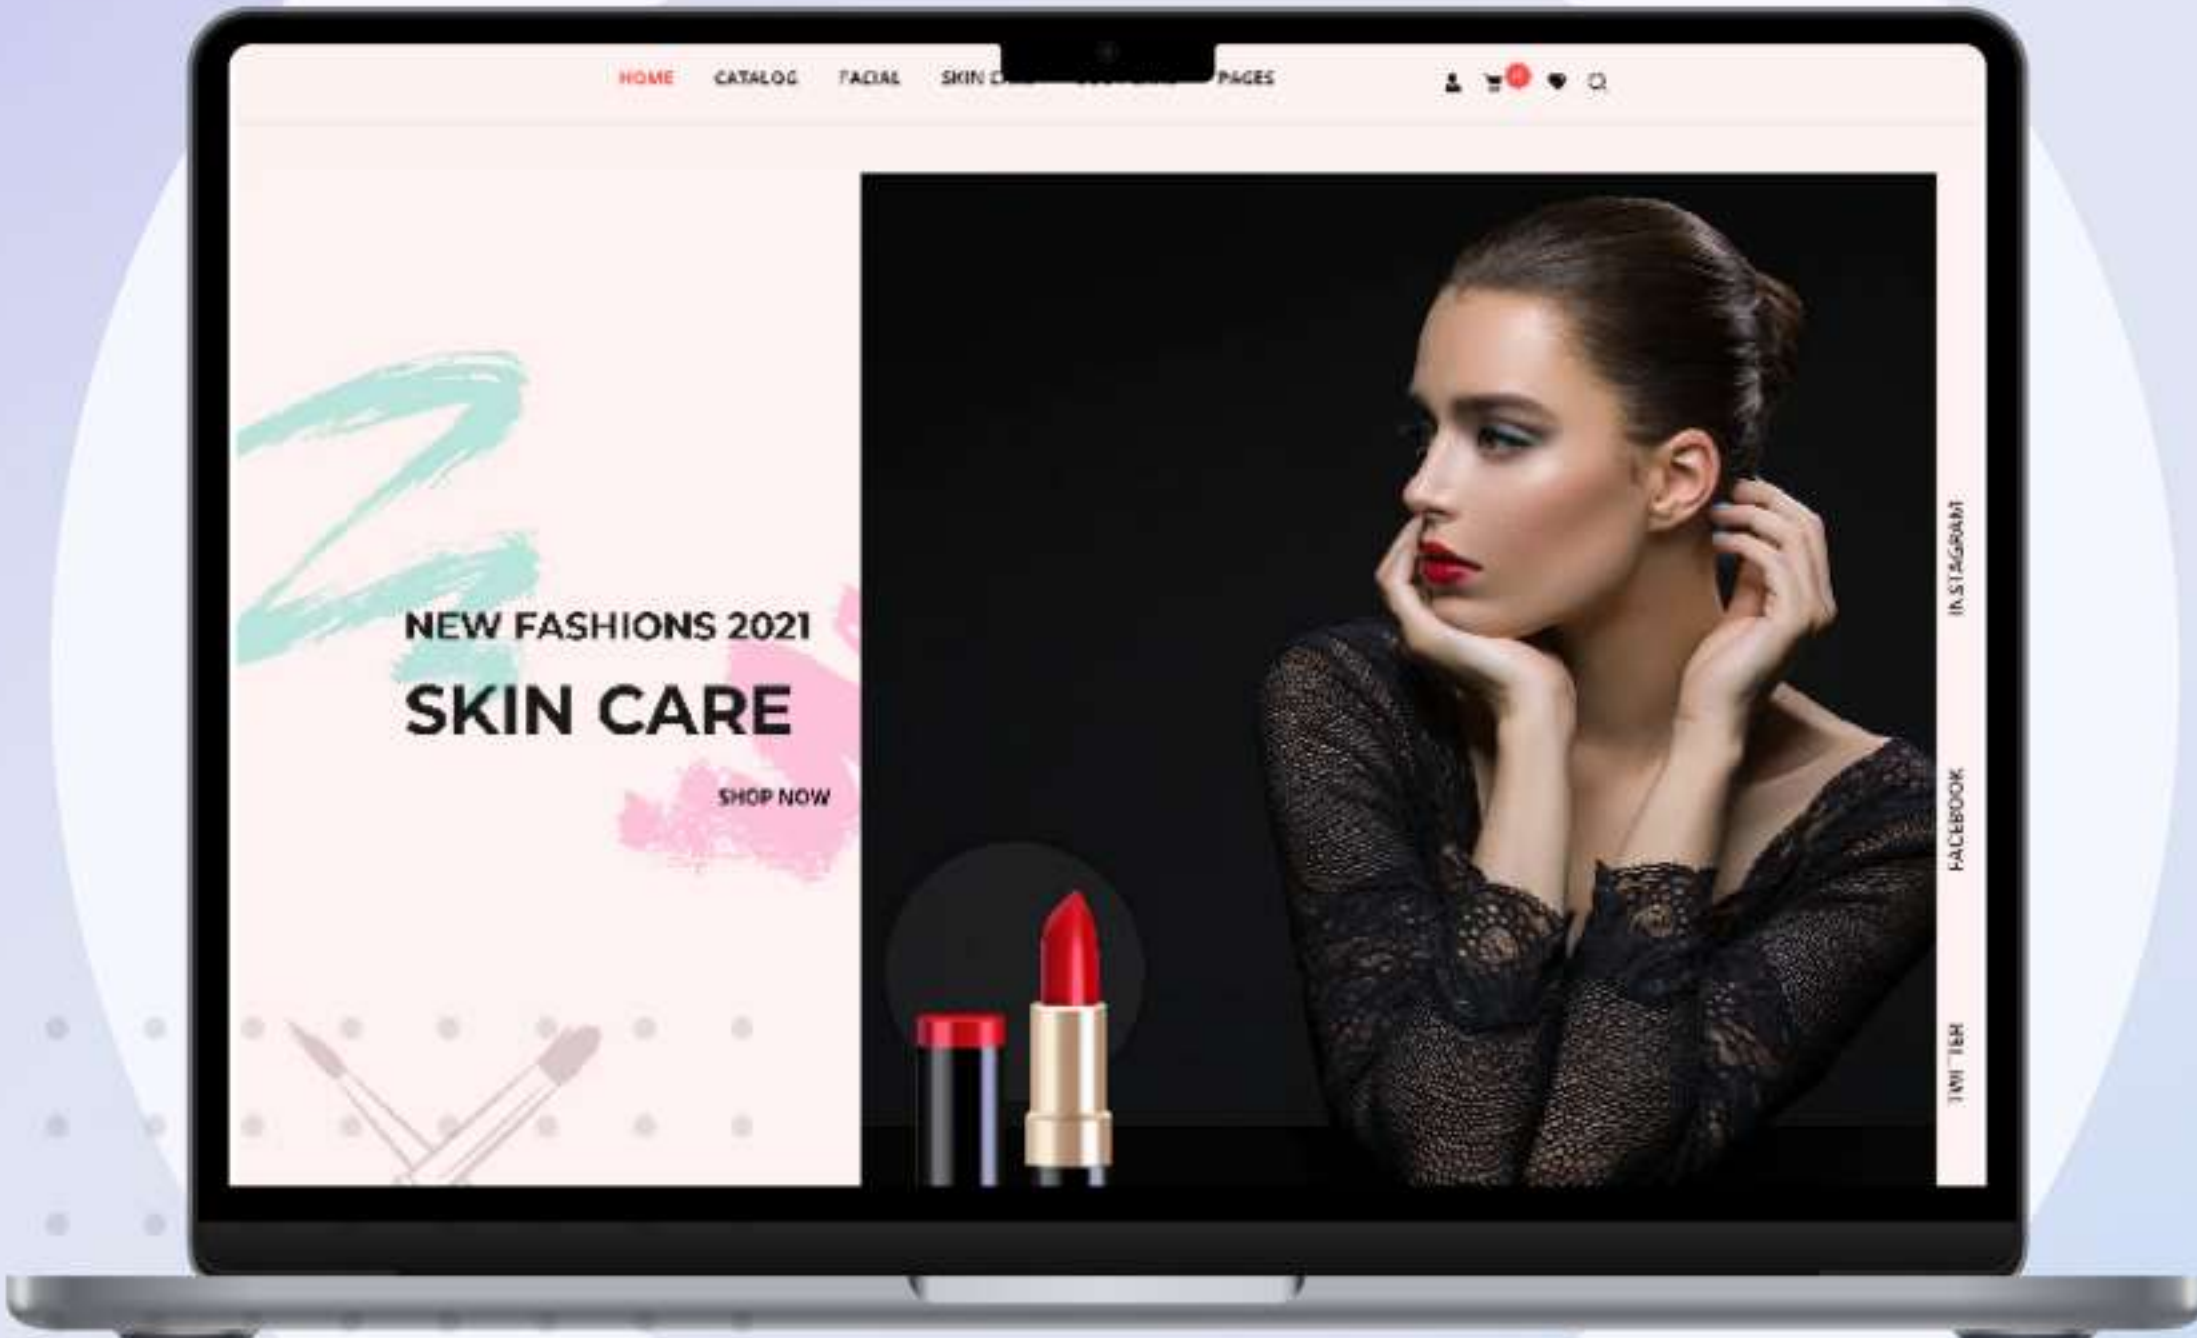

# Challenges

- ✓ Differentiating from competitor brands
- ✓ Building customer loyalty
- ✓ Maintaining brand integrity across regions
- ✓ Ensuring supply chain transparency

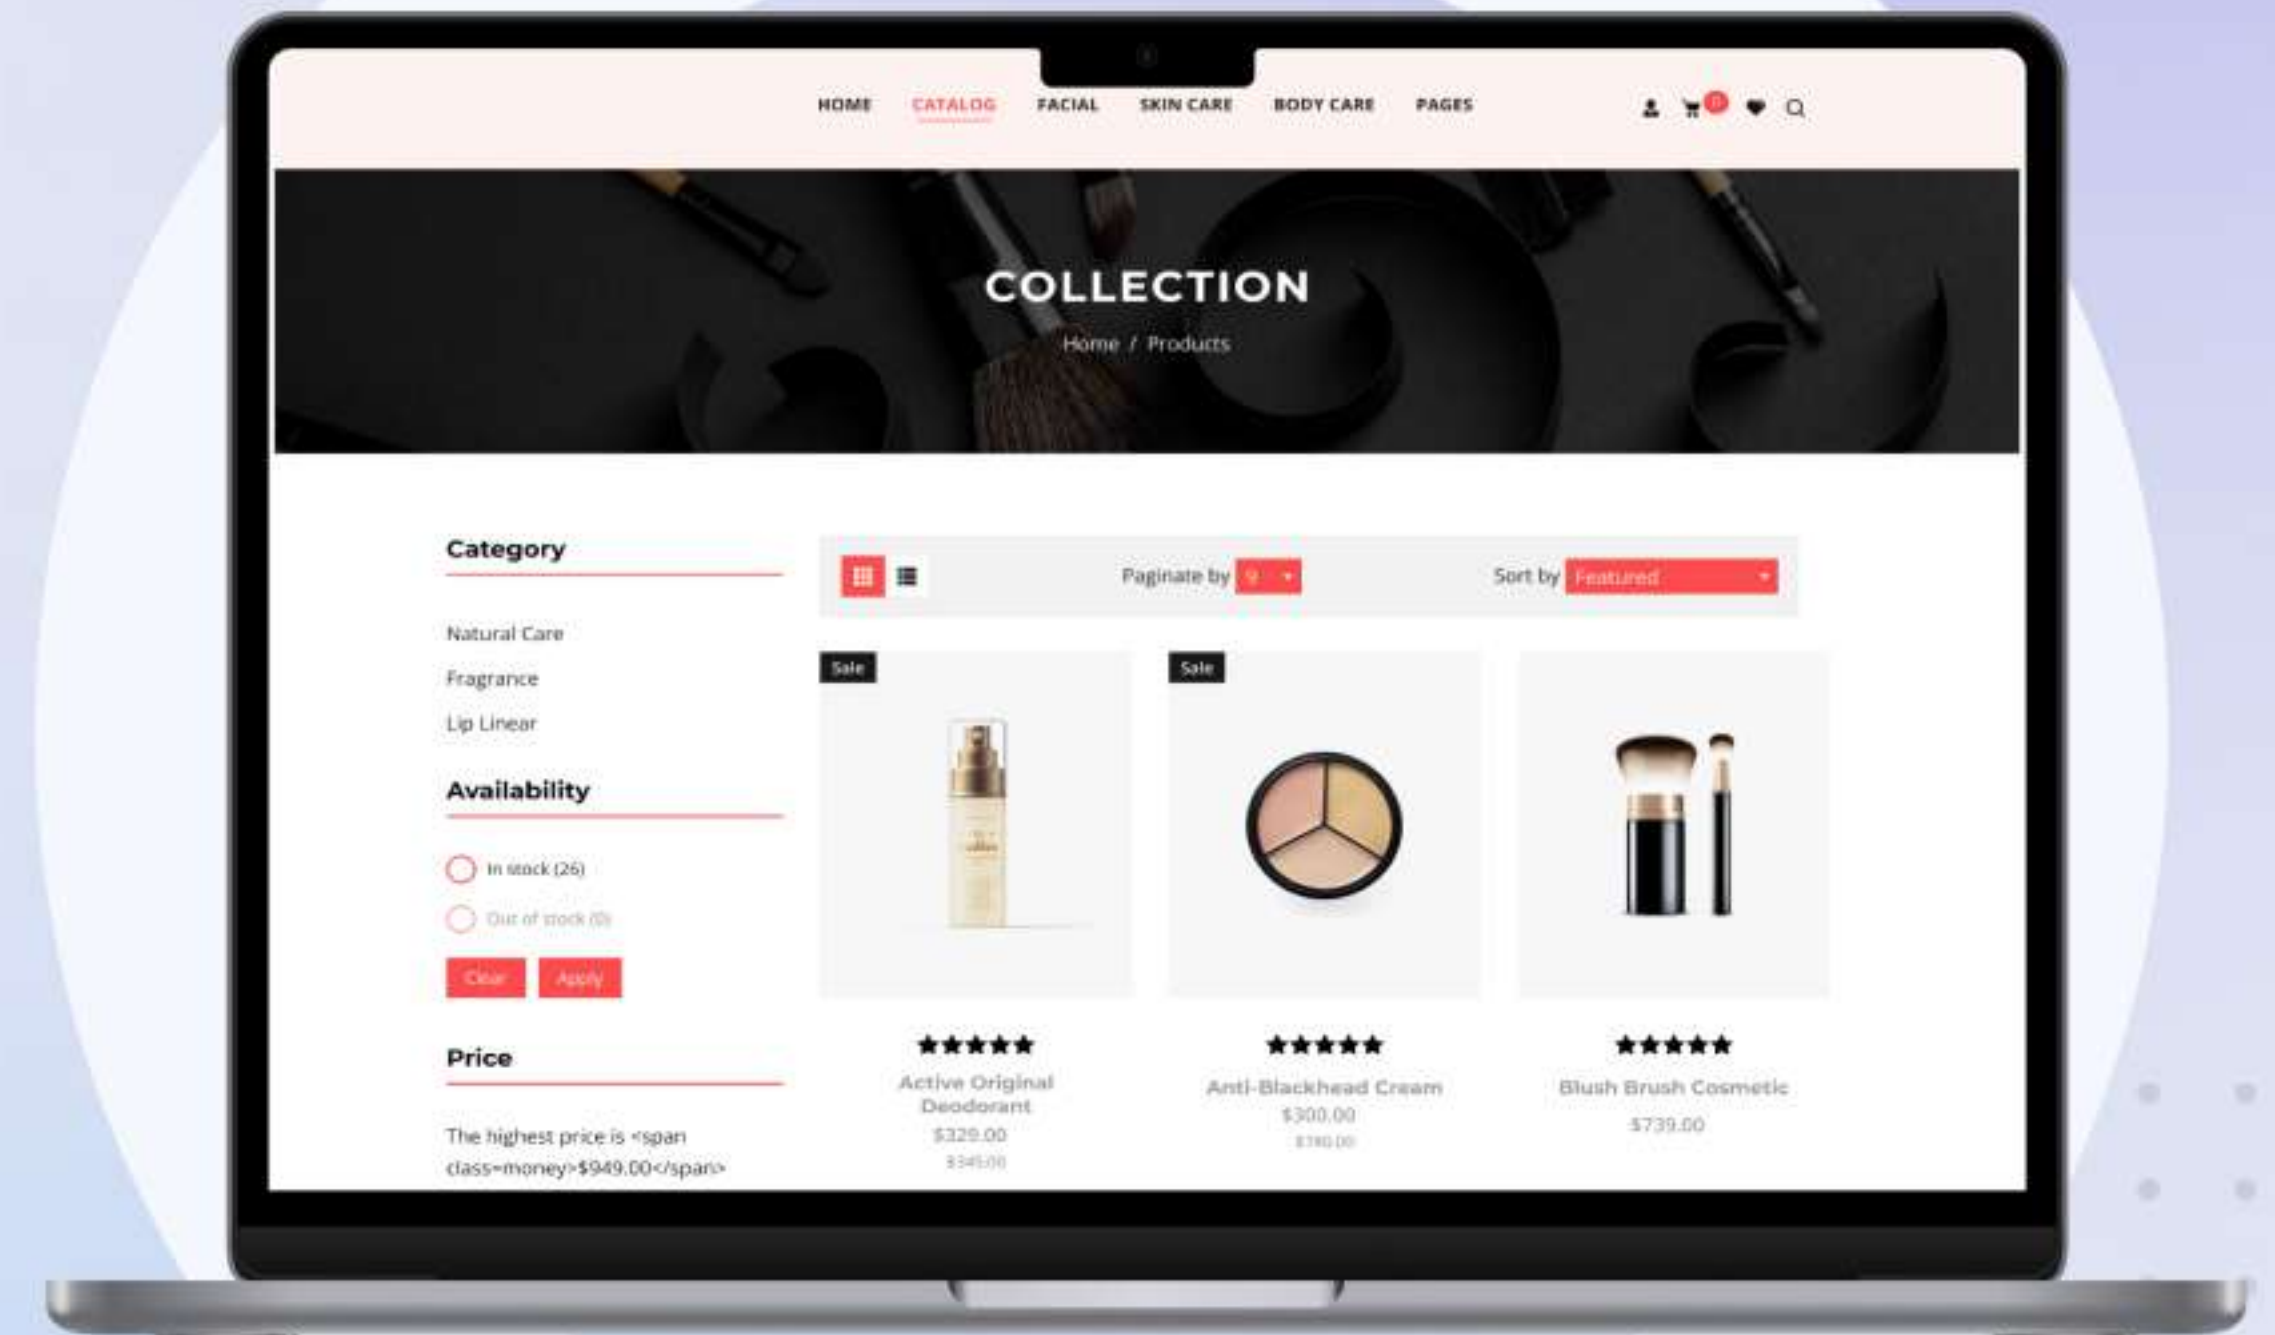

# Solutions

- ✓ Established strong visual identity and personality
- ✓ Implemented CRM program with rewards tiers
- ✓ Created localized brand guidelines for regions
- ✓ Audited and certified ethical sourcing

# Impact

- ✓ 90% brand awareness among target audience
- ✓ 25% repeat purchase rate within first year
- ✓ 97% brand identity consistency globally
- ✓ 100% supplier conformity with ethical codes

# Coworking Space: Redefining Work Culture with Flexible Office Solutions

We create creative mobile apps and websites to help coworking spaces streamline operations, improve member experience, and develop a vibrant professional community.

SPACES

## The Ideal Options For All Your Needs

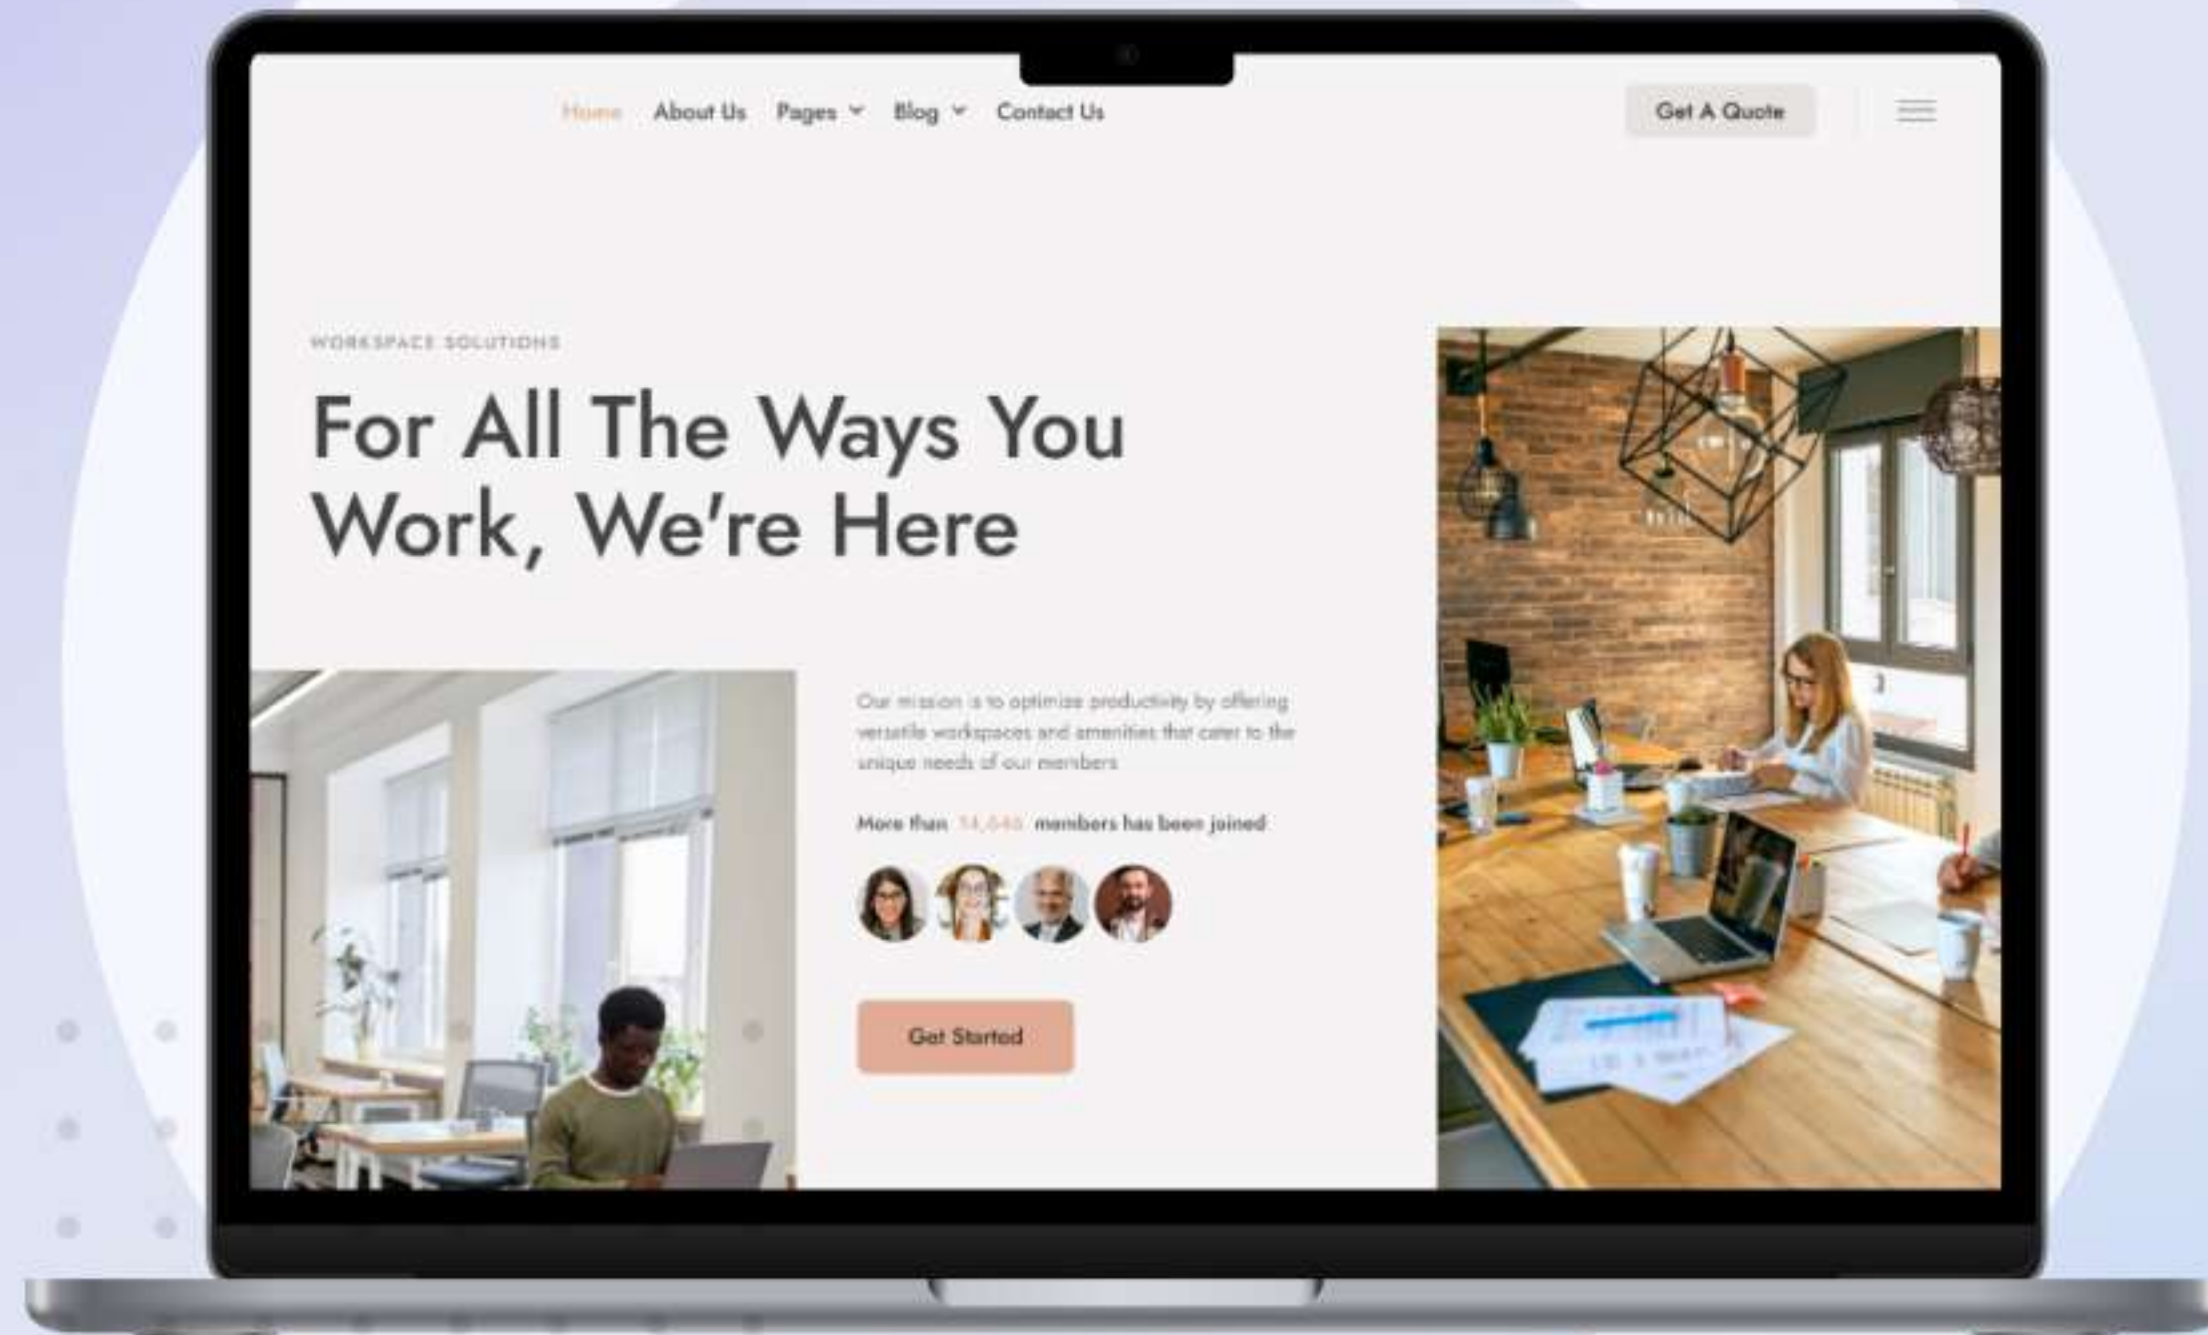

WORKSPACE AMENITIES

## A Pleasant Facilities To Work

# Features

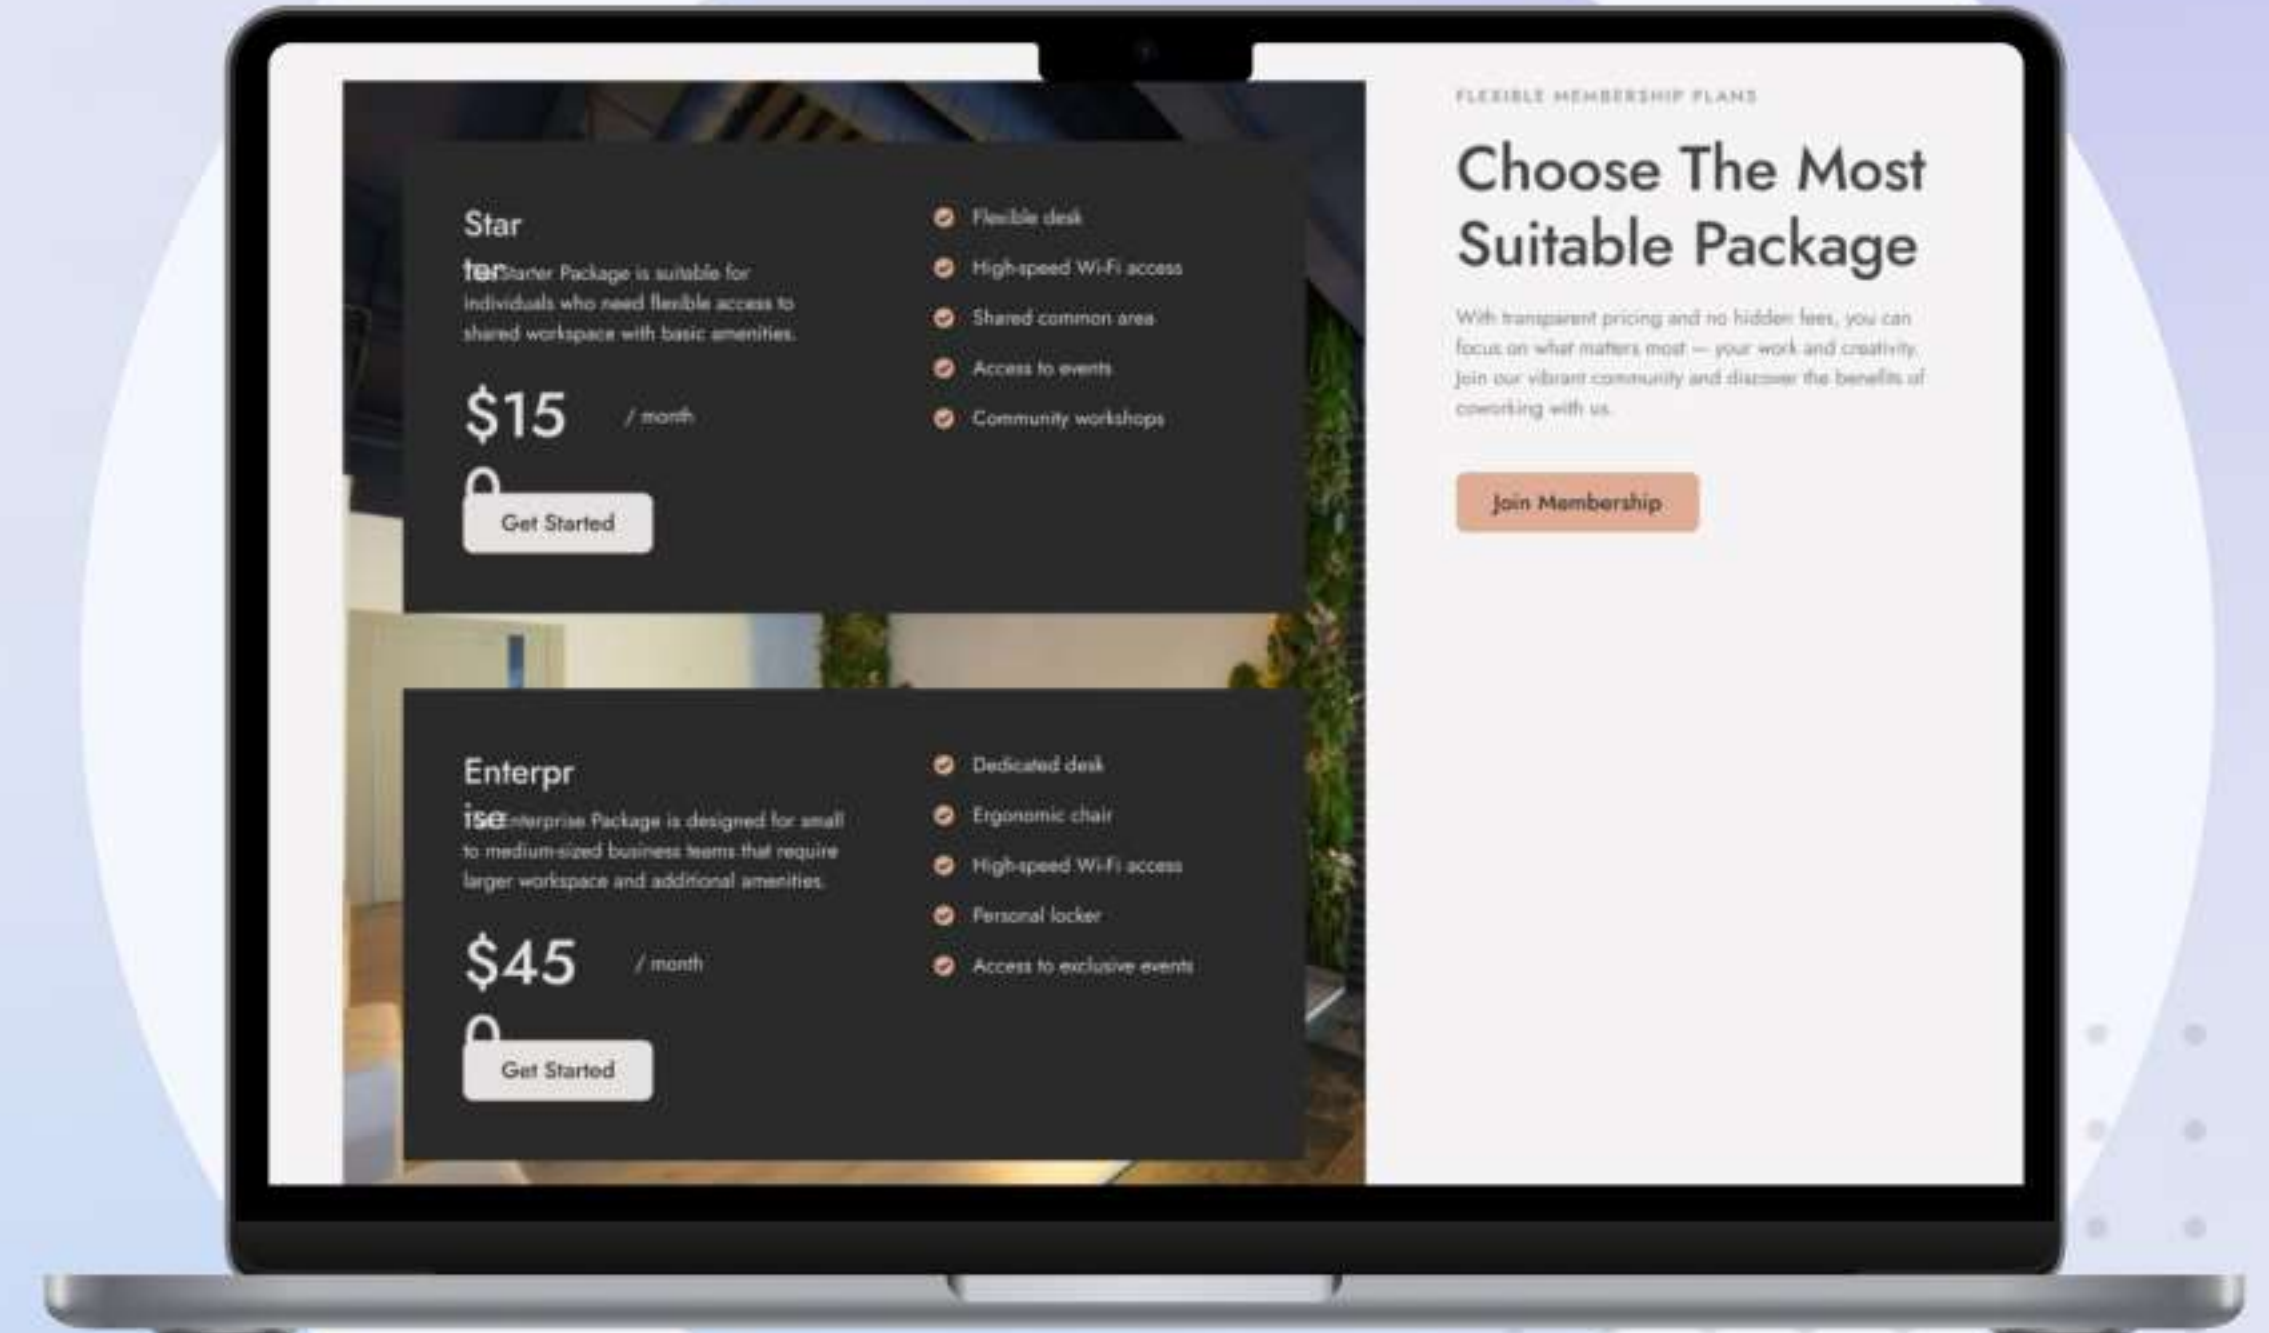

- ✓ Online signup, workspace booking, and keyless access – a breeze.
- ✓ Chat, events, and member connections – all in one place.
- ✓ Real-time availability, booking tools, and usage insights.
- ✓ Track trends, usage, and optimize pricing with clear analytics.

# Challenges

- ✓ Book workspaces and access them seamlessly, for everyone.
- ✓ Build a vibrant community of independent professionals.
- ✓ Maximize space usage and revenue with flexible allocation.
- ✓ Use member insights to shape future offerings and expand.

# Solutions

User-friendly mobile apps for on-the-go booking, access, and communication.

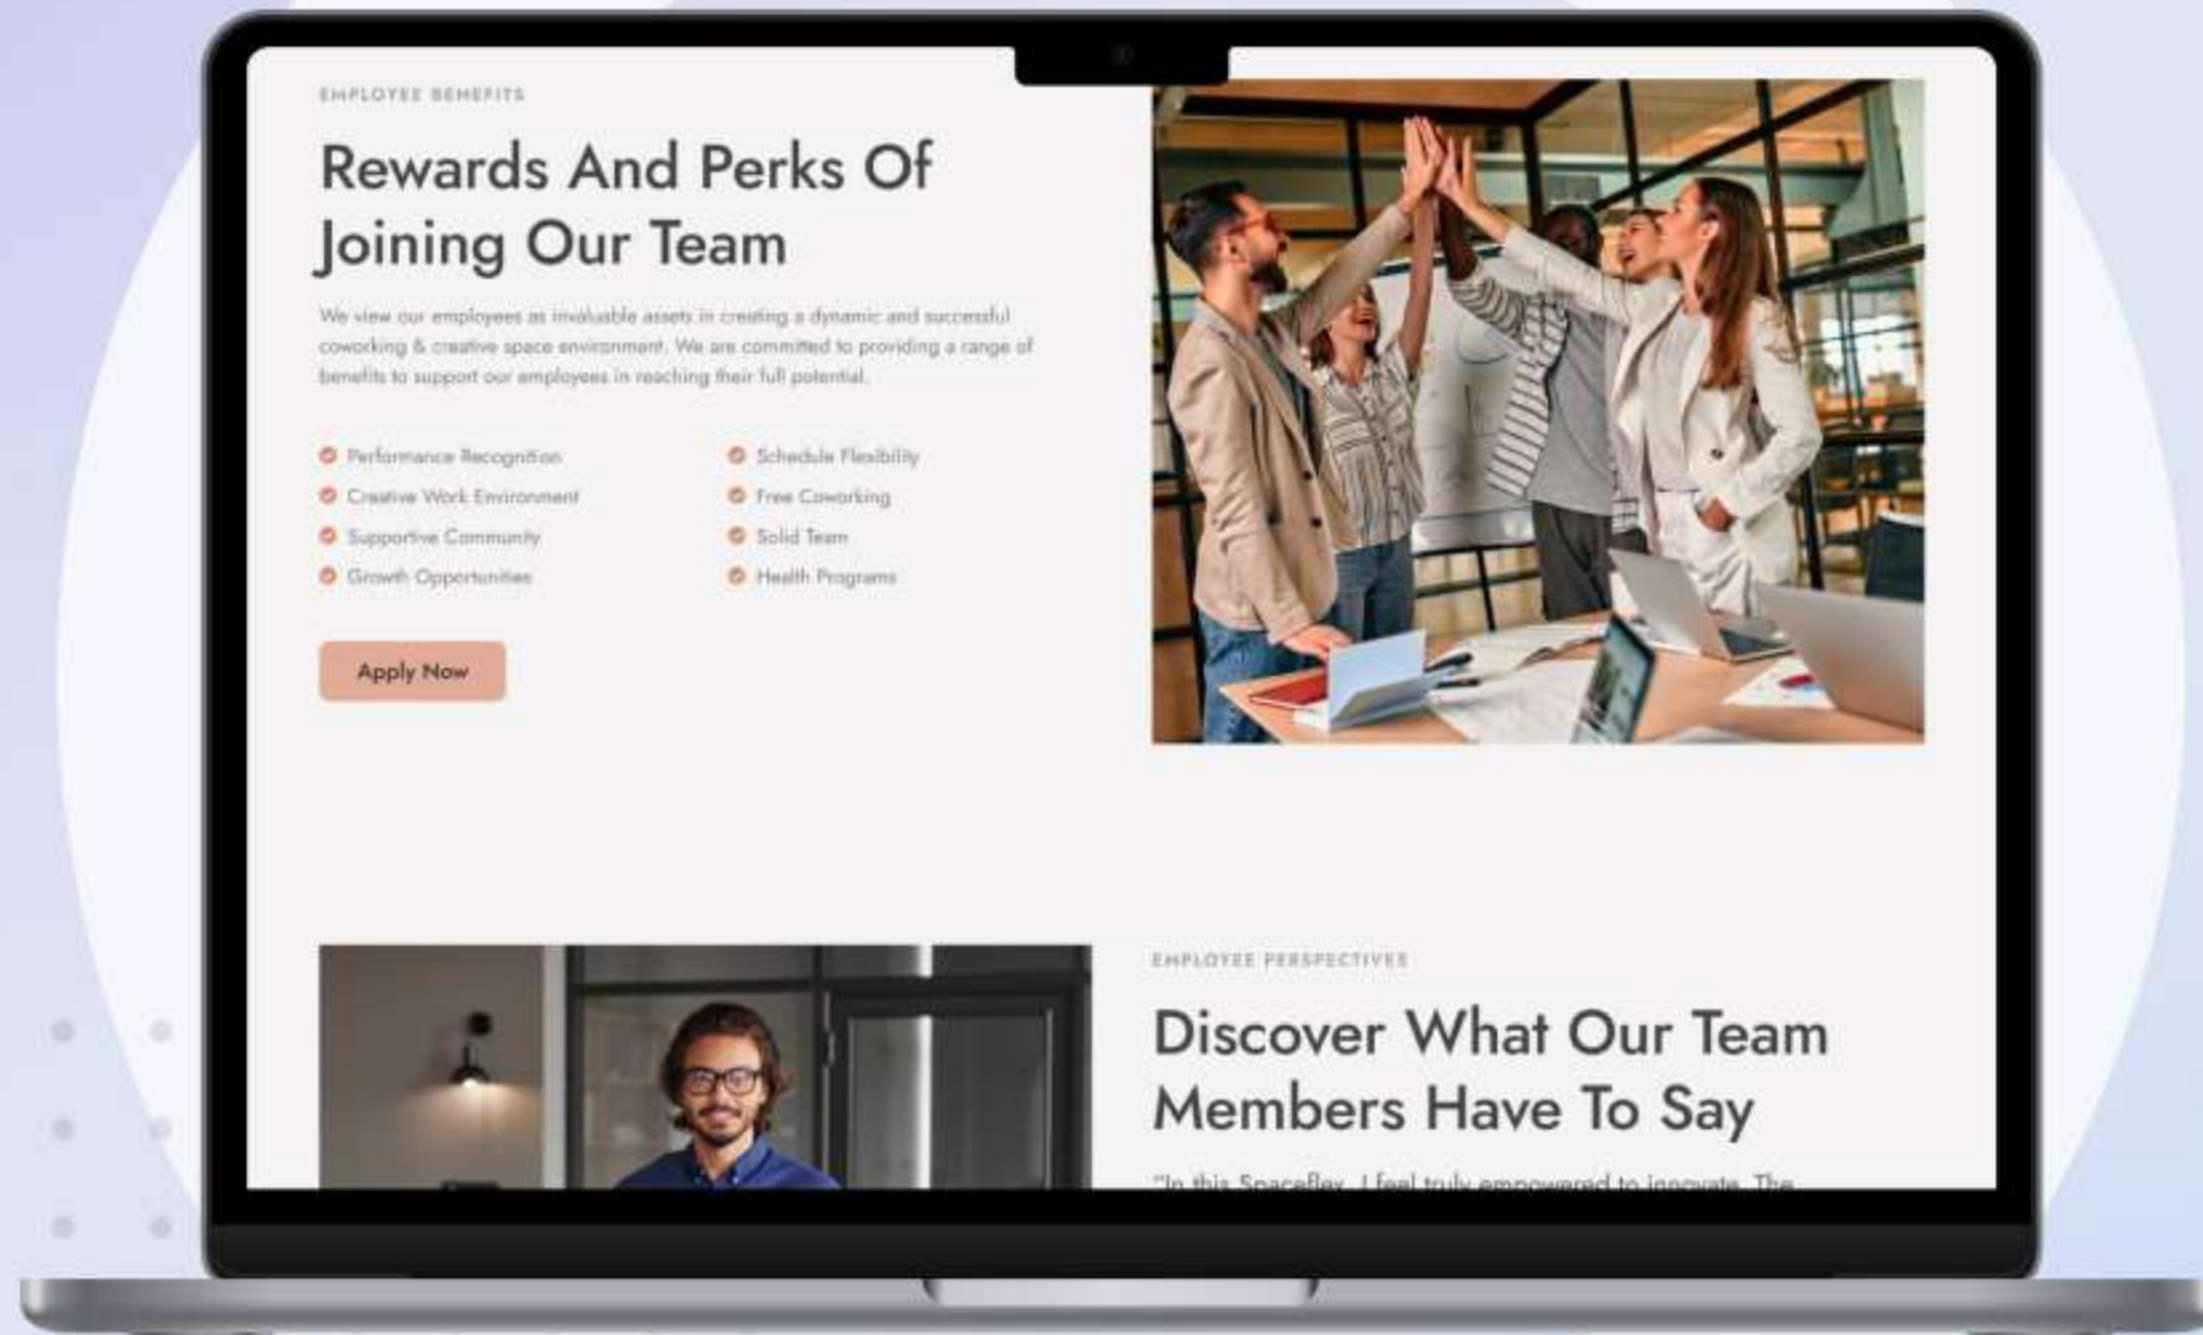

Engaging features that promote interaction and build a strong sense of community.

Integrated tools for efficient space management and resource allocation.

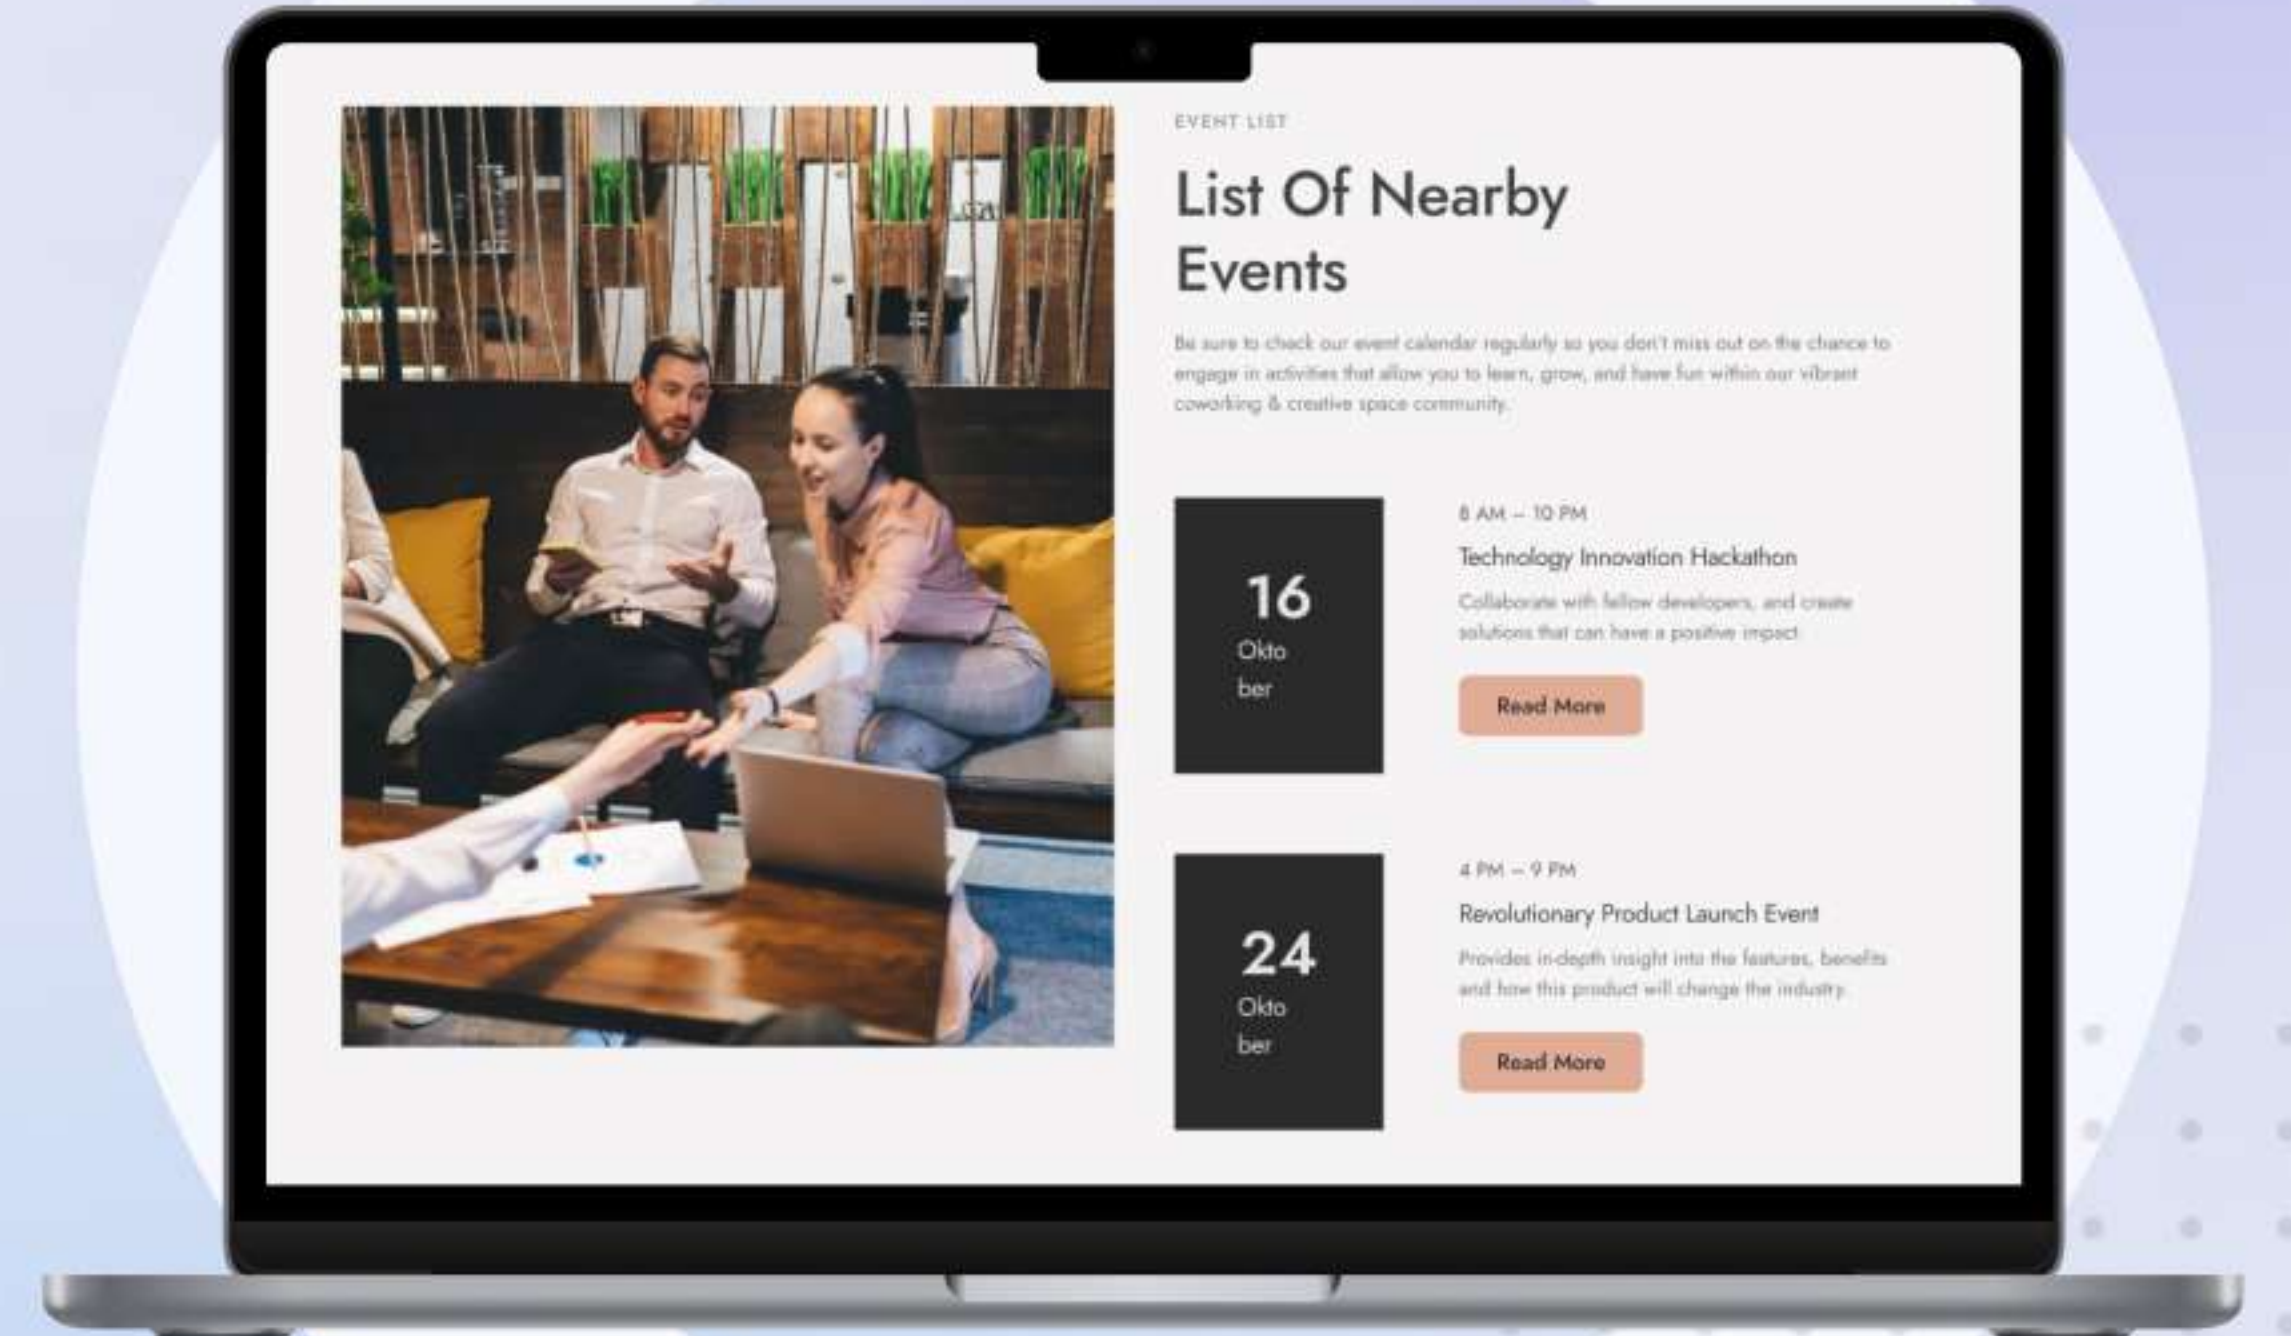

Actionable data to optimize operations, pricing, and future growth strategies.

# Impact

- ✓ Increased member satisfaction and retention through a convenient and streamlined experience.
- ✓ Enhanced collaboration and networking opportunities for a thriving professional community.
- ✓ Improved space utilization and revenue generation through data-driven decision making.
- ✓ Streamlined operations and reduced administrative workload for coworking space management.

# Customizable Task Management Application

A task management tool designed to streamline workflow and enhance productivity. It offers features such as task creation, assignment, prioritization, deadline setting, progress tracking, and collaboration capabilities. Users can organize tasks, set reminders, and communicate with team members seamlessly, ensuring efficient project management from start to finish.

# Features

- ✓ Local Deals
- ✓ Real-Time Expiring Deals
- ✓ Personalized Recommendations
- ✓ Map View
- ✓ Social Sharing
- ✓ User Profiles and Tracking

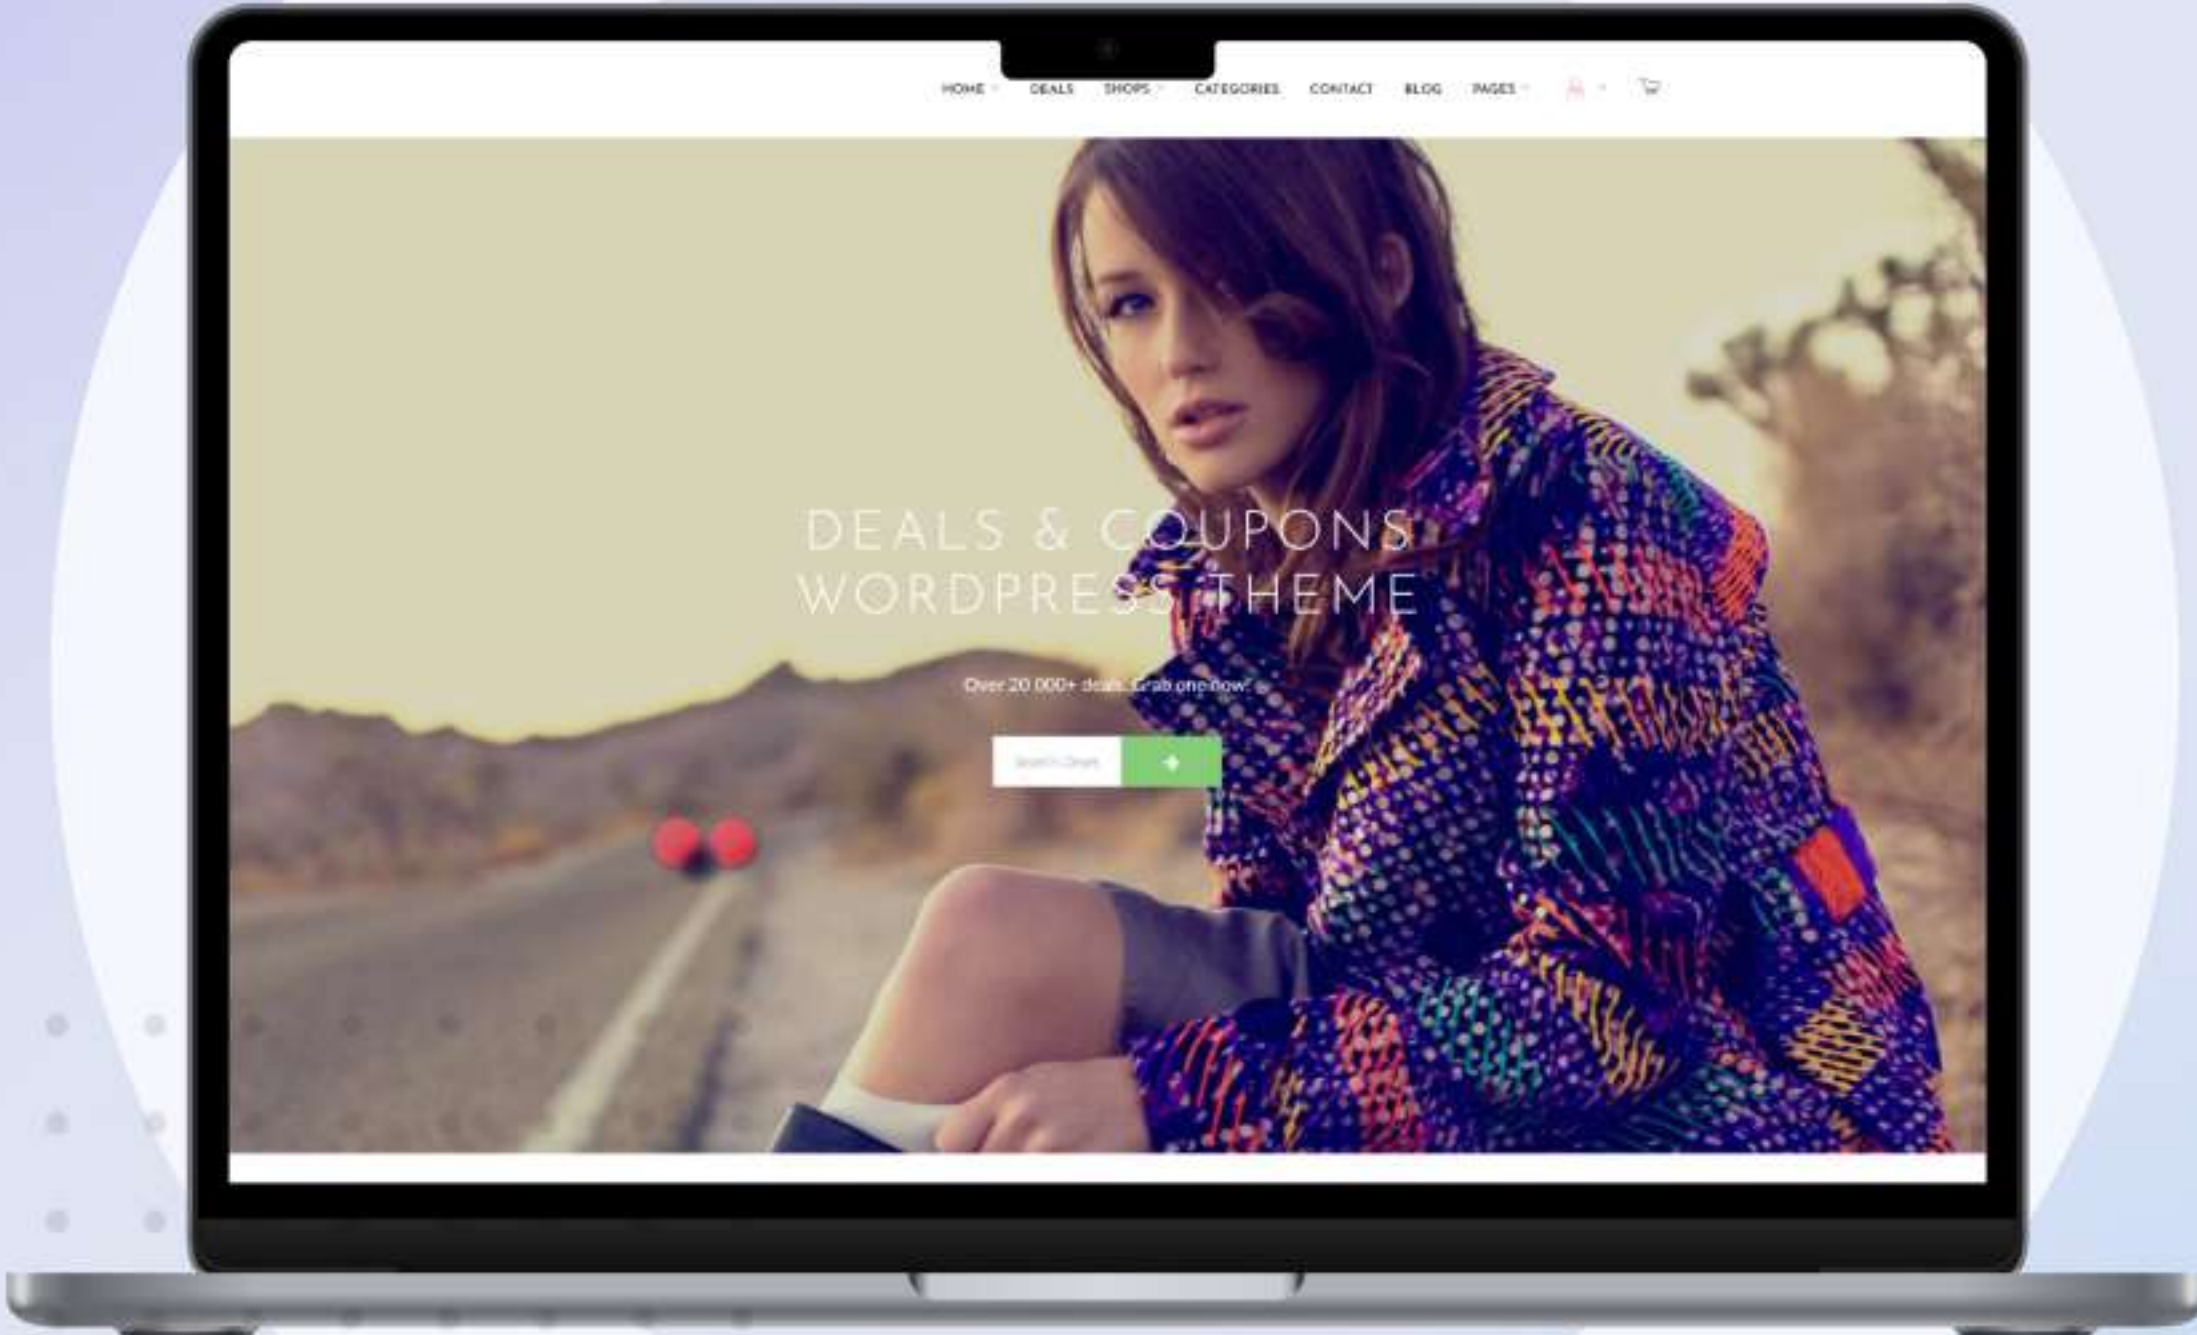

# Challenges

- ✓ Sourcing a steady supply of compelling deals daily
- ✓ Personalizing deal feeds to user interests and habits
- ✓ Driving habitual app usage among users
- ✓ Managing deal redemption volumes for businesses
- ✓ Screening user-generated content for quality and relevance

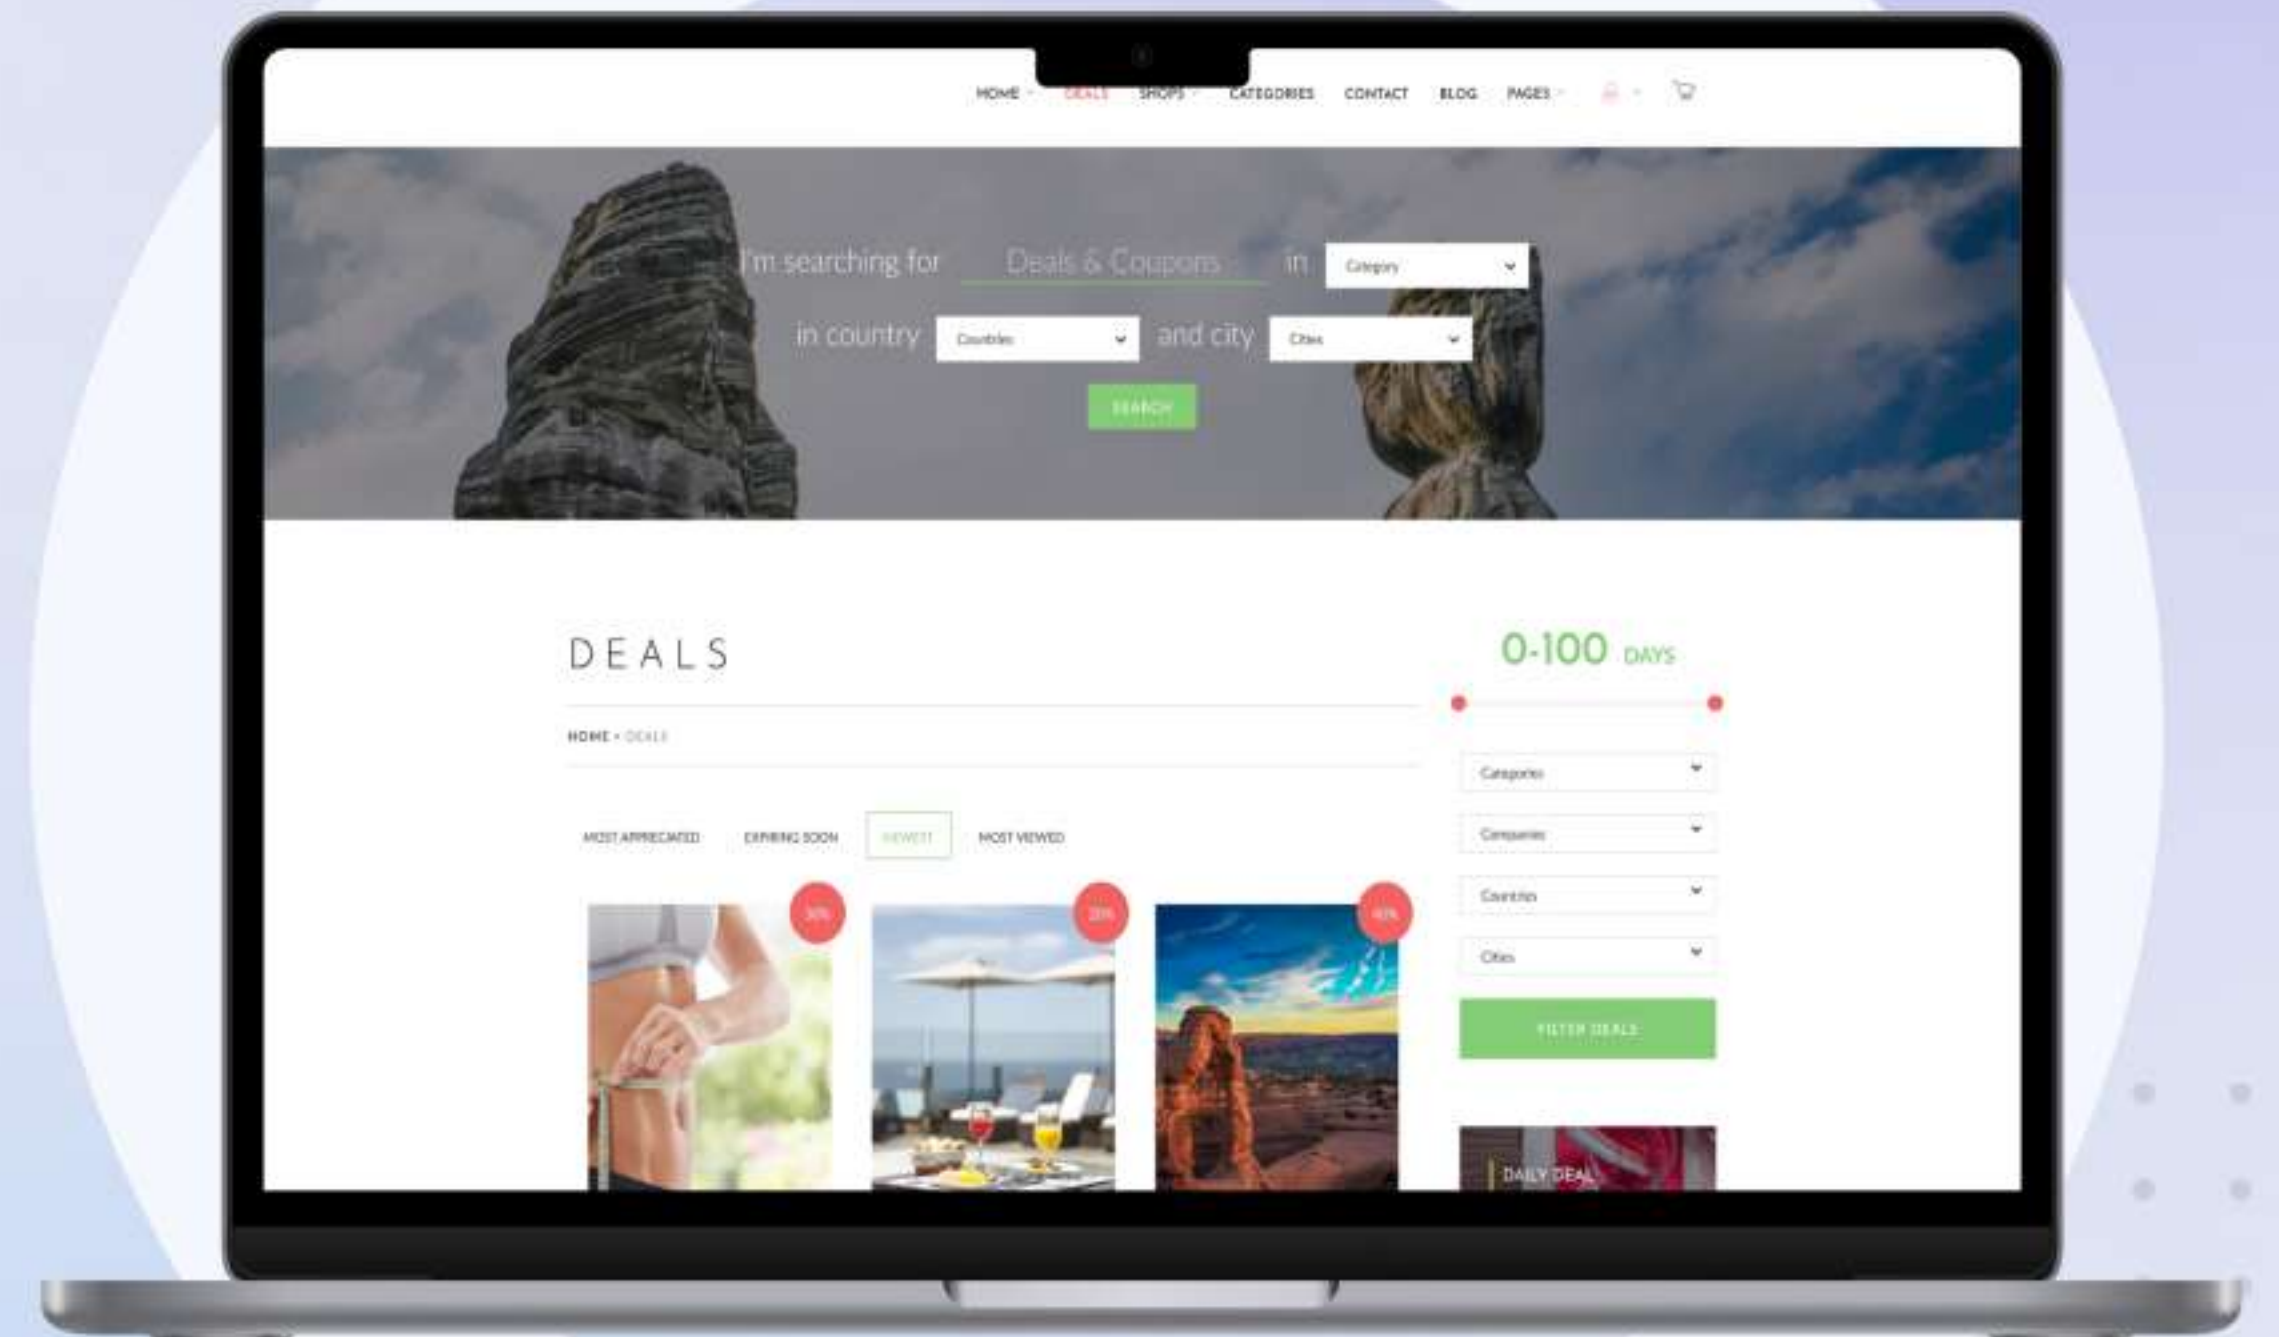

# Solutions

- ✓ Local real-time expiring deals across categories
- ✓ Personalized recommendations based on user data
- ✓ Gamification, cashback incentives, and social sharing
- ✓ Tools for businesses to manage deal availability
- ✓ Confirmation and edit screens before booking

# Impact

- ✓ 20% average increase in new customers for businesses
- ✓ 15% higher user engagement versus competitors
- ✓ 40% growth in app users through referrals
- ✓ 30% greater redemption rates versus other deal apps

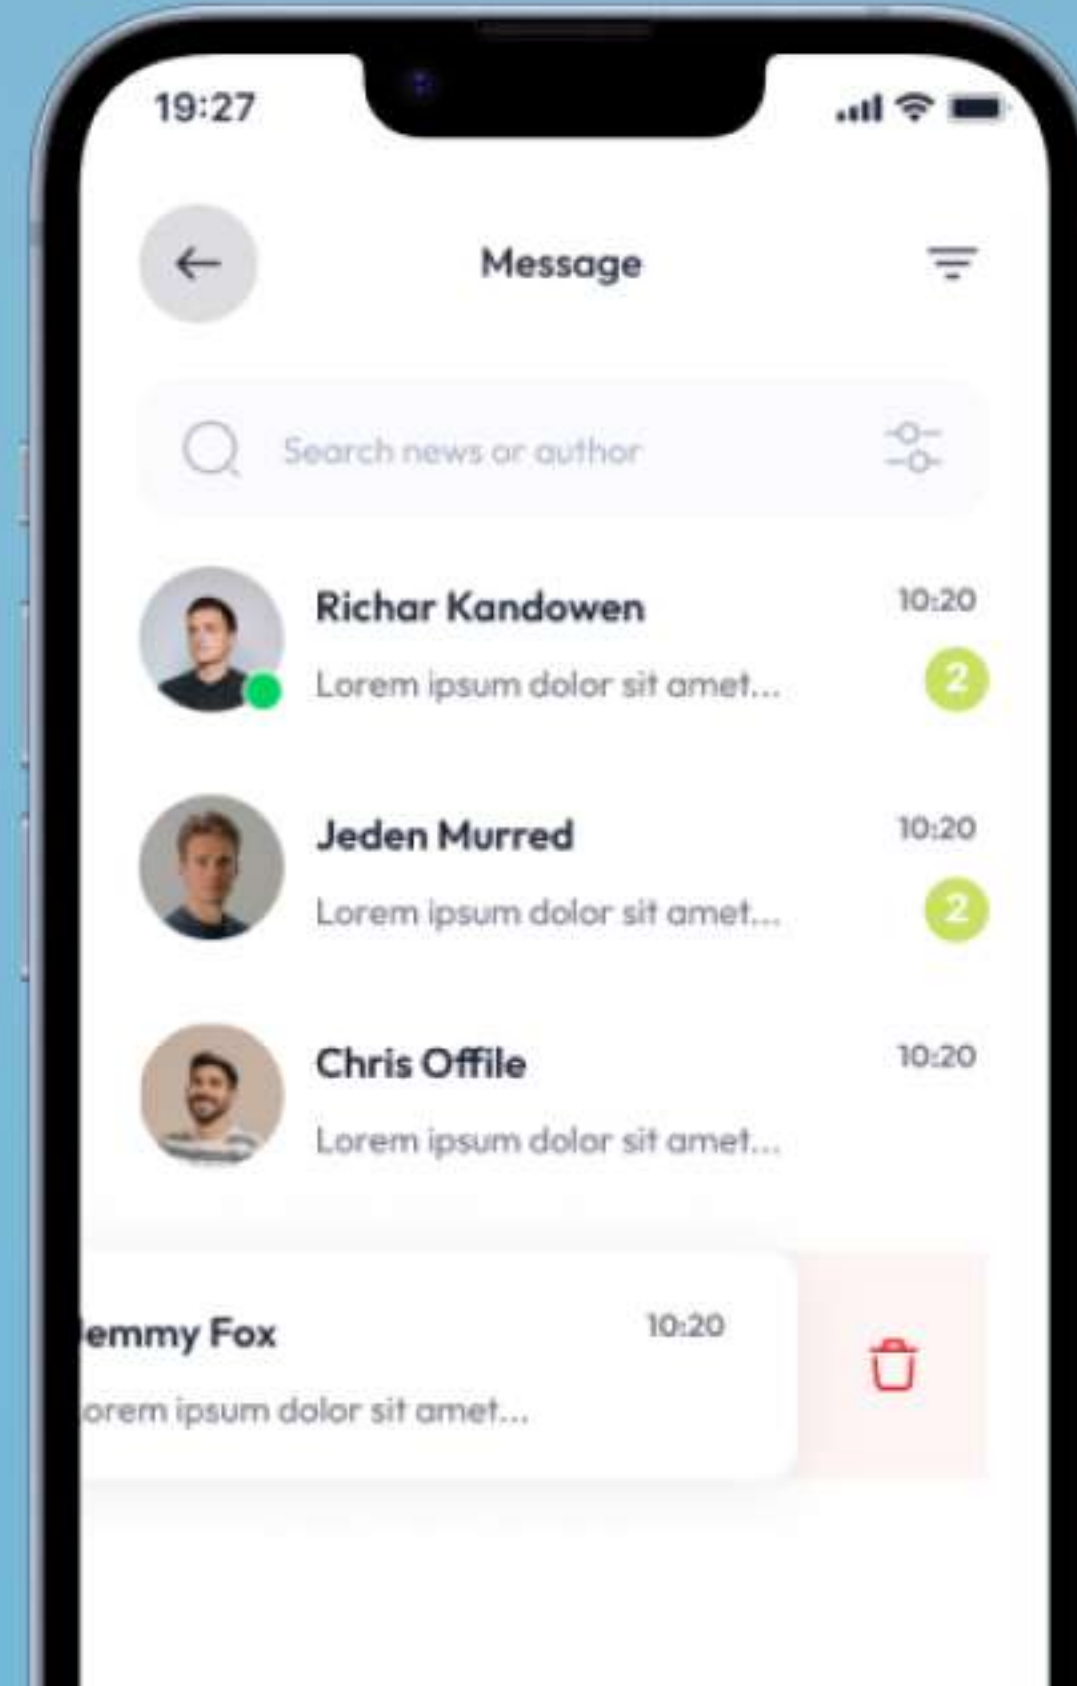

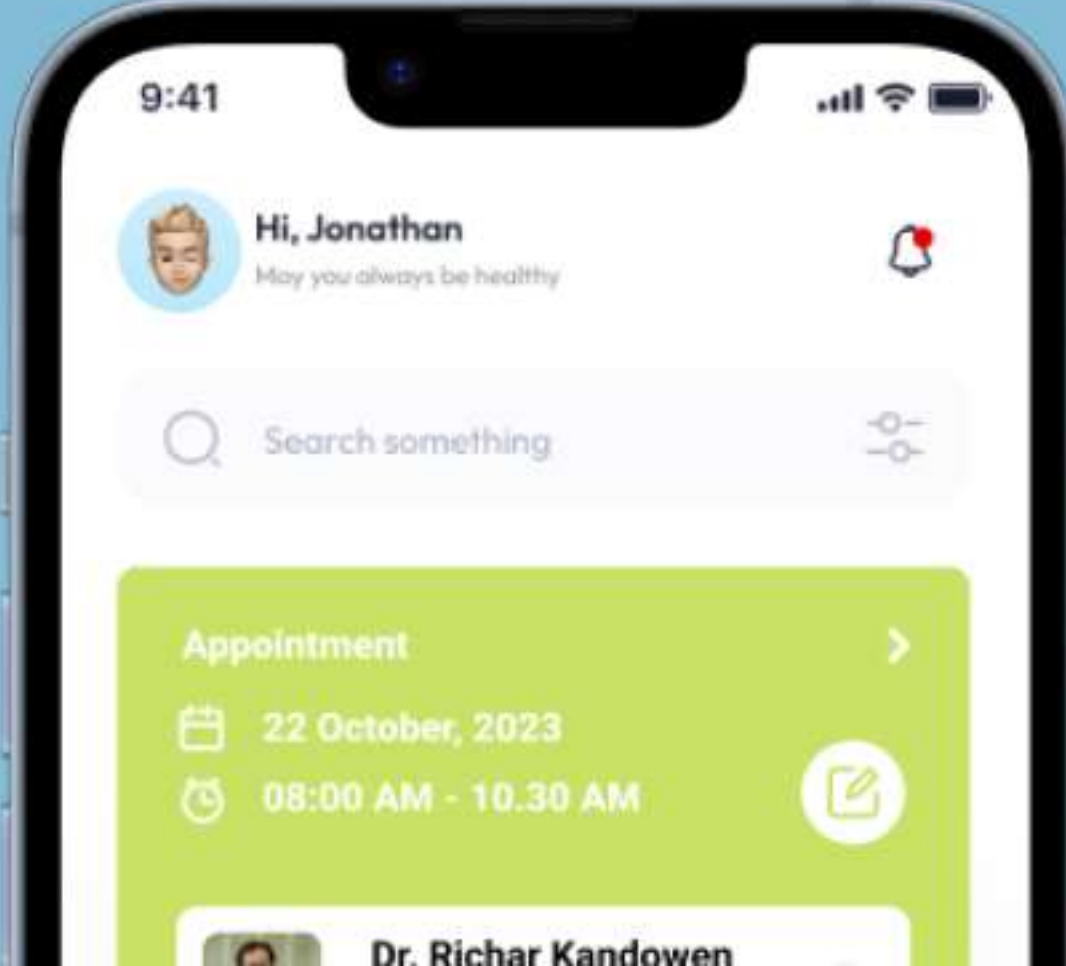

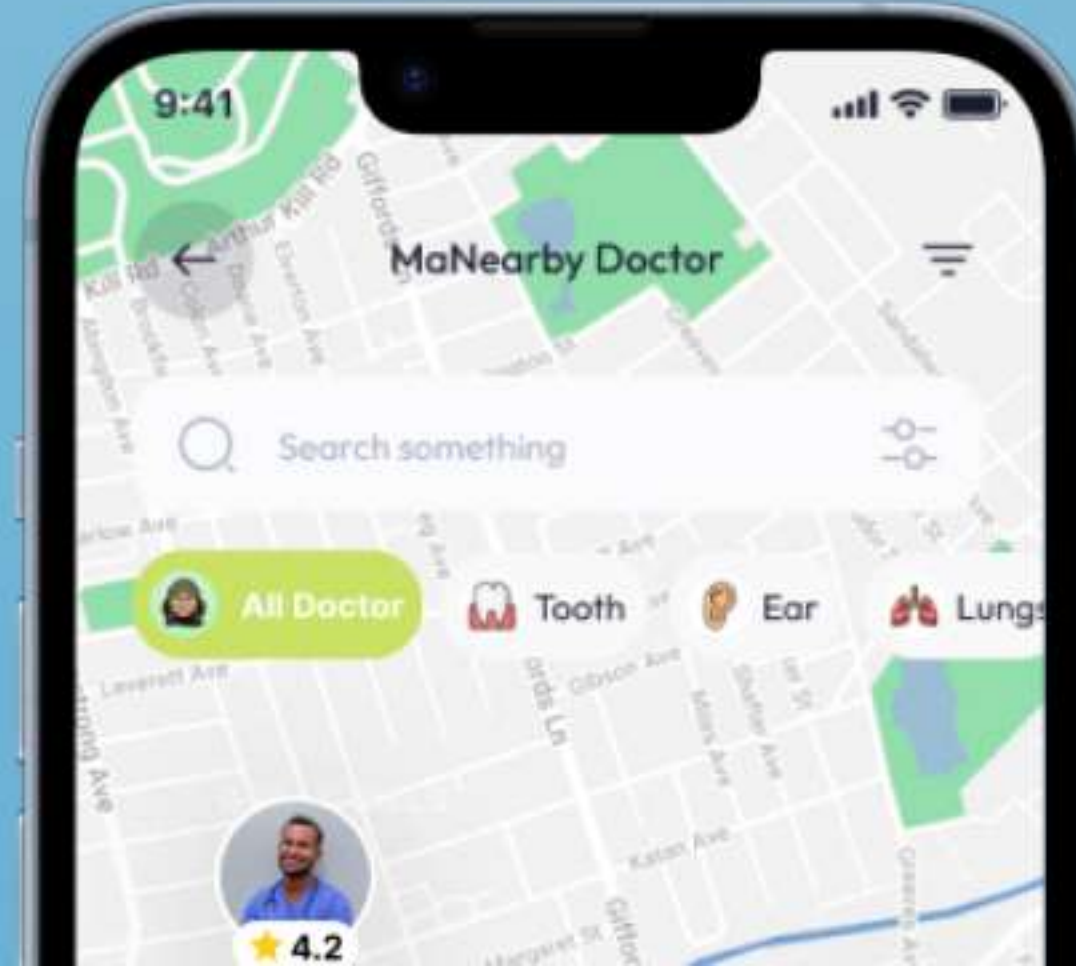

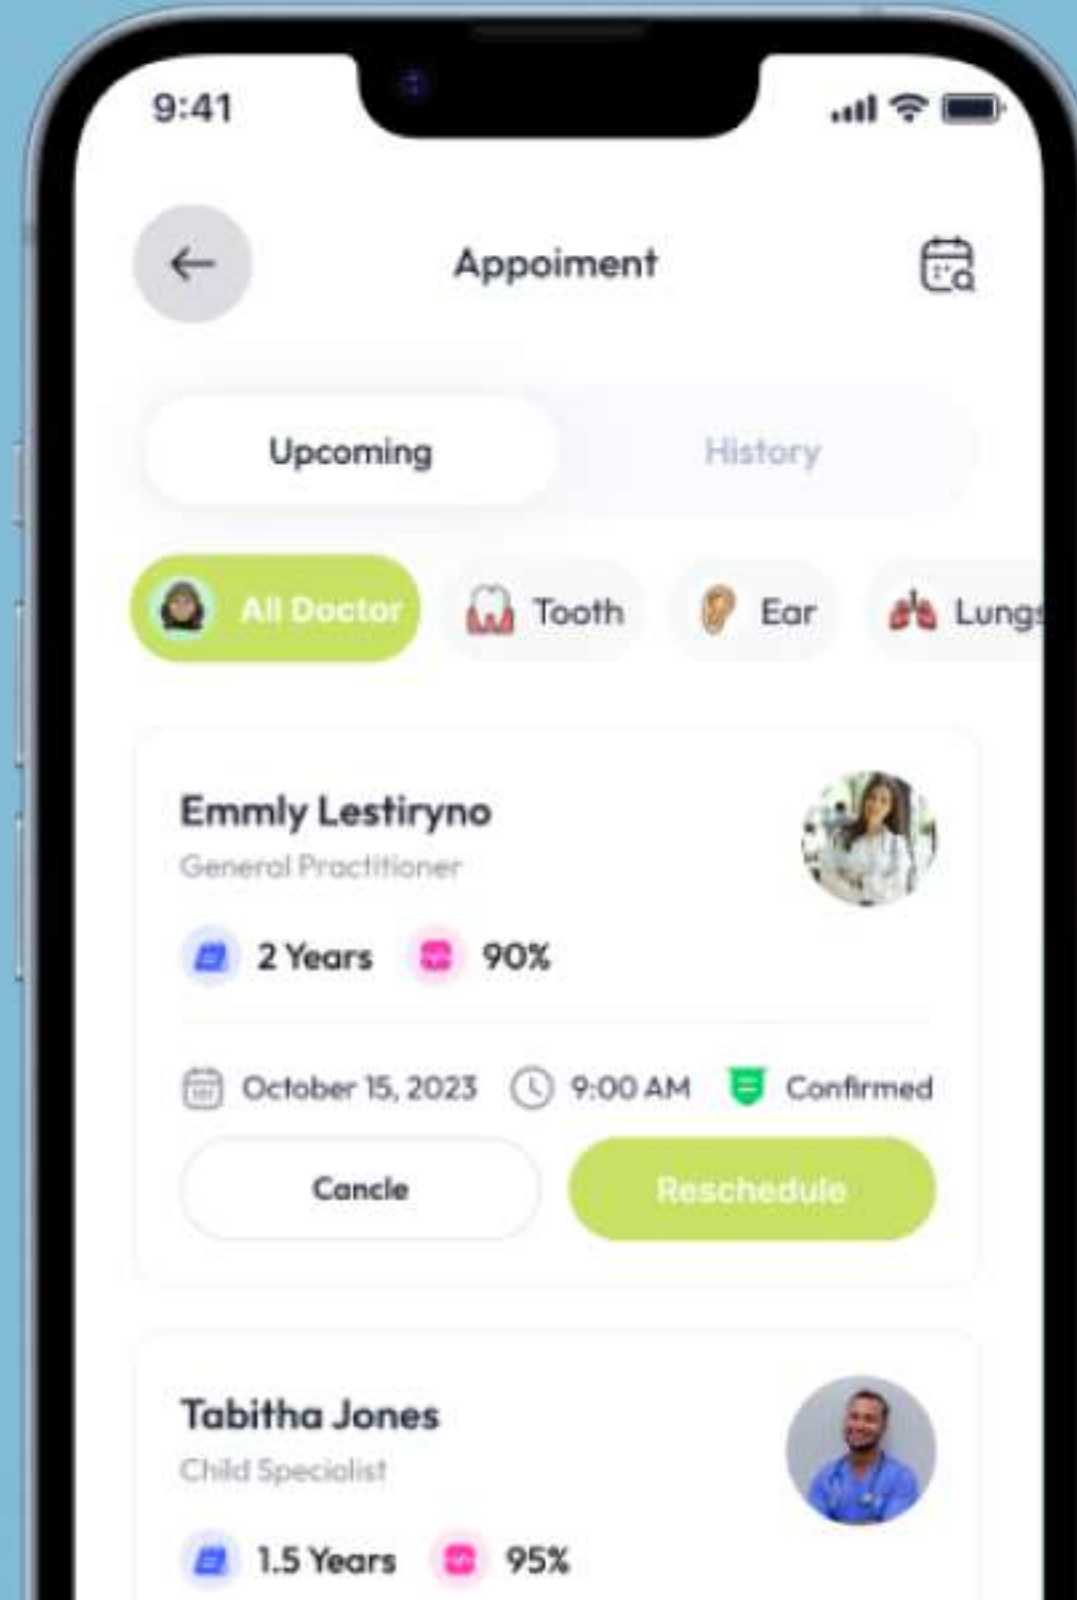

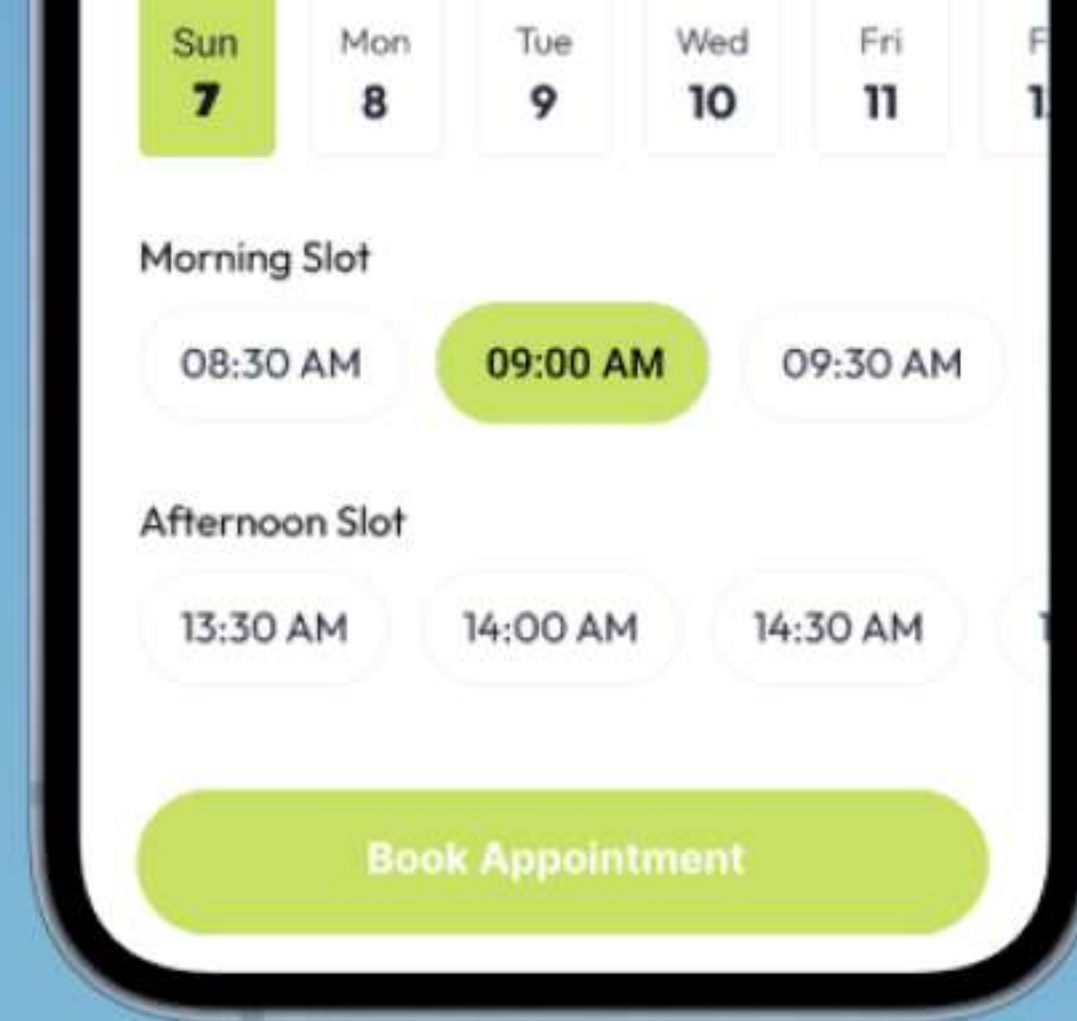

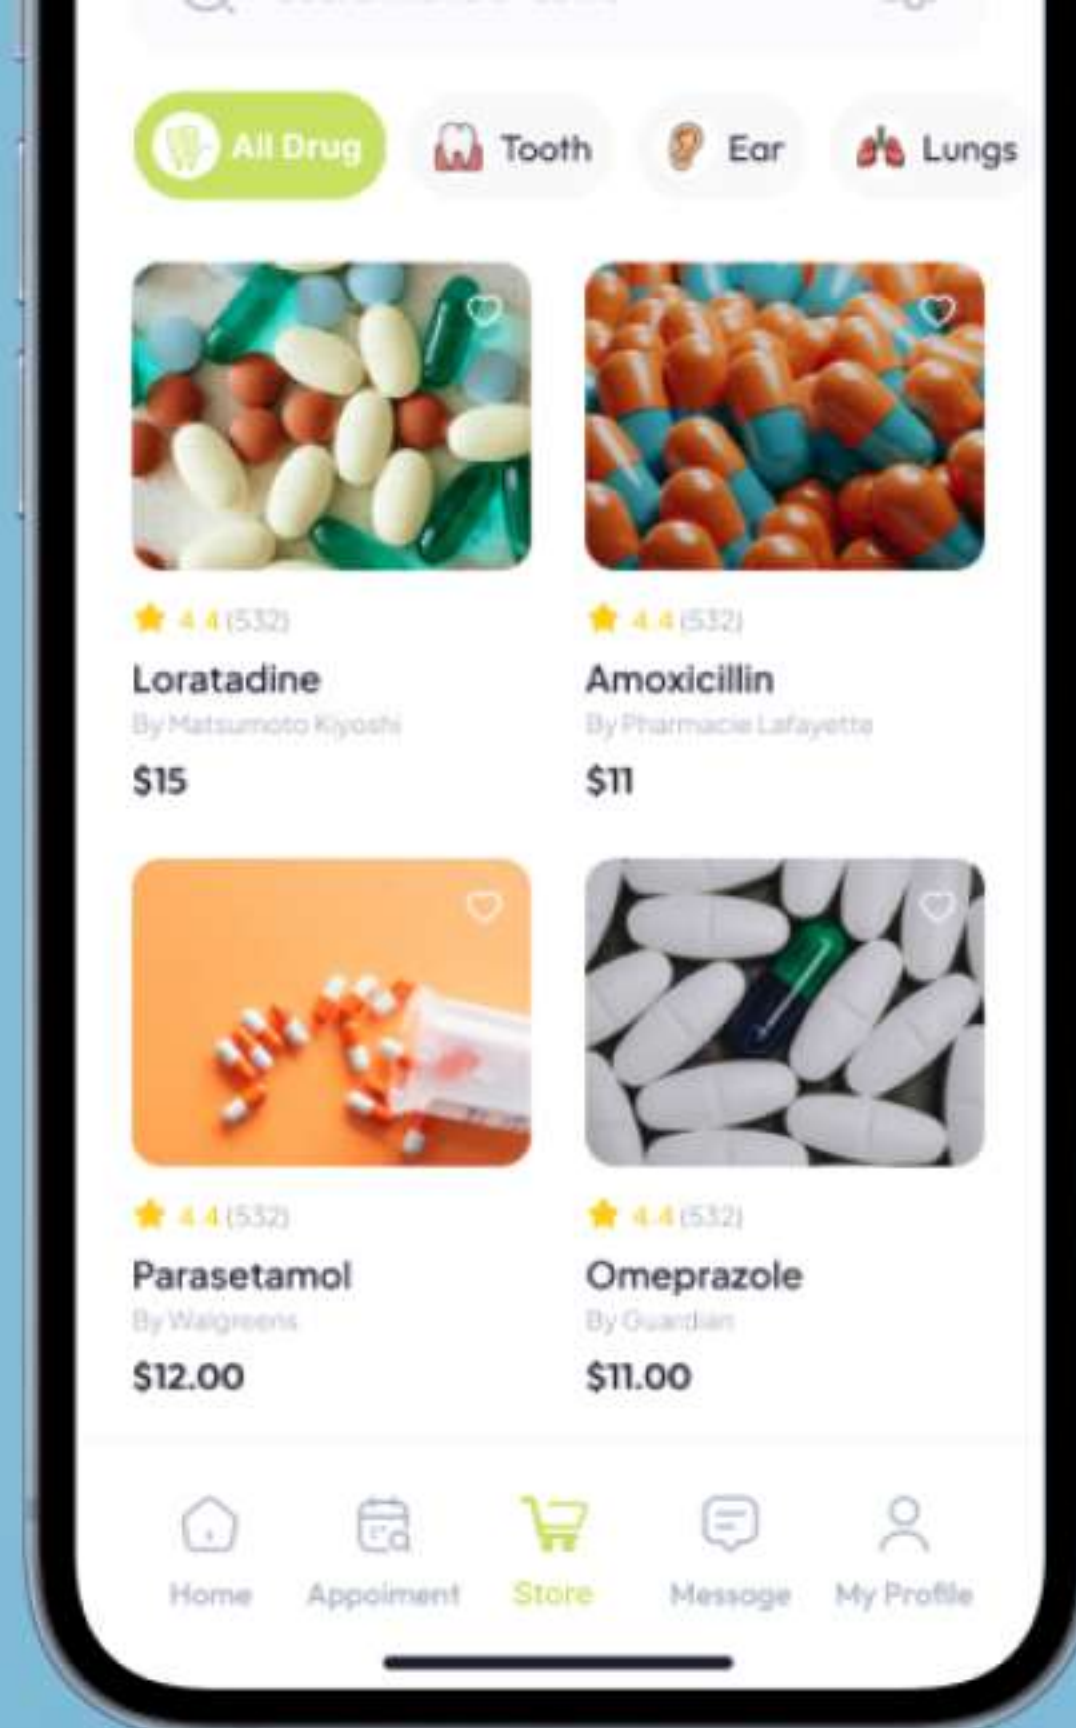

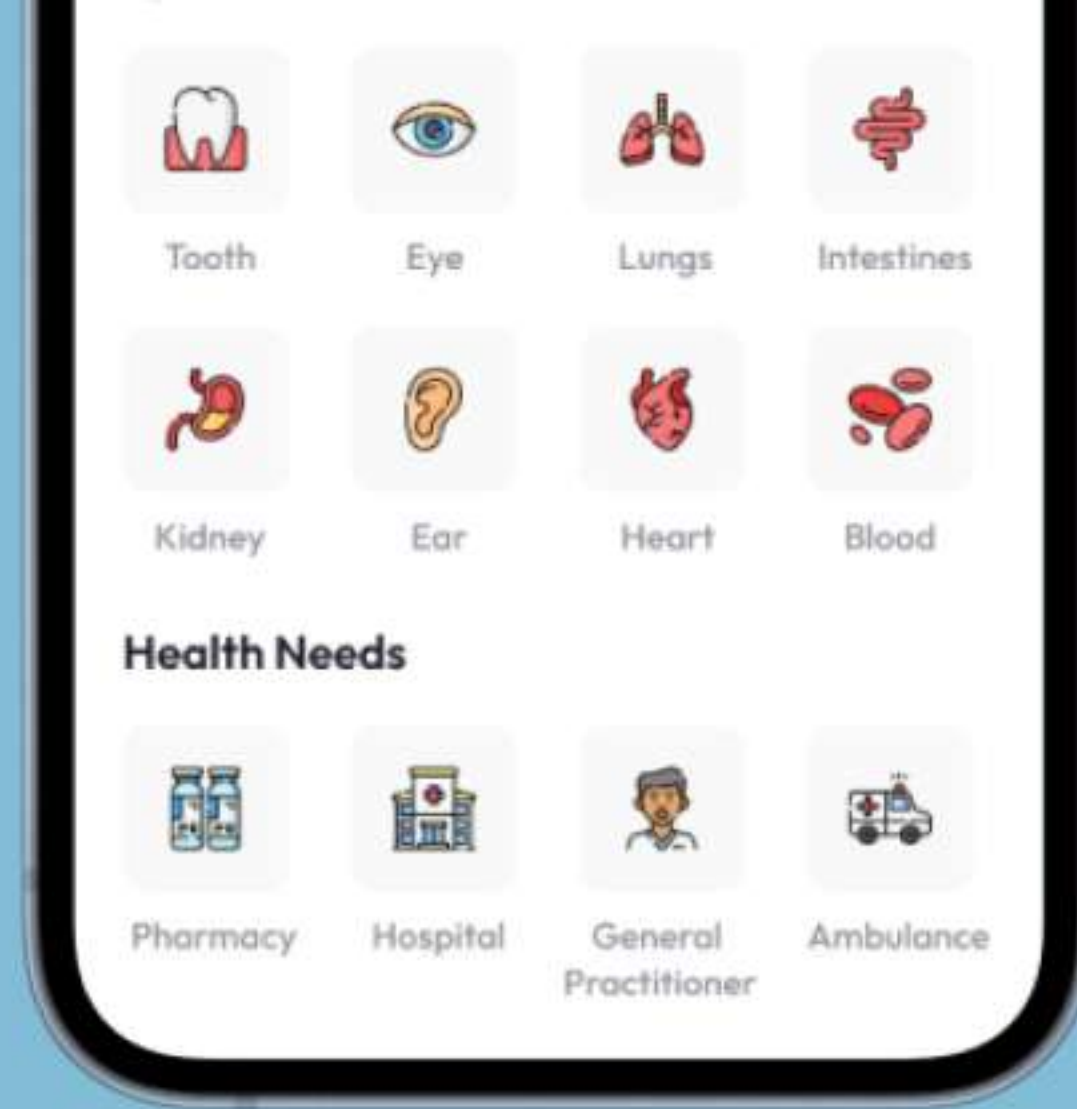

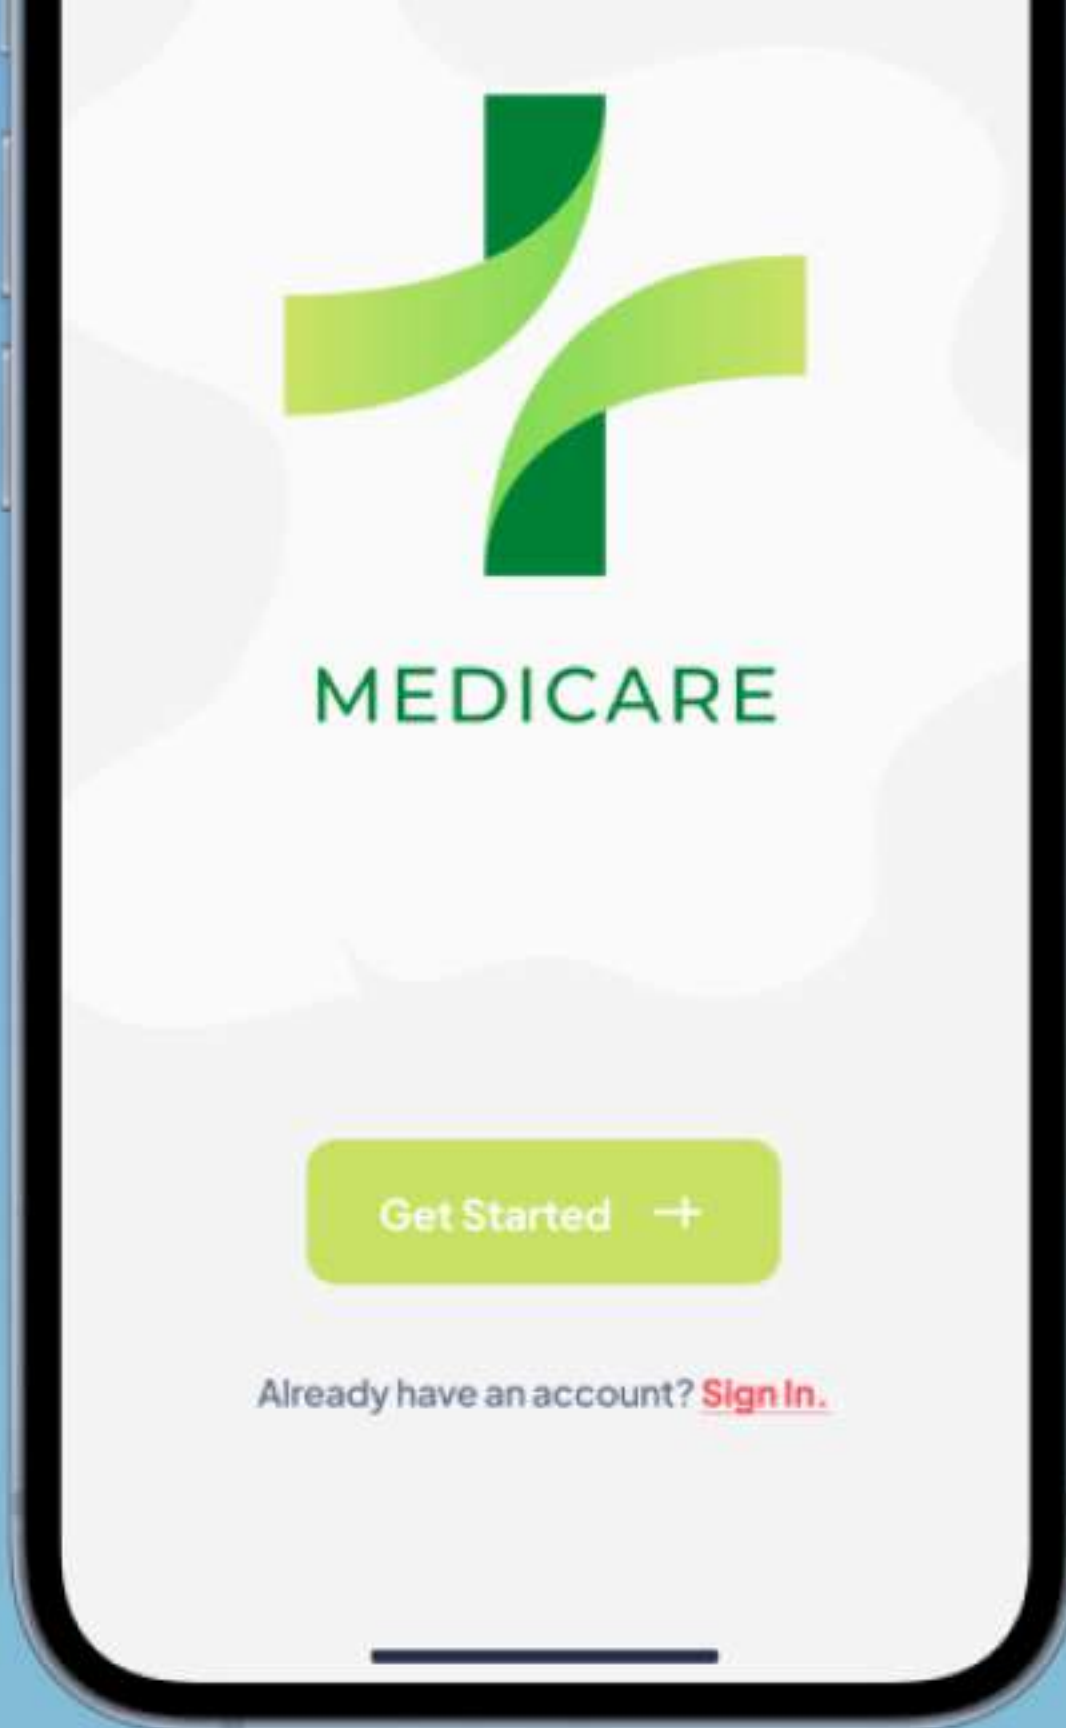

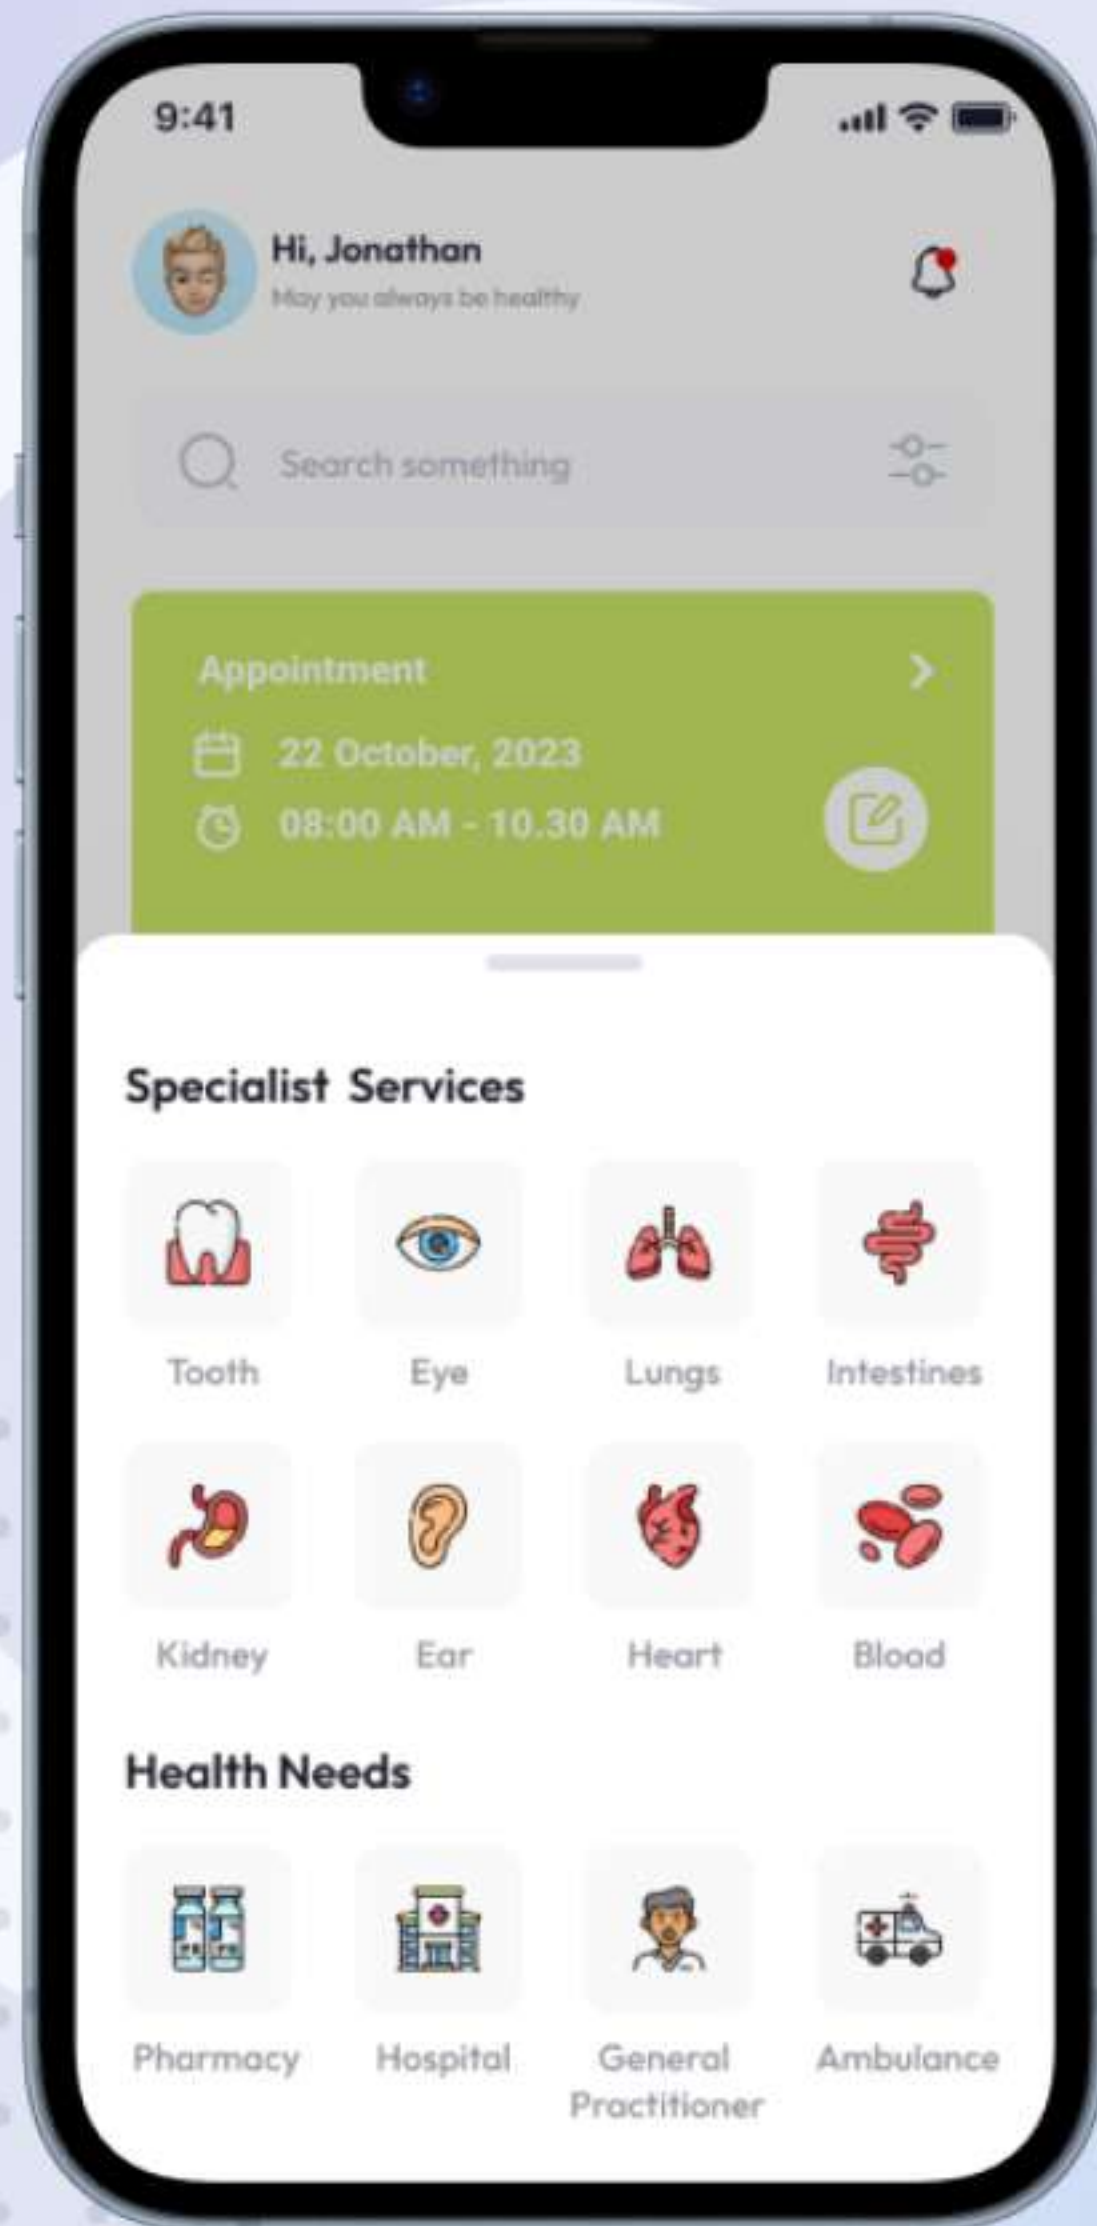

# Dental Care Management App

As dental care became increasingly expensive and inconvenient, patients needed better tools to manage their dental health proactively. Dentists also sought digital solutions to improve practice efficiency.

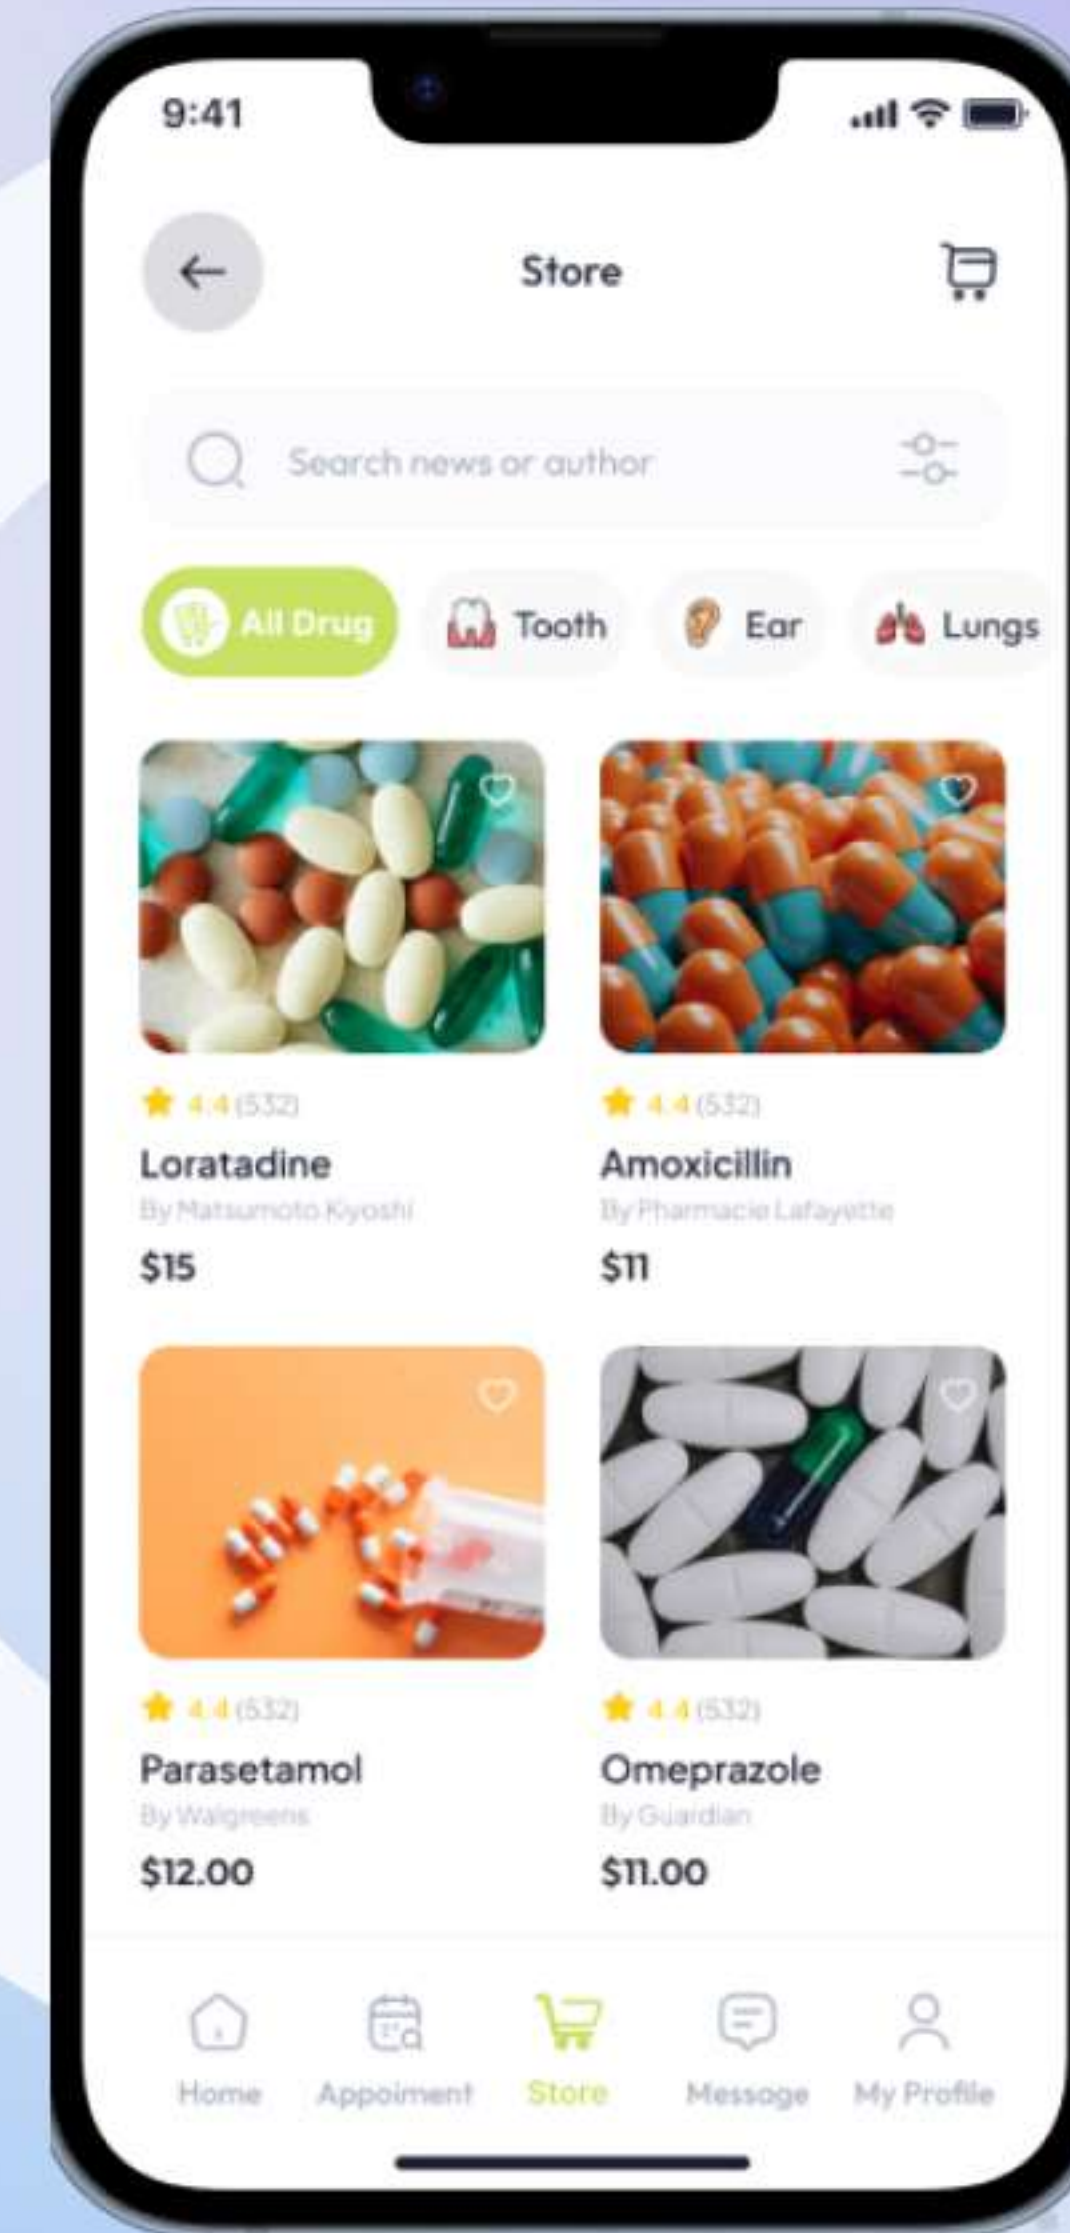

# Features

- ✓ Appointment booking and management
- ✓ Digital dental records
- ✓ Treatment plans and cost estimates
- ✓ Dental insurance and payments
- ✓ Tele-dentistry services
- ✓ Dental health tracking
- ✓ Education and recommendations
- ✓ Exercise Demos/Tips

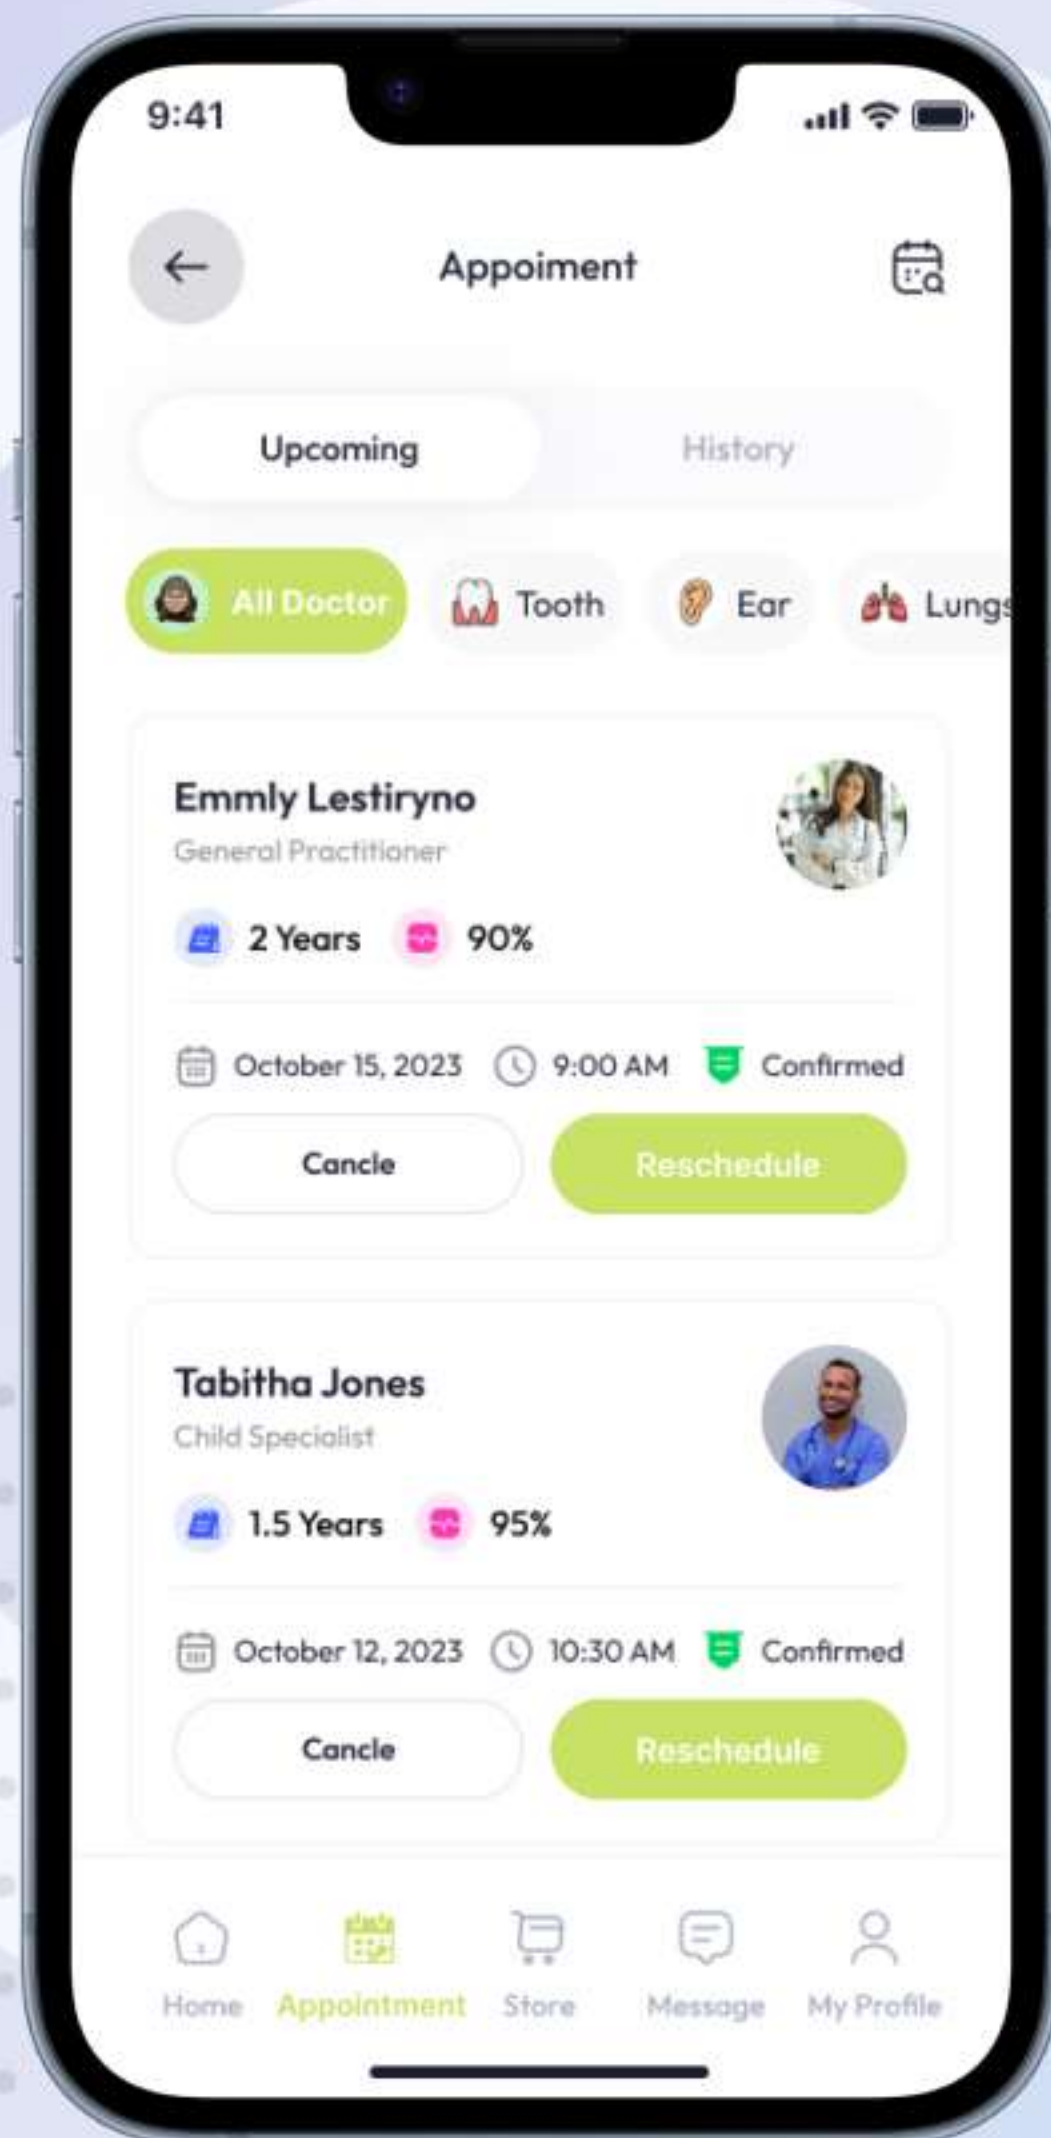

# Challenges

- ✓ Difficulty booking, rescheduling, or reviewing appointments
- ✓ No centralized or digital access to dental records
- ✓ Lack of transparency into treatment plans and costs
- ✓ Cumbersome insurance verification and payments

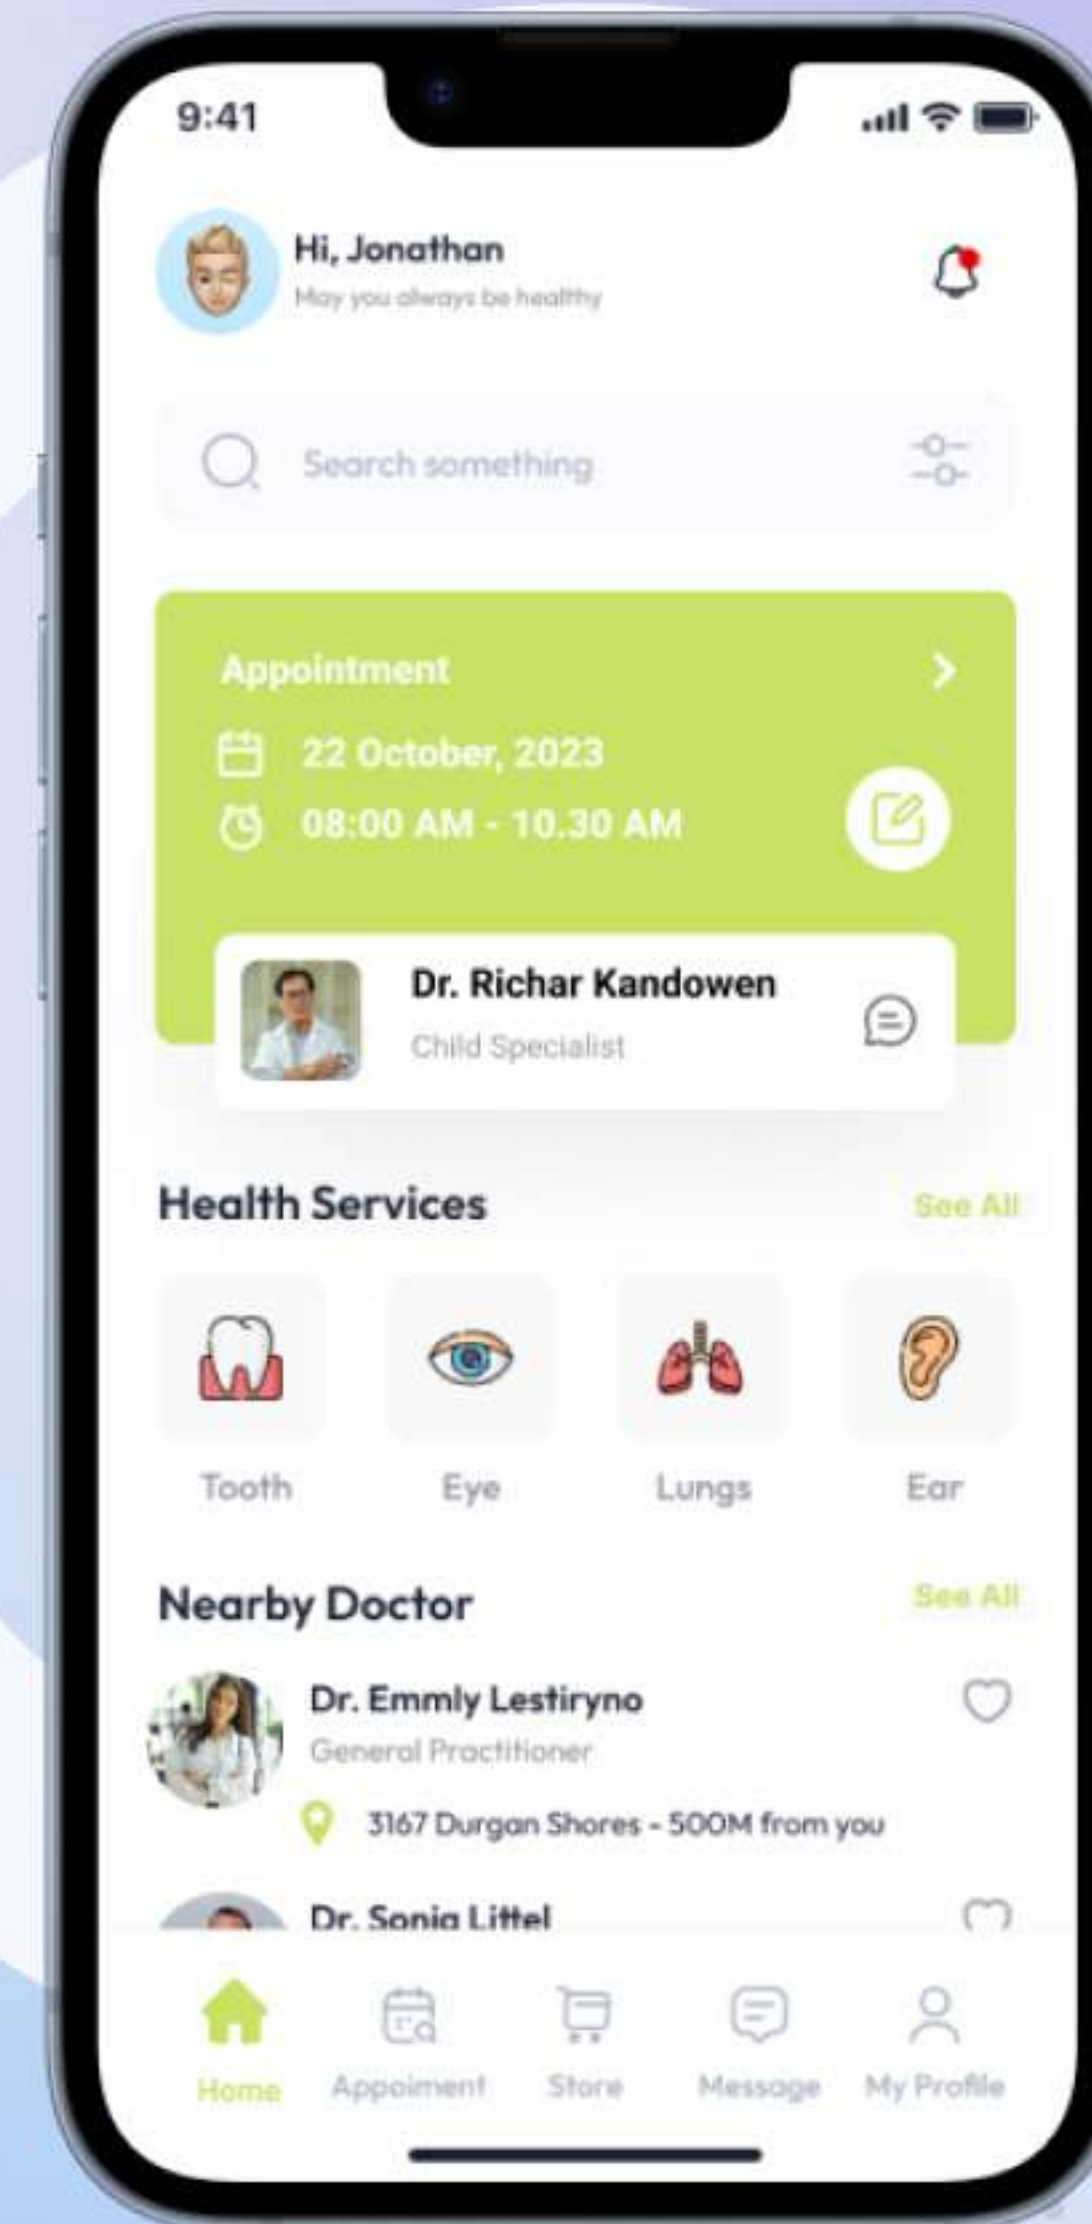

# Solutions

- ✓ Appointment scheduling and reminders
- ✓ Cloud-based dental records access
- ✓ Treatment plan previews with cost estimates
- ✓ Integrated insurance eligibility and payments
- ✓ Dental health tracking tools

# Impact

- ✓ Appointment scheduling efficiency improved by 30%
- ✓ Patient record access increased to 80% adoption
- ✓ Treatment plan transparency increased satisfaction scores
- ✓ Billing and payment processing reduced by 20%

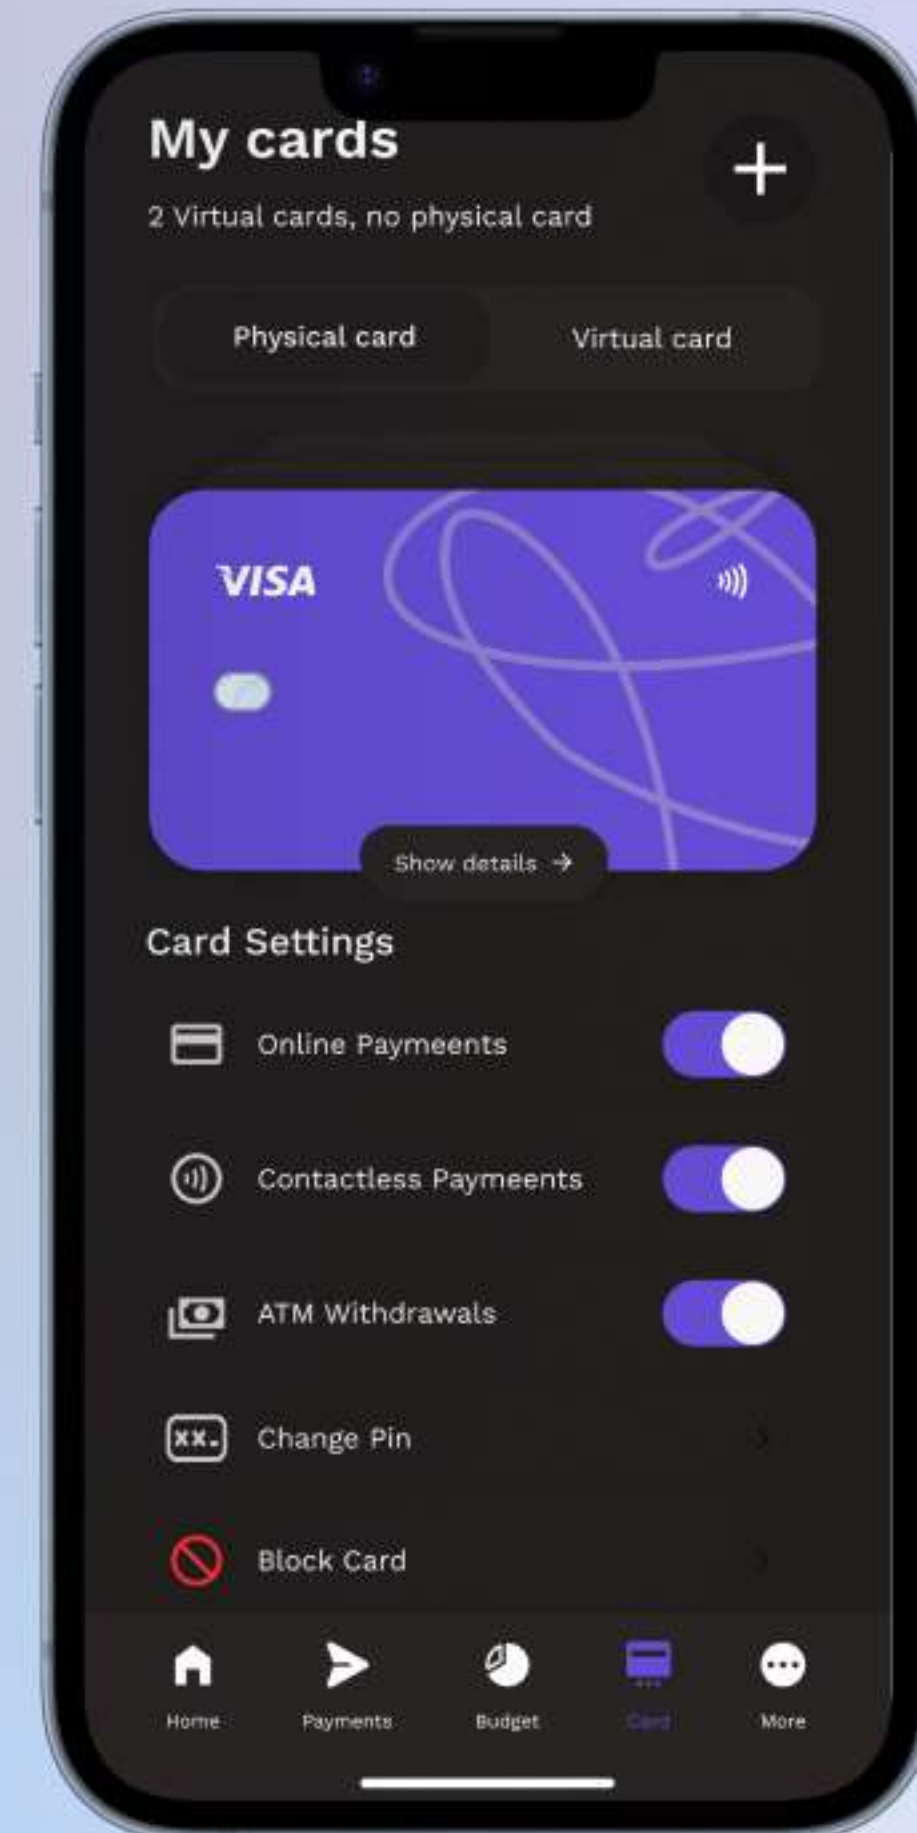

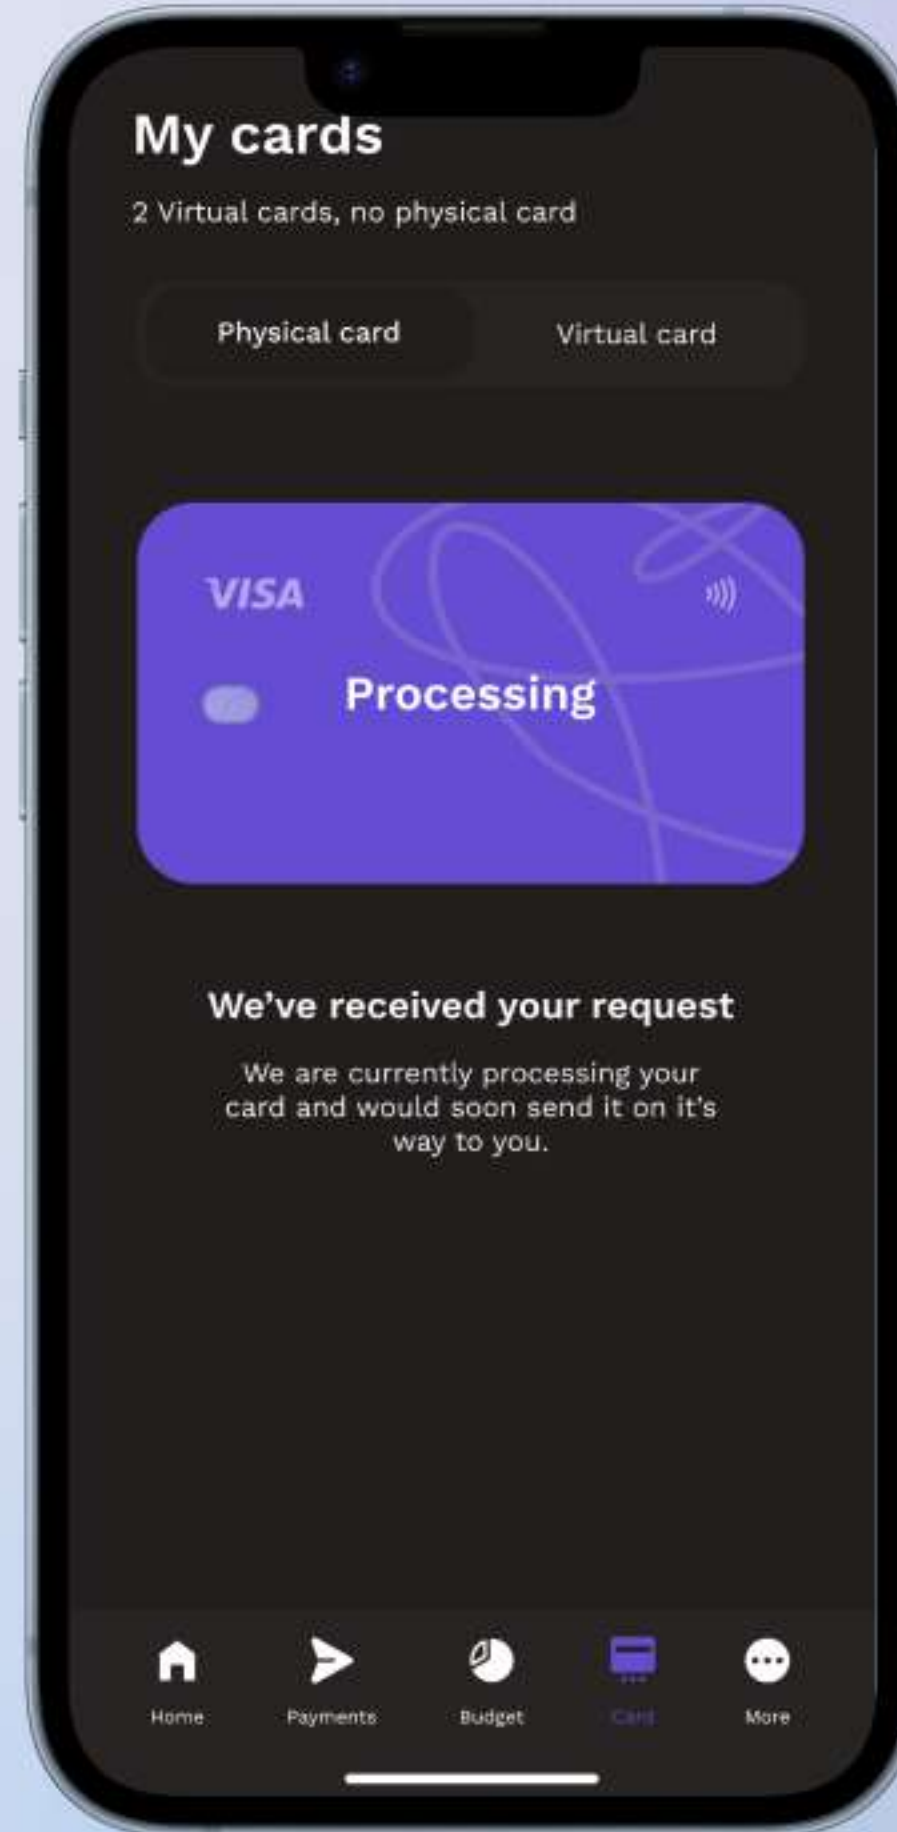

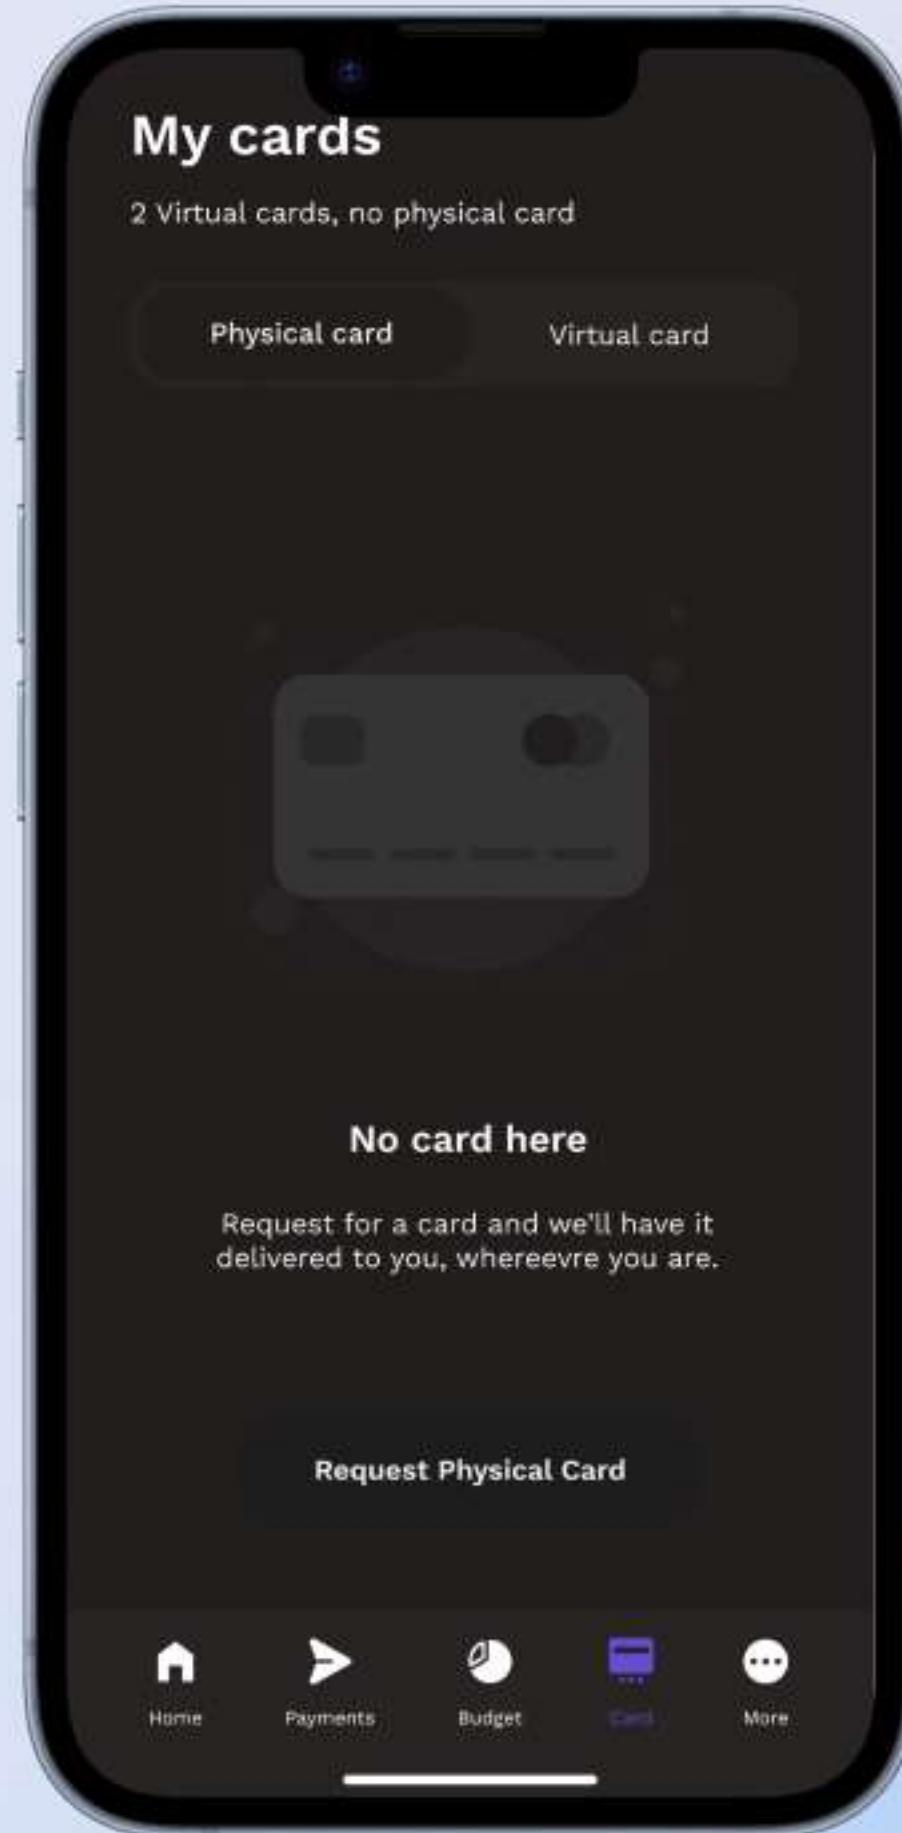

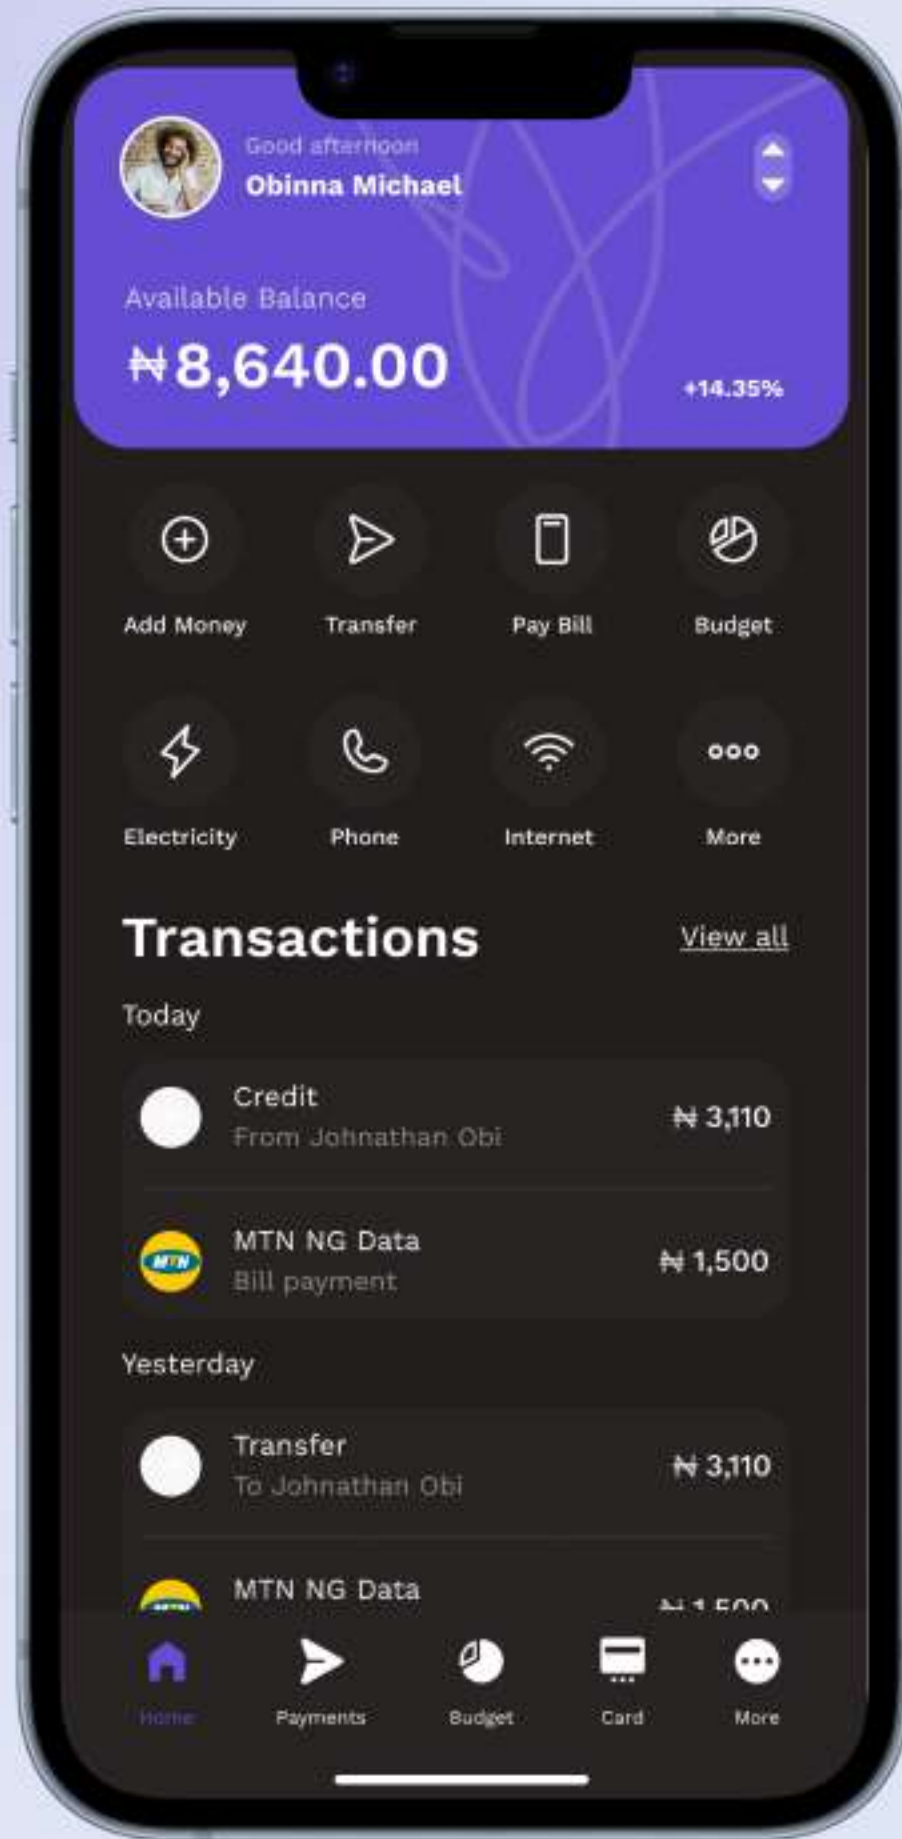

# Digital Credit Card Platform

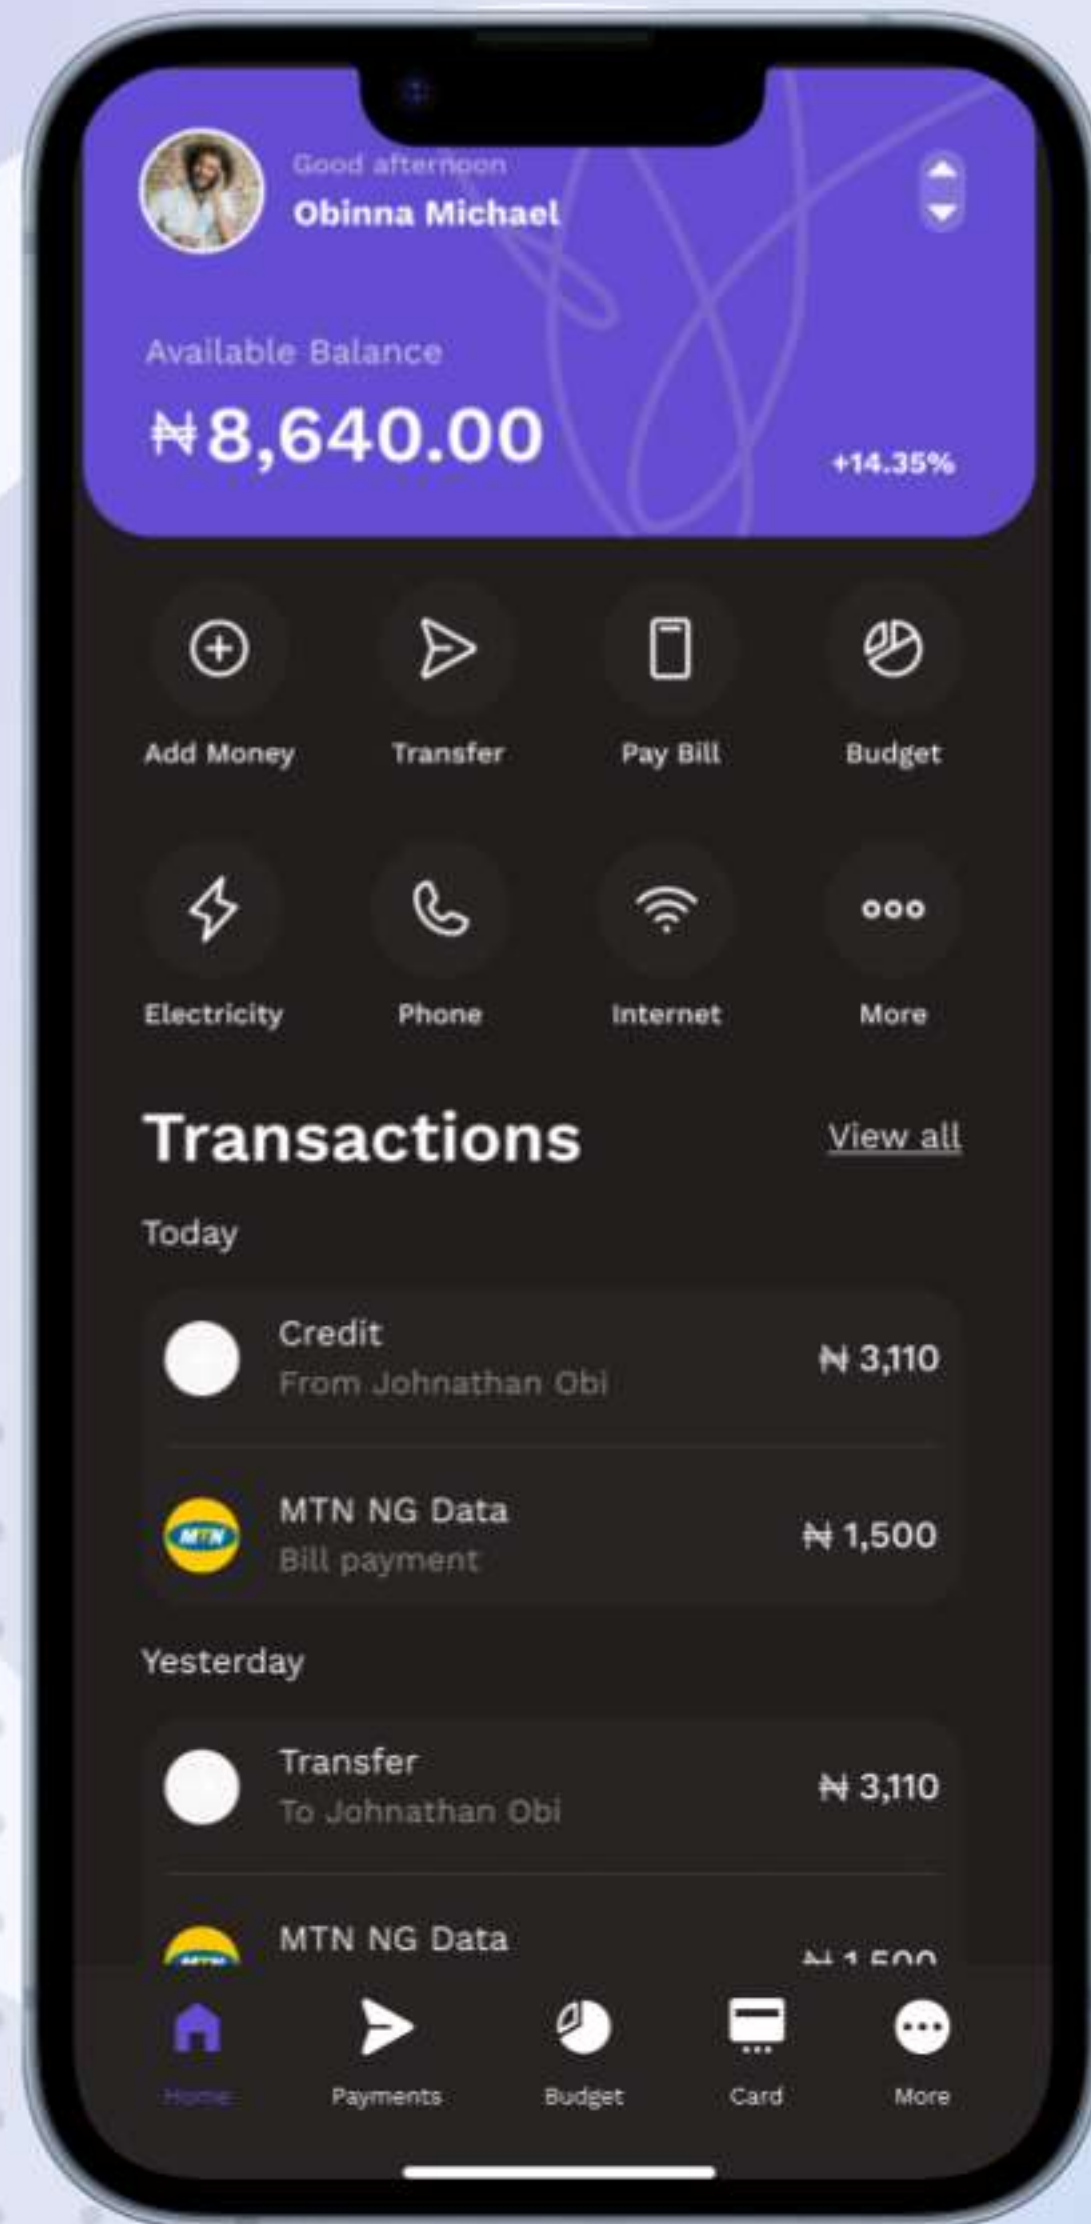

A digital credit card platform offering virtual cards managed through a user-friendly mobile app or web interface. Users can monitor spending in real-time, set custom limits, and receive instant transaction alerts. With advanced security features like tokenization and biometric authentication, it ensures safe online and in-store payments, providing convenience and control over finances.

# Features

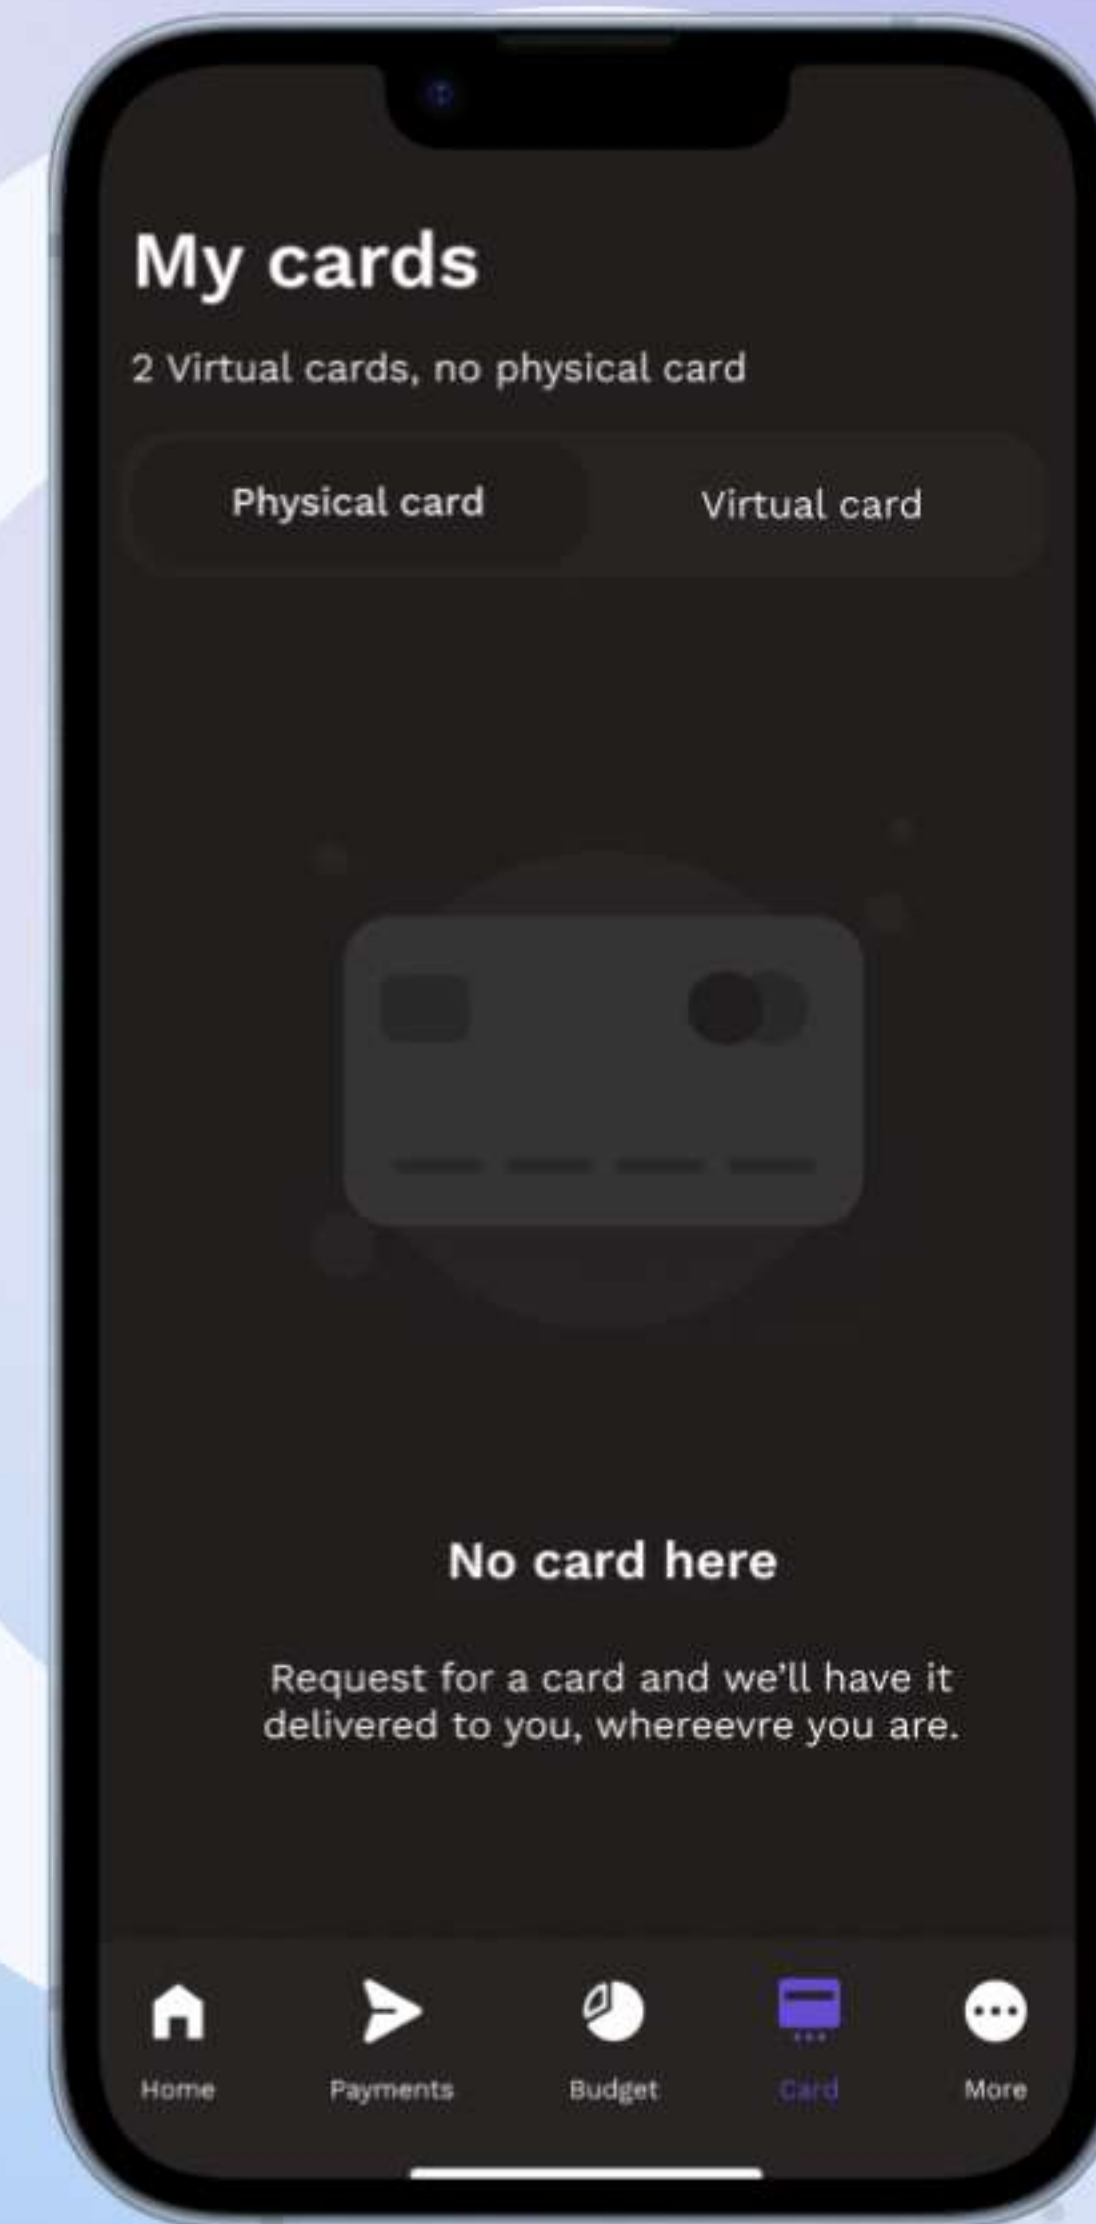

- ✓ Mobile App & Web Portal
- ✓ Virtual & Physical Cards
- ✓ Integration with Mobile Wallets
- ✓ Transaction Controls
- ✓ Enhanced Security
- ✓ Digital Account Opening
- ✓ Managing Fraud Risks
- ✓ Driving User Adoption

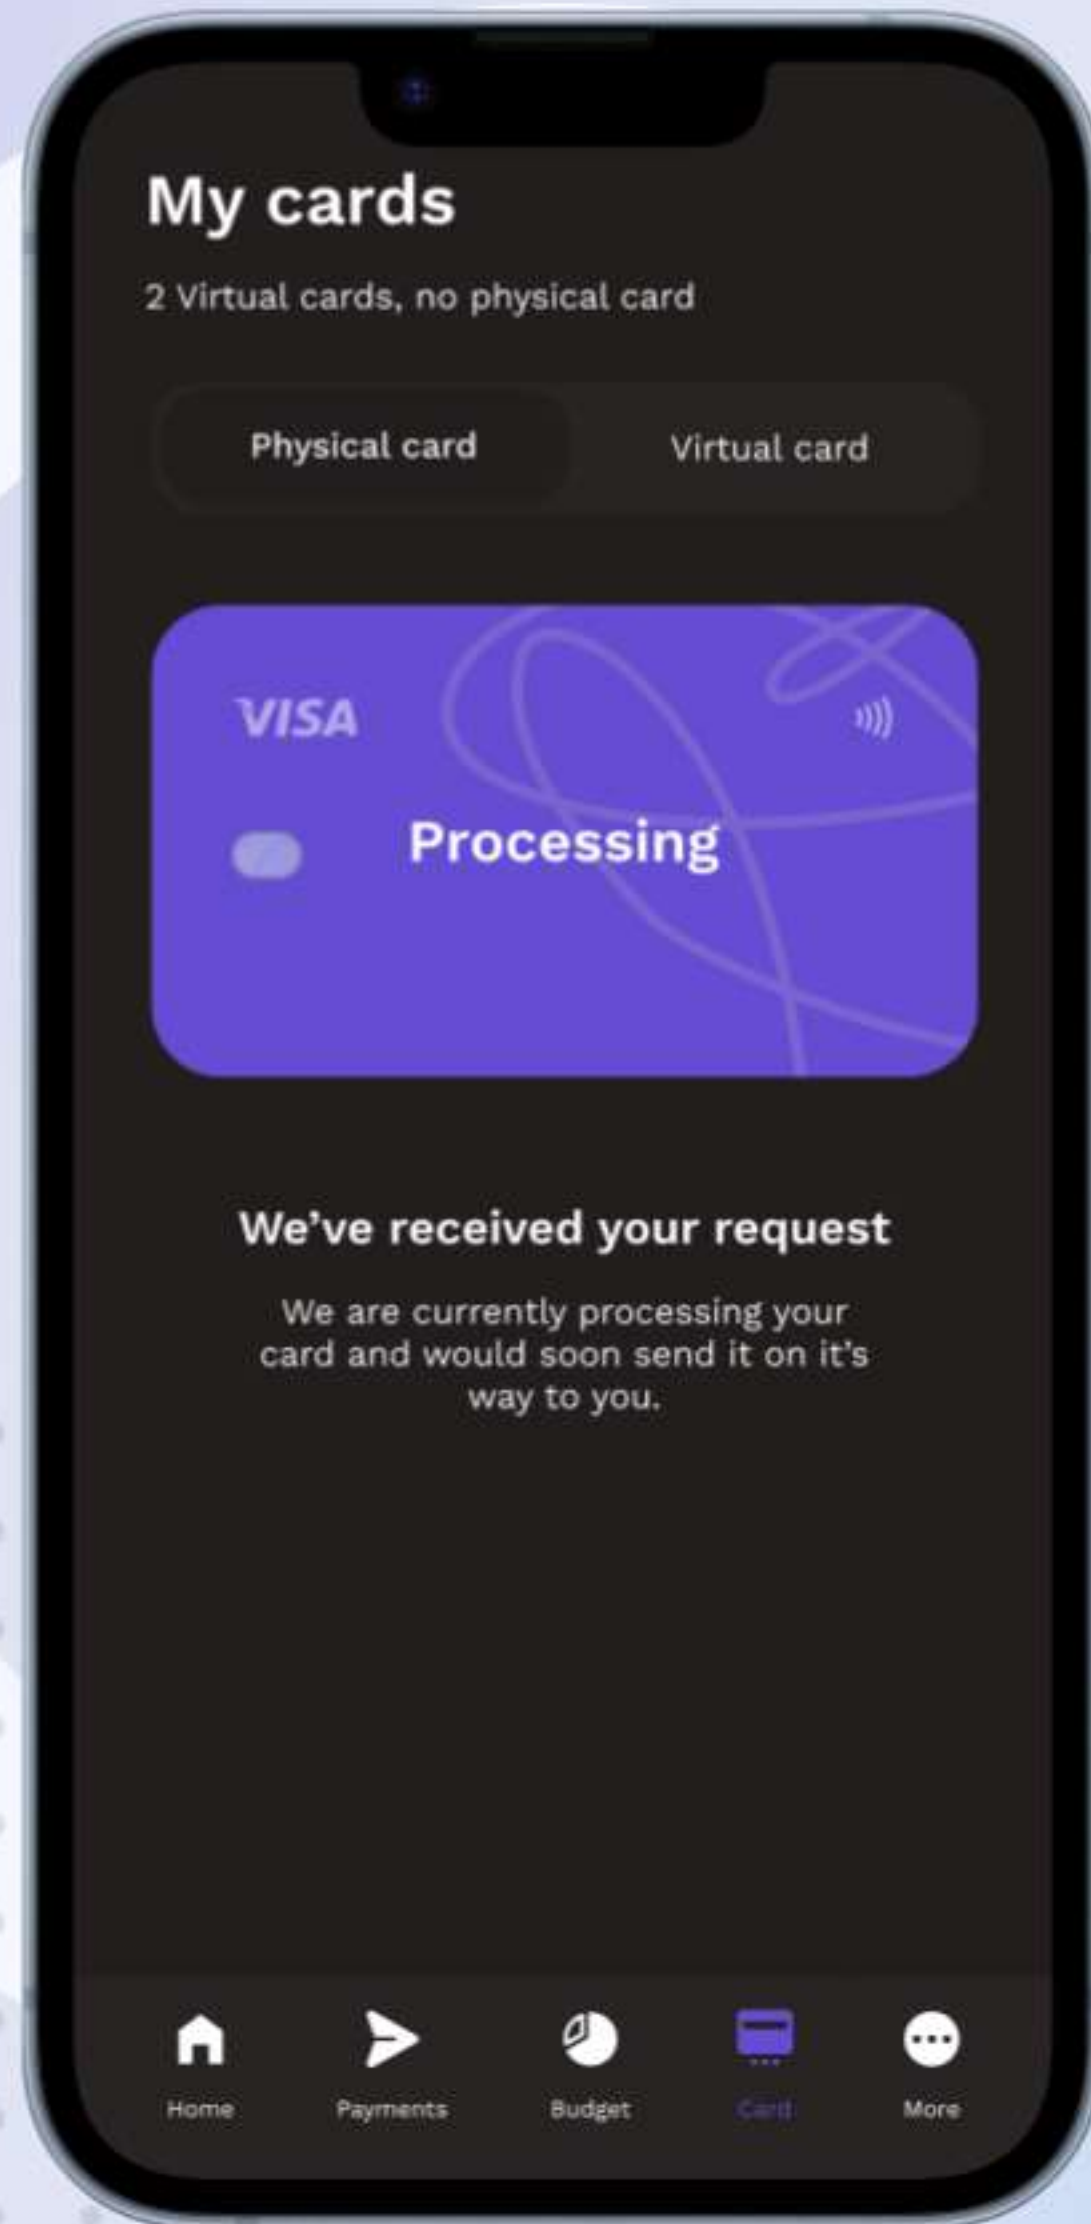

# Challenges

- ✓ Developing smooth completely digital credit card issuance.
- ✓ Protecting against identity theft and fraudulent transactions.
- ✓ Overcoming customer skepticism of virtual card credentials.
- ✓ Supporting contactless in-store and in-app payments.

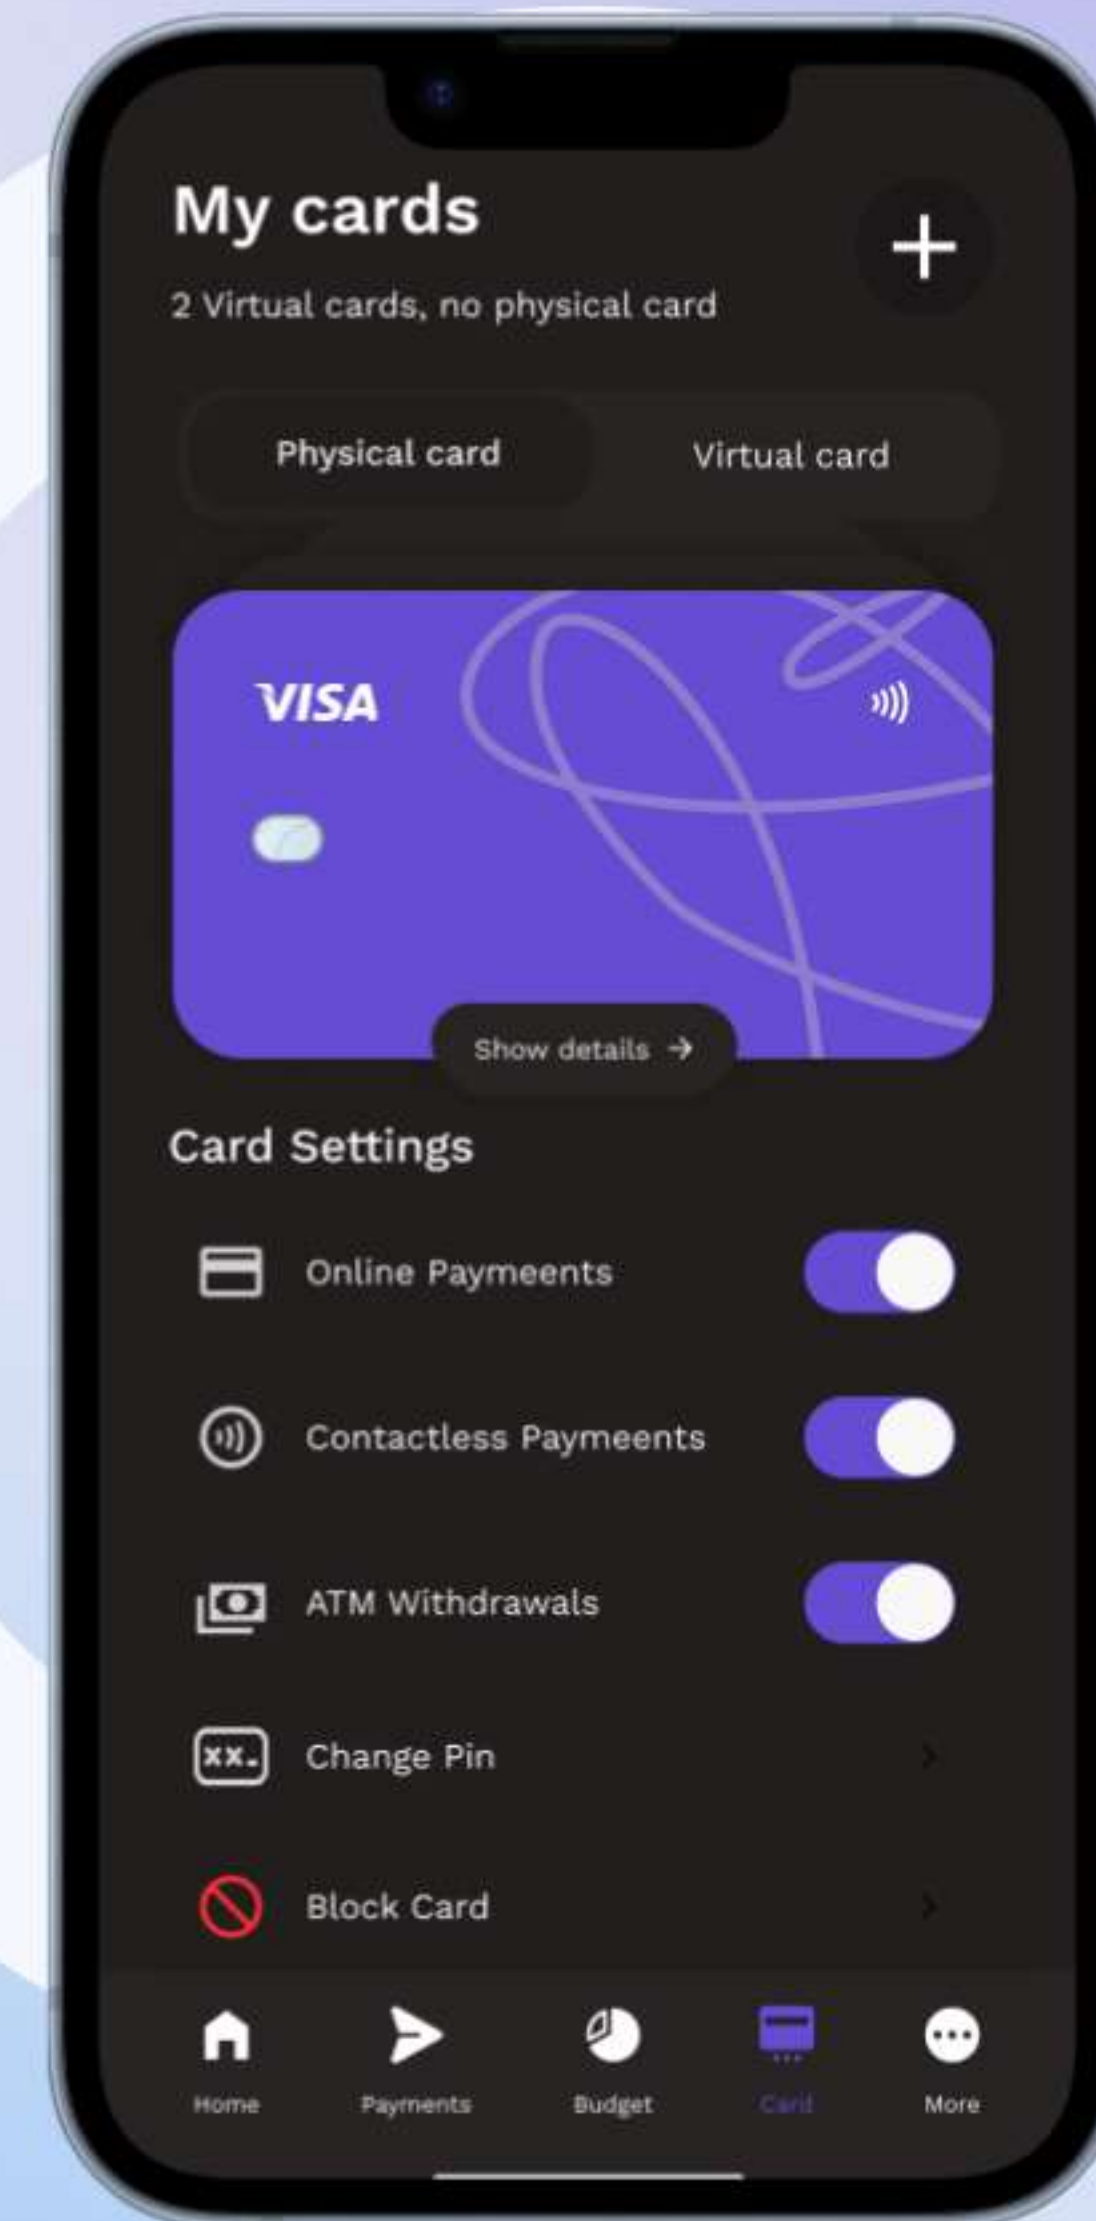

# Solutions

- ✓ Tokenized virtual card numbers for online payments
- ✓ Instant freeze/unfreeze controls through mobile app
- ✓ Biometric sign-in and transaction authorization
- ✓ Integrated mobile wallet support backed by machine learning analytics

# Impact

- ✓ Card issuance time reduced from average of 9 days to less than one
- ✓ Achieved 4.8/5.0 app store rating within first month
- ✓ 62% of users check balance daily, heavy engagement
- ✓ Fraud rates below industry benchmarks

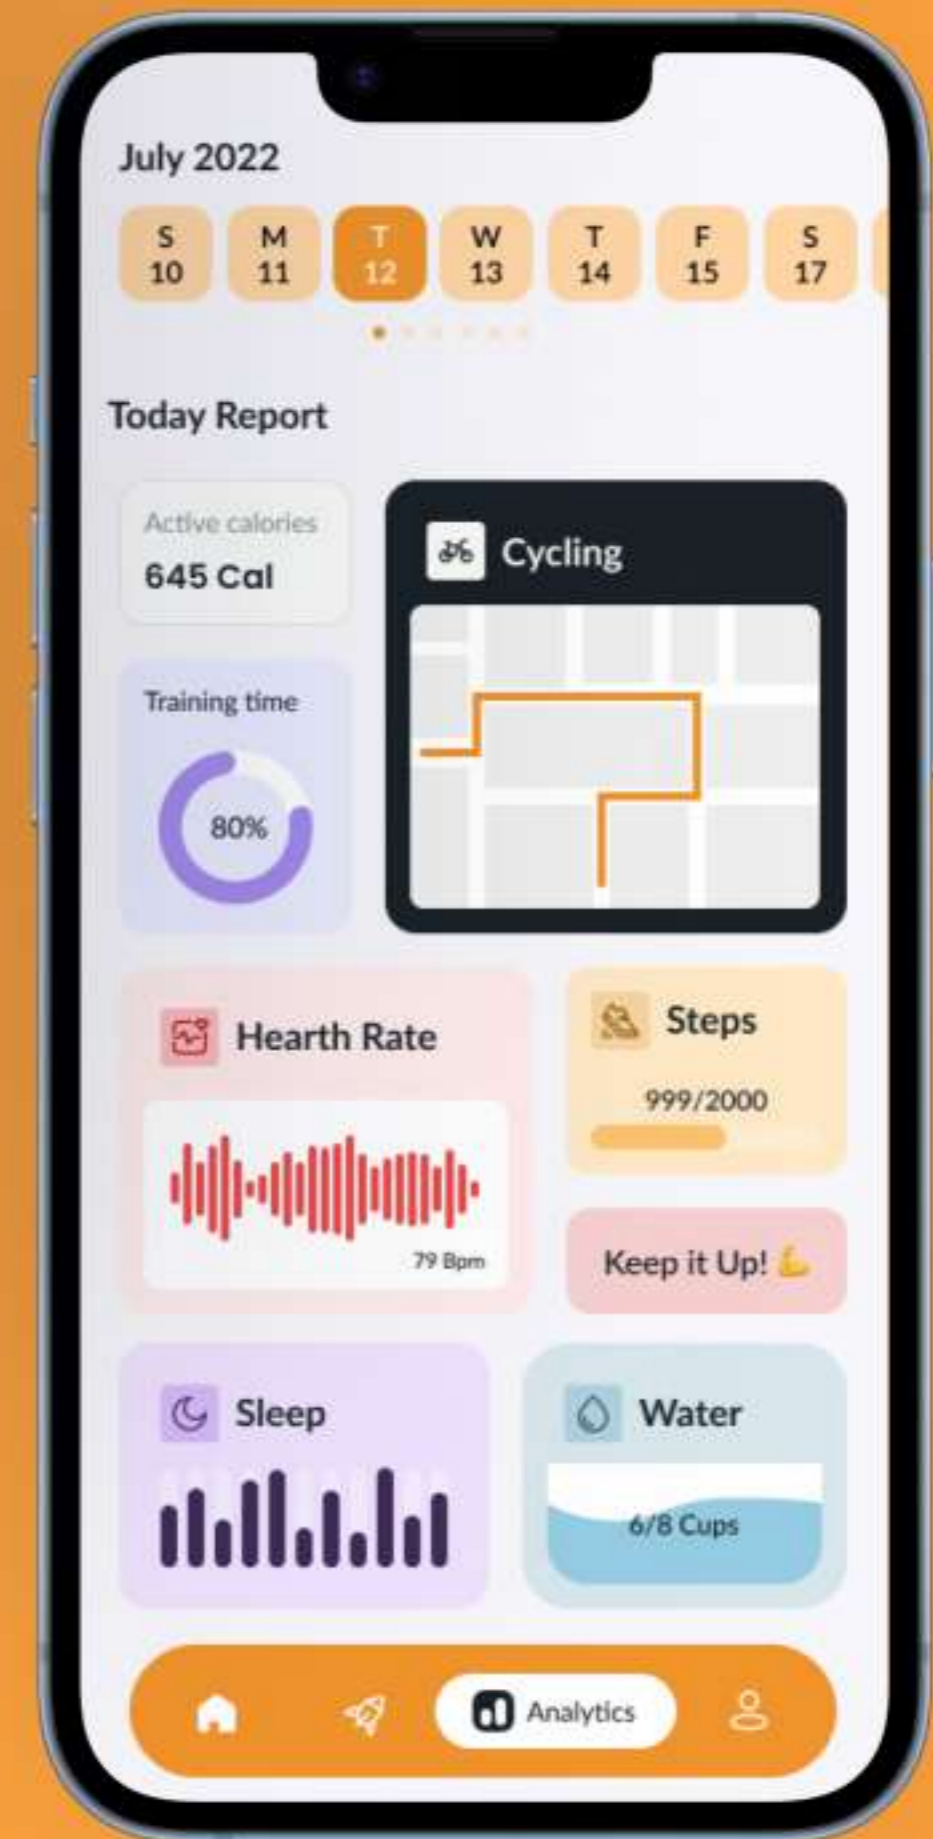

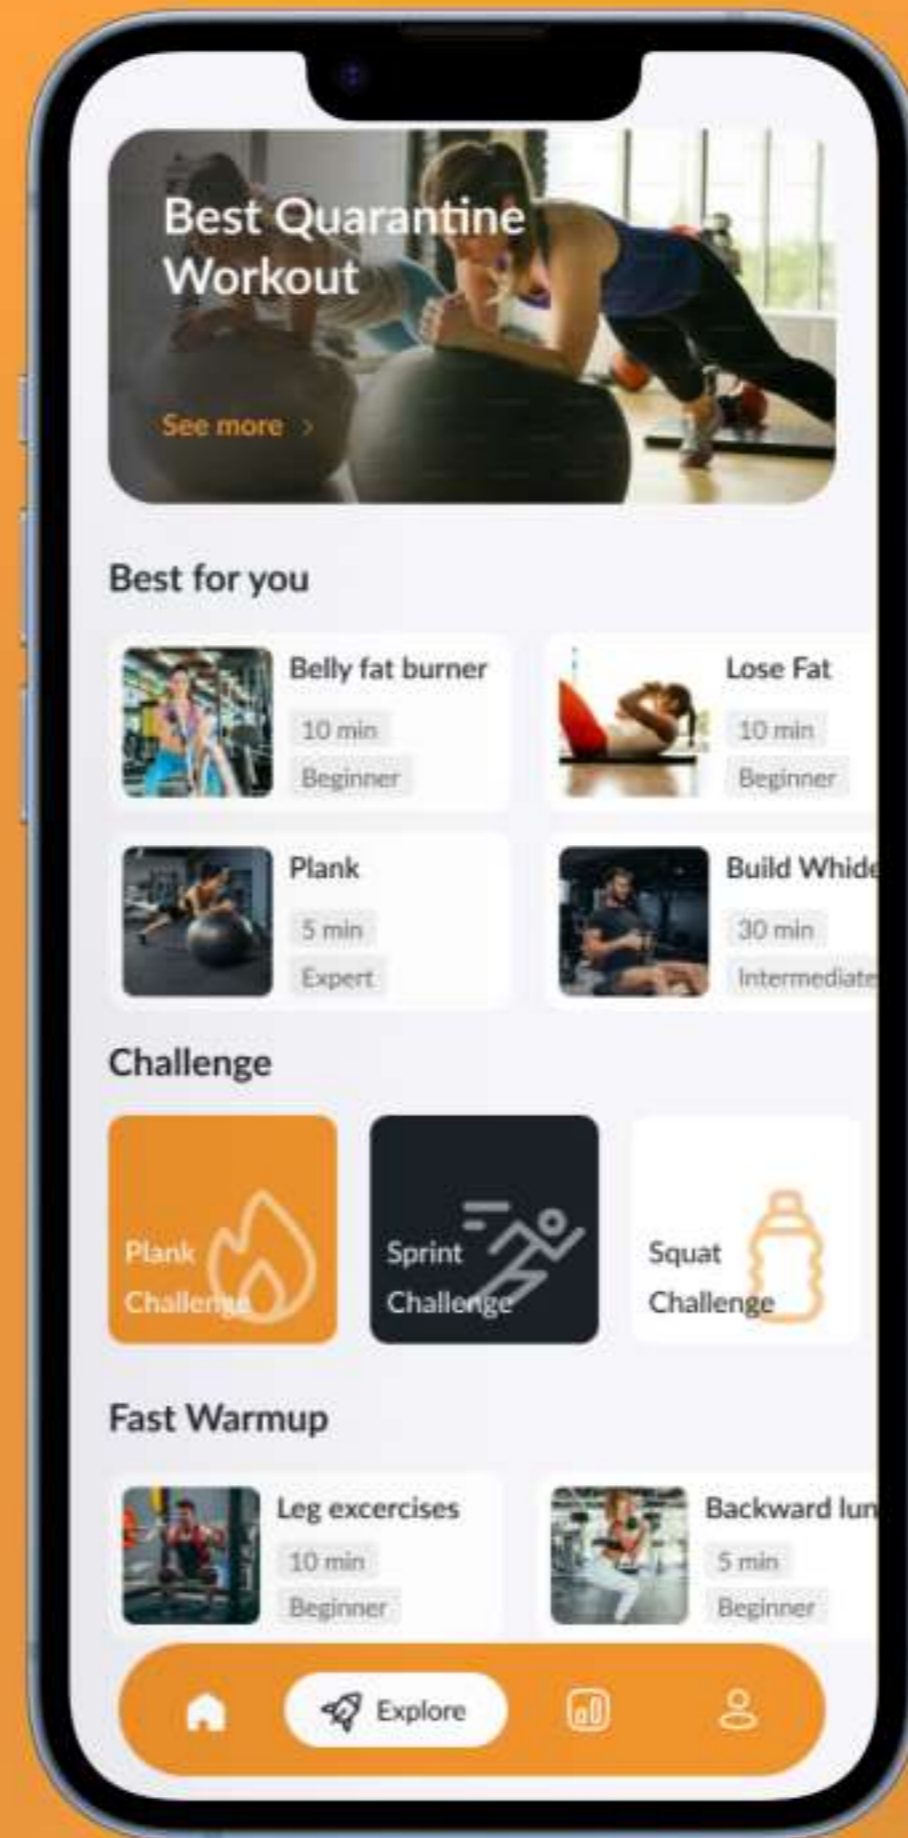

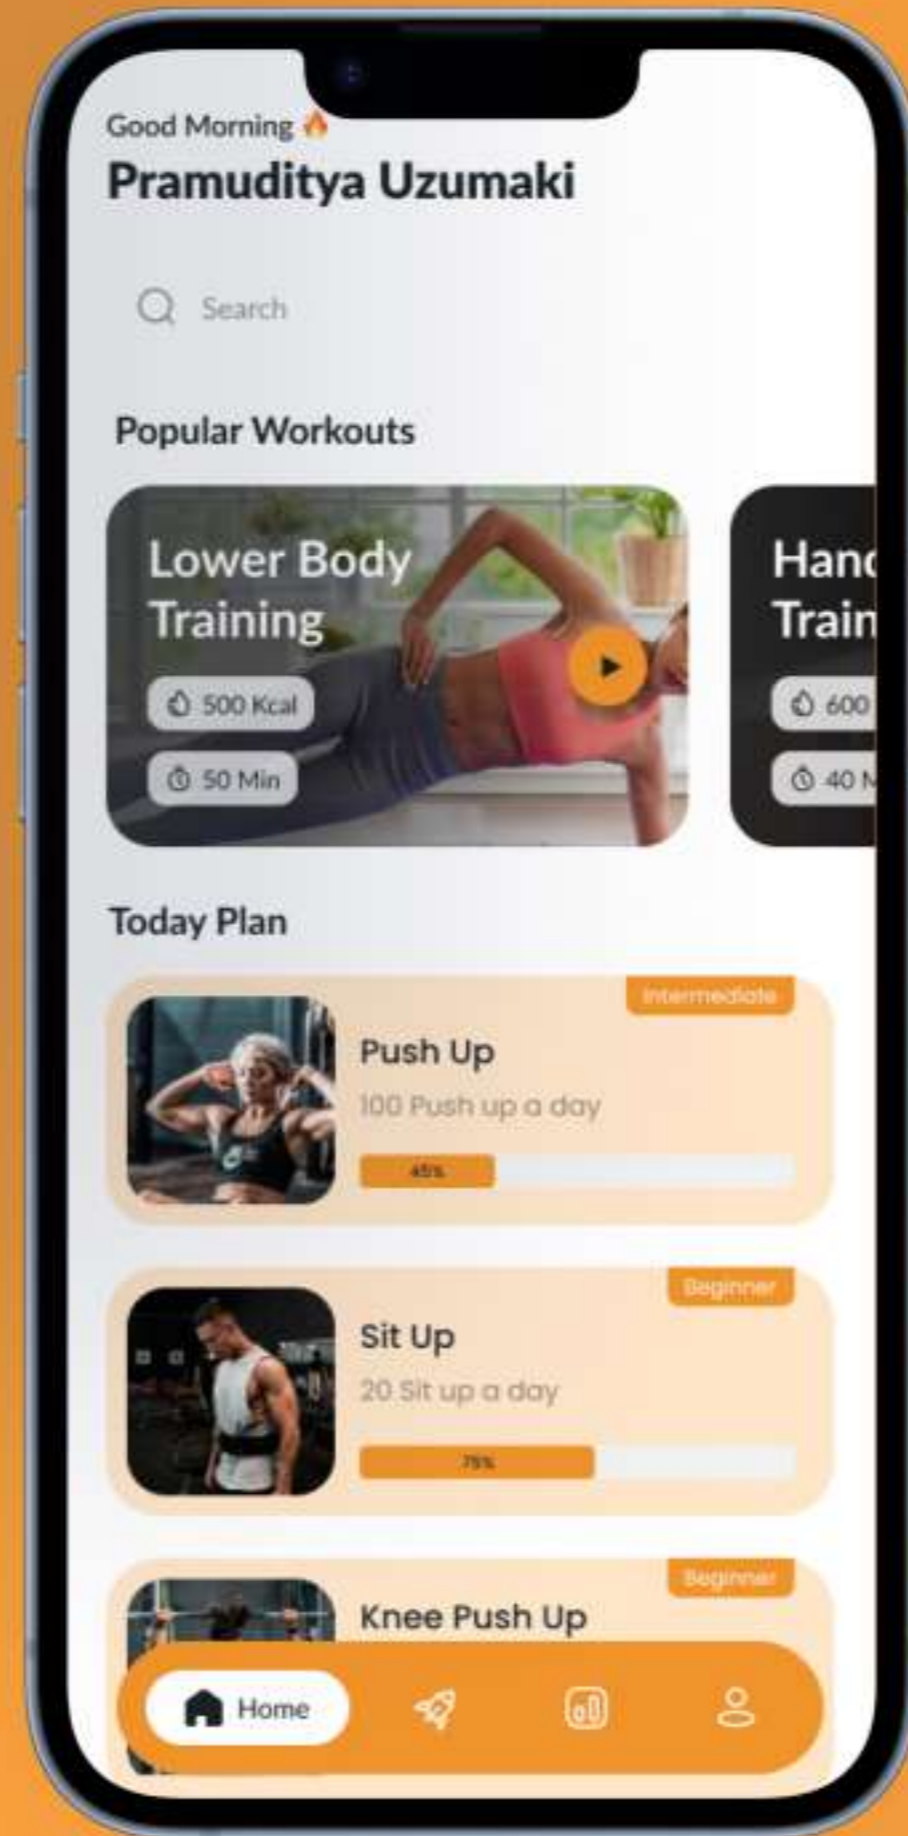

# Digital Fitness Coach

- FitCo wanted to create a personalized AI-powered fitness coaching platform to provide customized training and nutrition guidance.
- The goal was to make coaching more accessible, effective, and engaging through technology. A mobile-first platform was needed to deliver personalized plans anywhere.

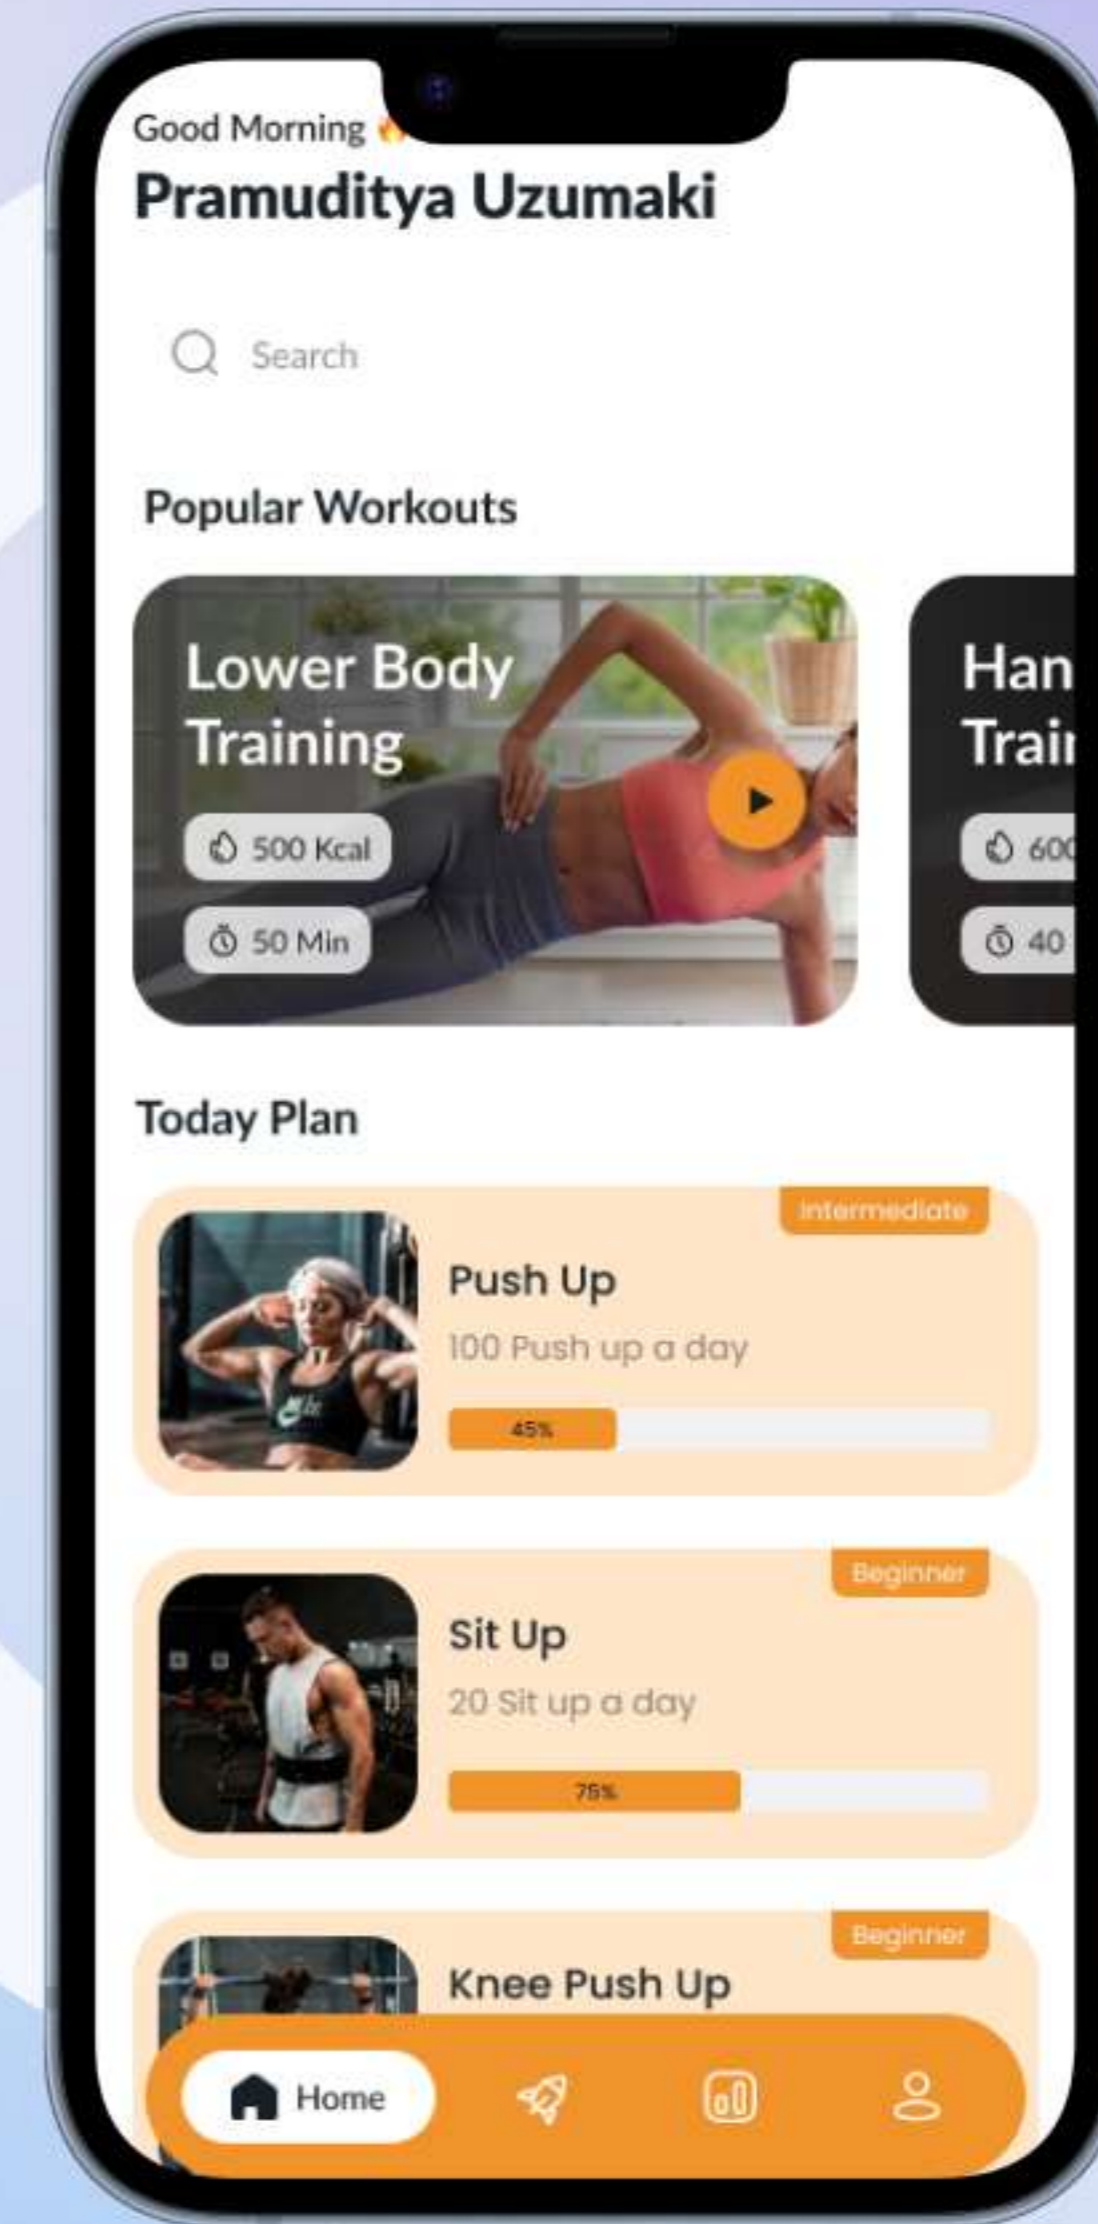

# Features

- ✓ AI-powered personalized workout/meal plans
- ✓ Exercise tracking with video form feedback
- ✓ Wearable device biometric data integration
- ✓ Conversational coaching via chatbot
- ✓ Motivational dashboard and progress tracking

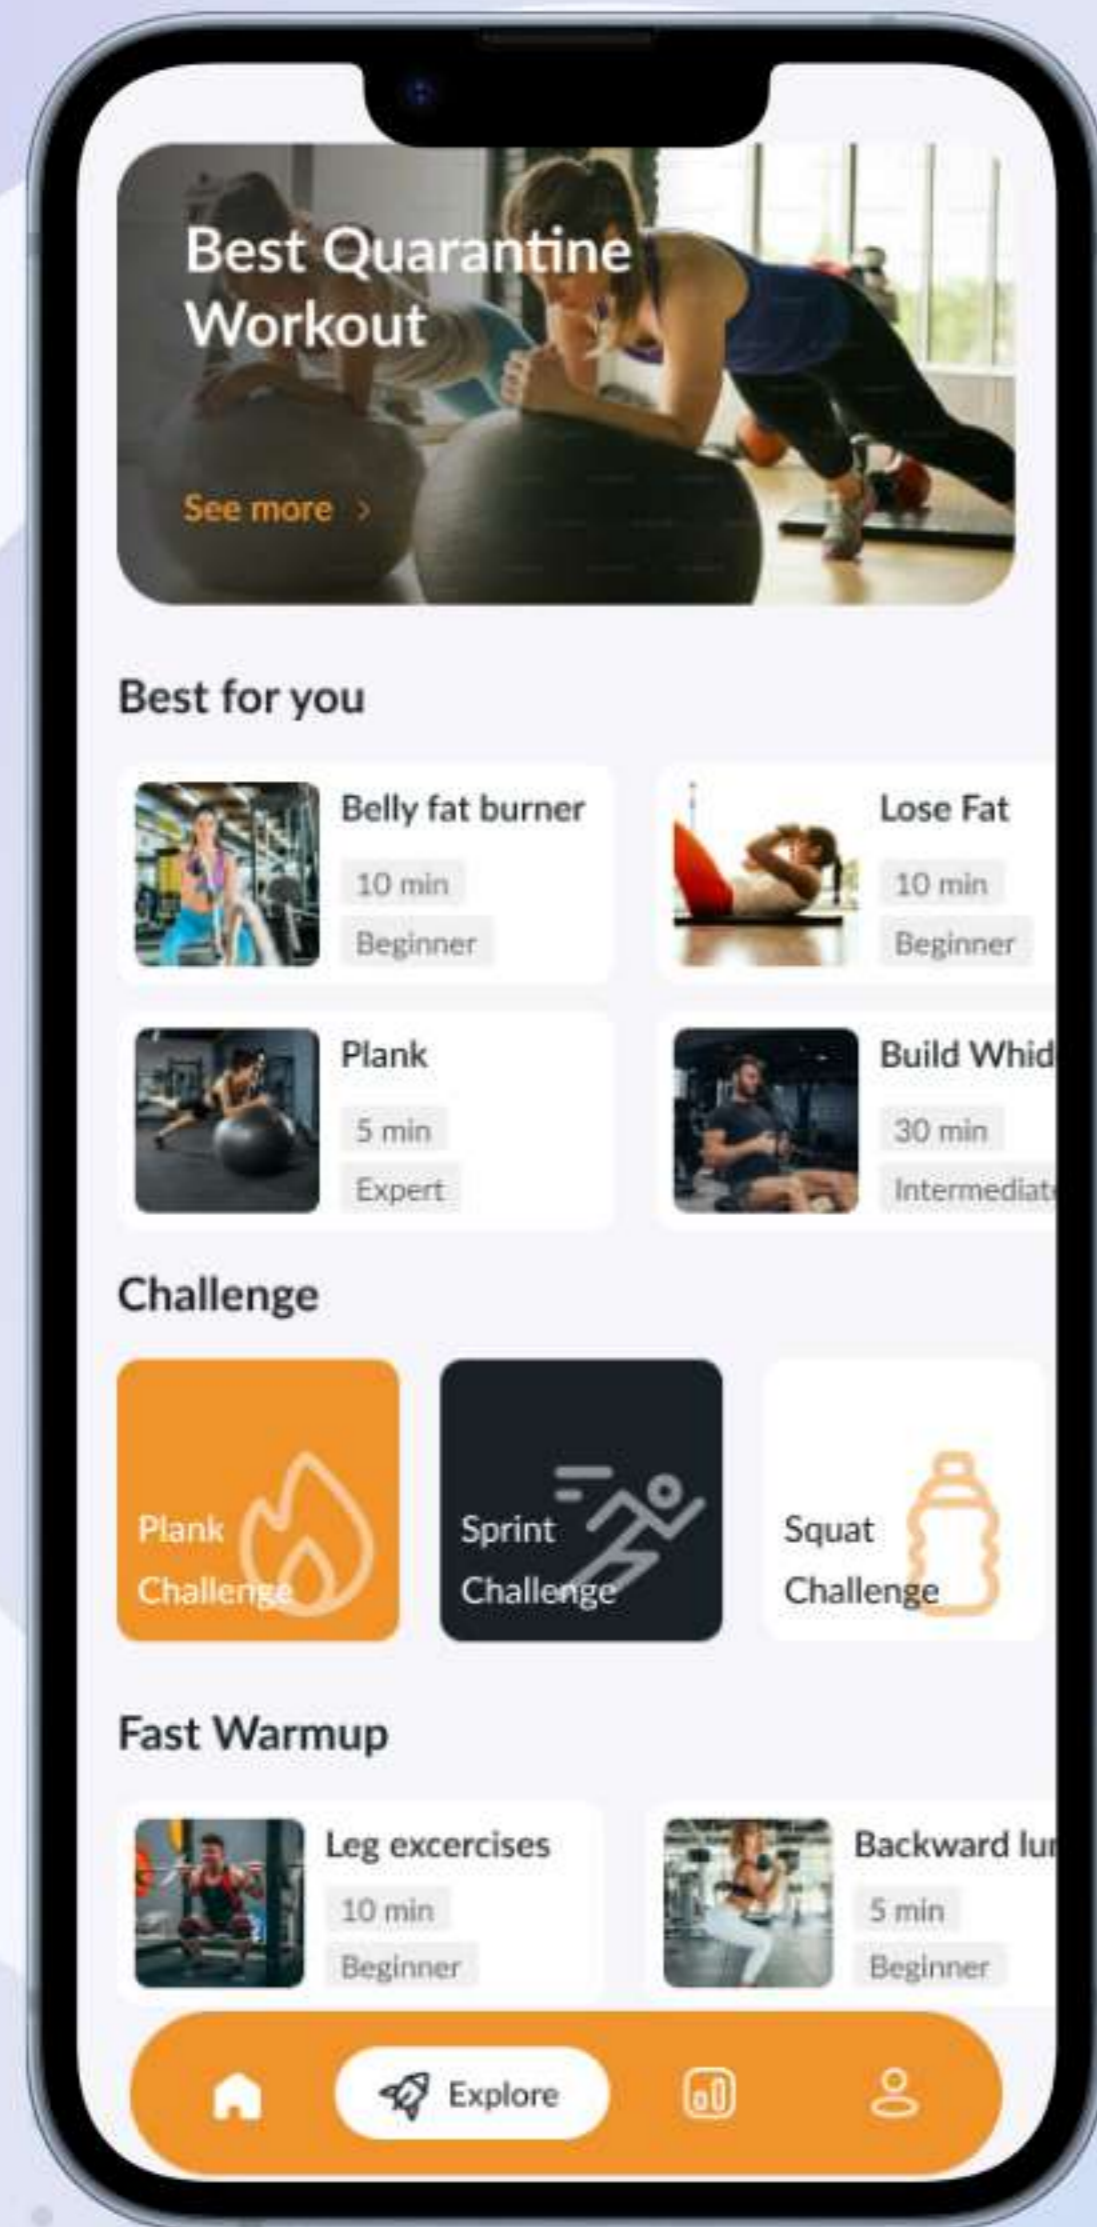

# Challenges

- ✓ Developing accurate computer vision for exercise motion analysis
- ✓ Creating customized plans with limited user data
- ✓ Building user trust in an AI coach
- ✓ Keeping user engagement high over time
- ✓ Handling privacy concerns over personal data

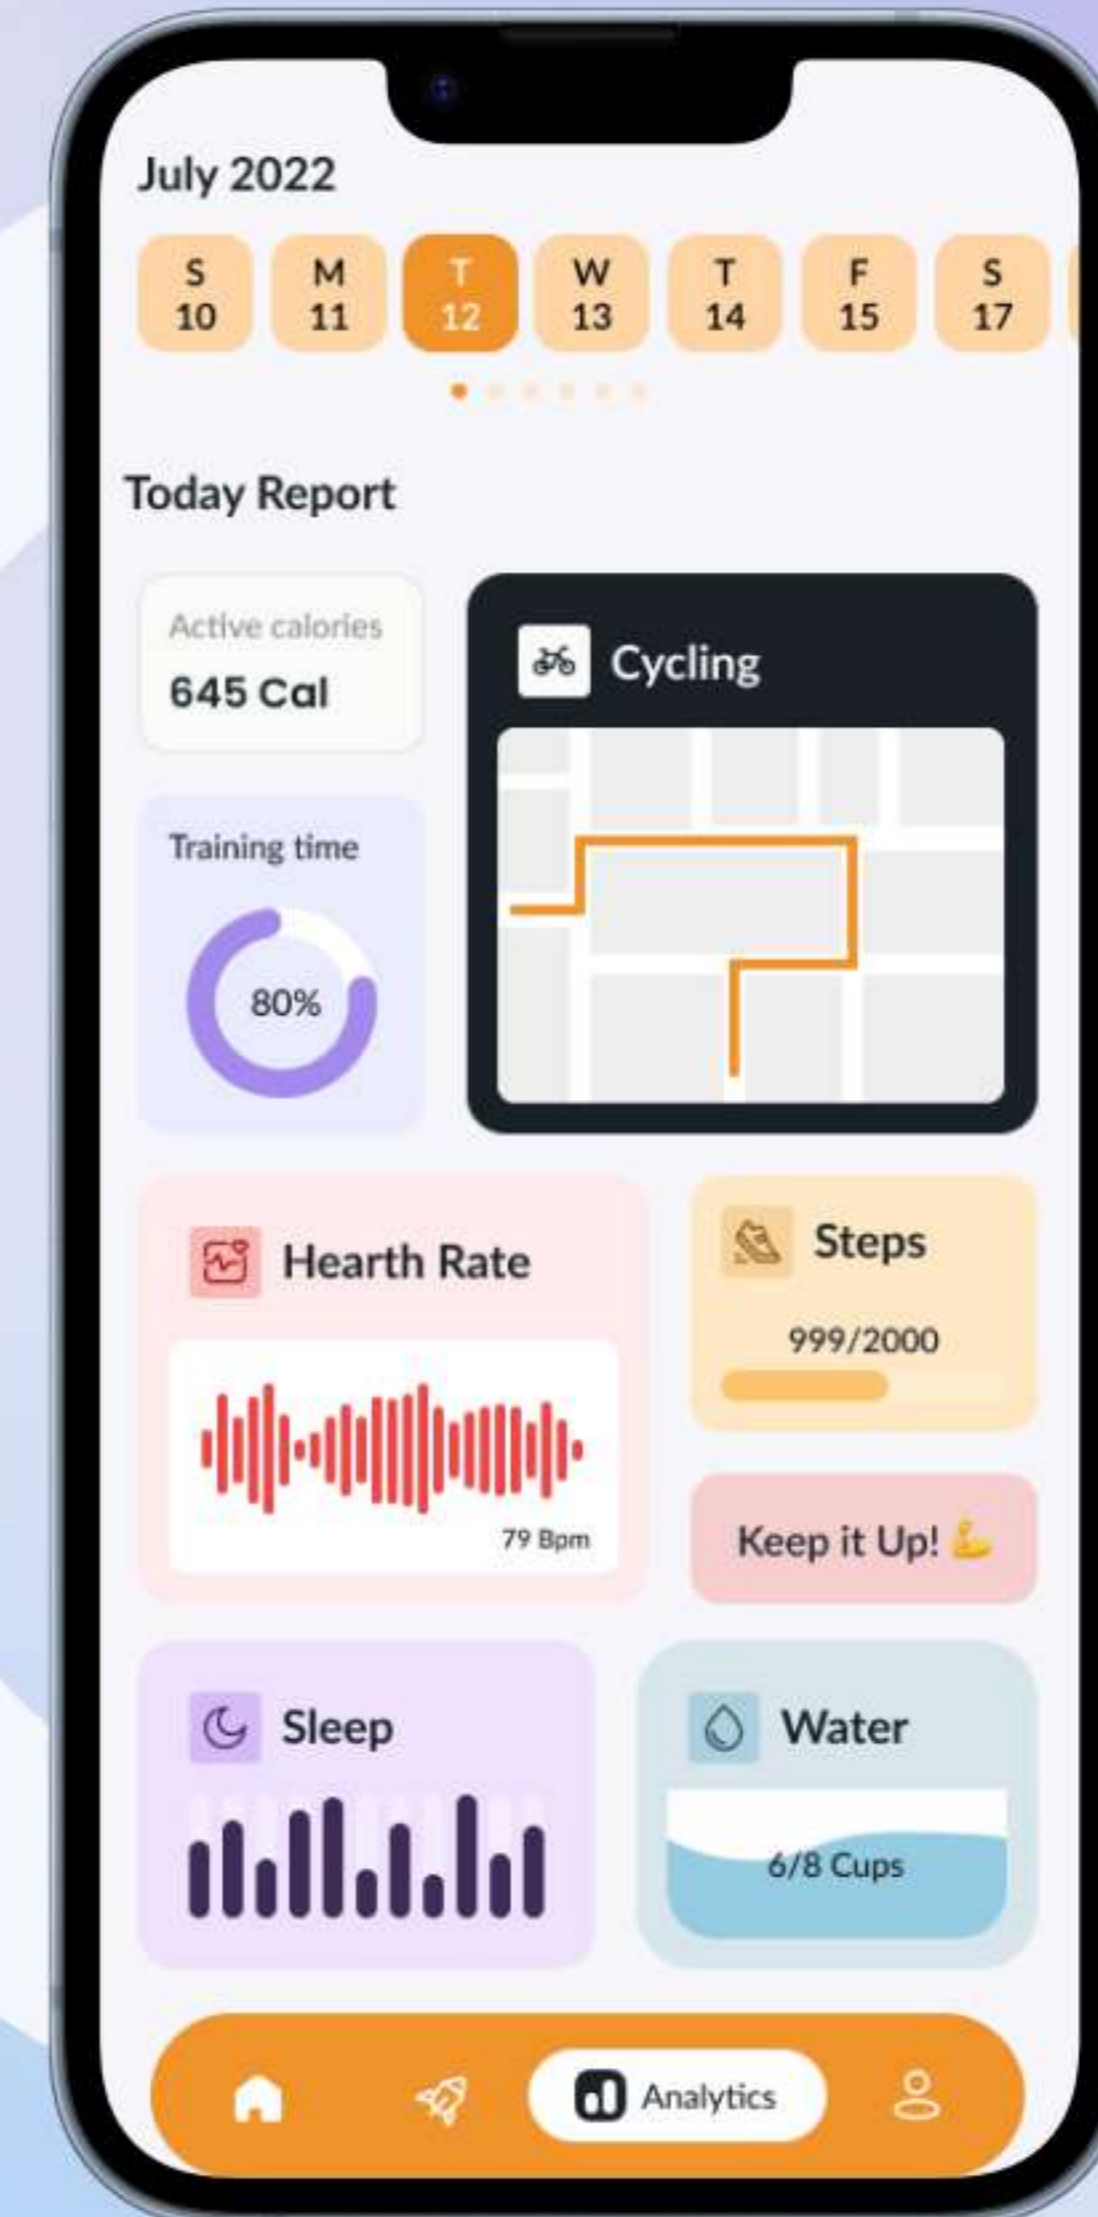

# Solutions

- ✓ Leveraged machine learning with large annotated video datasets
- ✓ Used feedback loops and preferences to refine plans over time
- ✓ Conducted beta testing and incorporated user suggestions
- ✓ Added social features and gamification
- ✓ Implemented granular permissions and access controls

# Impact

- ✓ 80% of users reported improved fitness level
- ✓ Average engagement time increased 60%
- ✓ 50% faster coaching plan adjustments
- ✓ User satisfaction rating improved from 3.5 stars to 4.8 stars
- ✓ App store rating increased from 2.9 to 4.6

# Driving Excellence in Education Through Innovative School Leadership

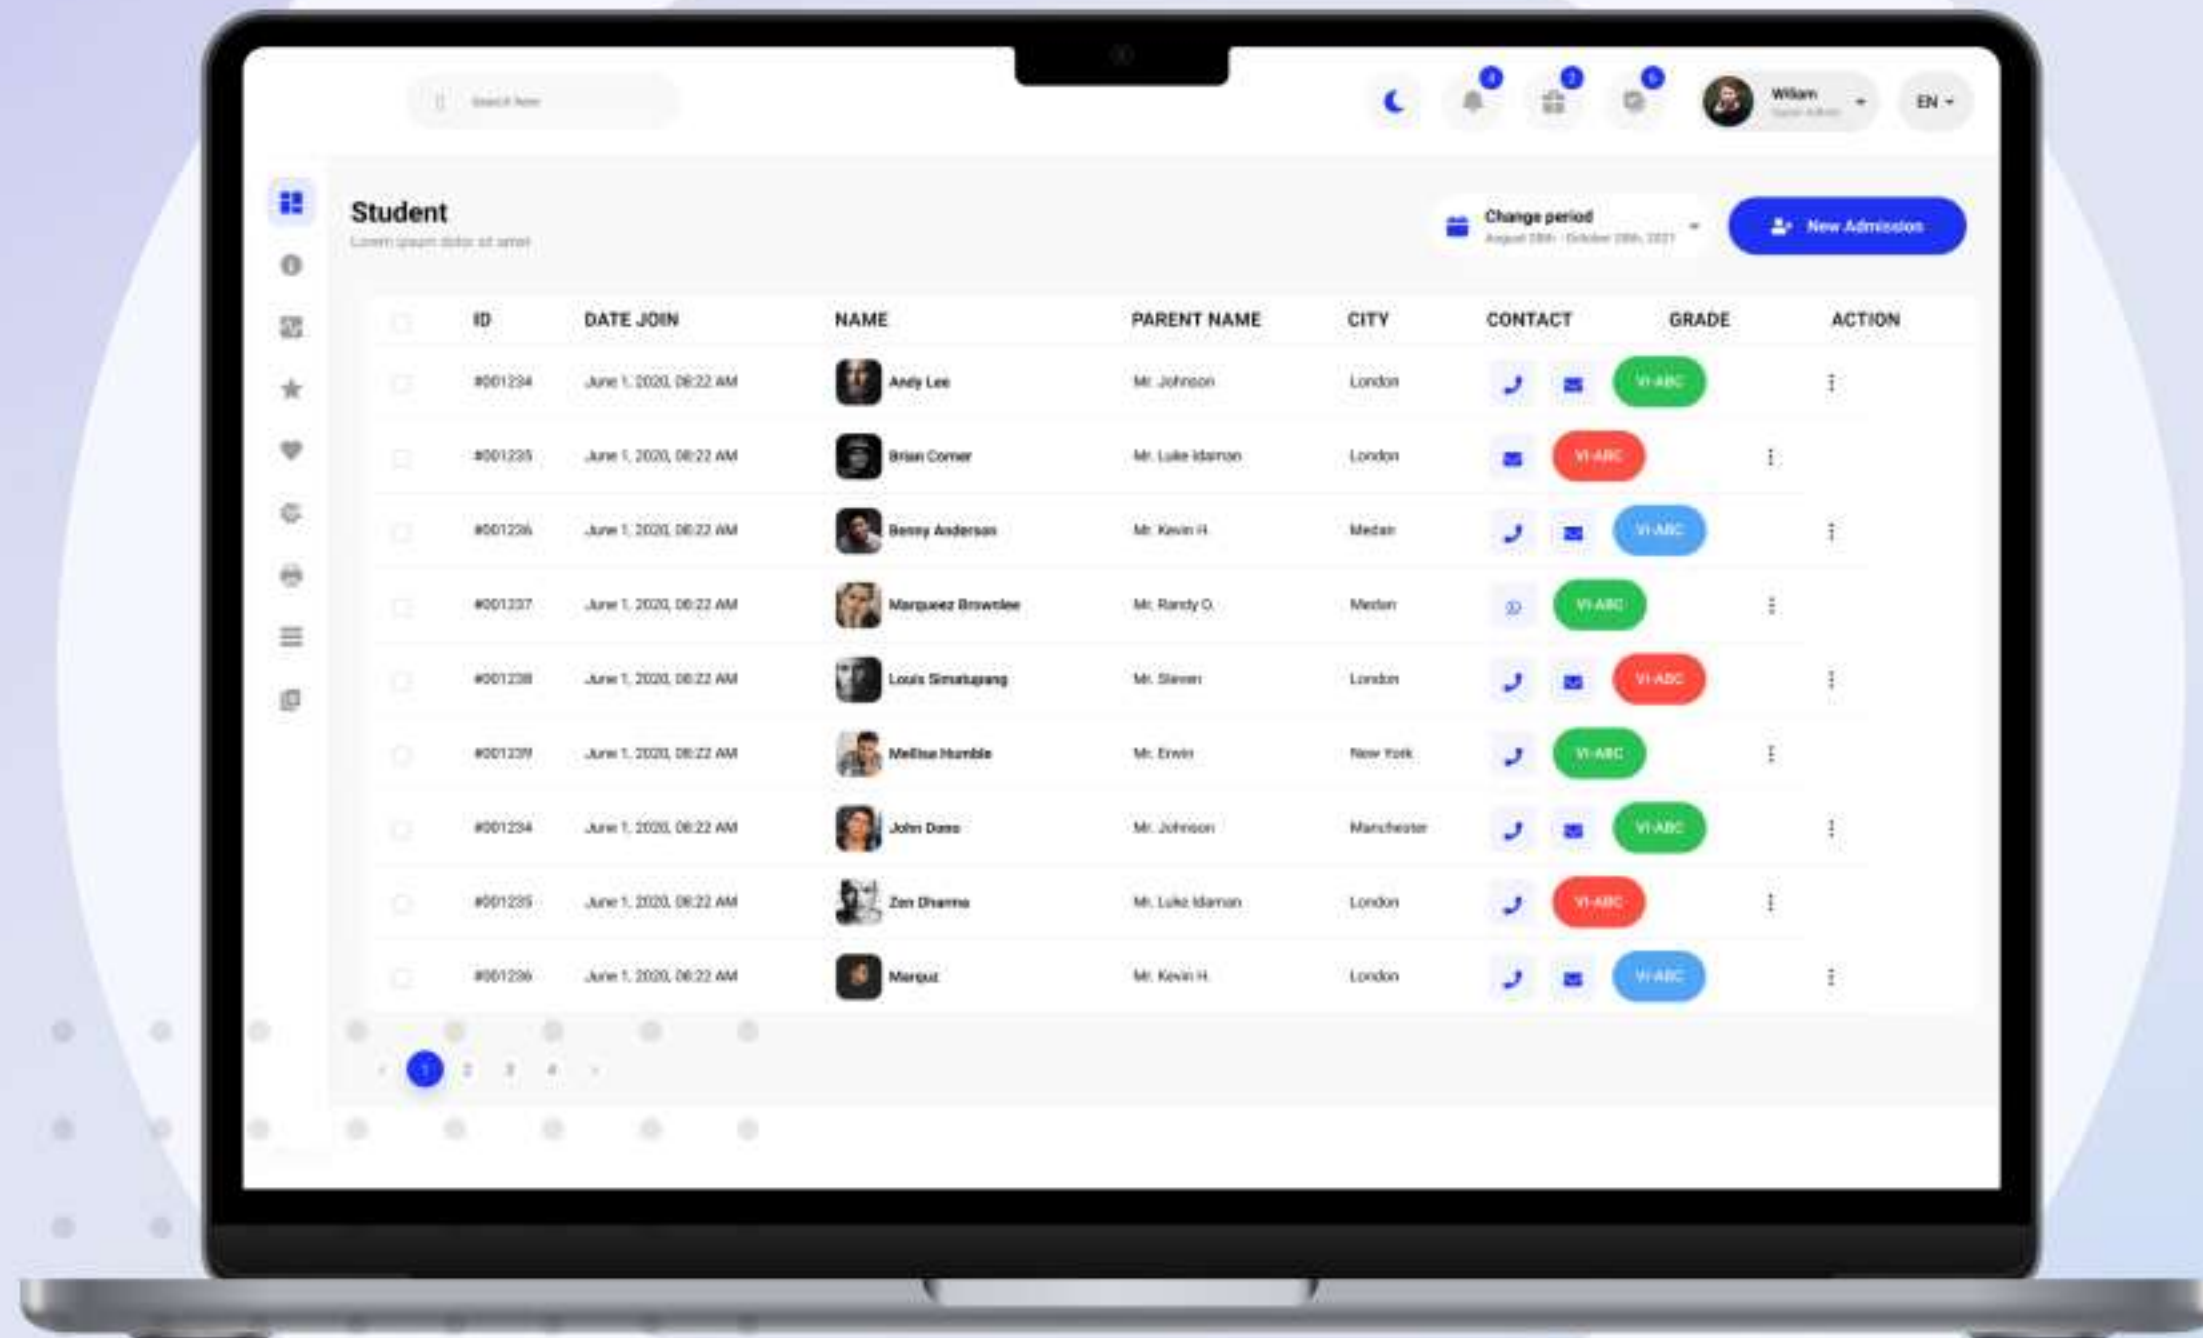

ABC School District needed to improve student outcomes through more effective leadership practices and leveraging technology.

# Features

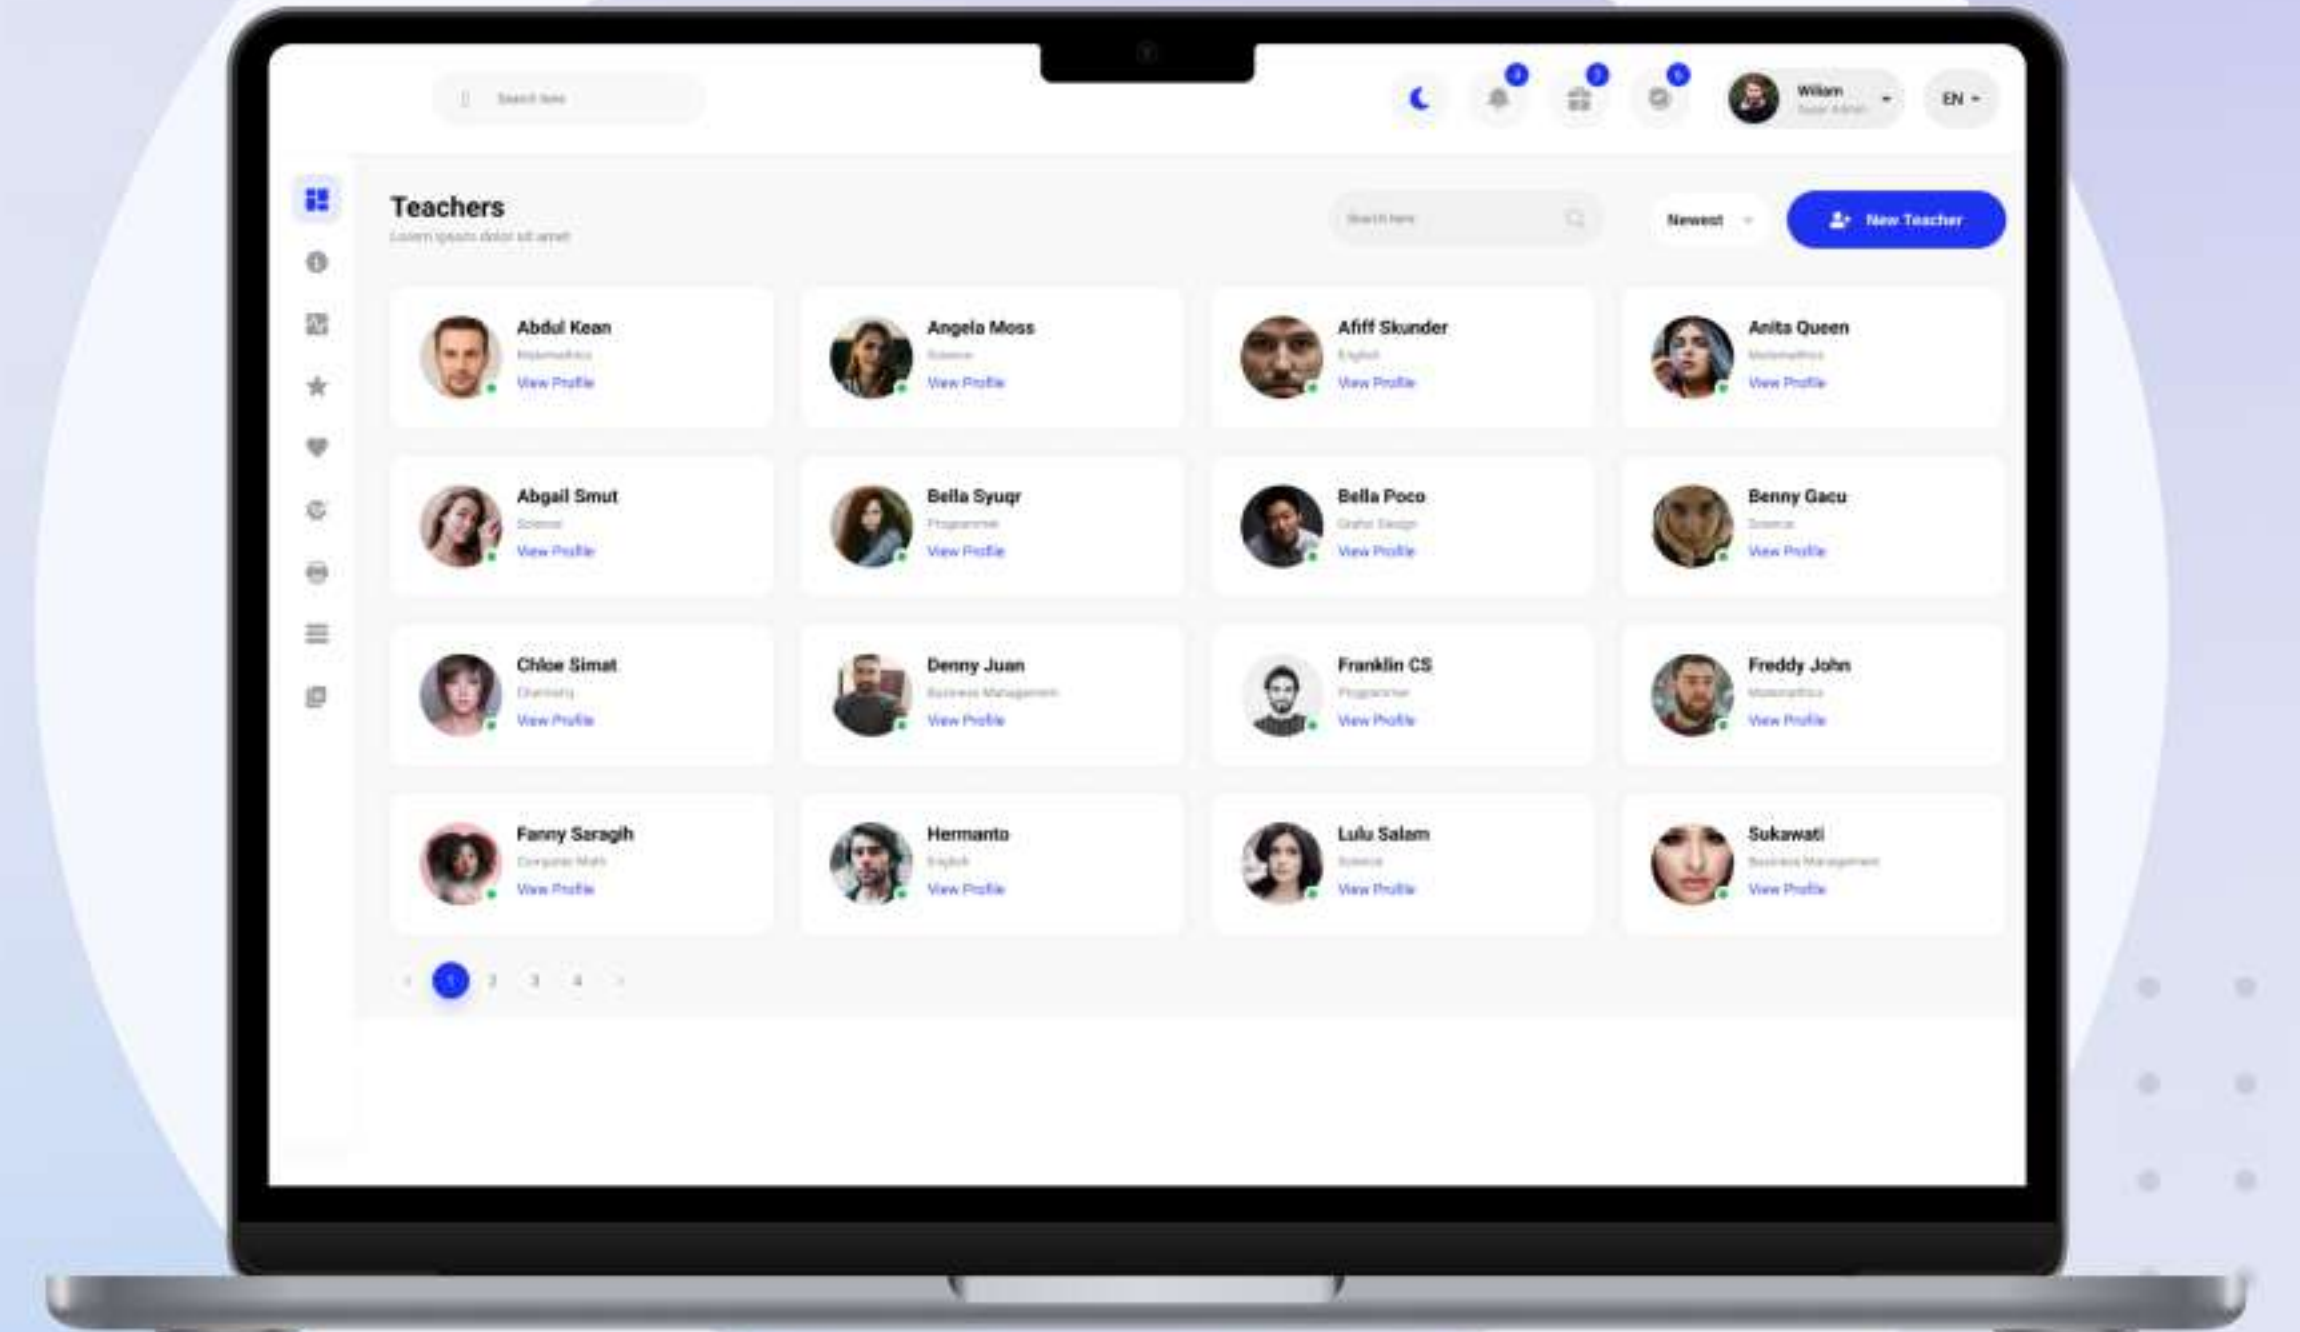

- ✓ Unified learning management system for academics, operations
- ✓ Data analytics and early warning system to identify at-risk students
- ✓ Online learning capabilities and 1:1 device program
- ✓ Enhanced counseling and mental health services
- ✓ Annual leadership training program and peer mentorship

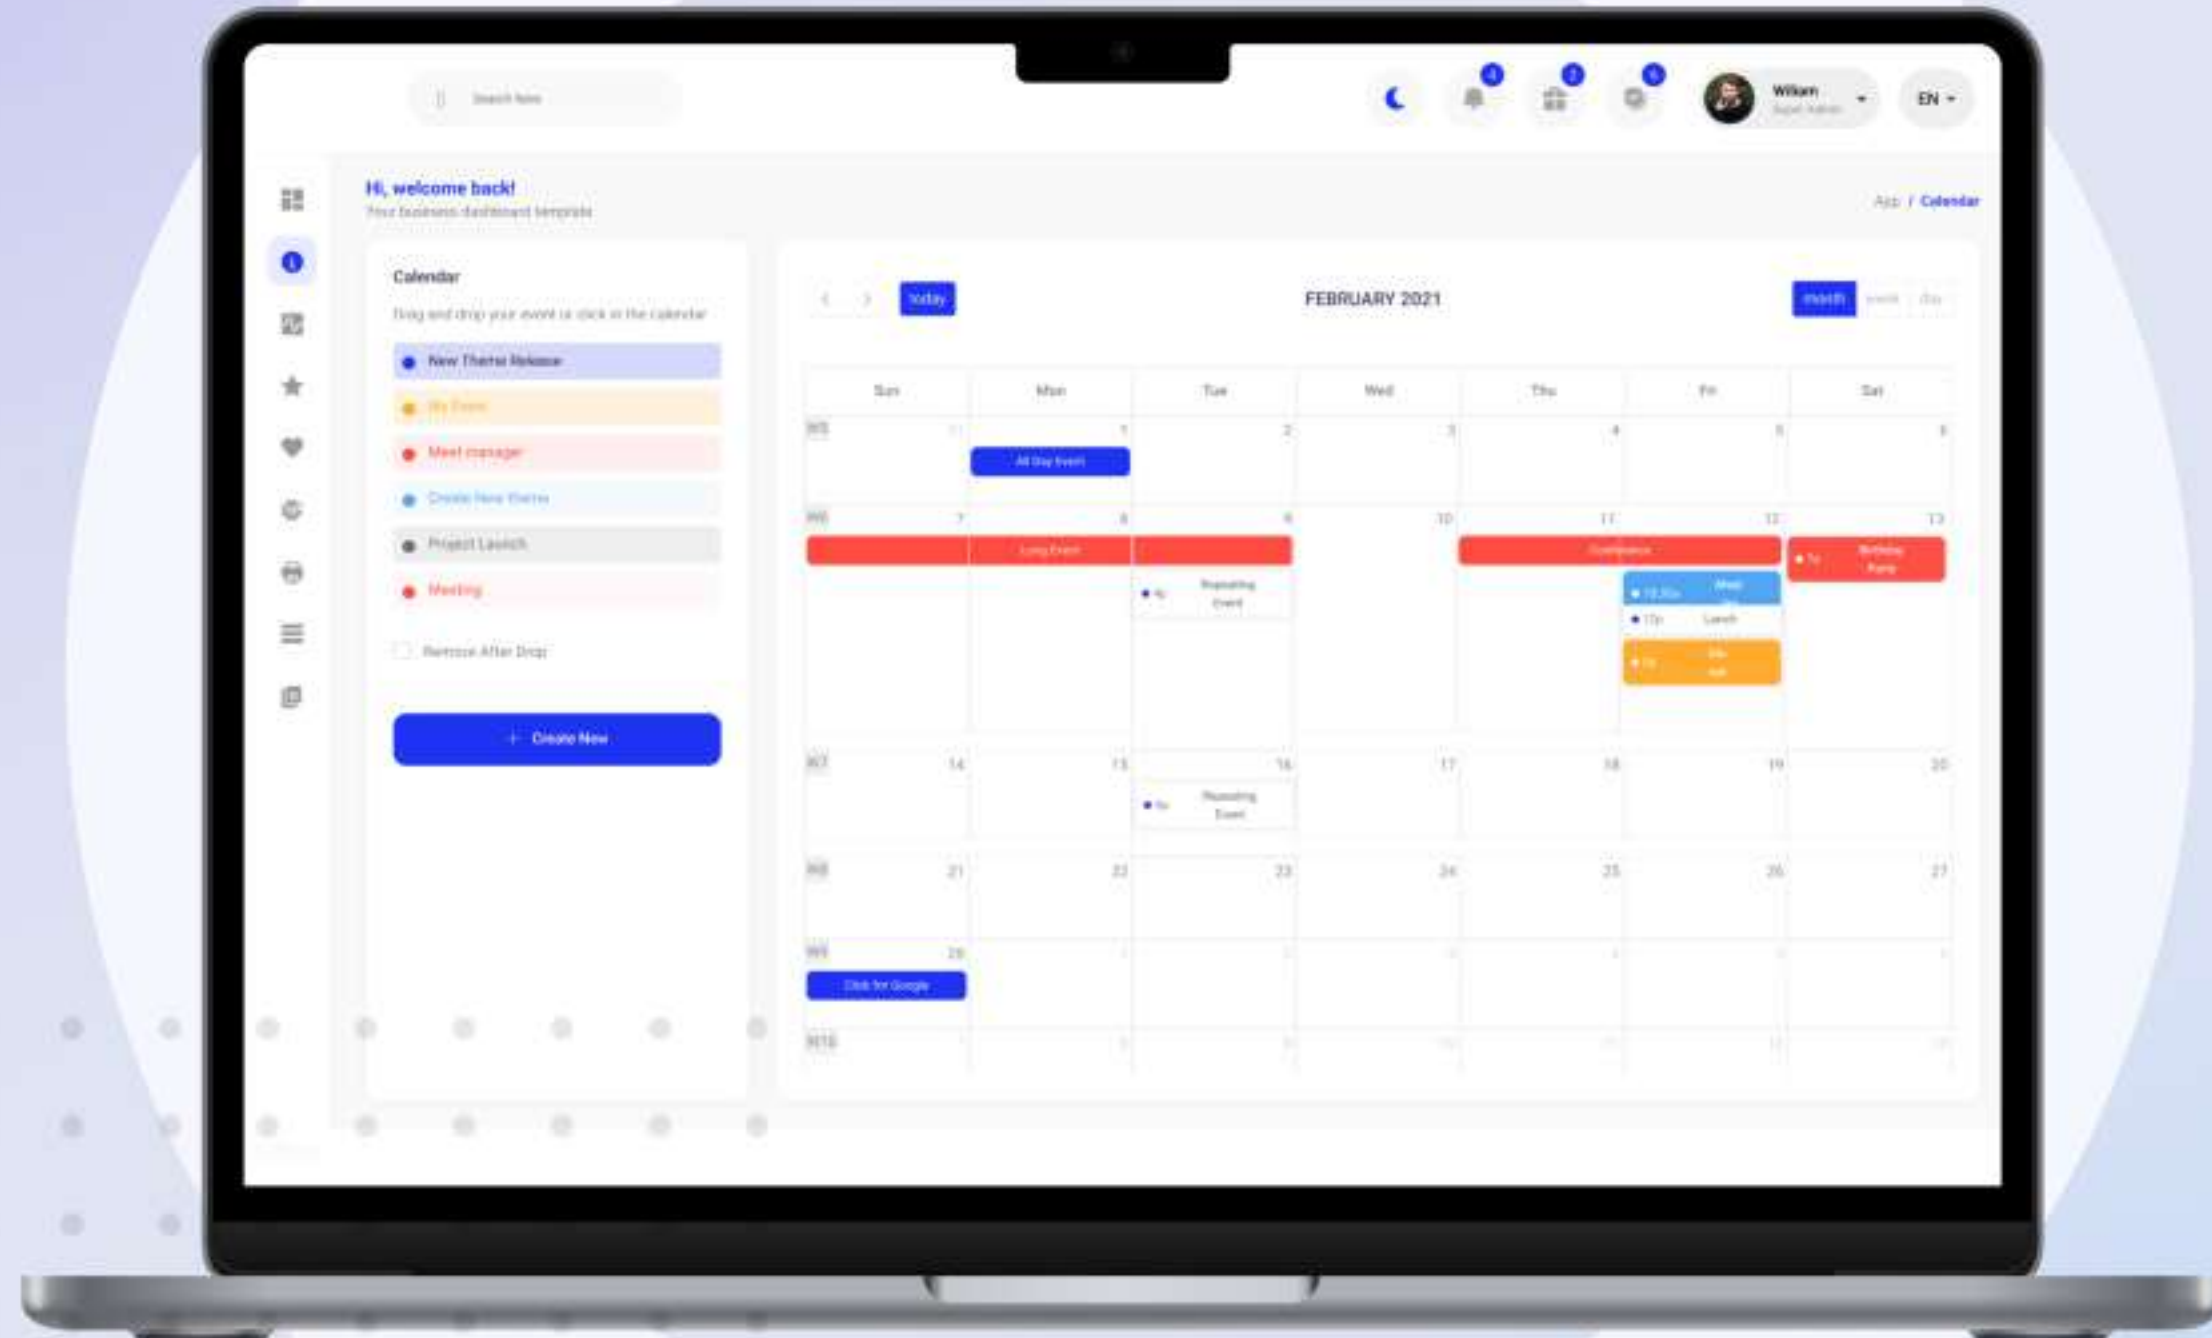

# Challenges

- ✓ Declining academic performance district-wide
- ✓ Inequities in student achievement across schools
- ✓ Student mental health and behavioral issues
- ✓ High leadership and teacher turnover
- ✓ Tight budgets and outdated systems

# Solutions

Provide real-time data to inform instruction and leadership

Identify and support at-risk students early

Build leadership capacity through ongoing development

Modernize learning through education technology

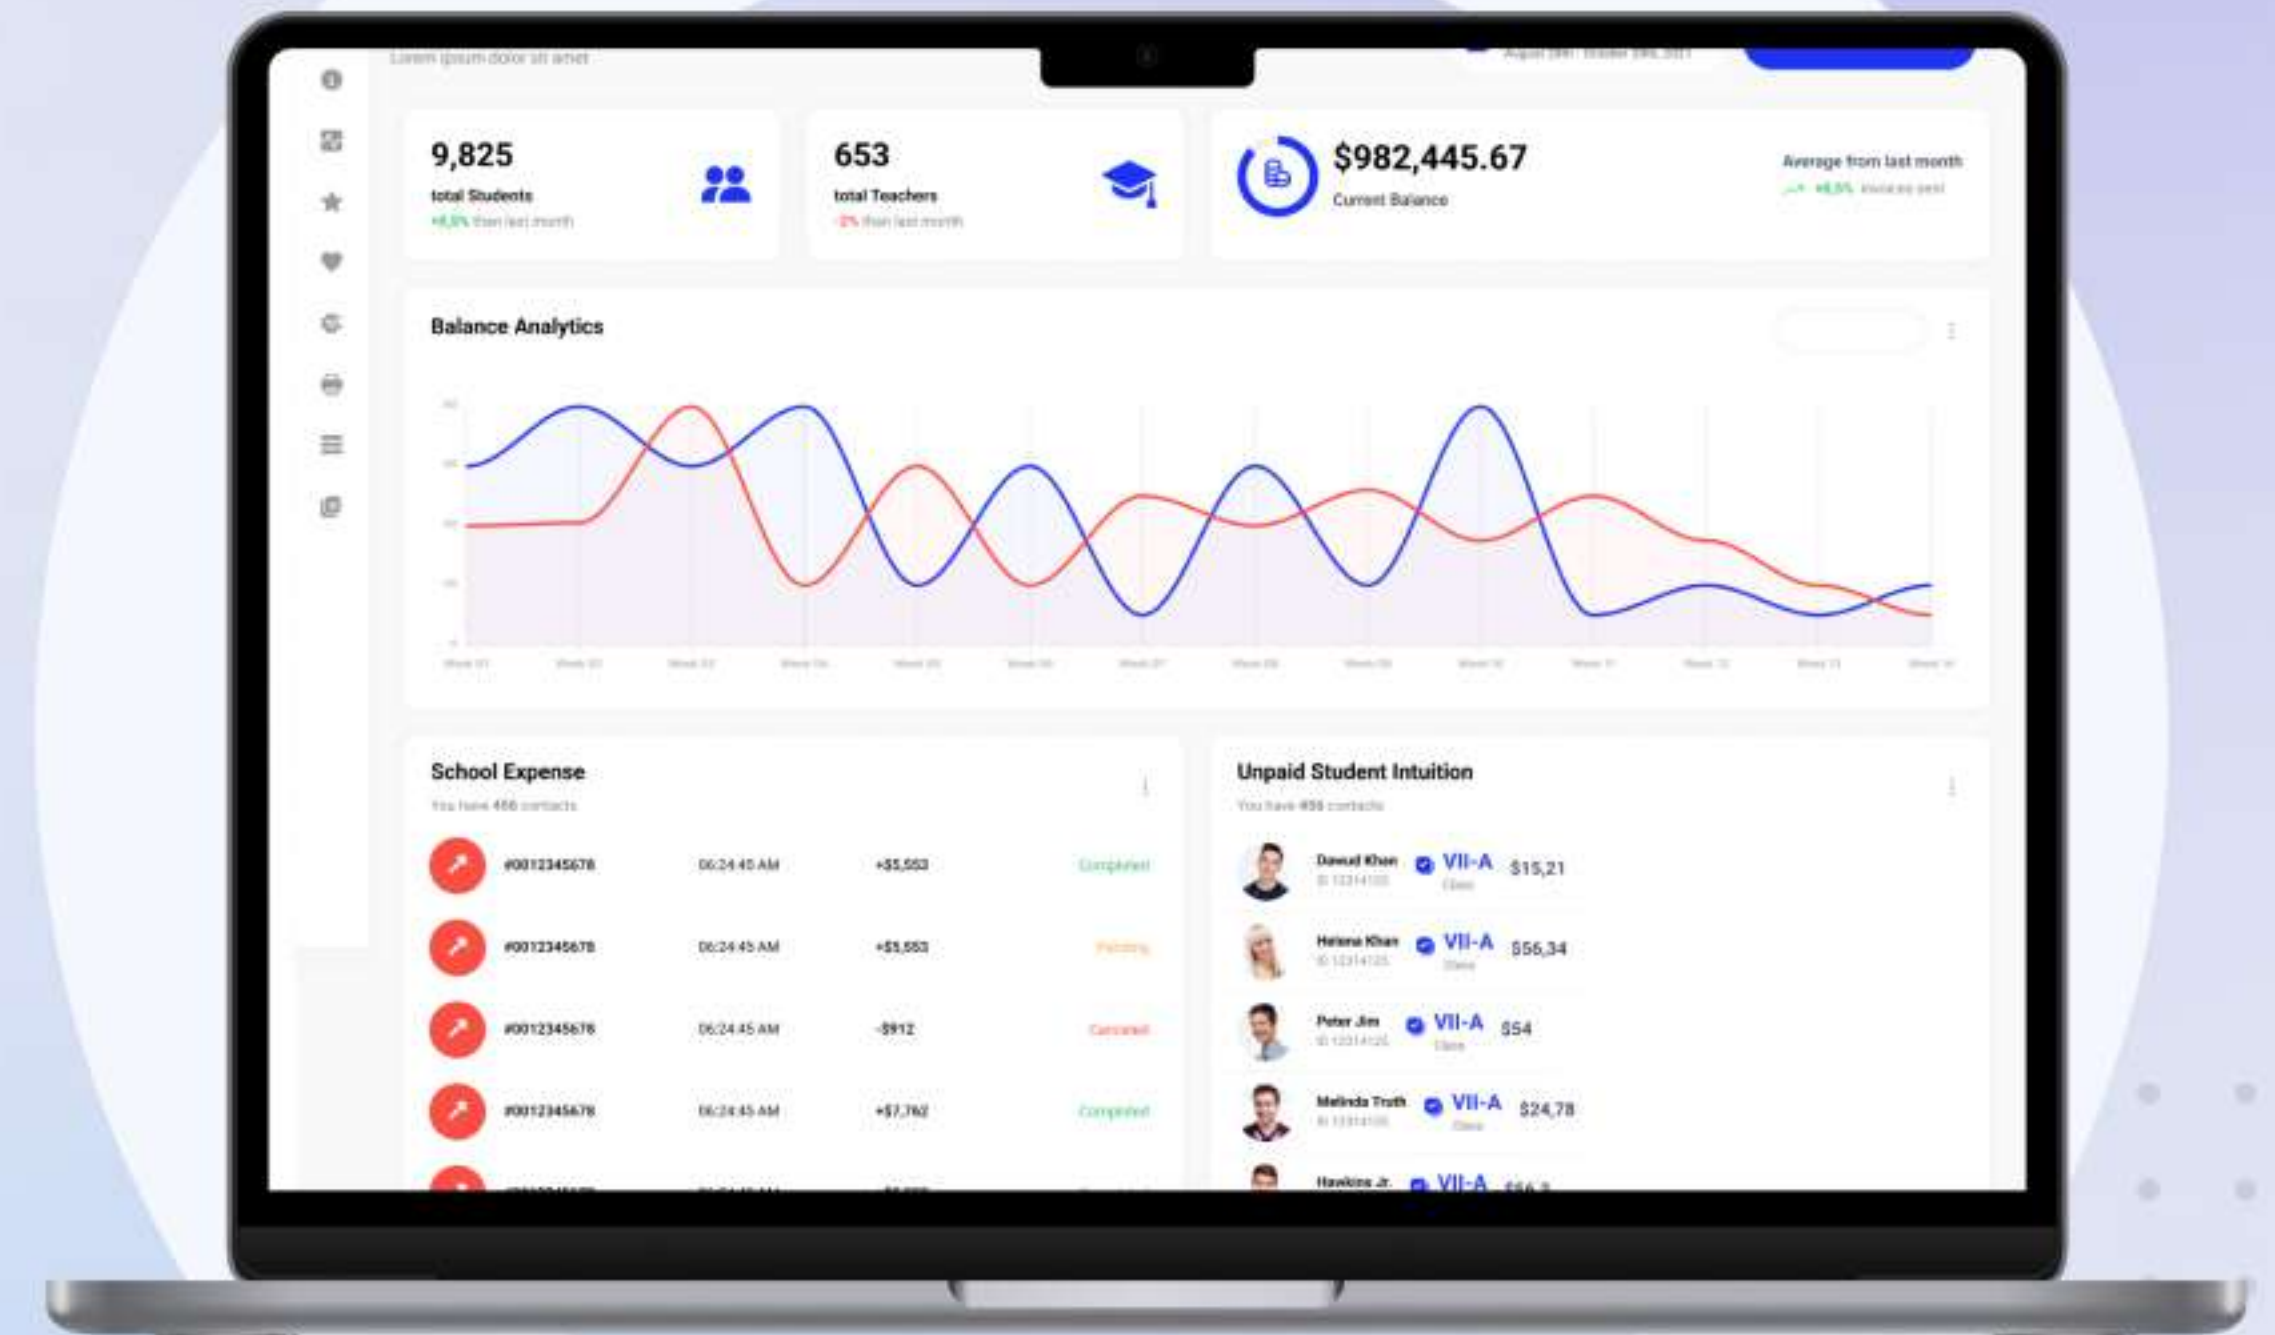

Prioritize student mental health and school culture

# Impact

- ✓ 11% increase in graduation rates over 3 years
- ✓ Reduced achievement gaps by 40% between schools
- ✓ 25% improvement in student mental health screening/referral
- ✓ 94% teacher satisfaction with leadership support

# E-Commerce Camera Store WebApp

An e-commerce camera store app stands out for its e-commerce service and offers the latest products at competitive rates. It is like a customer's own camera store where they can browse a variety of products of different competitive brands and get some amazing deals.

# Capture your Beautiful moments

BUY NOW

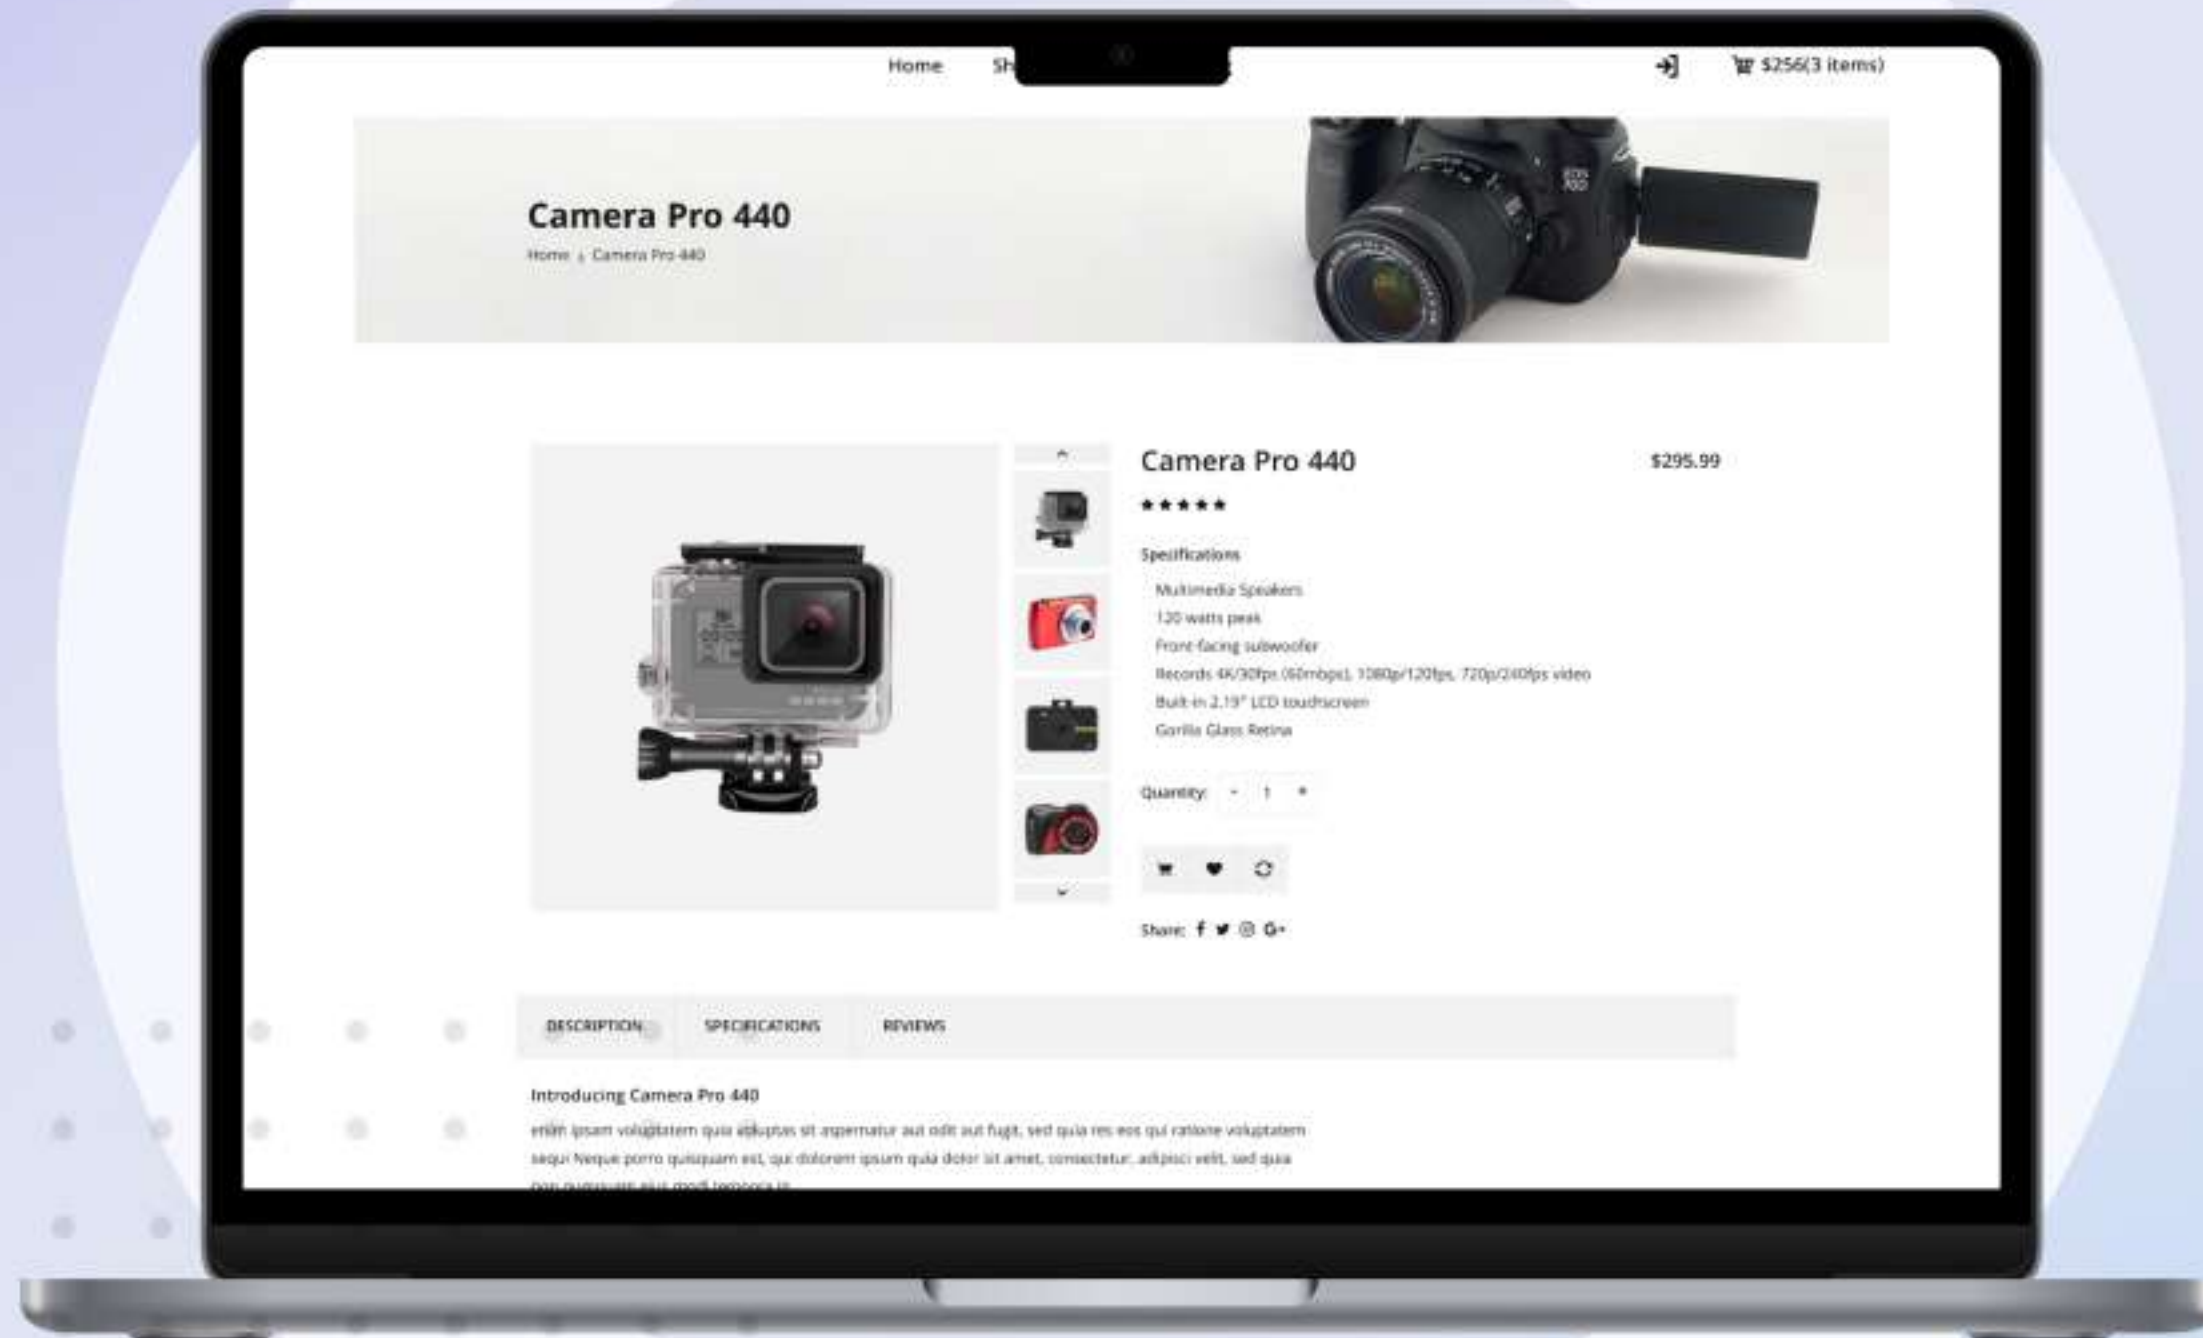

Mega Sale Offer

# Features

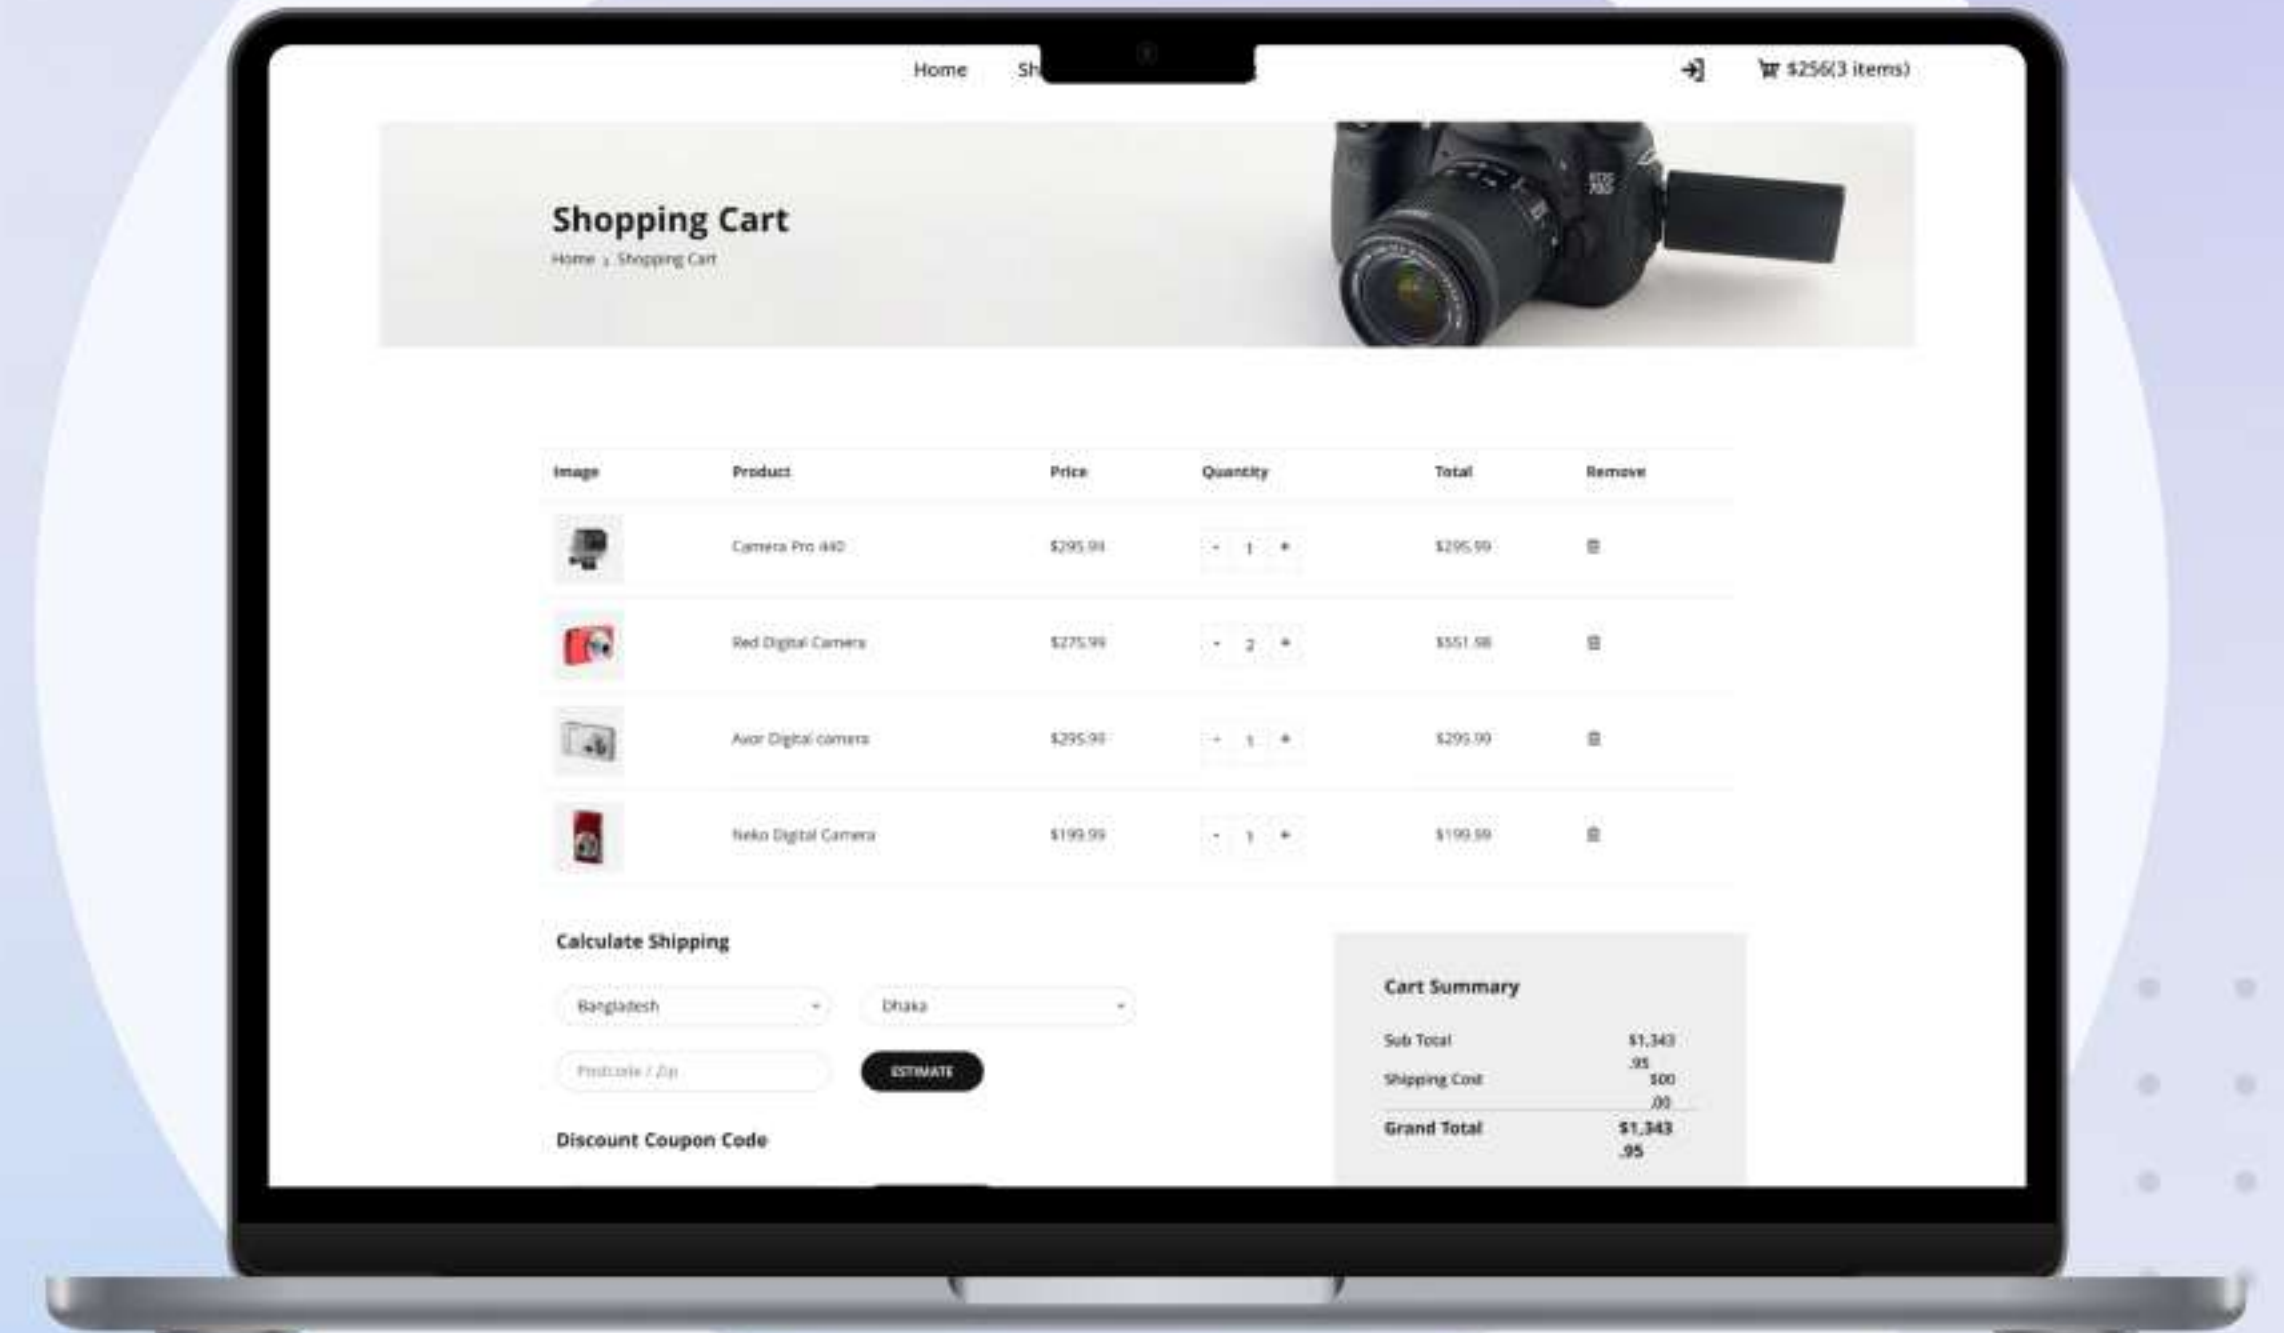

- ✓ Robust Product Catalog
- ✓ Augmented Reality Capability
- ✓ Loyalty/Rewards Programs
- ✓ Personalized Recommendations
- ✓ Streamlined Checkout
- ✓ Order Tracking

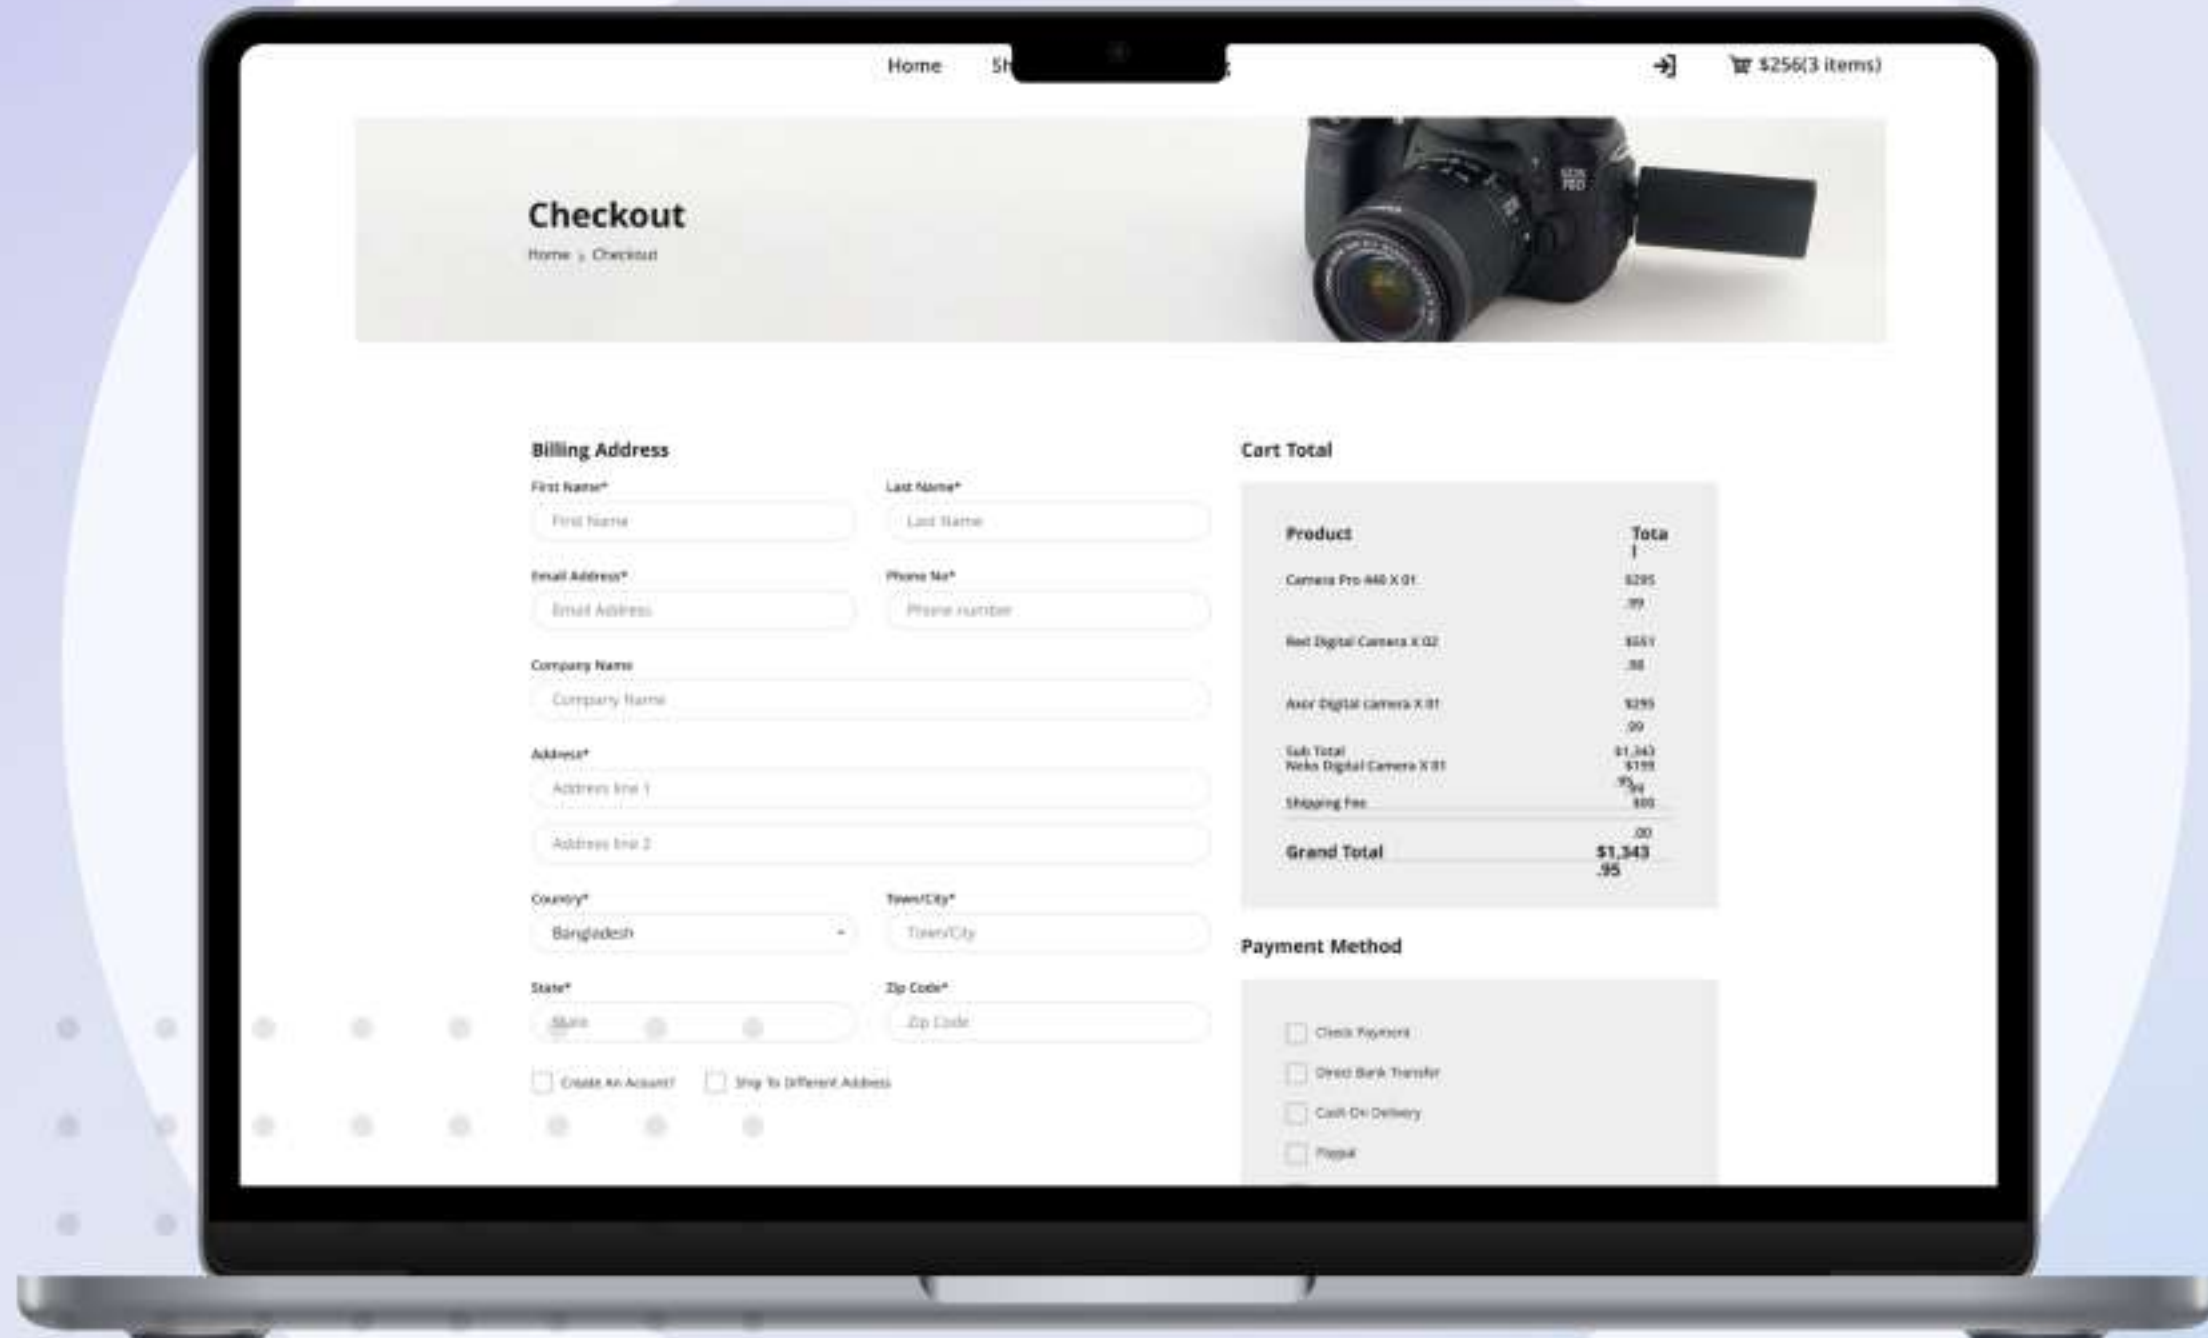

# Challenges

- ✓ Building an intuitive mobile shopping platform for camera equipment
- ✓ Meeting customer expectations for robust product specs/reviews
- ✓ Integrating smooth payment processing and order fulfillment flows
- ✓ Providing exceptional service levels via mobile channel

# Solutions

Develop a feature-rich native iOS and Android app

Implement API integration with key commerce functionality

Leverage AWS services for security, notifications, and machine learning

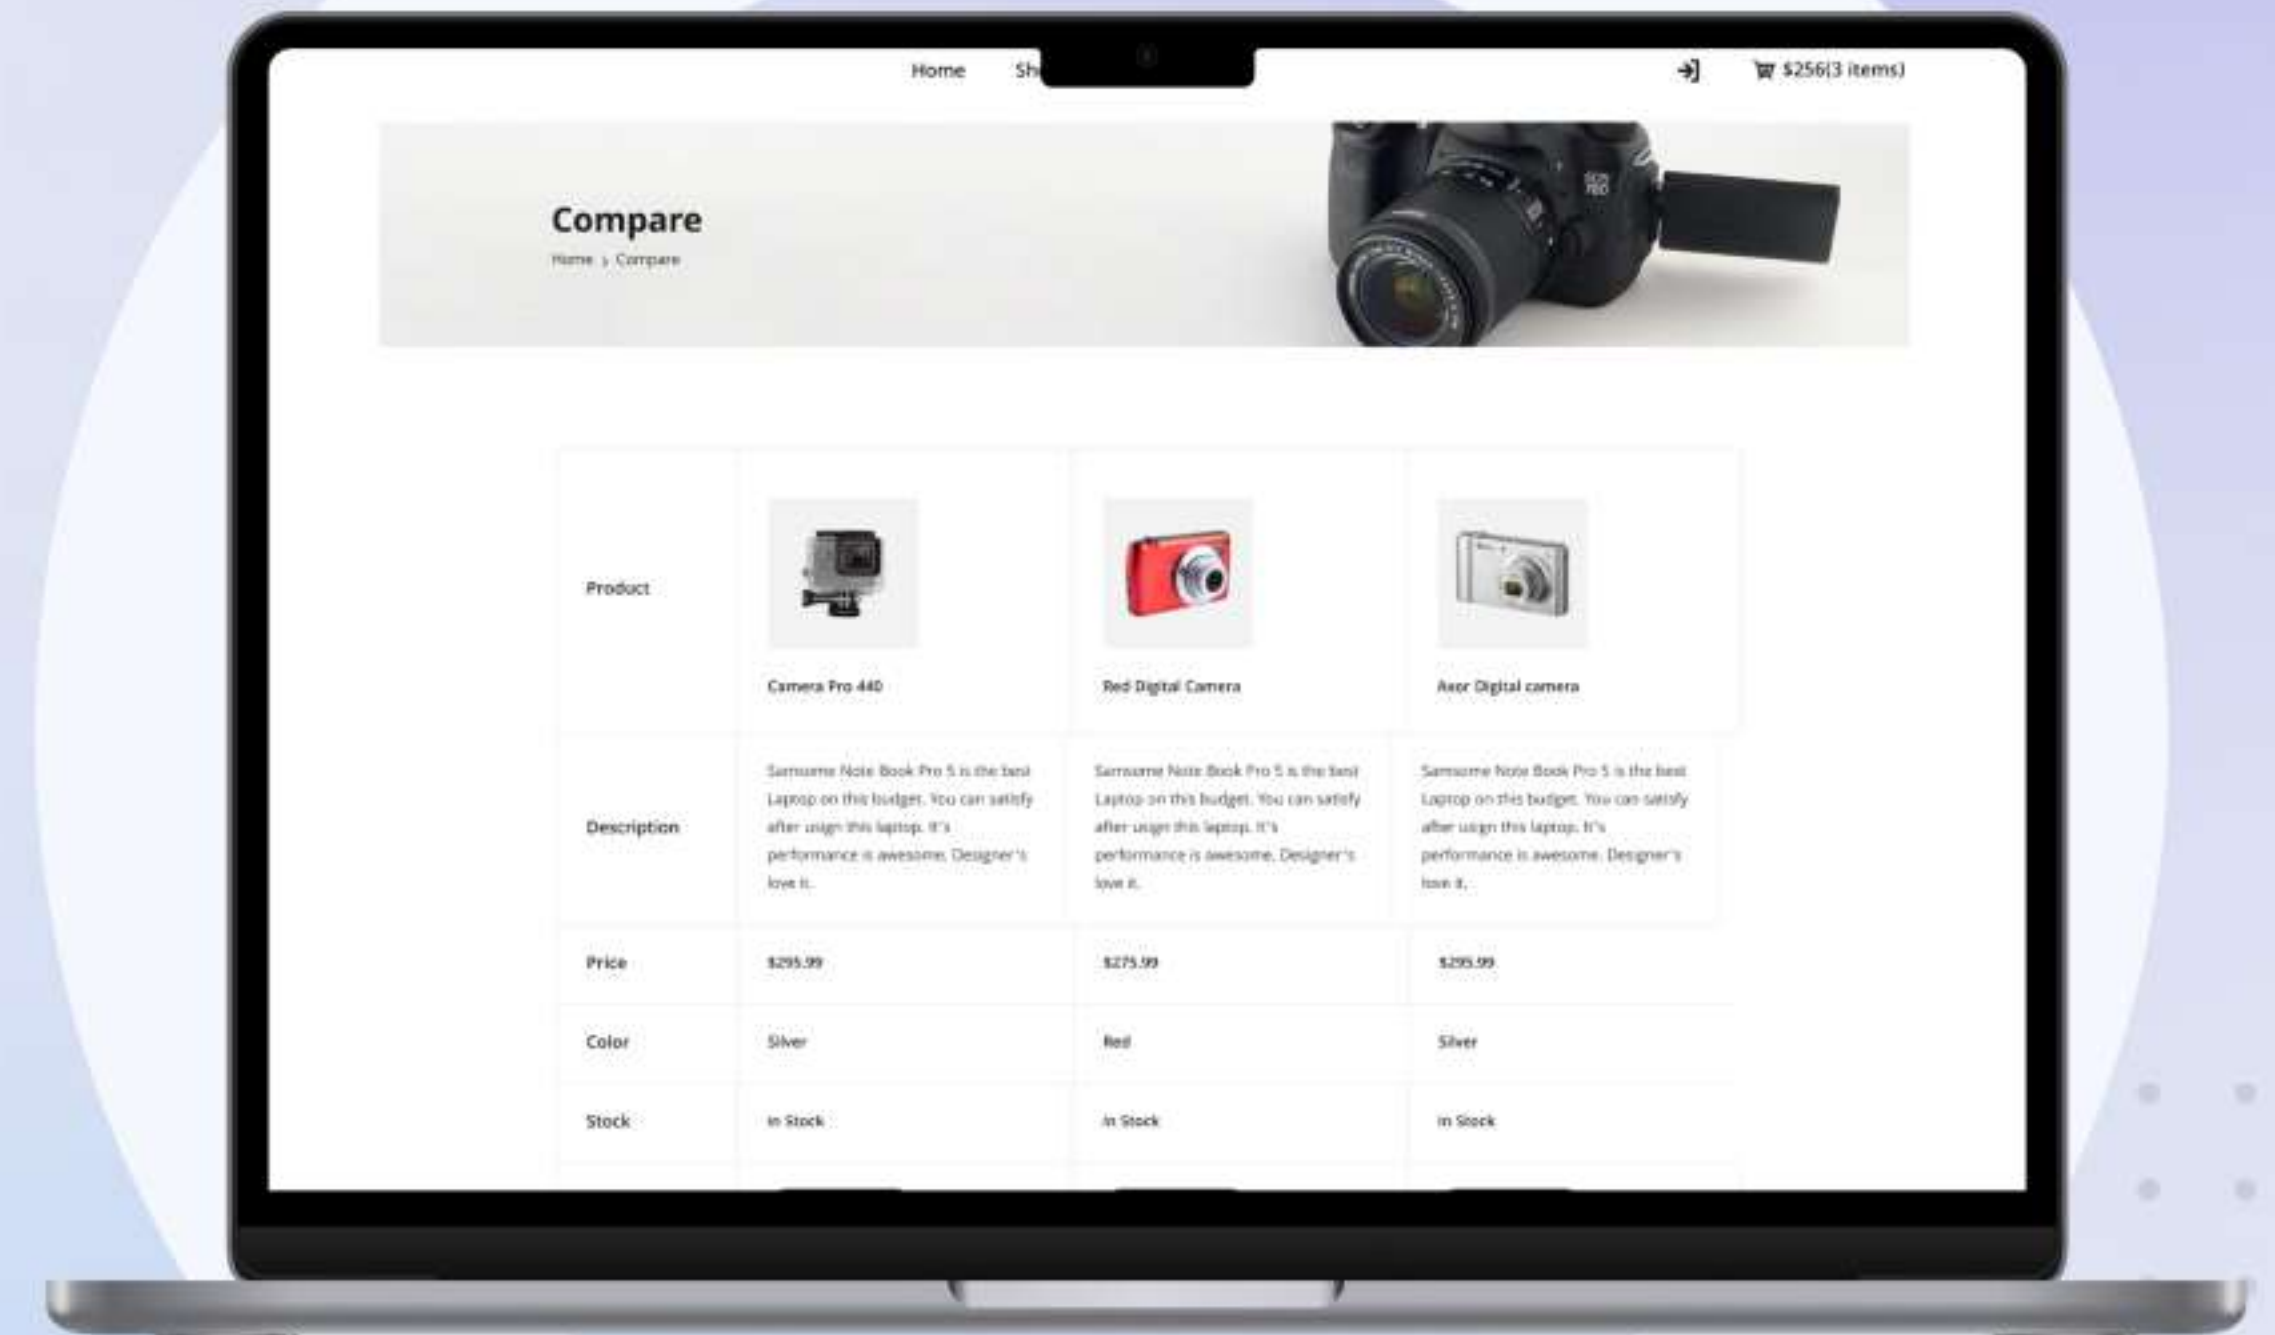

Enable mobile wishlists, rewards programs, and AR try-ons

# Impact

- ✓ App rated 4.8 stars – 86% of reviews praise usability
- ✓ Average cart size increased 22% year-over-year
- ✓ 62% of sales now placed via mobile app
- ✓ Remarketing helped reduce acquisition costs by 35%

# Employee Management (Labour work)

It typically entails building and maintaining healthy relationships with employees, as well as monitoring their daily labor and measuring progress.

# Features

- ✓ Real-time ordering
- ✓ Food truck profiles
- ✓ Payment processing
- ✓ Ratings and reviews

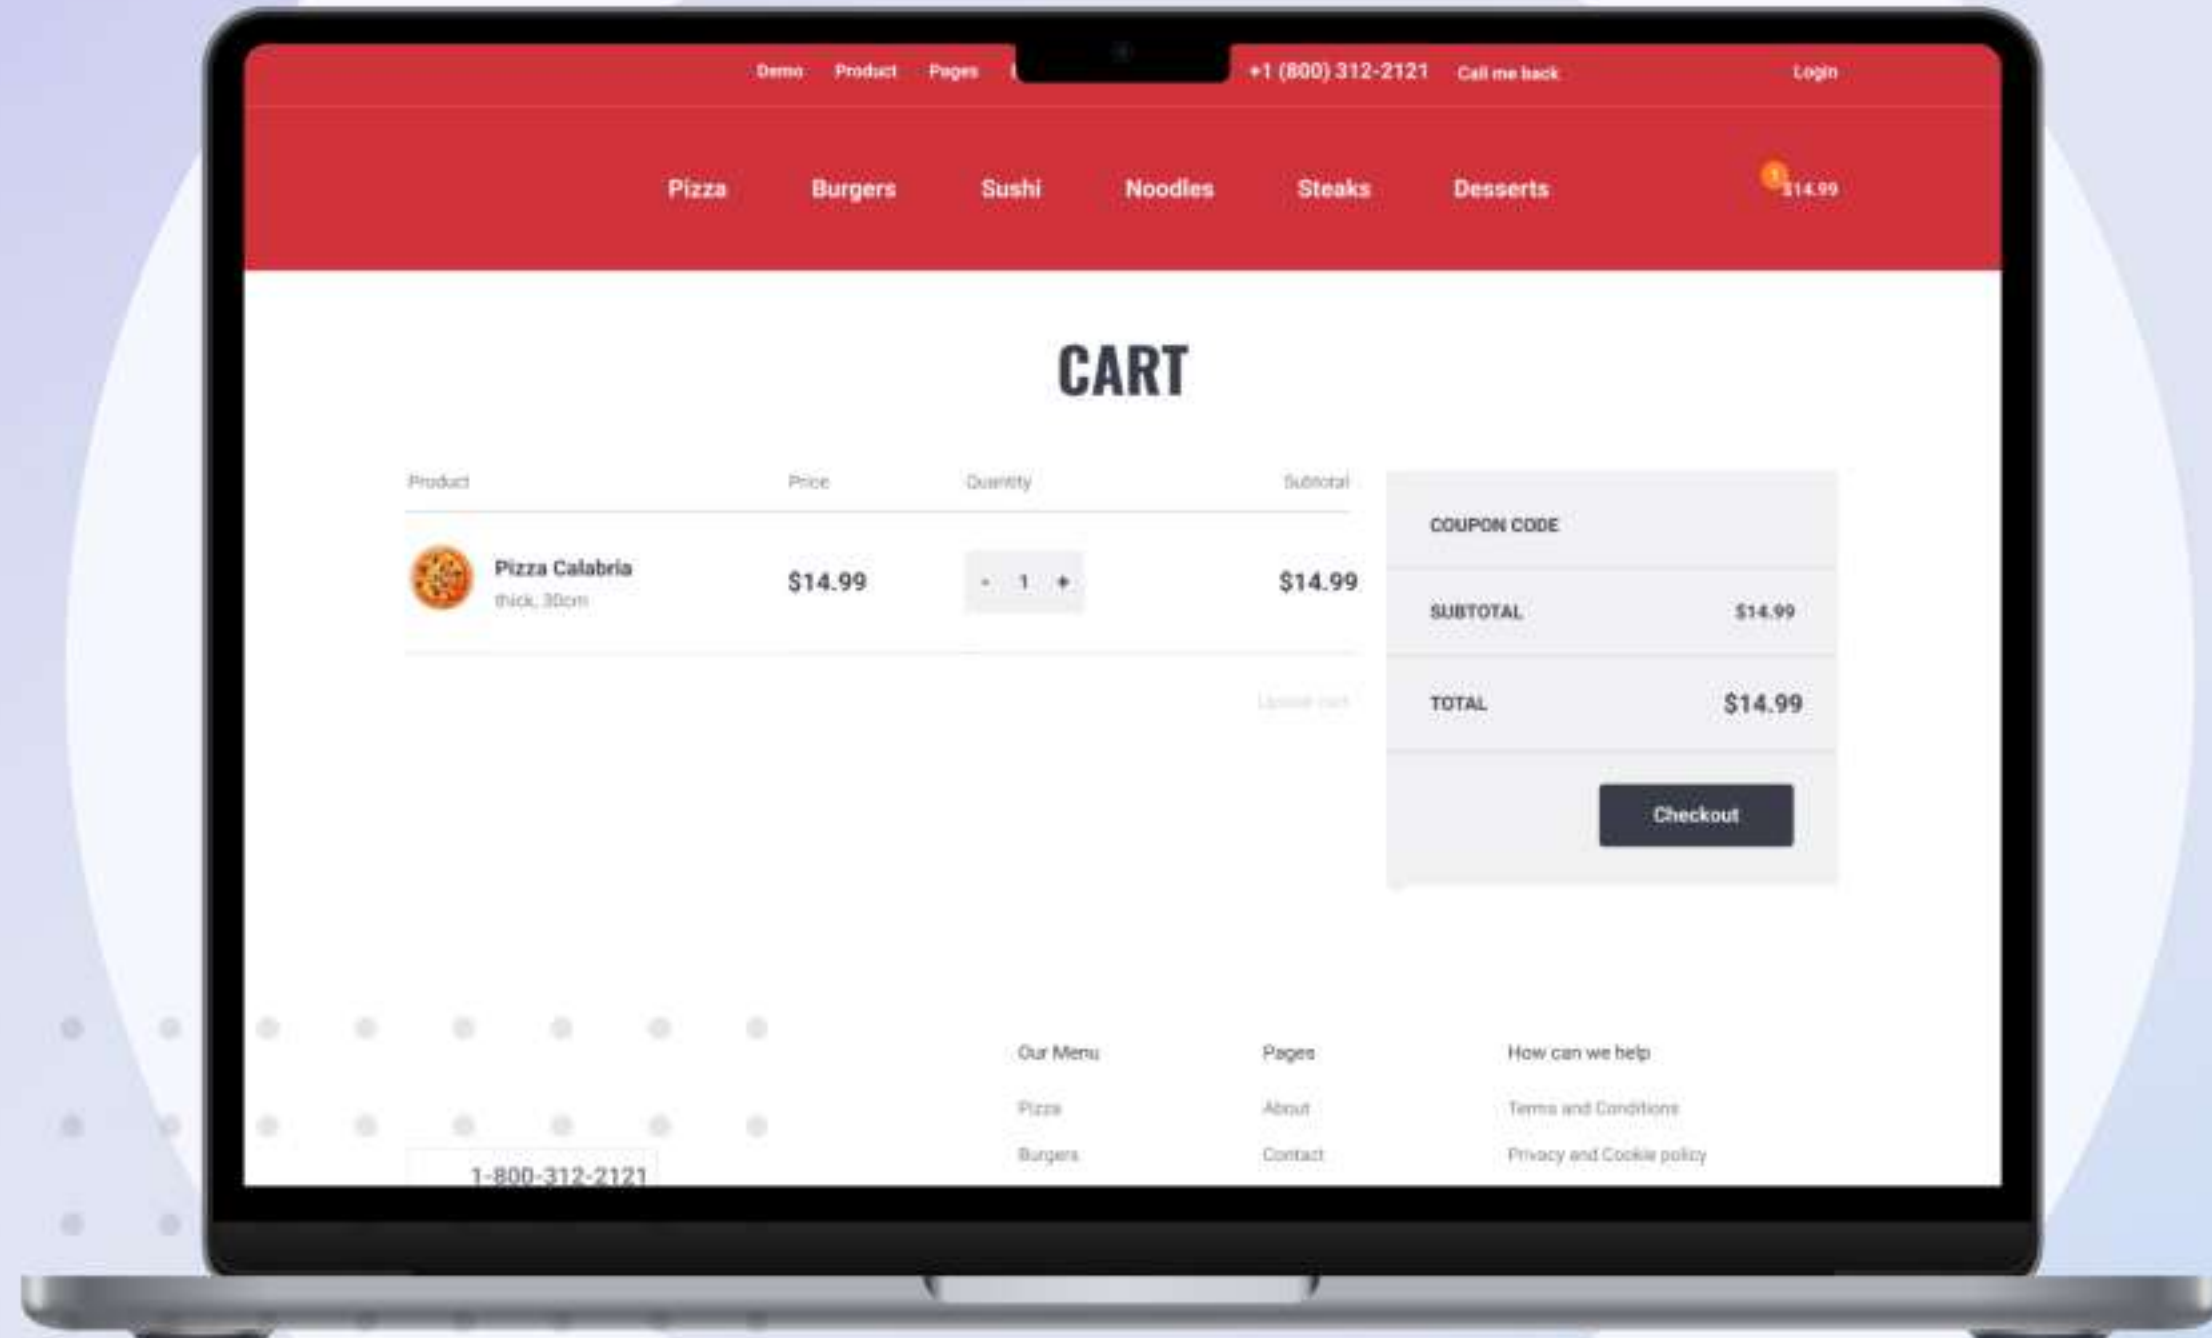

# Challenges

- ✓ It is hard for customers to find and track popular trucks daily
- ✓ Long wait times in lines during peak hours
- ✓ No visibility into truck menus and arrival ahead of time
- ✓ Limited payment options at trucks
- ✓ Operations not suited for efficient delivery

# Solutions

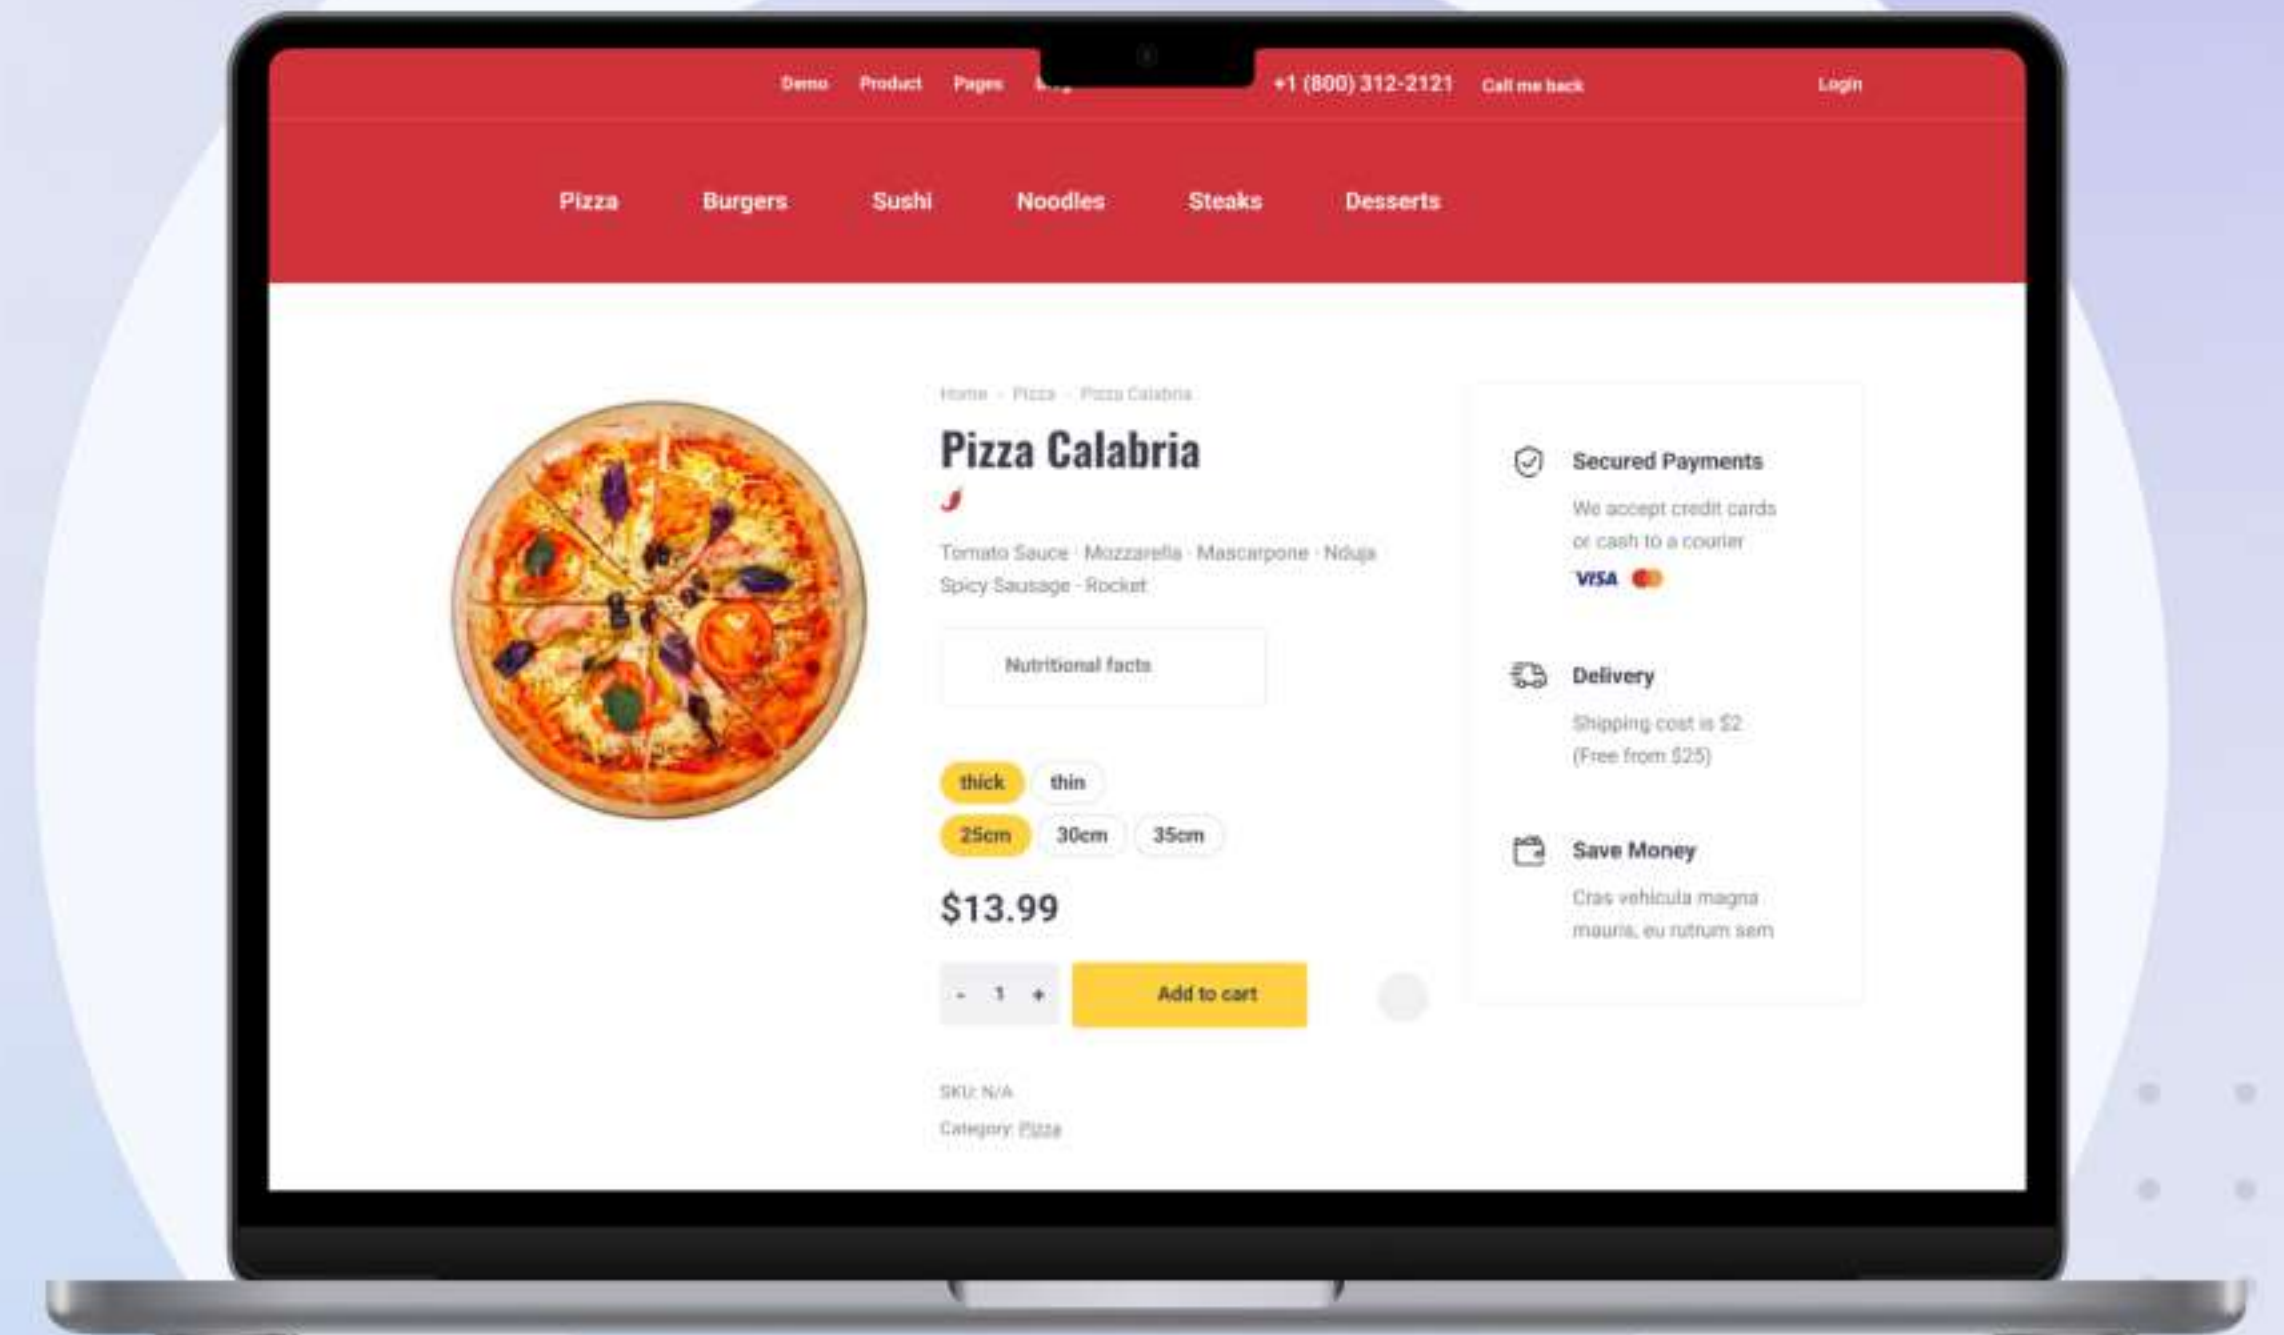

- ✓ Live GPS tracking of food truck locations
- ✓ Truck menus, photos and projected arrival times
- ✓ Online ordering for delivery from nearby trucks
- ✓ In-app payment processing
- ✓ Ratings and reviews for engagement

# Impact

- ✓ Increased order volumes by 25% on average for trucks
- ✓ 40% of customers reported improved ordering experience
- ✓ Expanded visibility and discovery for previously unknown trucks
- ✓ Higher customer satisfaction from delivery convenience

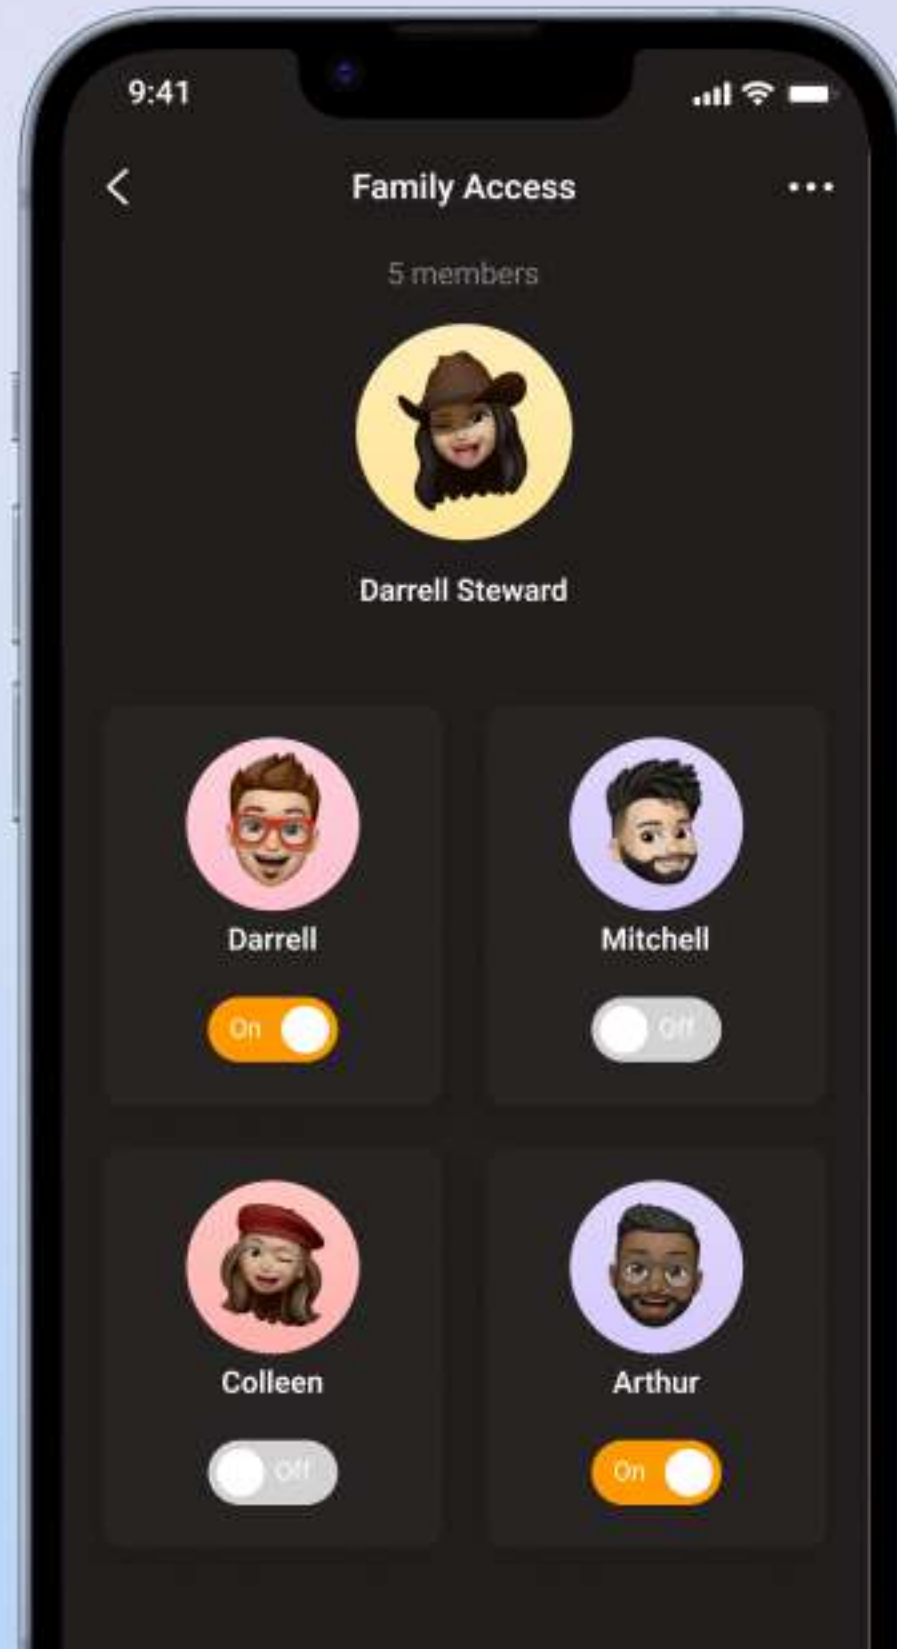

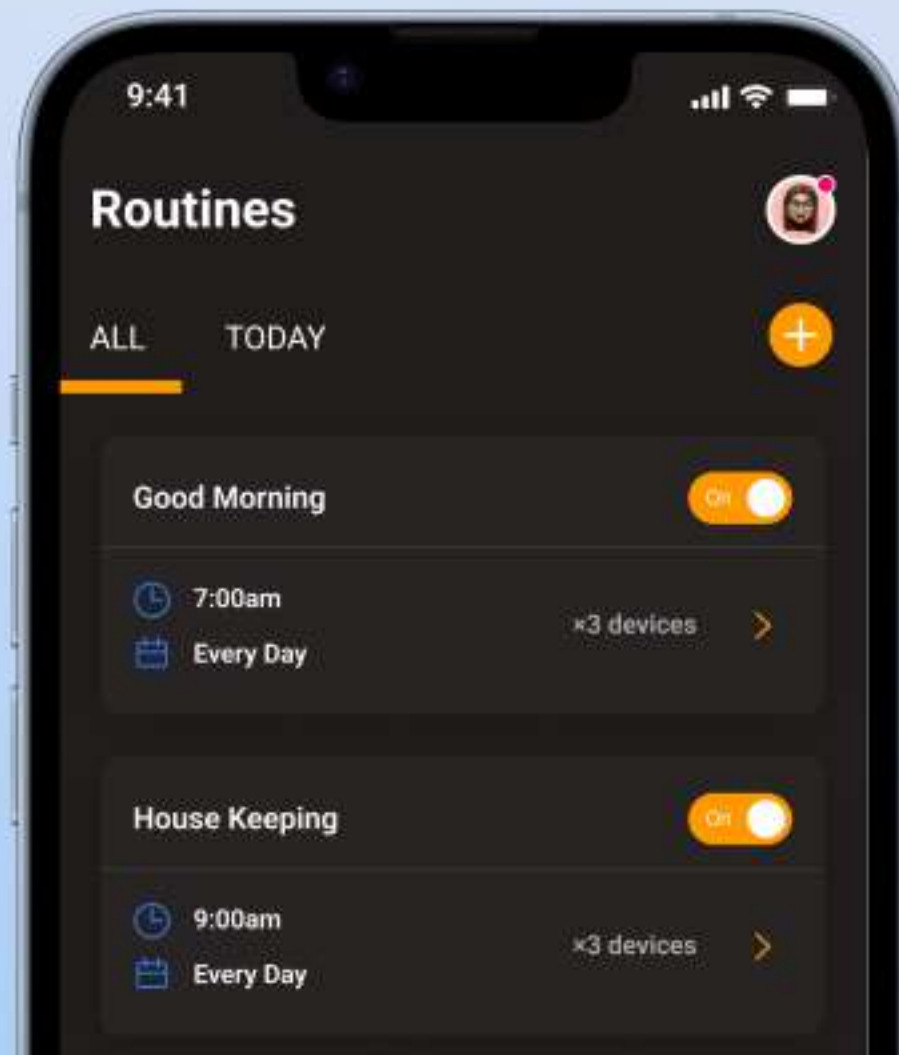

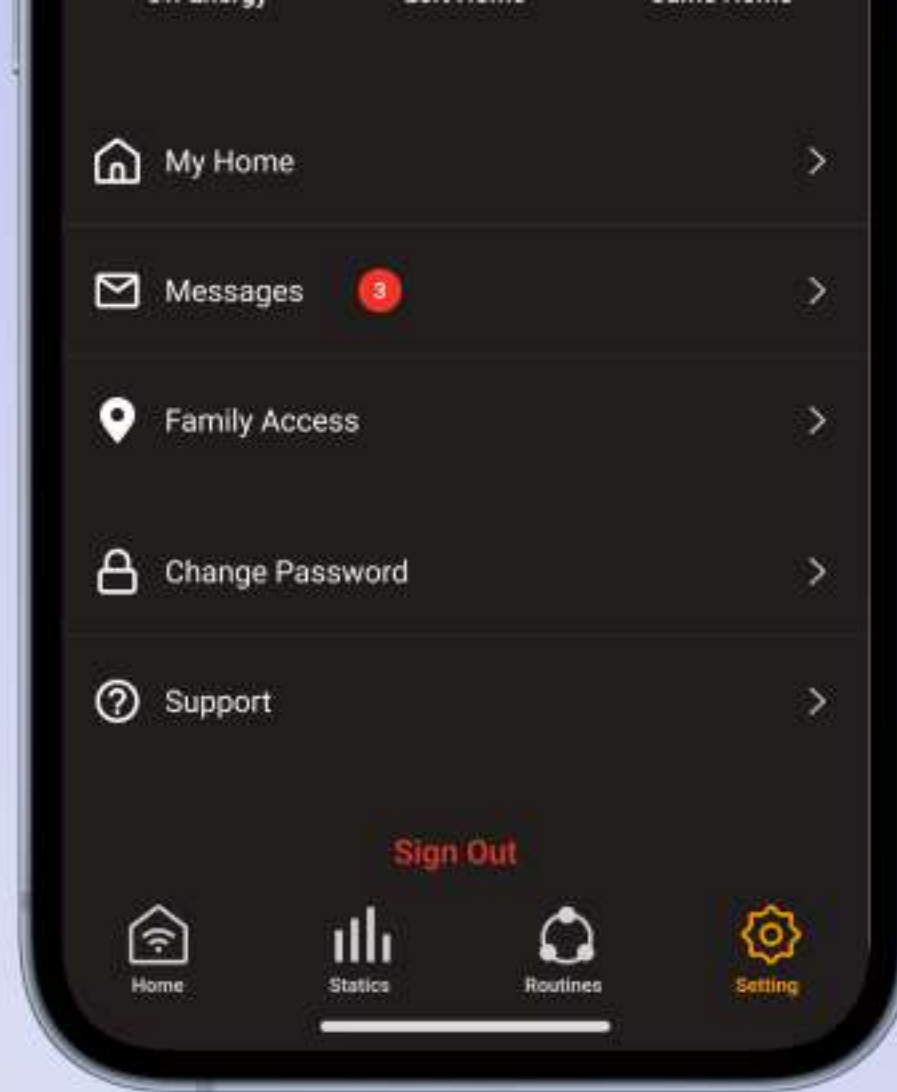

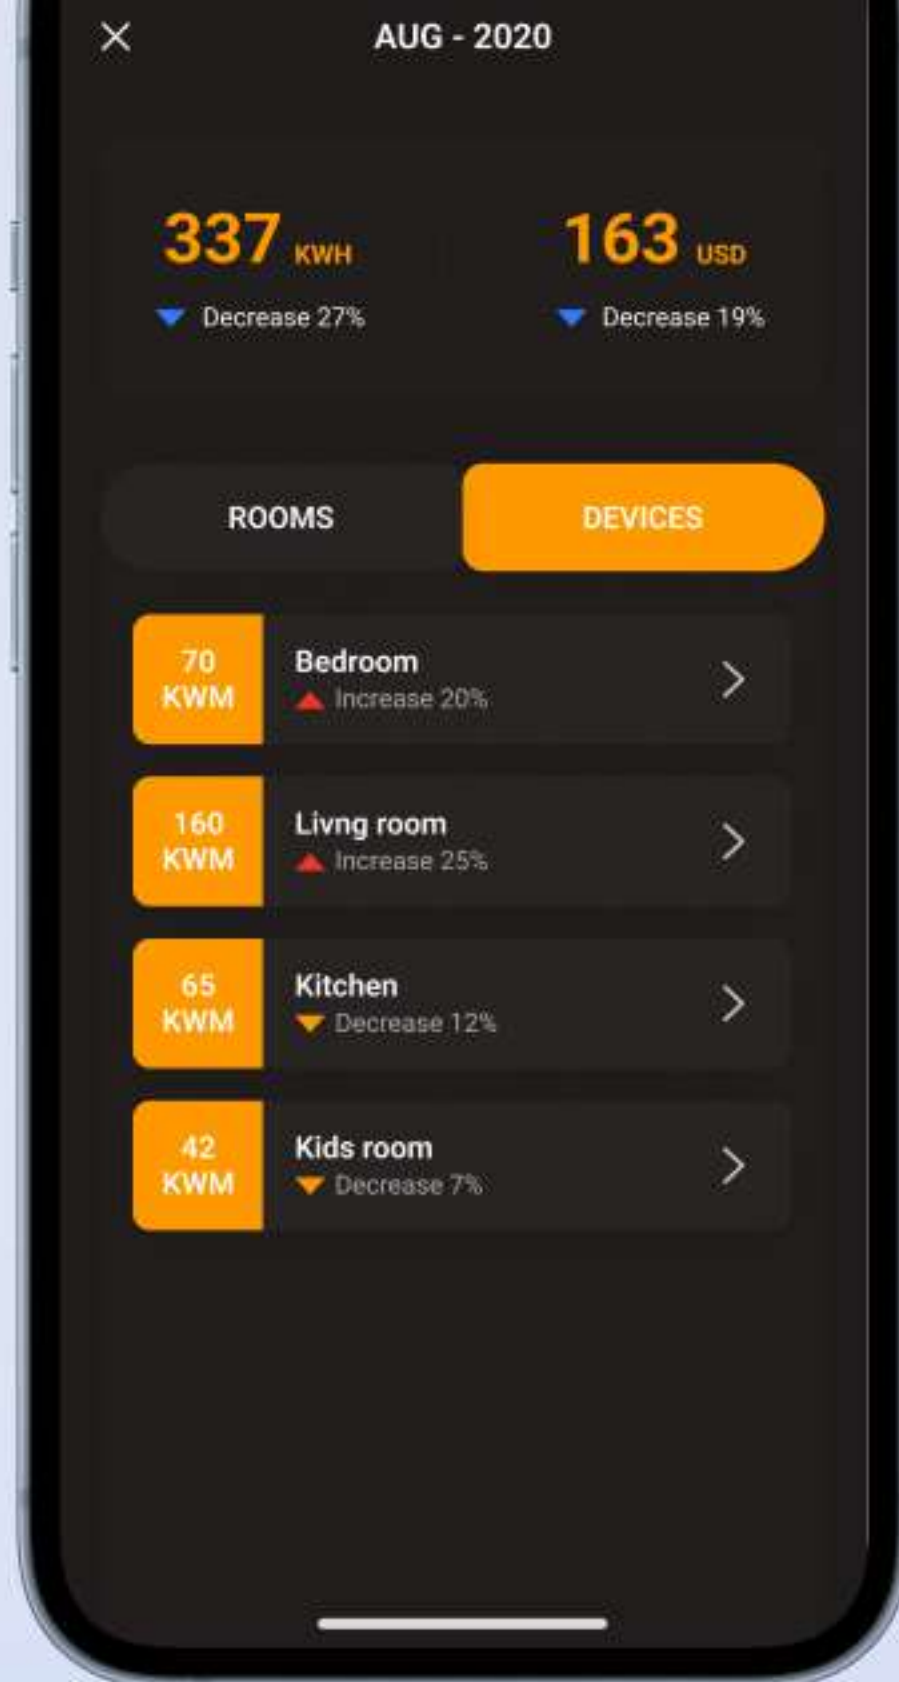

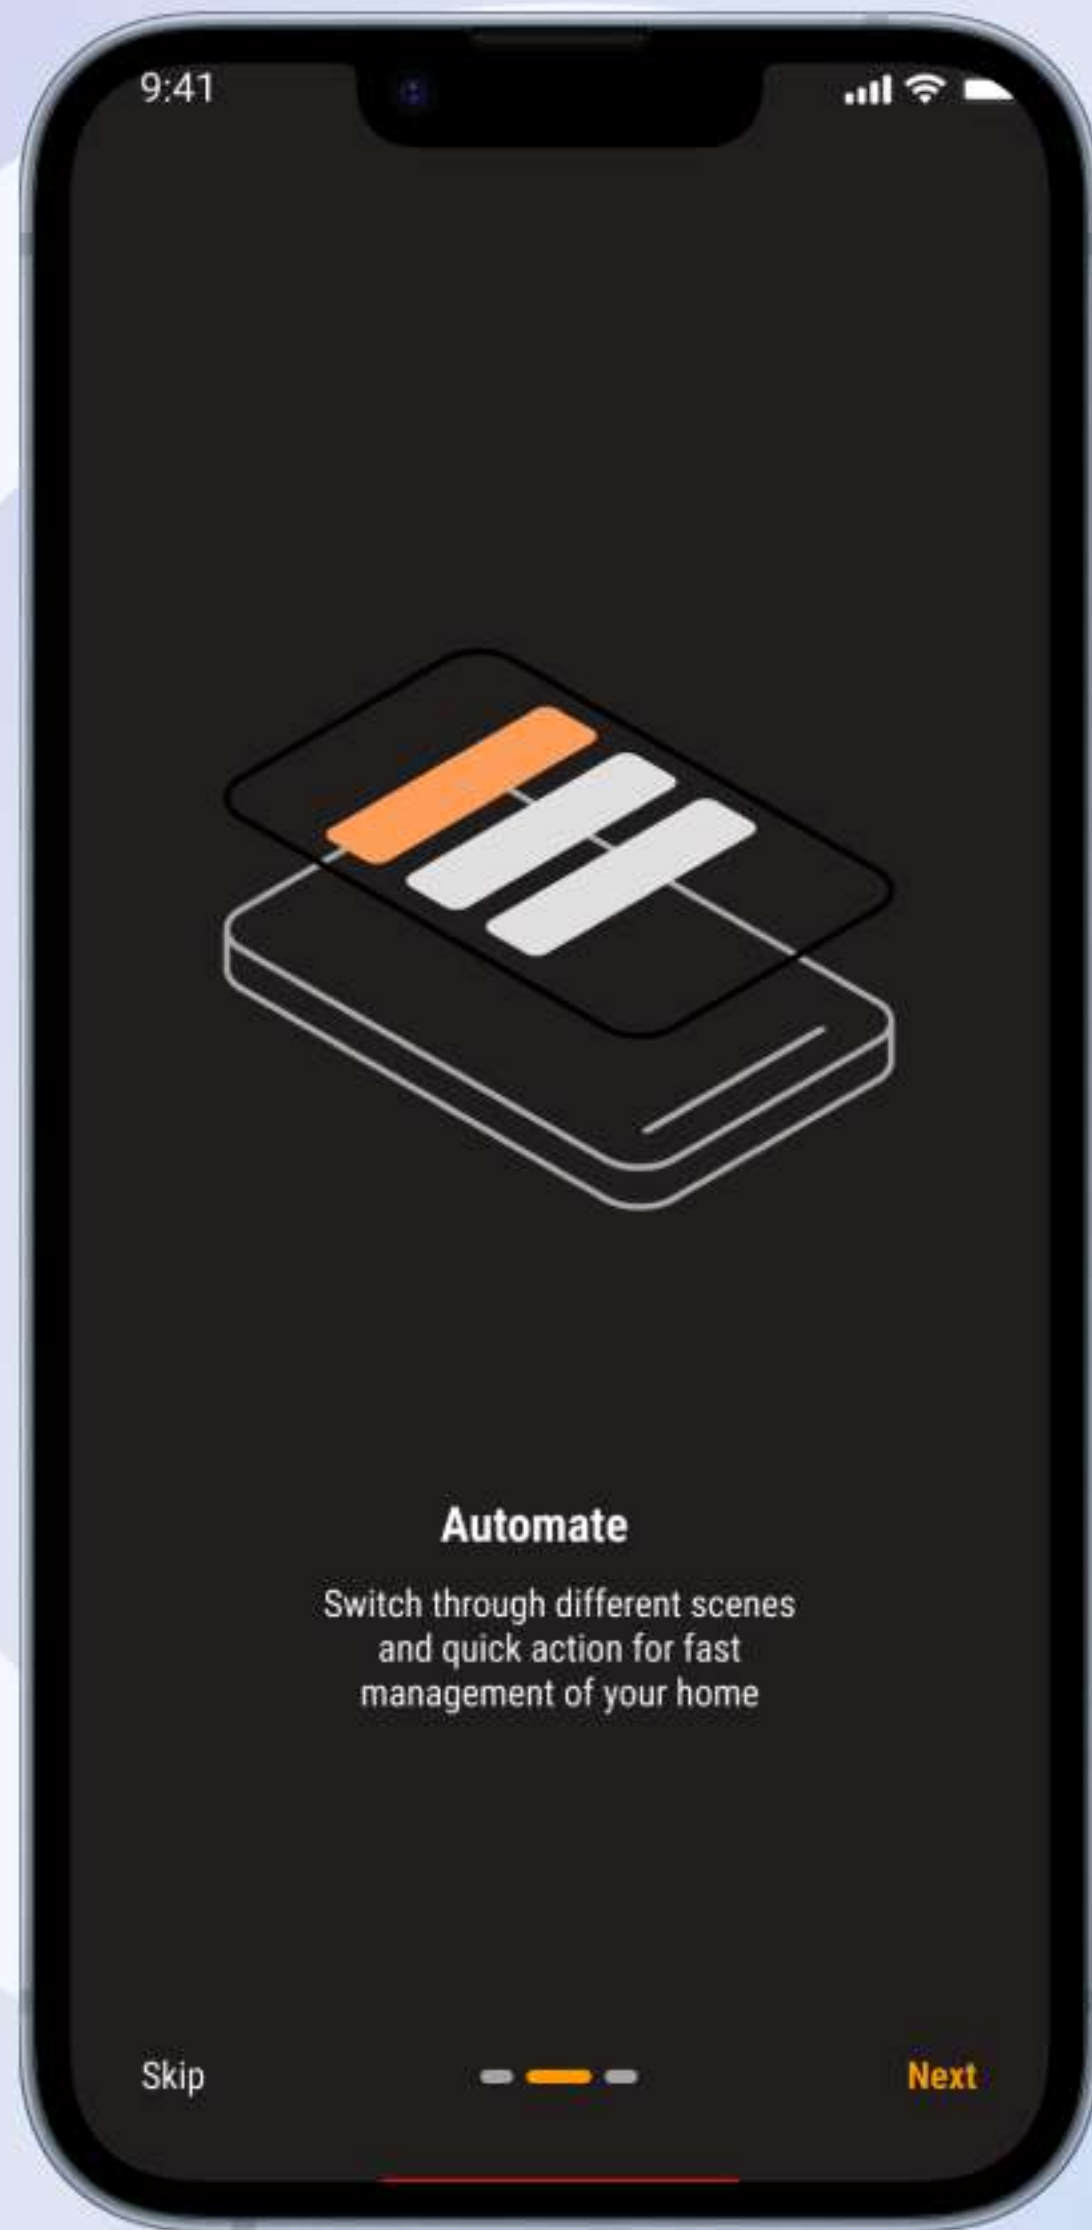

# Enabling Smart Home Monitoring and Control Through an Innovative App

ACME Home Tech sought to develop an app to consolidate control and monitoring of diverse smart home devices from different manufacturers.

# Features

- ✓ Single unified app to control devices across manufacturers
- ✓ Remote monitoring via live video feeds and sensor data
- ✓ Smart automation and scheduling rules engine
- ✓ Real-time notifications and alerts for events
- ✓ Intuitive dashboard to visualize and control smart devices

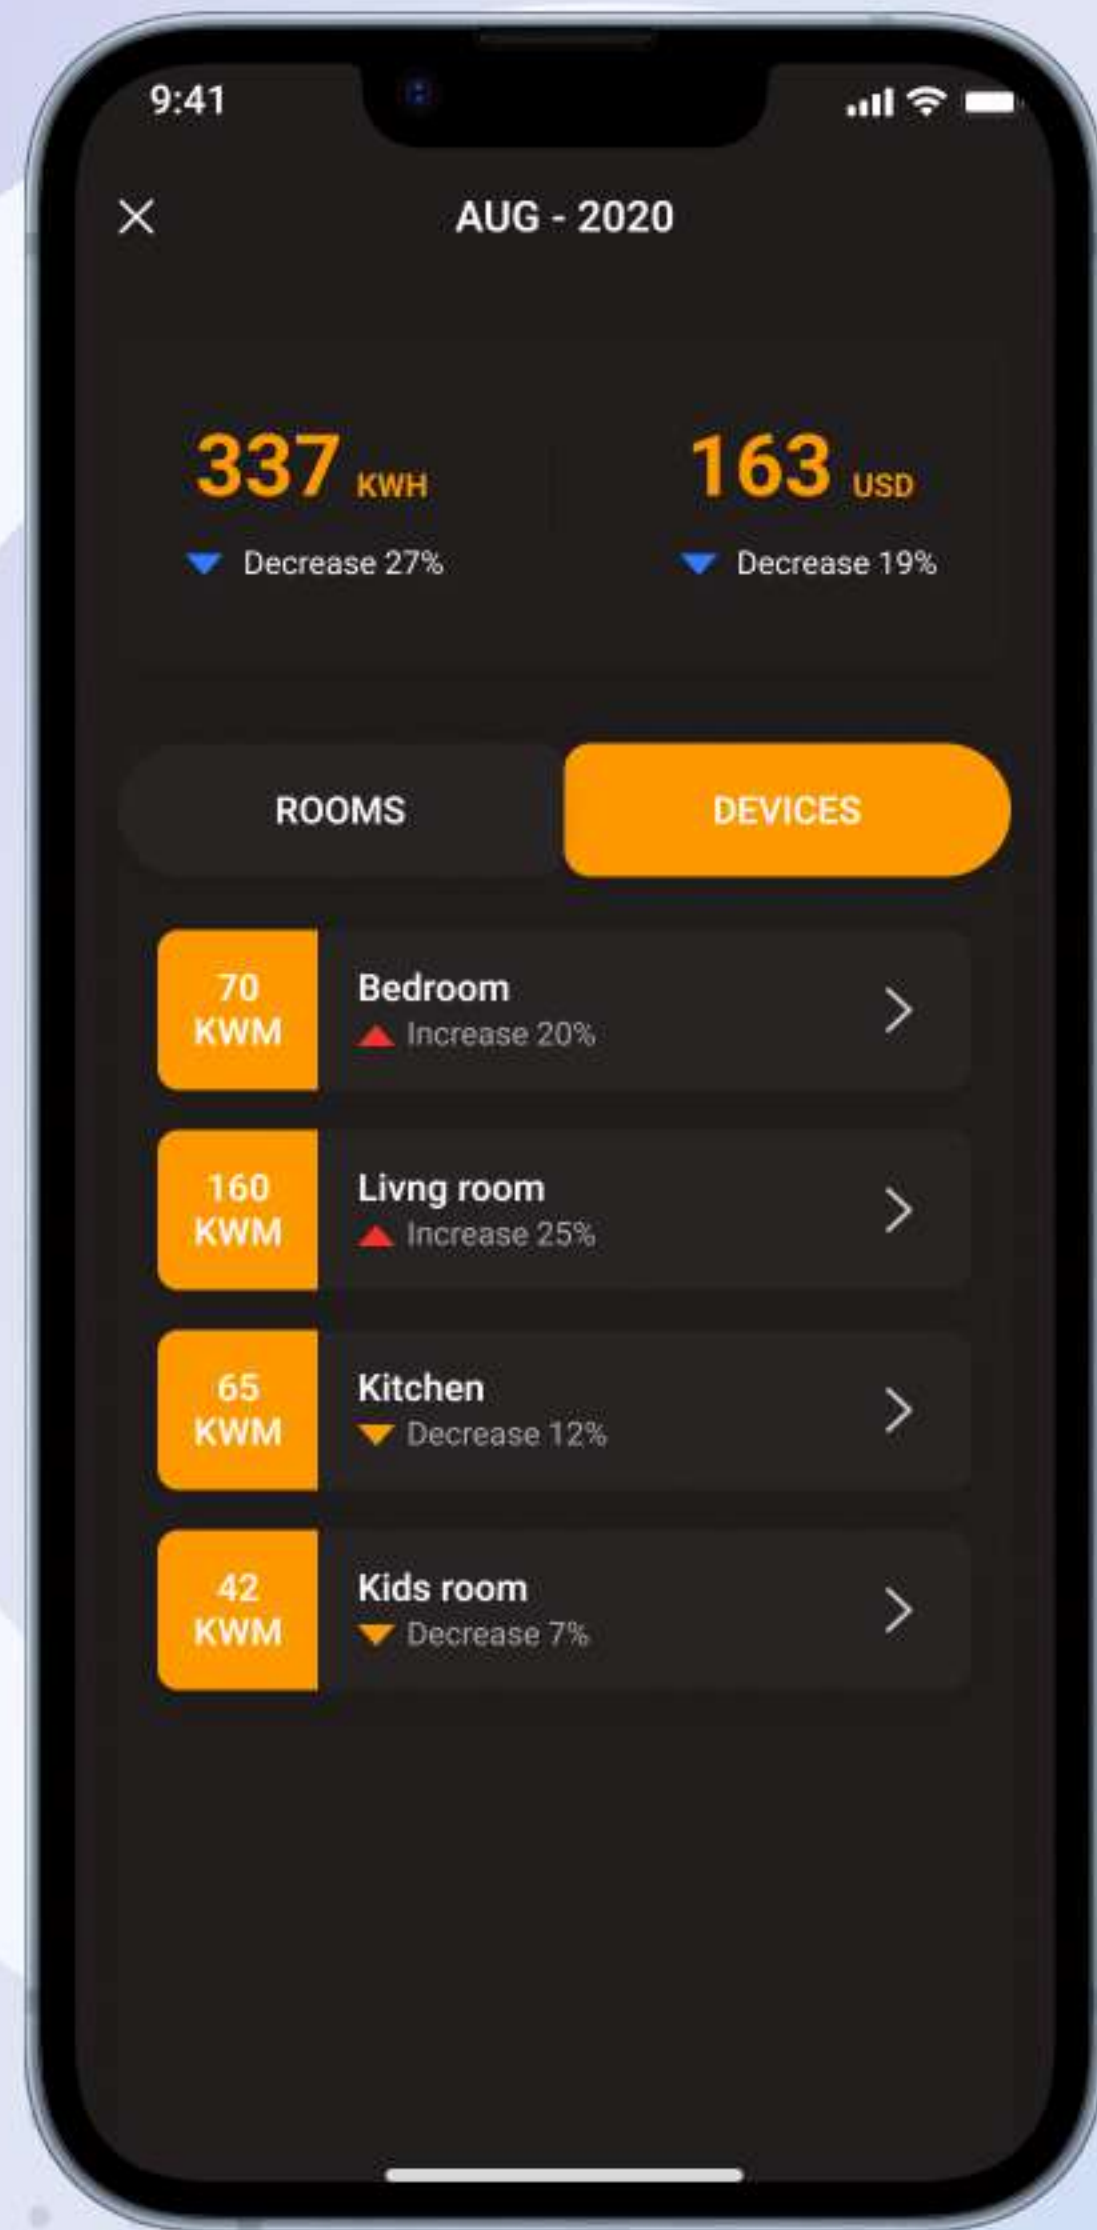

# Challenges

- ✓ Fragmented ecosystem with limited compatibility across devices and platforms.
- ✓ No unified way to control and monitor various home systems.
- ✓ Difficult to integrate new devices with existing apps and protocols.

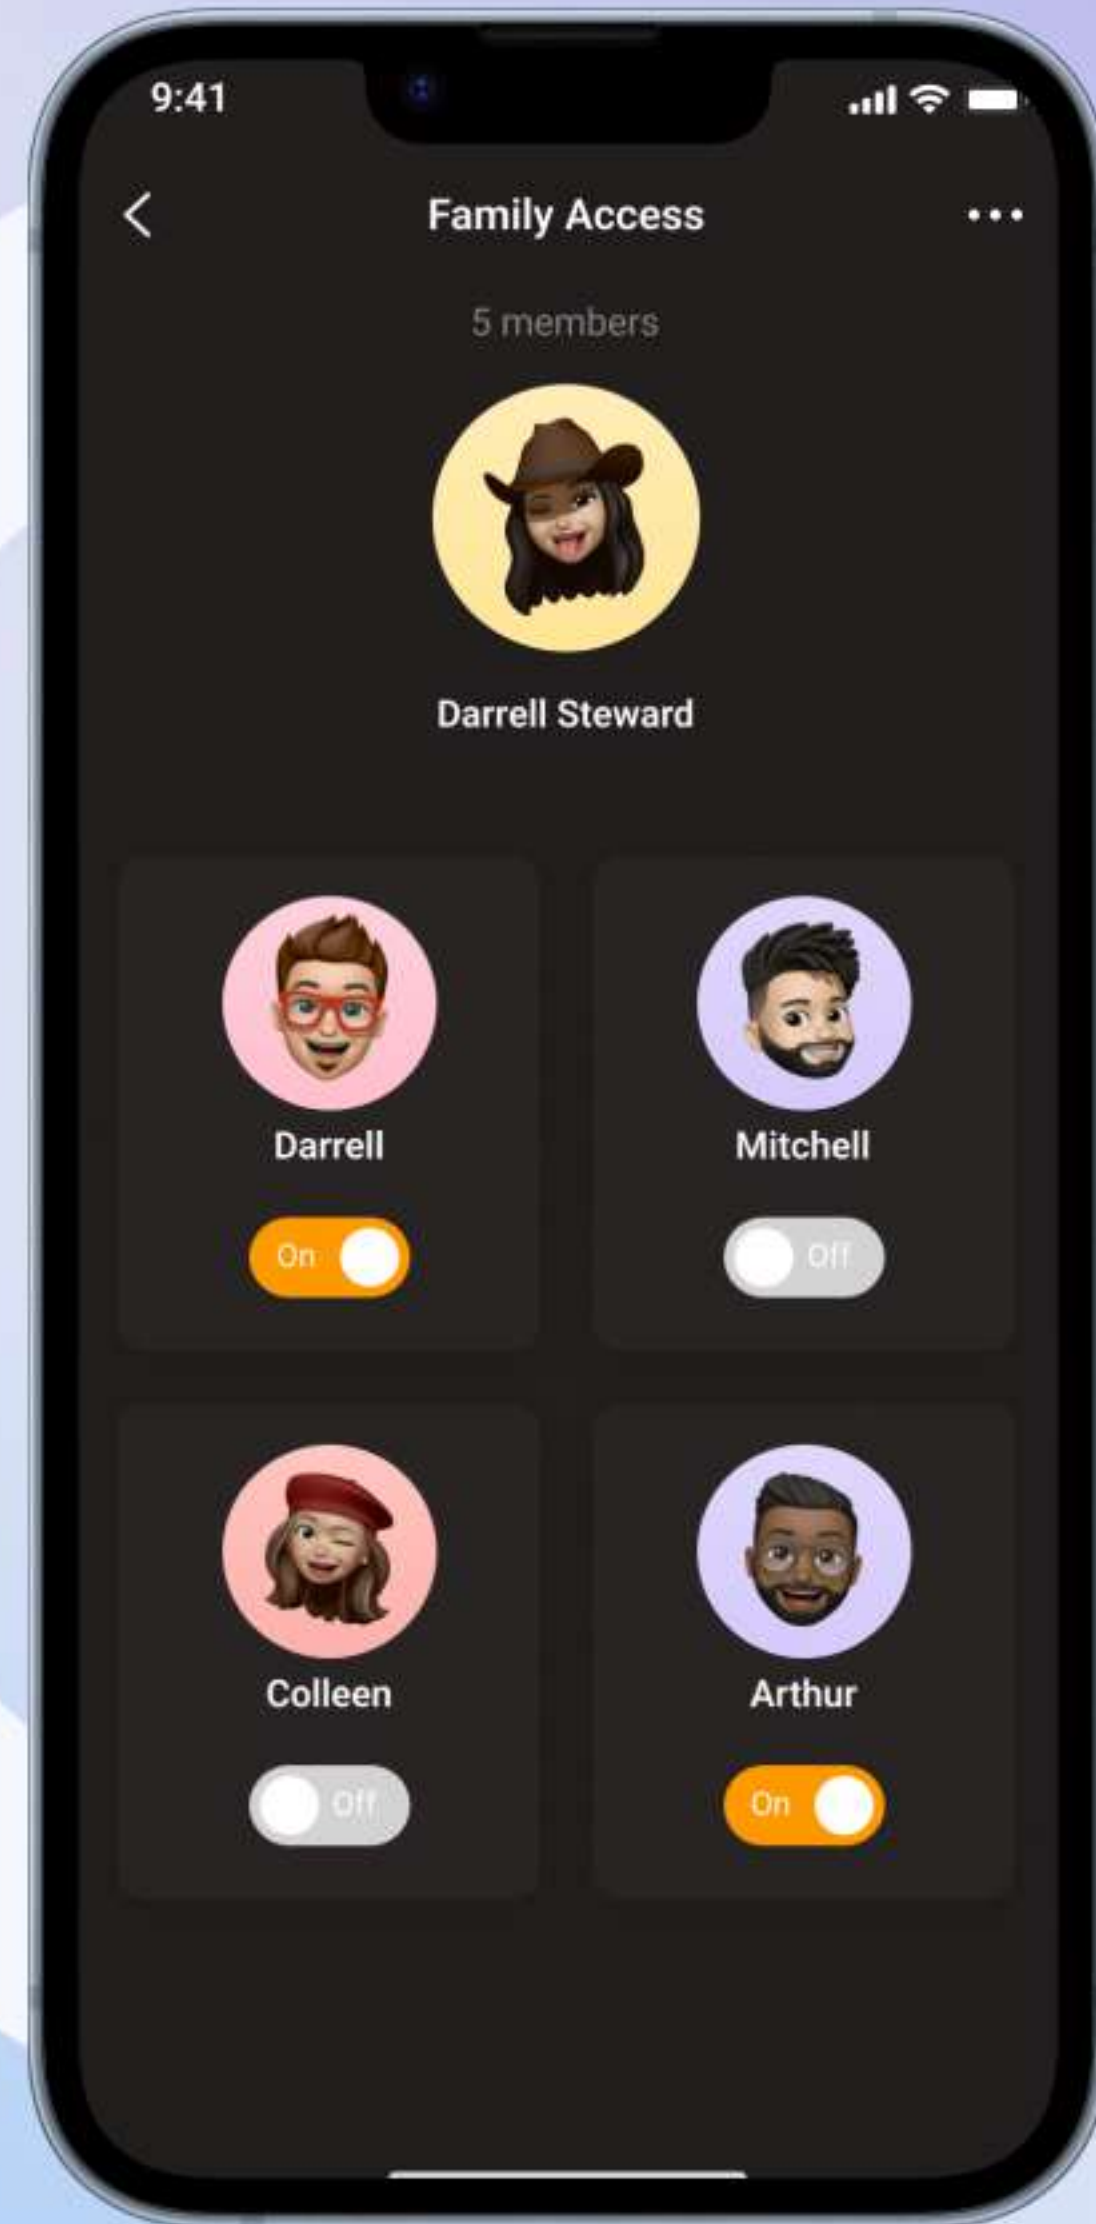

# Solutions

- ✓ Conducted extensive research to identify compatible devices.
- ✓ Created open API and protocol to communicate with devices.
- ✓ Built cross-platform mobile app with unified dashboard.

# Impact

- ✓ Over 50,000 downloads in first 6 months.
- ✓ 65% of users actively use remote monitoring and control.
- ✓ Cut energy usage by average of 18% through smart automation.
- ✓ Reduced security incidents by 21% through instant alerts.

# Enhancing the Travel Experience with a Smart Suitcase Companion App

As smart luggage with connectivity and sensors emerged, Smart Travel Corp saw an opportunity to enhance the travel experience by integrating an app companion.

## Maximum Classico

The Maximum Classico is designed with aesthetics and modern travel needs in mind. The beautiful high gloss finish and silent spinner wheels let you glide effortlessly through all of your travel.

### Aluminum Frame

This roll aluminum frame structure designed for maximum security and durability.

### Handle

Extra thick aircraft grade aluminum handle built for durability.

### RFID Pocket

Interior coated with RFID protection layer to protect against identity theft.

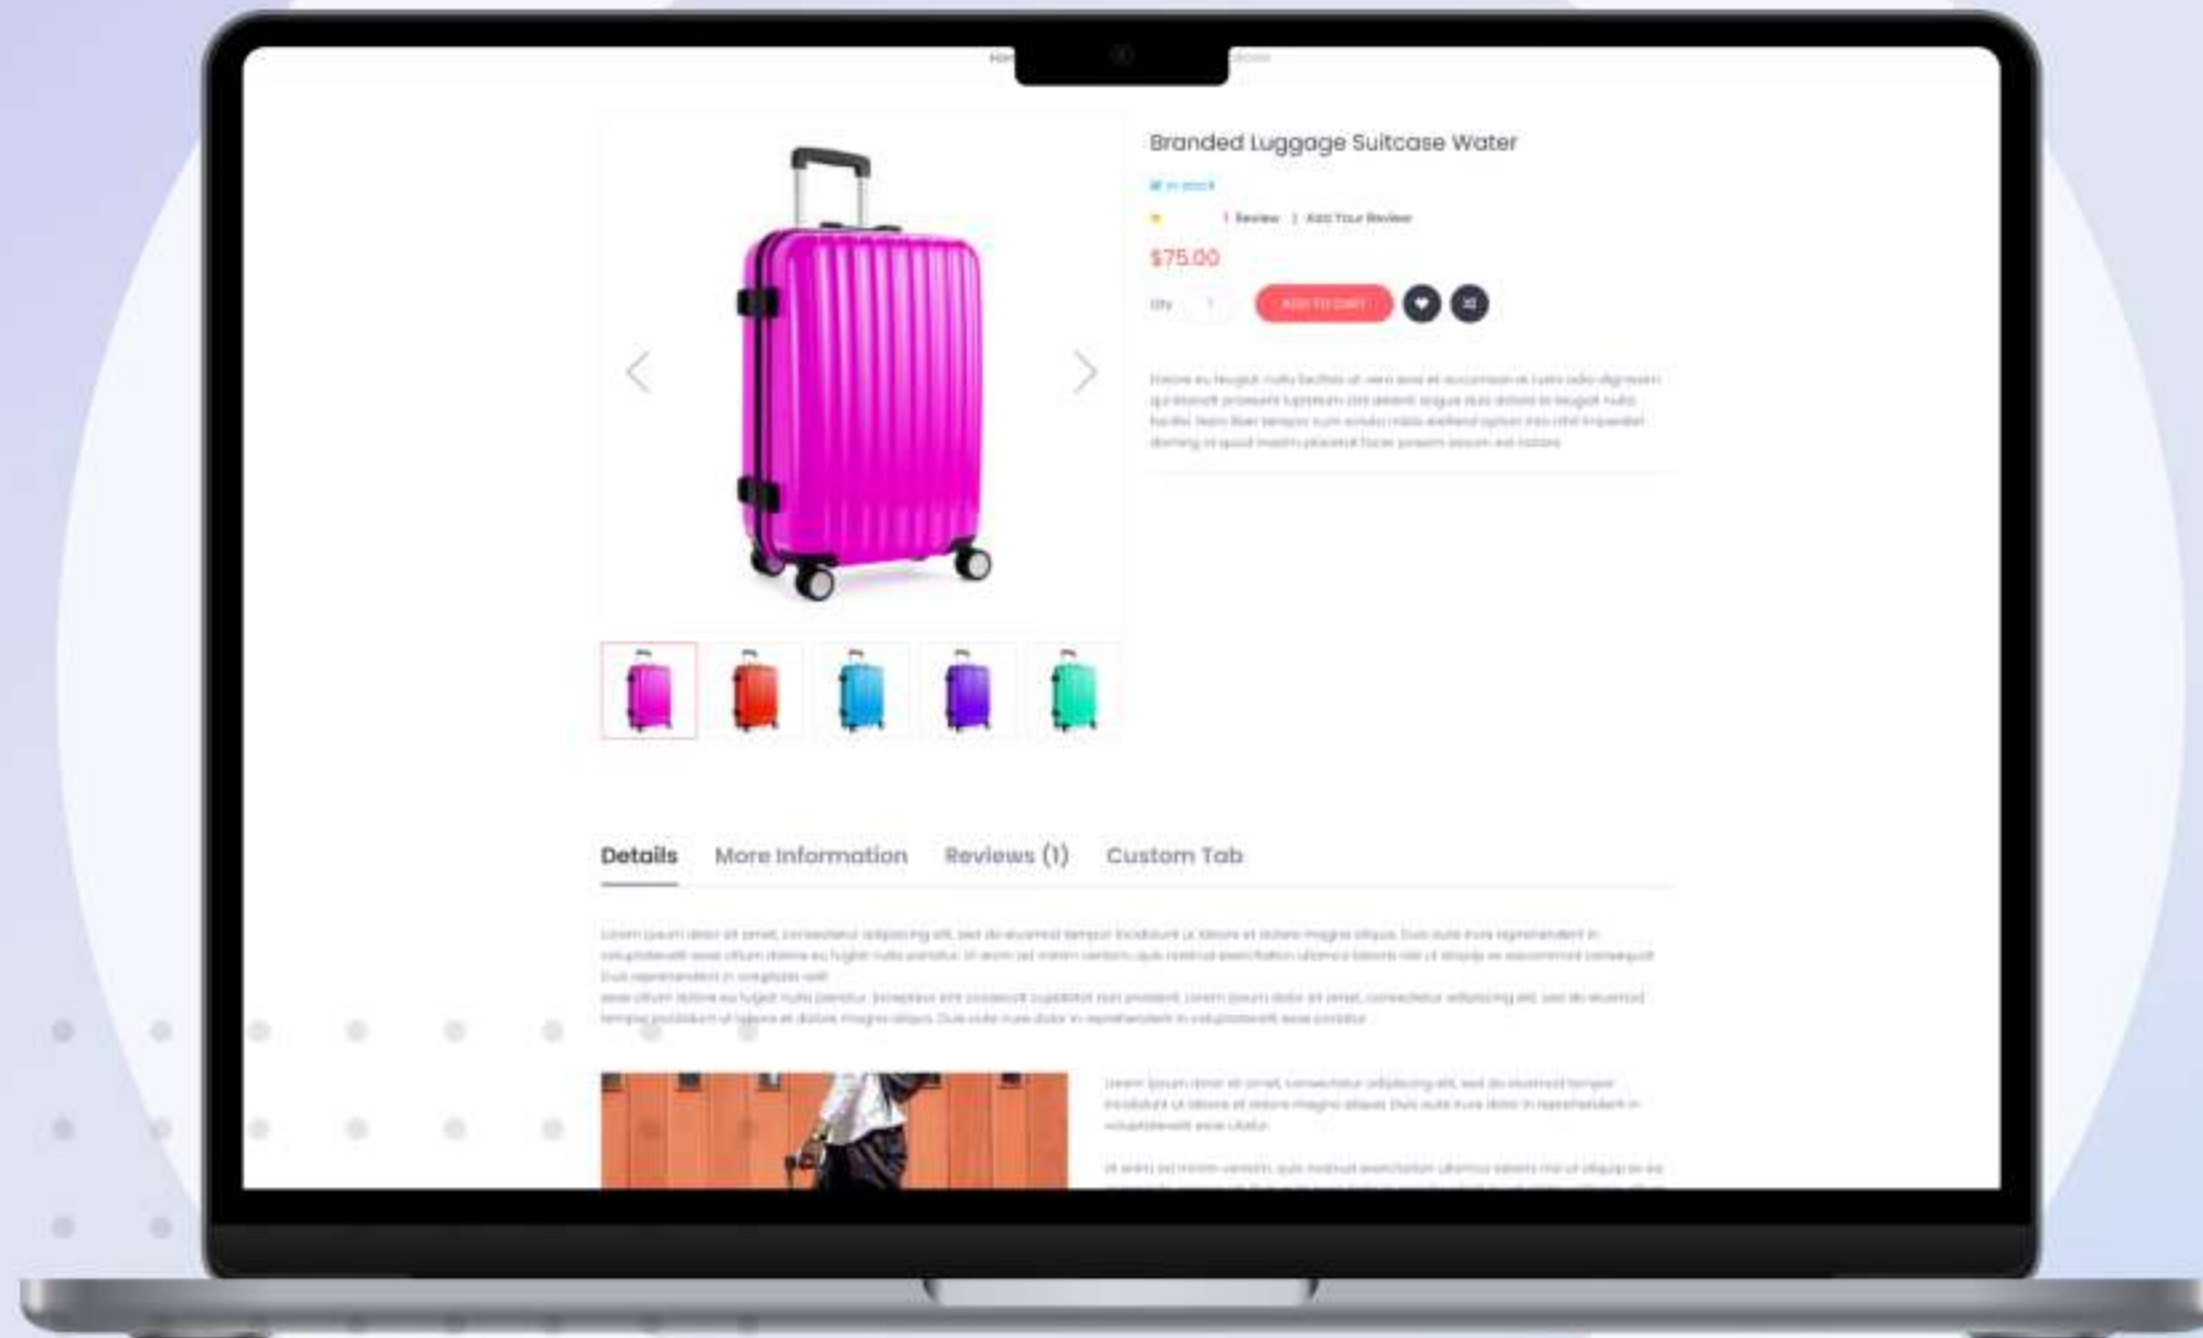

### Wheel

TPE Coated 35C degree spinner wheels for a smooth and silent glide.

# Features

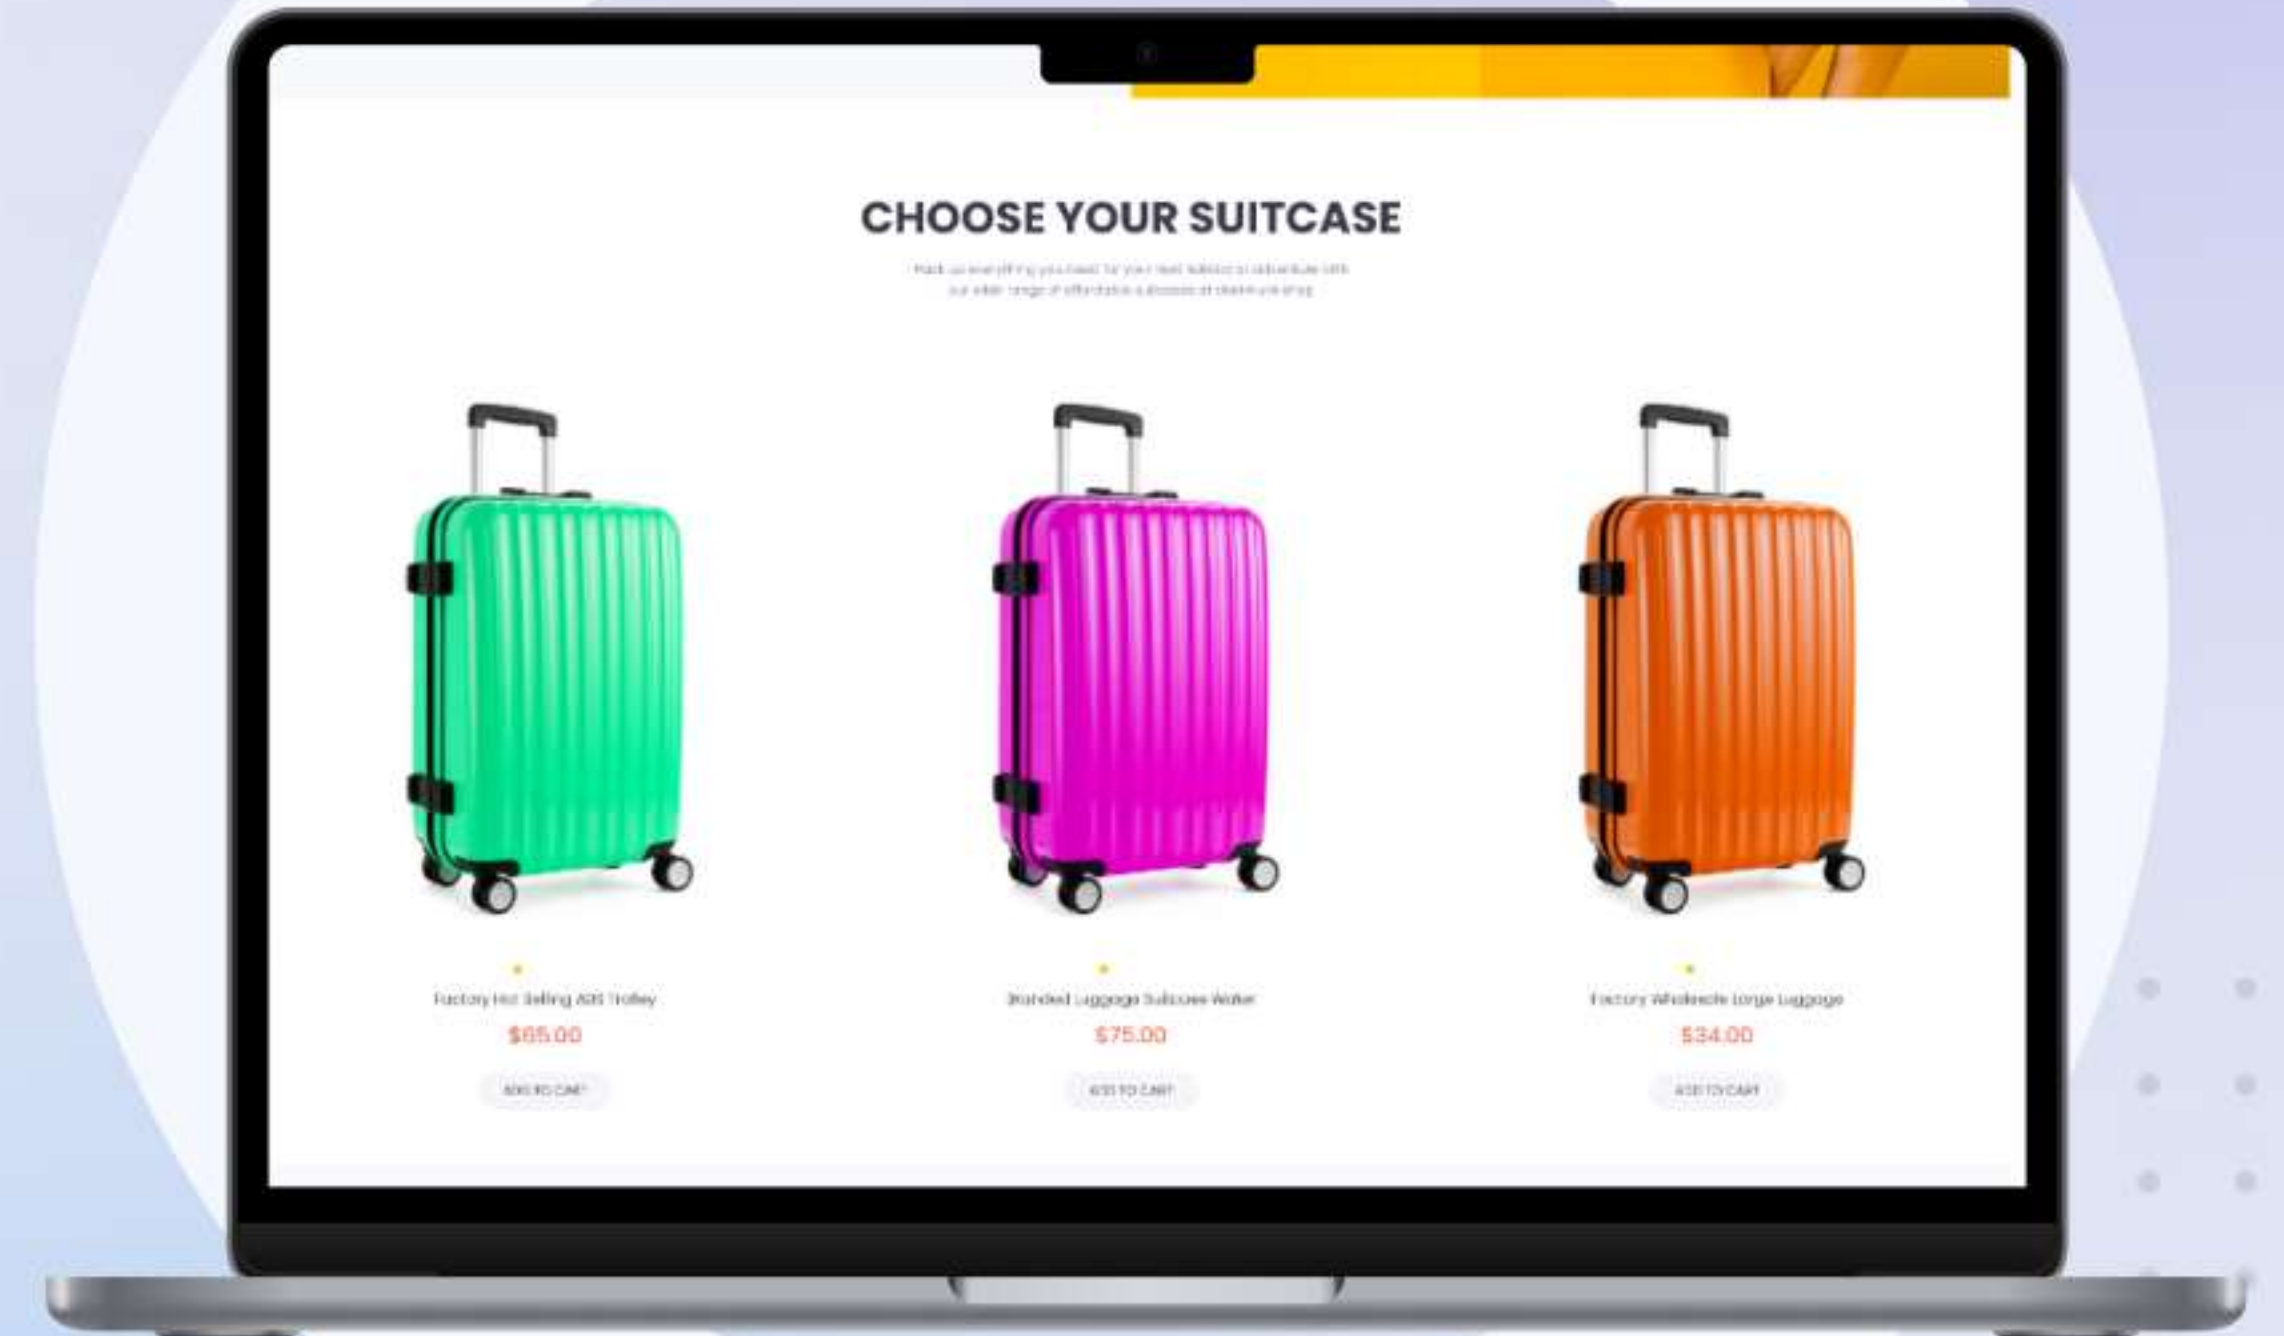

- ✓ Users can choose to rent suitcases for short-term use or purchase them permanently.
- ✓ A wide range of suitcase brands and models are available for users to choose from.
- ✓ Integrated payment solutions ensure secure transactions for both renting and purchasing.
- ✓ Dedicated customer support for any queries or assistance during the renting or purchasing process.
- ✓ Intuitive design and navigation make it easy for users to find and select their preferred suitcases.

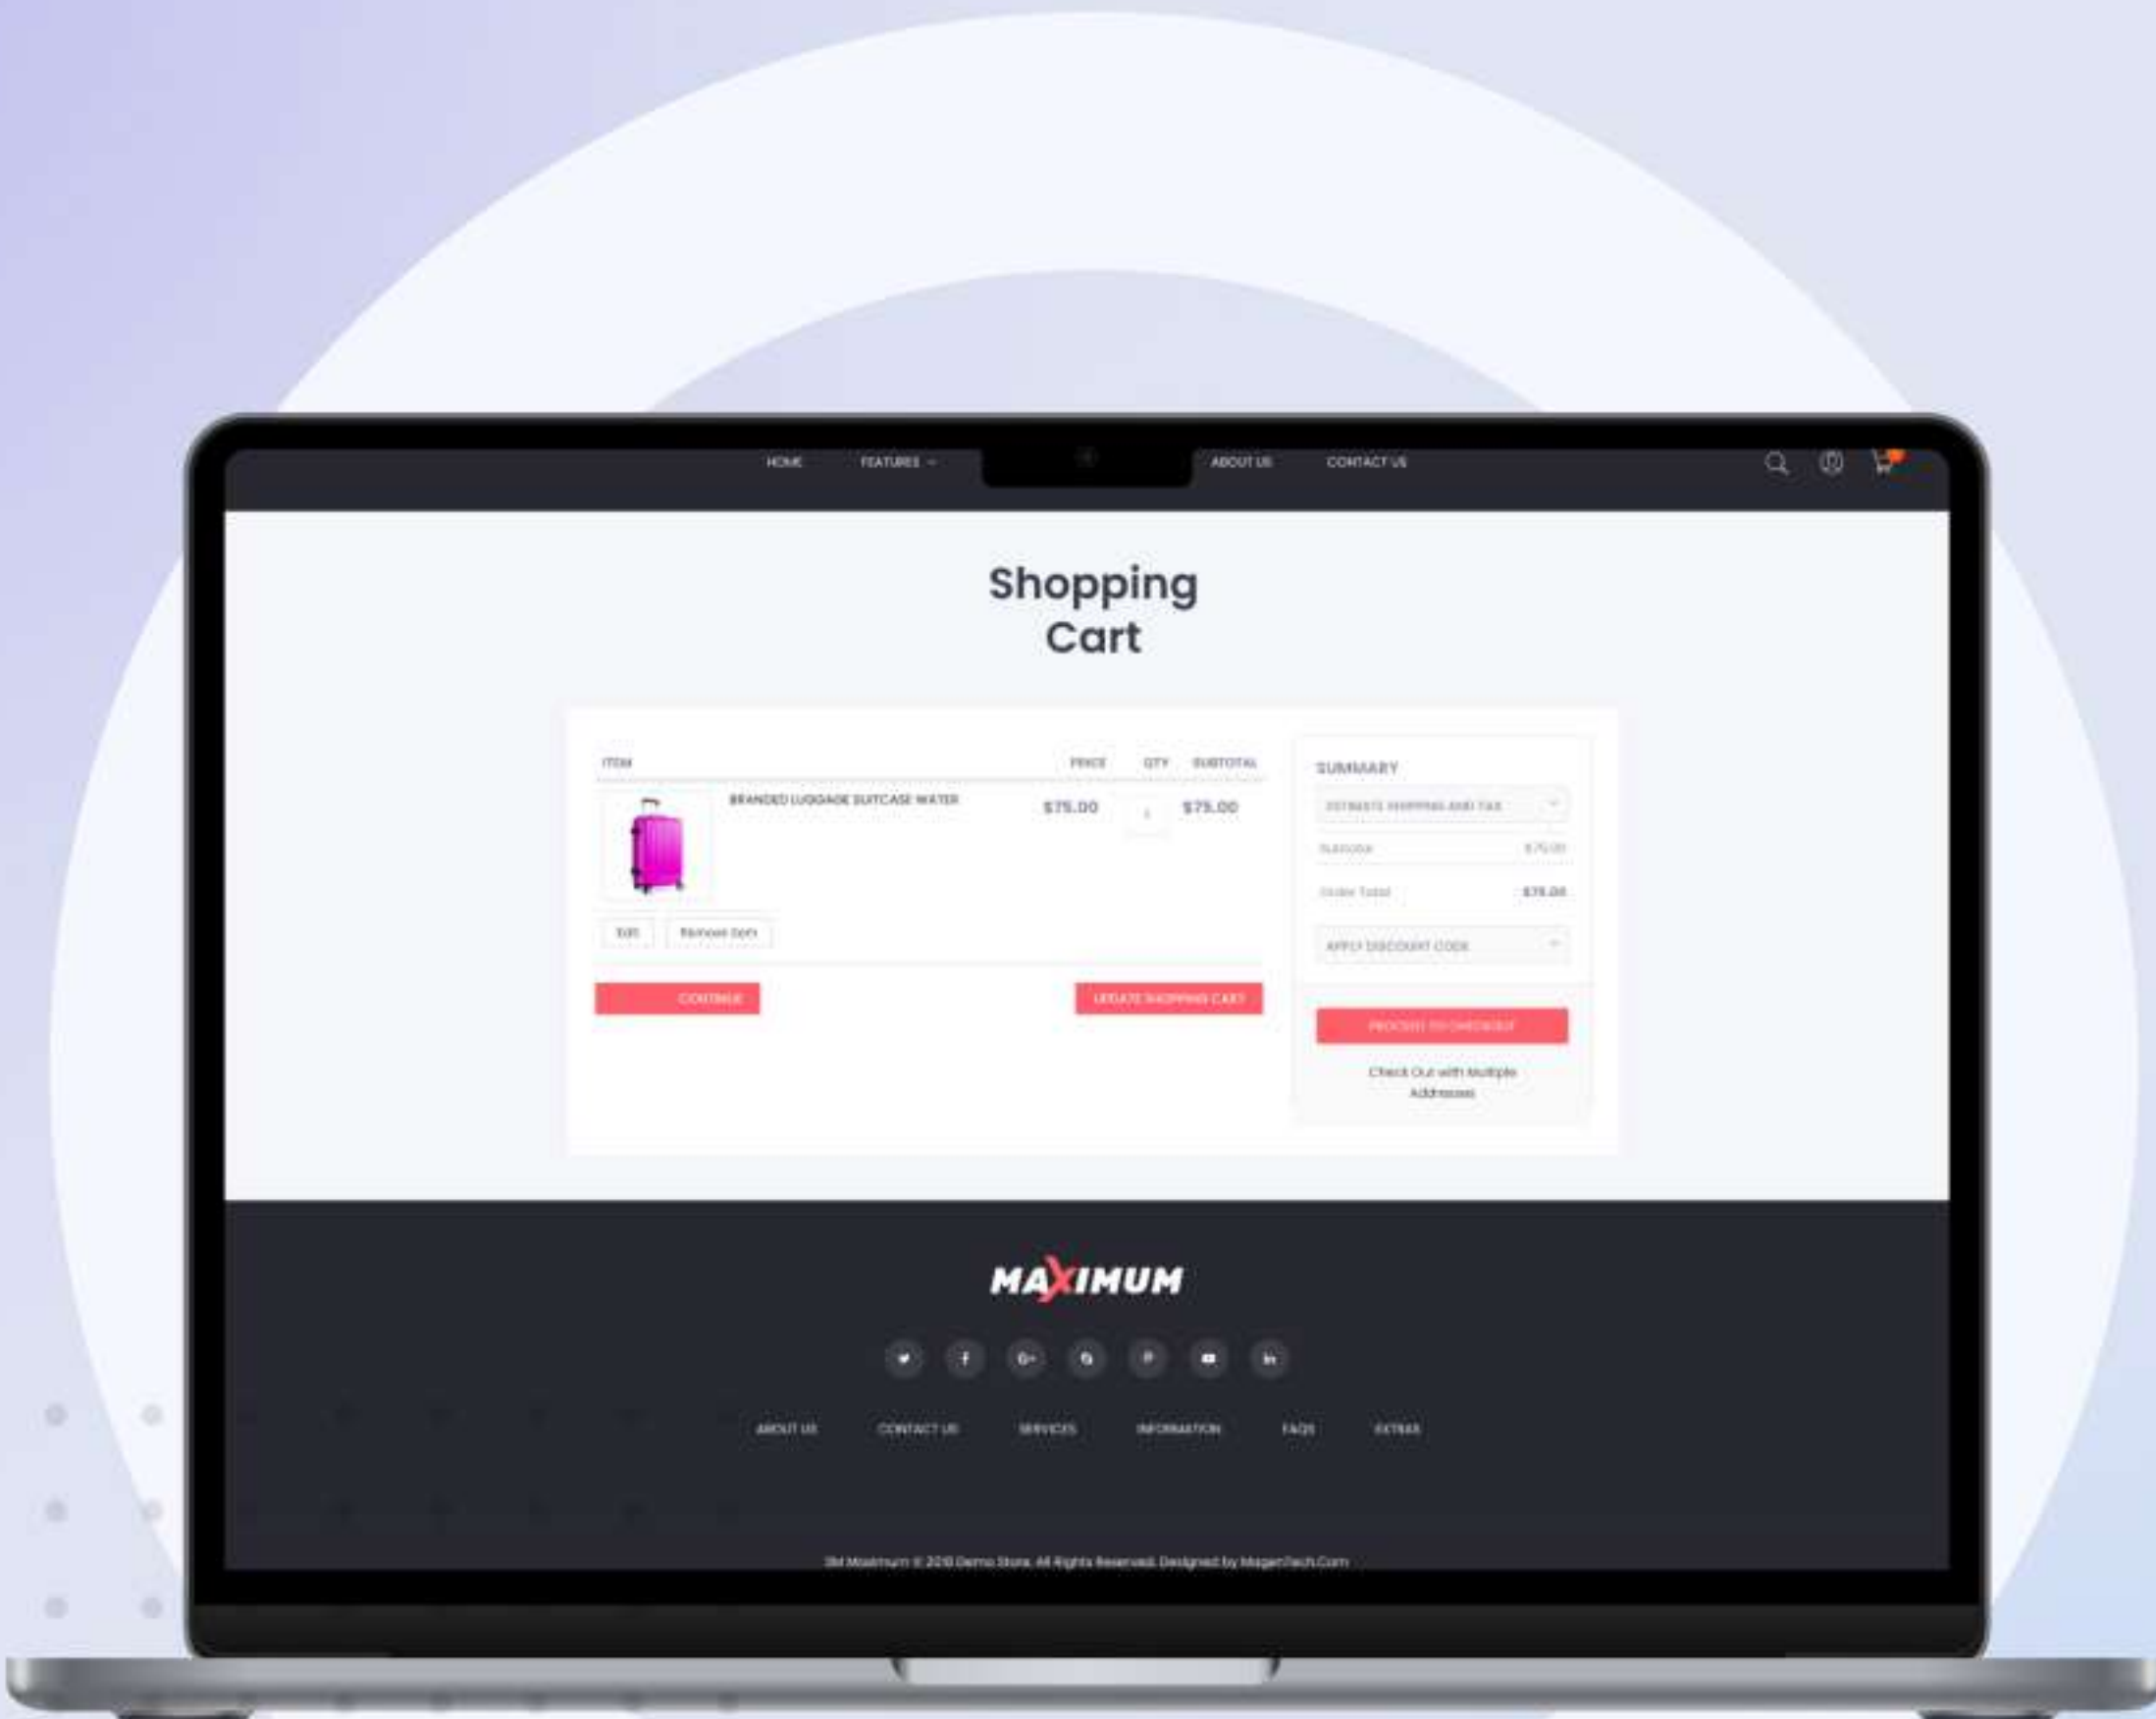

# Challenges

- ✓ Integrating multiple payment gateways and ensuring seamless transactions posed technical challenges.
- ✓ Managing a diverse inventory of suitcases, including availability for rent and purchase, required robust backend solutions.
- ✓ Balancing the user experience between renting and purchasing options without overwhelming users was a design challenge.
- ✓ Ensuring data security and privacy protection for user information and payment details was a top priority.

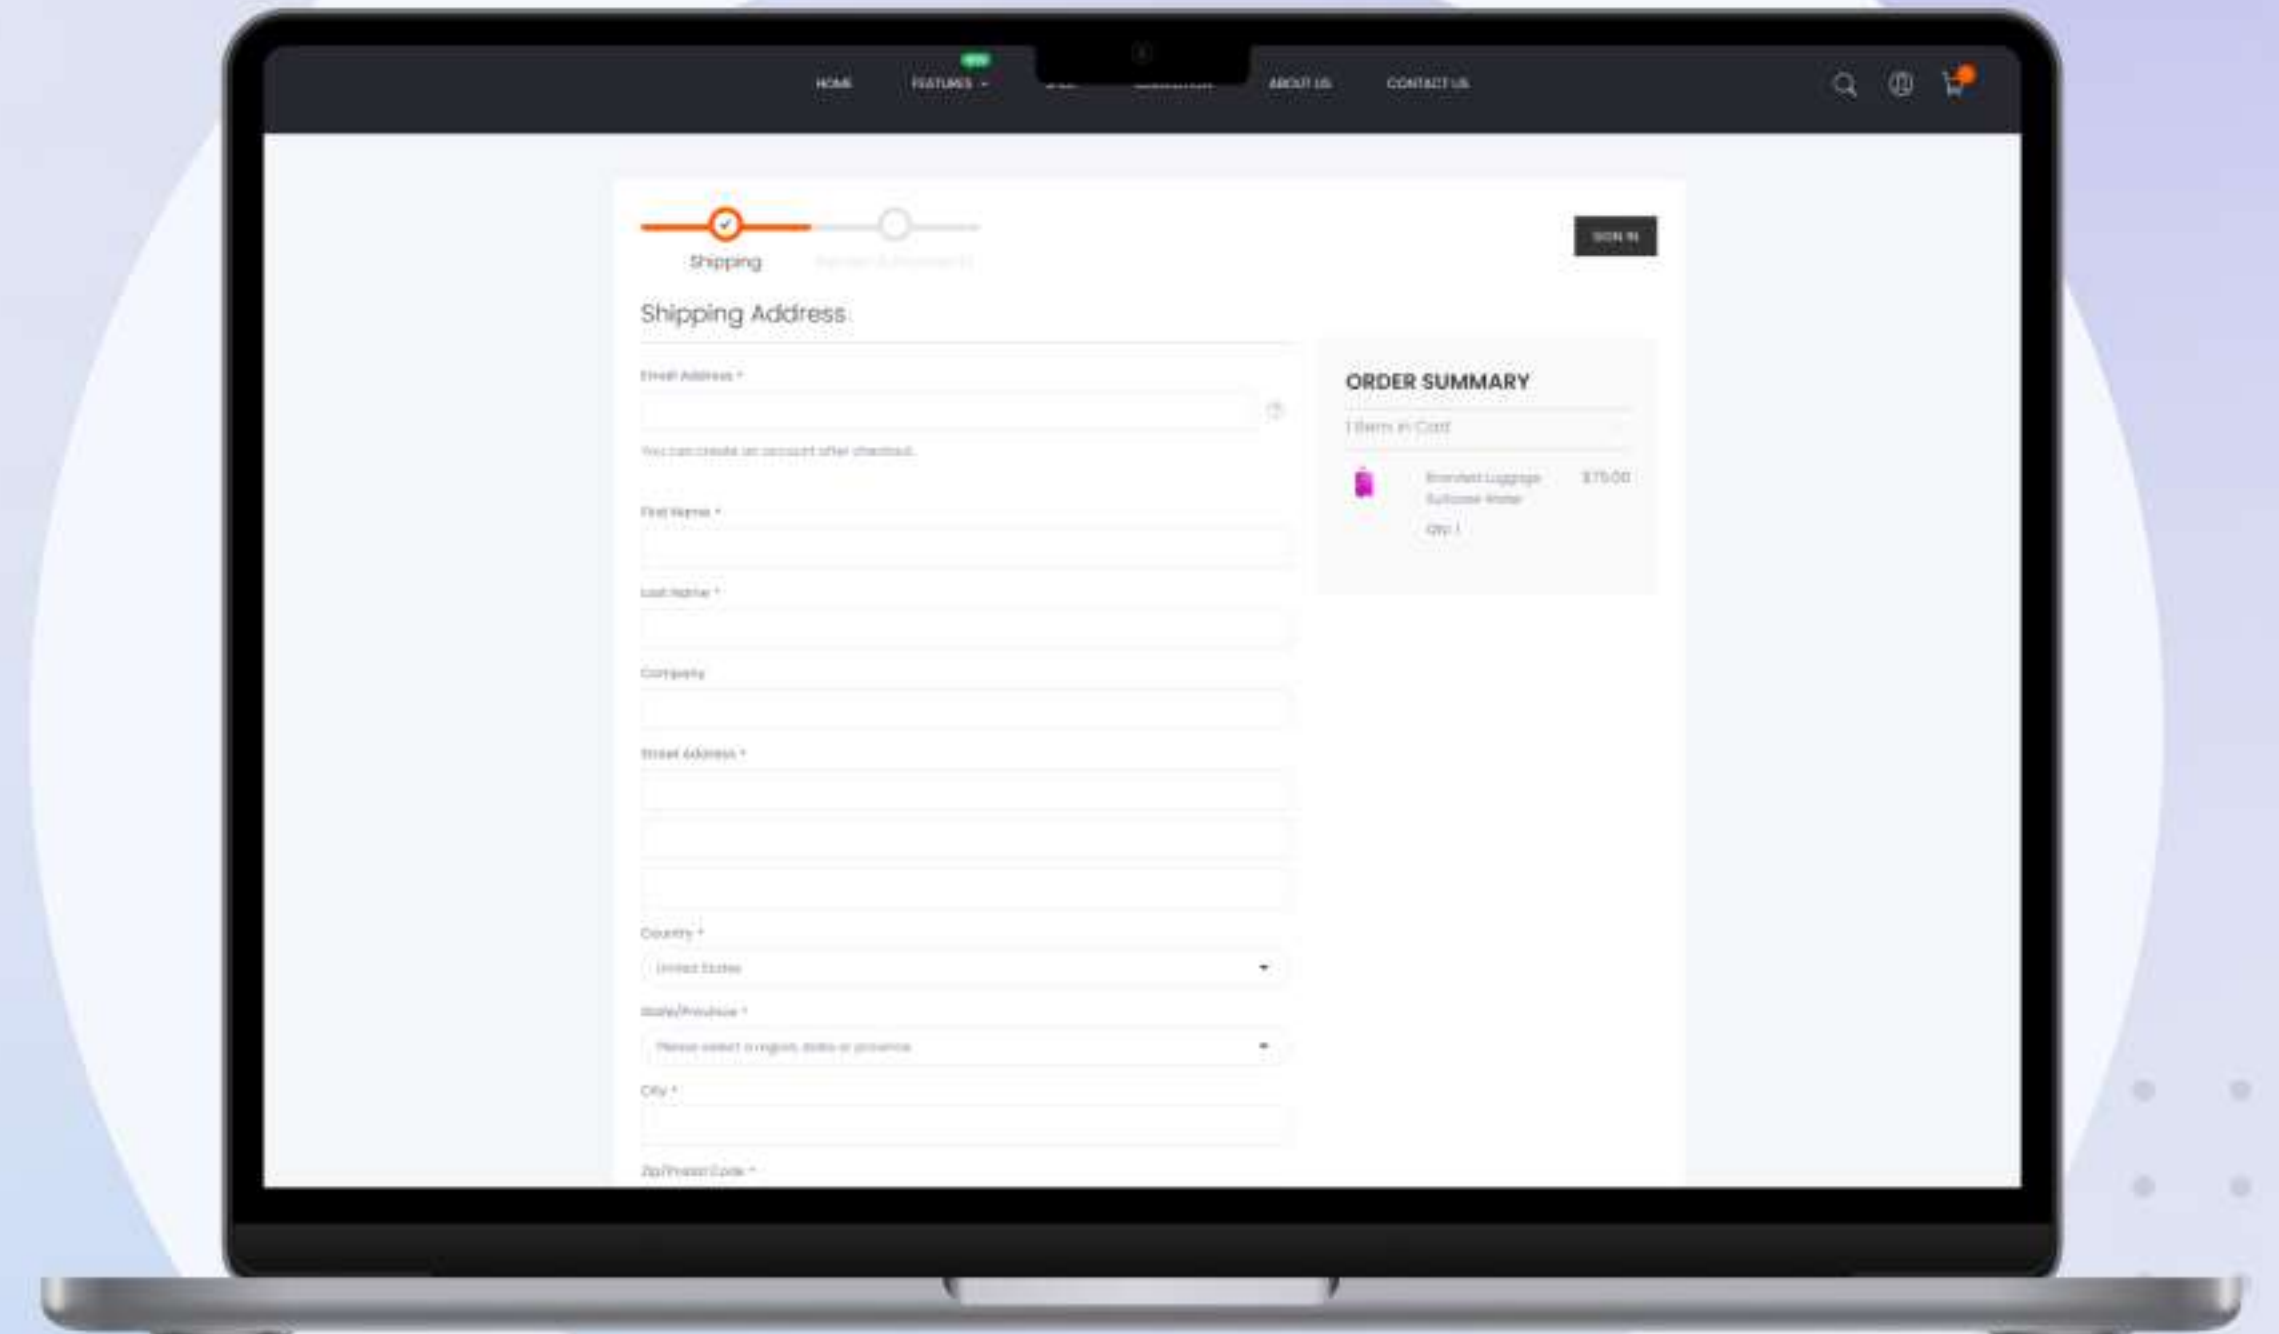

# Solutions

- ✓ Implemented a customized payment gateway solution to handle transactions securely and efficiently.
- ✓ Developed a comprehensive inventory management system to track availability, condition, and pricing of suitcases.
- ✓ Conducted user testing and feedback sessions to optimize the interface for seamless navigation and decision-making.
- ✓ Implemented robust security protocols, including SSL encryption and data protection practices, to safeguard user data.

# Impact

- ✓ The introduction of renting options alongside permanent purchases expanded revenue opportunities.
- ✓ Positive user feedback and increased customer satisfaction due to a user-friendly interface and smooth transactions.
- ✓ Differentiated from competitors by offering flexible renting options and a diverse range of suitcase choices.
- ✓ Strengthened Codeintelli Technologies LLP's reputation as an innovative IT service provider capable of delivering complex e-commerce solutions.

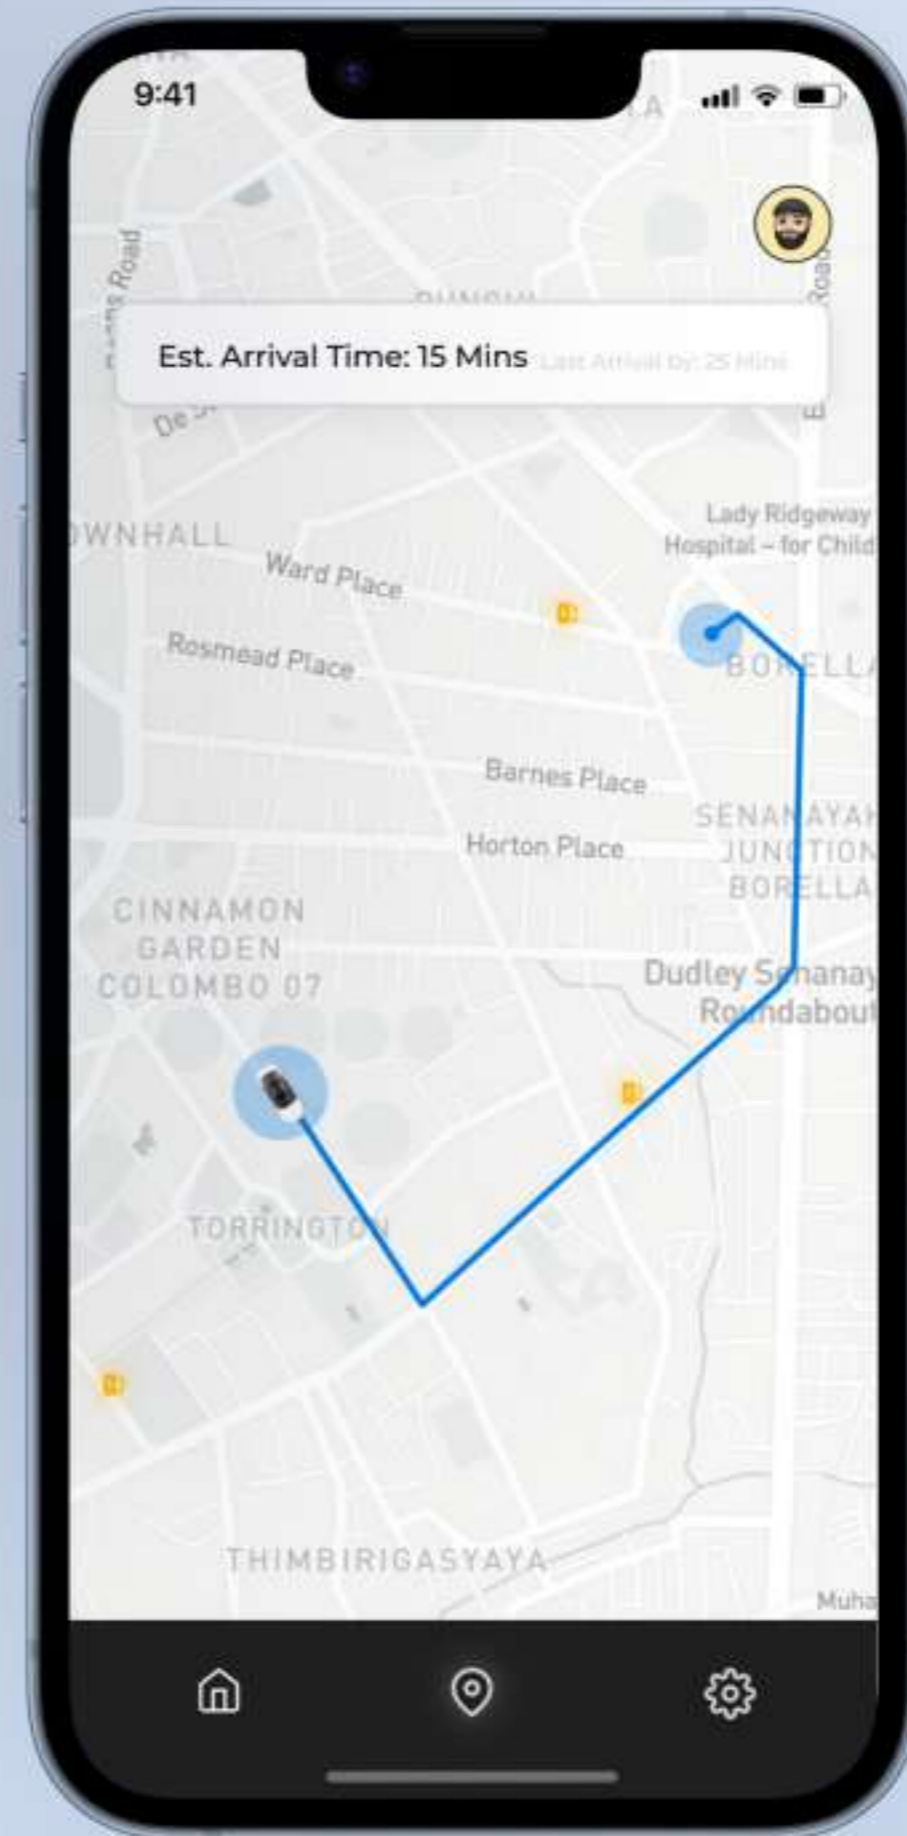

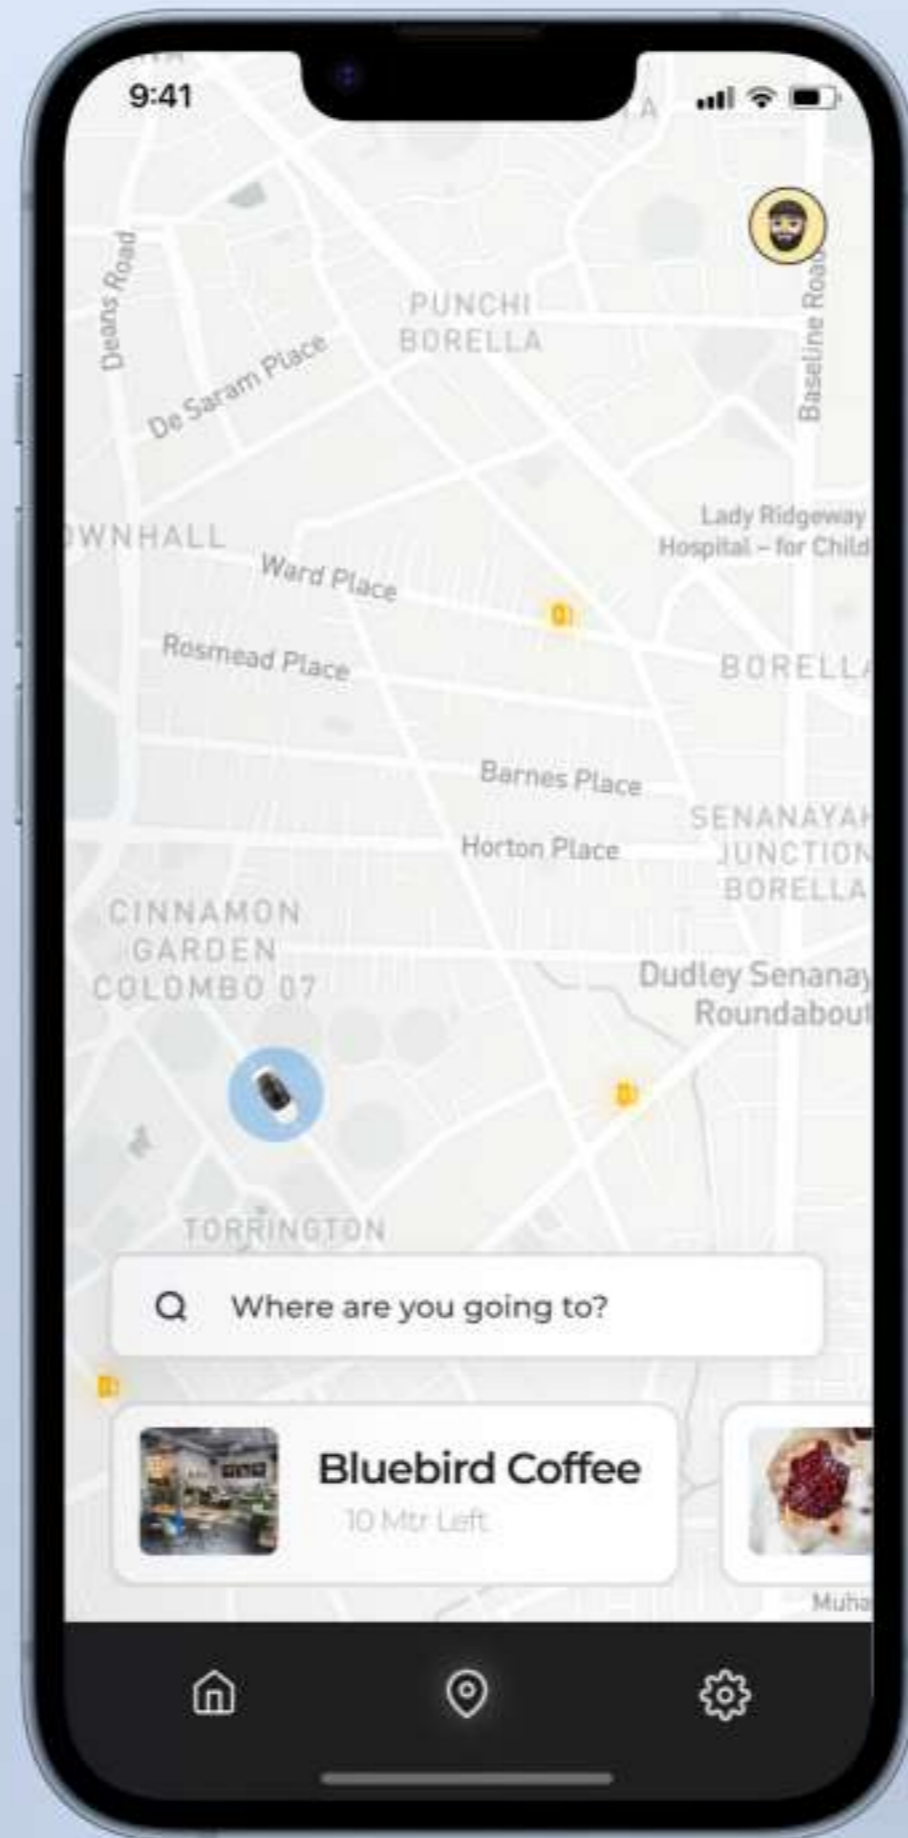

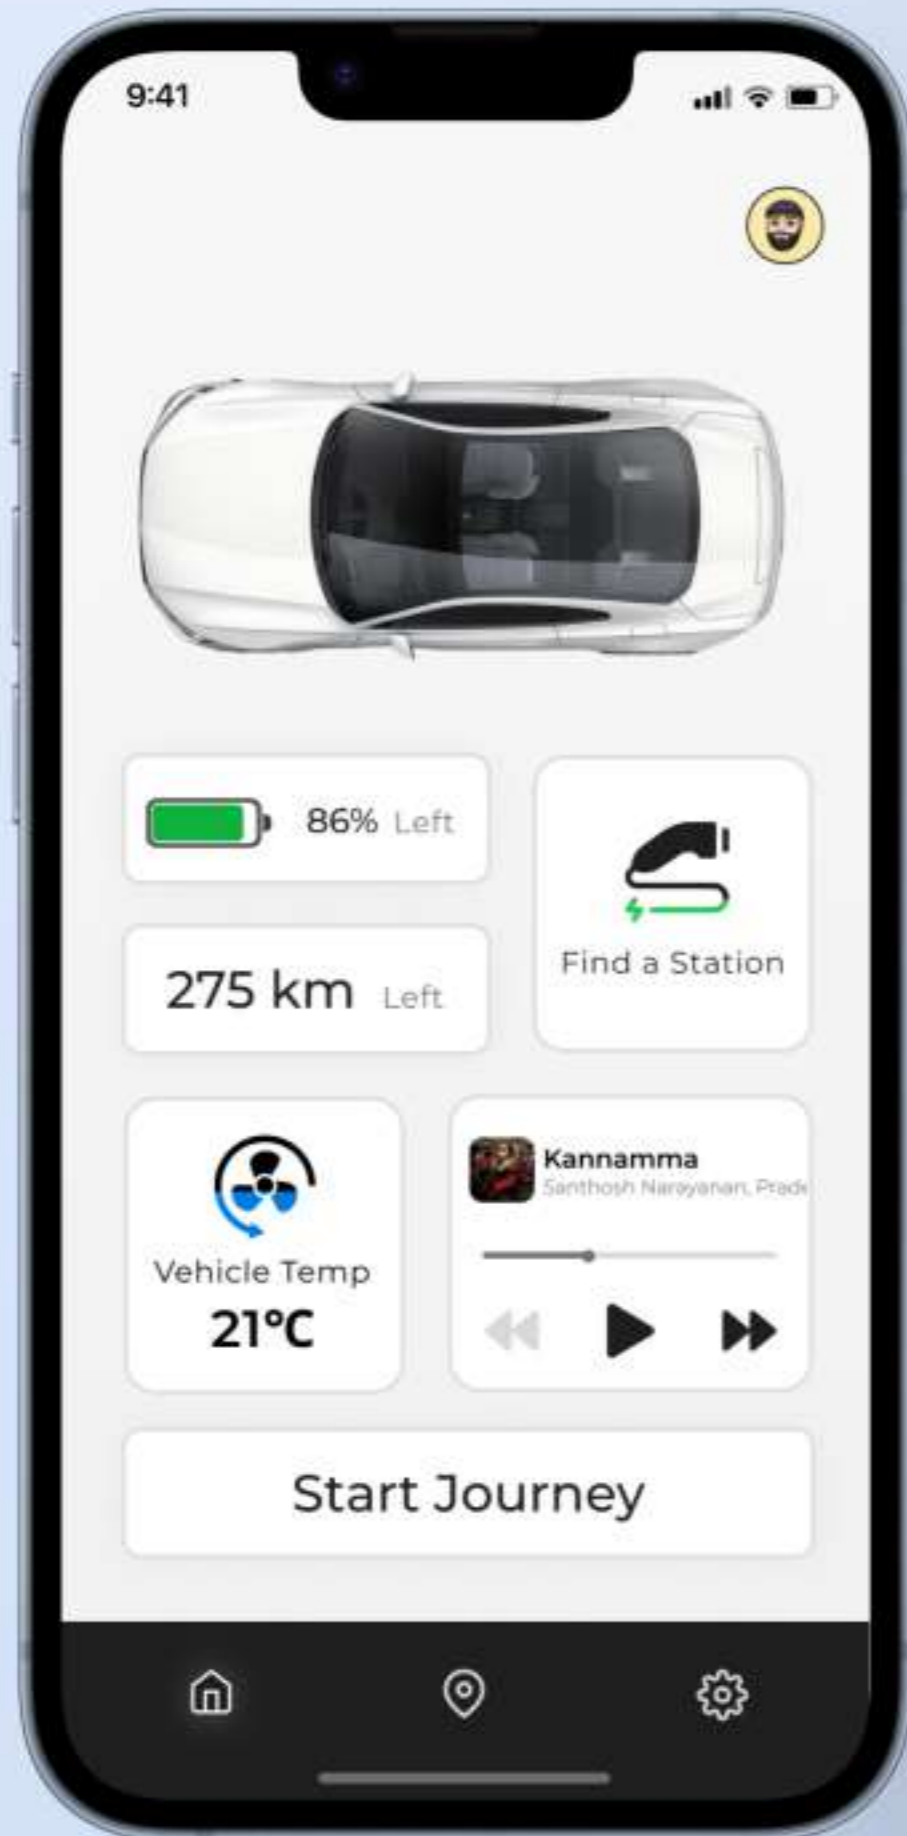

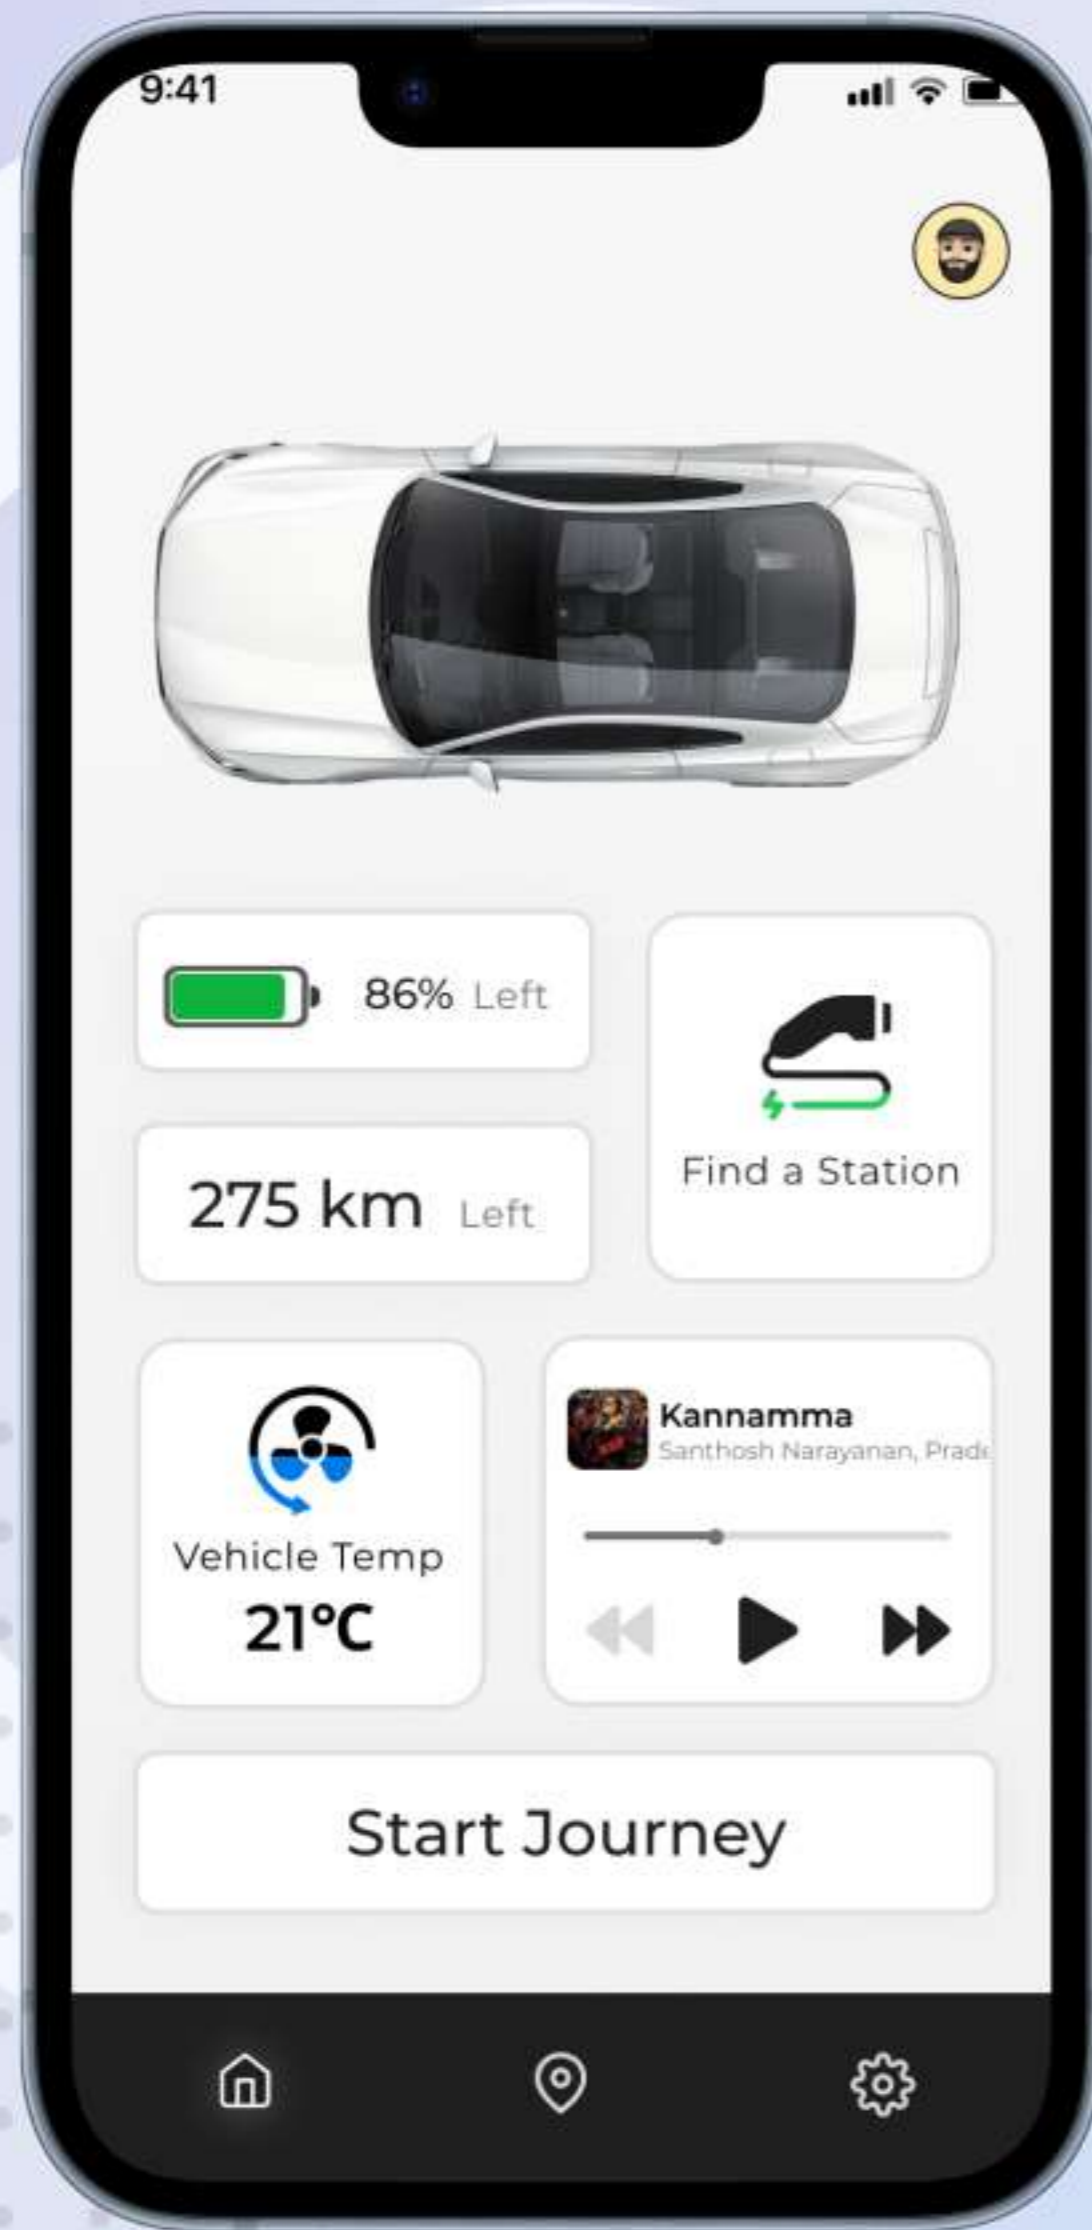

# EV Charging Station Finder

locate-find charge Company sought to address "range anxiety" among EV drivers by developing an app to easily locate charging stations. The app provides real-time information on station availability and integrates trip planning.

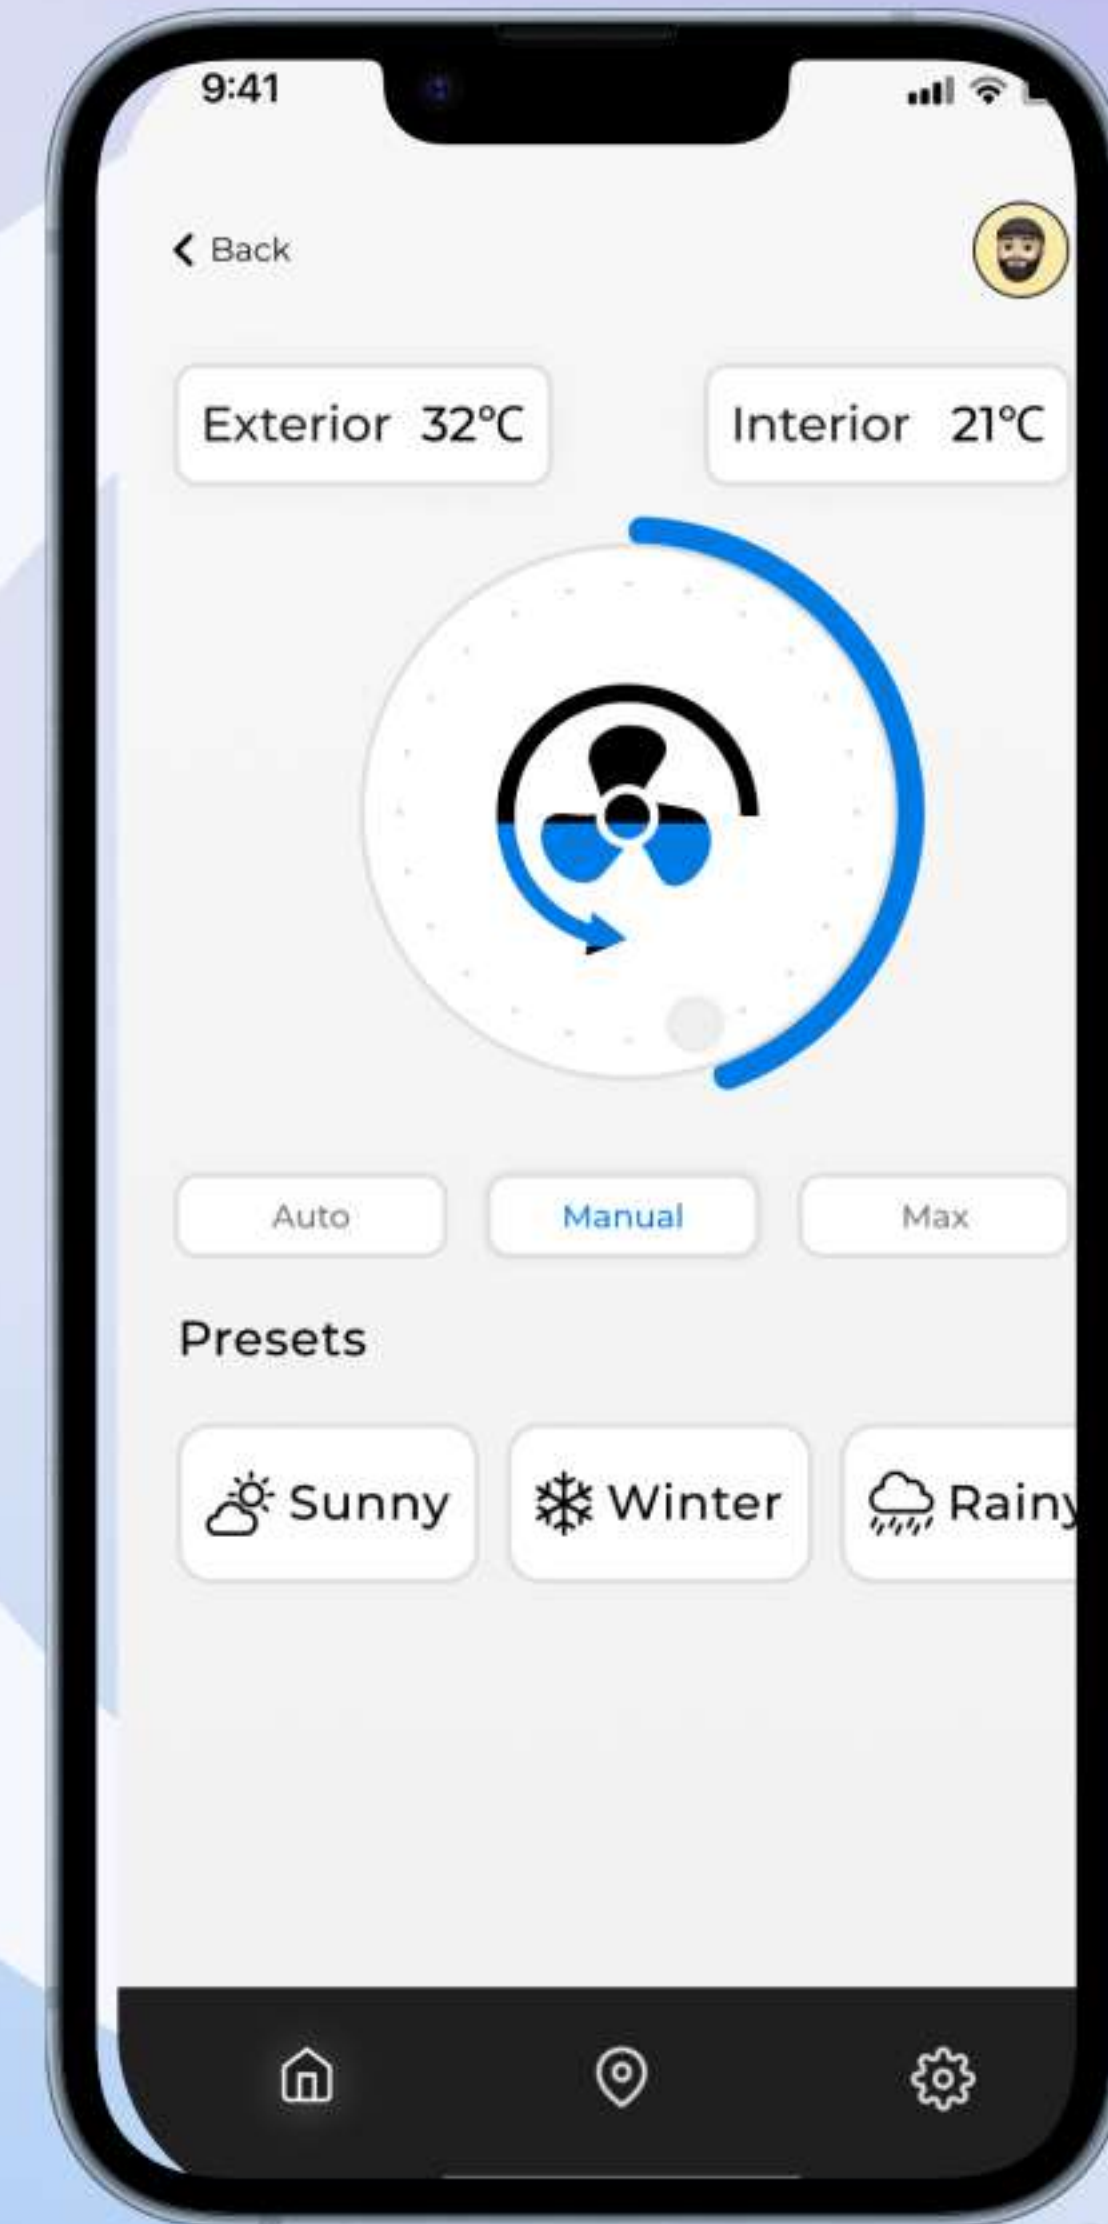

# Features

- ✓ Map and list views of nearby charging stations
- ✓ Filters to find stations by connector type, network, availability etc.
- ✓ Real-time data on number of chargers available
- ✓ User reviews and ratings for each station
- ✓ Driving directions with charging stops integrated
- ✓ Save favorite stations and trip plans

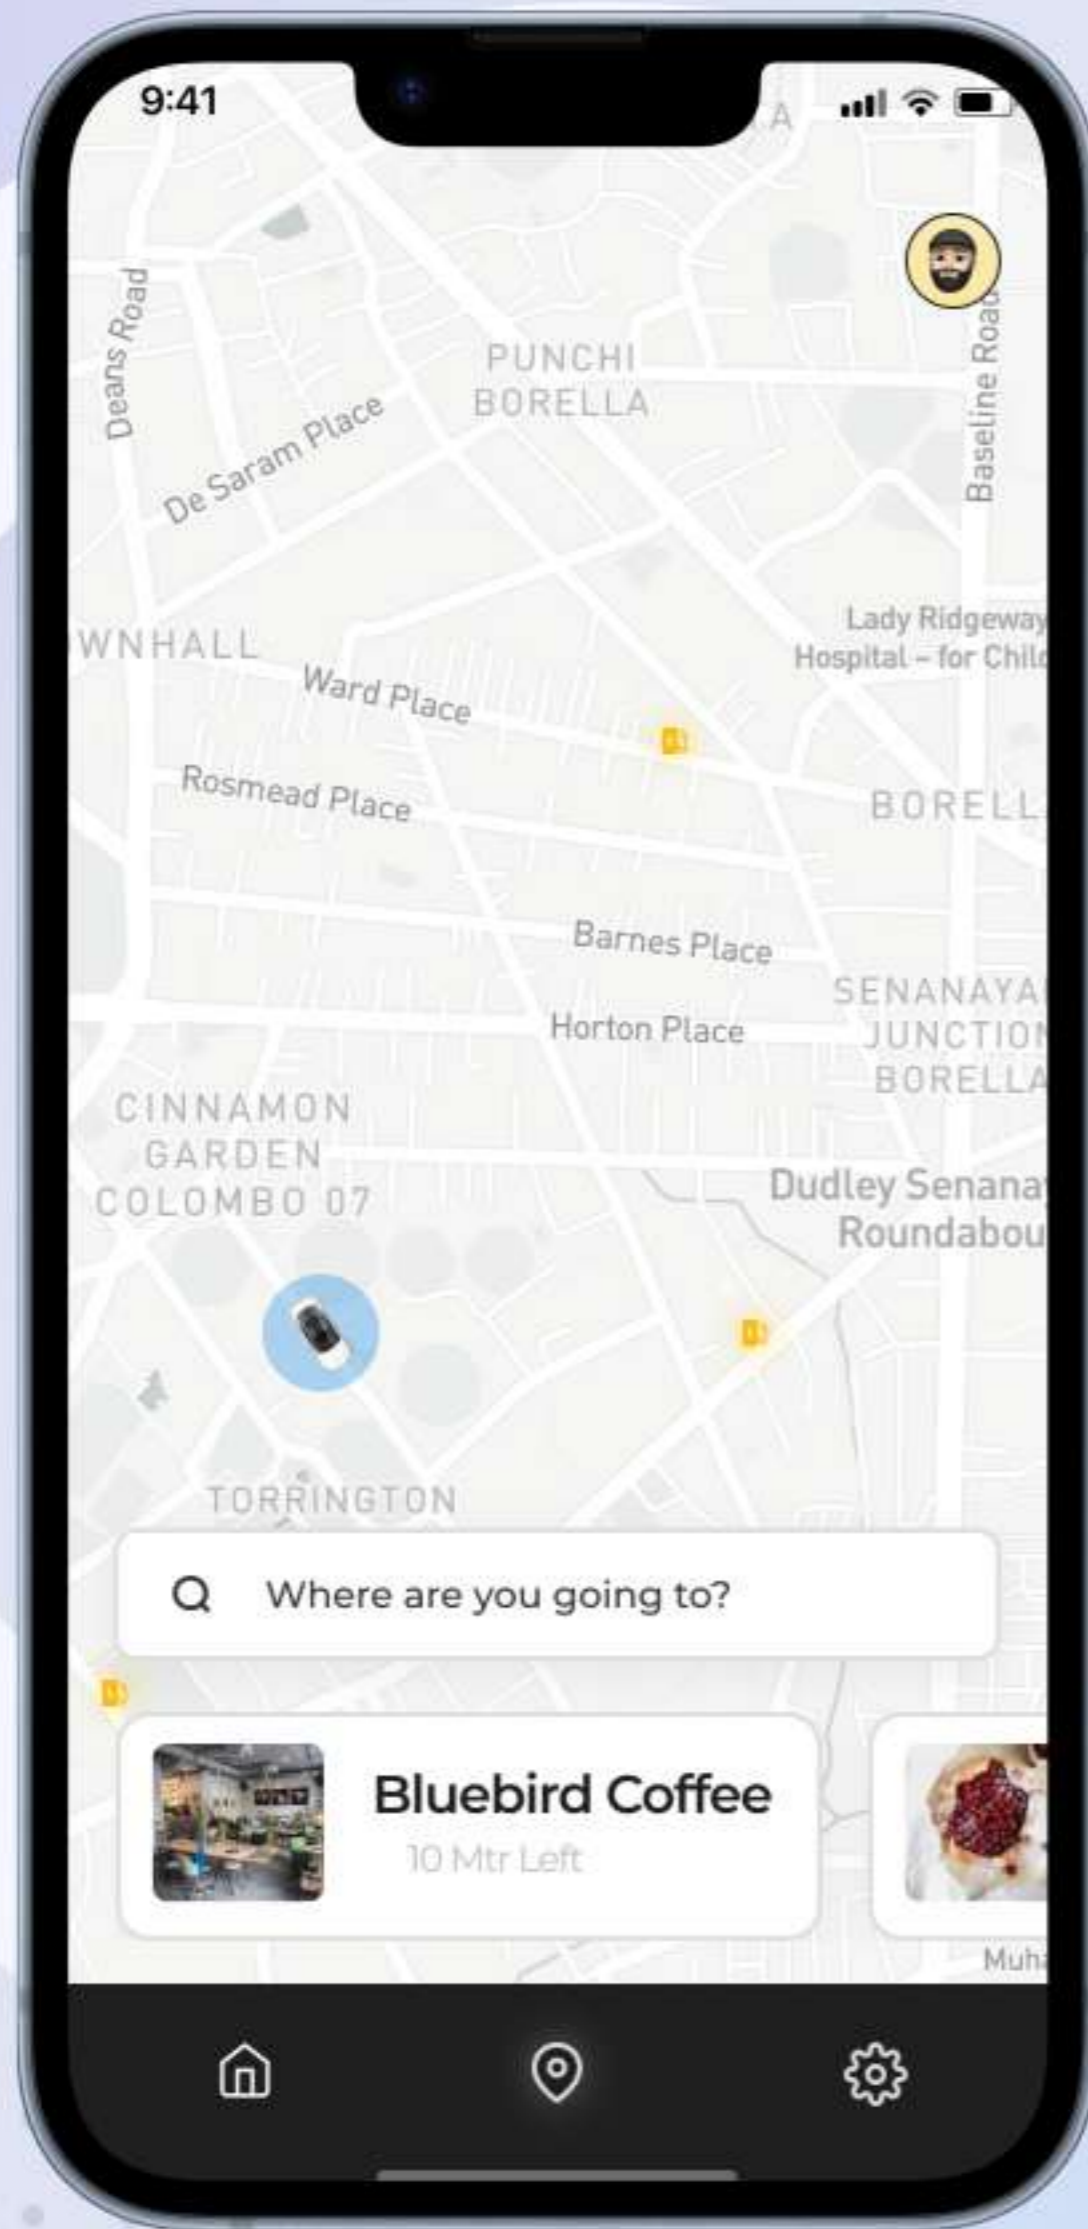

# Challenges

- ✓ Difficulty finding available charging stations en-route
- ✓ Lack of real-time data on connectors and wait times
- ✓ No easy way to plan trips with optimal charging stops
- ✓ Friction paying for and tracking charging sessions

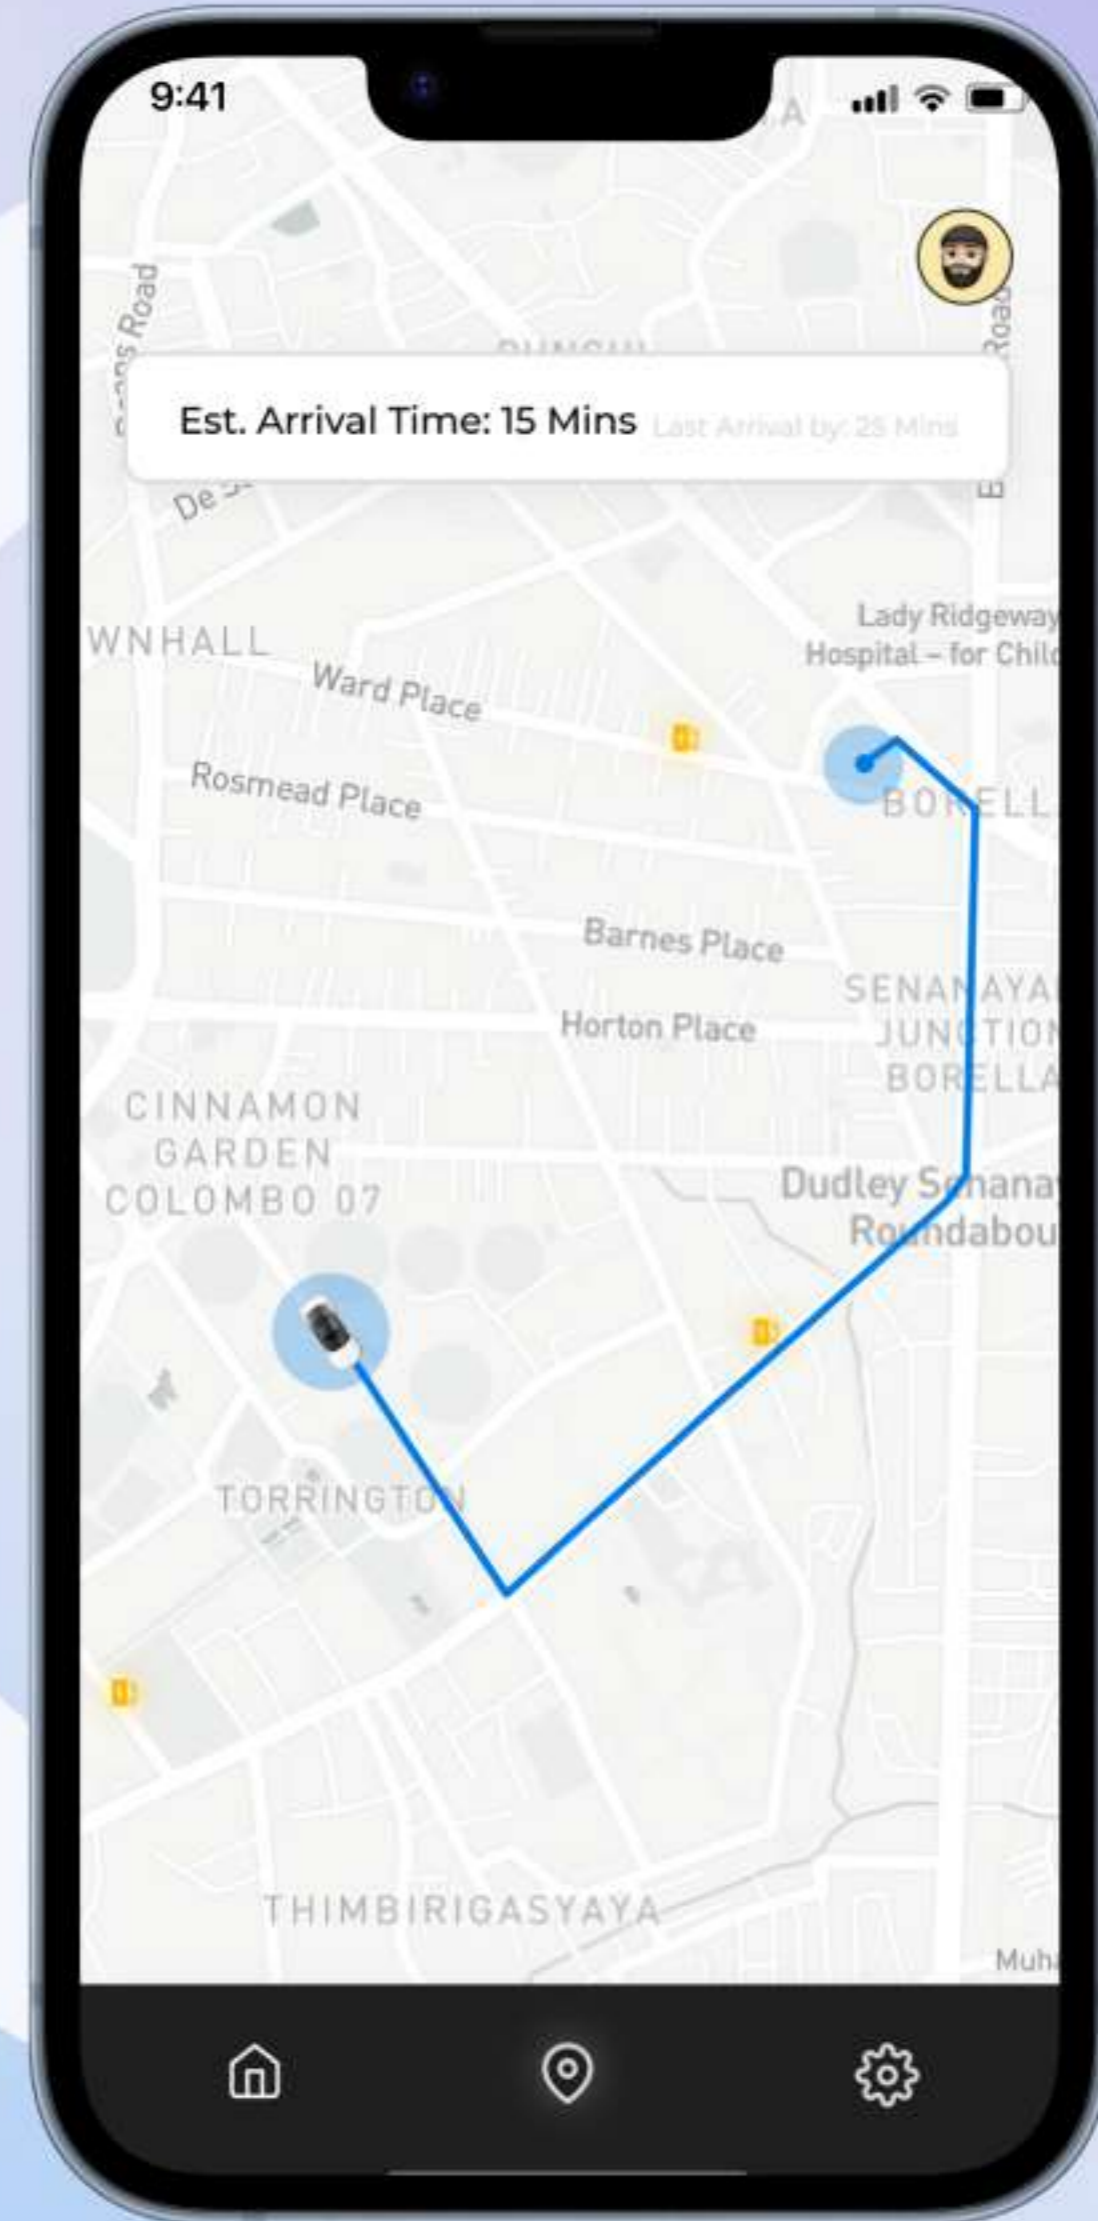

# Solutions

- ✓ Comprehensive map of charging locations
- ✓ Up-to-date availability information
- ✓ User reviews for each station
- ✓ Queue trackers and reservations
- ✓ In-app payments and monitoring

# Impact

- ✓ Over 50,000 downloads in first 6 months
- ✓ 23% increase in long distance trips planned
- ✓ 29 minutes average time savings finding stations per trip
- ✓ 41% of users report reduced range anxiety

# Fantasy Sports App

Fantasy sports apps let people create or join leagues and manage teams based on real players' statistics. 57.4 million people play fantasy sports in North America and Asia

- Sorry James, Mateo Balno  
Already decided Withdraw  
from Digita United

New Winning era FC manager Hano is reportedly interested in making Senja FC midfielder Samuel Marae his first signing in the June transfer window.

As is known, the 31-year-old player has returned to be an important part of the White throughout the 2021/2022 season. He has made 40 appearances in all competitions, contributing two goals and five assists.

Samule Marae current contract at Mandala Stadium expires in June. In recent weeks there has been speculation surrounding the Meranomi international's future.

# Features

- ✓ Digital Application Process
- ✓ AI Credit Risk Assessment
- ✓ Online Account Management
- ✓ Automated Repayment Options
- ✓ Peer-to-Peer Funding

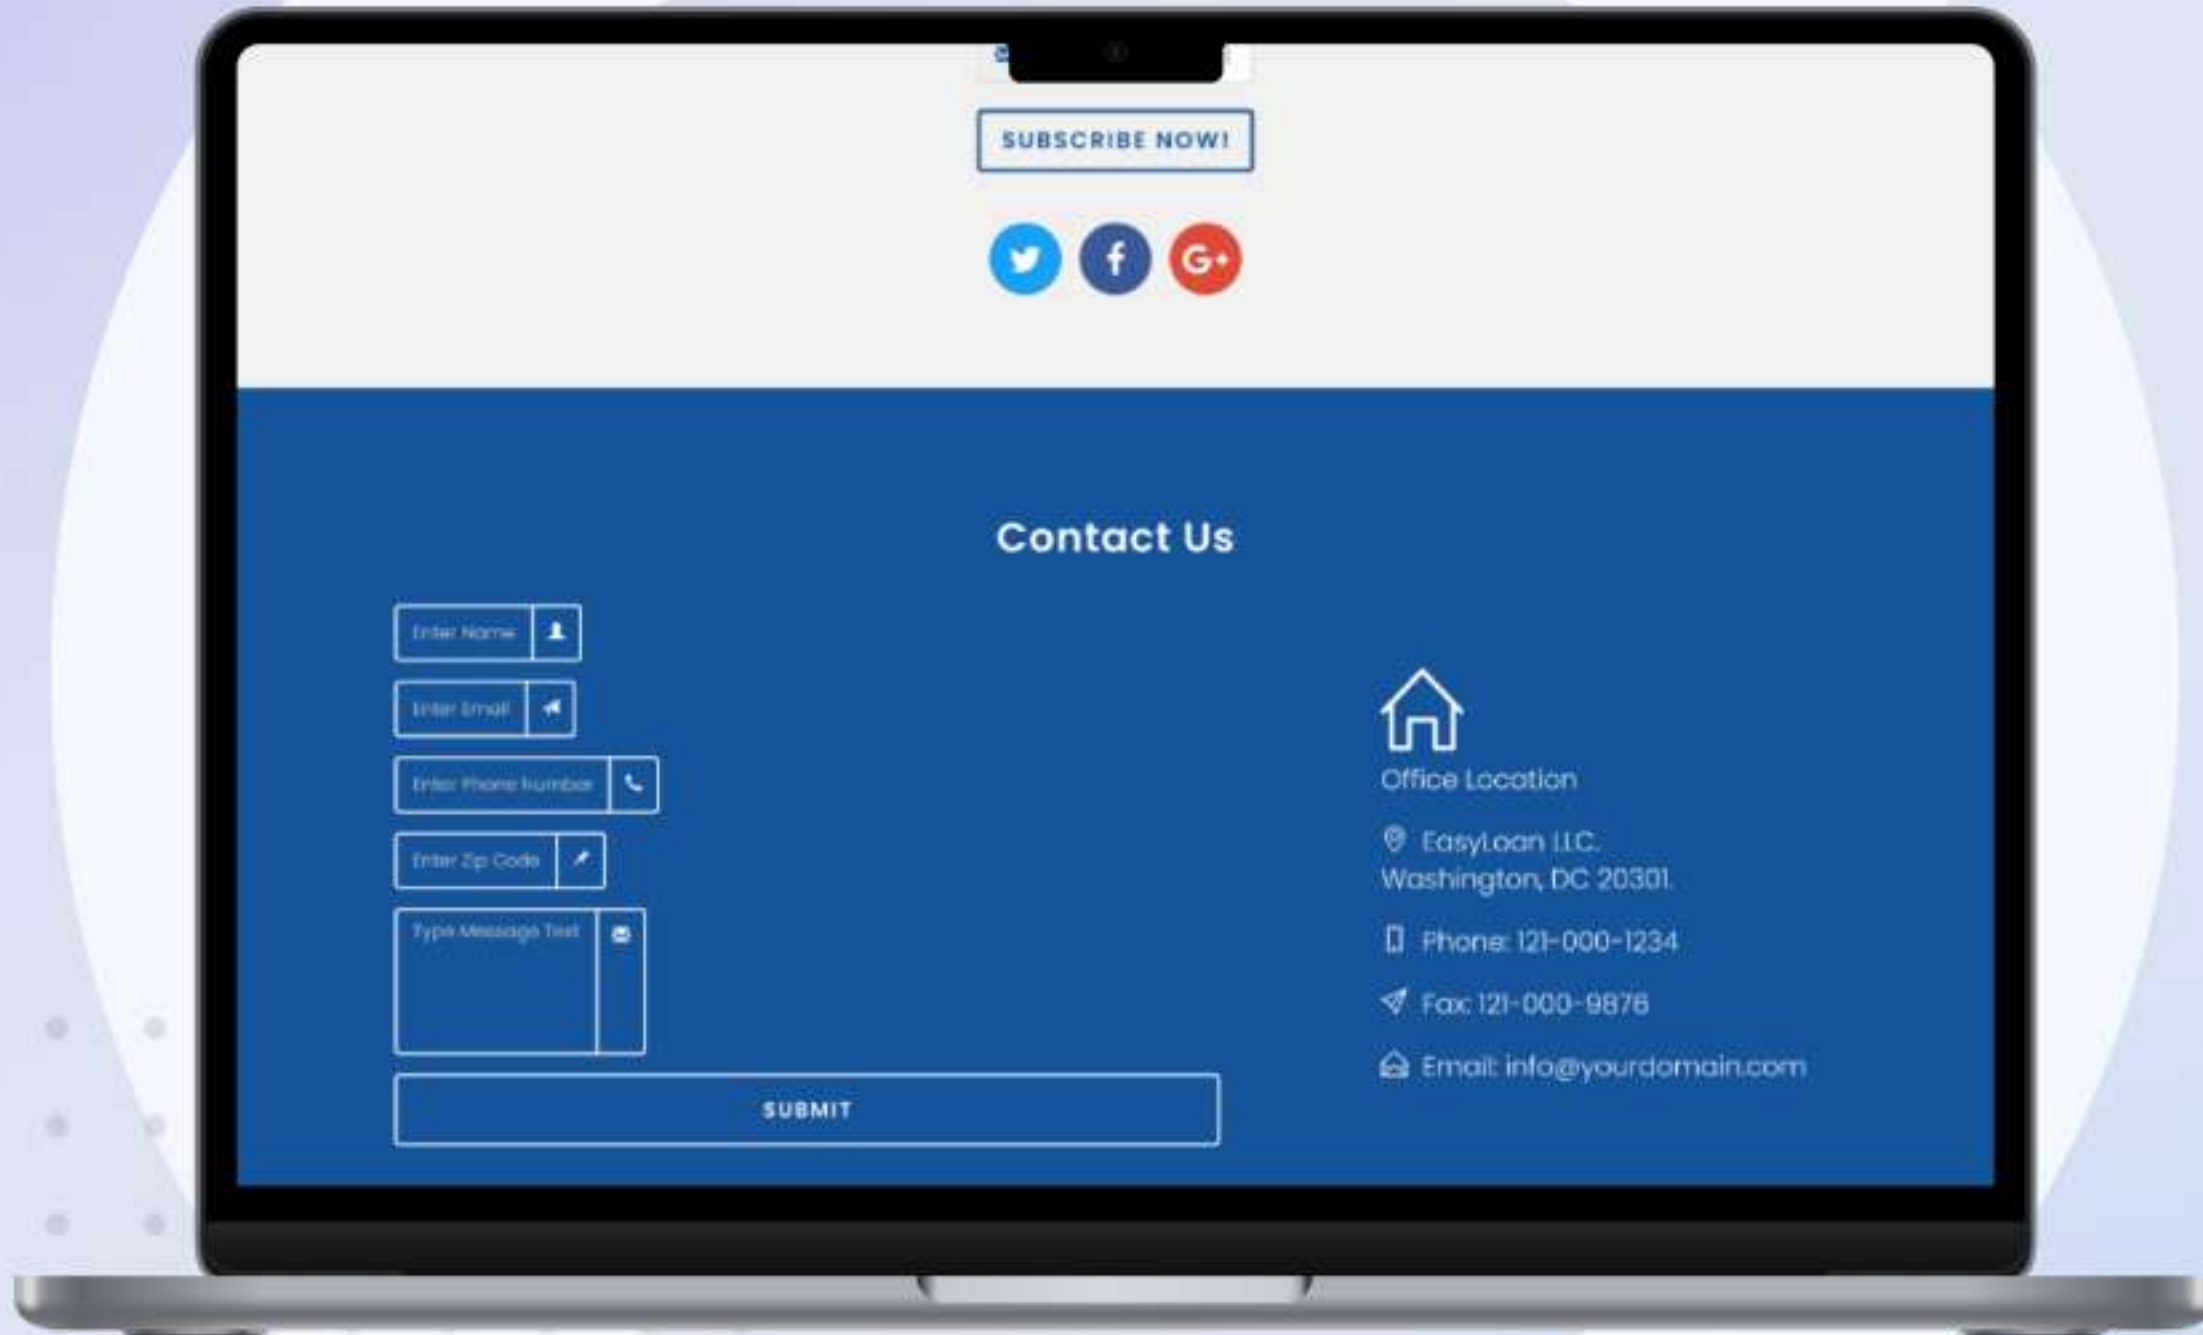

# Challenges

- ✓ Complex manual application process.
- ✓ Limited transparency into loan options and terms.
- ✓ Rigid repayment structures.
- ✓ High loan servicing fees.

# Solutions

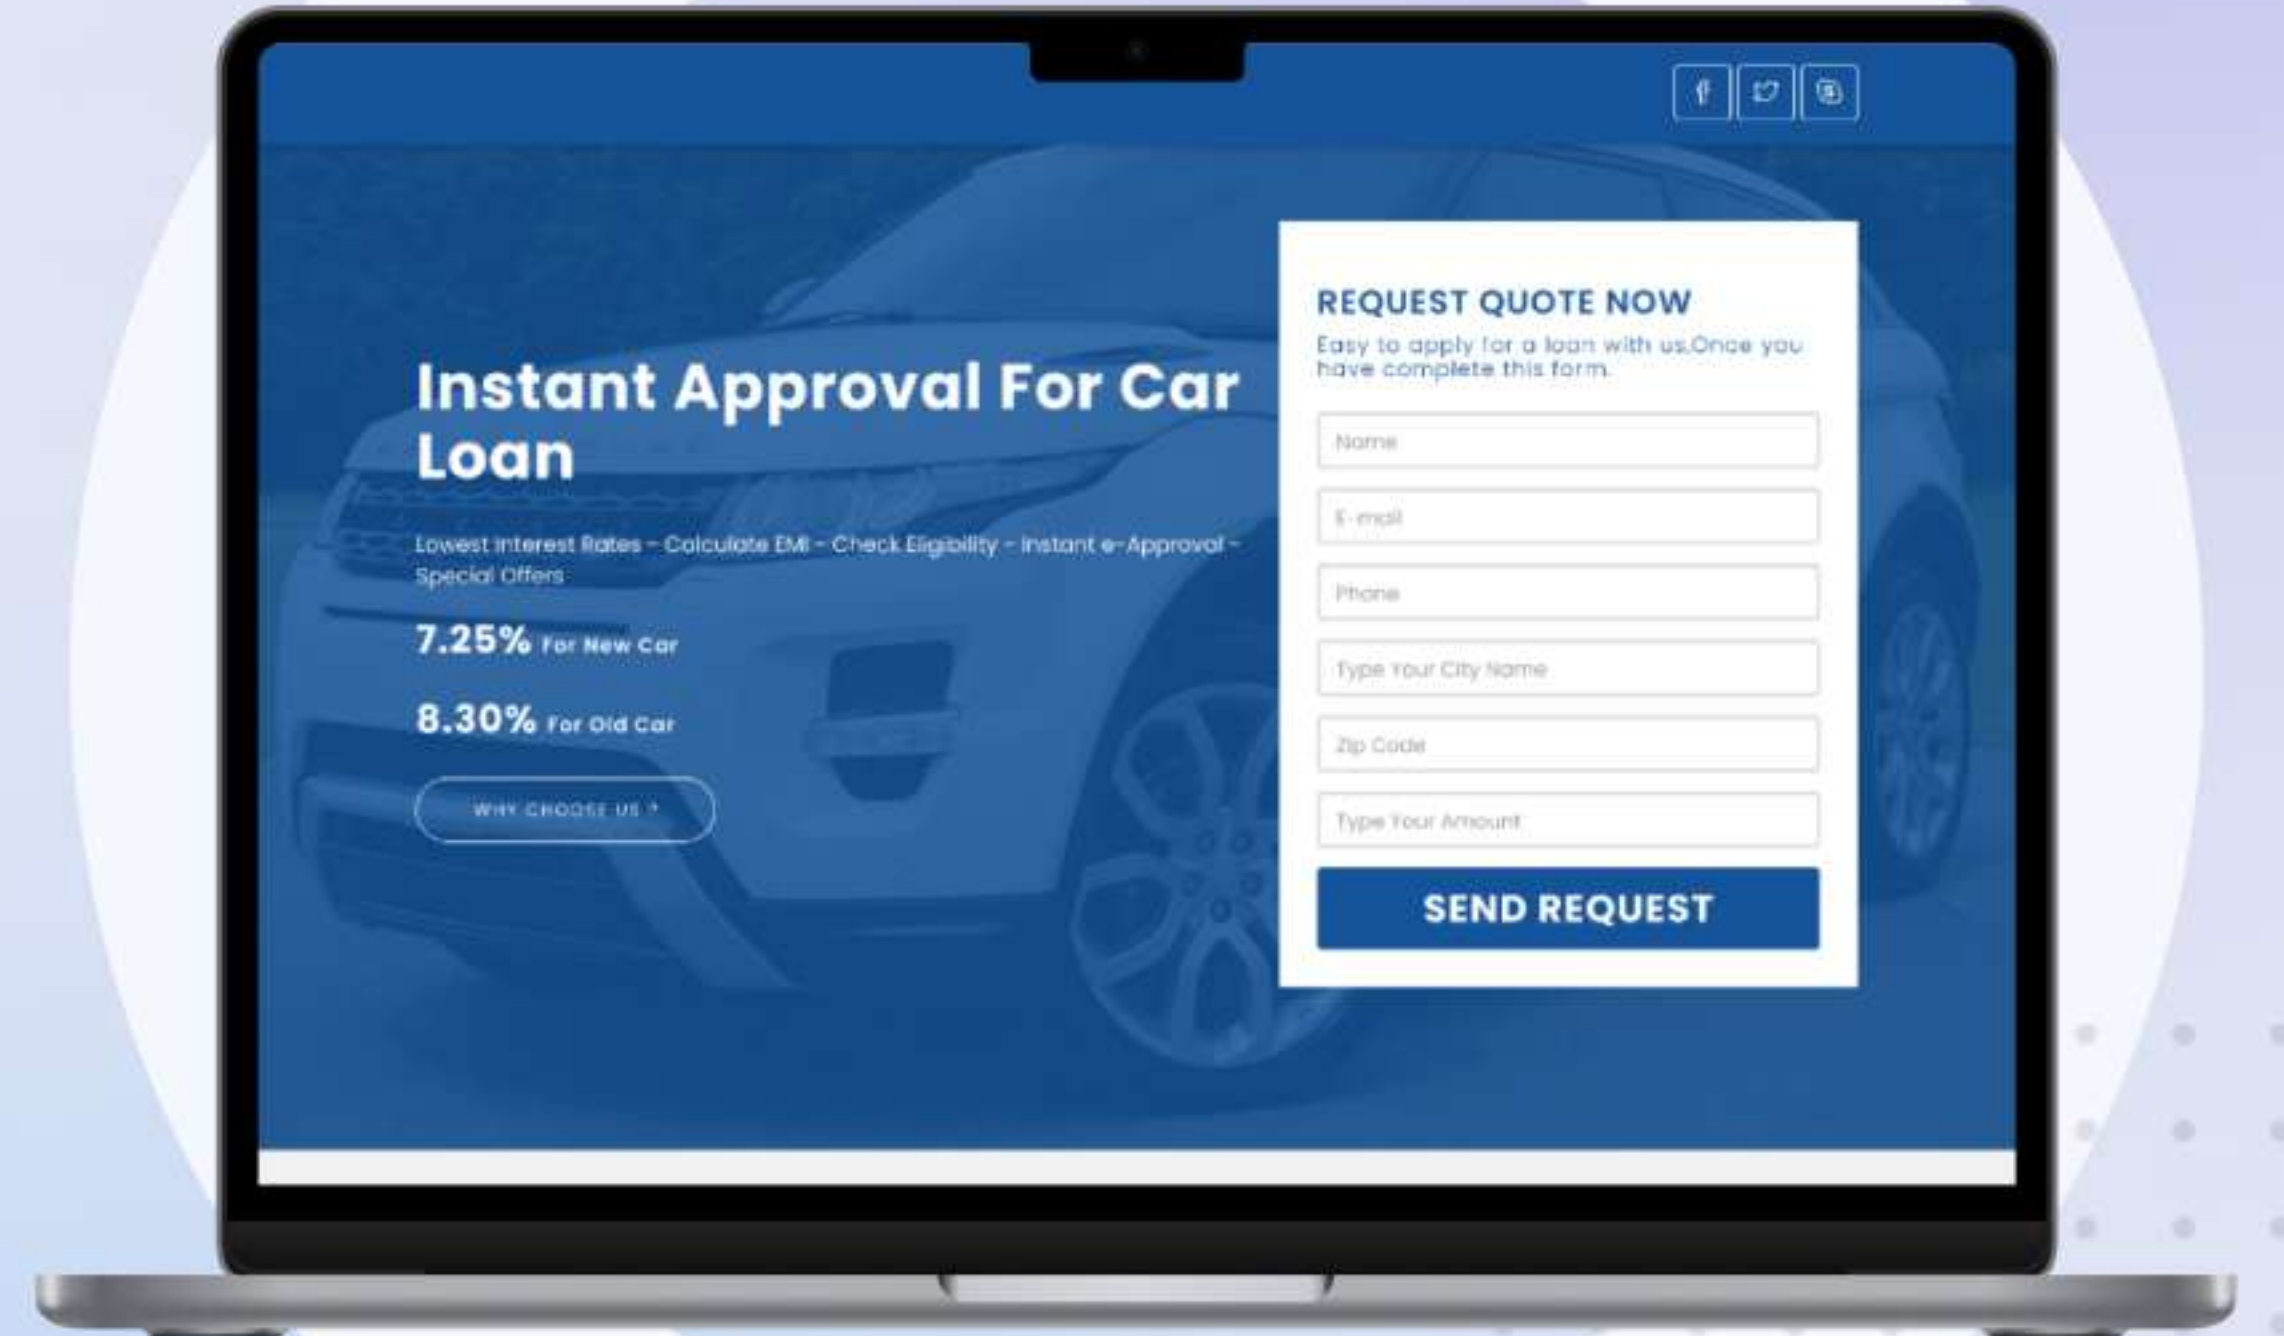

- ✓ Streamlined online application and approval.
- ✓ Customized loan amounts and terms via AI algorithms.
- ✓ Lower rates through operational efficiencies.
- ✓ Flexible repayment and refinancing options.
- ✓ Expanded funding via peer-to-peer channels.

# Impact

- ✓ \$300 million in student loans funded in first 2 years.
- ✓ 28% increase in loan approval rates compared to competitors.
- ✓ 51% of customers said improved transparency of loan options.
- ✓ Operating costs decreased by 30% through automation.

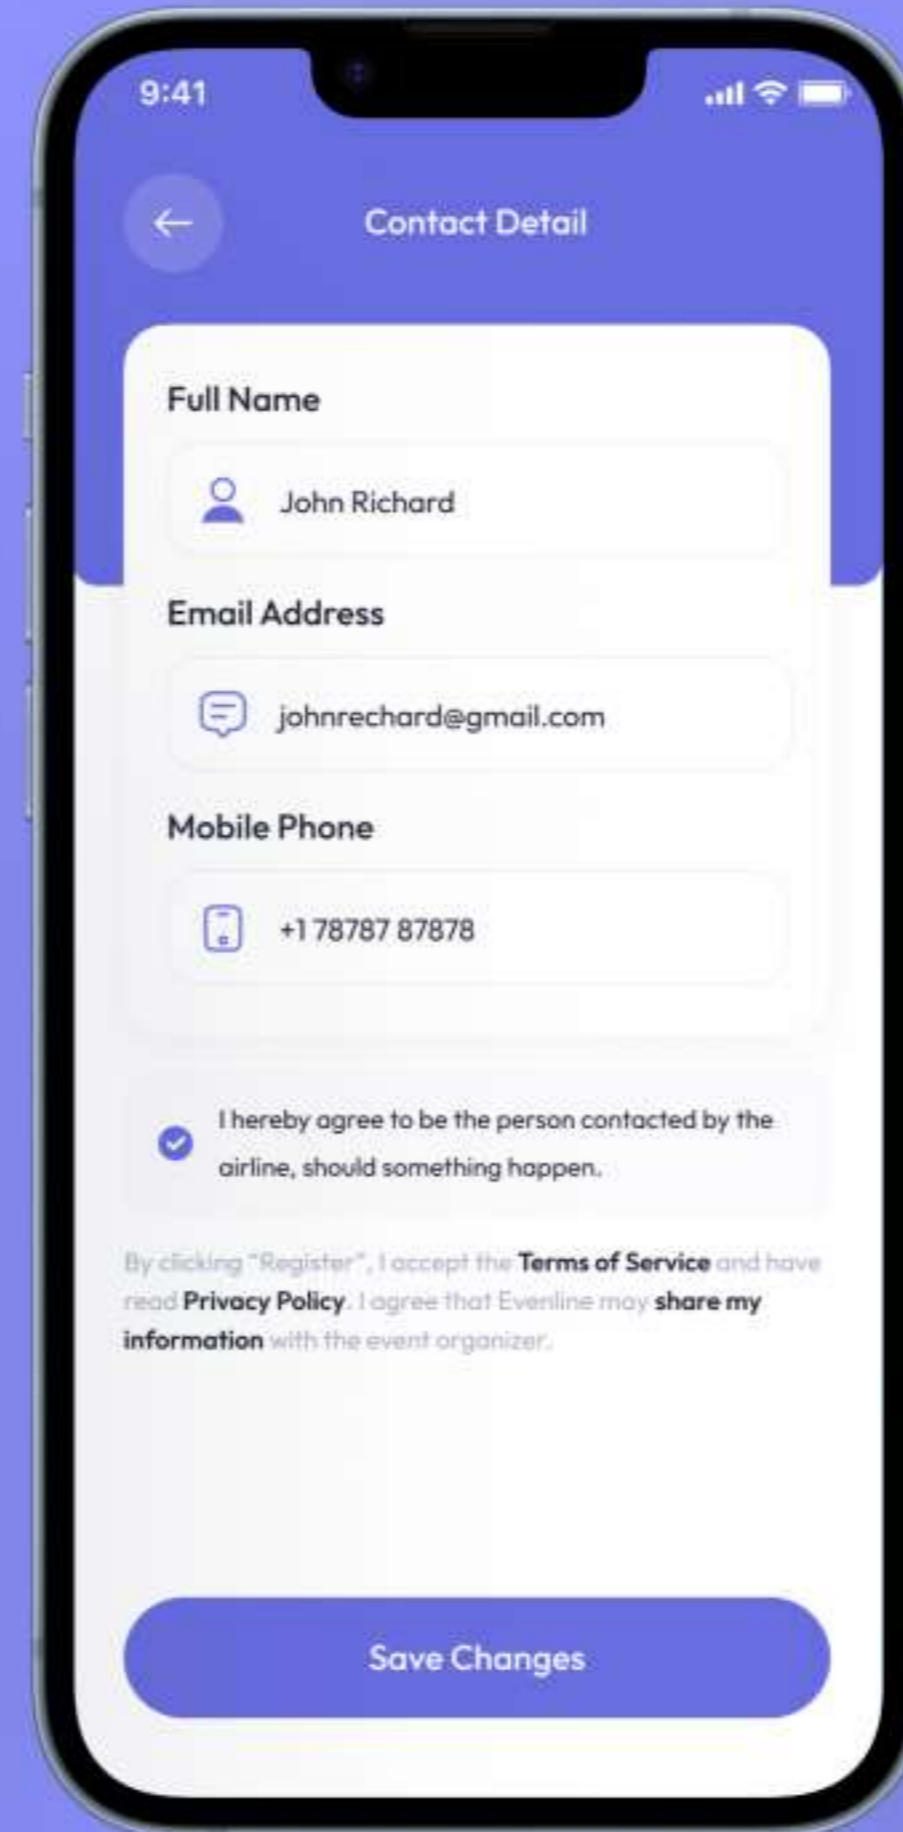

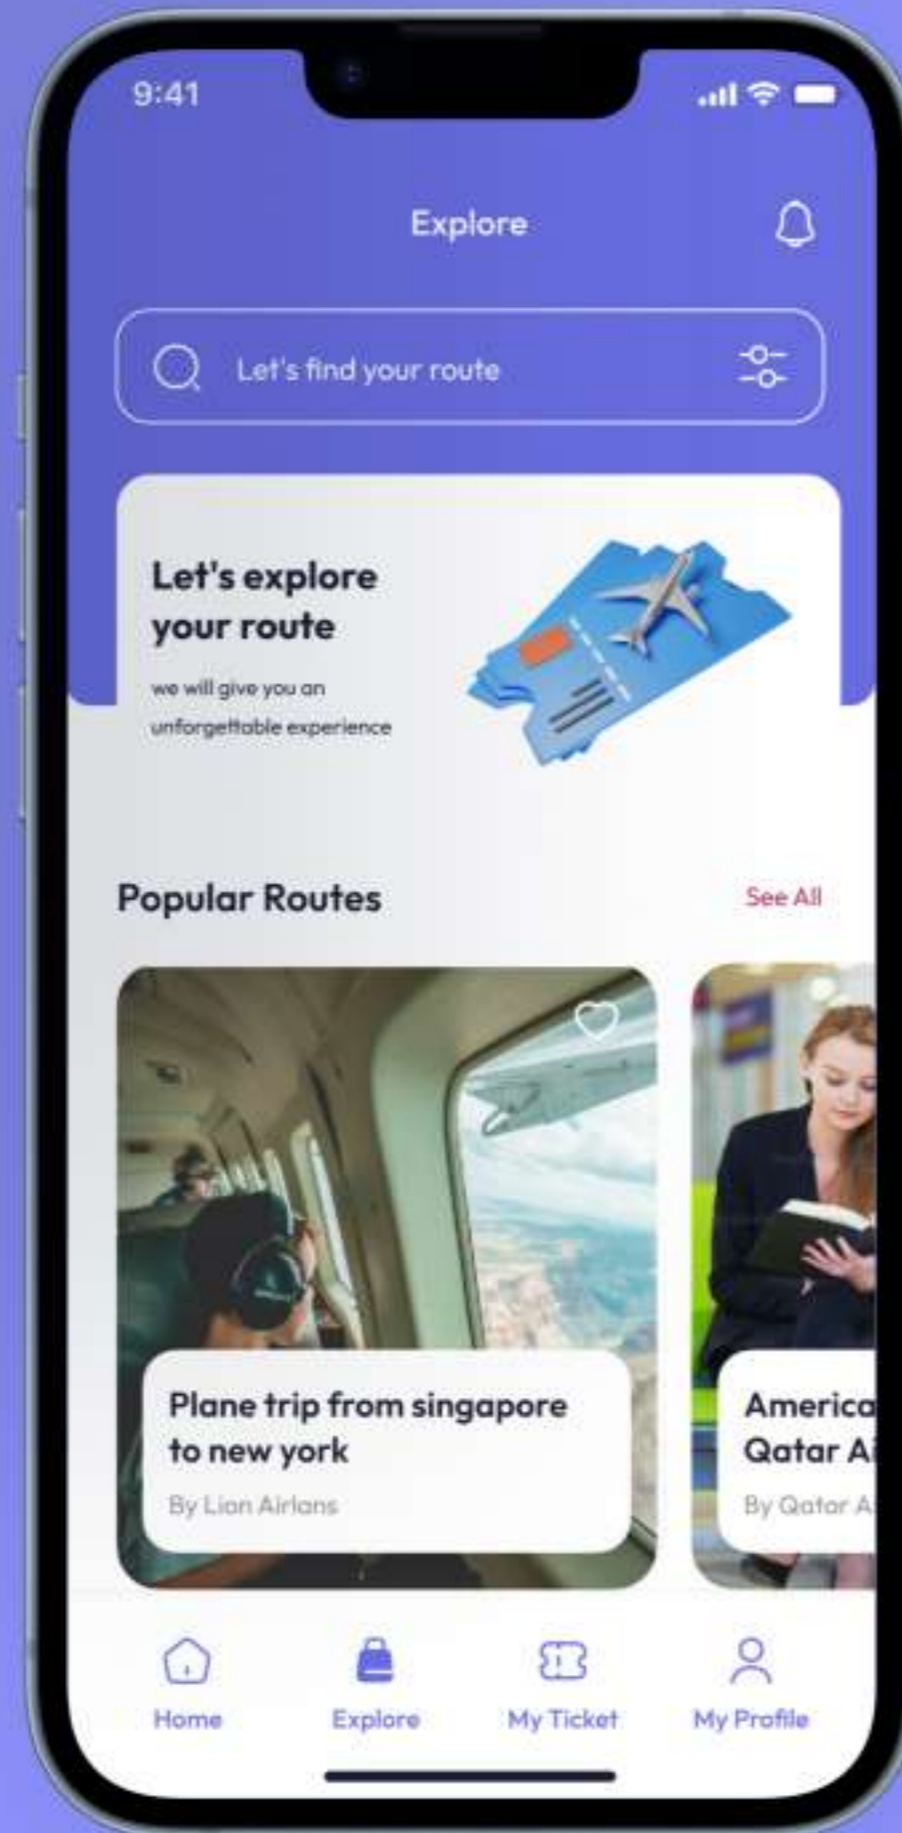

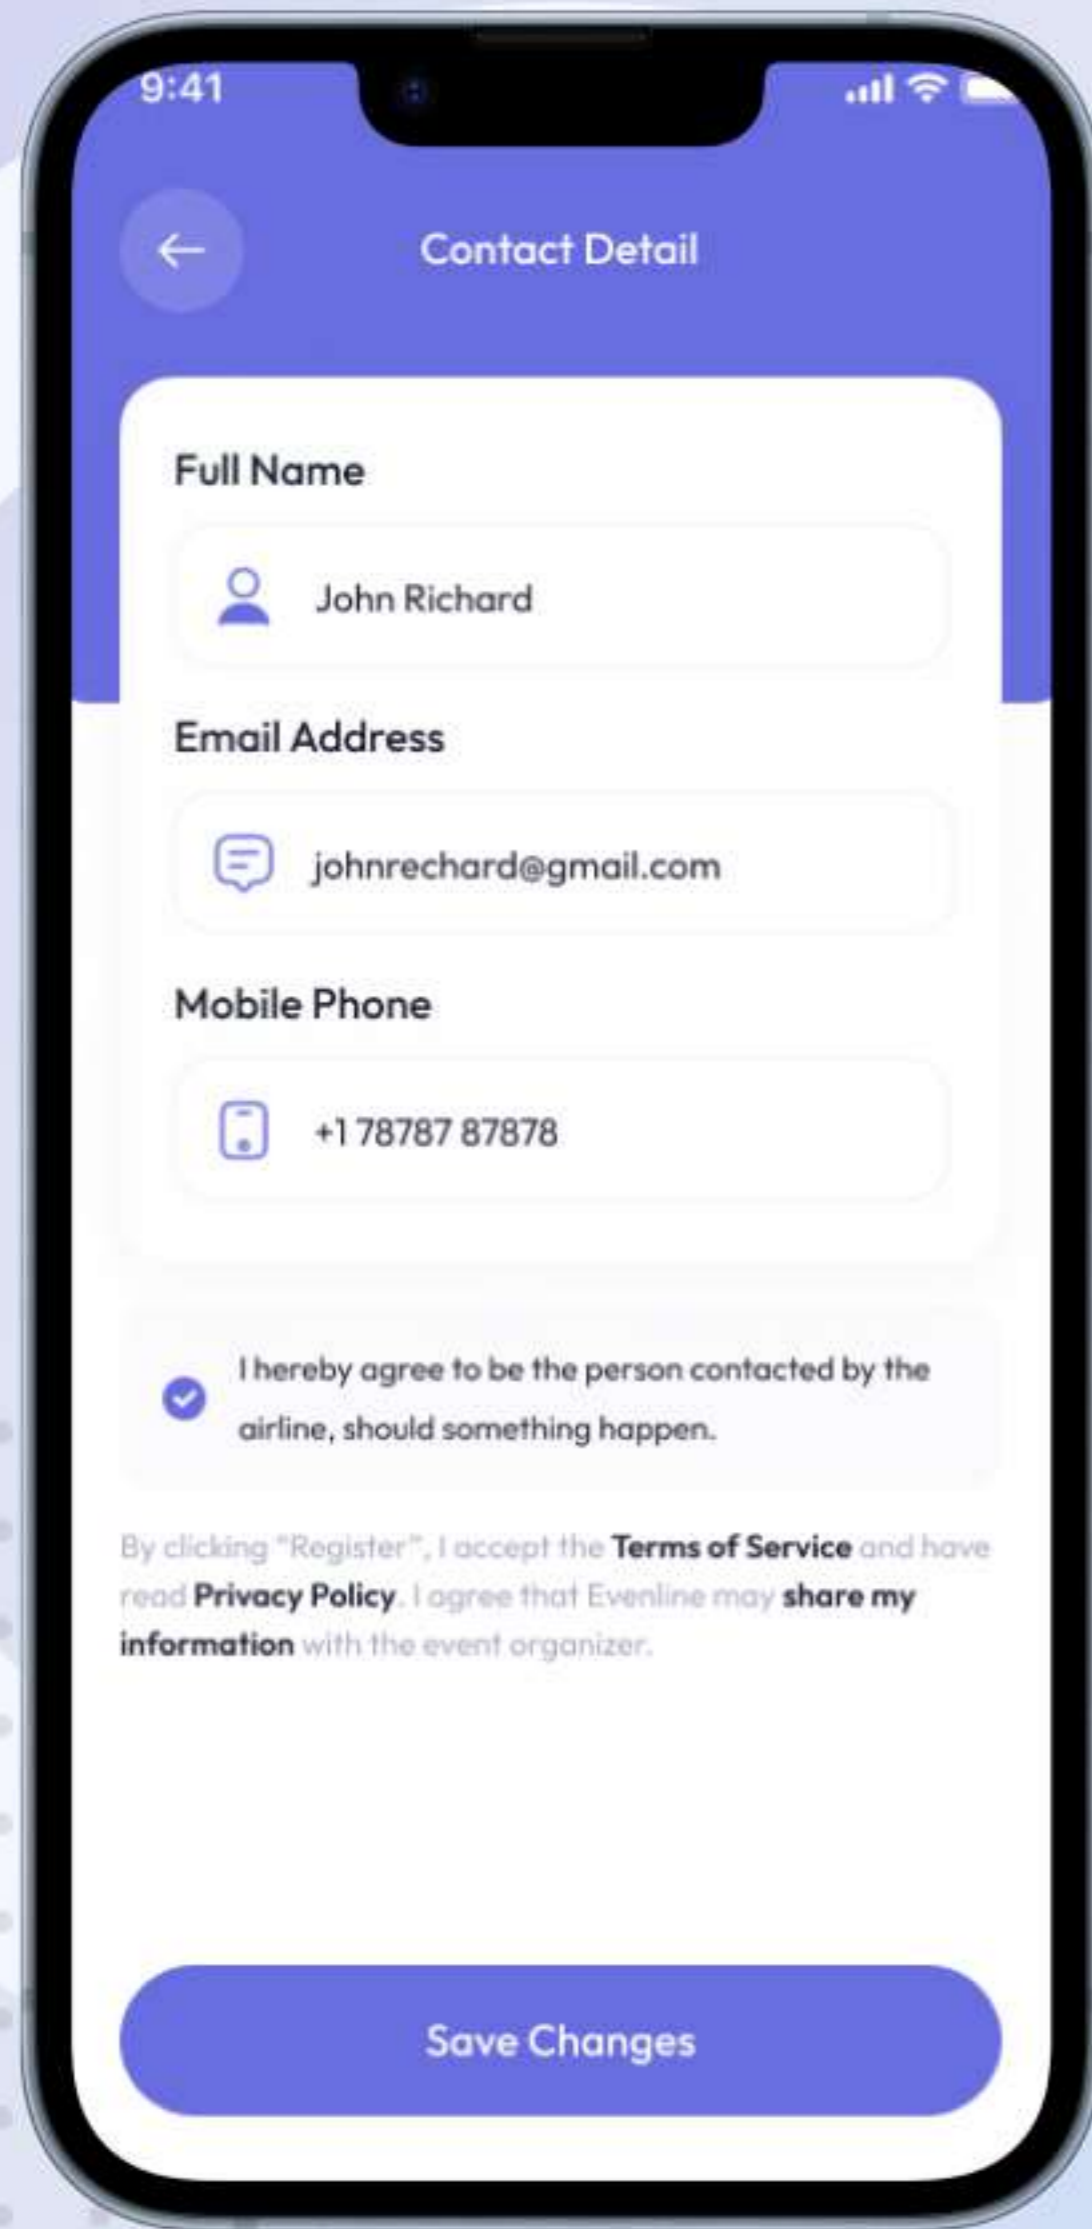

# Flight Booking Platform

- Online platform for flight search, comparison, and booking. Consolidated booking experience across airlines

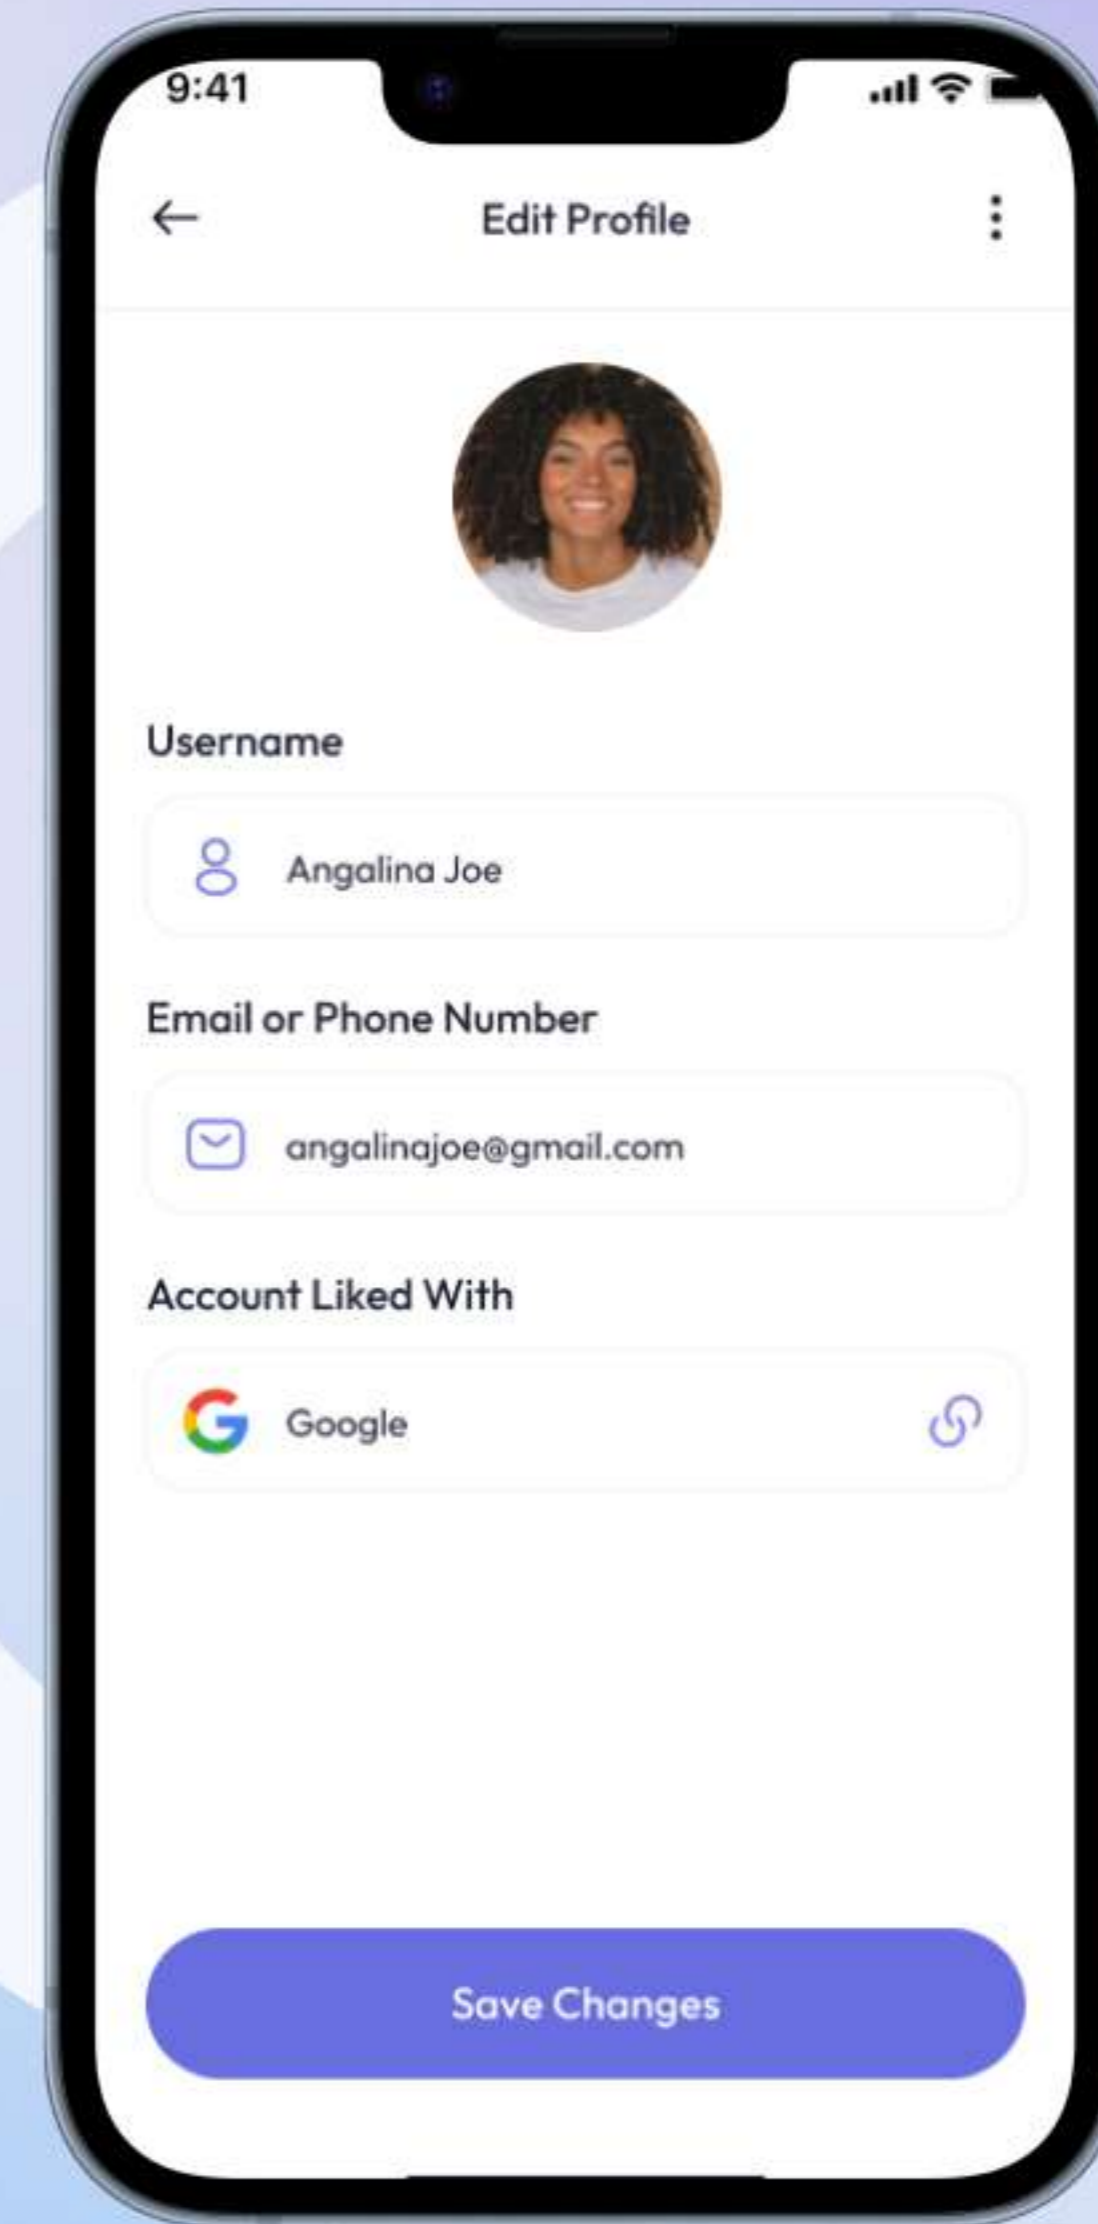

# Features

- ✓ Search platform using schedules, fares, APIs
- ✓ Booking engine integrated with reservations
- ✓ Payment processing and security
- ✓ Customer support via chatbots and call centers

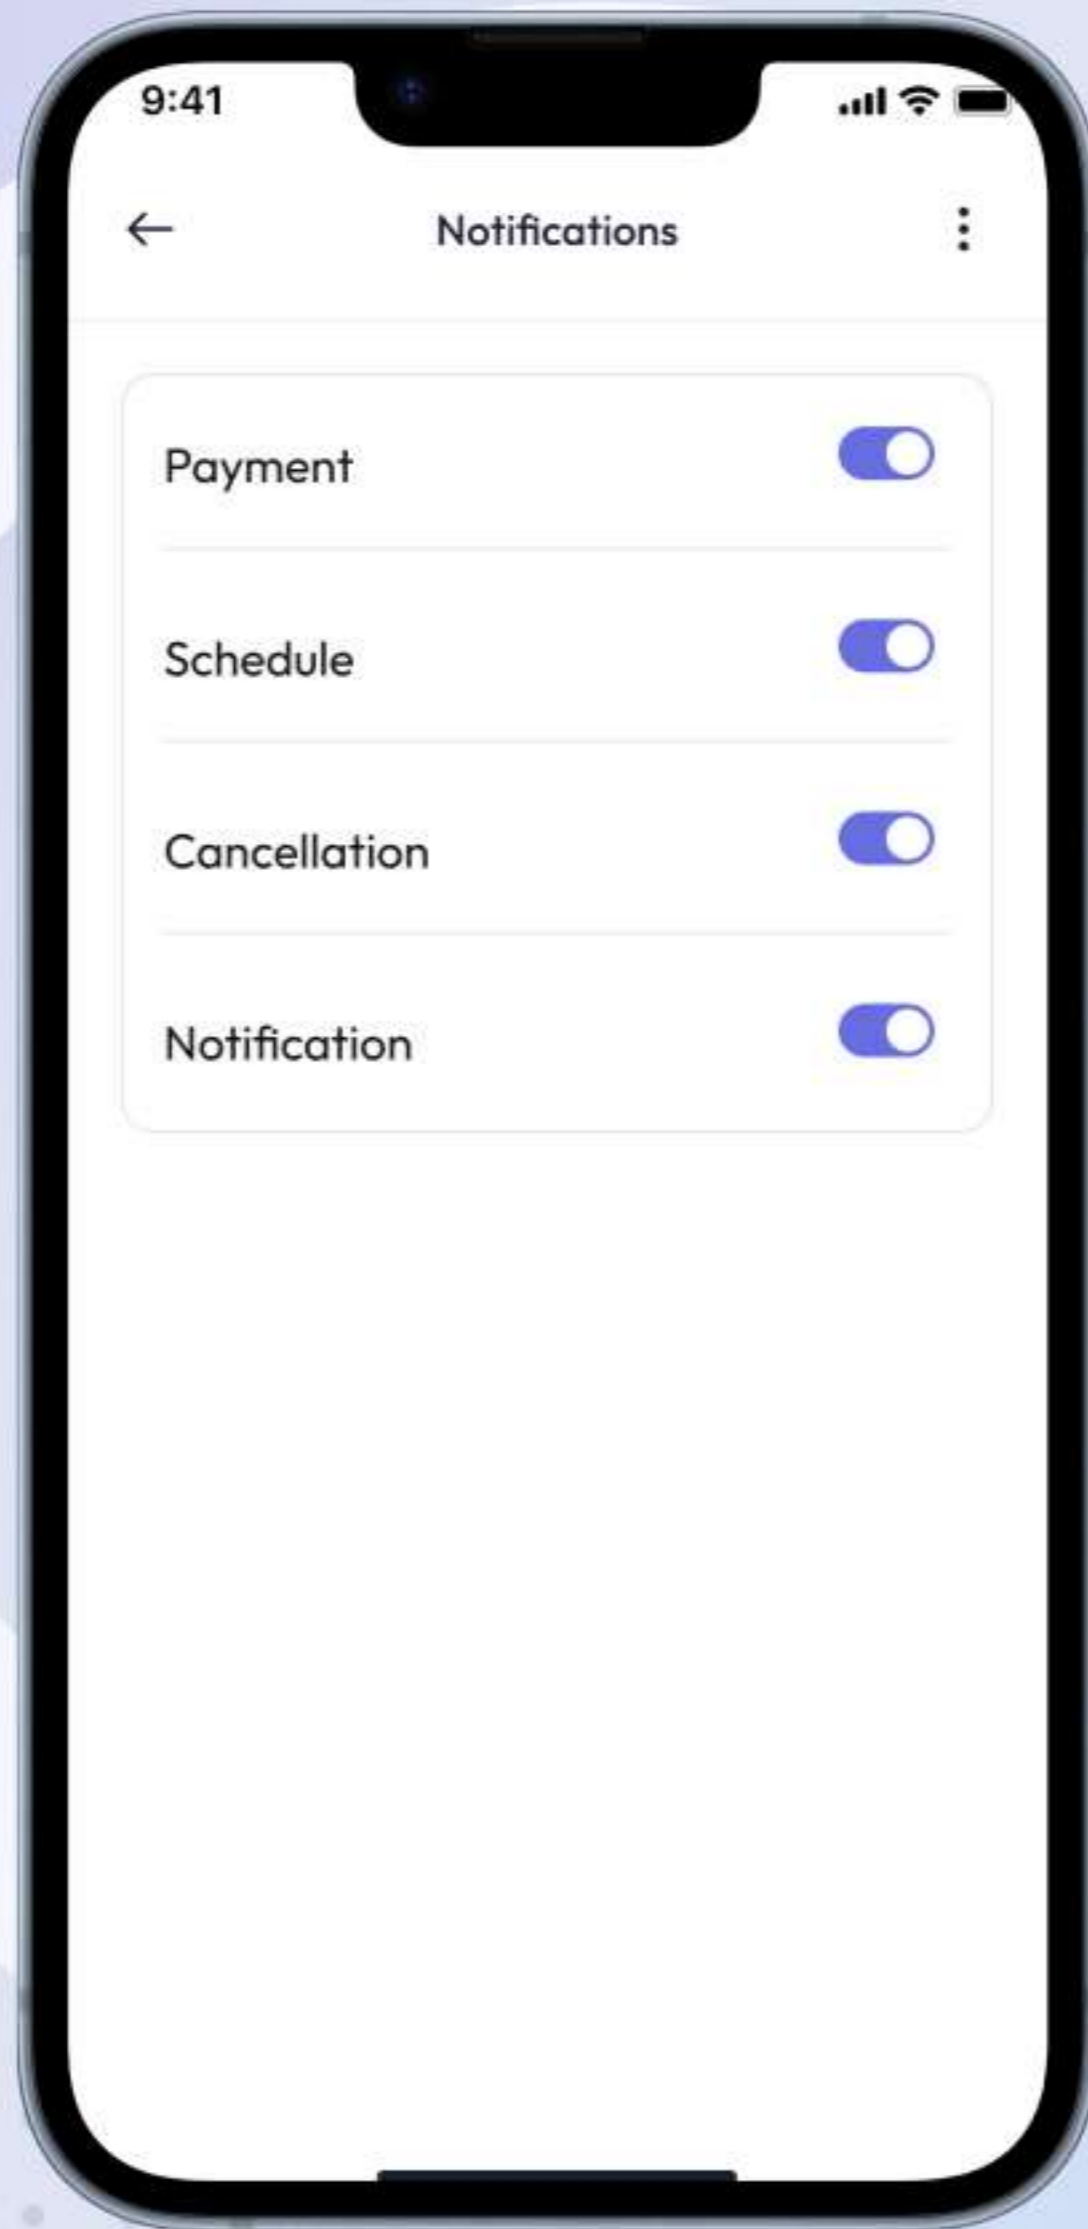

# Challenges

- ✓ Integrating disparate airline systems
- ✓ Preventing double bookings
- ✓ Handling traffic spikes
- ✓ Complex customer service needs

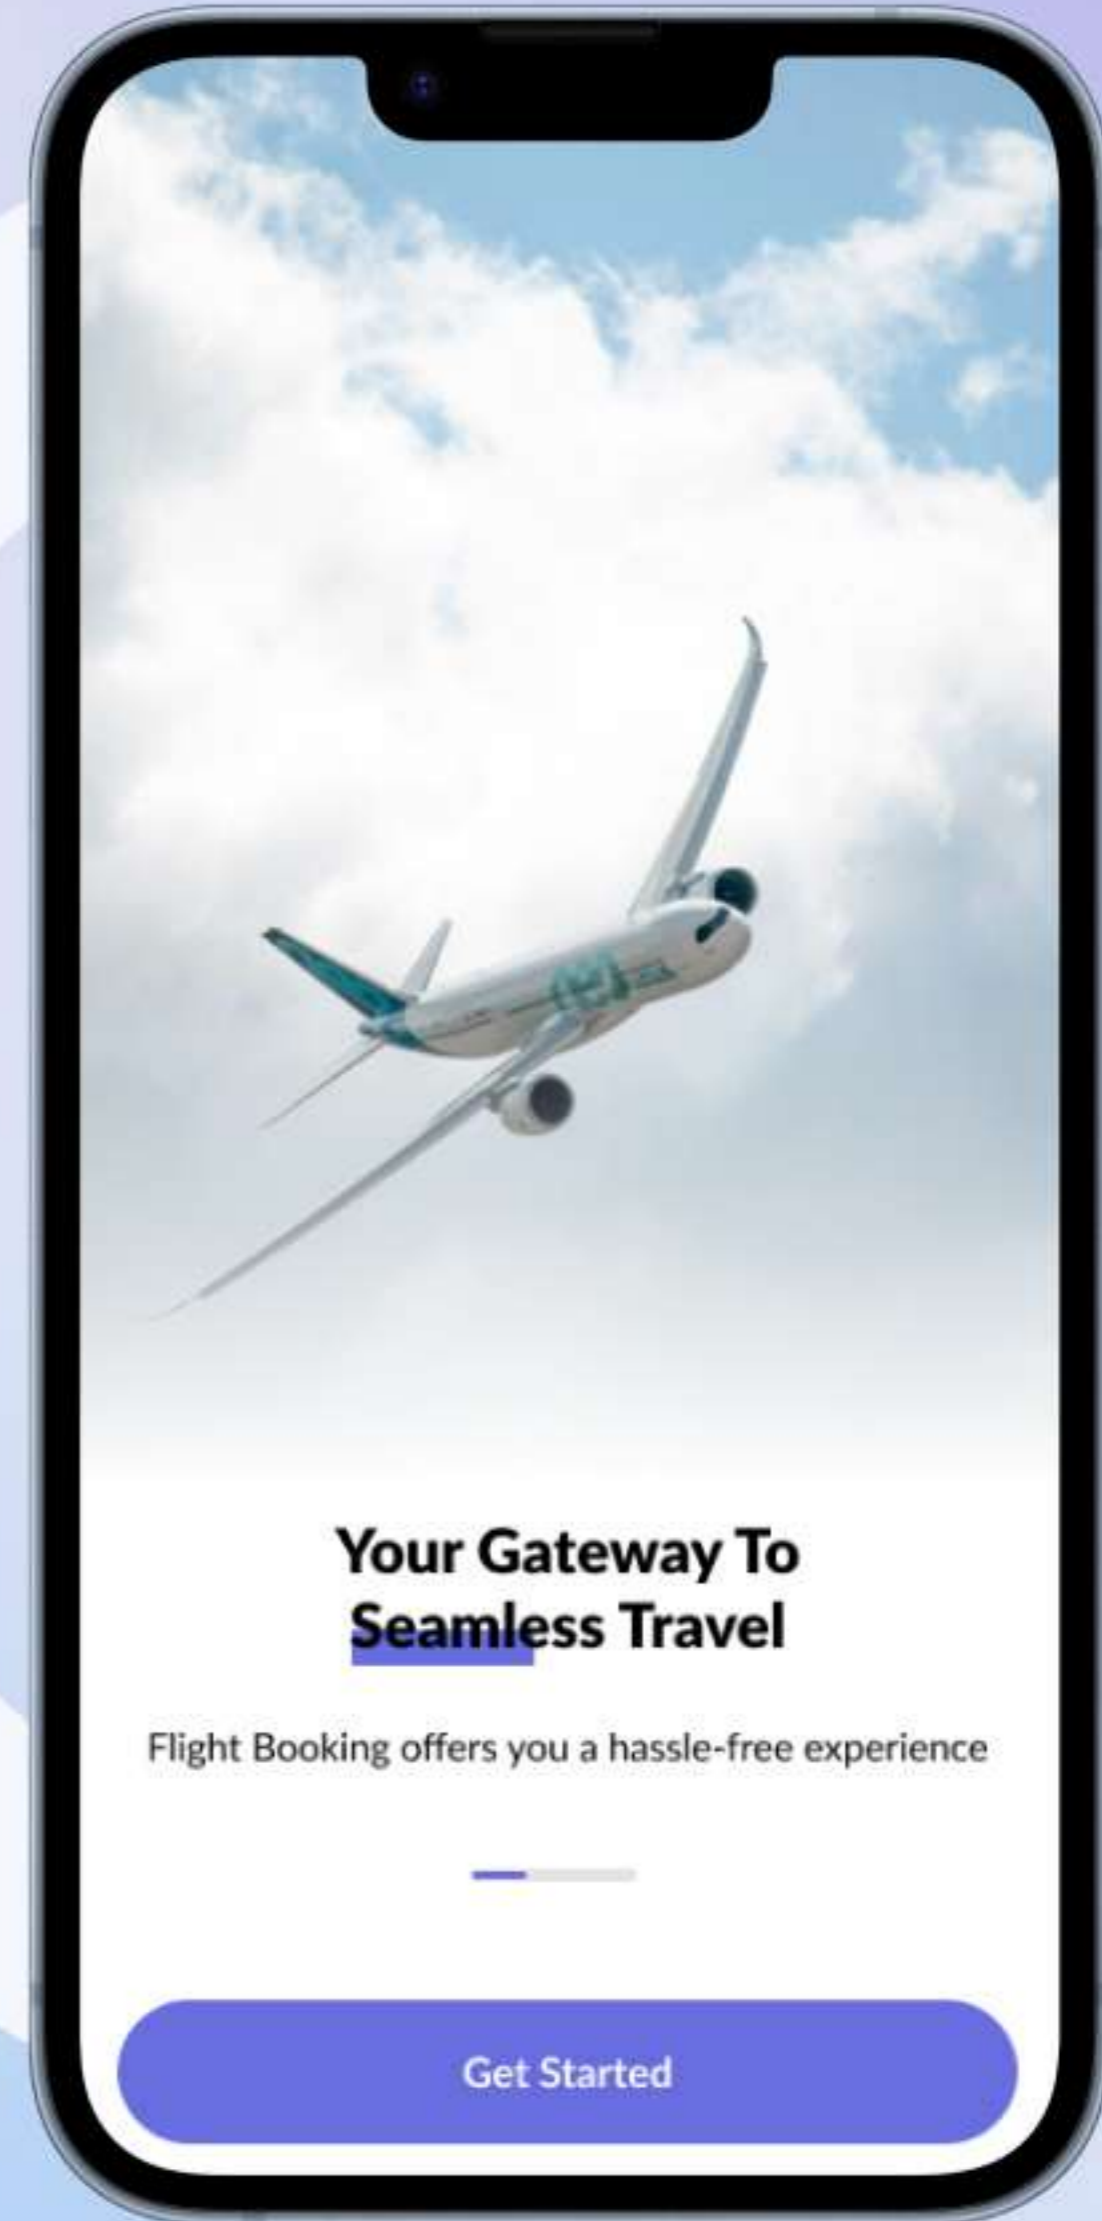

# Solutions

- ✓ Open API standards and common data models
- ✓ Real-time inventory synchronization
- ✓ Elastic scalability on cloud infrastructure
- ✓ AI chatbots and self-service options

# Impact

- ✓ 28% increase in bookings
- ✓ 22% higher revenue per booking
- ✓ 15% lower customer acquisition costs
- ✓

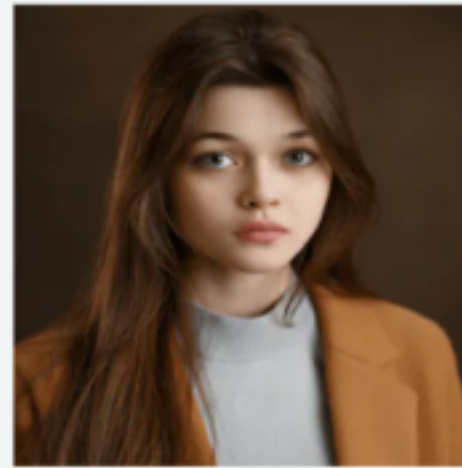

# Goal-driven Learning Platform

- Easy Learn wanted to implement a new learning and development platform to align employee skills building with organizational goals and individual growth needs.
- The goal was to create personalized, efficient learning pathways that would directly improve job performance. A cloud-based platform with mobile access was required to provide flexibility for the global workforce.

# Features

- ✓ Personal goal setting and skills gap analysis
- ✓ Microlearning content recommendations
- ✓ Social collaboration and peer motivation
- ✓ Project-based learning and skills application
- ✓ Analytics dashboard for progress tracking
- ✓ Mobile-first design for on-the-go learning

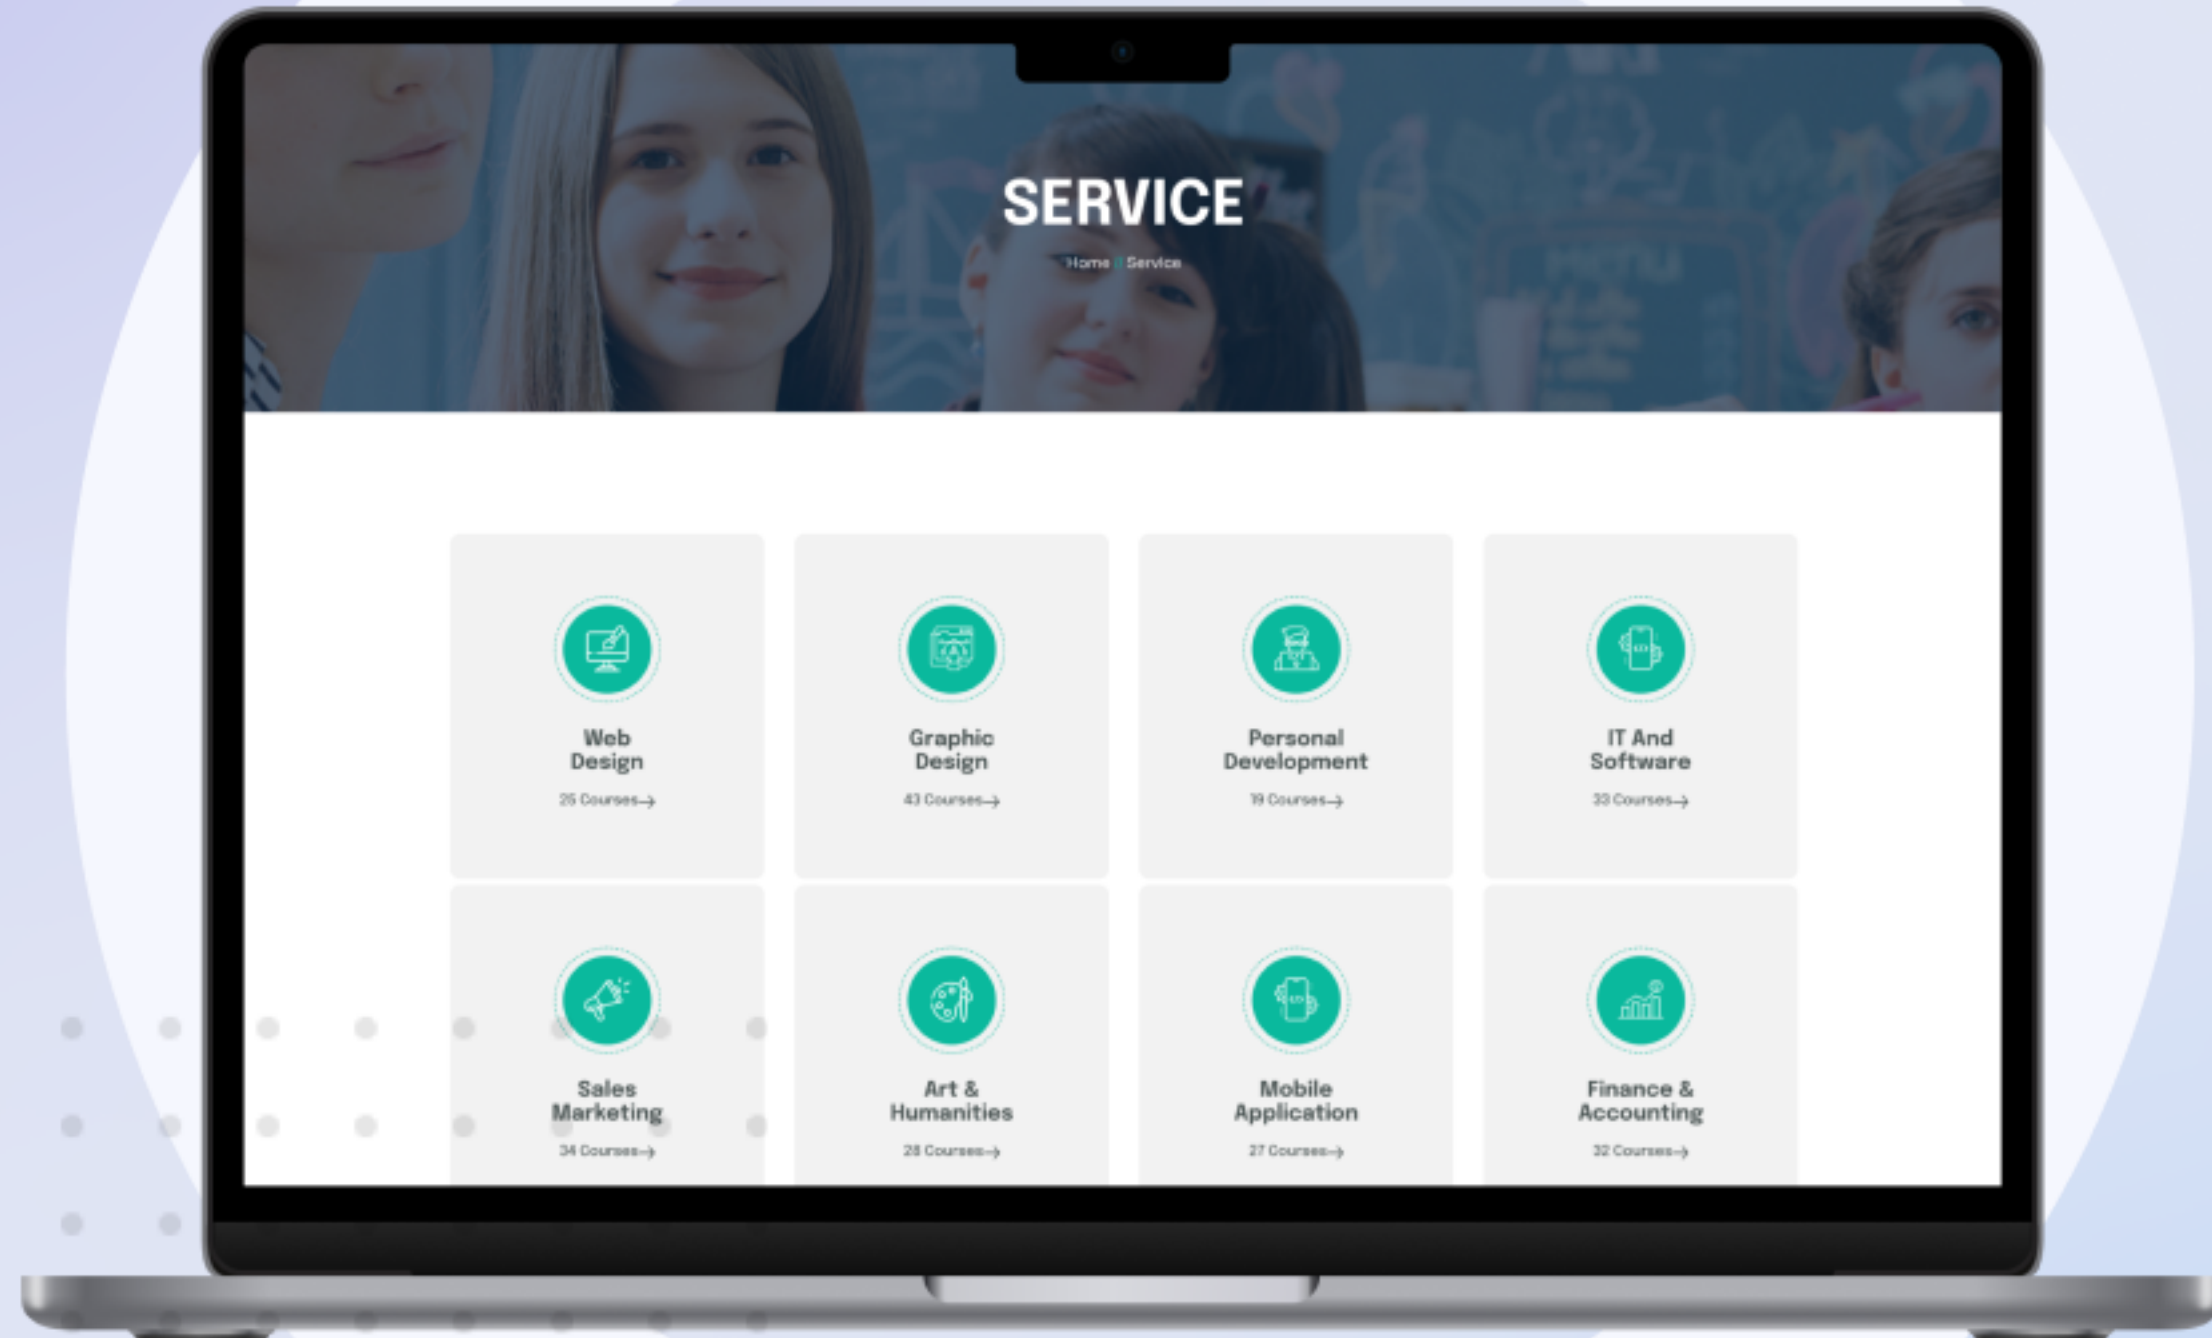

# Challenges

- ✓ Modeling proficiency based on goals and existing skills
- ✓ Curating high-quality learning content from various sources
- ✓ Demonstrating clear links between learning and goal achievement
- ✓ Maintaining content relevance as goals evolve
- ✓ Quantifying ROI and impact on performance KPIs

# Solutions

- ✓ Built machine learning algorithms to assess proficiency gaps and recommend content
- ✓ Established content partnerships and created governance for curation
- ✓ Implemented skill benchmark assessments and impact analysis
- ✓ Created agile content development process with subject matter experts
- ✓ Tied learning metrics to business KPIs in analytics dashboards

# Impact

- ✓ Learners completed learning goals 25% faster
- ✓ Skills proficiency improved over 50%
- ✓ Employee performance increased 15% in key business metrics
- ✓ Learner satisfaction scores reached over 90%

# Golfer Community App

Golf community wants better ways to connect, compete and improve. 80% of golfers own smartphones and demand mobile solutions

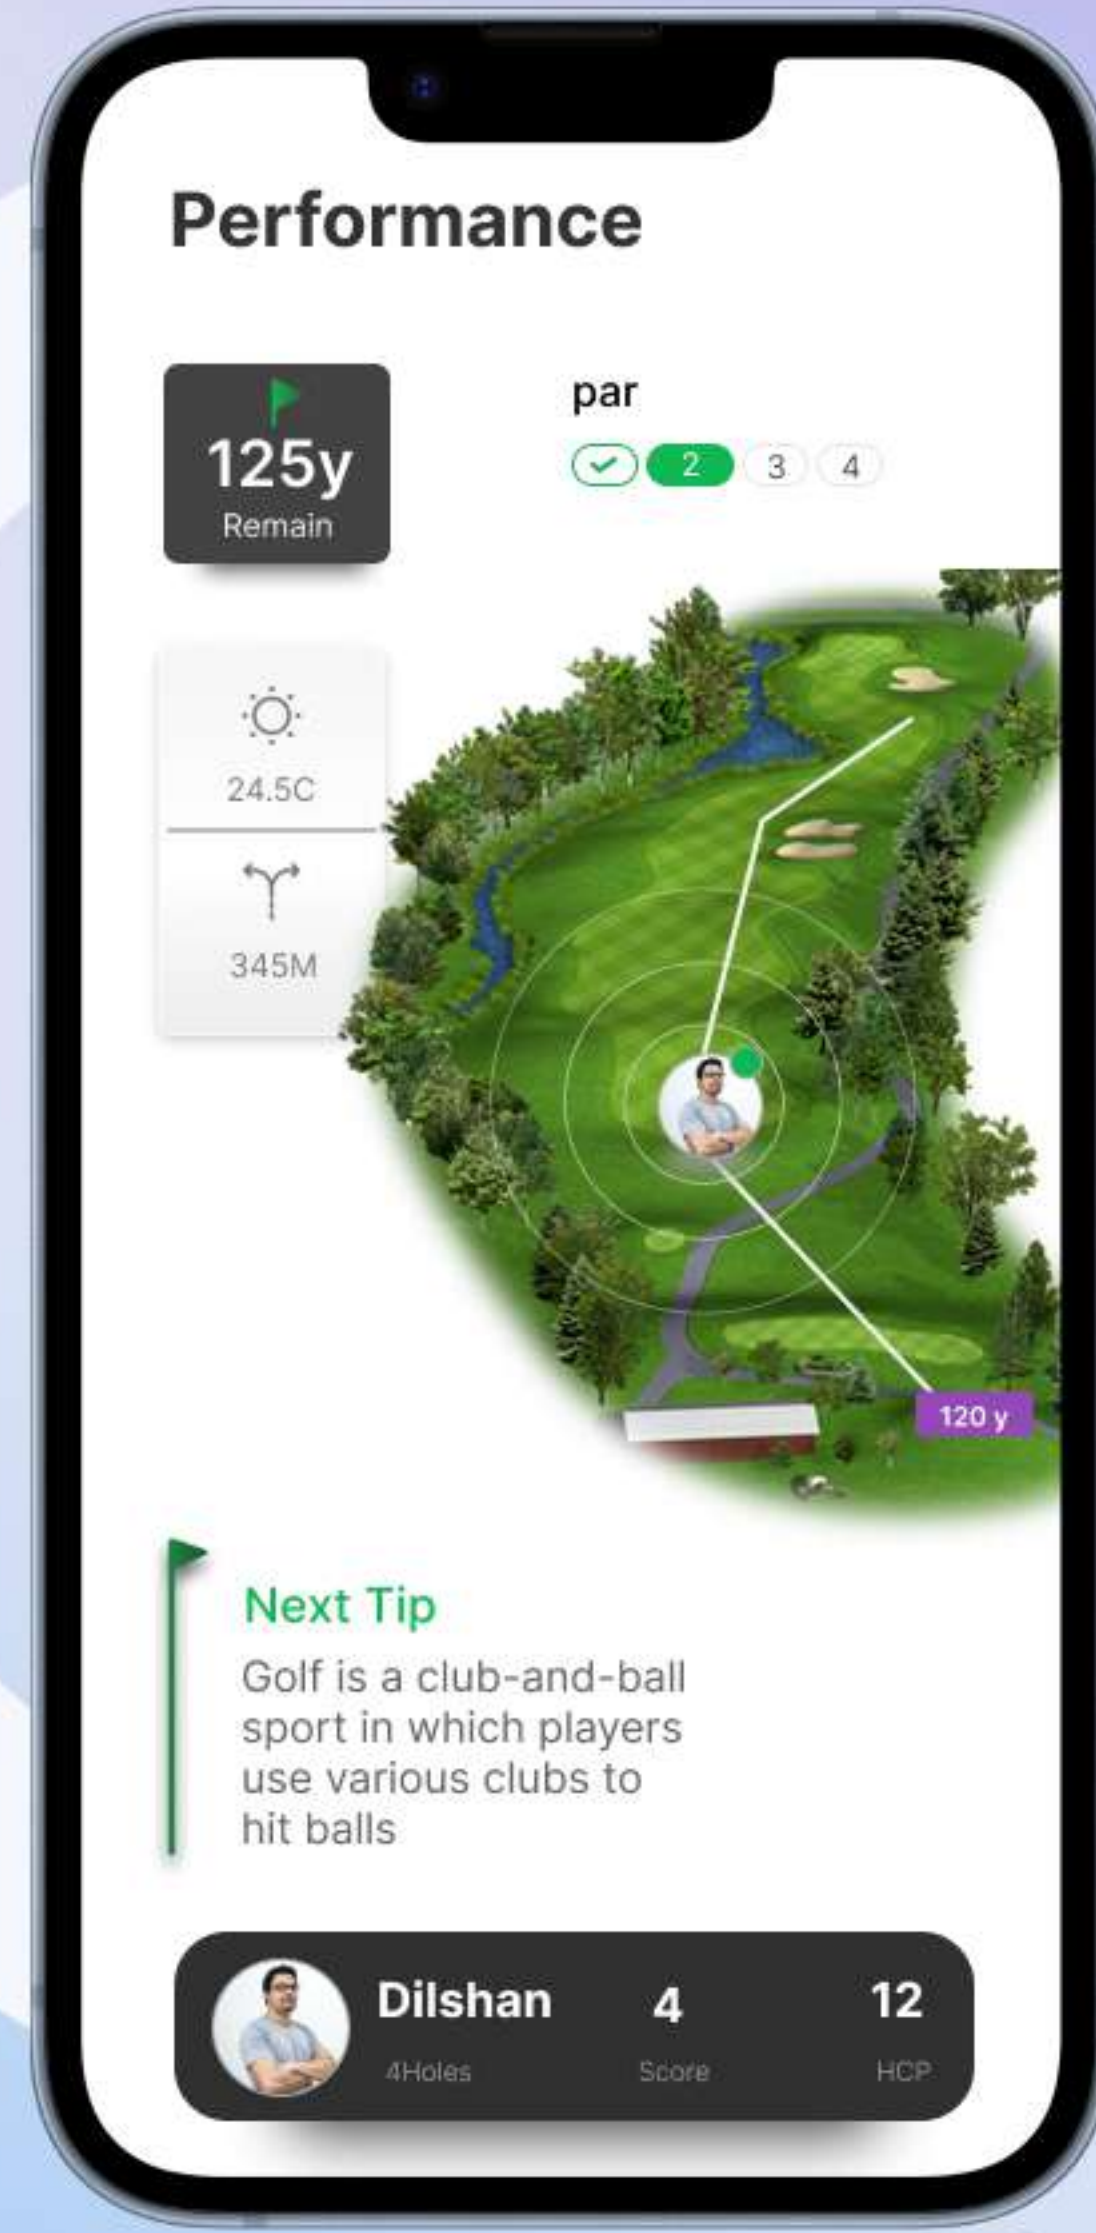

# Features

- ✓ User Profiles
- ✓ Course Directories
- ✓ Tee Time Booking
- ✓ GPS and Scoring
- ✓ Social Feed
- ✓ Tournaments Listings

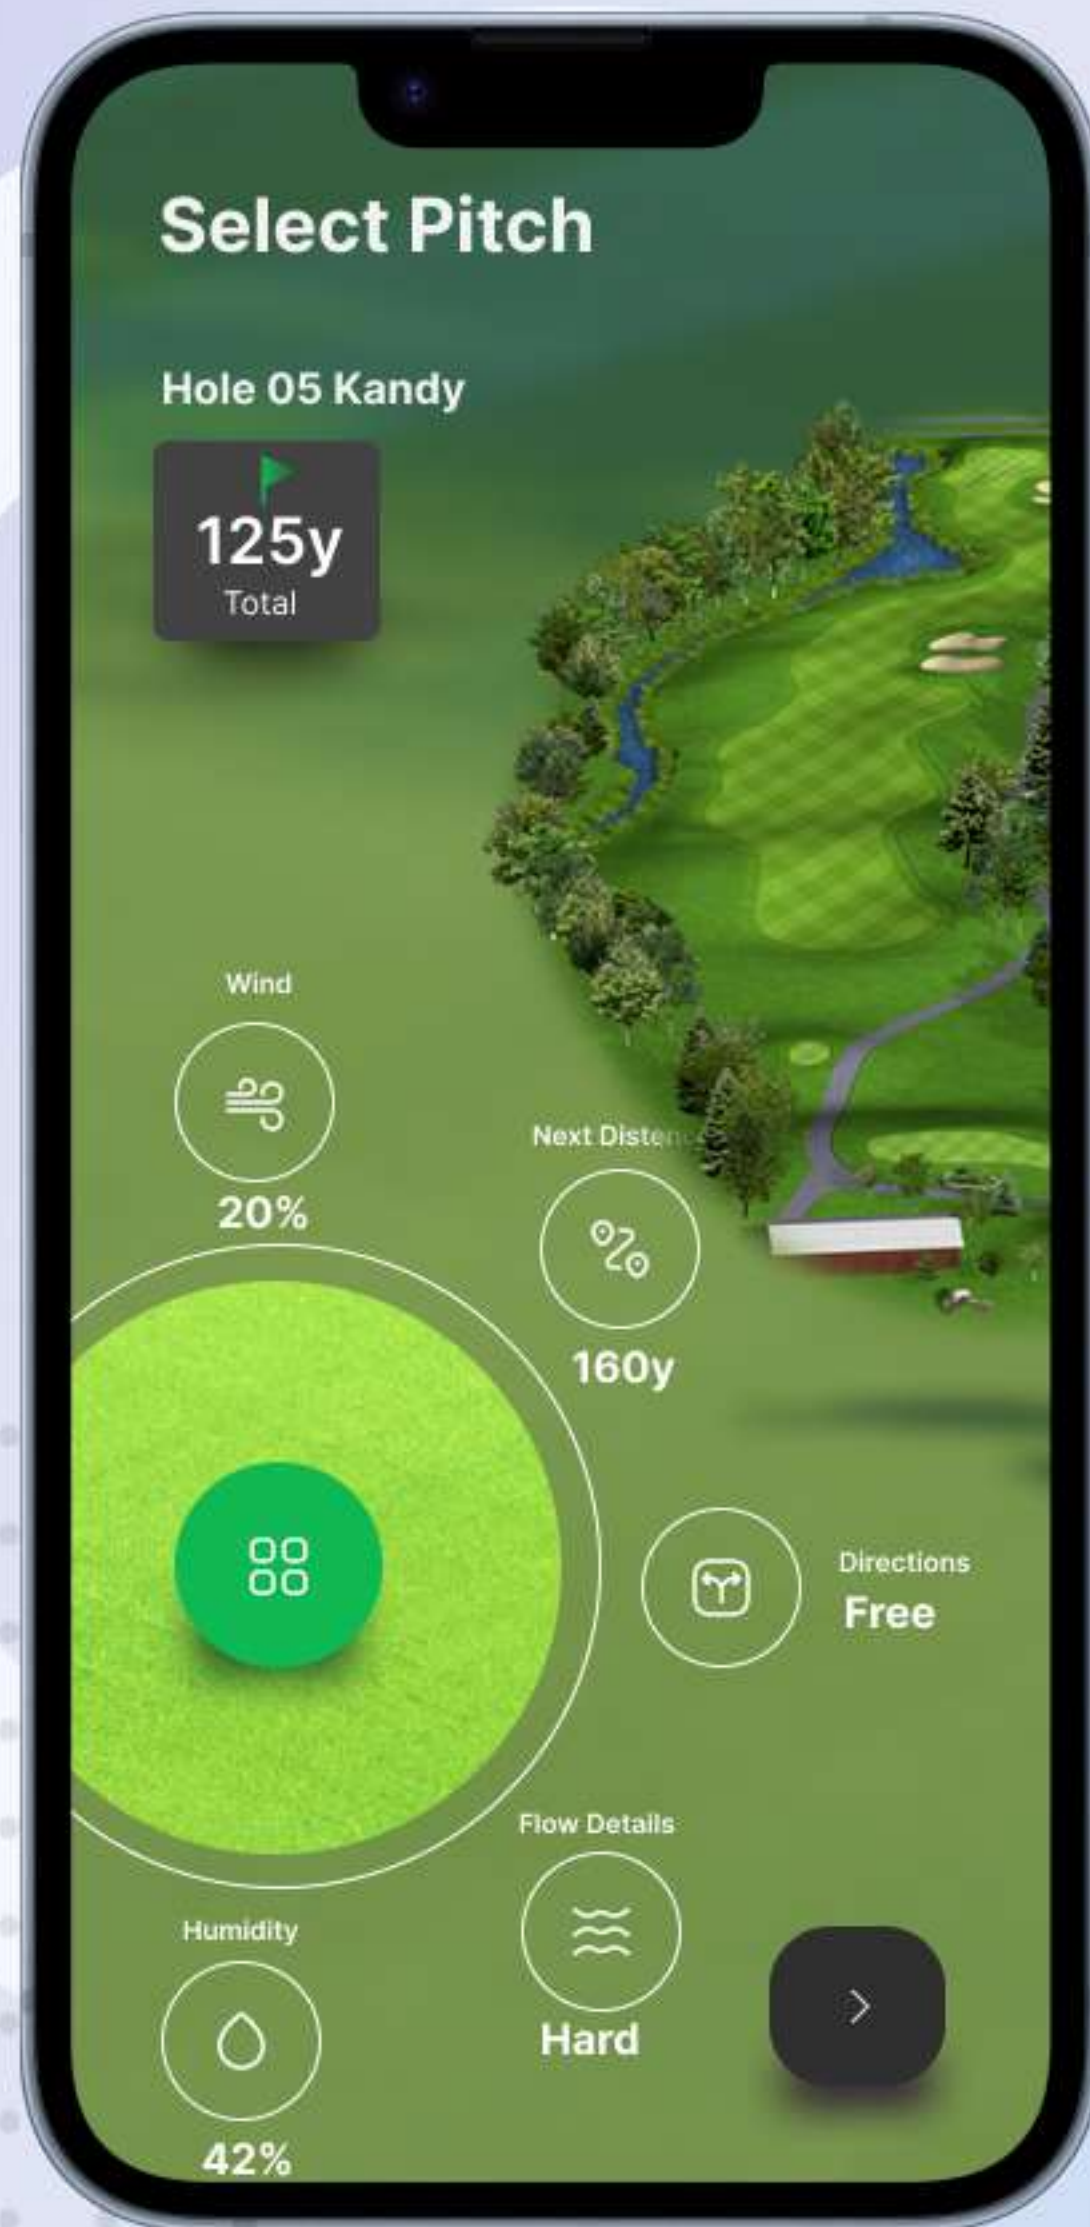

# Challenges

- ✓ Developing an engaging multifaceted app catering specifically to golfers
- ✓ Integrating features like bookings, tournaments, swing analysis at scale
- ✓ Building a unified platform to become the top golfer app
- ✓ Monetizing effectively while keeping barrier to entry low

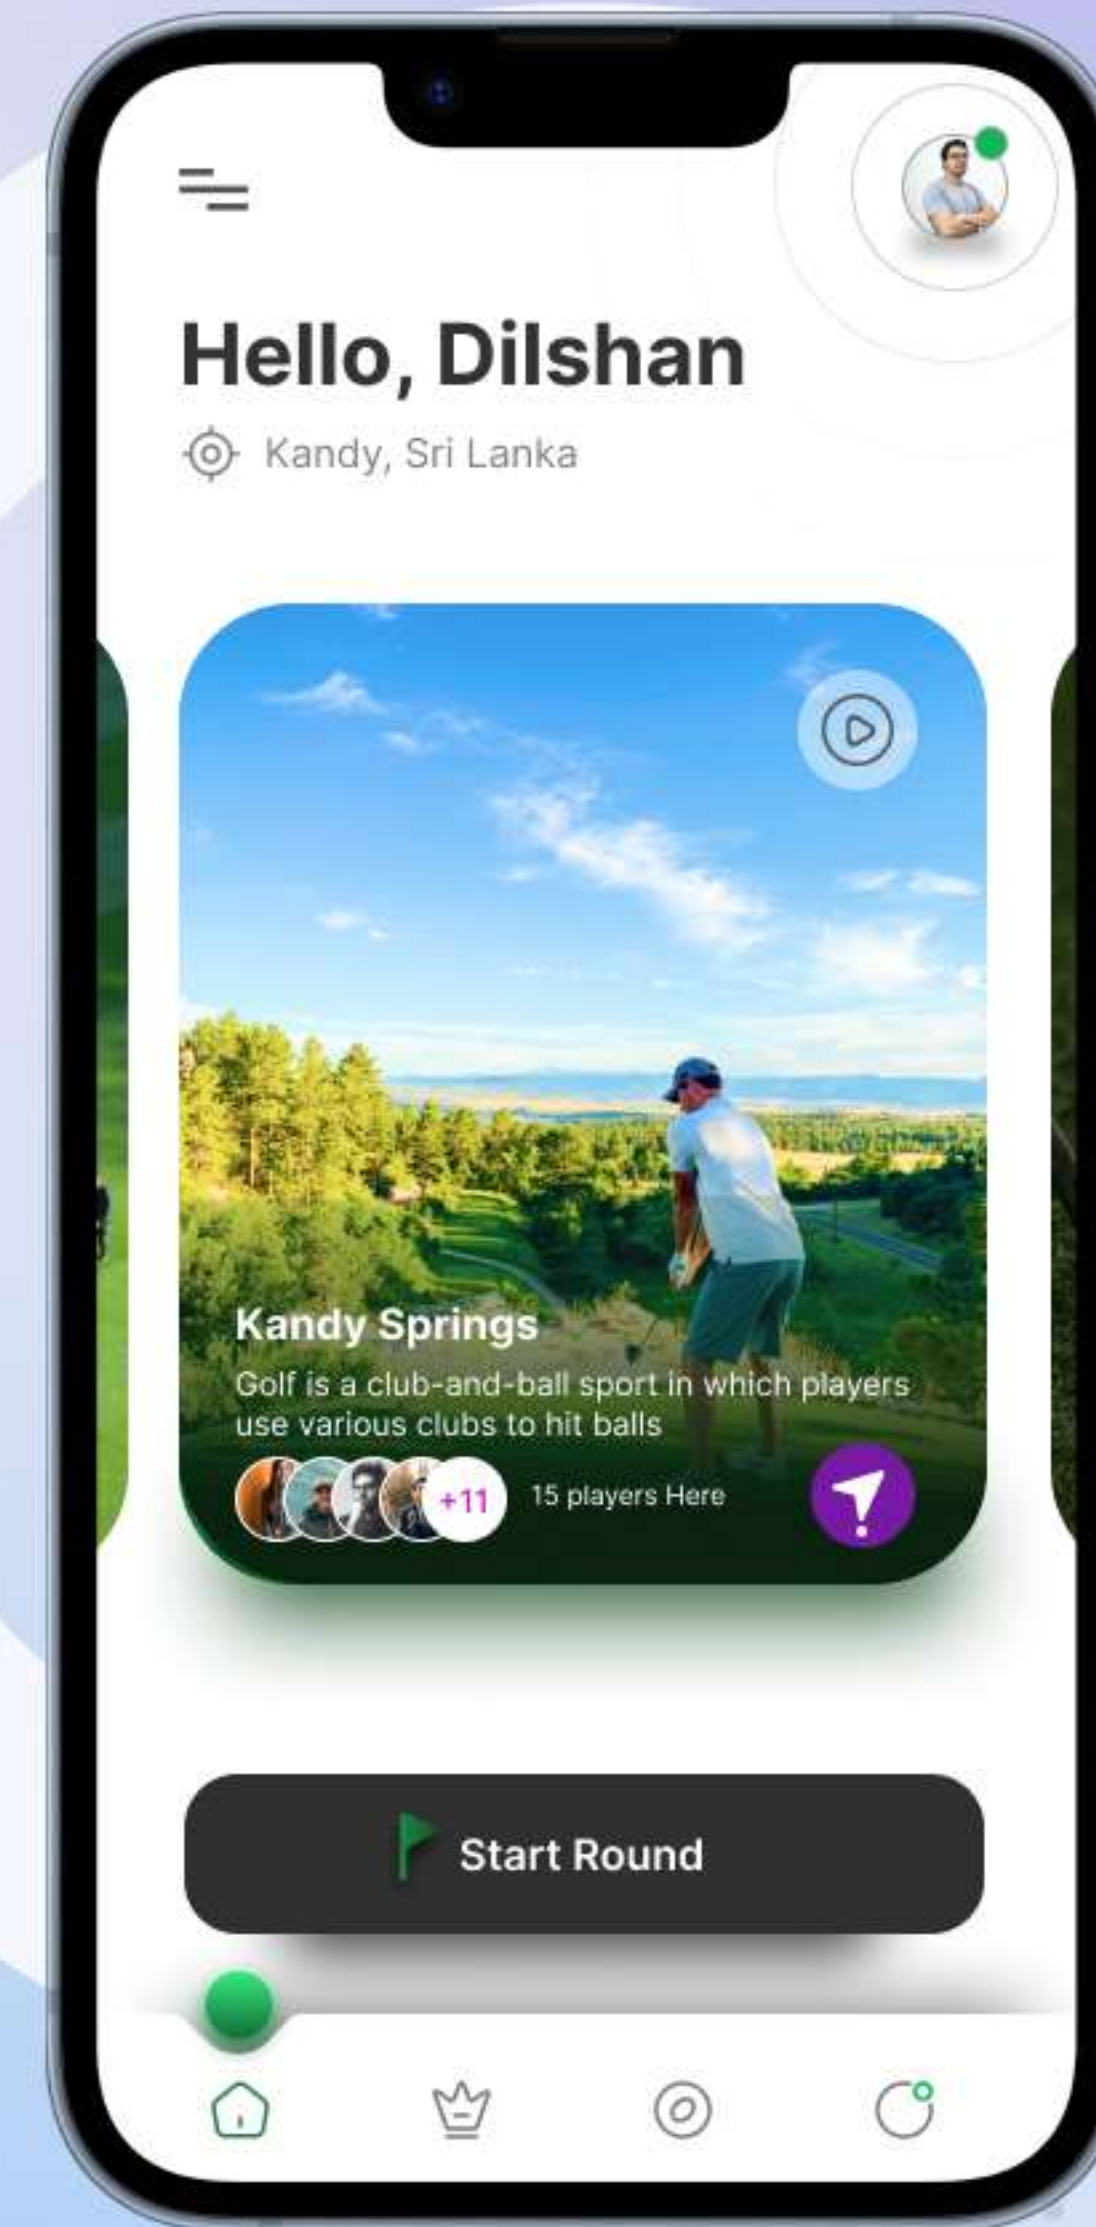

# Solutions

- ✓ Partner with courses and instructors to enable bookings/lessons
- ✓ Develop smart watch app for GPS swing tracking during play
- ✓ Implement Freemium pricing with premium social/coaching features
- ✓ Utilize Cloud for scalability and Machine Learning for swing analysis

# Impact

- ✓ Over 100k downloads in first year
- ✓ Average rating of 4.7 stars in the App Store and Google Play
- ✓ 62% of users engage with social features
- ✓ Doubling of monthly active users year-over-year

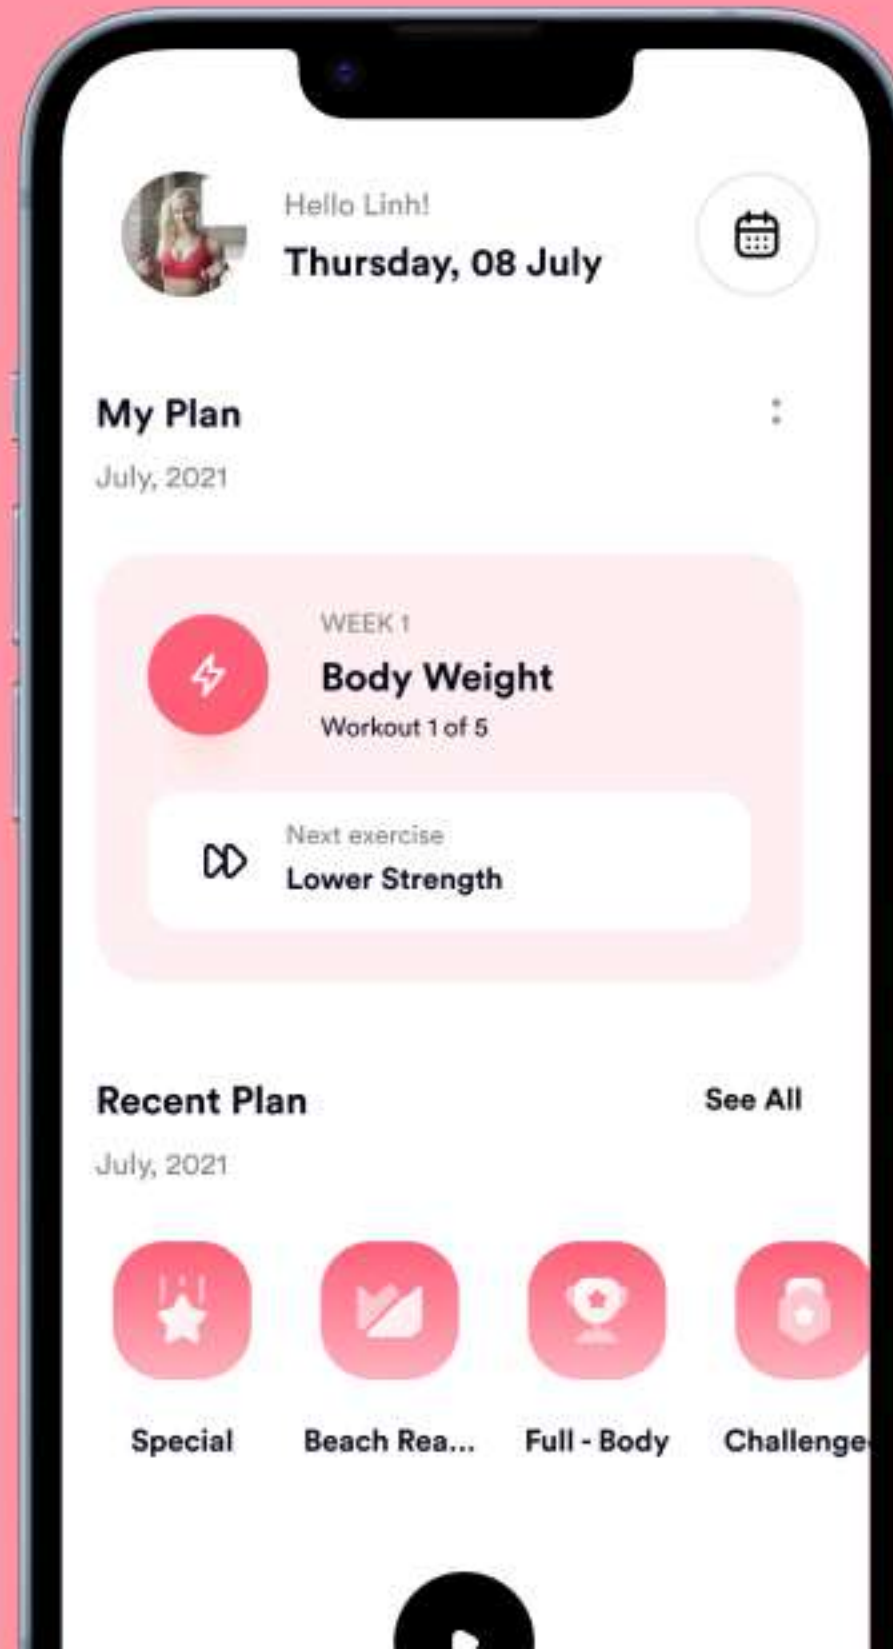

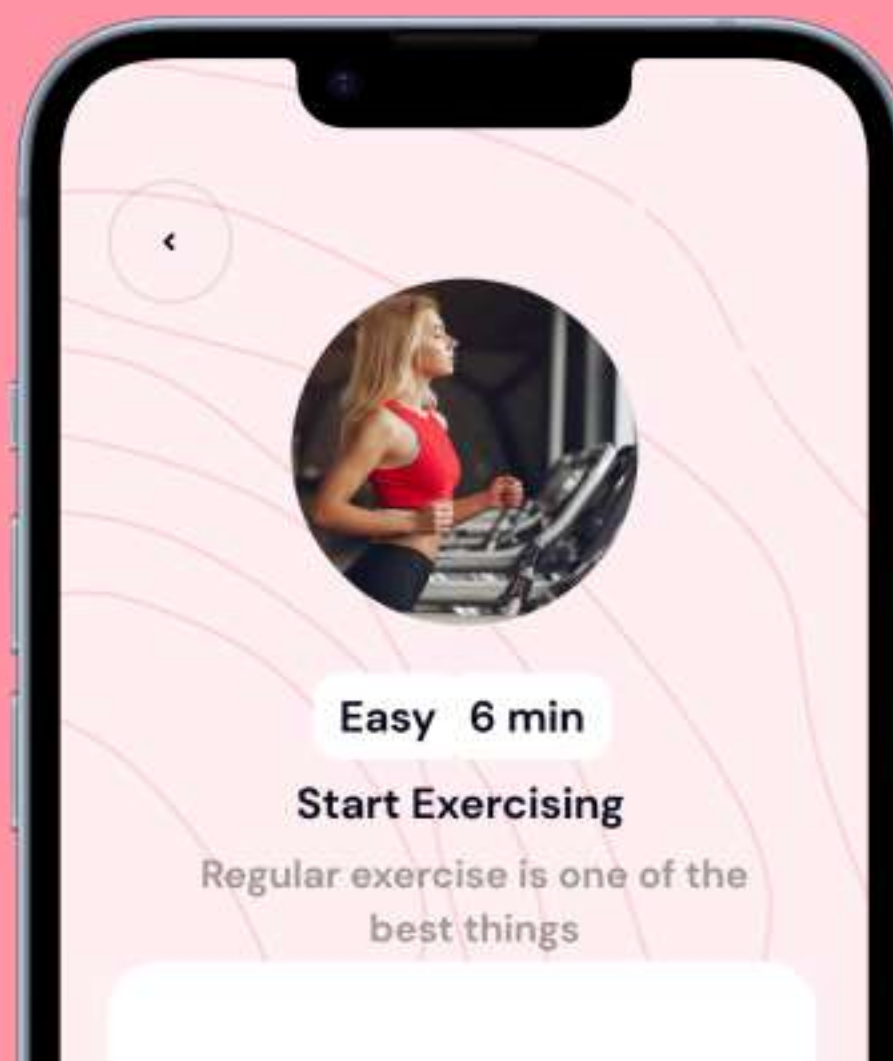

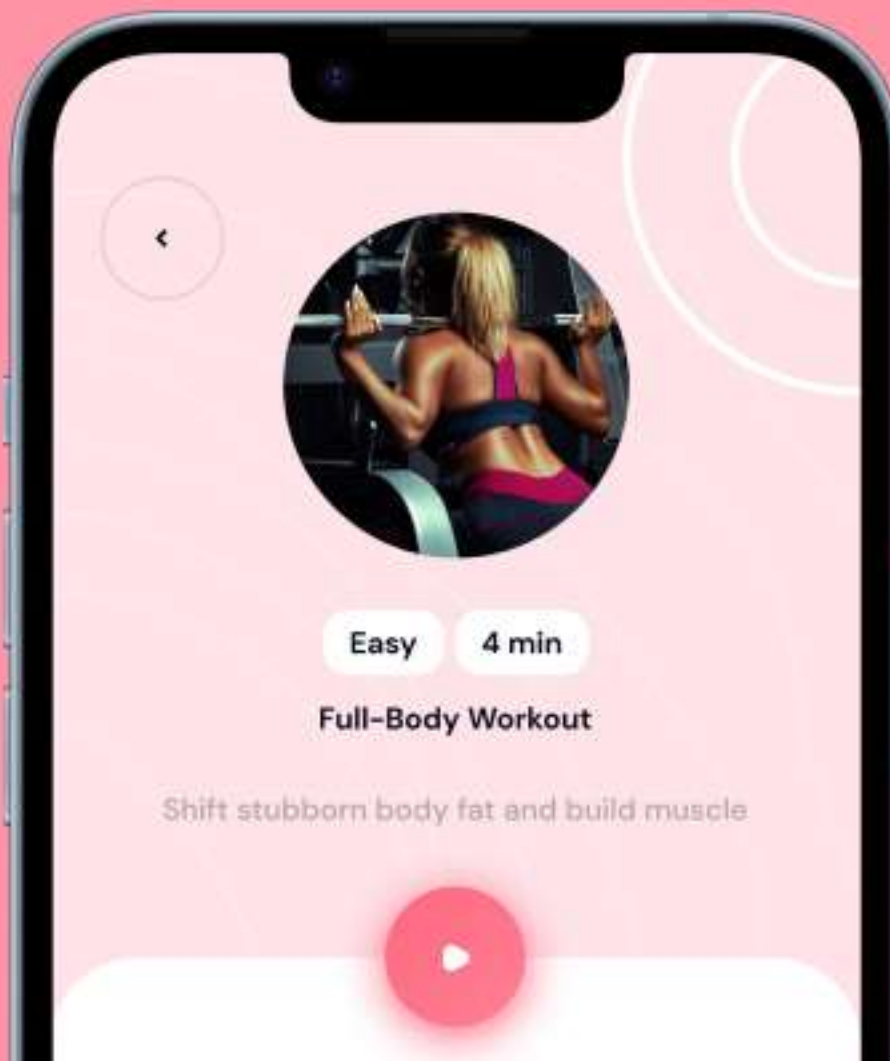

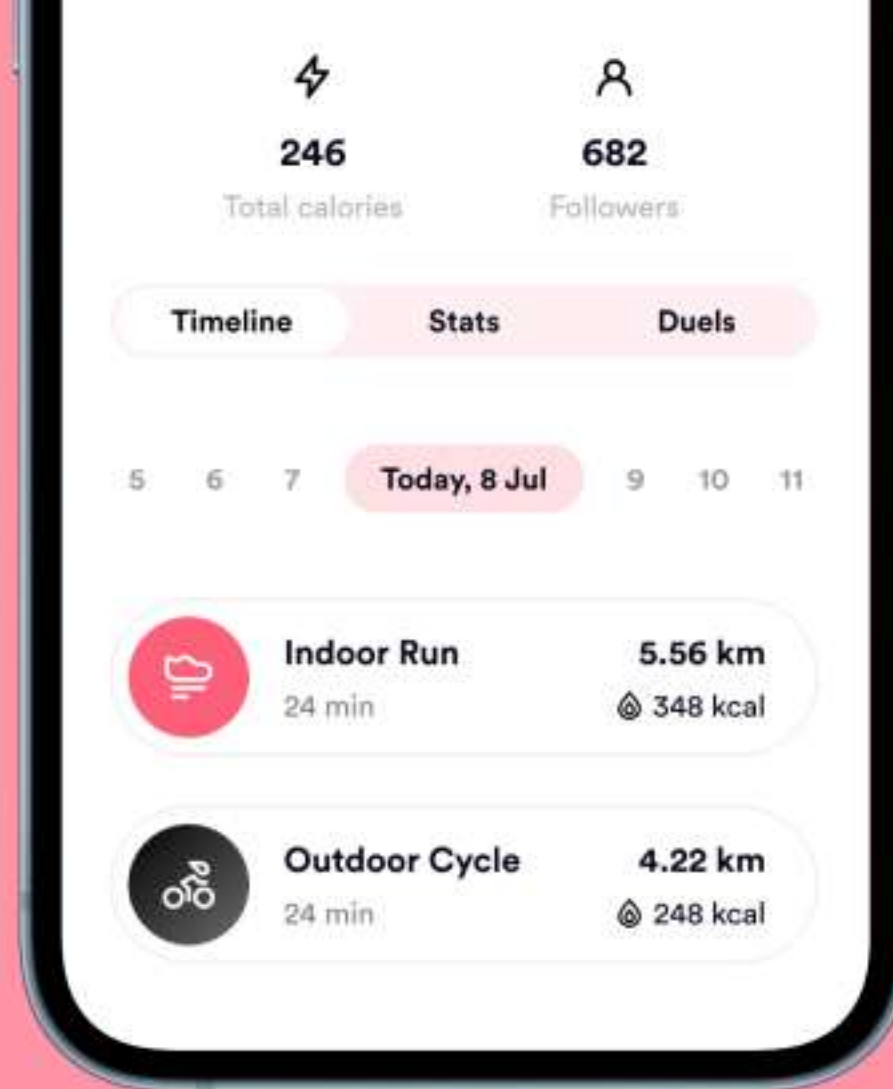

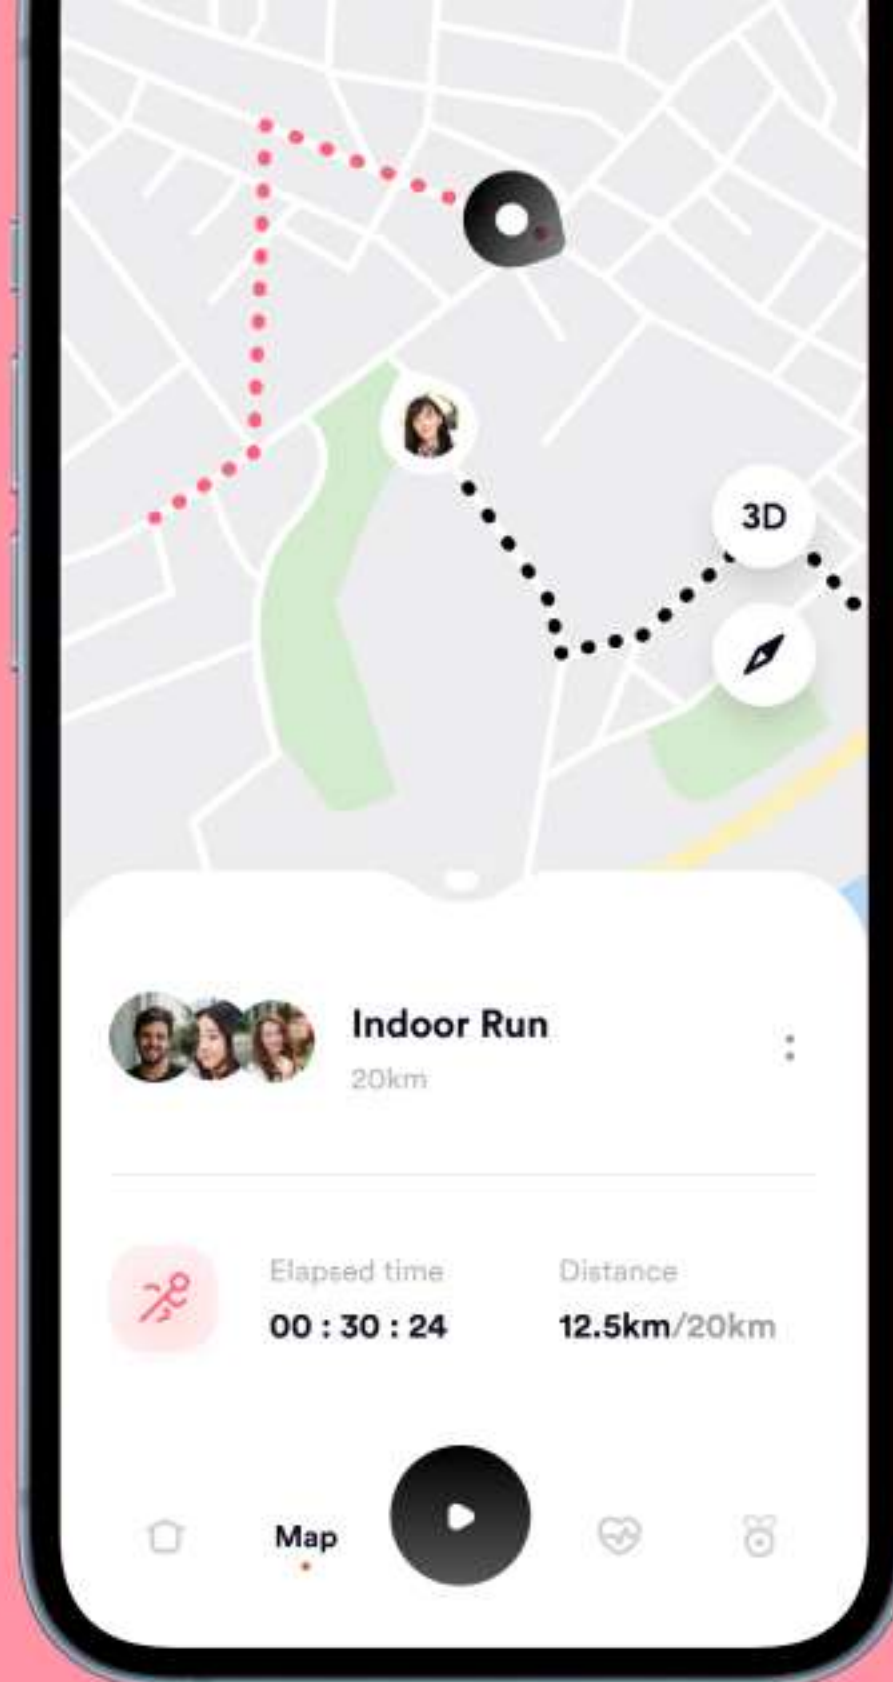

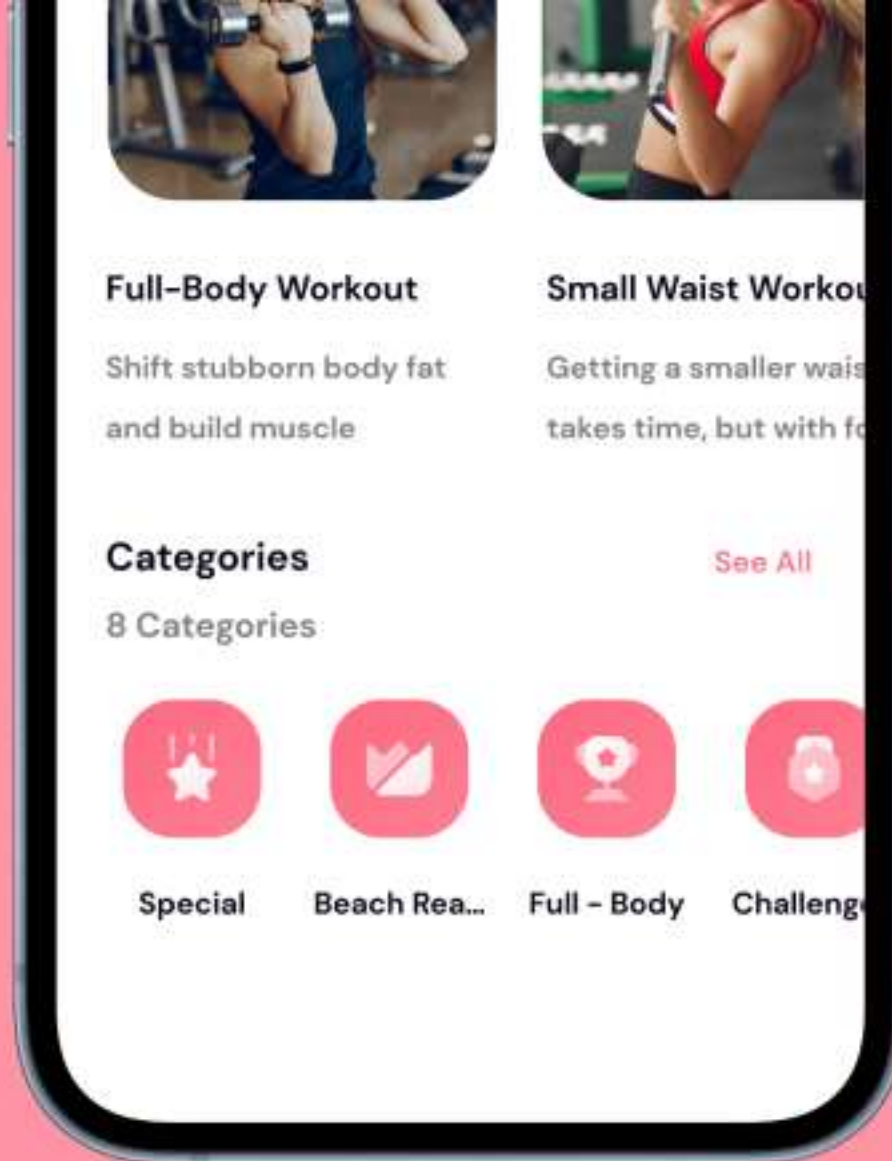

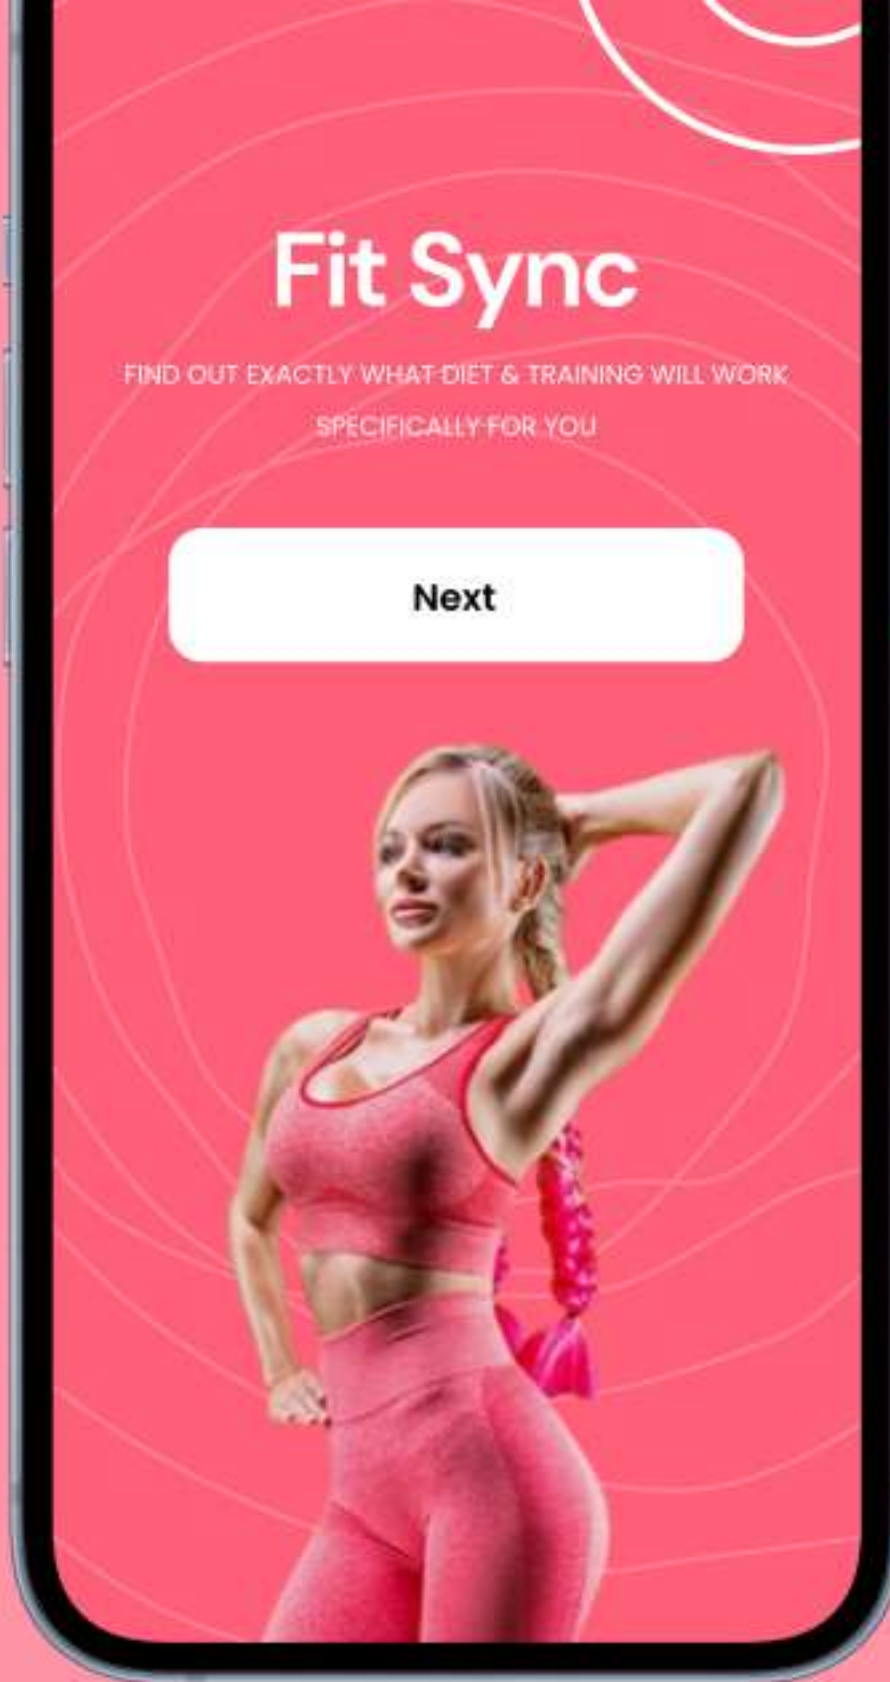

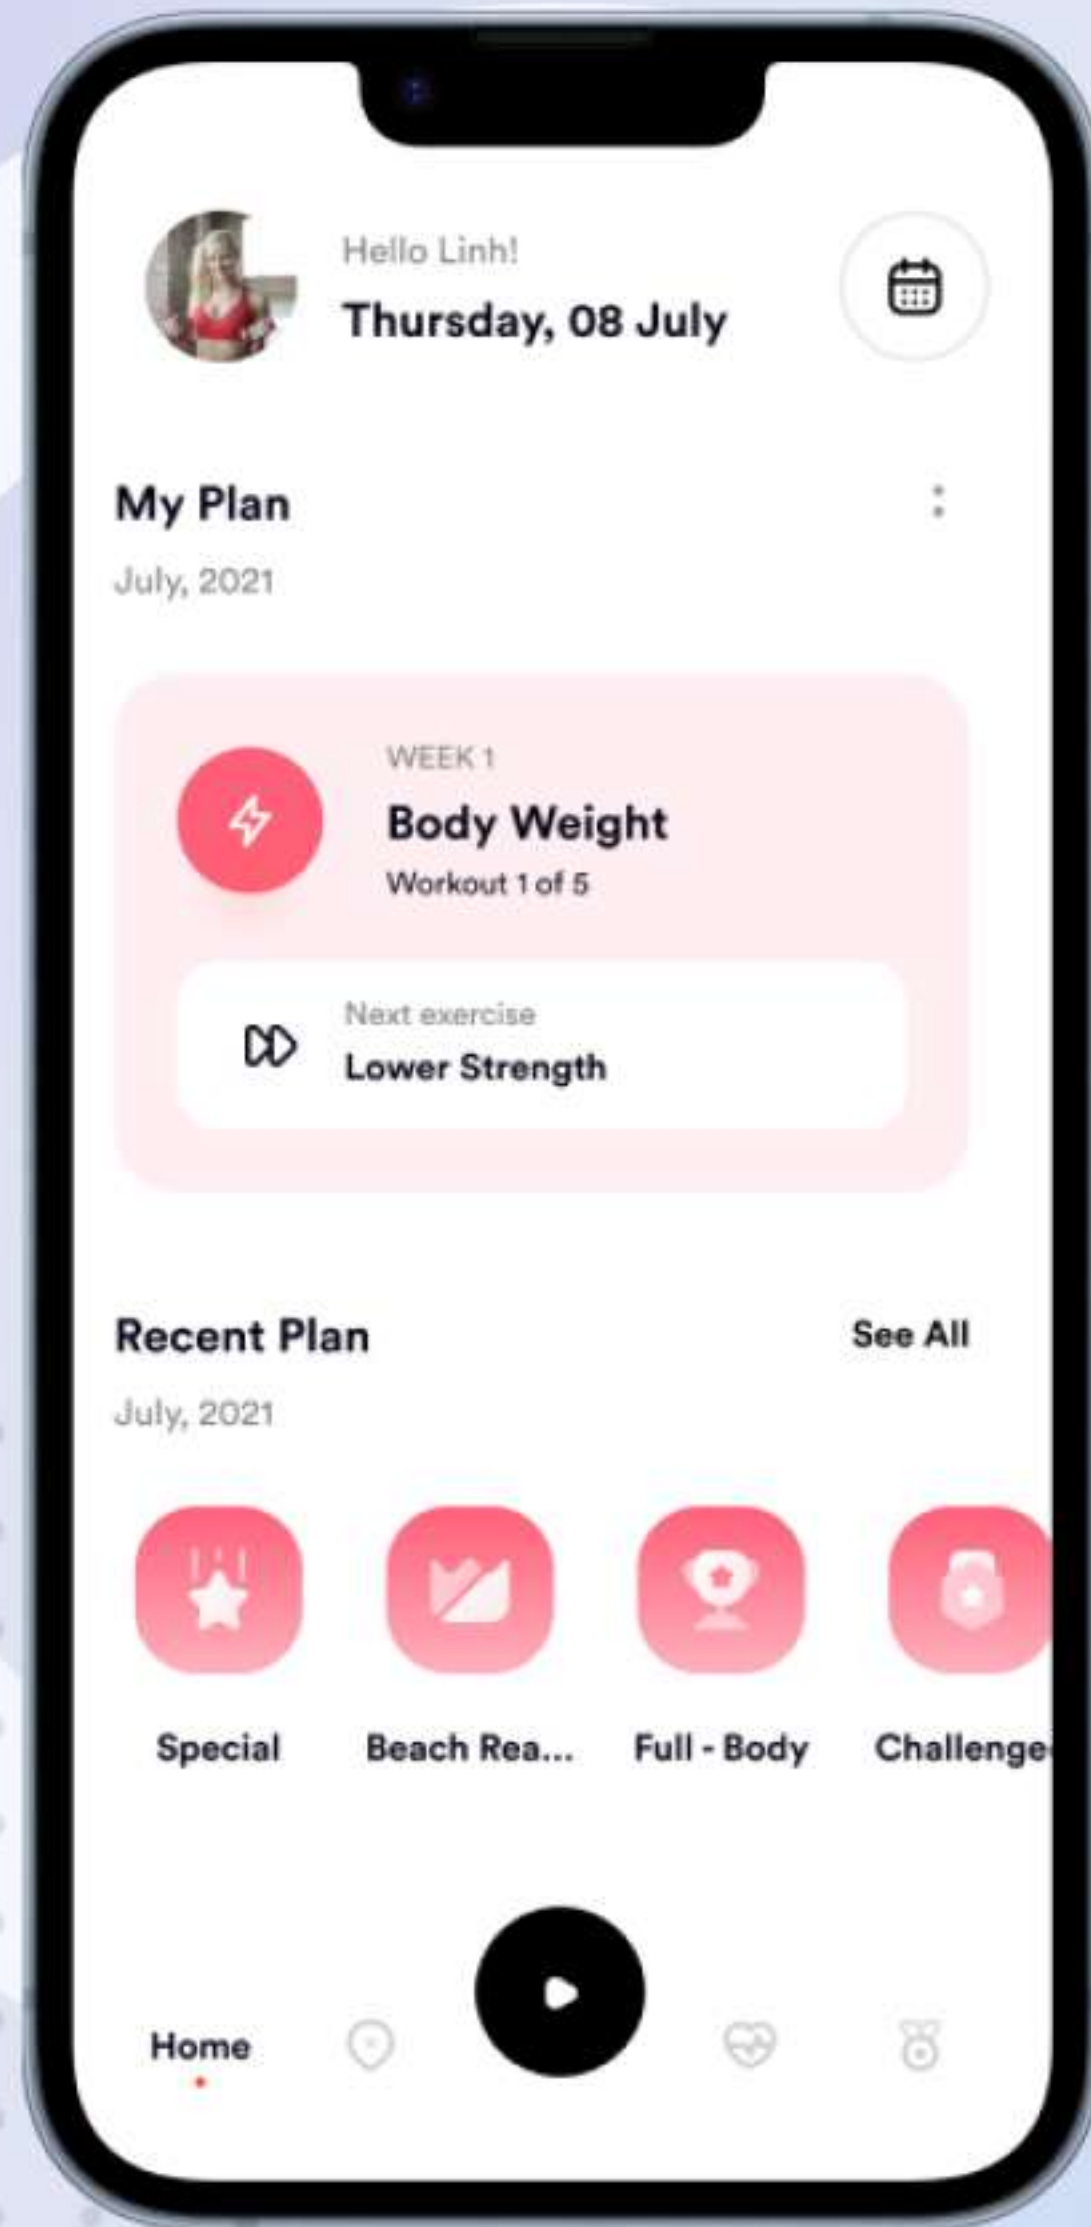

# Gym Fitness Tracking App

A user-friendly gym fitness tracking app that simplifies workout routines and progress monitoring. Users effortlessly log exercises, track sets and reps, and monitor progress. With personalized fitness plans and workout reminders, users stay motivated to achieve their goals. The app also offers insights into performance metrics for optimized workouts.

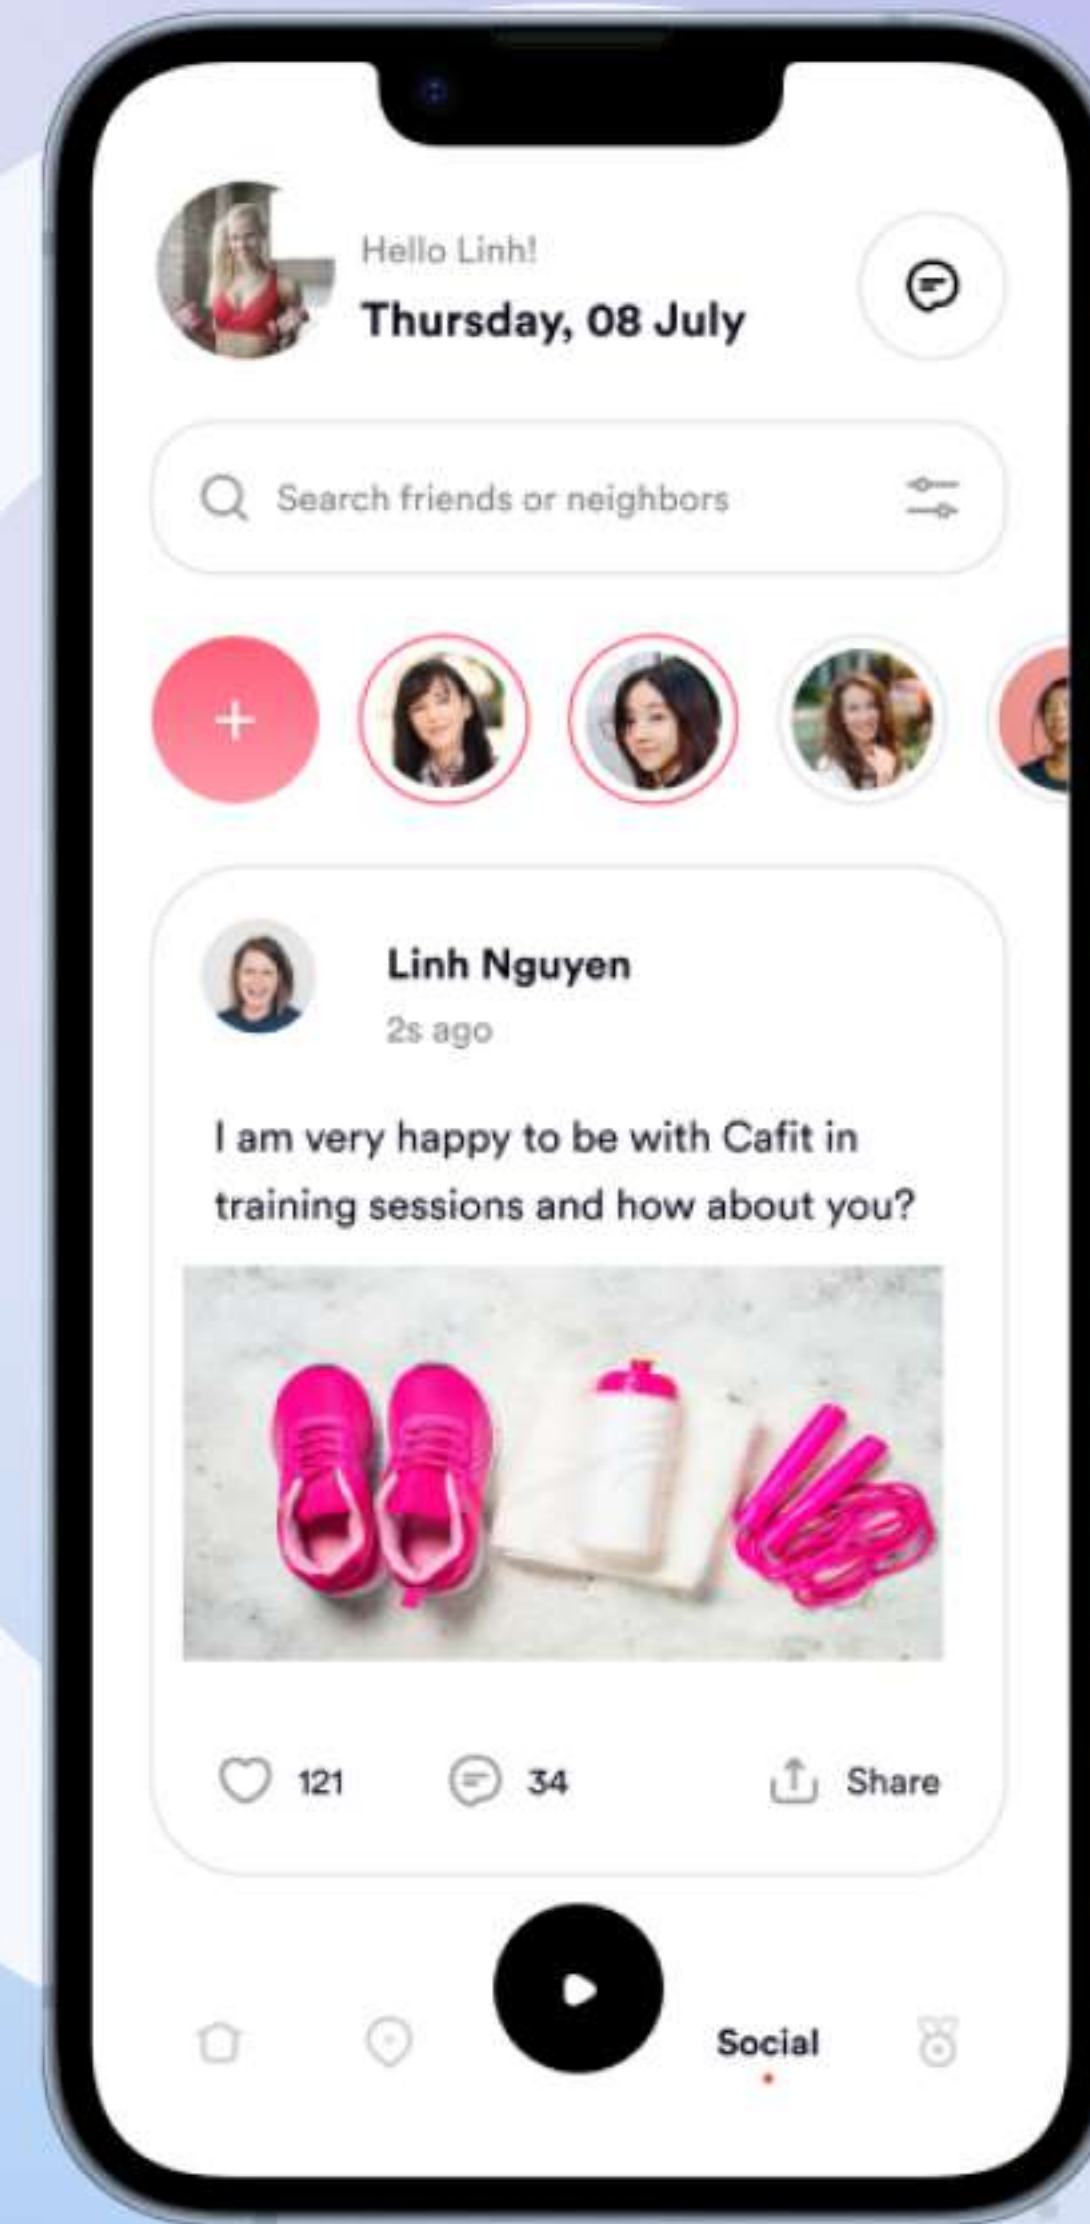

# Features

- ✓ Exercise Logging
- ✓ Goal Setting and Tracking
- ✓ Food/Nutrition Logging
- ✓ Integrations
- ✓ Social Features
- ✓ Gamification
- ✓ Post-Workout Analytics
- ✓ Exercise Demos/Tips

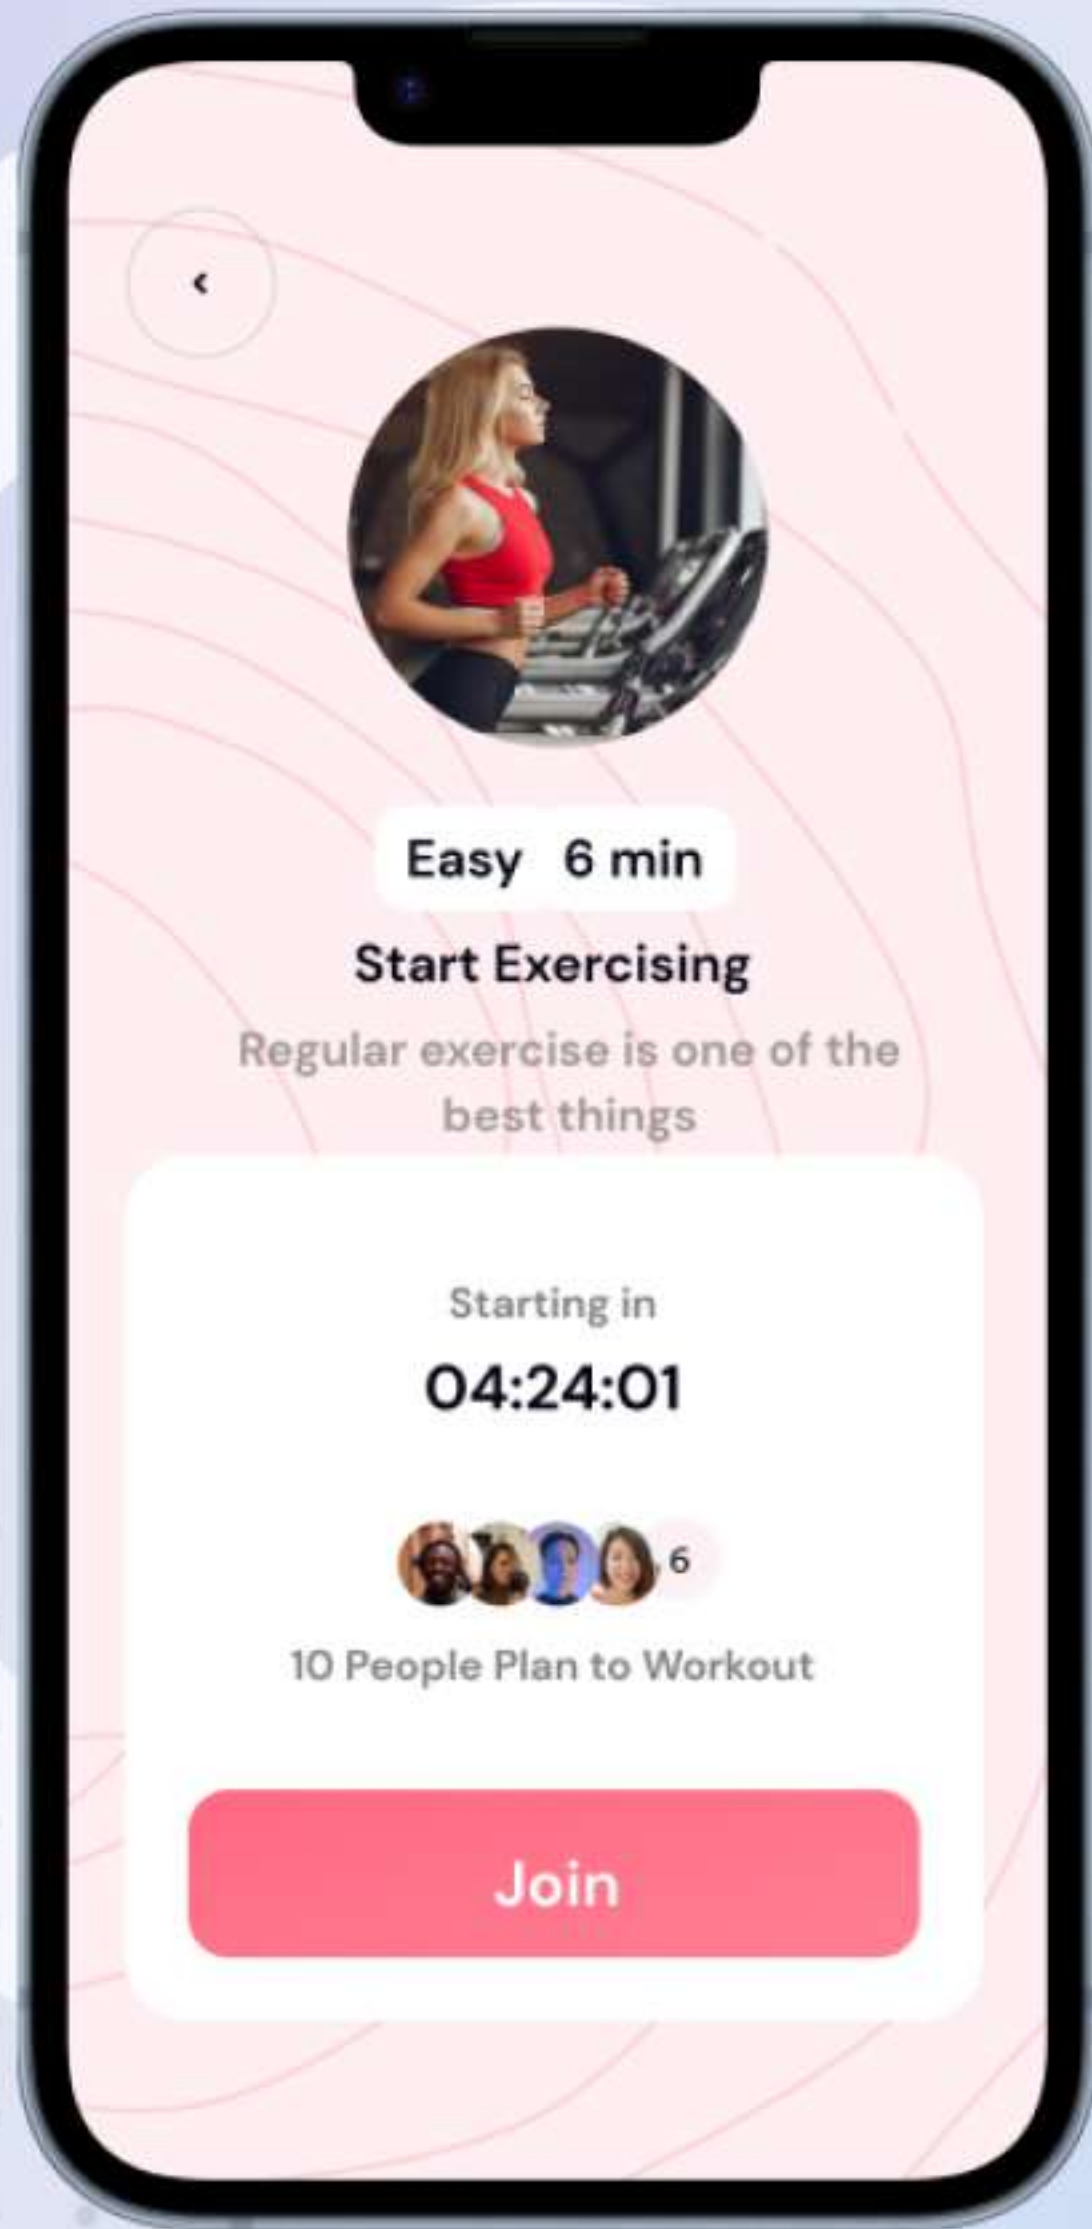

# Challenges

- ✓ Developing an app with robust exercise logging capabilities
- ✓ Seamlessly integrating with gym equipment and popular apps
- ✓ Leveraging social features and gamification to drive consistent use
- ✓ Building a secure platform protecting user data

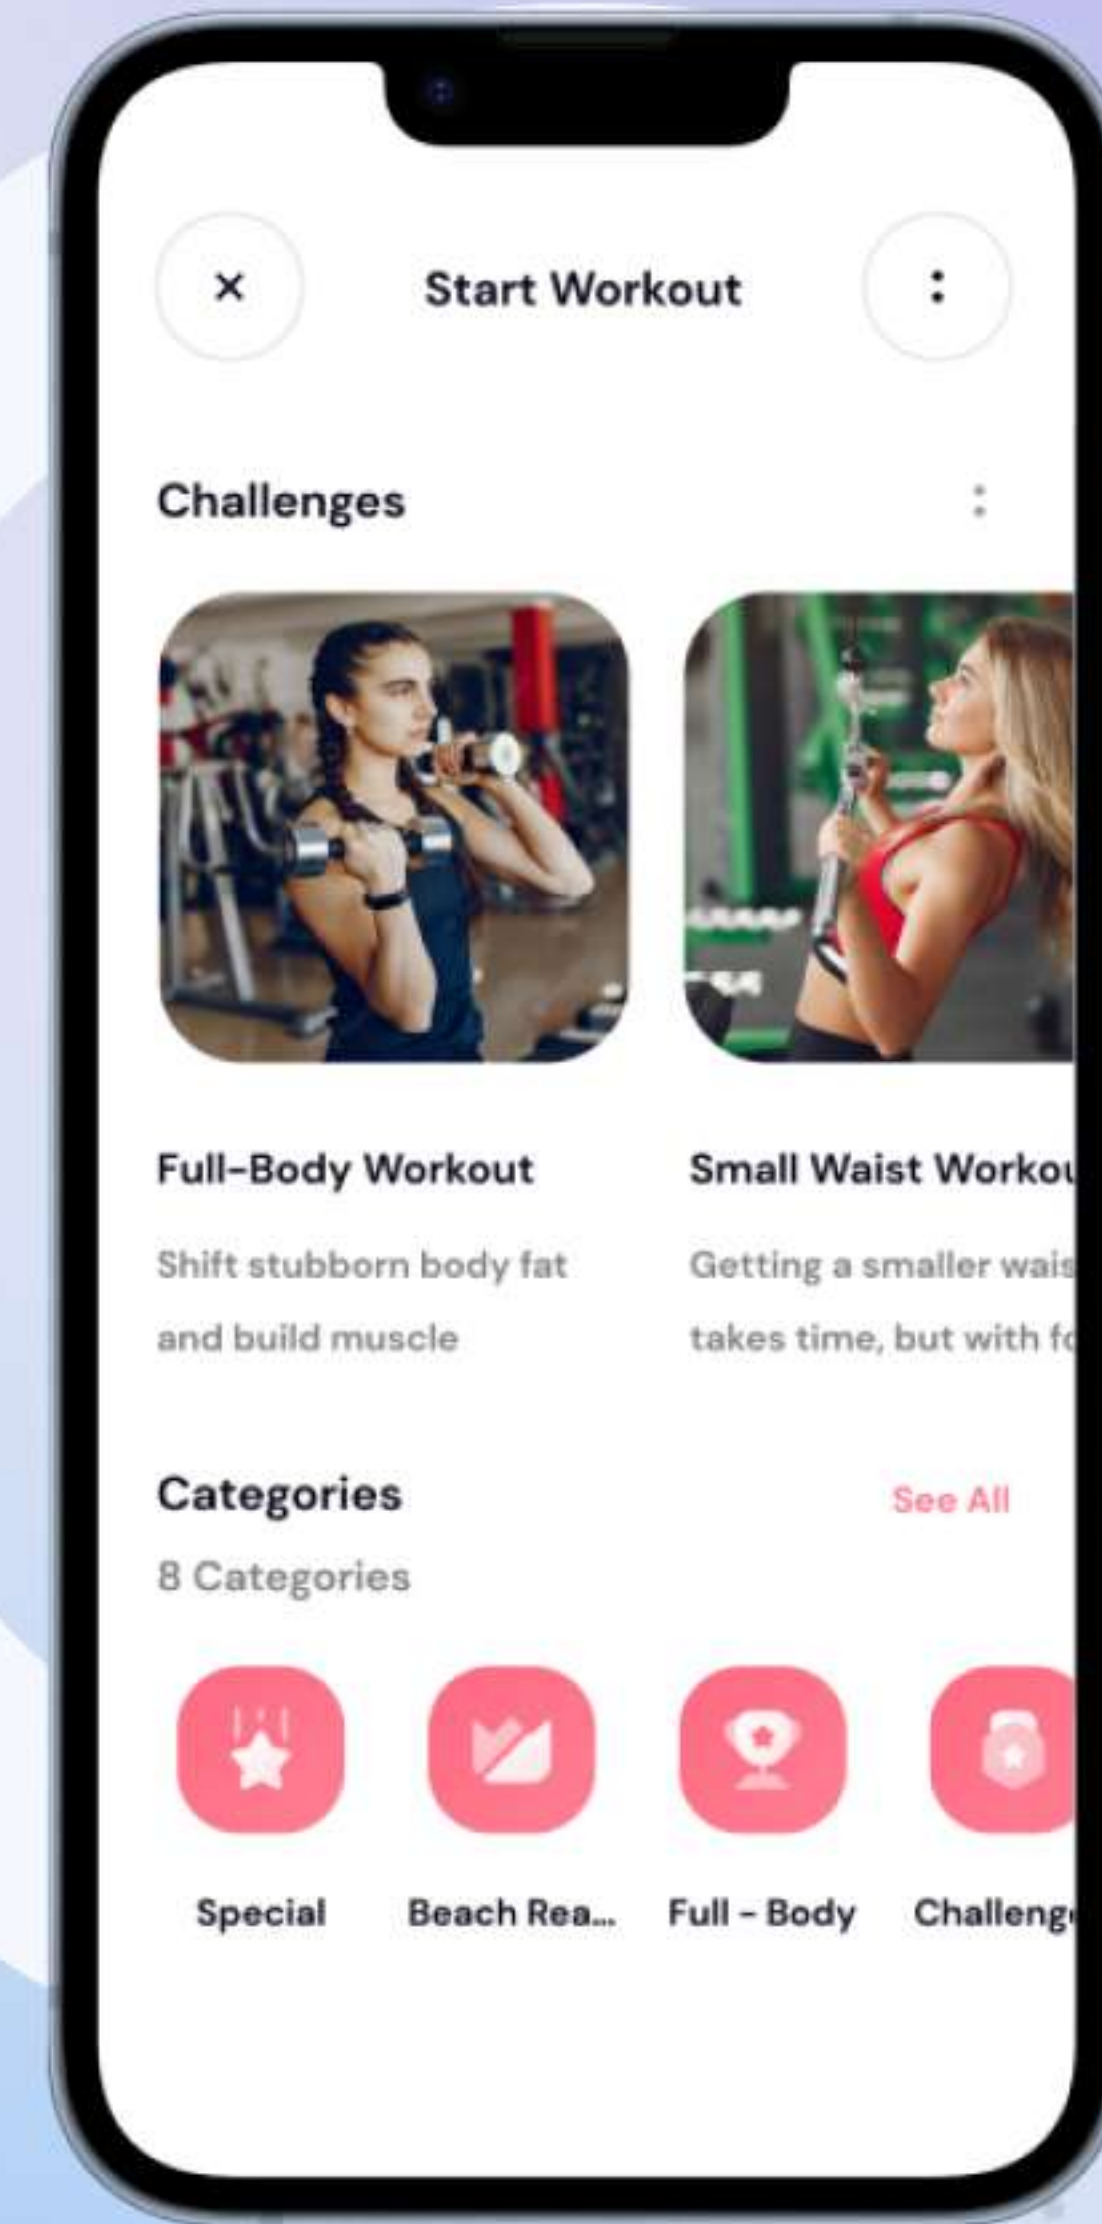

# Solutions

- ✓ Create native iOS and Android apps for reliability
- ✓ Partner with wearable companies like Fitbit for syncing
- ✓ Implement achievements, challenges, and leaderboards
- ✓ Develop privacy-first infrastructure on AWS technology

# Impact

- ✓ 75% longer average daily app usage compared to competitors
- ✓ Over 100k downloads and 4.8-star rating in 6 months
- ✓ 32% of workouts logged tied to social features
- ✓ Customer LTV increased thanks to recommendation engine

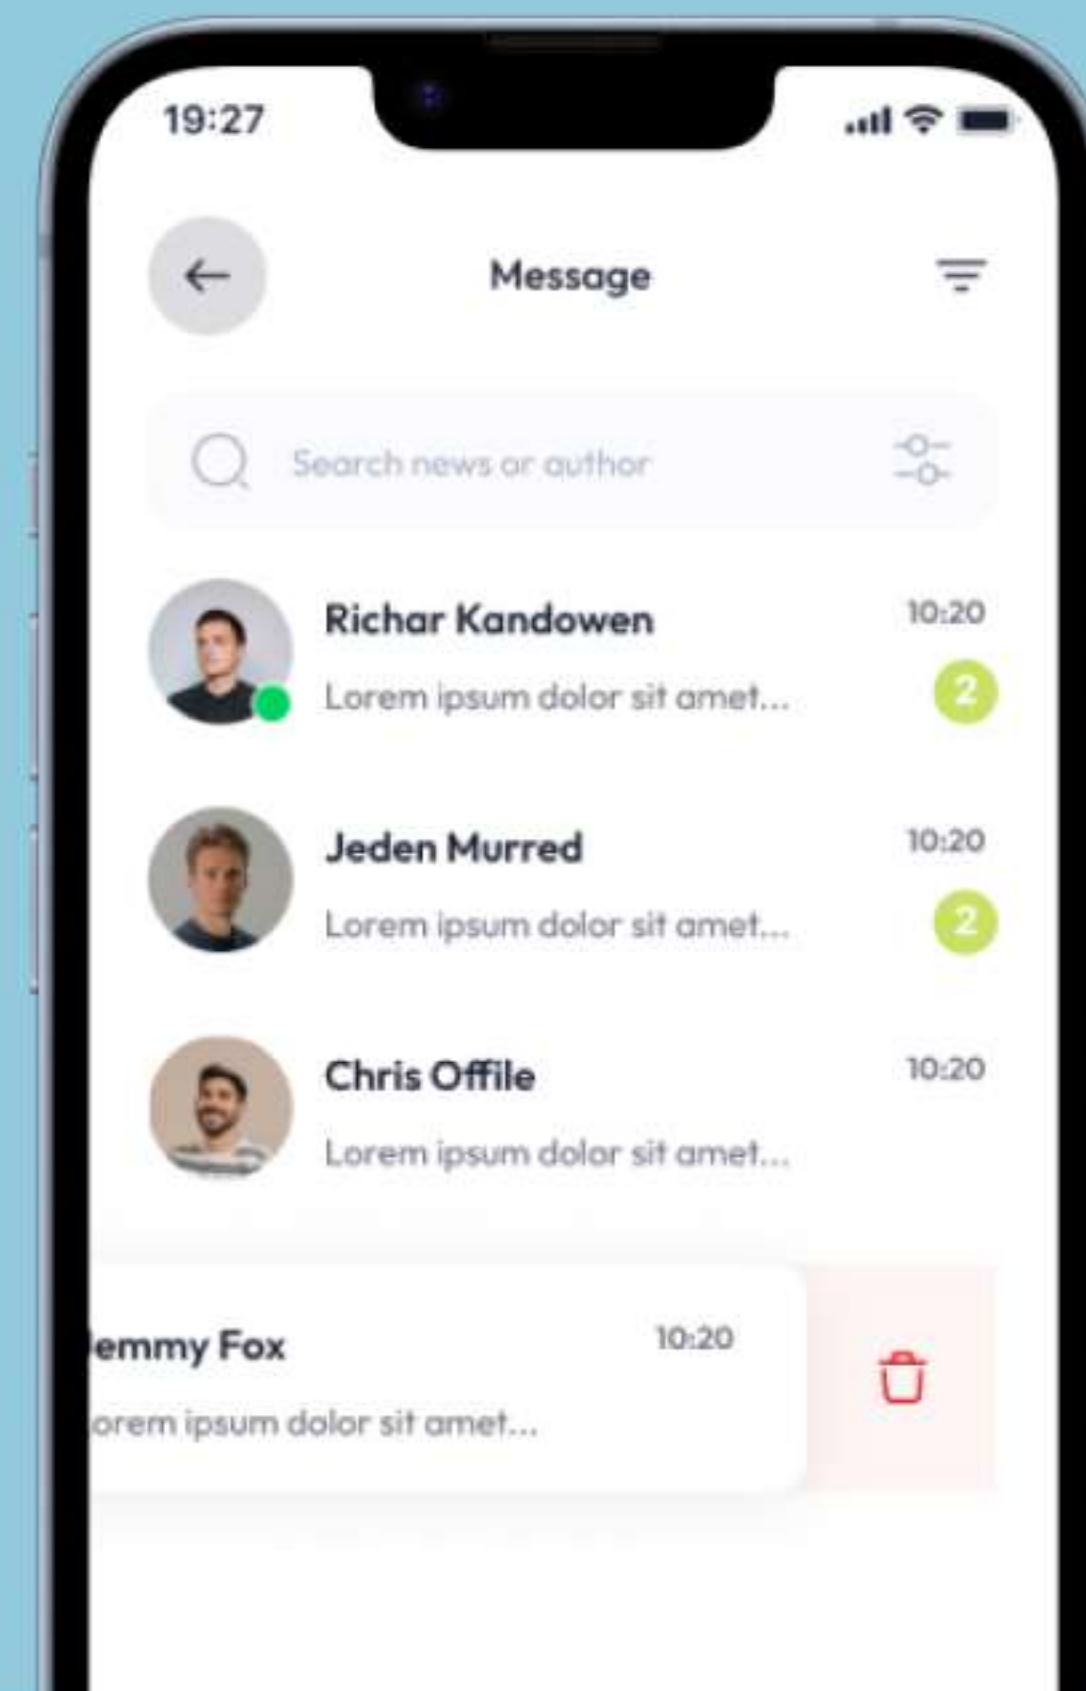

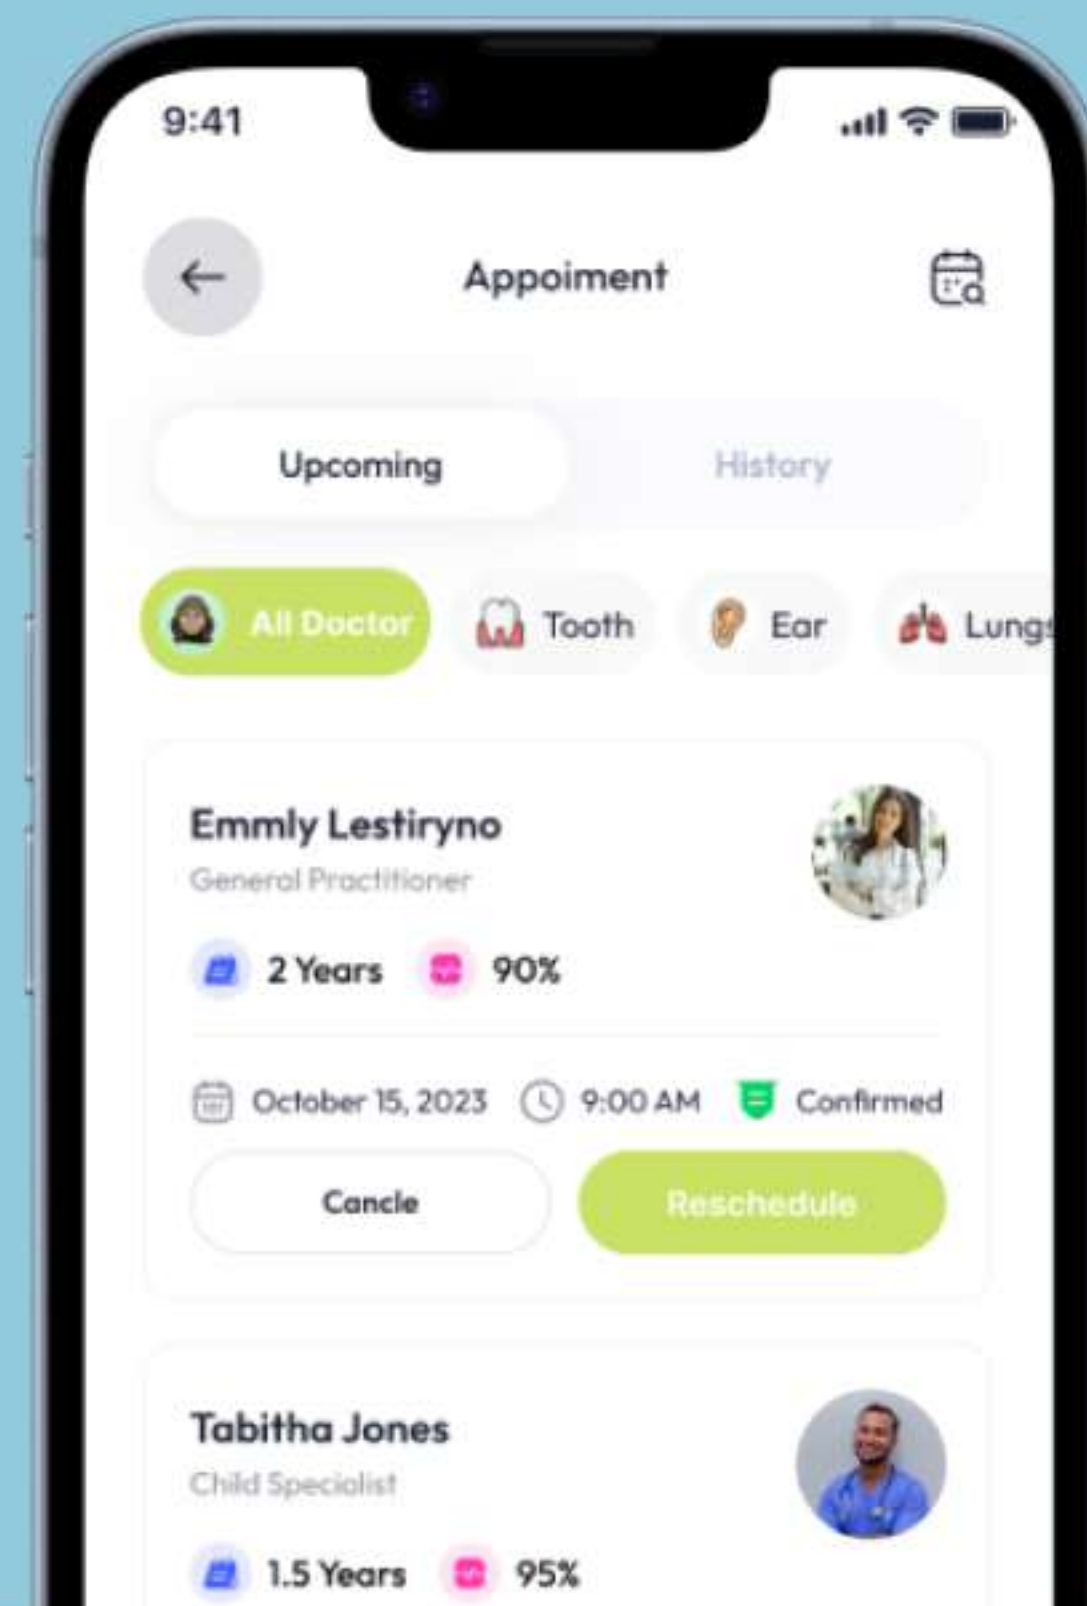

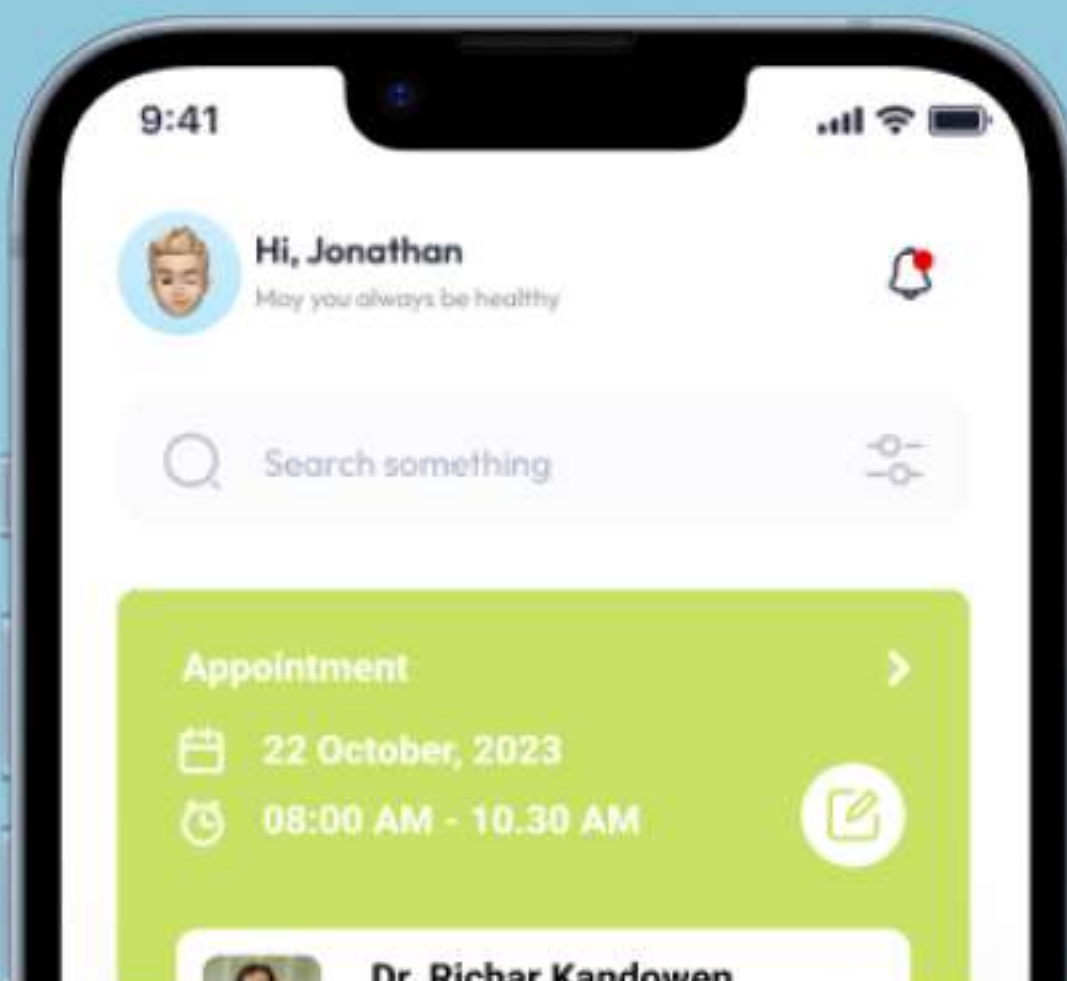

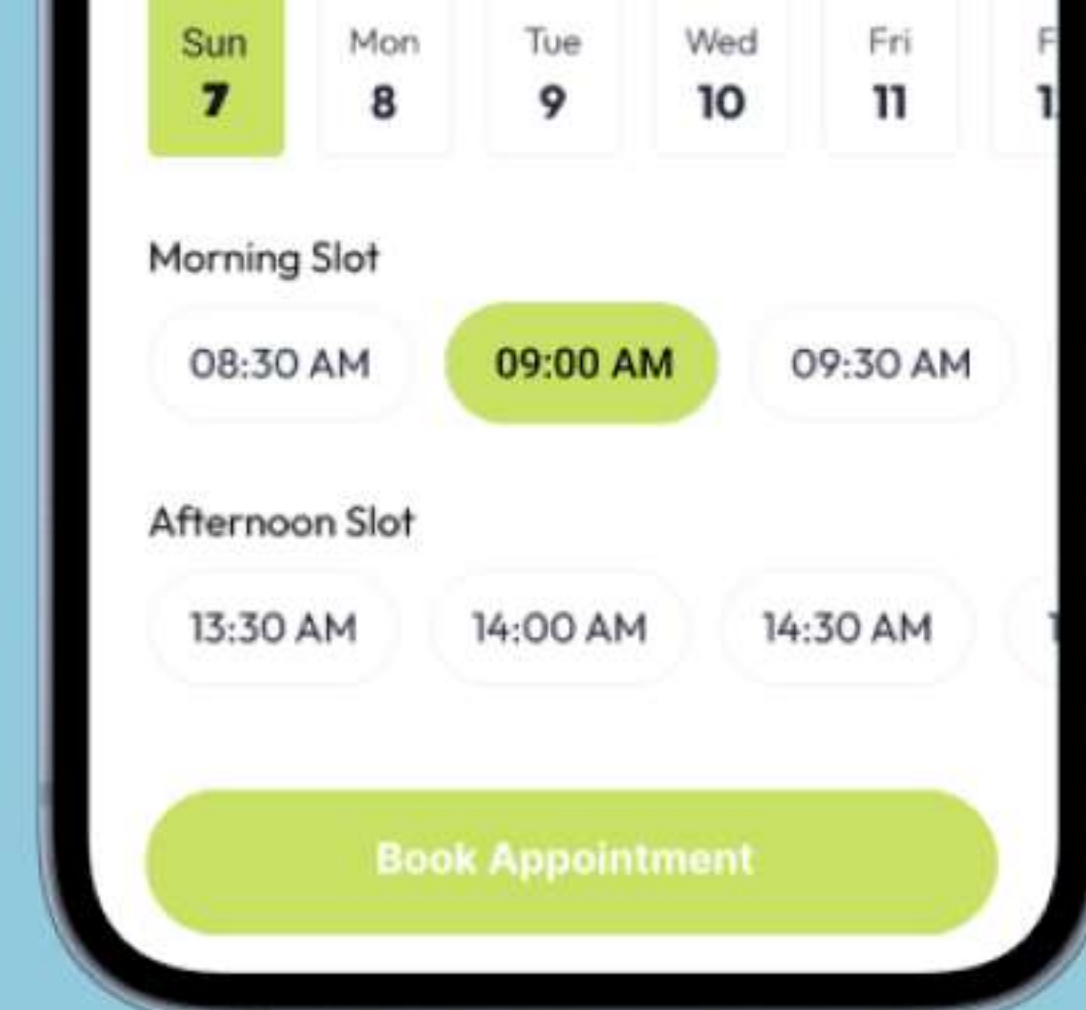

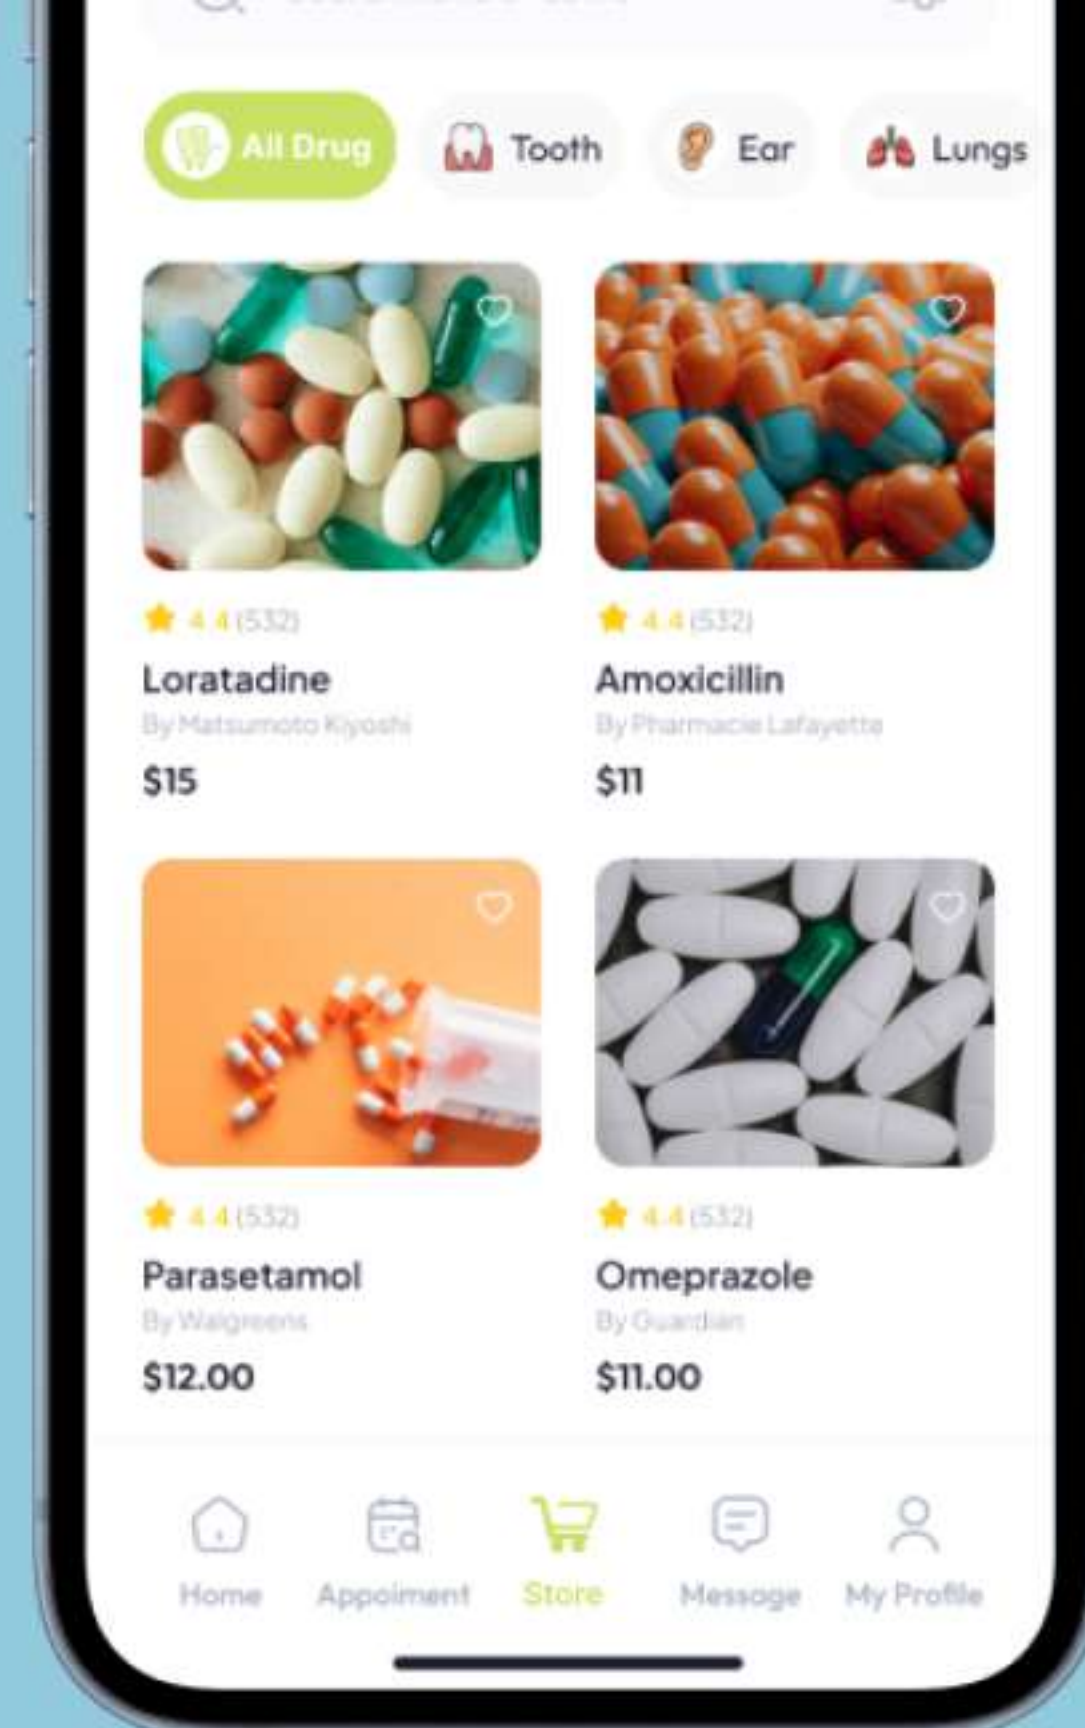

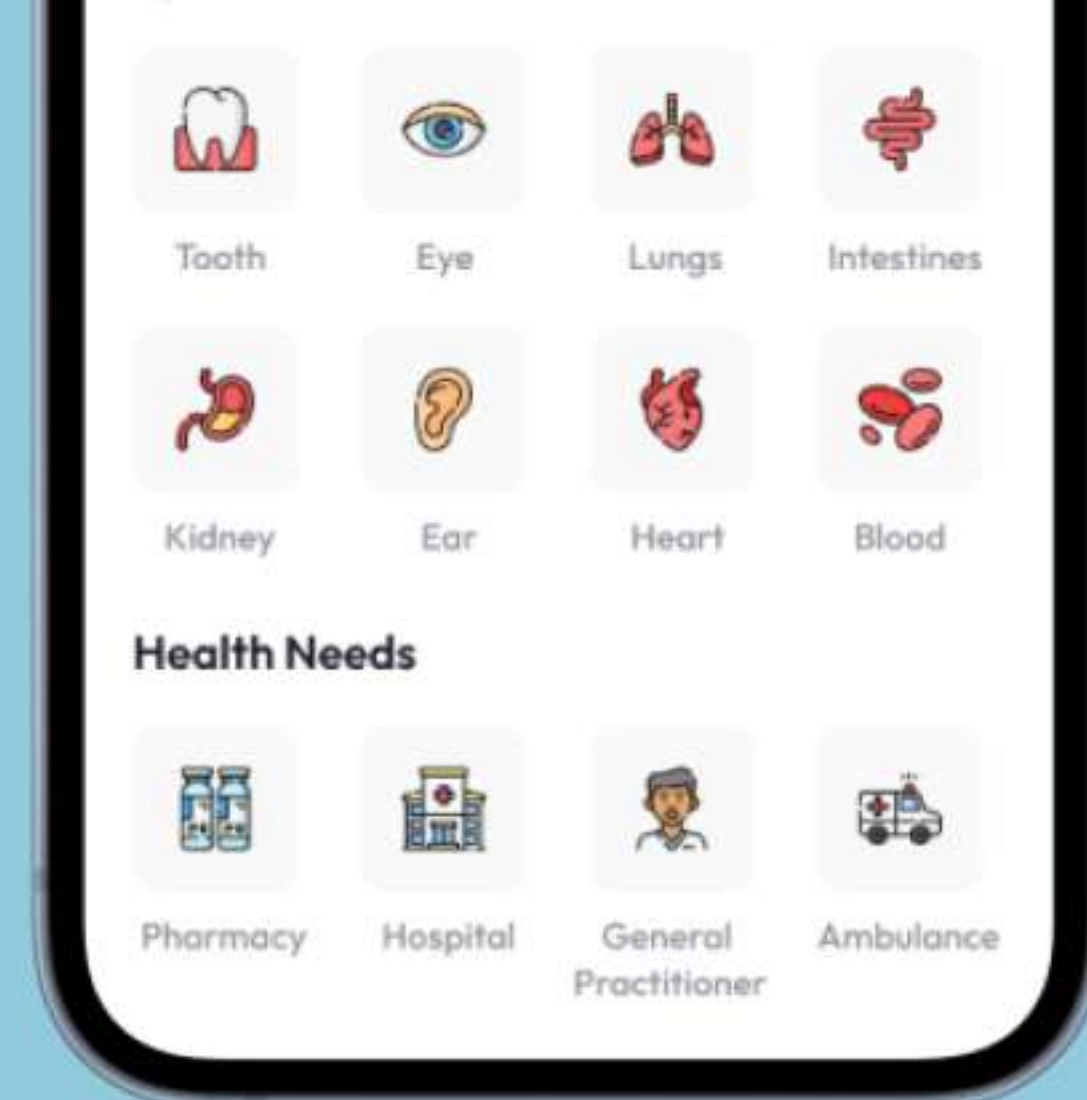

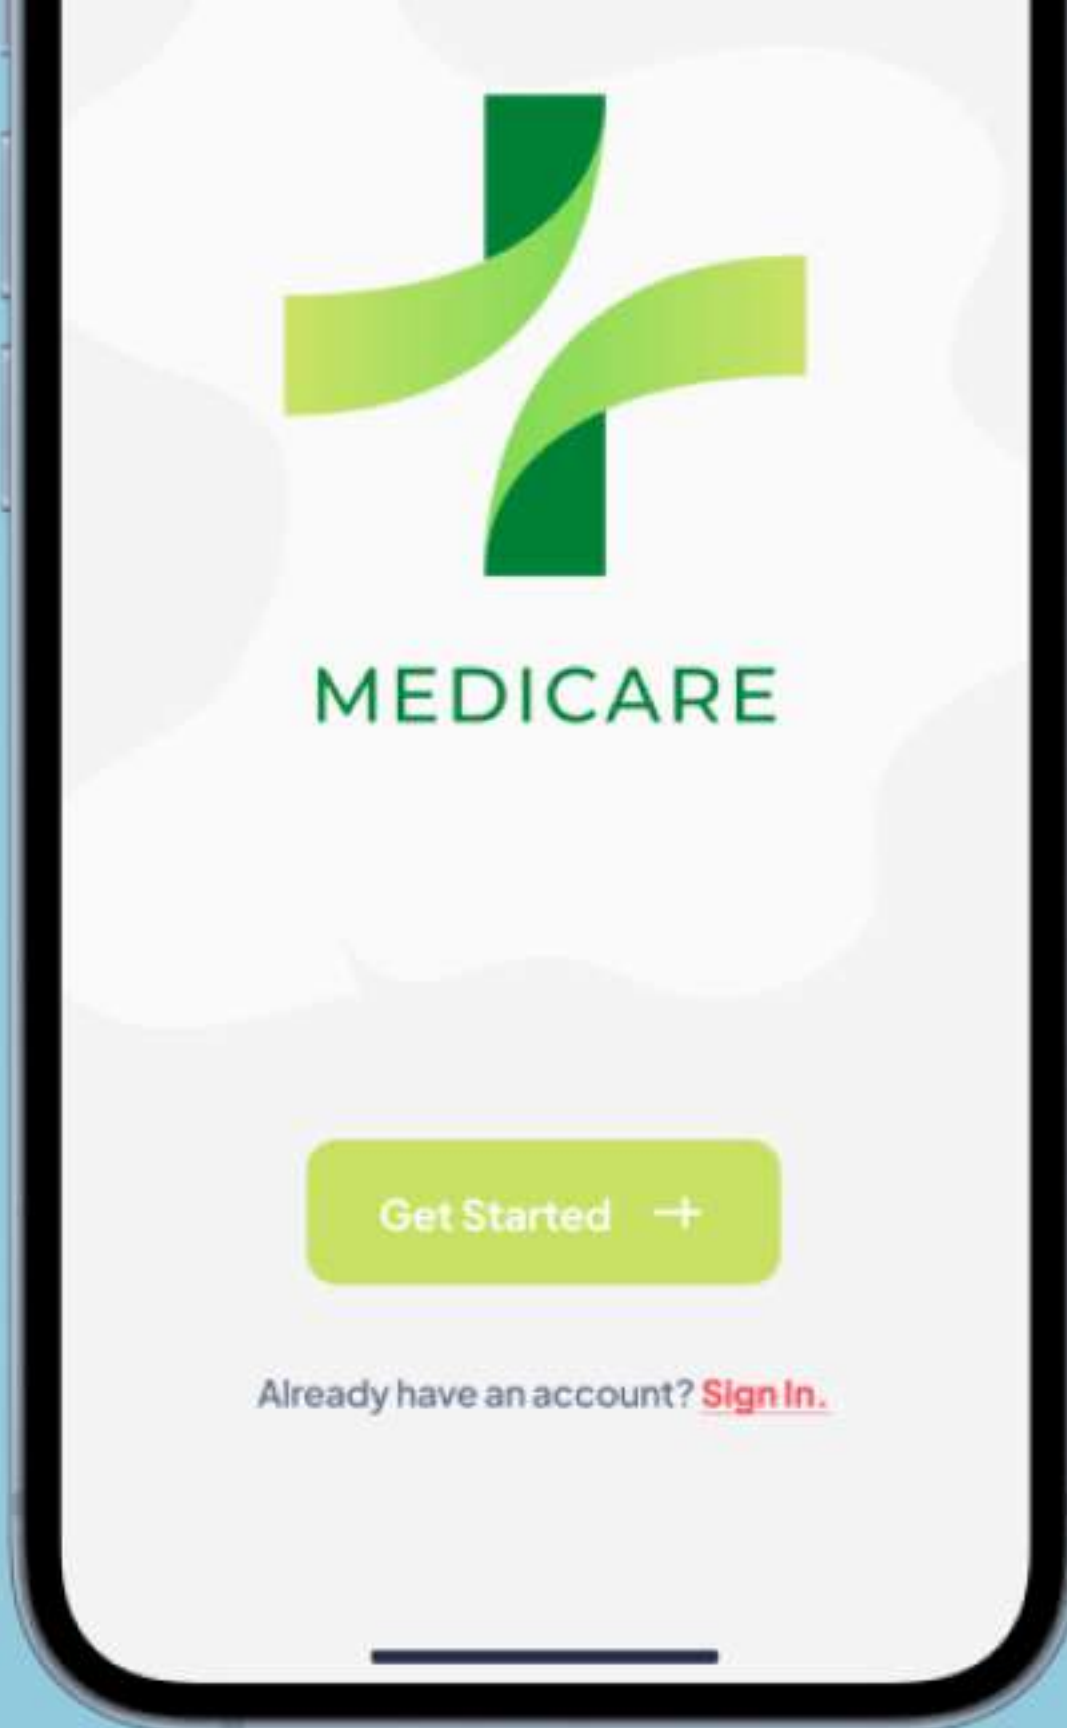

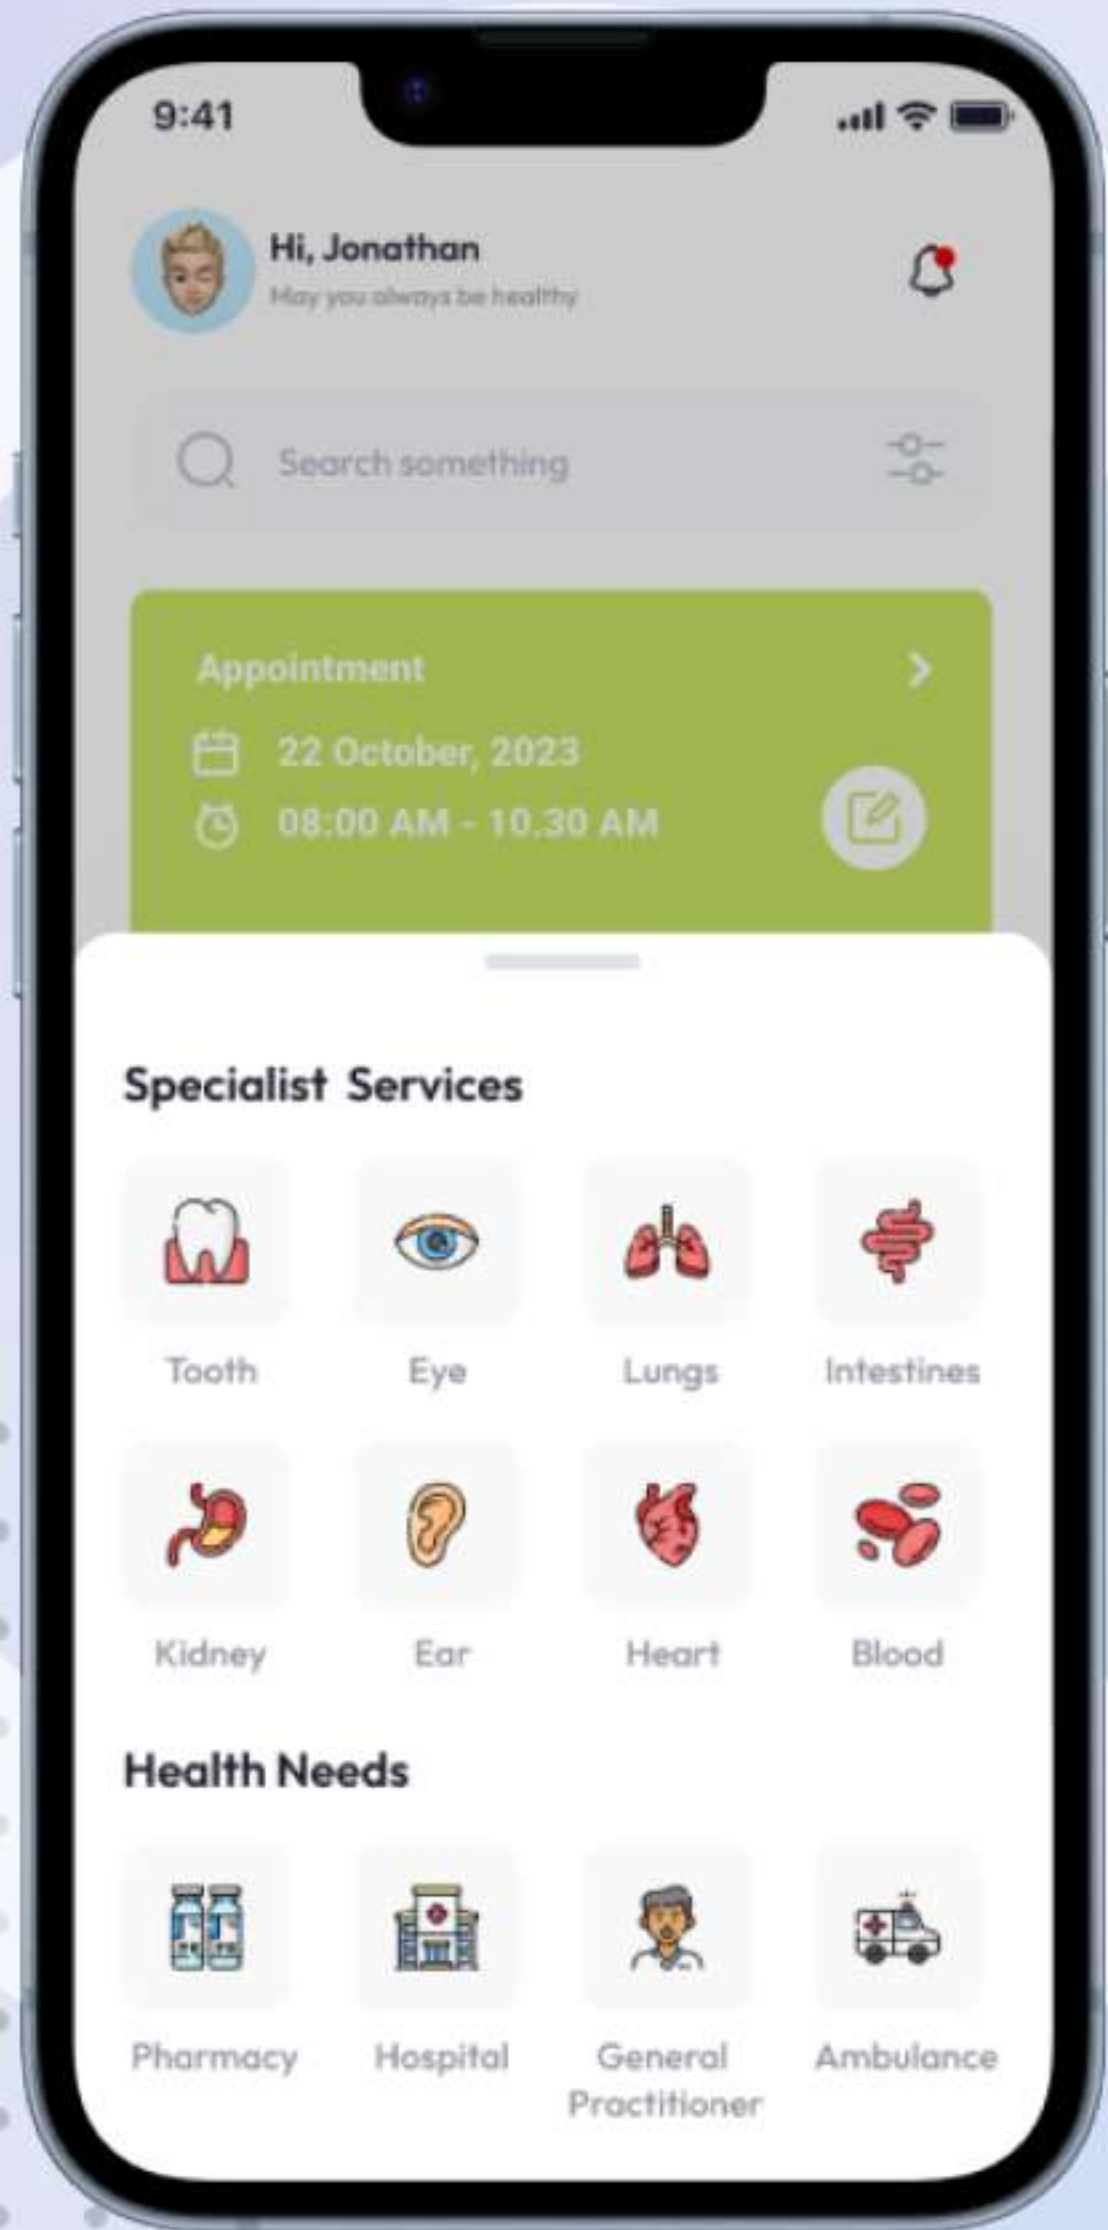

# Health and Wellness App

A mobile application that empowers users to achieve their wellness goals through personalized programs, habit tracking, and a supportive community. We'll delve into the app's features, design choices, and the positive impact it has had on user health and well-being.

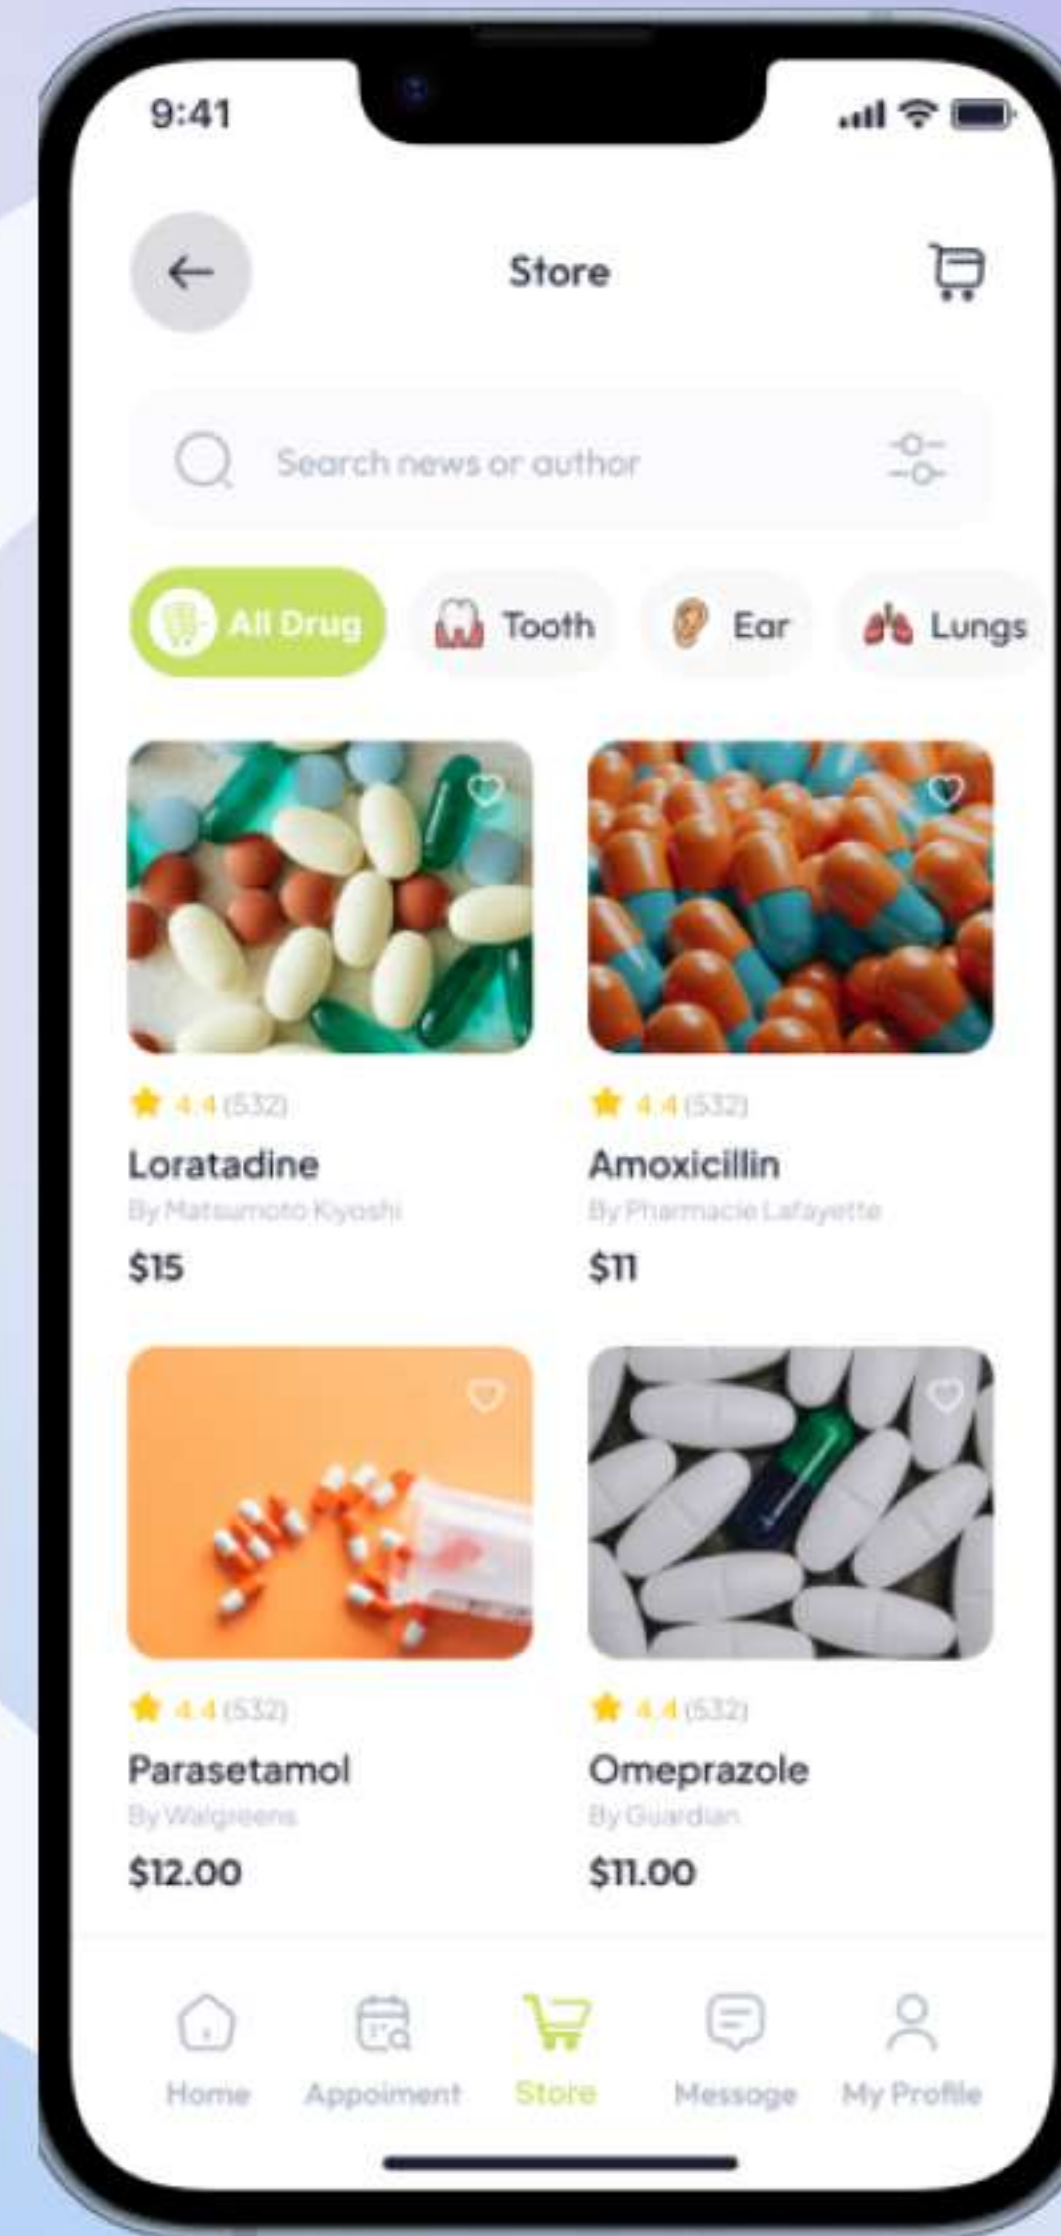

# Features

- ✓ User authentication and access controls
- ✓ Geolocated strain availability
- ✓ Strain information and recommendations
- ✓ Shopping cart and order processing
- ✓ Notifications and reminders

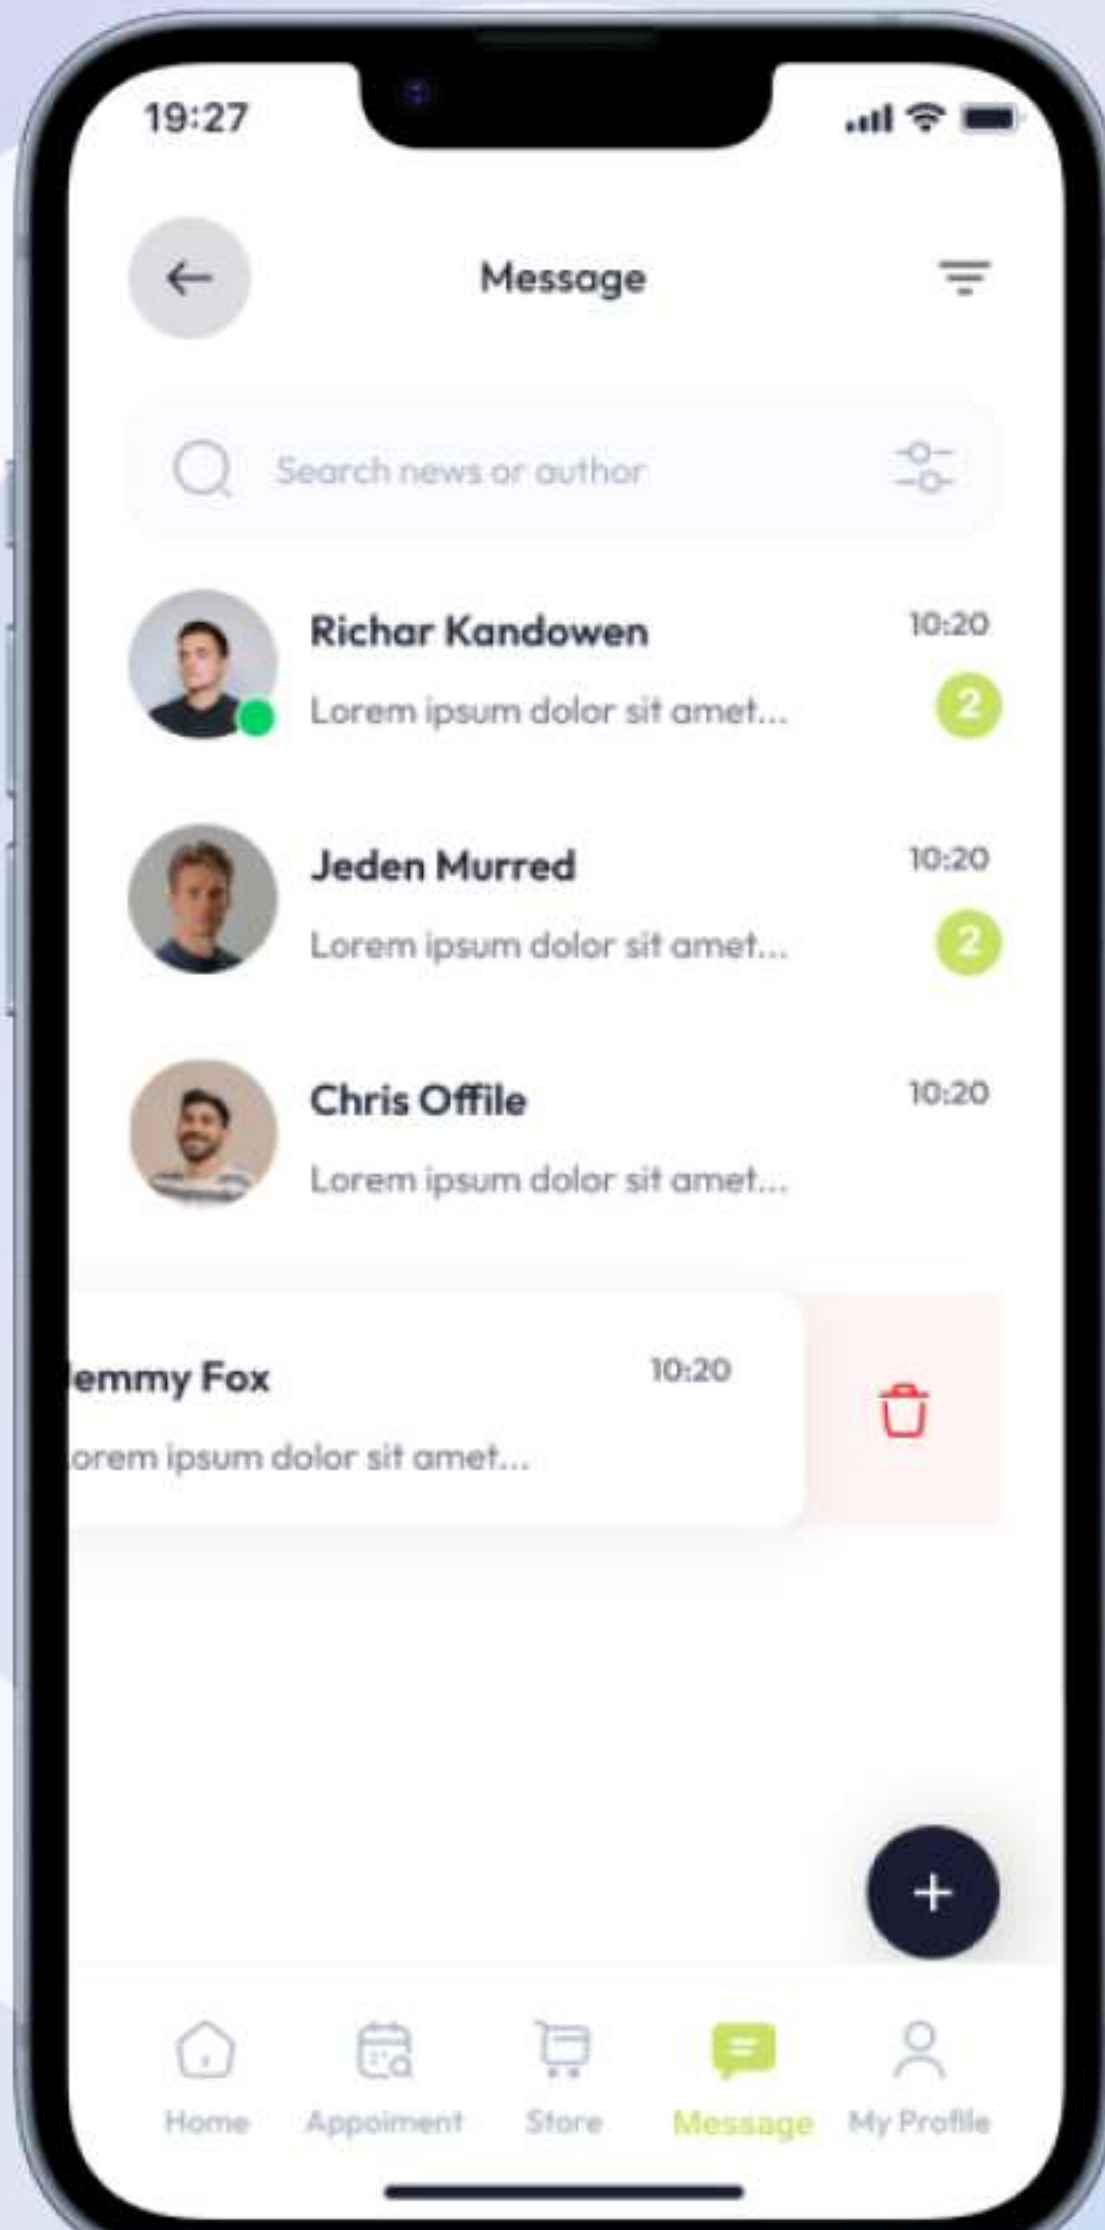

# Challenges

- ✓ Validating patient credentials and prescription status
- ✓ Showing product availability across disjointed dispensaries
- ✓ Personalizing recommendations with limited customer data
- ✓ Scaling platform quickly while ensuring full compliance
- ✓ Educating patients and promoting engagement

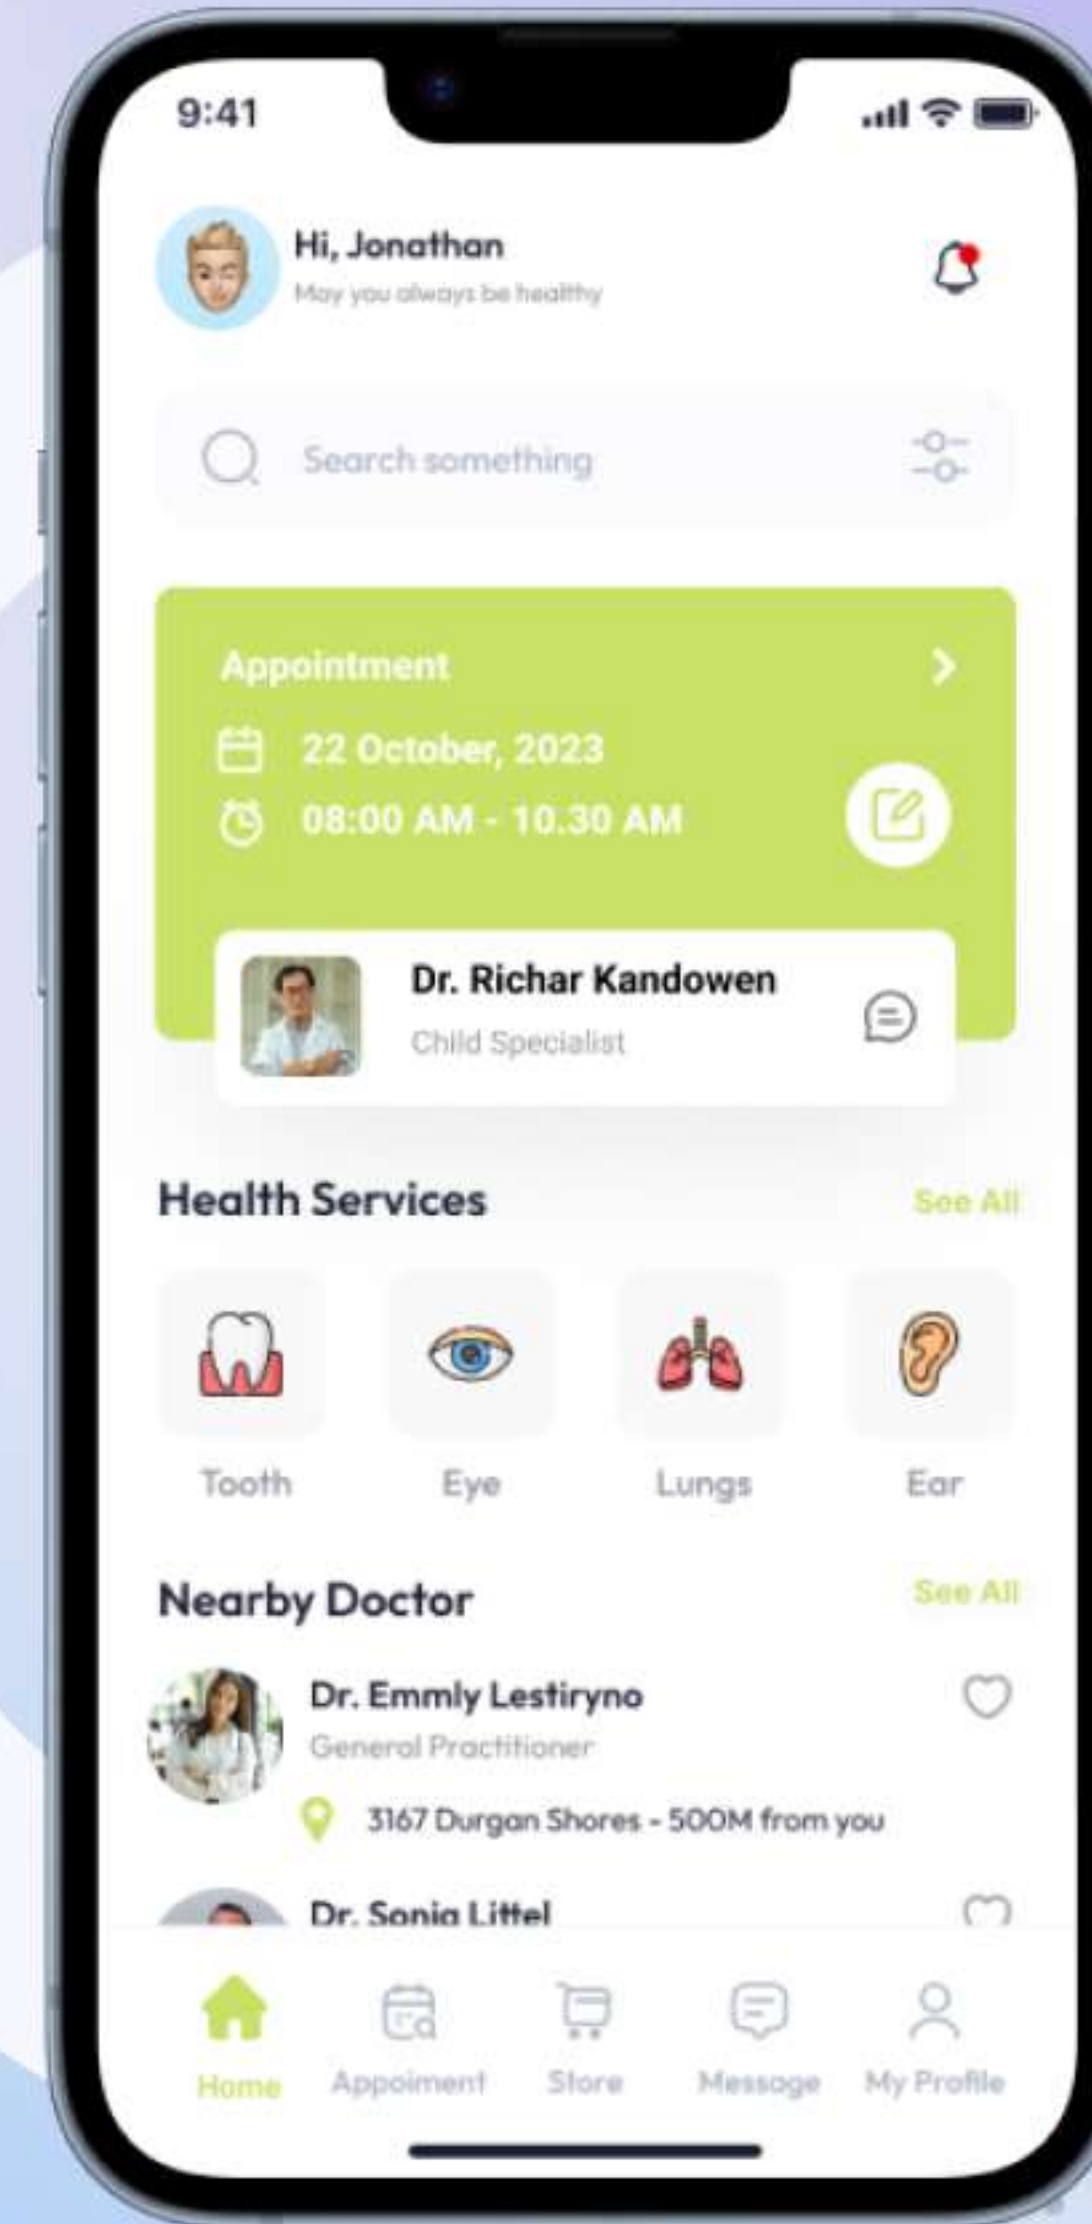

# Solutions

- ✓ Authentication integrations to verify patient access
- ✓ Dispensary integrations to show localized product availability
- ✓ Strain recommendations based on collective data
- ✓ State-by-state modular architecture for compliance
- ✓ Robust strain information and community features

# Impact

- ✓ 45% increase in patients served
- ✓ 60% improvement in product order conversion rates
- ✓ 30% reduction in patient acquisition costs
- ✓ 75% patient satisfaction score based on surveys

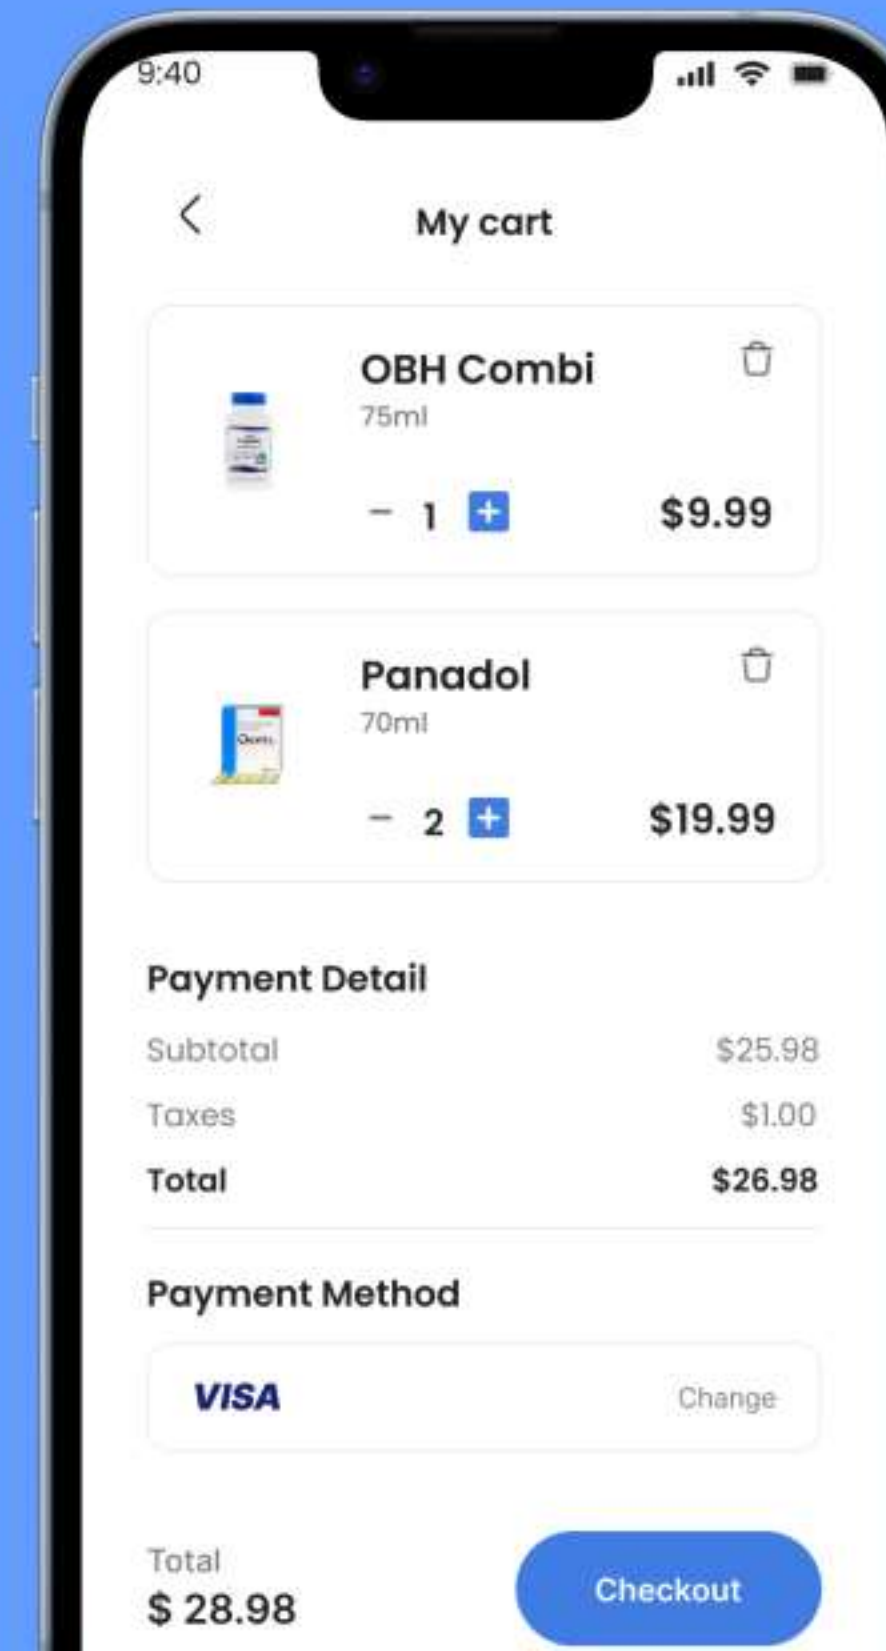

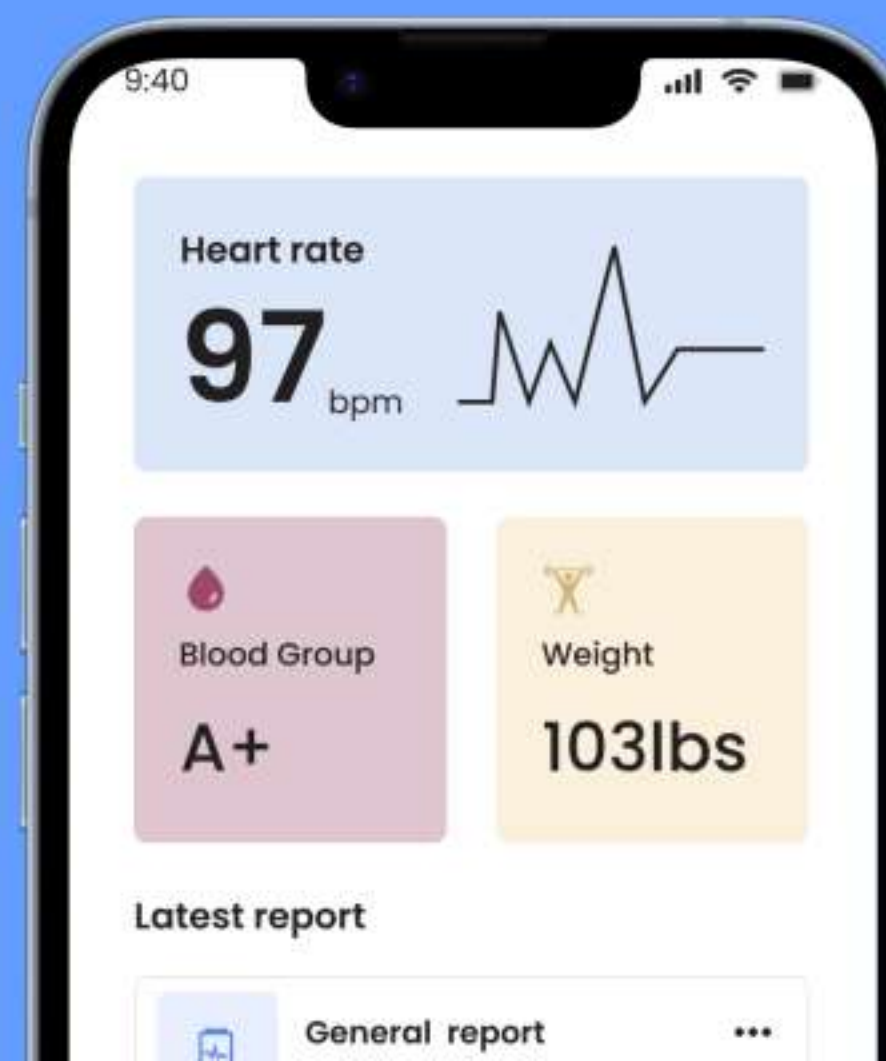

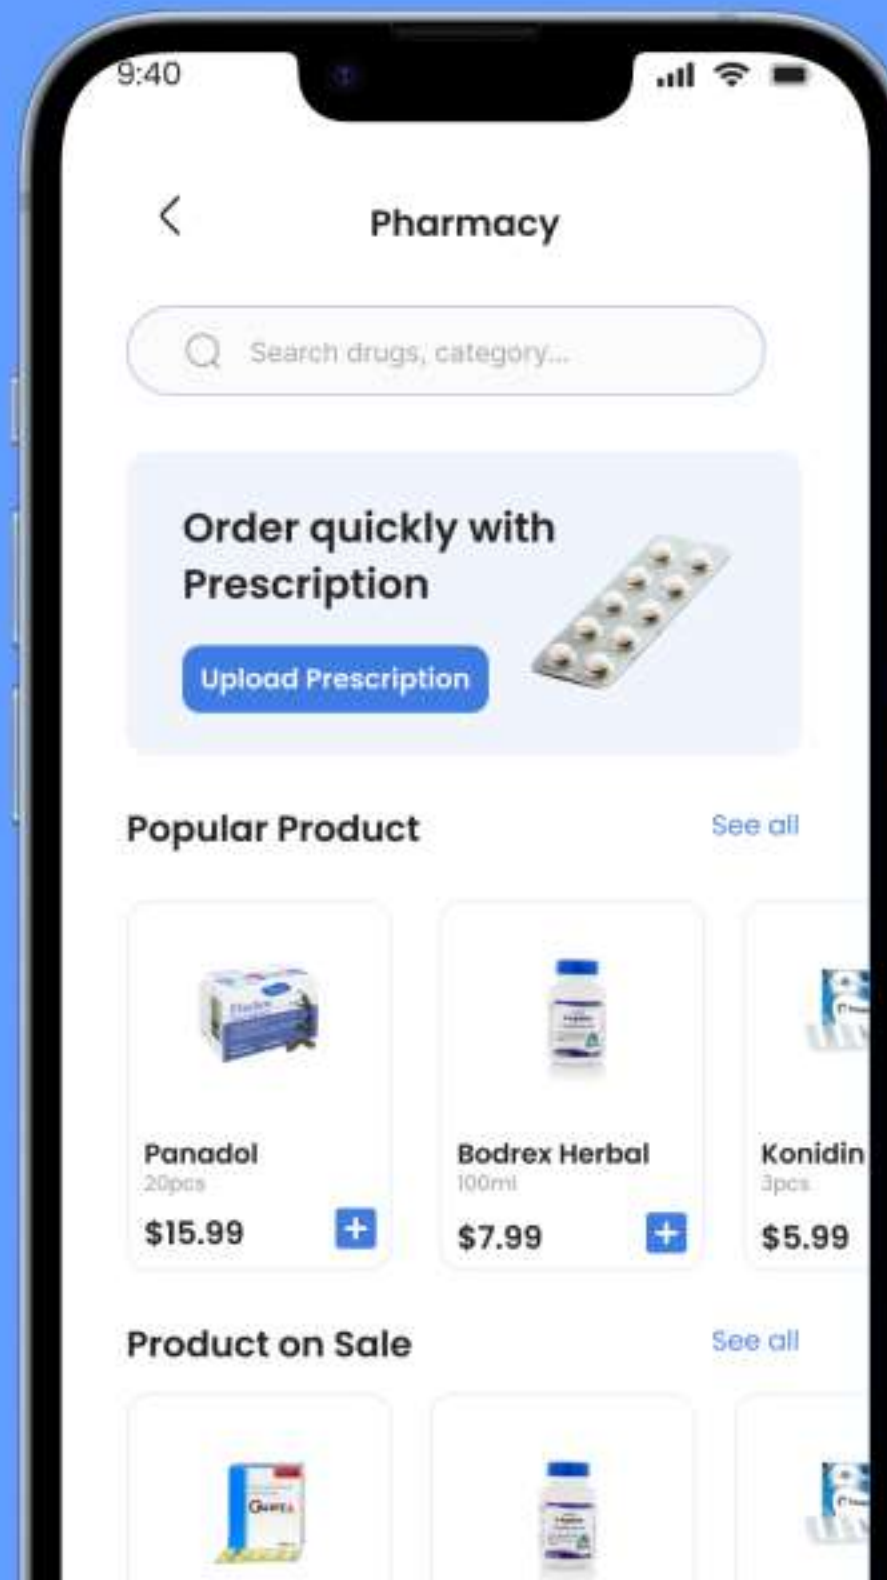

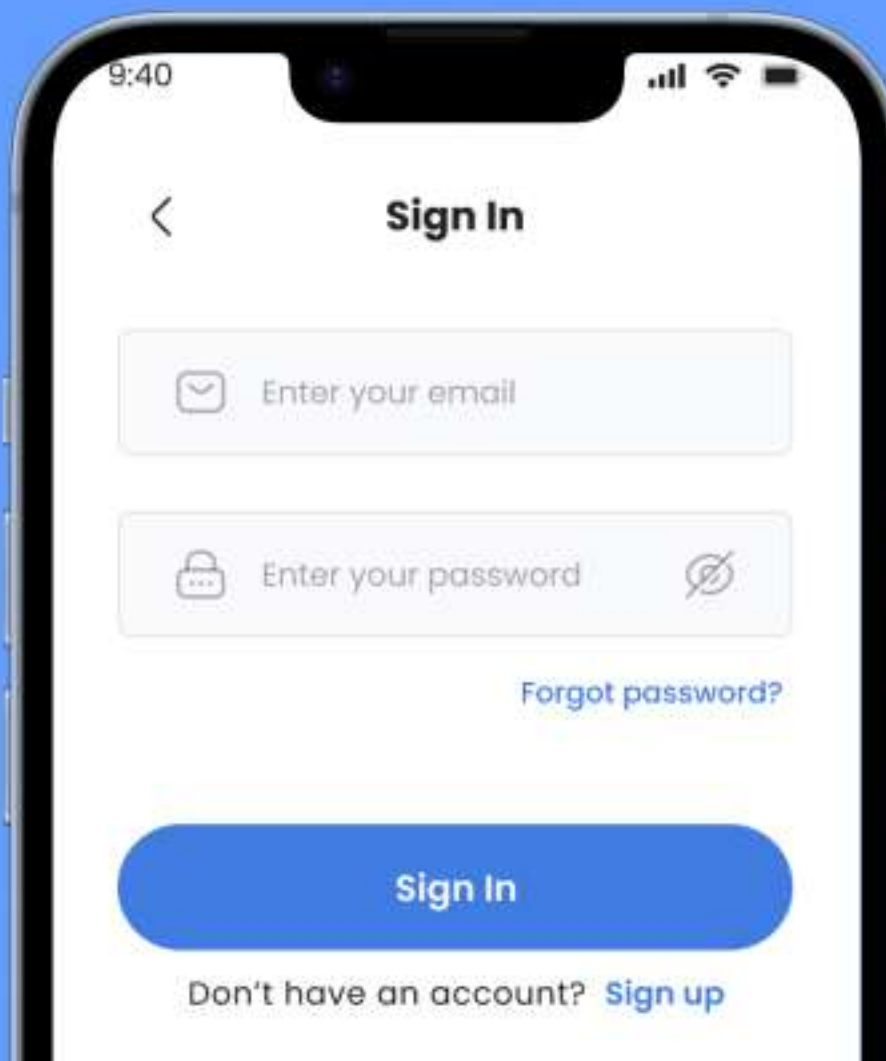

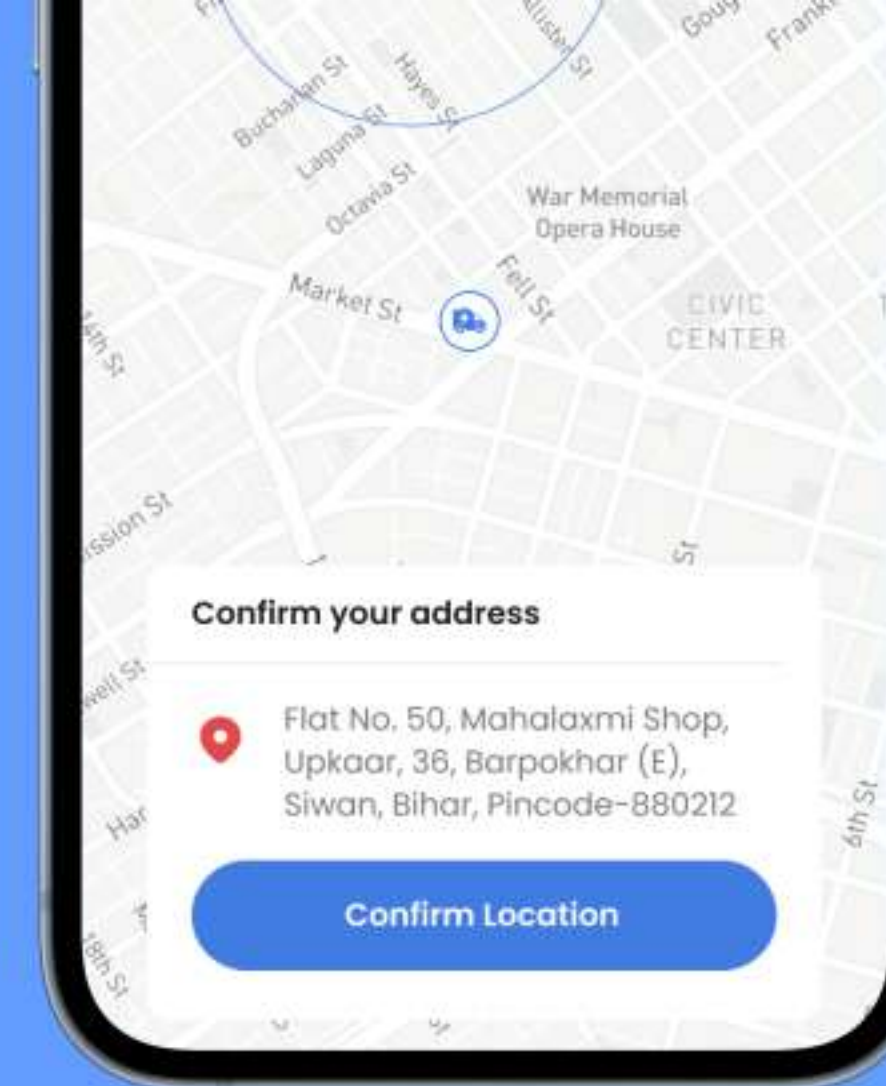

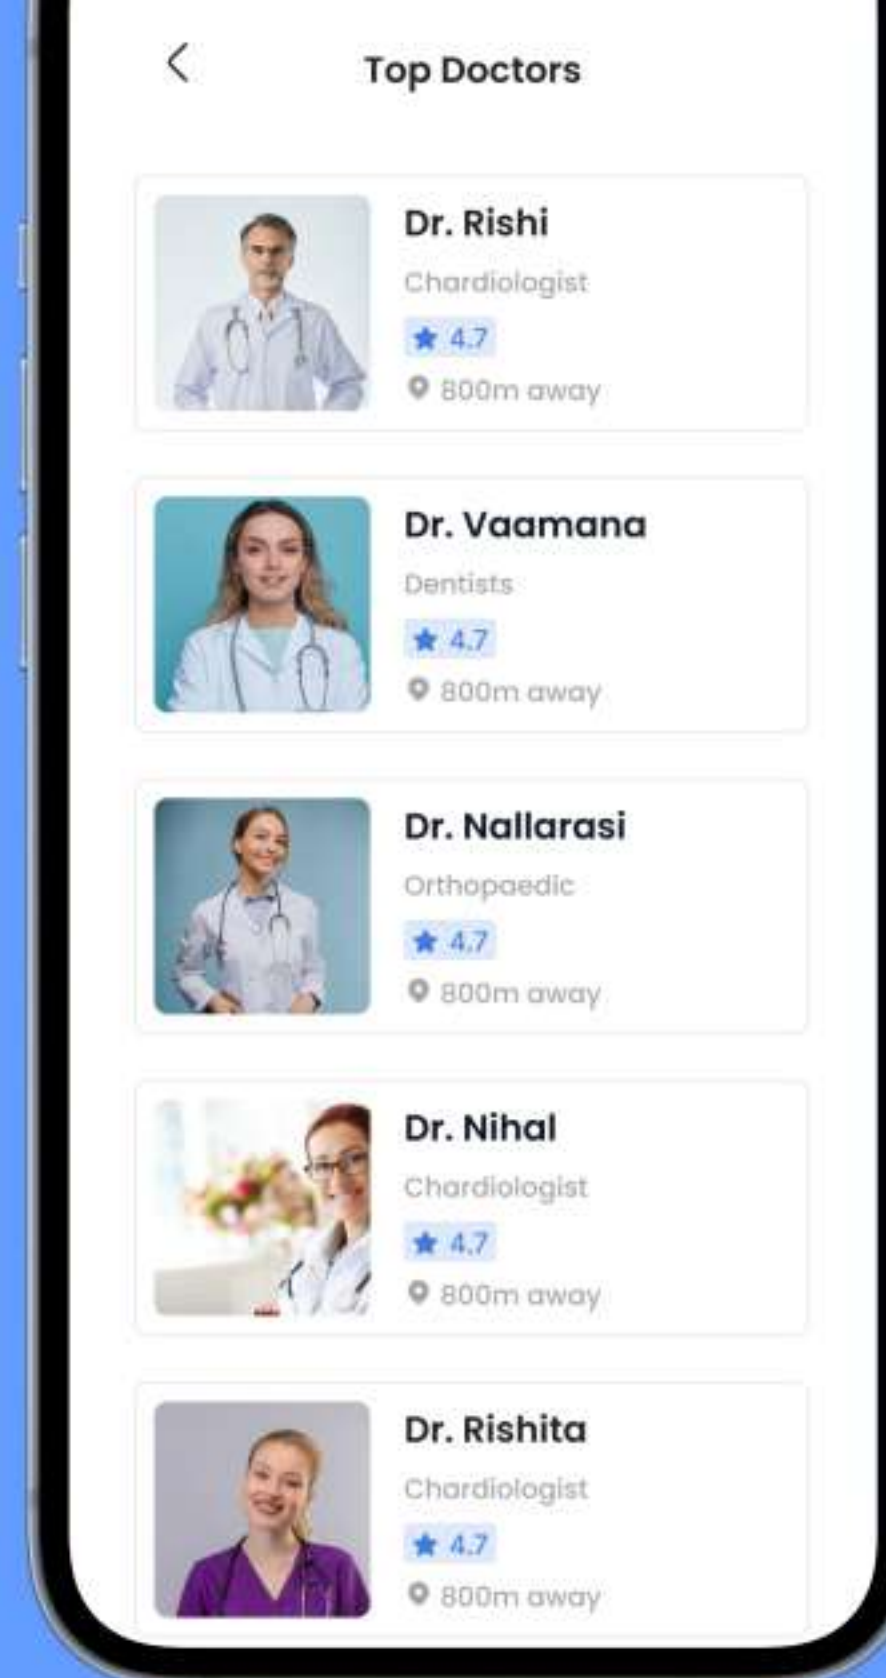

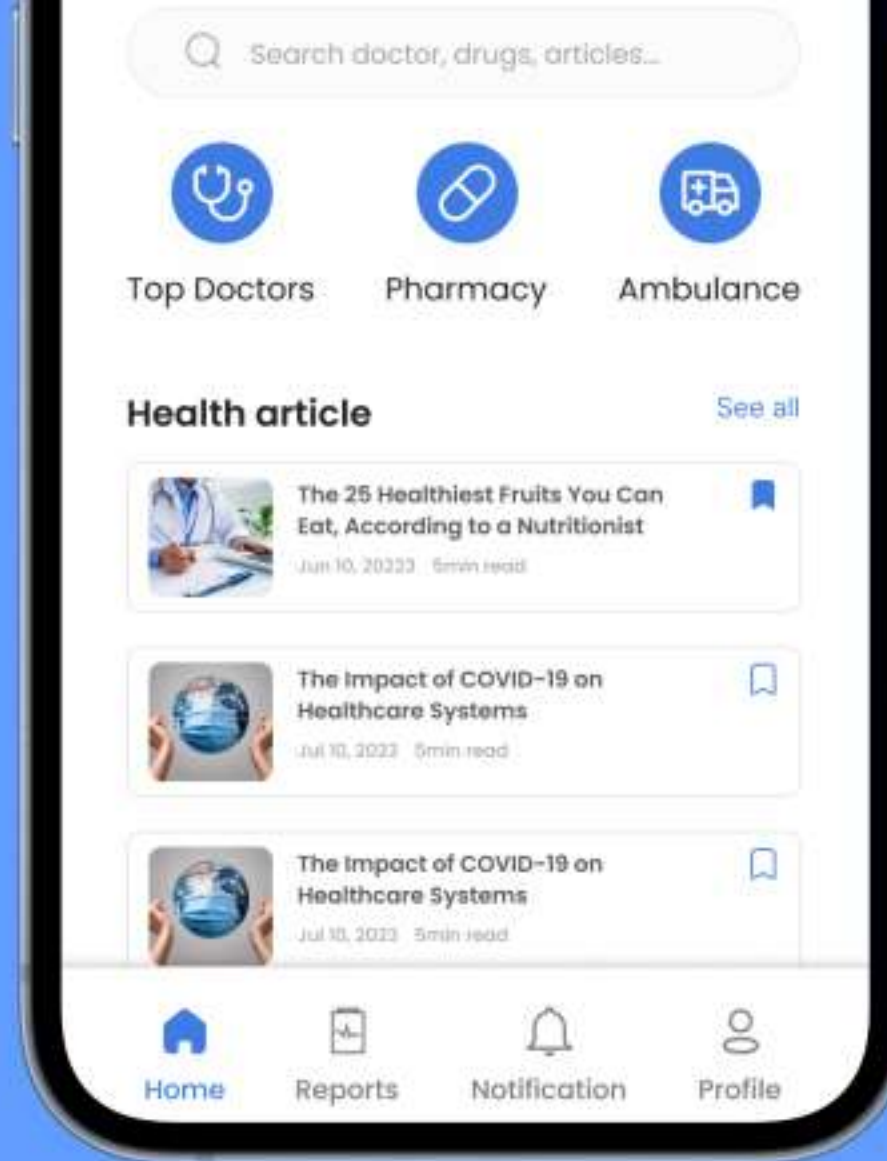

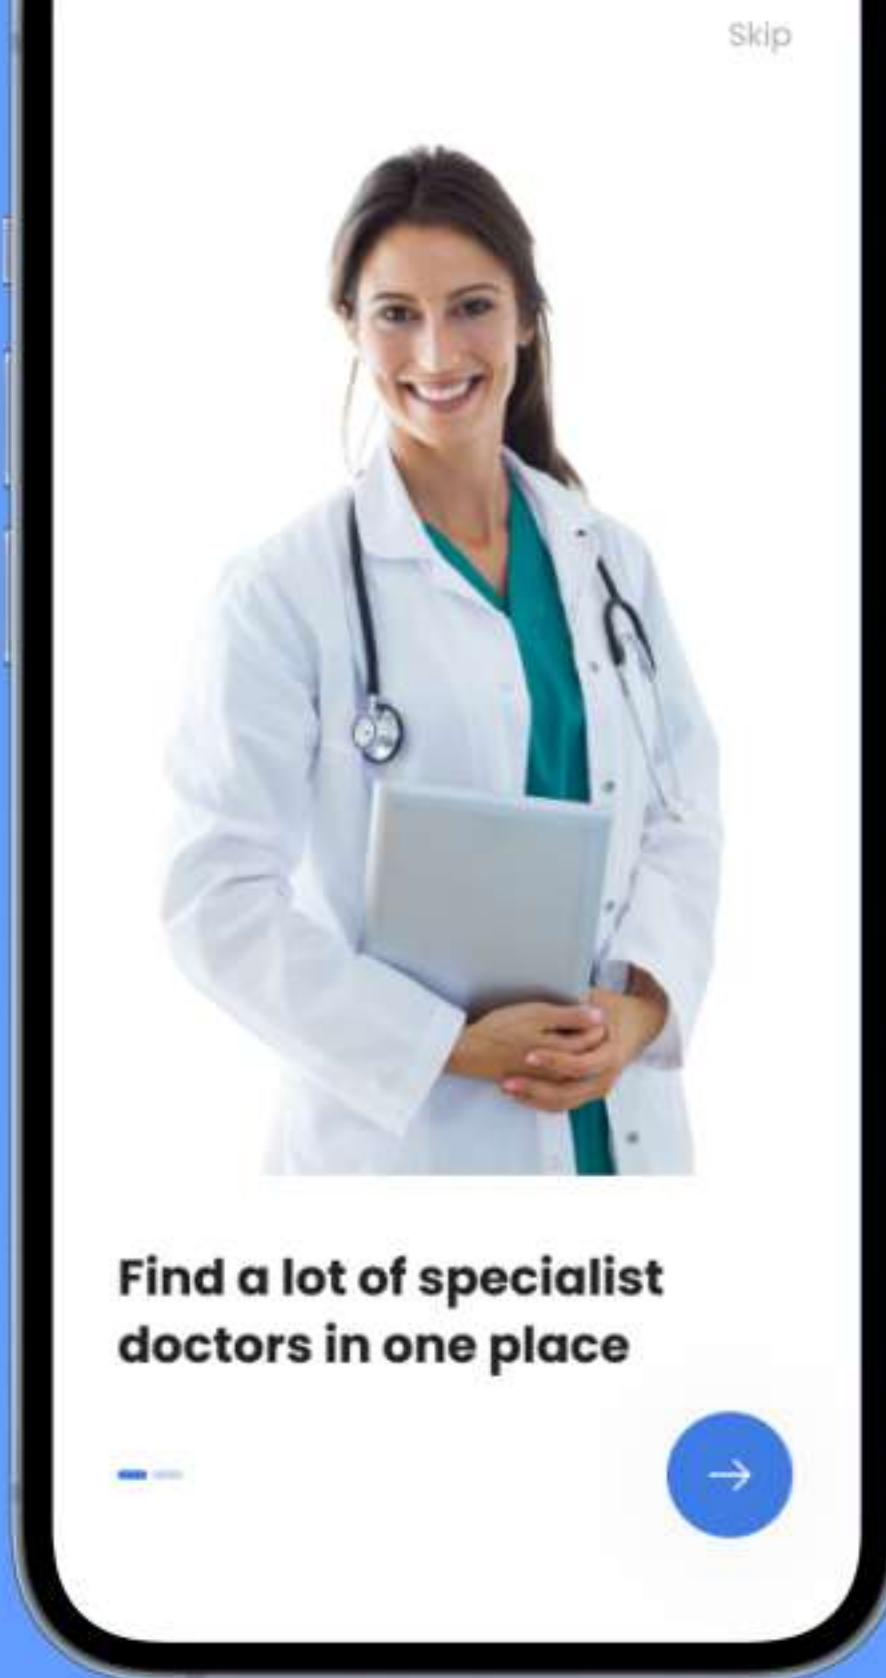

# Health and Wellness App

Well-Healthy is a leading healthcare technology company that has developed an innovative health and wellness app designed to empower individuals to take control of their overall well-being. This comprehensive app provides users with a holistic approach to managing their health by offering a range of features and tools that promote healthy lifestyle habits.

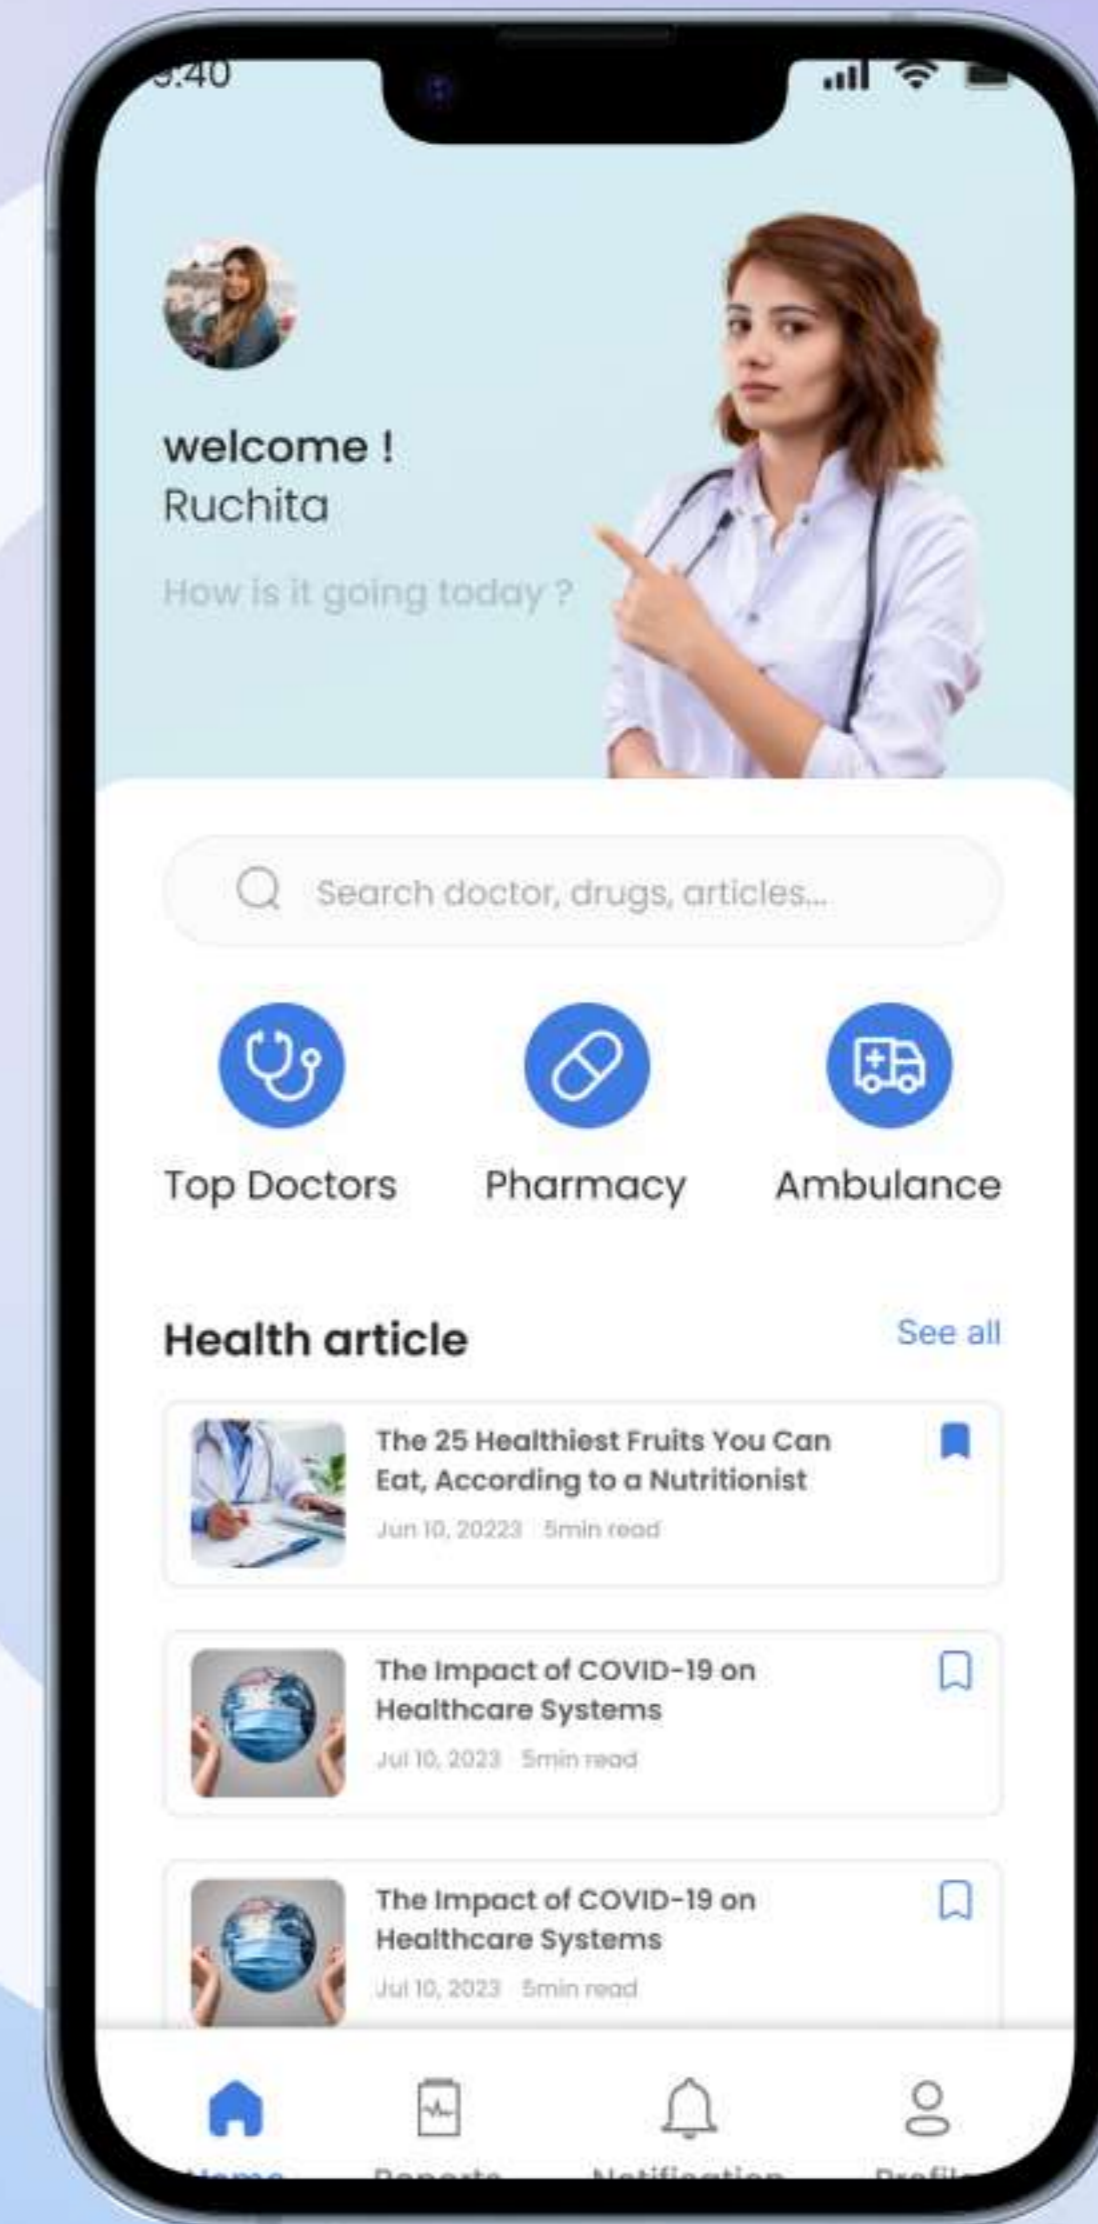

# Features

- ✓ Diet and Nutrition Tracking
- ✓ Exercise Planning and Tracking
- ✓ Sleep and Mood Logging
- ✓ Biometric Data Integration
- ✓ Social Community Features

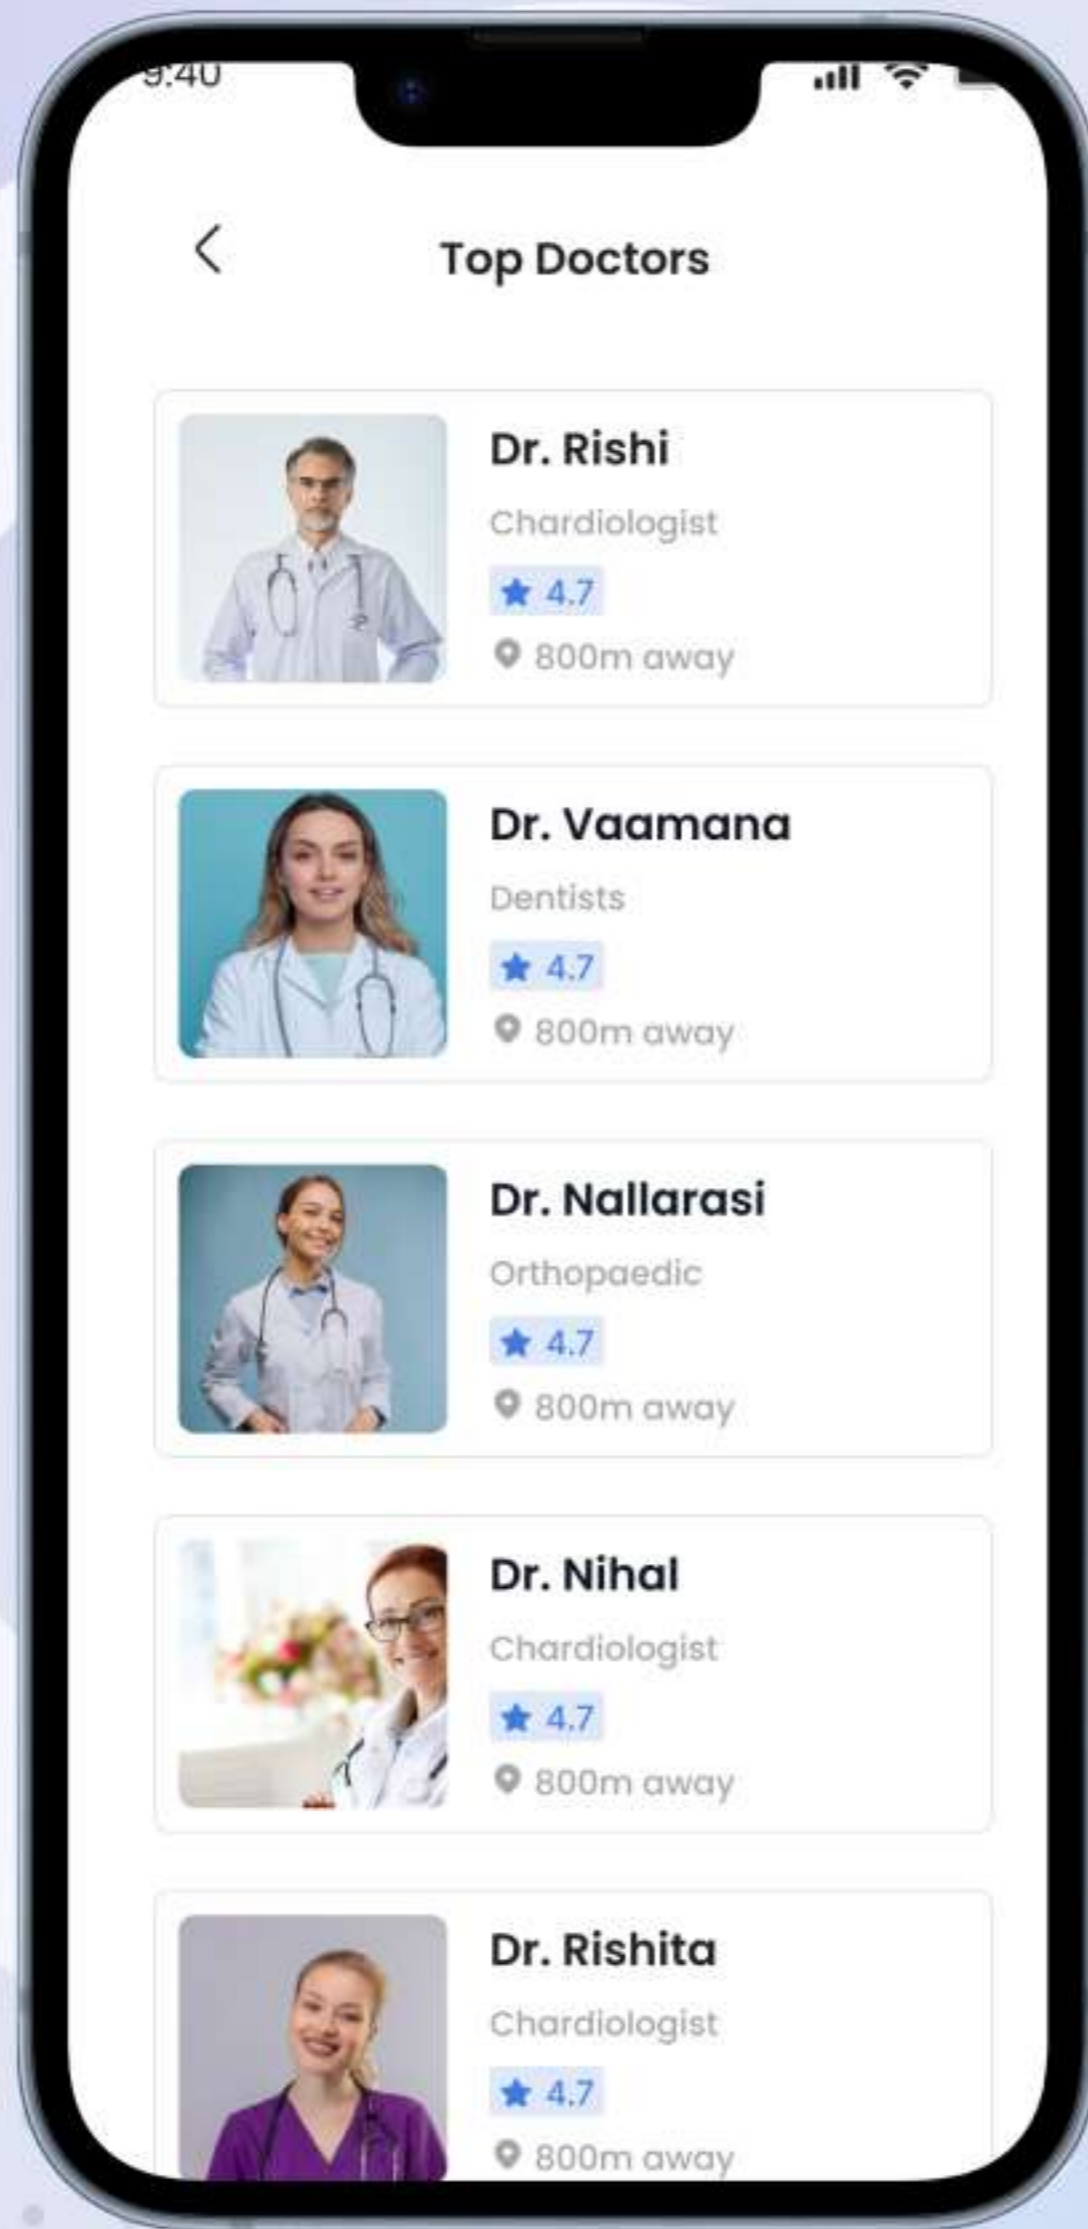

# Challenges

- ✓ Achieving Critical Mass of Users
- ✓ Healthcare Regulatory Requirements
- ✓ Validating Accuracy of Recommendations
- ✓ Protecting User Data Privacy

# Solutions

- ✓ Frontend/Backend Tech Stack
- ✓ Third-Party API Integrations
- ✓ HIPAA Compliance Considerations
- ✓ Hybrid Human/AI Content Development

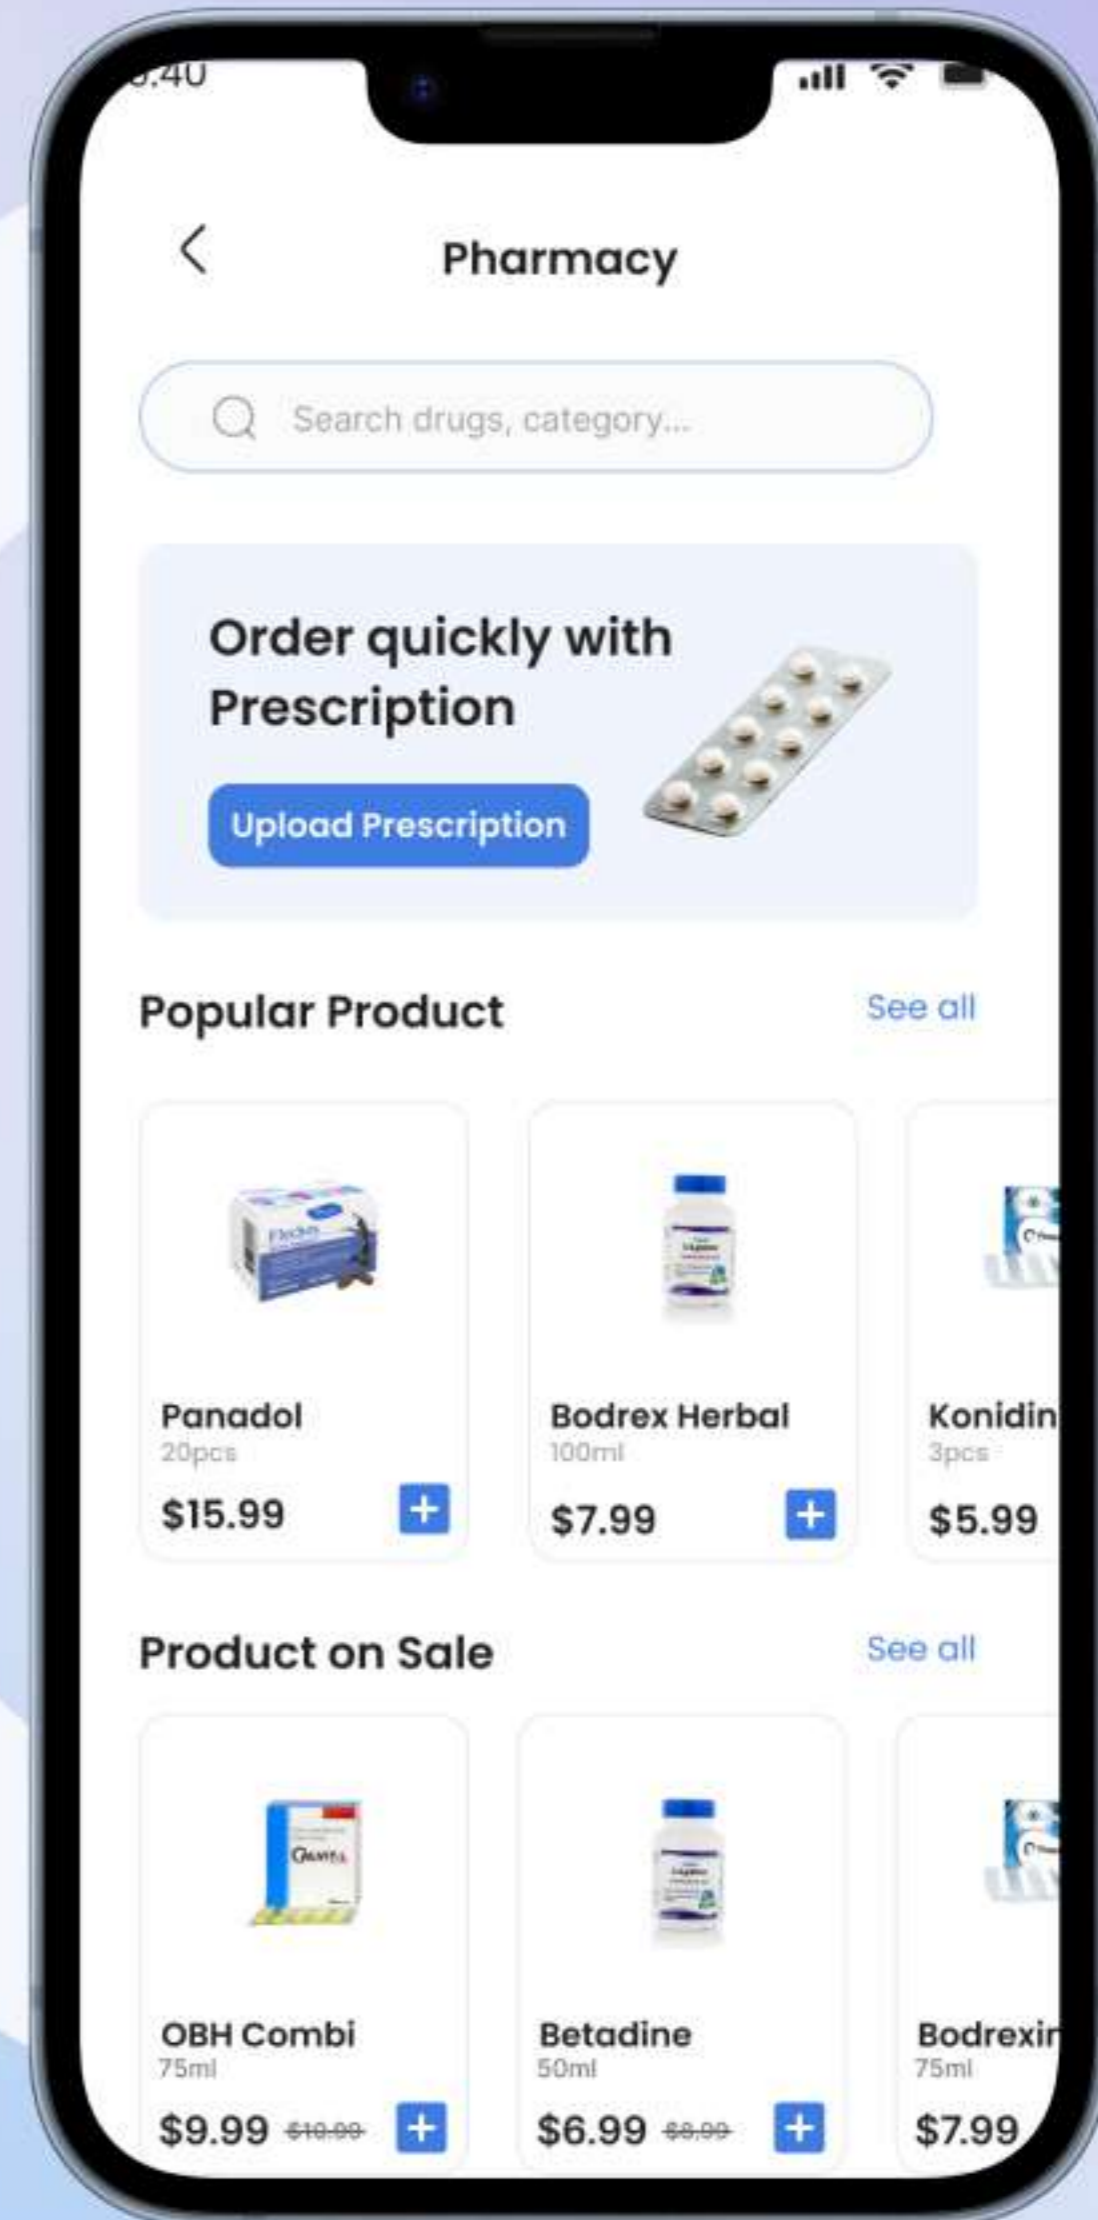

# Impact

## Benefits of Users:

- ✓ Holistic View of Health Behaviors
- ✓ Personalized Insights and Recommendations
- ✓ Motivation through Social Features
- ✓ Convenient Access to Health Resources

## Benefits of Users:

- ✓ Increased Patient Engagement
- ✓ Remote Patient Monitoring
- ✓ More Preventative Care Opportunities

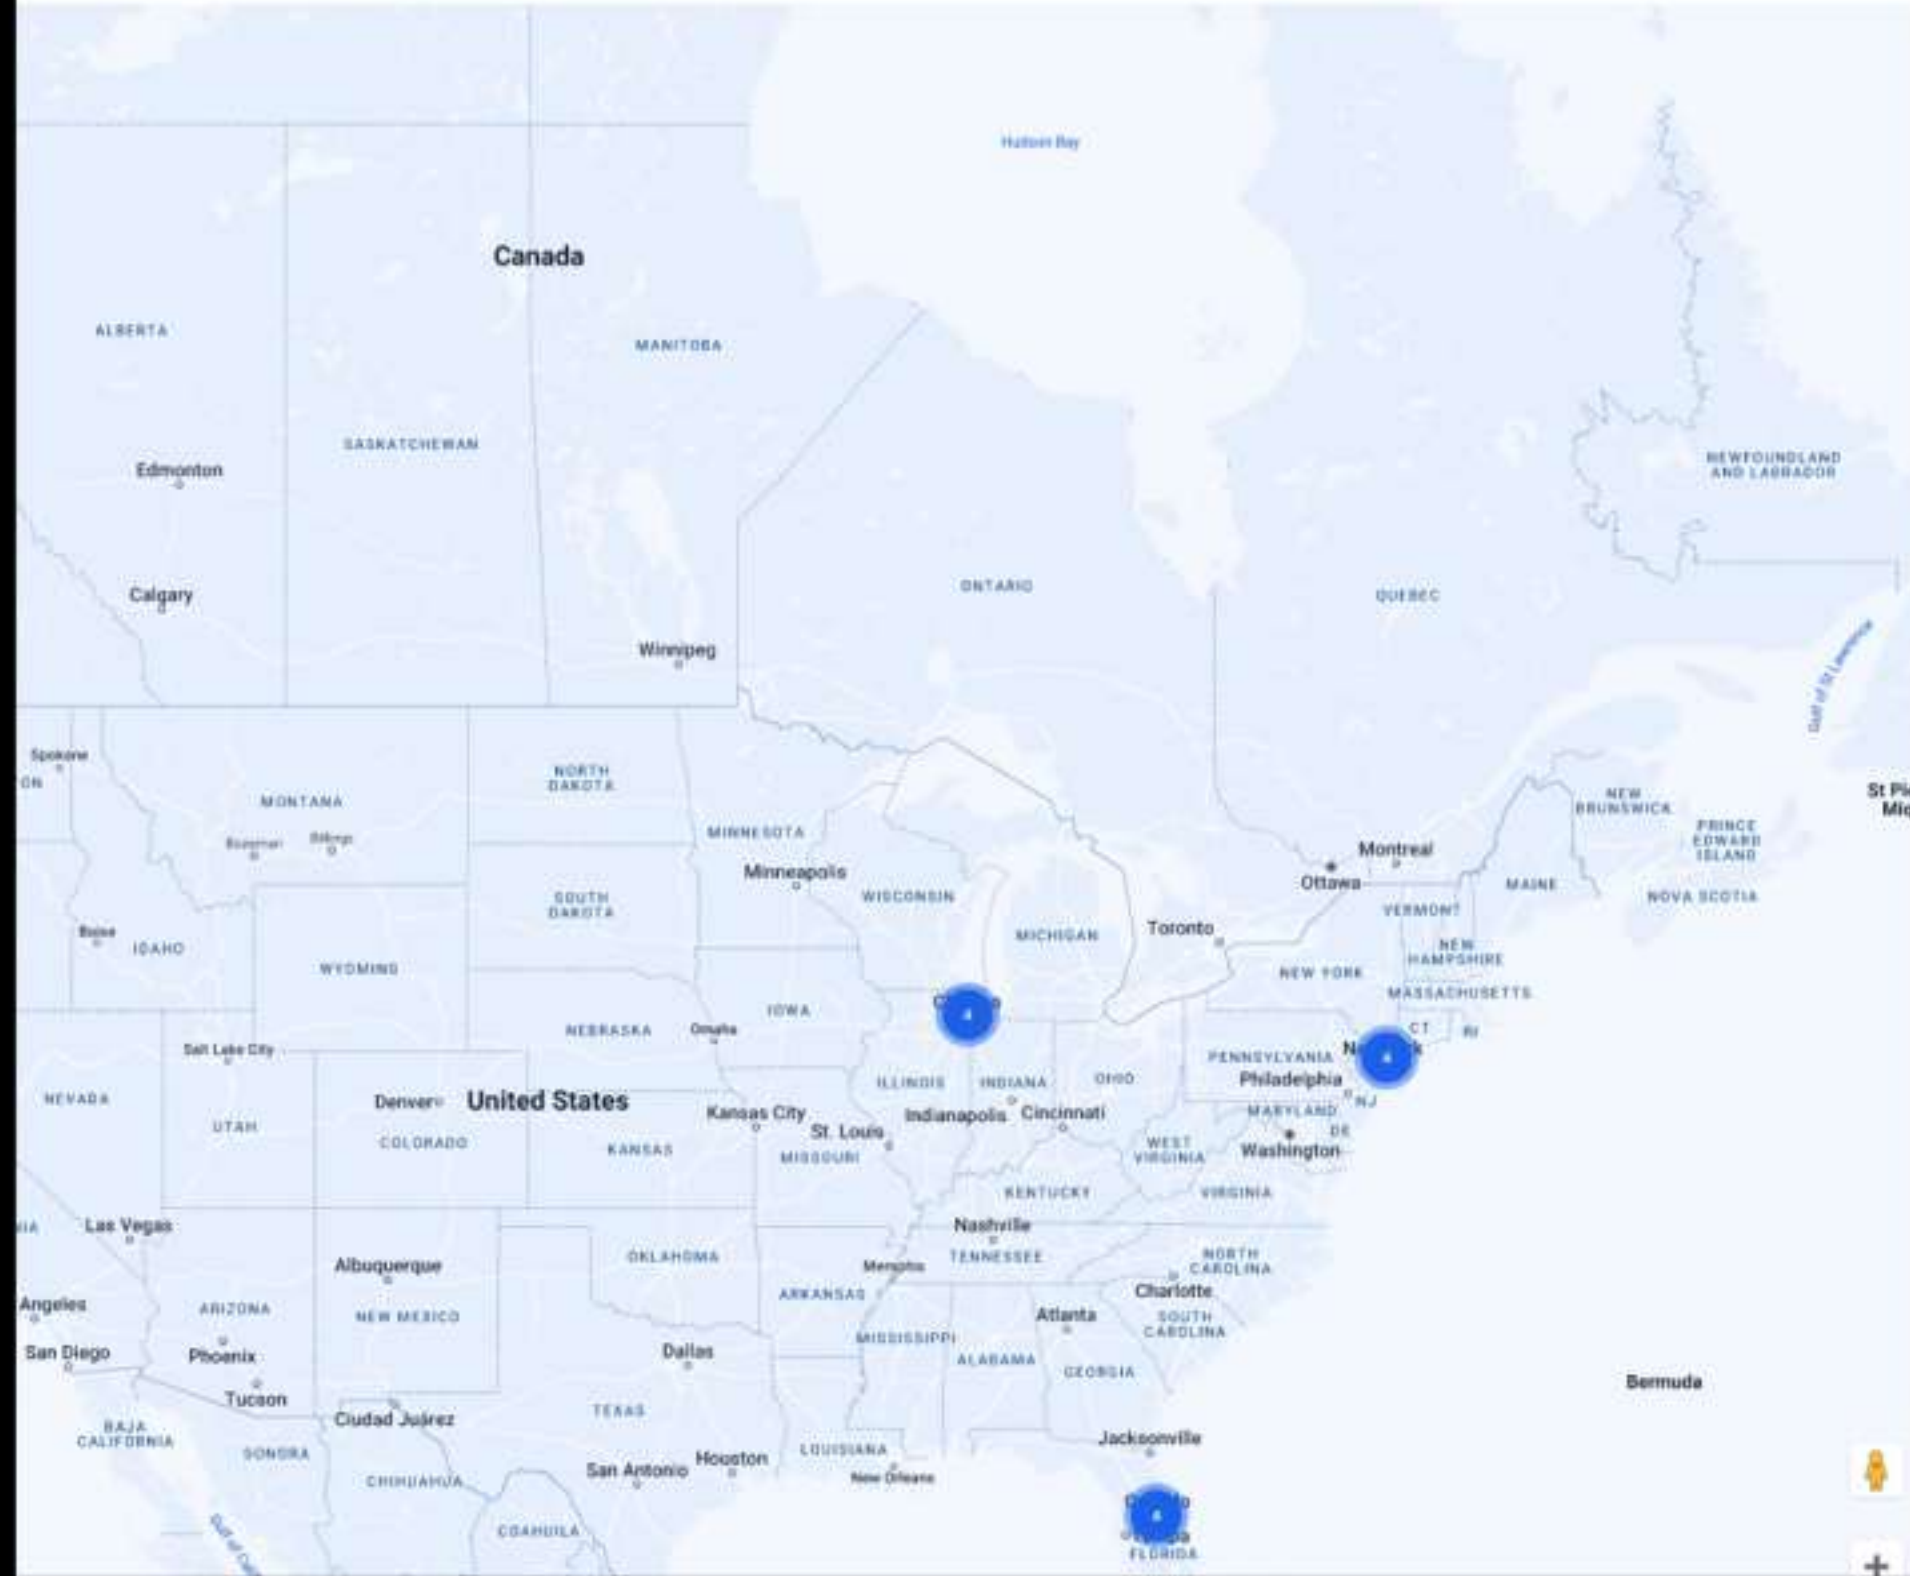

# Holiday Home Booking App

The vacation rental market is growing rapidly, with more travelers preferring holiday homes over hotels. However, fragmentation and lack of standards across listing sites and property managers makes finding and booking homes frustrating.

There is demand from both homeowners and travelers for an all-in-one app to list, discover, and book holiday homes seamlessly.

# Features

- ✓ High-res photos, 360° views, & virtual room staging.
- ✓ Discover perfect pairings based on your browsing.
- ✓ One-page breeze with multiple payment options.
- ✓ Find what you love with easy style, color, & room filters.

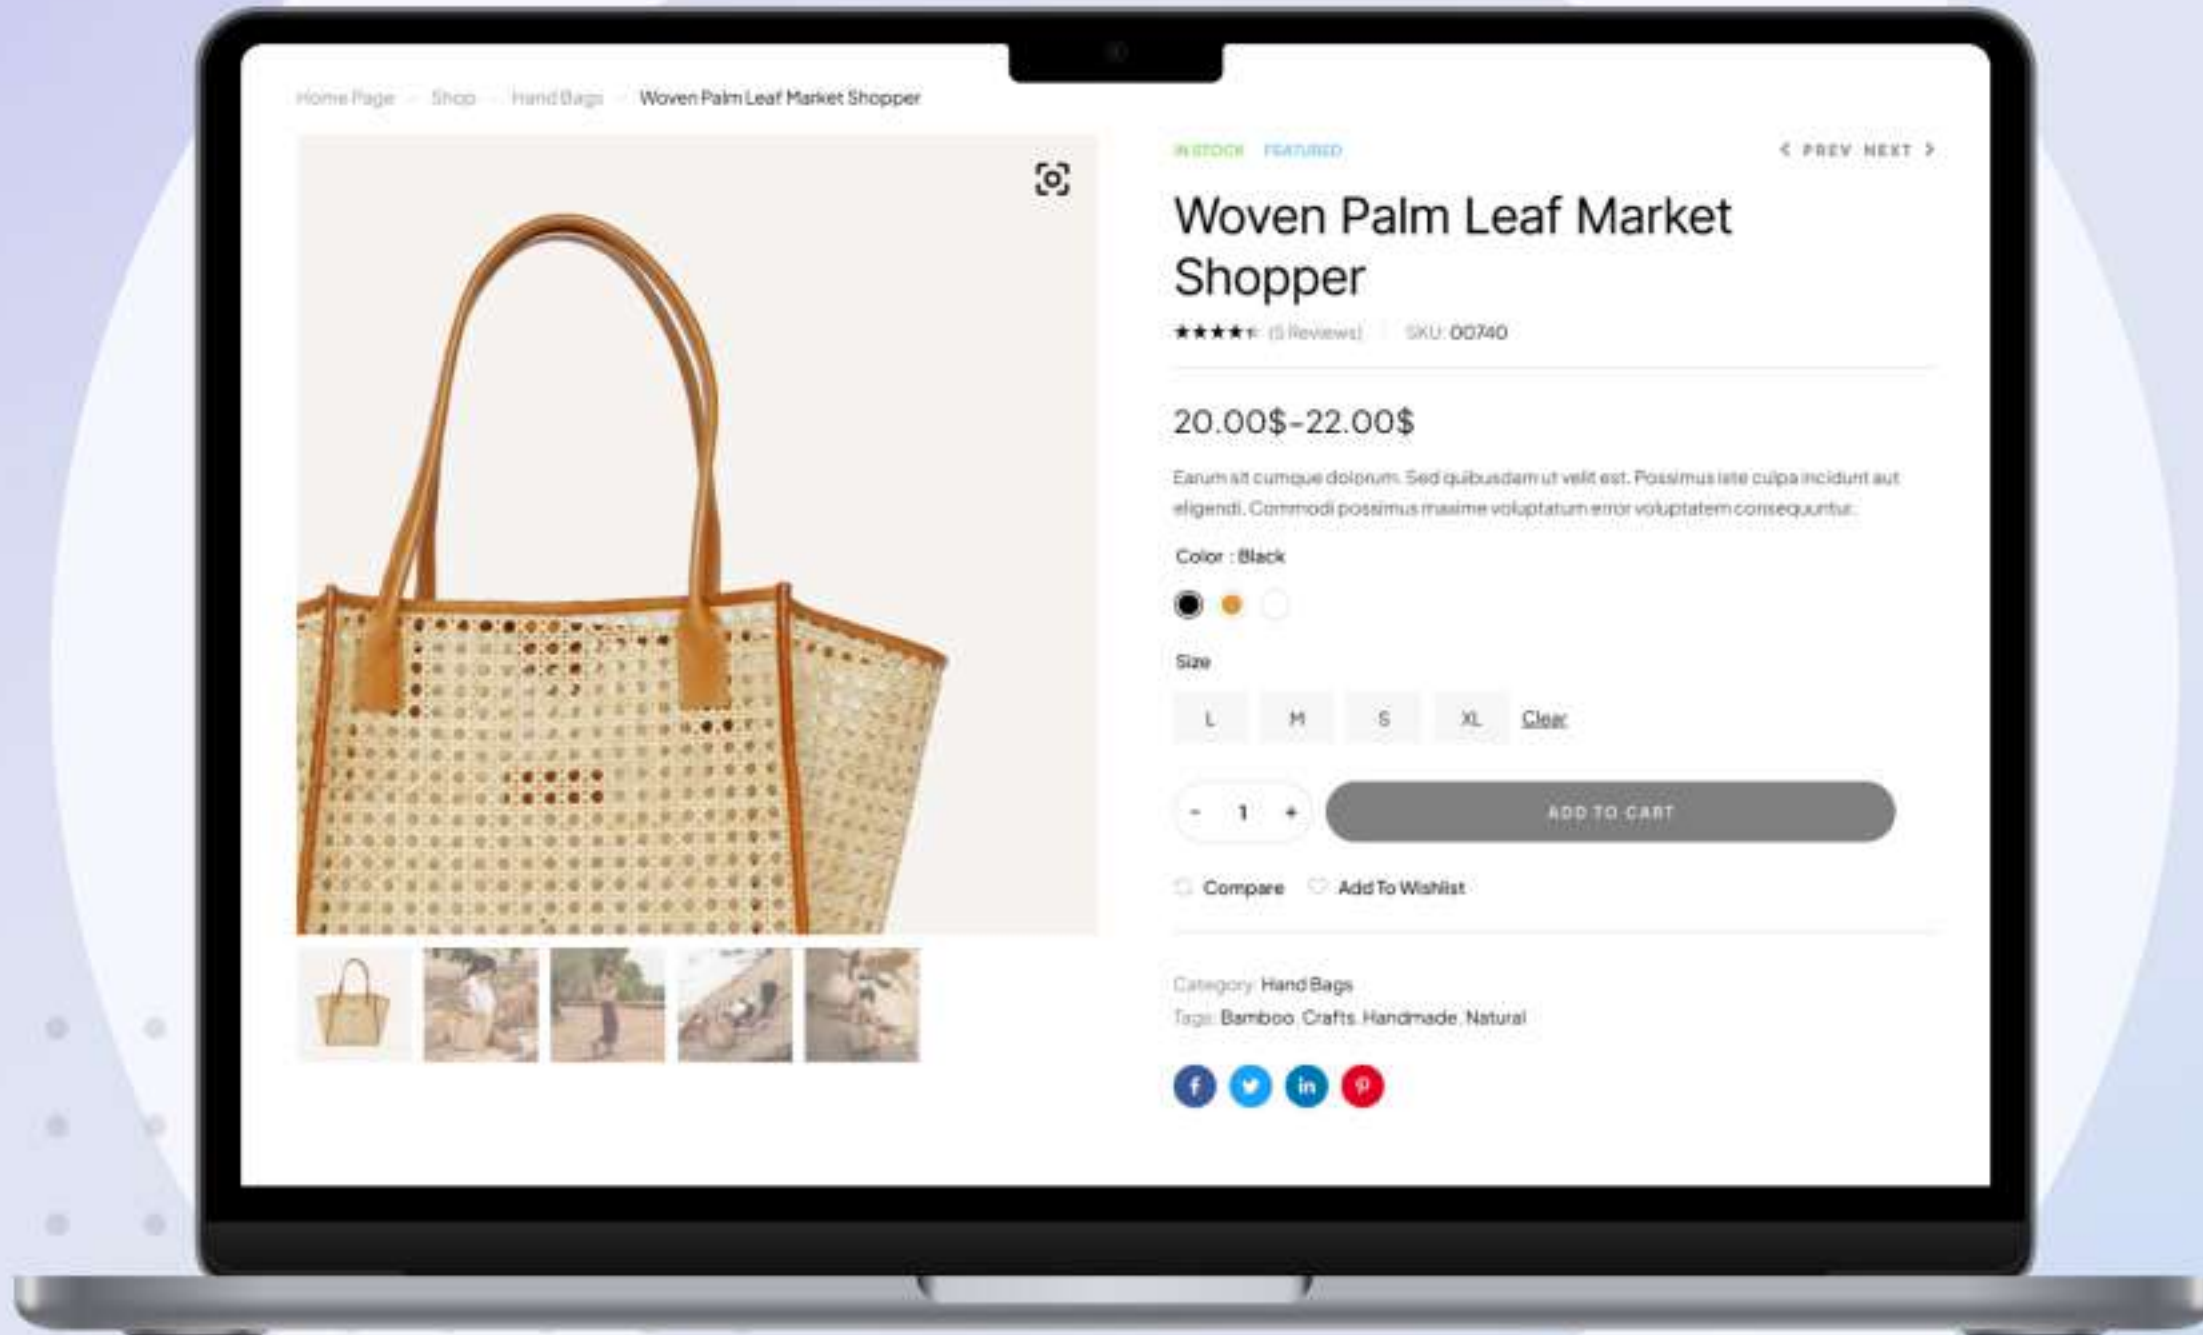

# Challenges

- ✓ Protect customer data and comply with regulations.
- ✓ Keep users coming back in a competitive ecommerce landscape.
- ✓ Handle a vast home decor collection while keeping things fast and smooth.

# Solutions

Scale with ease using cloud infrastructure for peak performance.

Tight encryption, regular audits, and top data protection compliance.

Personalized offers based on what you browse and buy.

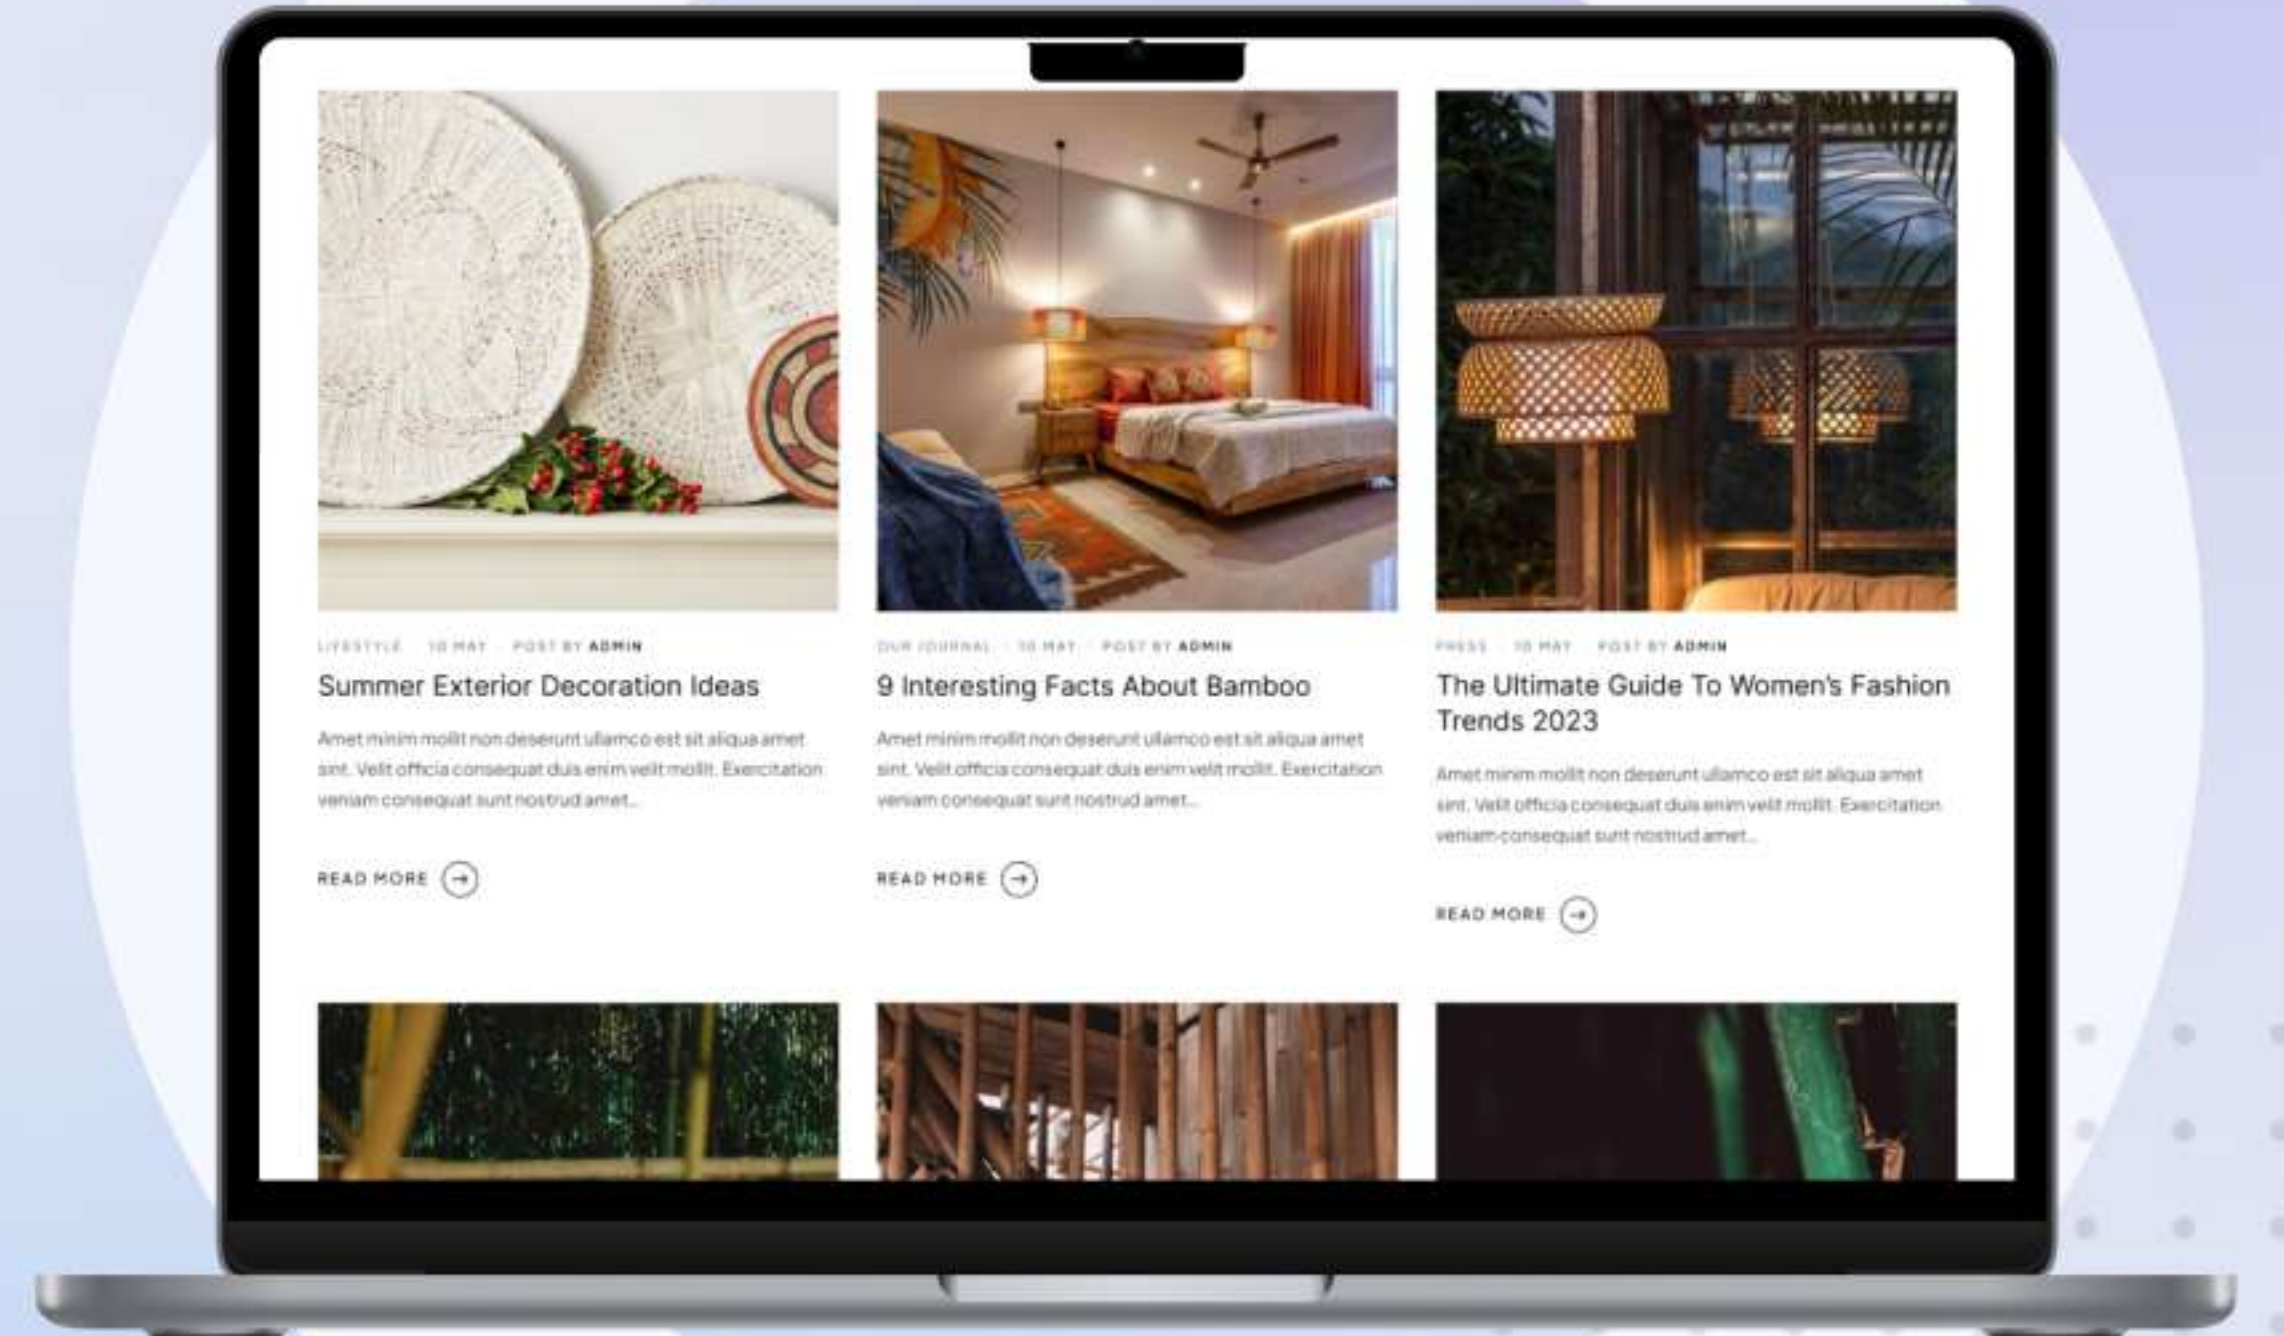

Meets GDPR and other top standards.

# Impact

- ✓ Great user experience means more loyal fans and repeat purchases.
- ✓ Strong data security builds trust.
- ✓ Leading to long-term relationships and a better brand image.
- ✓ Personalized marketing and smart recommendations increase conversions for more sales and business success.

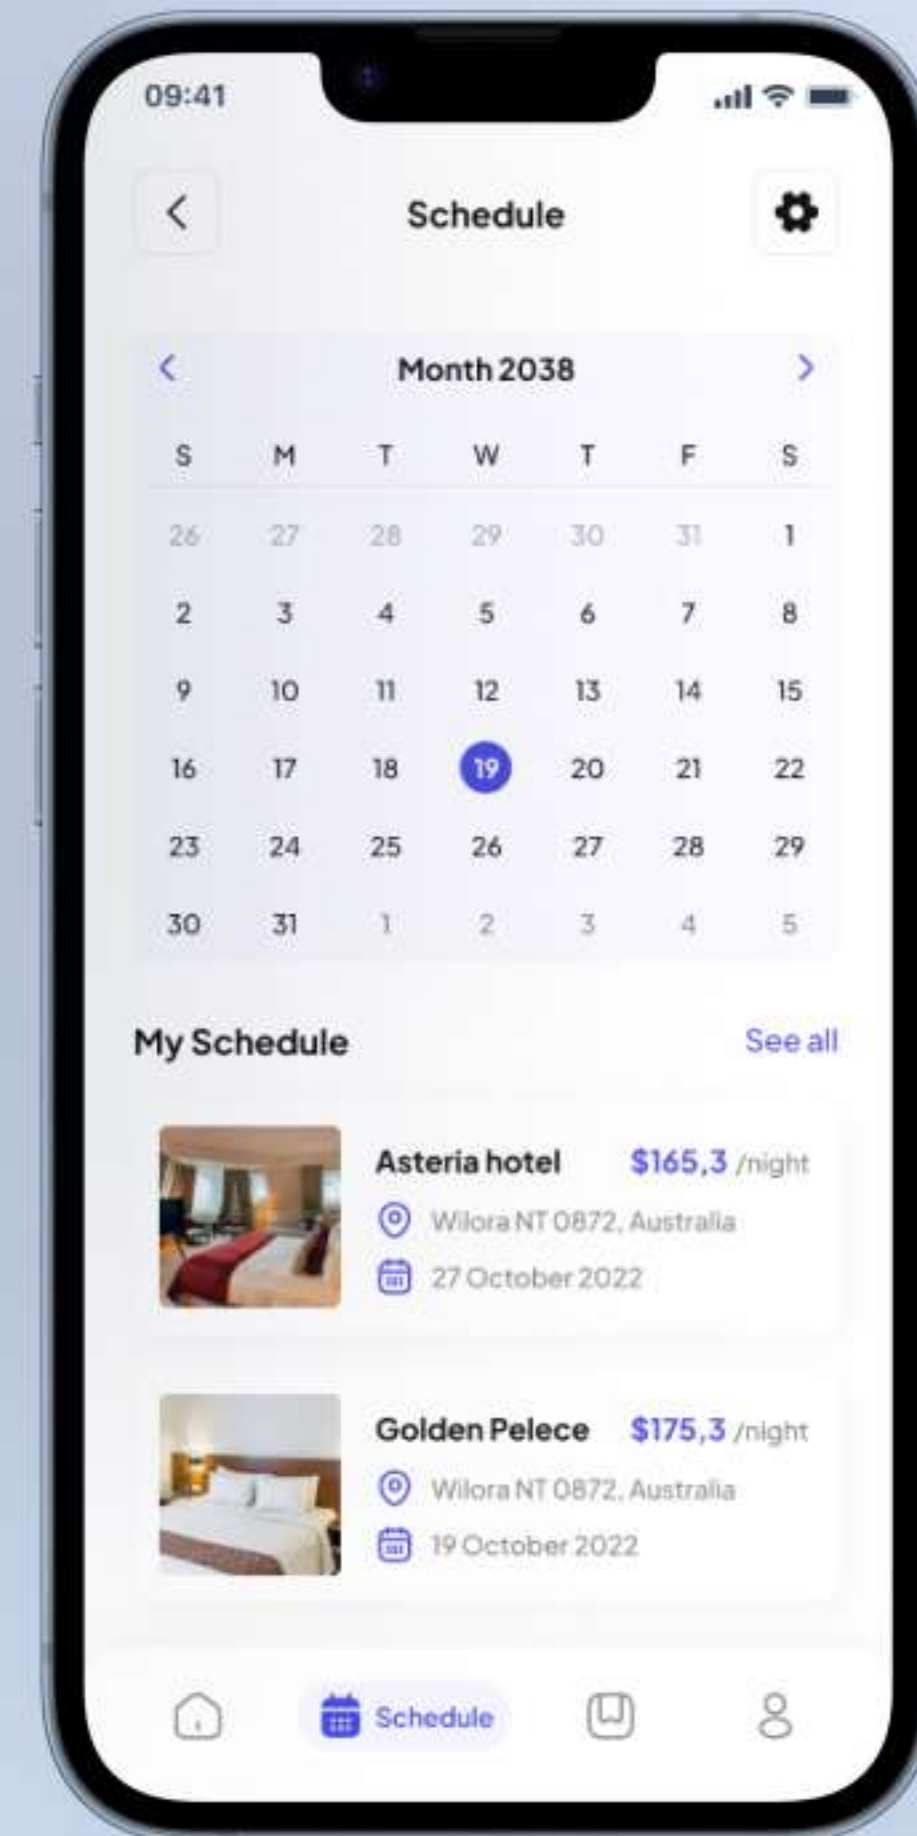

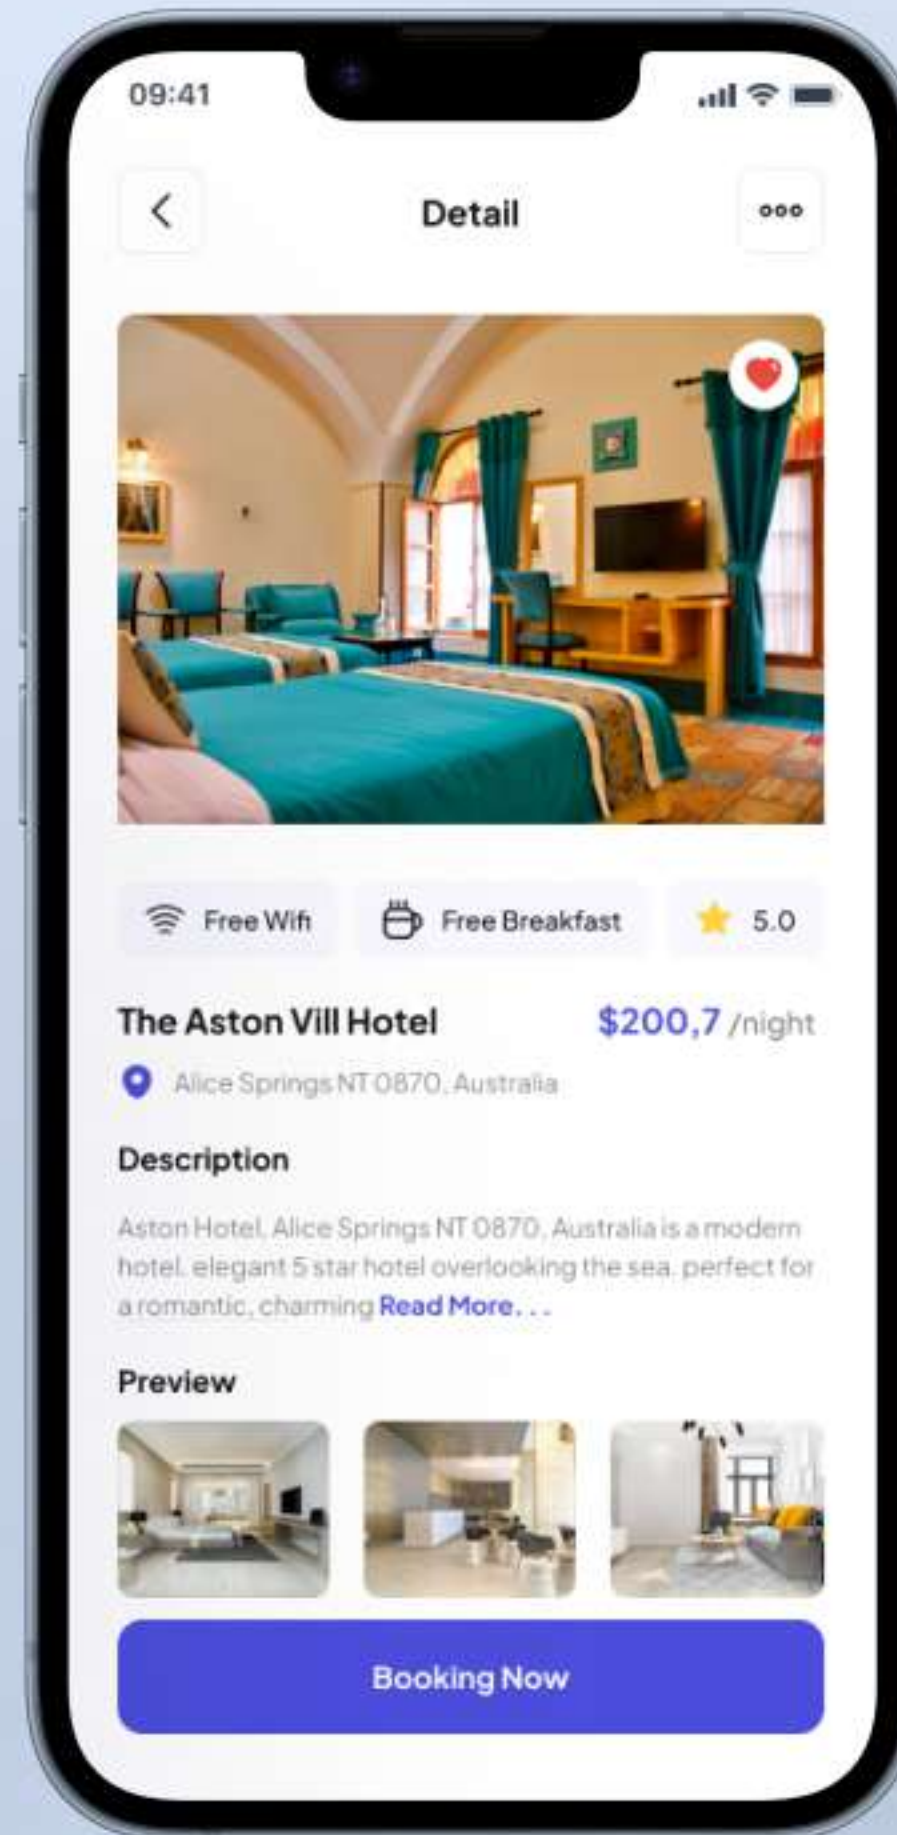

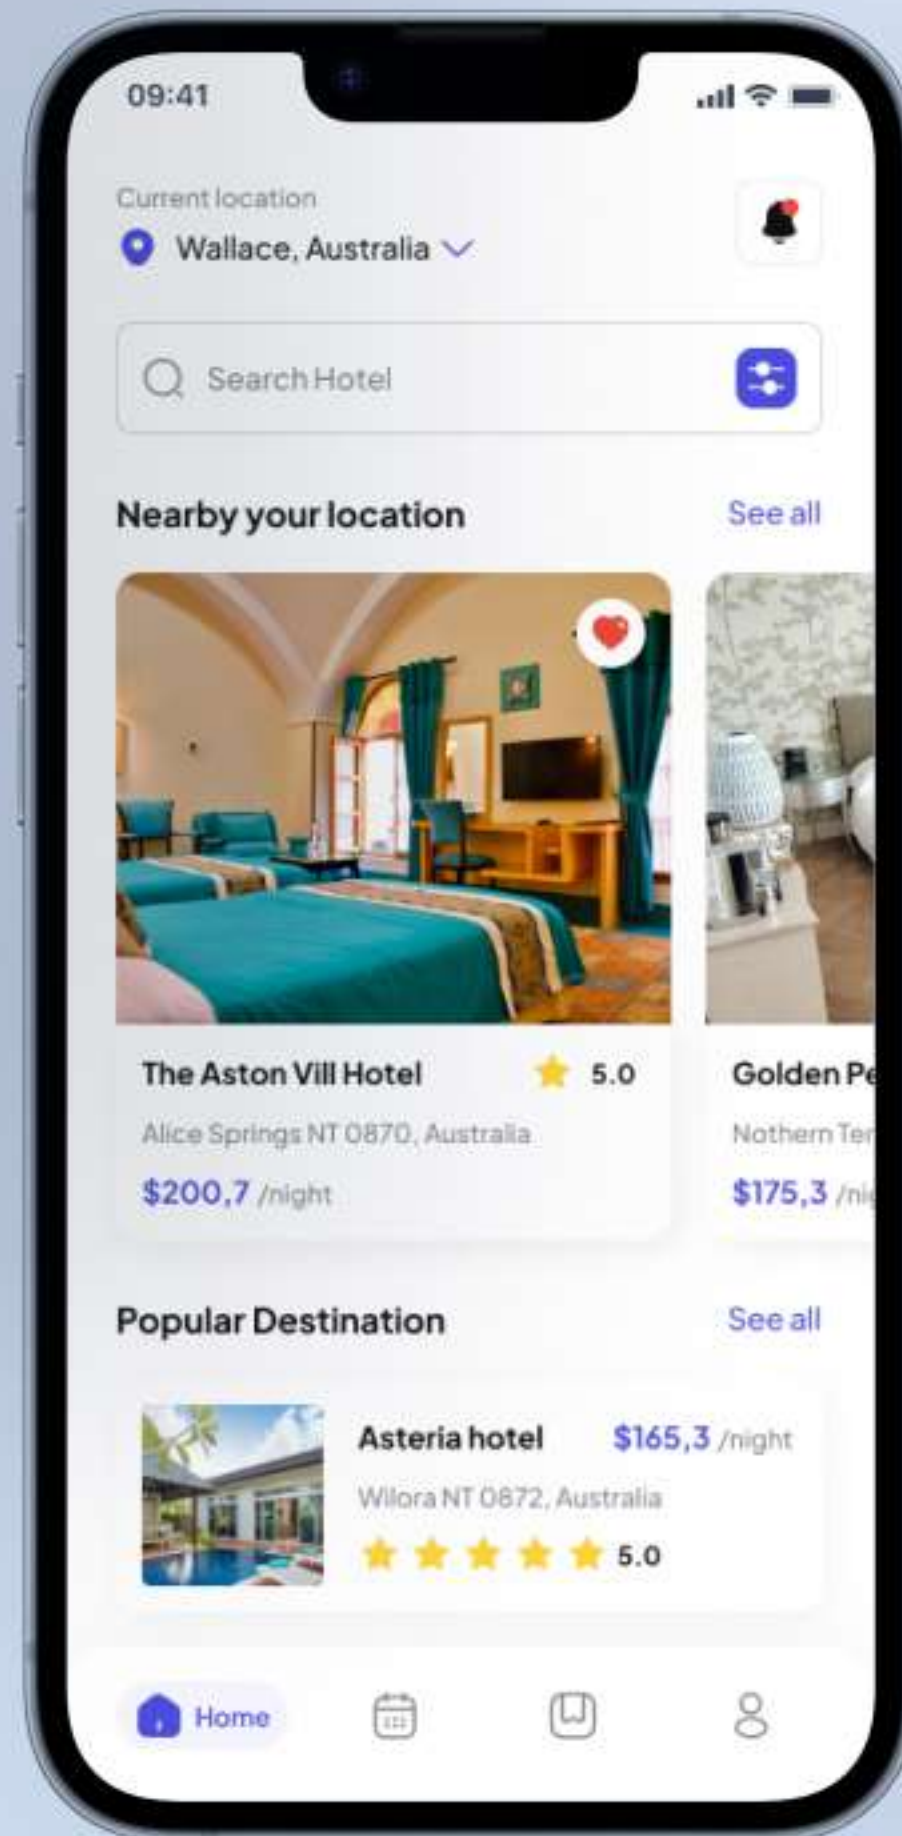

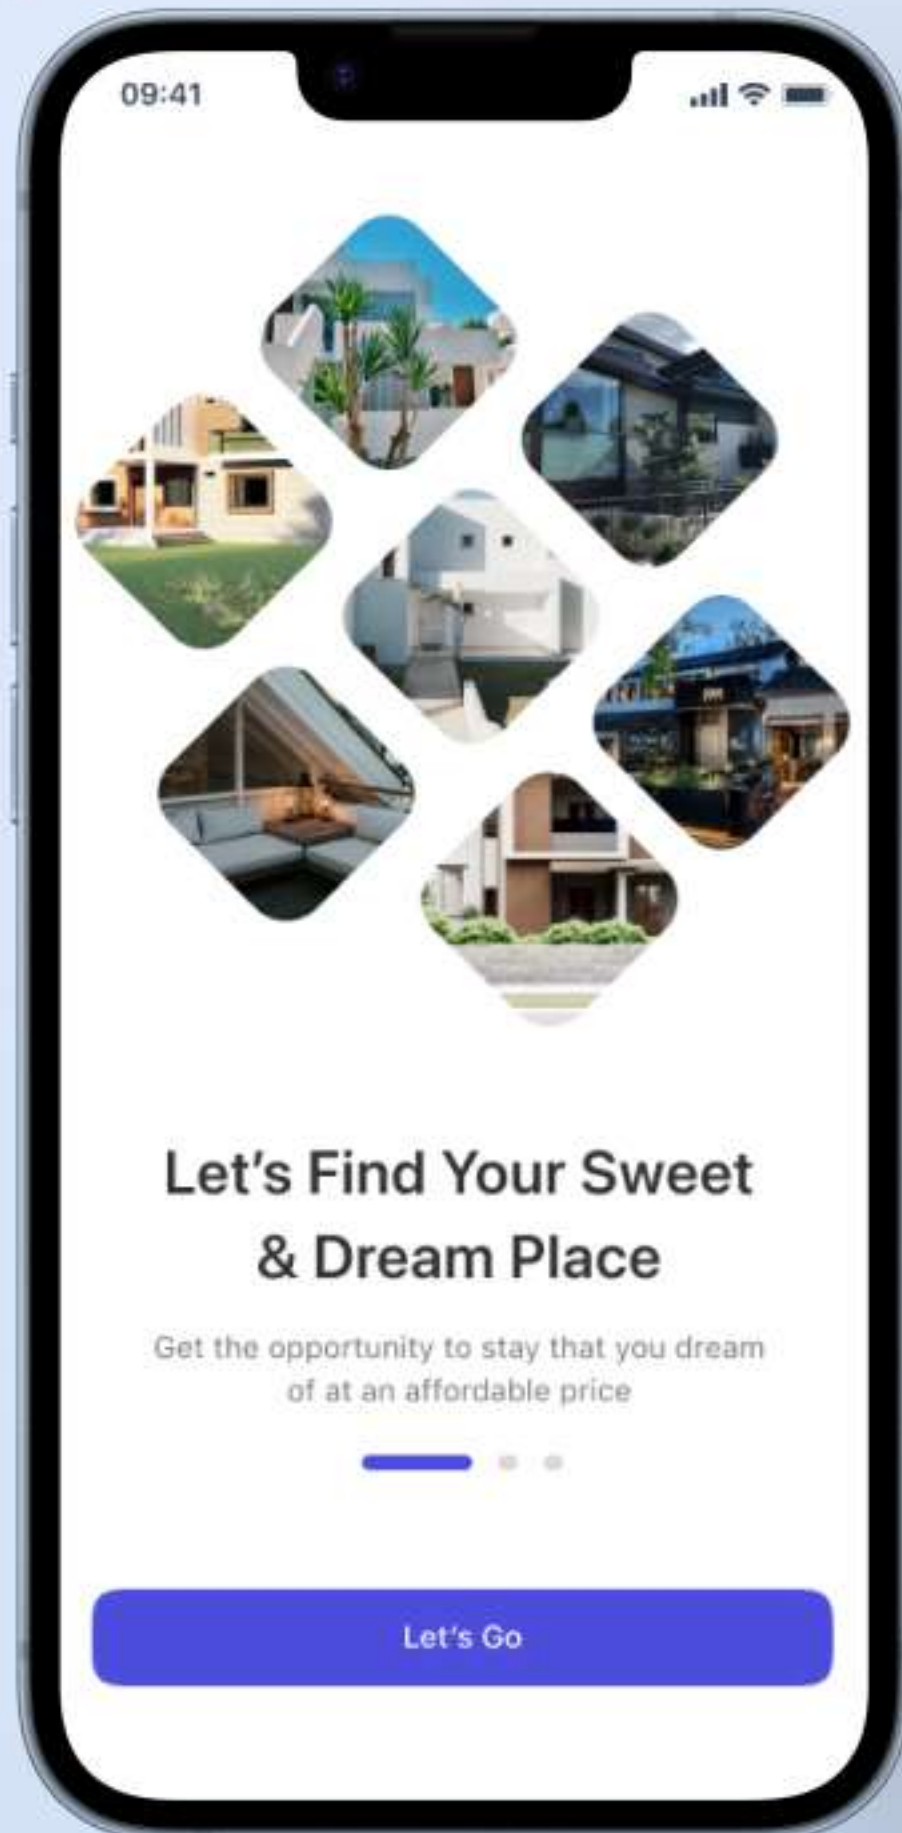

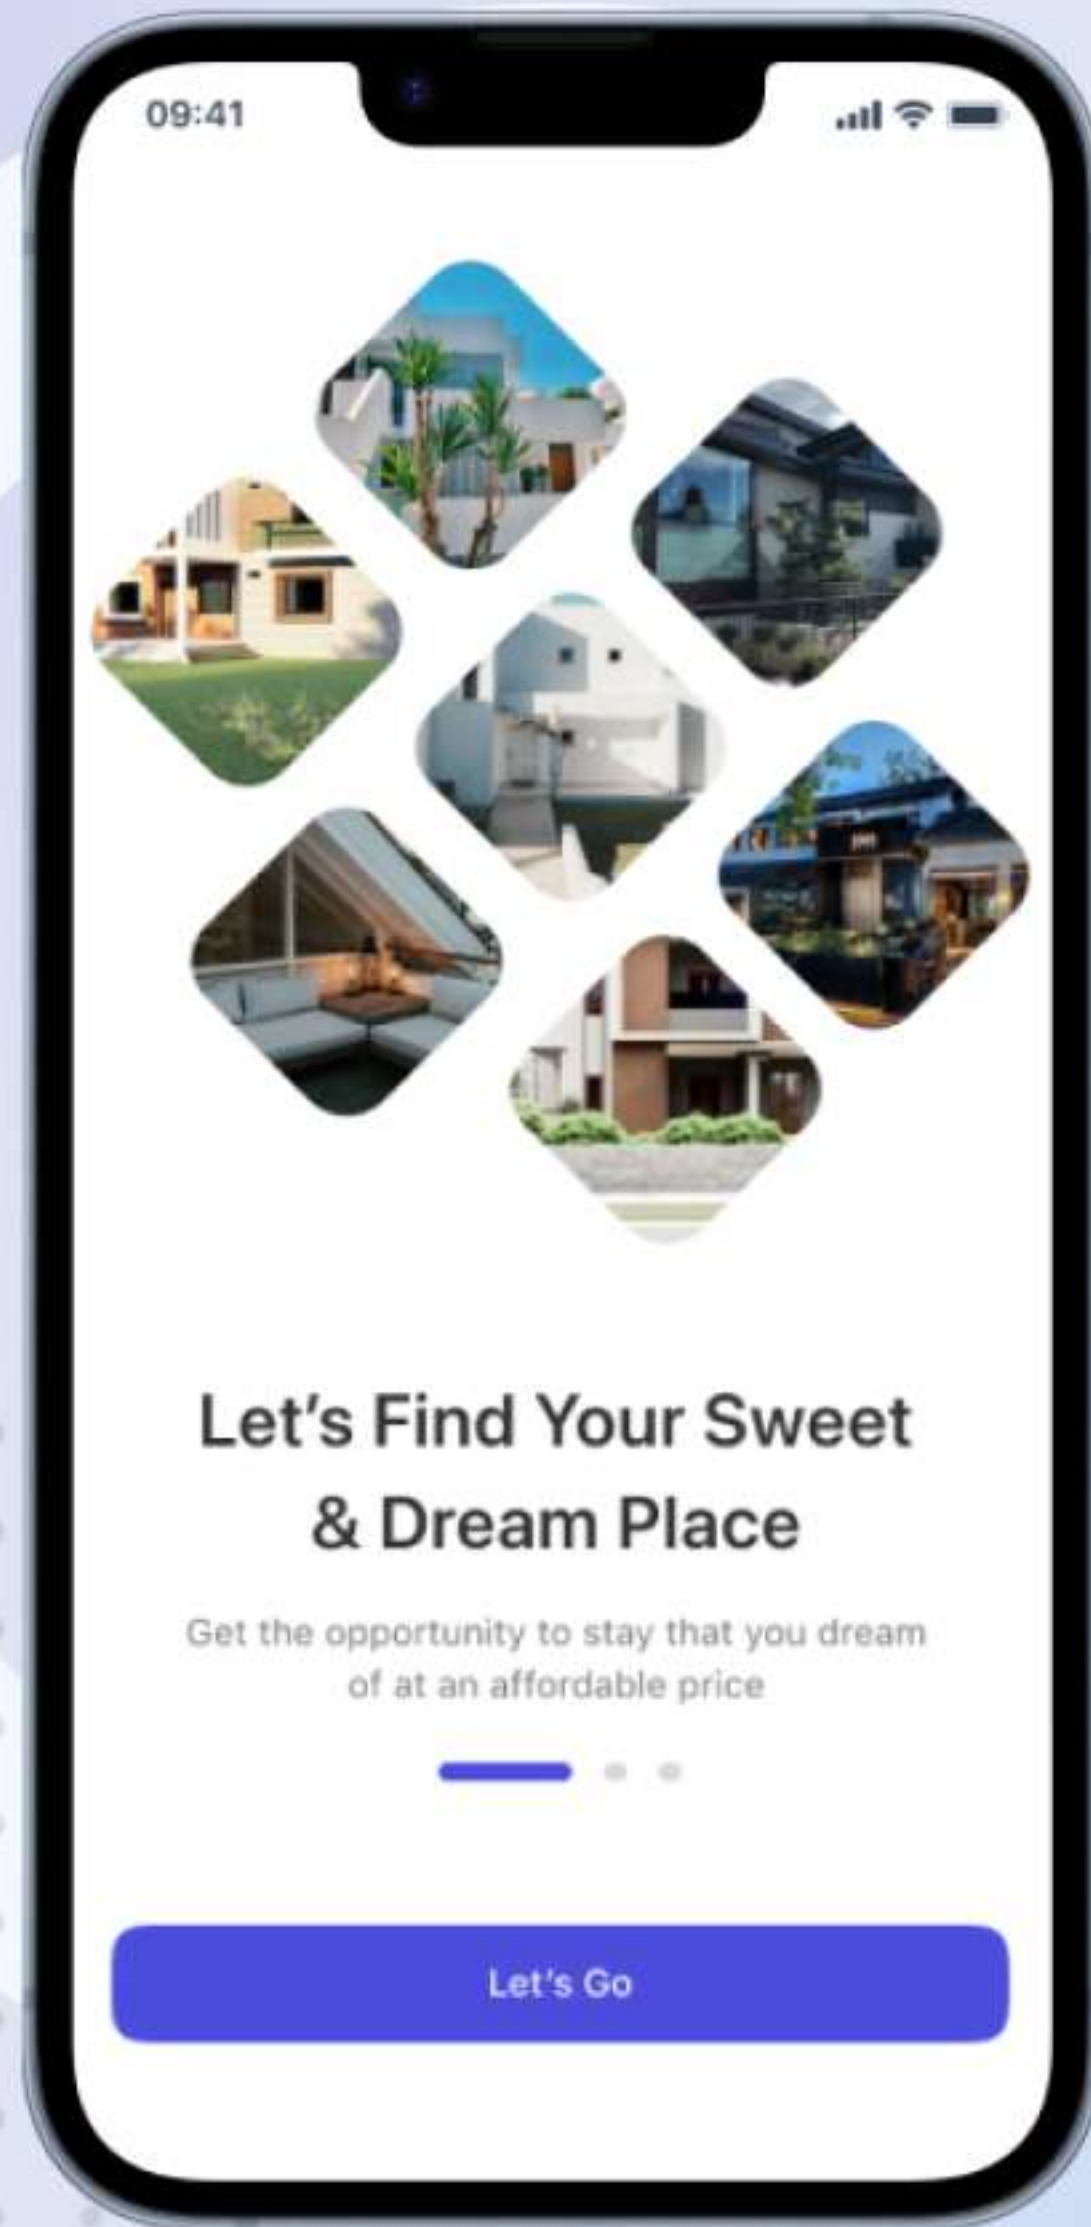

# Hotel Booking App

The online travel industry has seen immense growth in recent years. OTA revenues reached \$564 billion in 2018, and are projected to grow to \$717 billion by 2023. As consumer adoption of online booking increases, developing a simple and smooth hotel booking app is key to success in this competitive market.

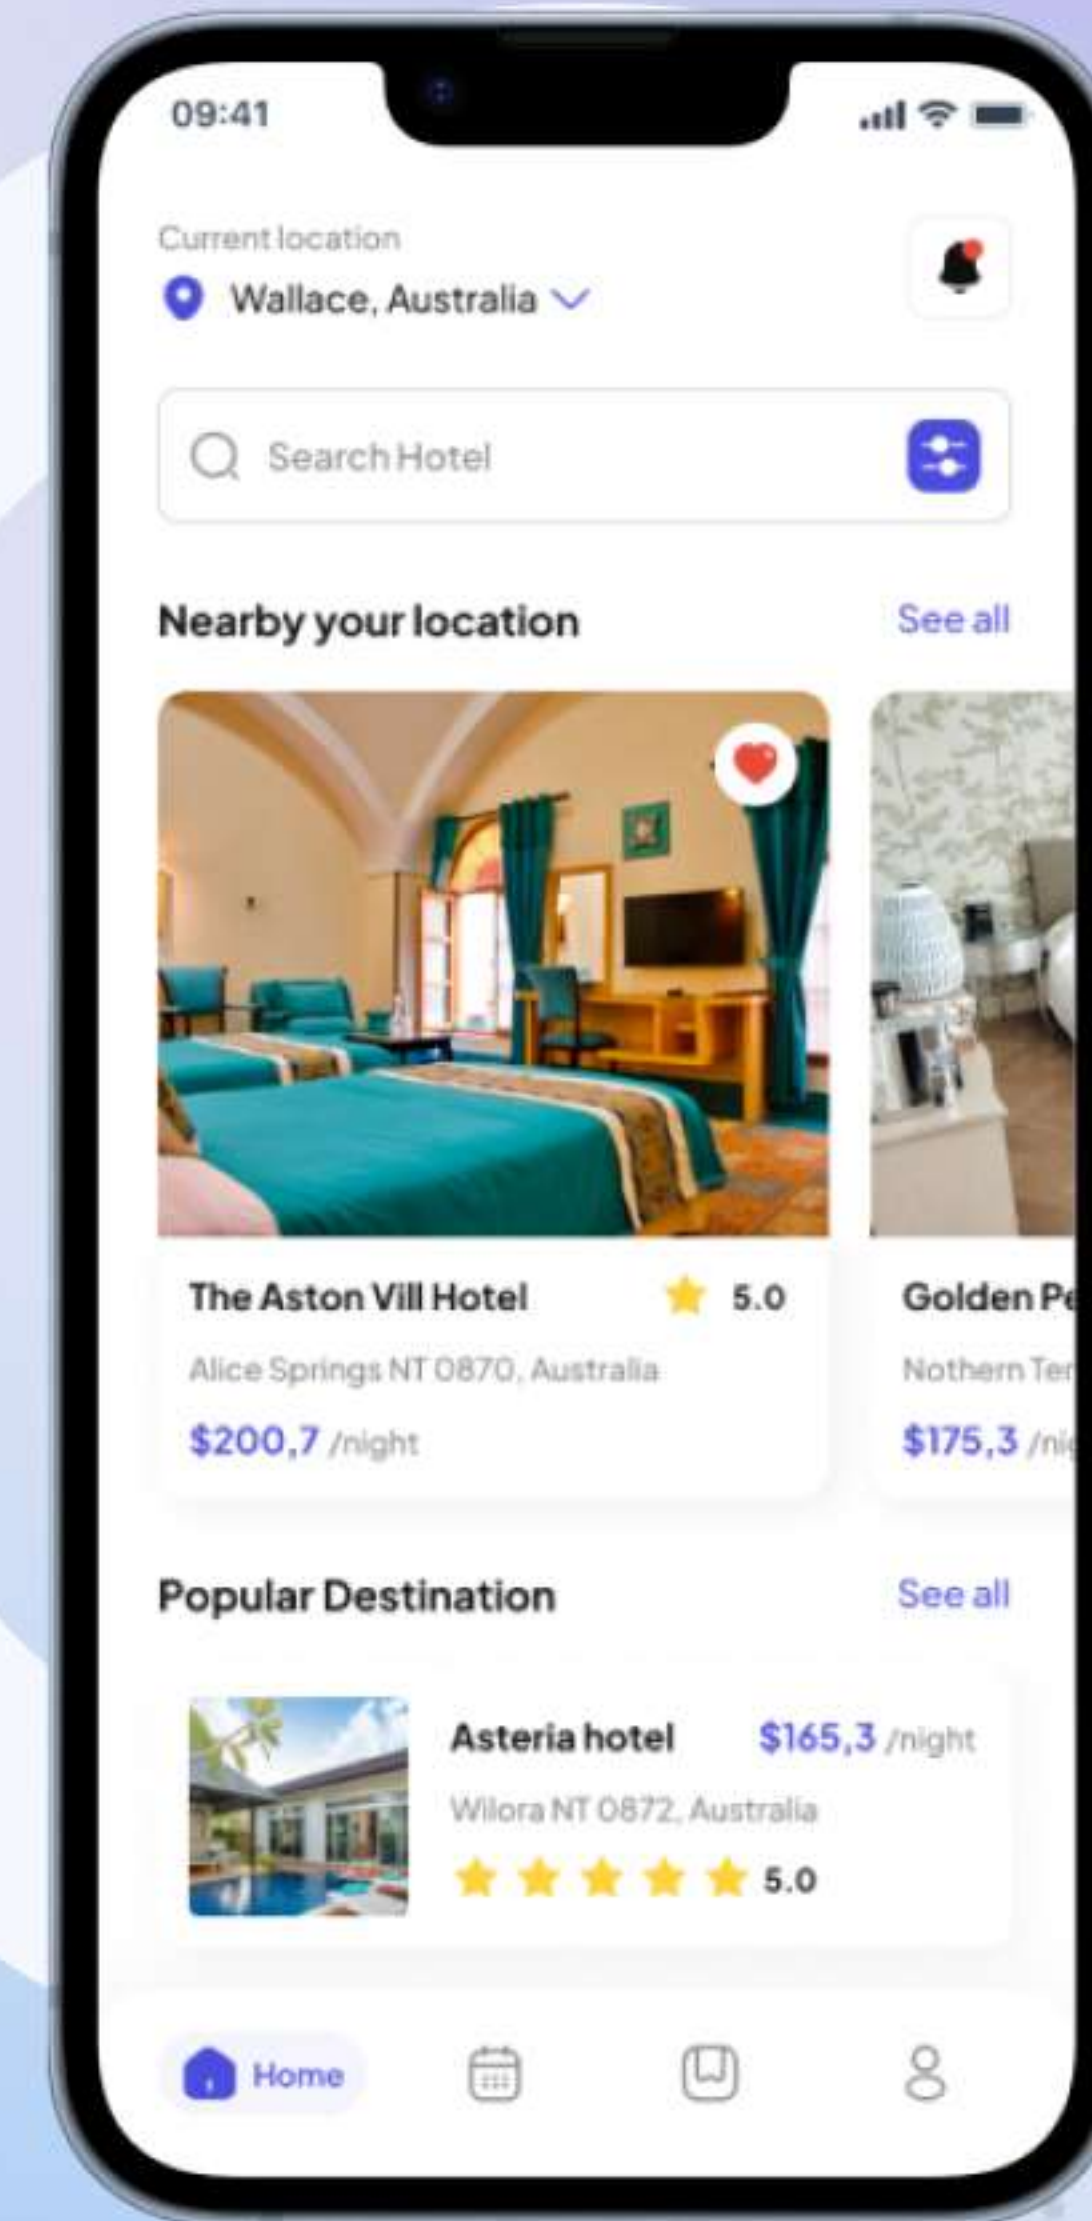

# Features

- ✓ User profiles and accounts
- ✓ Hotel information
- ✓ Rates and availability calendar
- ✓ Confirmation workflow
- ✓ Hotel search and filters
- ✓ Room selection
- ✓ Secure payment

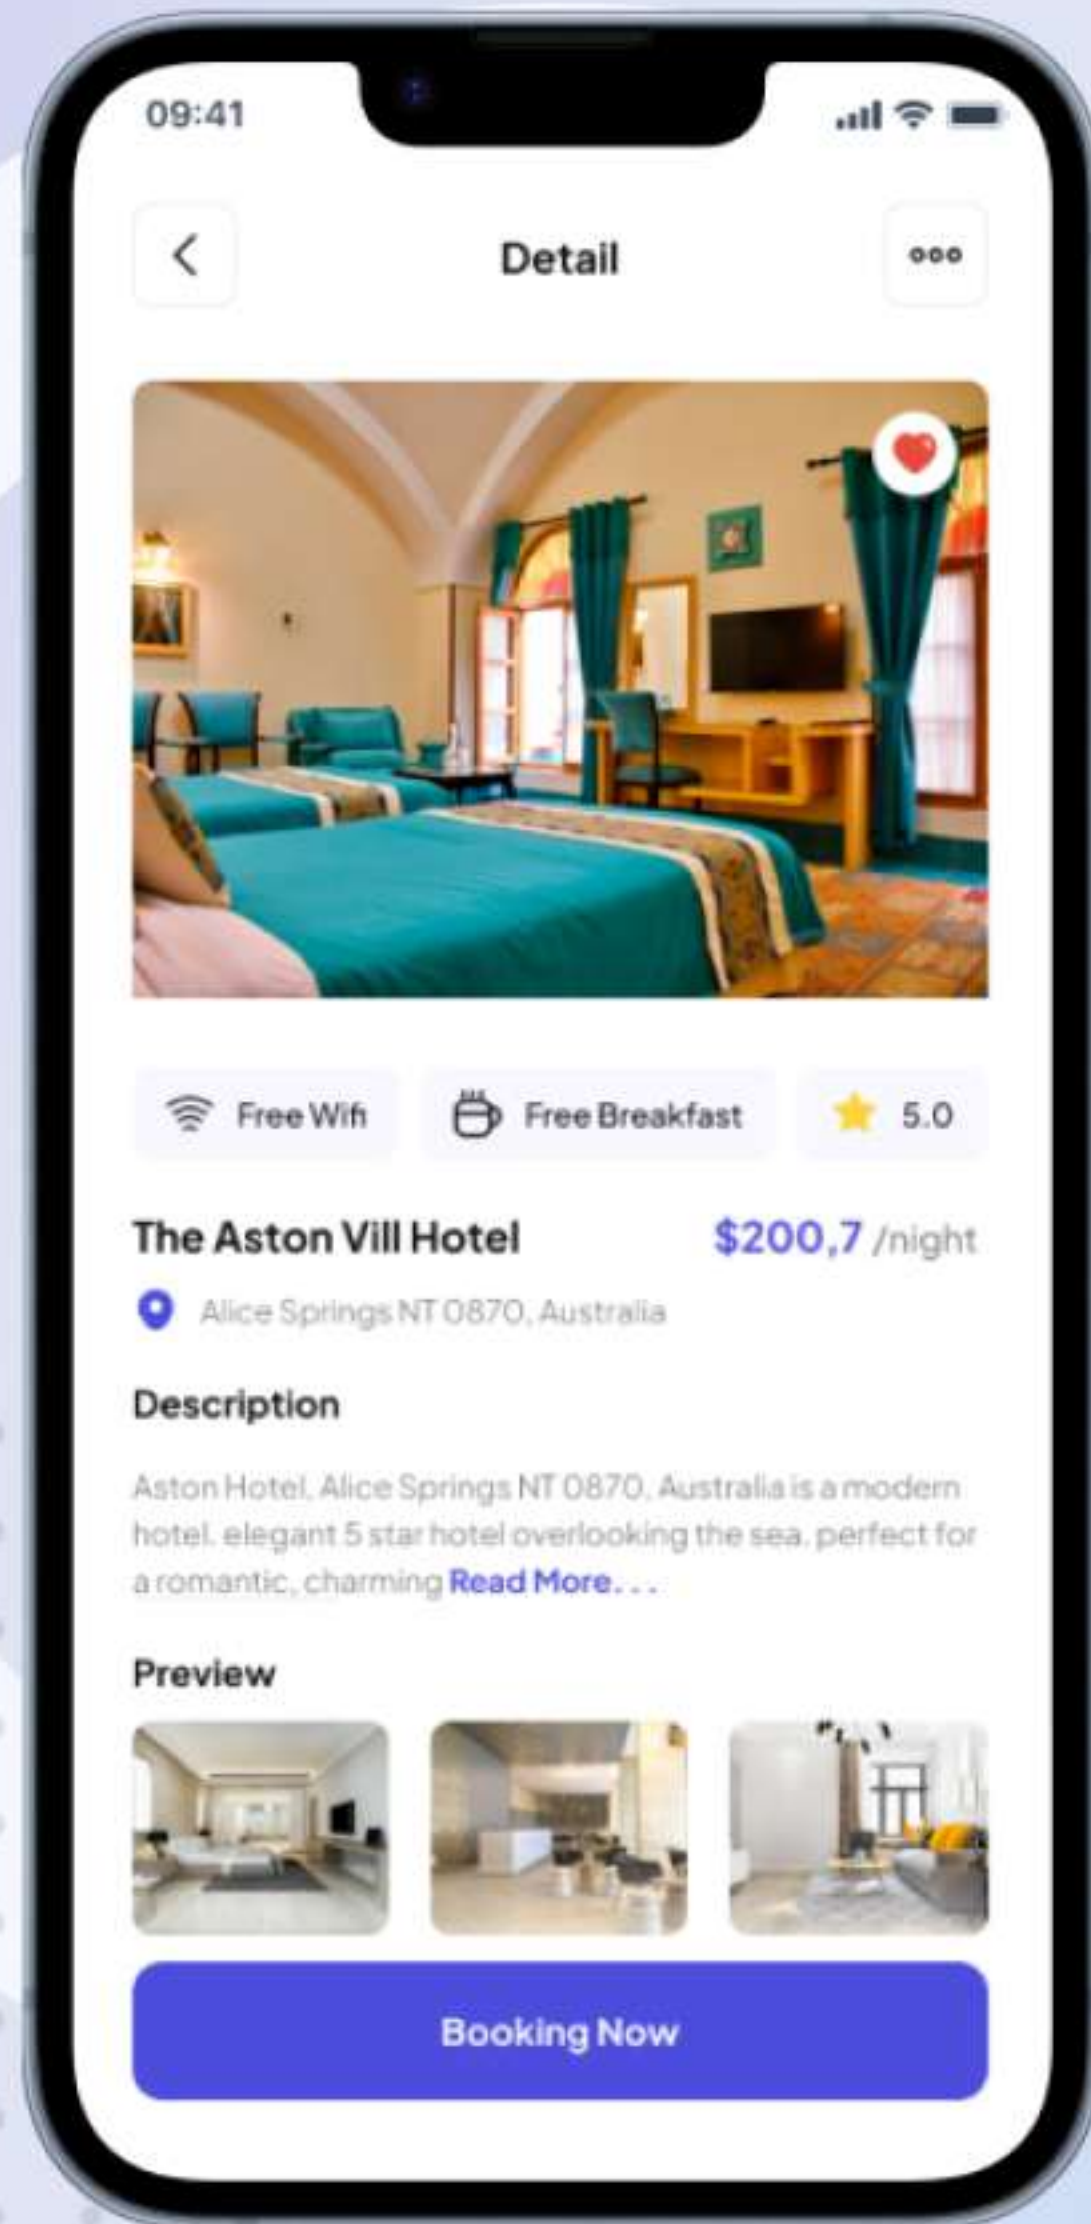

# Challenges

- ✓ Integrating disparate hotel inventory sources into one search
- ✓ Providing users comprehensive information to evaluate properties
- ✓ Enabling a streamlined booking flow across multiple devices
- ✓ Scaling application infrastructure to handle large traffic volumes
- ✓ Continuously innovating features to stand out in a competitive market

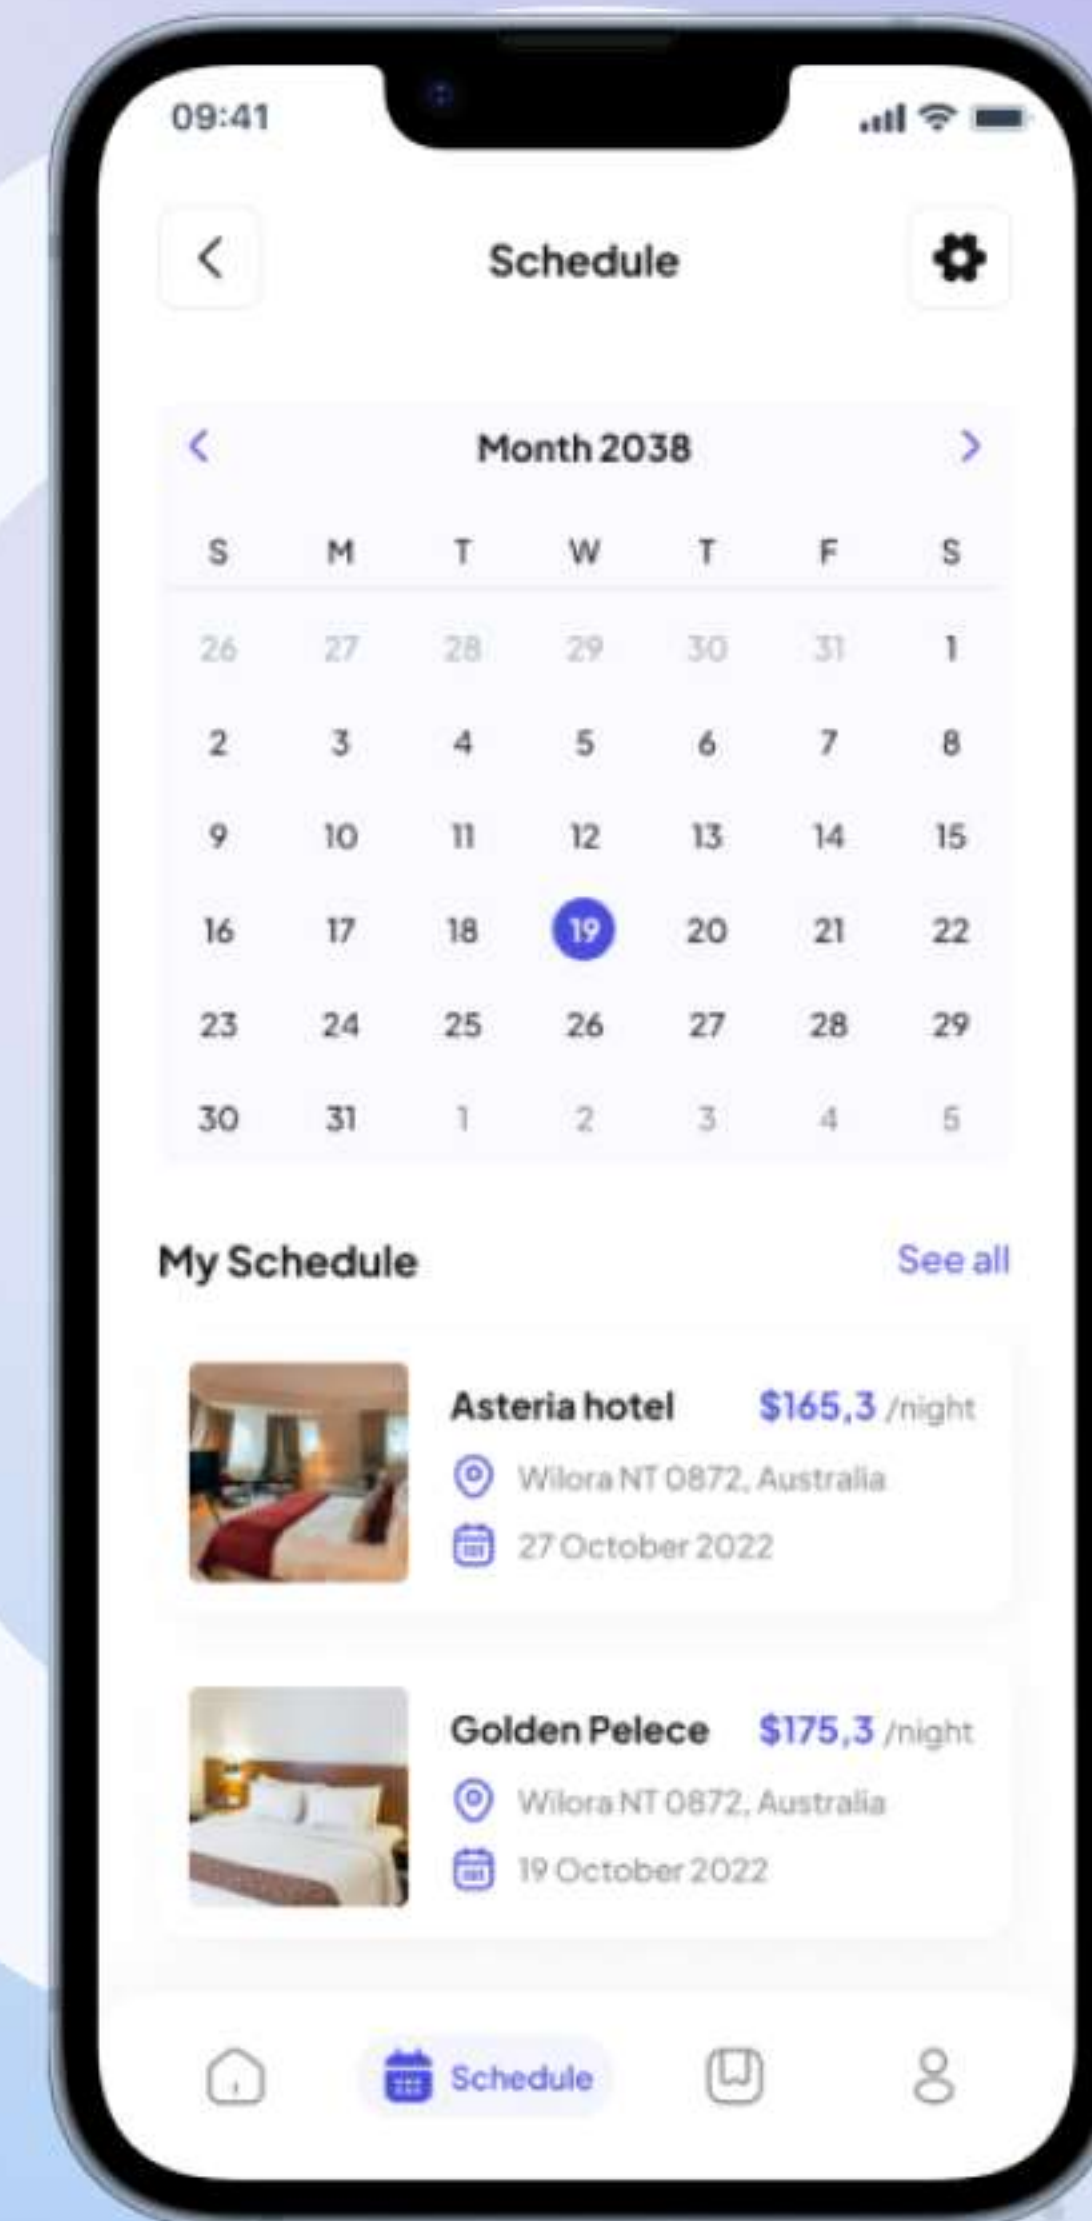

# Solutions

- ✓ User accounts for saved preferences and fast checkout
- ✓ Robust hotel search and filter capabilities
- ✓ Rich hotel info like photos, reviews, maps
- ✓ Simple room selection and rates calendar
- ✓ Secure in-app payment processing

# Impact

- ✓ Higher online booking conversion rates
- ✓ Faster average booking times
- ✓ Increase in mobile bookings
- ✓ User satisfaction based on app reviews

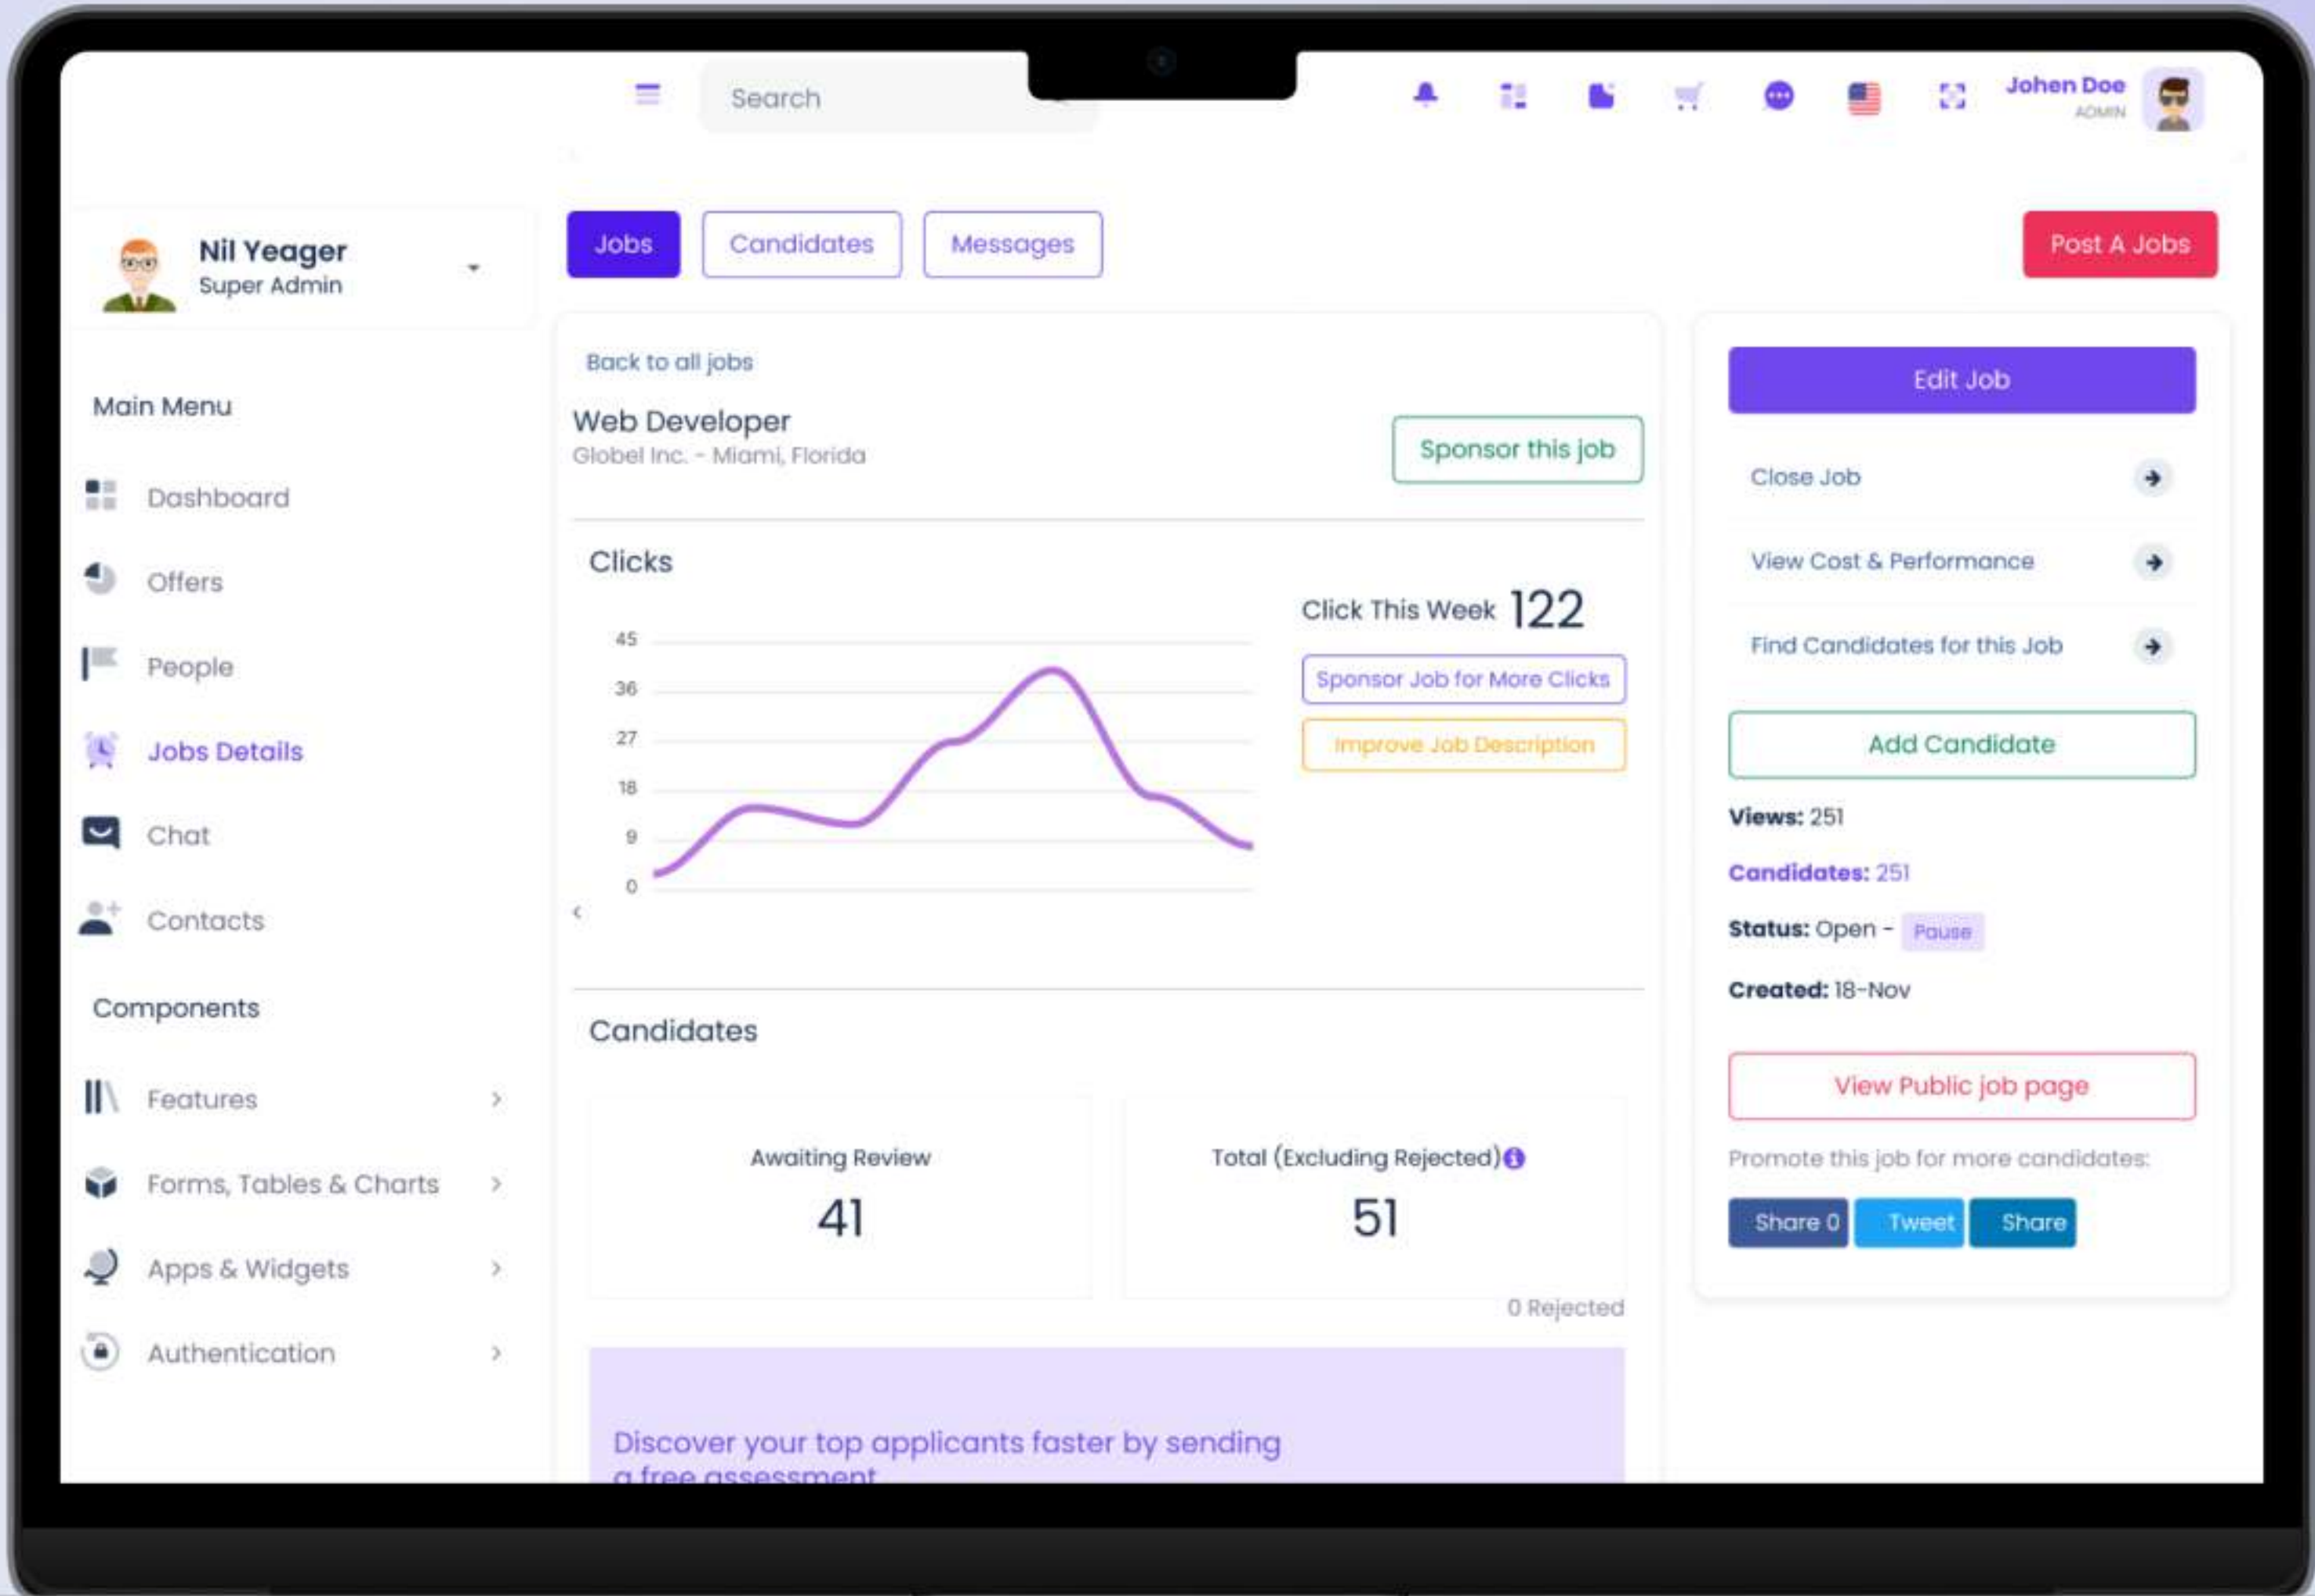

# HRMS Software

A human resource management system (HRMS) is a set of software applications that assists HR professionals in managing HR functions efficiently.

------------------------------	---

Discover your top applicants faster by sending a free assessment

# Features

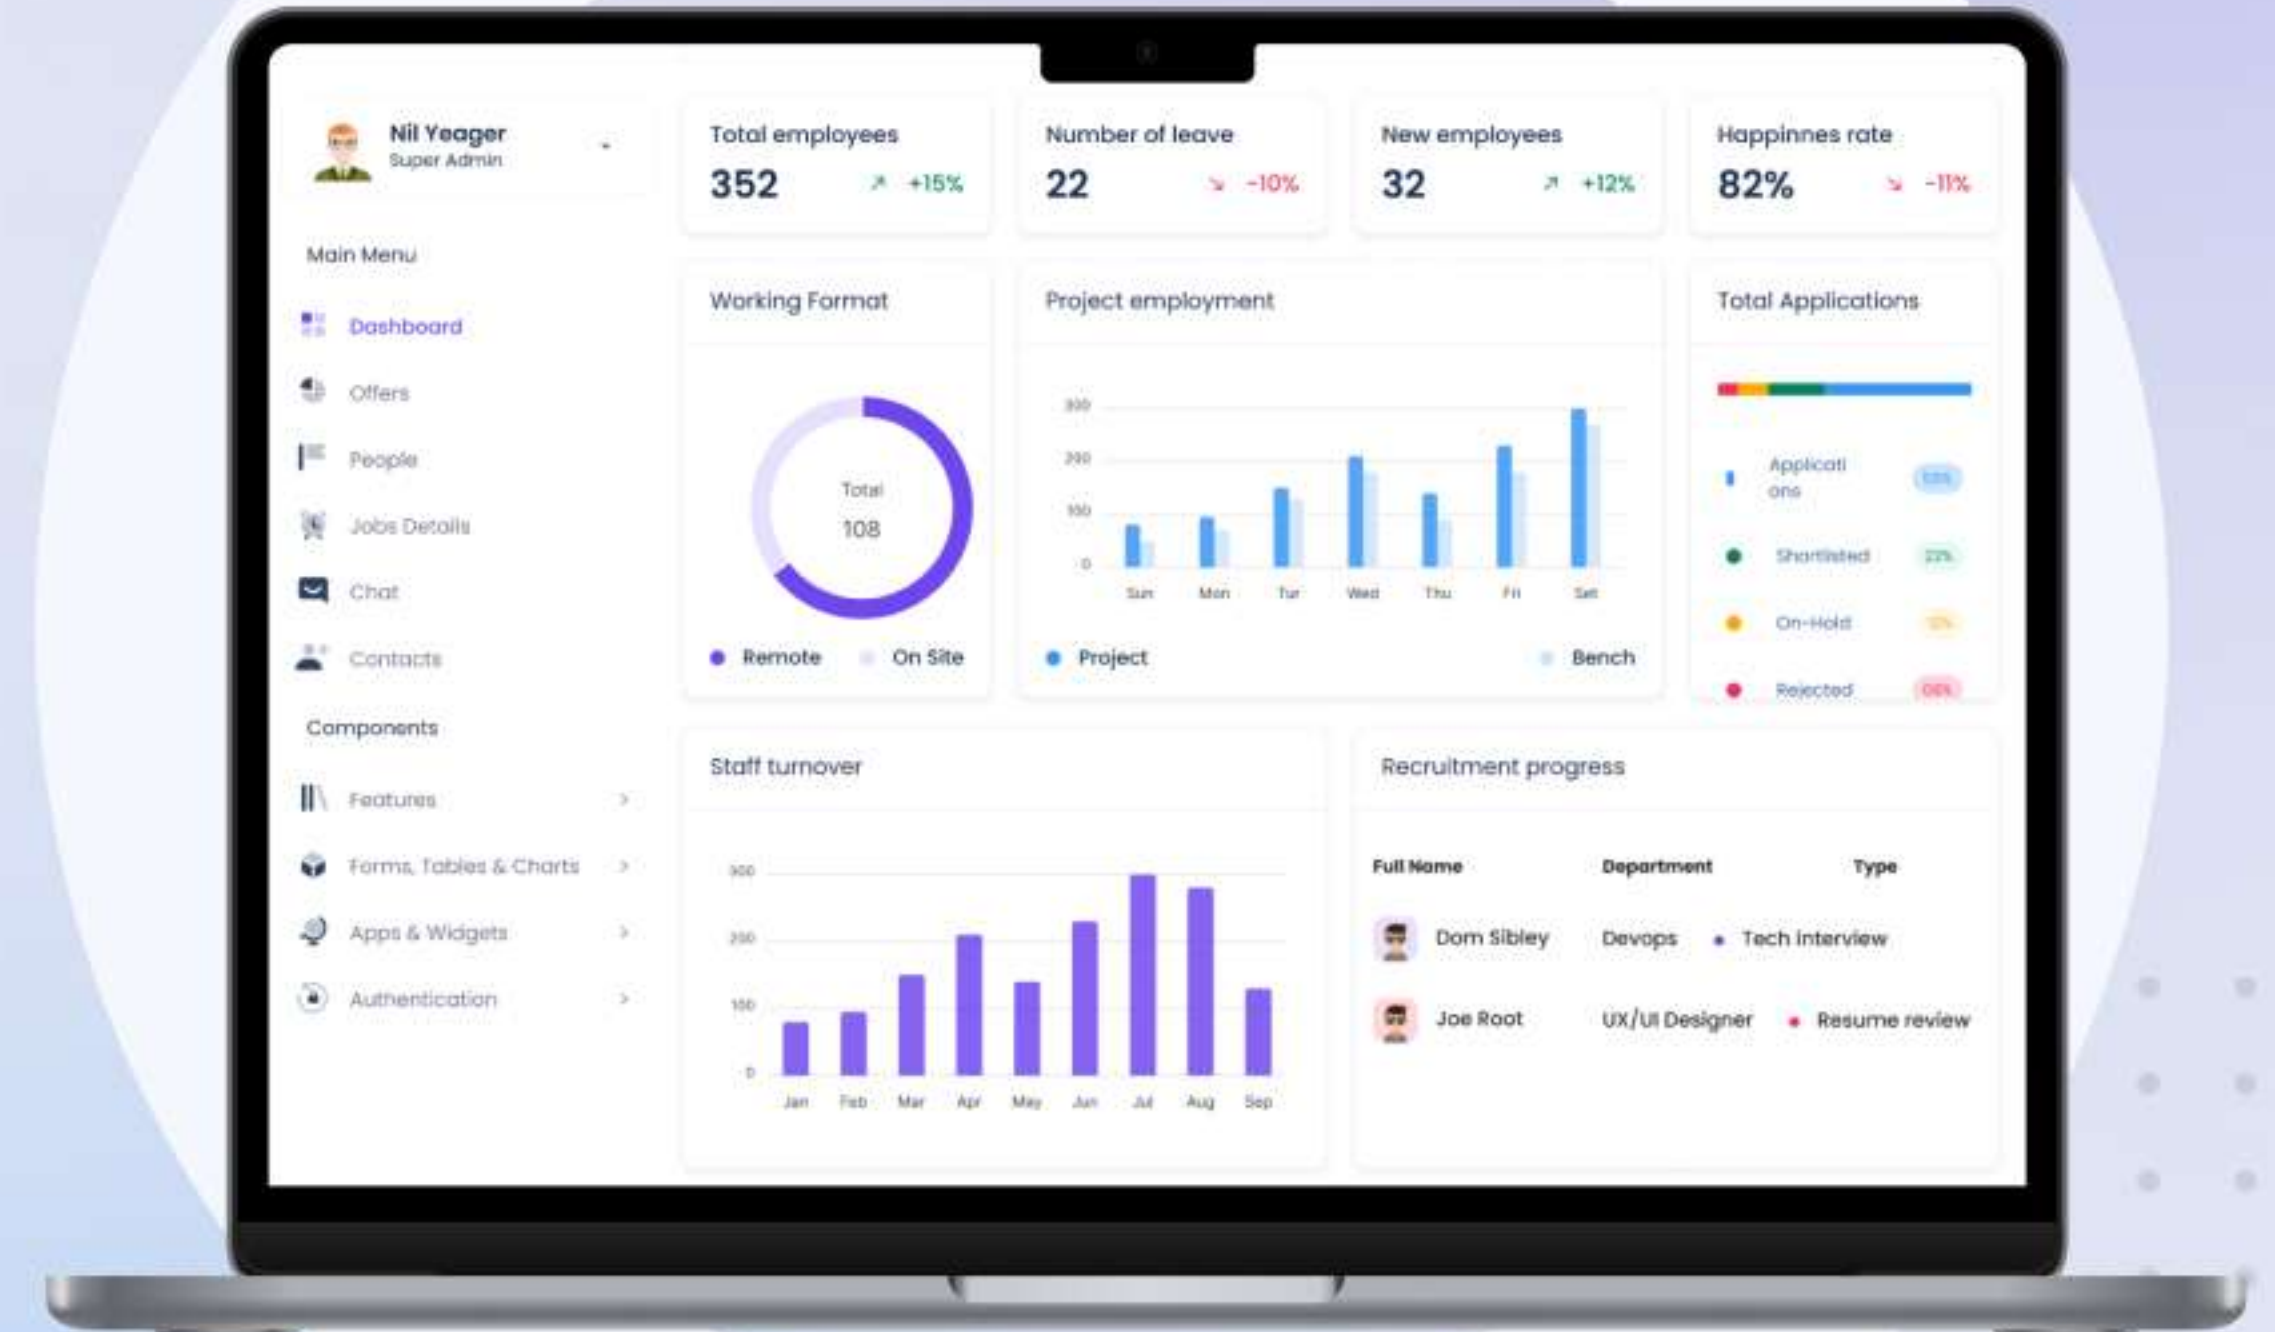

- ✓ Centralized employee database
- ✓ Benefits administration automation
- ✓ Payroll processing
- ✓ Recruiting and onboarding workflows
- ✓ Employee collaboration tools
- ✓ HR analytics and reporting

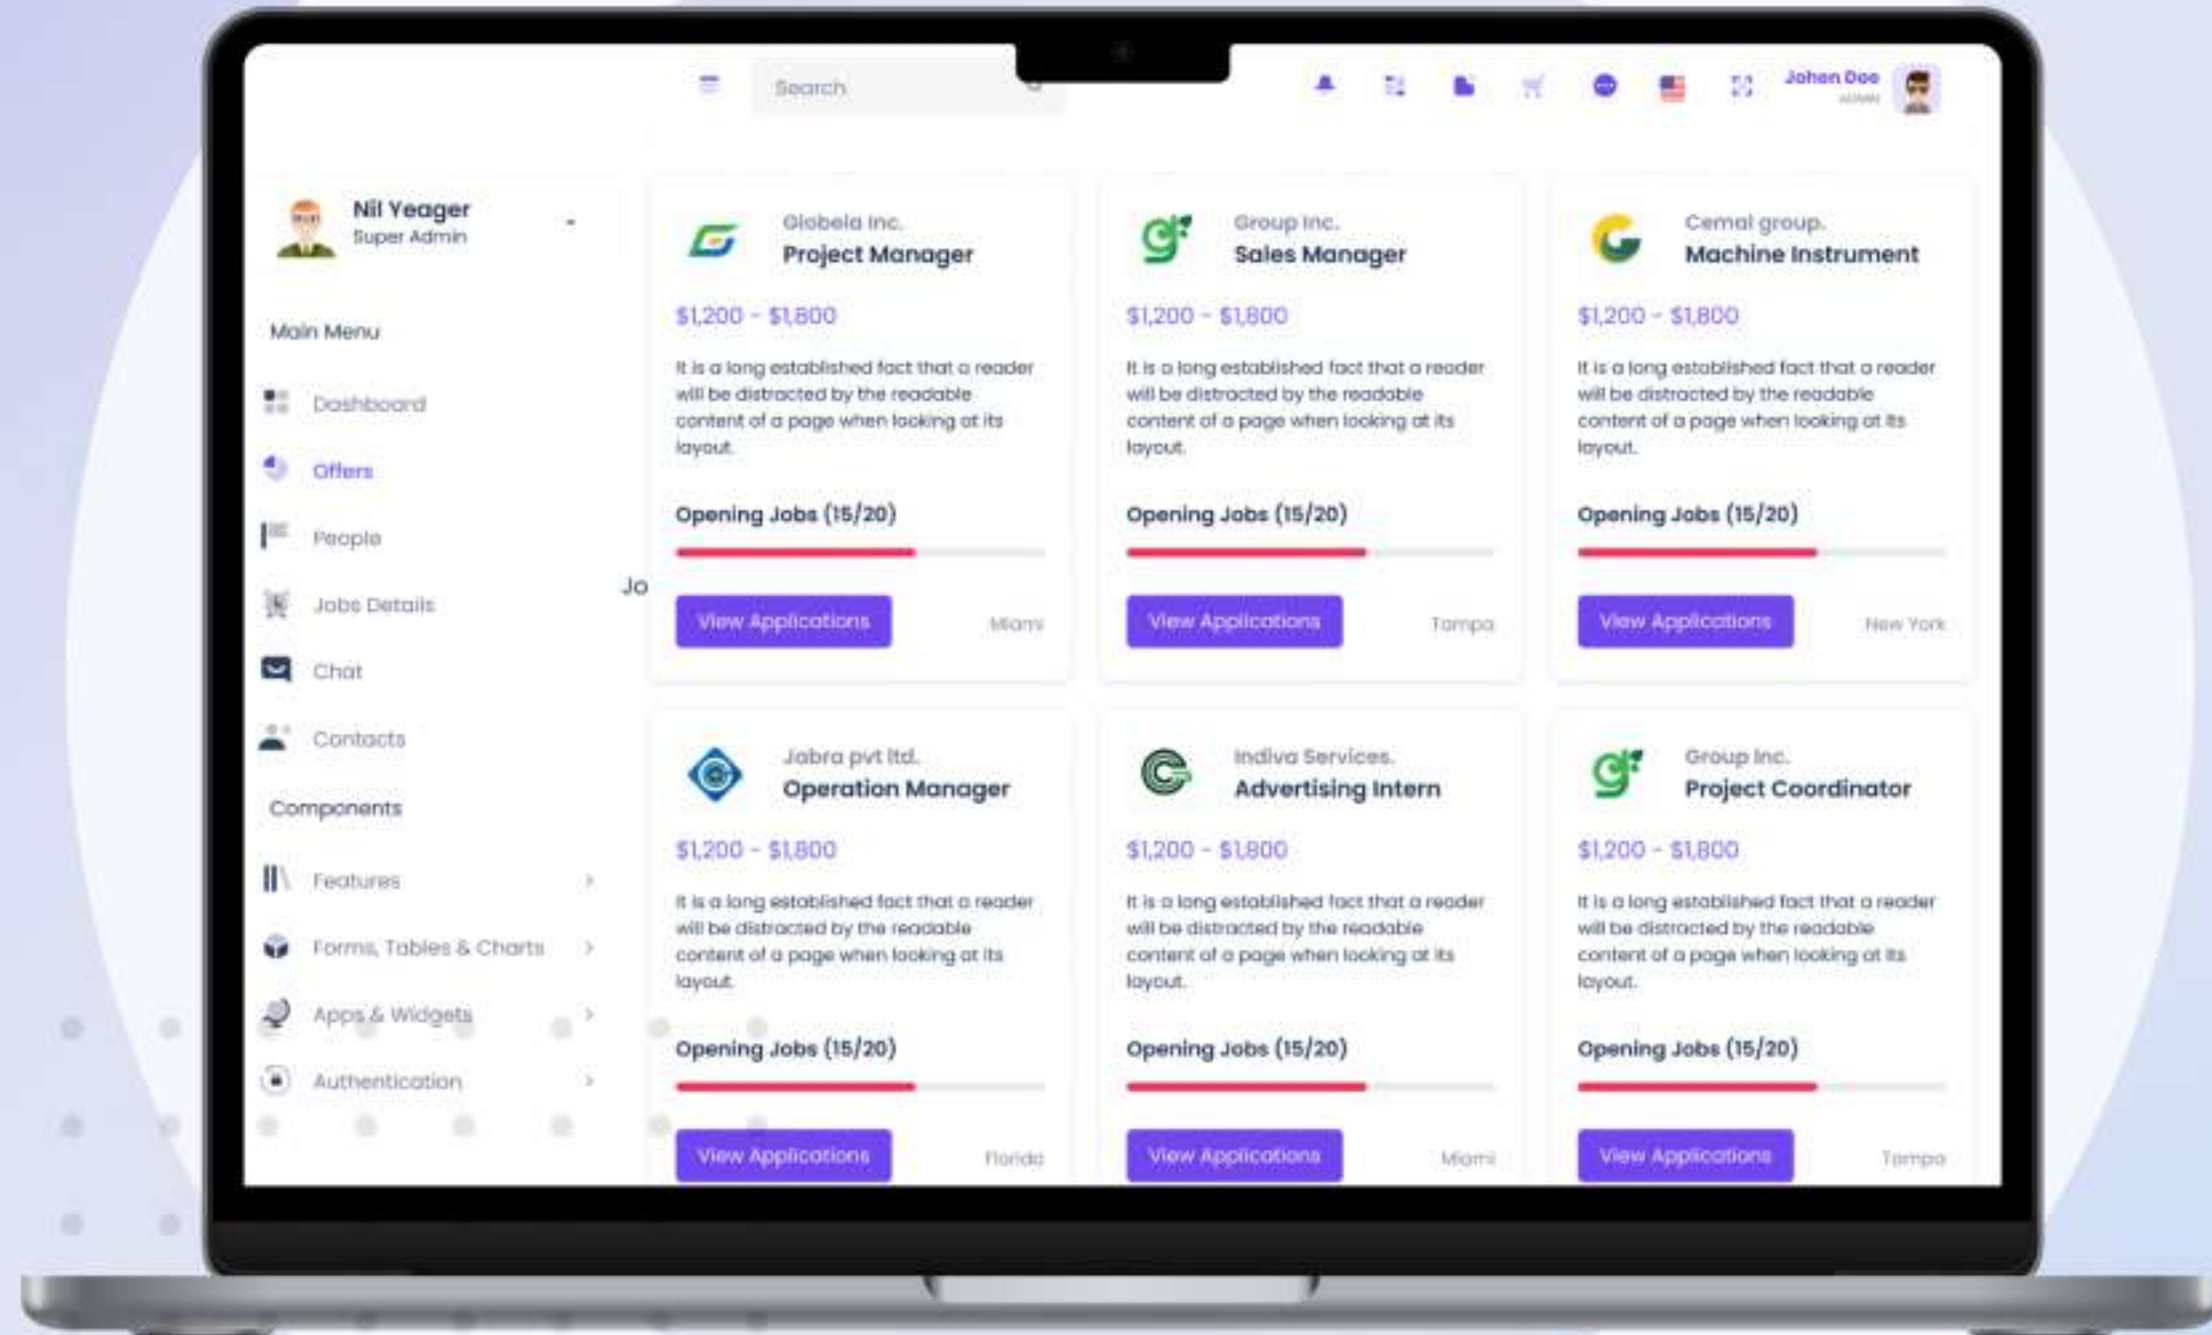

# Challenges

- ✓ Manual processes were inefficient
- ✓ Disparate systems with fragmented data
- ✓ Lack of visibility into workforce analytics
- ✓ Difficulty demonstrating ROI
- ✓ Change management to drive adoption
- ✓ Achieving integration with legacy systems

# Solutions

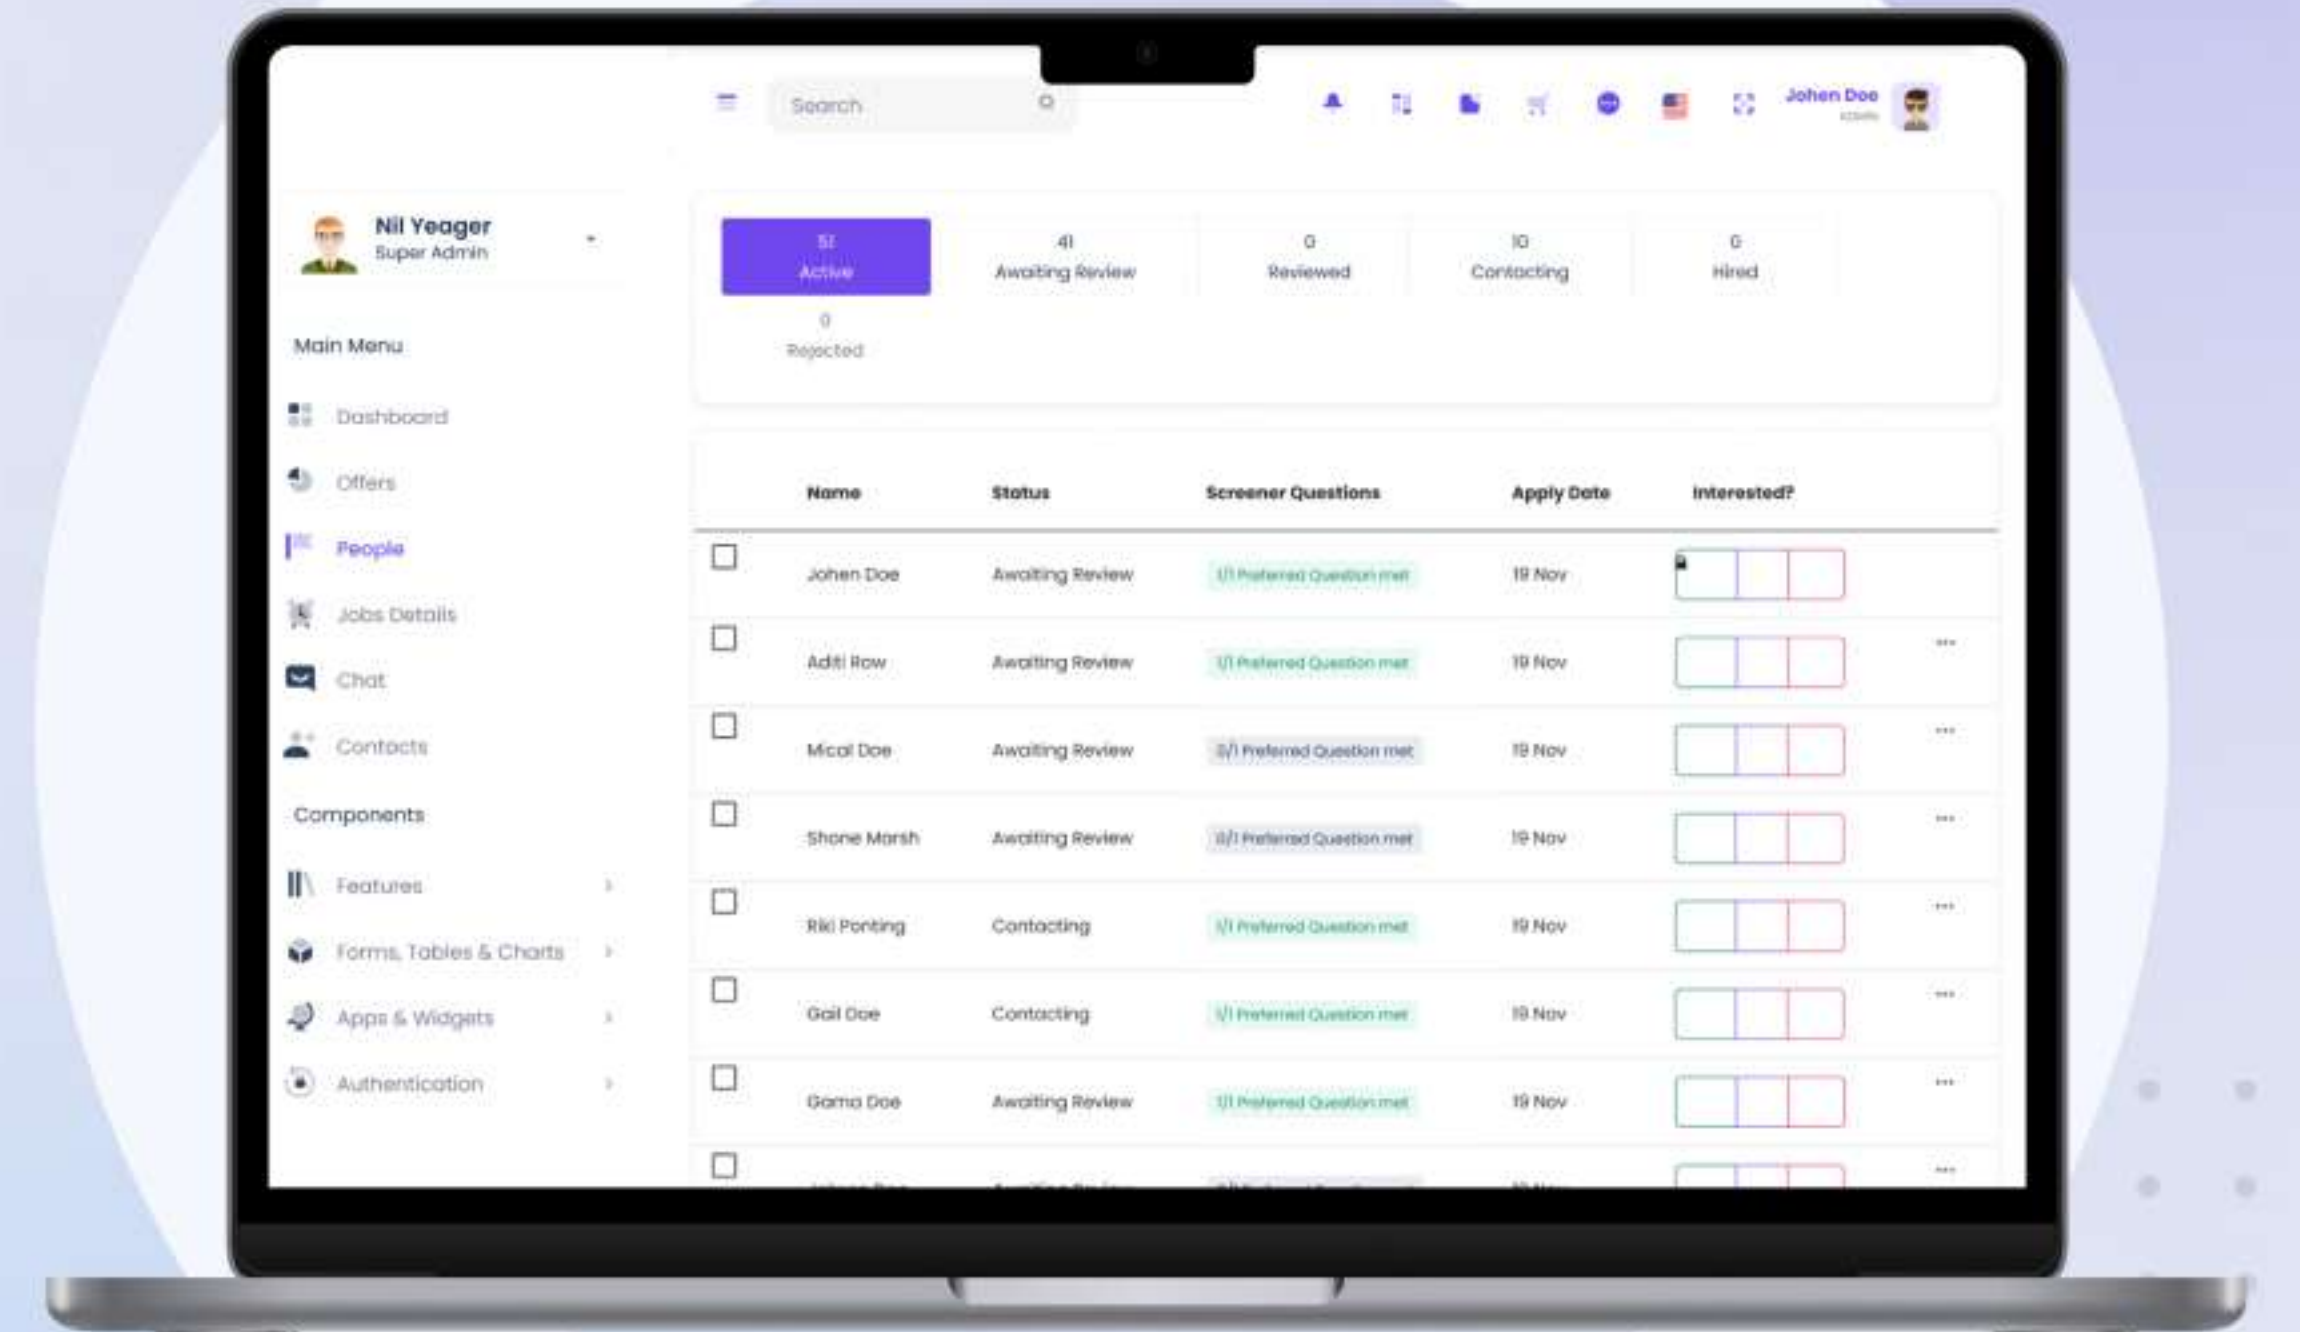

- ✓ Automated workflows to eliminate paperwork
- ✓ Consolidated employee information into single system
- ✓ Self-service portal for employees
- ✓ Measurable goals and metrics
- ✓ Training programs and change management
- ✓ APIs and data migration tools

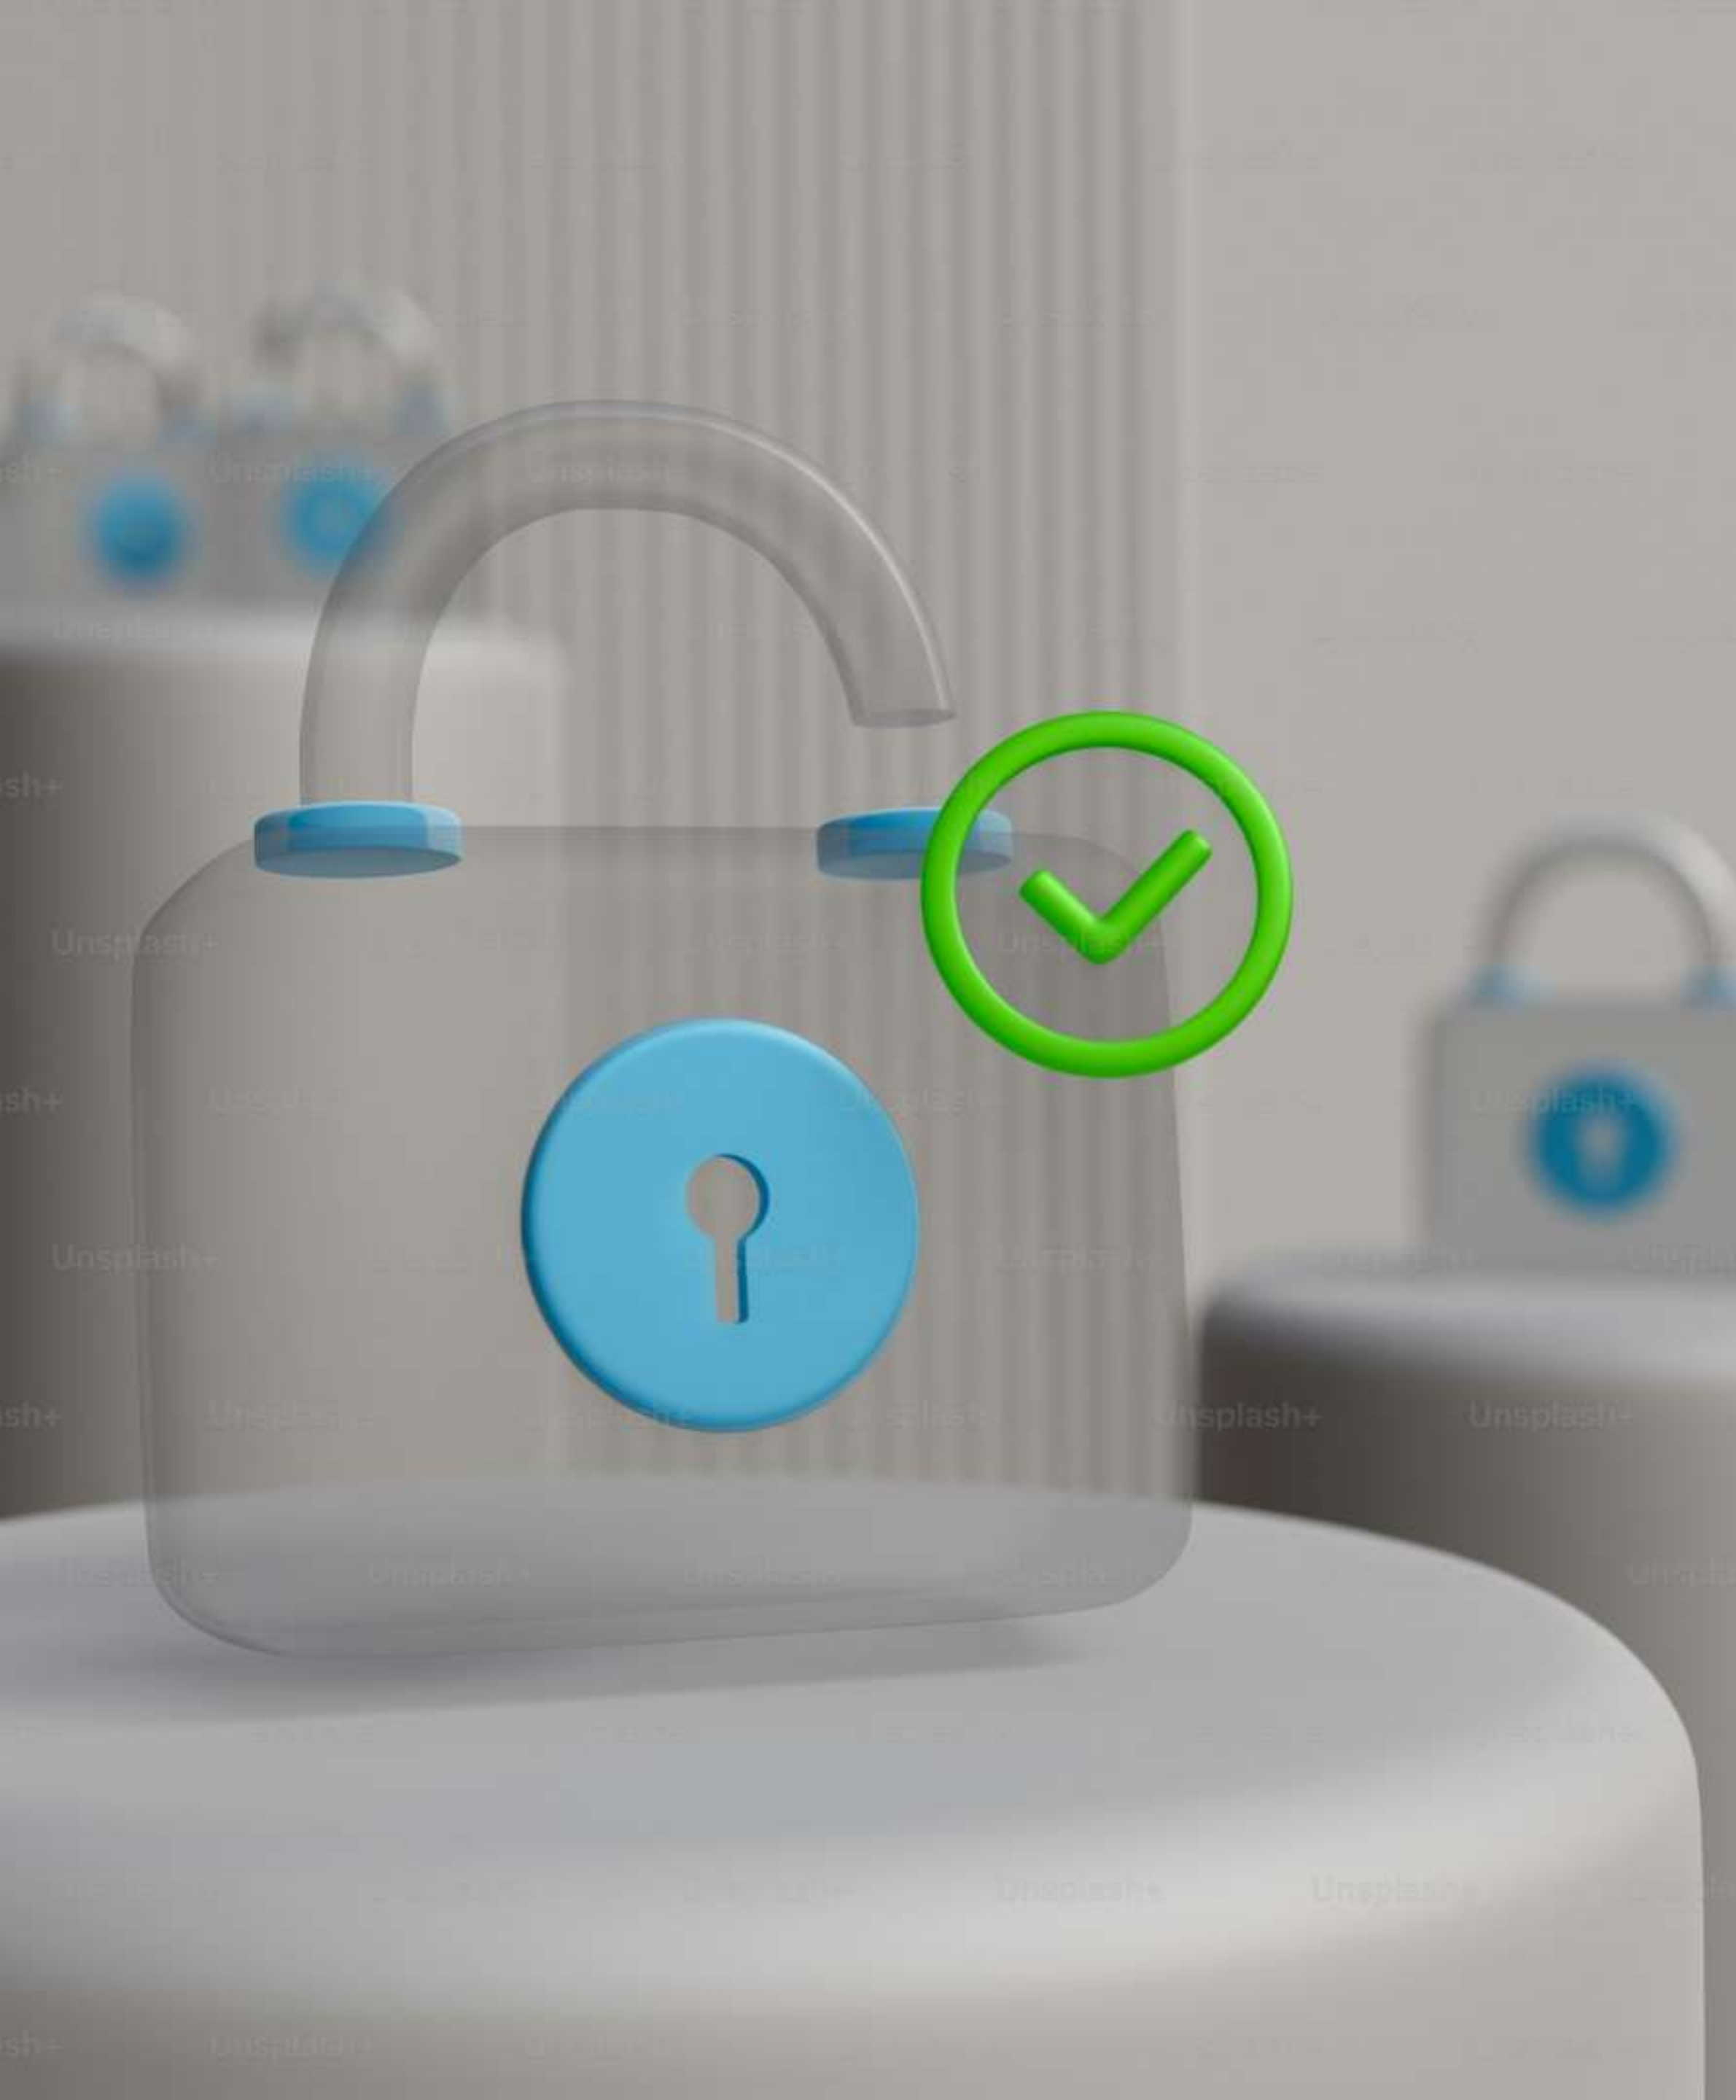

# Impact

- ✓ Faster, more efficient HR processes
- ✓ Improved visibility through workforce analytics
- ✓ Increased productivity and cost savings
- ✓ Higher employee engagement and satisfaction
- ✓ Enhanced strategic decision making

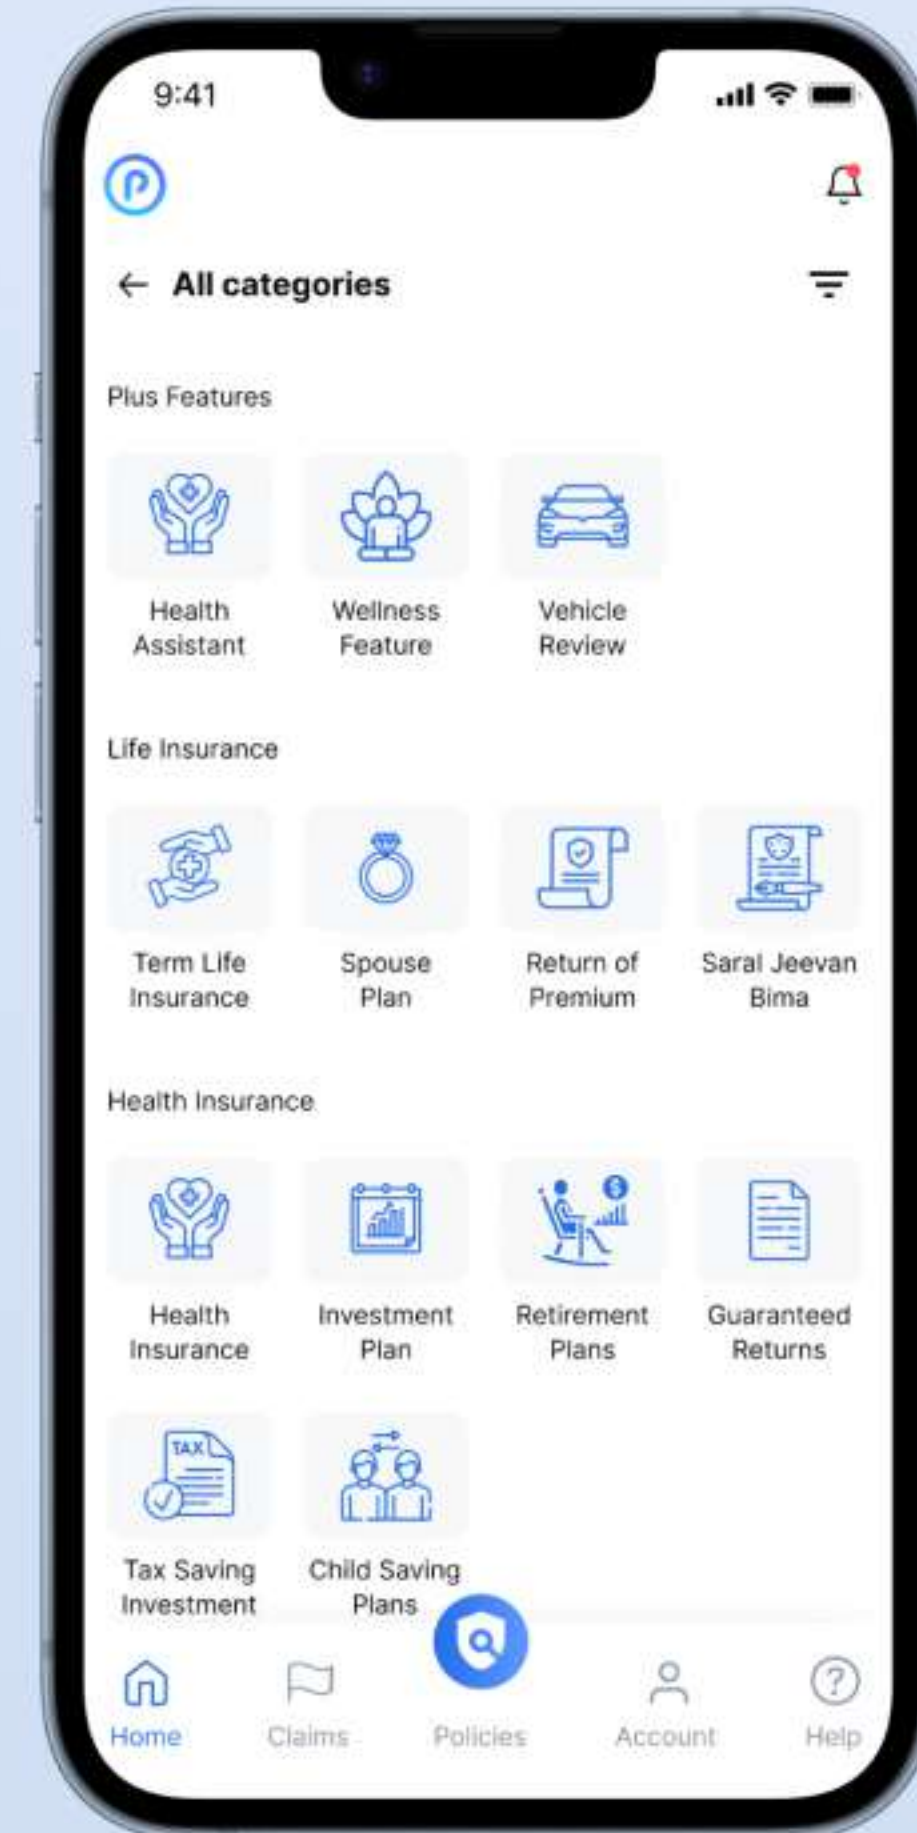

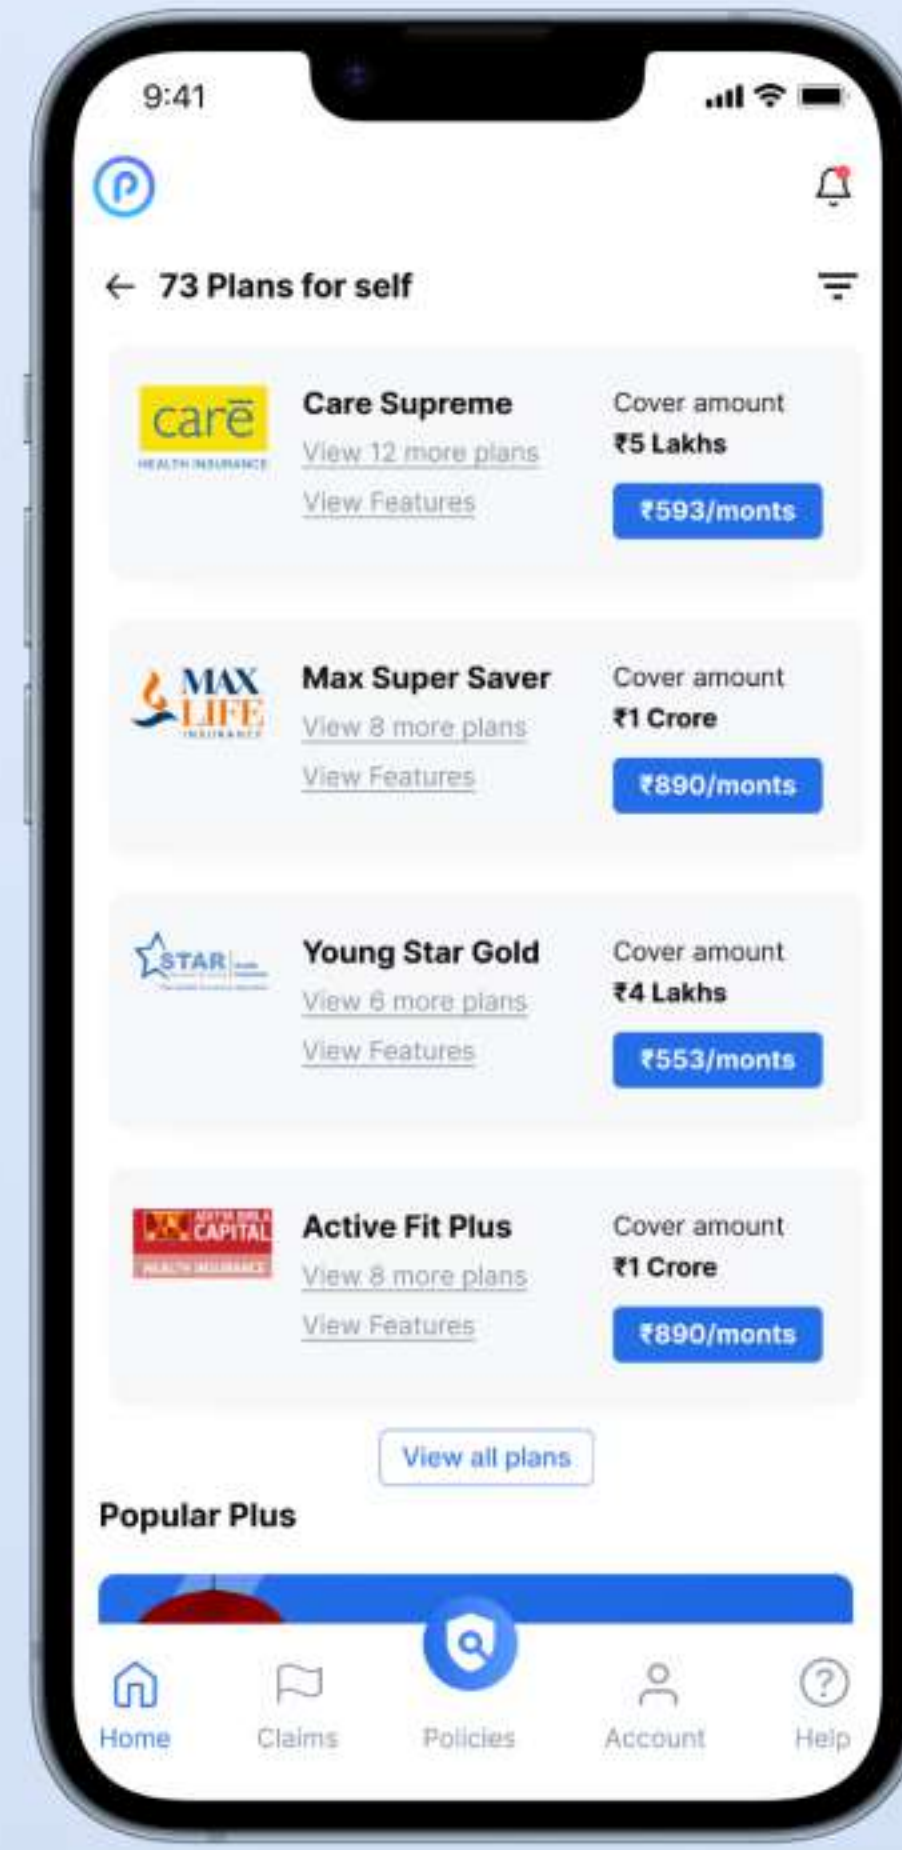

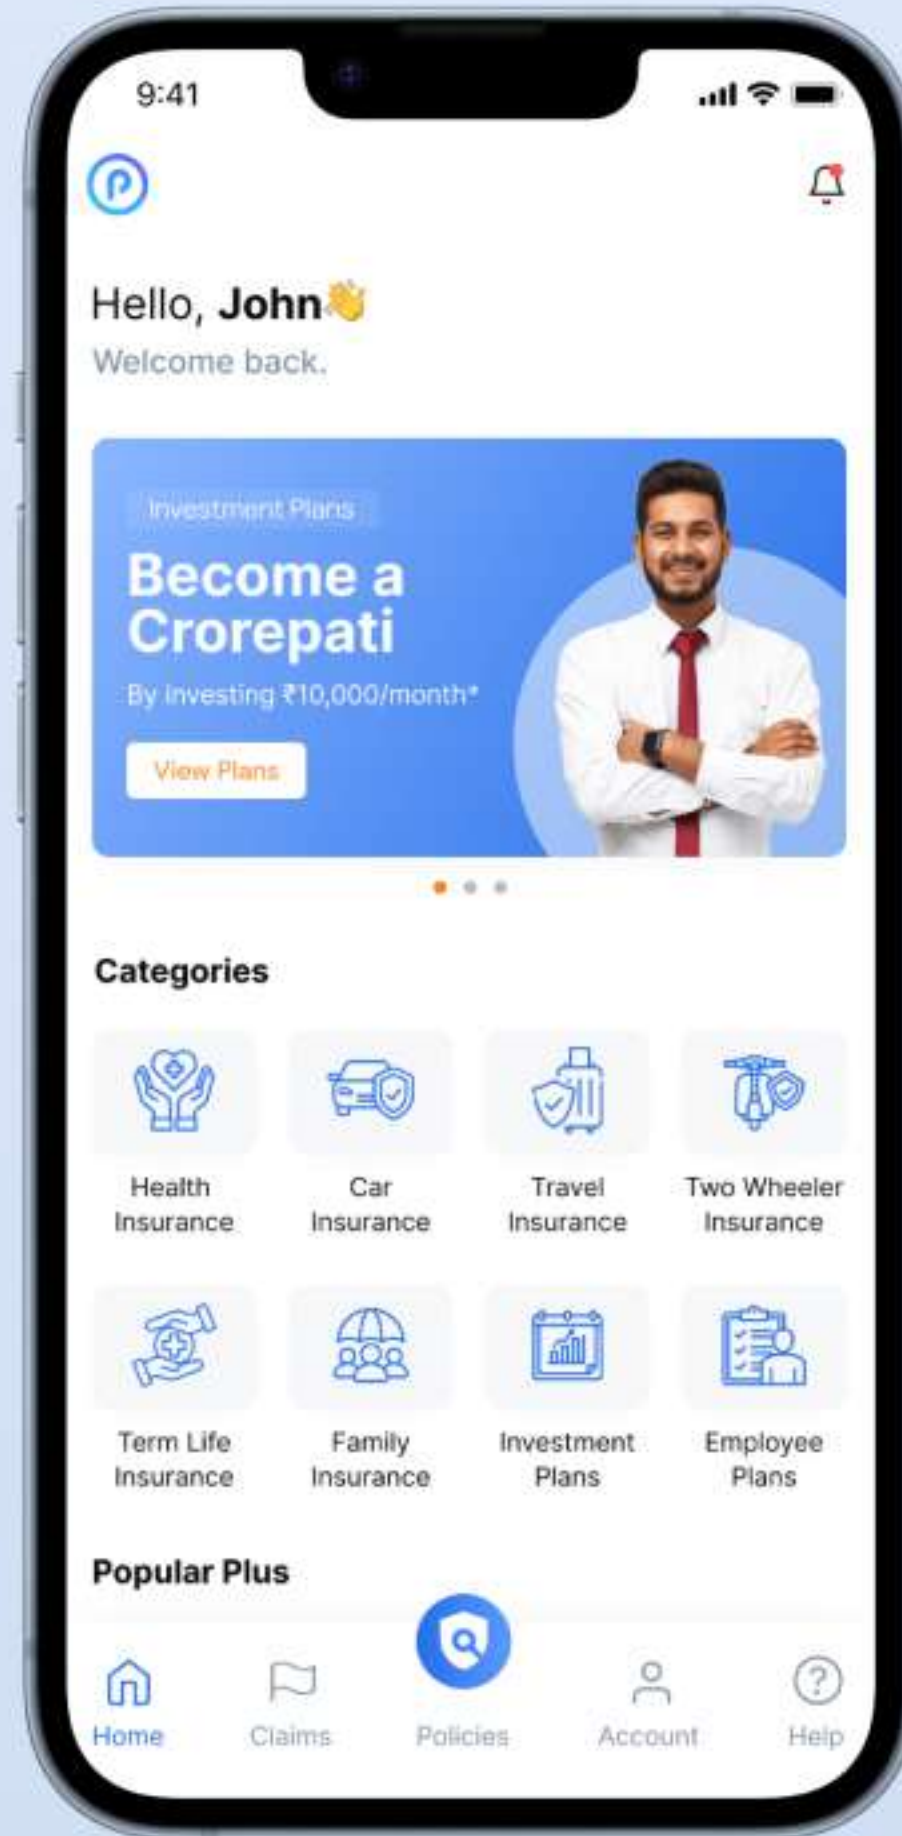

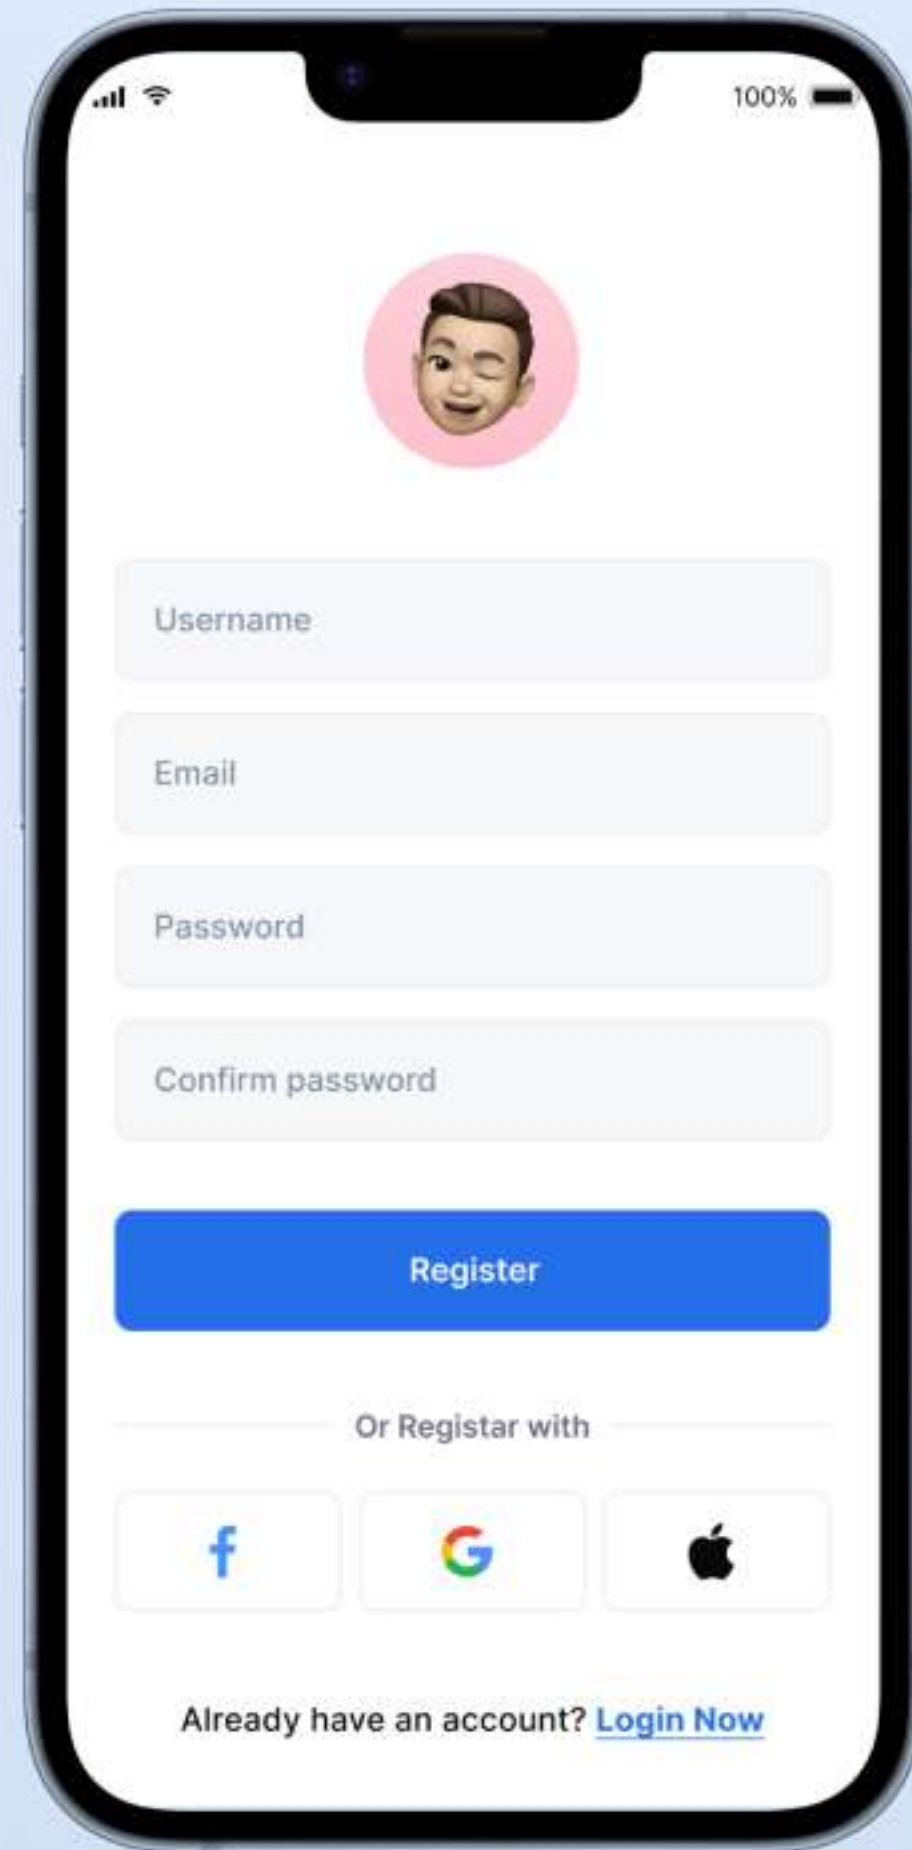

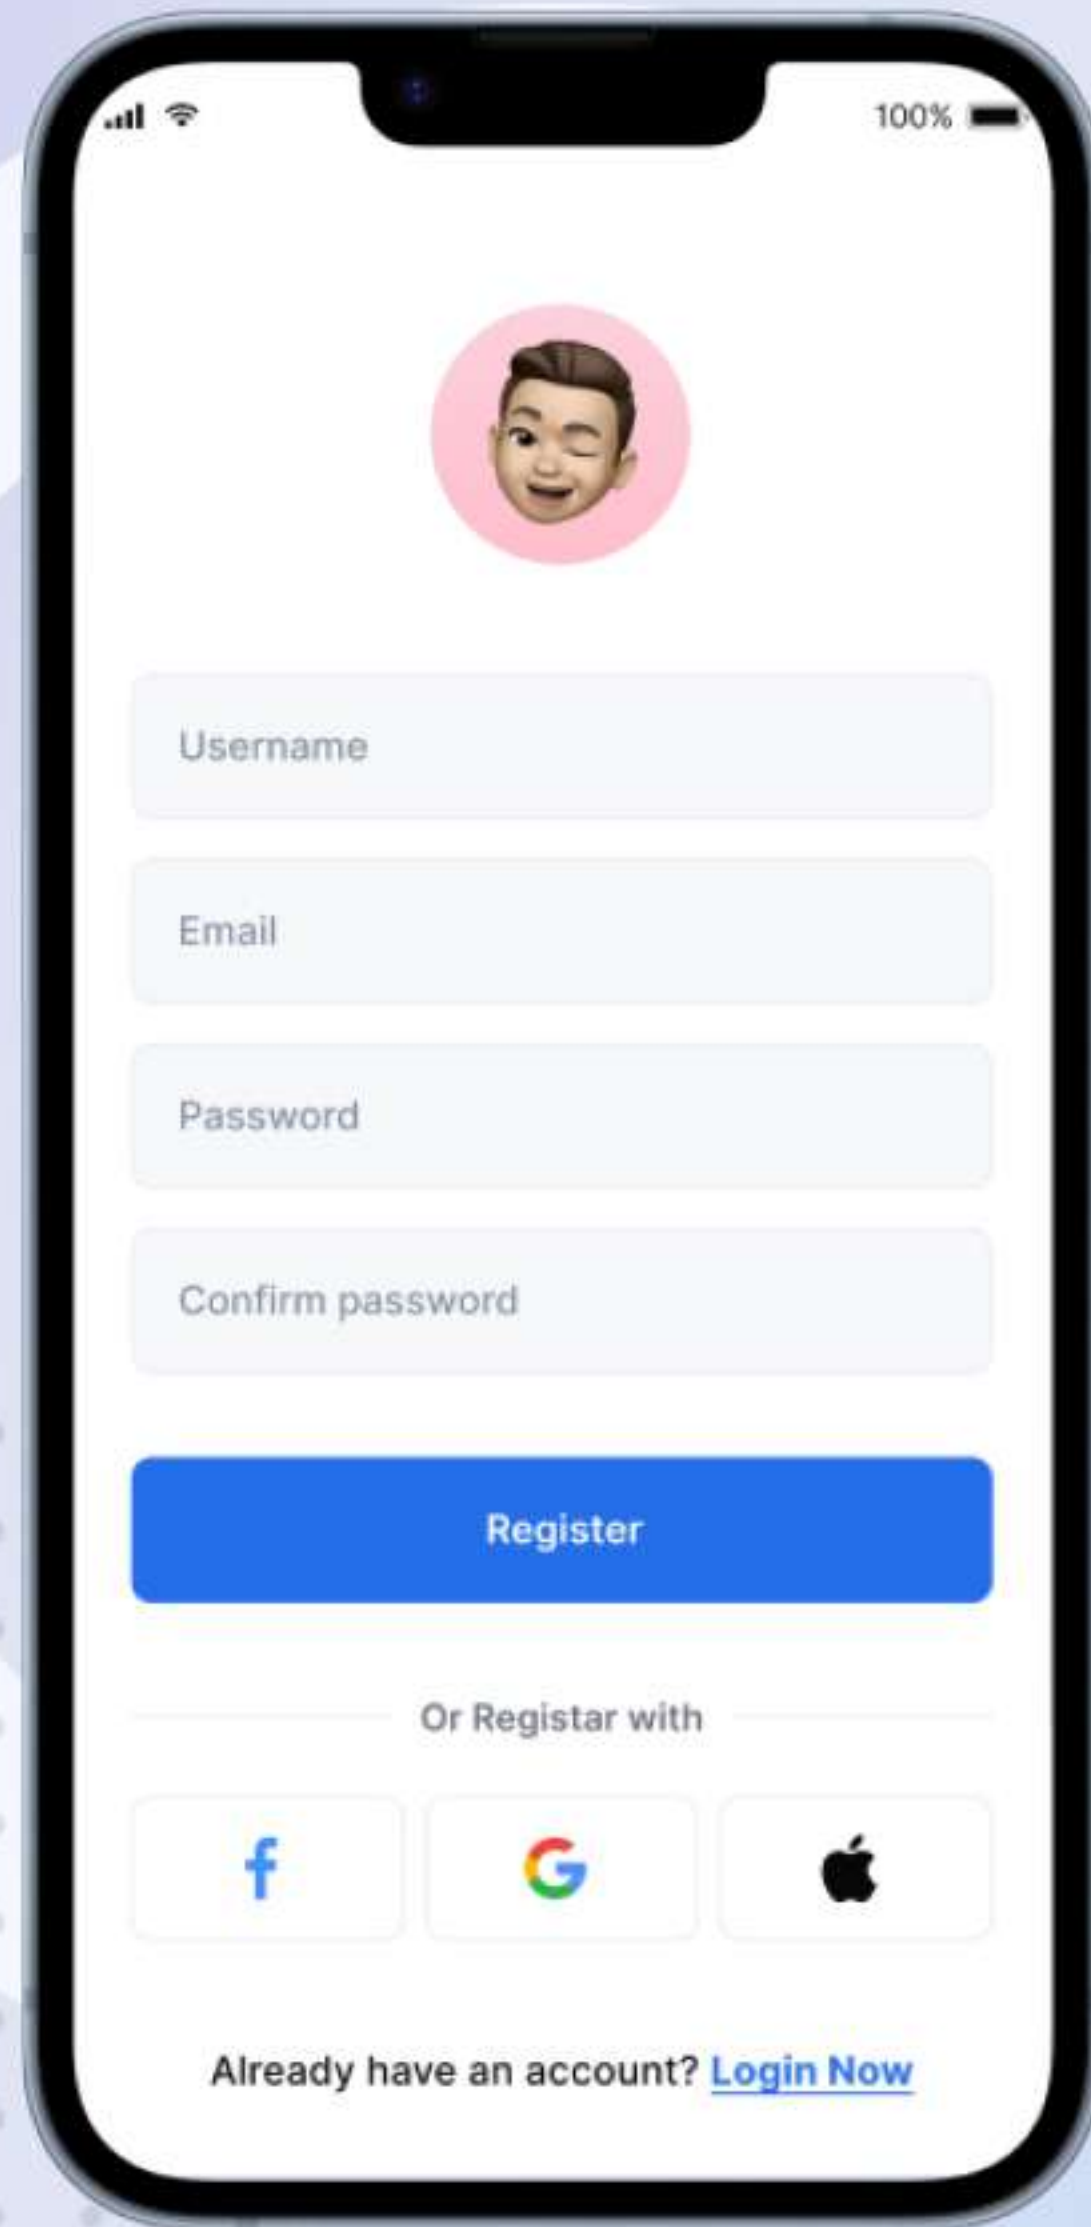

# Insurance Policy App

Insurance companies handle hundreds of millions of policies. 78% of customers expect omni-channel support. Digital policy documents provide easy access anytime, reducing paperwork and enabling convenient self-service through the app.

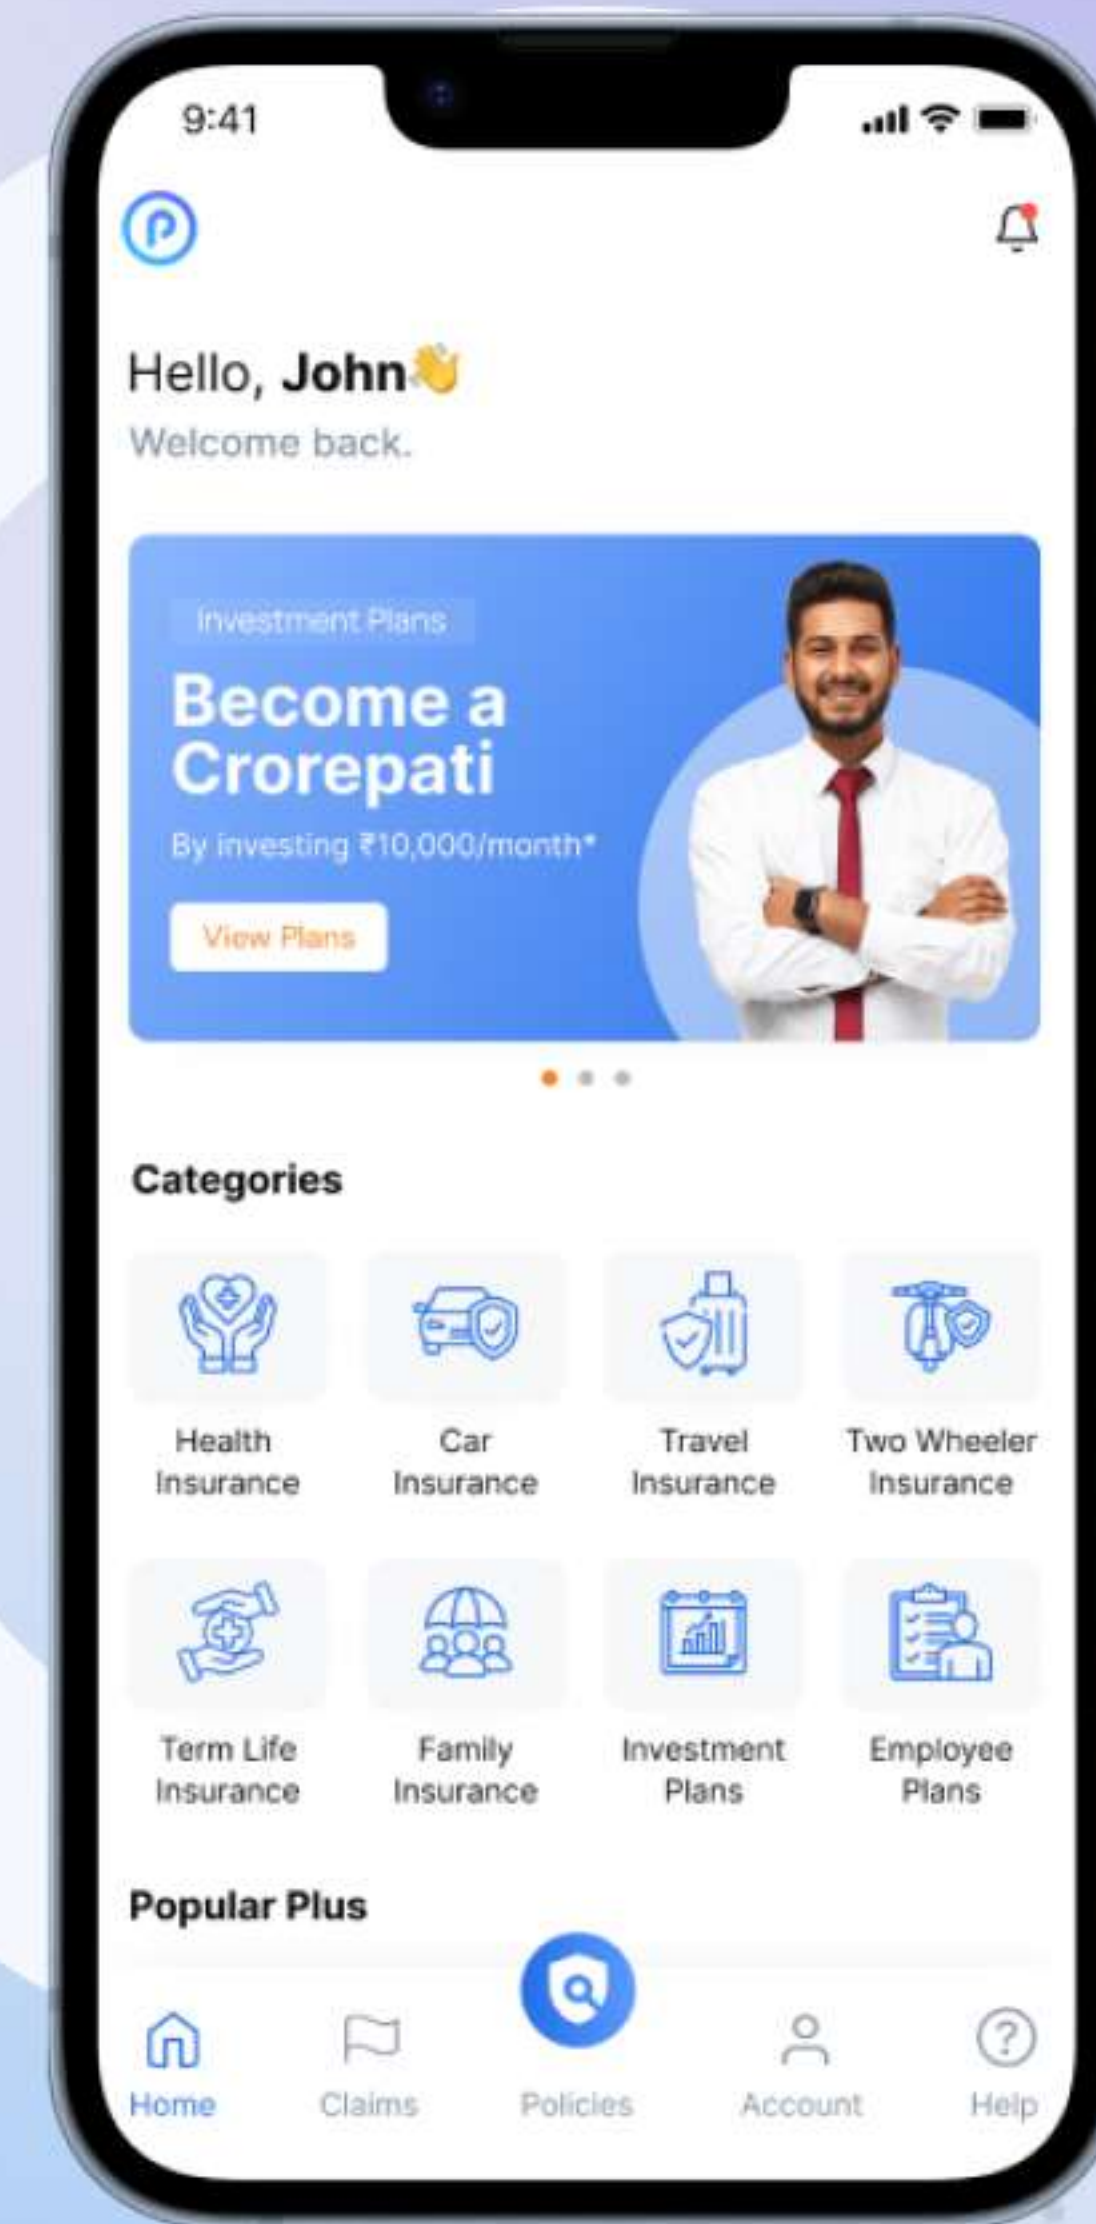

# Features

- ✓ User Profiles
- ✓ Policy Management
- ✓ Notifications
- ✓ Document Storage
- ✓ Customer Support
- ✓ Virtual Insurance Cards
- ✓ Secure payment

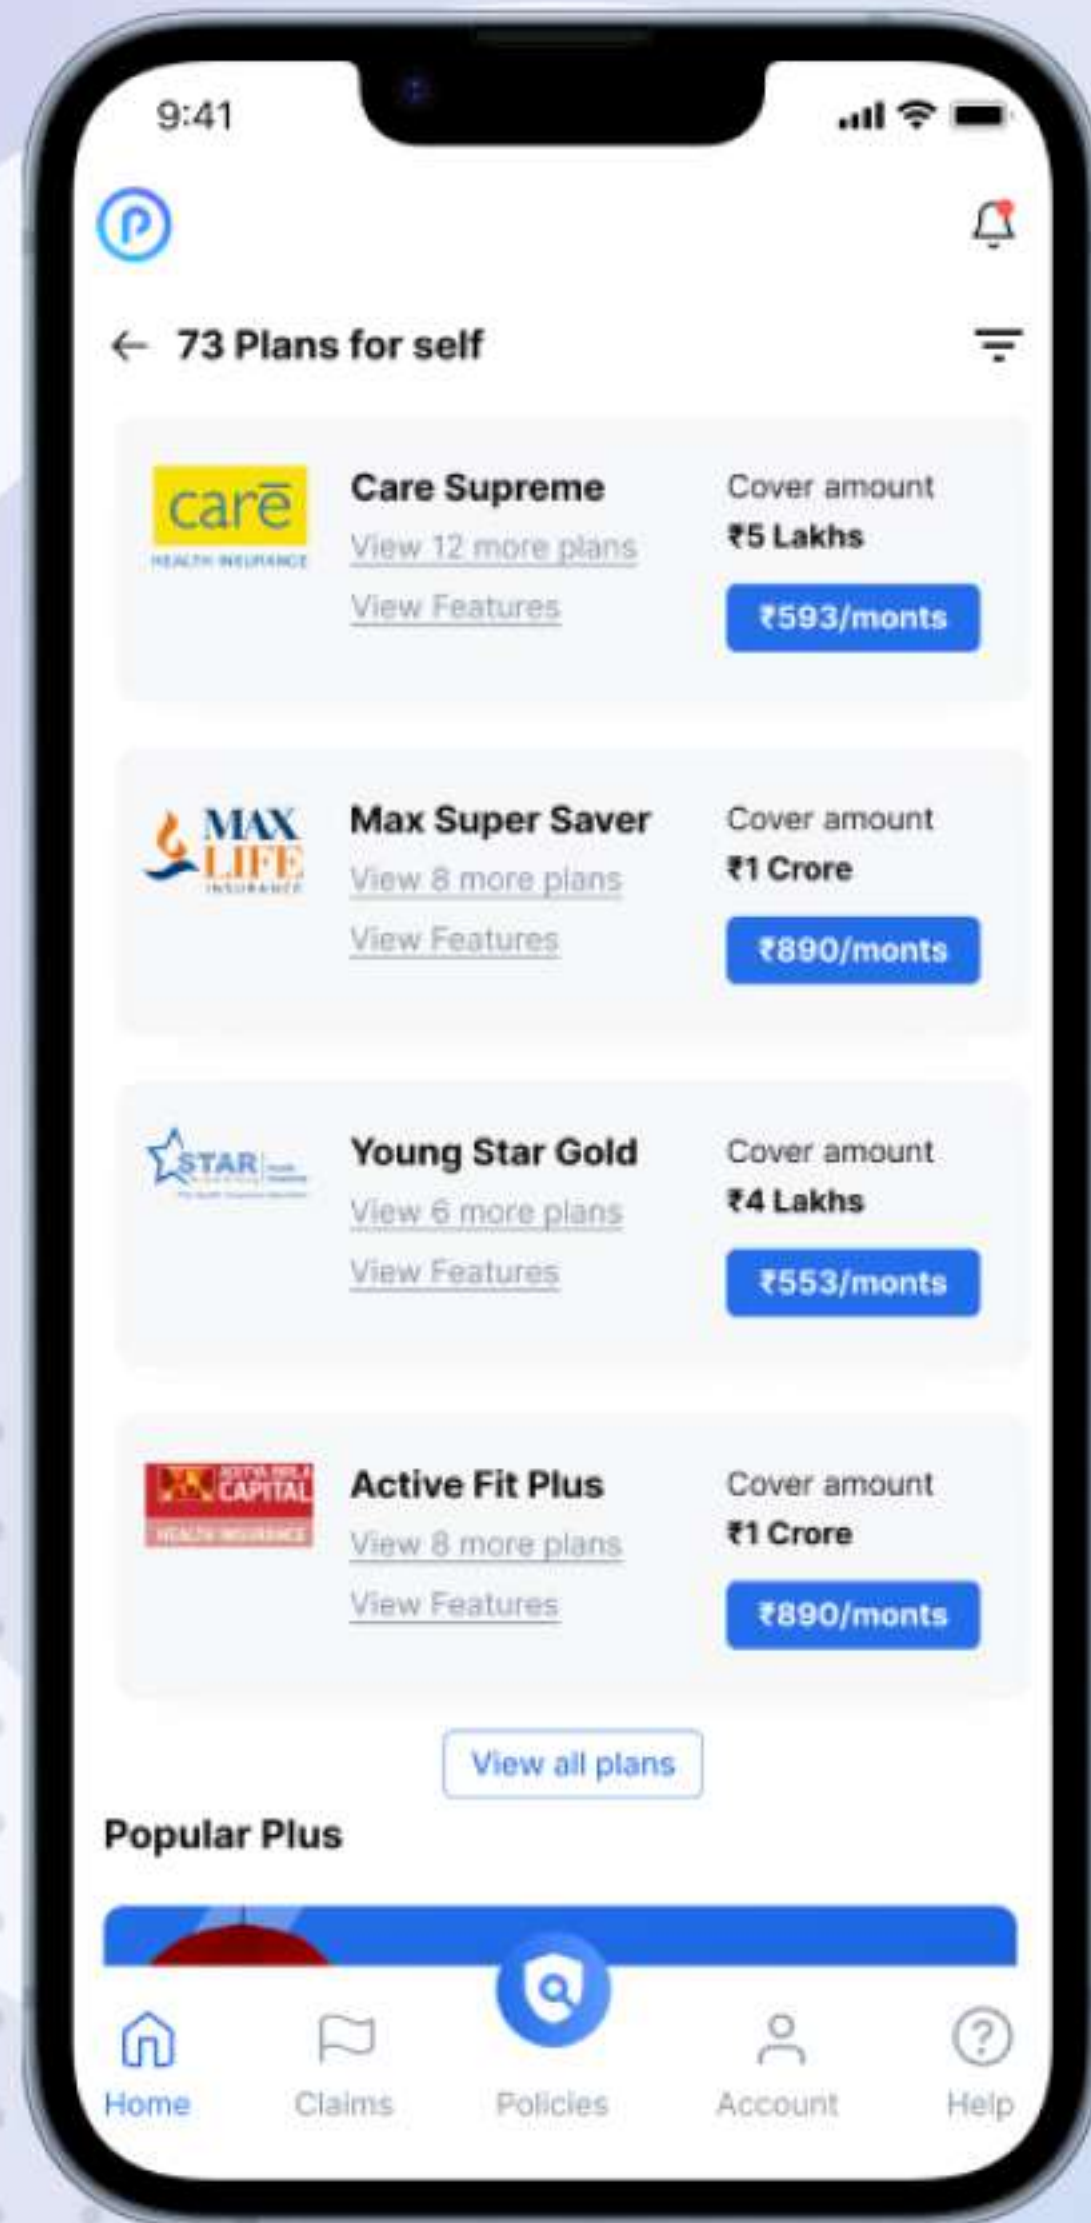

# Challenges

- ✓ Providing seamless insurance policy management via mobile
- ✓ Securely storing sensitive user documents and data
- ✓ Meeting customer expectations for real-time updates
- ✓ Improving and expediting claims handling

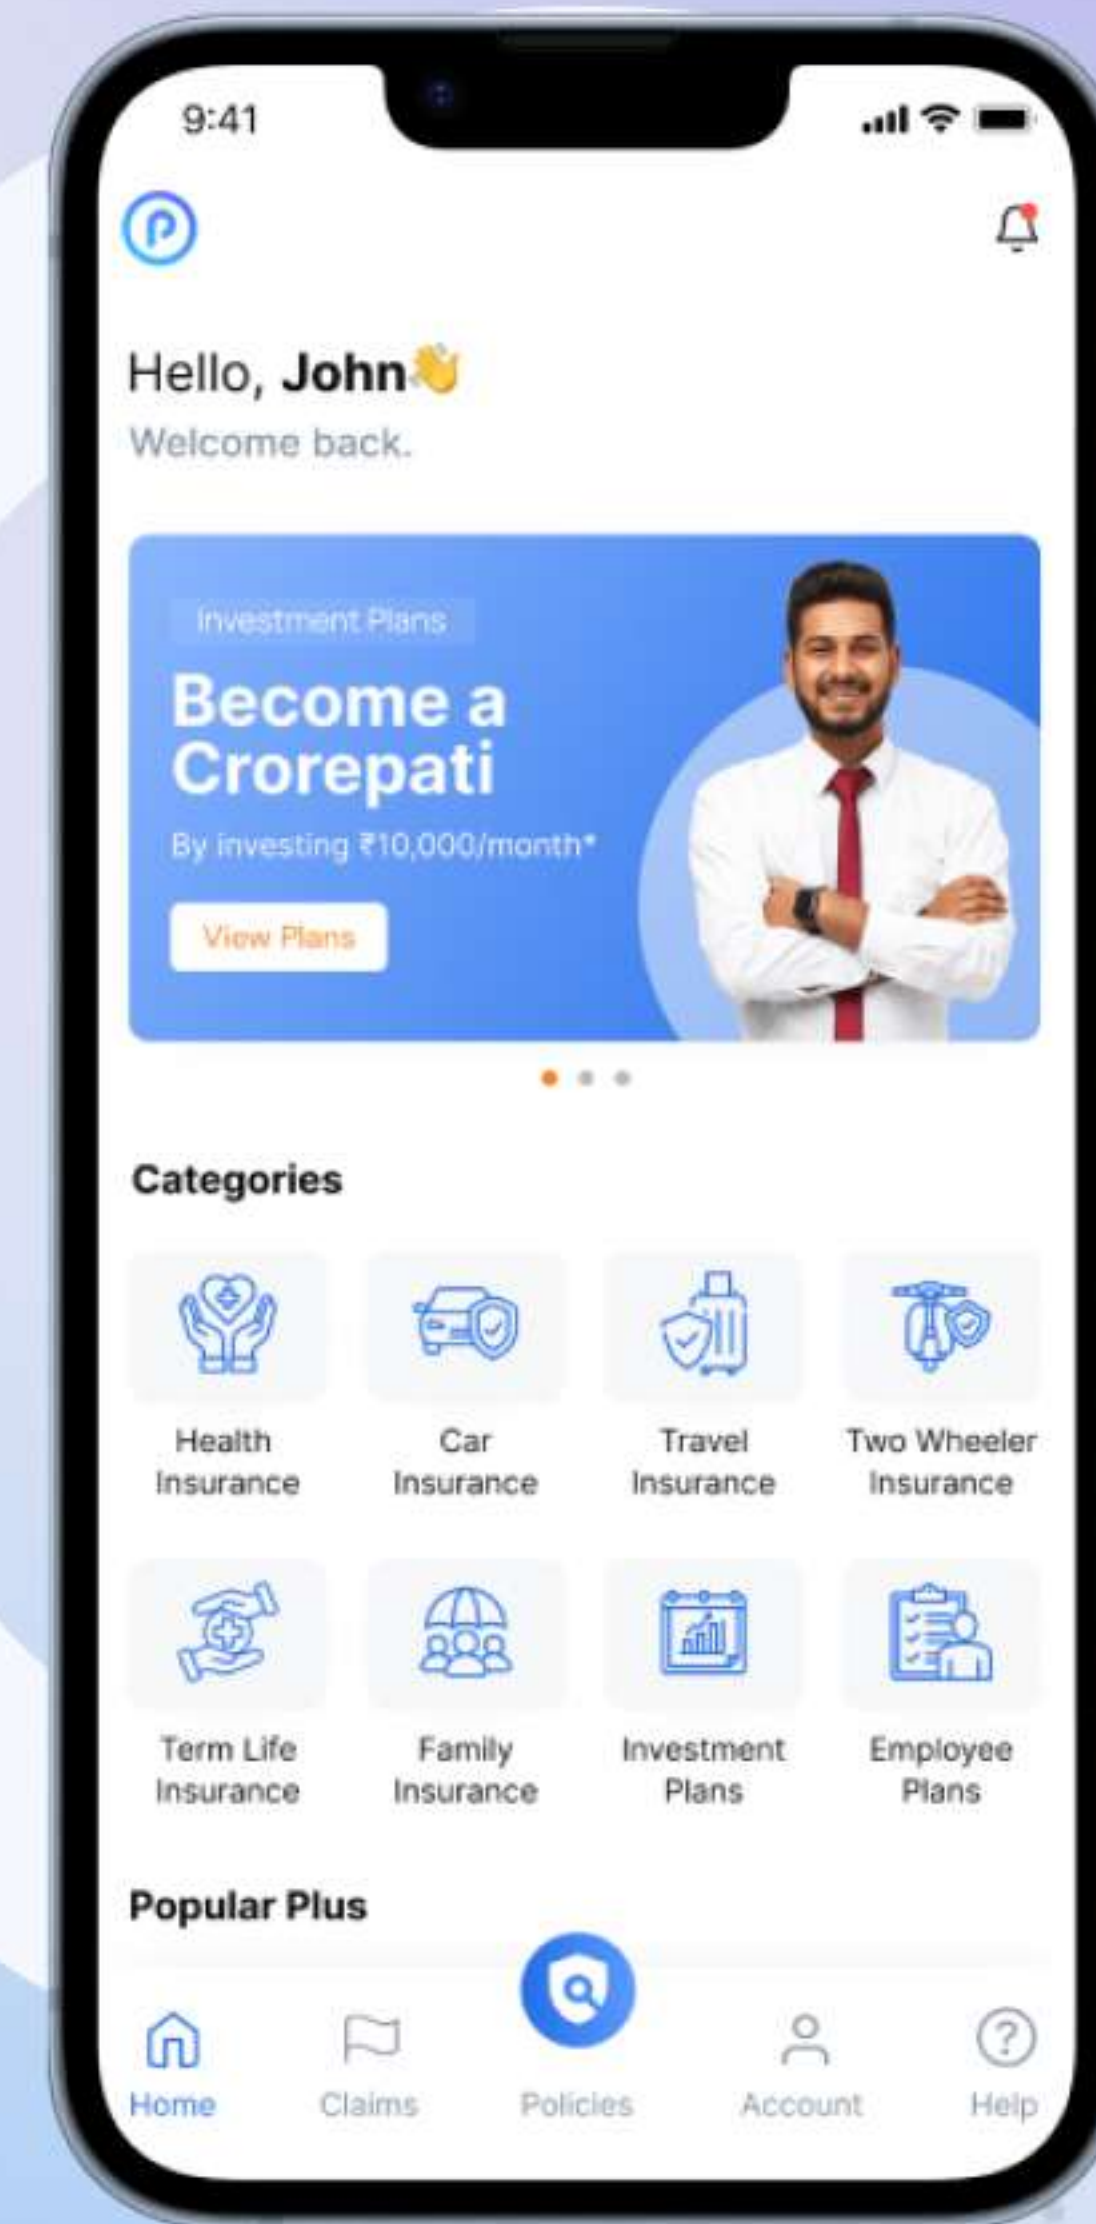

# Solutions

- ✓ Develop user-friendly native apps for iOS and Android
- ✓ Utilize AWS cloud security, machine learning capabilities
- ✓ Enable automated notifications and approvals where applicable
- ✓ Implement AI chatbot for instant assistance

# Impact

- ✓ Users can access and manage their insurance policies anytime, anywhere.
- ✓ Provides clear visibility into policy details, coverage, and premiums.
- ✓ Enables users to file claims quickly through the app, reducing turnaround time.
- ✓ Encourages proactive policy management with personalized alerts and notifications.
- ✓ Reduces administrative overhead for insurance companies by promoting self-service options.

# Interactive Event Platform

- XYZ Company created an interactive virtual event platform to host conferences, tradeshows, and other hosted events online.
- The goal was to provide an immersive digital venue with robust engagement features and analytics. A scalable and flexible platform was needed to accommodate diverse event formats and use cases.

# Engineering Conference

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout.

SPEAKERS

## Events Speaker

# Features

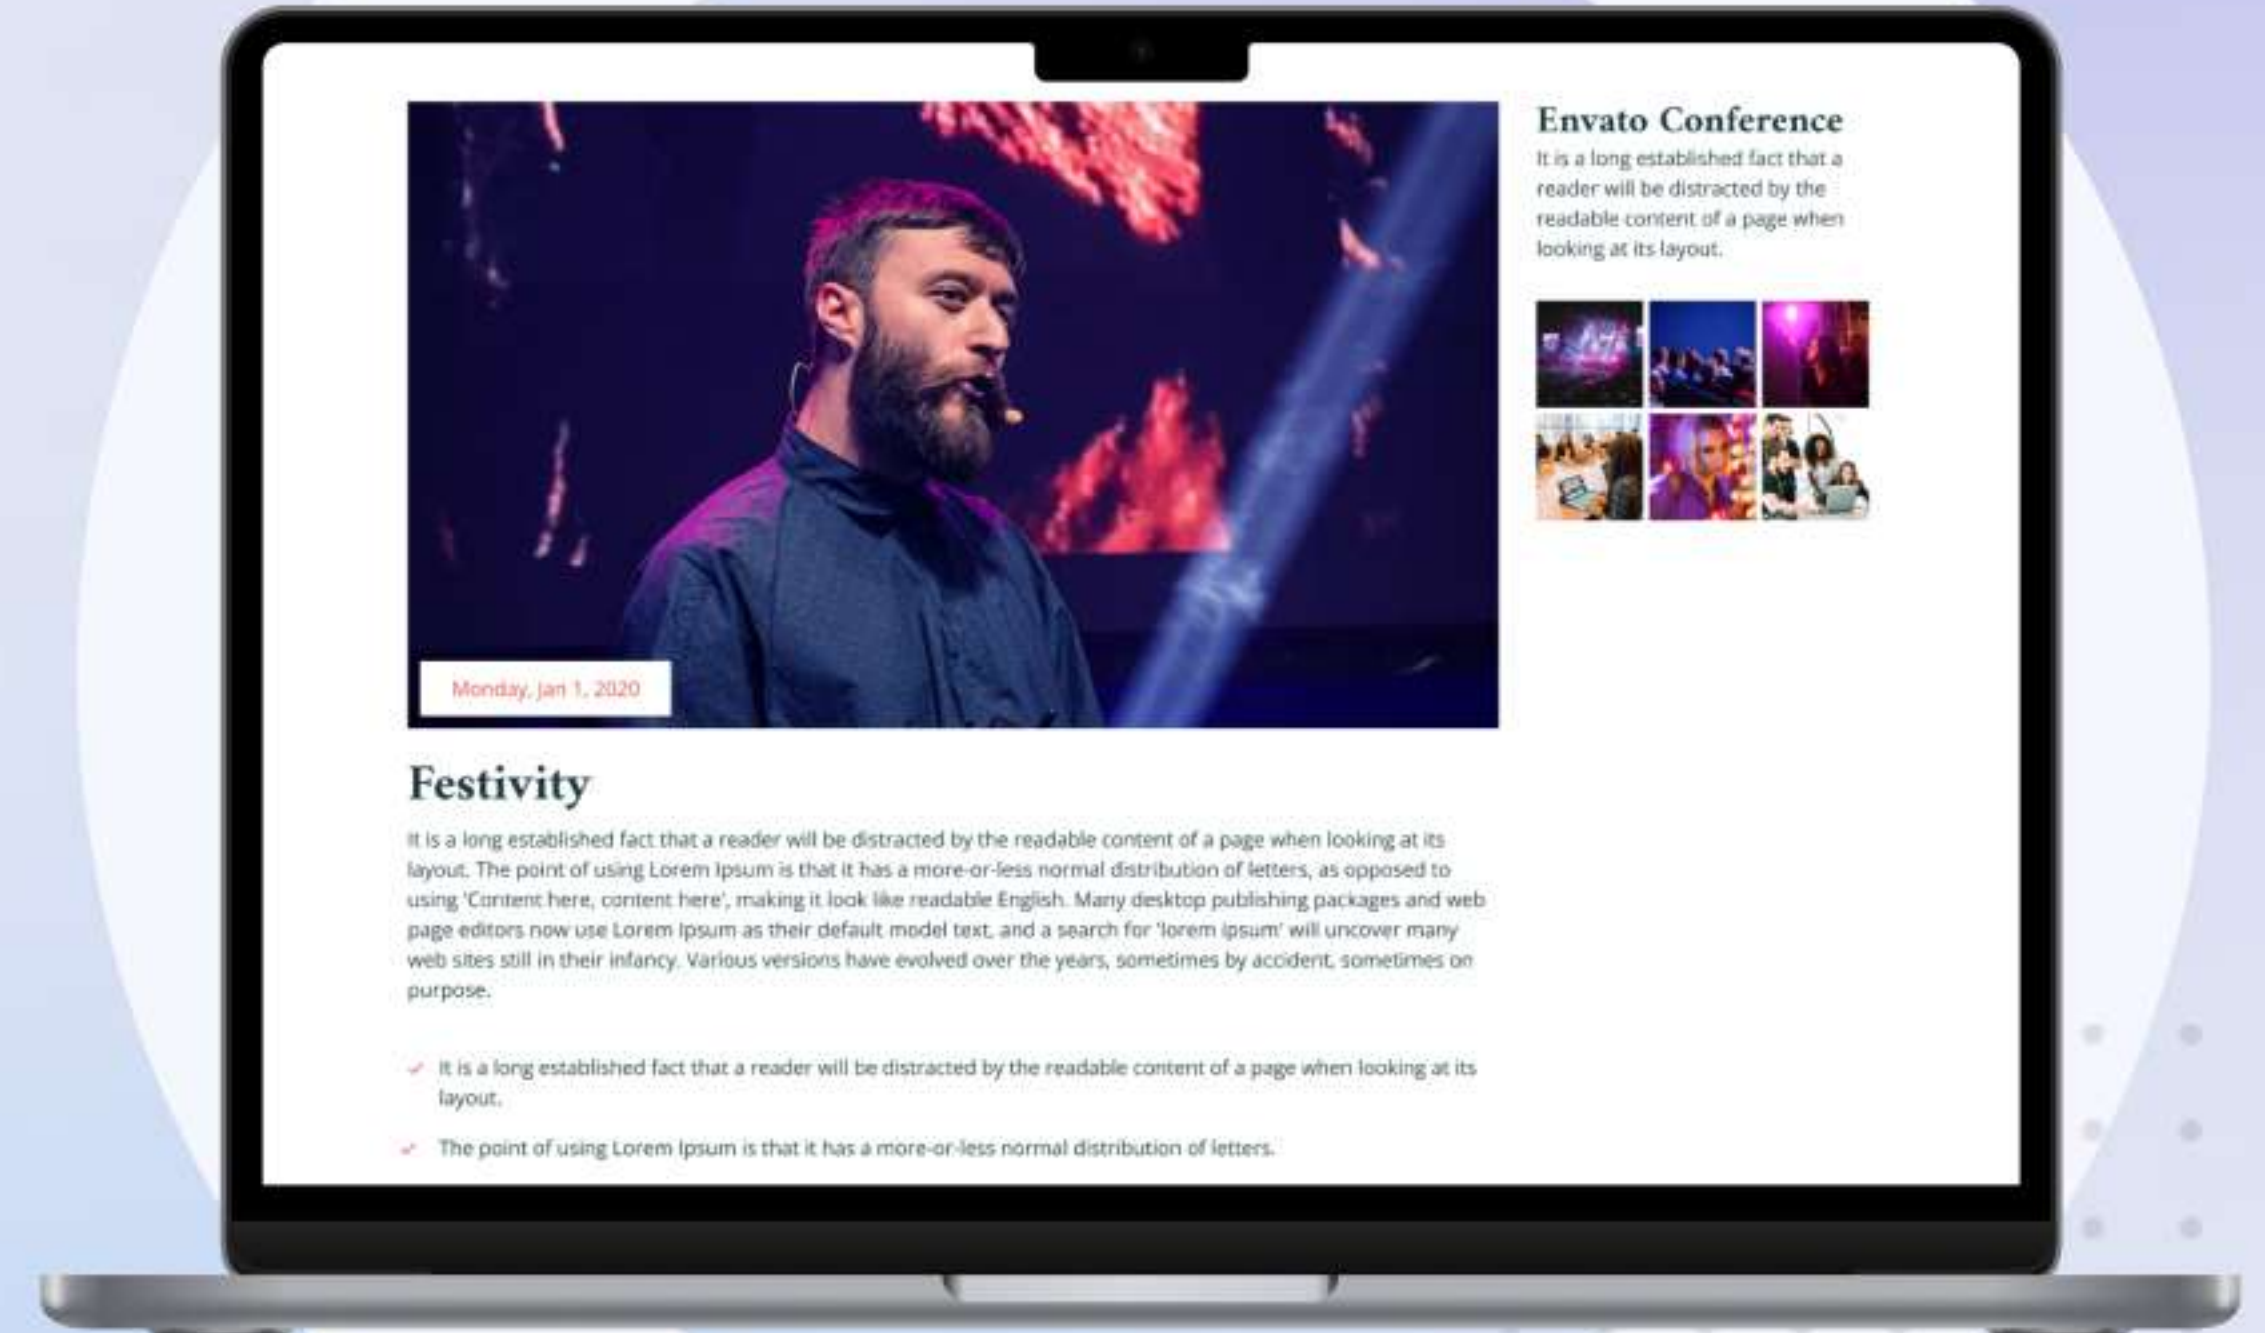

- ✓ Virtual event hosting with video streaming
- ✓ Networking via chat, Q&A, 1-on-1 meetings
- ✓ Gamification with points and leaderboards
- ✓ Integrated sponsorship and expo capability
- ✓ Robust reporting and analytics

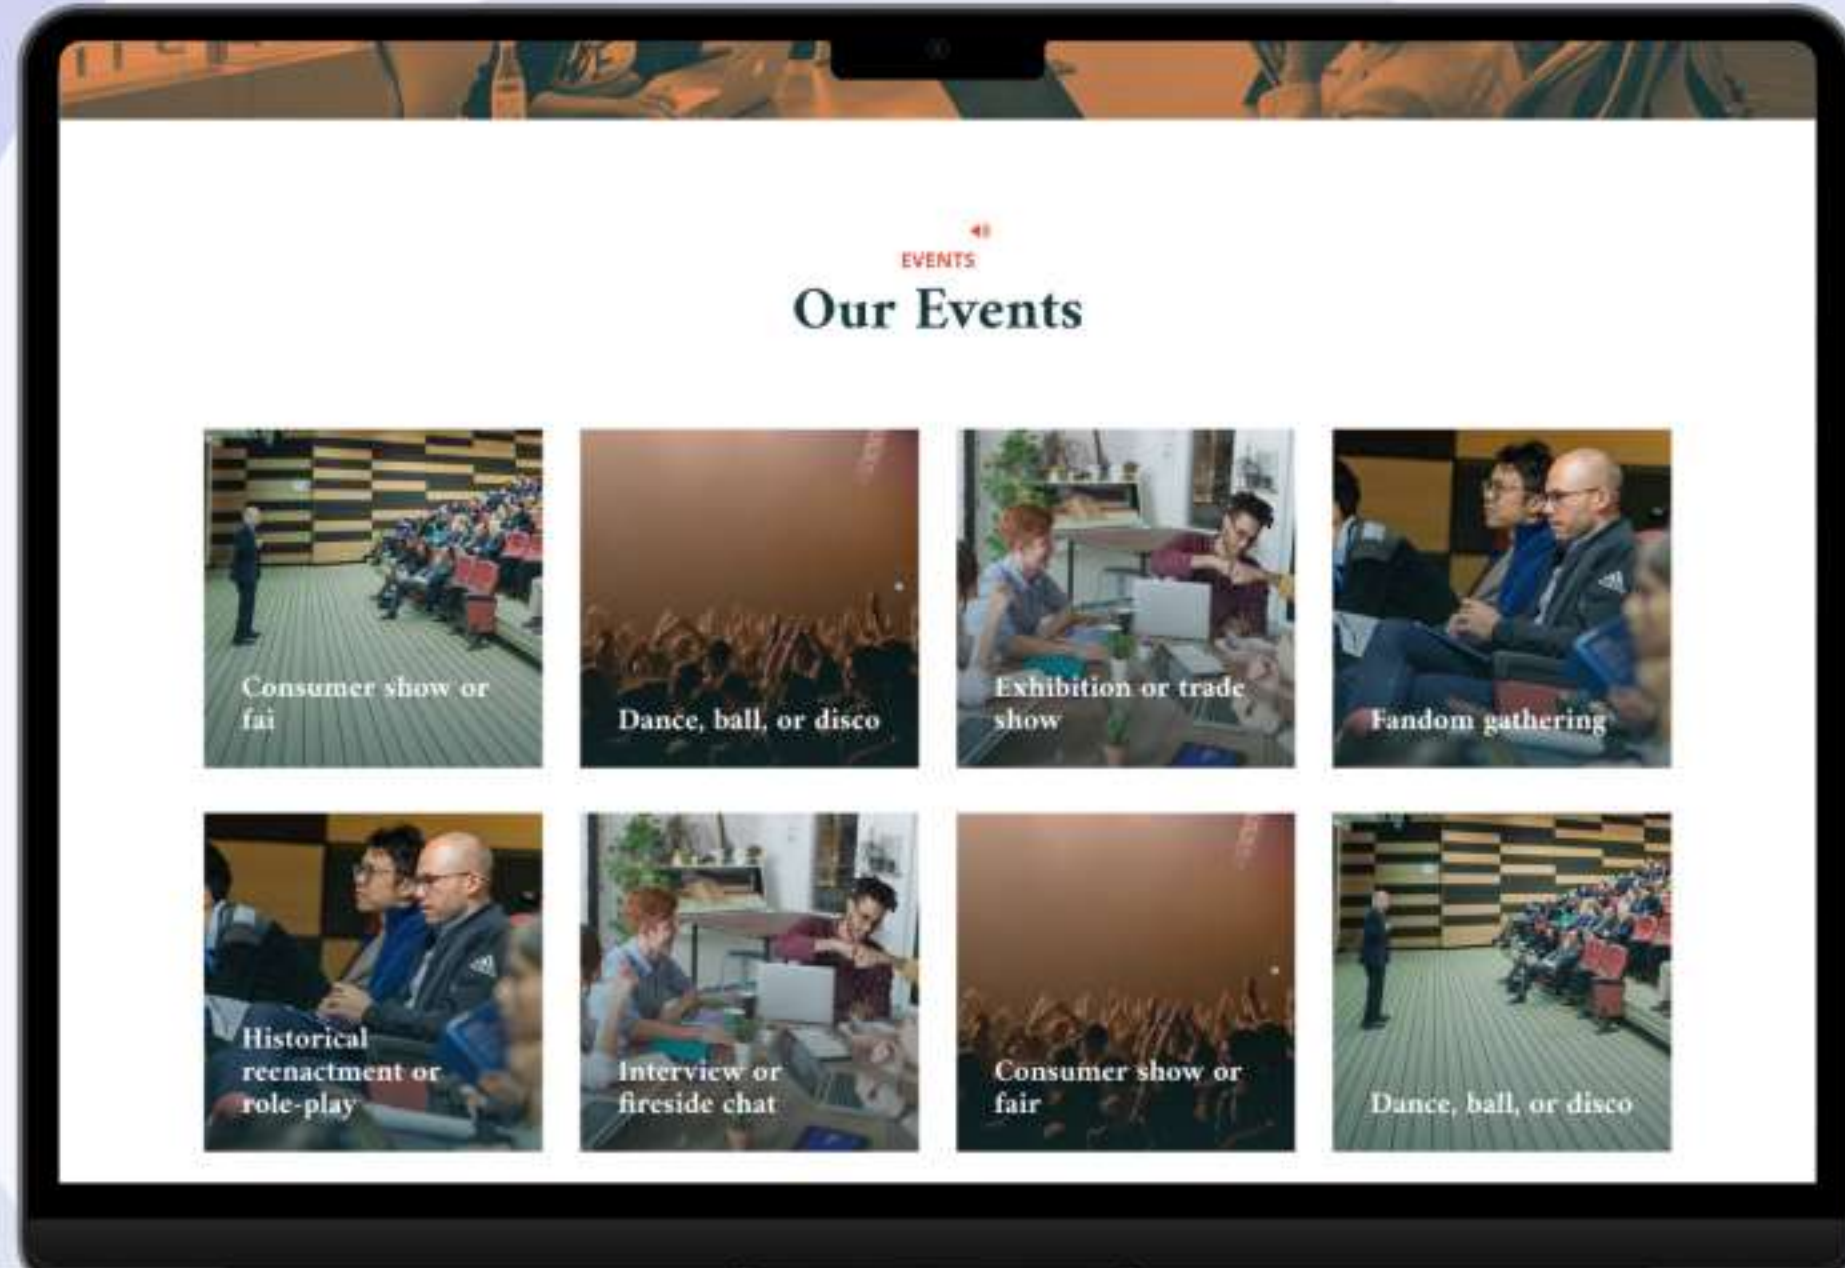

# Challenges

- ✓ Delivering flawless video streaming at scale
- ✓ Building effective personalization algorithms
- ✓ Optimizing post-event engagement
- ✓ Monetizing for free users
- ✓ Quantifying ROI and impact
- ✓ Ensuring accessibility and smooth onboarding

# Solutions

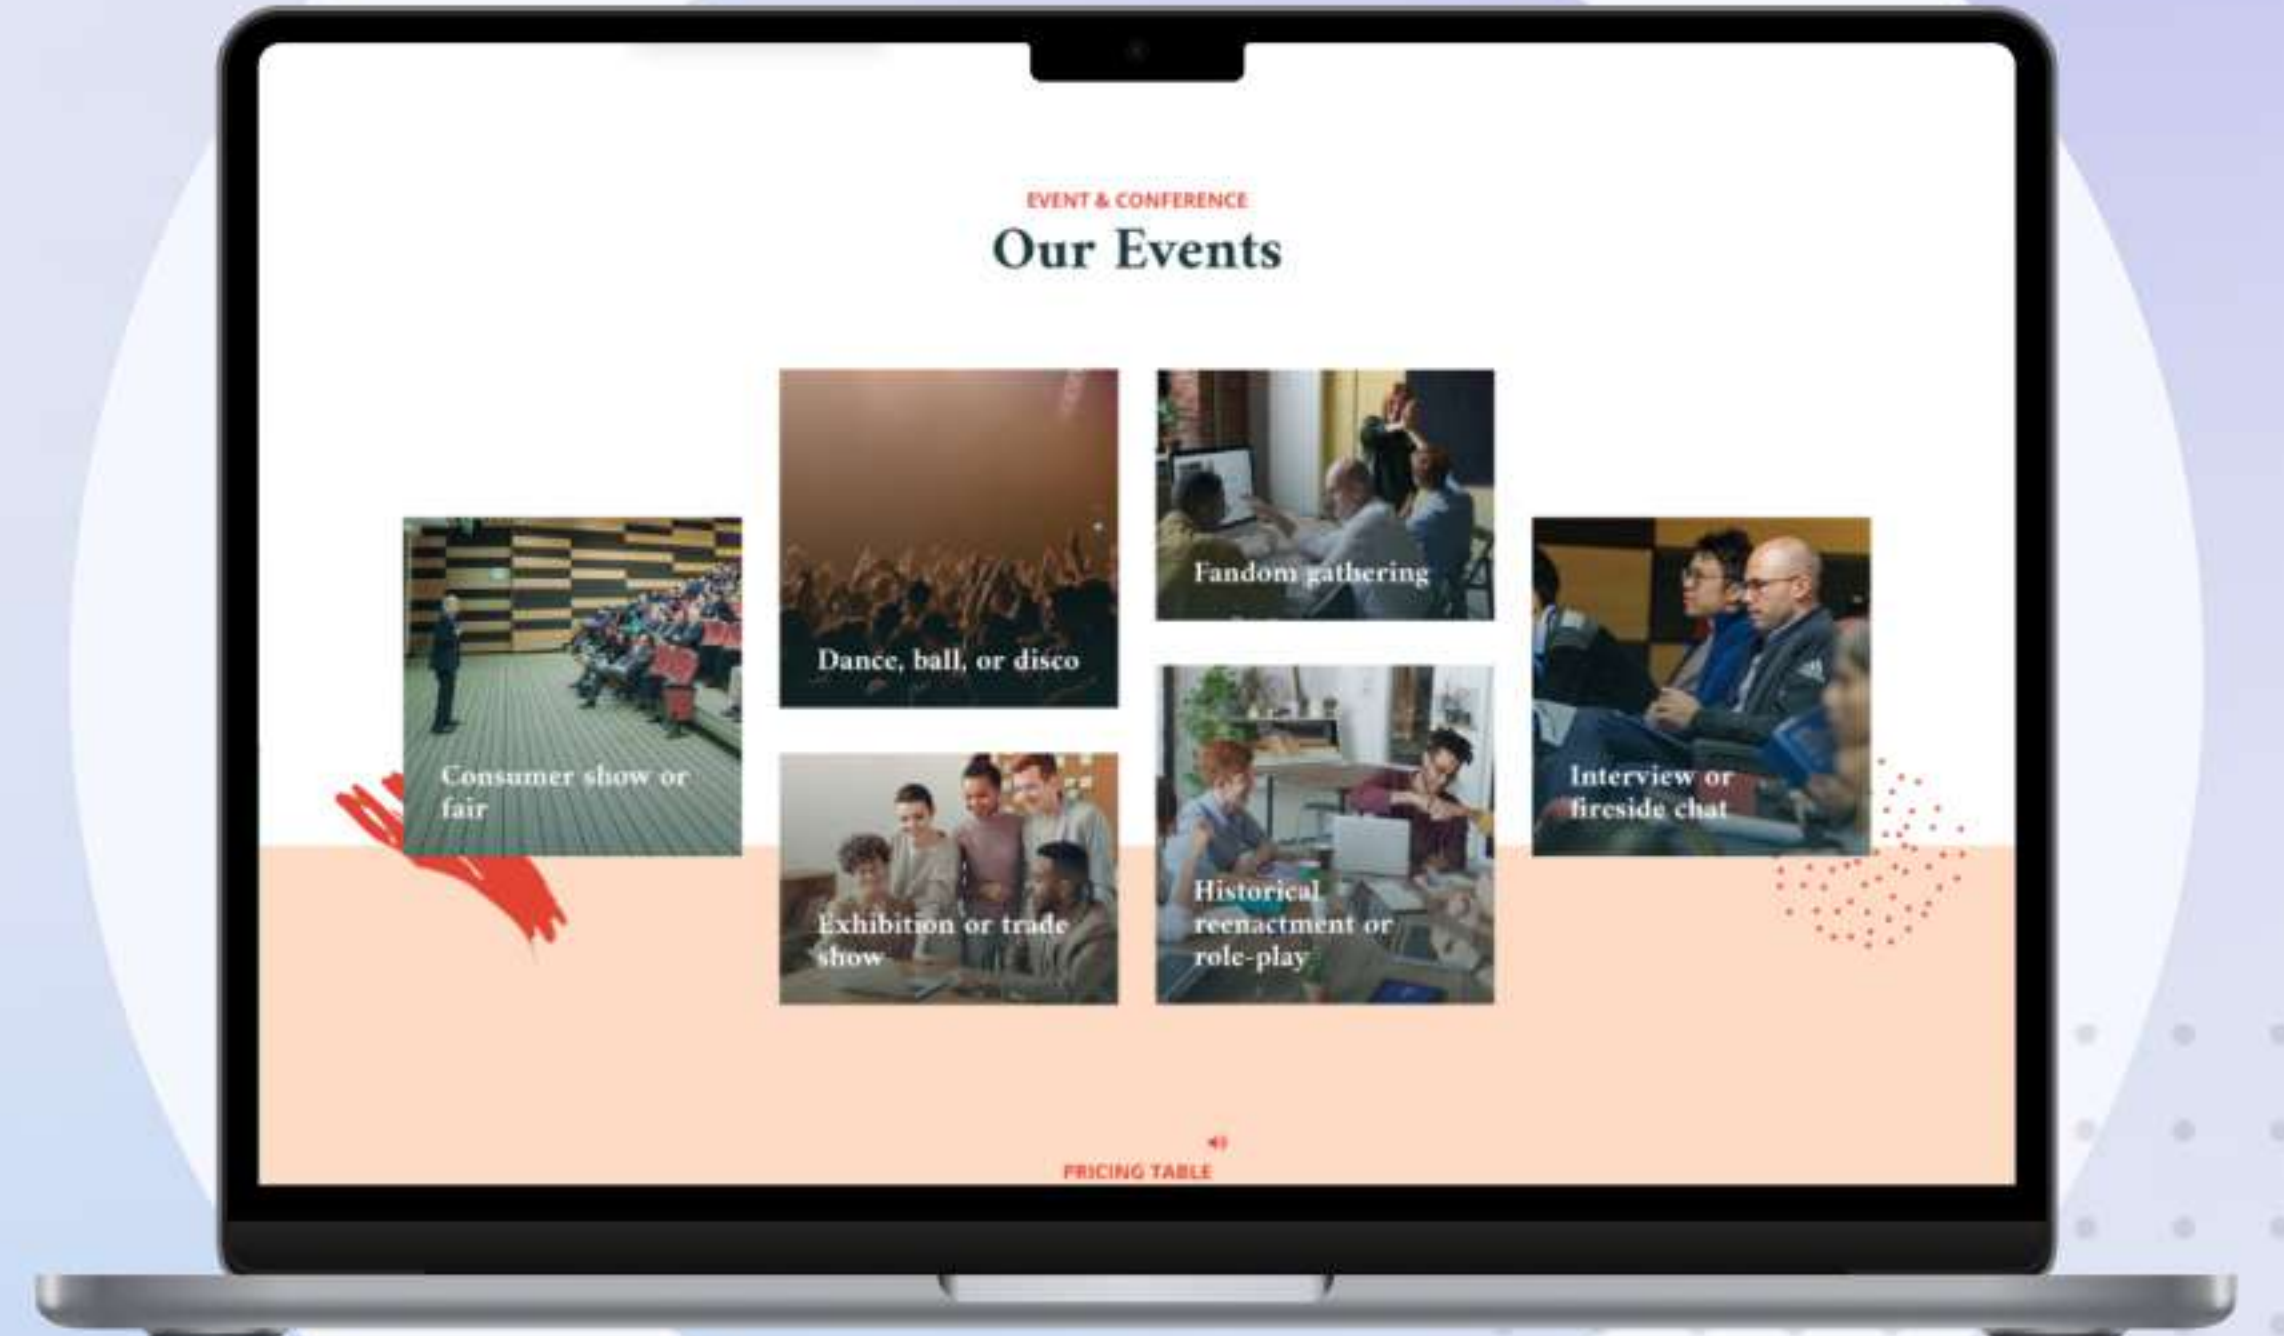

- ✓ Implemented P2P and multi-CDN video delivery architecture
- ✓ Developed targeted recommendations using machine learning
- ✓ Share recordings, photos, summaries post-event
- ✓ Introduced advertising and lead generation
- ✓ Tracked marketing qualified leads and survey data
- ✓ Prioritized accessibility features and tutorial

# Impact

- ✓ Events hosted annually increased 30%
- ✓ Sponsorship revenue up \$500K
- ✓ Registrations doubled year-over-year
- ✓ Average session views per user improved 10%
- ✓ Overall platform NPS score of 90%

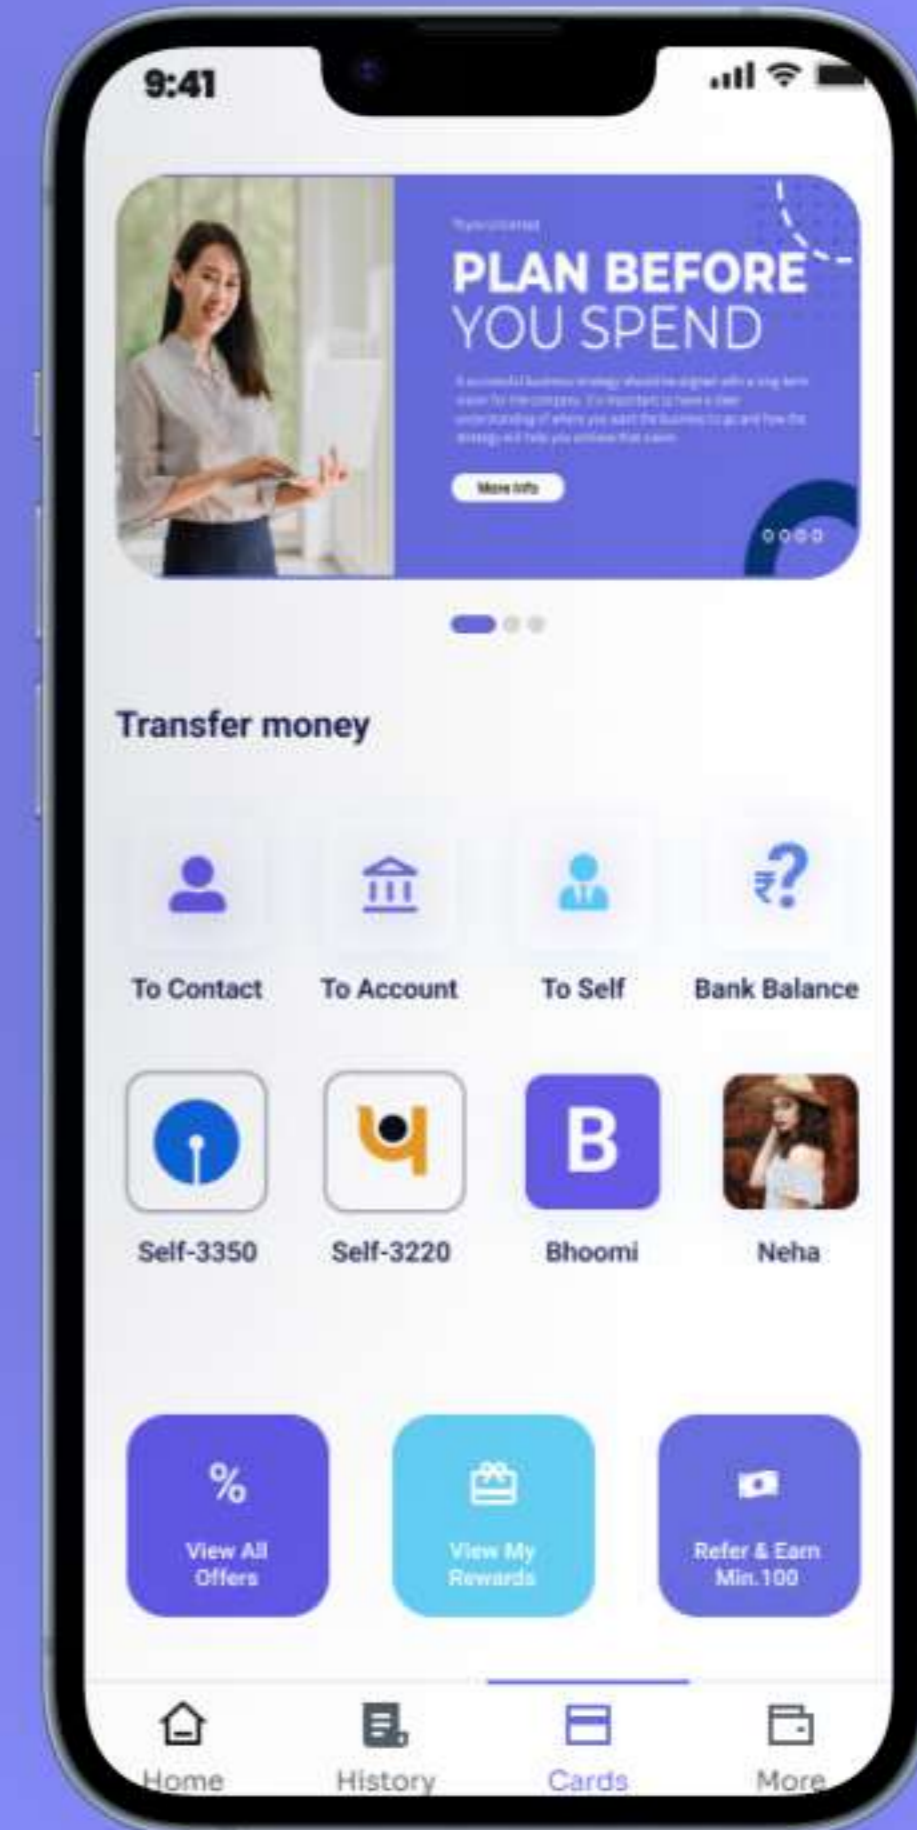

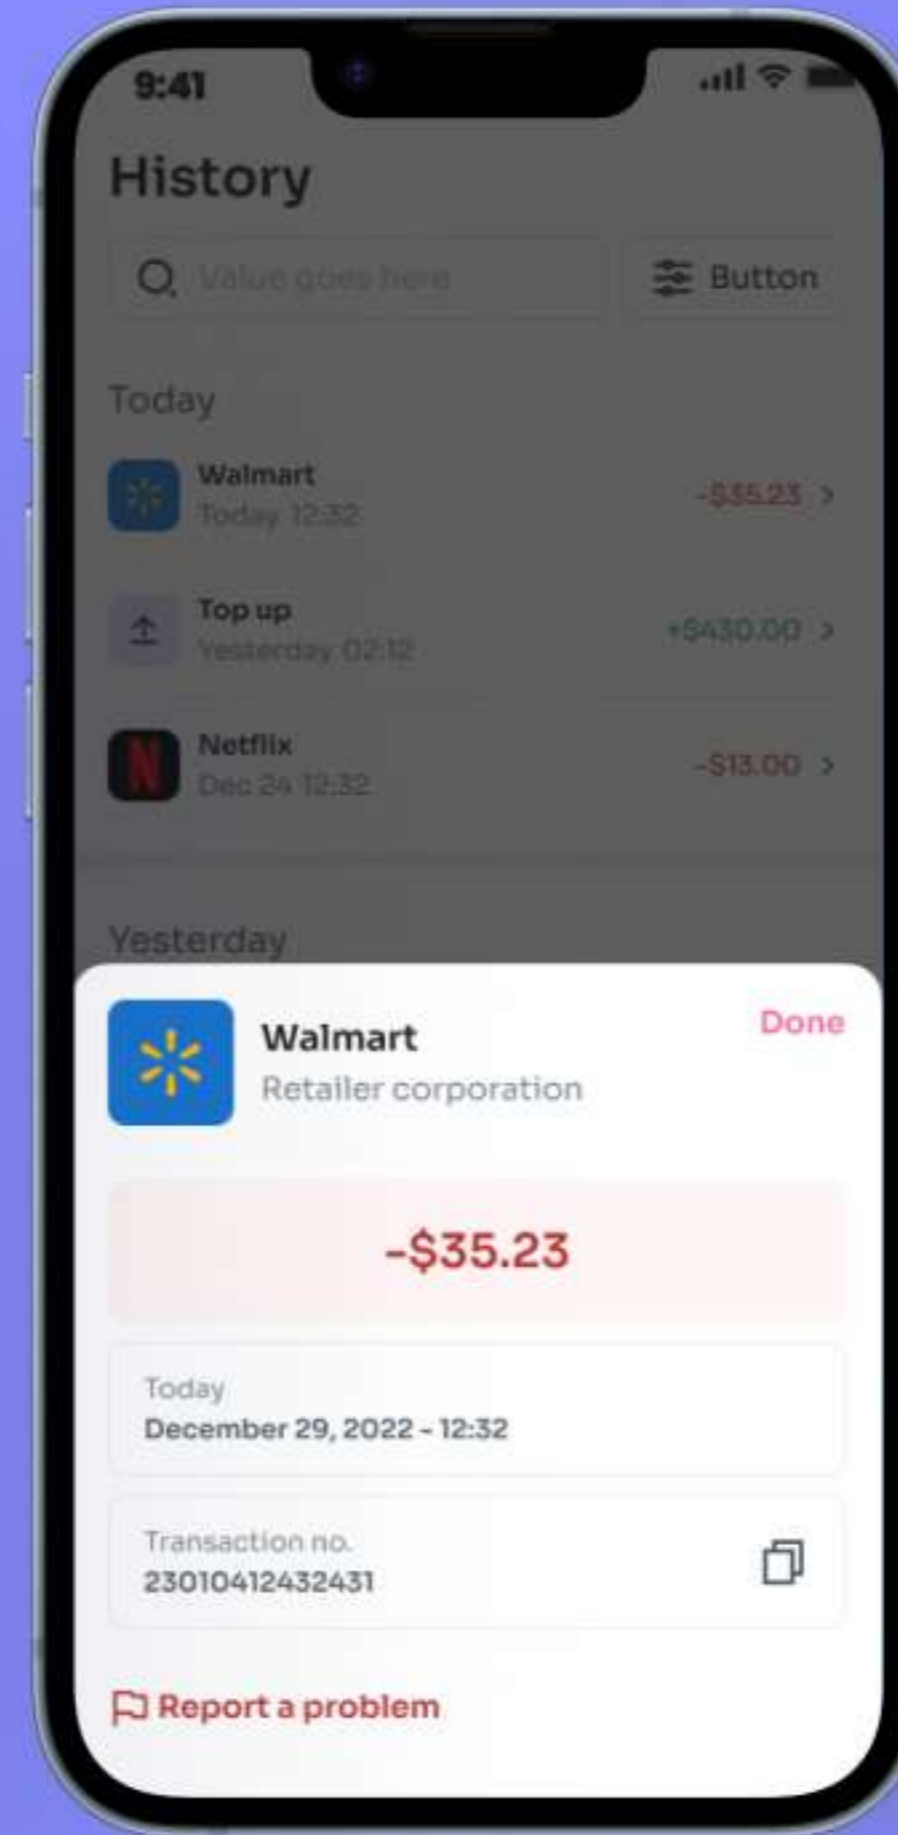

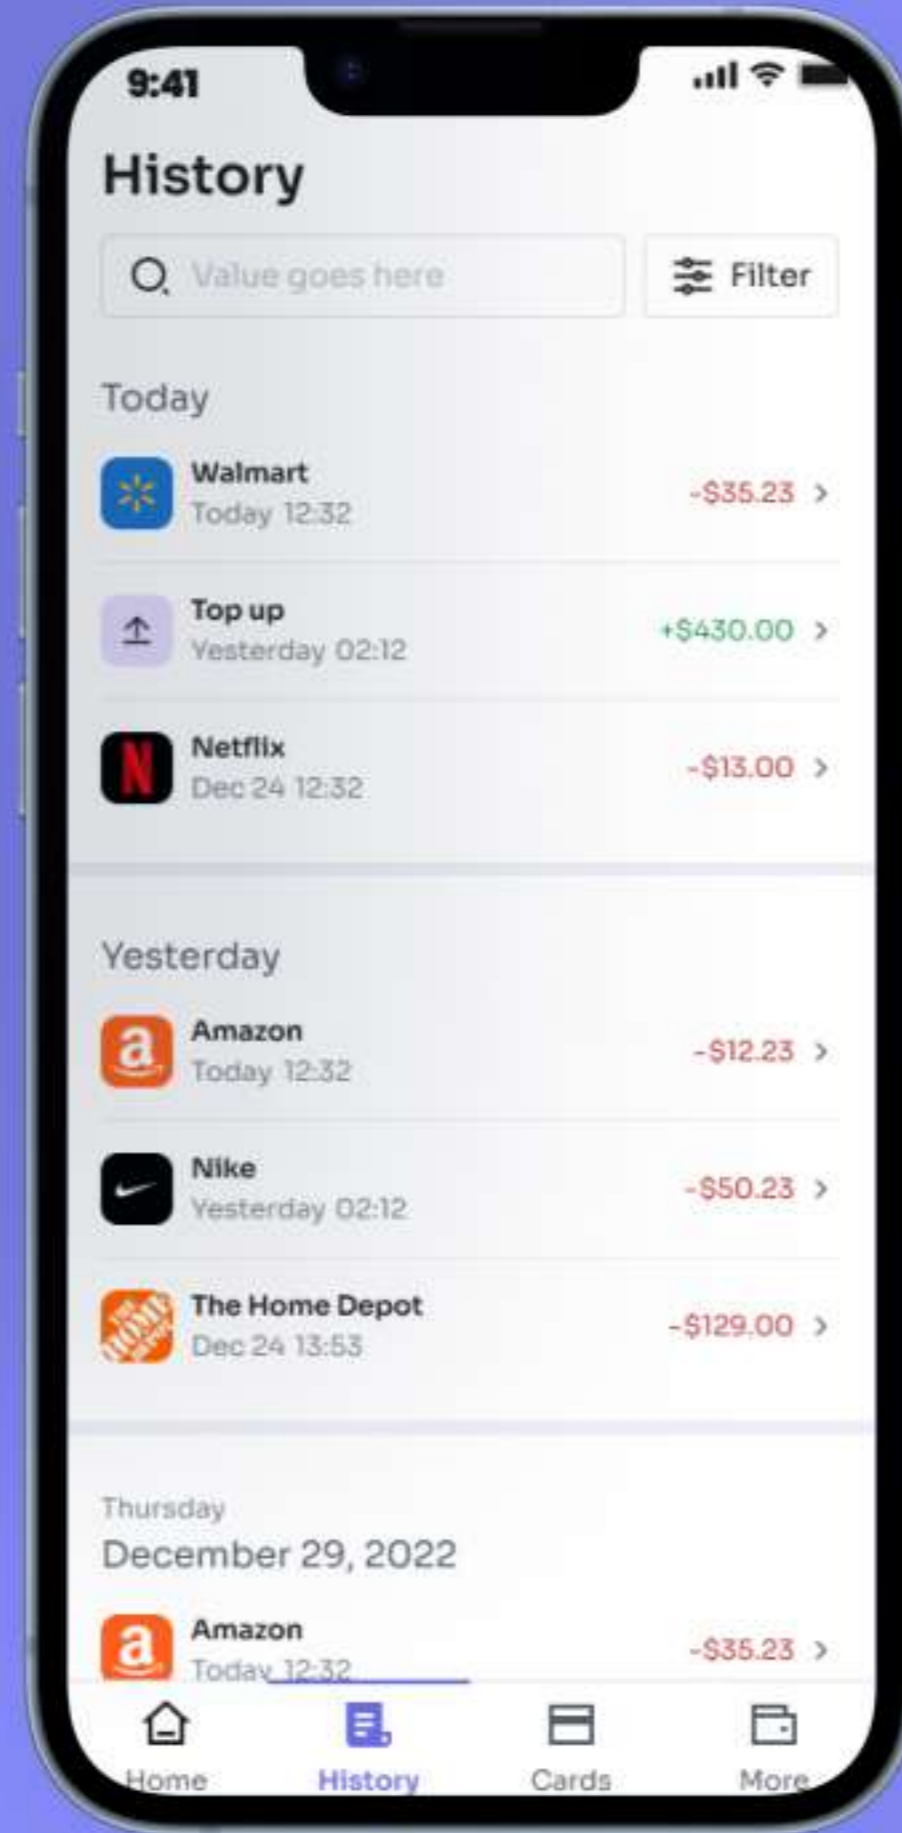

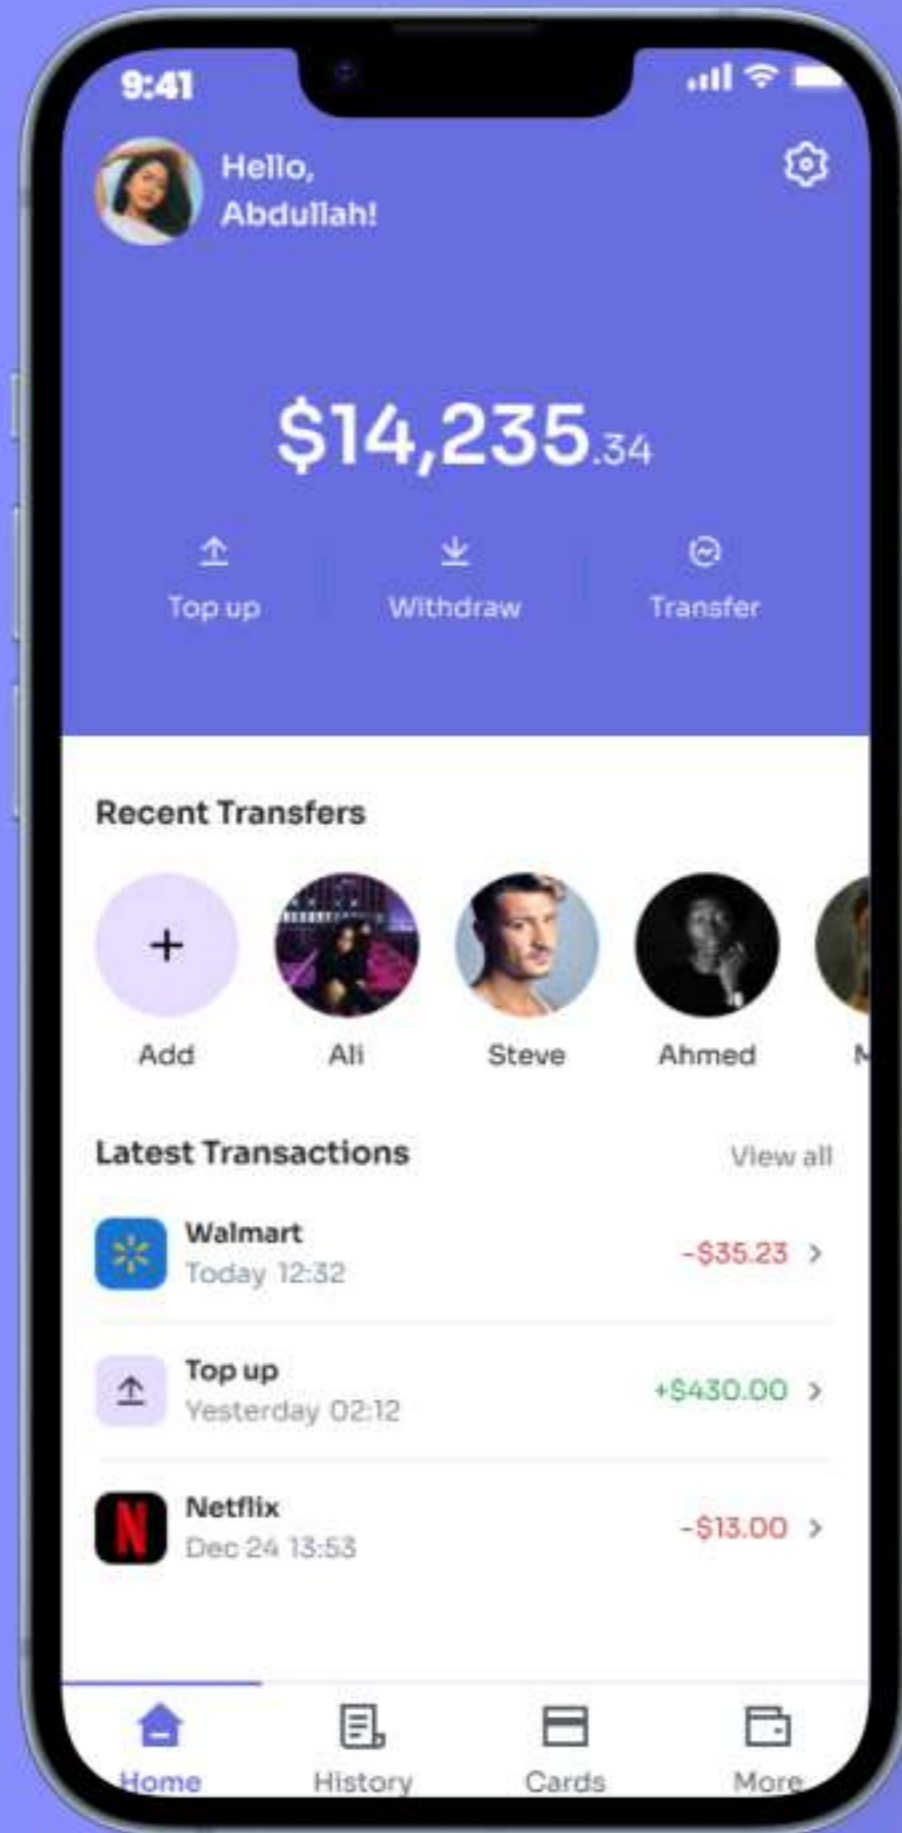

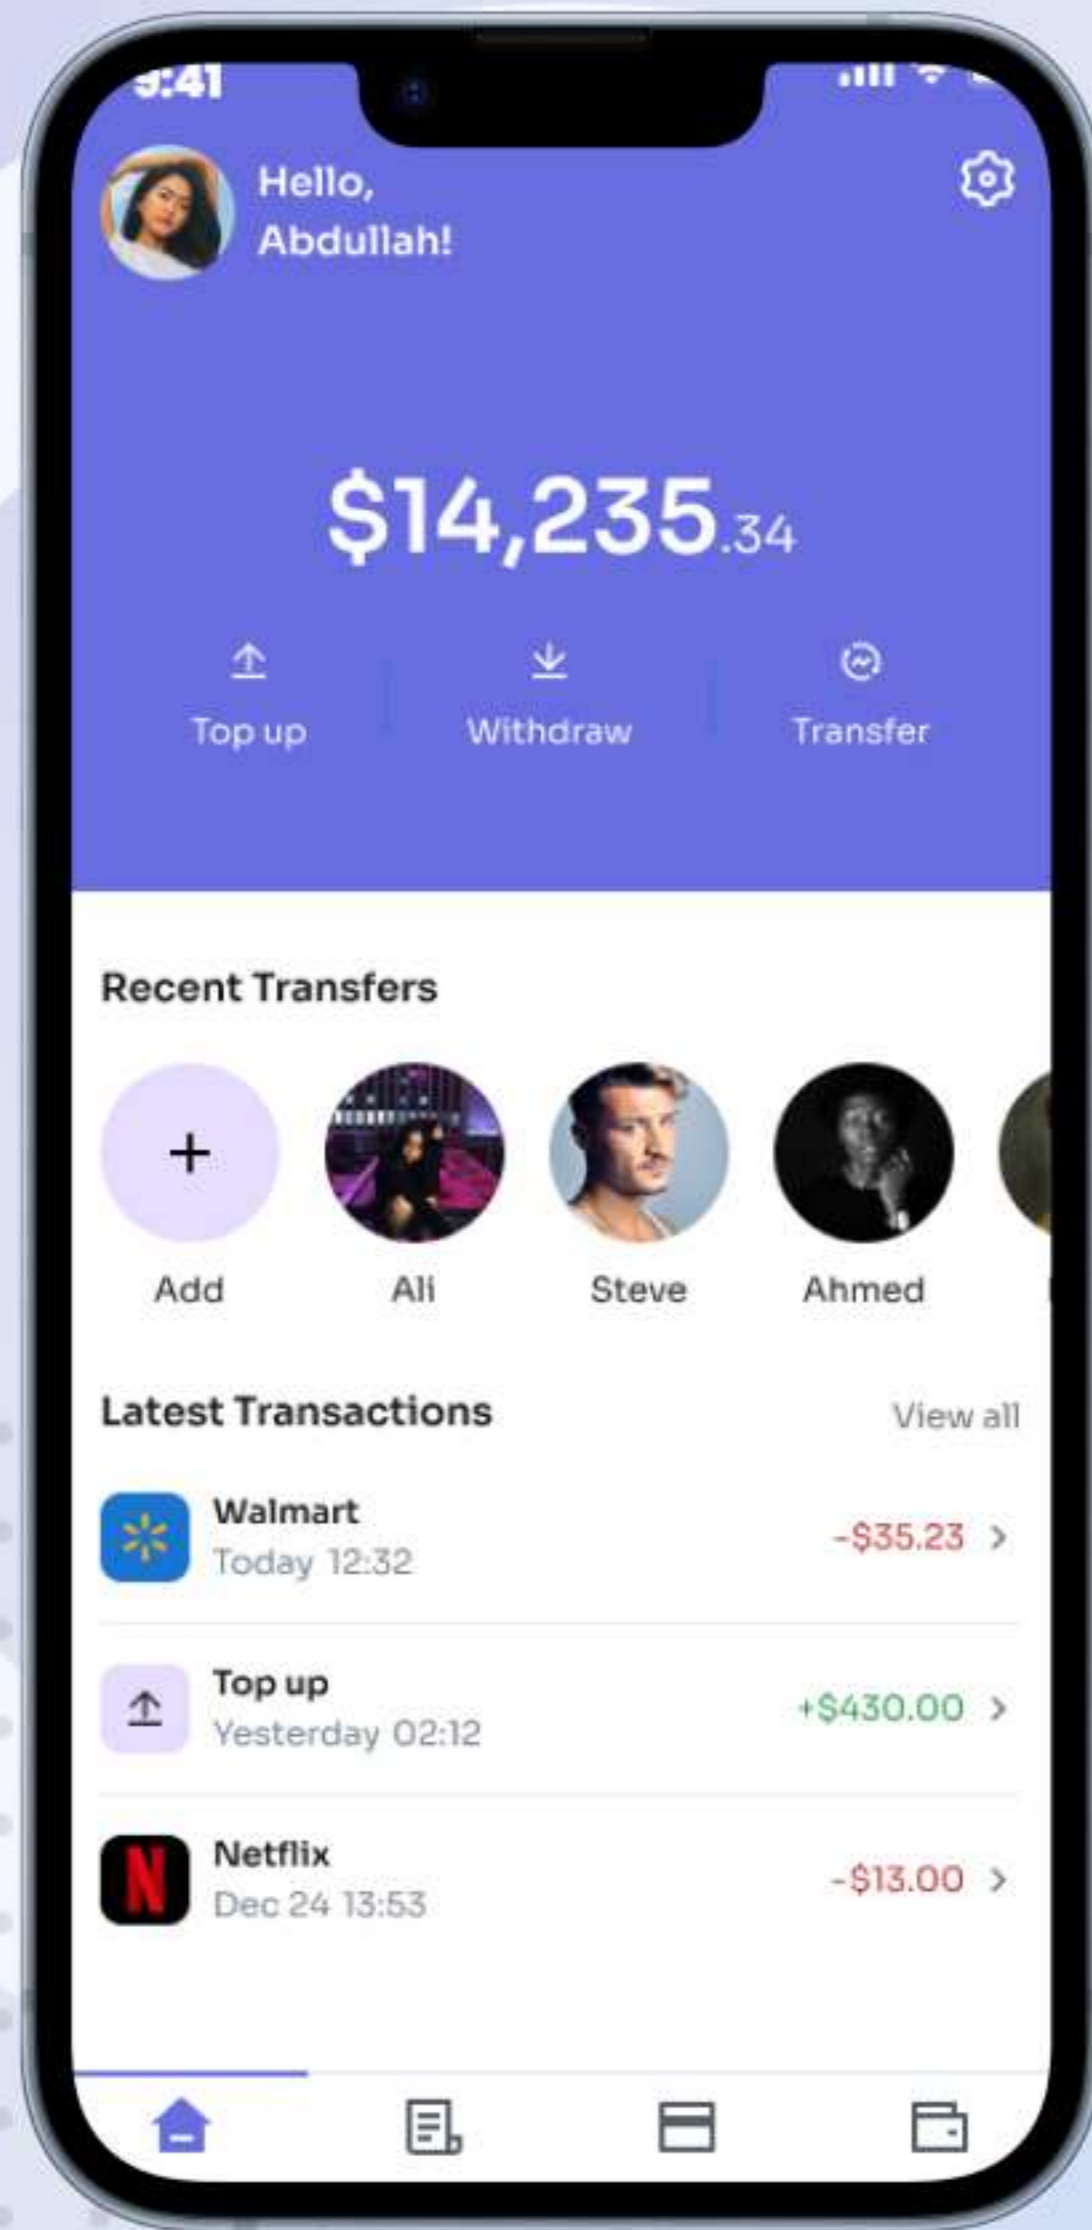

# Mobile Wallet App

Many Digital Payments startup sought to disrupt traditional payment methods by offering a mobile wallet app. They aimed to provide a fast, secure digital payment solution for daily transactions.

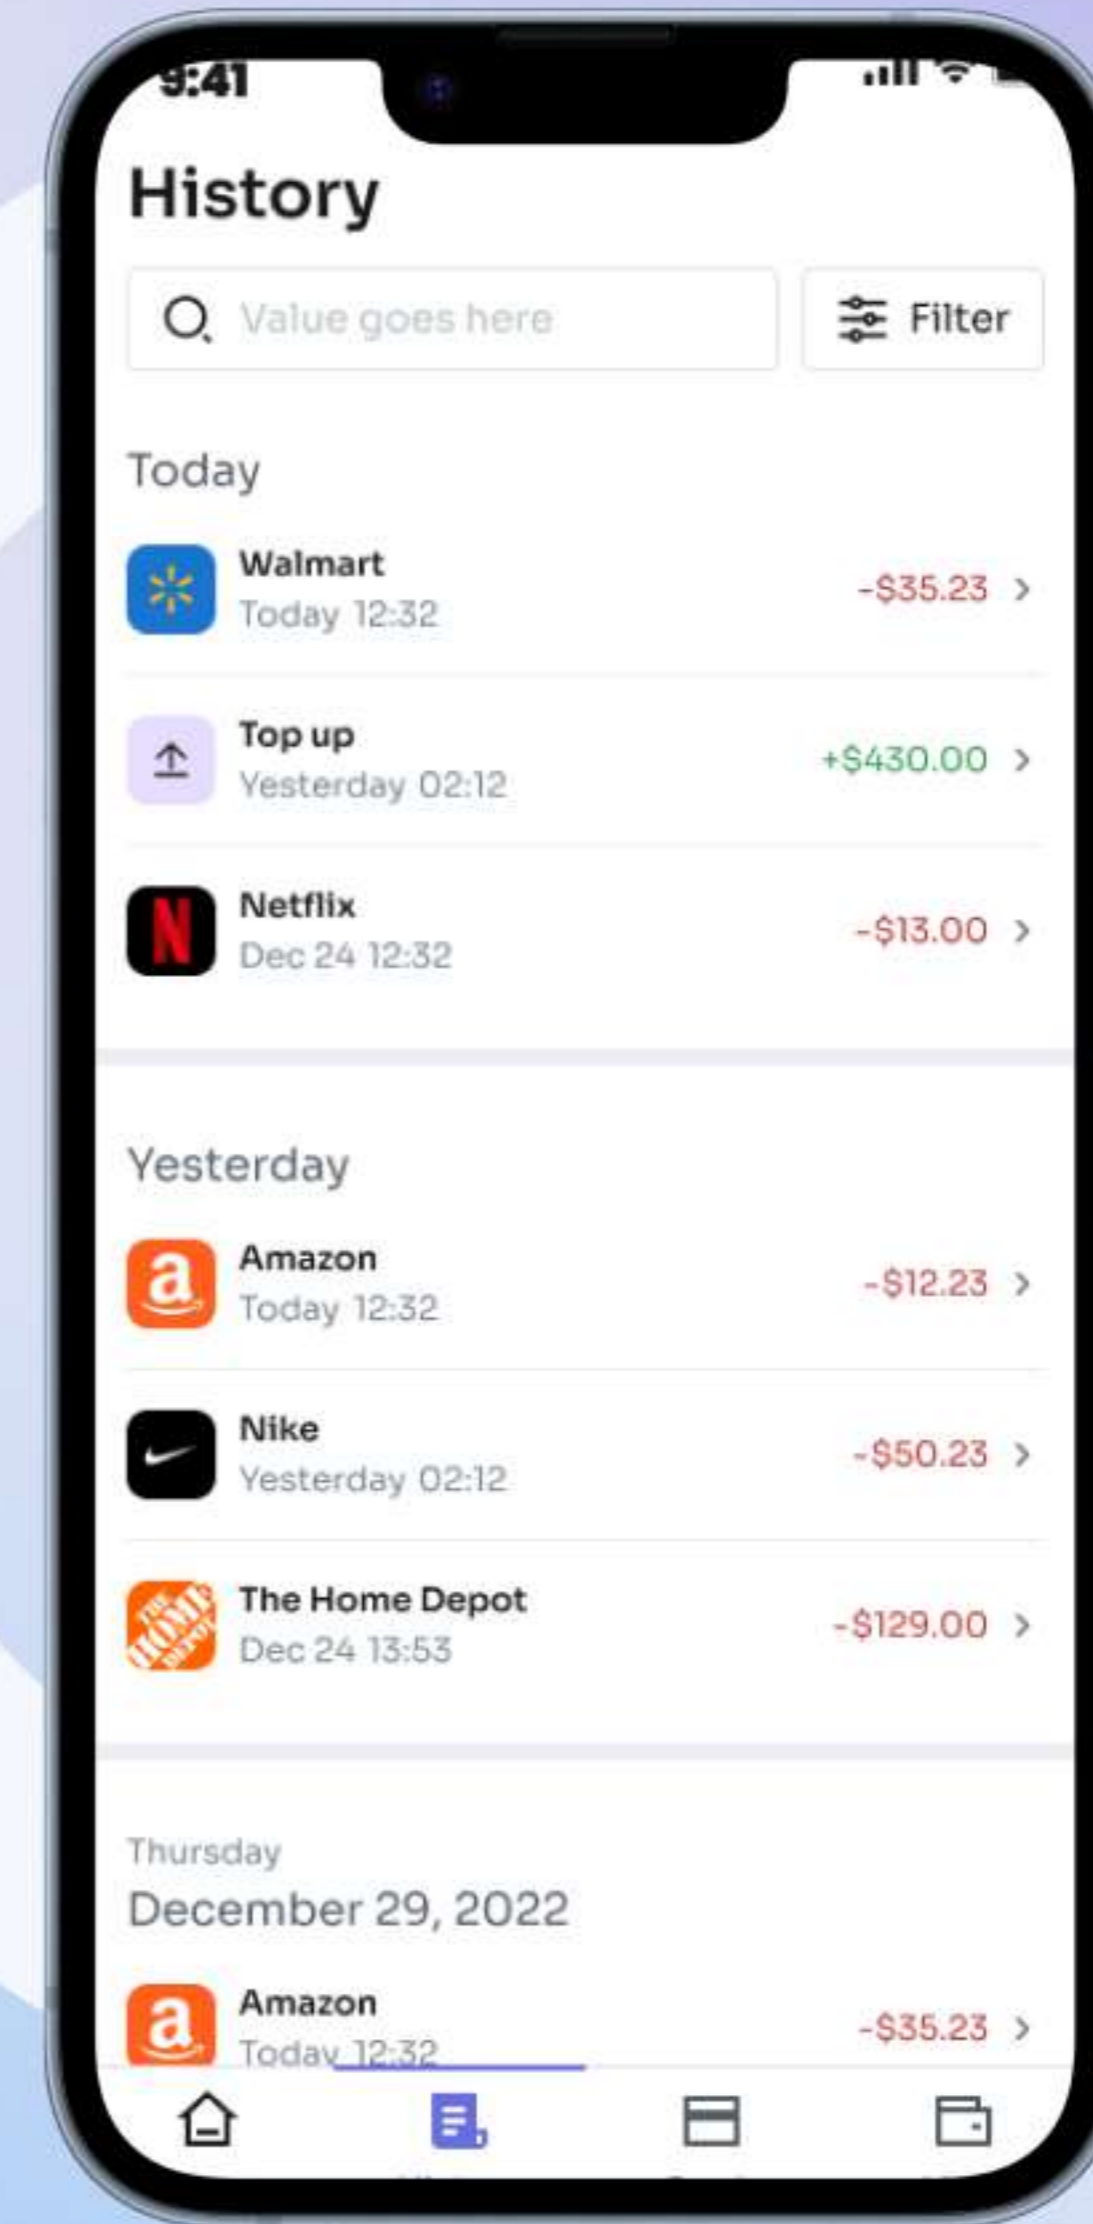

# Features

- ✓ Digital payments
- ✓ Money transfers
- ✓ Expense tracking
- ✓ Rewards/loyalty programs
- ✓ Security

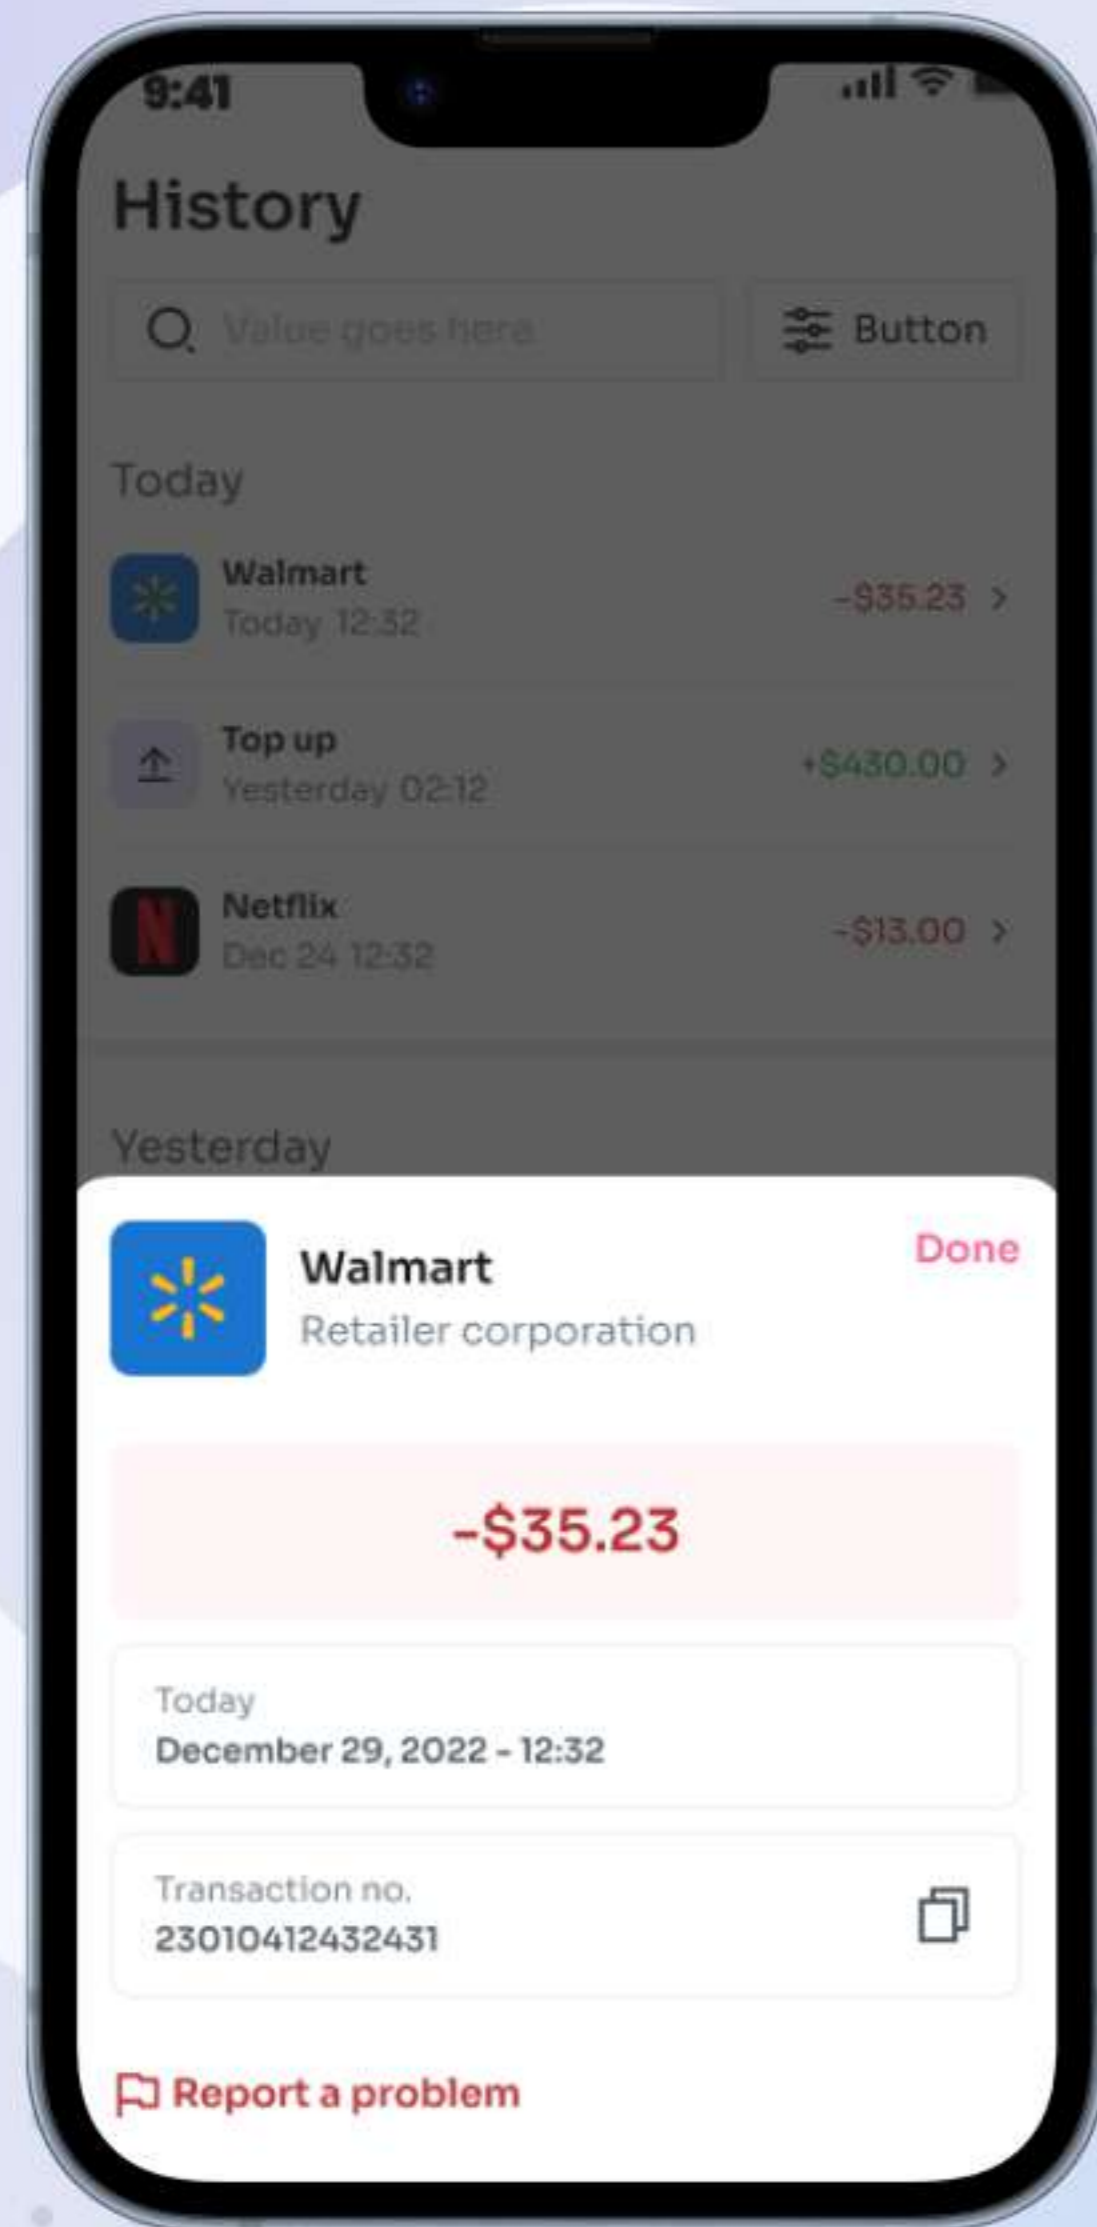

# Challenges

- ✓ Cash and cards have complex interfaces and lack features.
- ✓ Traditional payment systems are vulnerable to fraud and hacking.
- ✓ Younger demographics demand mobile-first payment solutions.
- ✓ There is an underserved market demanding flexible digital payments.

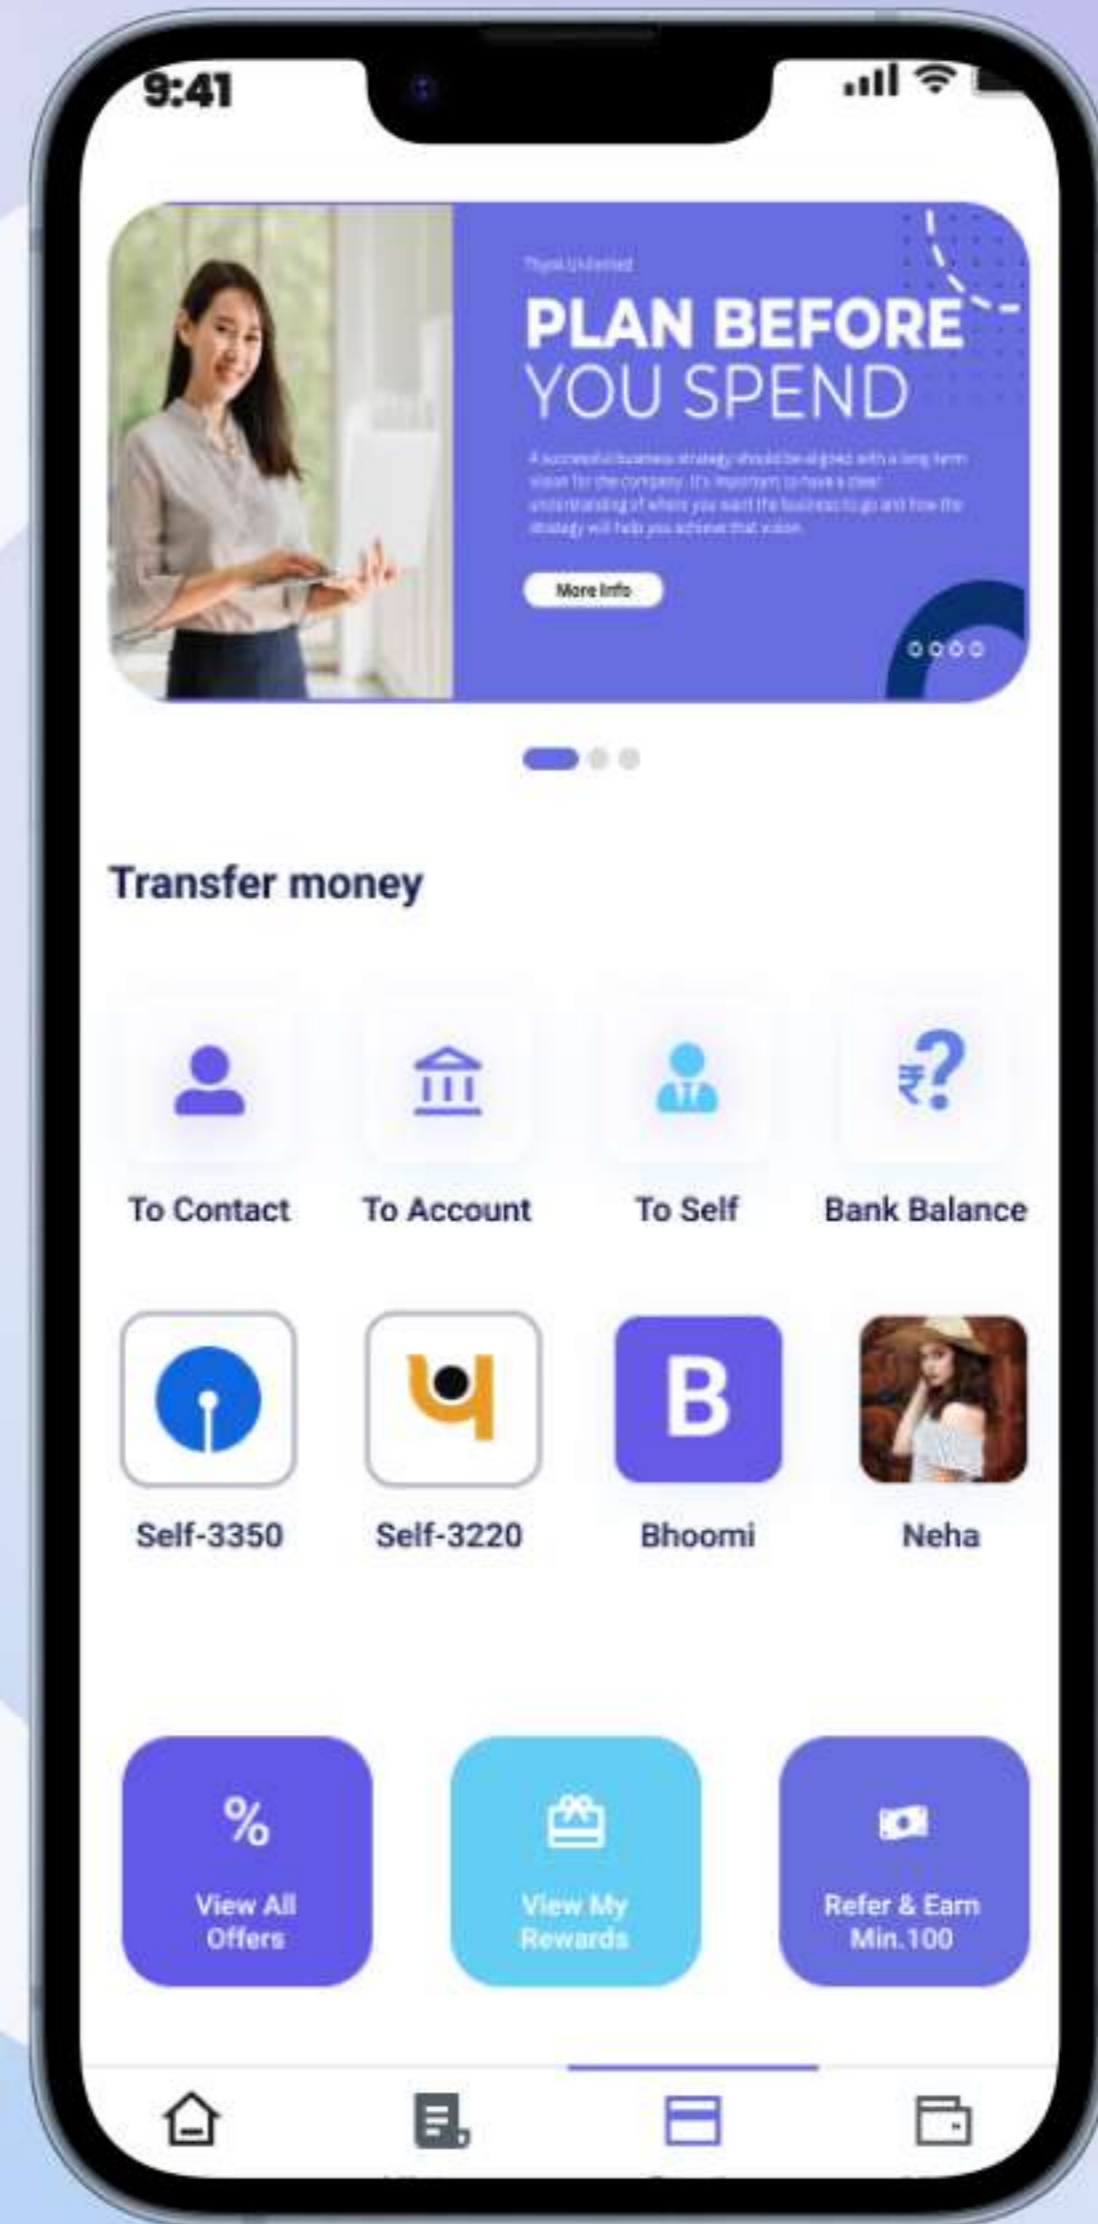

# Solutions

- ✓ Digital wallet to store payment methods
- ✓ QR code and tap payments
- ✓ P2P transfers
- ✓ Loyalty and rewards integration
- ✓ Spending overview and analytics

# Impact

- ✓ 500,000 app downloads in first 6 months
- ✓ 25% increase in transaction volume for integrated merchants
- ✓ \$2.1 million in transactions processed in Q3
- ✓ 13% referral signup conversion rate

# Movie Ticket Booking Webapp

XYZ company developed an online platform to allow customers to book movie tickets for their local theaters.

# Features

- ✓ Personalization
- ✓ Digestible Formats
- ✓ Notifications
- ✓ Offline Reading
- ✓ Sharing Capabilities

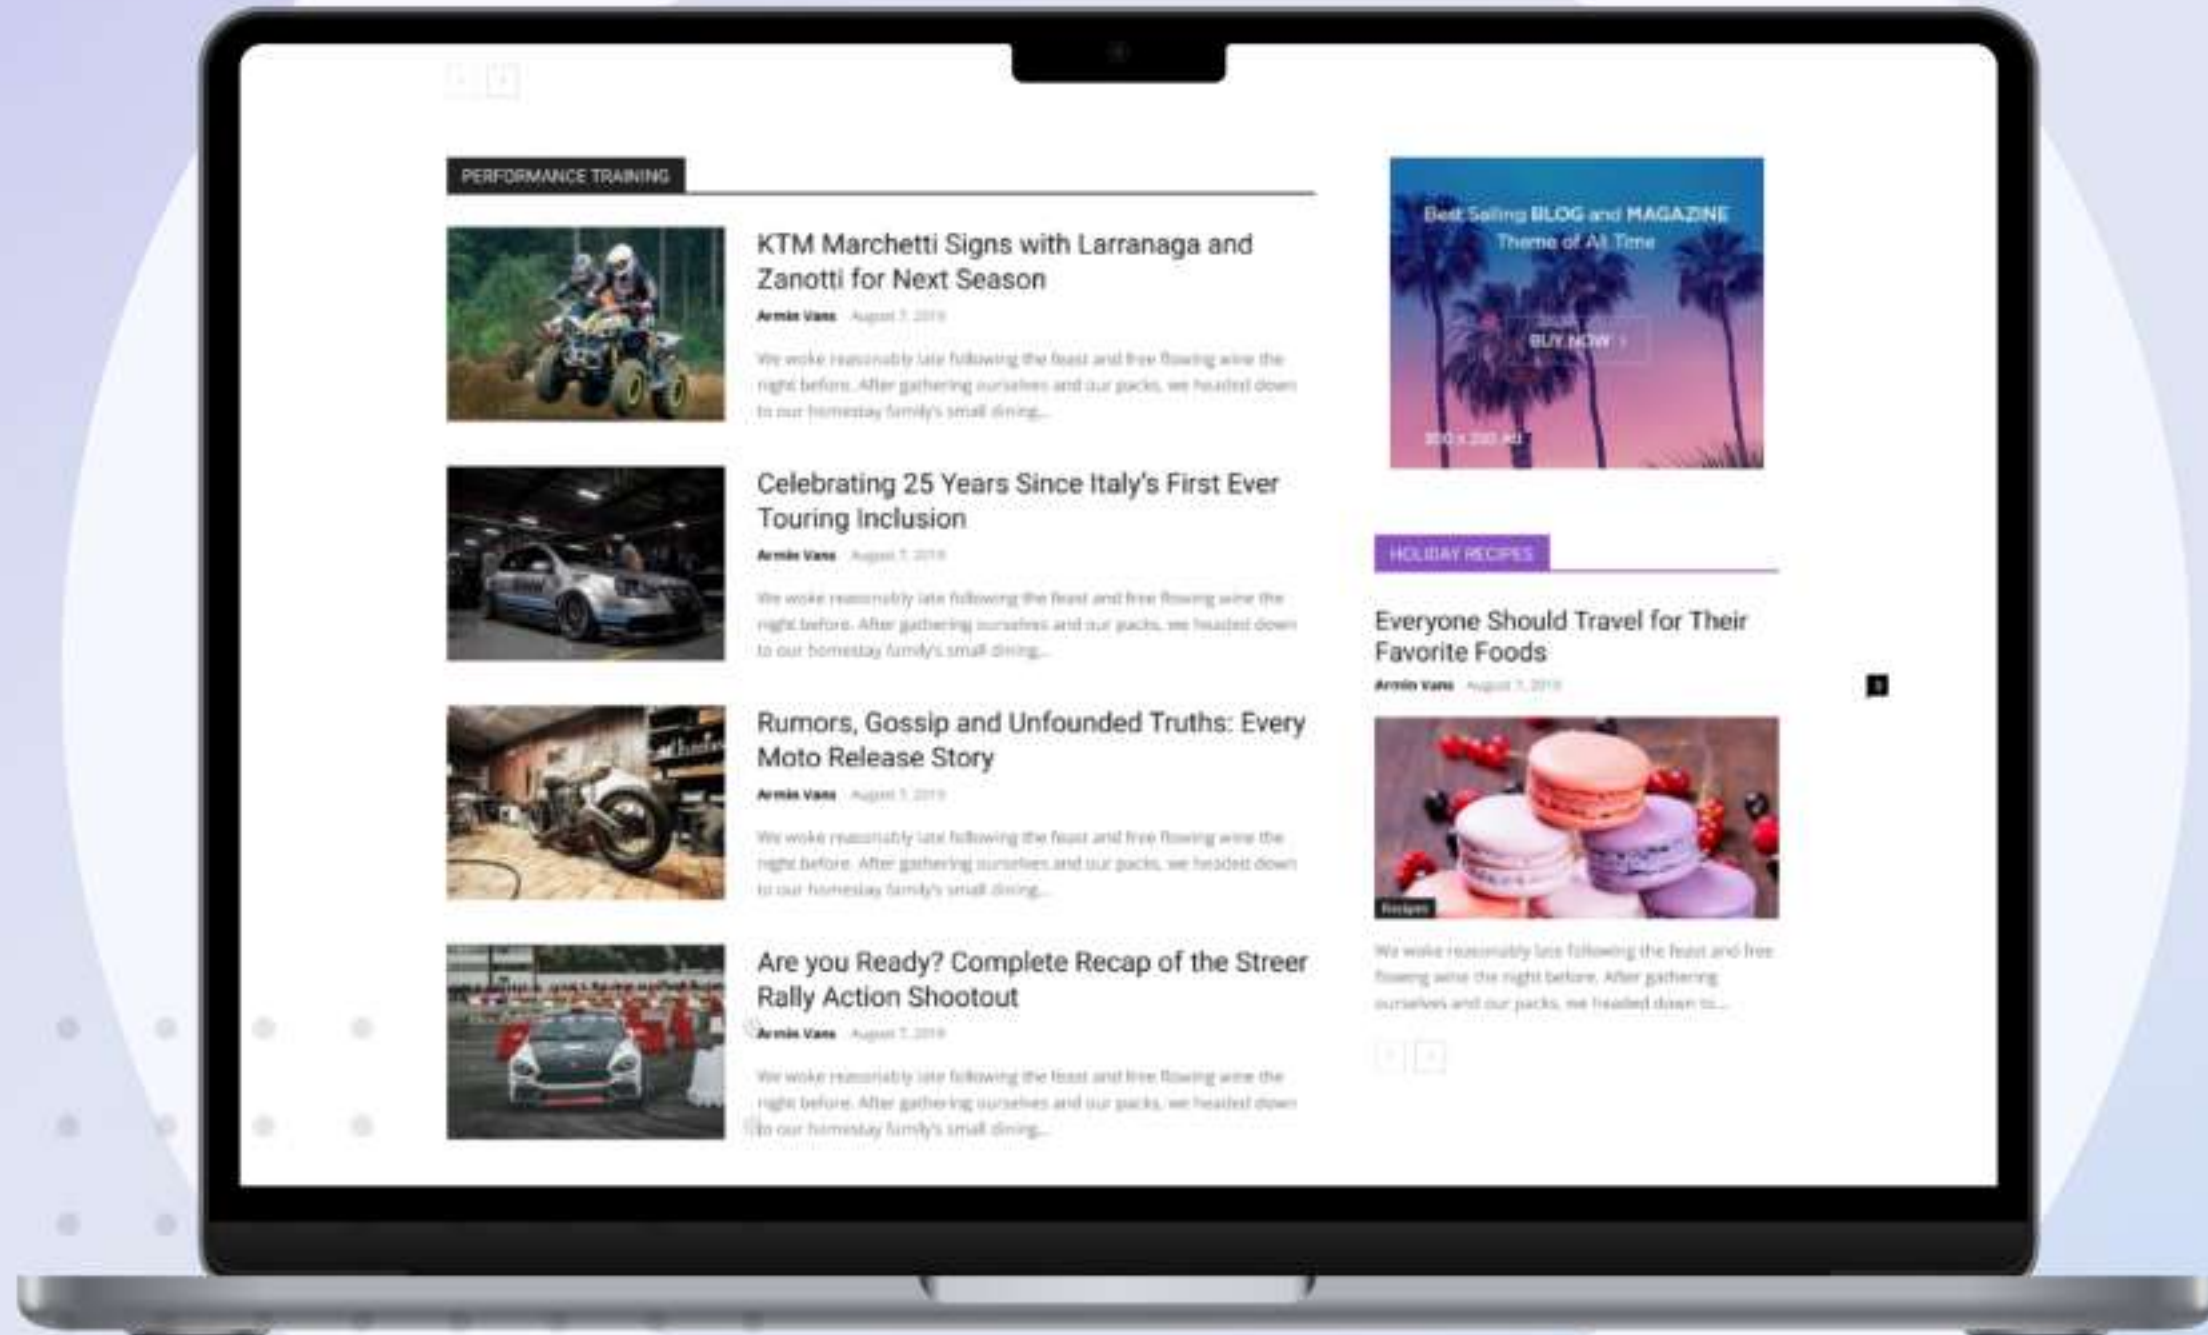

# Challenges

- ✓ Developing an intuitive, visually appealing mobile news platform
- ✓ Encouraging exposure to diverse content to prevent echo chambers
- ✓ Combating spread of misinformation and fake news
- ✓ Generating sustainable subscription or ad-based revenues

# Solutions

Allow users to customize feeds based on interests and sources

Insert some percentage of articles counter to a user's leanings

Partner with independent fact checkers to confirm content veracity

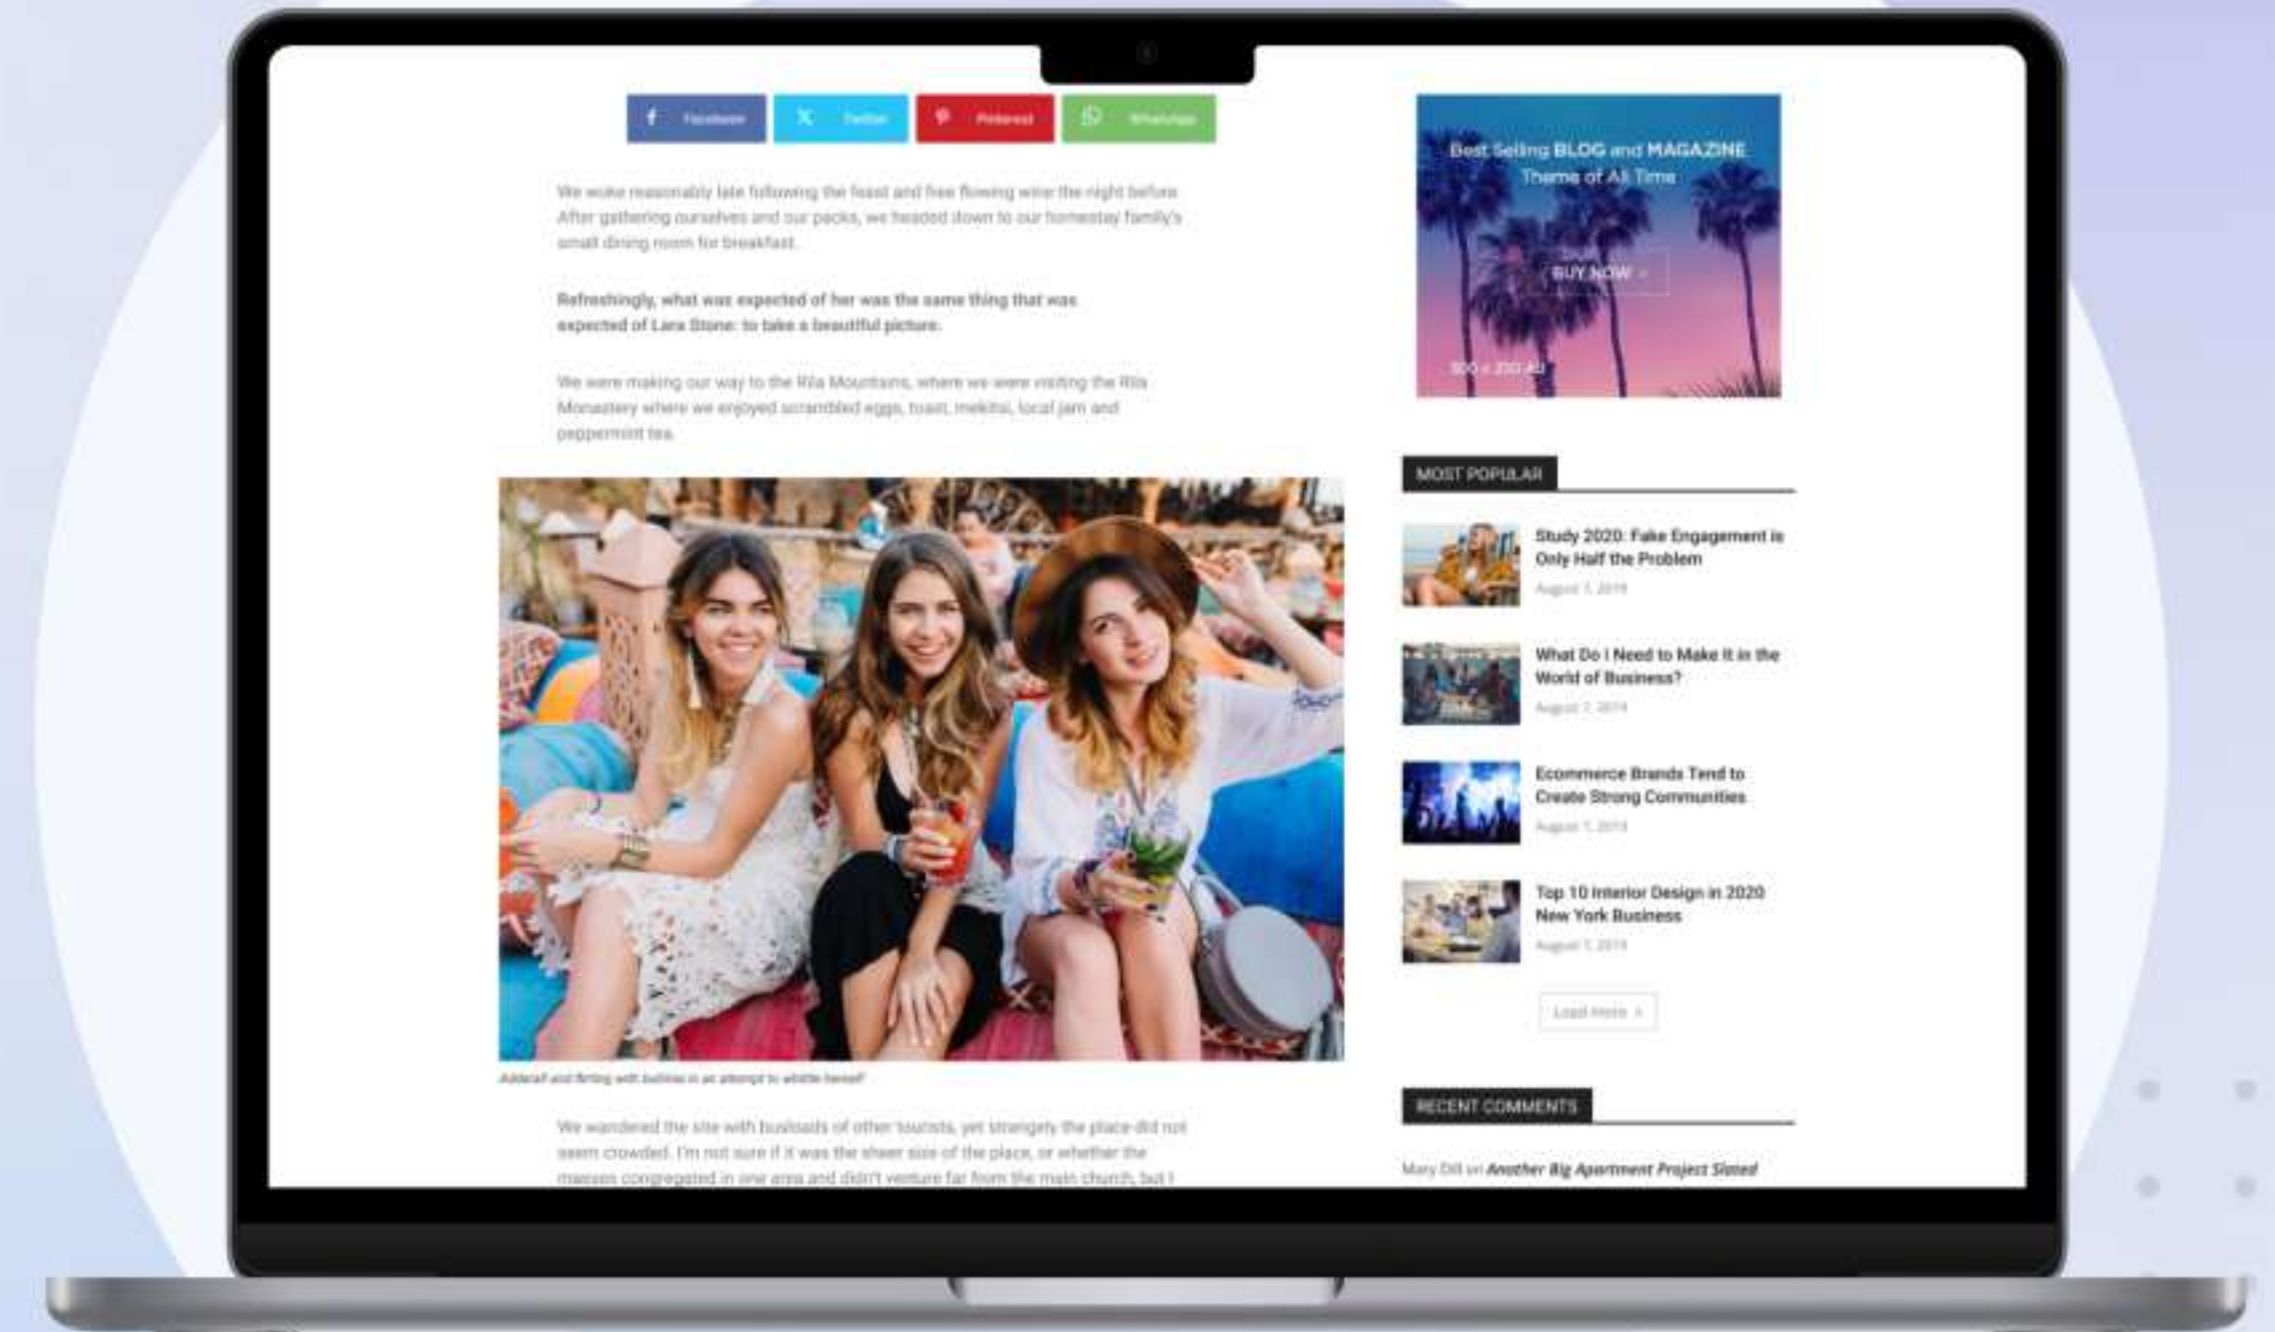

Initially pursue ad model then phase in premium subscriptions

# Impact

- ✓ Average time in app increased 22% over previous platform
- ✓ 92% of users rate the app 4-5 stars for usability
- ✓ Subscriptions account for 60% of revenue
- ✓ Click-through rates on advertisements is 9% higher than industry benchmarks

# NFT-based Social Network

One company developed an NFT-based social network called Mintr, with features

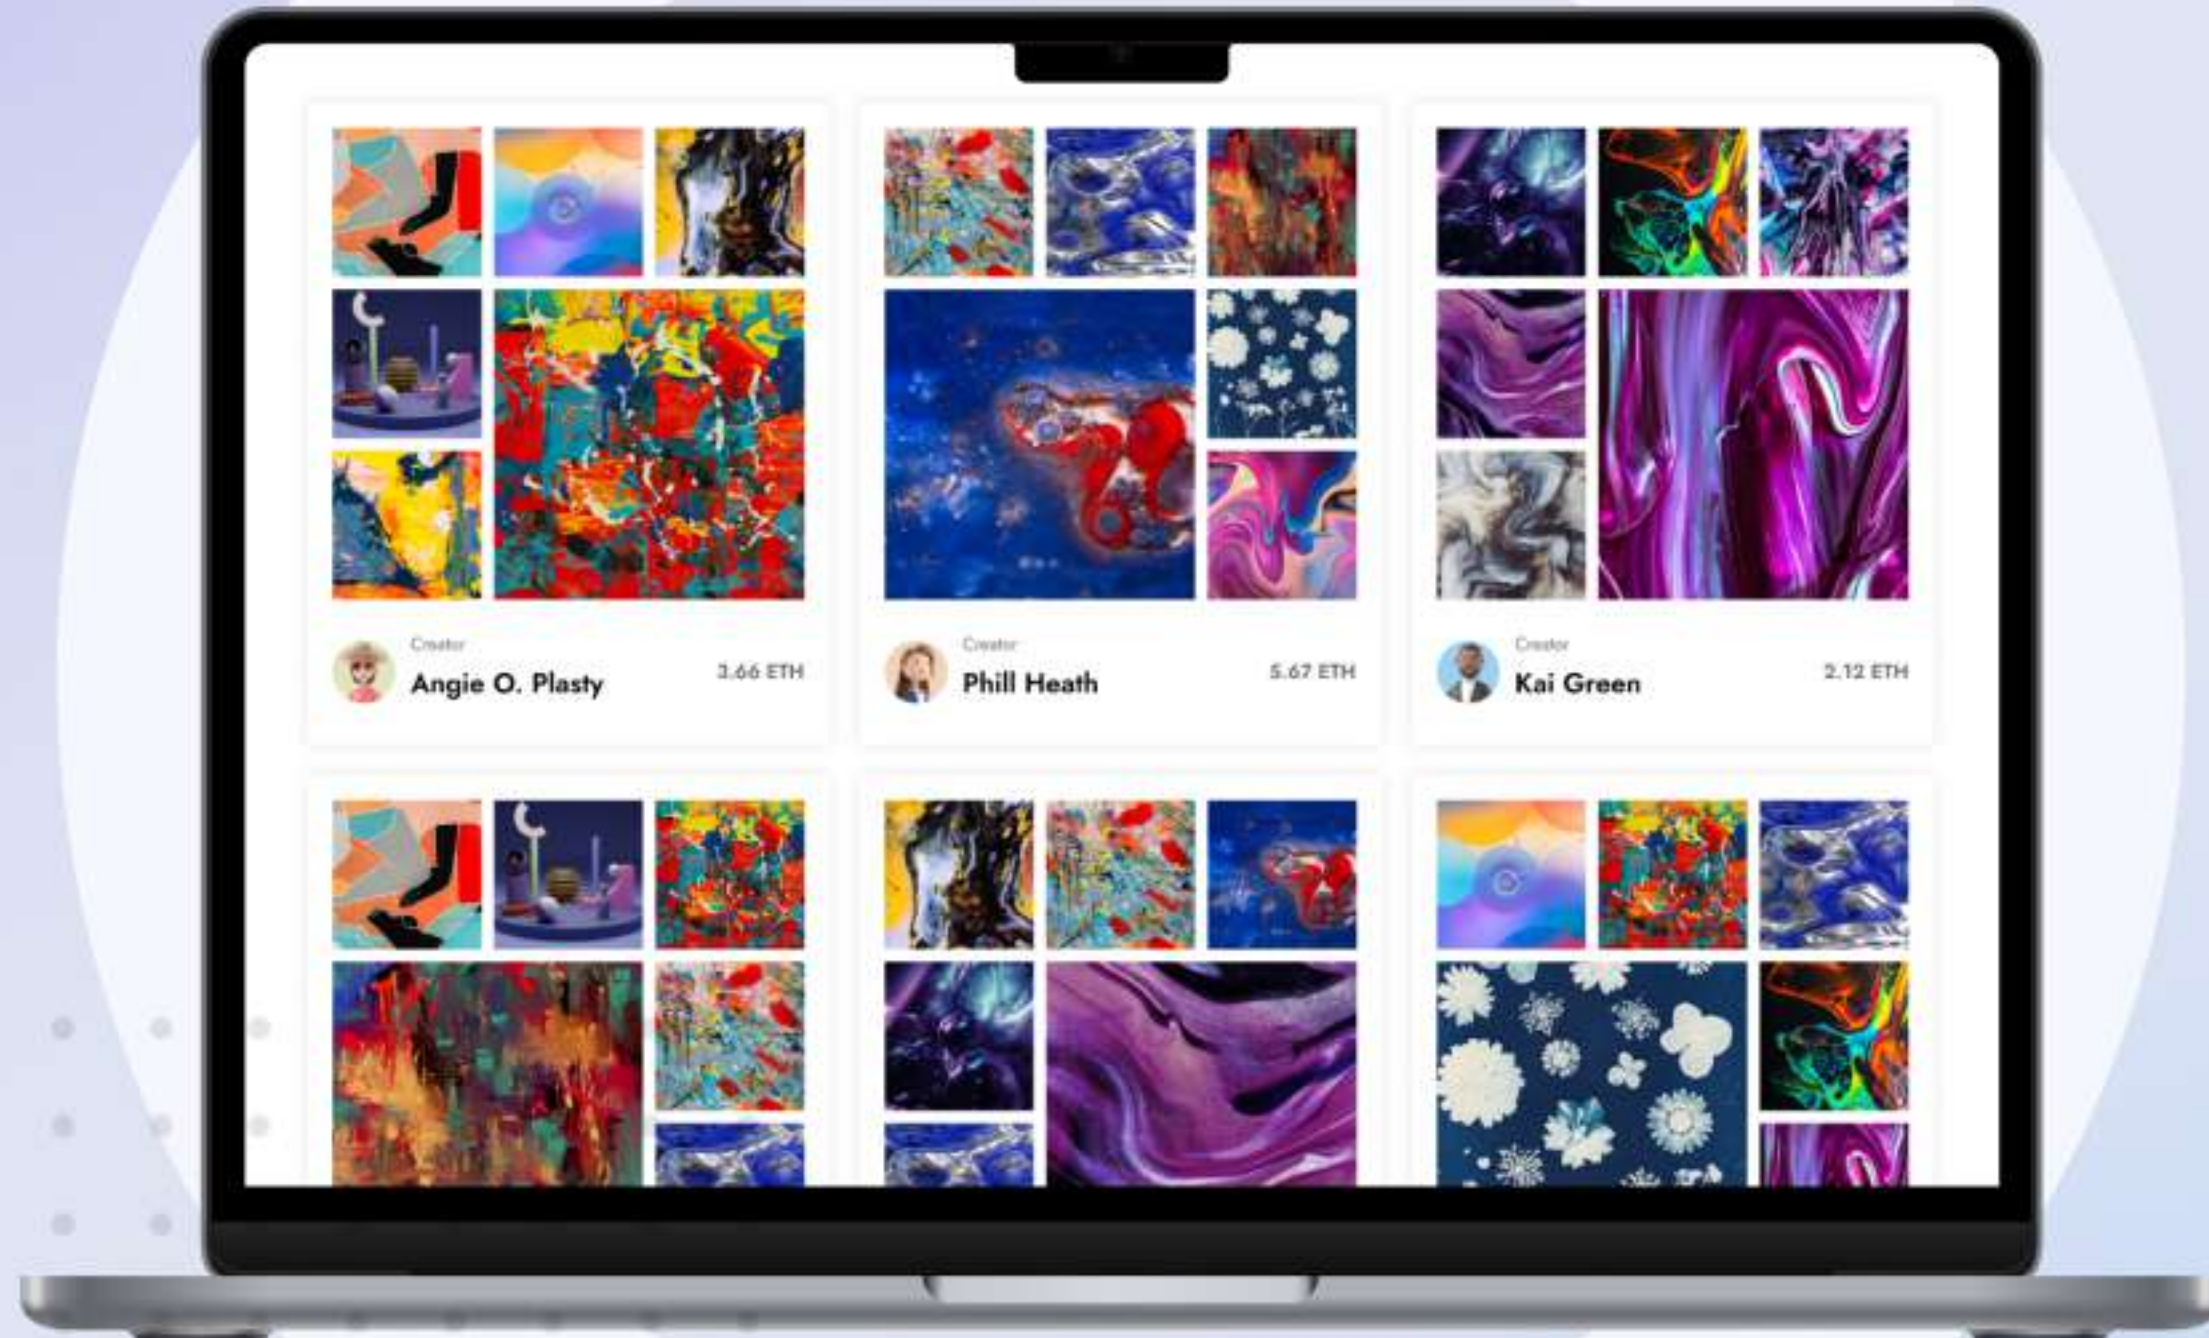

# Explore & Sell Your Awesome NFTs Art

Here are many variations of passages of Lorem Ipsum available but the new majority have suffer alteration in by injected humour or randomised words. Lorem ipsum dolor sit amet consectetur adipiscing elit sed aliquam.

# Features

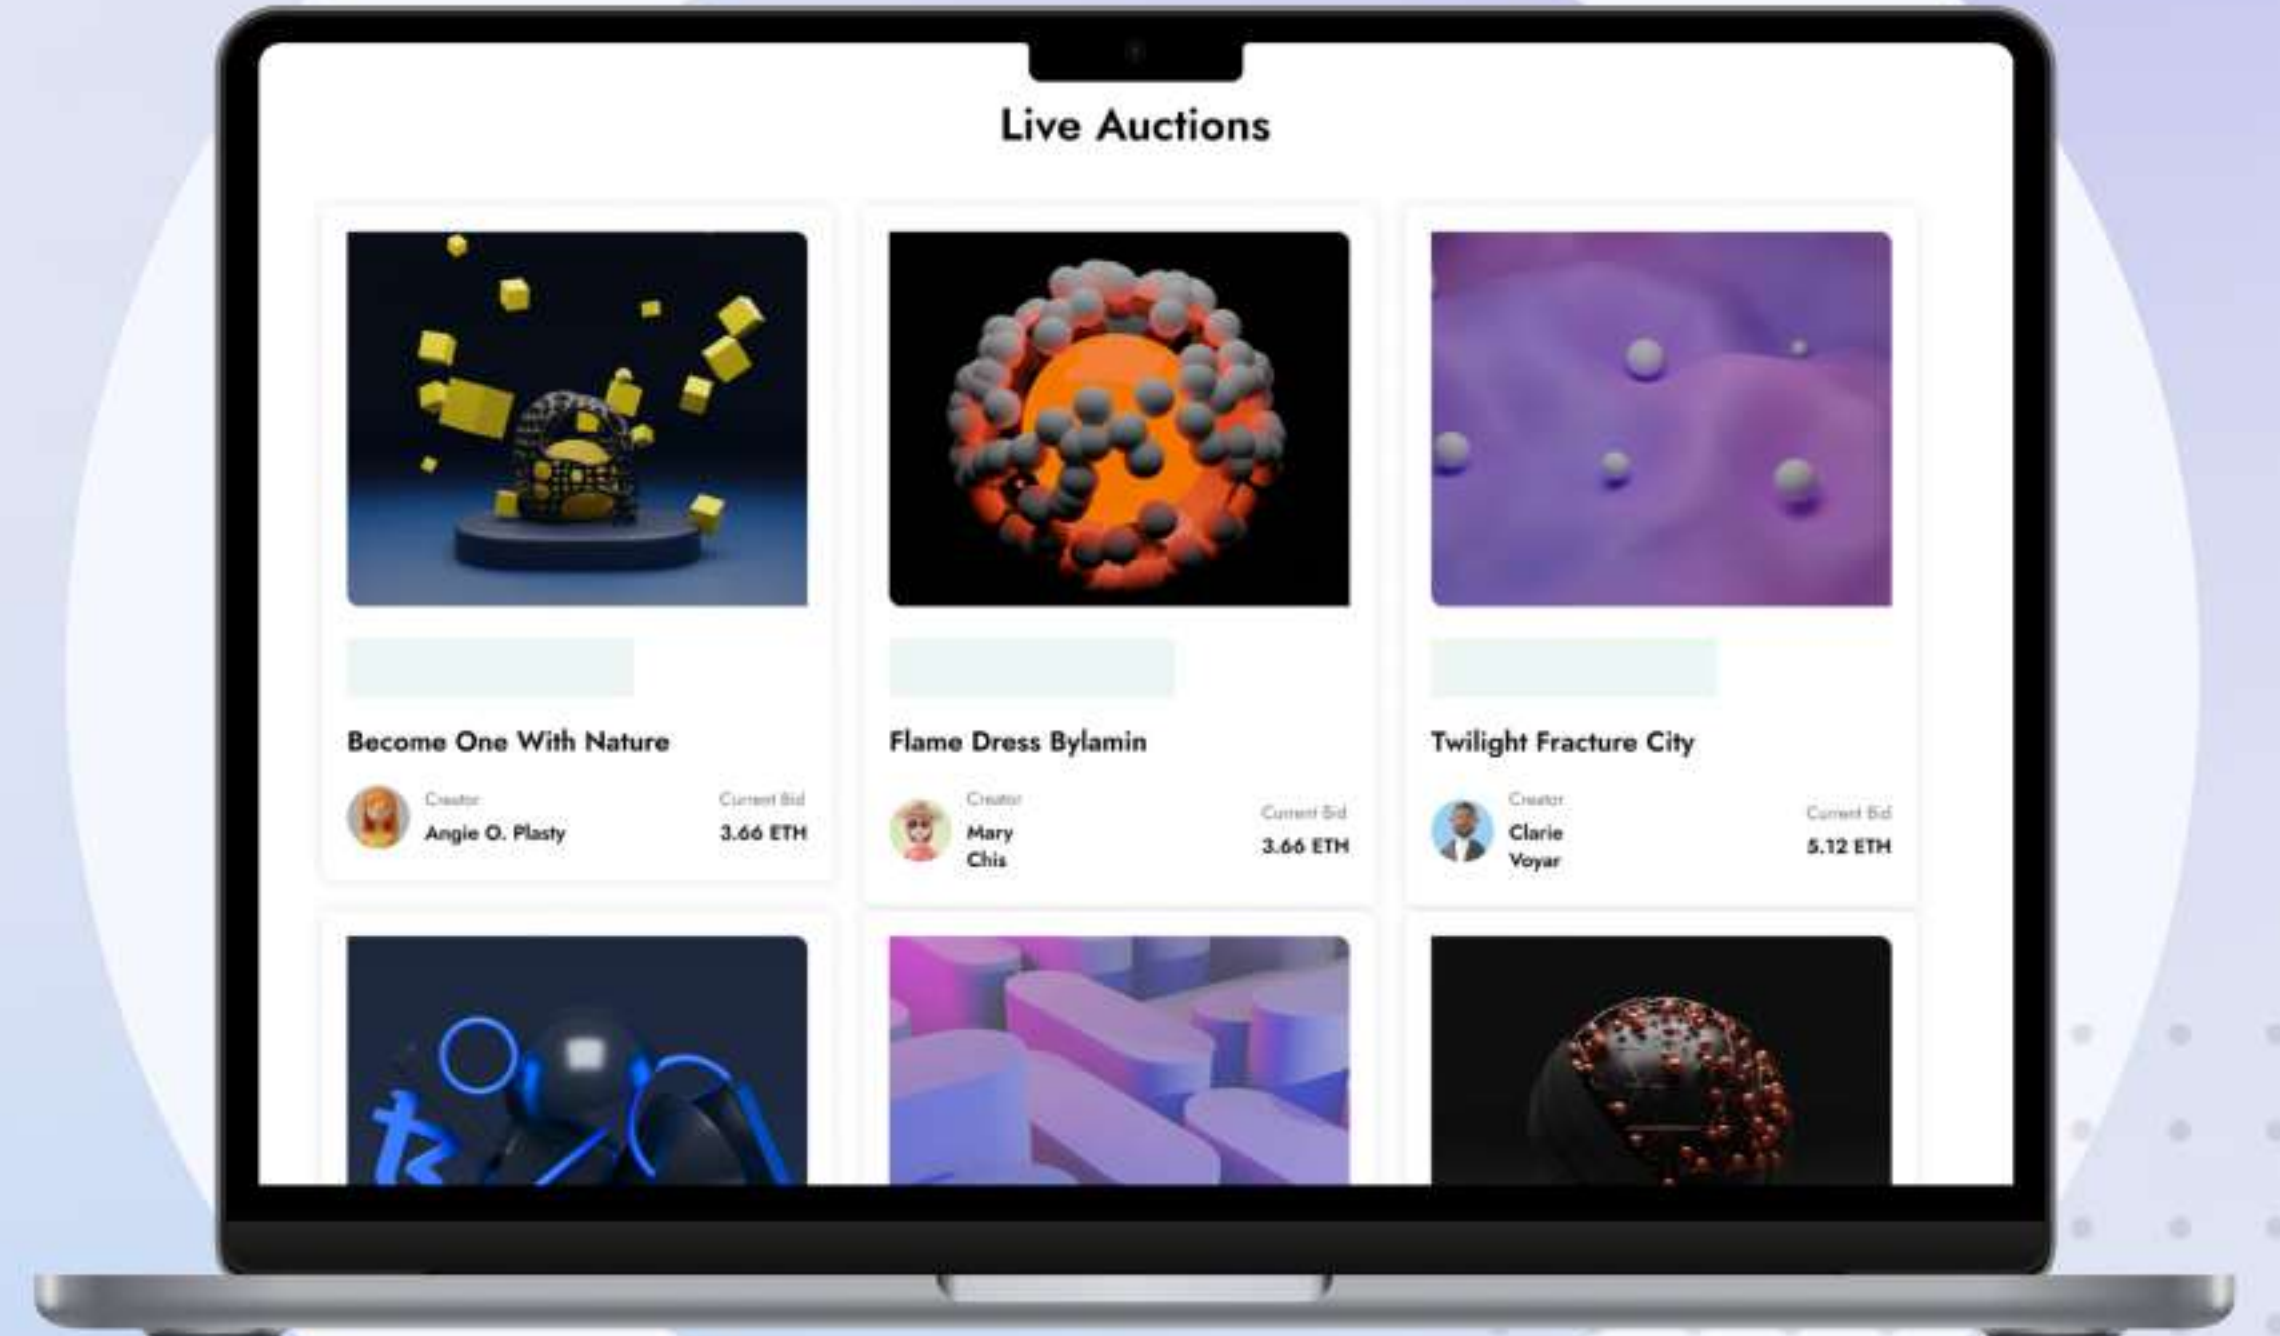

- ✓ Profile picture NFTs
- ✓ Content NFT creation
- ✓ Collectible NFTs
- ✓ NFT showrooms and displays
- ✓ Native NFT marketplace
- ✓ NFT-gated communities
- ✓ Interoperability of NFTs

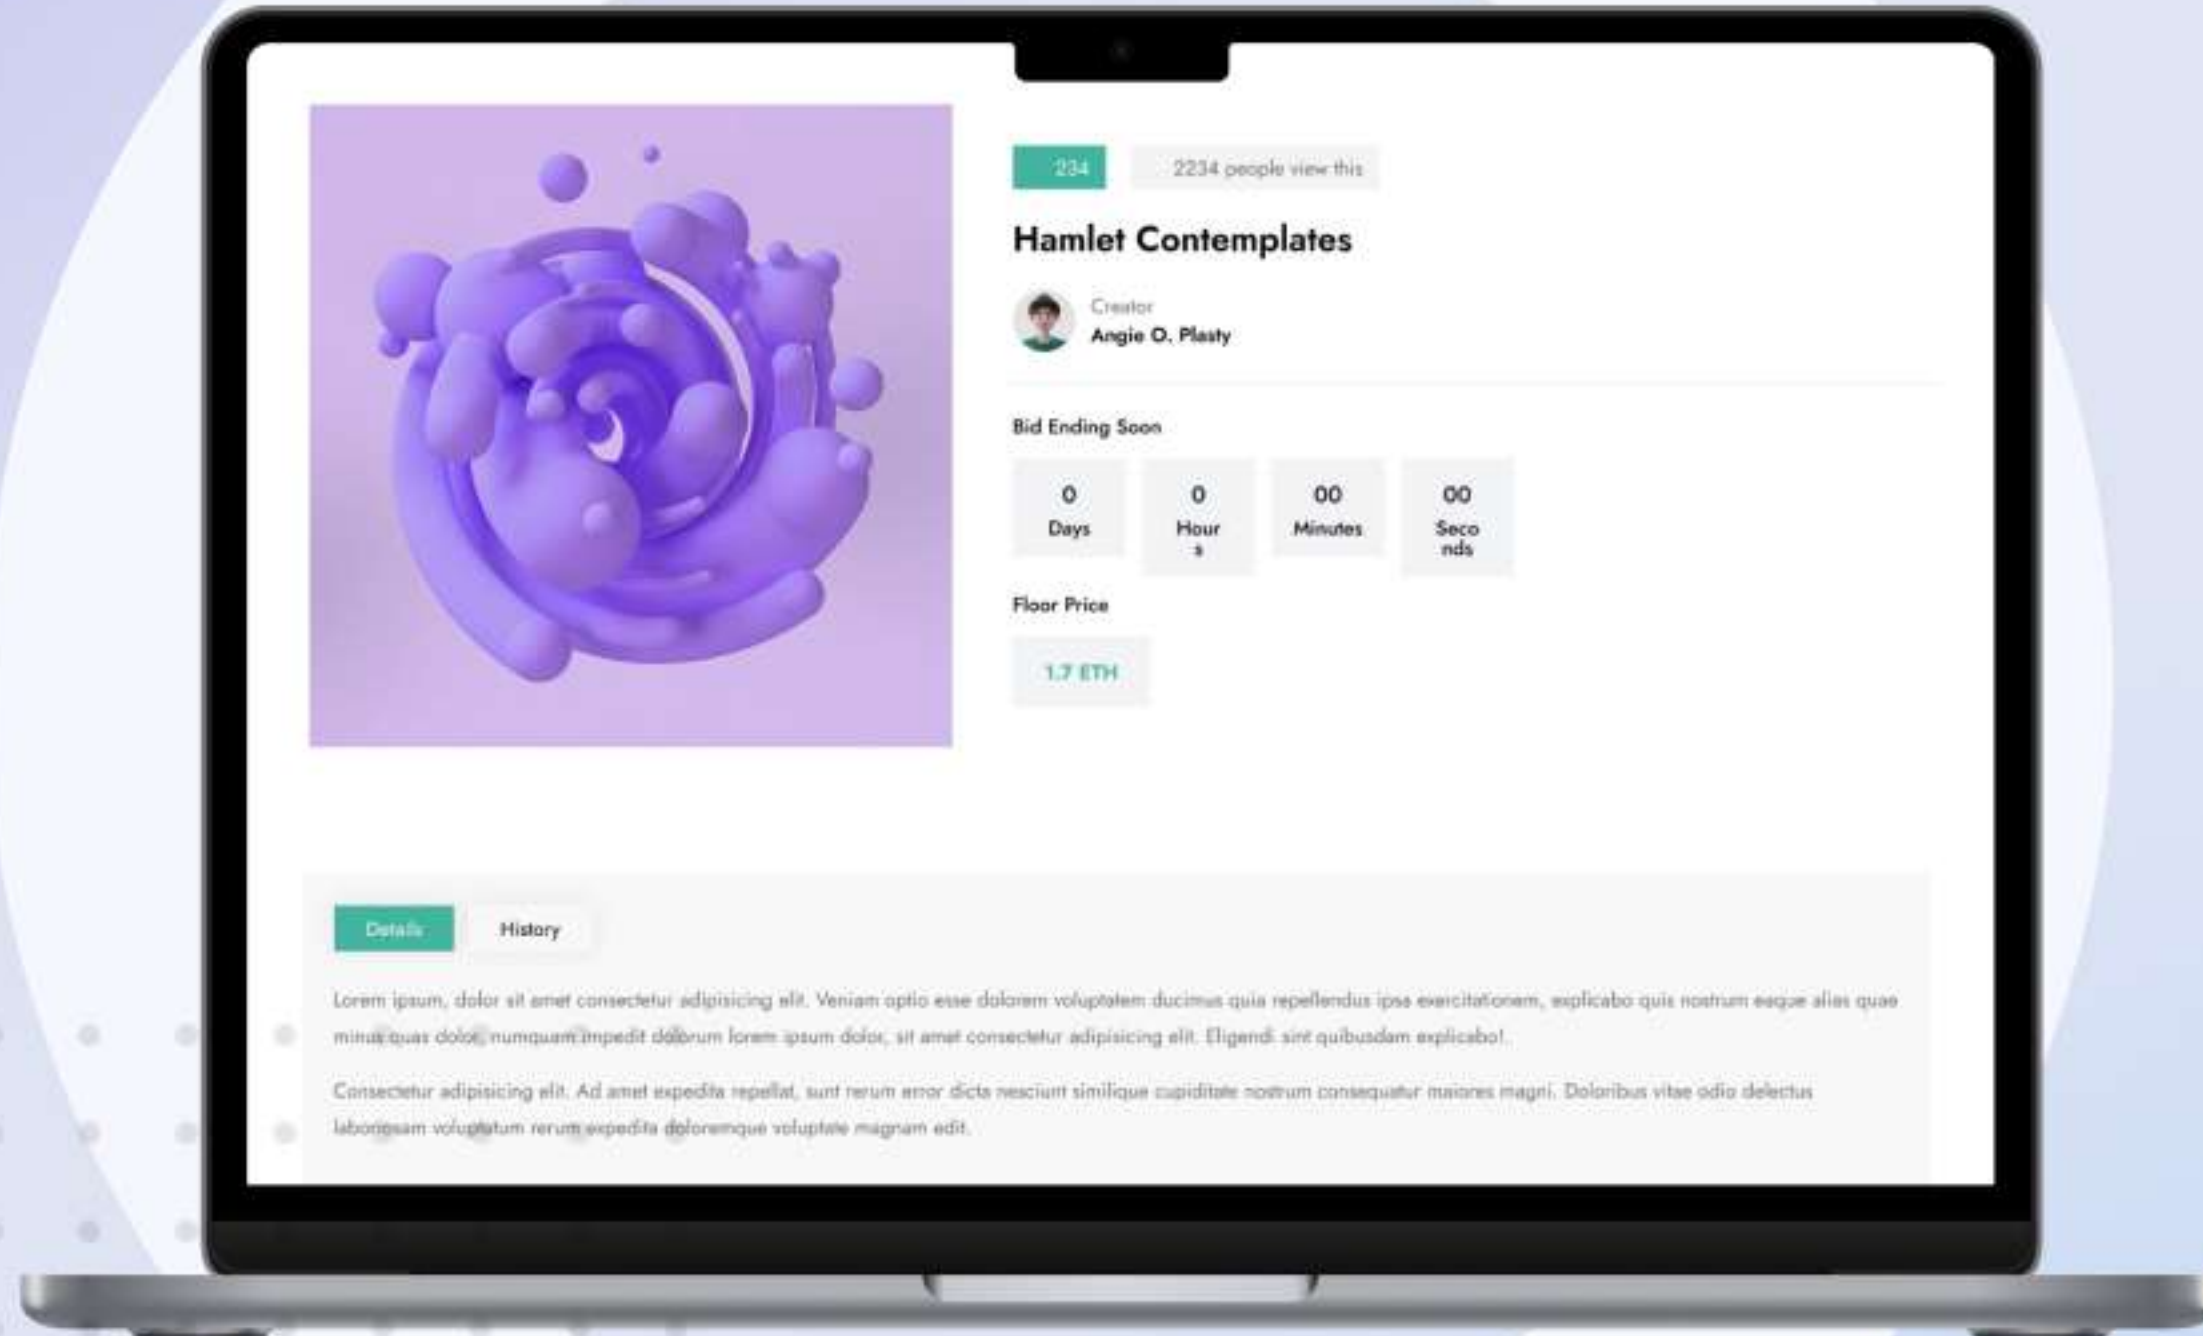

# Challenges

- ✓ Increase in fake NFTs and scams
- ✓ Legal issues around stolen NFTs
- ✓ Price manipulation through pumping
- ✓ Token inflation from minting

# Solutions

On-chain verification of NFT authenticity

Tracking NFT ownership providence

Monitoring sudden price changes

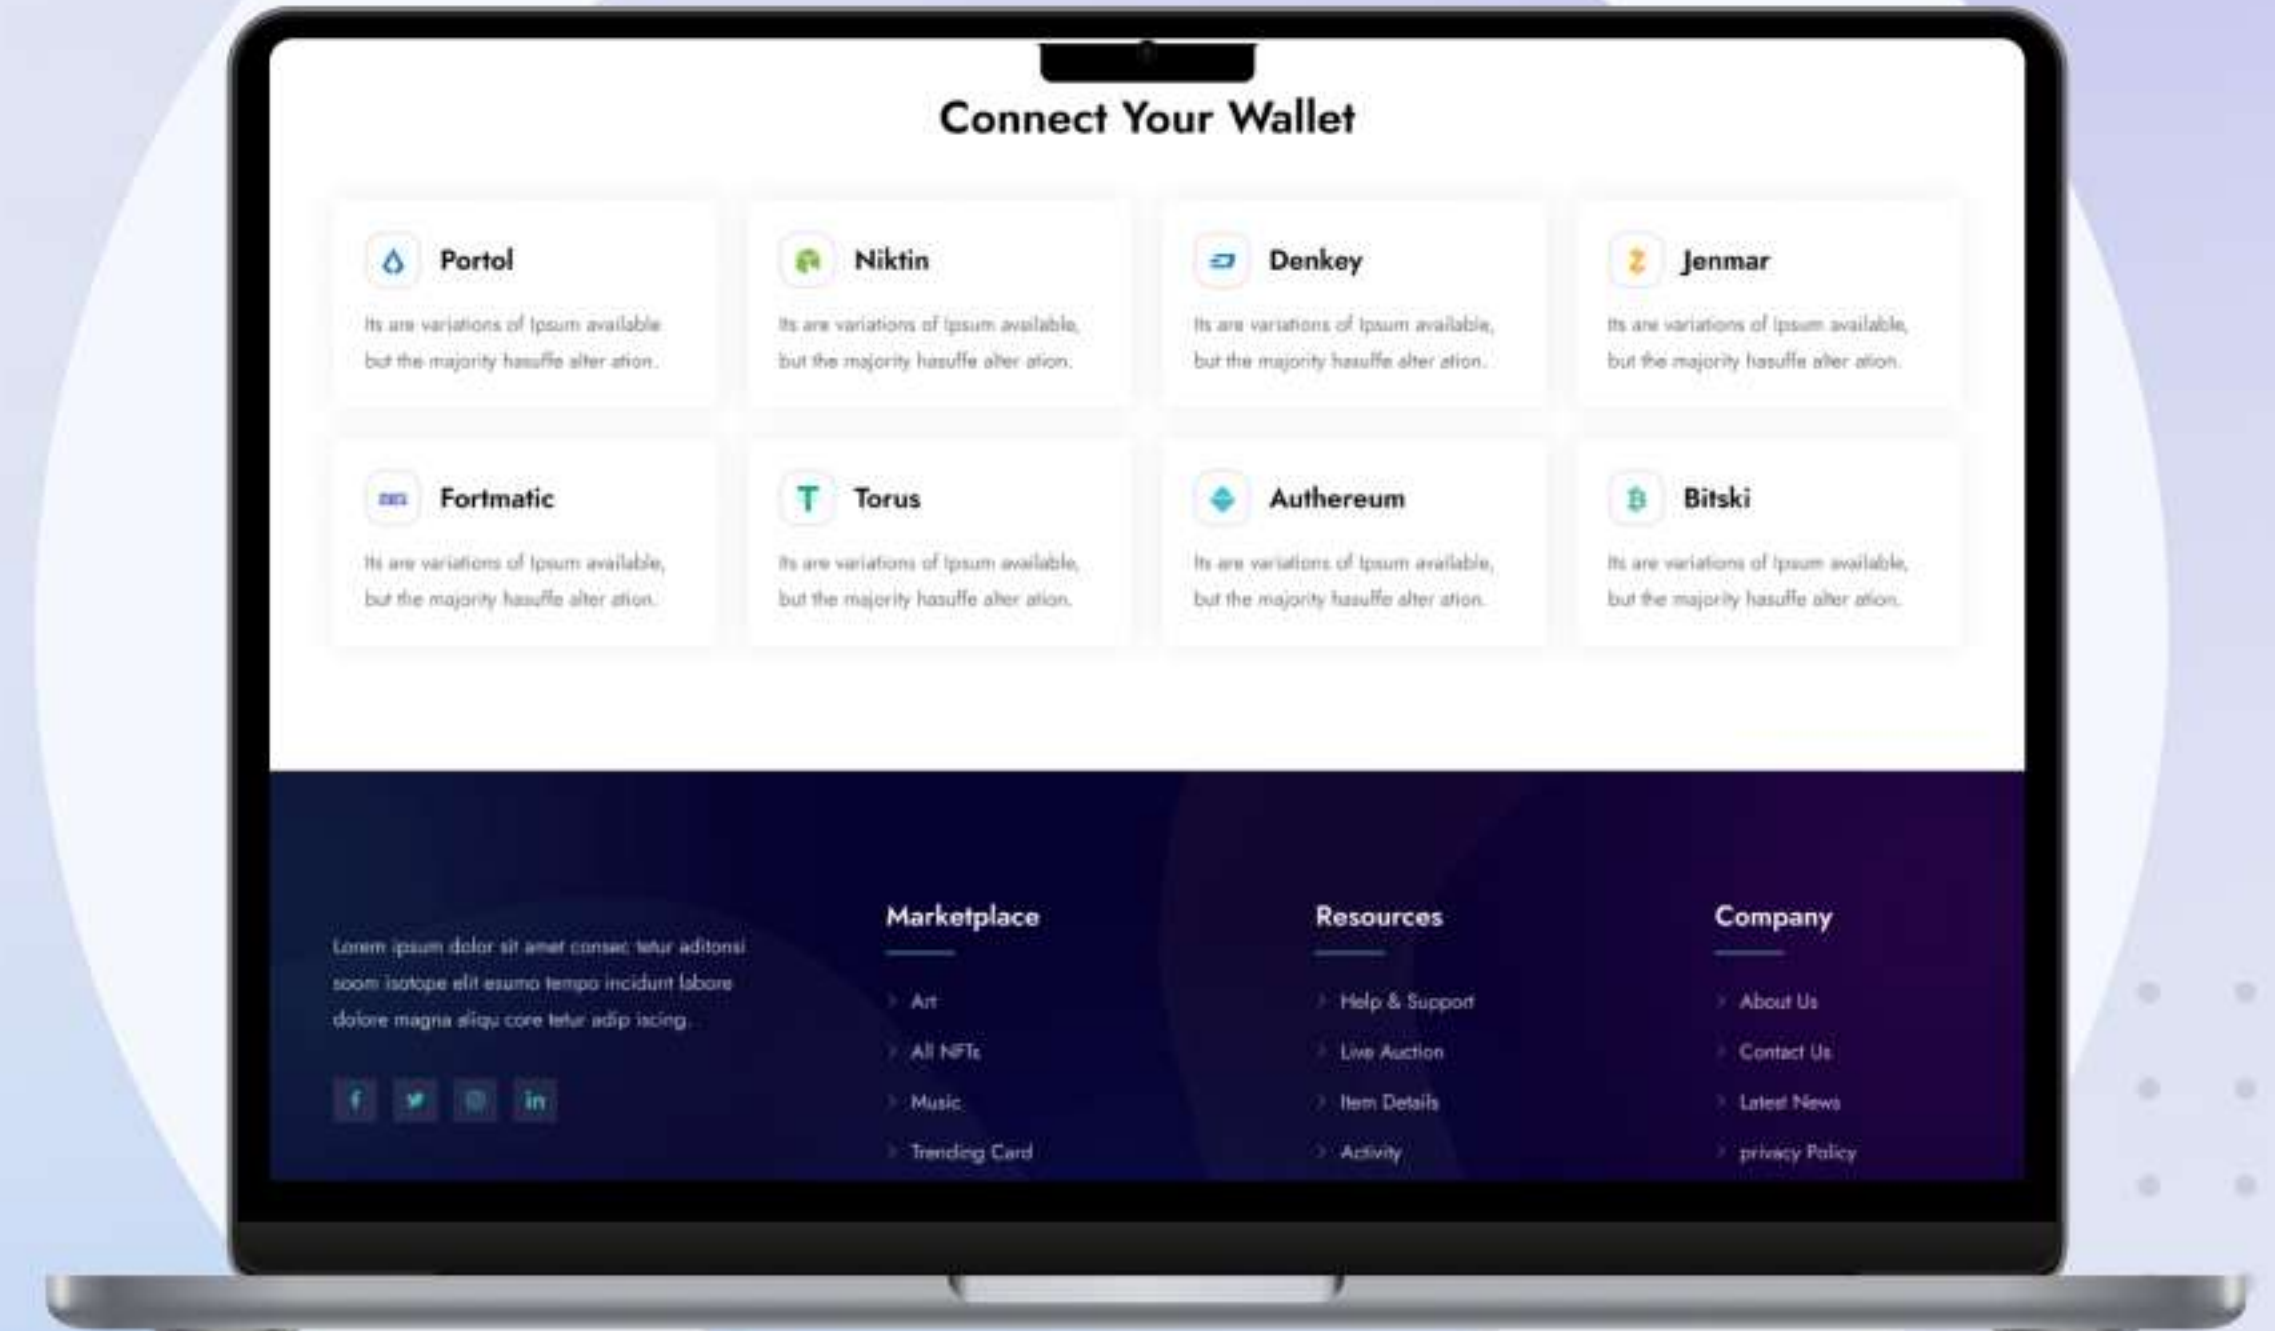

Token burning mechanisms

# Impact

- ✓ 90% drop in fake NFT incidents
- ✓ 82% reduction in disputed ownership cases
- ✓ 76% accuracy identifying price manipulation
- ✓ Controlling token inflation to 2%

Name Generator/Pick-n-Choose Nonsense					

# Features

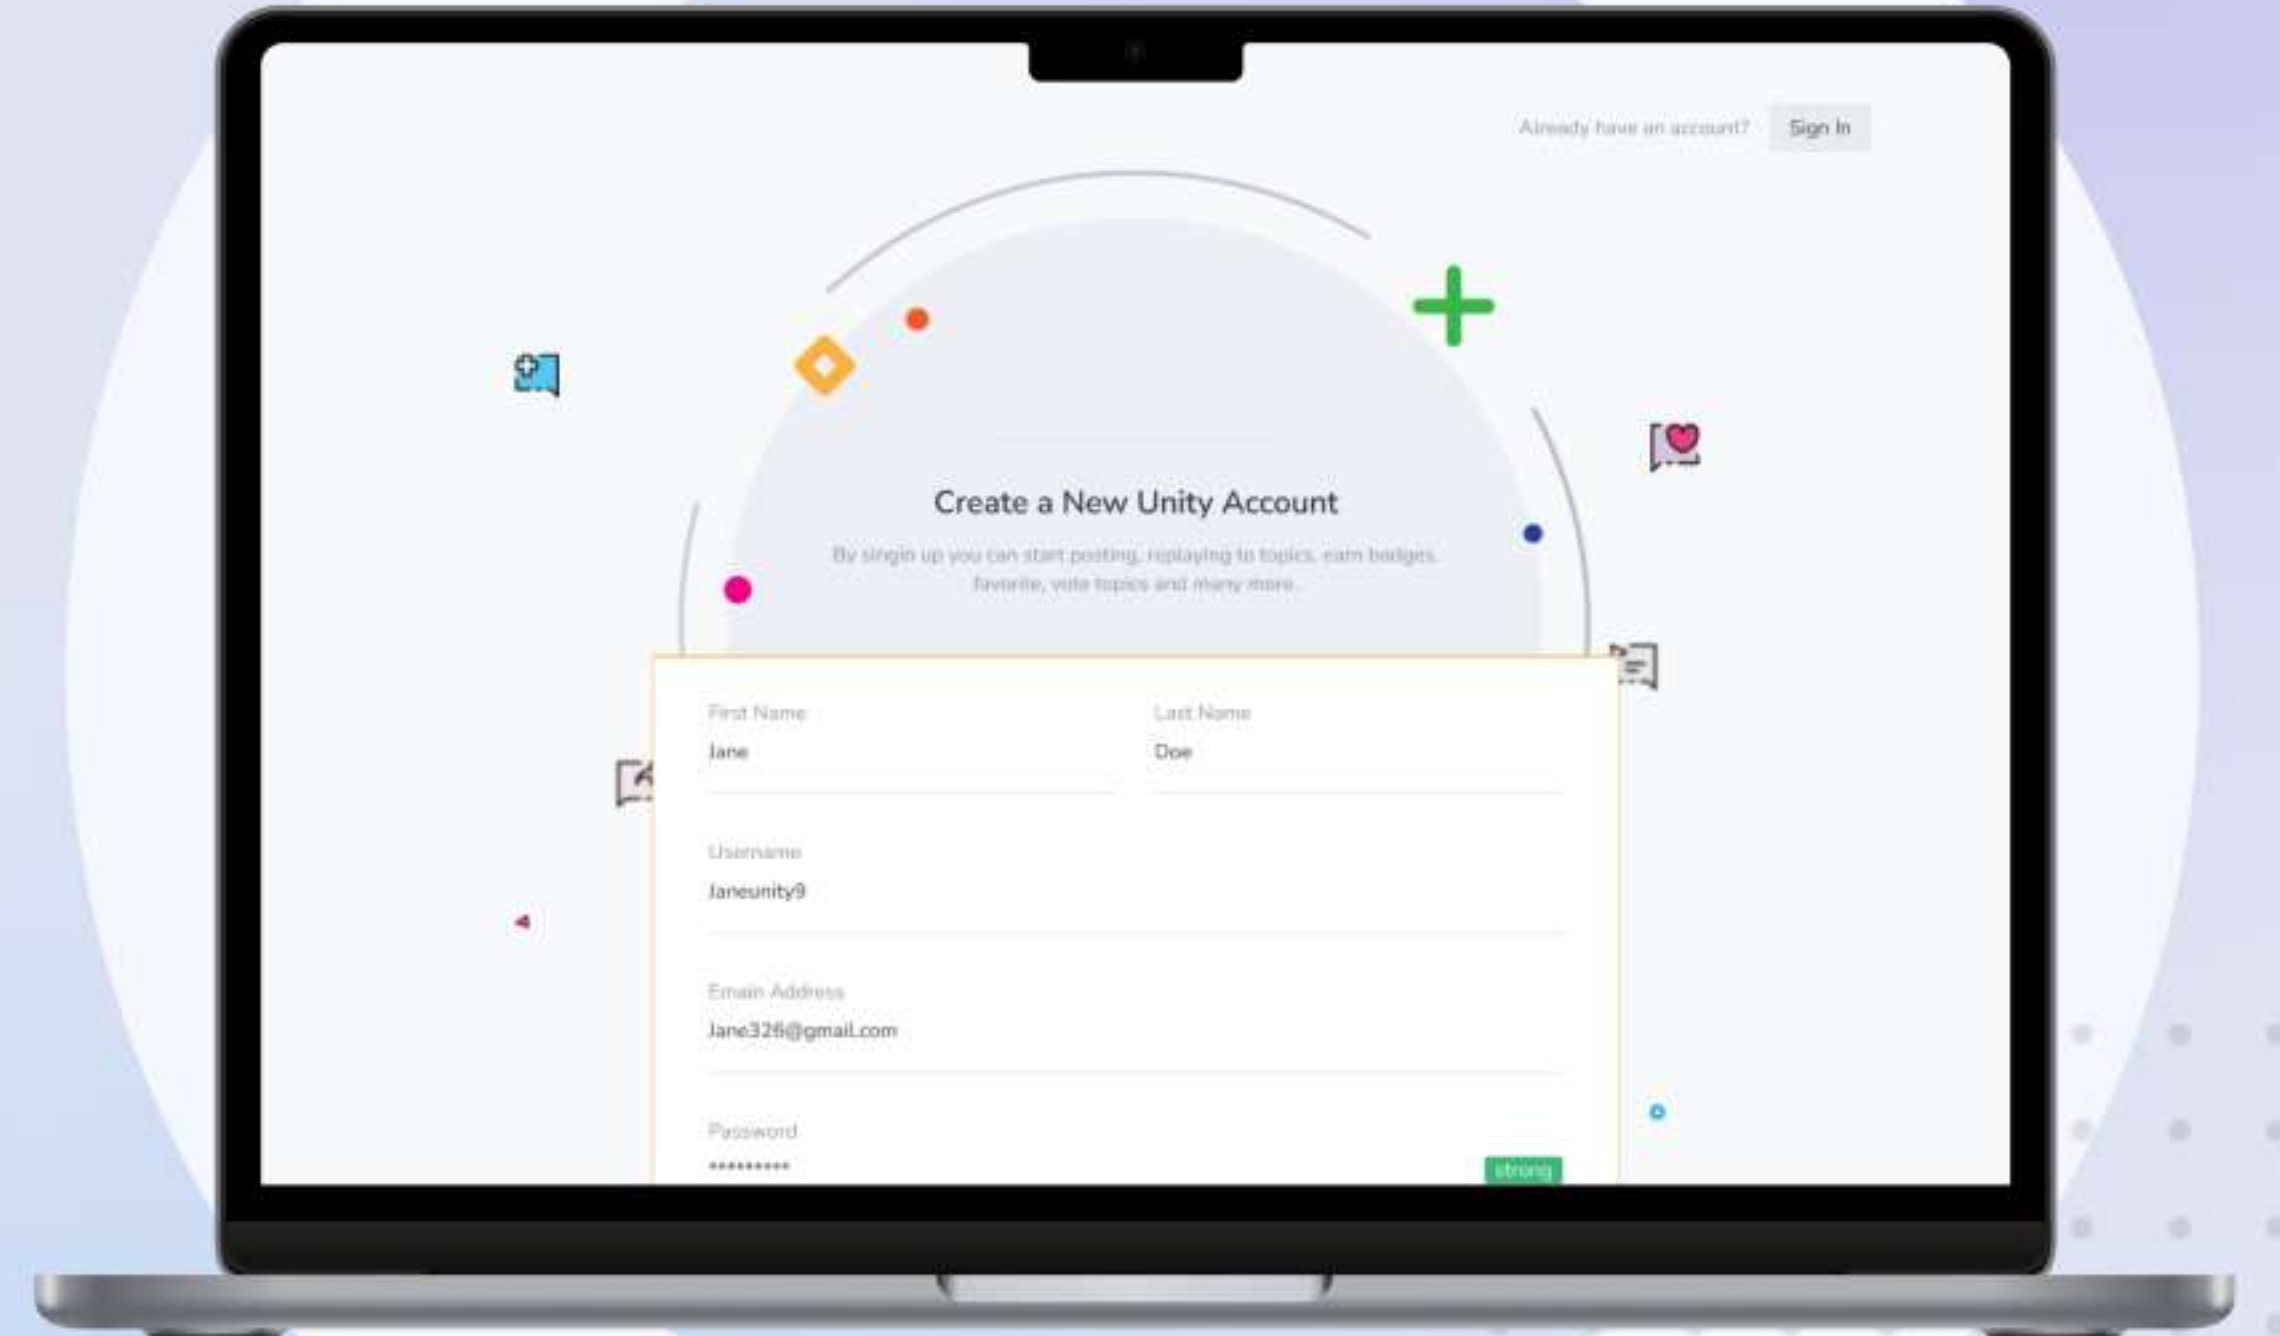

- ✓ Health tracking
- ✓ Medication reminders and adherence tracking
- ✓ Exercise and nutrition programs tailored to individual abilities and conditions
- ✓ Telehealth consultations
- ✓ Educational health resources
- ✓ Community forums
- ✓ Caregiver portal

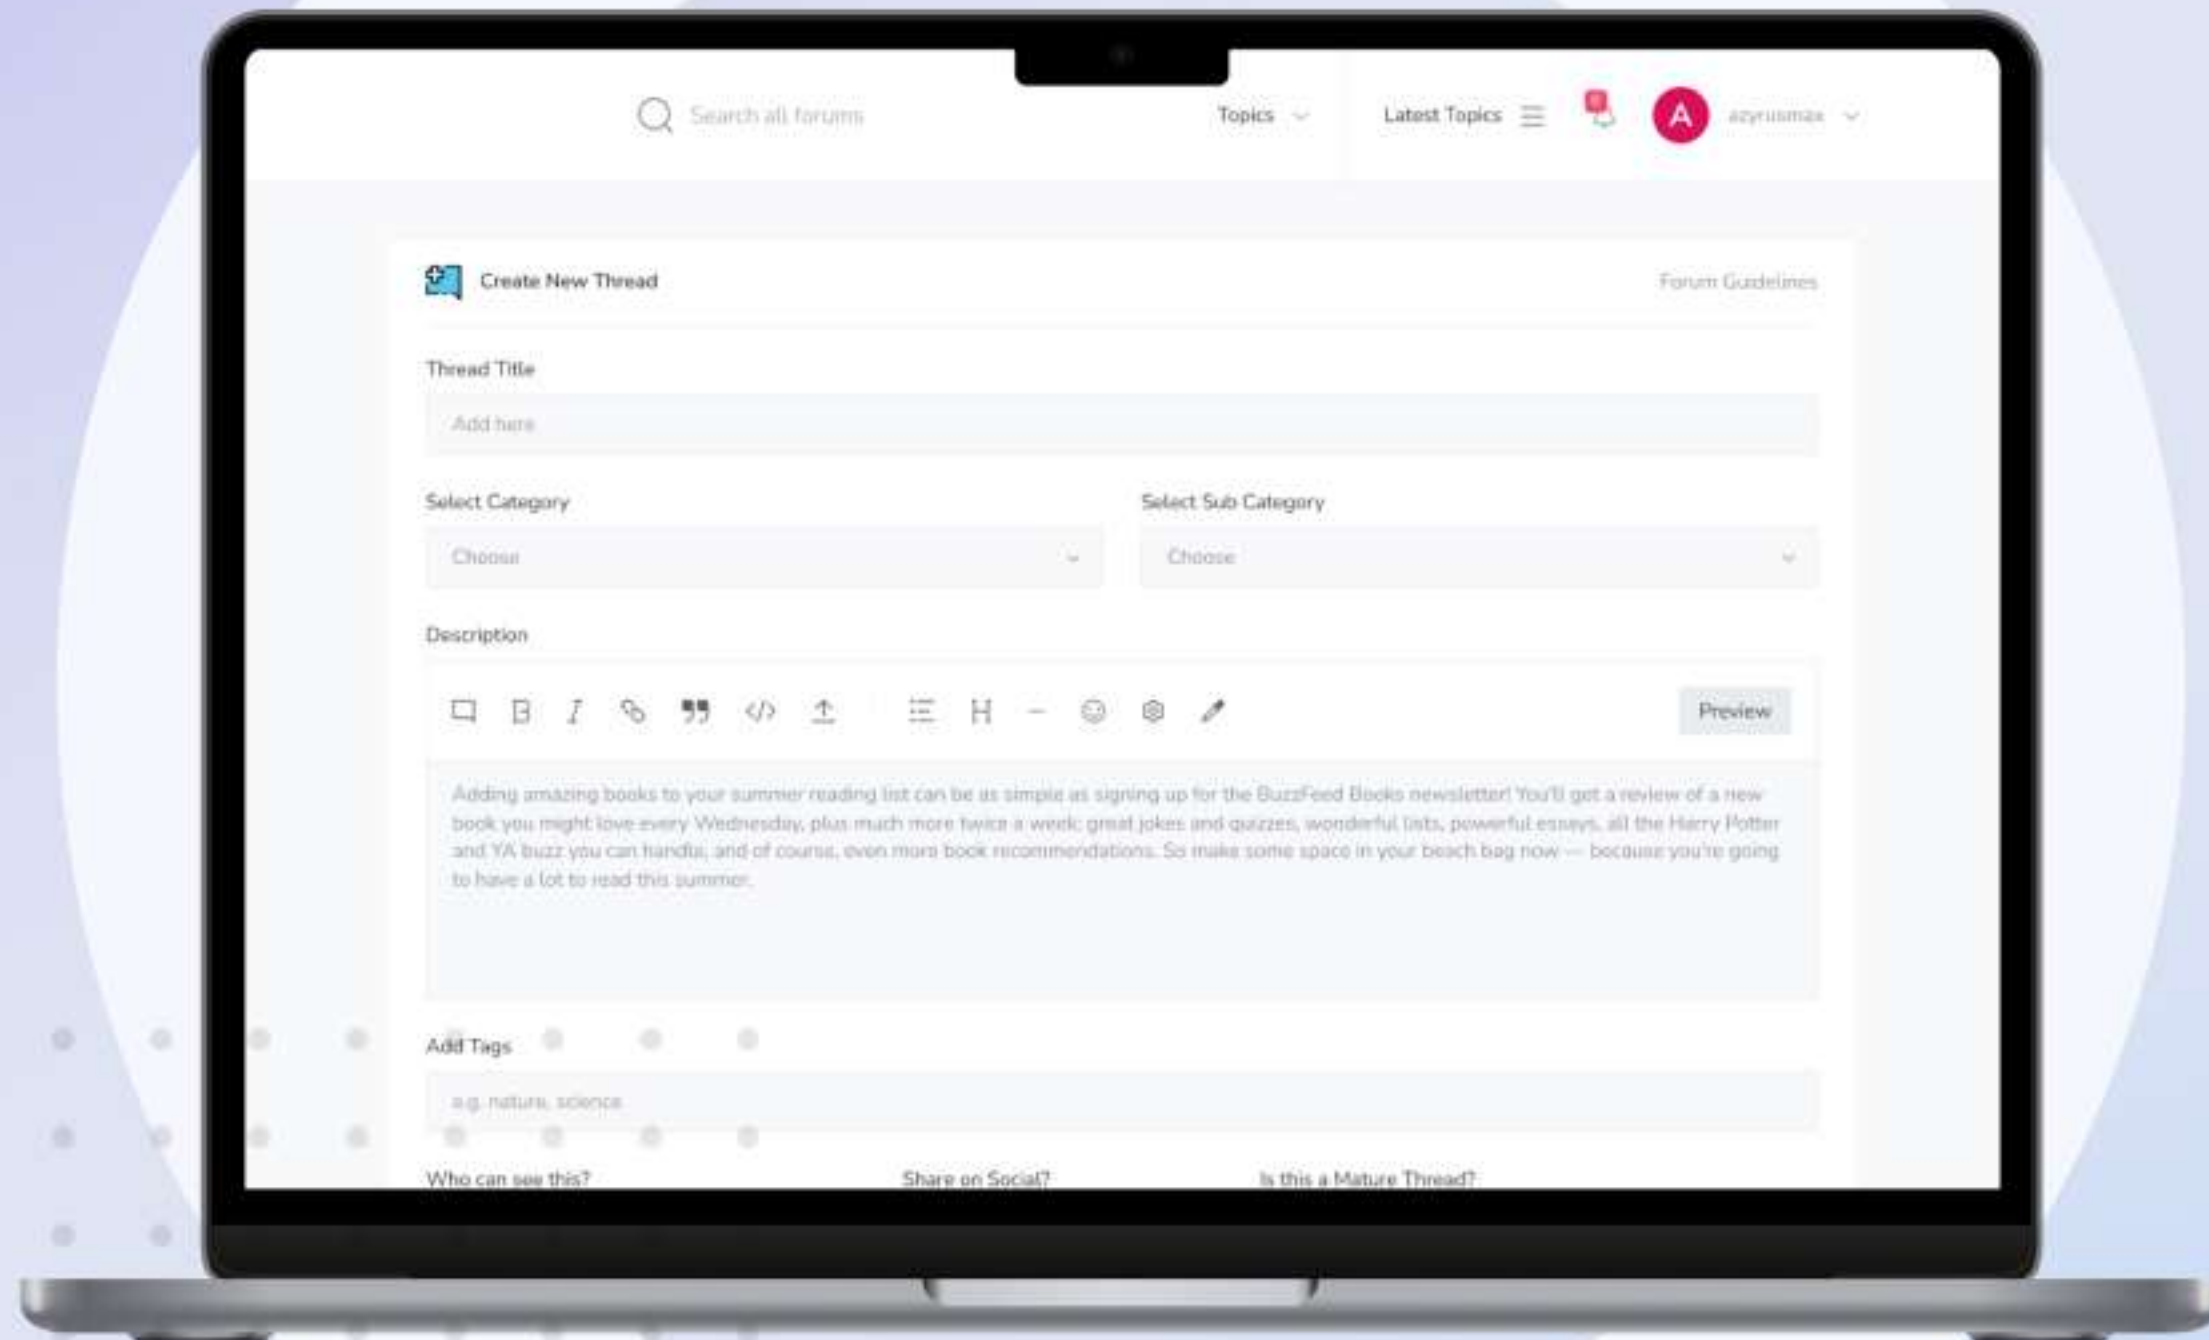

# Challenges

- ✓ Limited mobility and inability to participate in fitness classes or group activities
- ✓ A wide range of tech proficiency, some struggle learning new interfaces
- ✓ Entering health data daily can be difficult, leading to drop off in app engagement over time

# Solutions

Develop a mobile app with features like:

- Health tracking
- Medication reminders
- Customized exercise programs
- Educational resources
- Telehealth consultations
- Community forums
- Caregiver portals

Ensure accessibility with:

- Simplified menus
- Tutorials
- Help desk support

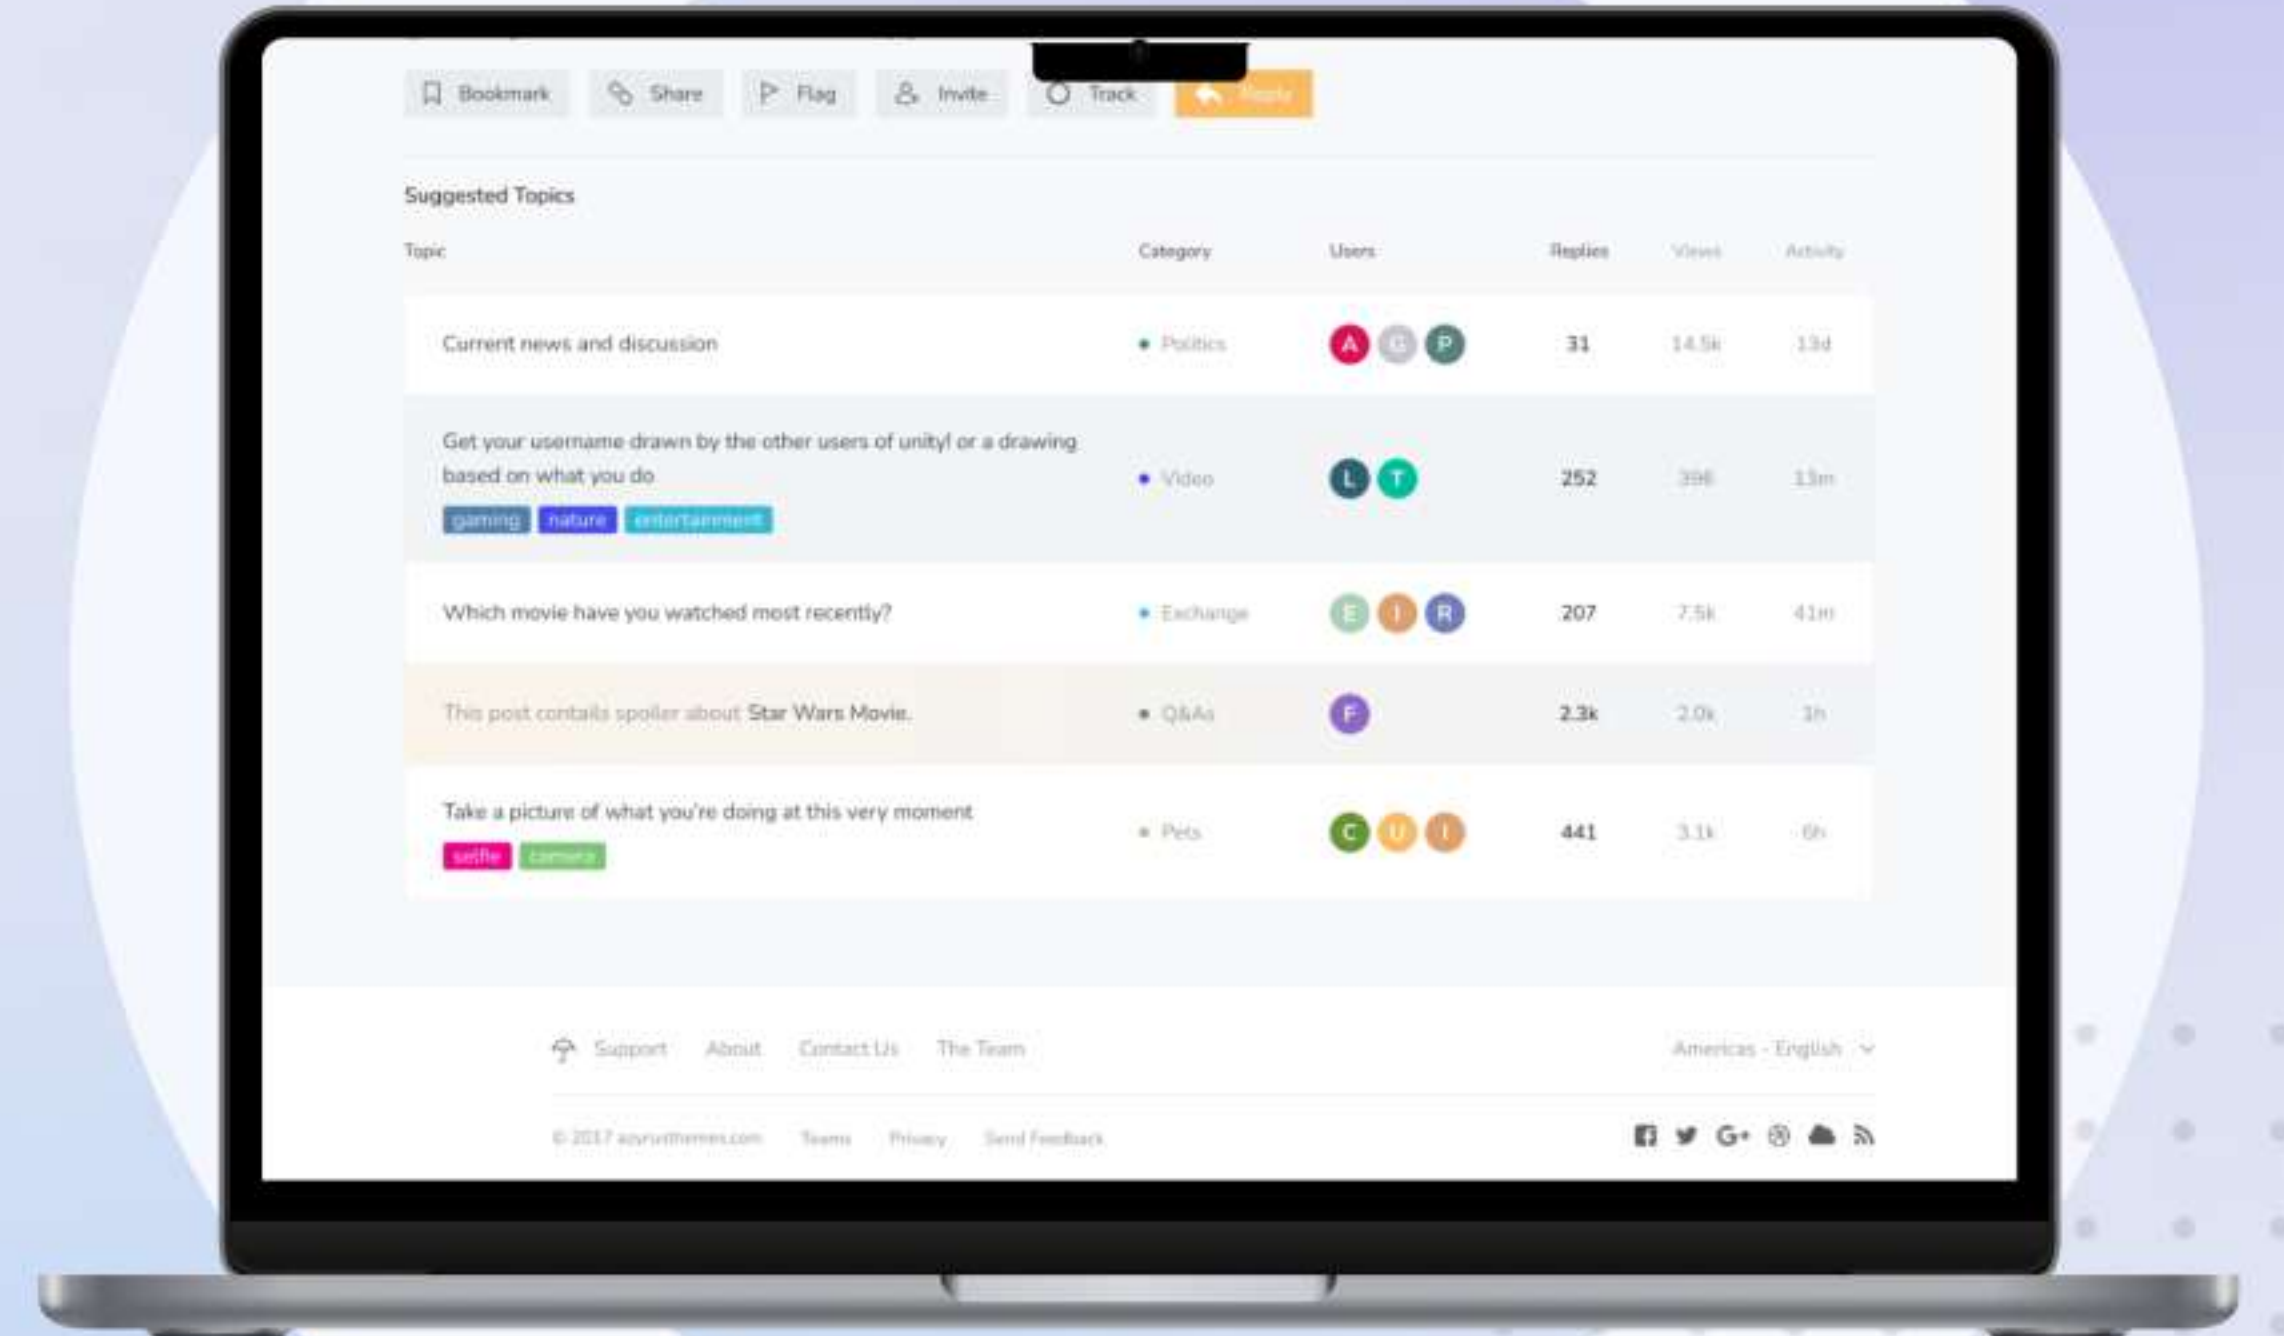

Make data entry easier by:

- Integrating with health devices
- Sending notifications to encourage sustained use

# Impact

- ✓ Provides tailored wellness support to seniors at home on their own schedule
- ✓ Easy tracking and reminders improve health adherence
- ✓ Telehealth provides access to care while reducing travel
- ✓ Customized programs allow seniors to maintain health despite mobility challenges
- ✓ User retention is higher thanks to accessibility and convenience features

# E-learning Platform

- Online platform for continuous skills development and professional training. targets specific industries and job roles

- ✓ Make personalized recommendations based on usage data
- ✓ Send alerts on new products, renewal reminders, etc. to drive engagement
- ✓ Integrate with dispensaries to link orders to patient allotments

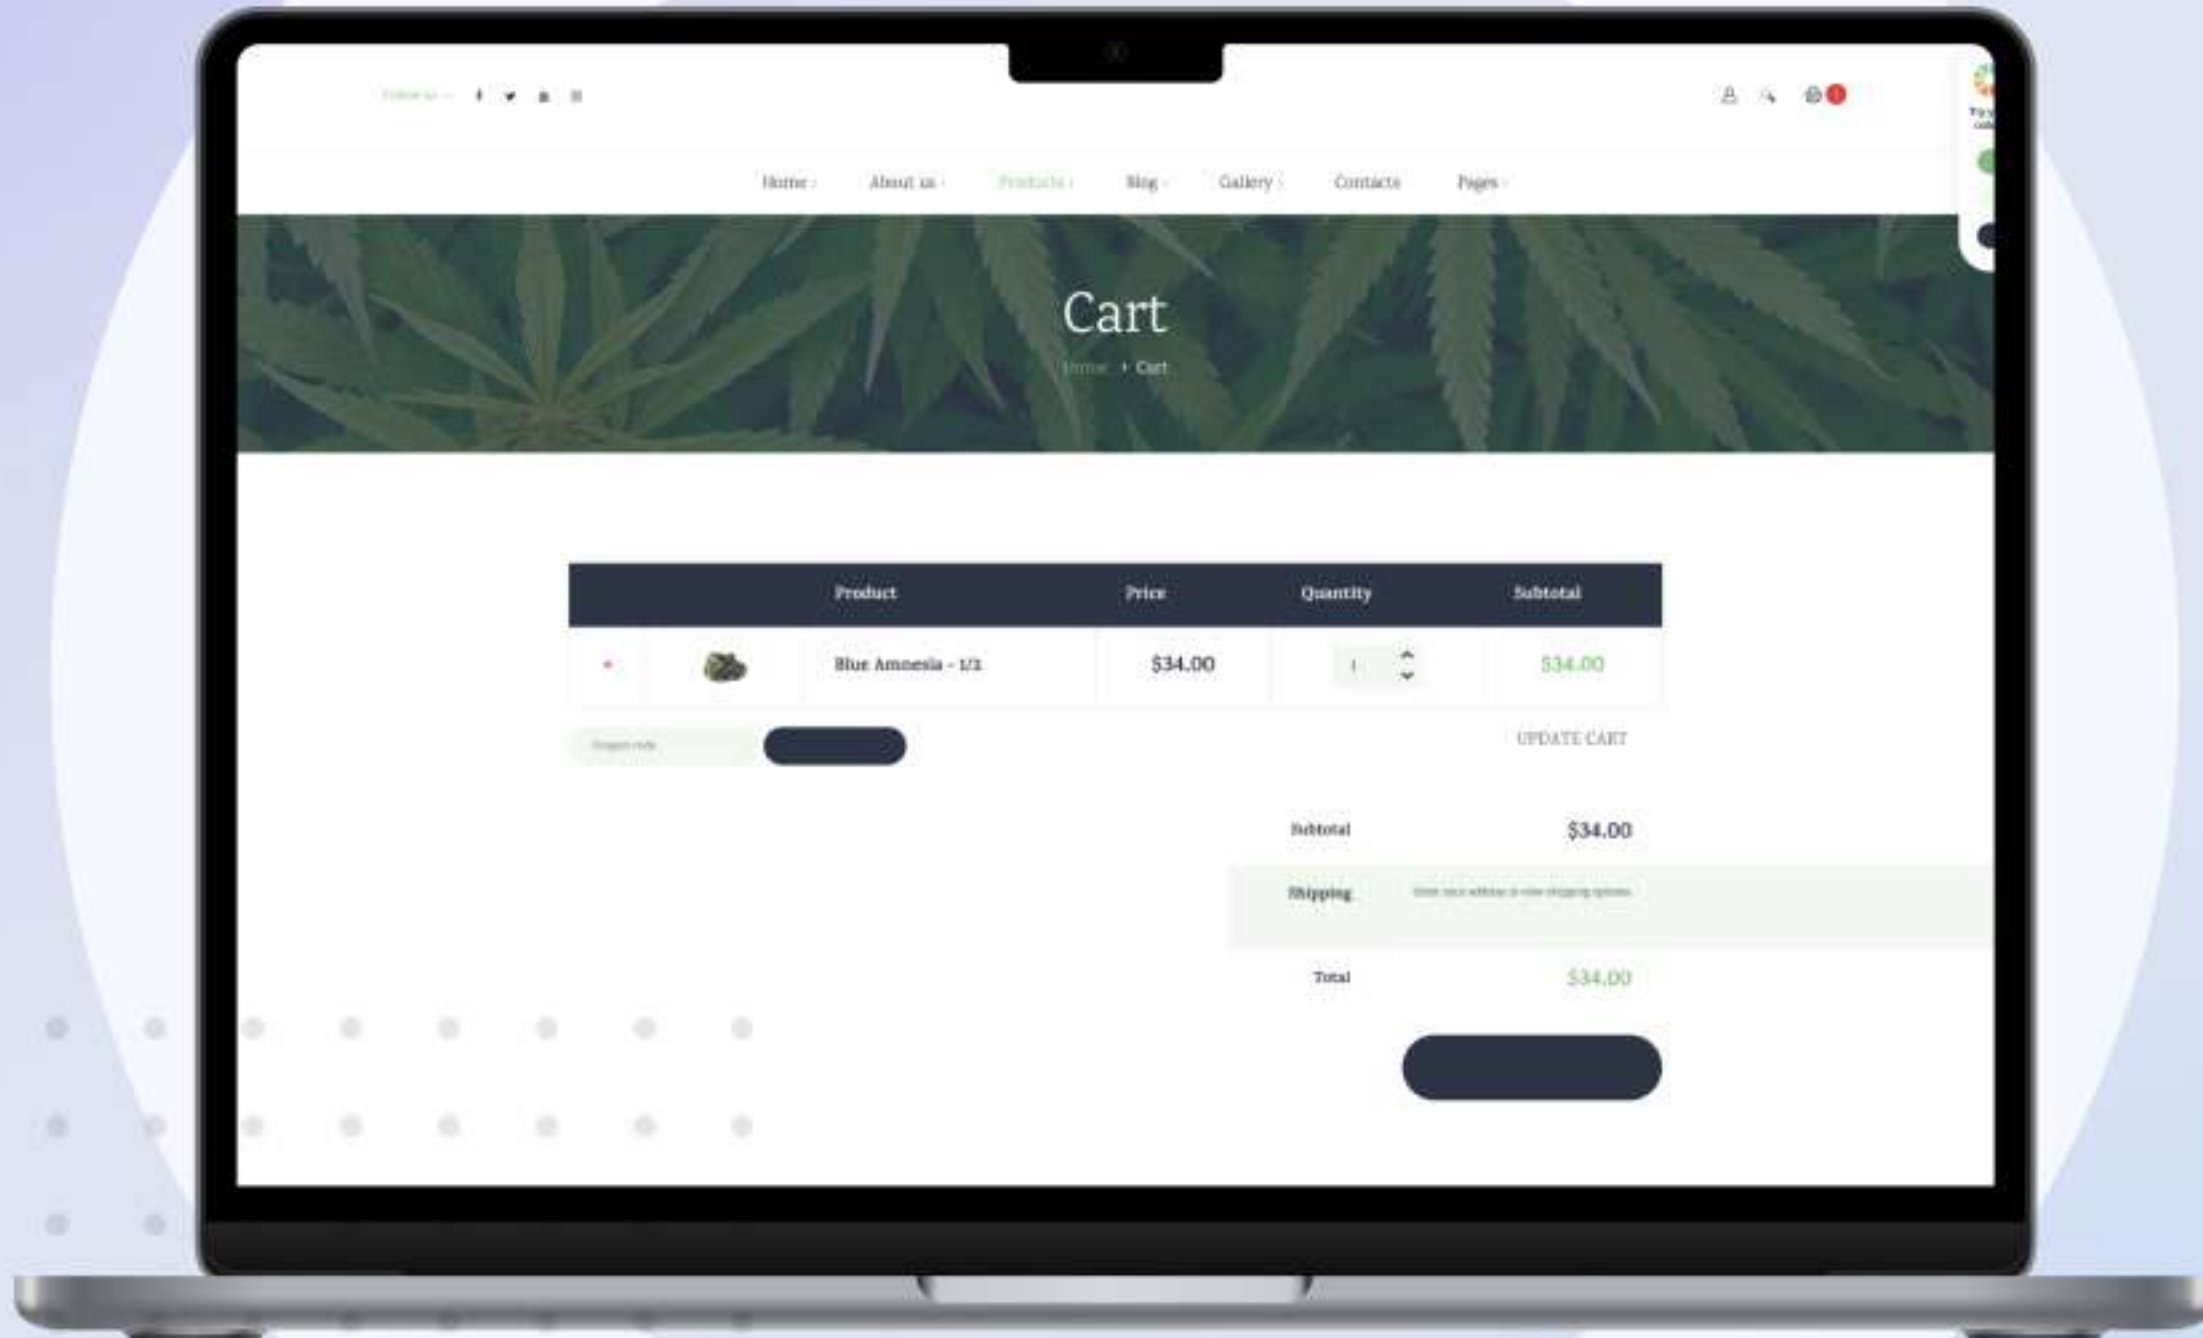

# Challenges

- ✓ Validating patient credentials and prescription status
- ✓ Showing product availability across disjointed dispensaries
- ✓ Personalizing recommendations with limited customer data
- ✓ Scaling platform quickly while ensuring full compliance
- ✓ Educating patients and promoting engagement

# Solutions

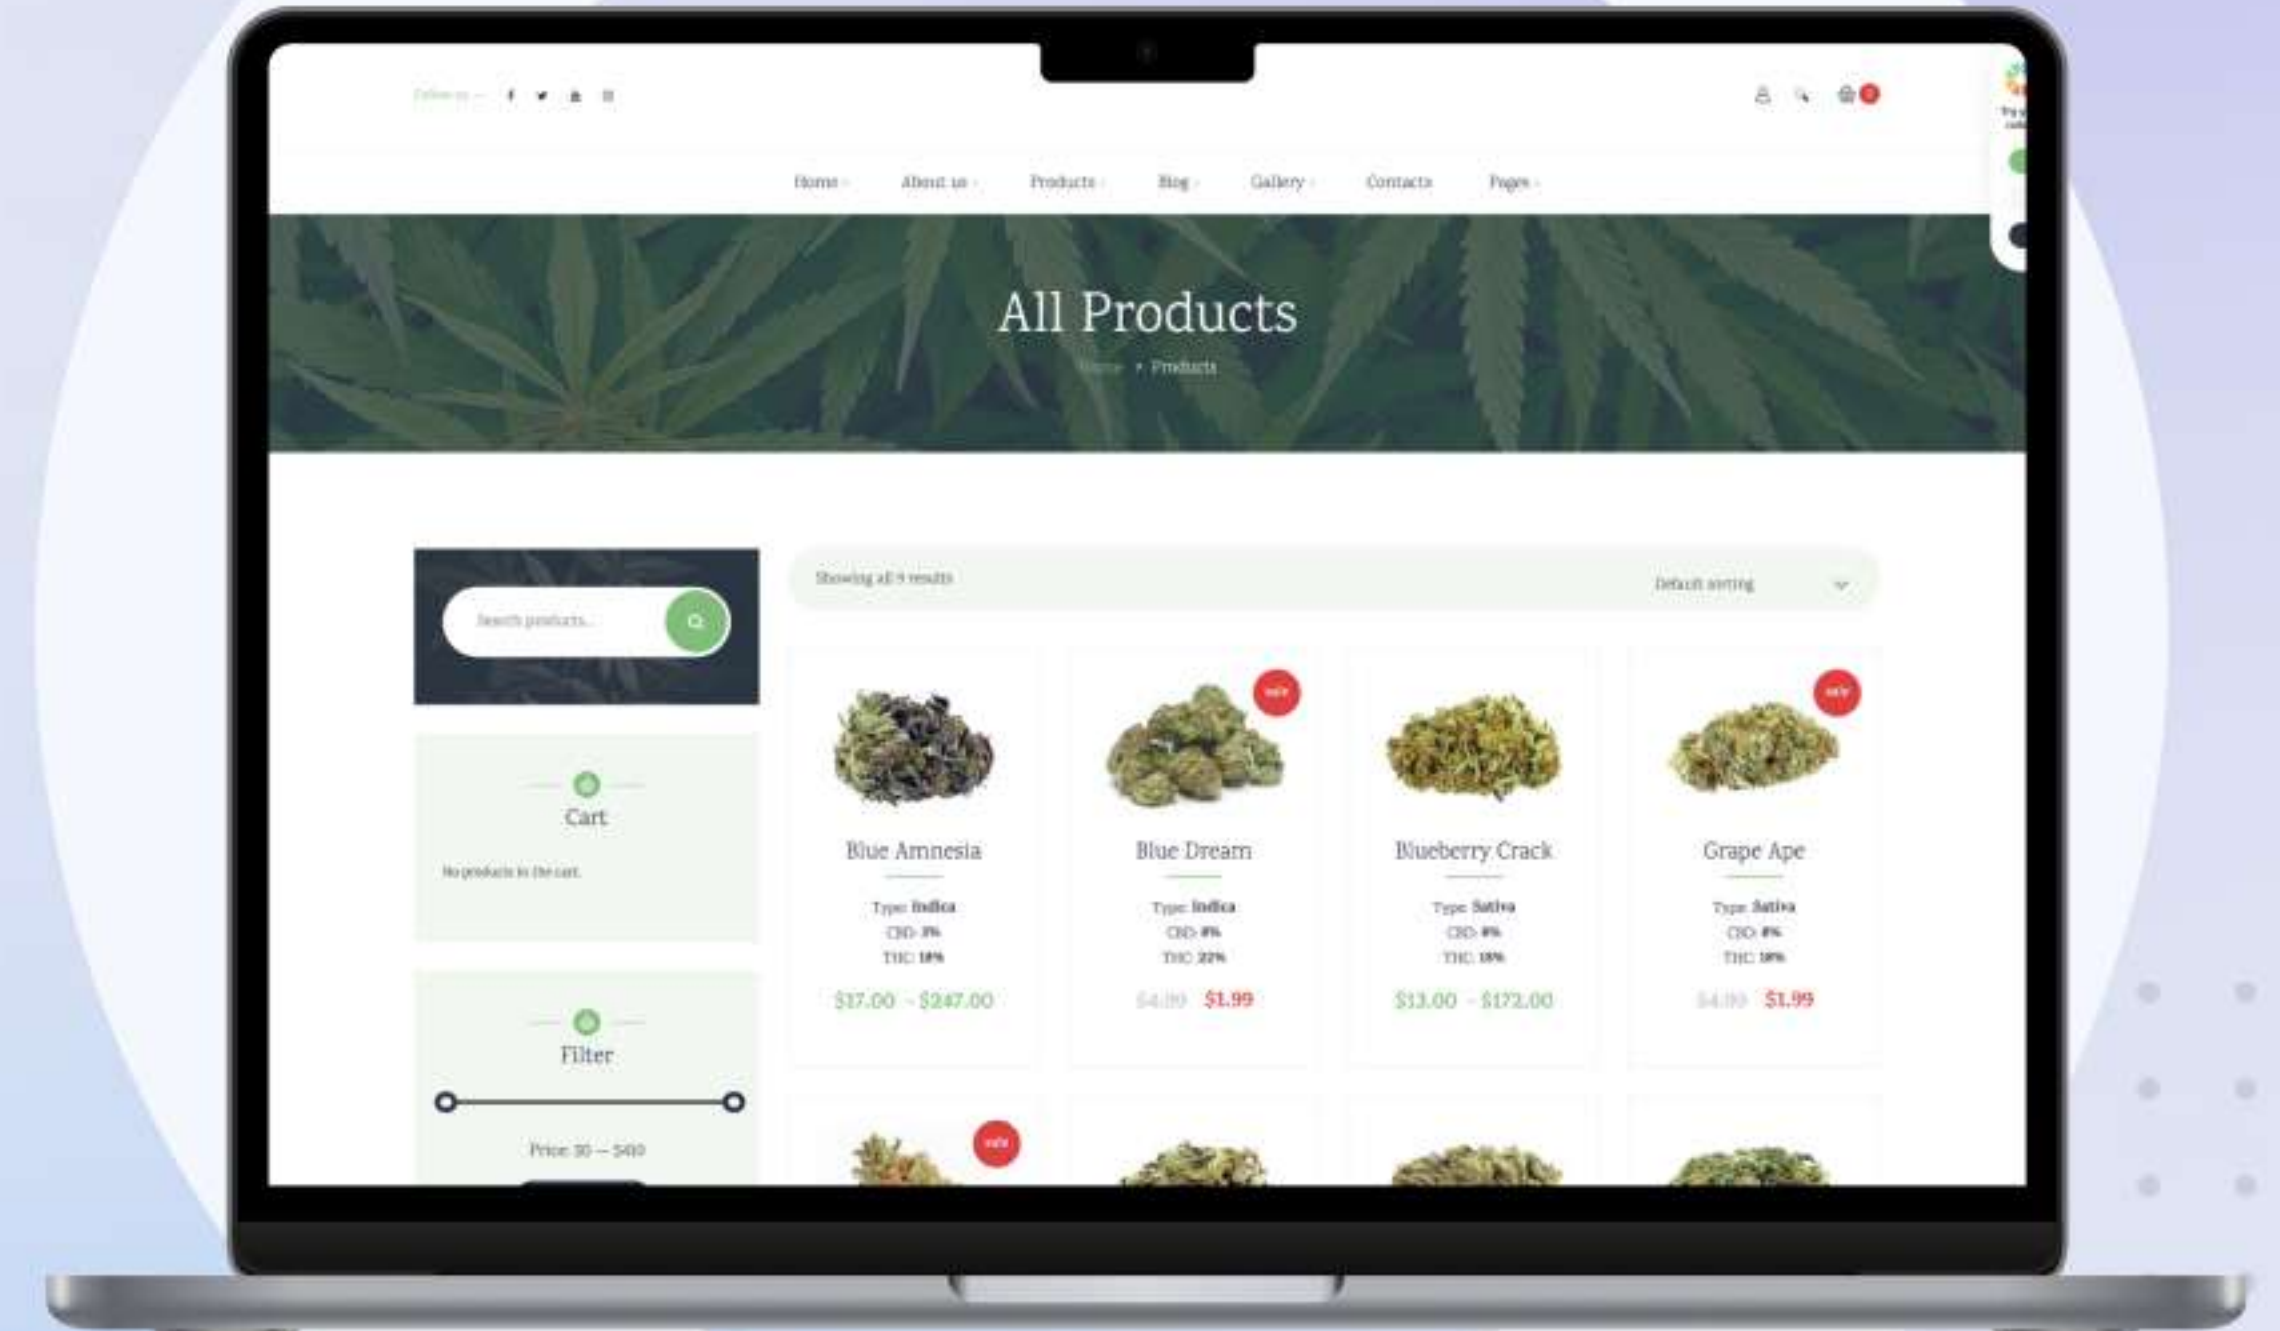

- ✓ Authentication integrations to verify patient access
- ✓ Dispensary integrations to show localized product availability
- ✓ Strain recommendations based on collective data
- ✓ State-by-state modular architecture for compliance
- ✓ Robust strain information and community features

# Impact

- ✓ 45% increase in patients served
- ✓ 60% improvement in product order conversion rates
- ✓ 30% reduction in patient acquisition costs
- ✓ 75% patient satisfaction score based on surveys

# Providing Seamless Digital Banking

DigitalBank wanted to provide a seamless mobile banking experience to simplify financial management and provide convenience to customers.

# Features

- ✓ Account Overview
- ✓ Transfer Money
- ✓ Pay Bills
- ✓ Deposit Checks
- ✓ Locate Branches & ATMs
- ✓ Financial Management
- ✓ Security

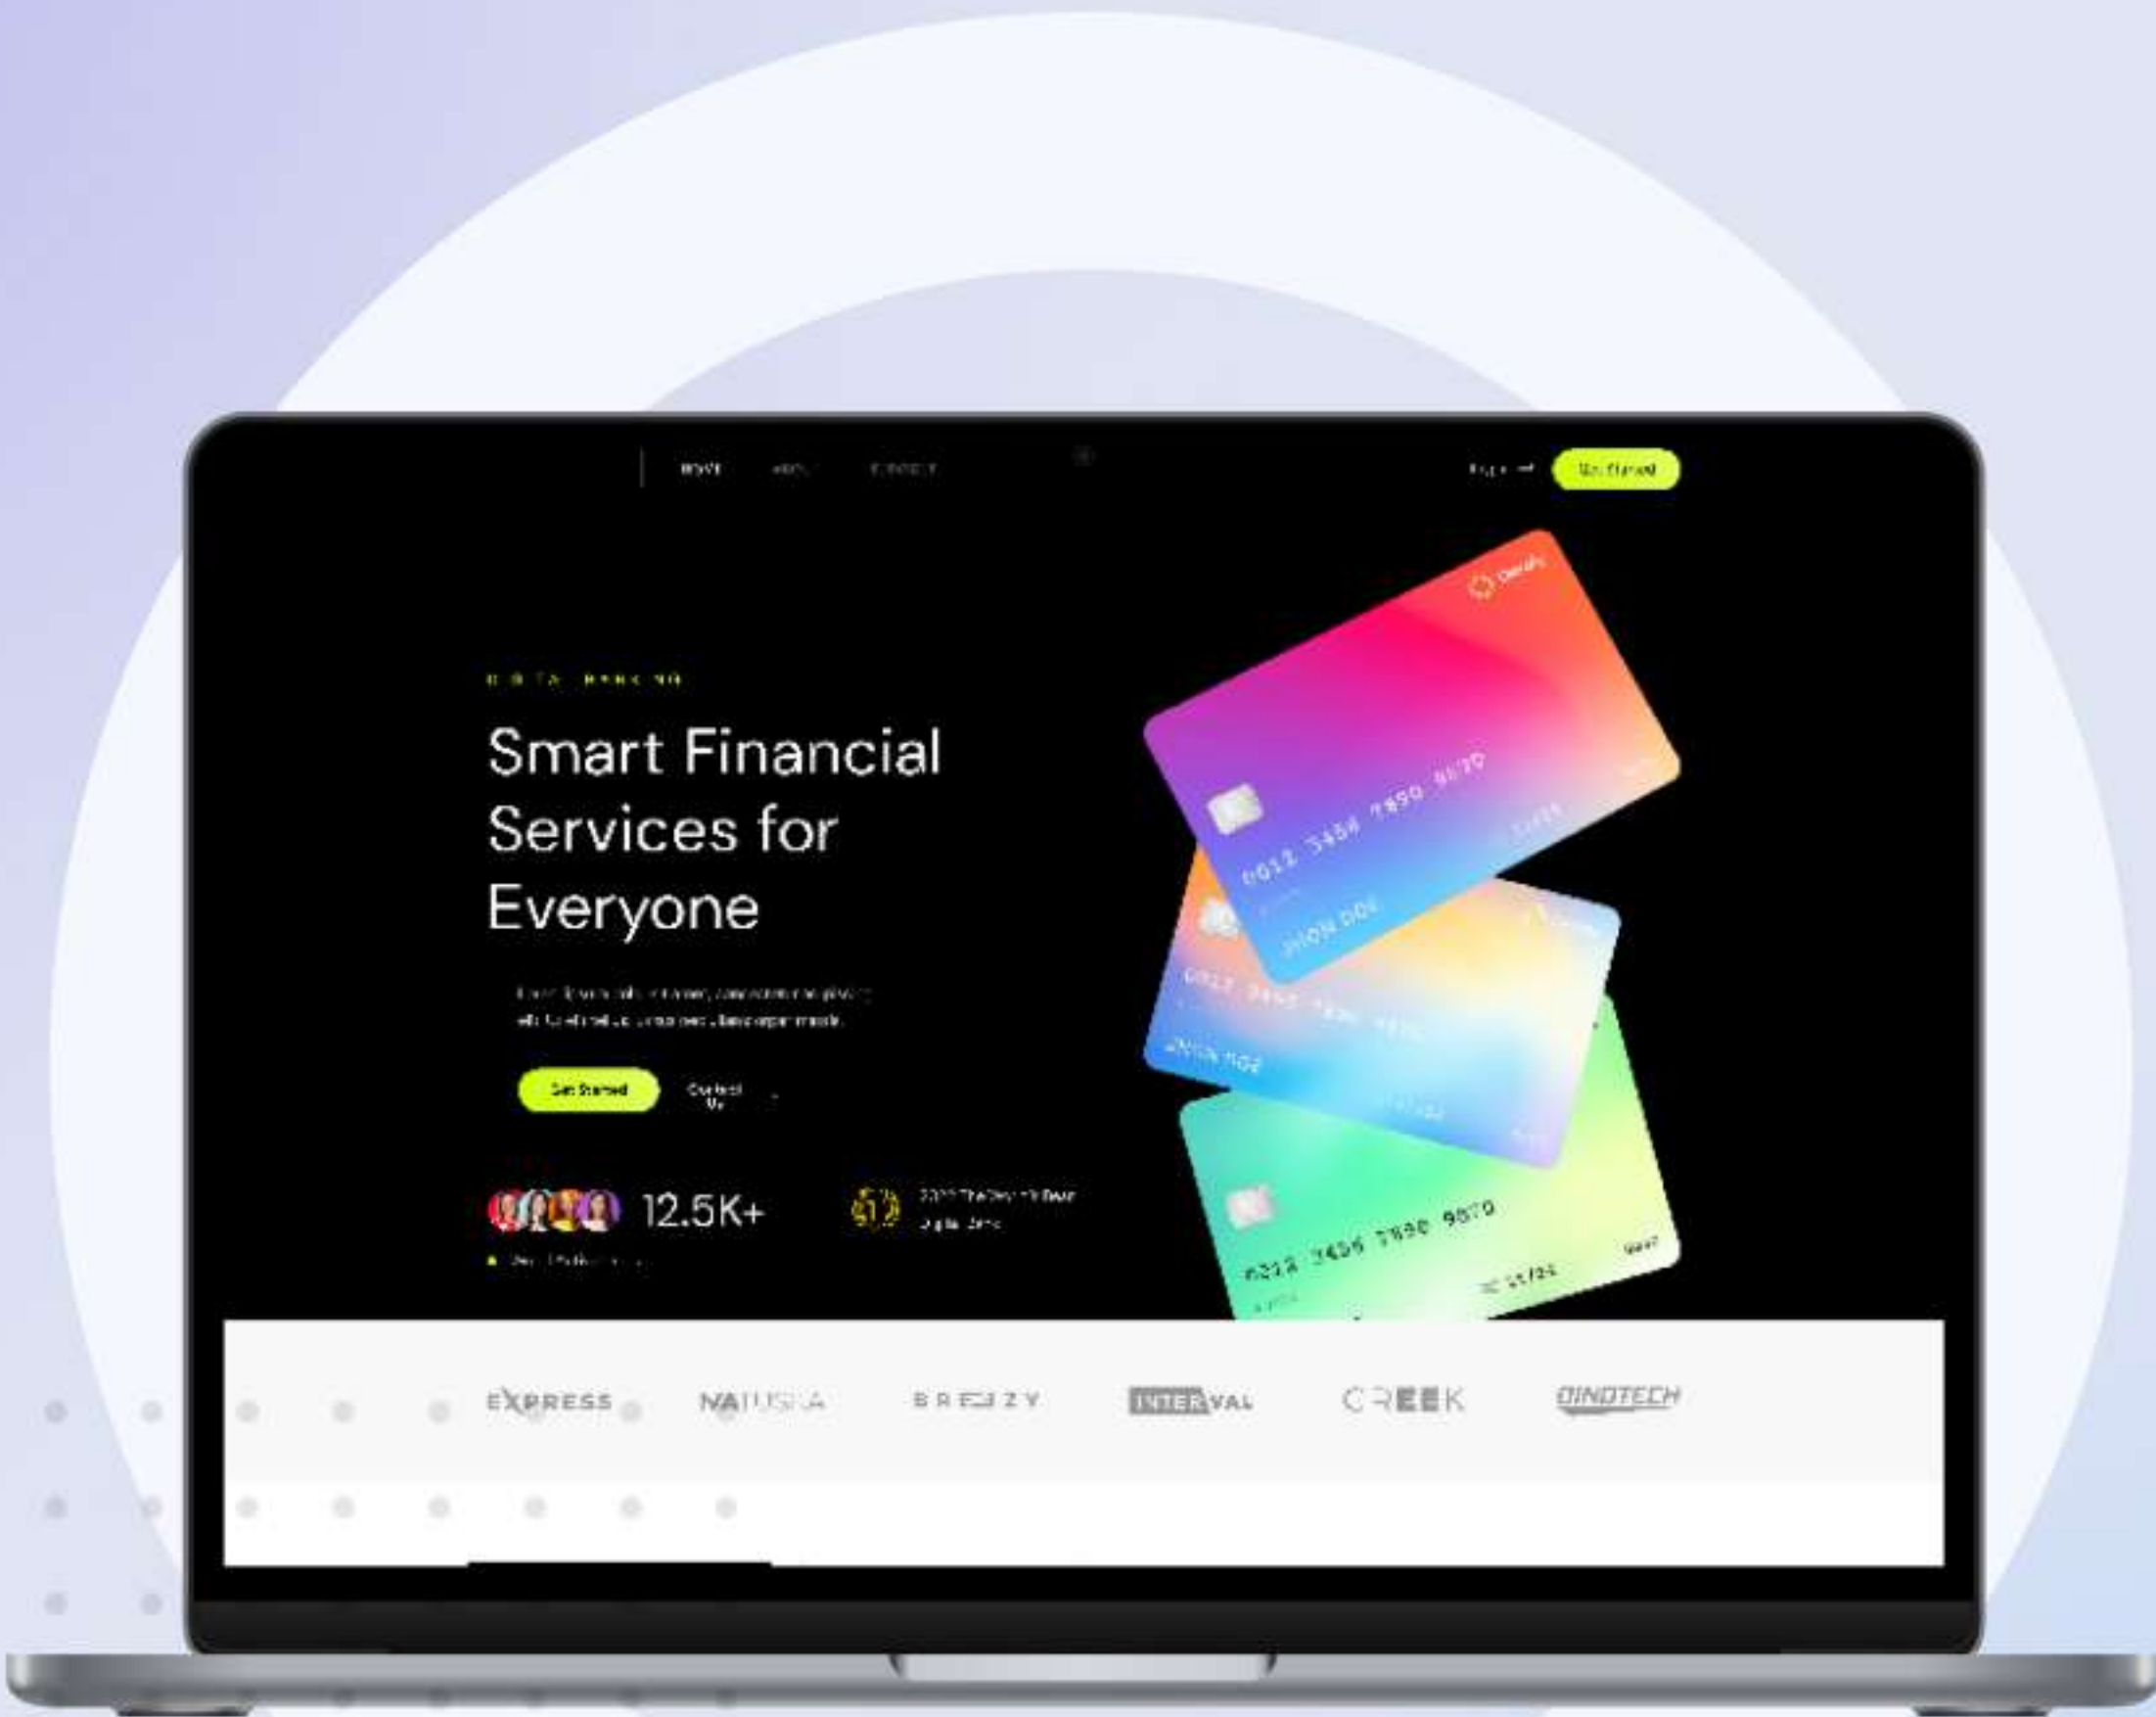

# Challenges

- ✓ Providing an intuitive consolidated view of fragmented financial information
- ✓ Onboarding users and driving engagement with the webapp
- ✓ Delivering sophisticated capabilities through a simple interface
- ✓ Detecting and preventing fraudulent activity
- ✓ Providing helpful customer support at scale

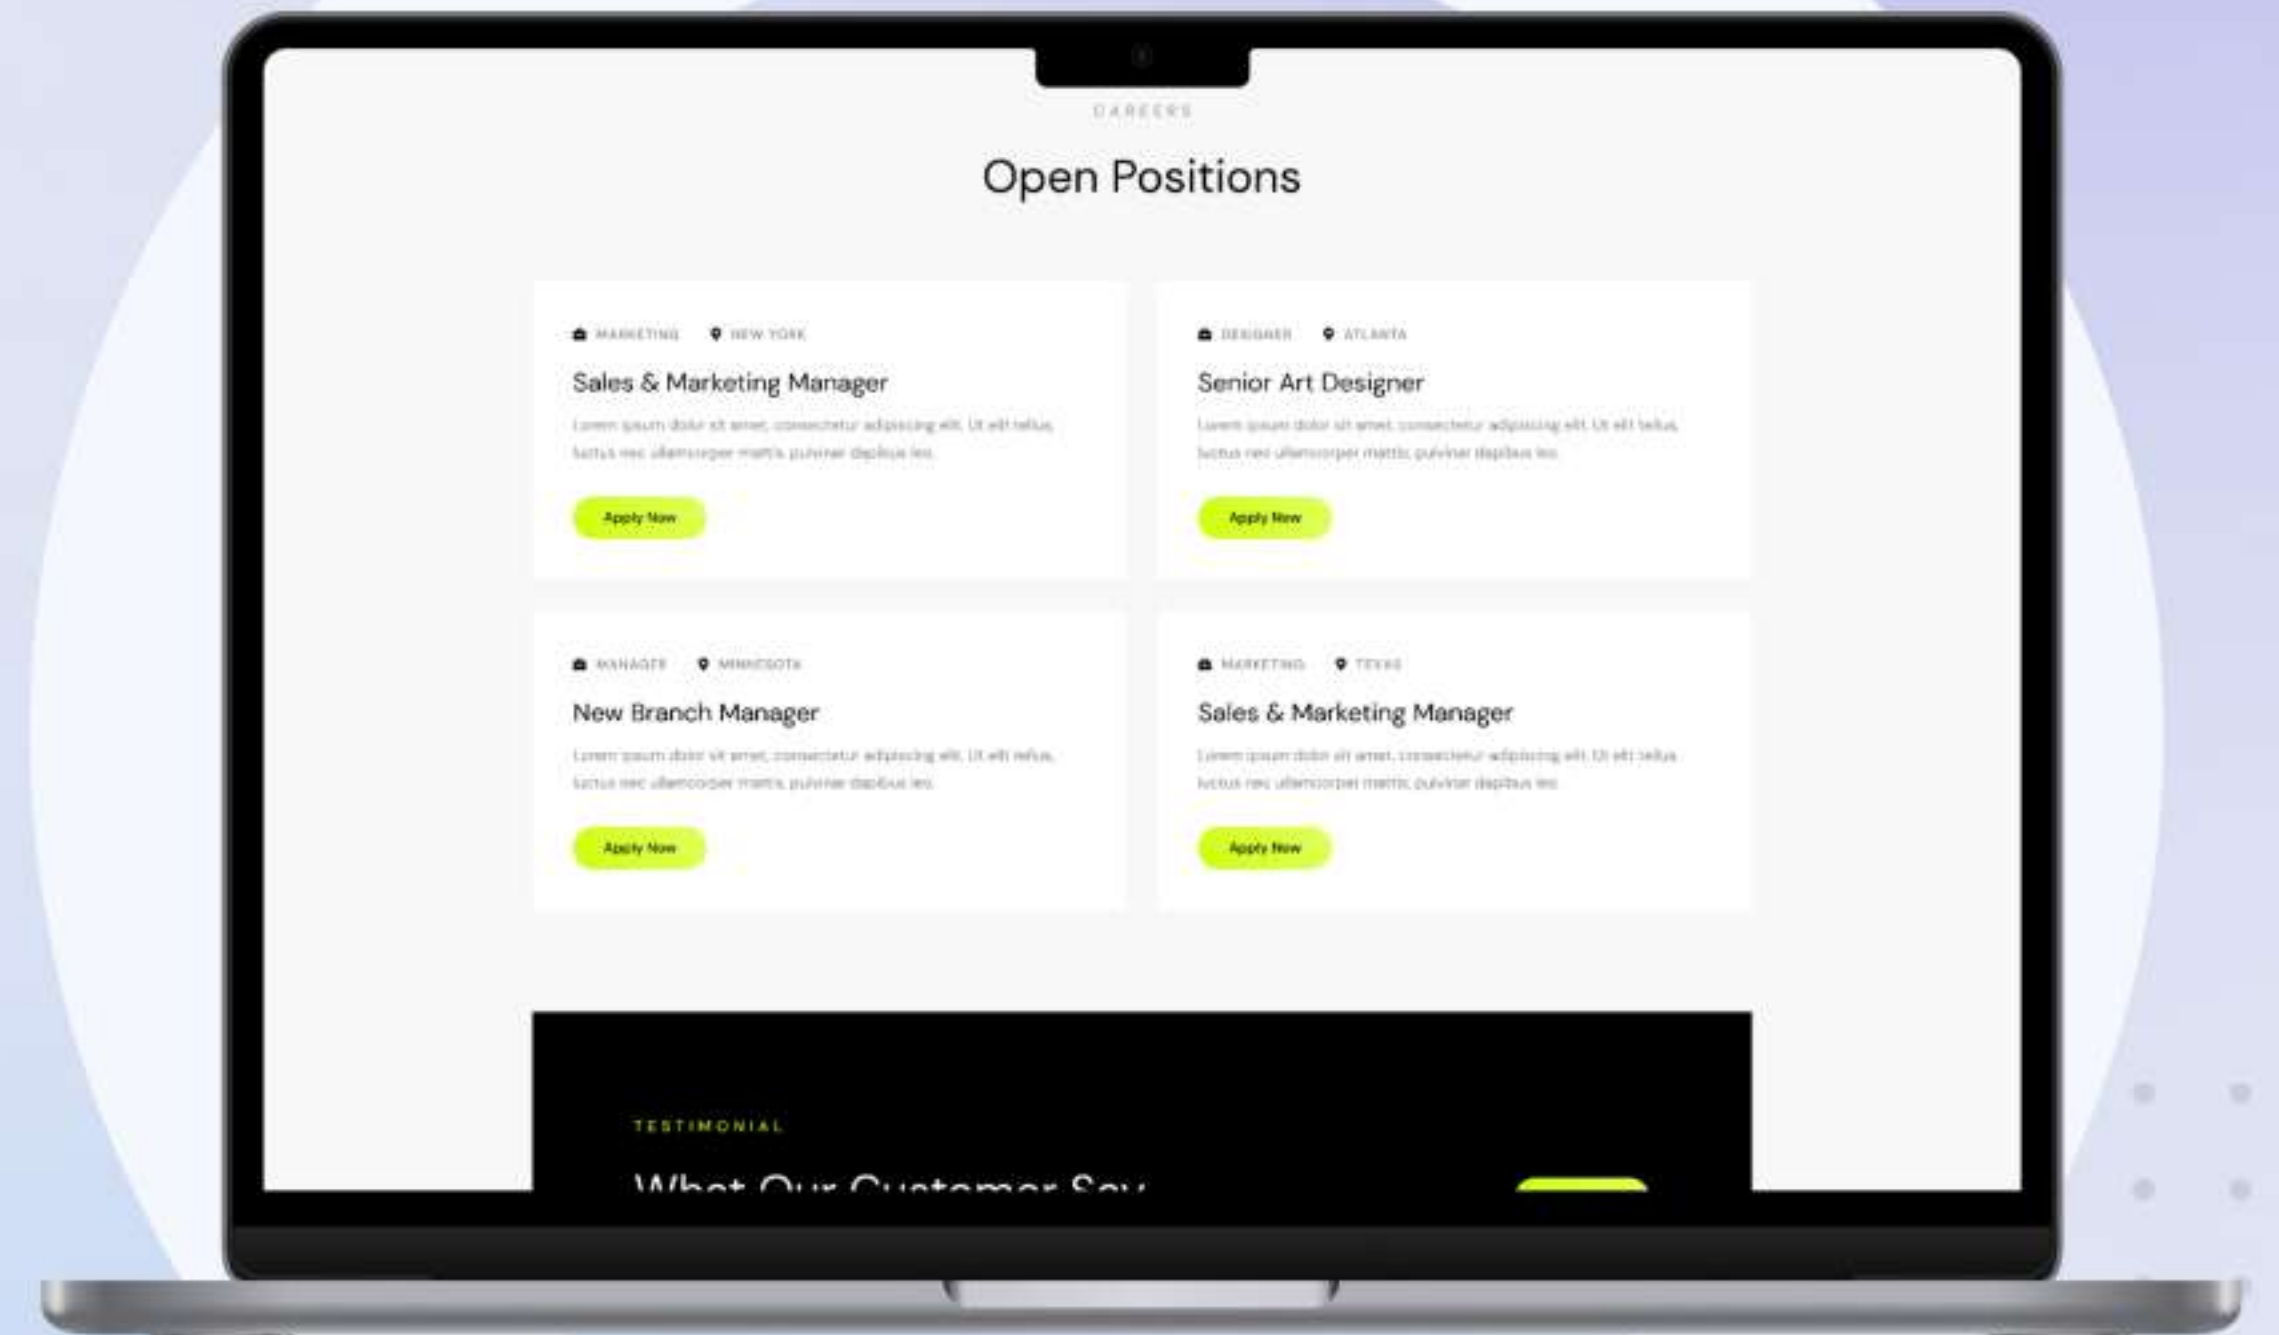

# Solutions

- ✓ Unified Finance Hub
- ✓ Personalized Insights and Education
- ✓ Simplified Money Movement
- ✓ Advanced Security
- ✓ AI Assistant and Help Center

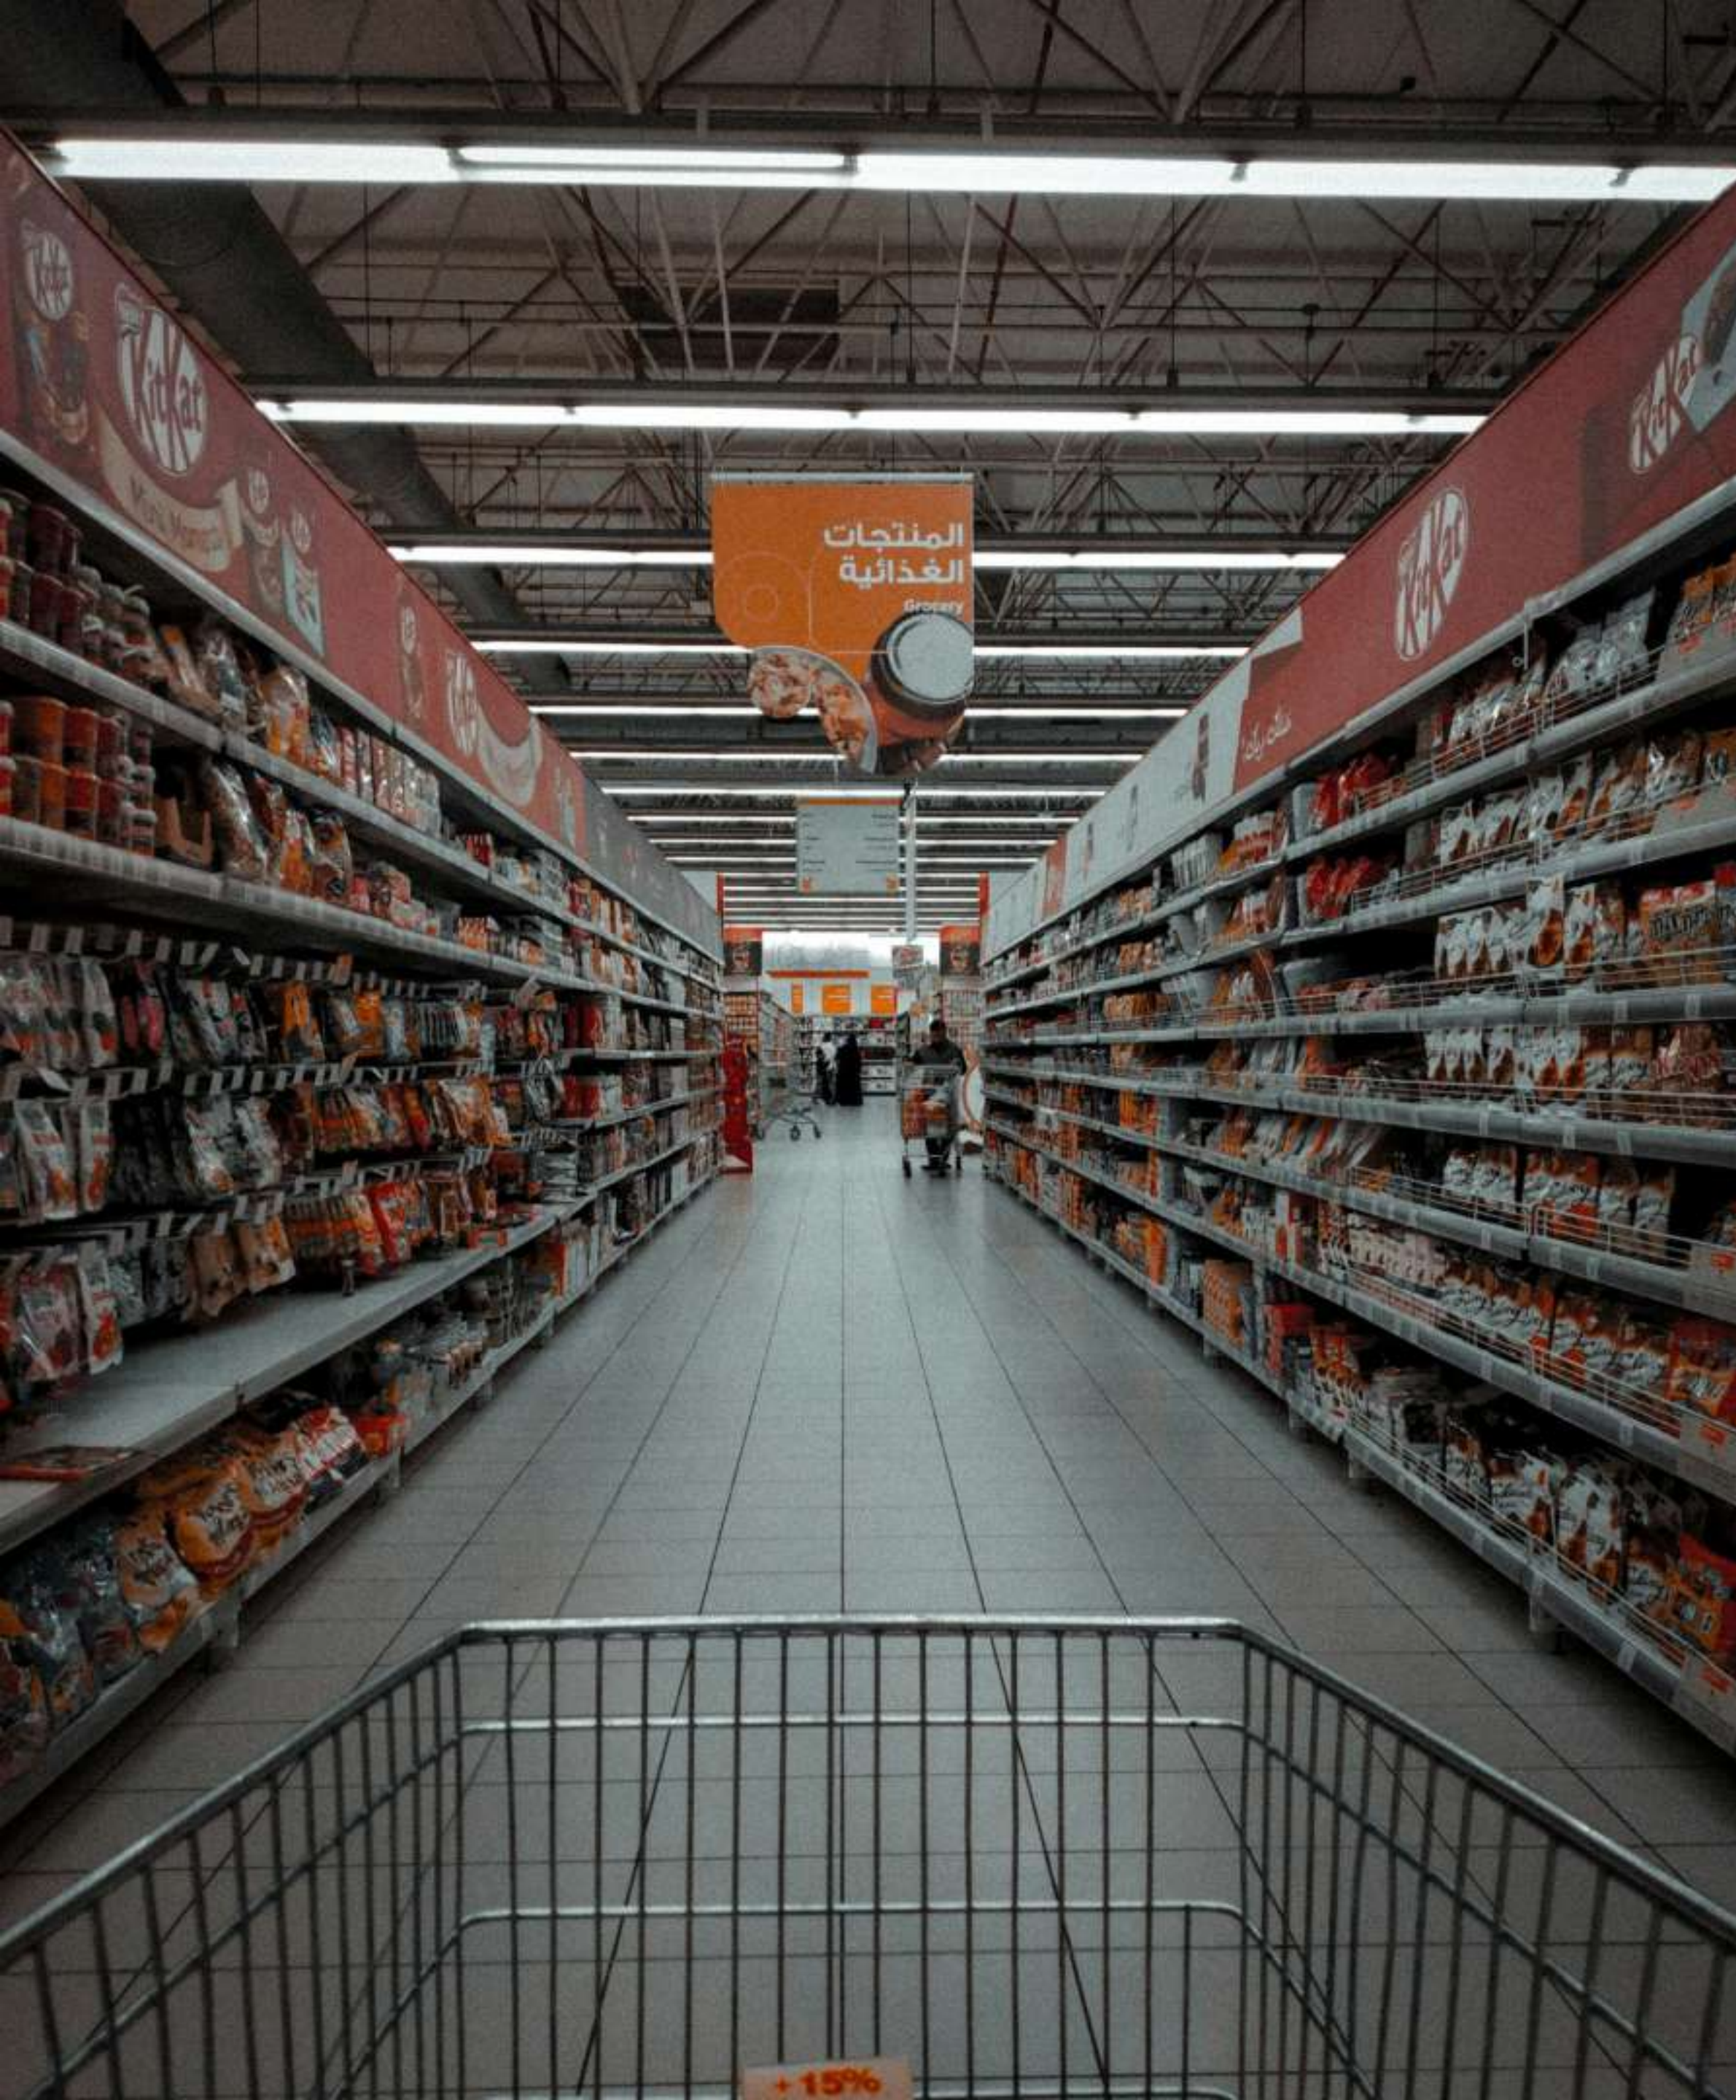

# Impact

- ✓ 35% increase in customer logins per month
- ✓ 15% higher cross-sell rate of financial products
- ✓ 60% resolution of support queries via self-service
- ✓ 99.9% blocking of fraudulent transactions
- ✓ 10x faster onboarding time for new customers

# Features

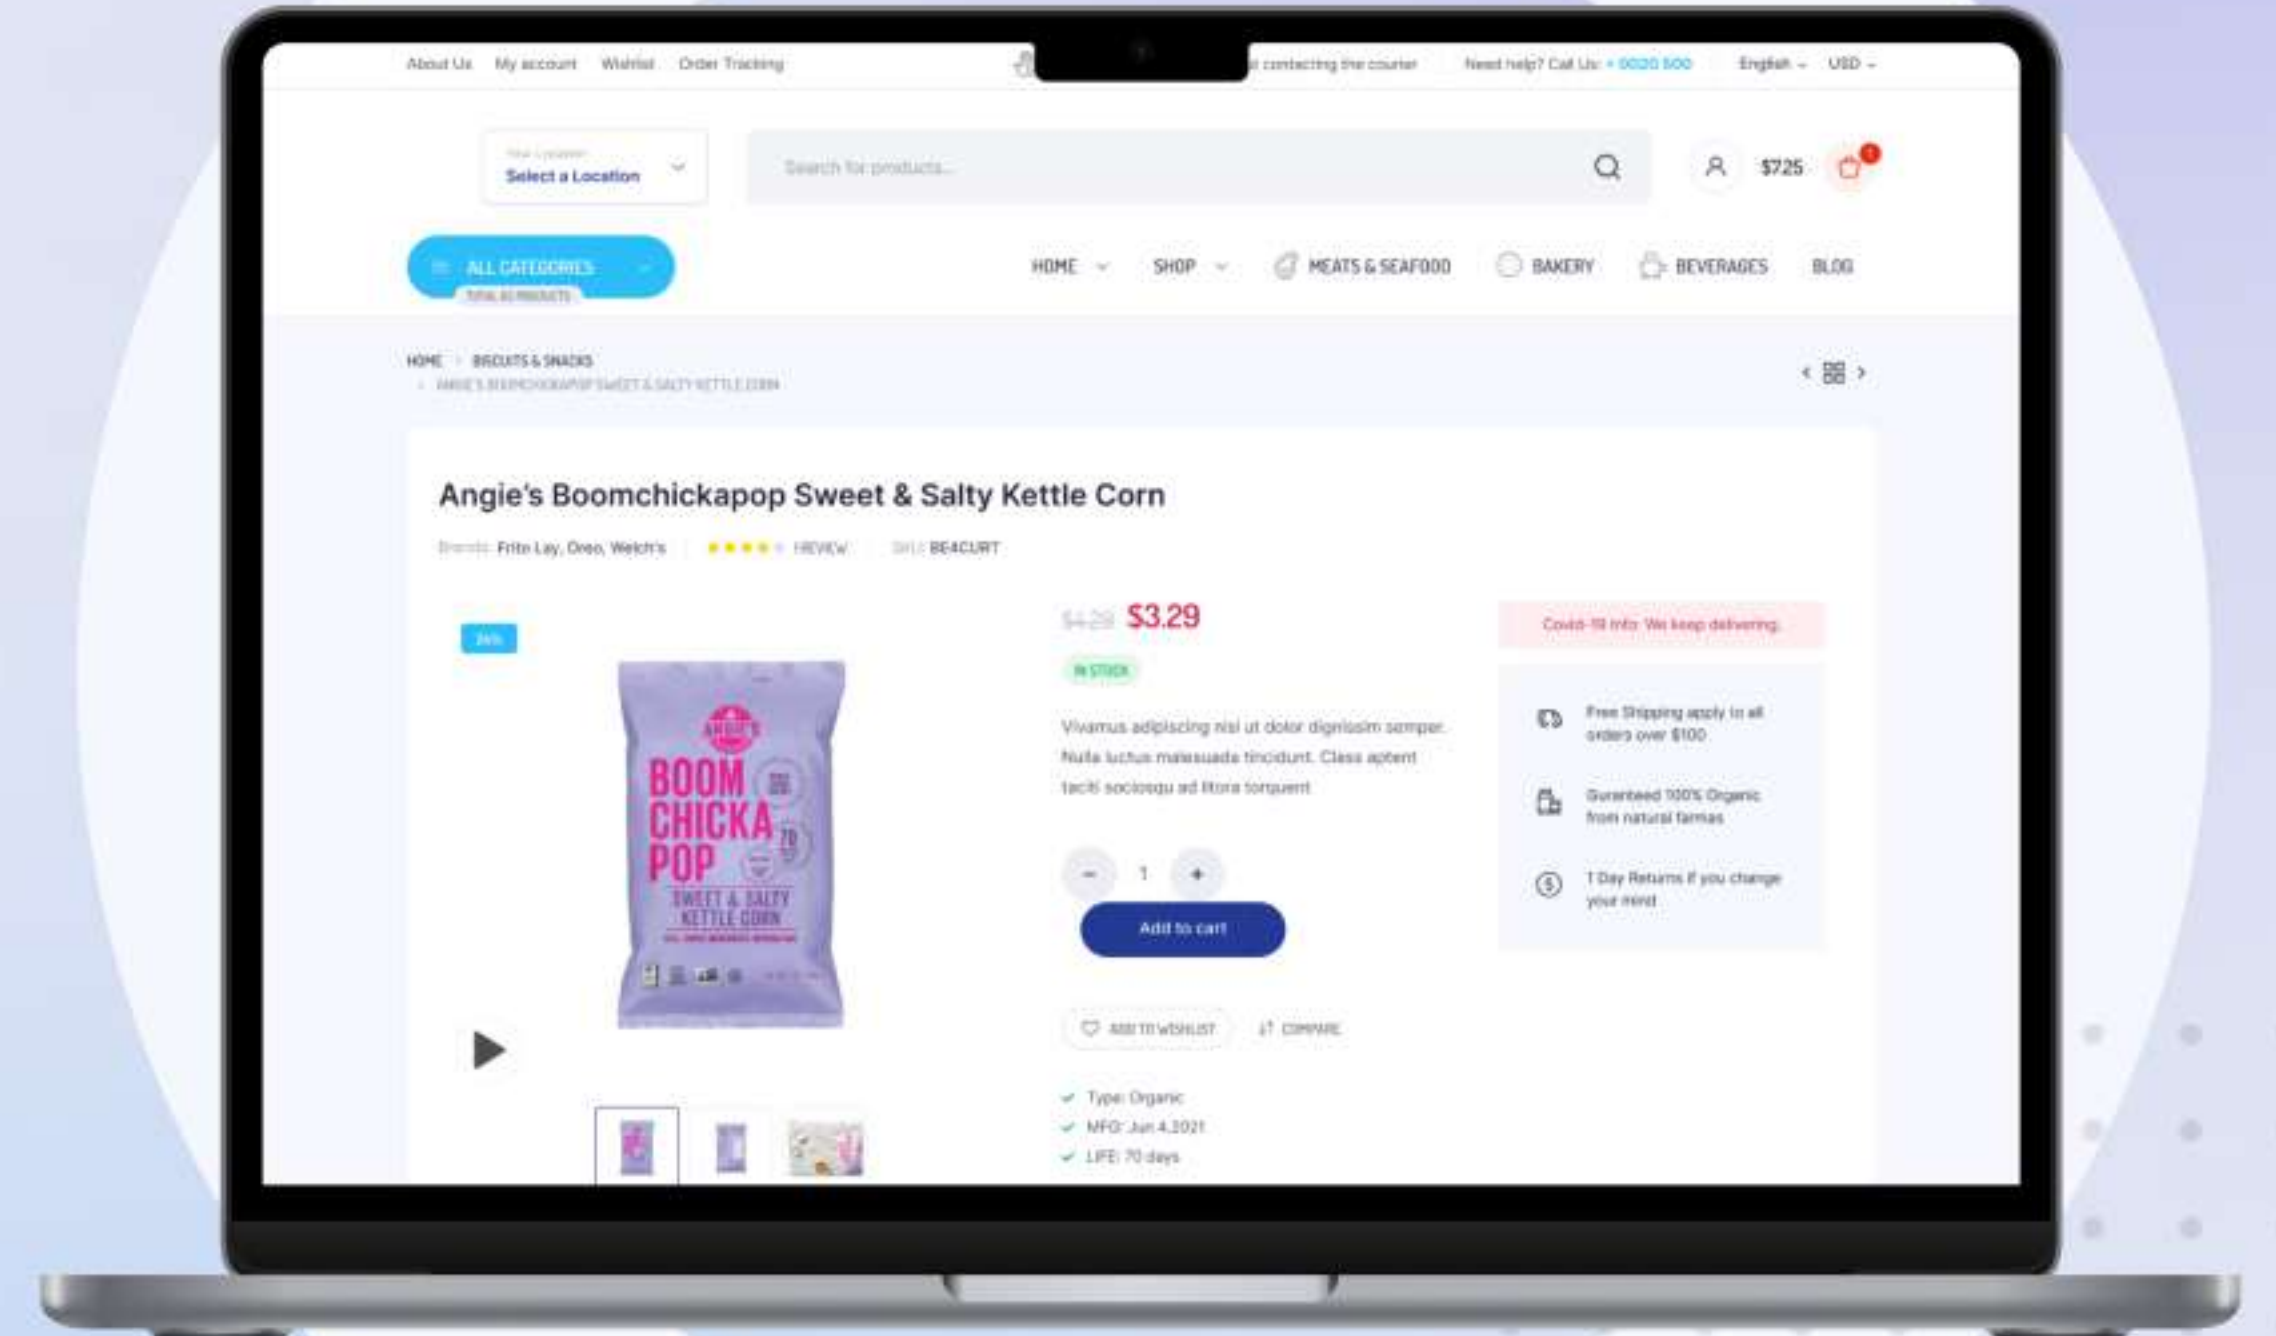

- ✓ See product availability and get alerts for low stock.
- ✓ Browse, list, and reorder groceries from your phone.
- ✓ Navigate the store with interactive maps and aisle guides.
- ✓ Get special offers, digital coupons, and in-store rewards.
- ✓ Choose convenient delivery or click-and-collect.

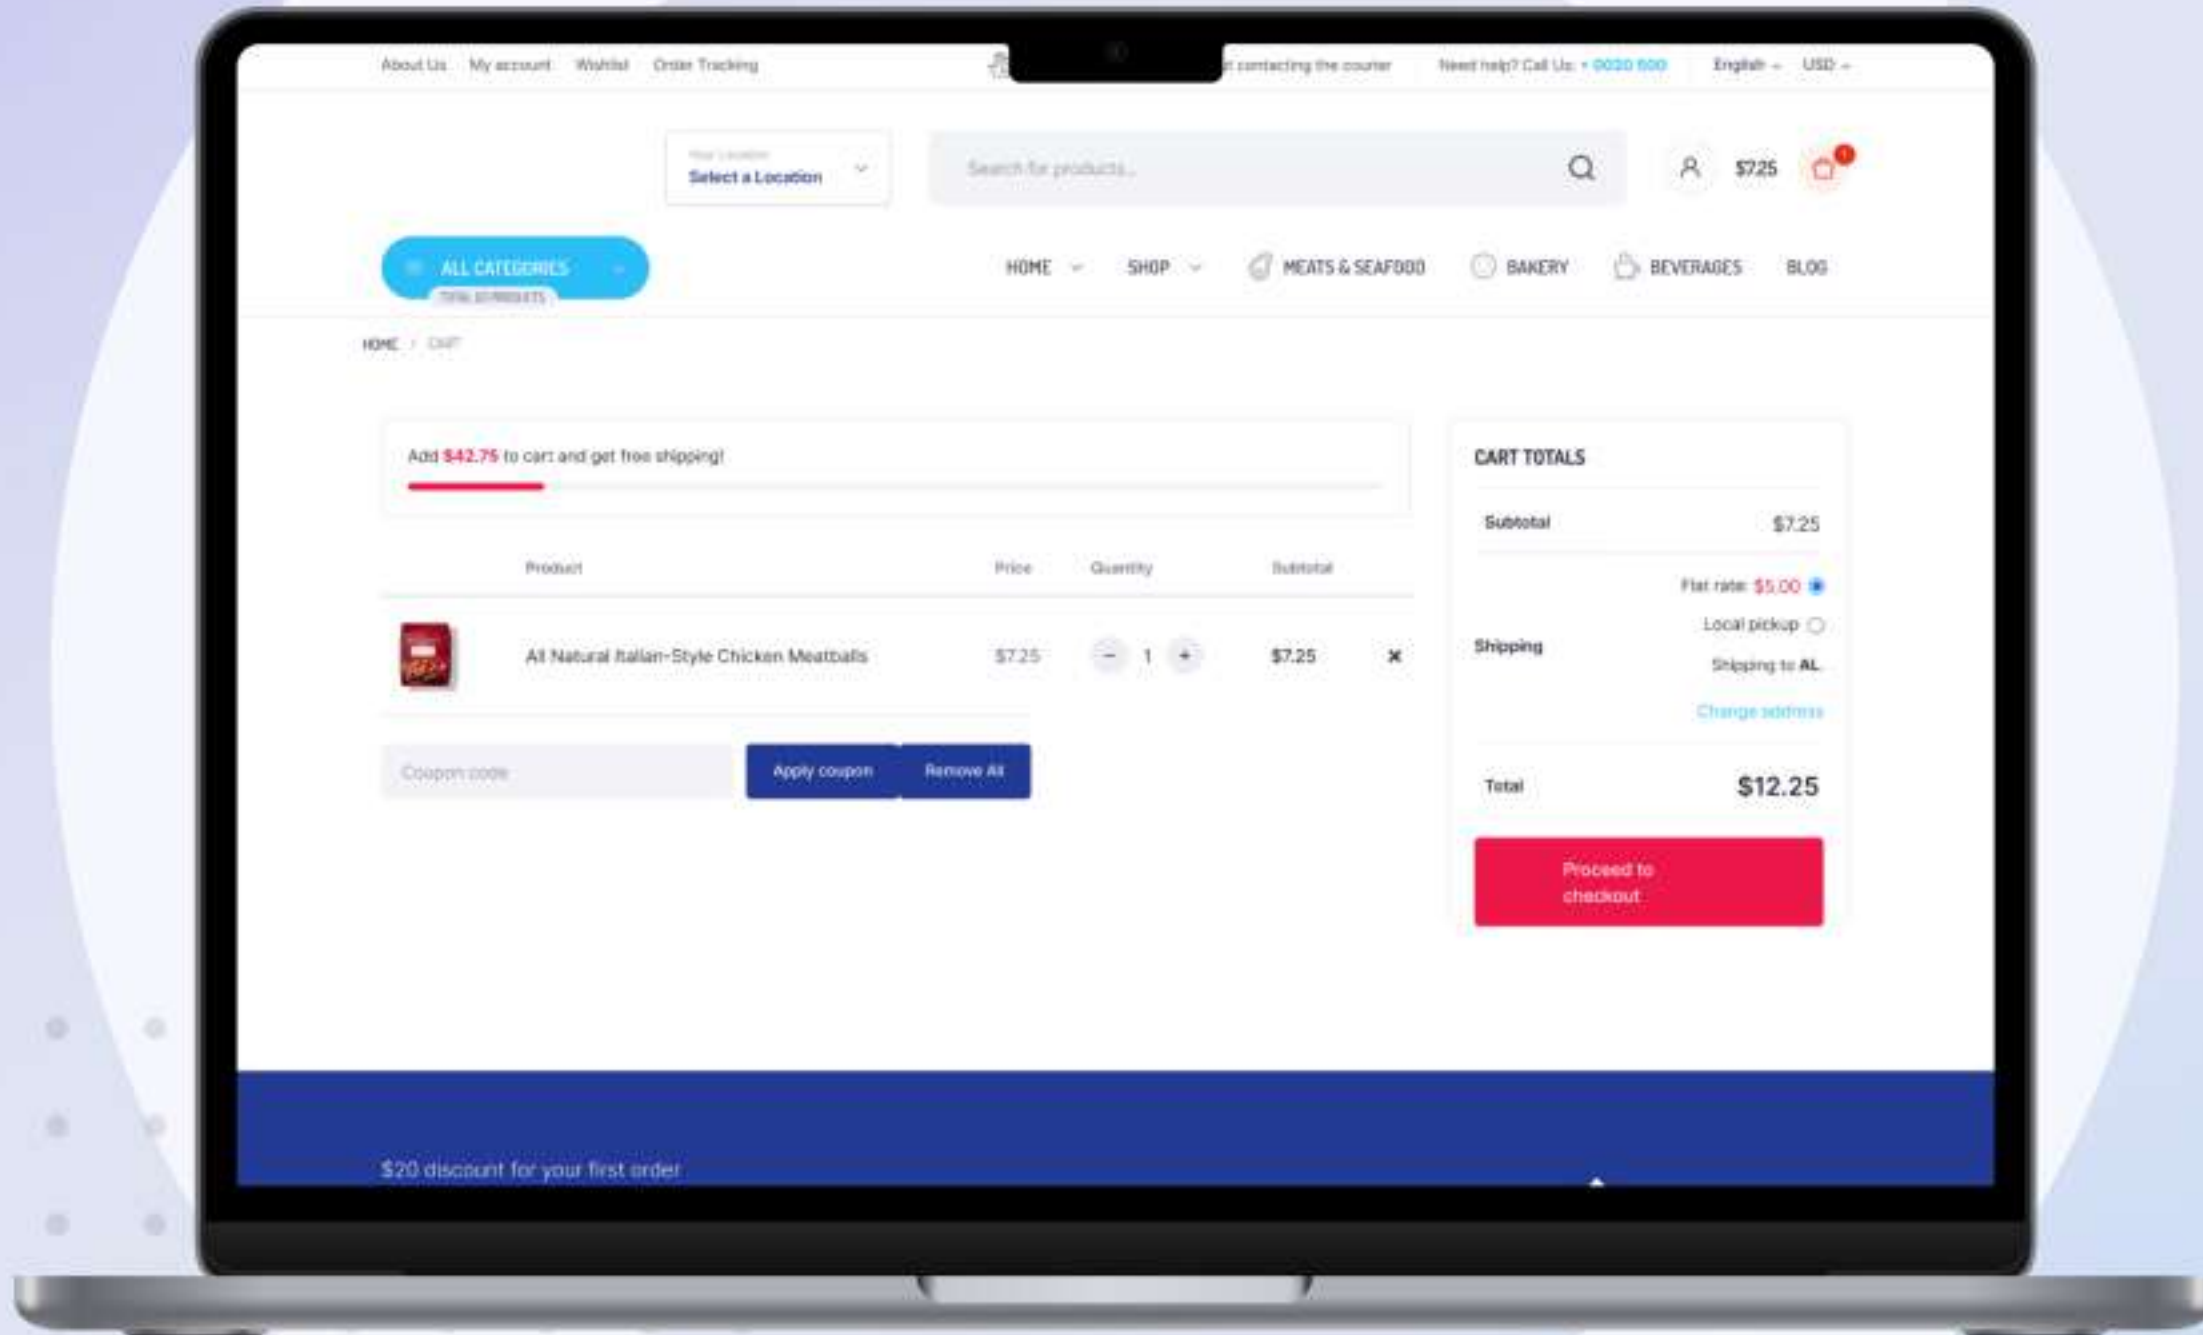

# Challenges

- ✓ Maintain the right amount of fresh groceries to avoid waste.
- ✓ Get your groceries right to your door, seamlessly.
- ✓ Enjoy a smooth shopping experience, anywhere, anytime.

# Solutions

Increase customer convenience and loyalty through a user-friendly and time-saving app.

Improve operational efficiency with features like digital ordering and in-store navigation.

Gain valuable customer data to personalize marketing efforts and product recommendations.

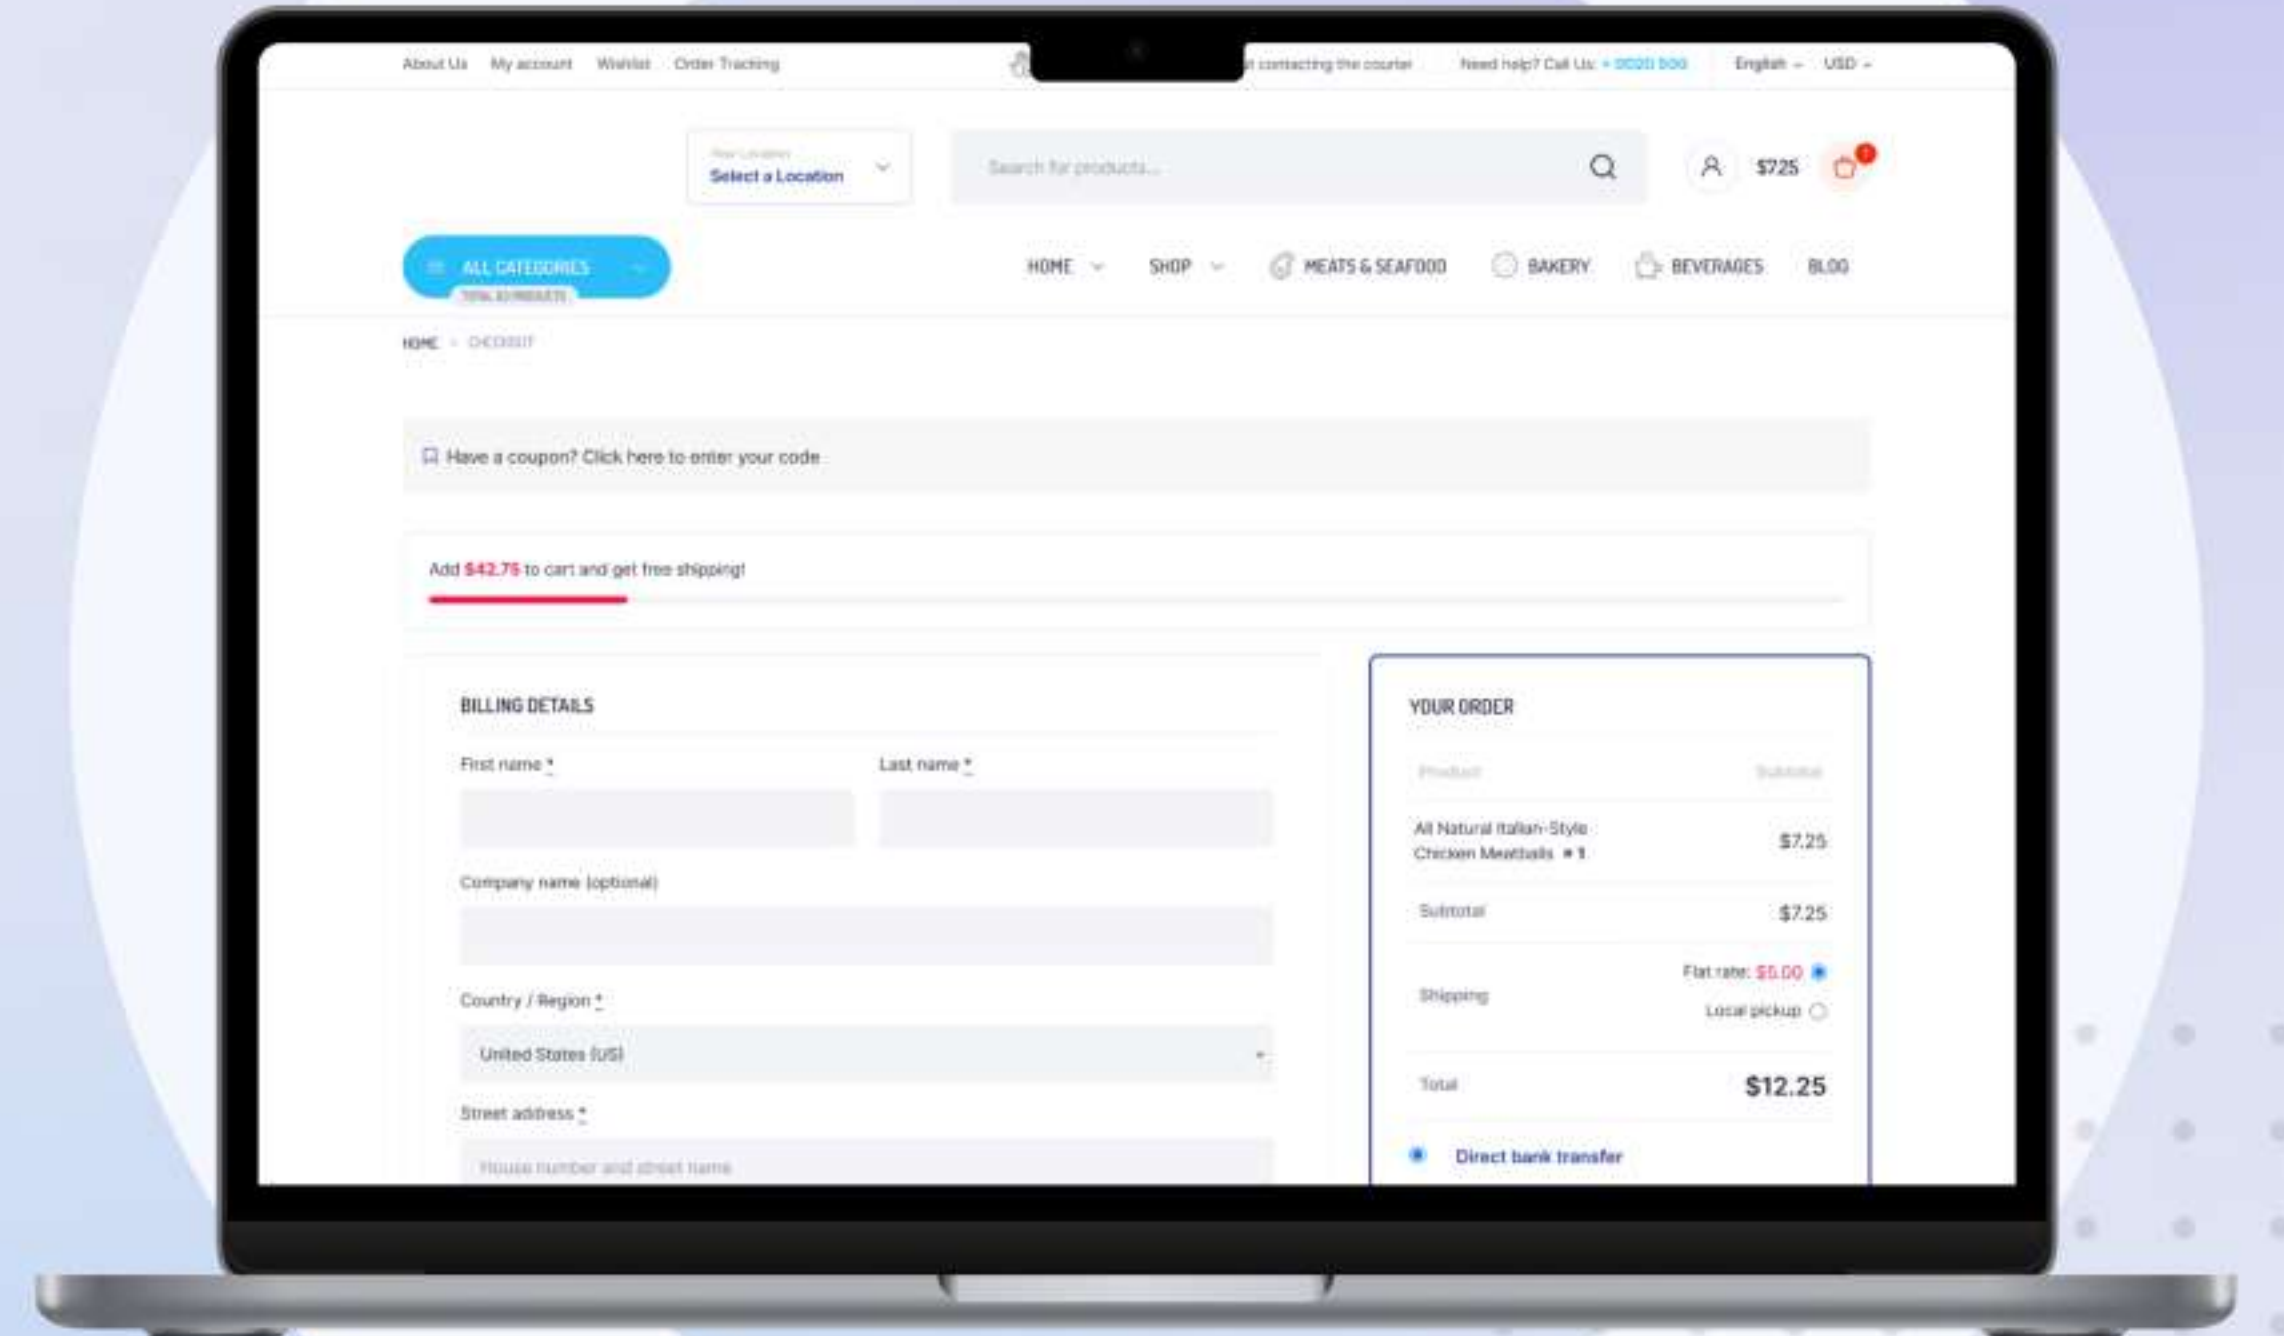

Offer competitive delivery and pickup options to meet evolving customer preferences.

# Impact

- ✓ Increased sales and customer engagement.
- ✓ Reduced wait times and improved in-store experience.
- ✓ Valuable customer data insights for informed decision-making.
- ✓ Enhanced brand image and reputation for innovation.

# Restaurant POS System

Fine Dining Restaurant is an upscale restaurant located in a major city. They were still using outdated paper tickets and cash registers to manage orders and payments. This resulted in slow service, order mistakes, and lack of sales visibility.

Hi, new friend!

# We do not cook, we create **your** emotions!

Consectetur numquam poro nemo veniam  
eligendi rem adipisci quo modi.

 [Our menu](#)

 [About us](#)

# Features

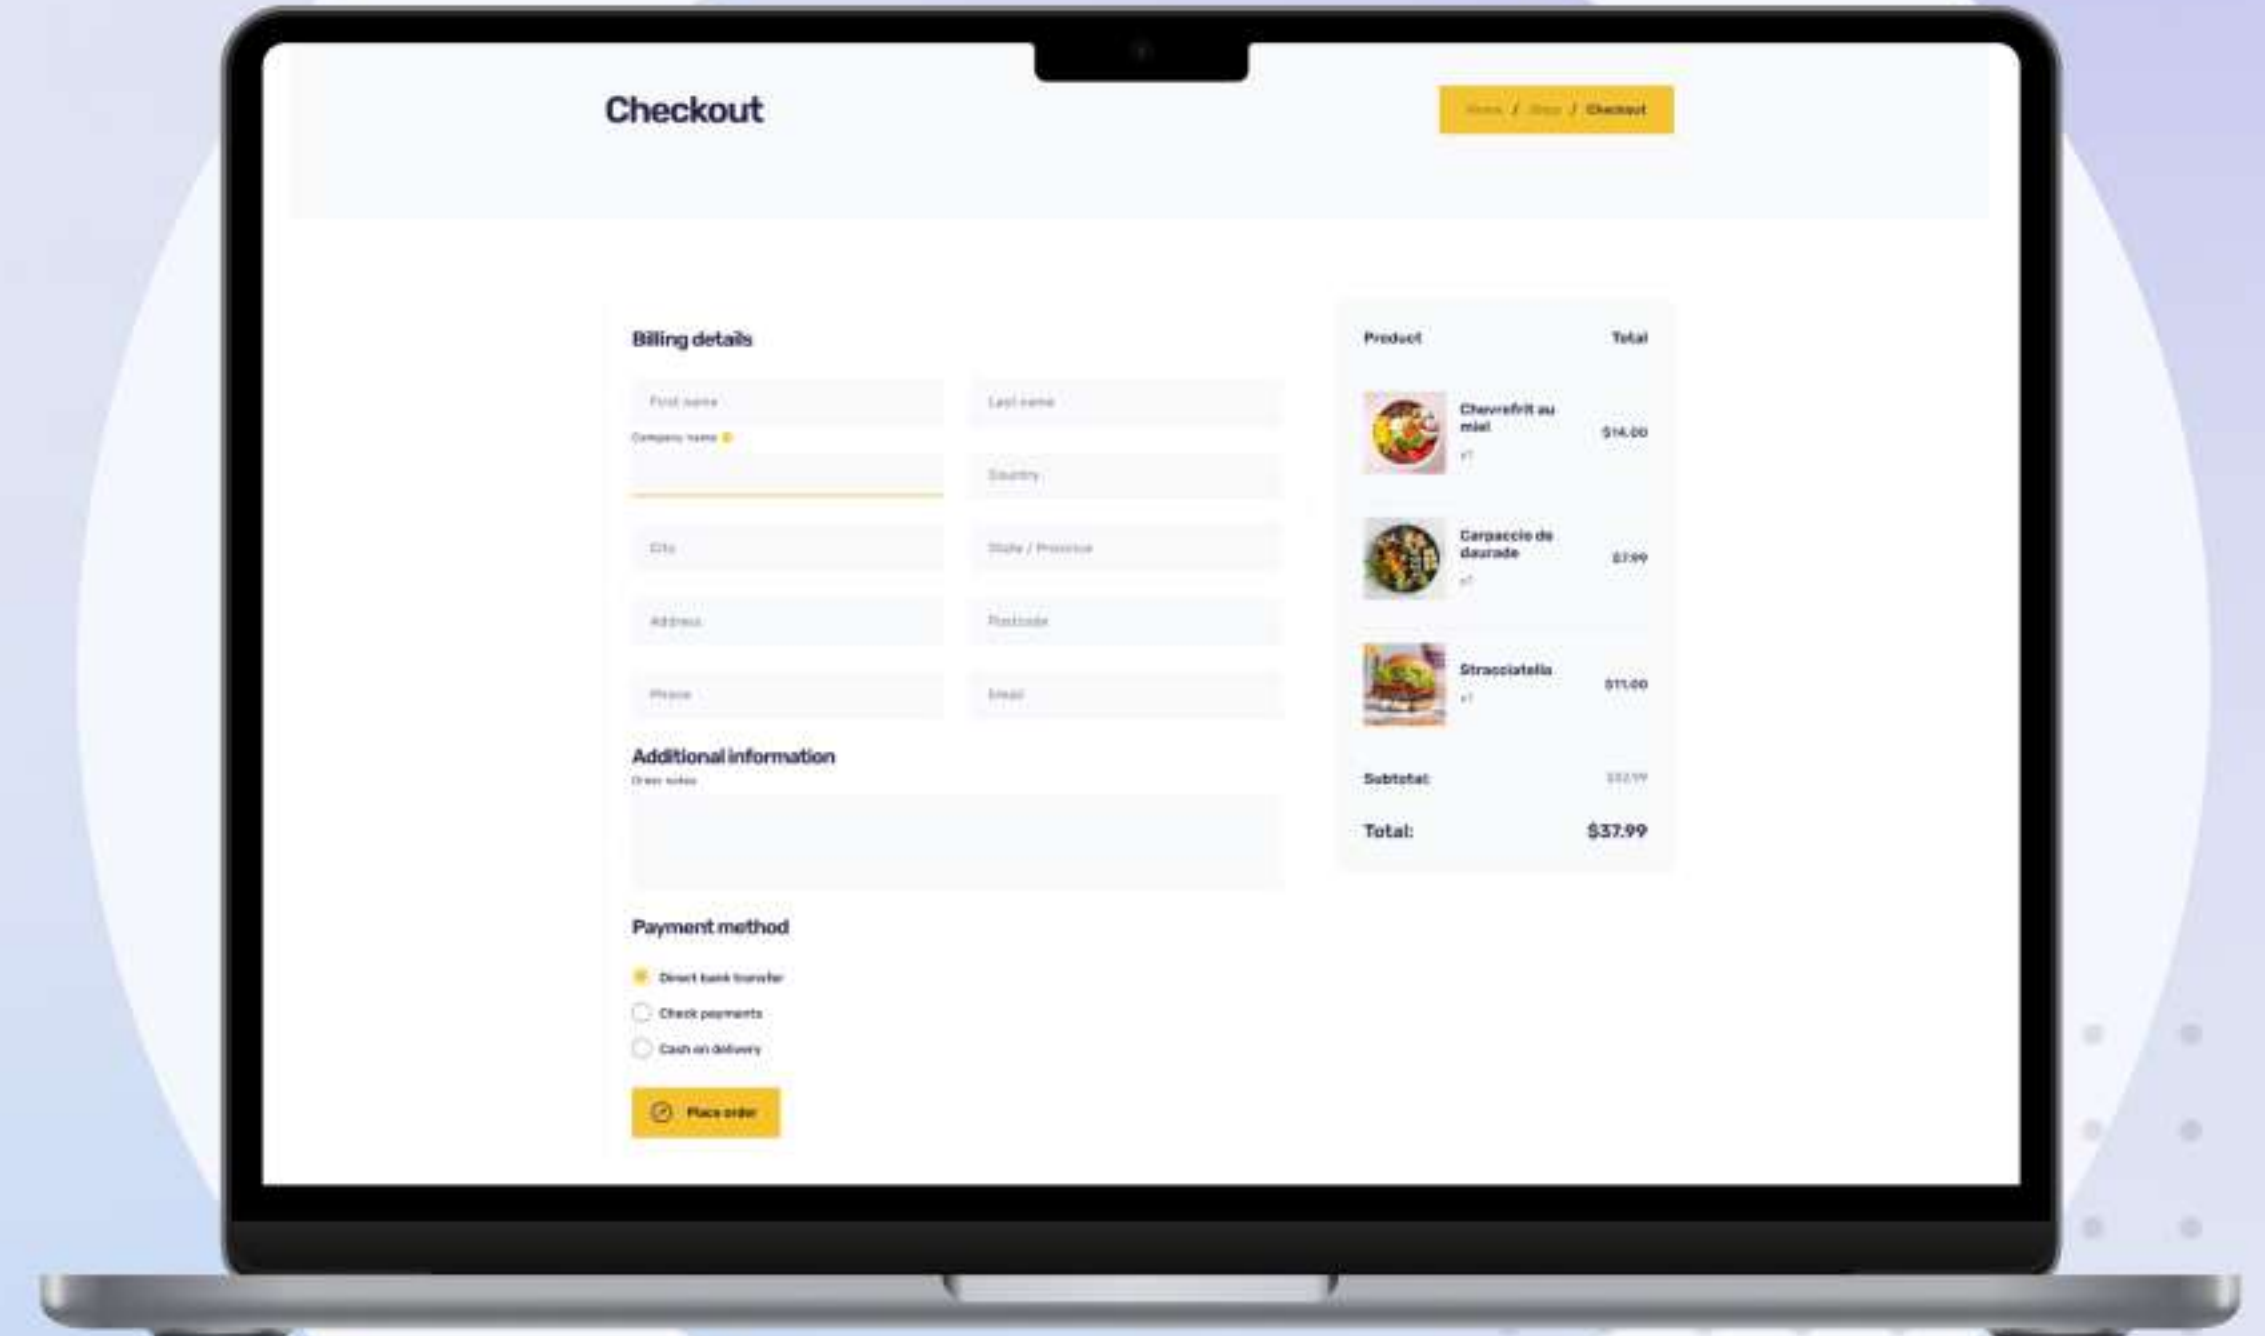

- ✓ Order Taking
- ✓ Menu Management
- ✓ Payment Processing
- ✓ Table Management
- ✓ Reporting and Analytics
- ✓ Inventory Management
- ✓ Customer Management

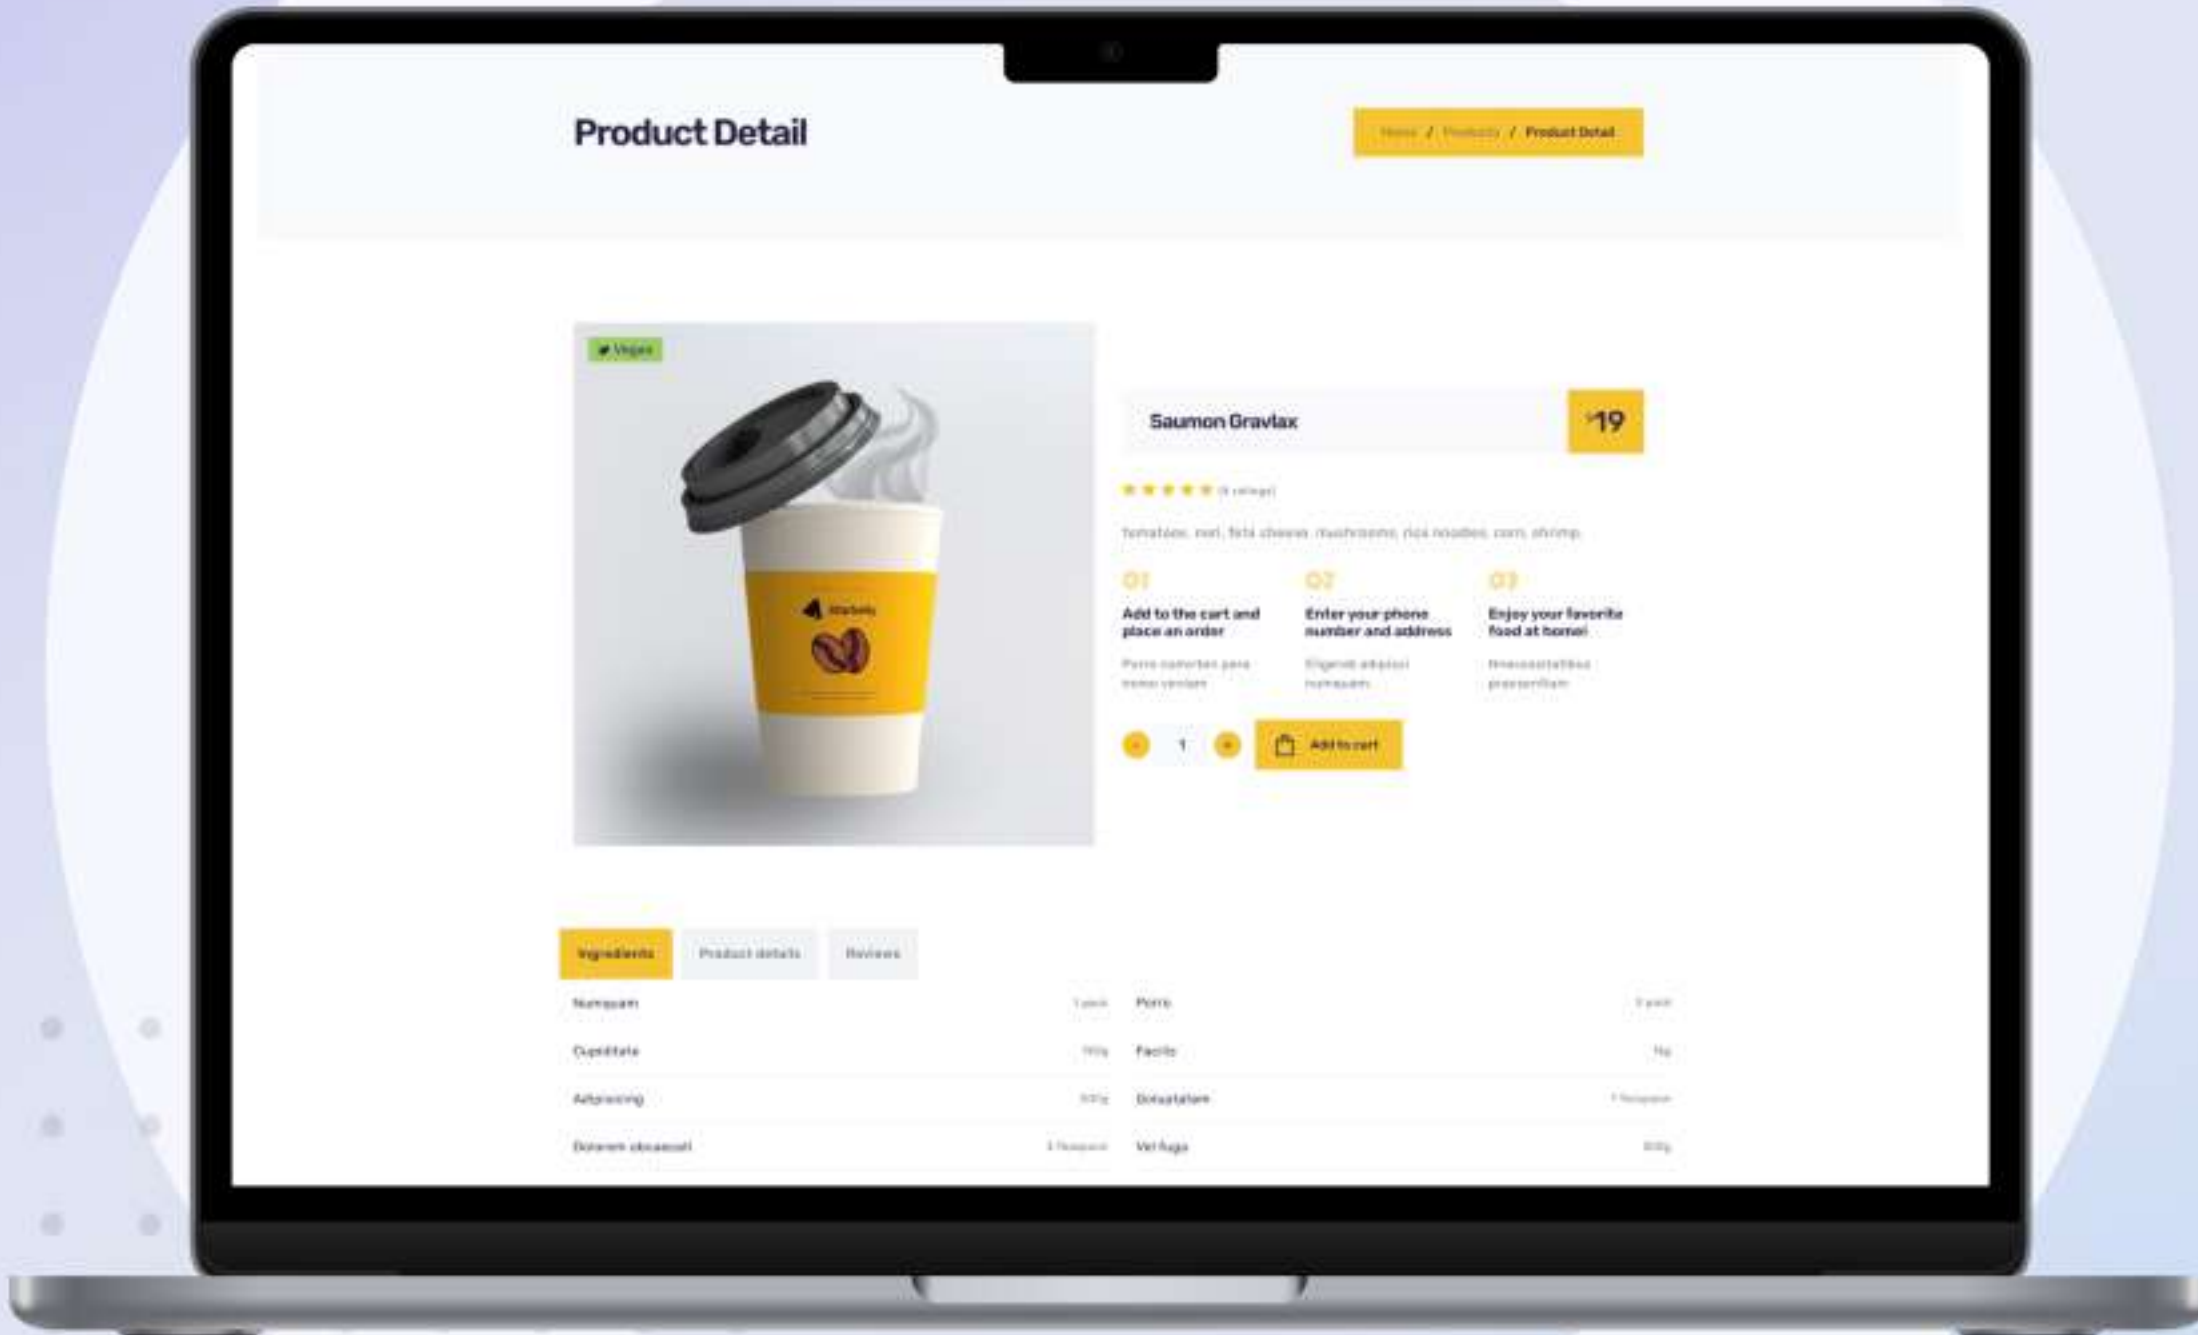

# Challenges

- ✓ The old paper-based system was inefficient and prone to errors
- ✓ Servers wasted time manually entering orders
- ✓ Sales data was difficult to track and analyze.
- ✓ The restaurant needed an integrated POS to modernize operations.

# Solutions

The restaurant invested in a cloud-based POS system tailored for fine dining establishments.

The POS streamlined the entire order taking and payment process.

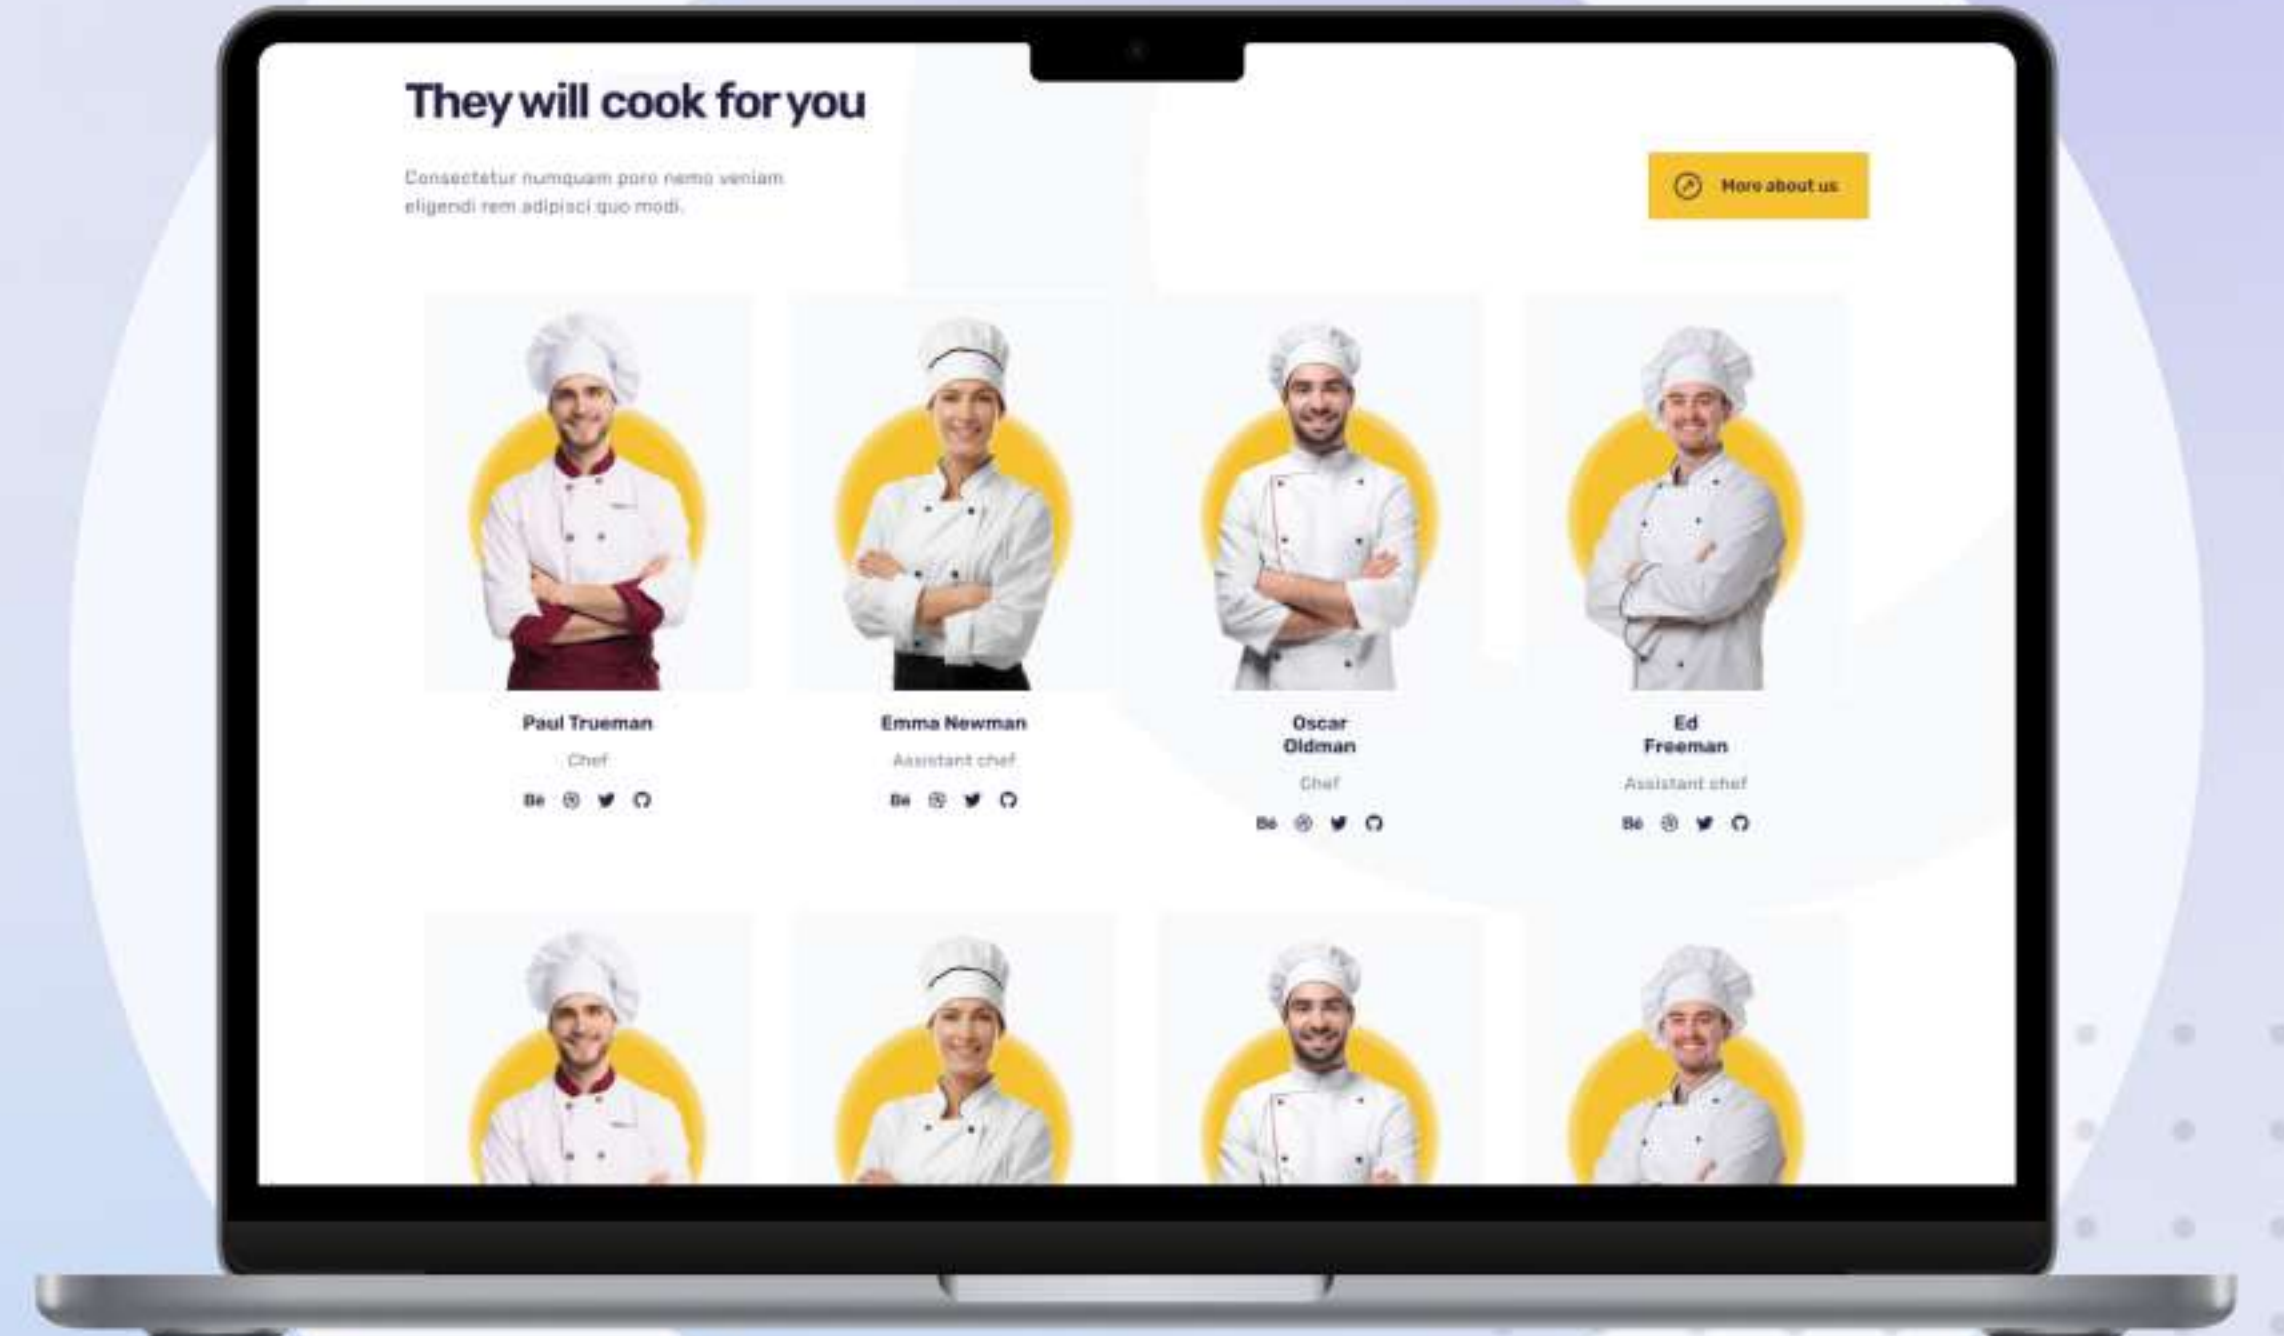

Real-time sales data provided insights to optimize operations.

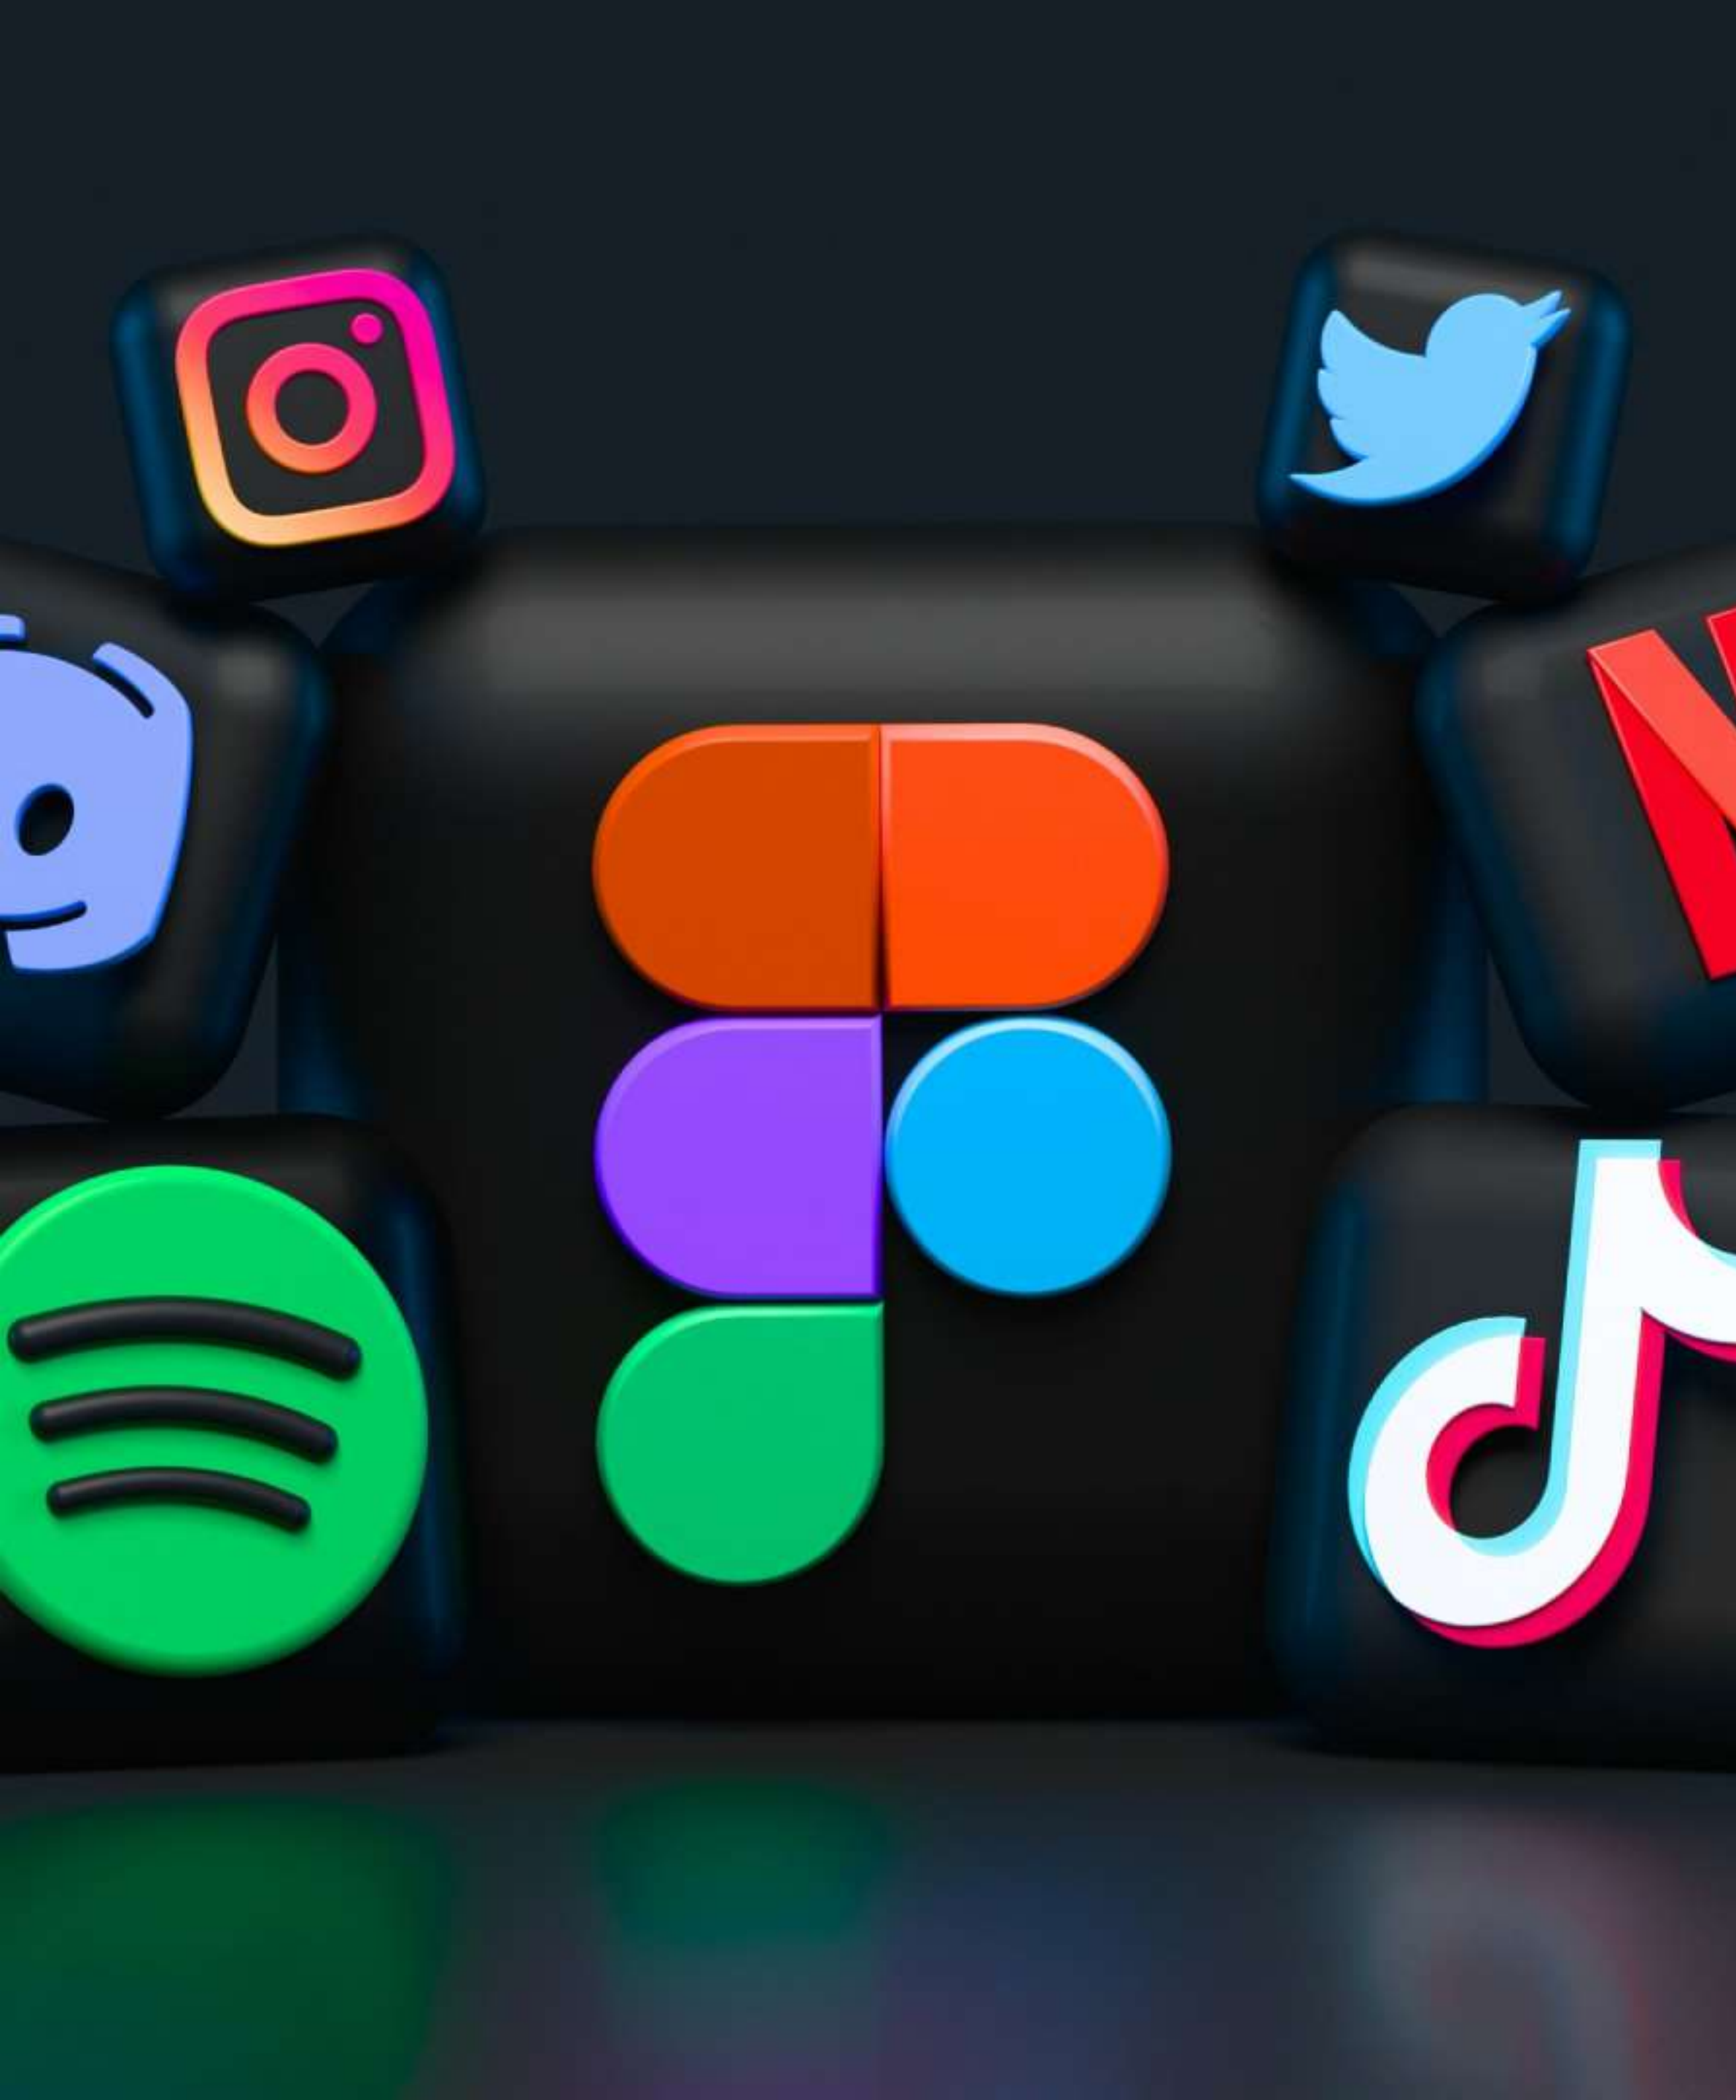

# Impact

- ✓ Order processing time reduced by 30%
- ✓ Billing errors decreased by 50%
- ✓ Sales reporting enables data-driven decisions on pricing, inventory, staffing
- ✓ Customer satisfaction improved from faster service
- ✓ Positive ROI within first 8 months

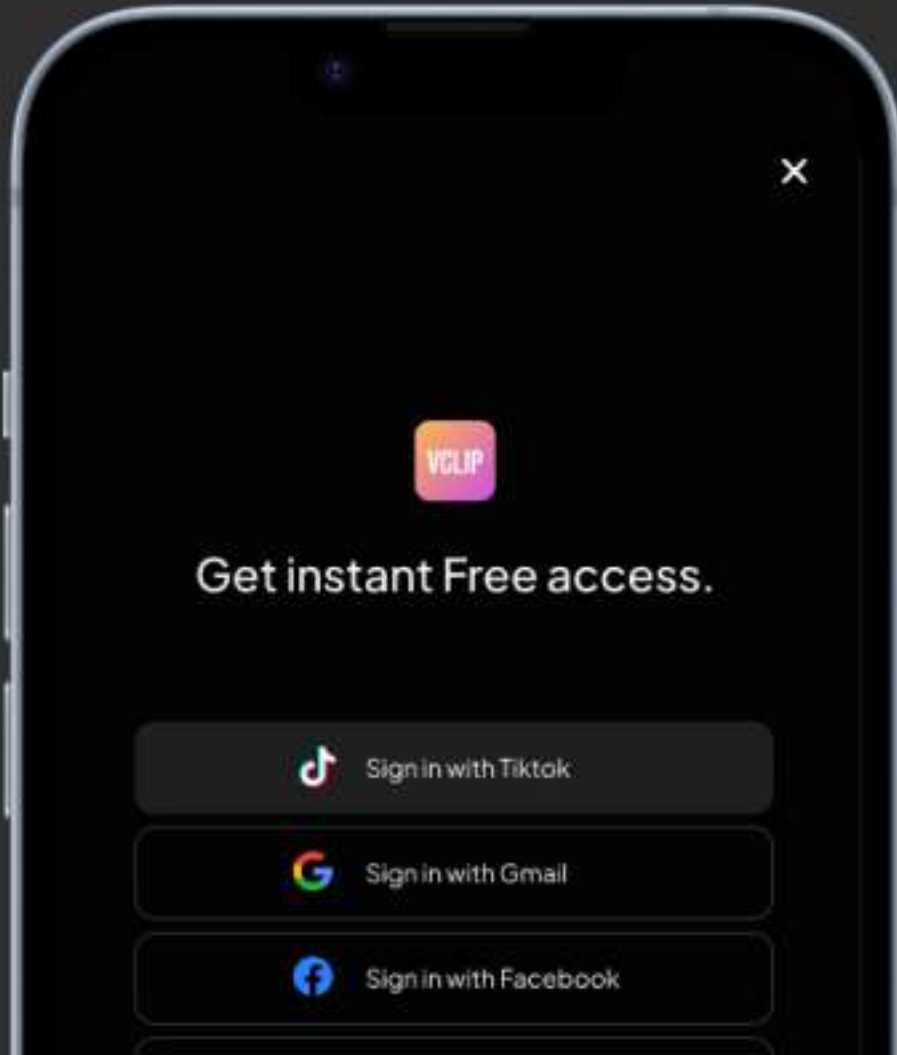

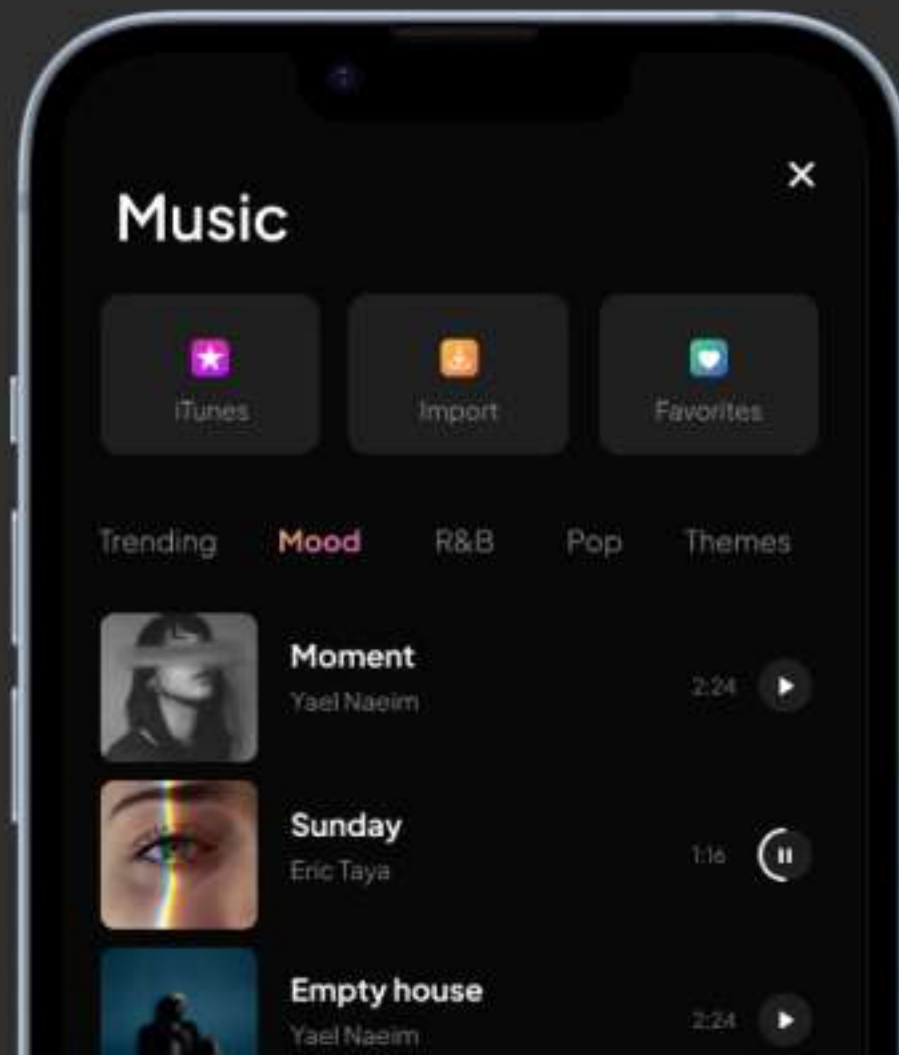

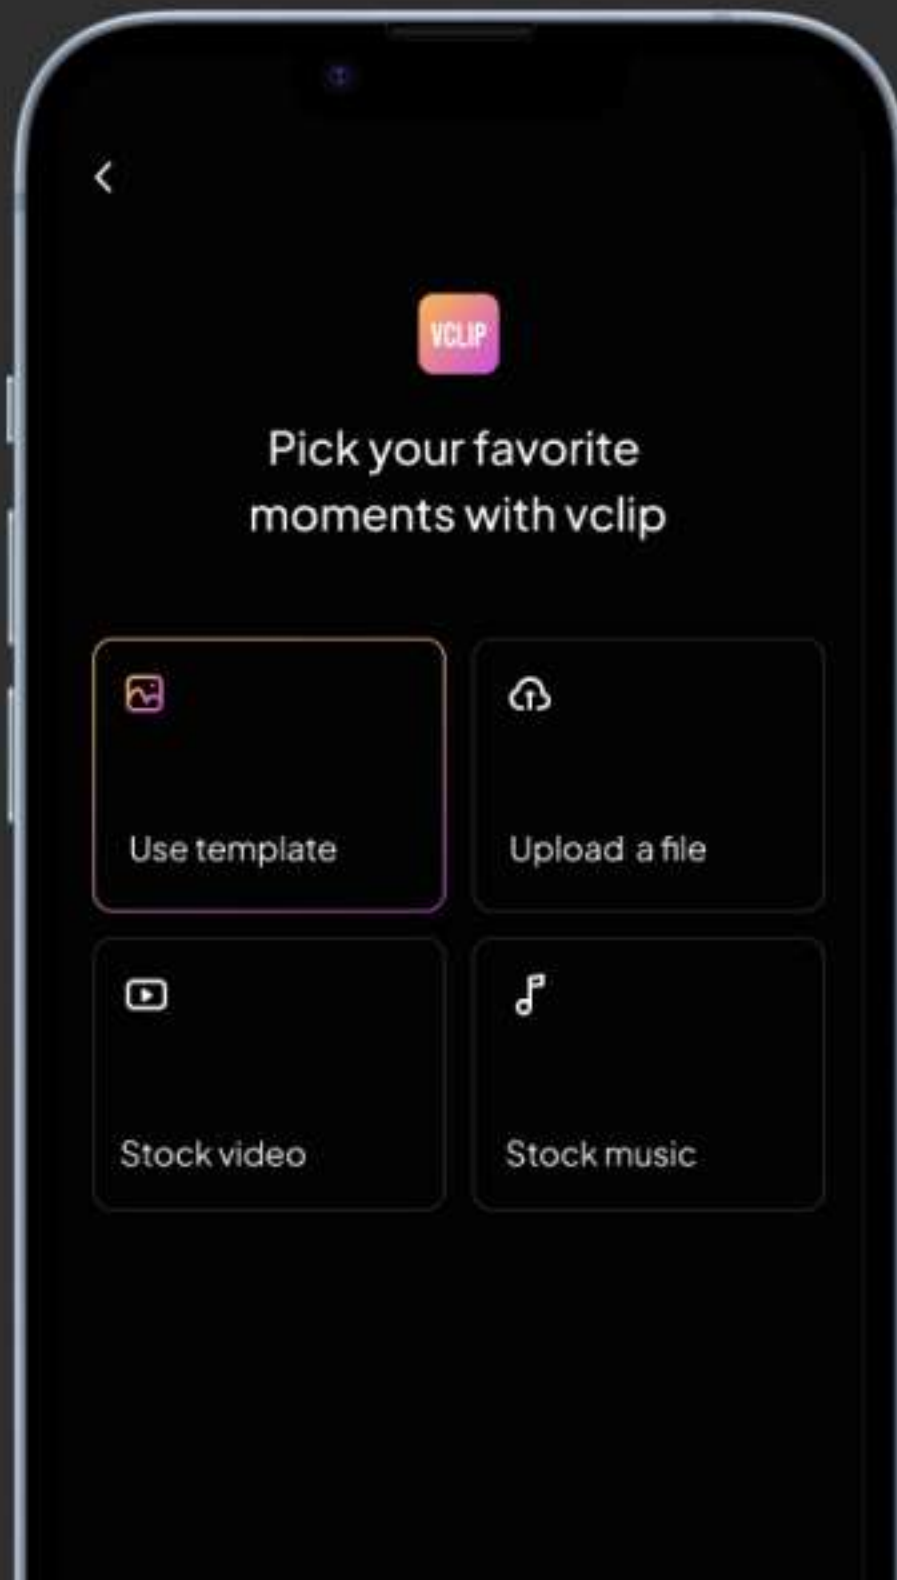

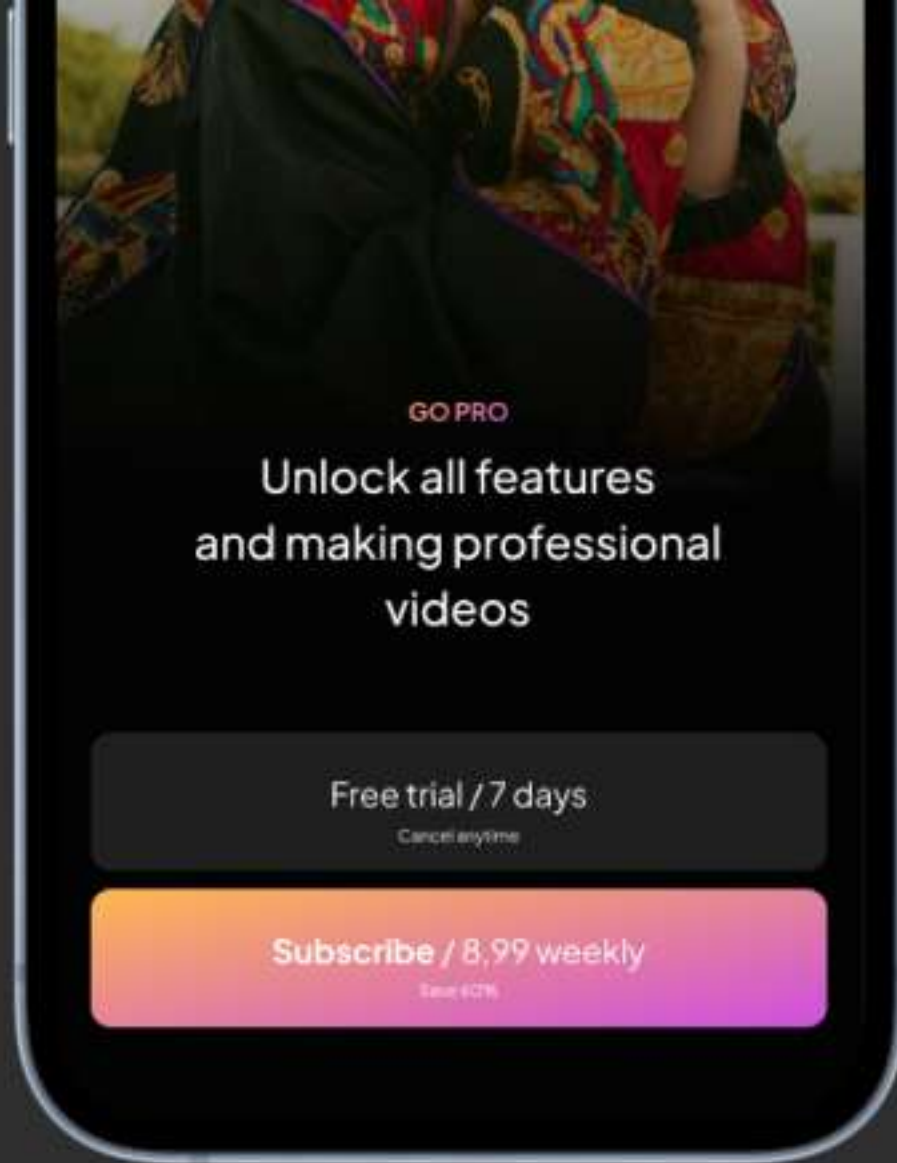

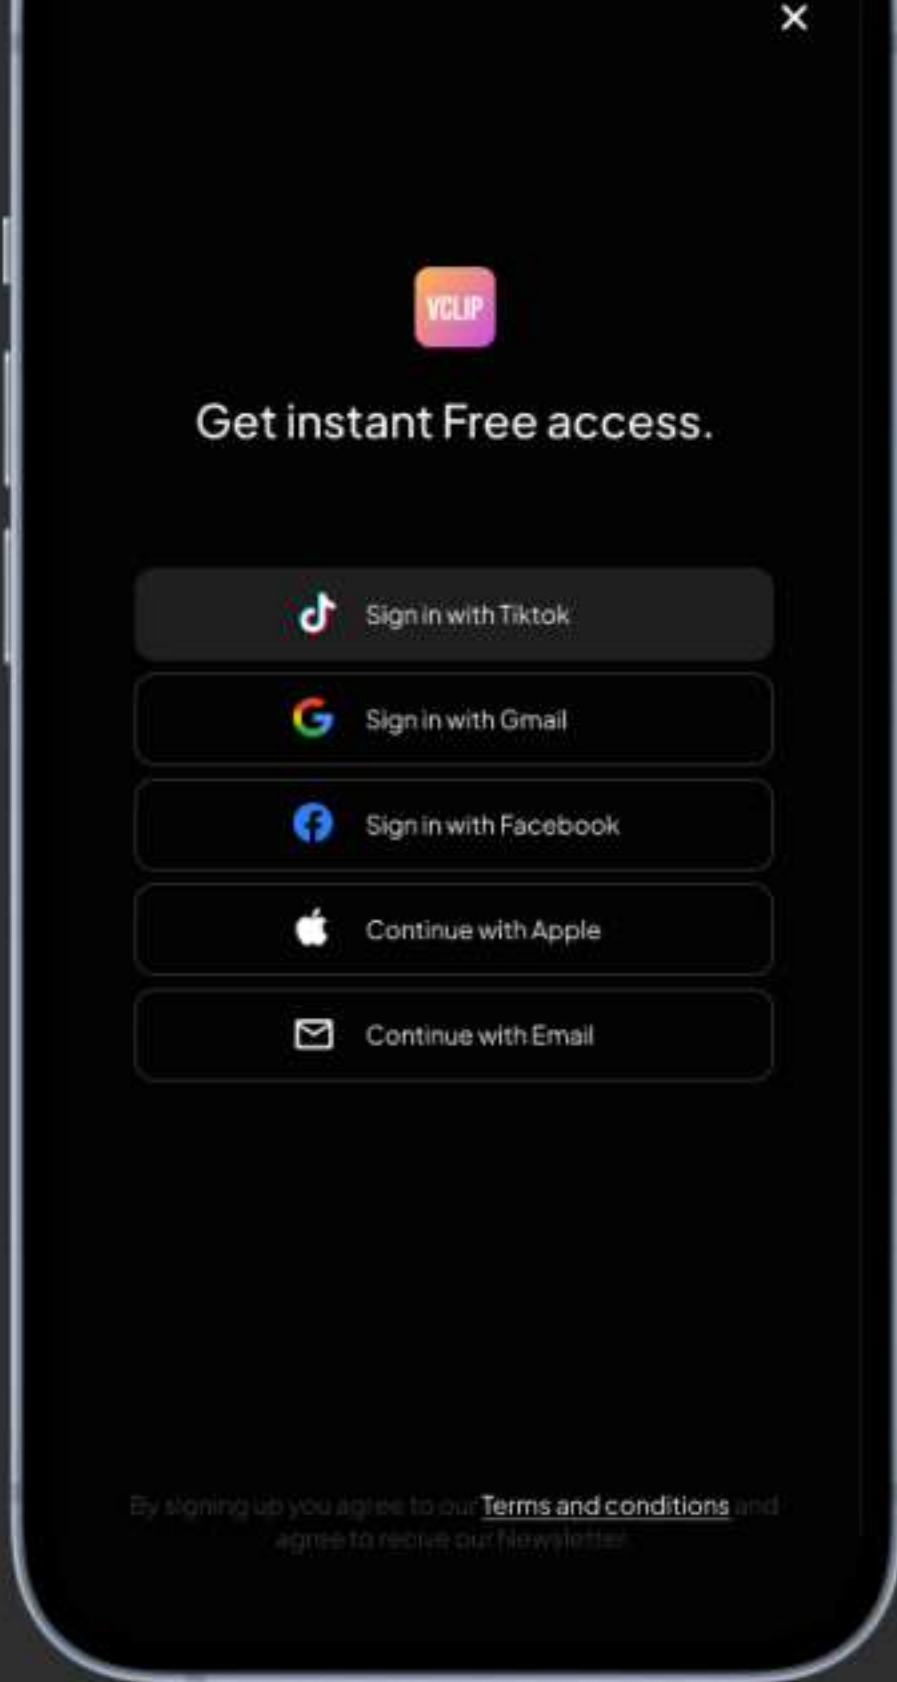

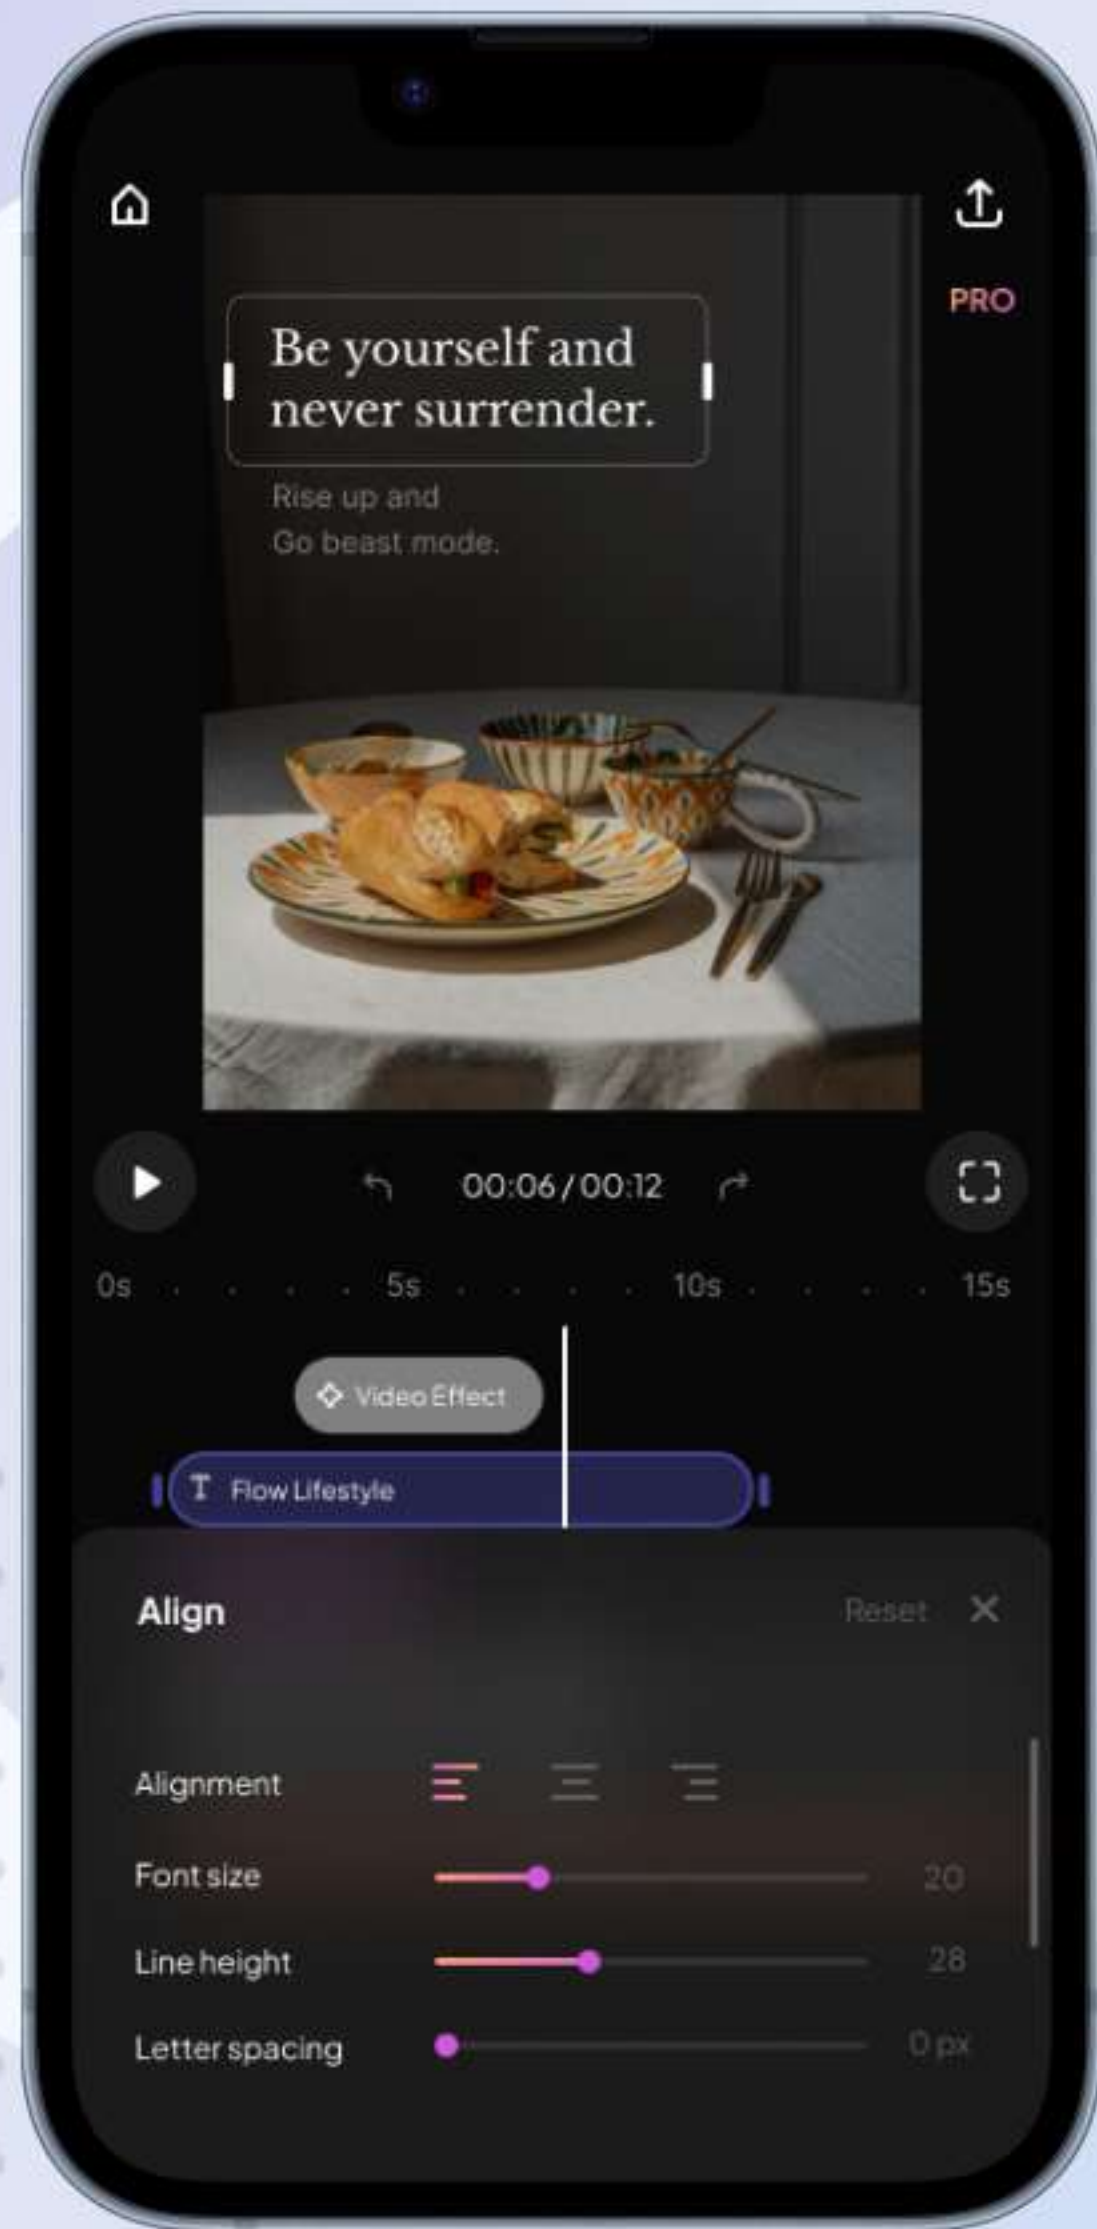

# Social Media Post Creator

Social-Maker Agency struggled to efficiently create branded content across multiple social media platforms for their clients. Designing custom images and posts was time-consuming and blocking their social media management services.

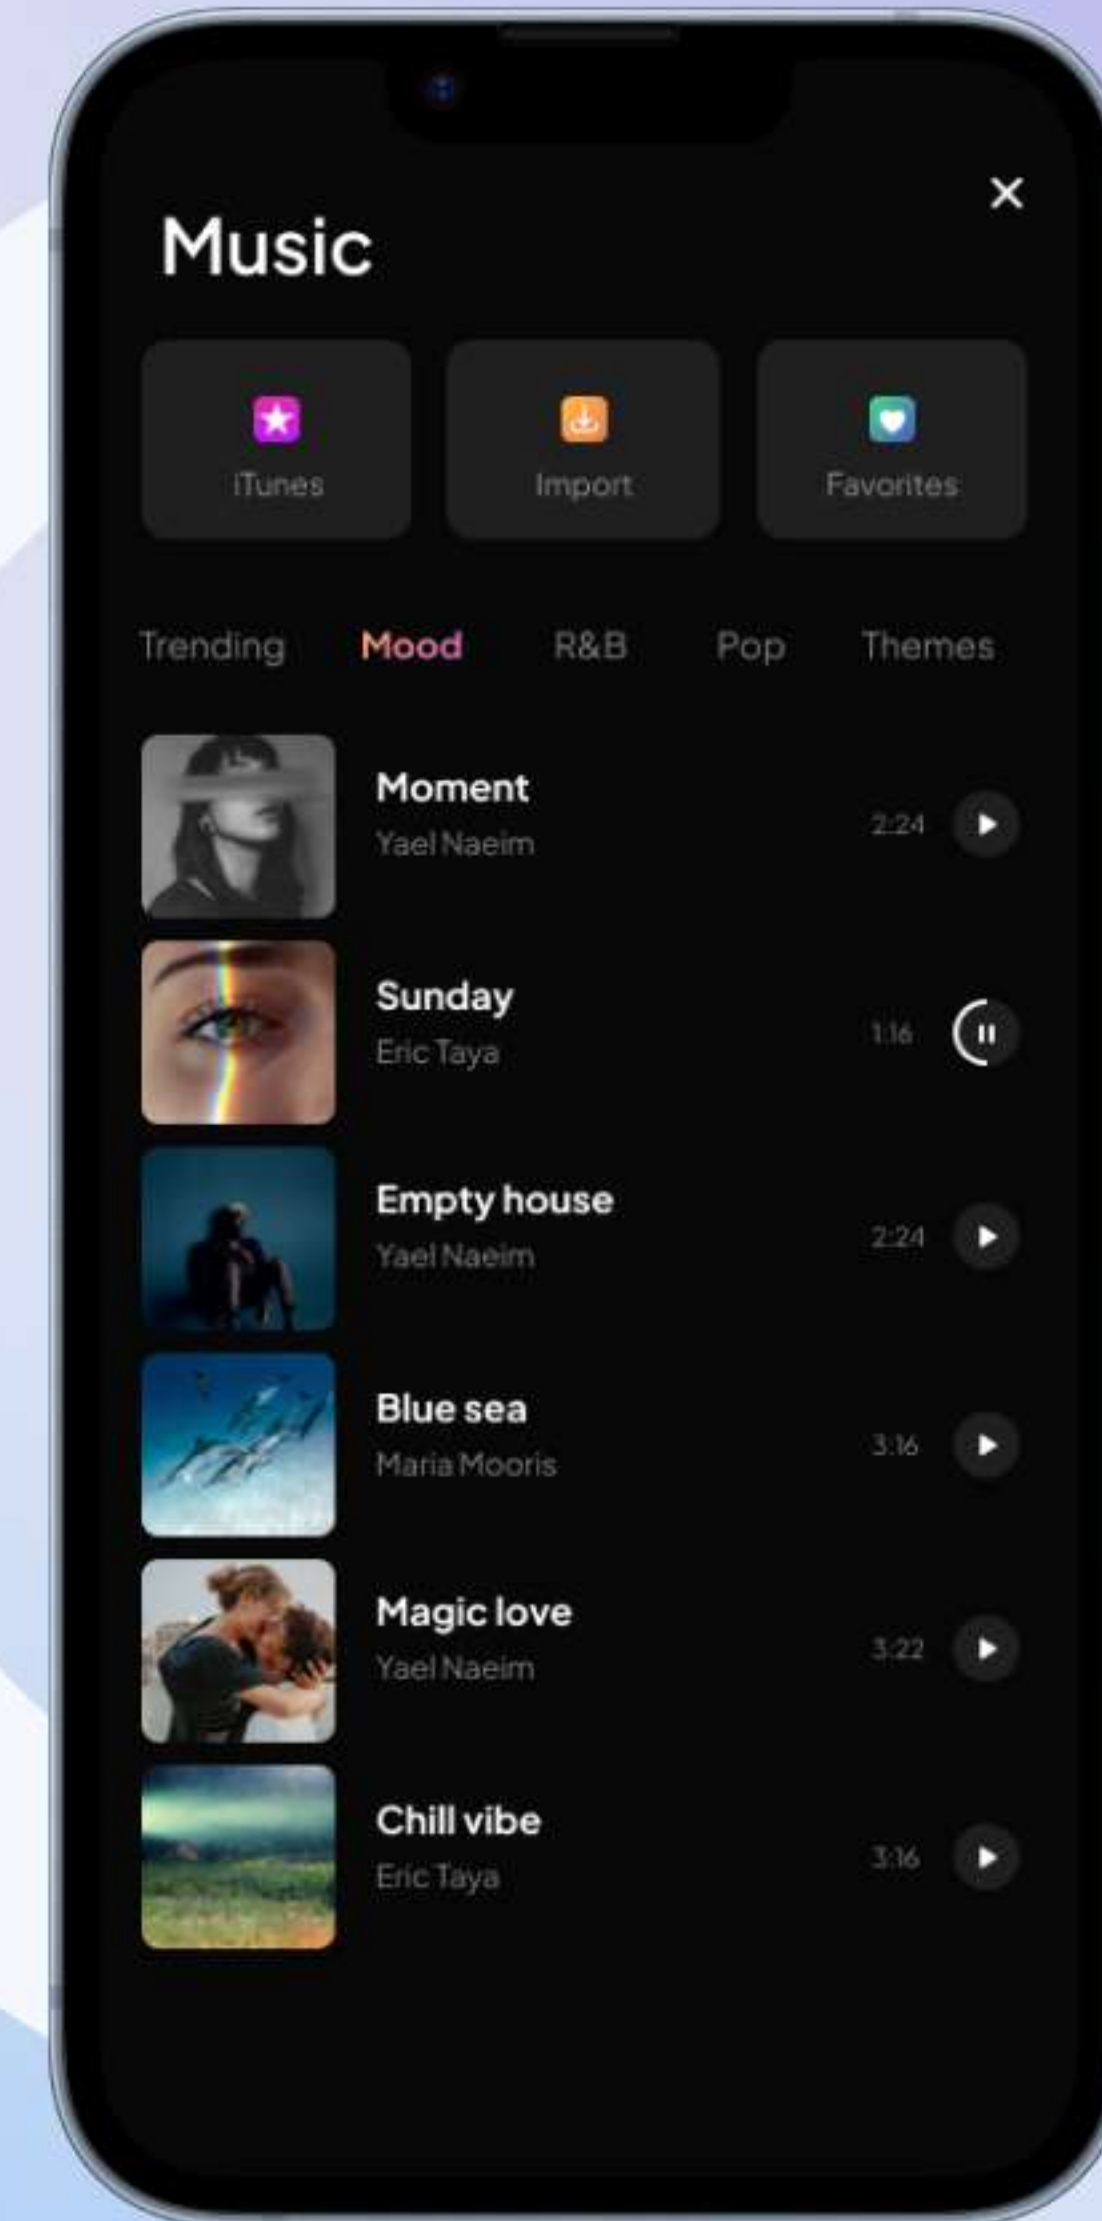

# Features

- ✓ Intuitive drag-and-drop interface
- ✓ Library of templates and assets
- ✓ Multi-format creation
- ✓ Content scheduling
- ✓ Bulk editing and posting
- ✓ Advanced editing tools

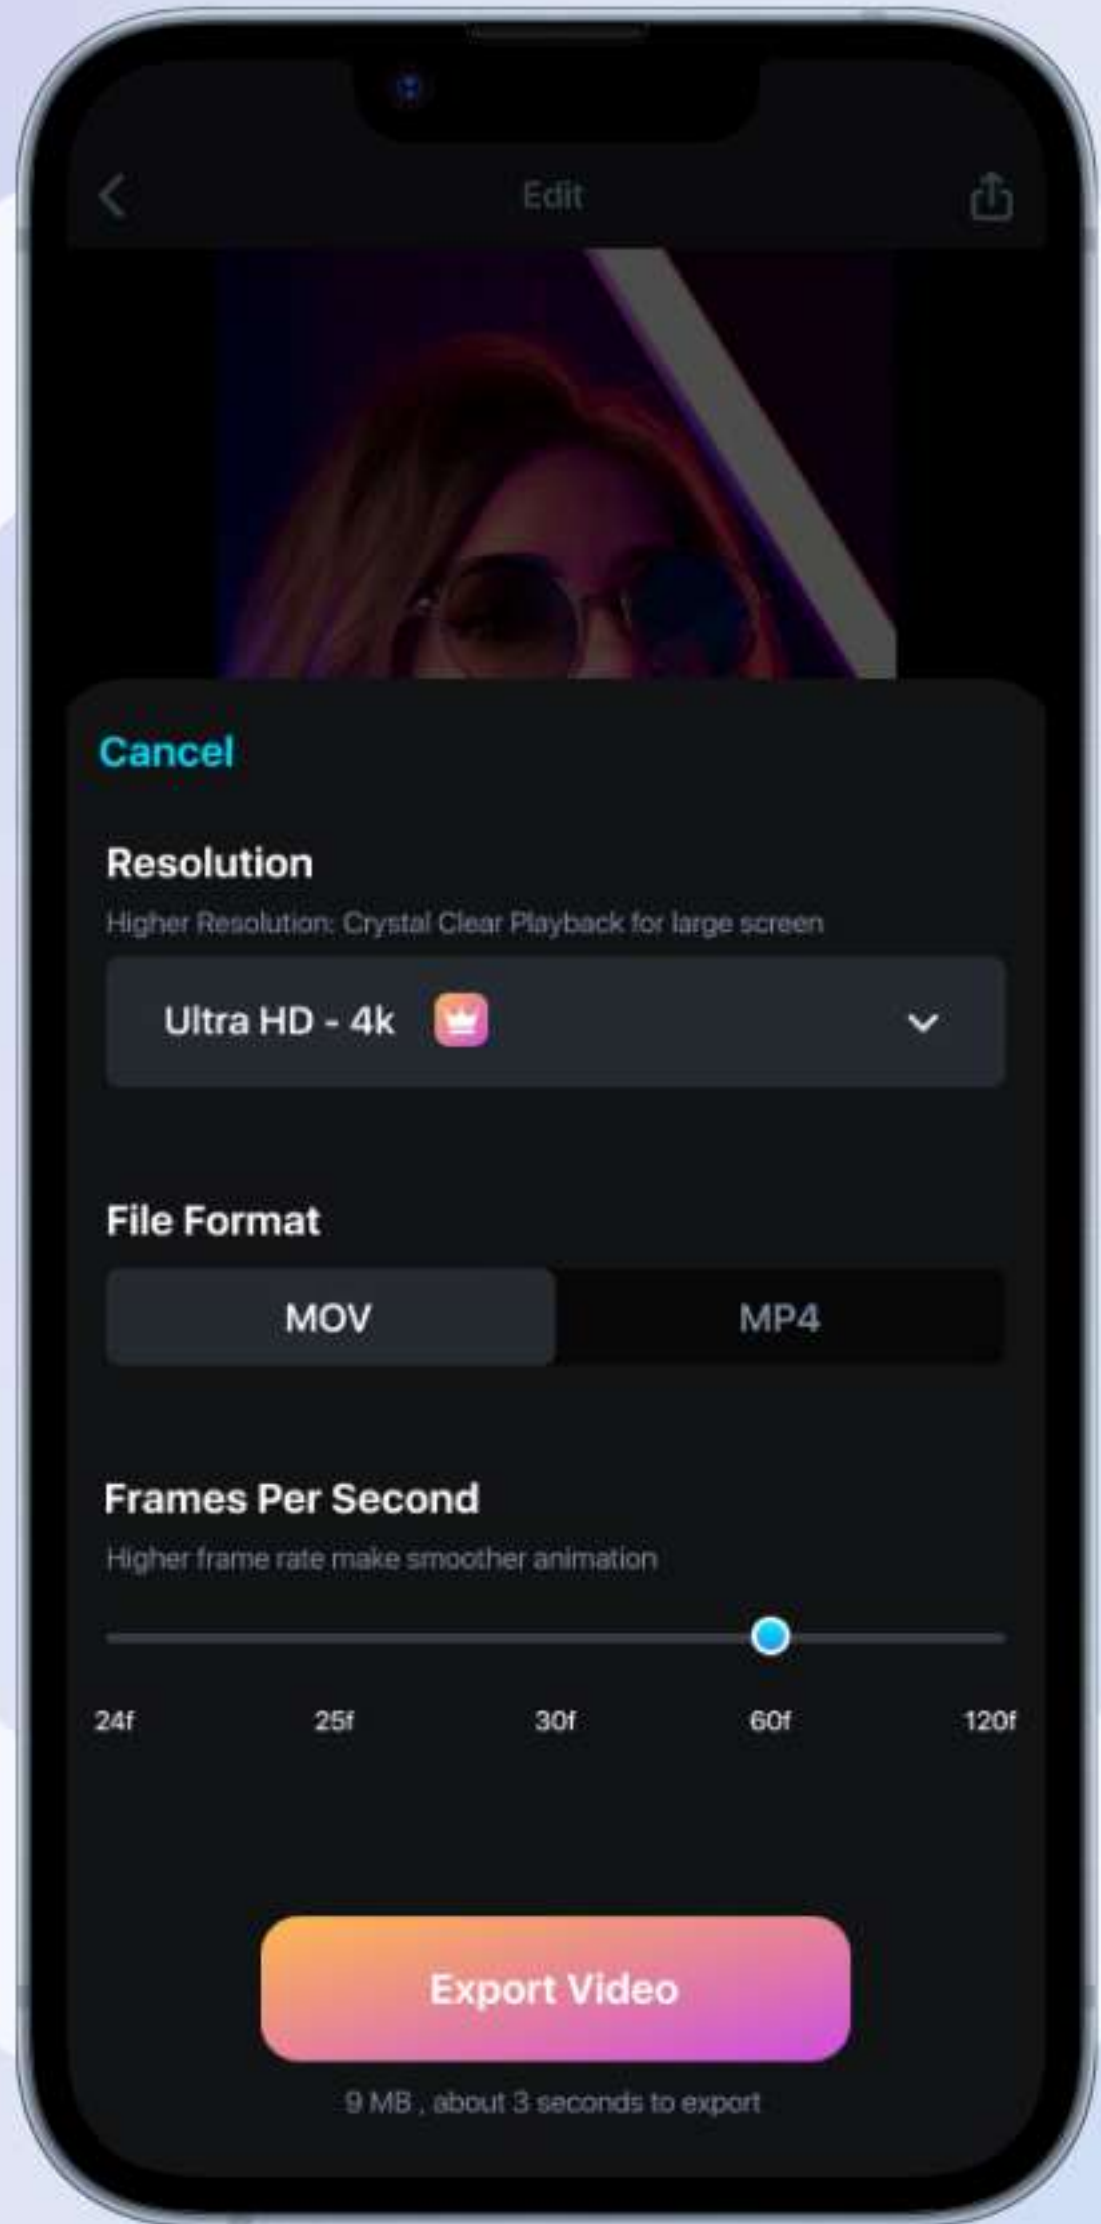

# Challenges

- ✓ Difficult to maintain brand consistency across different platforms and campaigns
- ✓ Manual design process was slow and expensive
- ✓ Lack of asset management made accessing and organizing visuals difficult
- ✓ No way to easily preview and collaborate on content
- ✓ inability to track performance to optimize efforts

# Solutions

- ✓ Drag-and-drop interface for quickly building posts
- ✓ Library of brand templates and visual assets
- ✓ Asset management system to organize materials
- ✓ Preview and collaboration capabilities
- ✓ Analytics to identify top performing content

# Impact

- ✓ 60% faster content creation for clients
- ✓ Increased engagement rates by 40%
- ✓ Improved brand consistency across platforms
- ✓ Valuable performance data to optimize content

# Task Management

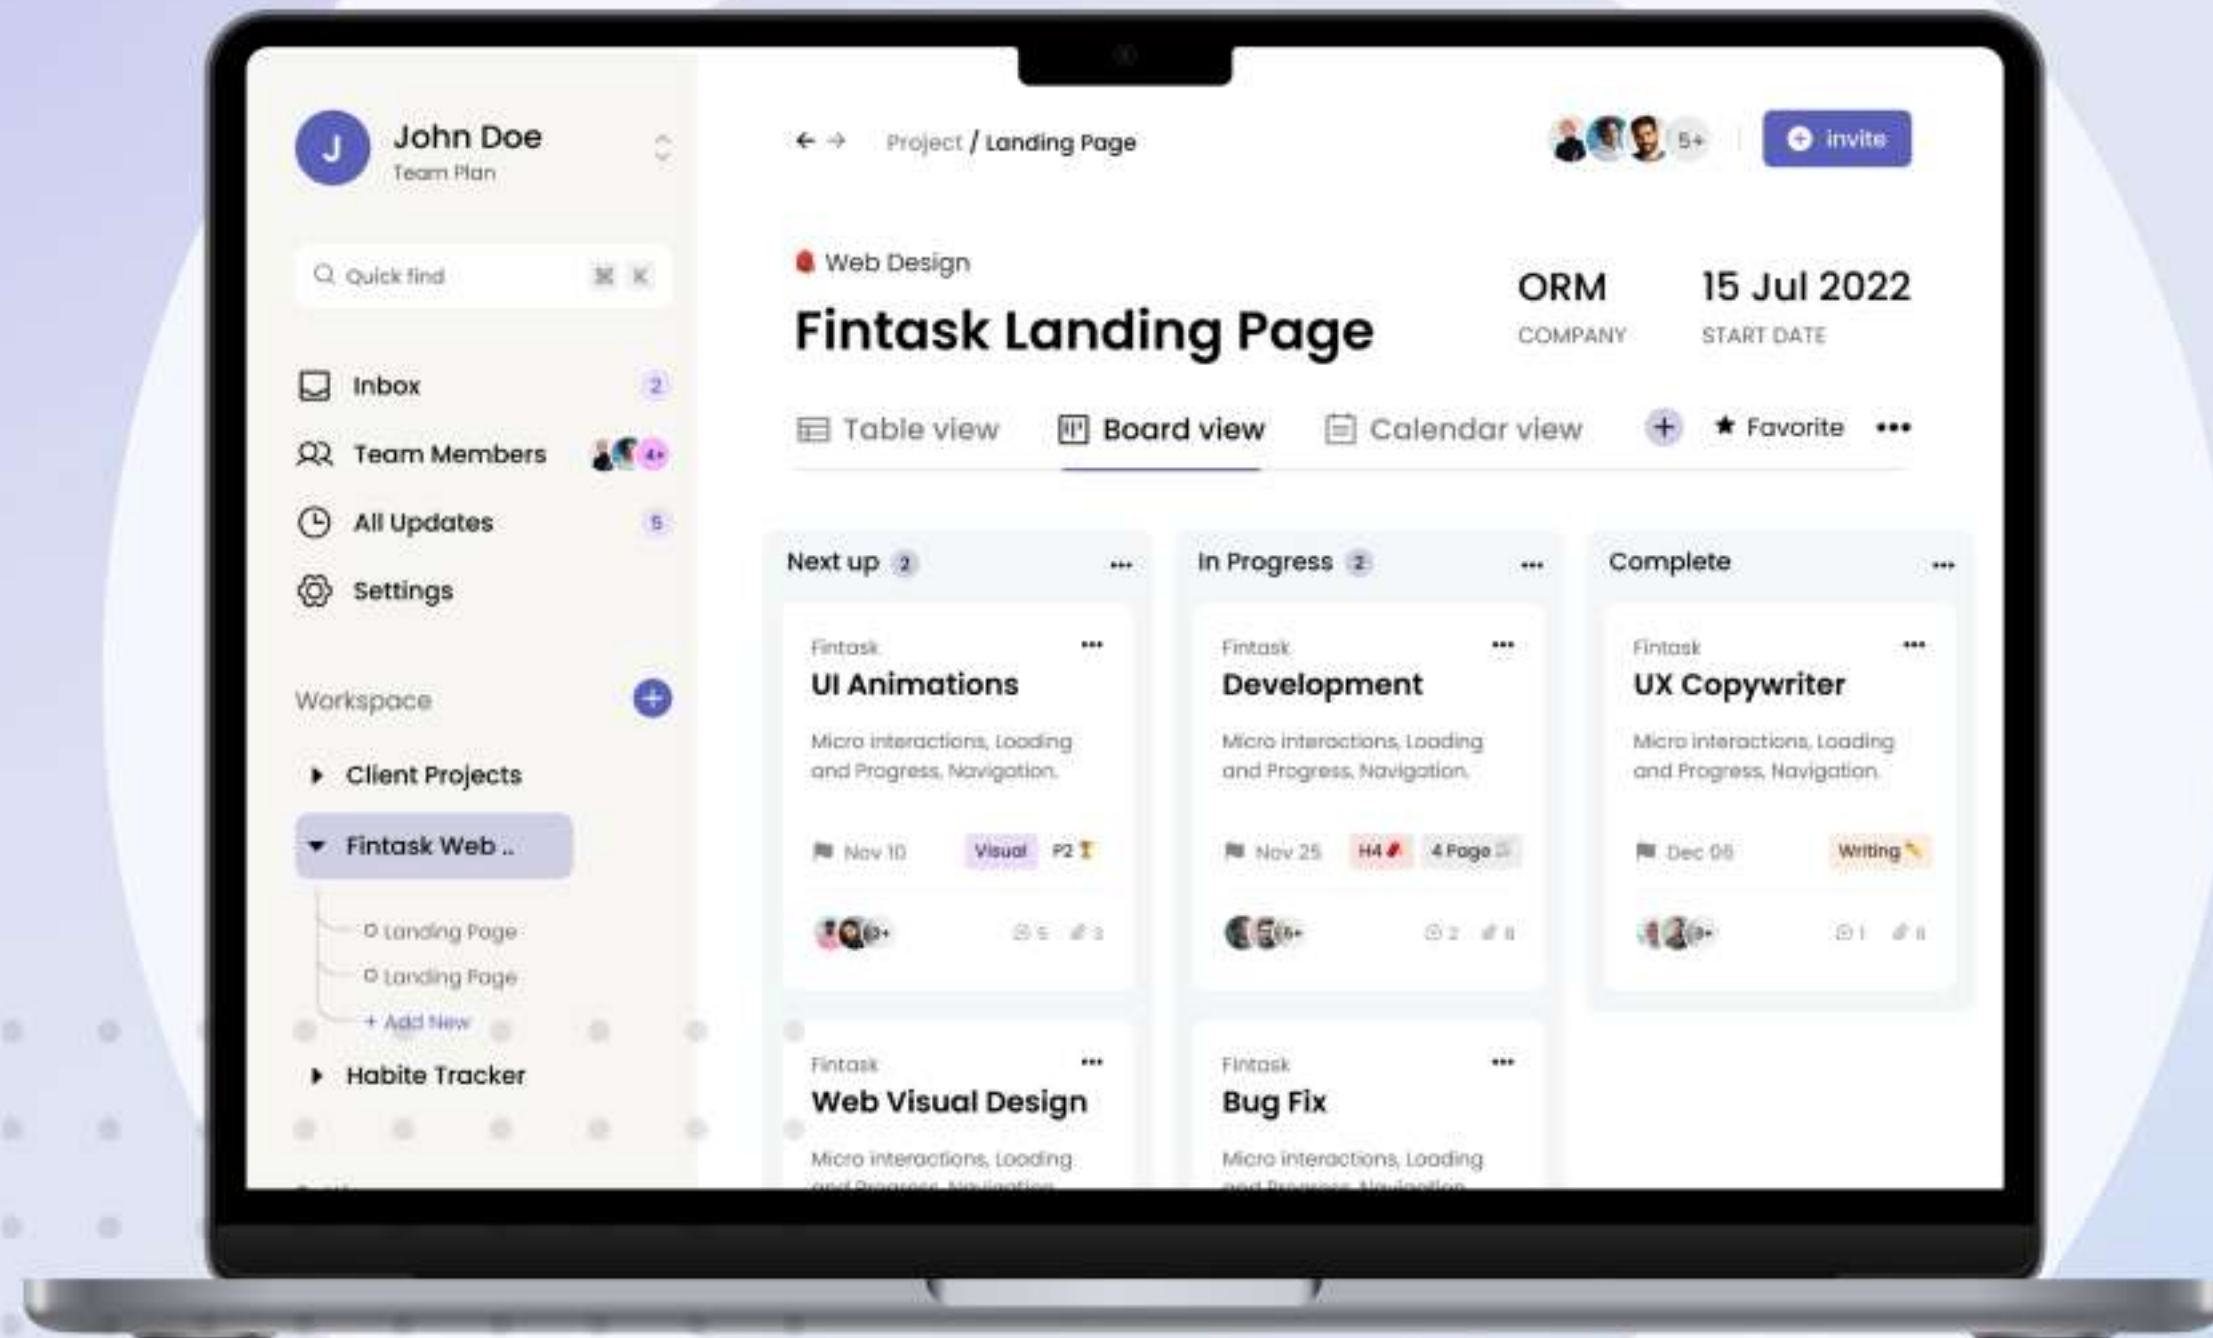

- Many Company struggled with disorganized tasks, miscommunication, and missed deadlines across teams. They needed a better way to assign, track, and collaborate on tasks.

# Features

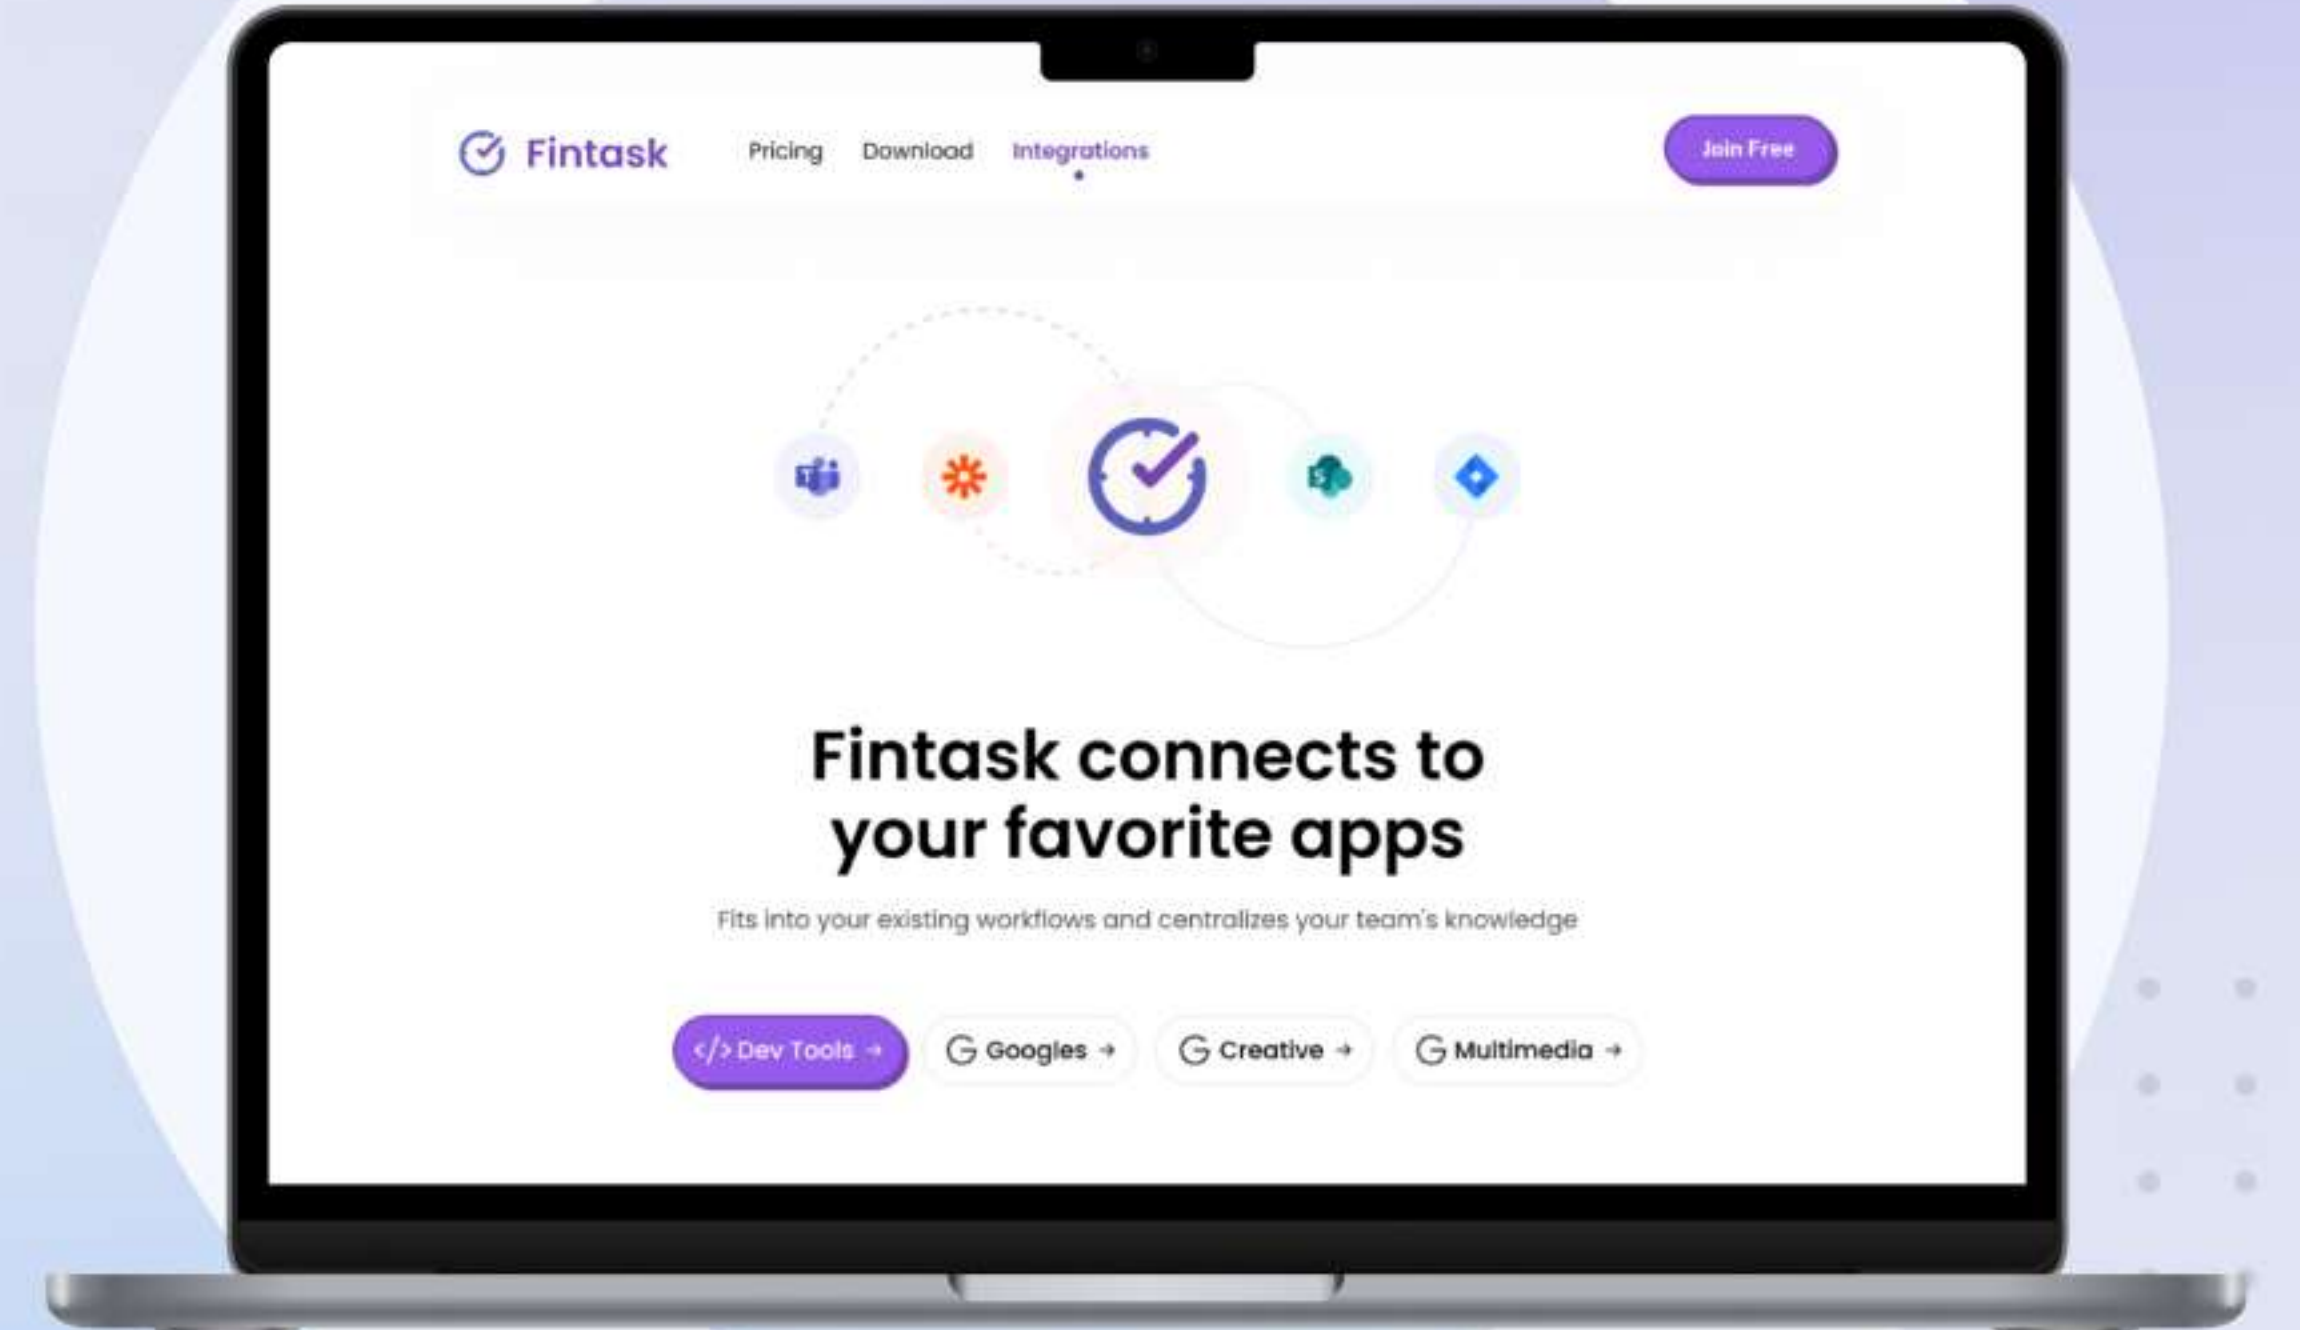

- ✓ Task workflow and status
- ✓ Project and task creation
- ✓ Task assignment and collaboration
- ✓ Time tracking
- ✓ Calendars and reminders
- ✓ Custom filters and views
- ✓ Mobile friendly

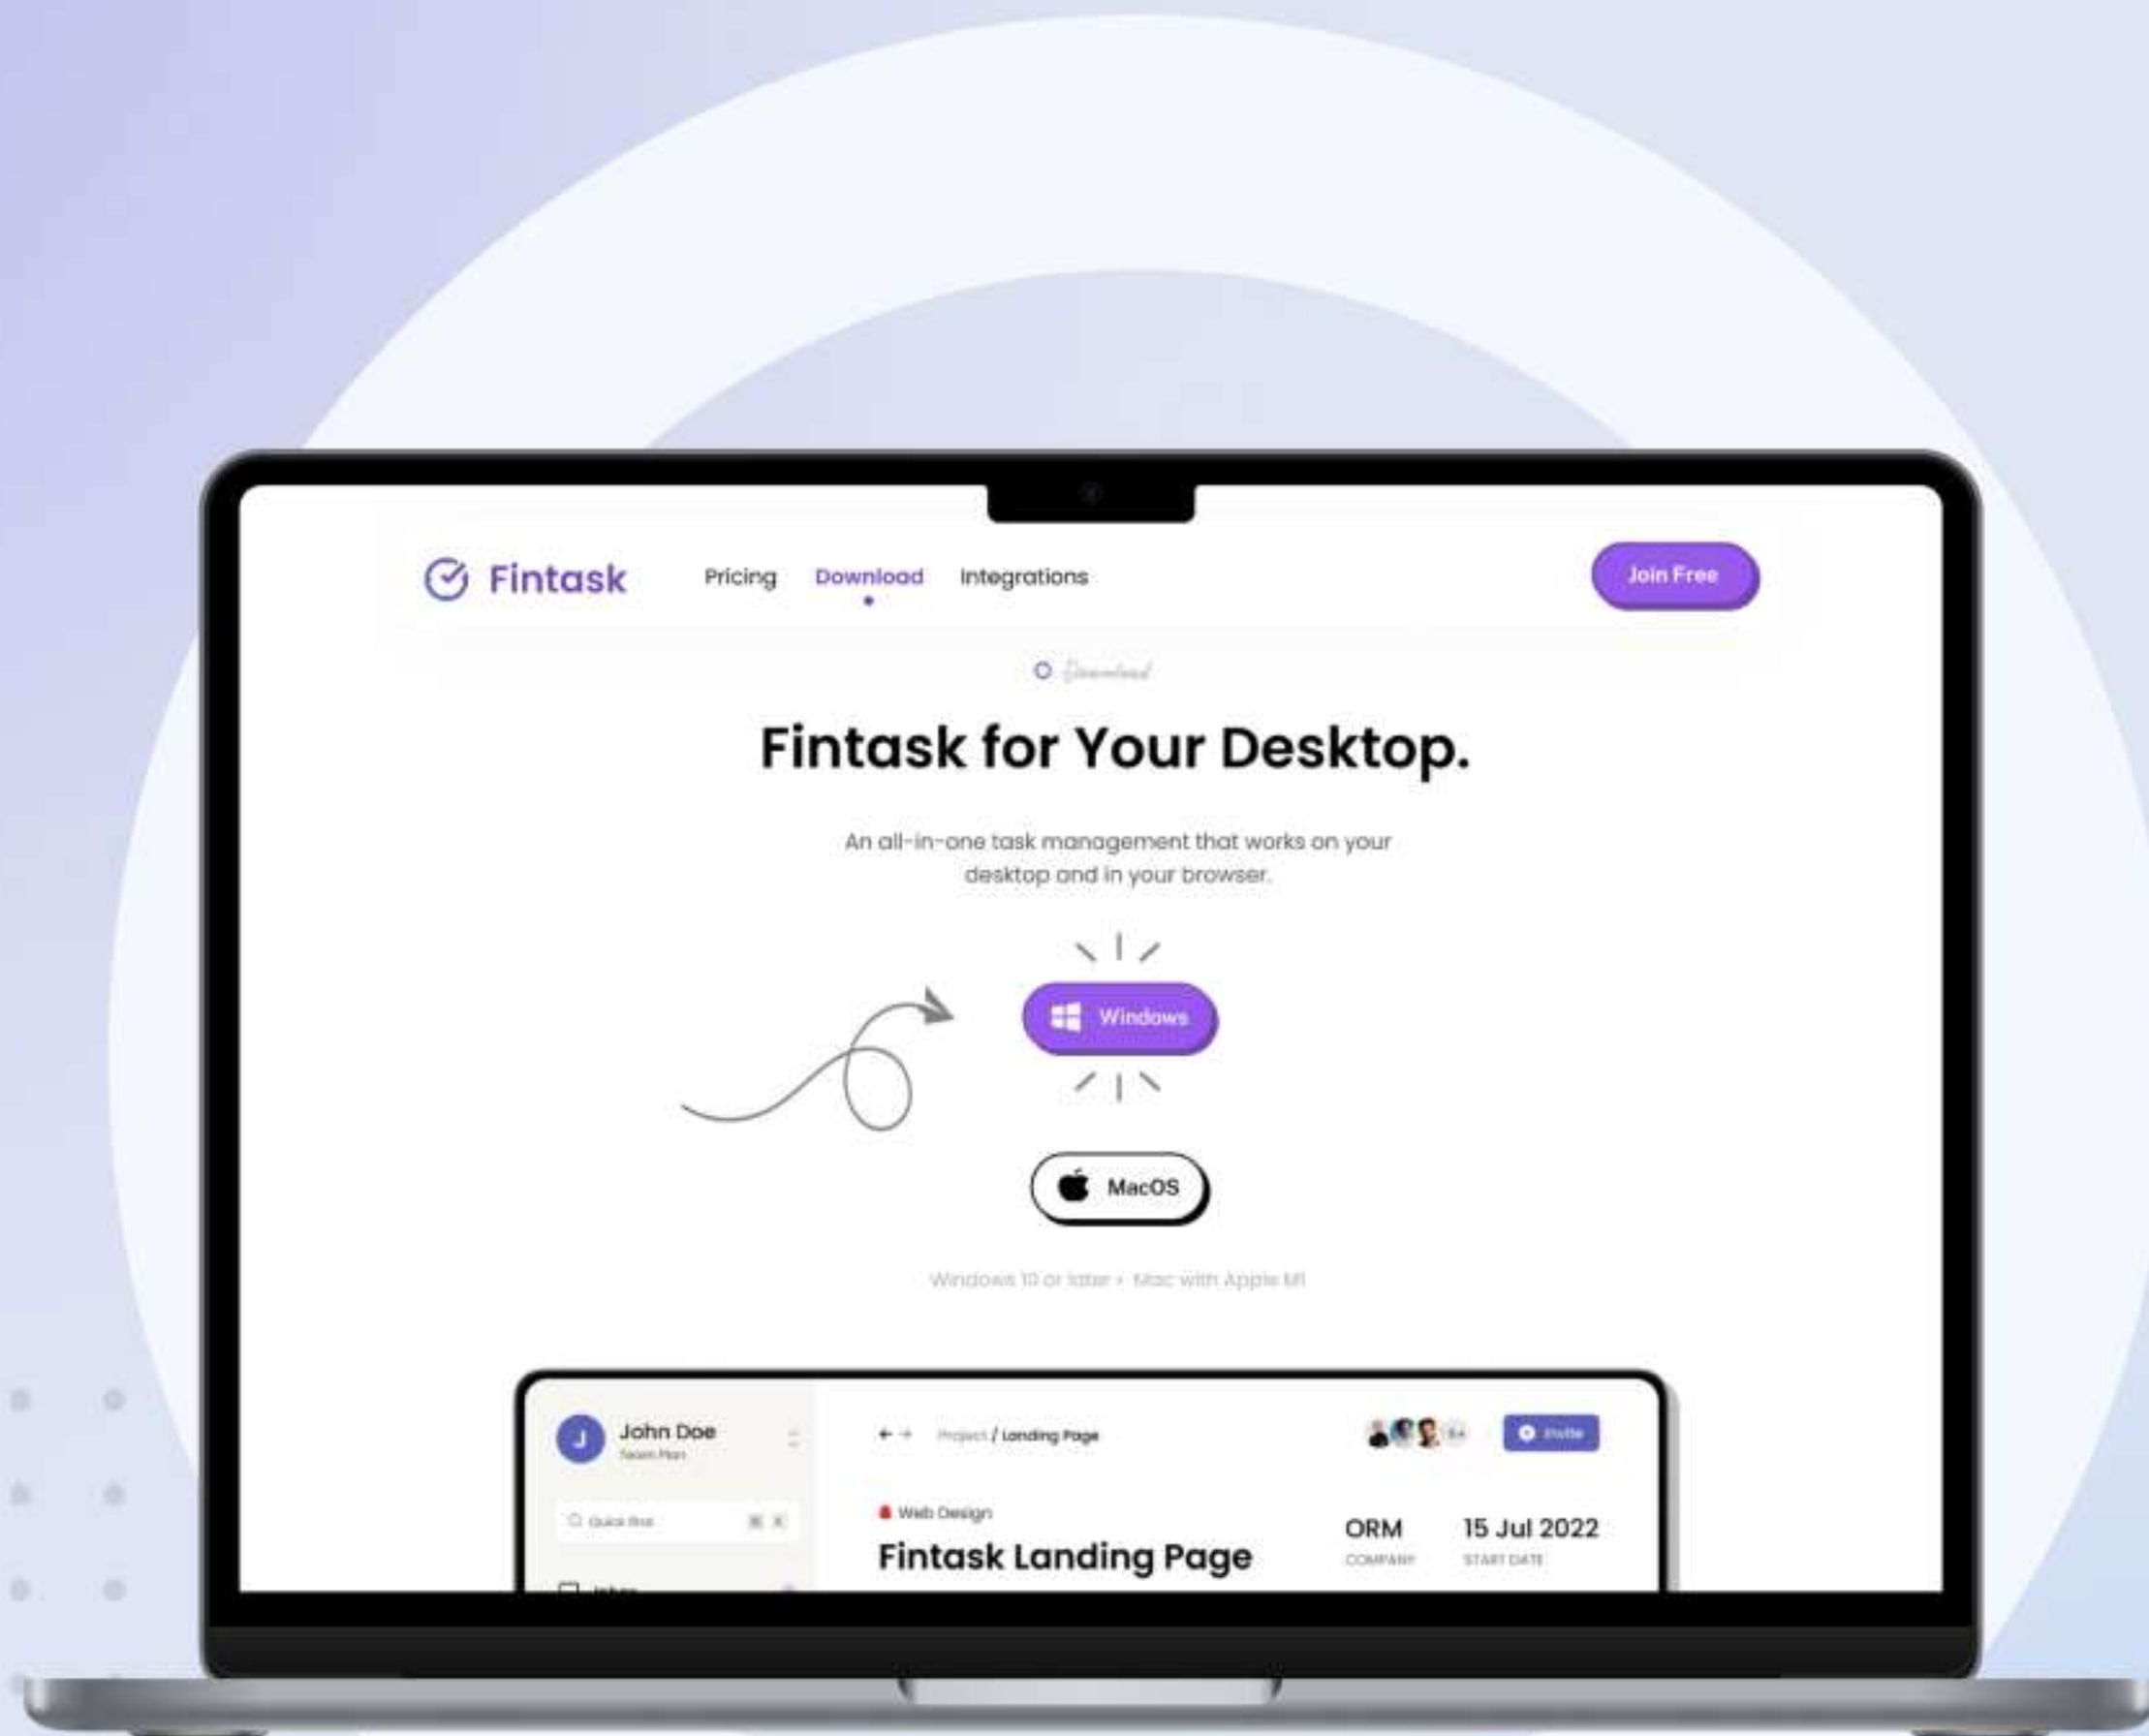

# Challenges

- ✓ Team members wasted time searching across multiple apps and emails to find task details.
- ✓ Managers lacked visibility into team workloads and progress.
- ✓ Cross-functional collaboration was siloed and inconsistent.
- ✓ Reporting productivity and time spent was manual and time-consuming.

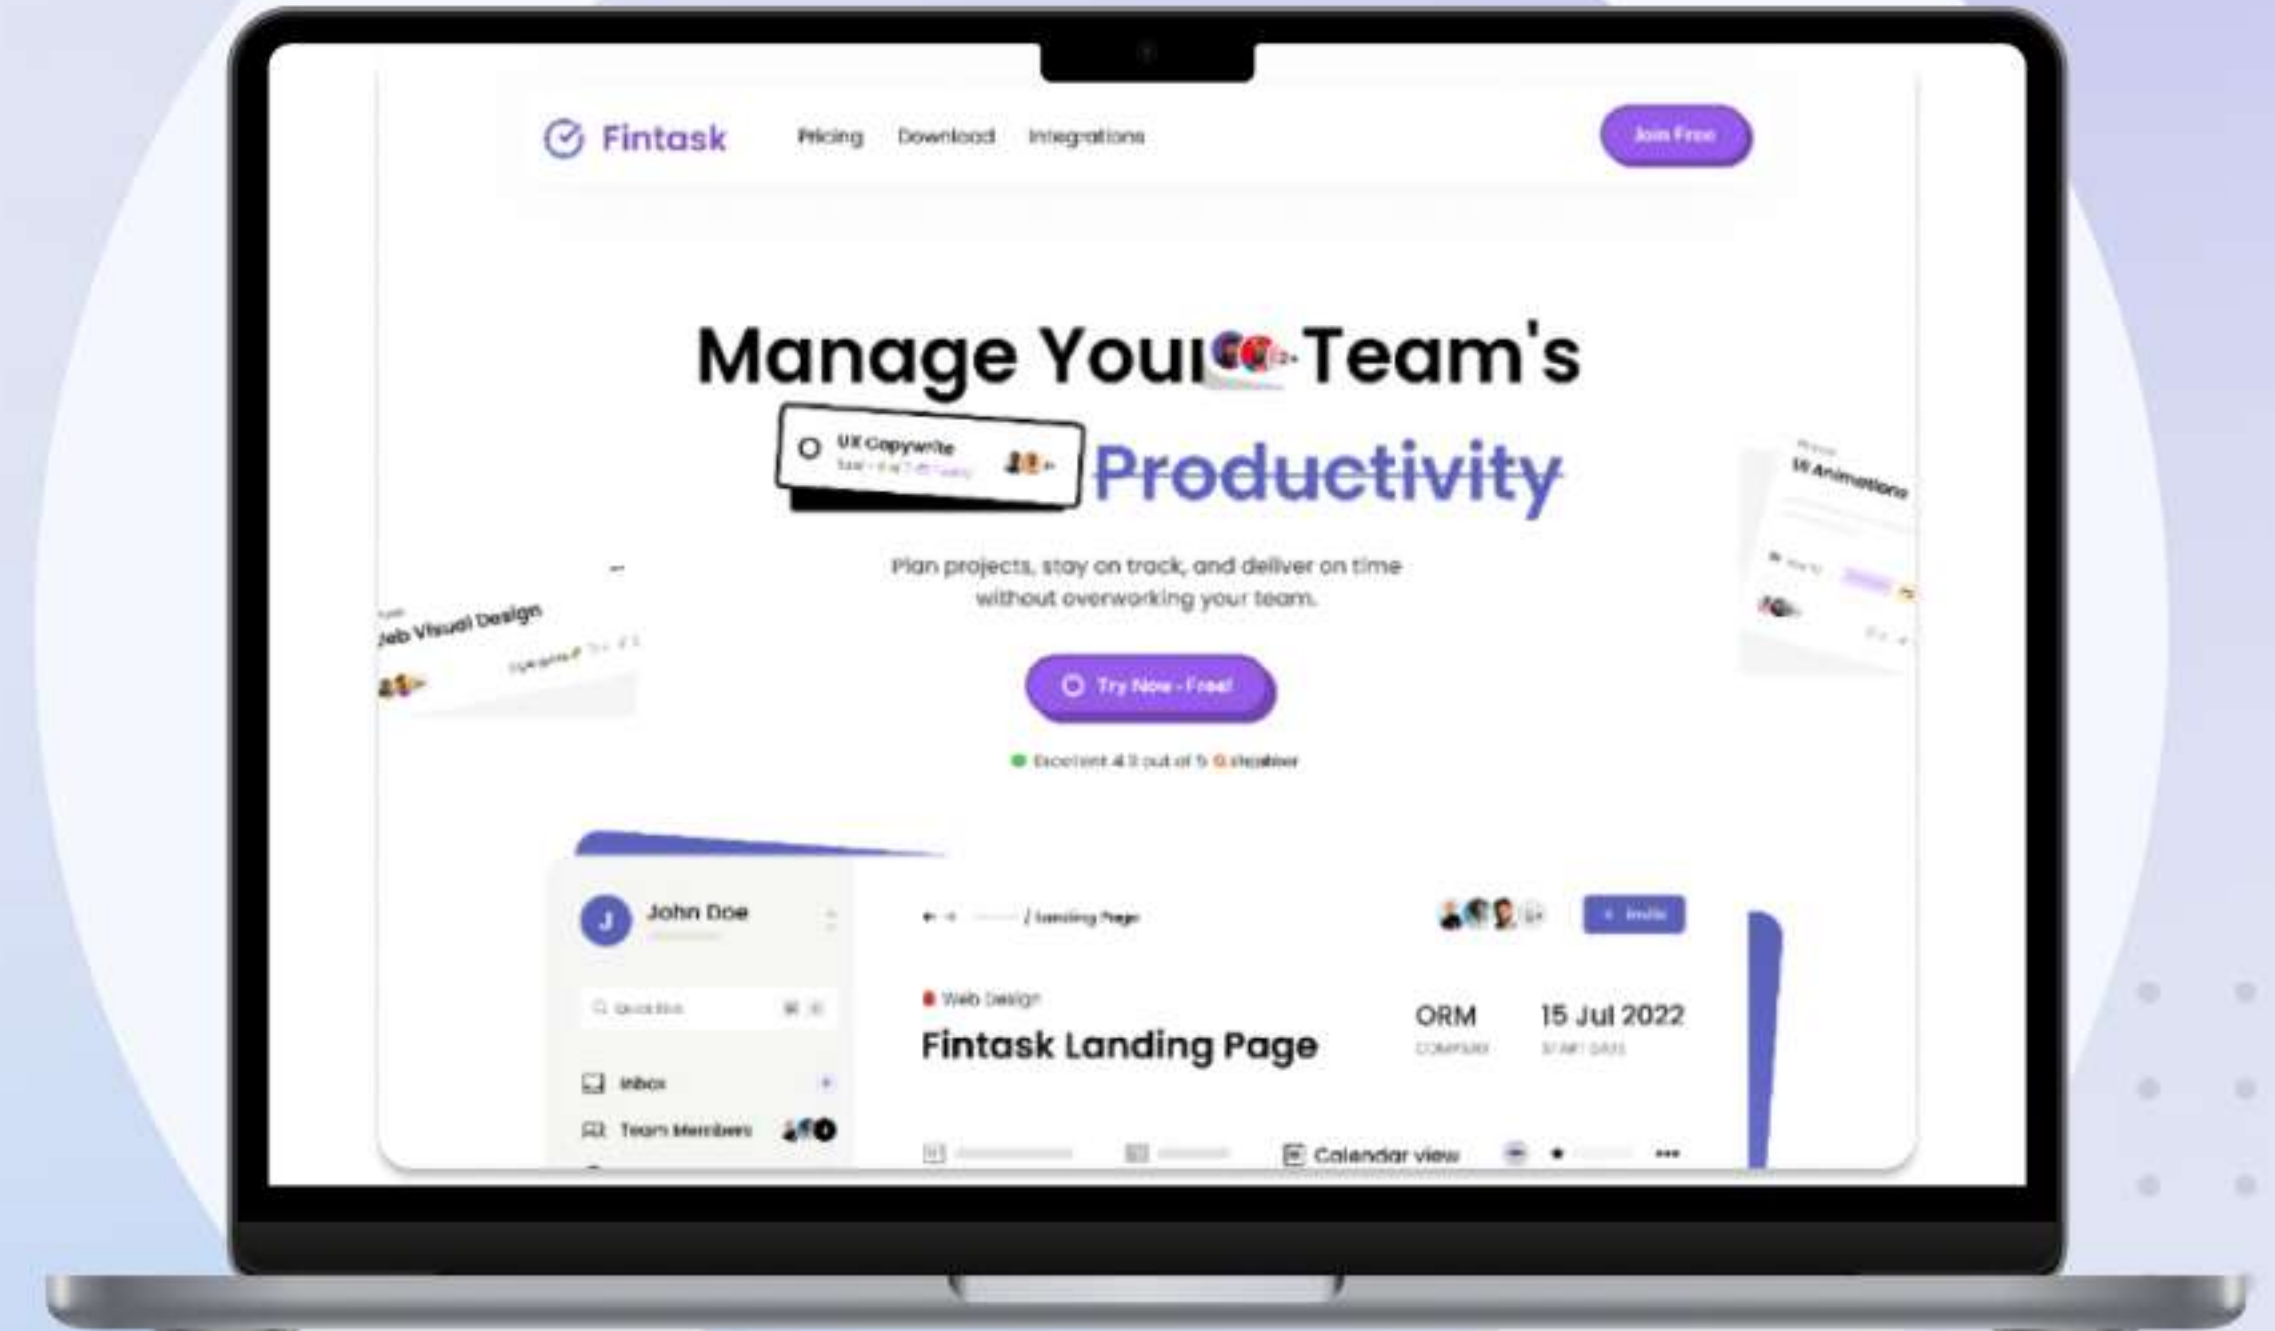

# Solutions

- ✓ Centralized task dashboard
- ✓ Project planning tools
- ✓ Customizable workflows
- ✓ Assignees and collaborators
- ✓ Time tracking
- ✓ Notifications and reminders
- ✓ Progress reports

# Impact

- ✓ 28% increase in team productivity
- ✓ 41% faster cross-team collaboration
- ✓ 53% of tasks now completed on time
- ✓ 4.7 hours saved per person per week on status updates

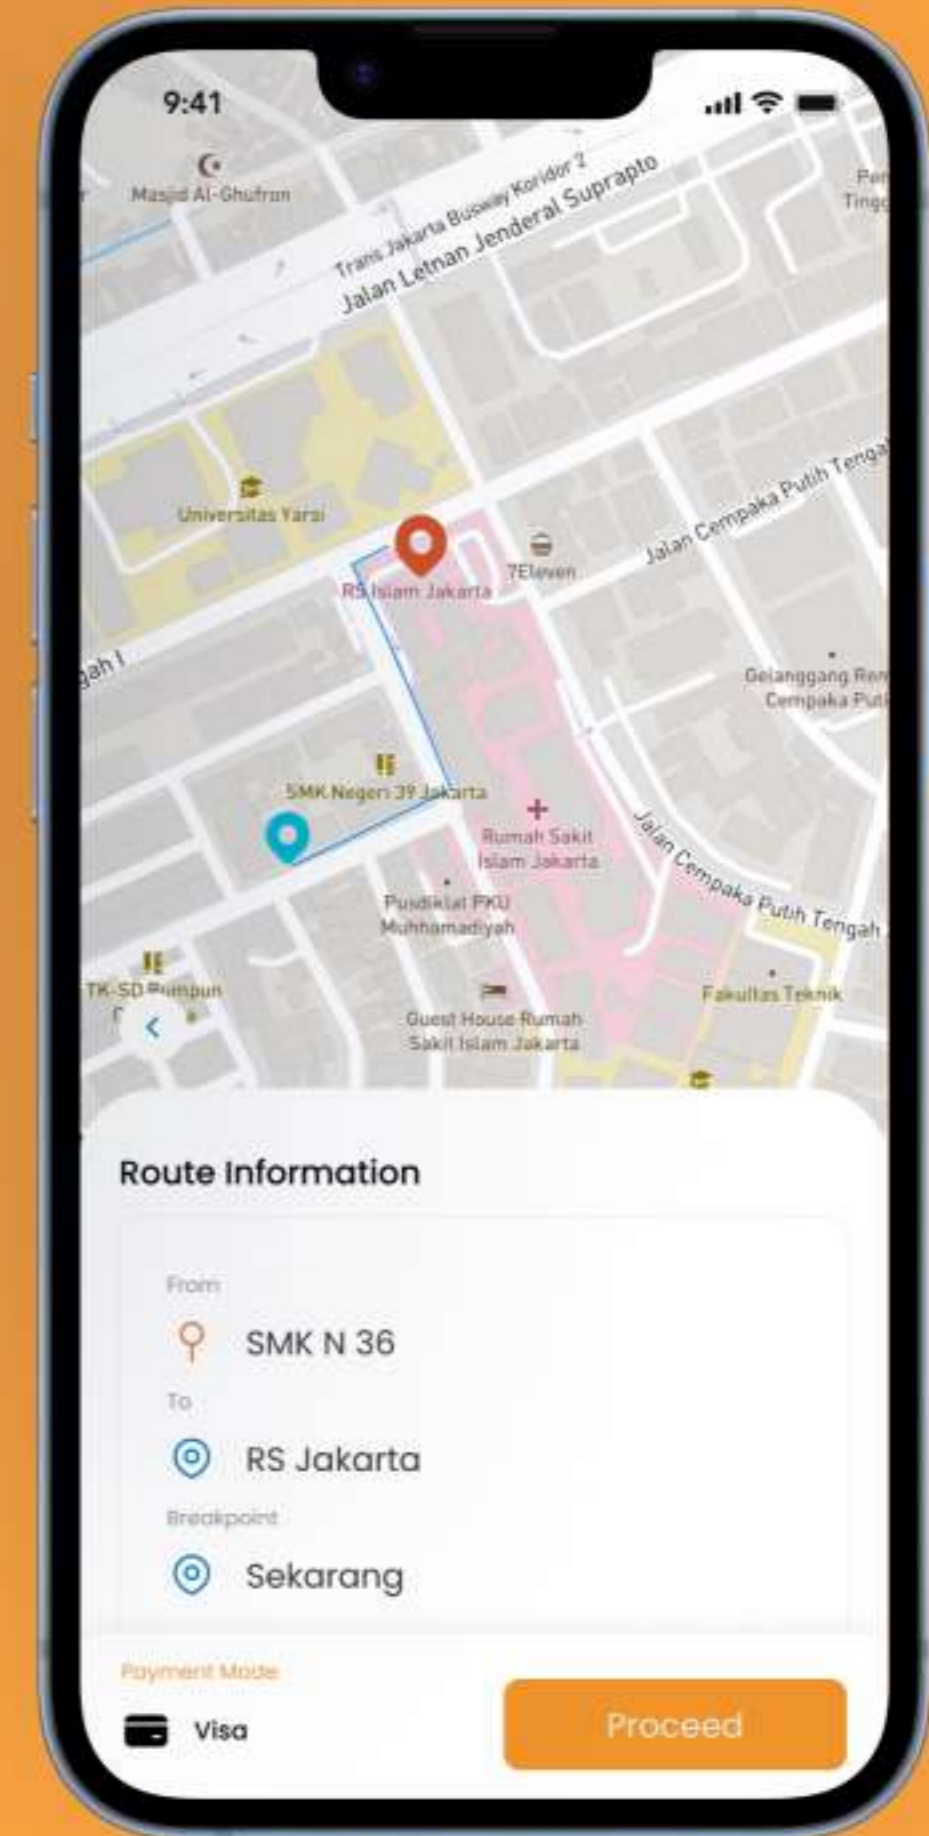

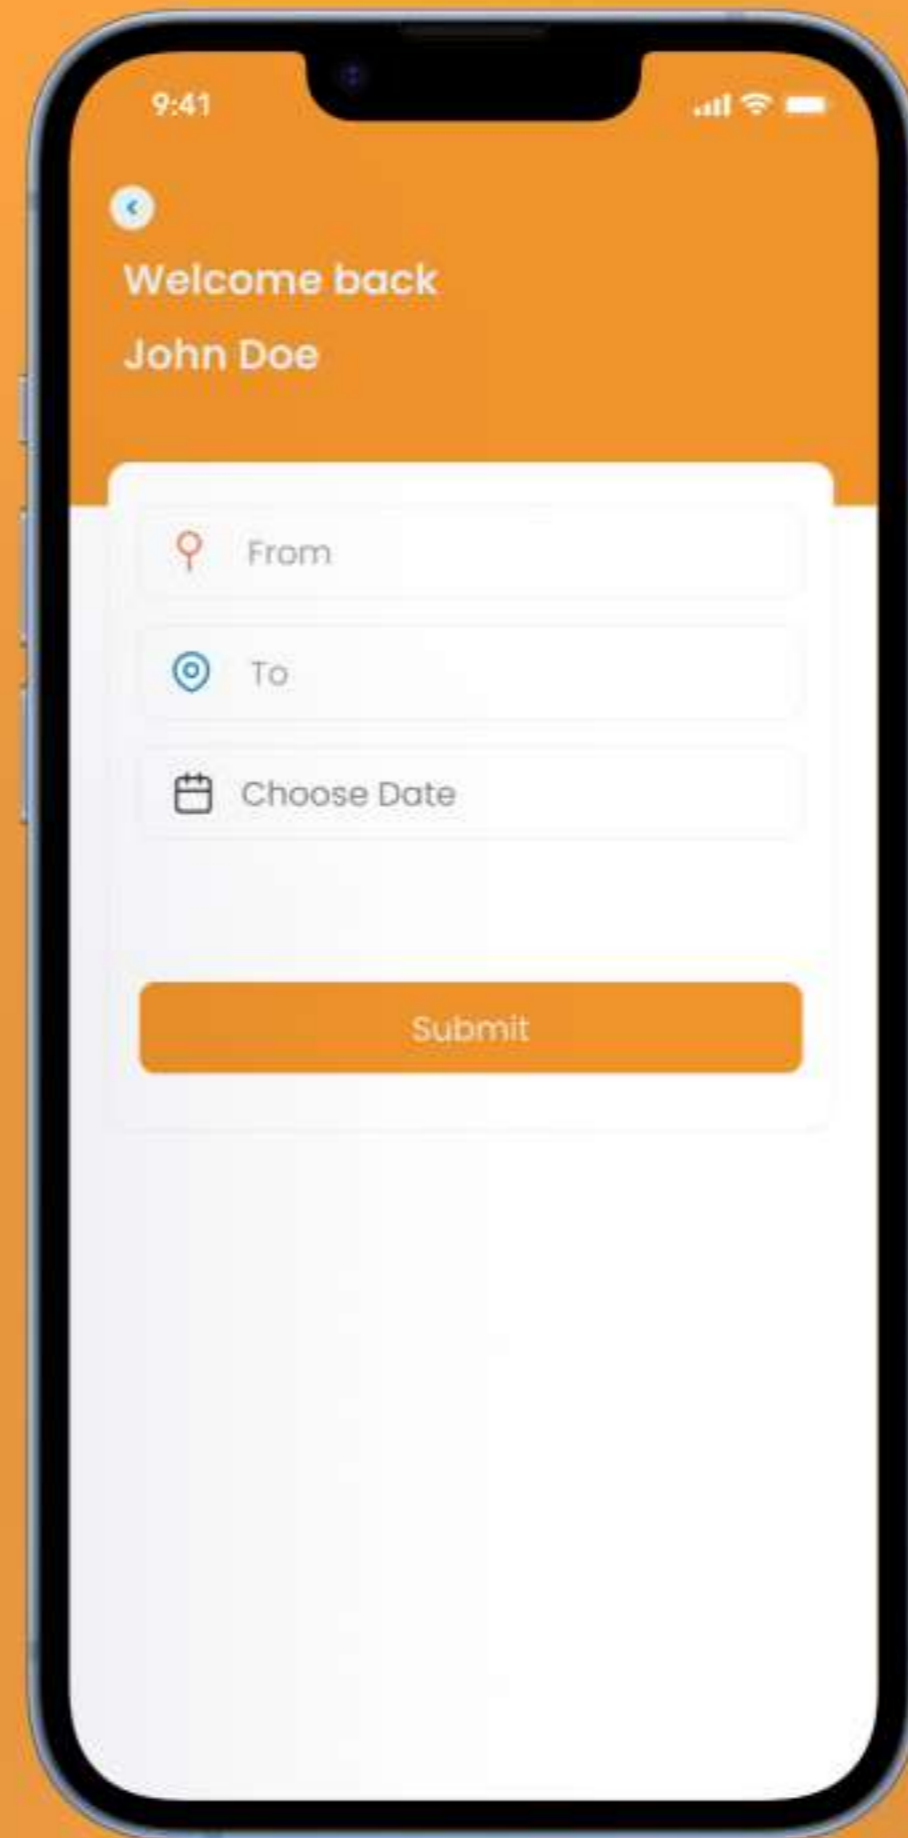

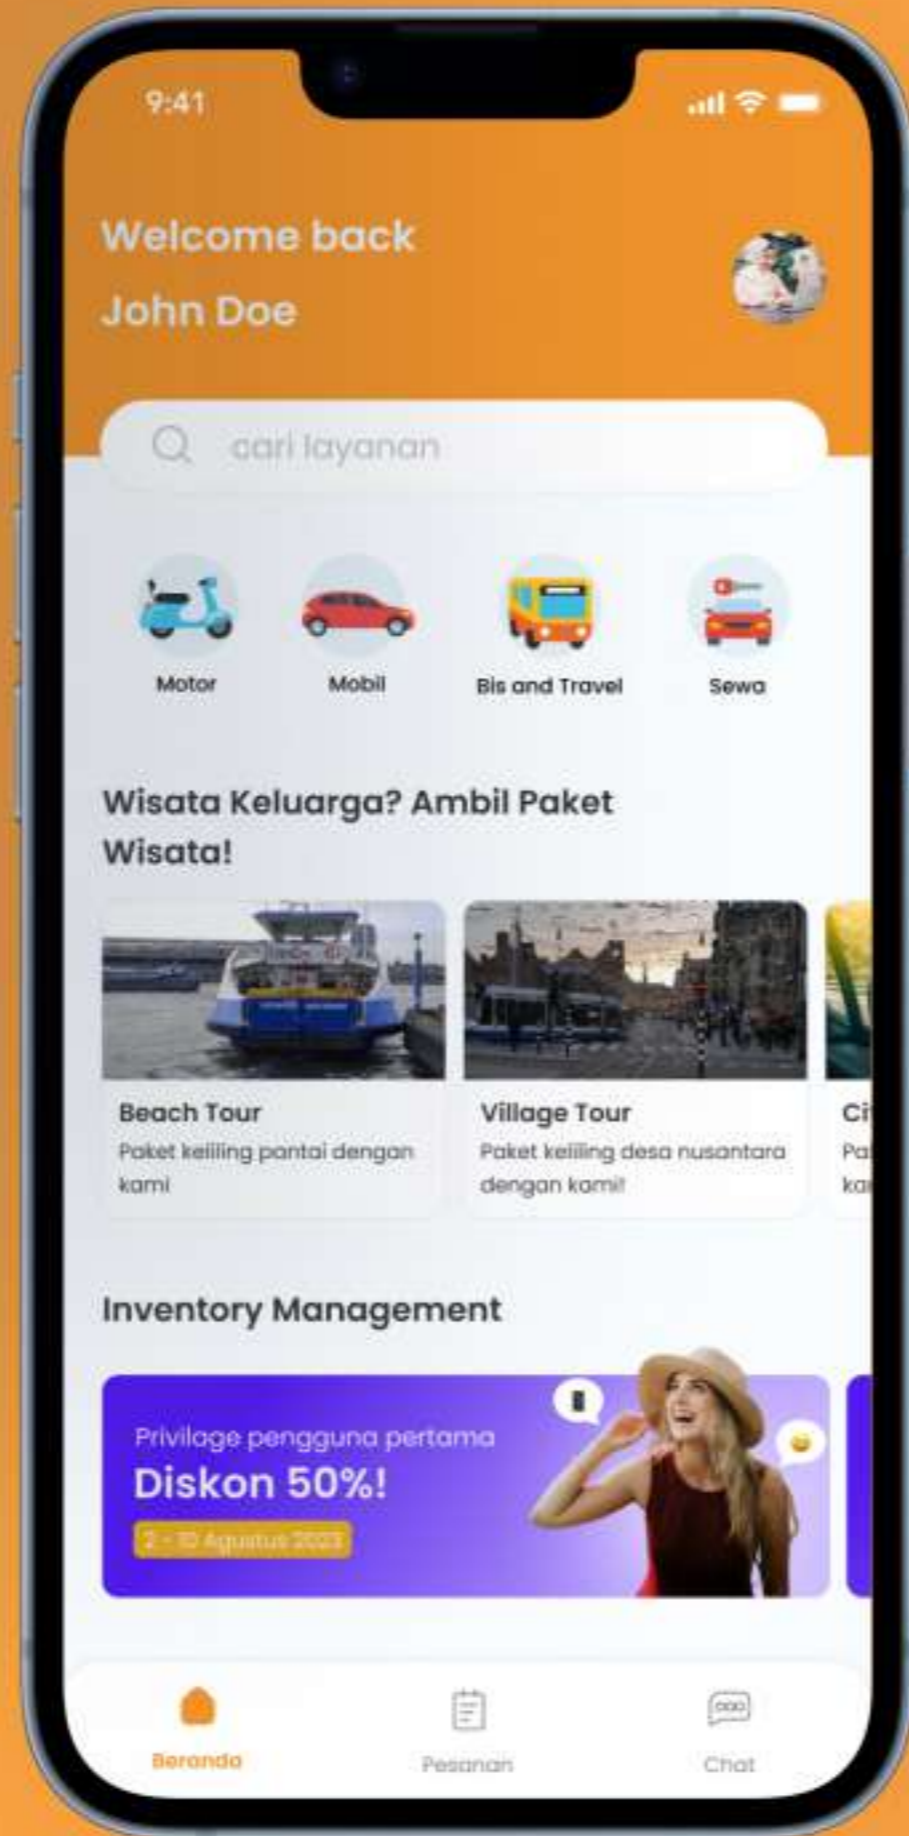

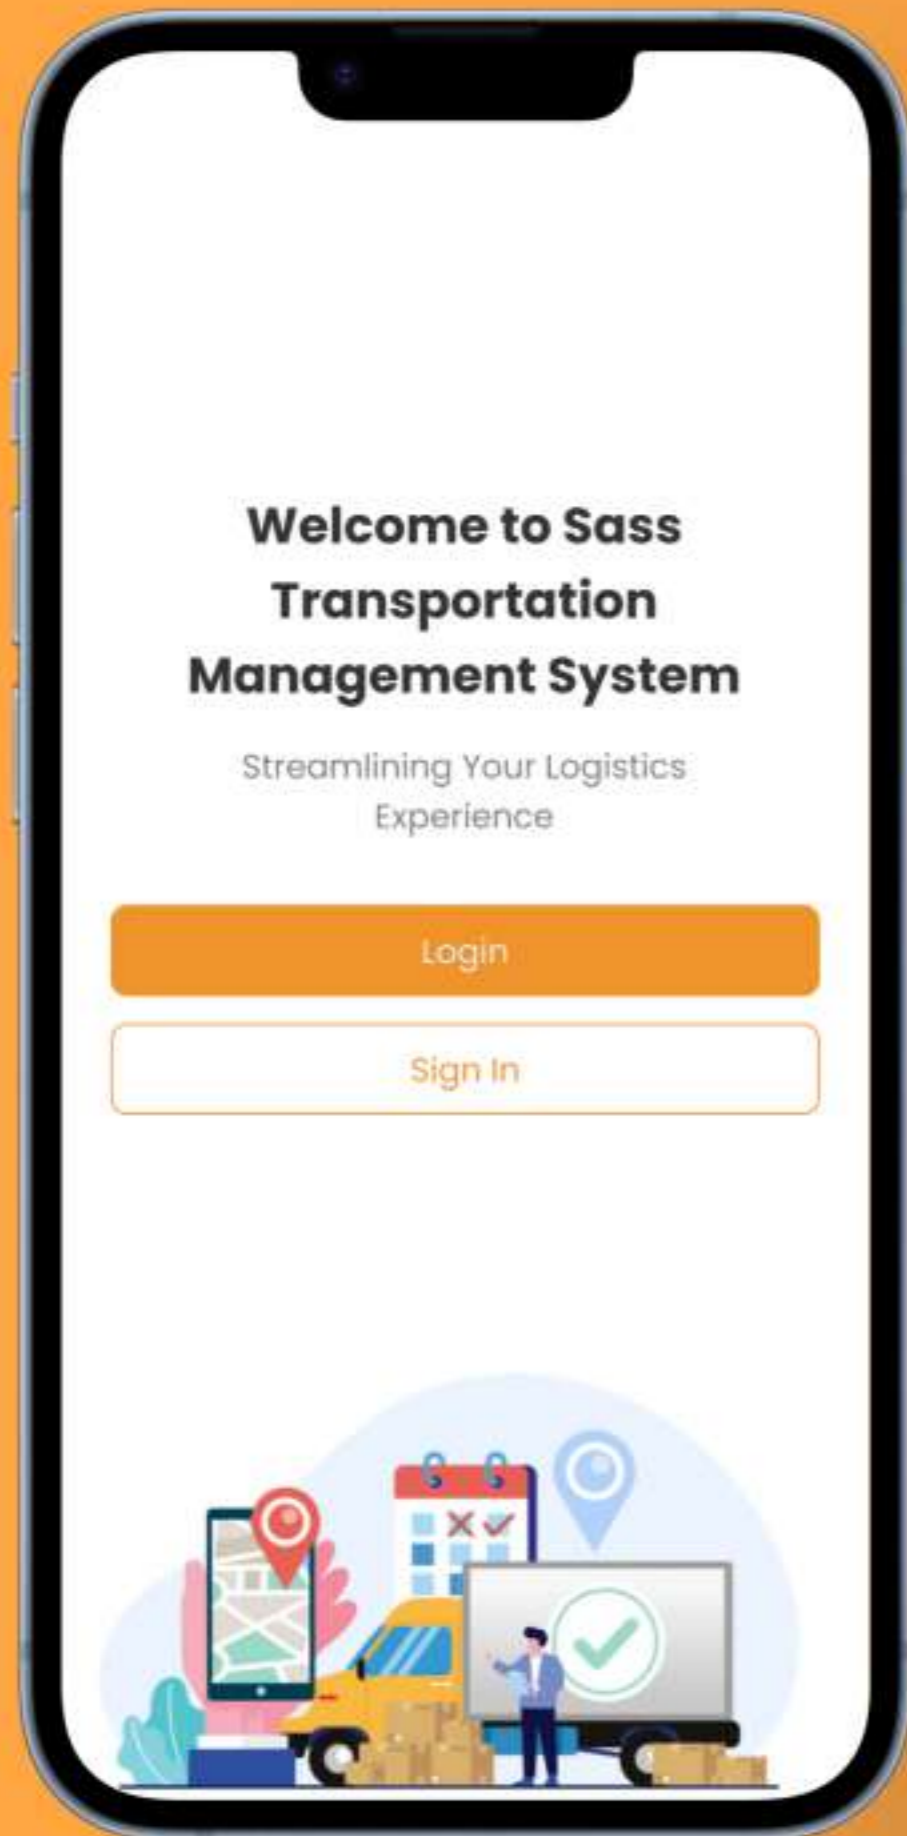

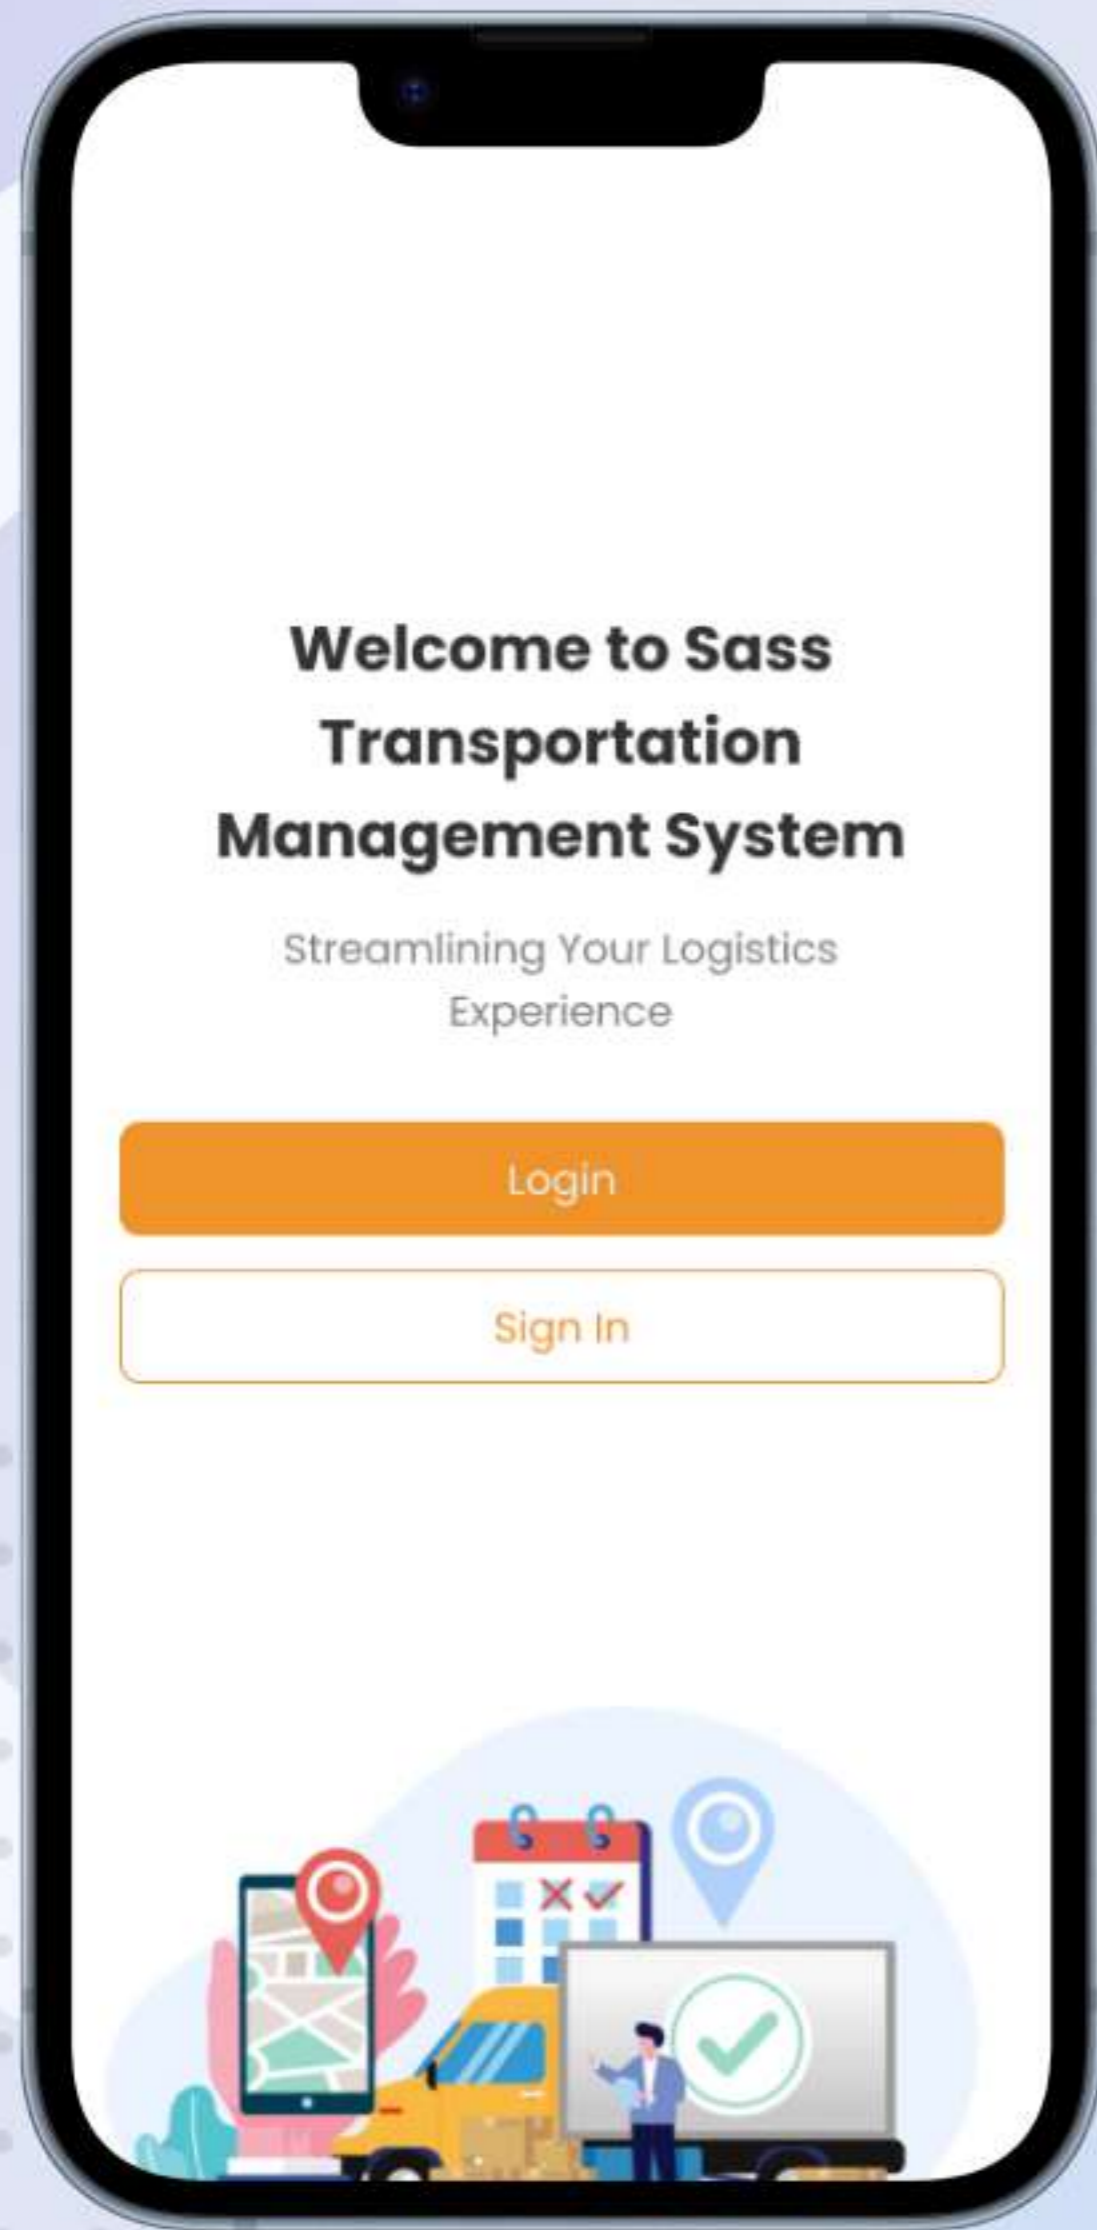

# SaaS Transport Management System

Jiya Transport Logistics was a rapidly expanding manufacturer with a worldwide supply network. As they shipped more goods, their in-house TMS system couldn't keep up, lacking the visibility, optimization, and teamwork features they required.

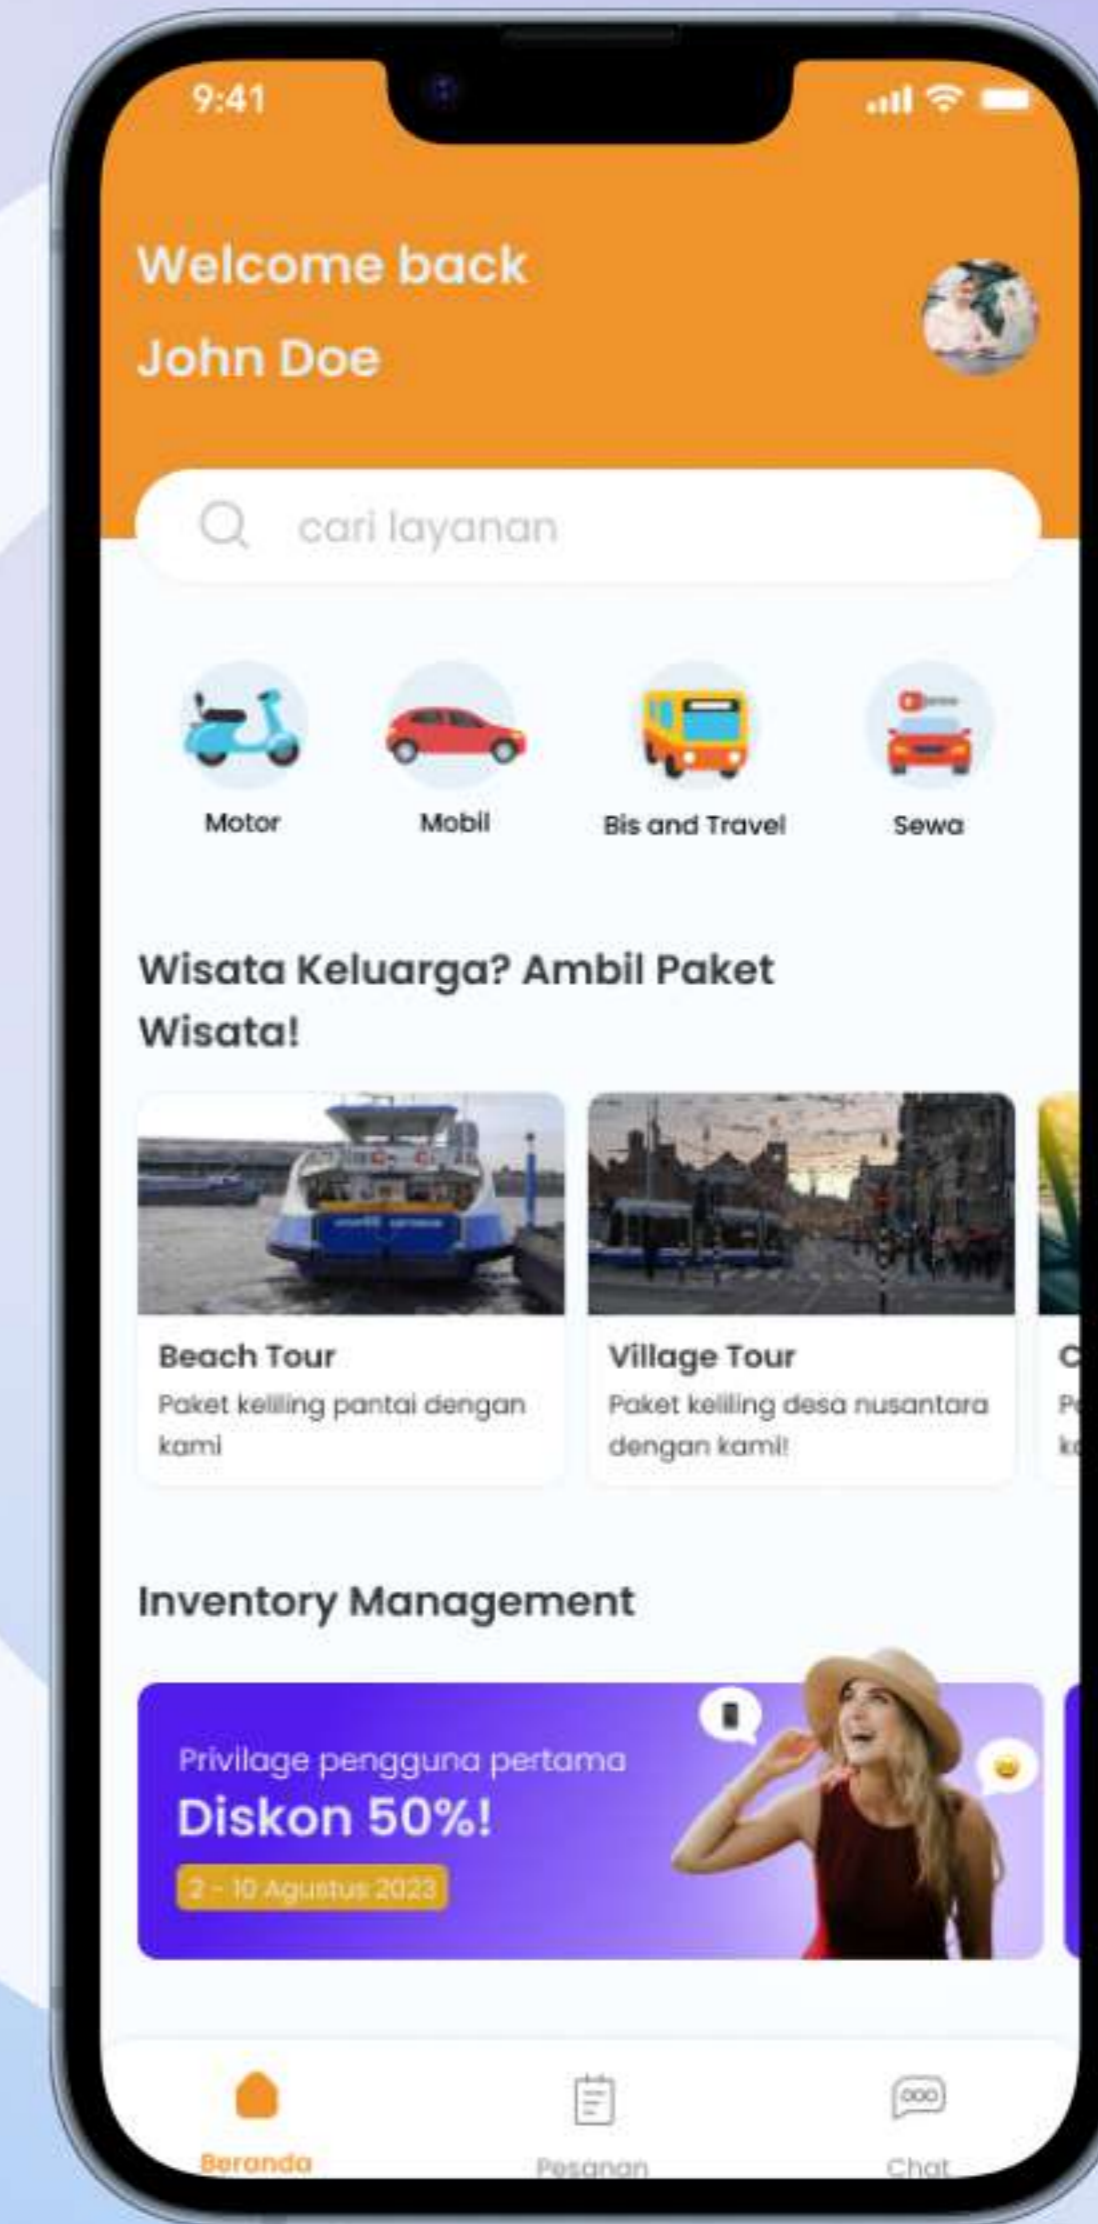

# Features

- ✓ Cloud-based access
- ✓ End-to-end visibility
- ✓ Optimization
- ✓ Process automation
- ✓ Collaboration
- ✓ Analytics and reporting

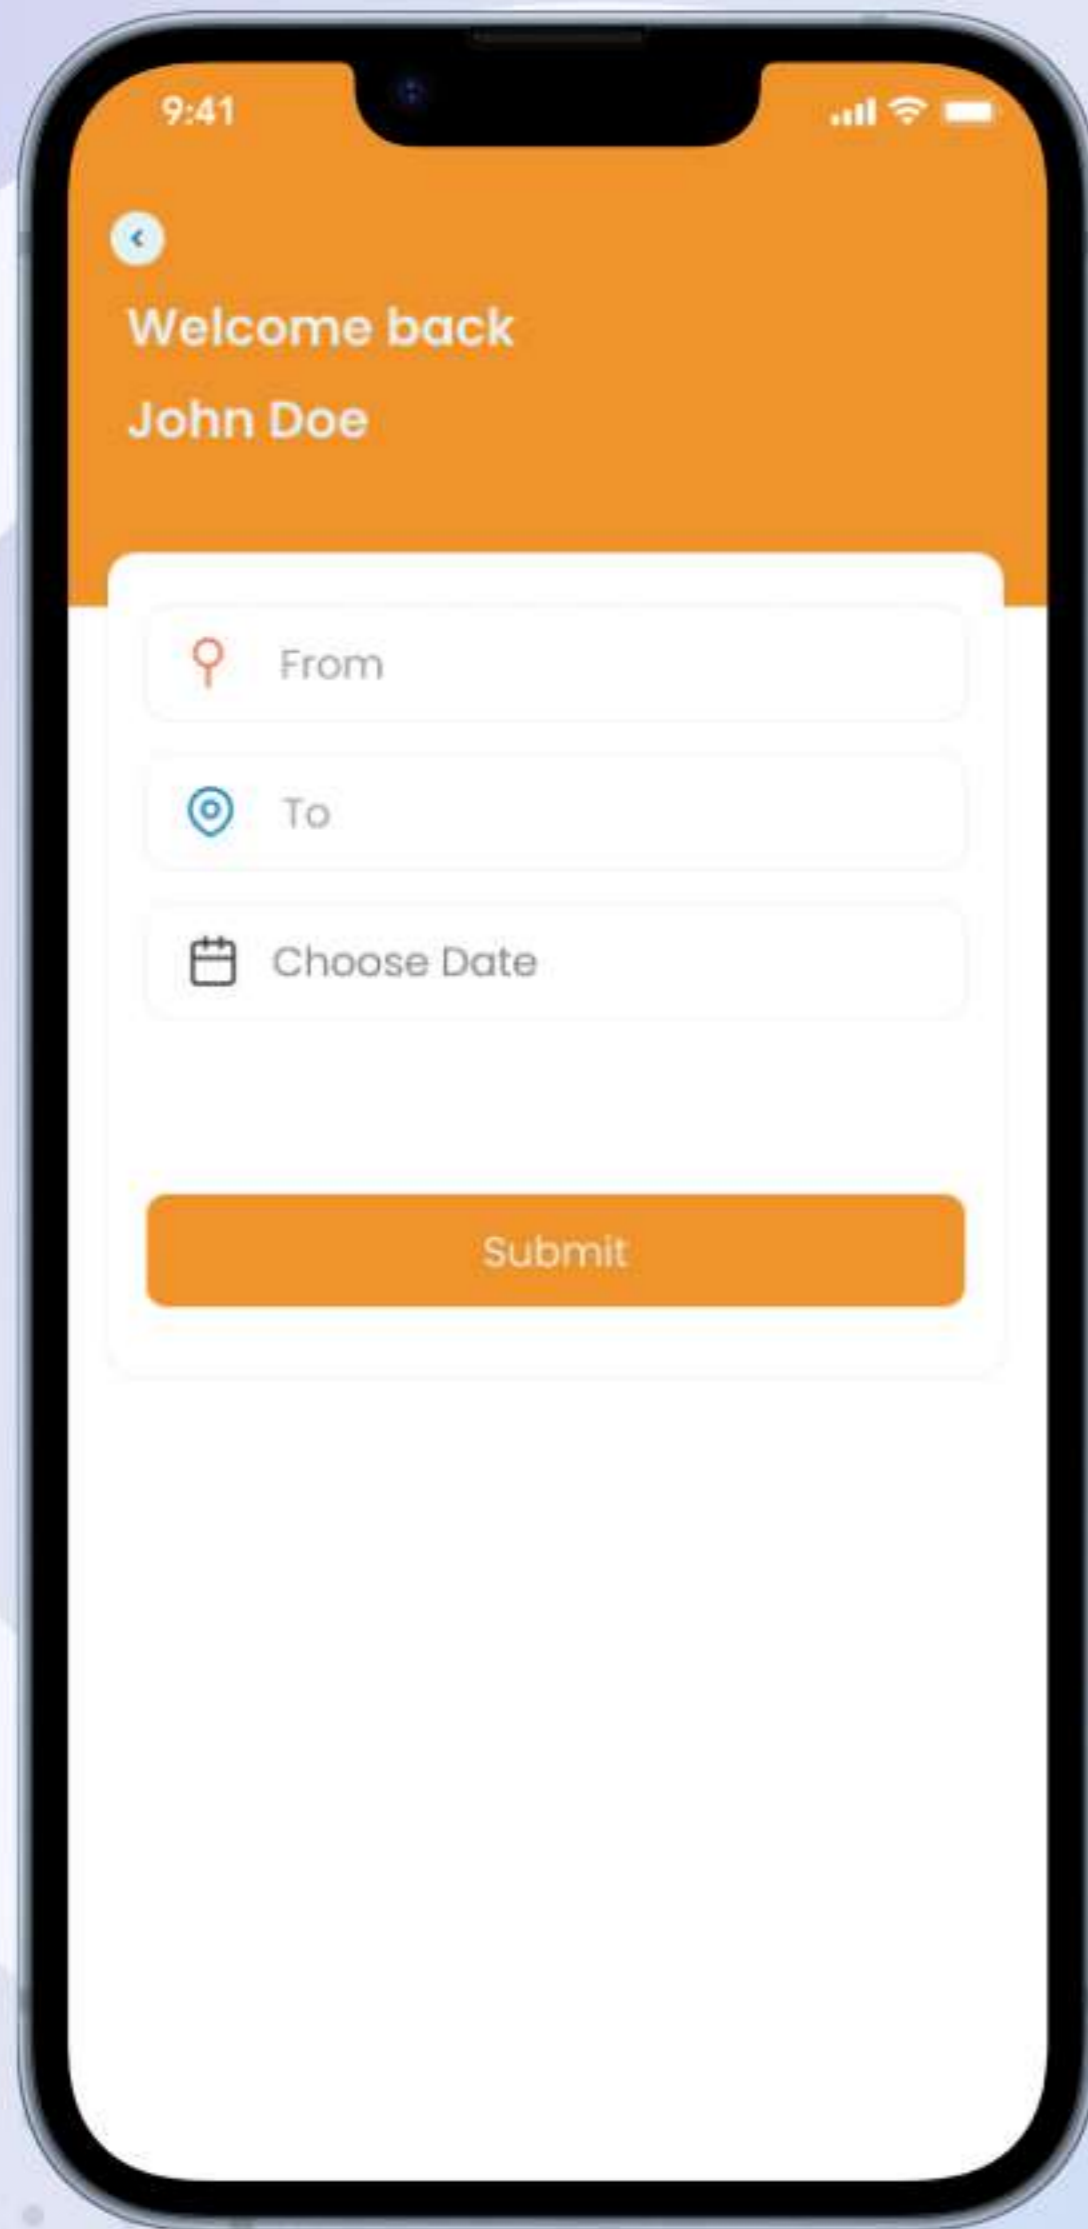

# Challenges

- ✓ Limited visibility into shipments across modes and regions
- ✓ Inefficient manual planning and execution of logistics
- ✓ Lack of integration between departments, customers and carriers
- ✓ Unable to support fluctuation in shipment volumes
- ✓ Difficulty accessing and analyzing logistics data

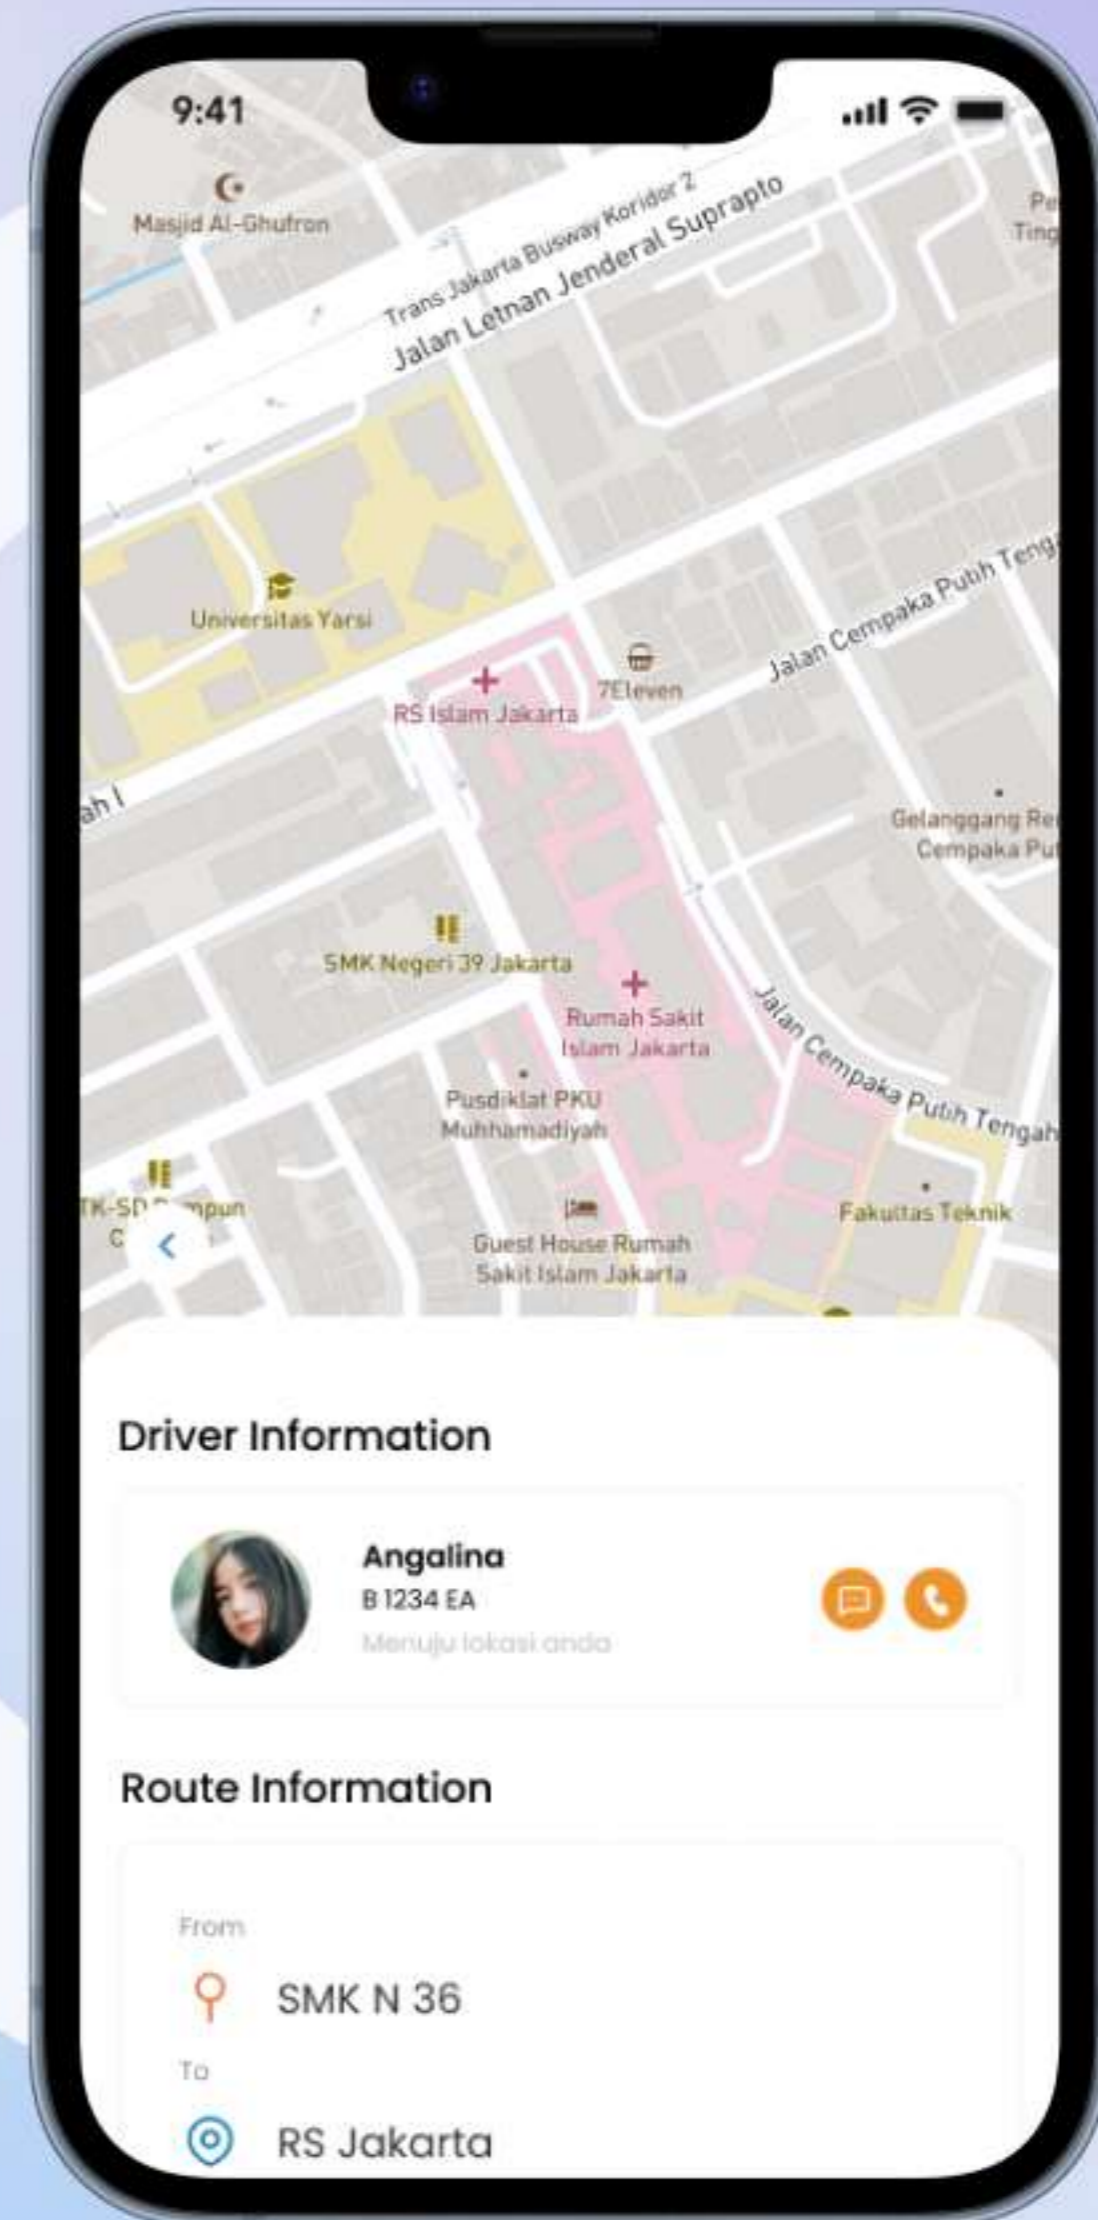

# Solutions

- ✓ End-to-end shipment visibility
- ✓ Optimization of shipment plans
- ✓ Process automation for tendering and tracking
- ✓ Collaboration portals for partners
- ✓ Analytics dashboards and reporting

# Impact

- ✓ 10% reduction in overall logistics costs
- ✓ 25% faster load tendering and booking
- ✓ Real-time visibility into 80% of shipments
- ✓ 45% increase in supply chain partner collaboration

# Travel Agency Webapp

Discover how we transformed [Travel Agency Name]'s website, resulting in a significant increase in bookings and conversions through a user-friendly design, powerful features, and targeted content strategy.

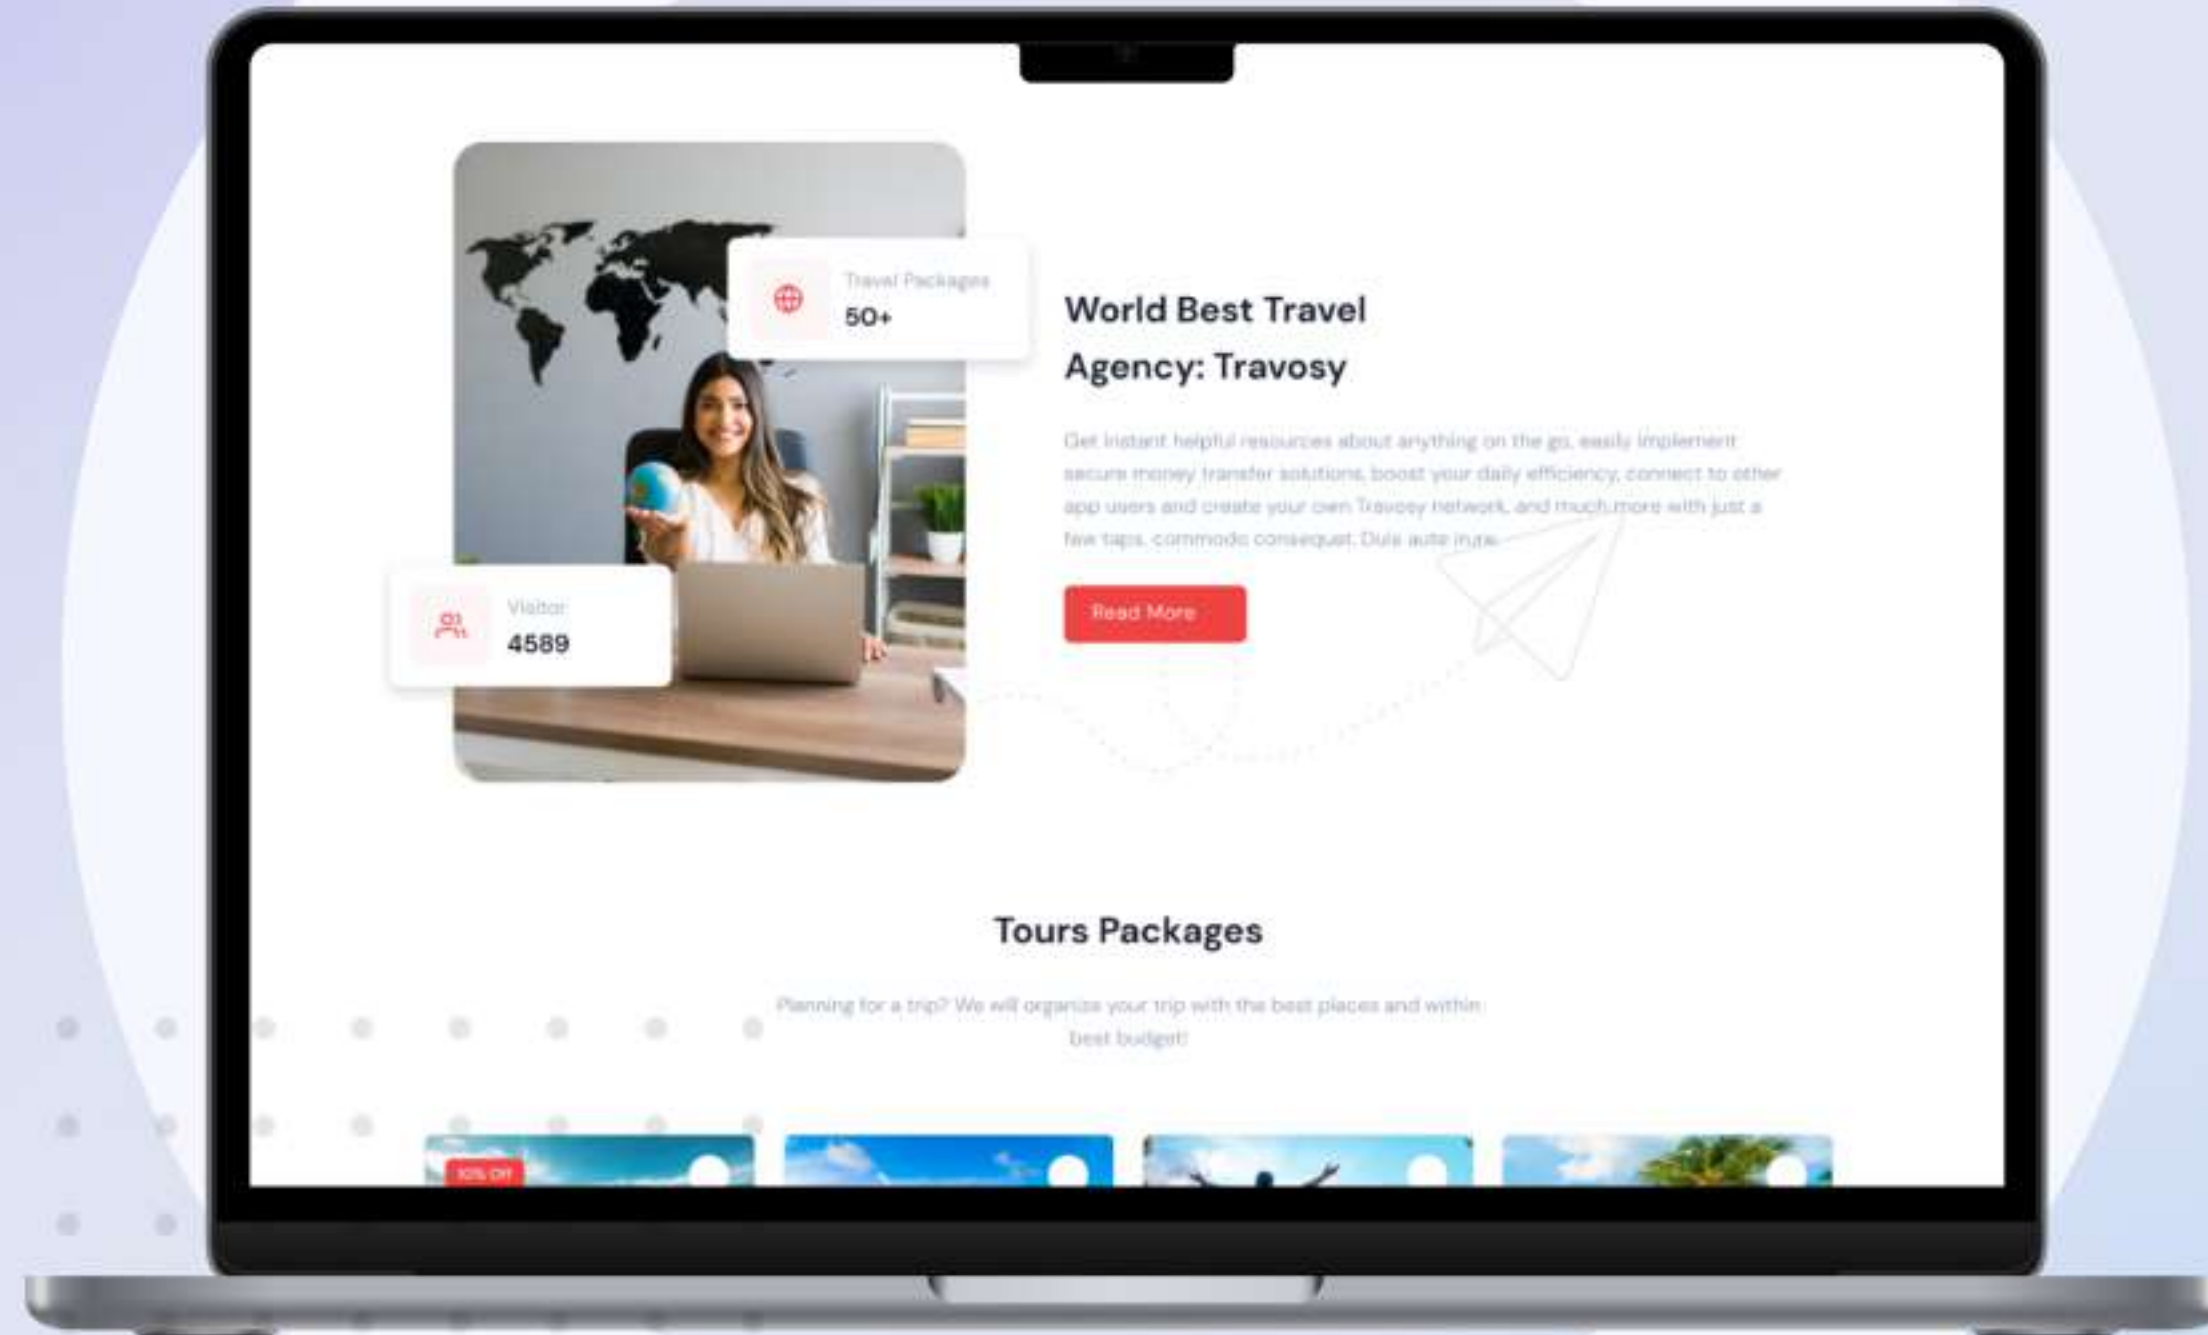

# Let the journey begin...

Planning for a trip? We will organize your trip with the best places and within best budget!

Search:	Select Your Date:	Select Your Date:	No. of person:

# Features

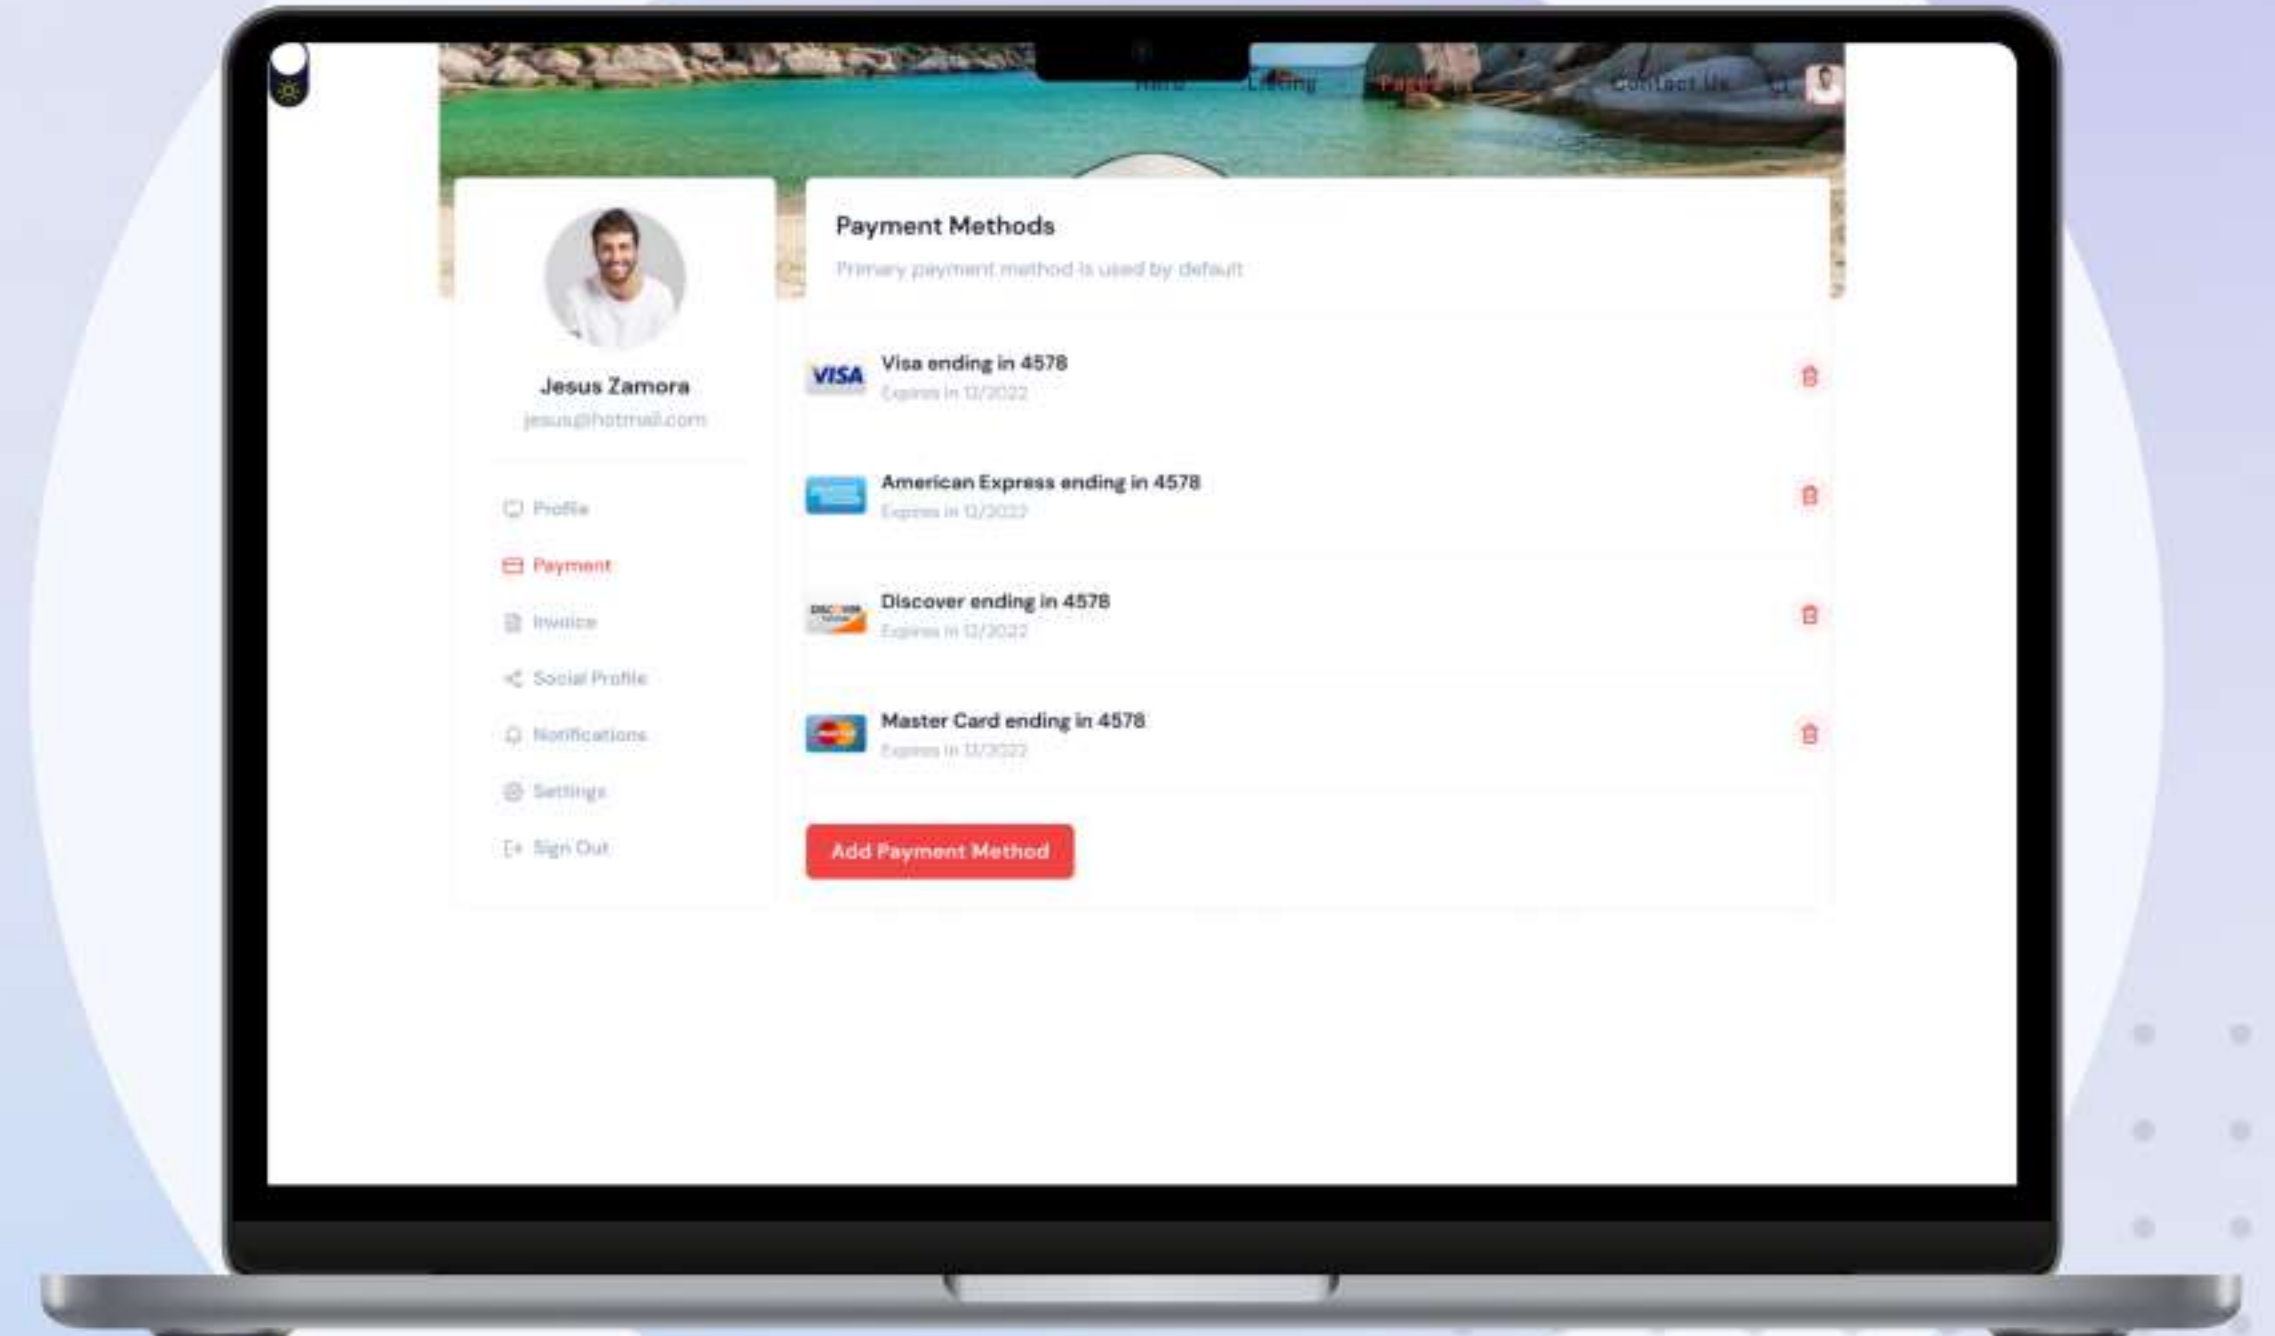

- ✓ Property Listings and Details
- ✓ Intuitive Search and Filters
- ✓ Transparent Pricing
- ✓ Streamlined Booking Process
- ✓ In-app Messaging
- ✓ Reviews and Ratings
- ✓ In-app Messaging

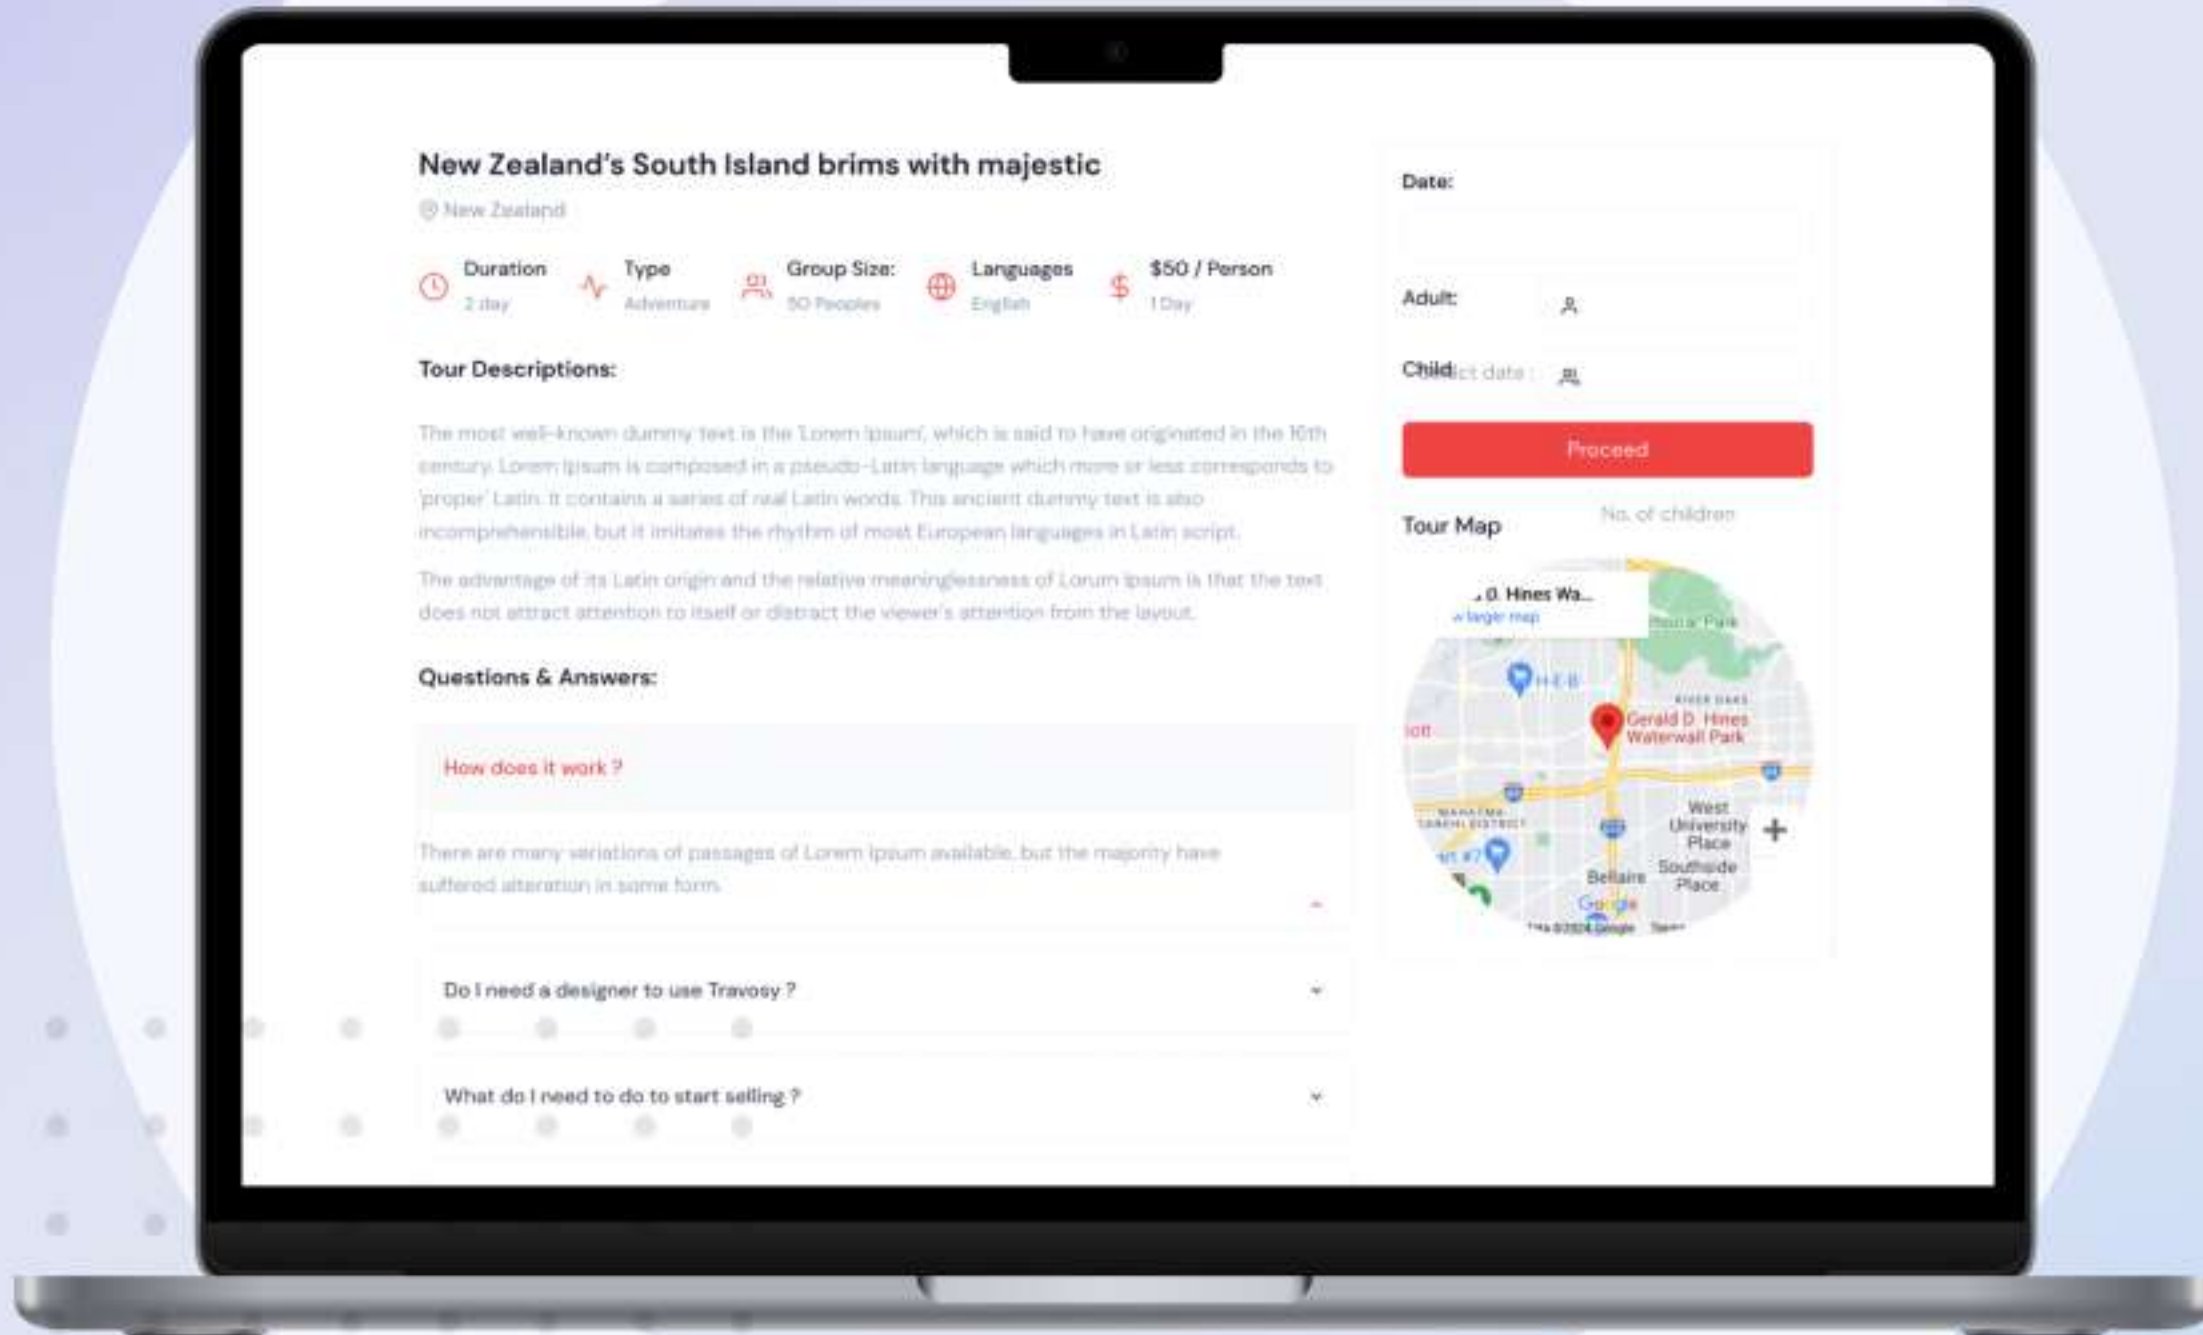

# Challenges

- ✓ Inaccurate property listings
- ✓ Cleanliness complaints from travelers
- ✓ Last-minute cancellations disrupting plans
- ✓ Double bookings due to calendar errors
- ✓ Communication gaps due to language barriers

# Solutions

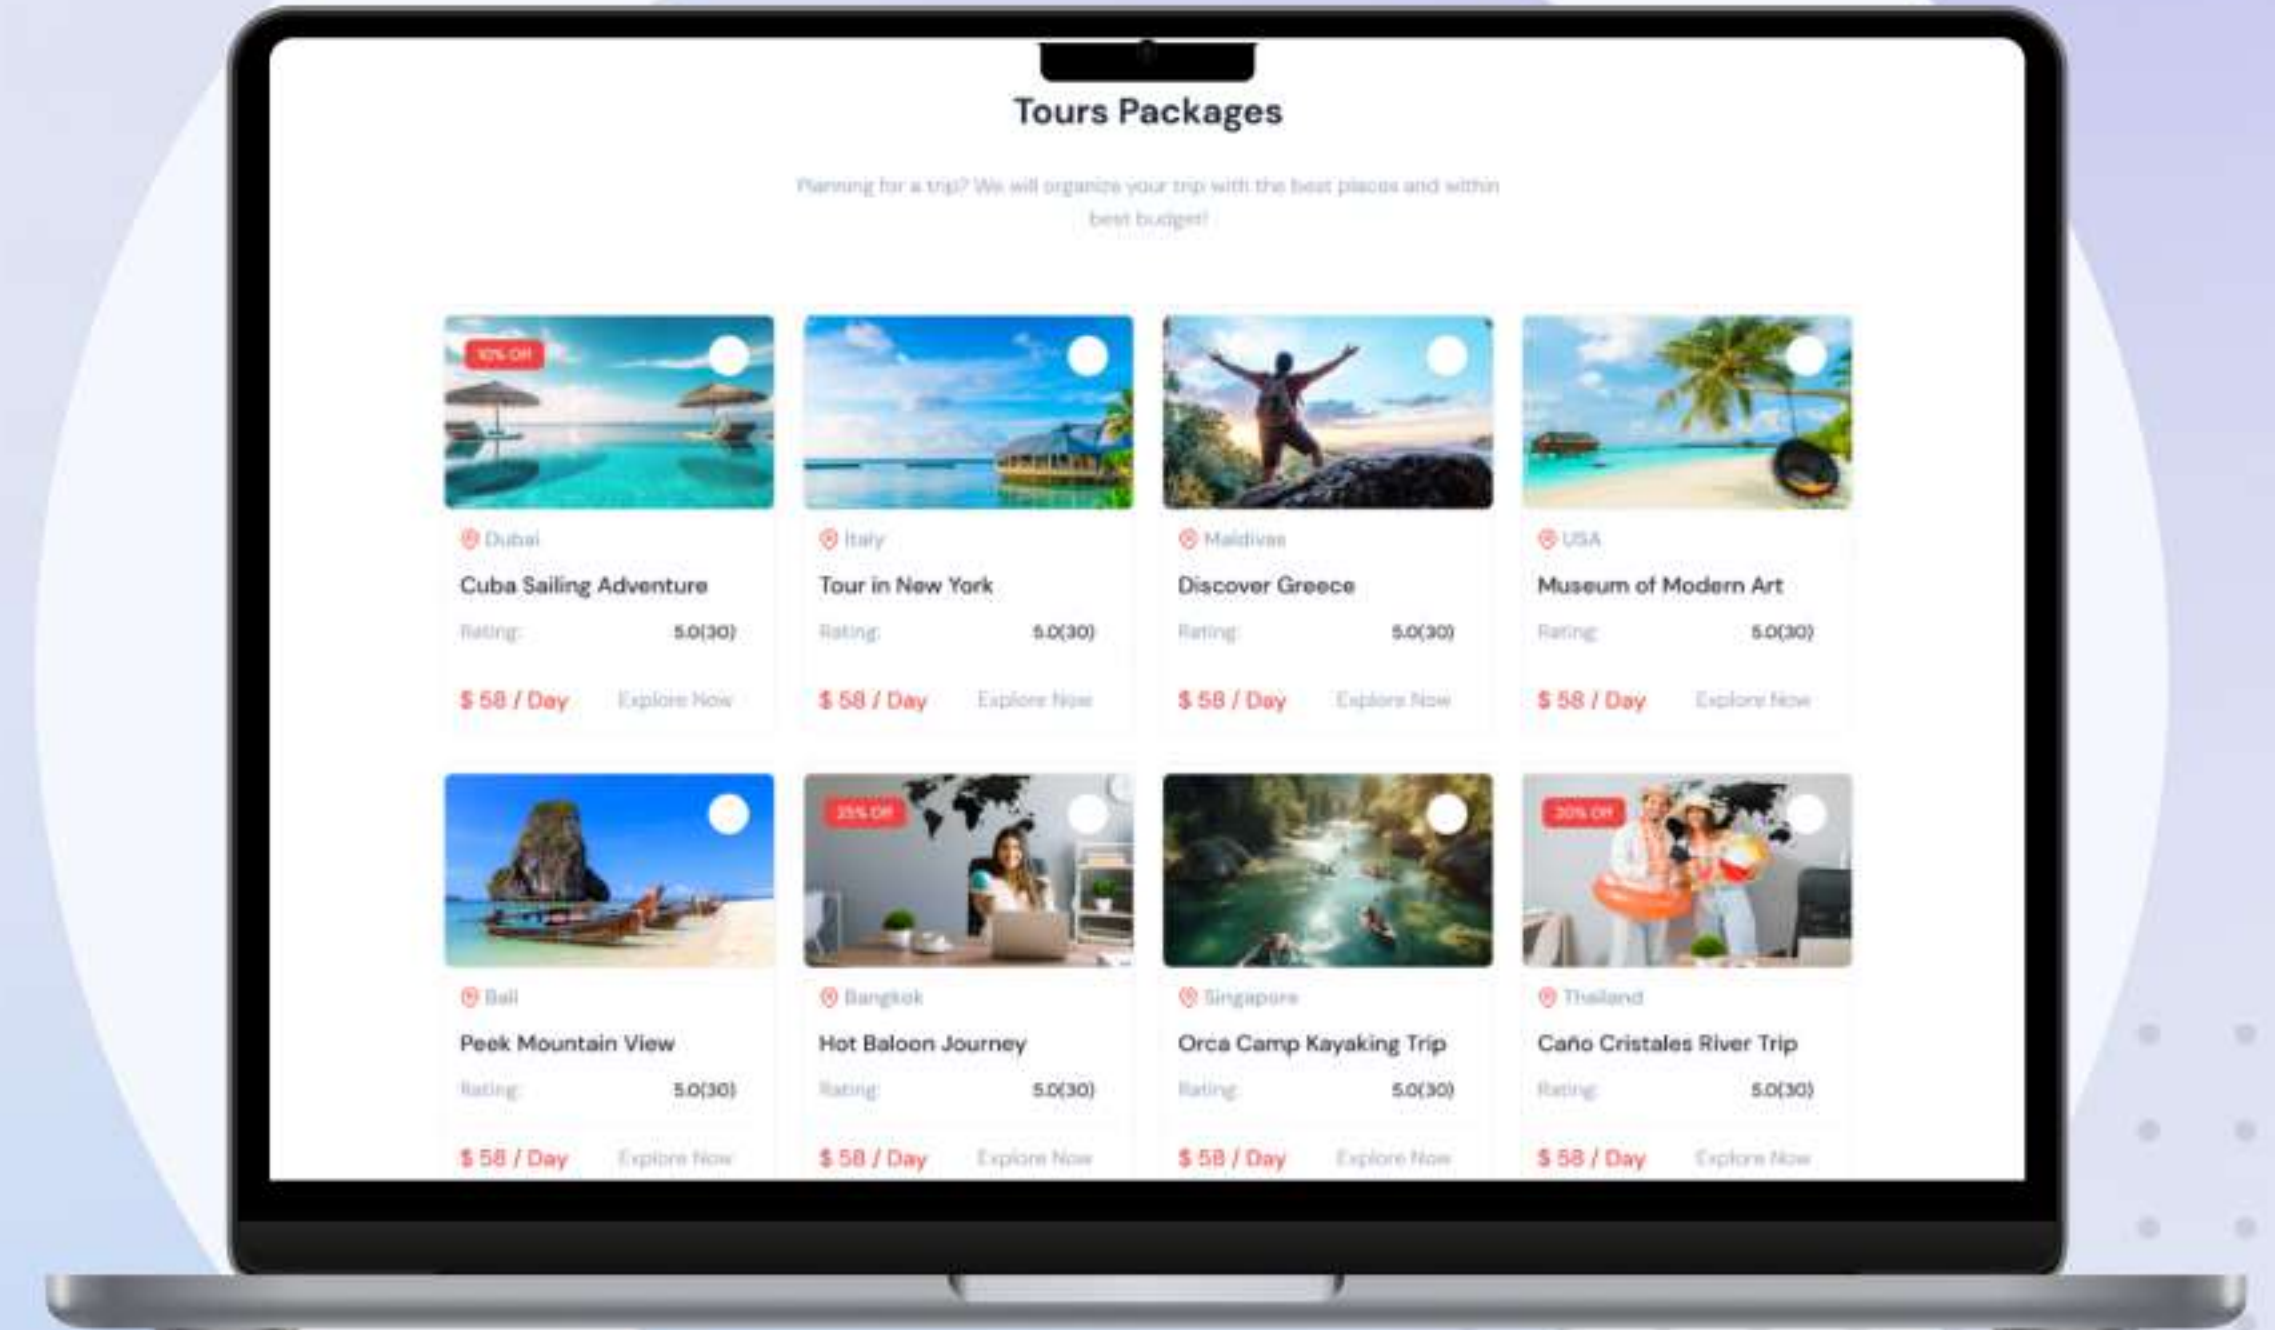

- ✓ Stringent listing vetting with on-site validations
- ✓ Clear cleaning standards and penalties for violations
- ✓ Standard deposits and damage claim processes
- ✓ Real-time sync between online and offline calendars
- ✓ Cancellation policies with fees to compensate owners
- ✓ In-app translation features for messaging

# Impact

- ✓ 95% accuracy ensured in new listings
- ✓ 90% reduction in cleanliness complaints
- ✓ 87% resolution rate for damage disputes
- ✓ 76% travelers retained bookings due to cancellation policies
- ✓ 0 instances of double bookings

# UK's 1st Reusable Food Joint

- Business based on zero waste and sustainability principles. Customers pay deposit for reusable takeaway containers
- All food, drinks and cutlery are reusable to minimize waste. Containers are returned, cleaned and reused repeatedly

# Features

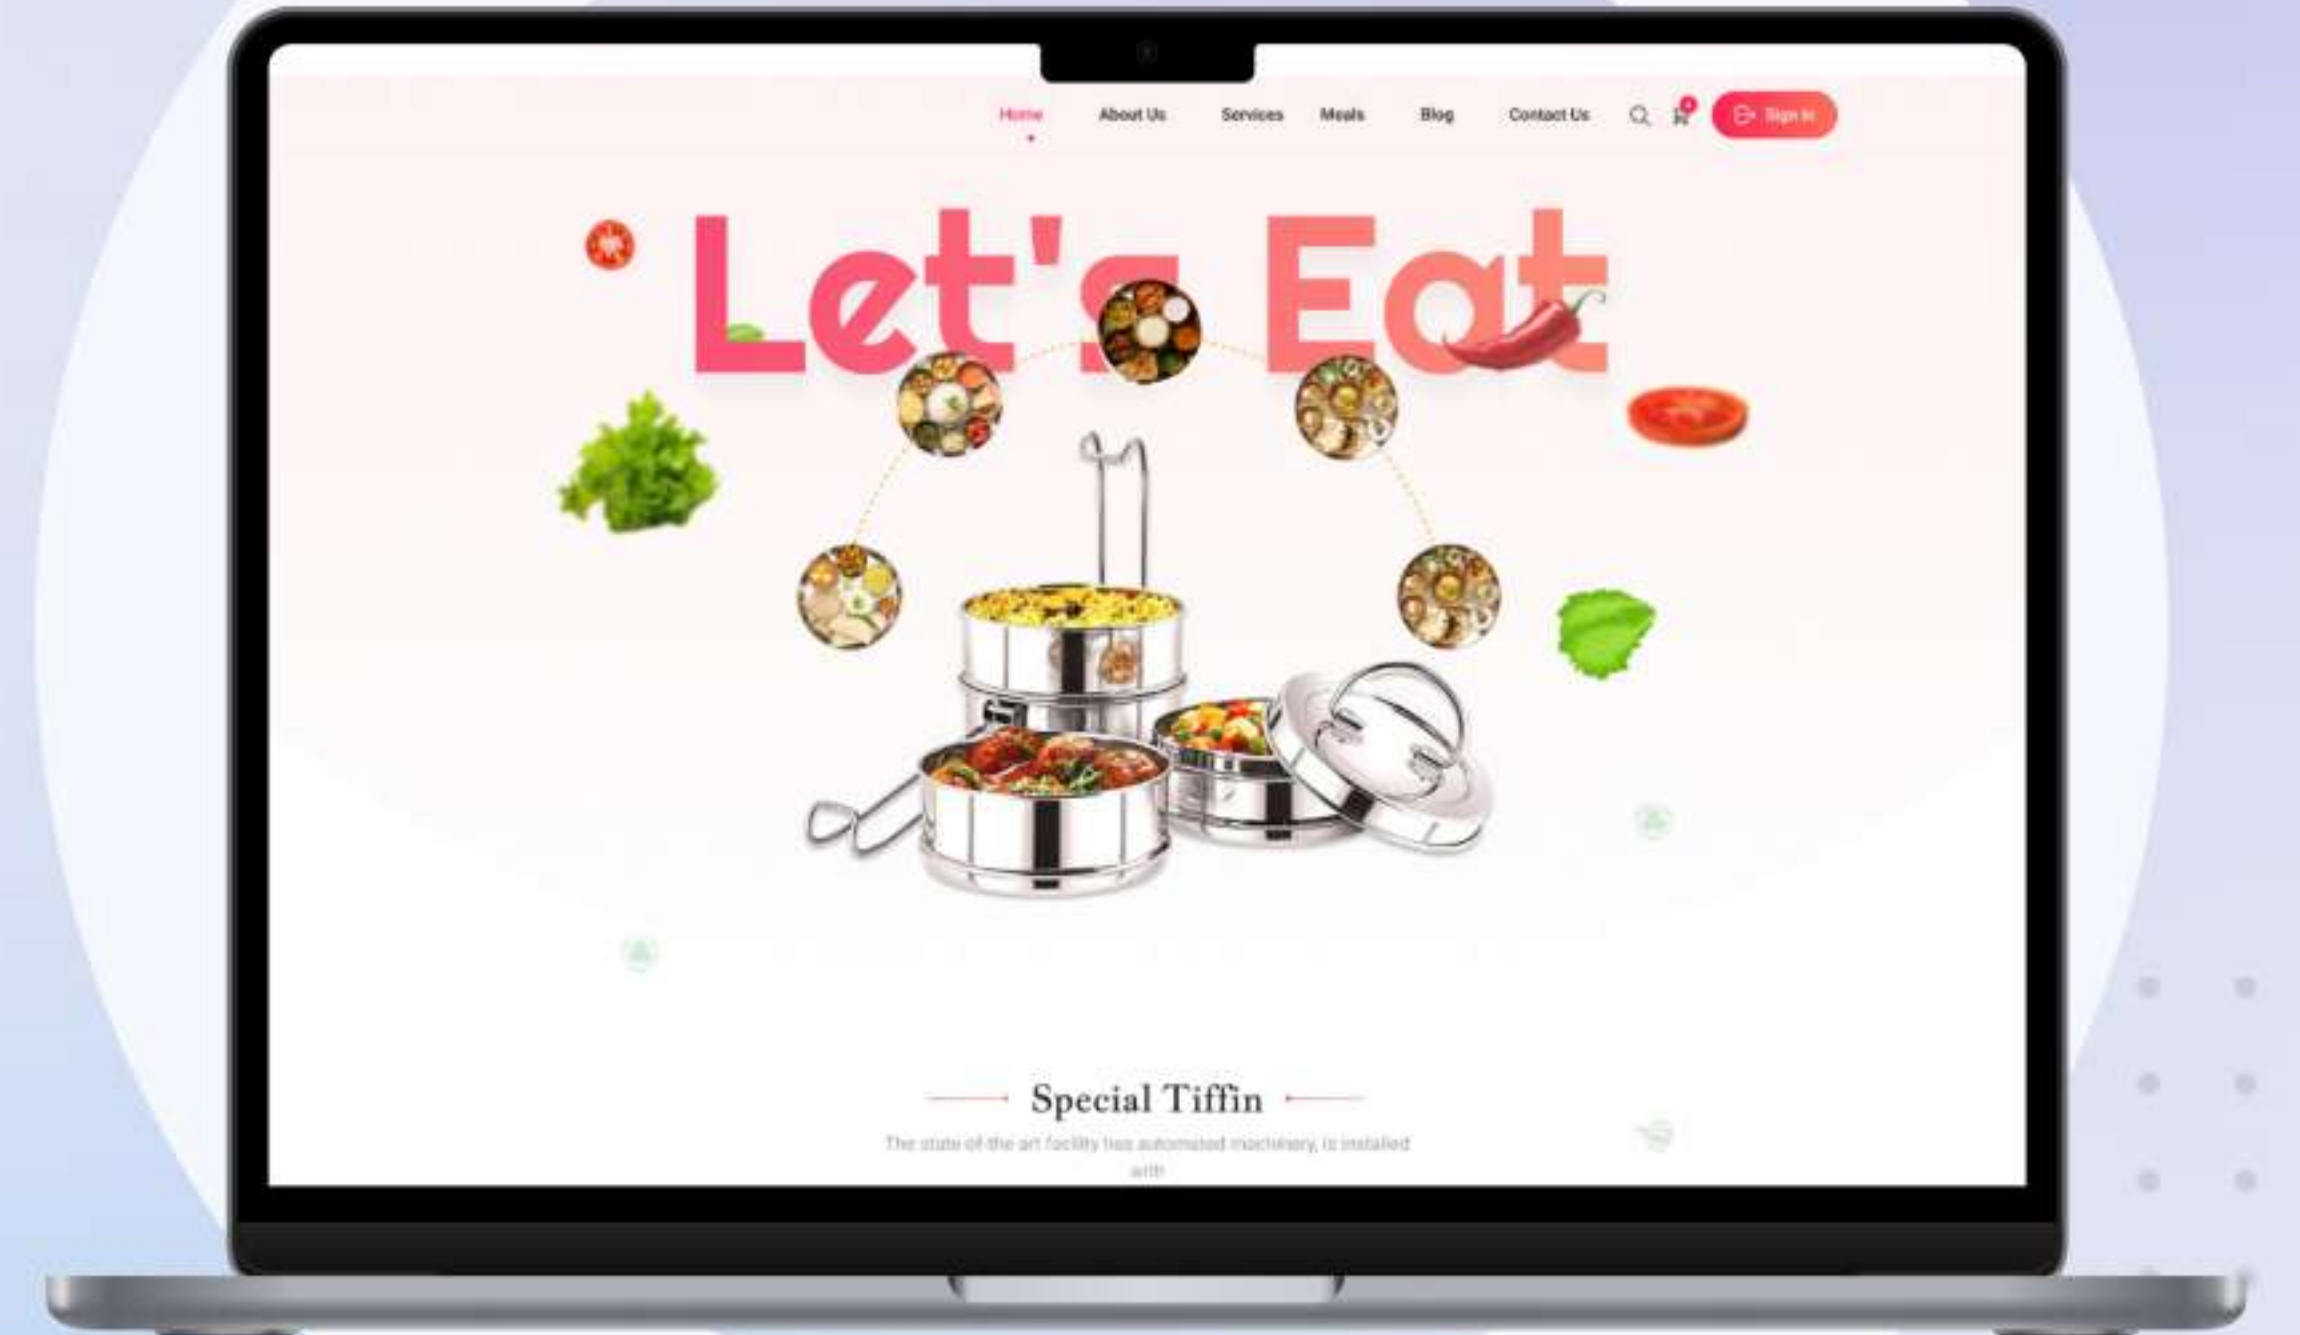

- ✓ Reusable container deposit-return system
- ✓ Zero waste food and drinks
- ✓ composting program for food scraps
- ✓ Local and organic menu ingredients
- ✓ Mobile app for contactless ordering/returns

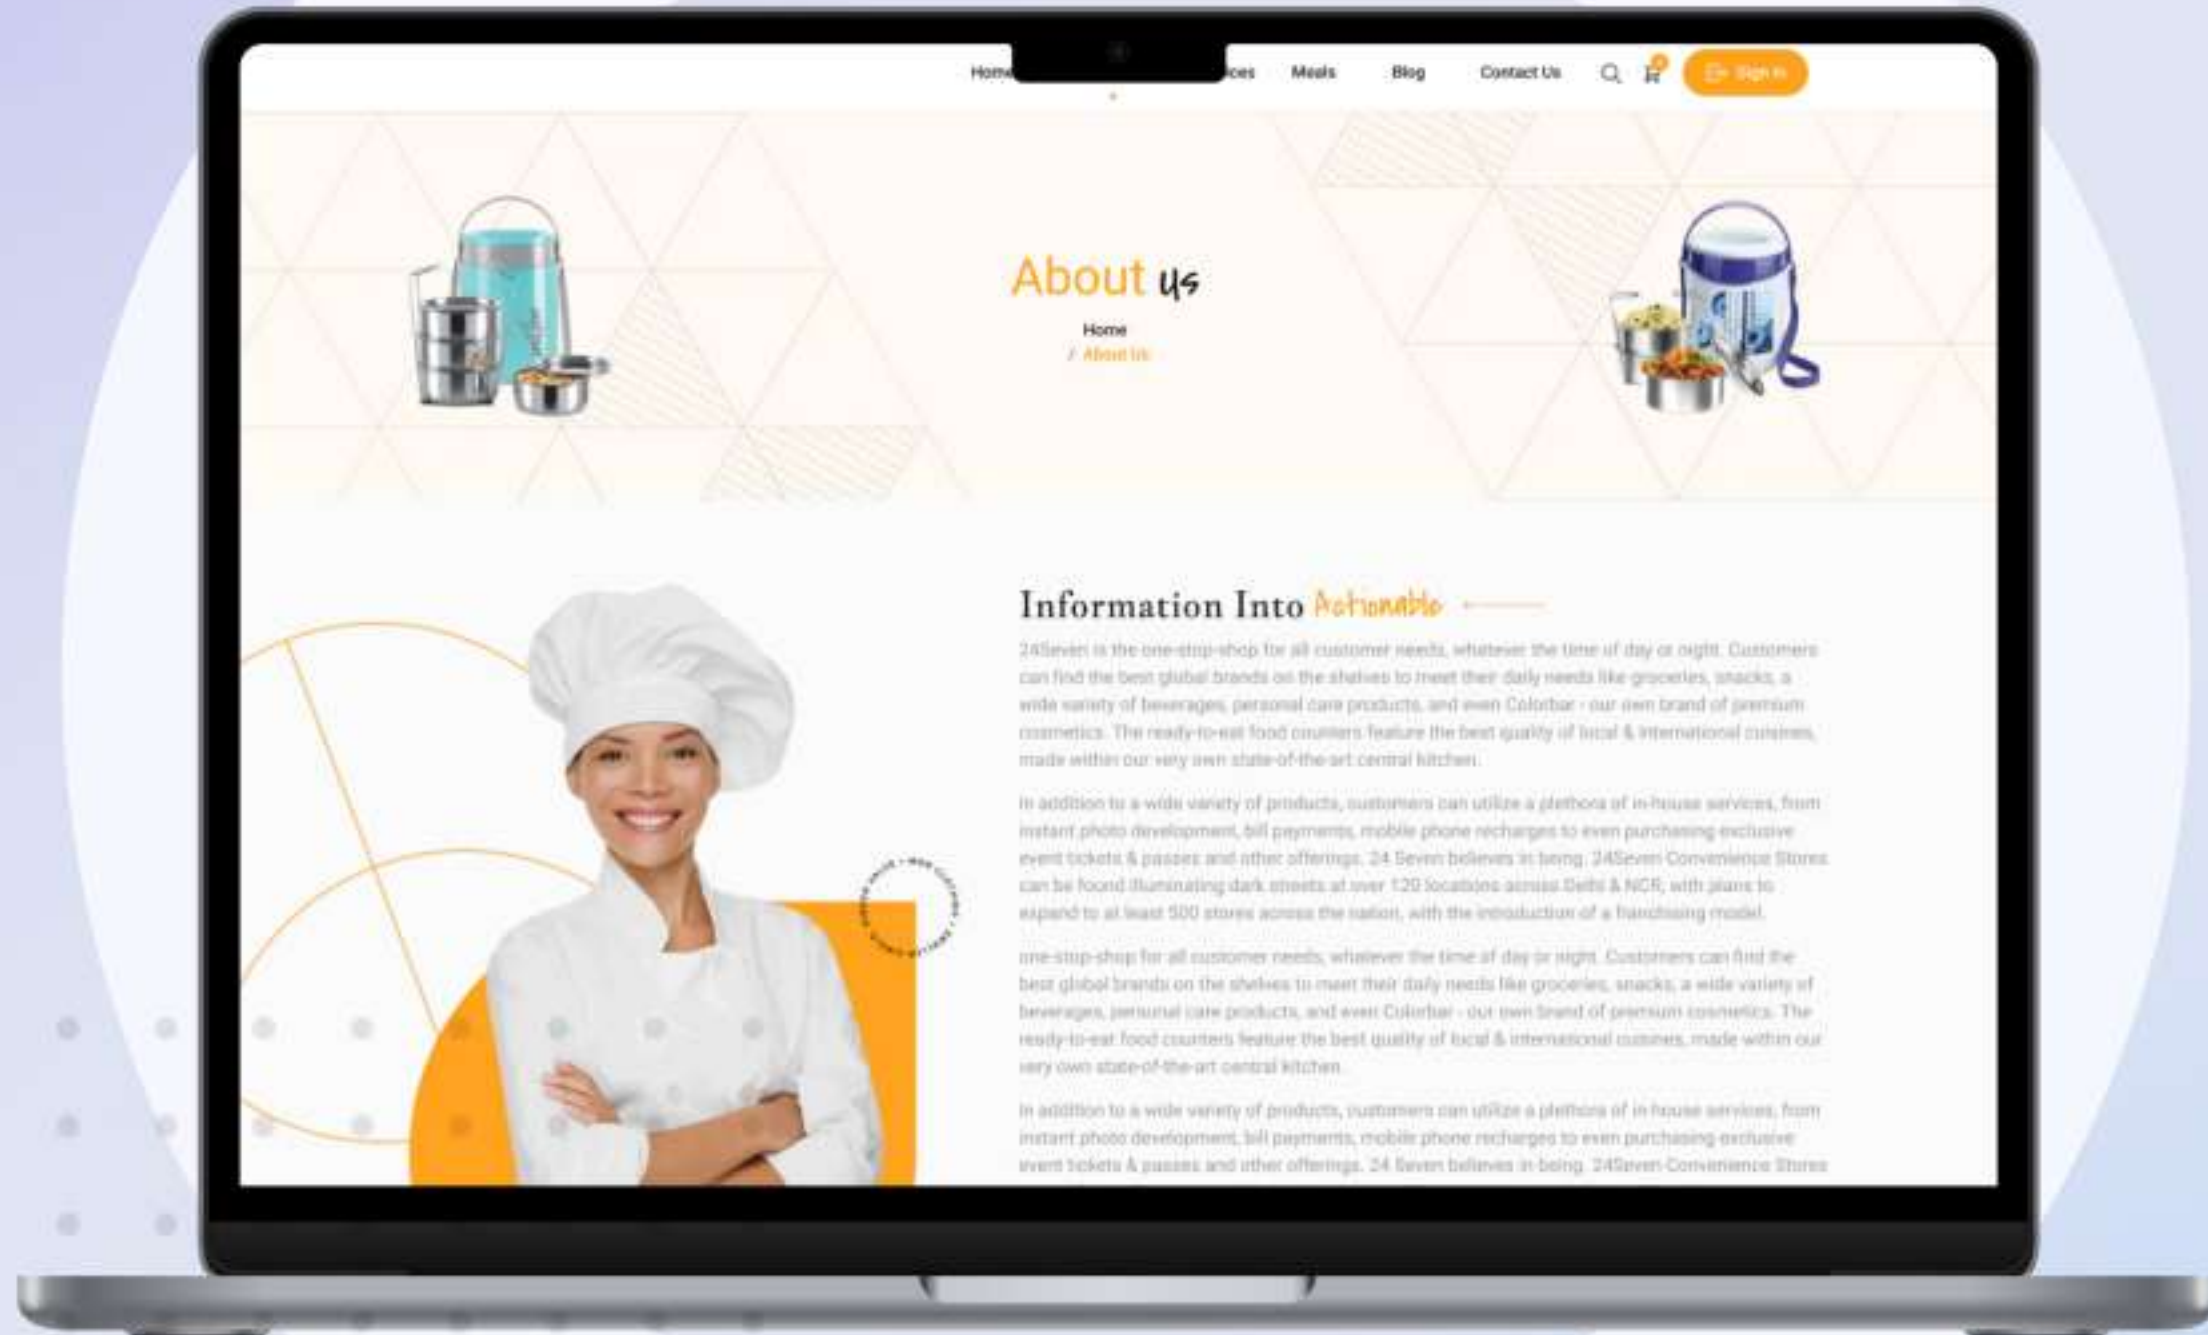

# Challenges

- ✓ Initial investments in reusable containers and cleaning systems
- ✓ Managing logistics of container returns and reuse
- ✓ Maintaining rigorous hygiene standards
- ✓ Educating customers on new reusable model
- ✓ Quantifying sustainability impact

# Solutions

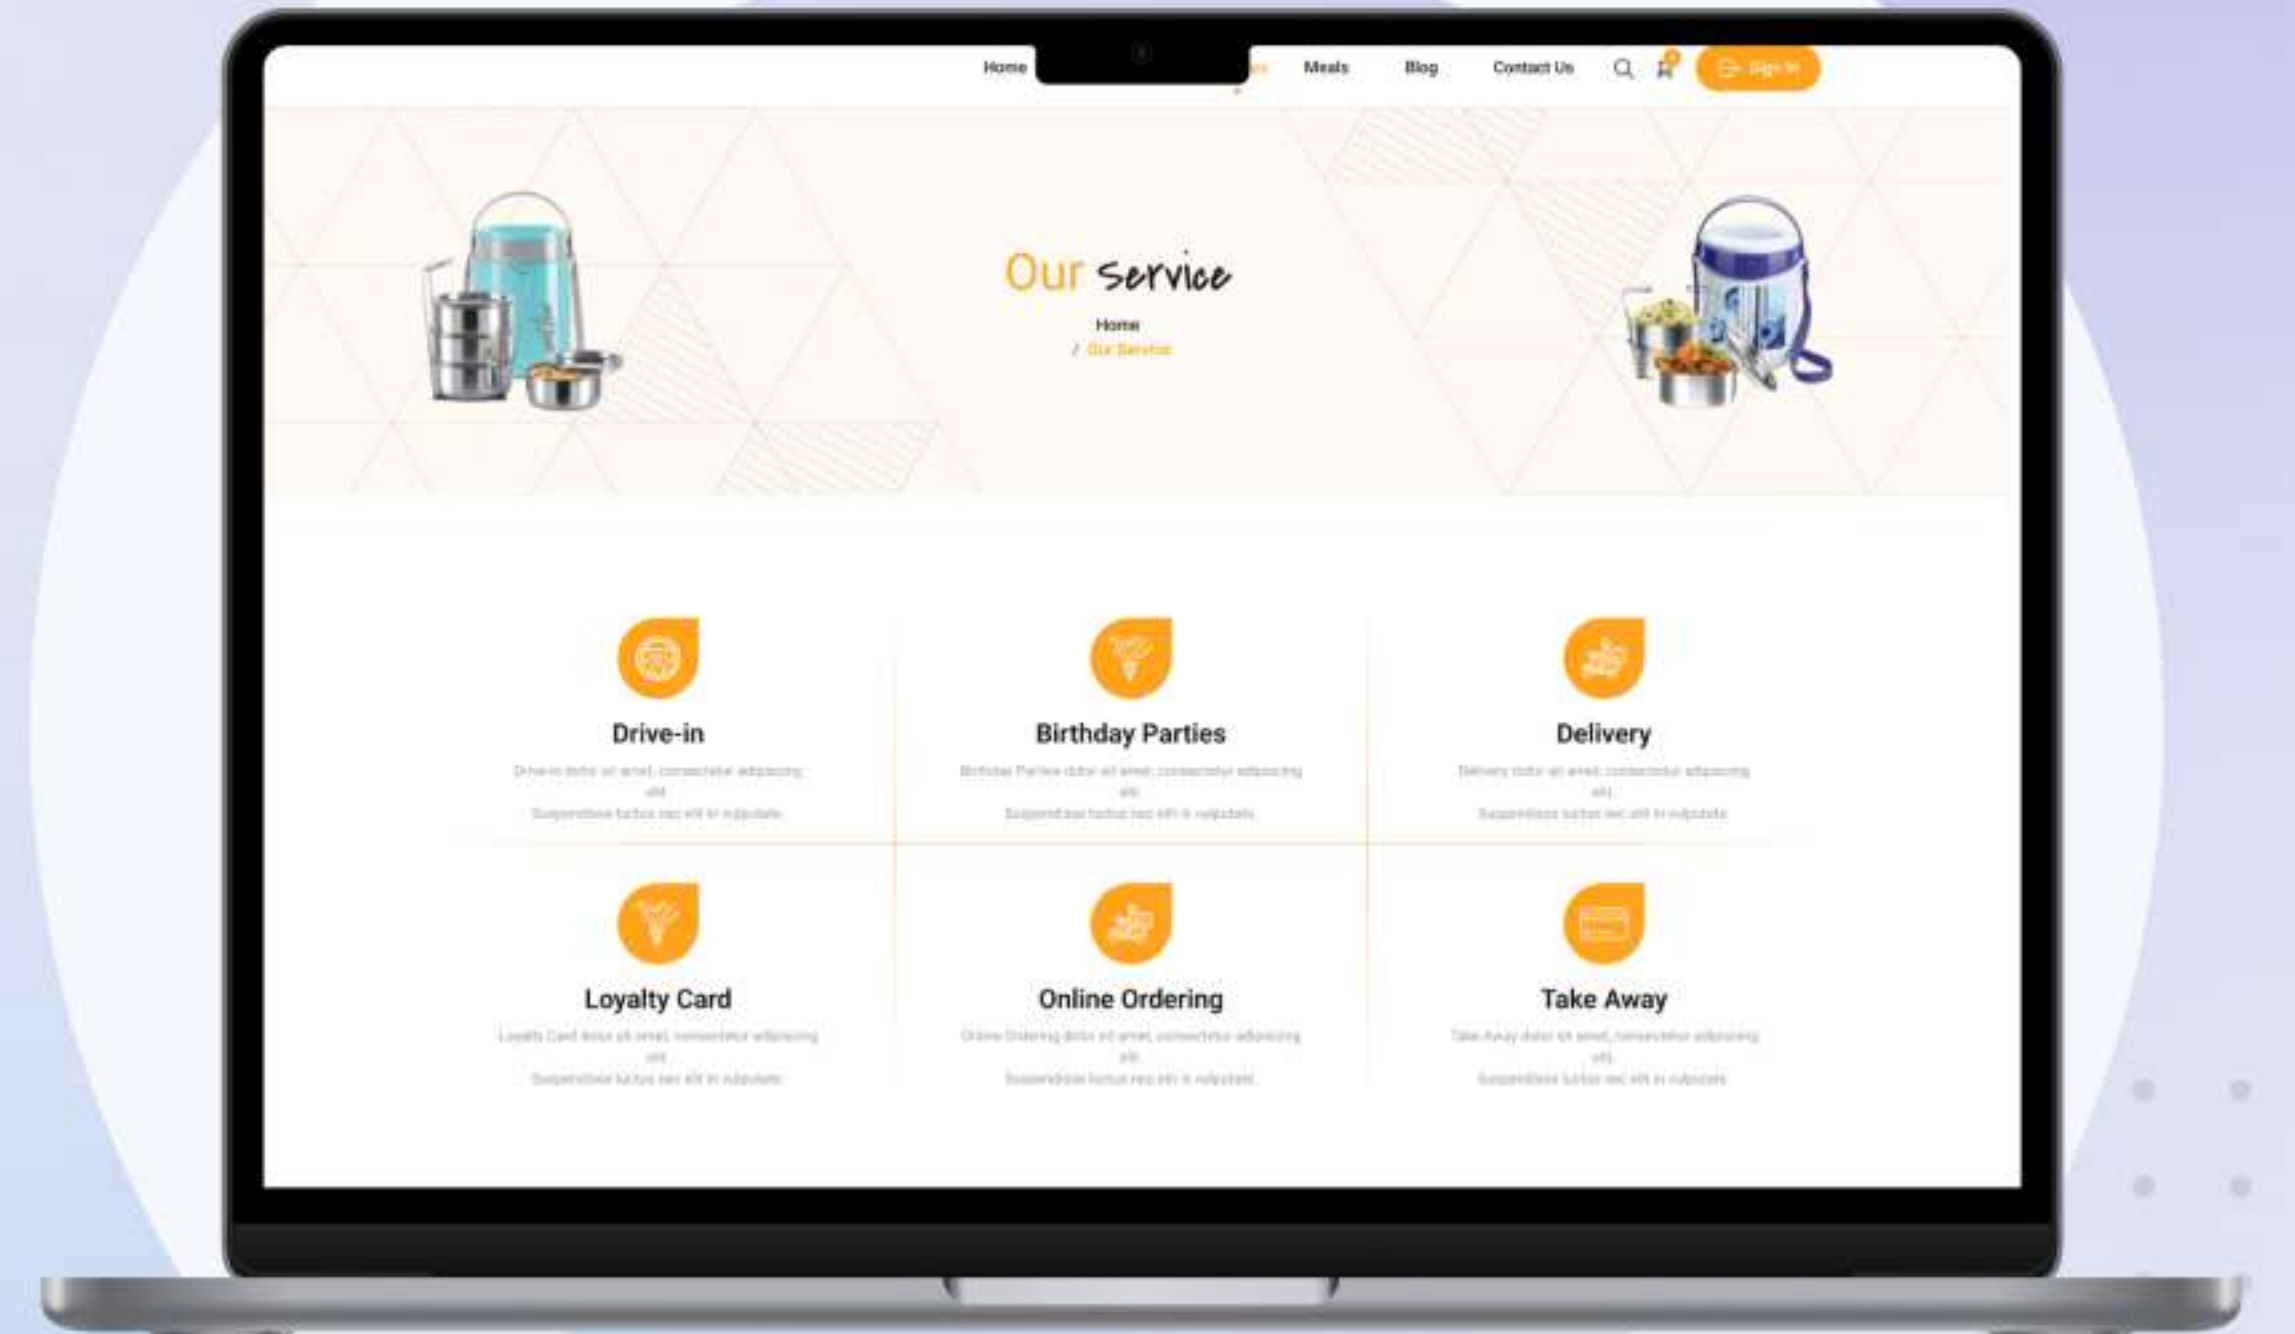

- ✓ Outsourced professional cleaning operations
- ✓ Container tracking through app and RFID tags
- ✓ Strict cleaning protocols and health department
- ✓ Digital menu boards displaying sustainability stats
- ✓ Customer rewards program and promotional pricing

# Impact

- ✓ 8% increase in payments success
- ✓ 99.9% server uptime SLA adherence
- ✓ 92% bus delays covered by backups
- ✓ 87% refunds processed within 24 hrs

# Video NFT Marketplace

An NFT marketplace is a public Blockchain platform gaining popularity in the digital market. It facilitates the discovery, buying, selling, and trading of Non-Fungible Tokens (NFTs) representing unique digital assets.

# Features

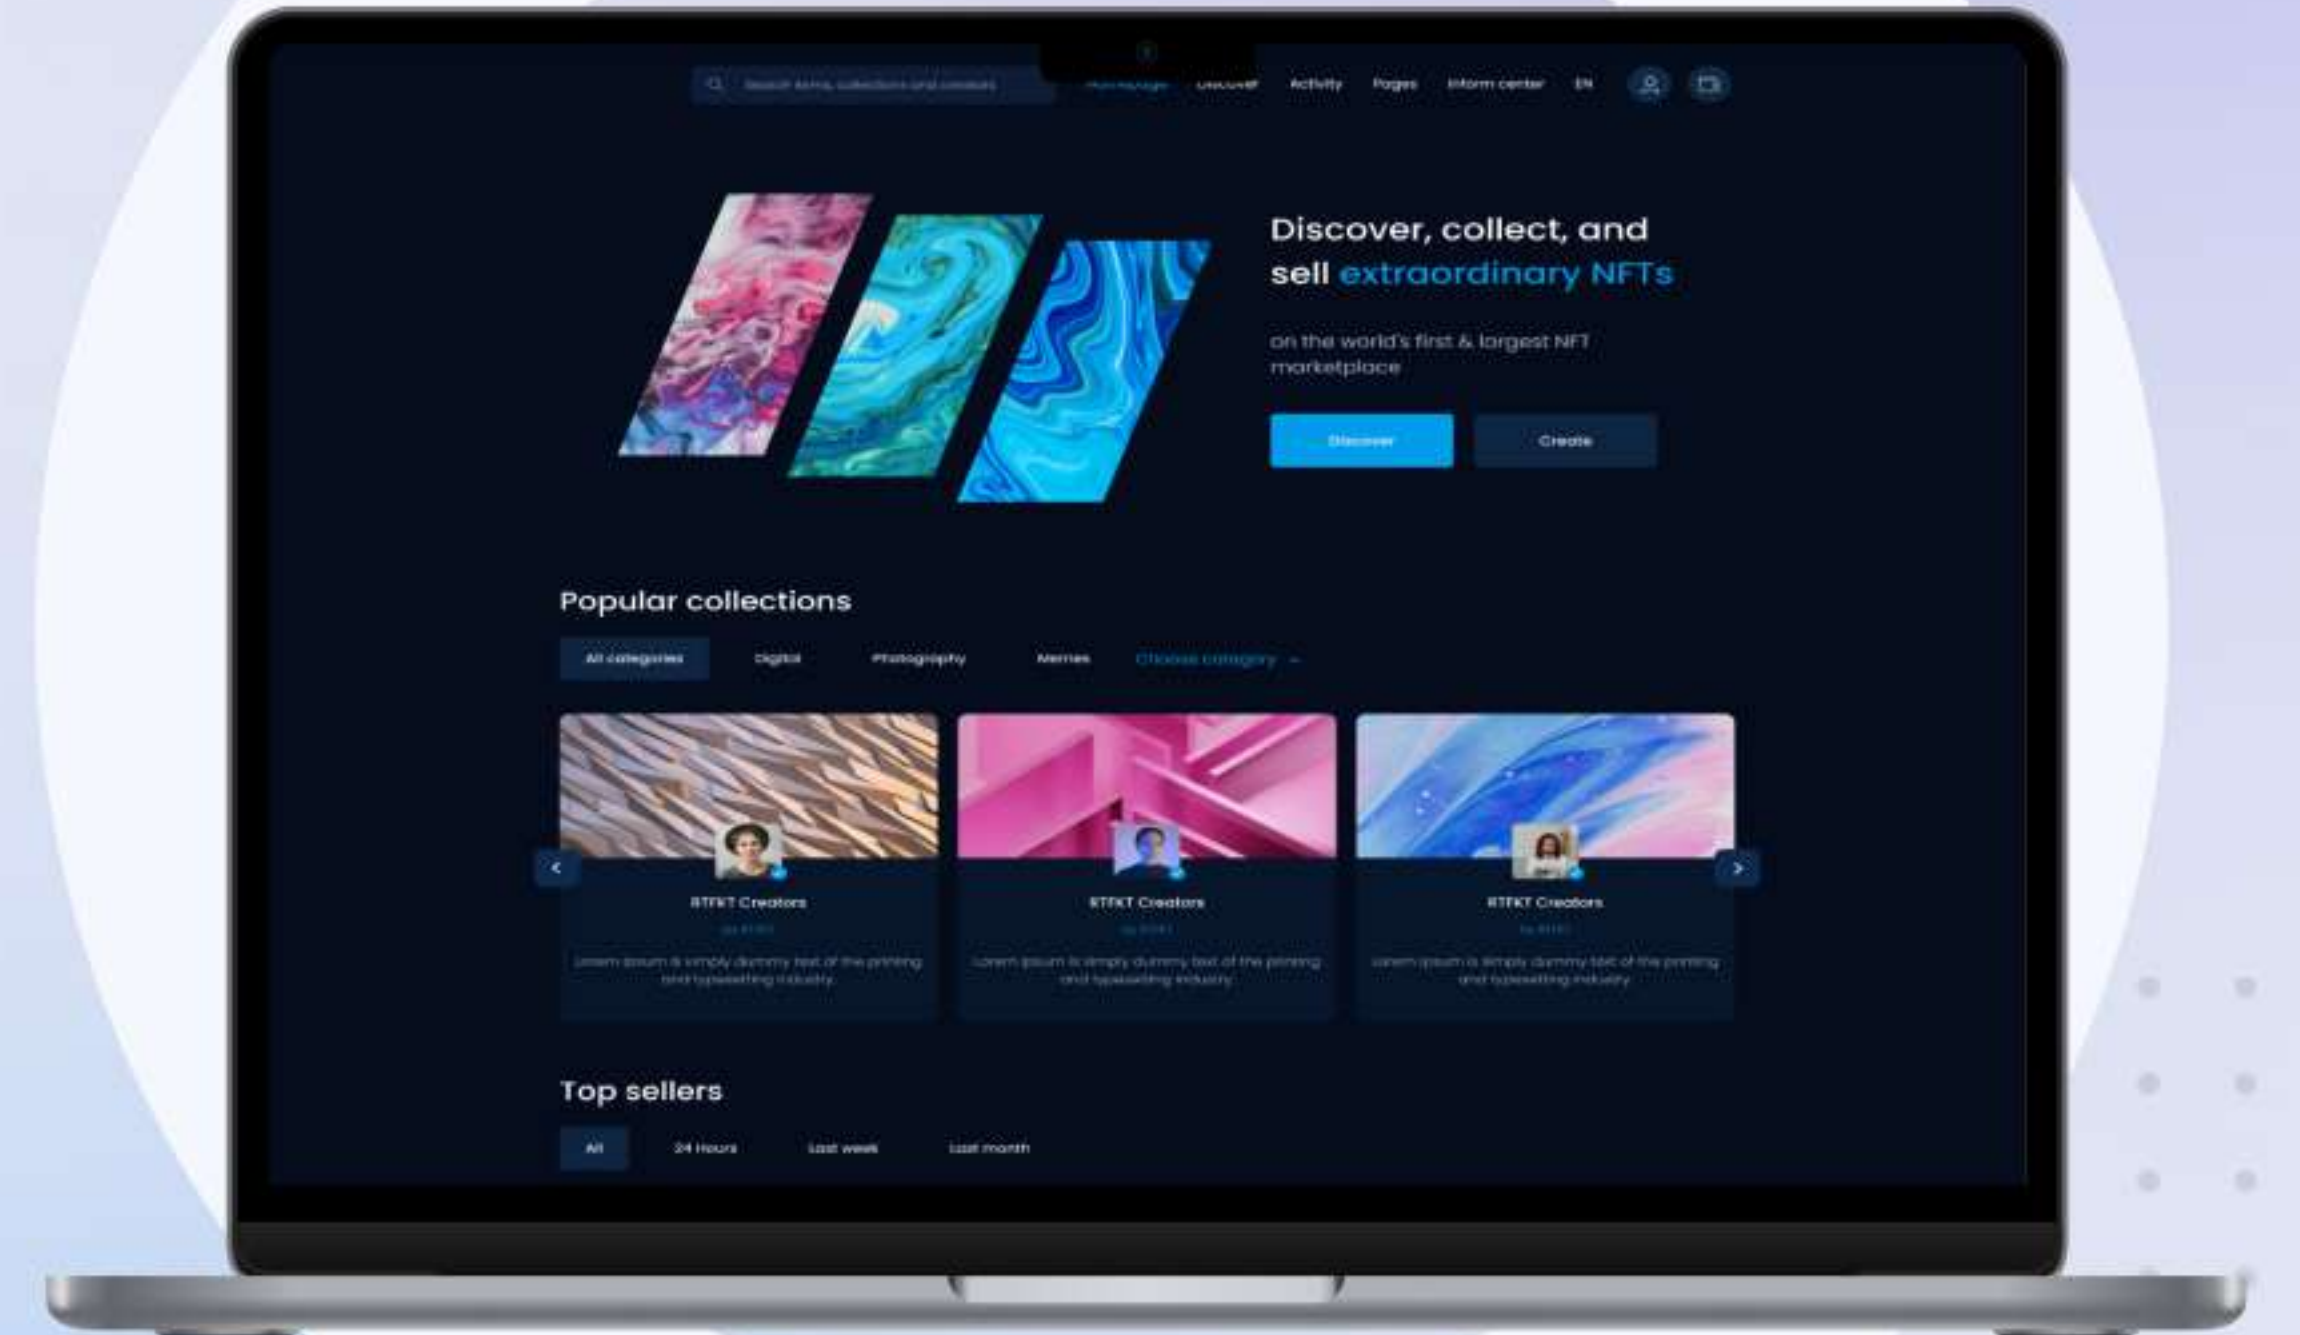

- ✓ Video uploading and NFT minting
- ✓ Unique digital tokens generated for each video
- ✓ Smart contracts managing ownership rights
- ✓ Cryptocurrency wallets integrated
- ✓ Social features to display NFTs

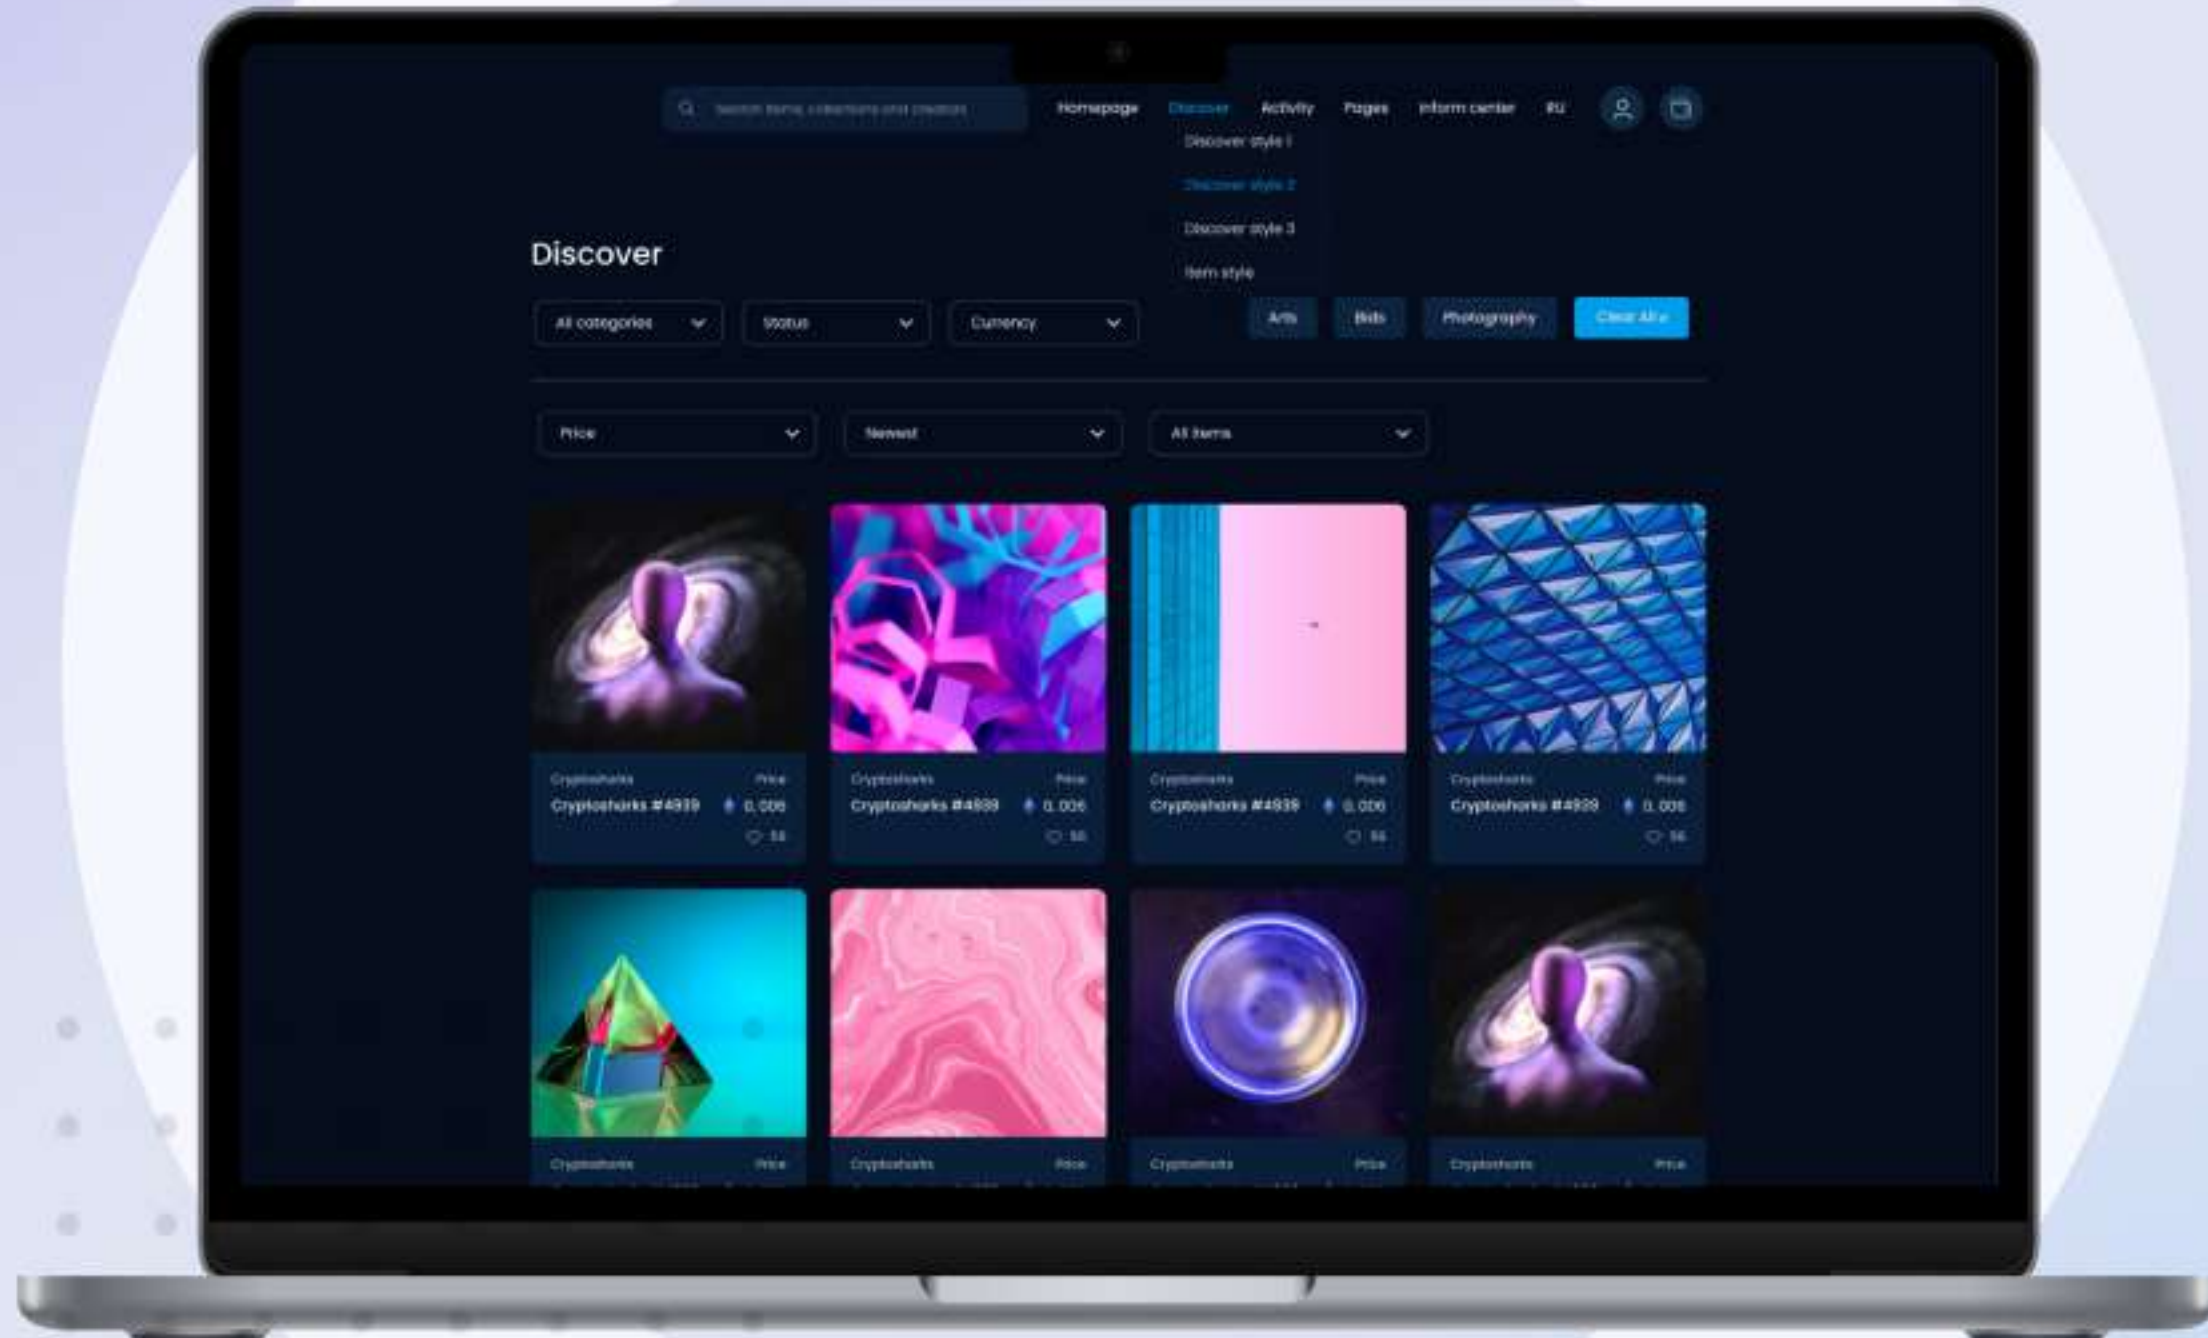

# Challenges

- ✓ Educating creators on NFT model
- ✓ High energy use of blockchain protocols
- ✓ Preventing copyright infringement
- ✓ Blockchain scalability limitations
- ✓ Market volatility and tax implications

# Solutions

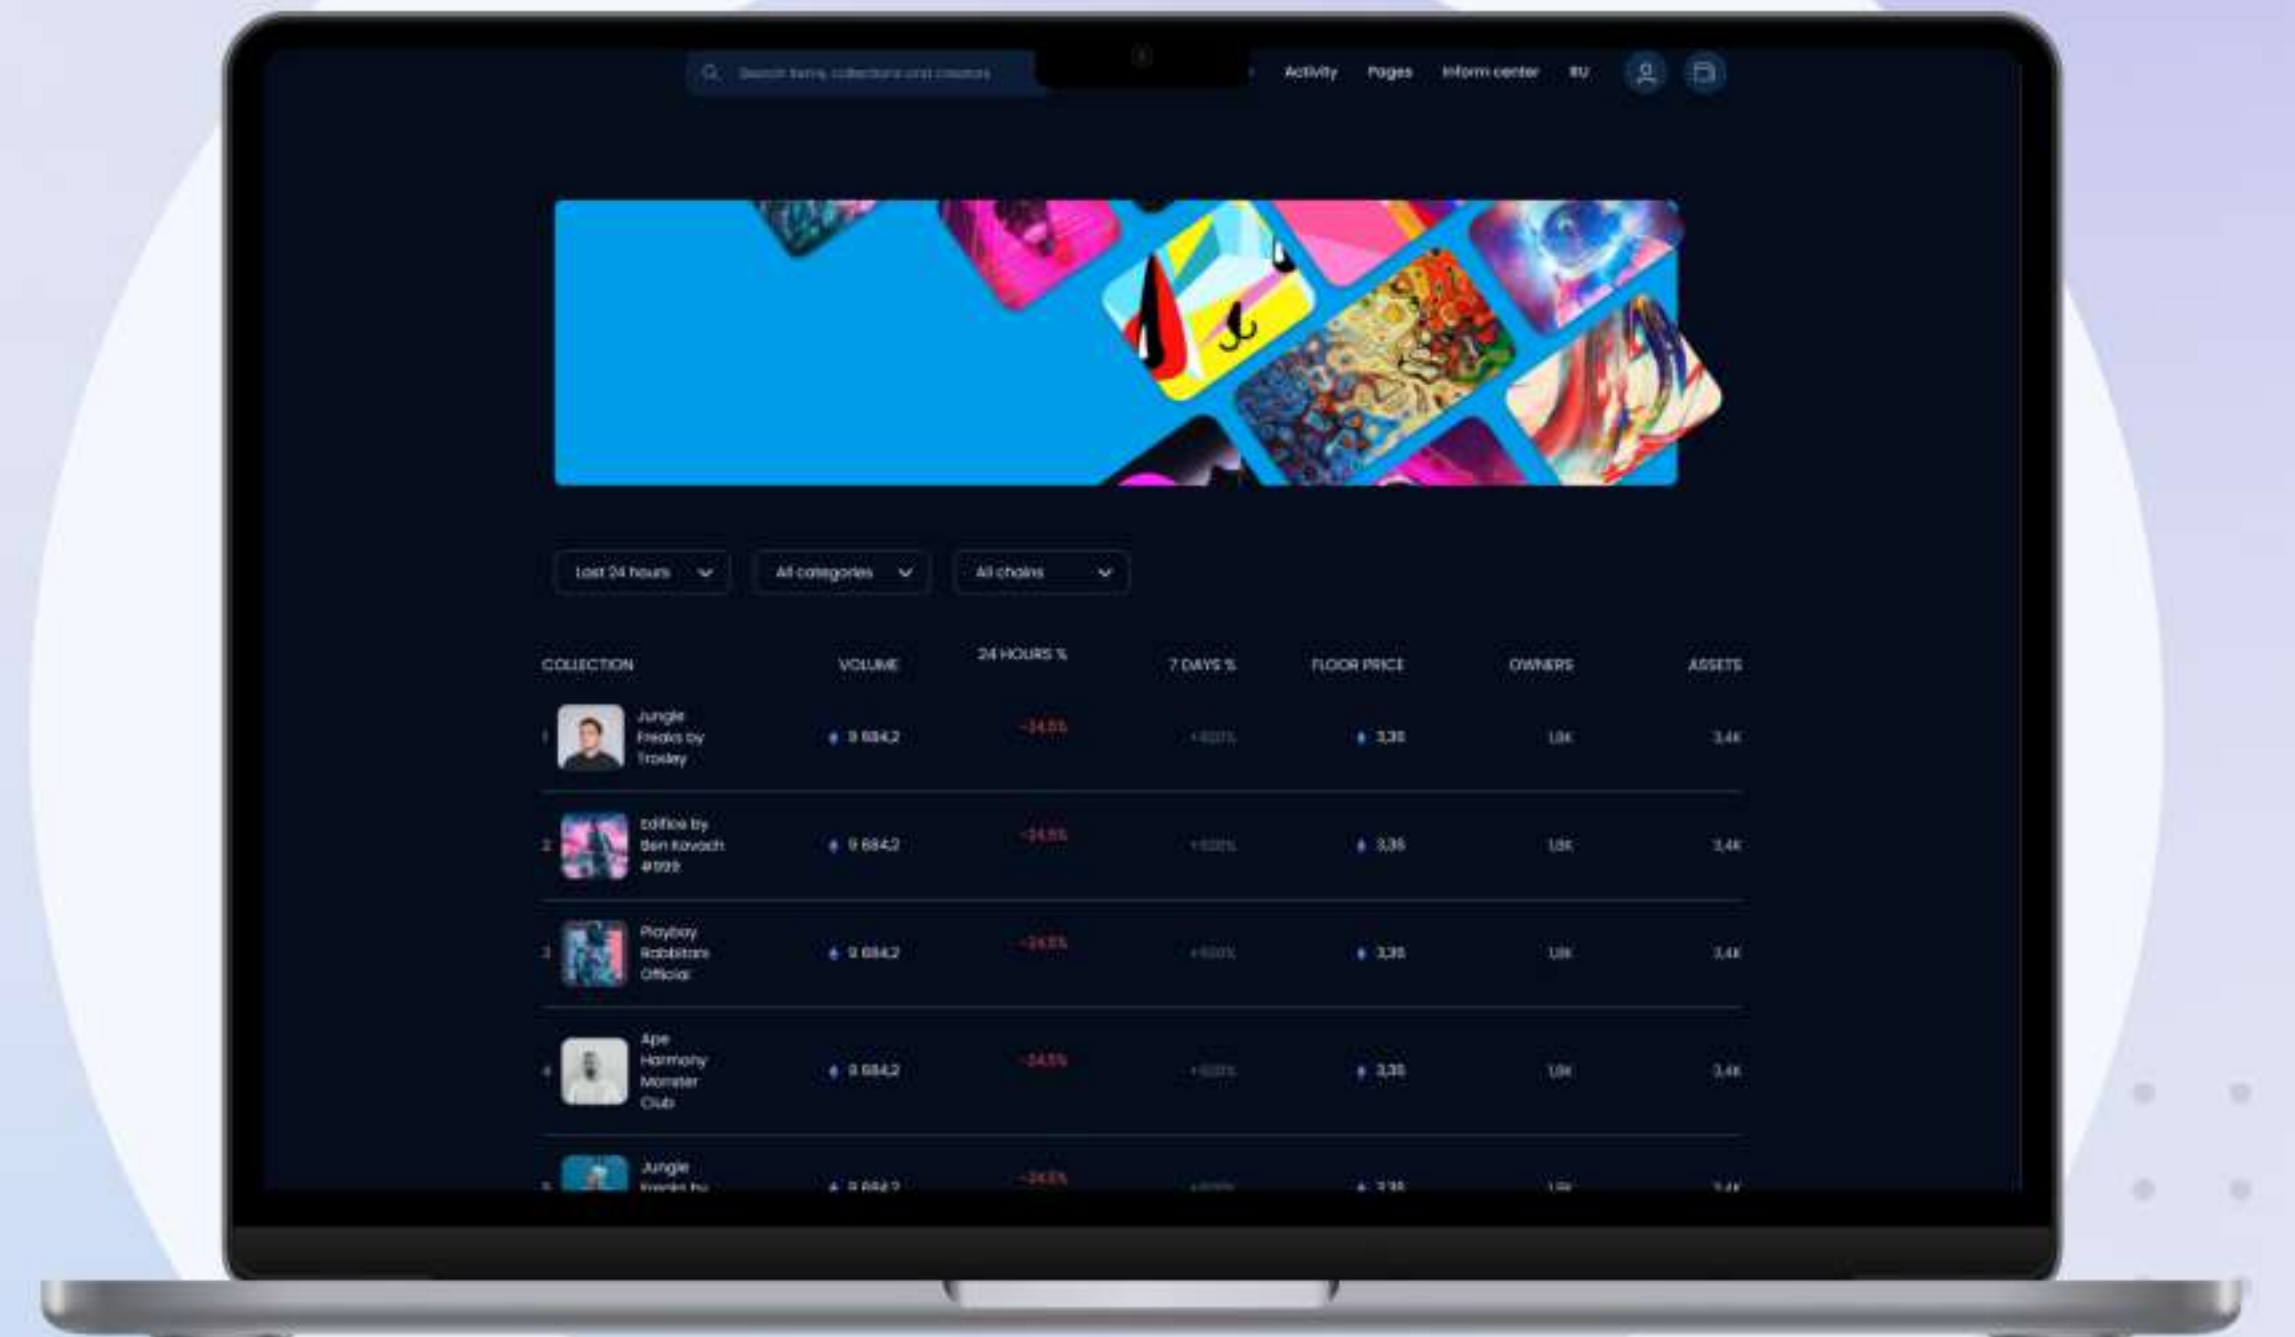

- ✓ Creator education programs and incentives
- ✓ Use energy-efficient proof-of-stake blockchain
- ✓ Fingerprinting and takedown for infringement
- ✓ Integrate layer 2 scaling solutions
- ✓ Diversify assets and offer stablecoin options

# Impact

- ✓ New revenue stream for video creators
- ✓ Verifiable digital ownership for collectors
- ✓ Expanded crypto use cases and adoption
- ✓ Provided new digital asset class for investors

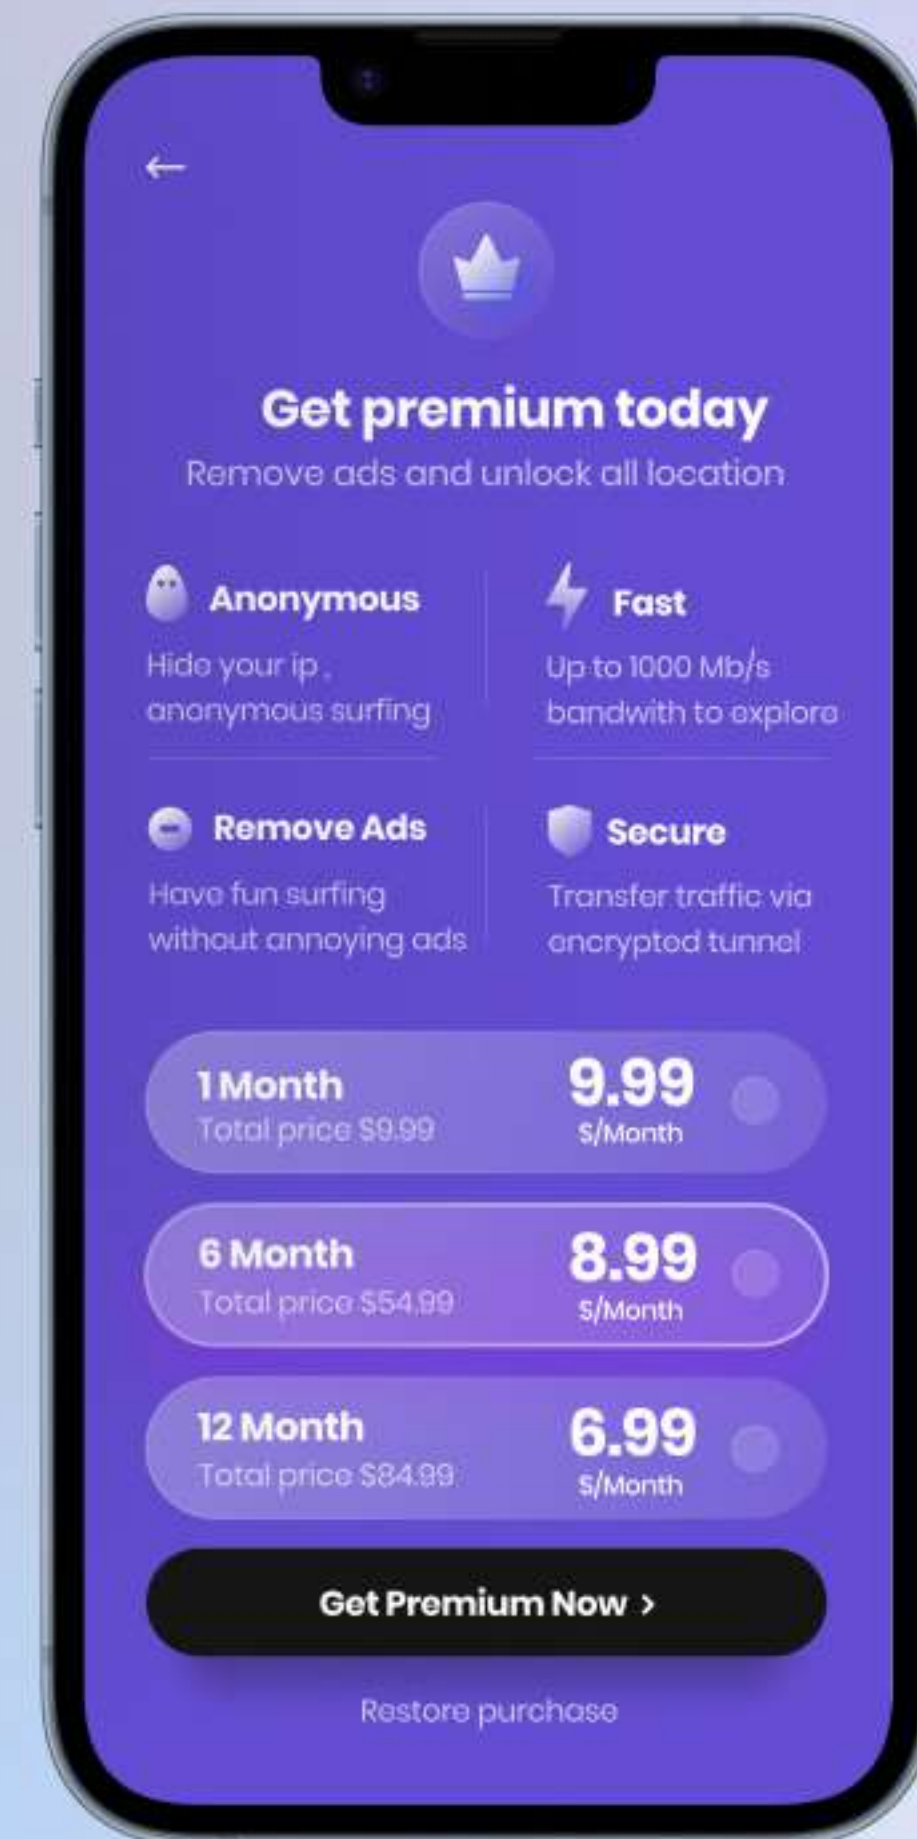

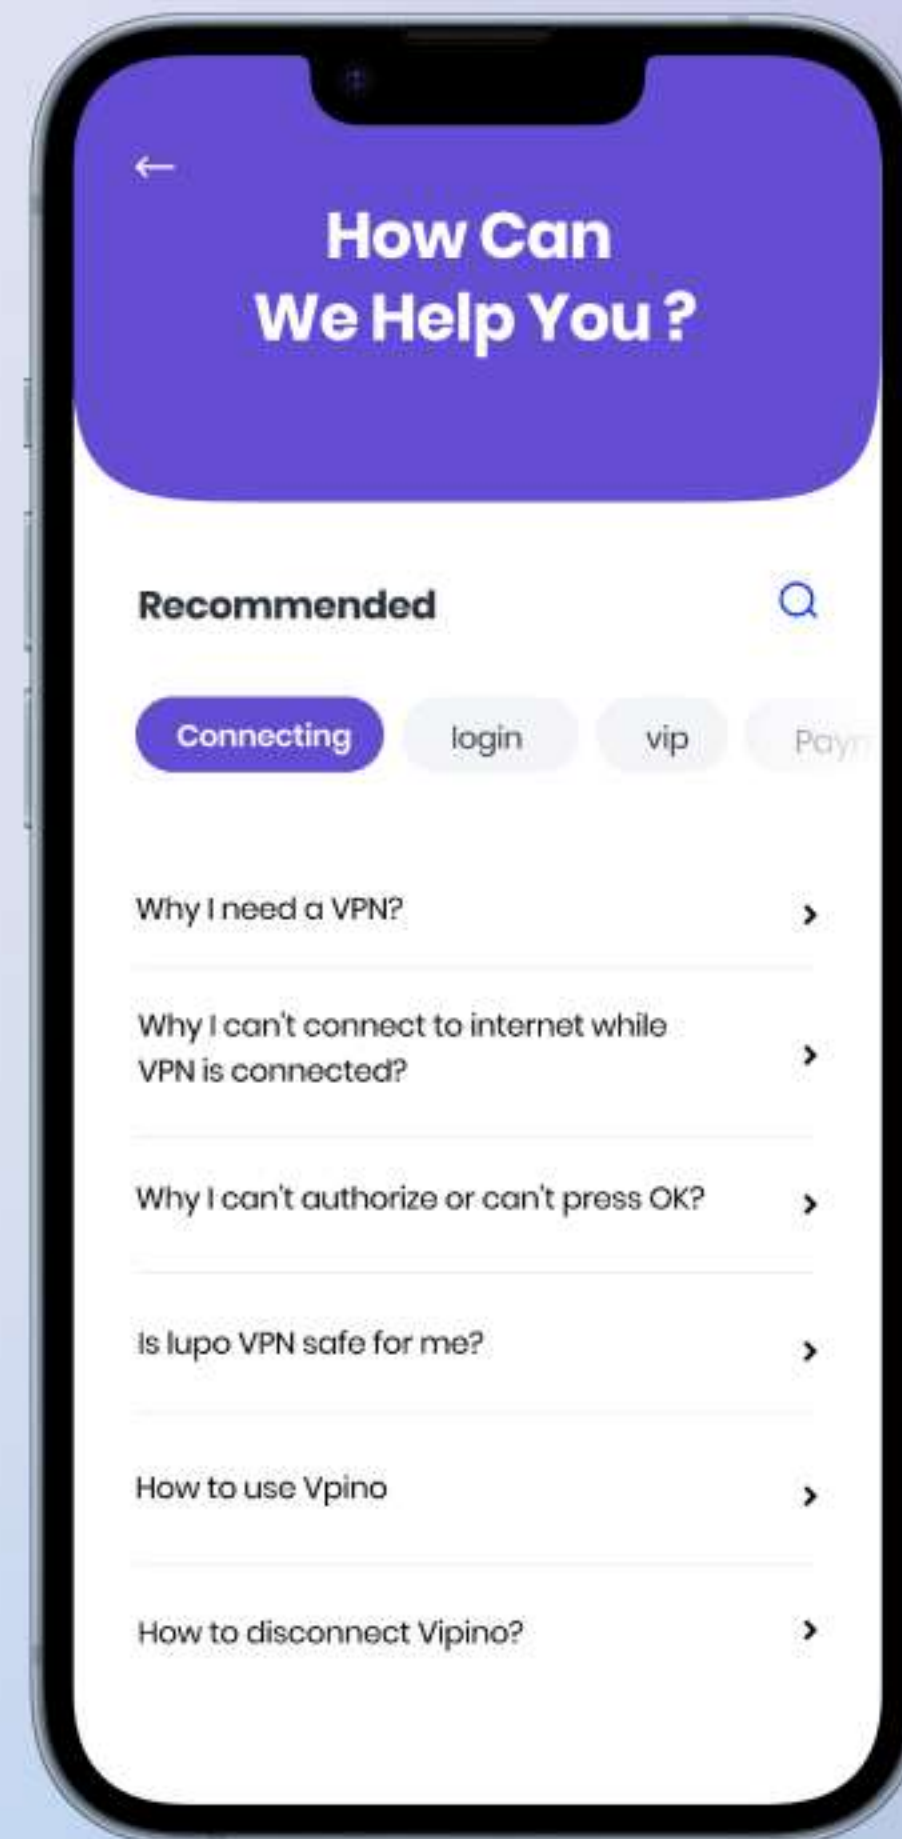

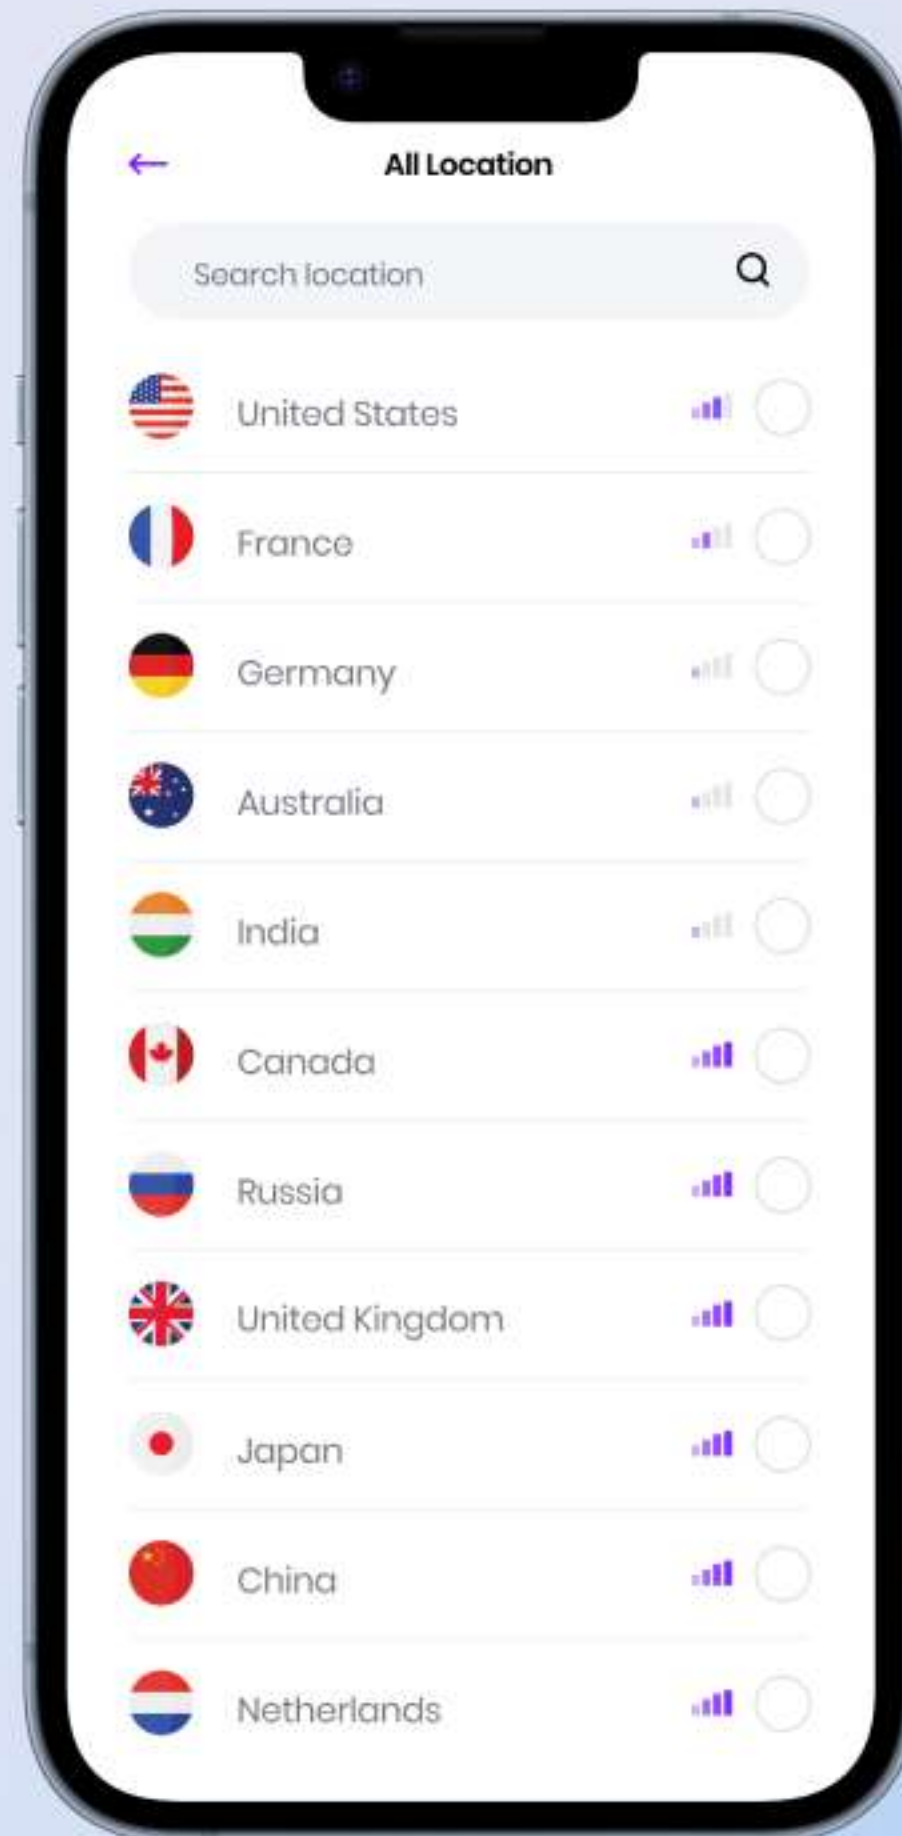

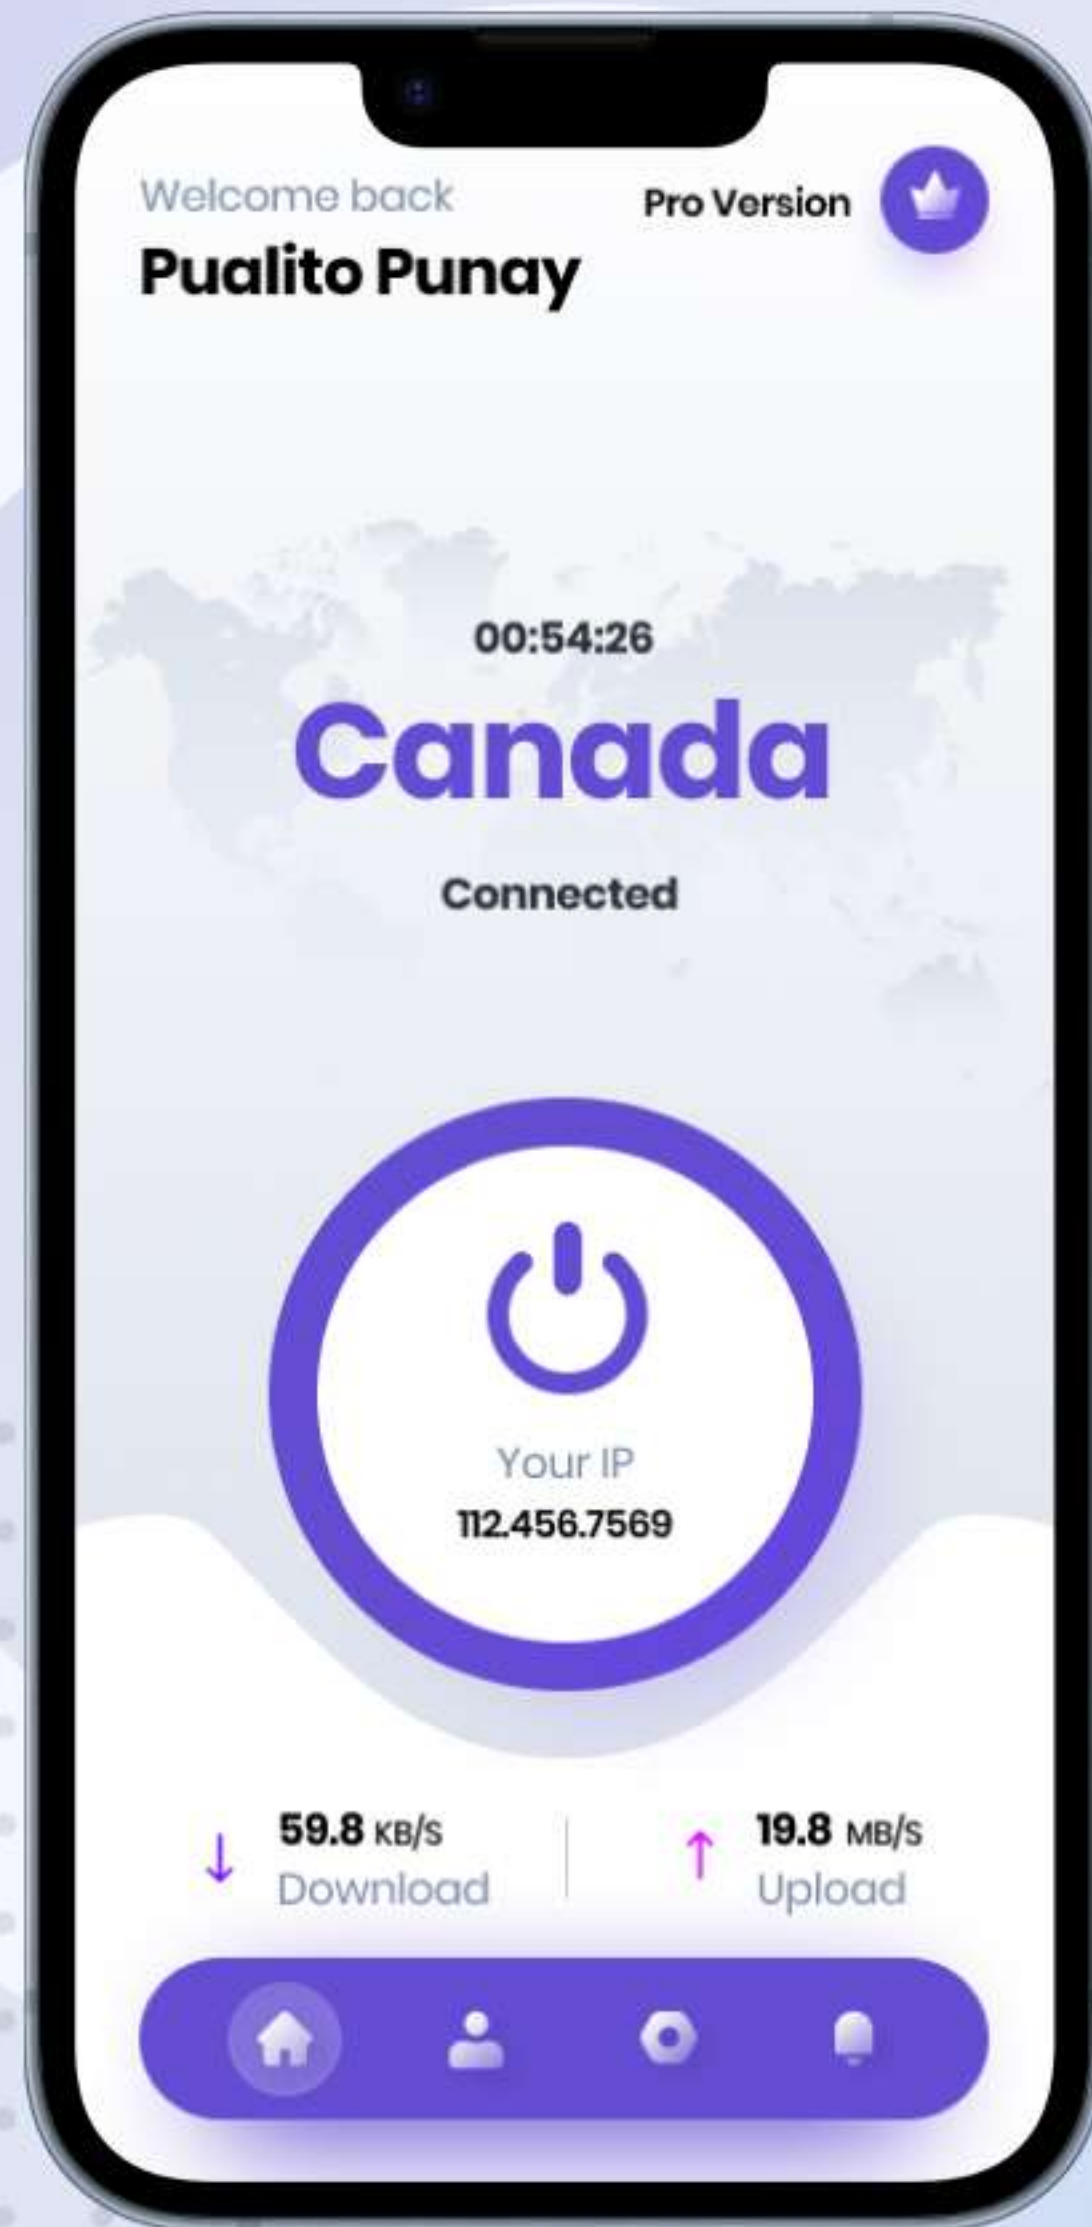

# VPN Application for iOS

Our team developed a VPN application for iOS to provide users with secure and private internet access through global VPN servers. I was the project manager overseeing integration of subscription plans, premium VPN access, and third-party VPN services.

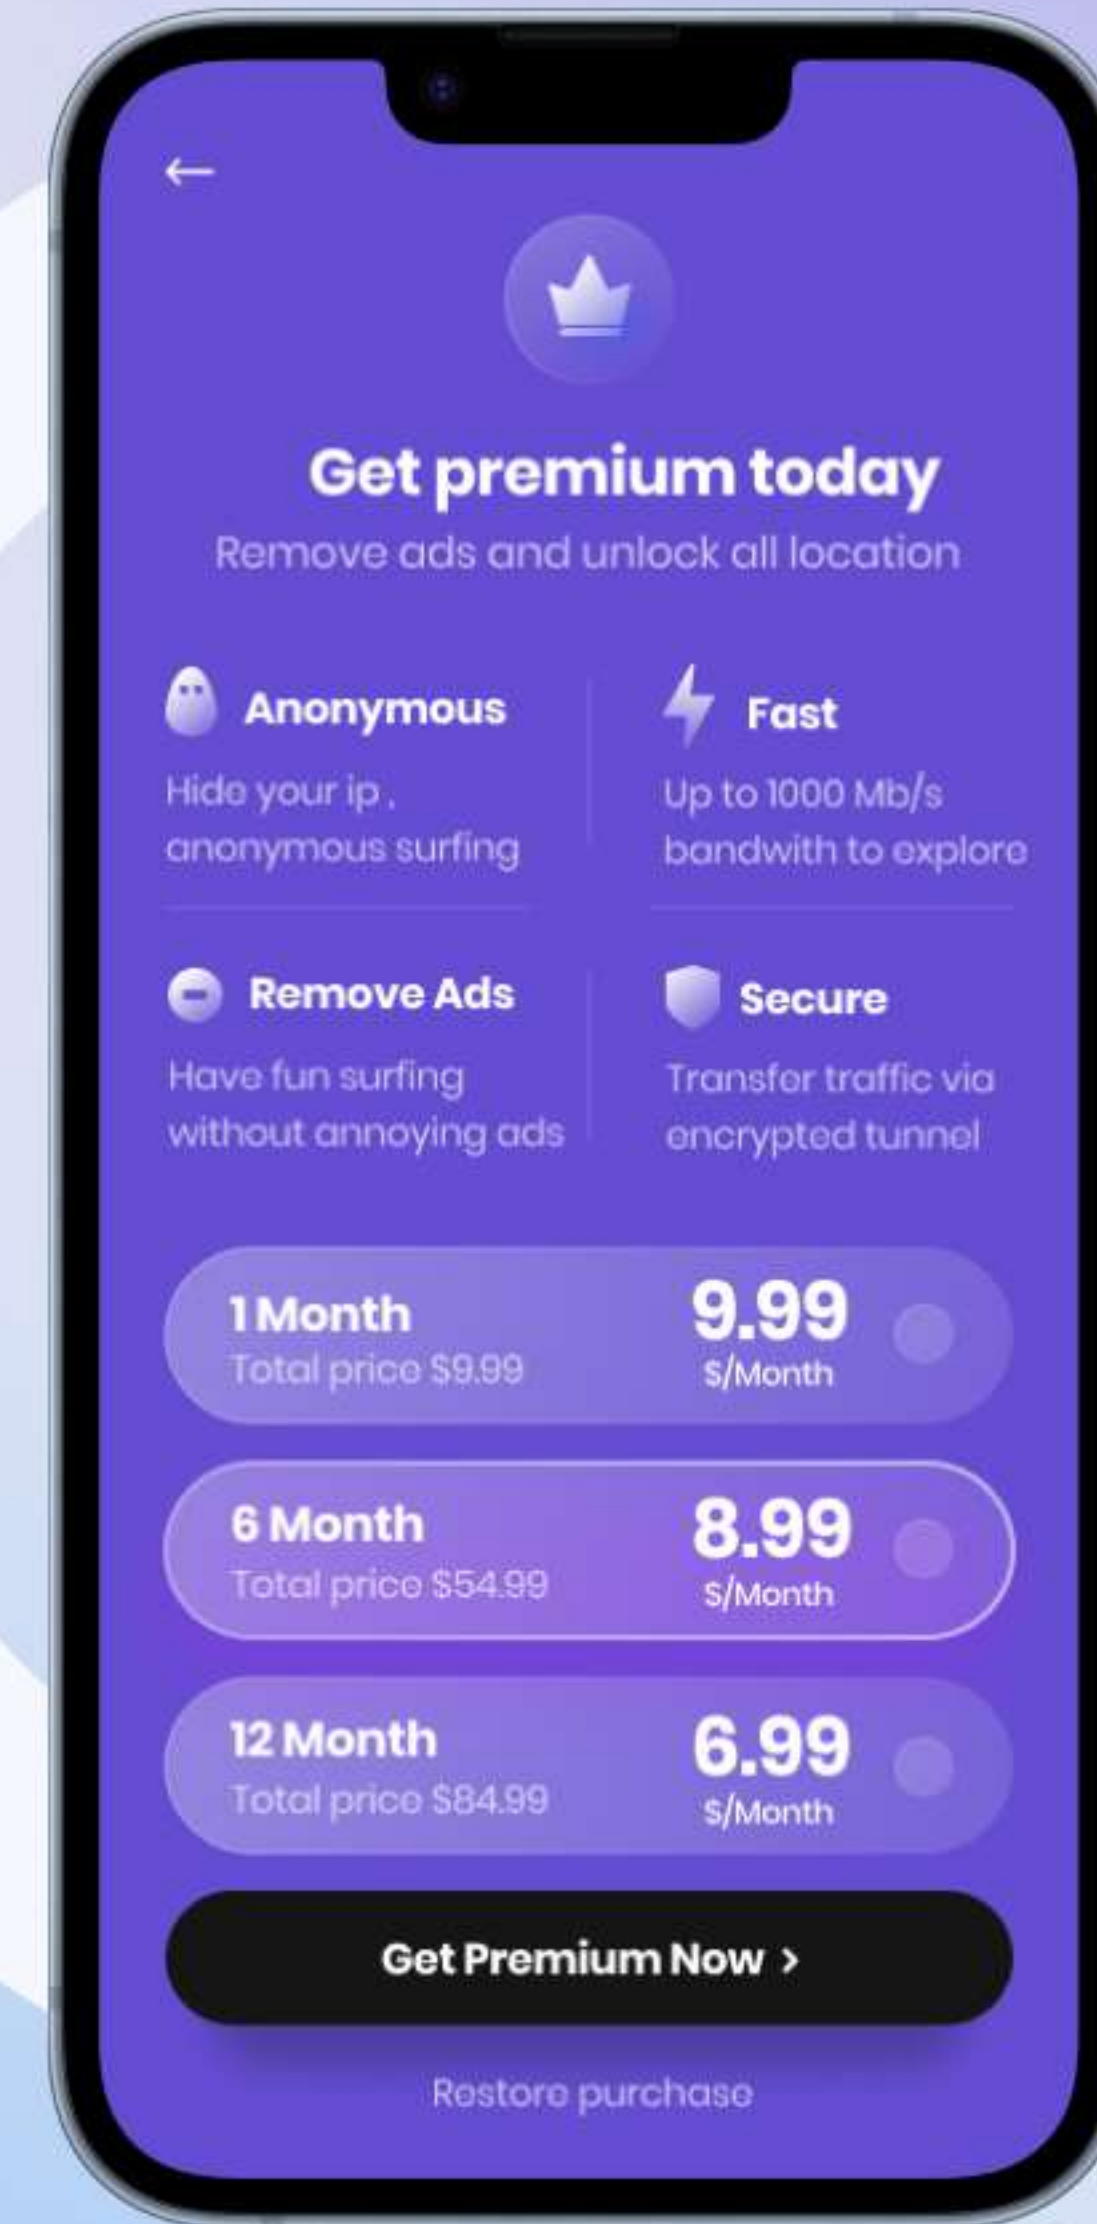

# Features

- ✓ Global VPN Access
- ✓ Subscription Plans
- ✓ Premium VPN Access
- ✓ Third-Party VPN Integration

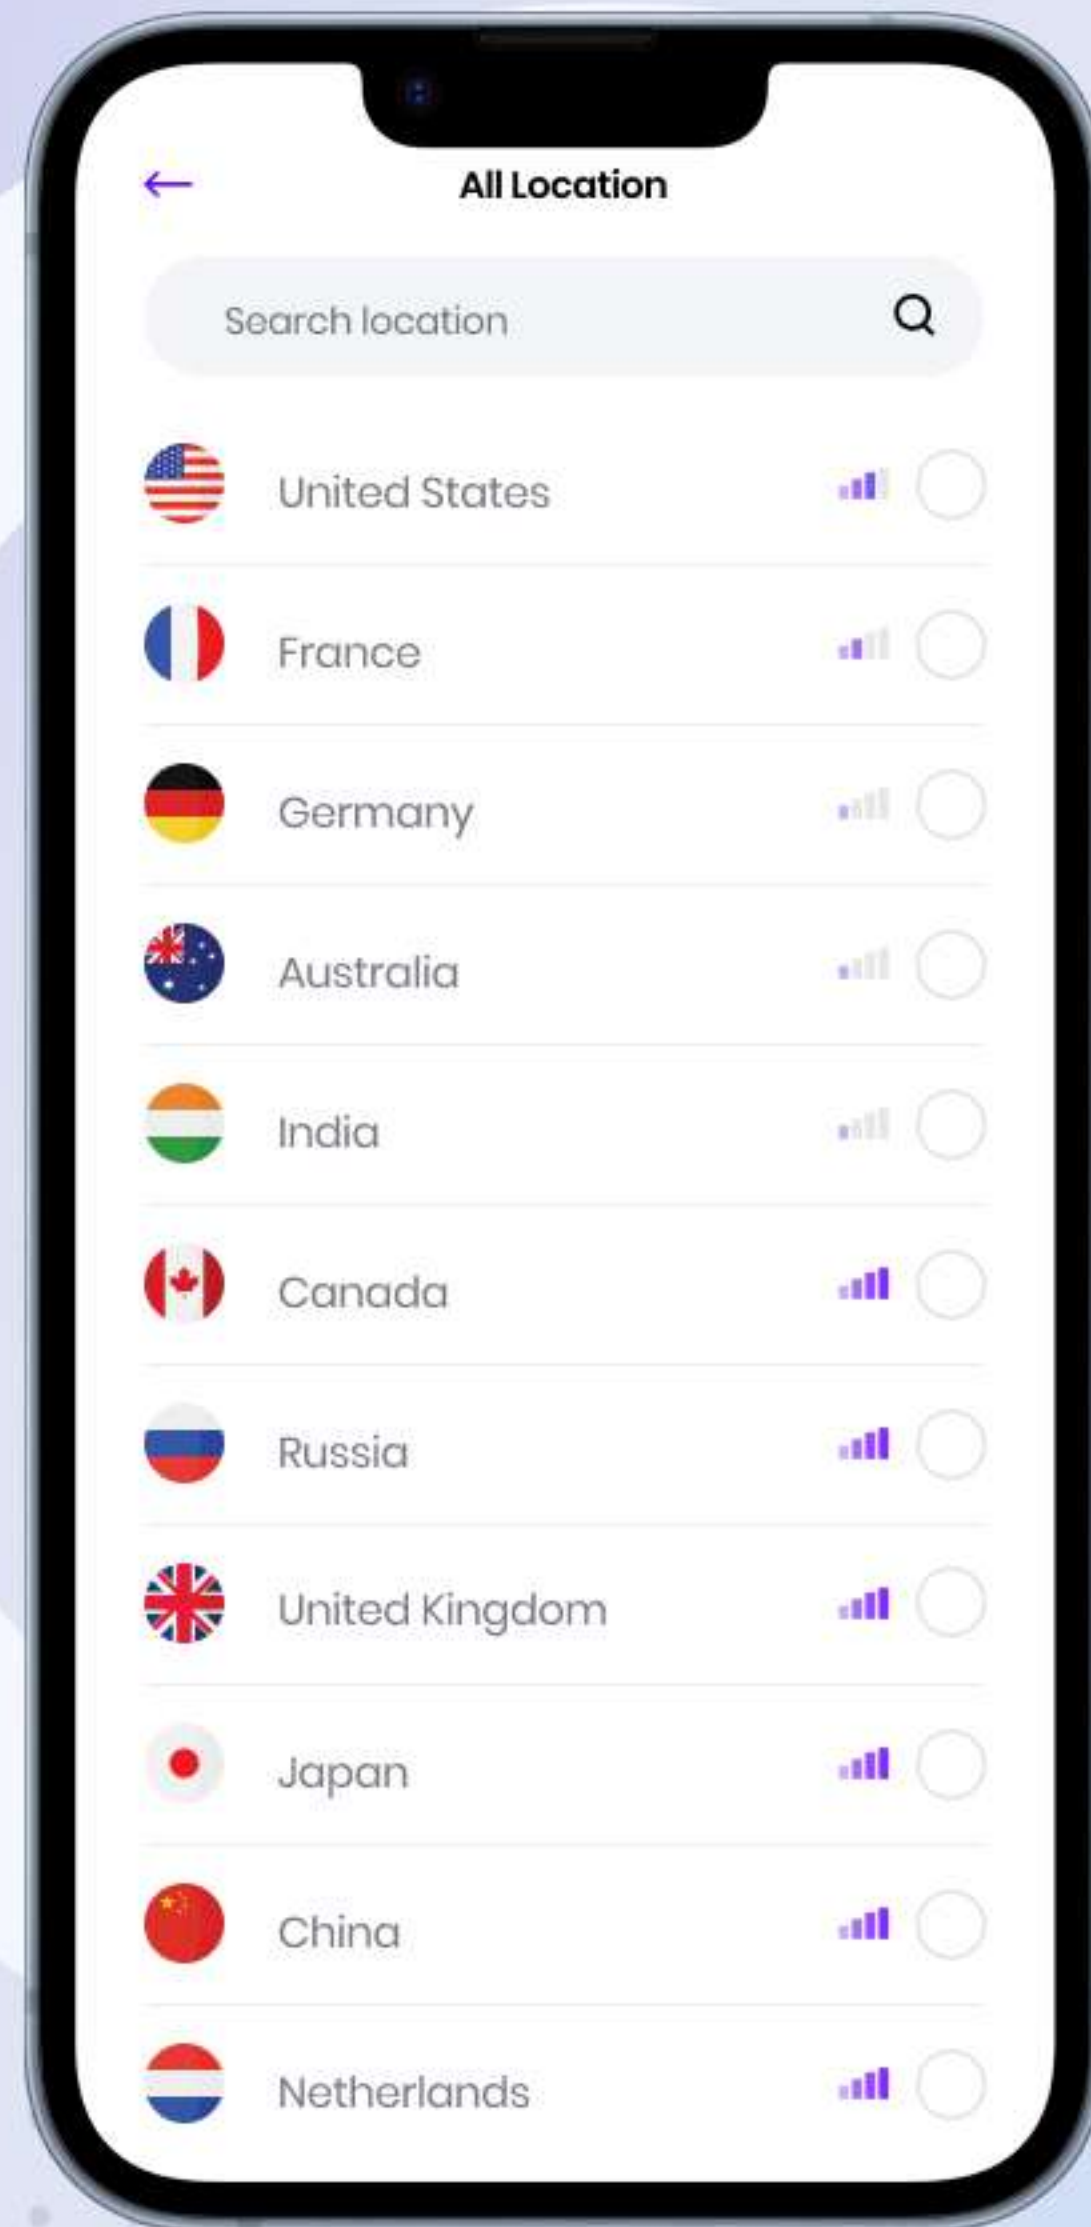

# Challenges

- ✓ VPN Server Selection – Optimizing server selection for best performance
- ✓ Protocol Compatibility – Supporting major VPN protocols like OpenVPN and IKEv2
- ✓ Data Encryption – Implementing robust encryption algorithms
- ✓ User Authentication – Developing secure authentication mechanisms

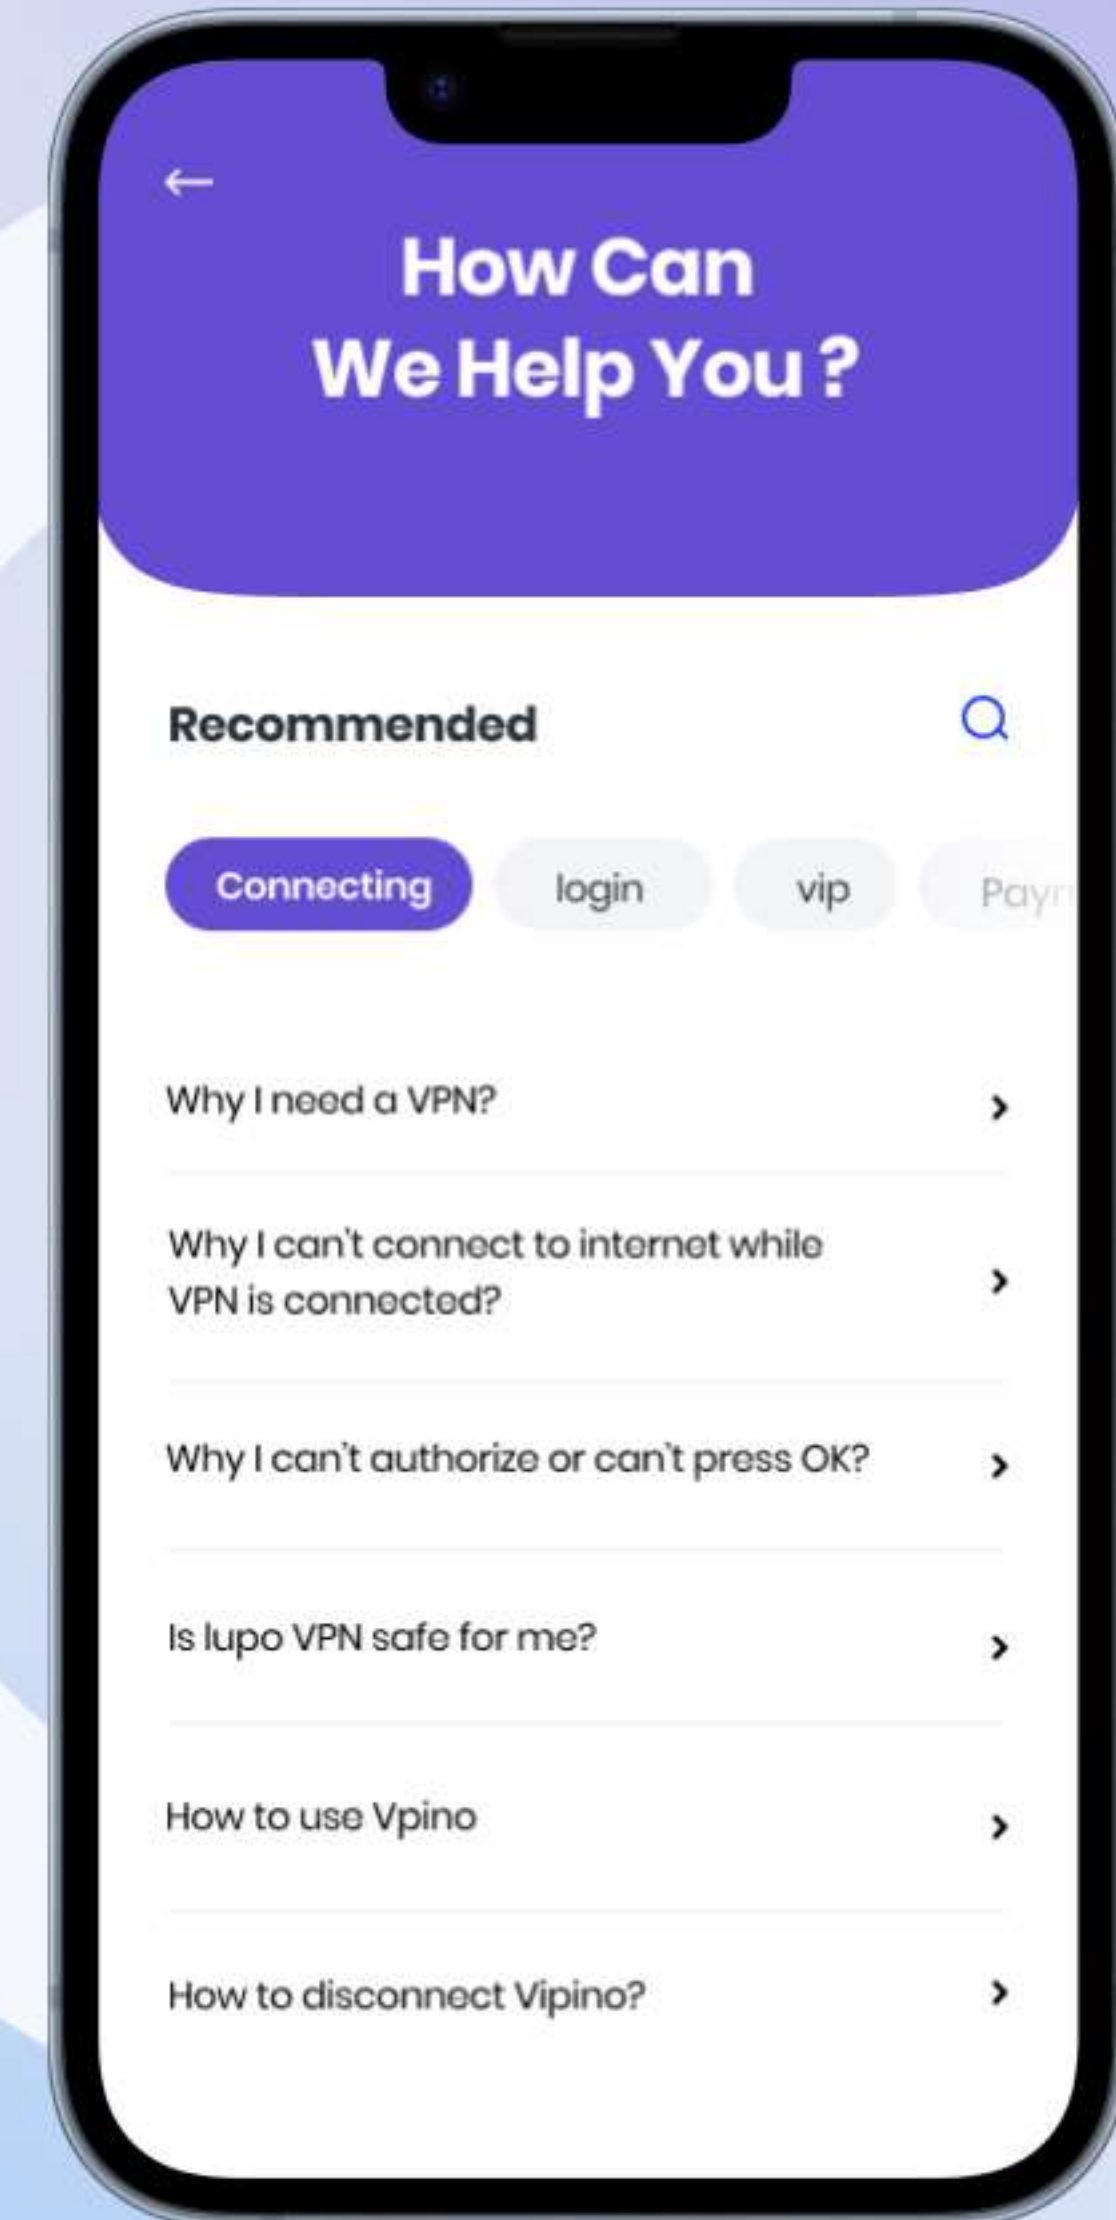

# Solutions

- ✓ Global VPN access through worldwide VPN servers
- ✓ Premium, basic and free subscription plans
- ✓ Premium VPN access via wholesaler service integration
- ✓ Third-party free VPN service integration

# Impact

- ✓ Users gained secure and private internet access
- ✓ Flexible subscription plans met diverse user needs
- ✓ Premium users enjoyed enhanced VPN performance
- ✓ Reliable connectivity achieved across locations and devices

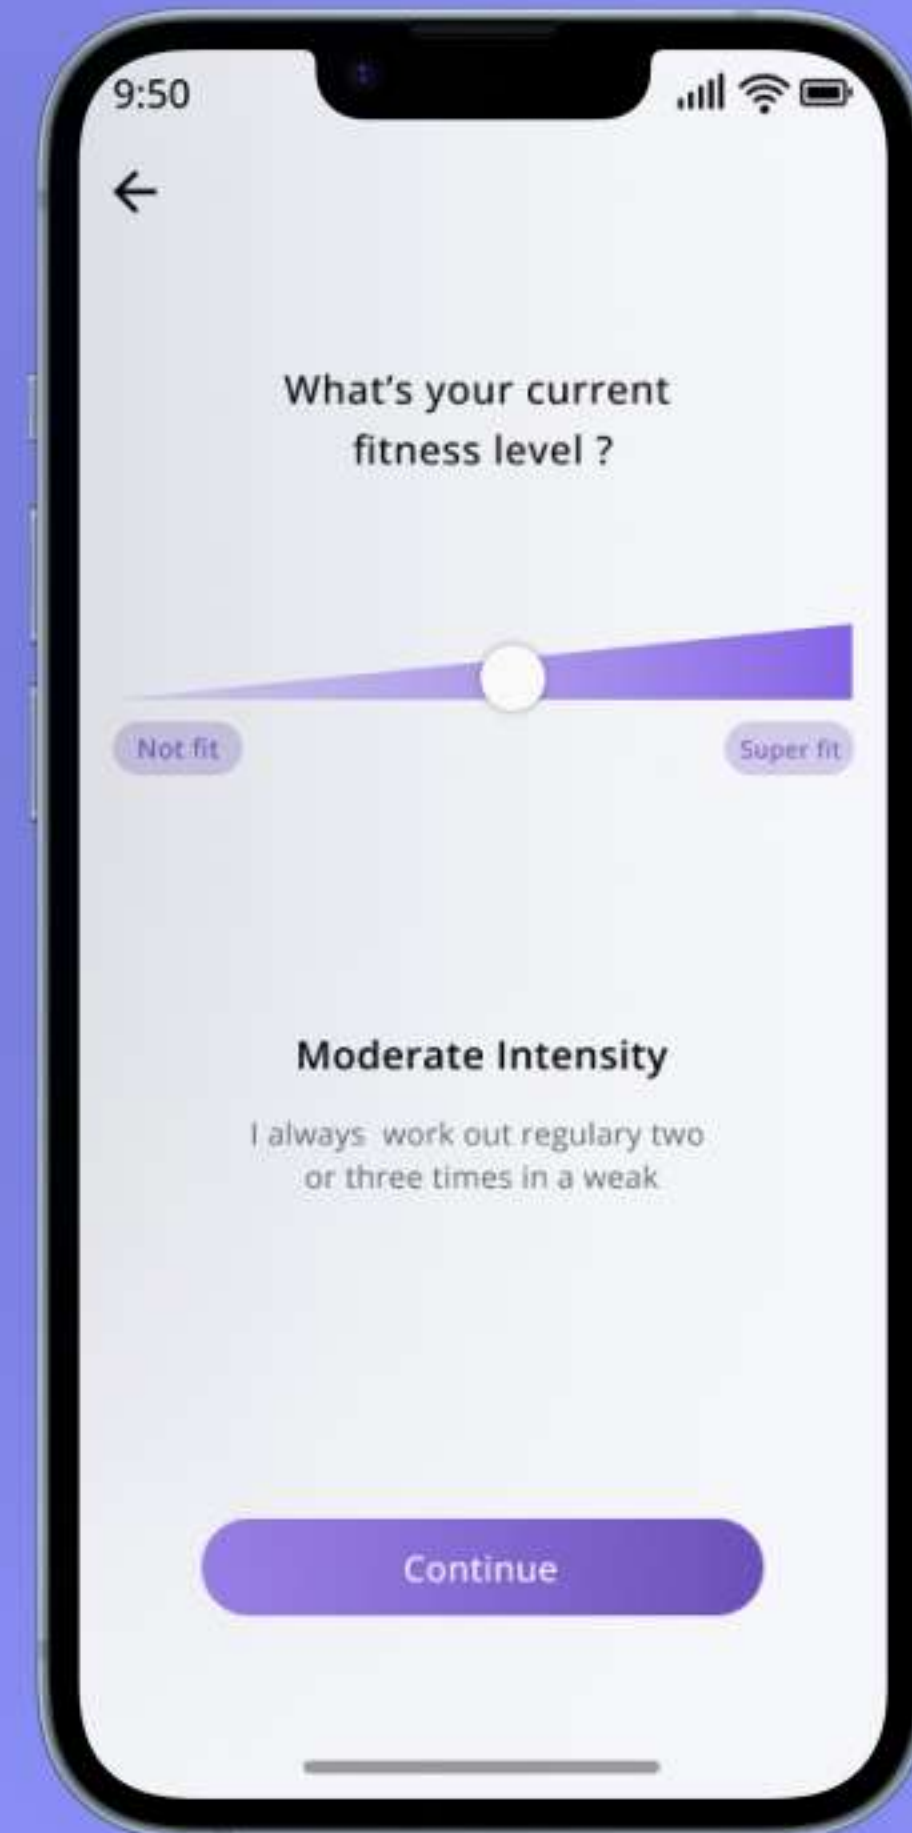

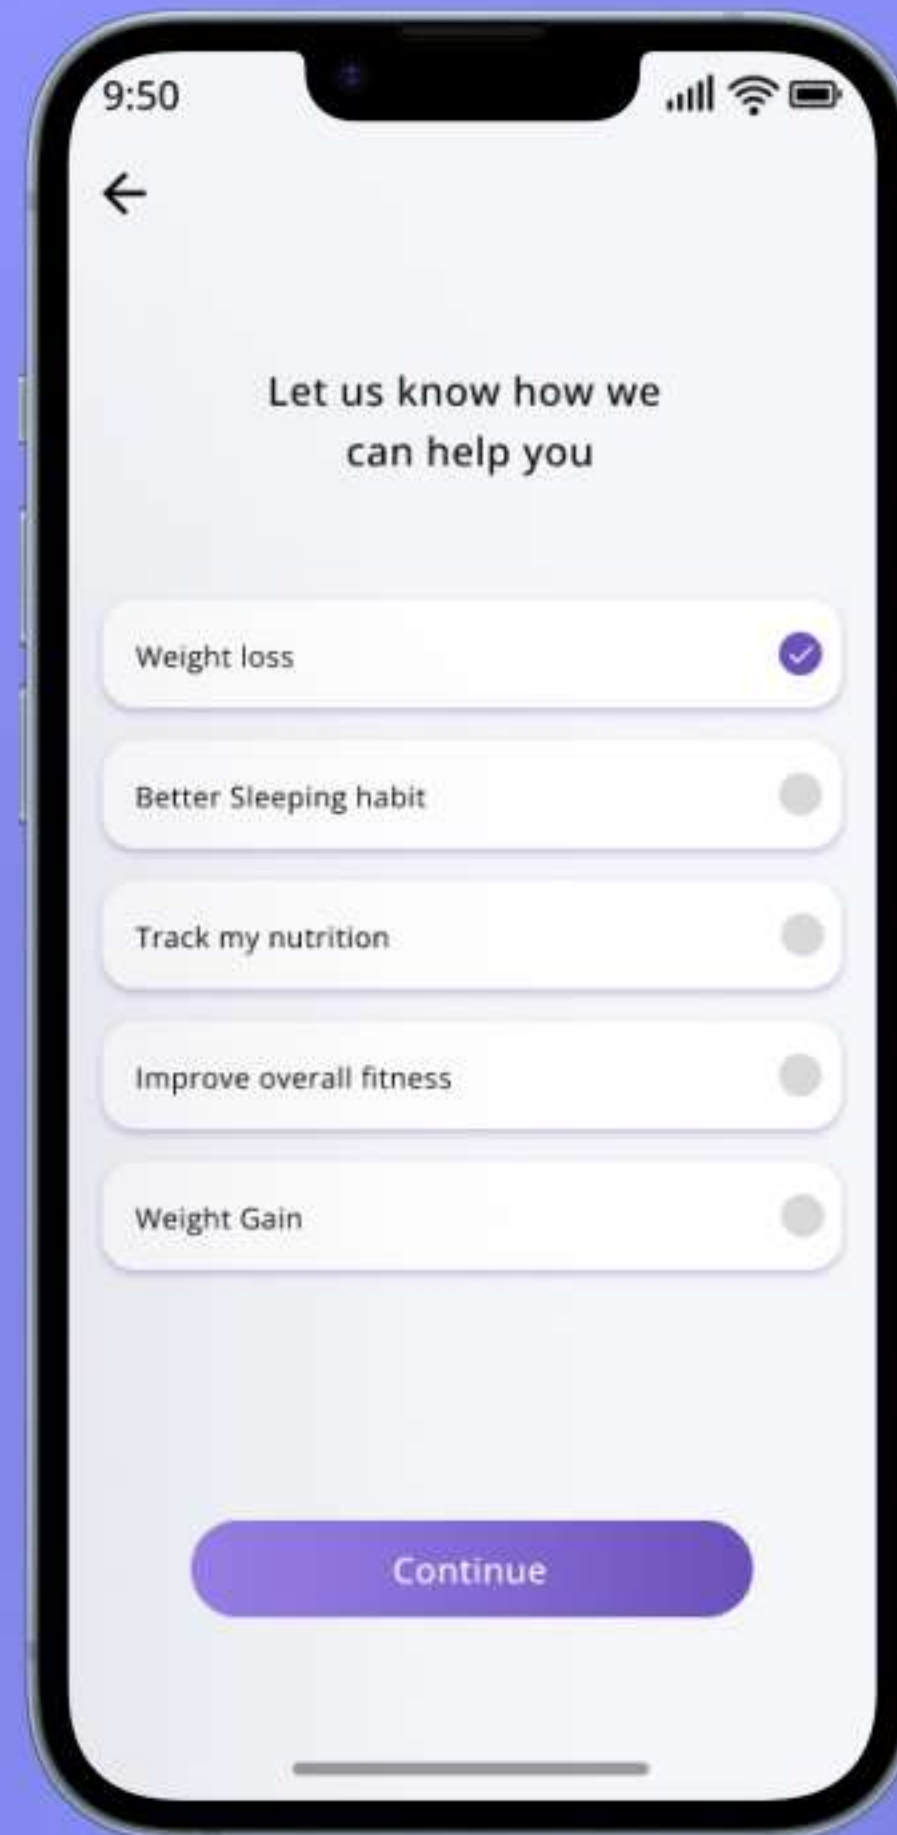

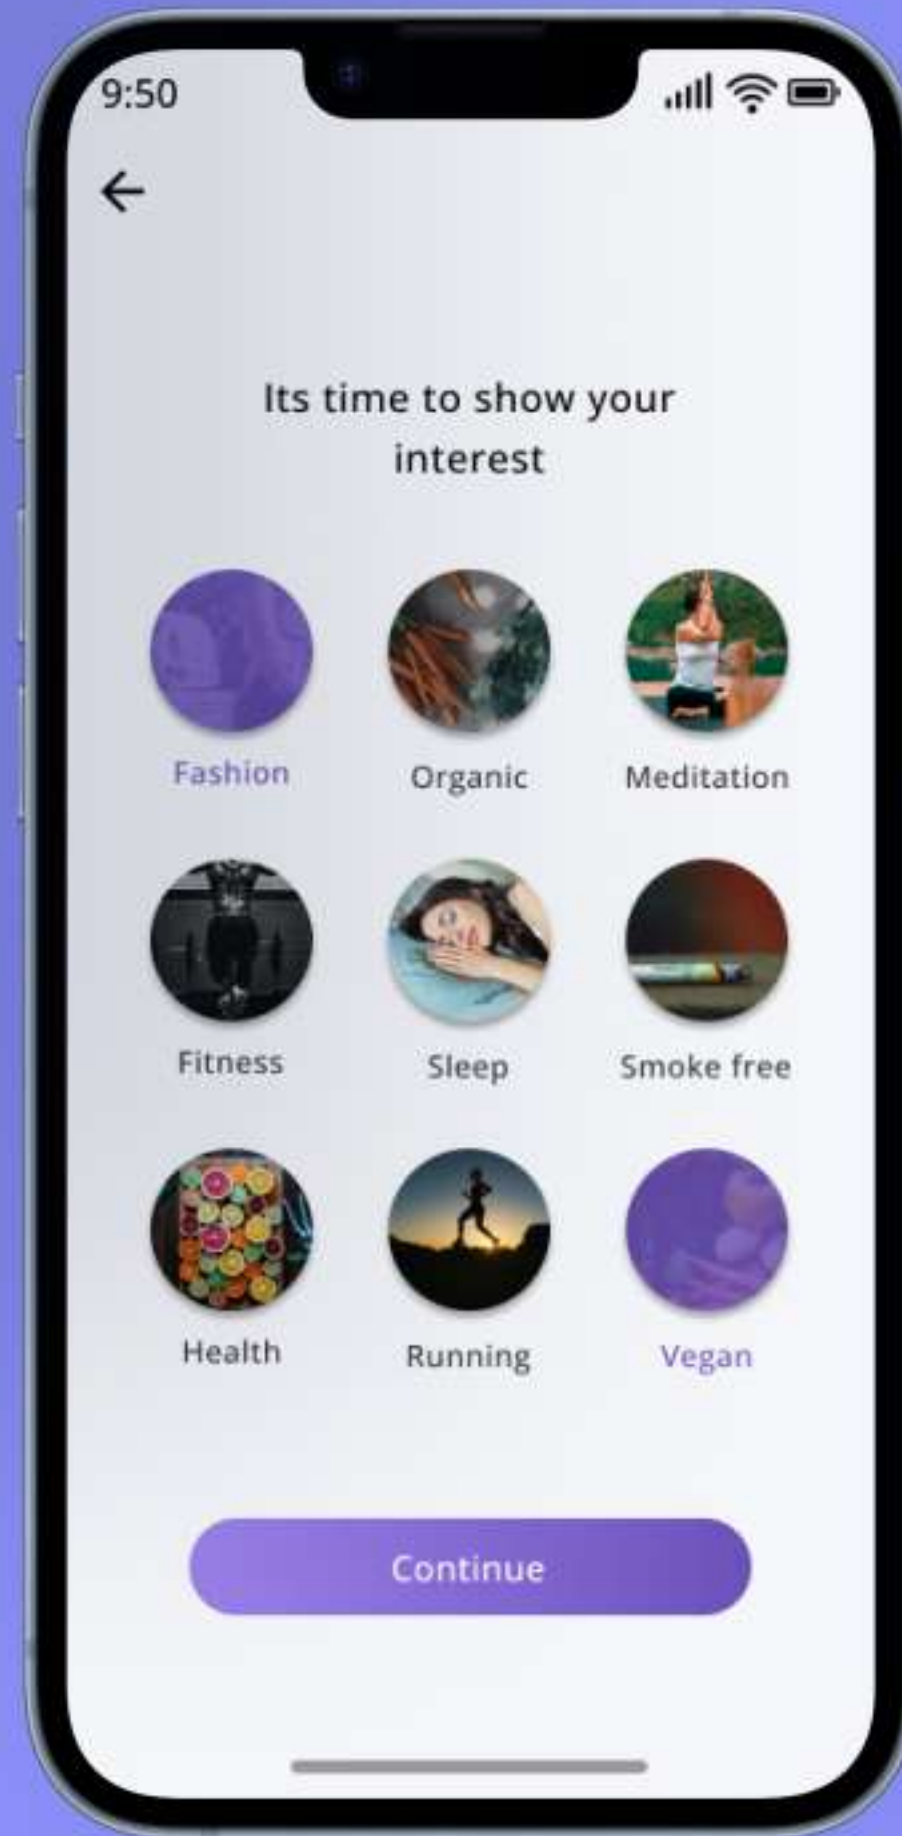

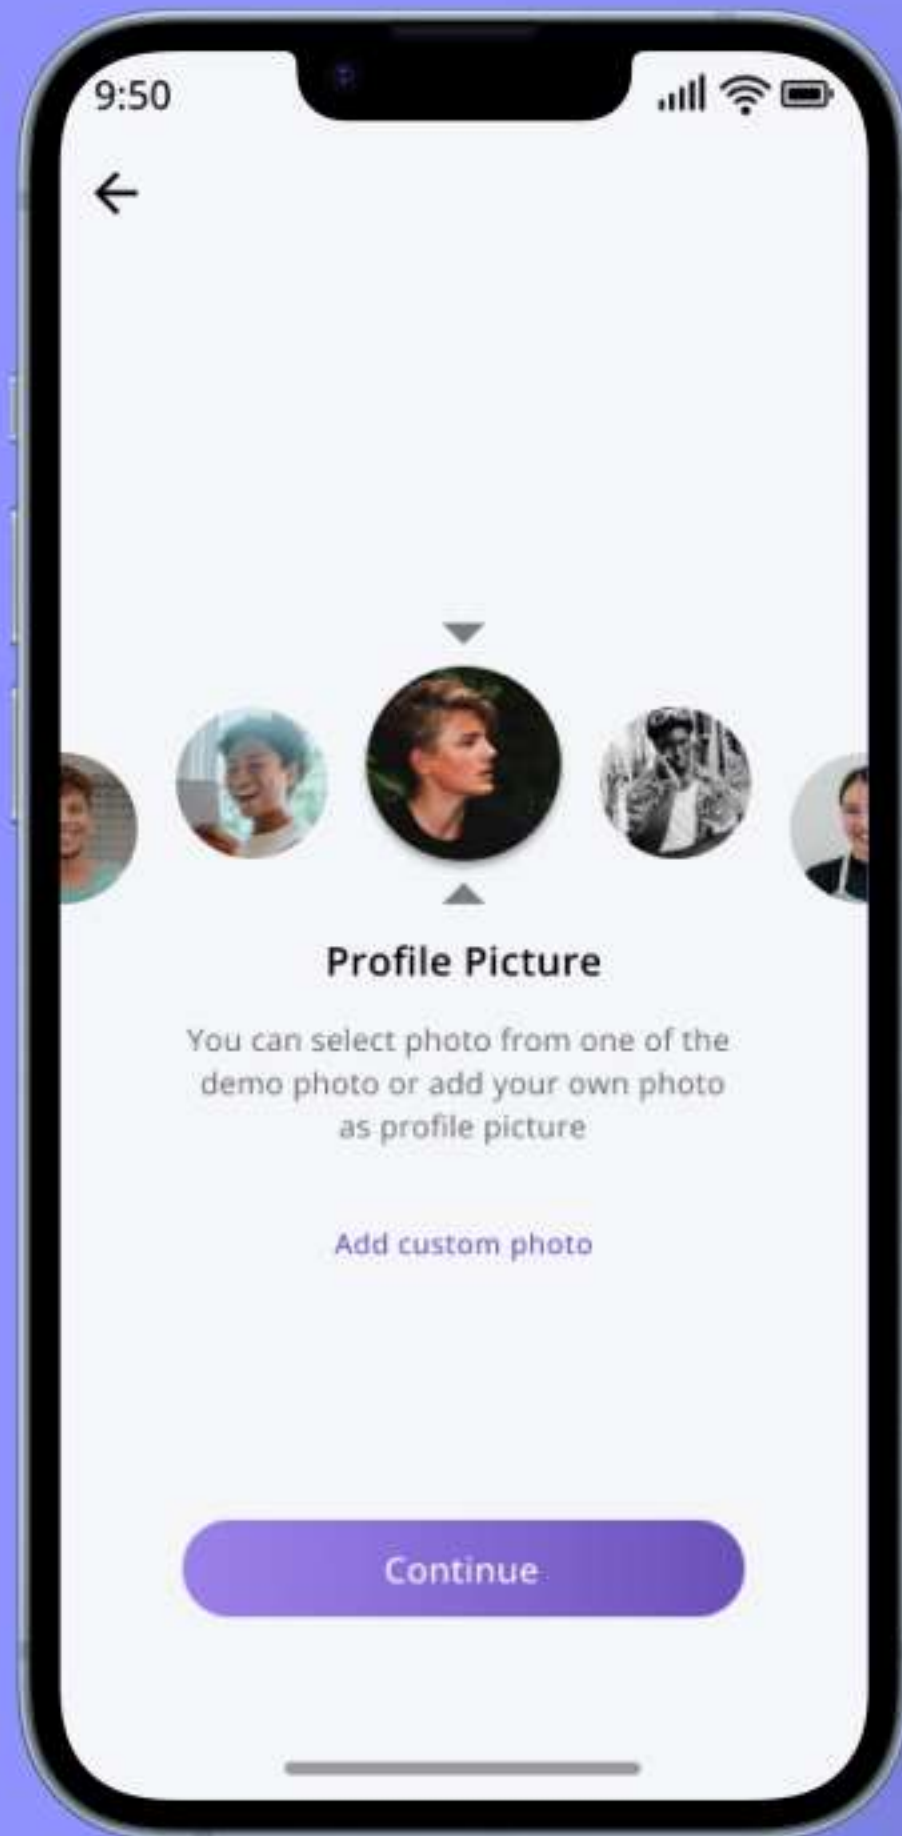

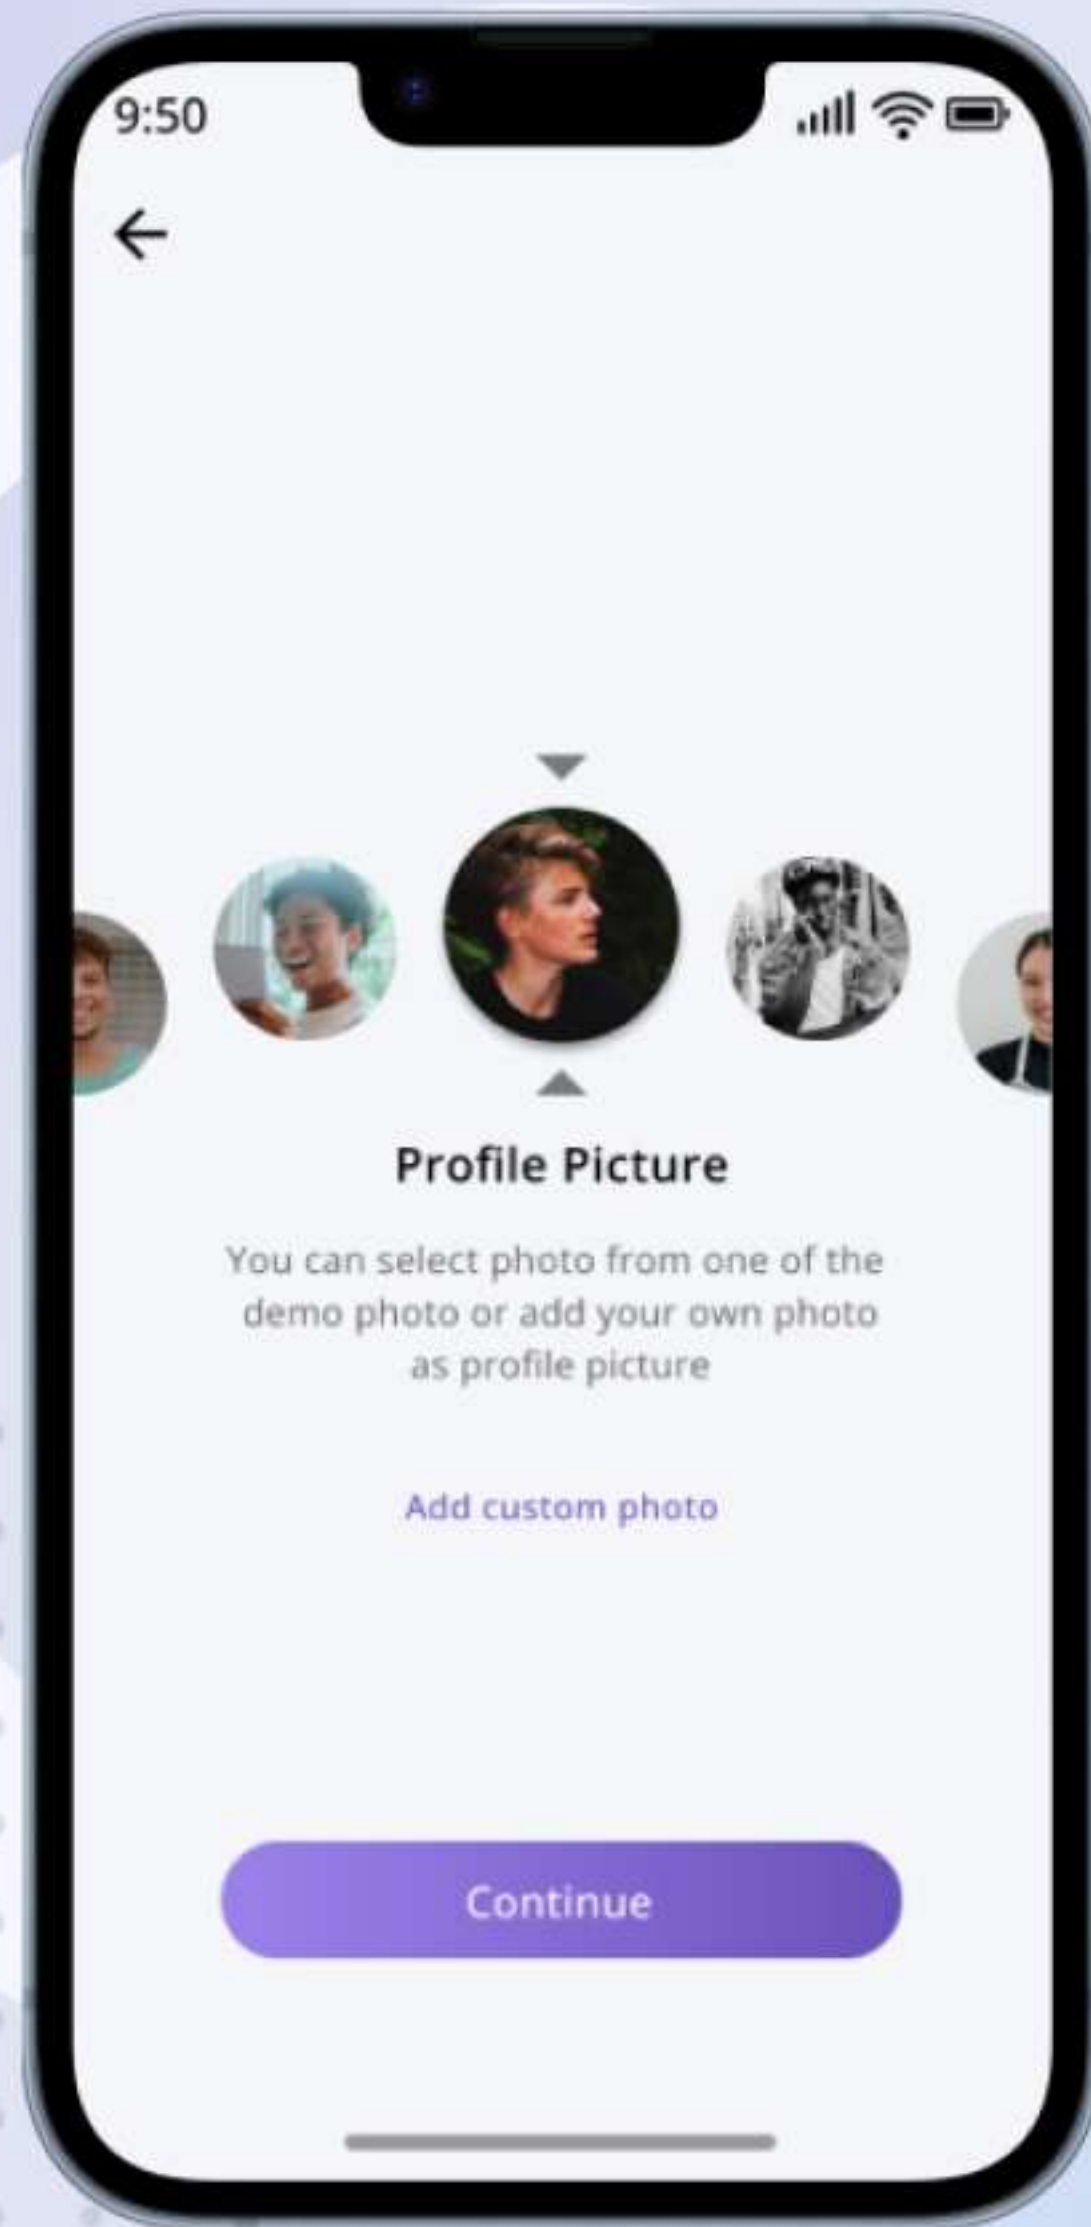

# Providing Personalized Wellness Support for Seniors App

There is a growing elderly population that wants to maintain health and wellness but needs extra support that a mobile app can provide through personalized resources.

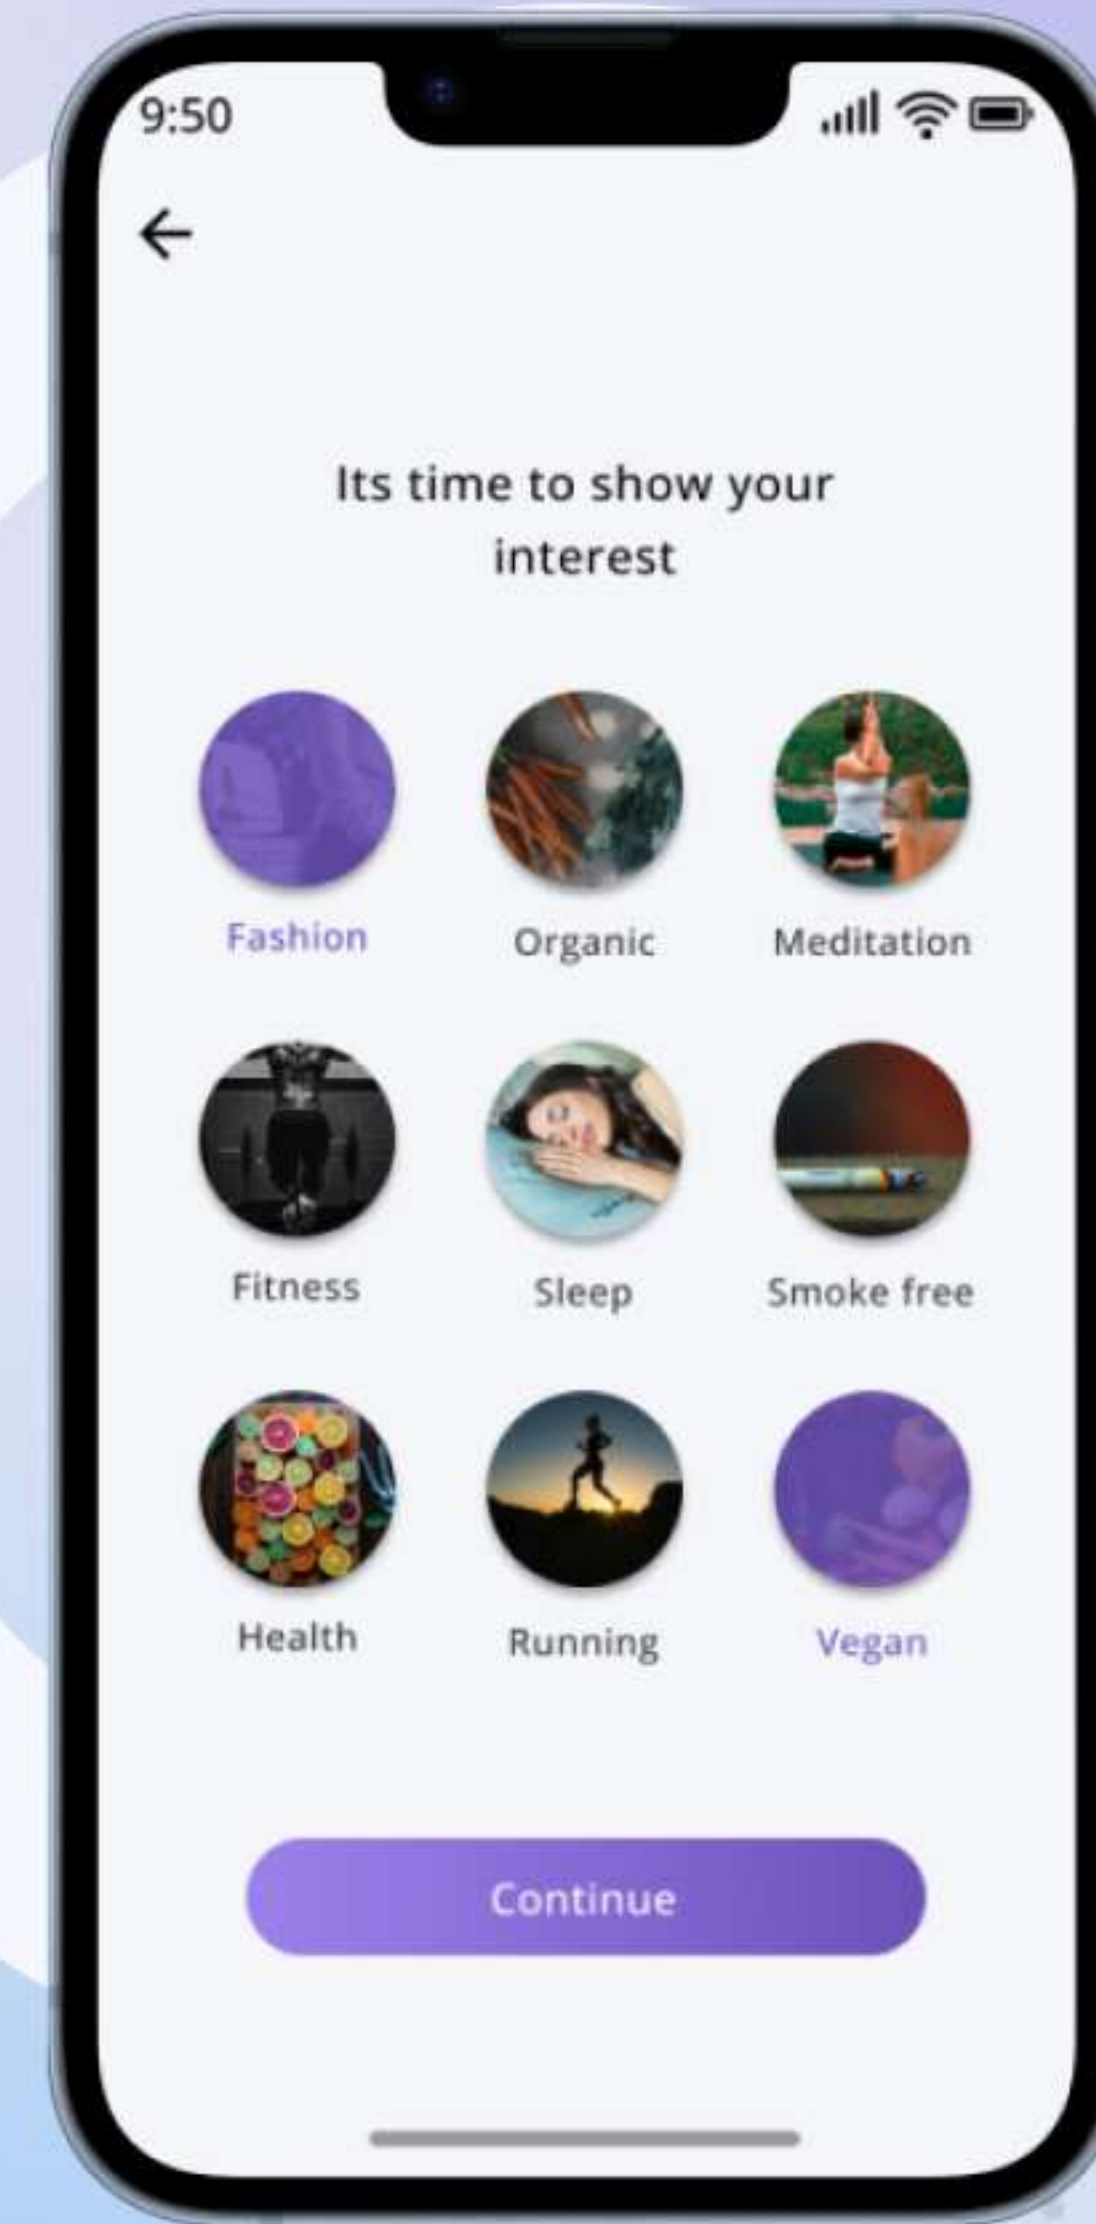

# Features

- ✓ Health tracking
- ✓ Medication reminders and adherence tracking
- ✓ Exercise and nutrition programs
- ✓ Telehealth consultations
- ✓ Educational health resources
- ✓ Caregiver portal

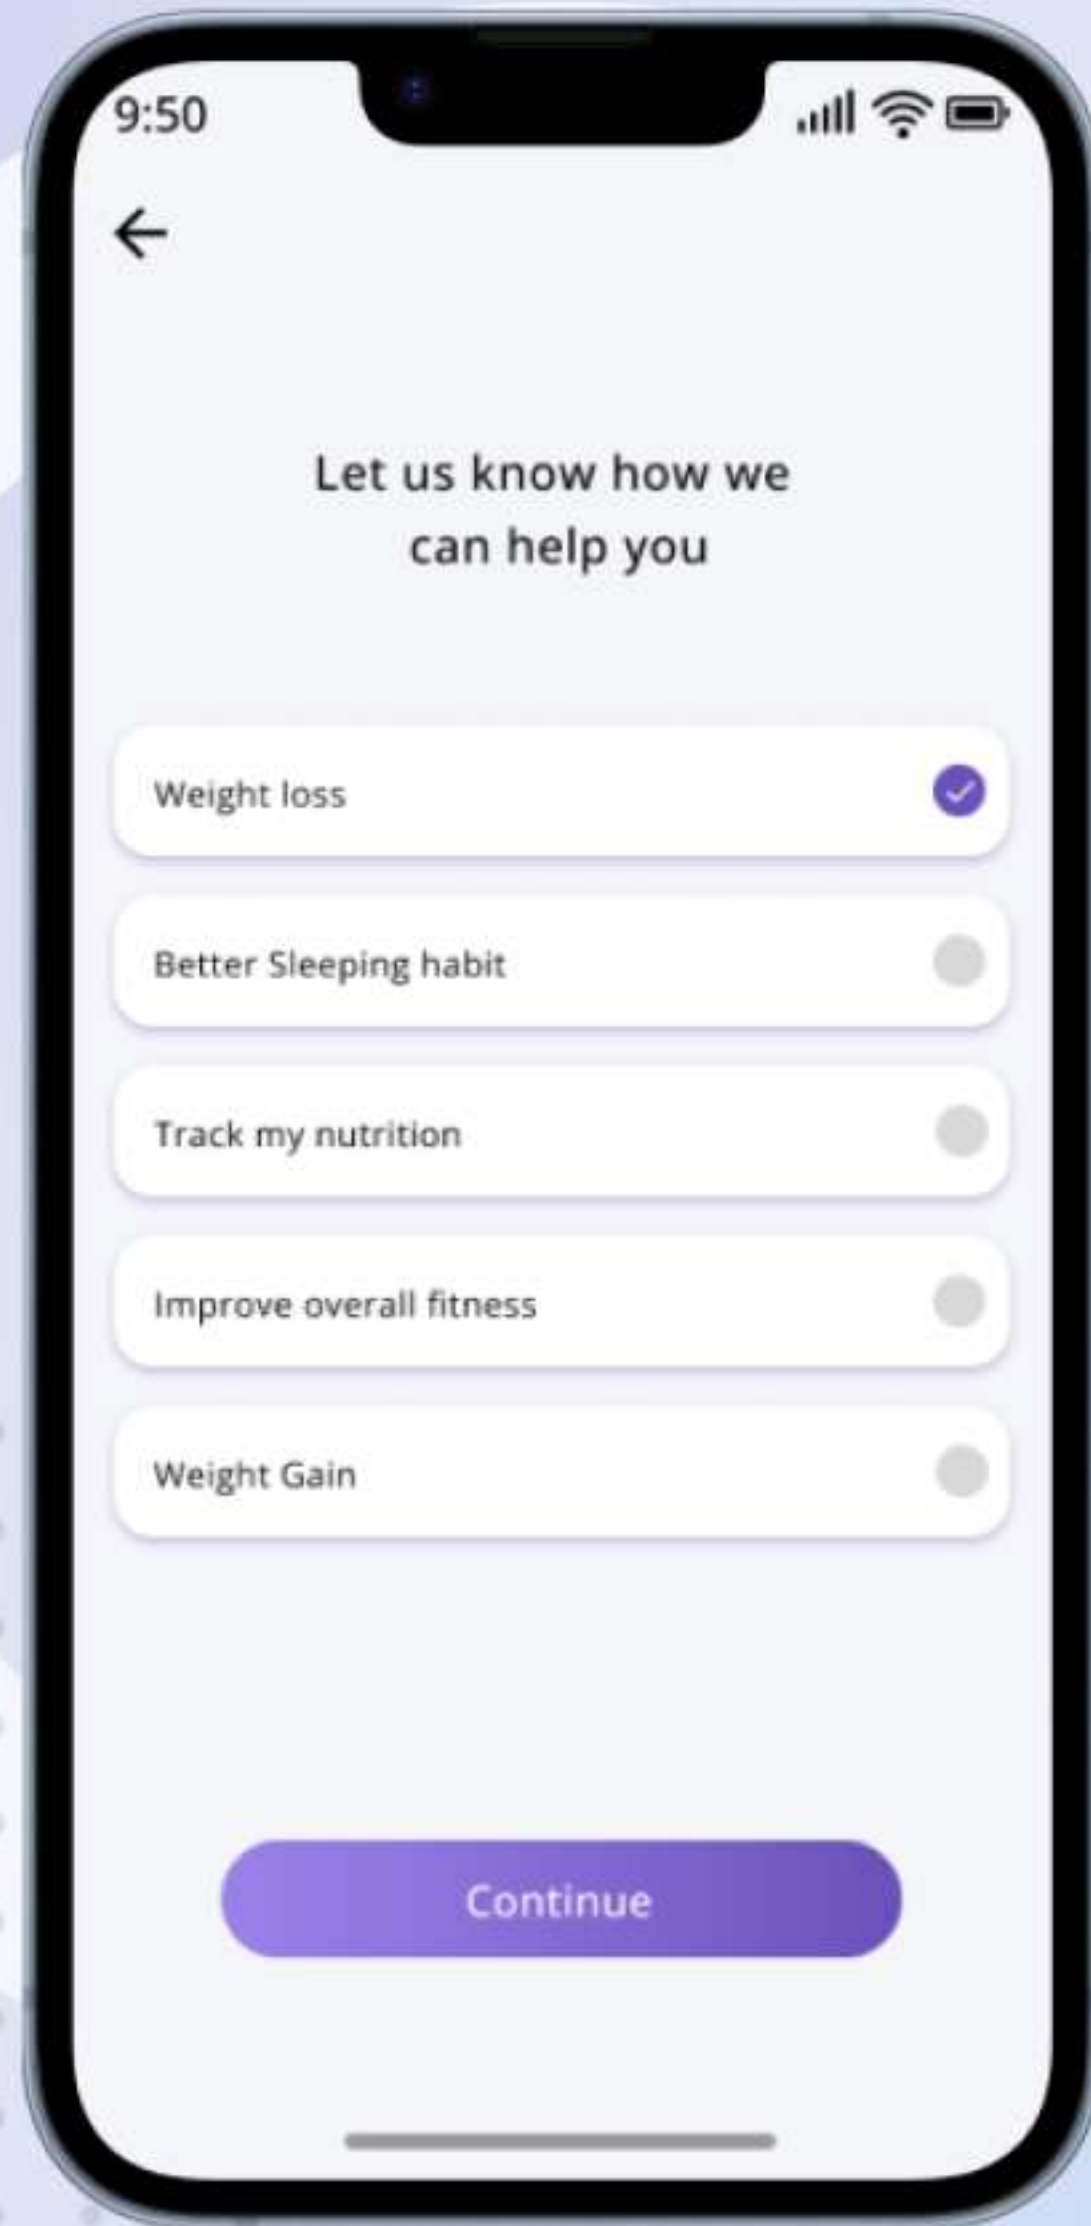

# Challenges

- ✓ Limited mobility and inability to participate in fitness classes or group activities
- ✓ A wide range of tech proficiency, some struggle to learn new interfaces
- ✓ Entering health data daily can be difficult, leading to drop in app engagement over time

# Solutions

## Develop a mobile app

- ✓ Health tracking
- ✓ Medication reminders
- ✓ Customized exercise programs
- ✓ Educational resources
- ✓ Telehealth consultations
- ✓ Caregiver portals

## Ensure accessibility

- ✓ Simplified menus

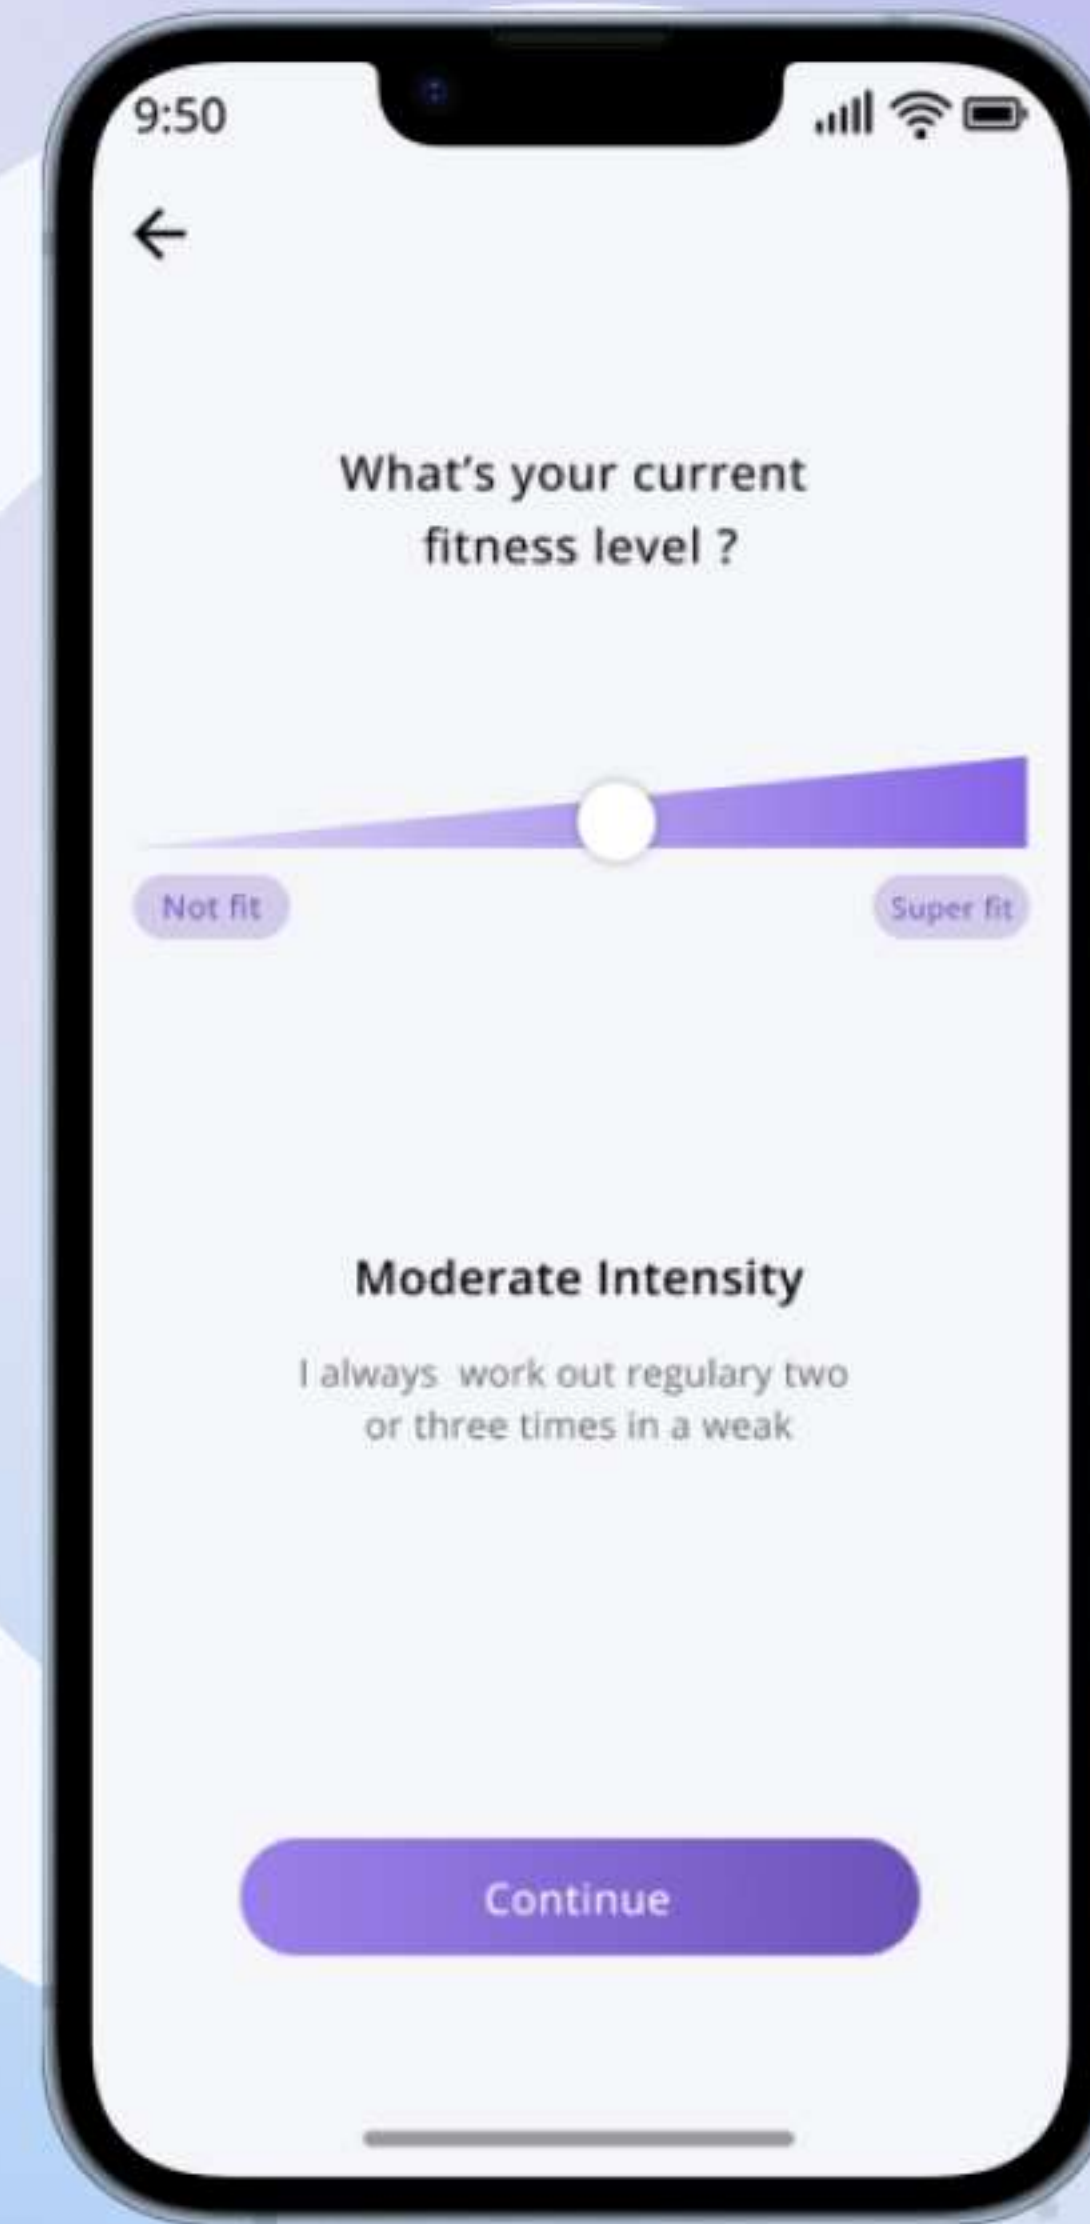

## Make data entry easier

- ✓ Integrating with health devices
- ✓ Sending notifications to encourage sustained use

# Impact

- ✓ Provides tailored wellness support to seniors at home on their own schedule
- ✓ Easy tracking and reminders improve health adherence
- ✓ Telehealth provides access to care while reducing travel
- ✓ Customized programs allow seniors to maintain health despite mobility challenges

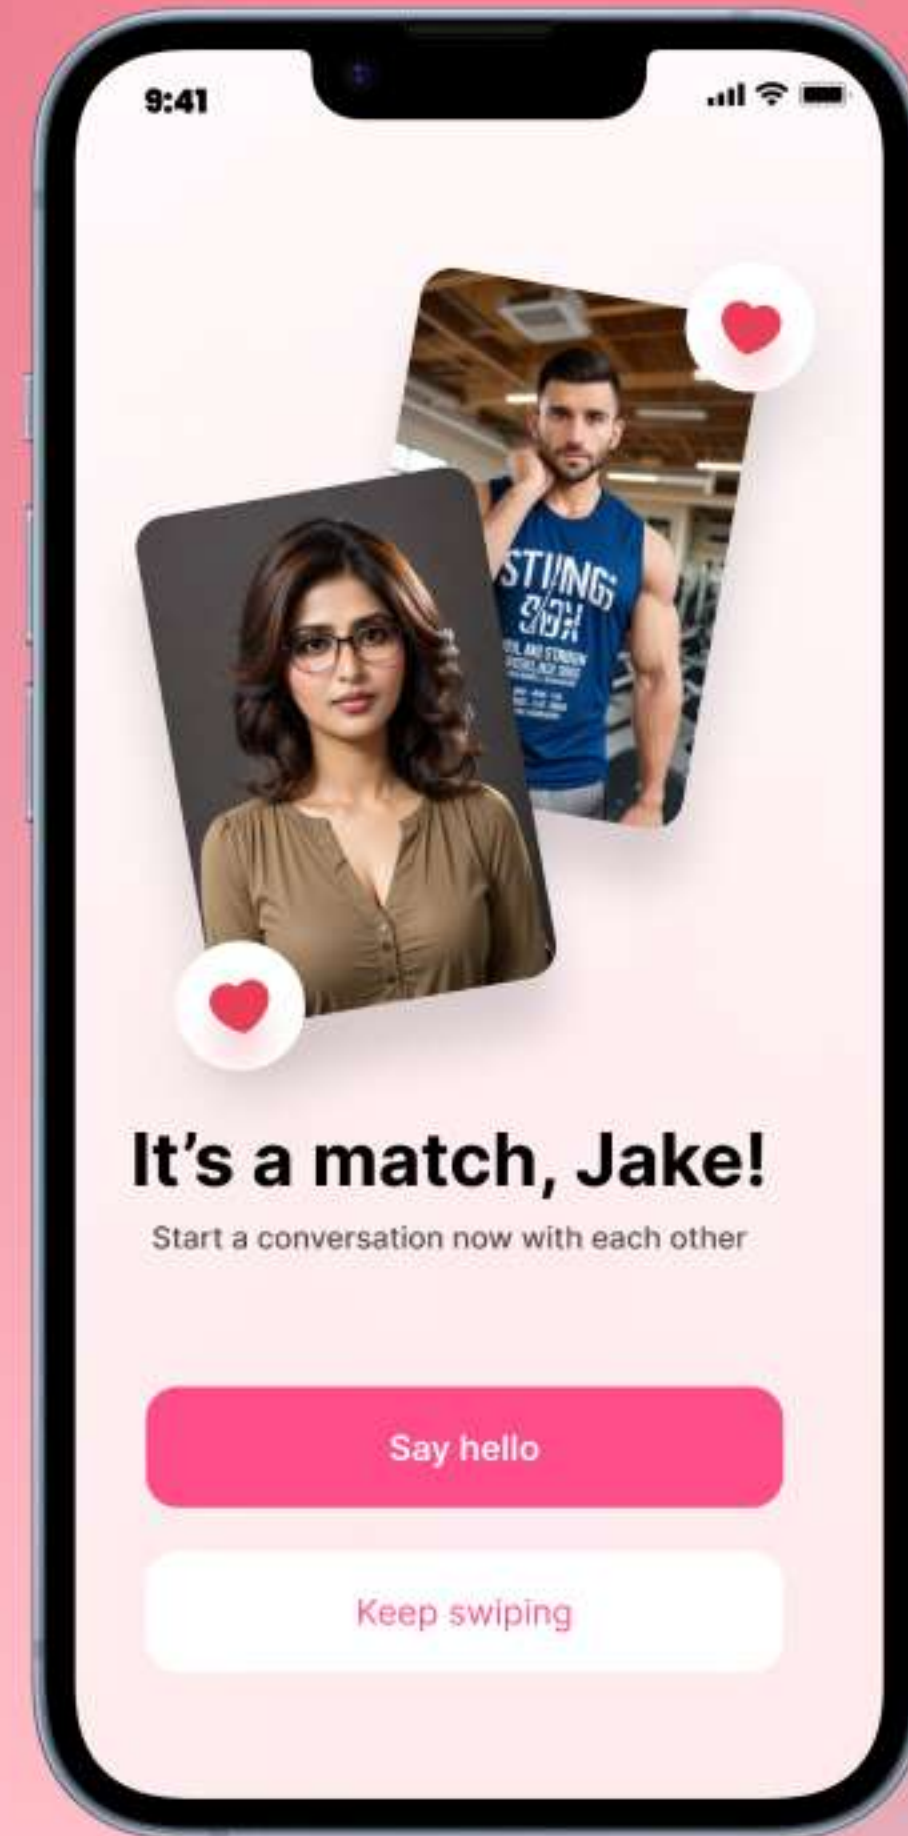

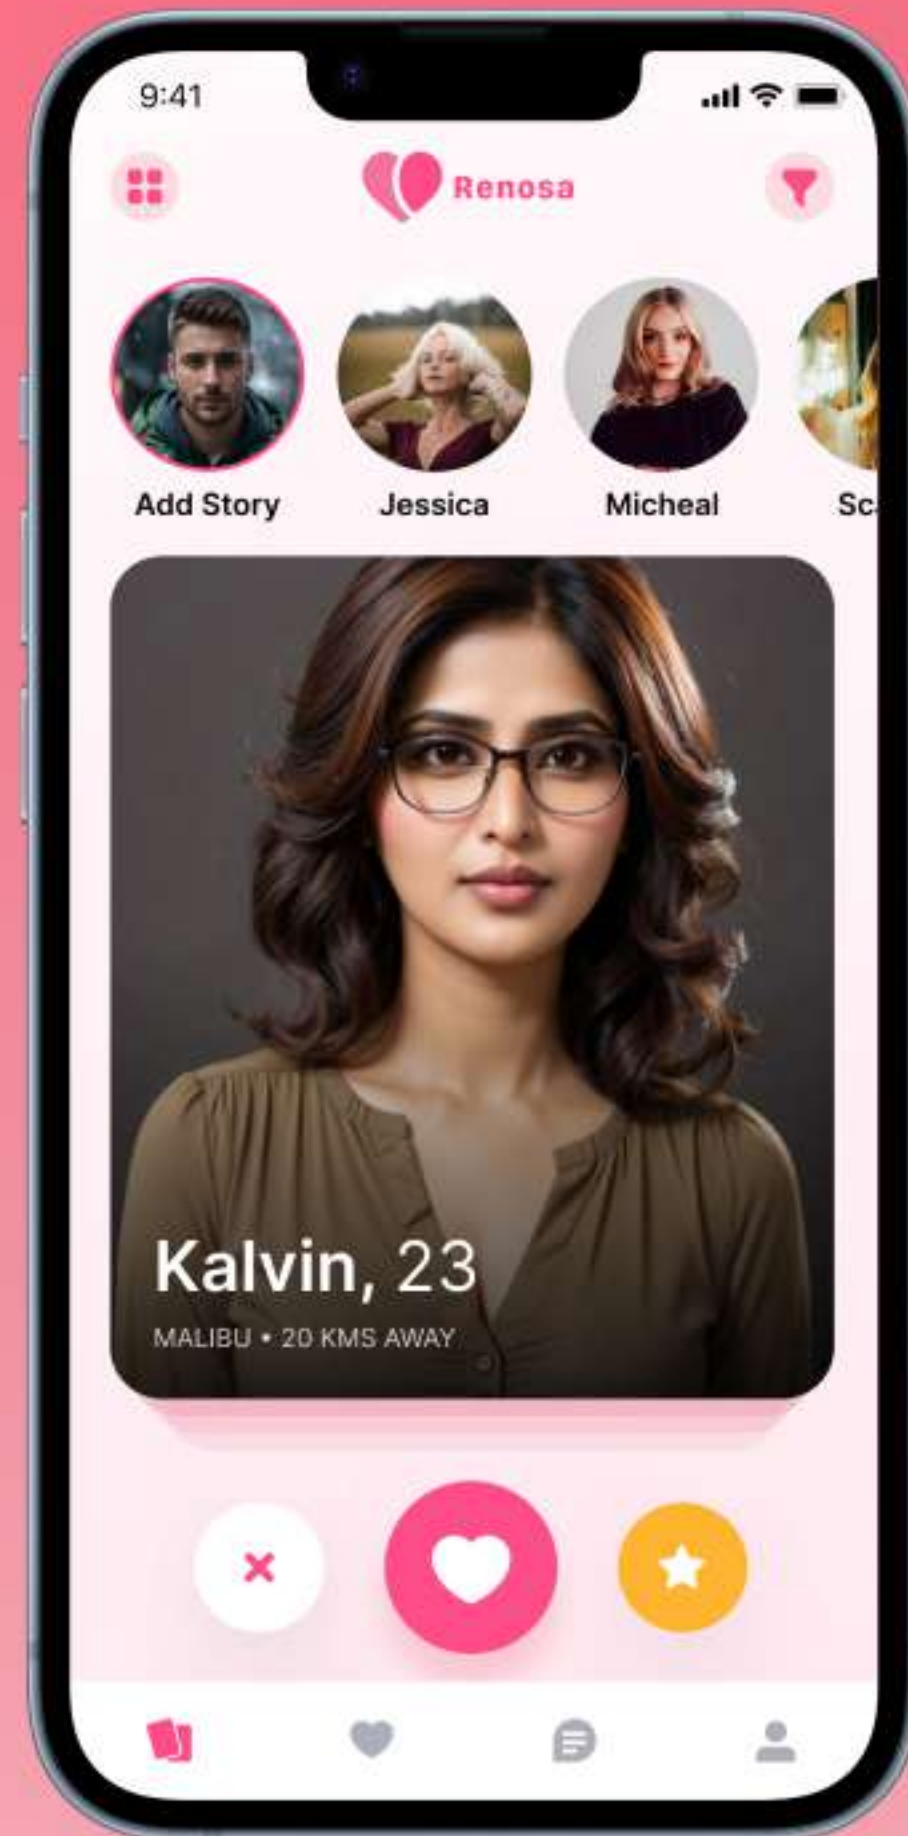

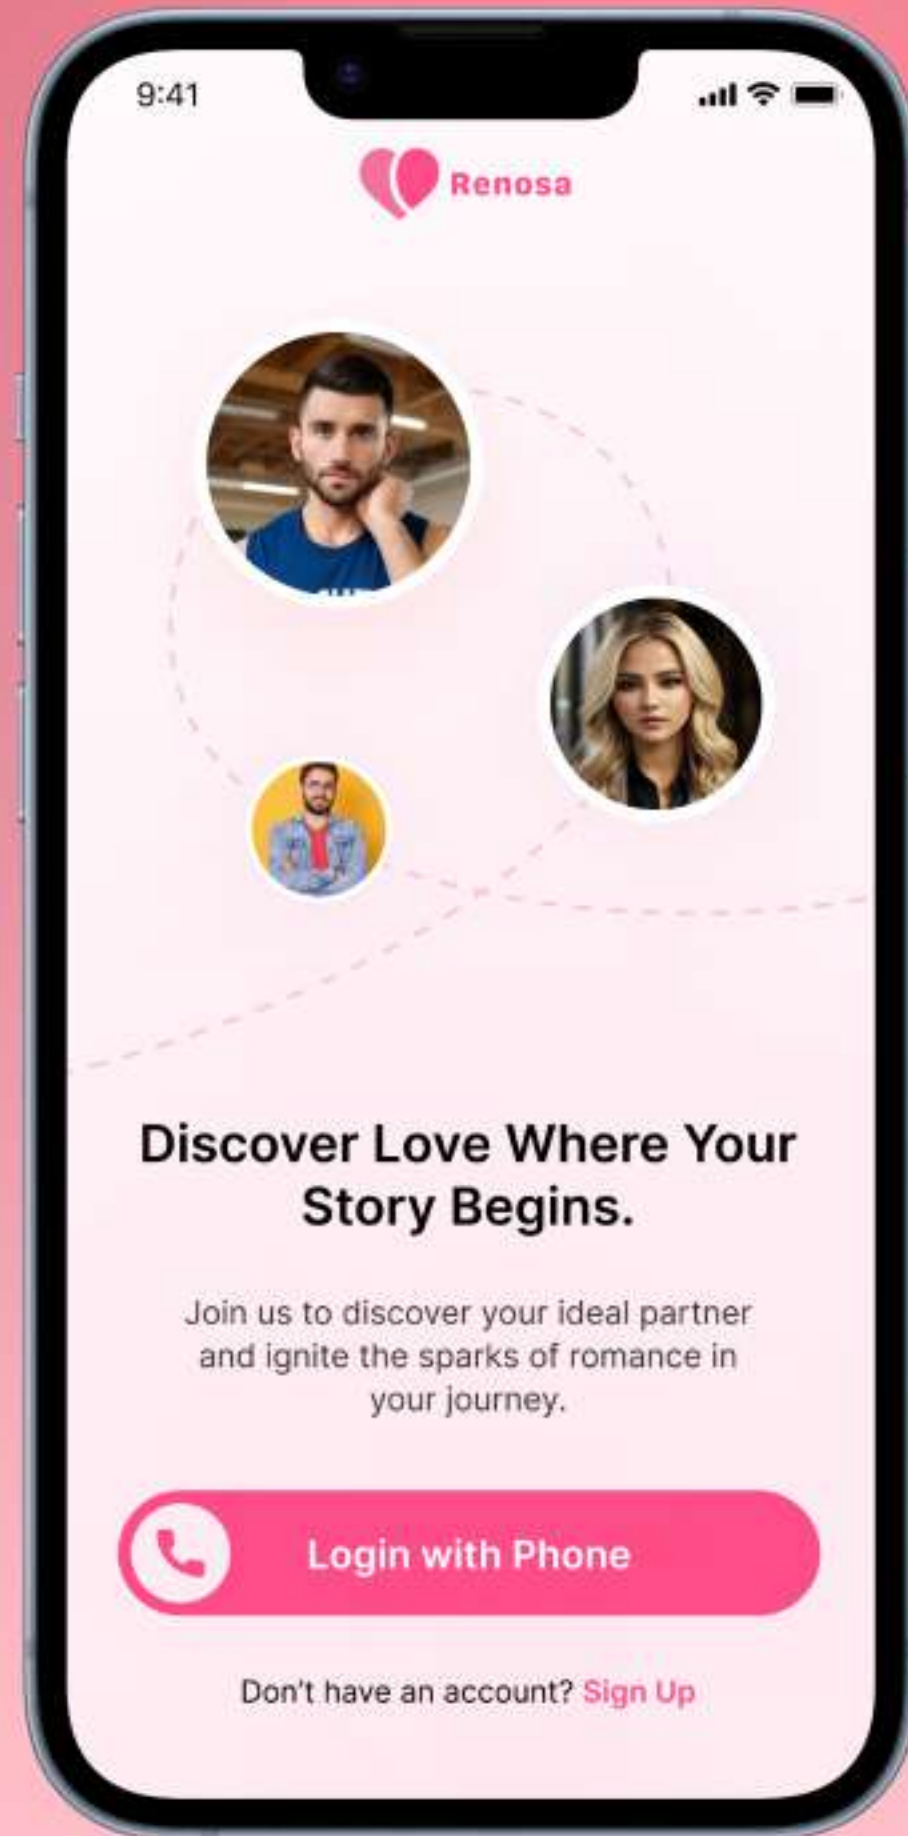

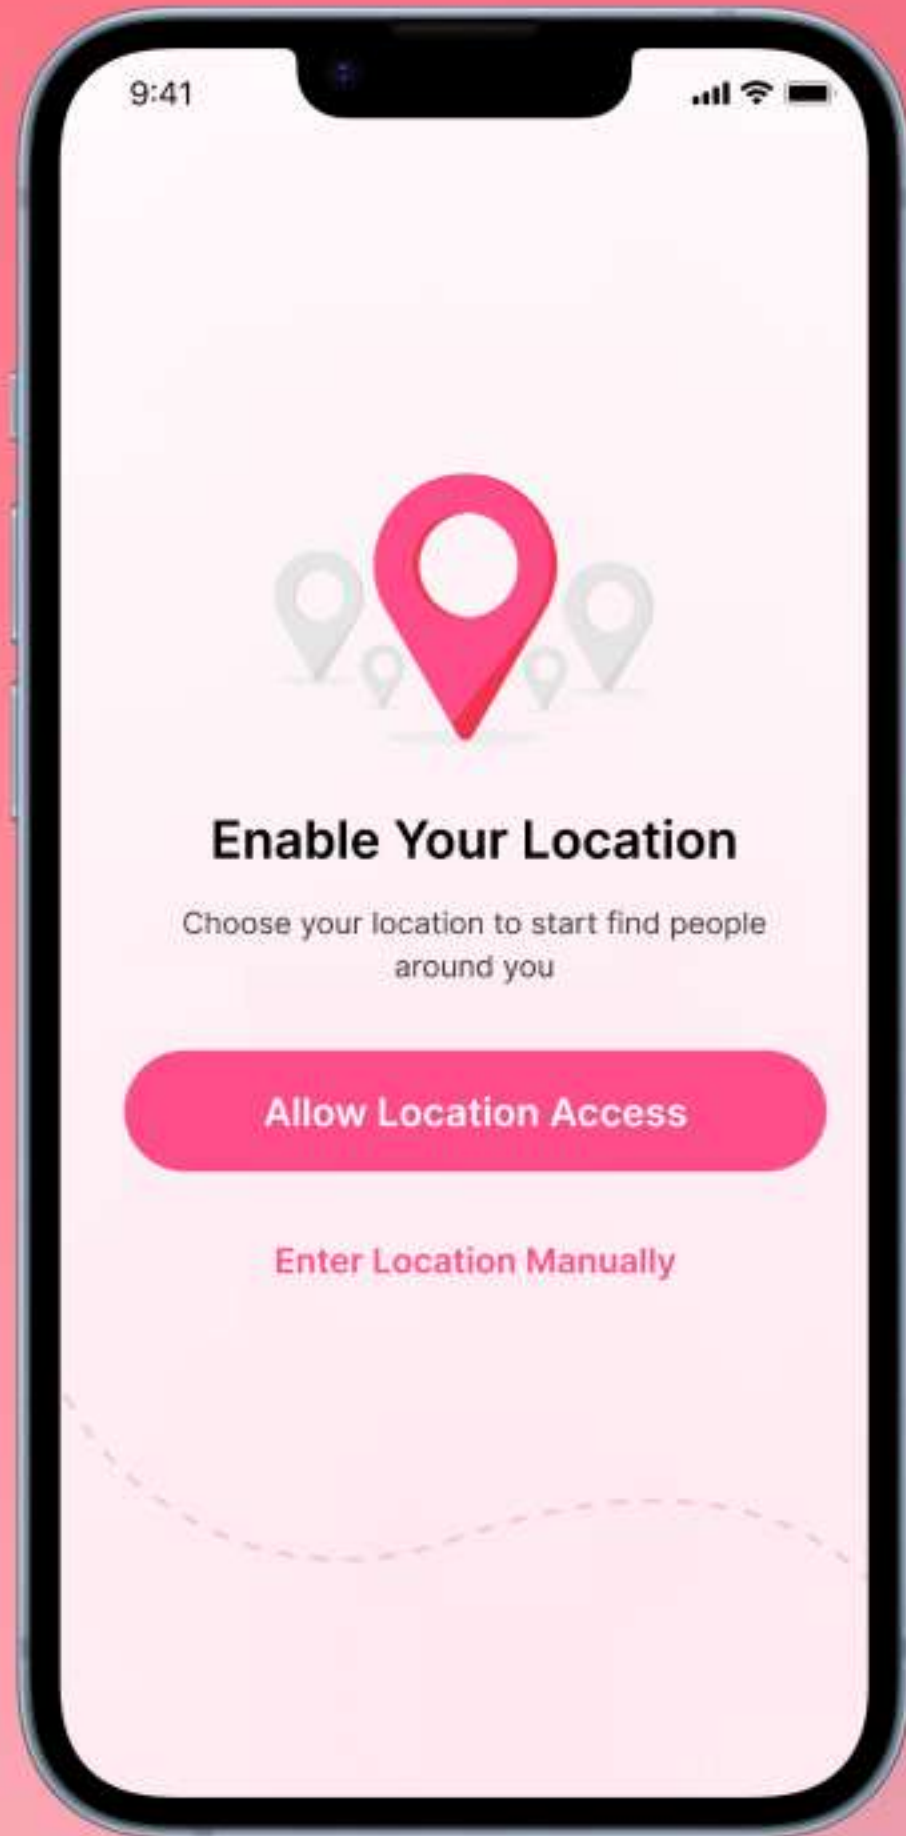

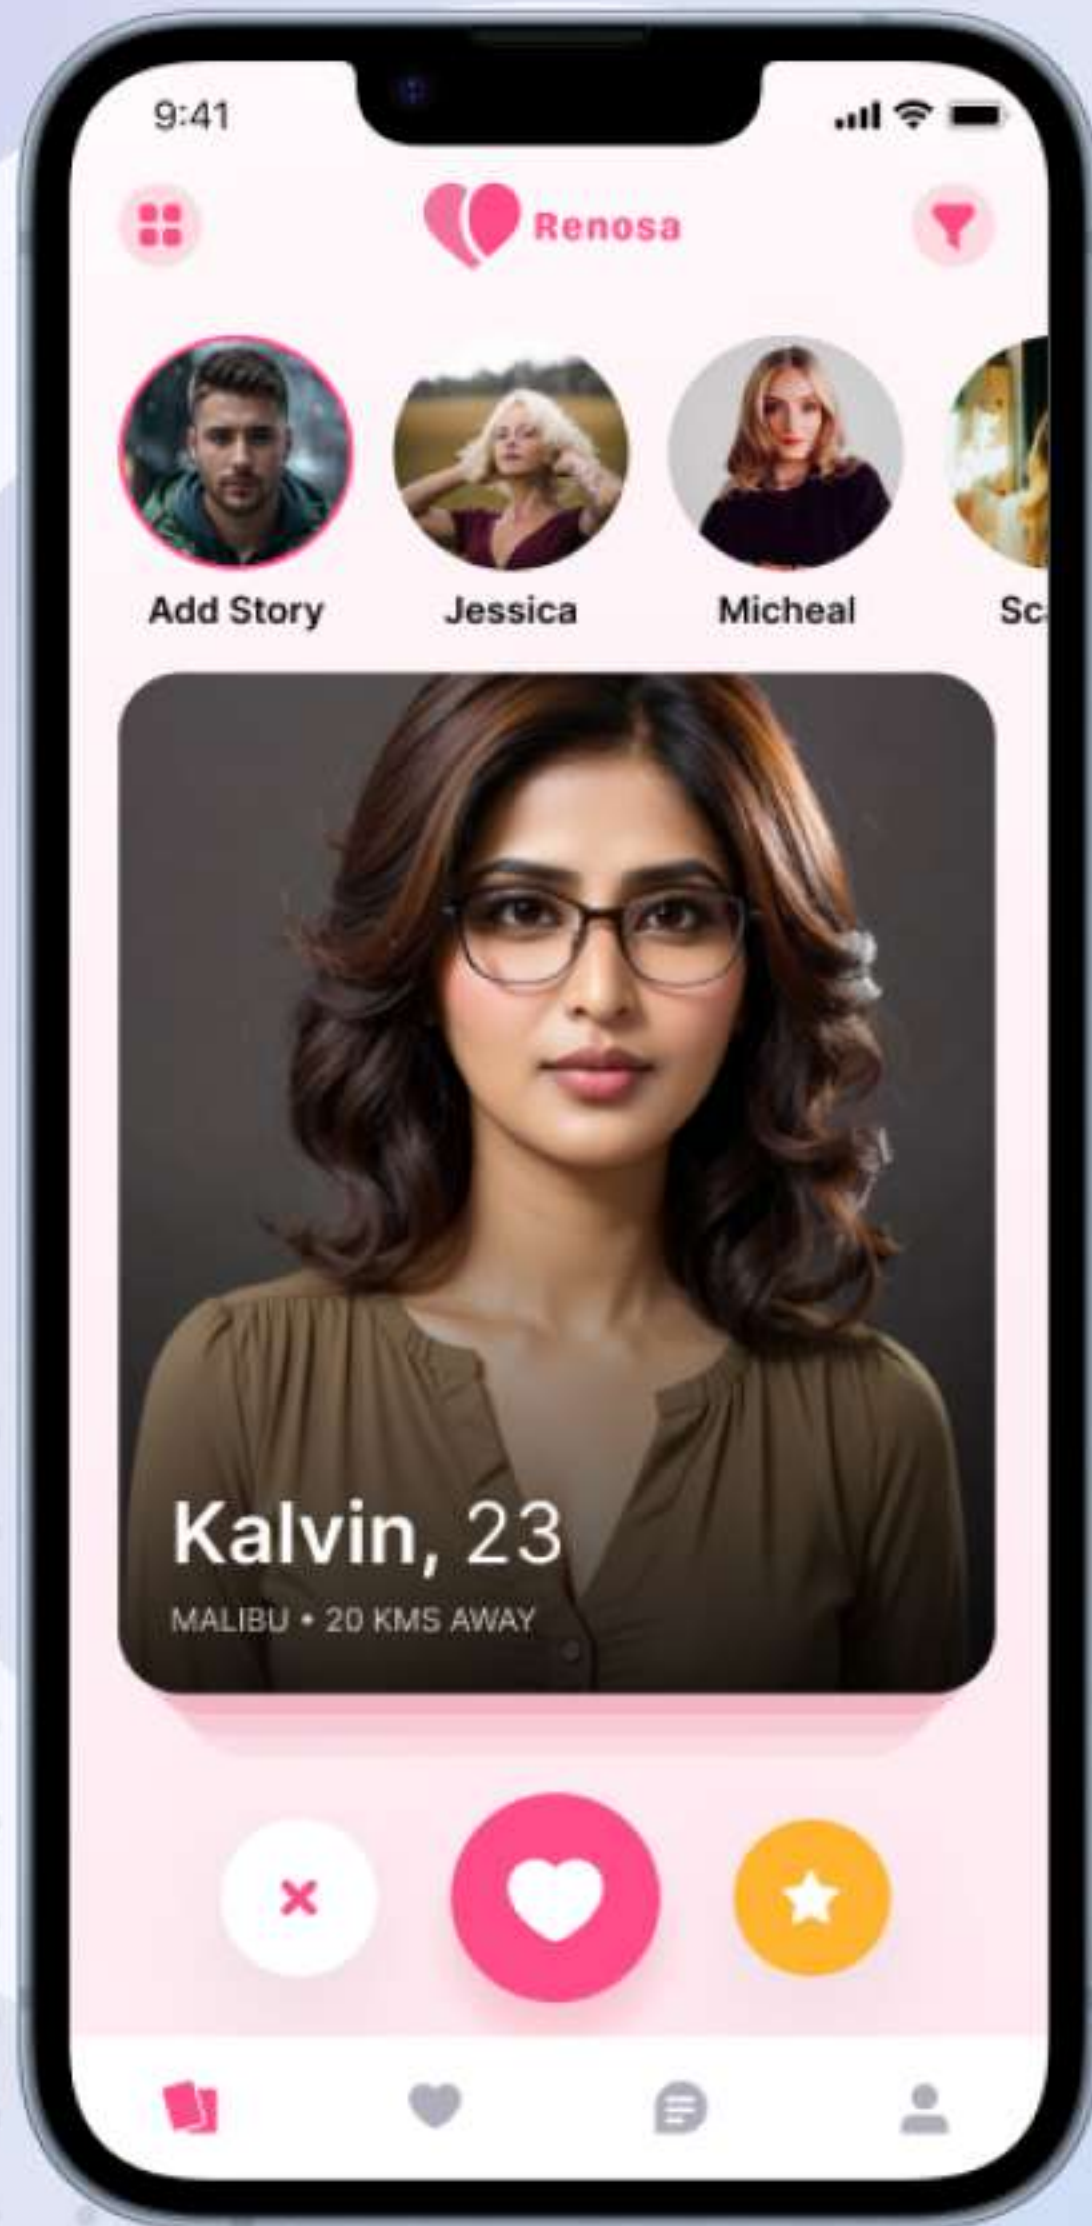

# Leveraging AI to Revolutionize the Matrimonial Space

An AI-powered matrimony app revolutionizing matchmaking through advanced algorithms. Users create profiles, and AI suggests compatible matches based on preferences. With features like personality analysis and real-time chat, finding the perfect partner is personalized and efficient.

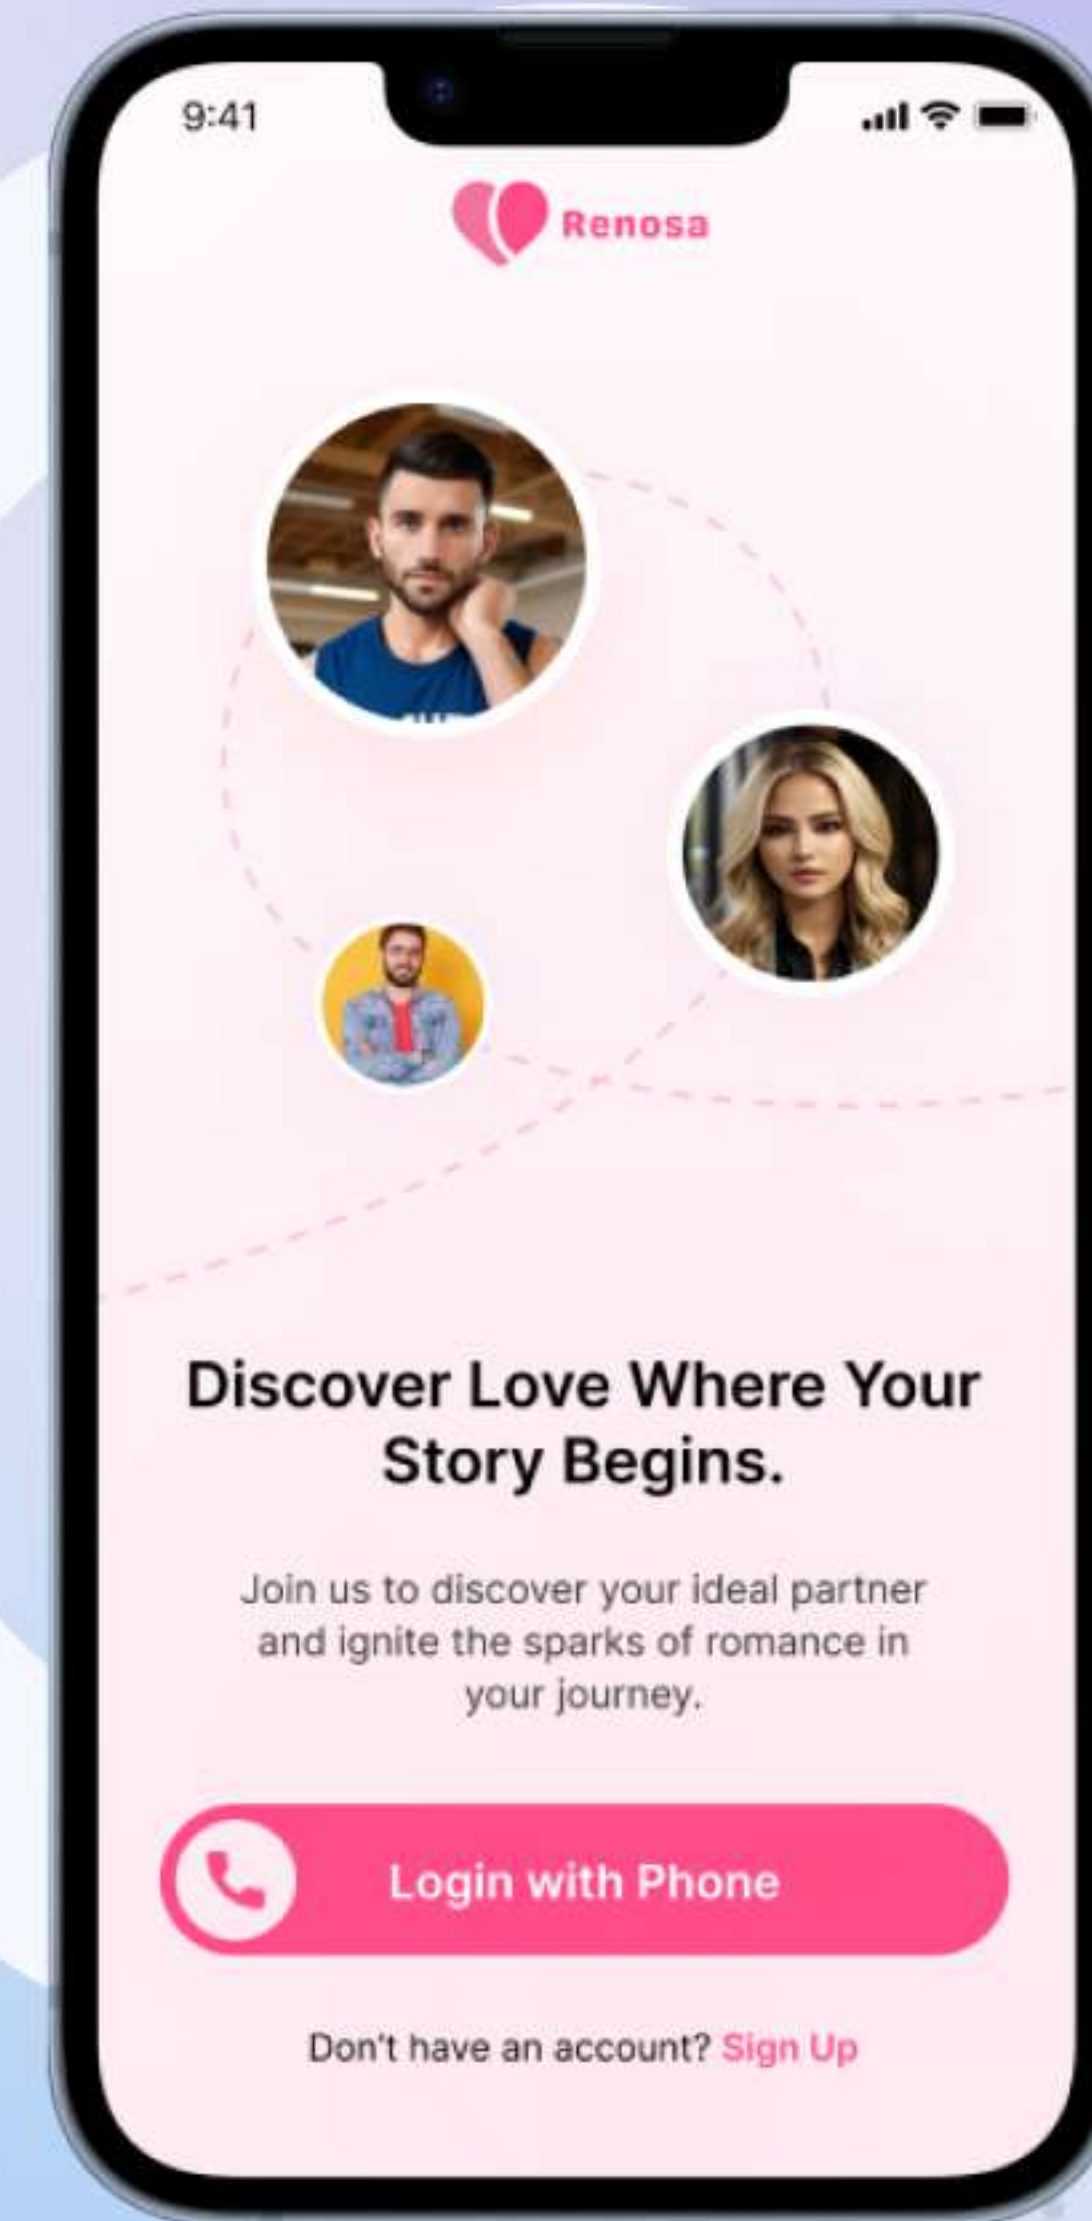

# Features

- ✓ Profile Creation and Matching
- ✓ Advanced Search and Filters
- ✓ Smart Conversations
- ✓ Sentiment Analysis and Compatibility Scoring
- ✓ Relationship Insights and Tips
- ✓ Family Profile Recommendations
- ✓ Match for Divorcees & Widows

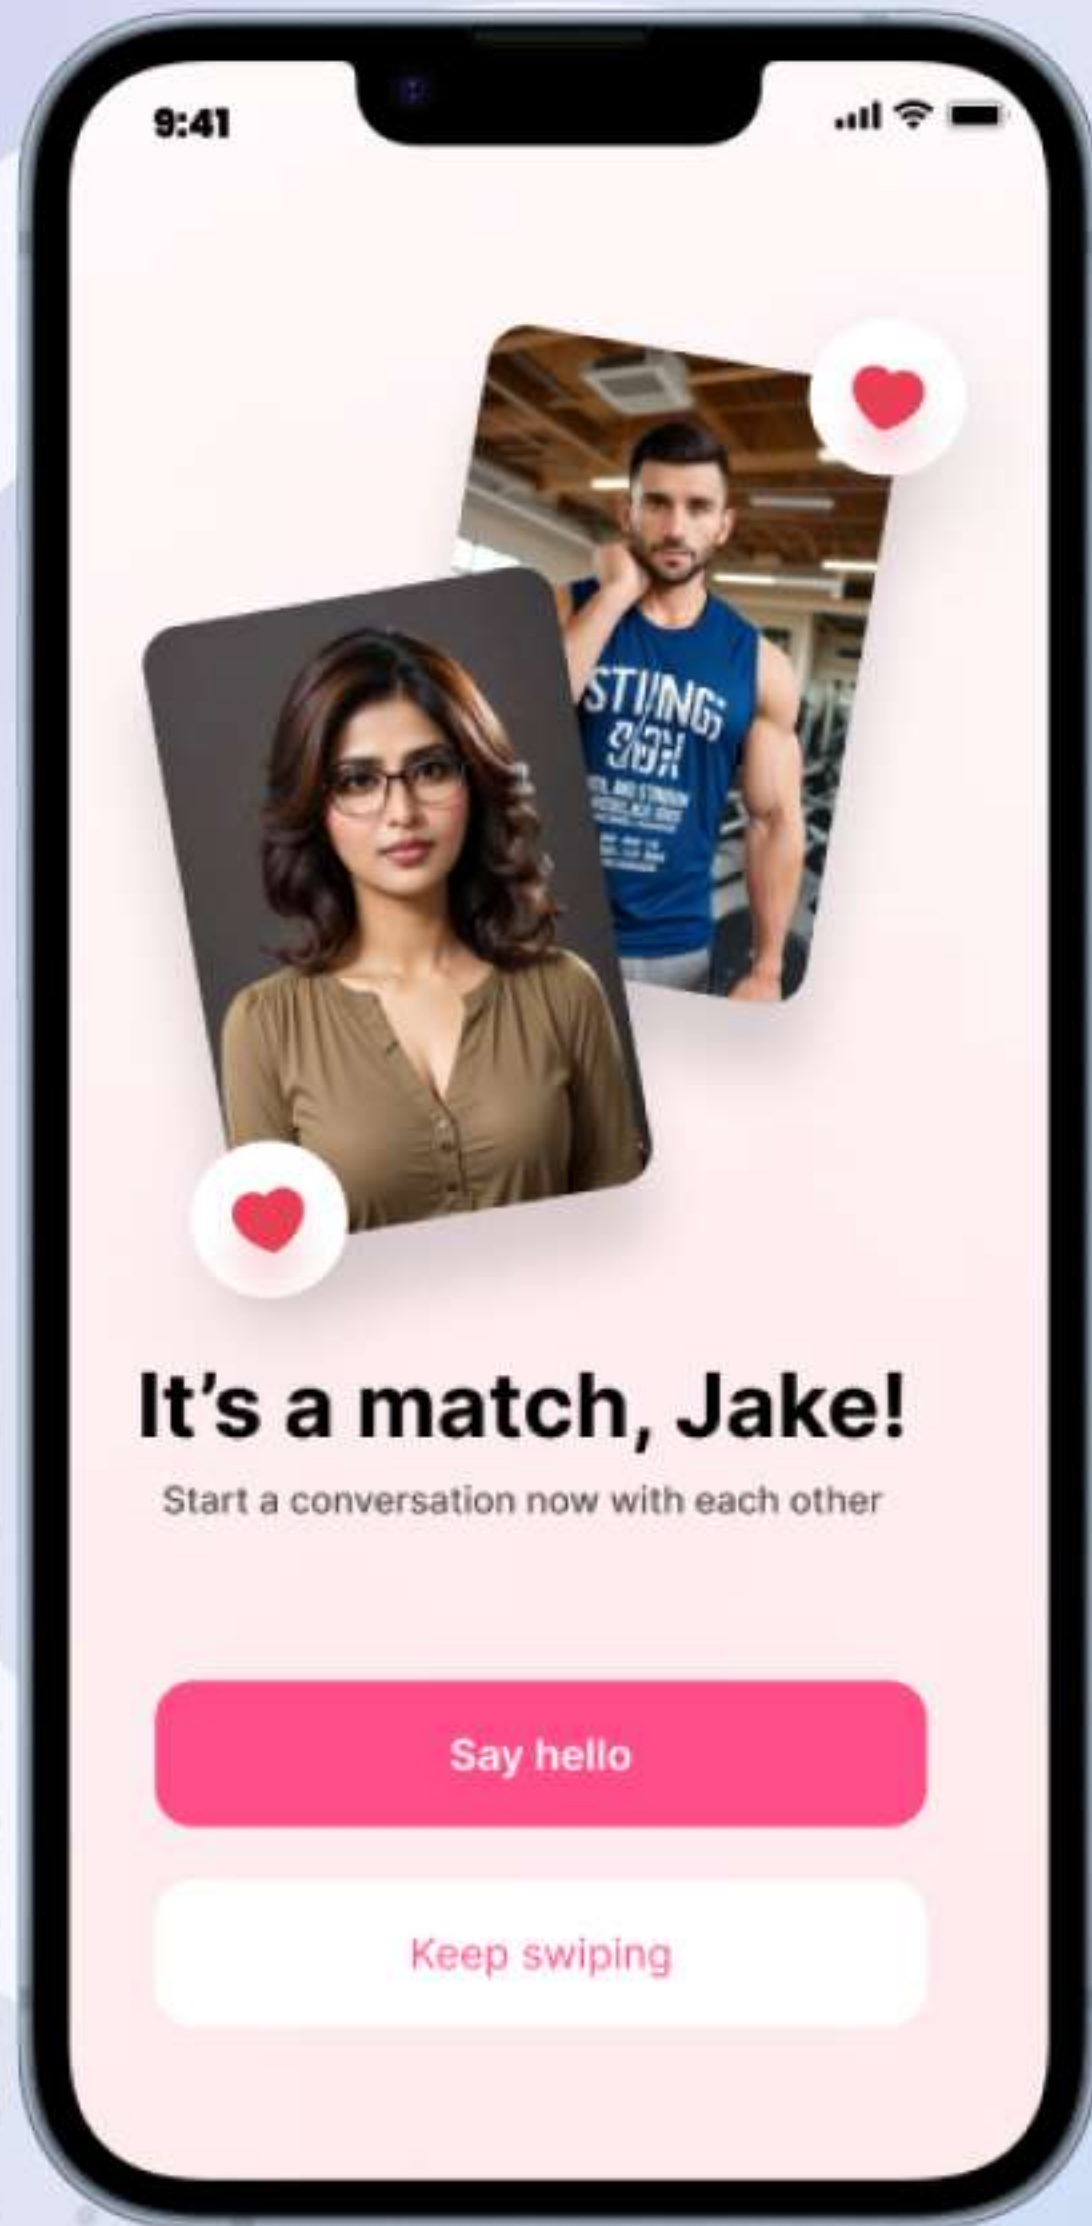

# Challenges

- ✓ Capturing the detail of human compatibility into algorithms
- ✓ Verifying profile authenticity at scale
- ✓ Suggesting high-quality matches from massive profile databases
- ✓ Automating and personalizing messaging between matches
- ✓ Providing relationship insights and coaching digitally
- ✓ Addressing problems like harassment and addiction

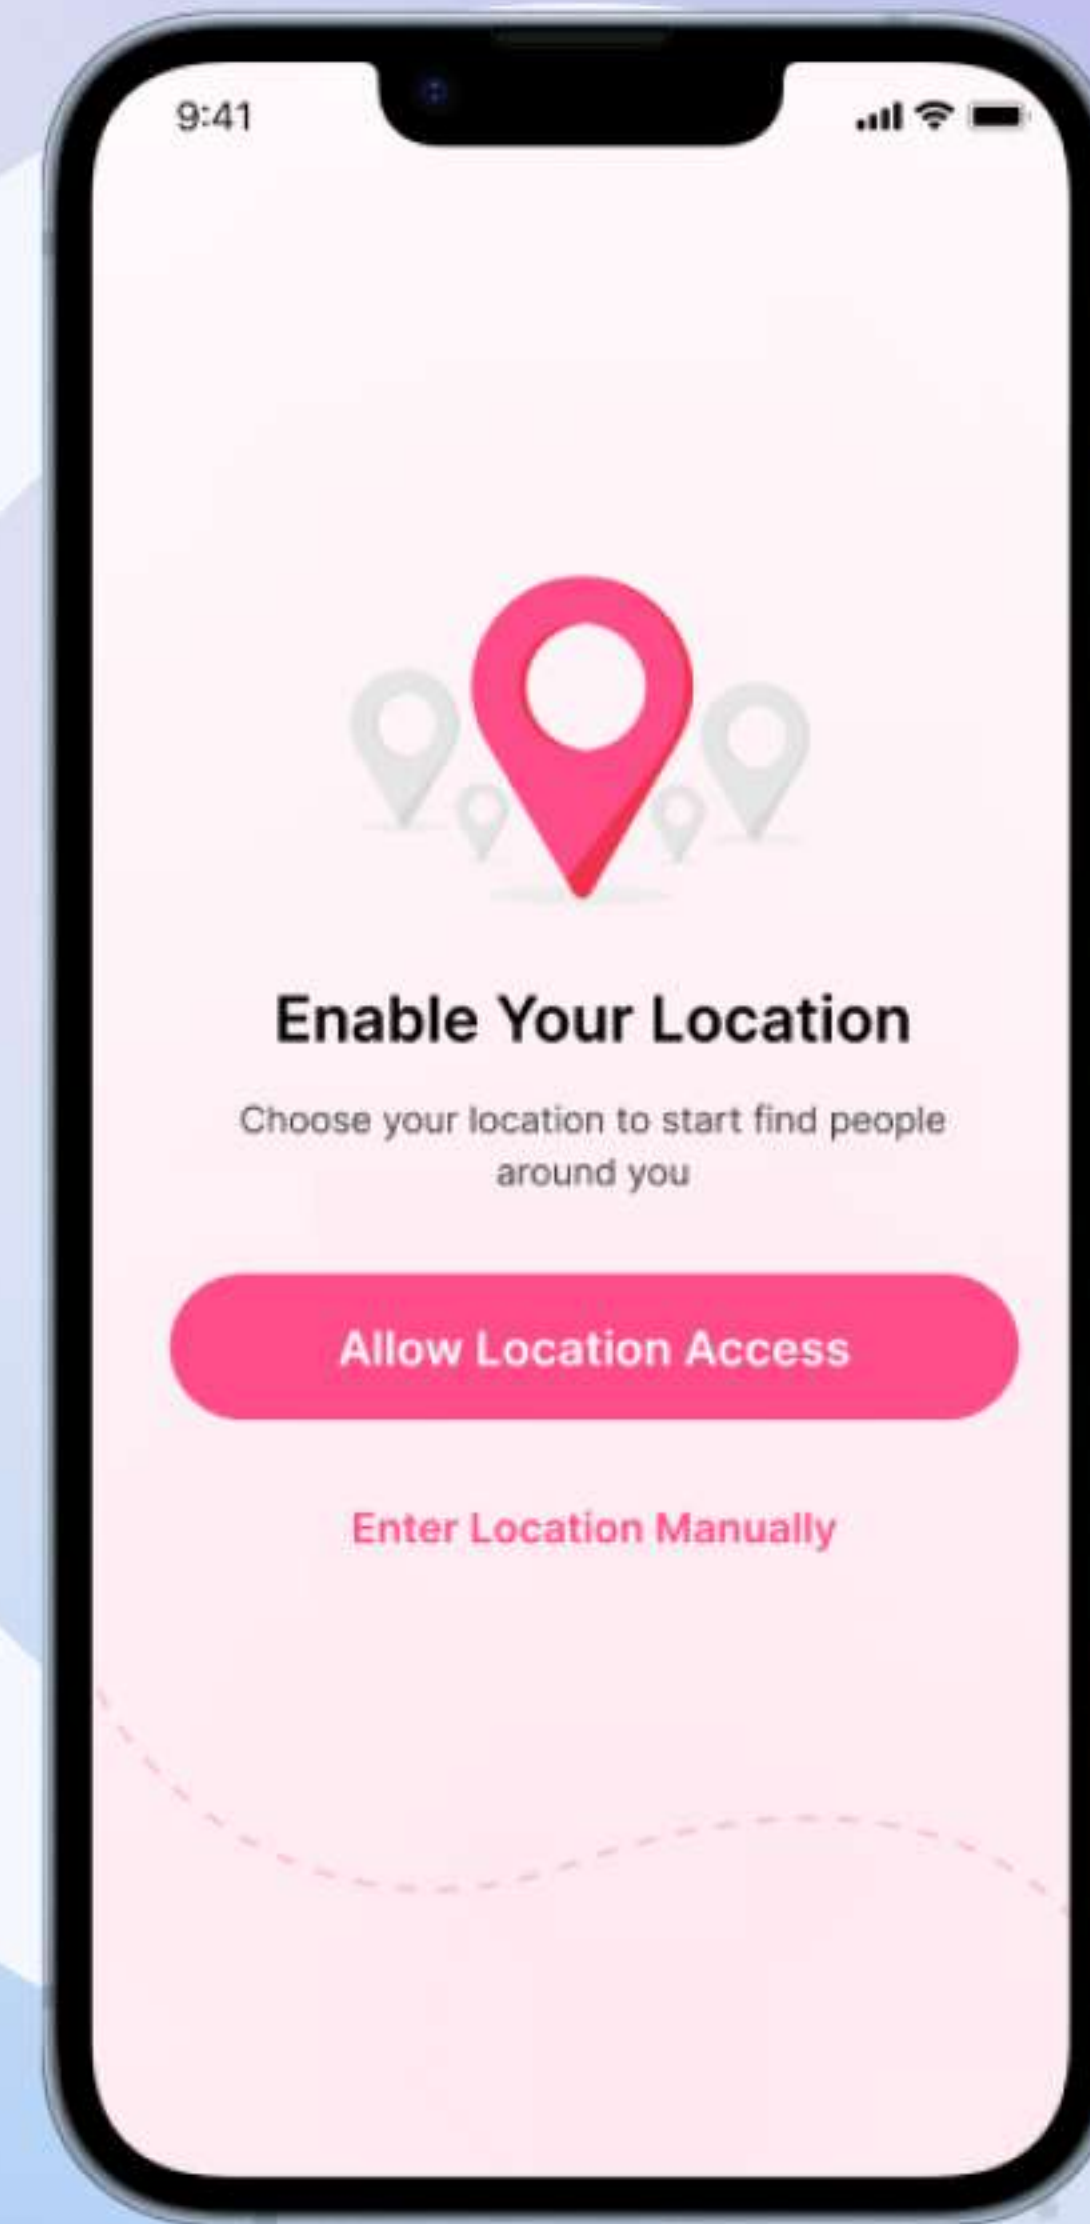

# Solutions

- ✓ Robust profile matching algorithms
- ✓ Advanced search filters and profile recommendations
- ✓ Smart conversational prompts and tips
- ✓ Sentiment analysis and compatibility scoring
- ✓ Relationship analysis and coaching
- ✓ Strict controls against fake profiles and harassment

# Impact

- ✓ 25% higher engagement rates
- ✓ 35% more successful matches
- ✓ 15% increased customer satisfaction
- ✓ 50% reduction in fake profiles

# AI Avatar Video Platform

- Media Company XYZ wanted to create a platform to generate customized AI avatars for video content.
- The goal was to increase engagement and efficiency through personalized, scalable avatars.
- The platform needed robust AI capabilities and easy-to-use creation tools.

Artificial Intelligence (AI) has rapidly become one of the most transformative and disruptive technologies of our time.

From autonomous vehicles to voice assistants

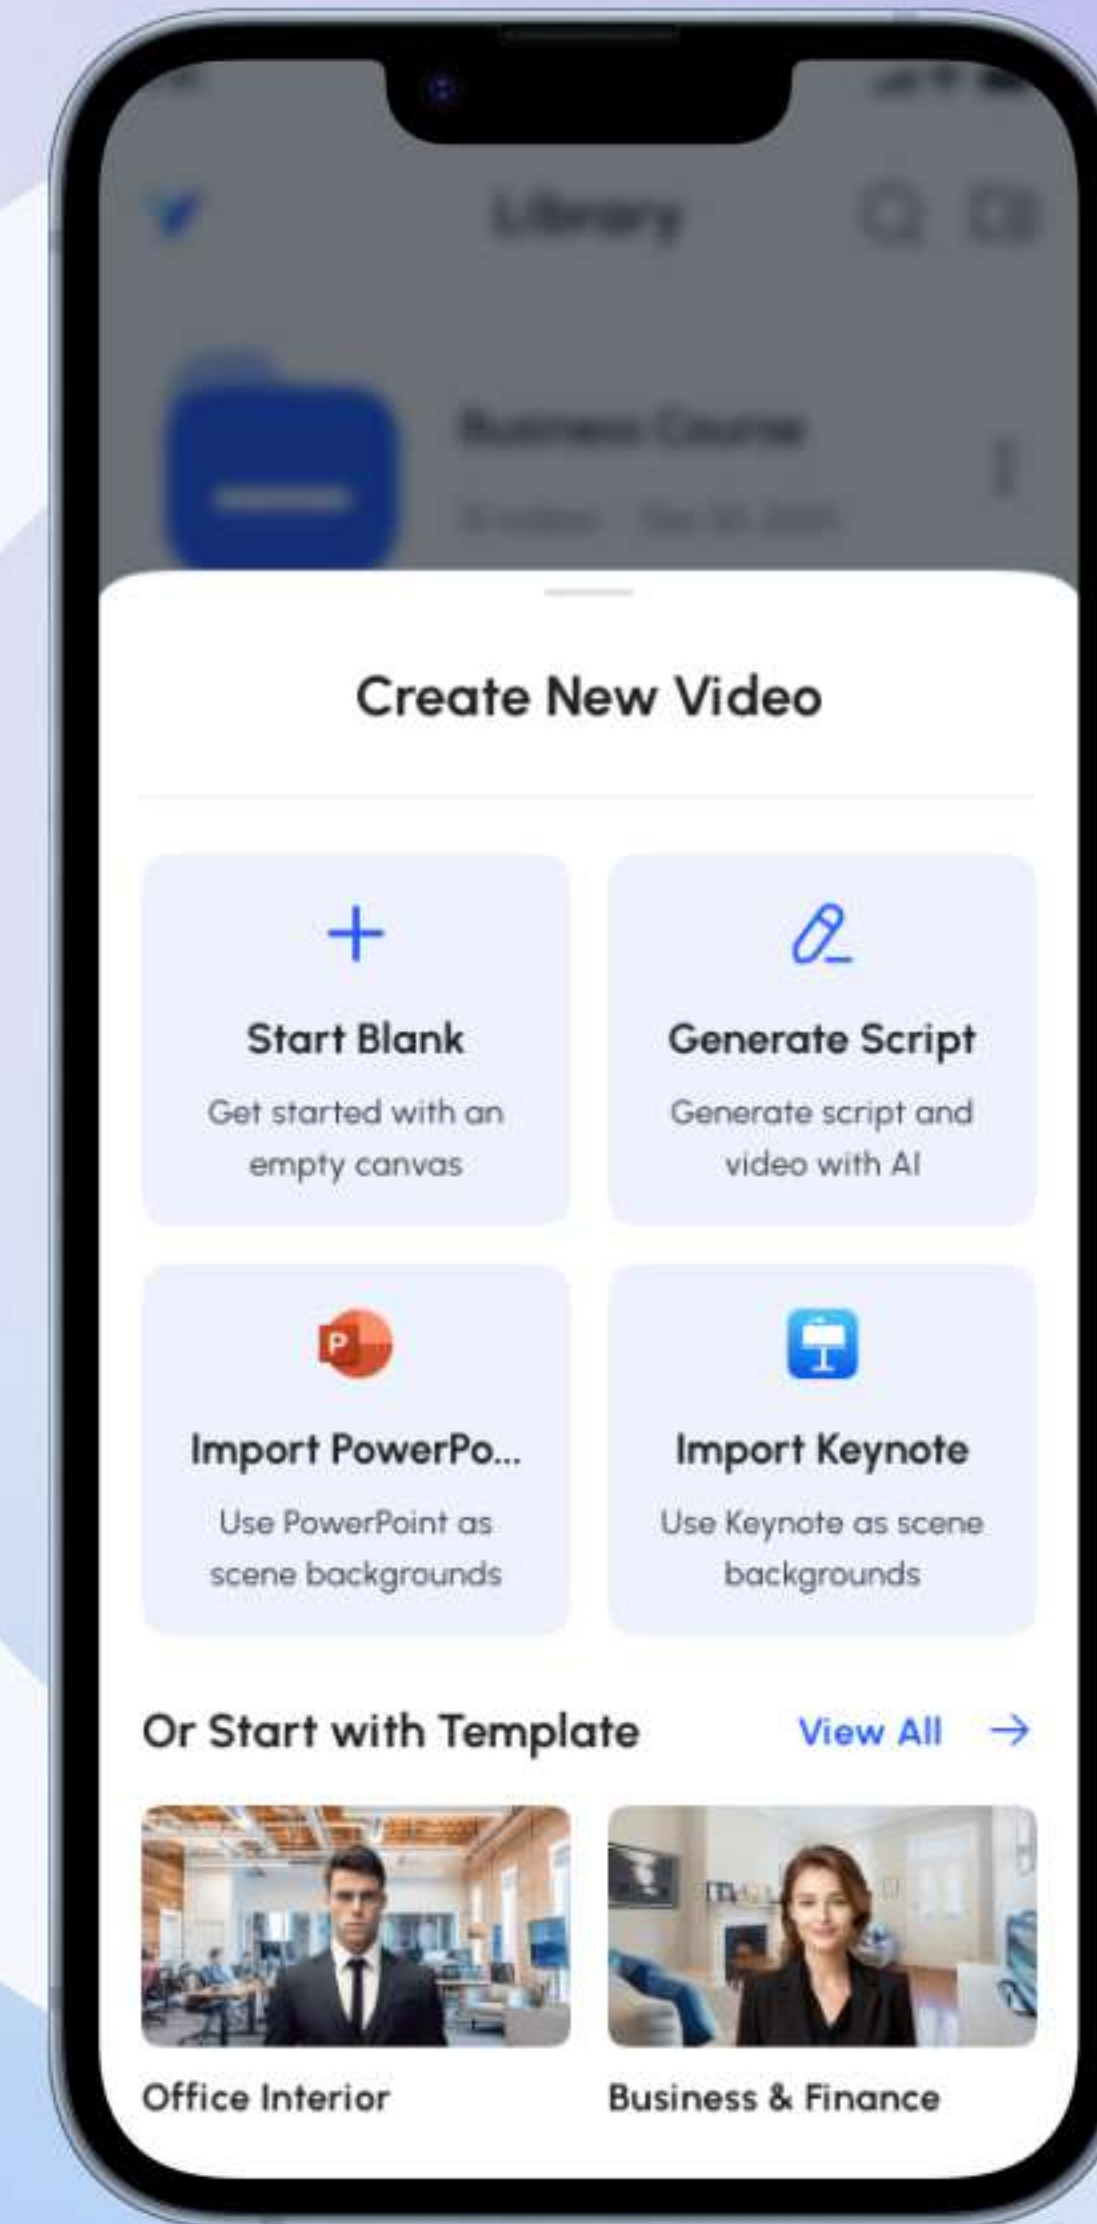

# Features

- ✓ Customizable AI avatars with facial and vocal modeling
- ✓ Scripting avatar dialog and choreography
- ✓ Animated backgrounds, props, animations
- ✓ Integrated video editing and compositing
- ✓ Distribution platform integration

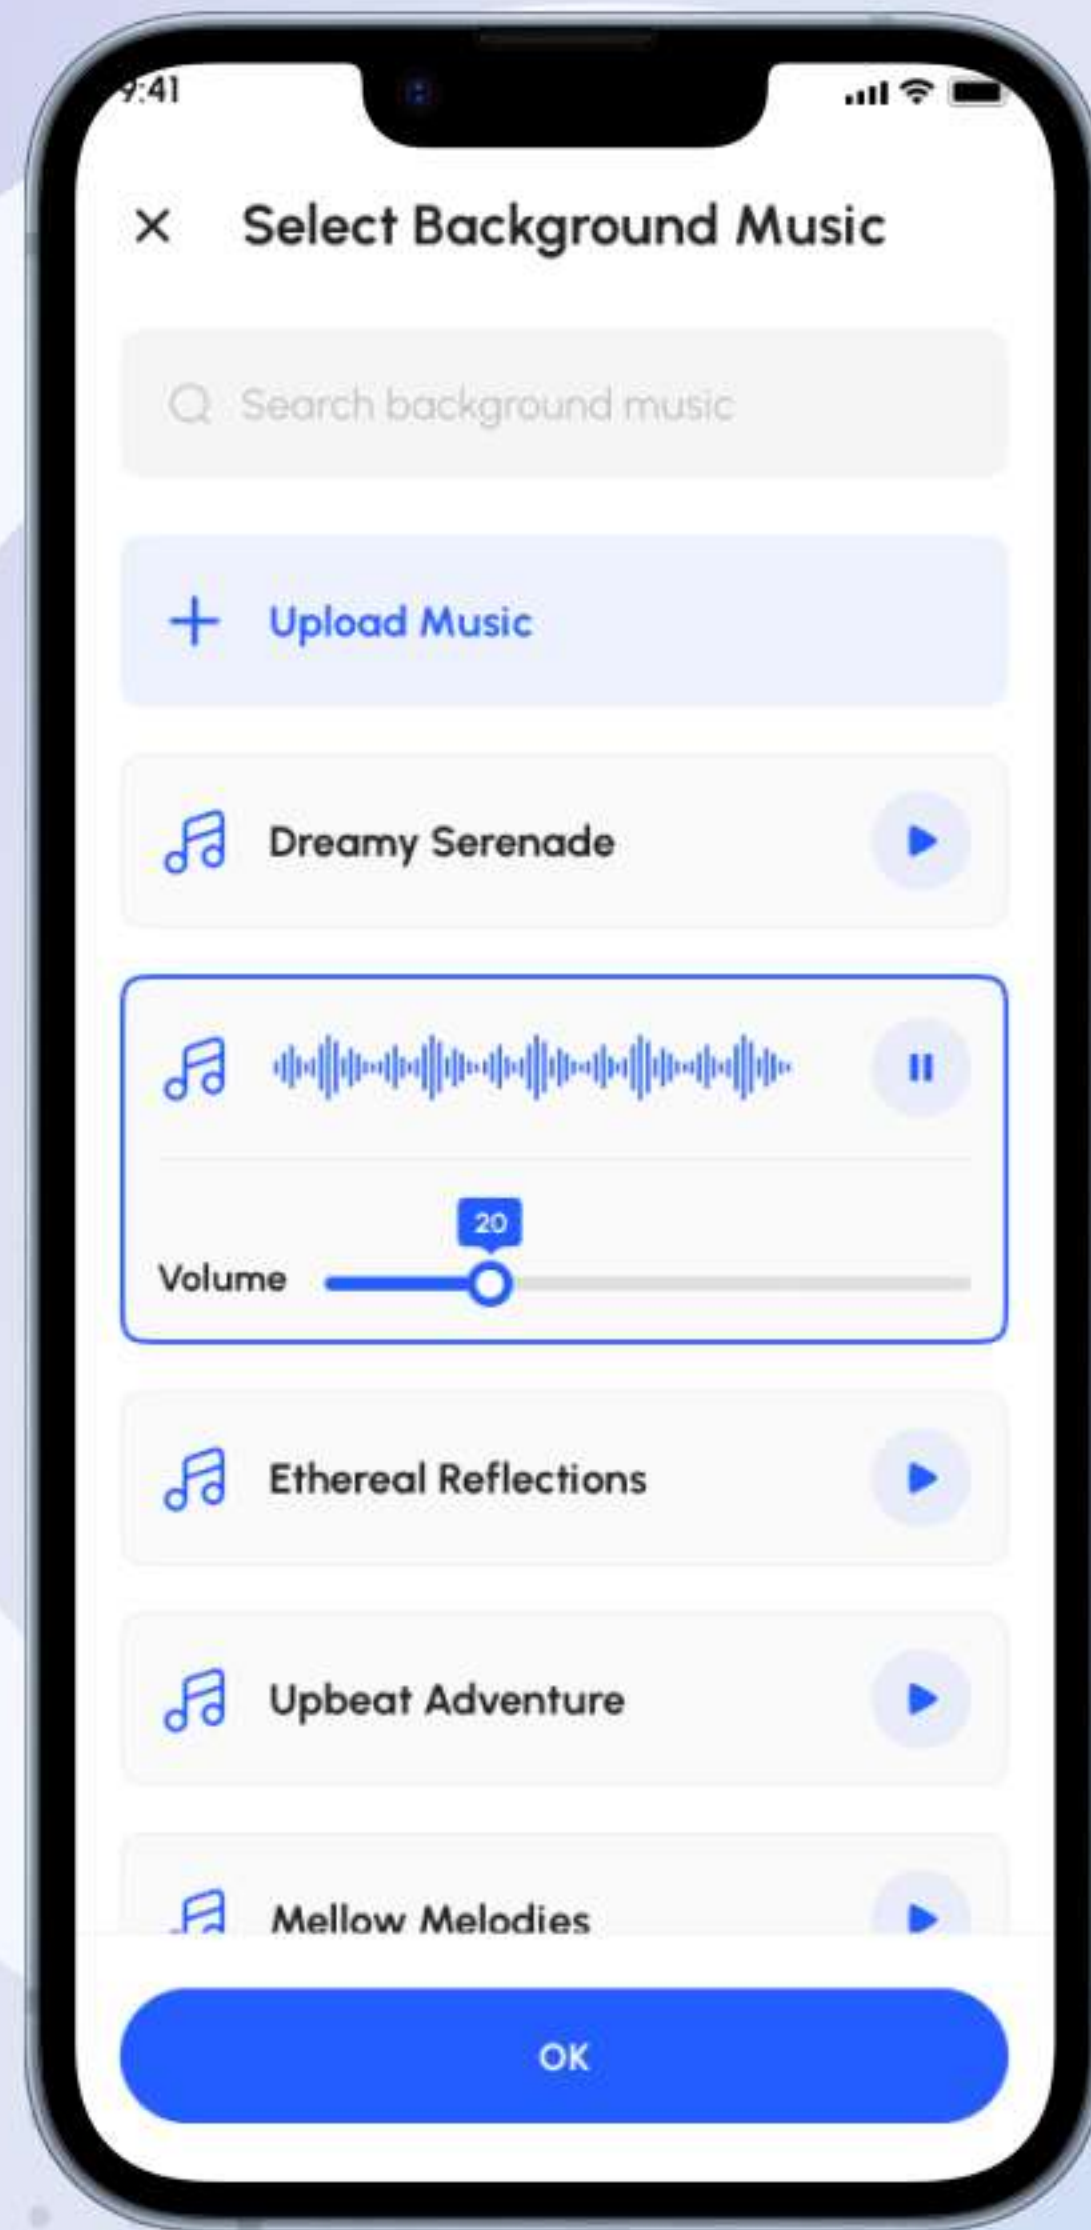

# Challenges

- ✓ Achieving photorealistic but not uncanny avatars
- ✓ Enabling easy avatar customization for non-experts
- ✓ Protecting privacy and preventing misuse
- ✓ Localizing avatars cost effectively
- ✓ Accessibility for viewers with disabilities

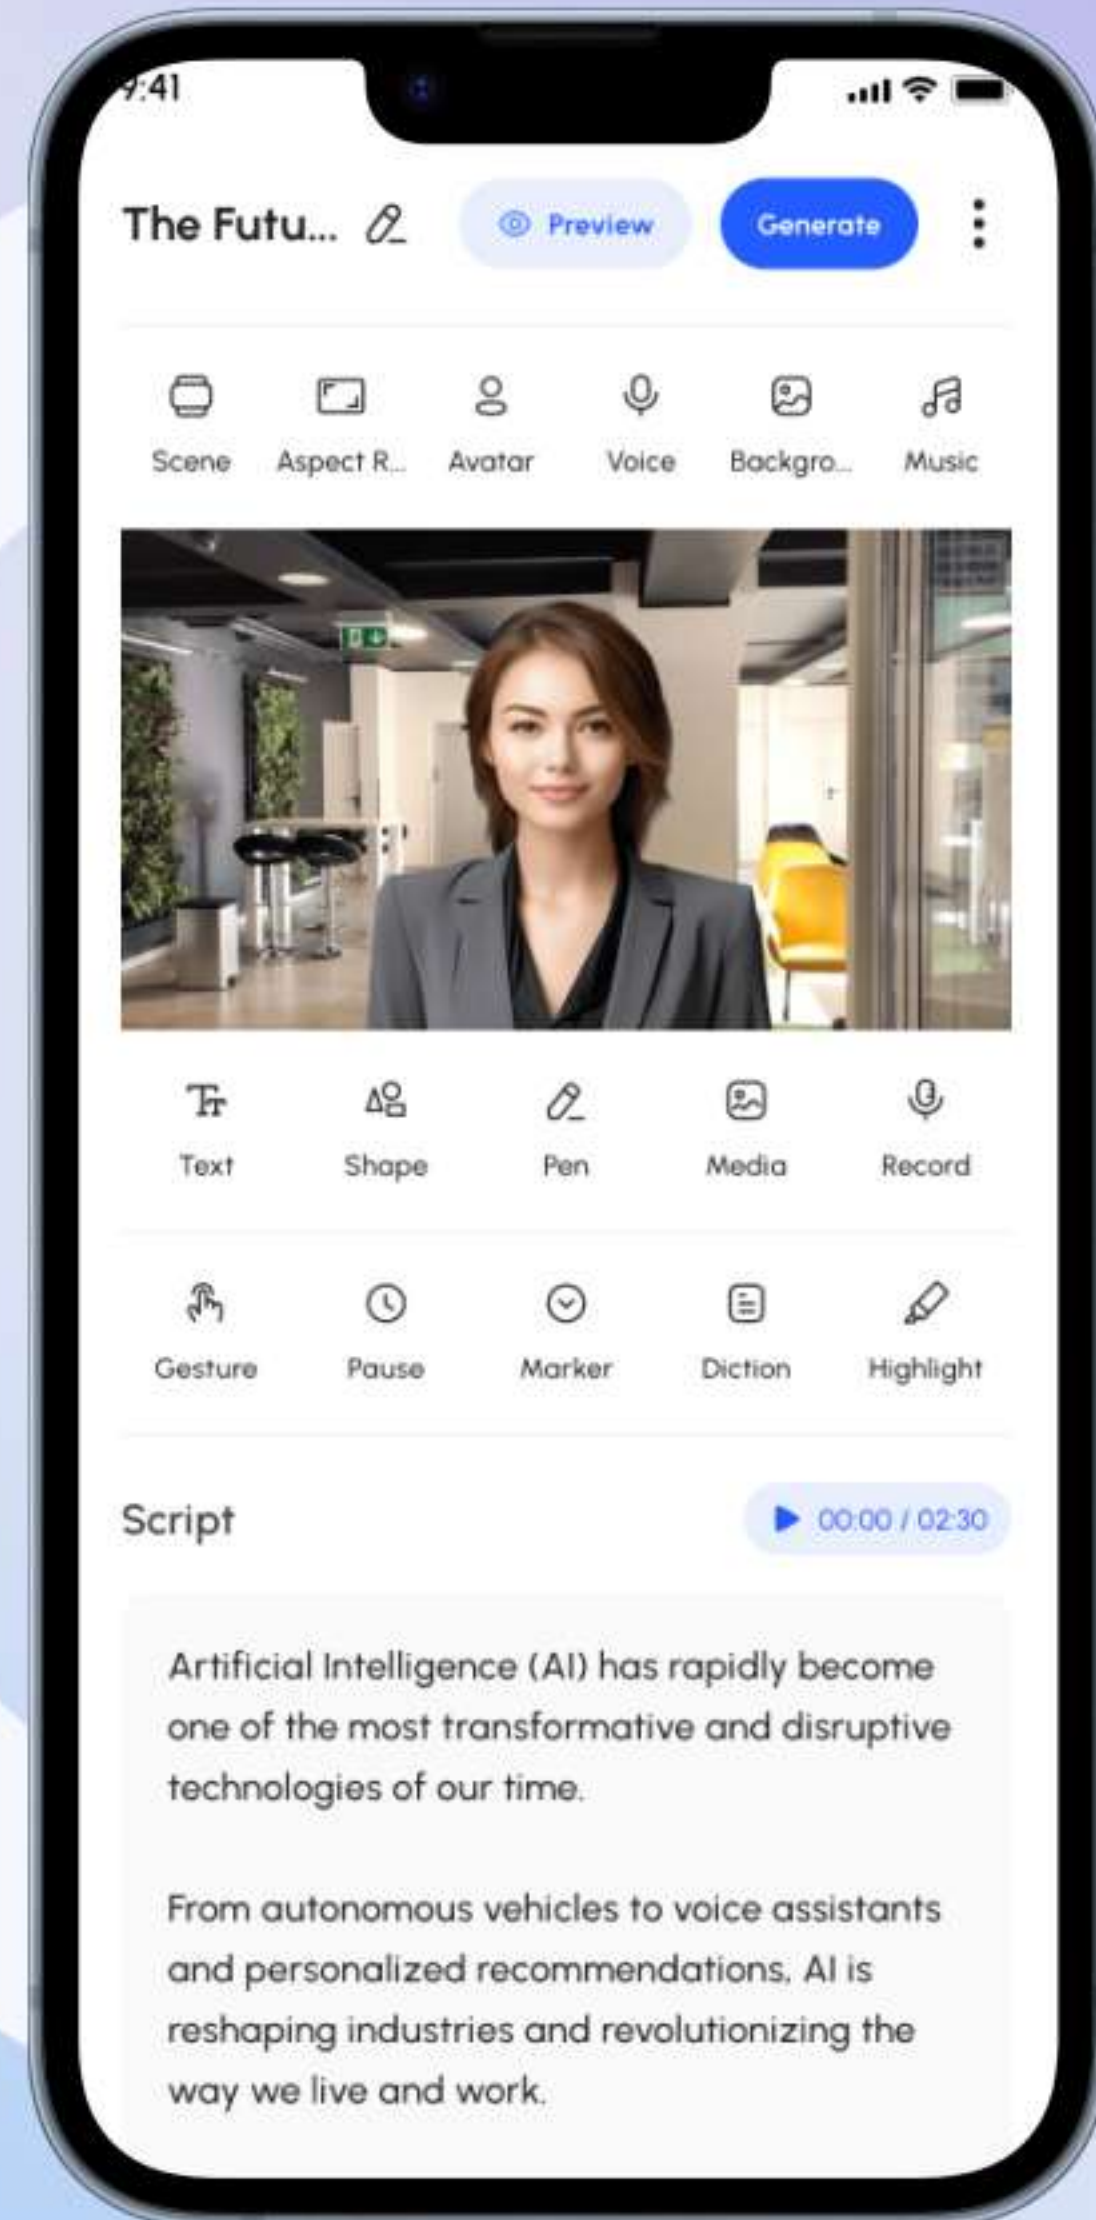

# Solutions

- ✓ Focused on stylized avatars vs 100% realism
- ✓ Created extensive library of customization options
- ✓ Implemented consent flows and misuse protections
- ✓ Built multi-language text-to-speech synthesis
- ✓ Added captions, audio descriptions and screen reader capability

# Impact

- ✓ Video production time decreased by 35%
- ✓ Viewer engagement increased 120%
- ✓ Localization costs reduced by 40%
- ✓ Sales conversions increased 5% for avatar videos

# AI-Based Coding Platform

- Demand for software engineers expected to grow 22% by 2030
- AI promises to amplify developer productivity. Current coding tools are insufficient - need smarter assistance. Rapid machine learning advancements enable new opportunities

# The world's leading AI-powered develop platform

Lorem ipsum dolor sit amet, consectetur adipiscing elit sed do eiusmod.

GET 35% OFF!

TRUSTED BY WORLD-RENOWNED COMPANIES

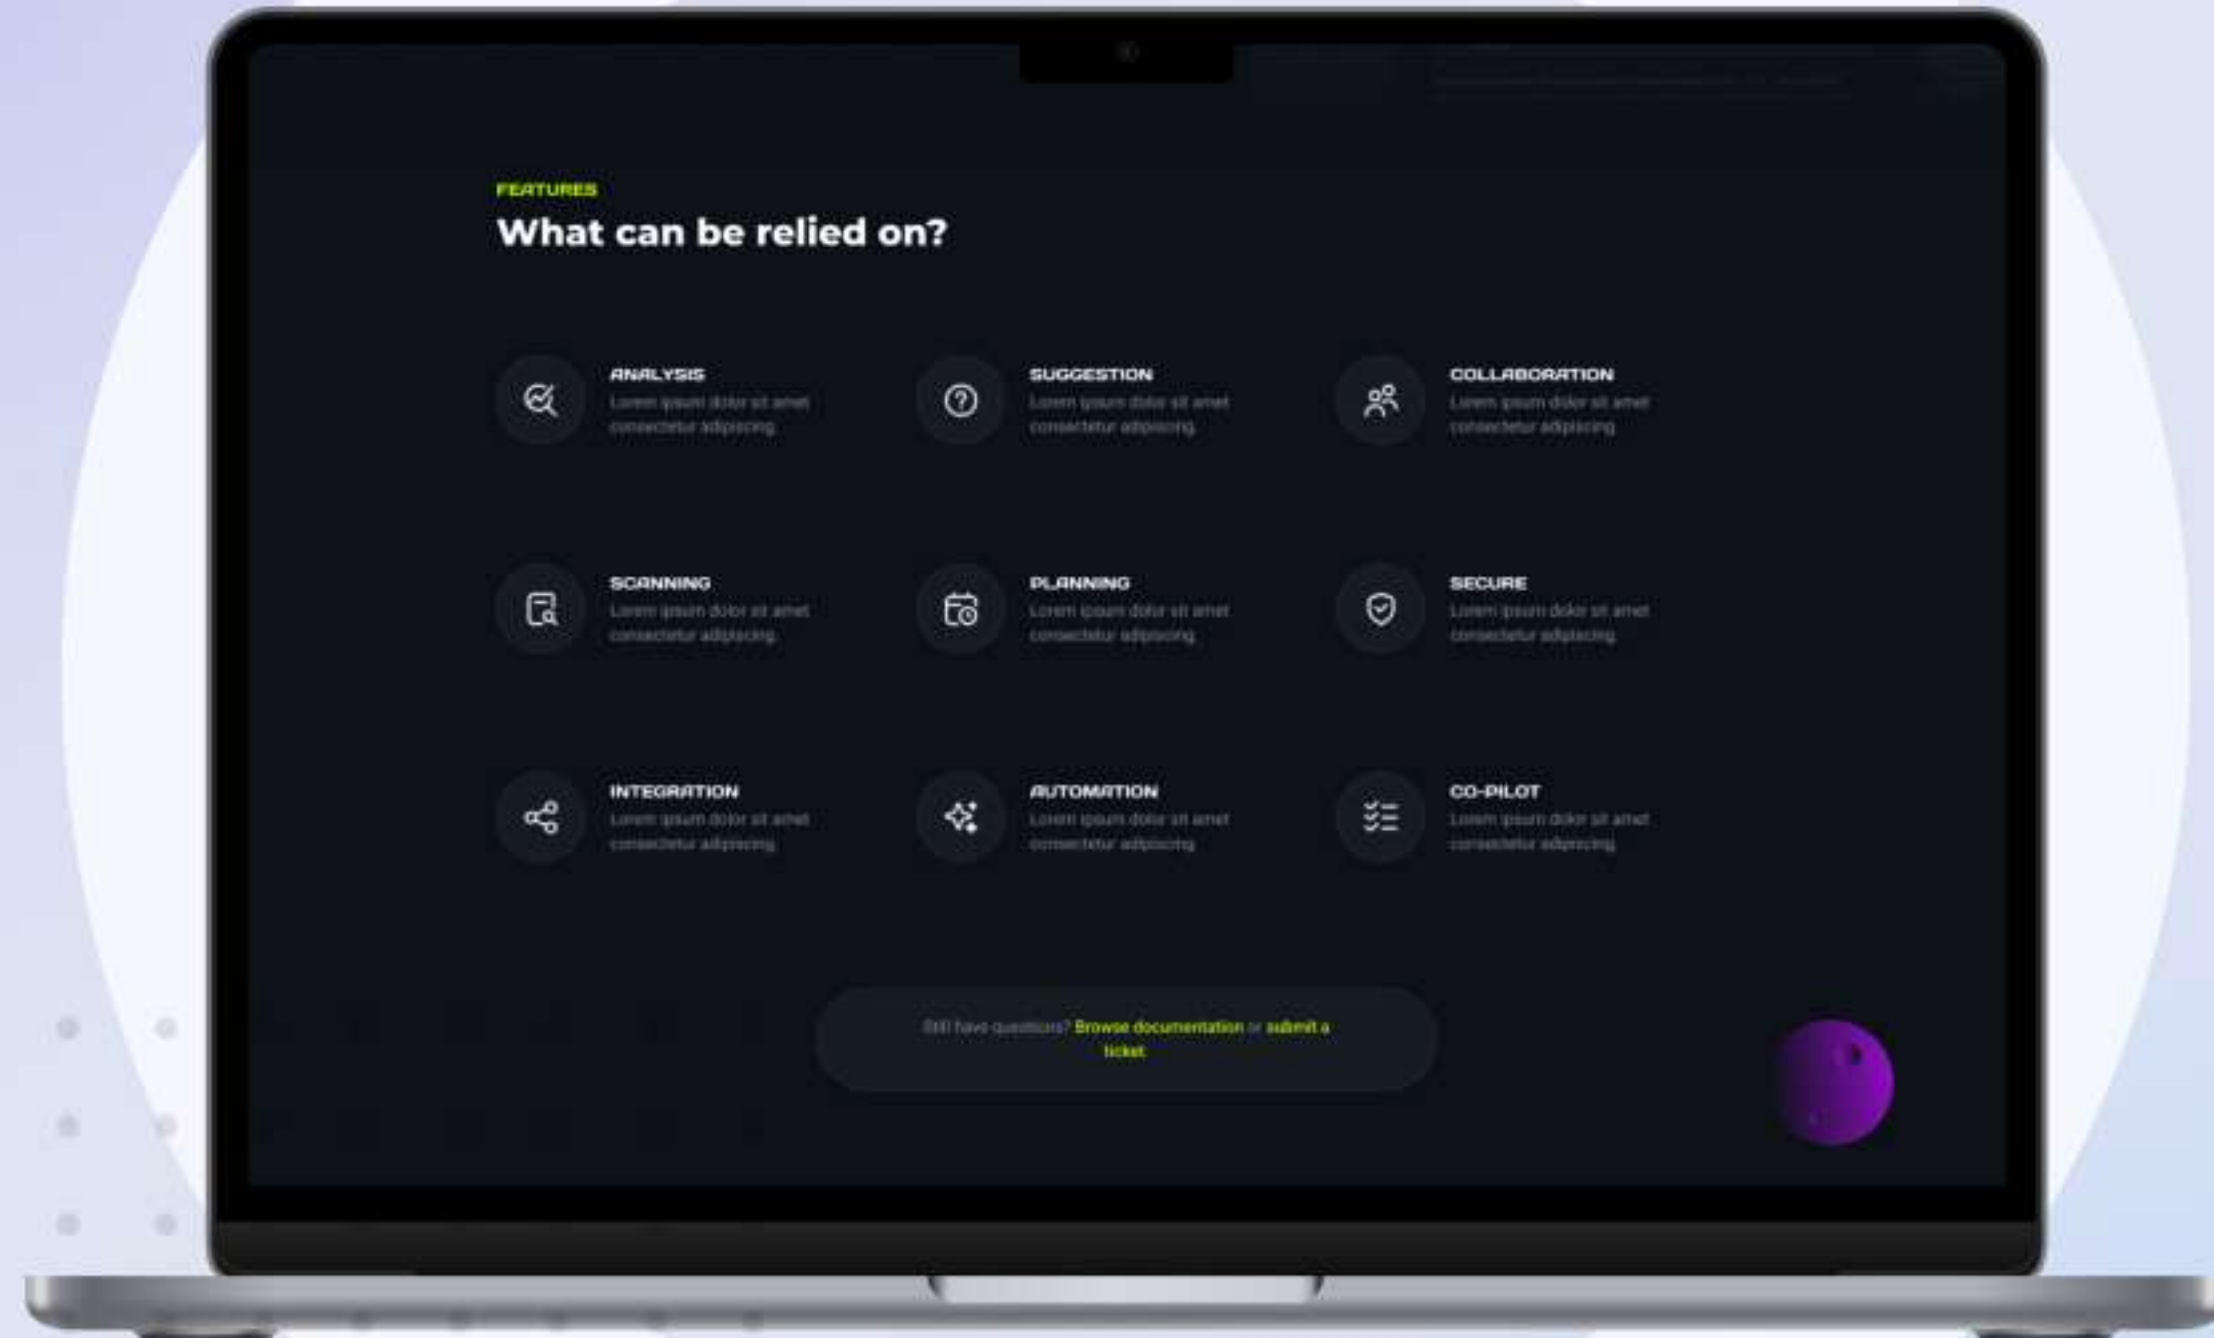

CODE PLATFORM

Extraordinary AI intelligence that can analyze errors and provide suggestion codes

# Features

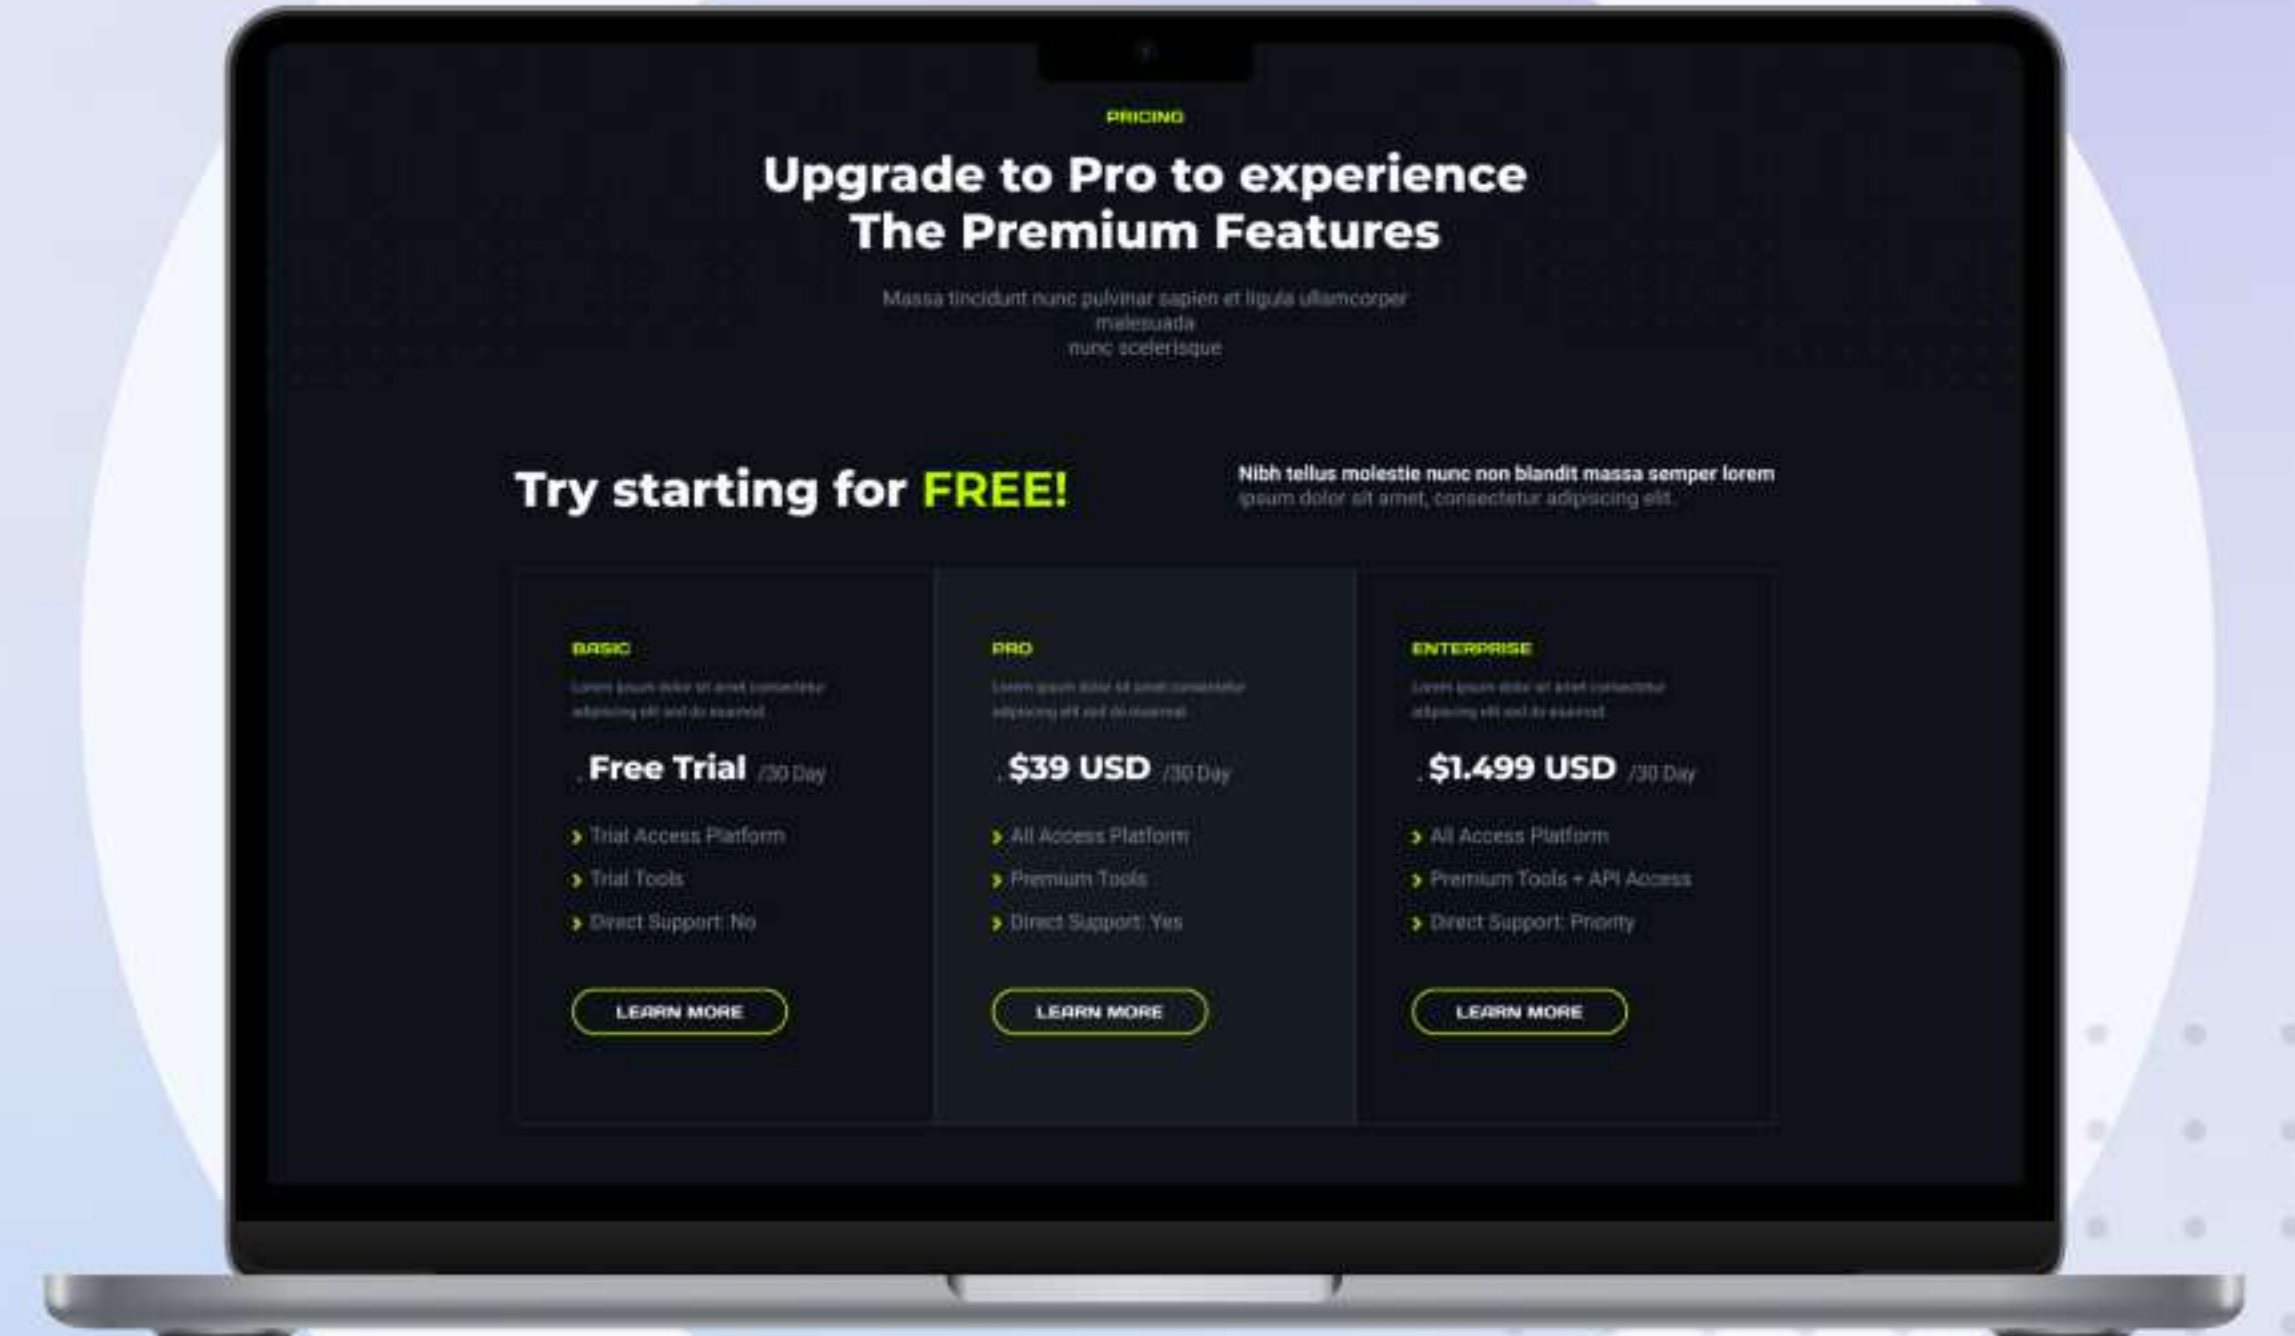

- ✓ AI Code Completion
- ✓ Intelligent Code Reviews
- ✓ Automated Code Refactoring
- ✓ Personalized Recommendations
- ✓ Chat-Based Coding Assistant

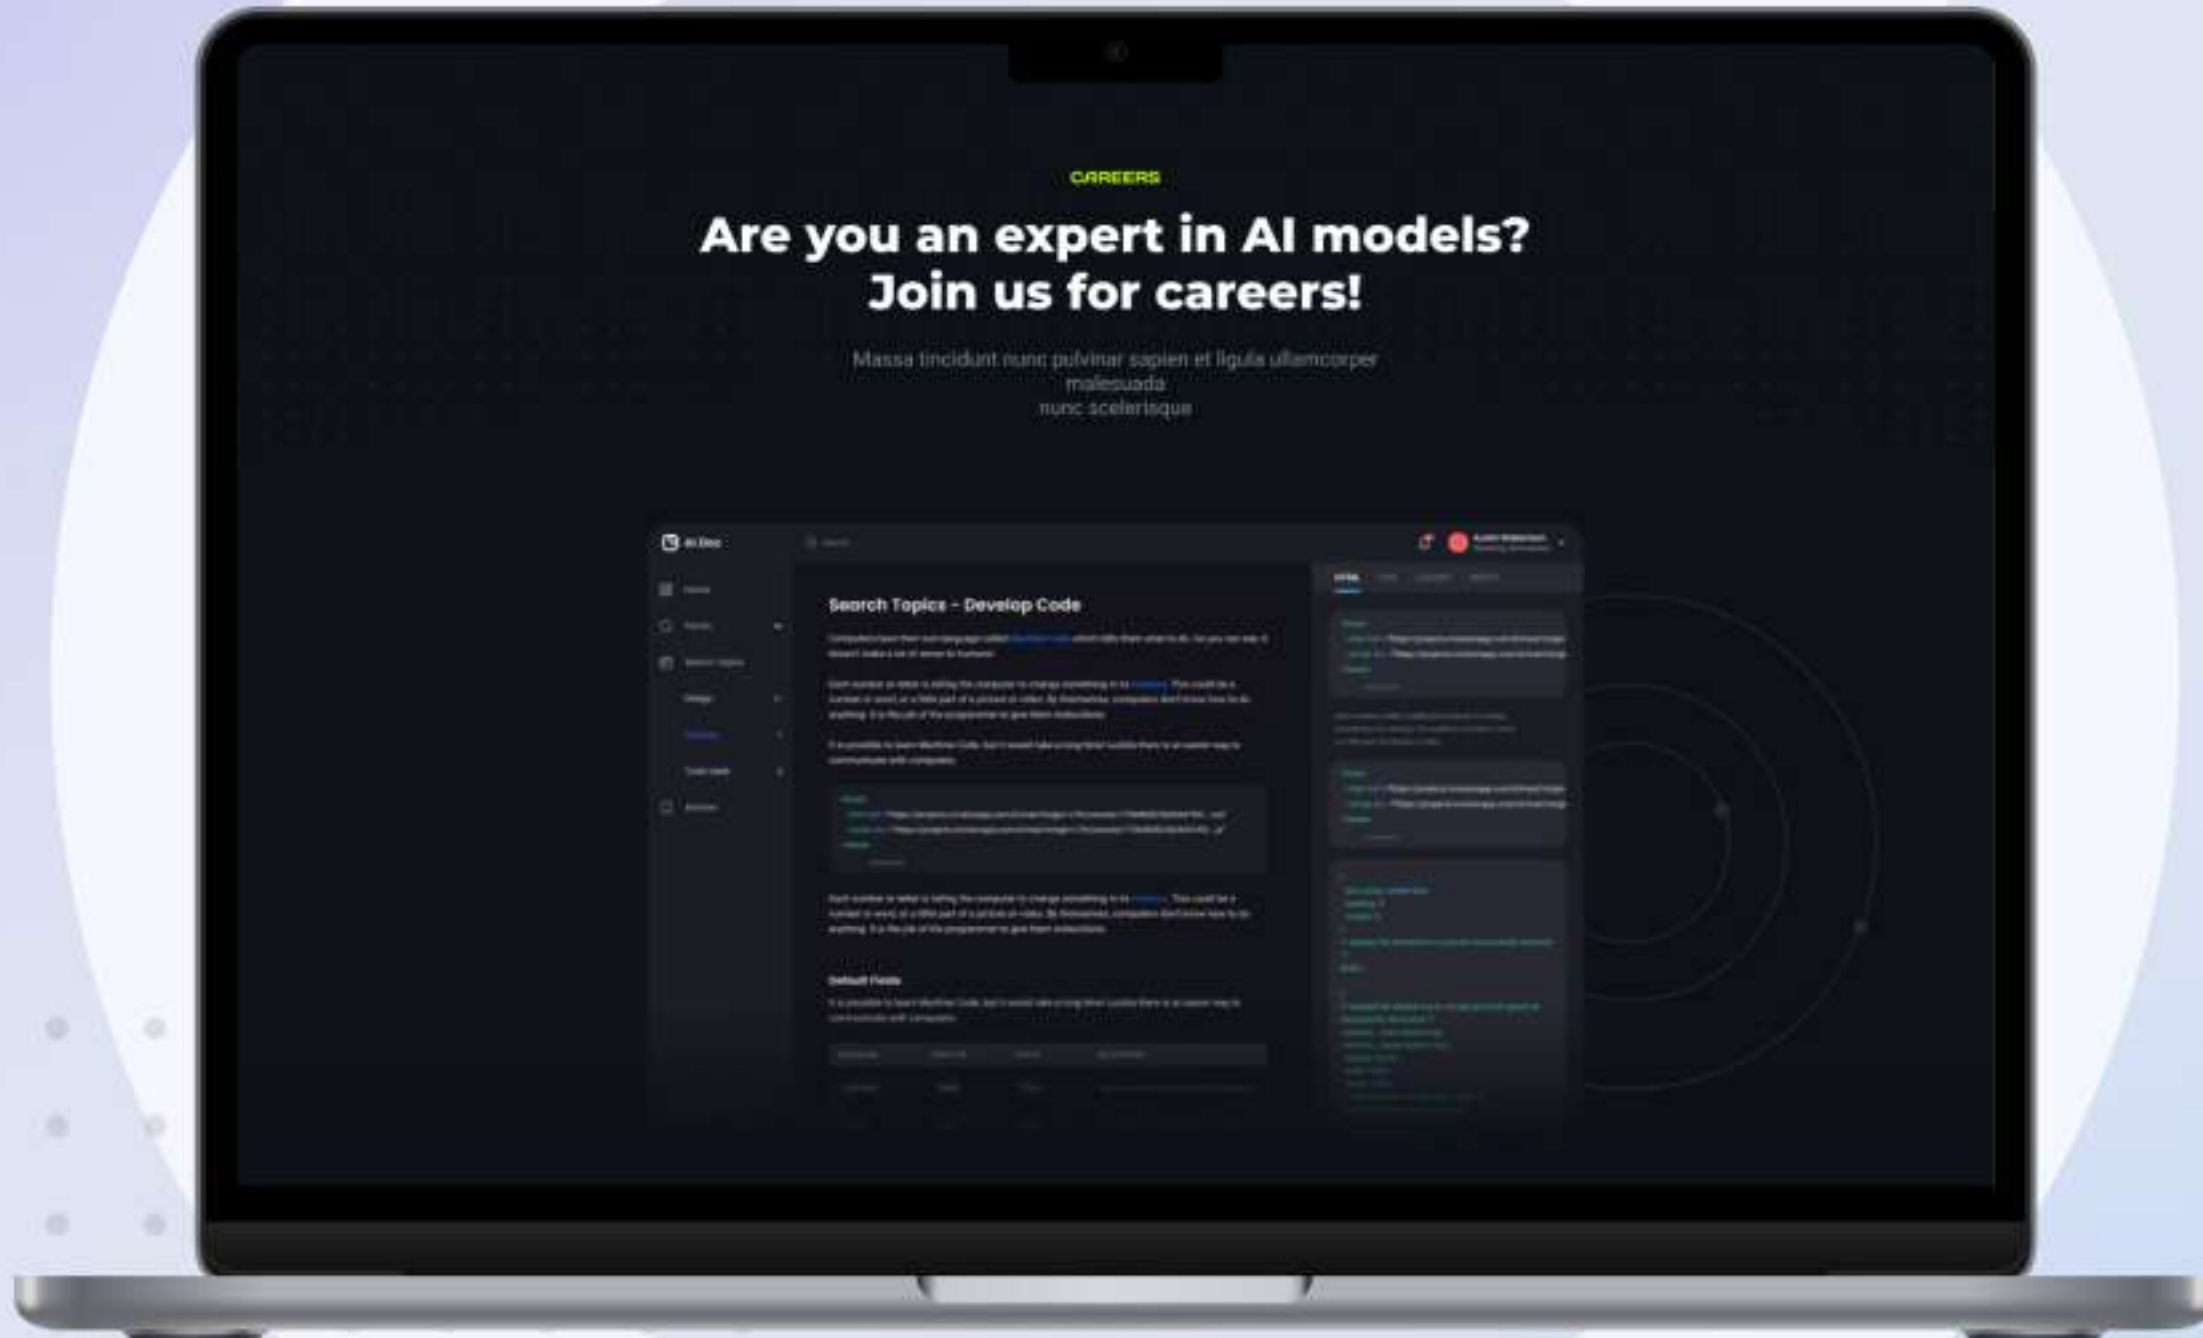

# Challenges

- ✓ Creating an AI system to automate parts of the coding process
- ✓ Continuously retraining models on new languages and frameworks
- ✓ Ensuring transparency while preserving platform value
- ✓ Aligning capabilities to augment not replace developers

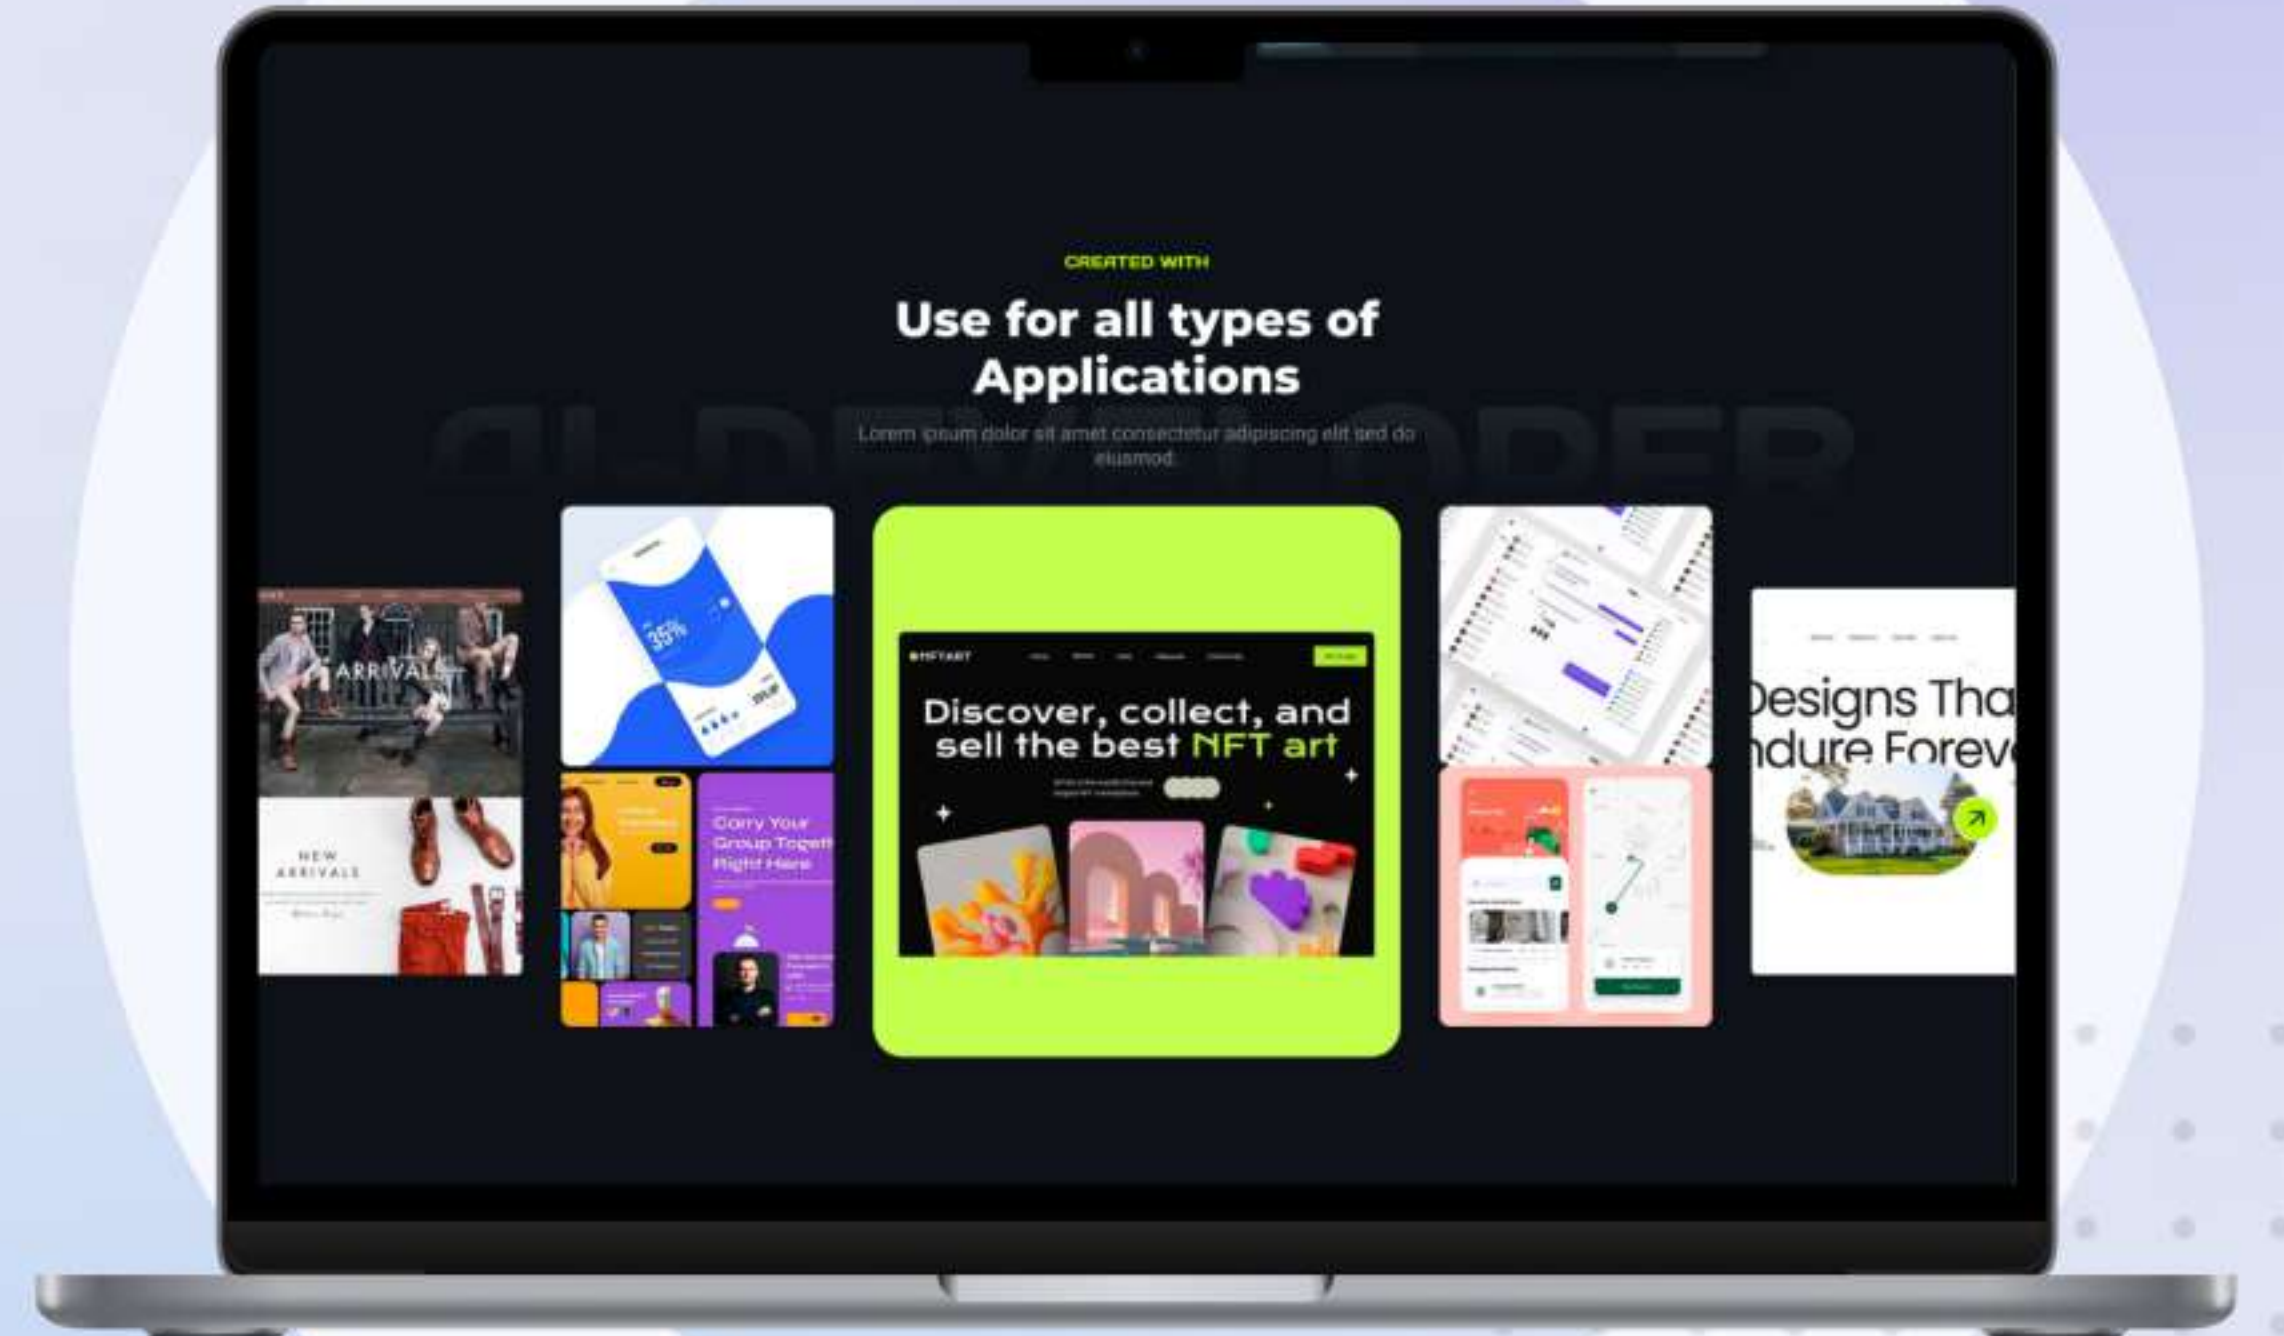

# Solutions

- ✓ Develop modular microservices architecture for model governance
- ✓ Implement extensive synthetic data testing to minimize bias risks
- ✓ Adopt Azure tools for MLOps and DevOps coordination
- ✓ Give developers controls over personalization and visibility

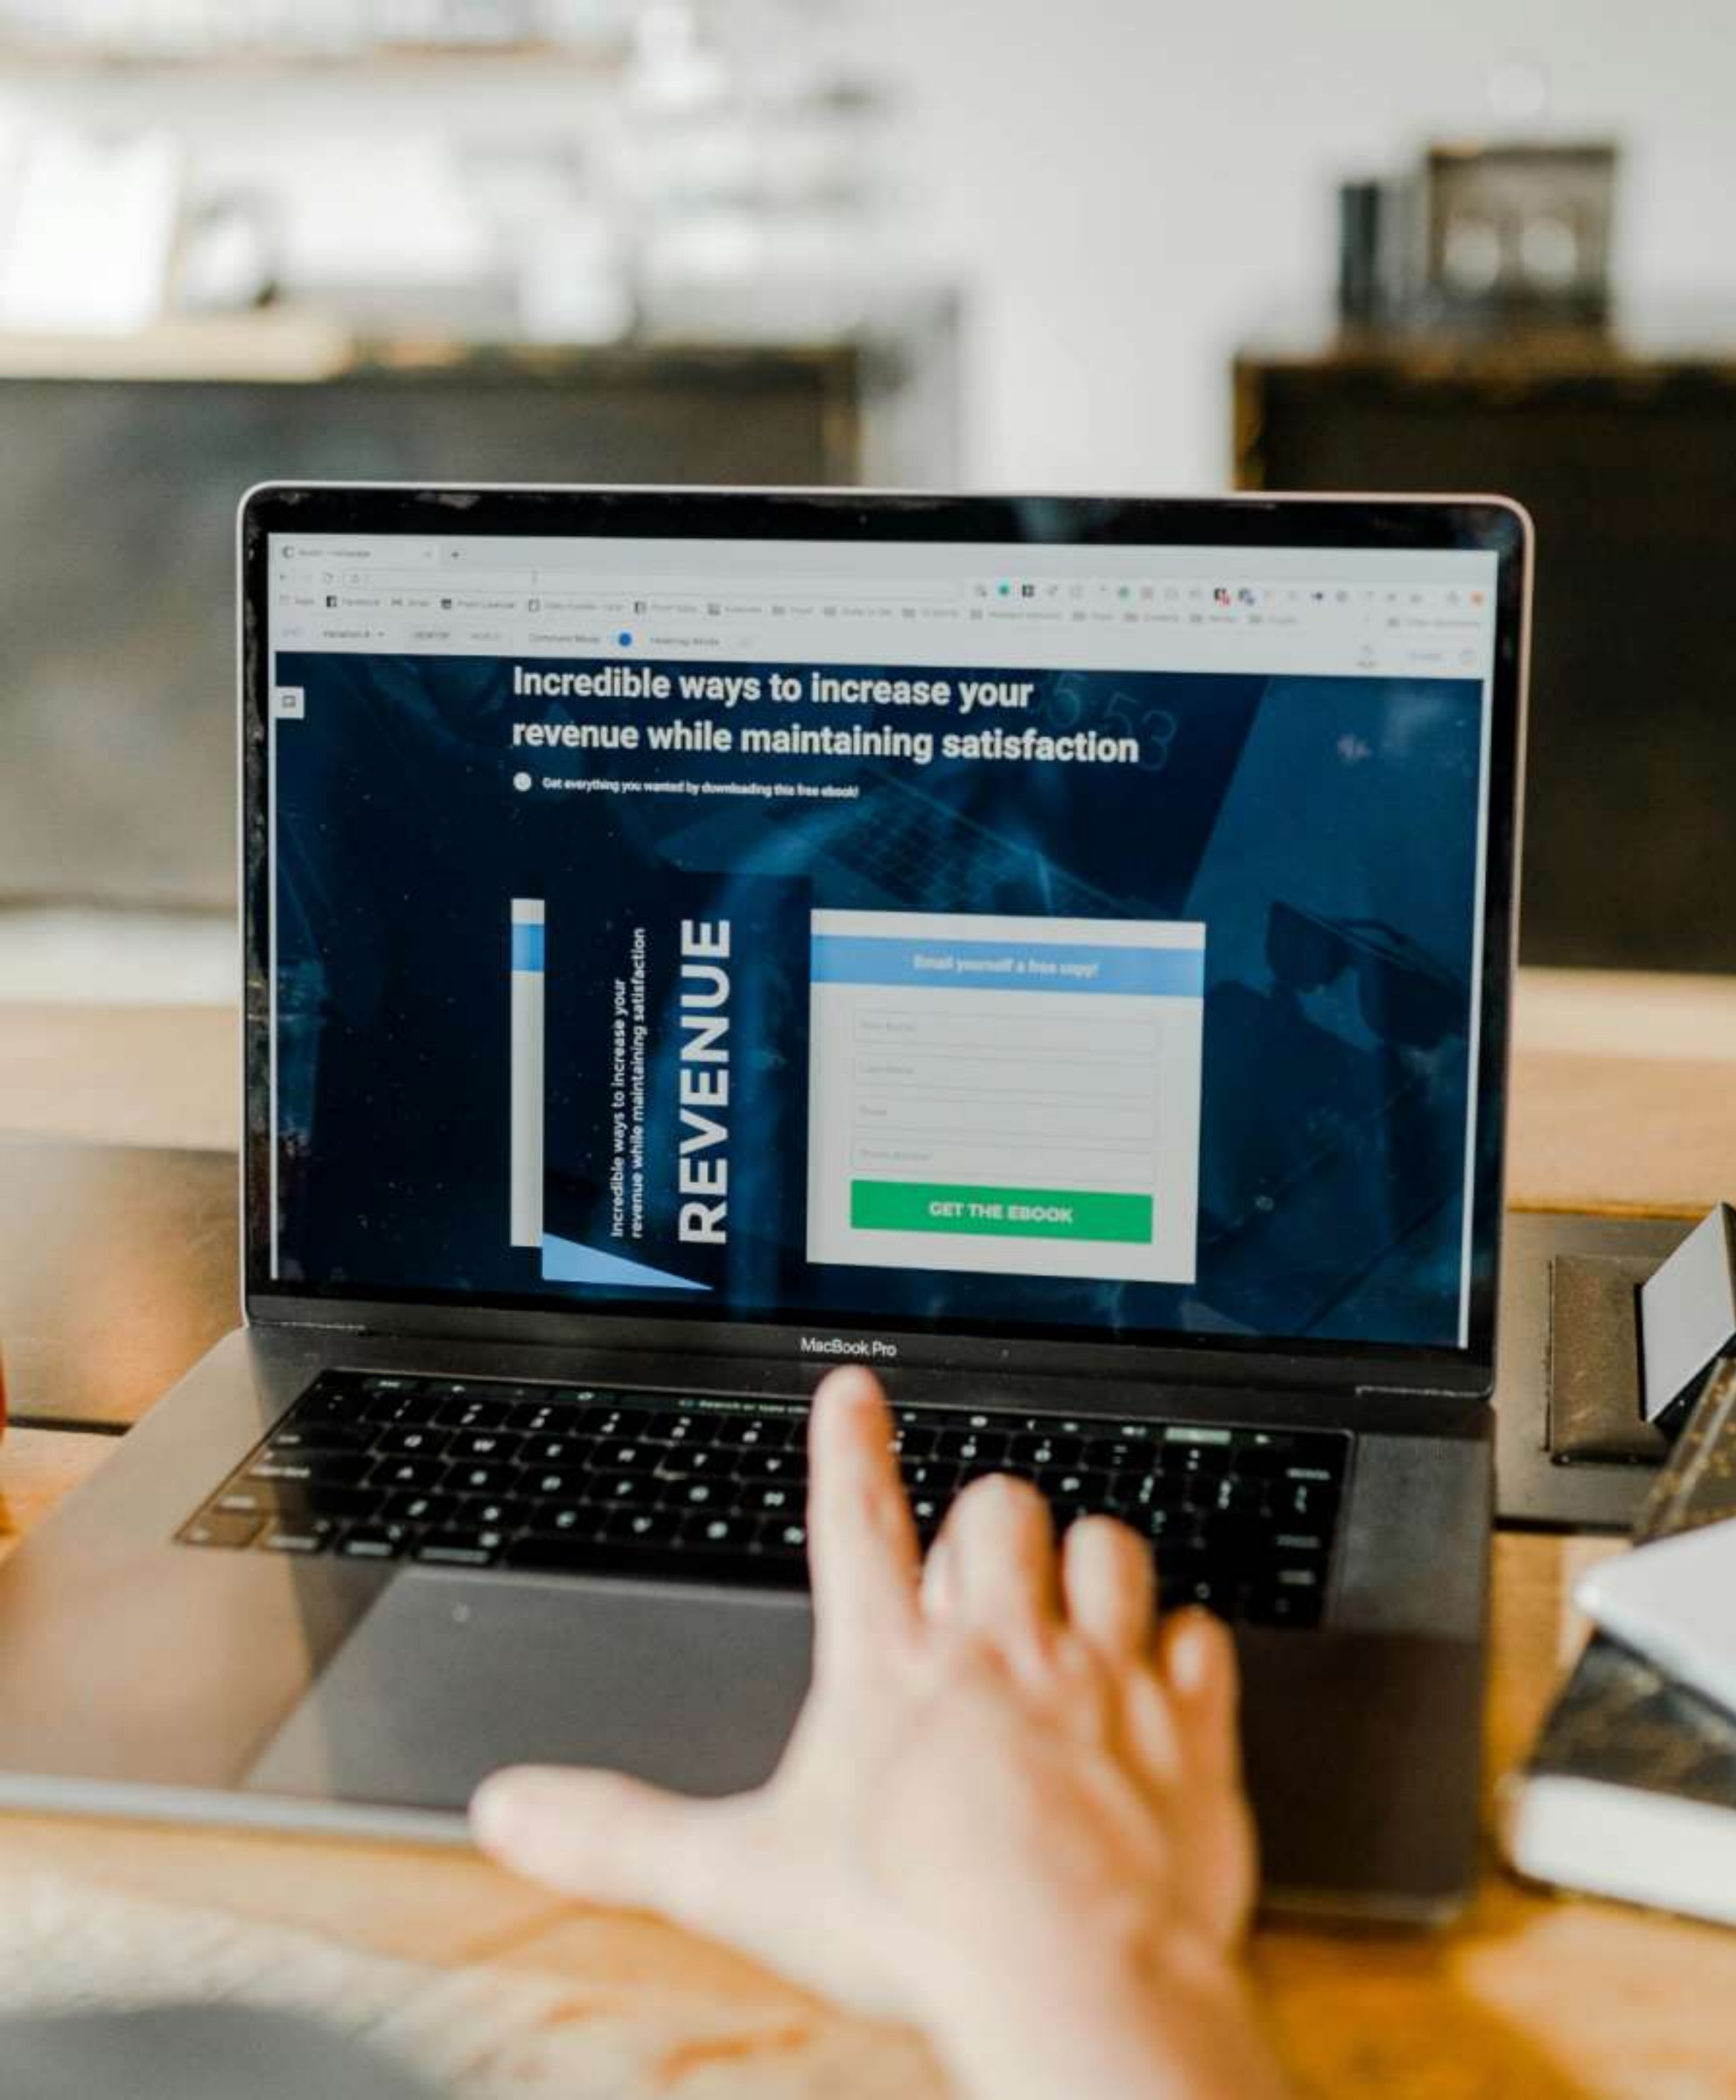

# Impact

- ✓ Exceeded \$10M ARR within 2 years post-launch
- ✓ Achieved 4.7/5 rating – 92% of reviews praise productivity gains
- ✓ 38% of users opt-in to share anonymous code samples for continued model improvement
- ✓ Recognized with leading ML industry awards

# AI-based Investment Platform

- Robo-advisor platform to provide AI-driven investing
- Uses predictive analytics, NLP, ML to enable sophisticated capabilities

# Features

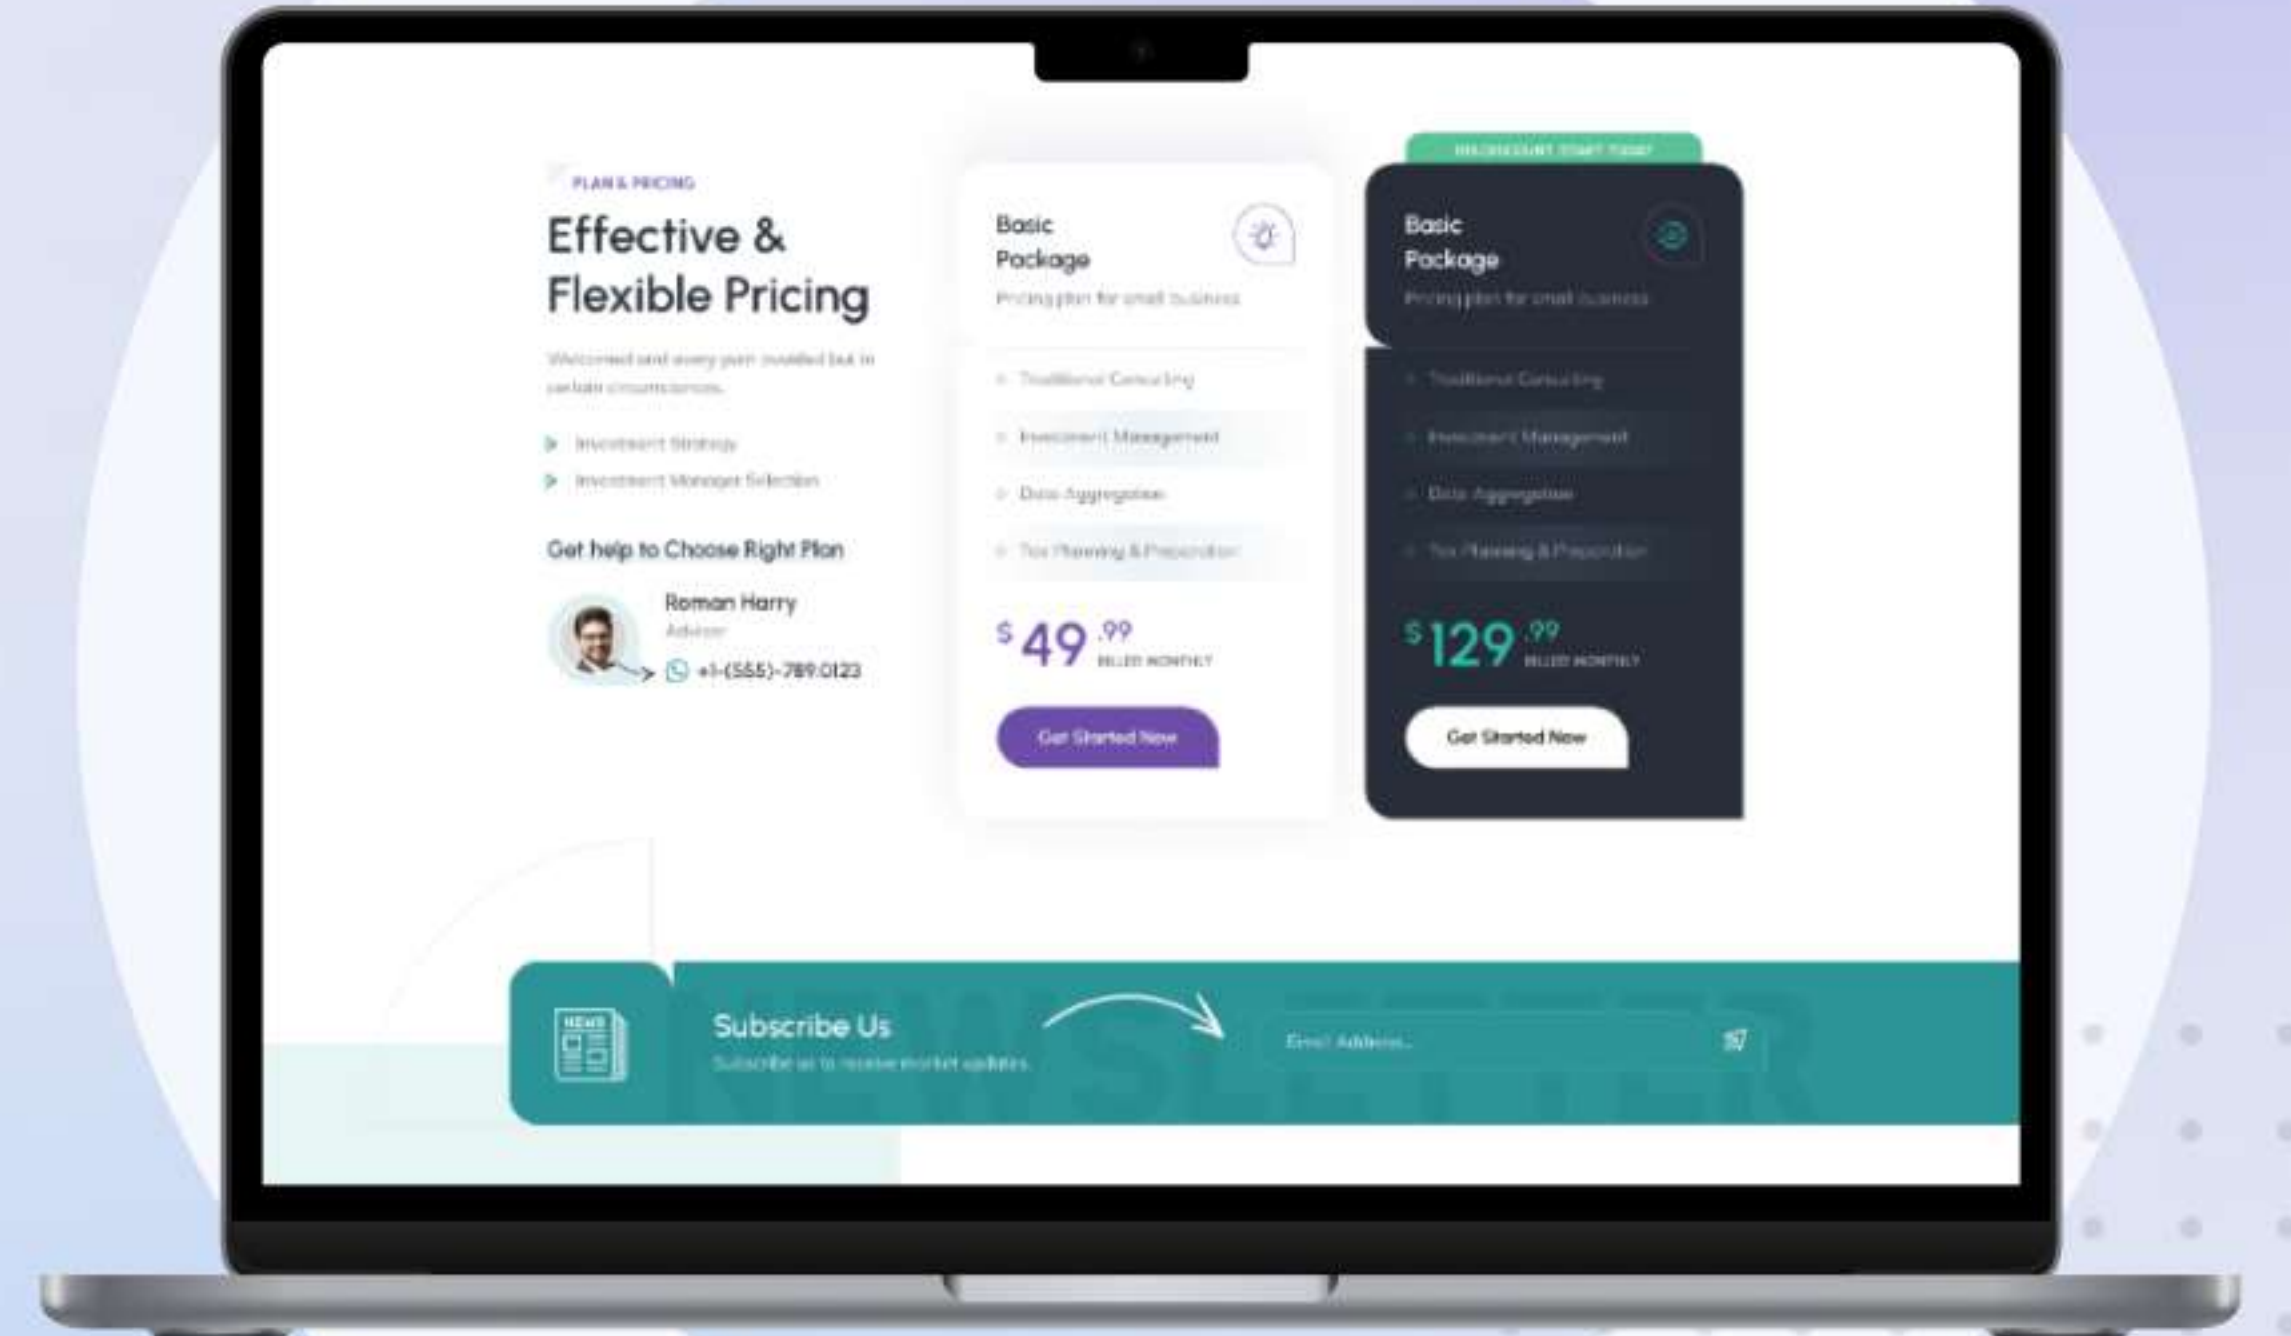

- ✓ Algorithmic trading based on signals and sentiment
- ✓ Automated portfolio management
- ✓ Stock/fund analysis from diverse data
- ✓ Chatbots and personalized recommendations

# Challenges

- ✓ Massive data processing needs
- ✓ Explainability of AI models
- ✓ High development costs
- ✓ Building investor trust

# Solutions

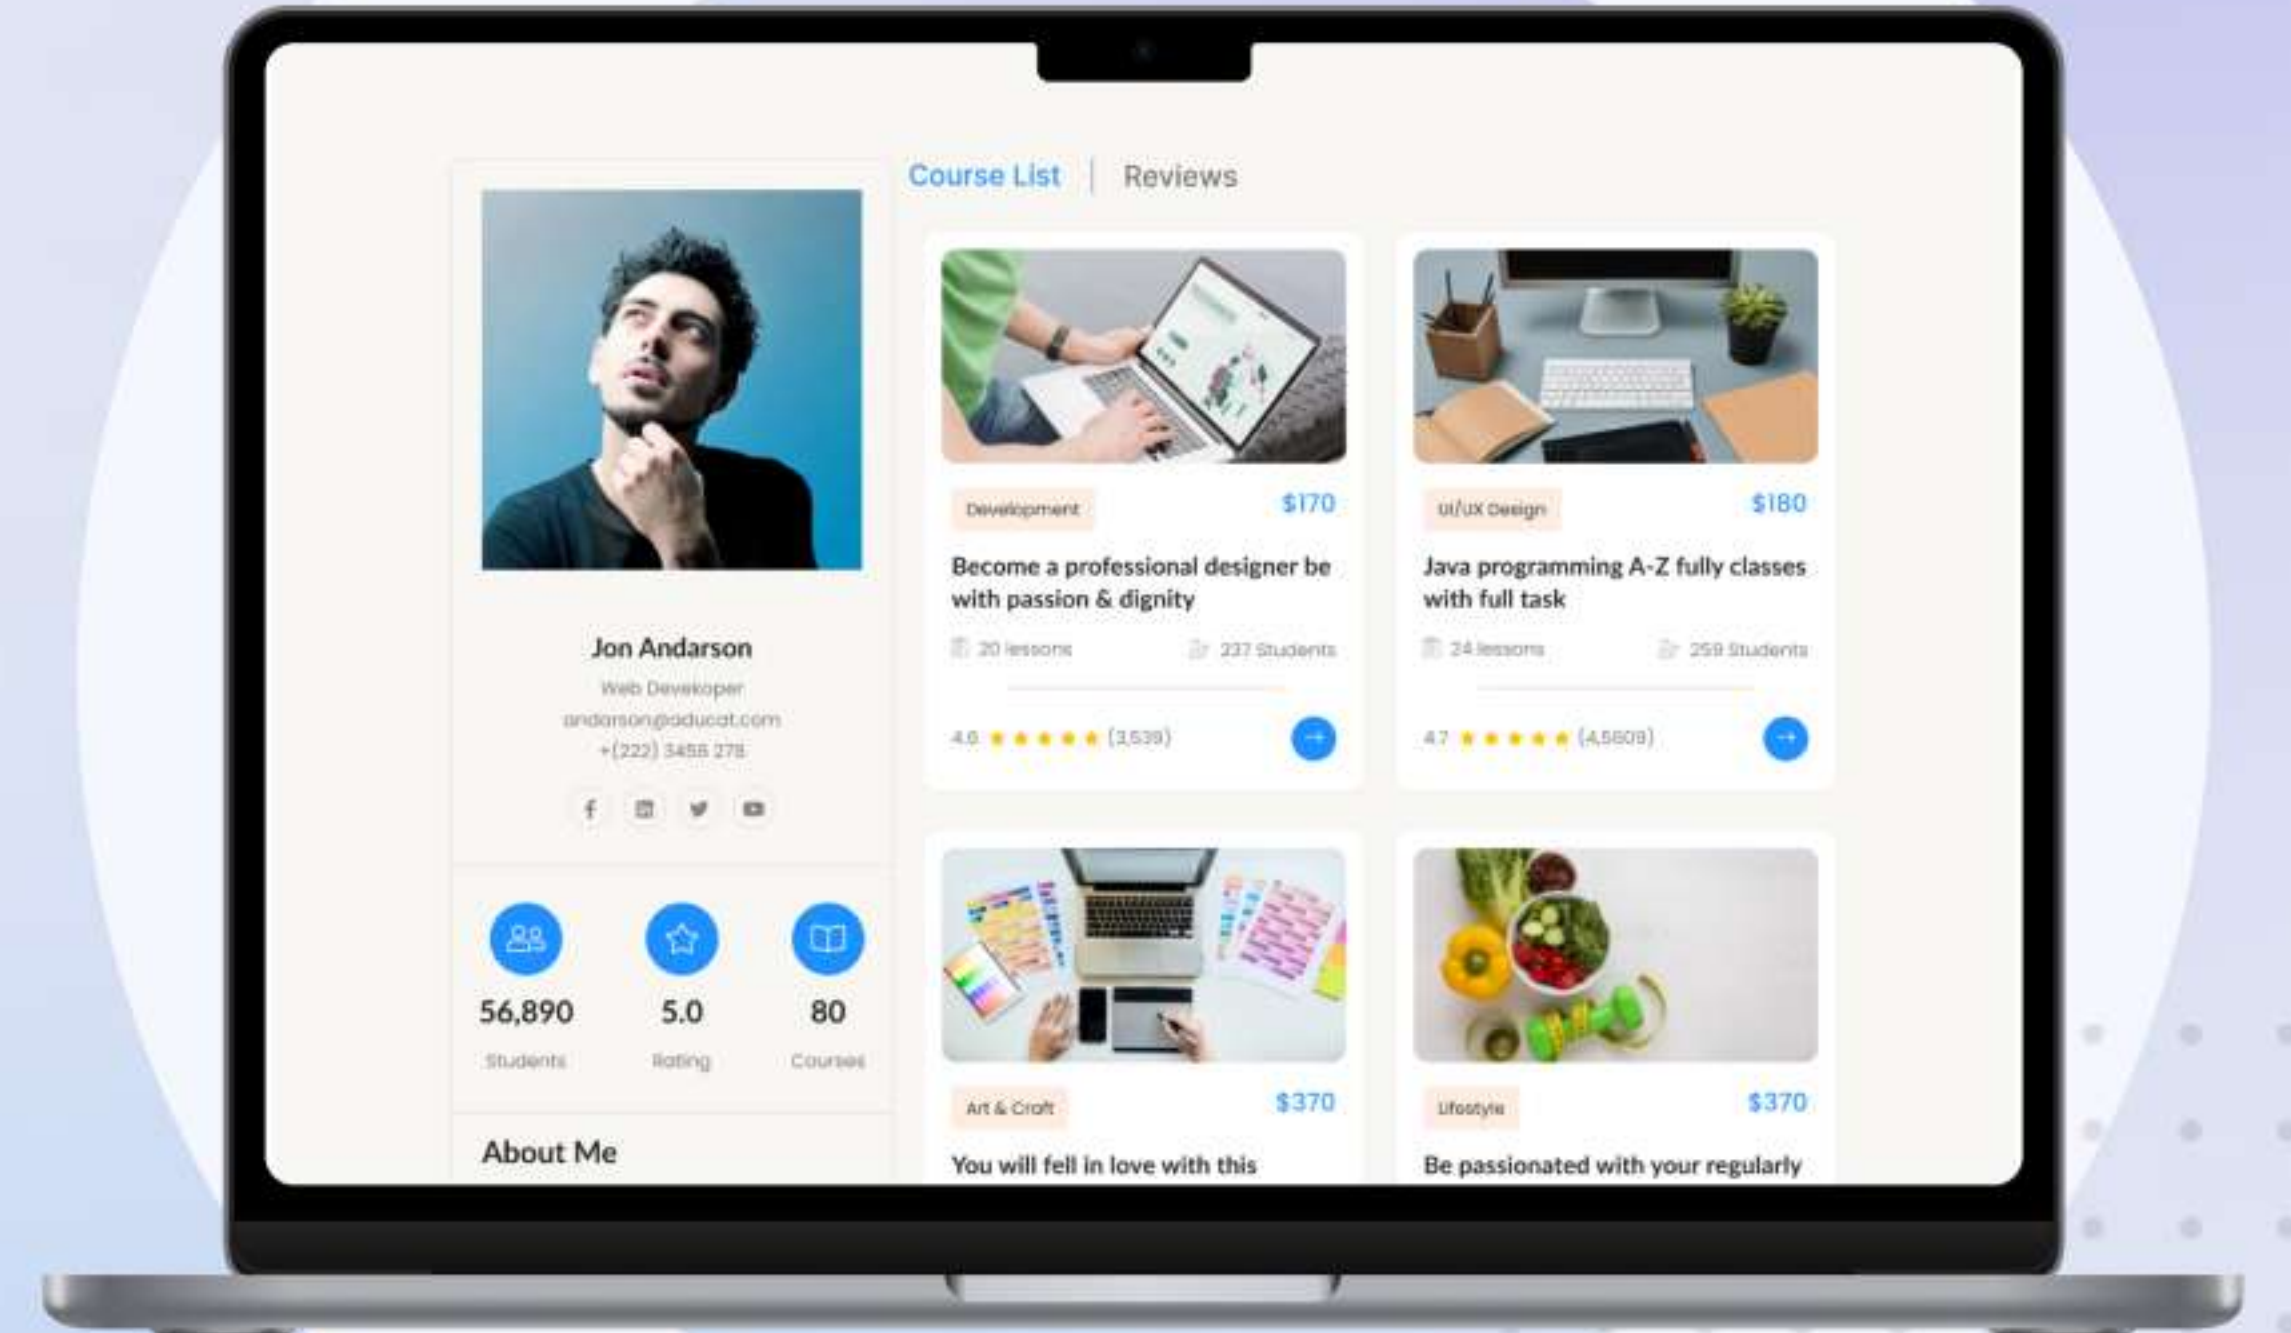

- ✓ Leveraged cloud computing for scalability
- ✓ Incorporated model interpretation techniques
- ✓ Started development early with quality data
- ✓ Focused on educational content around AI

# Impact

- ✓ 10% higher risk-adjusted returns
- ✓ 57% increase in assets under management
- ✓ 76% customer satisfaction rating
- ✓ \$1.2M operational cost savings

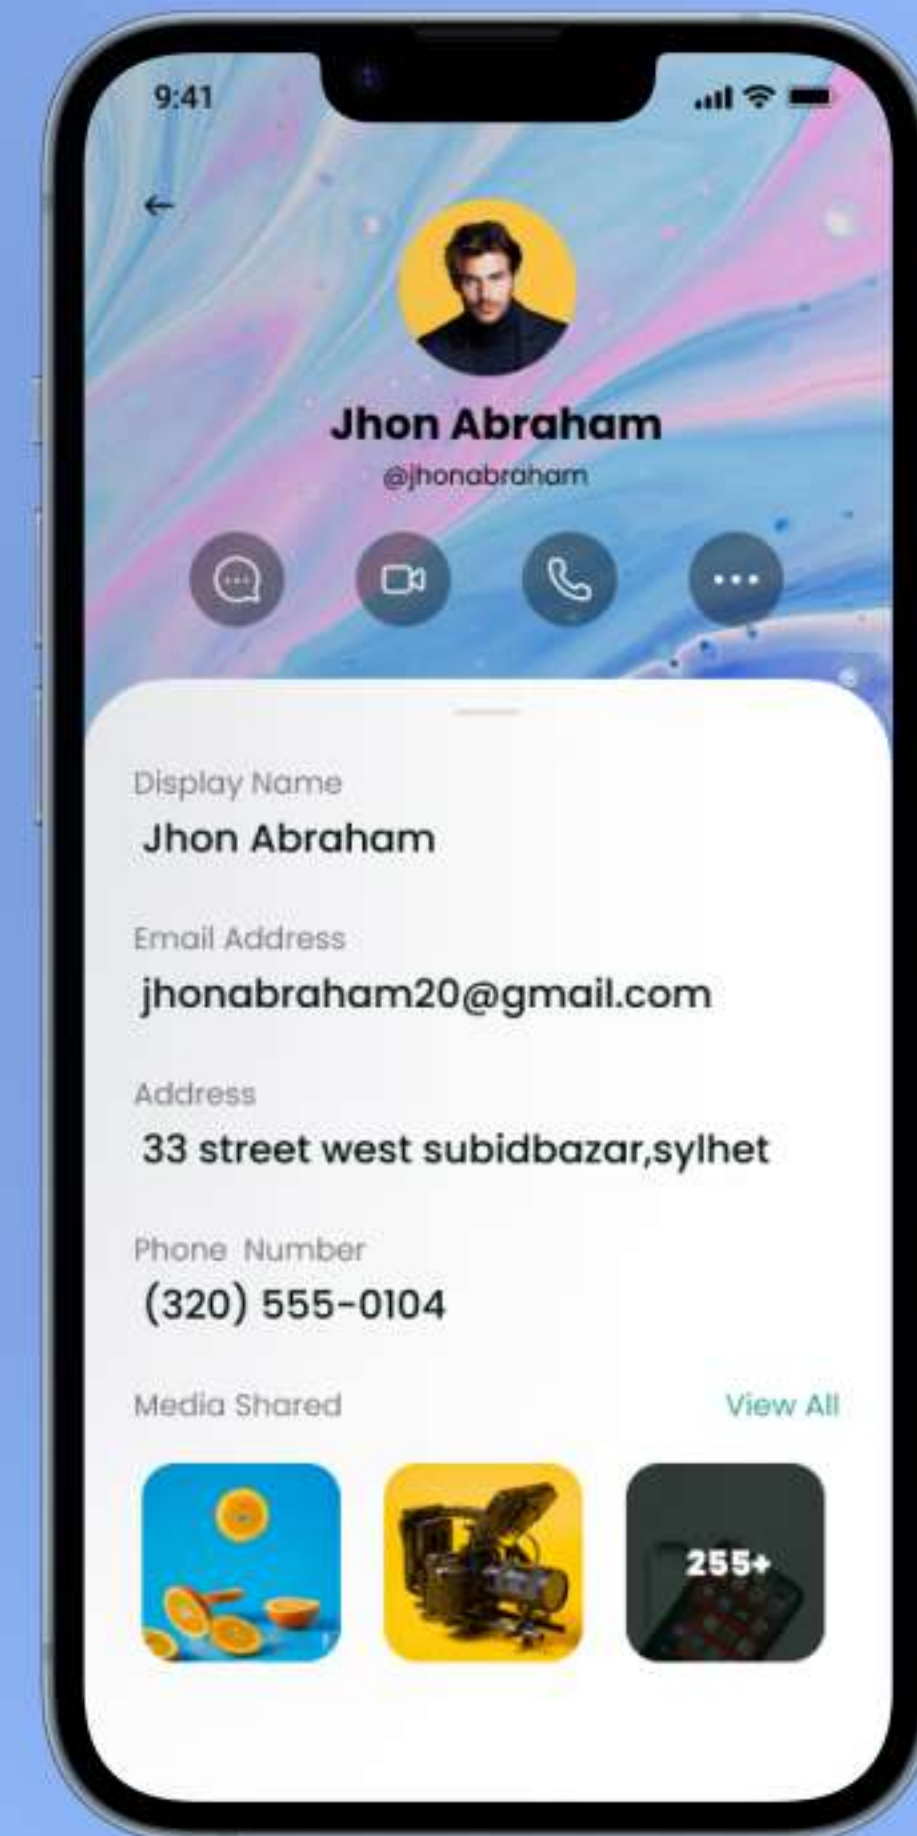

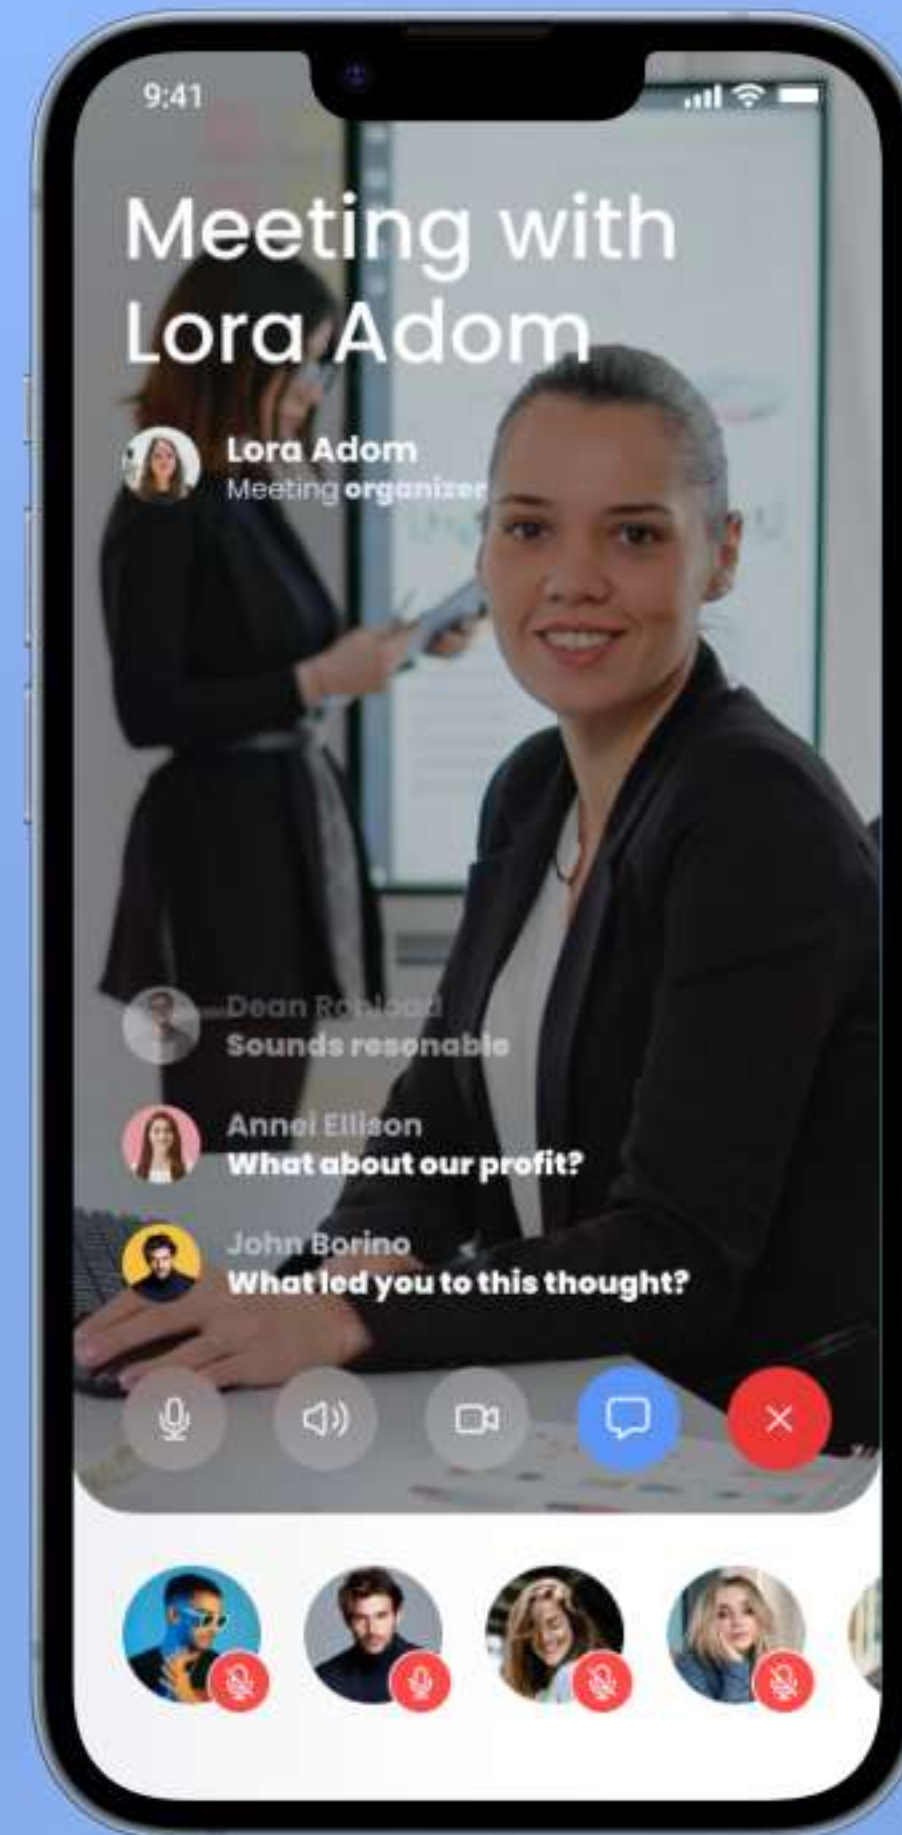

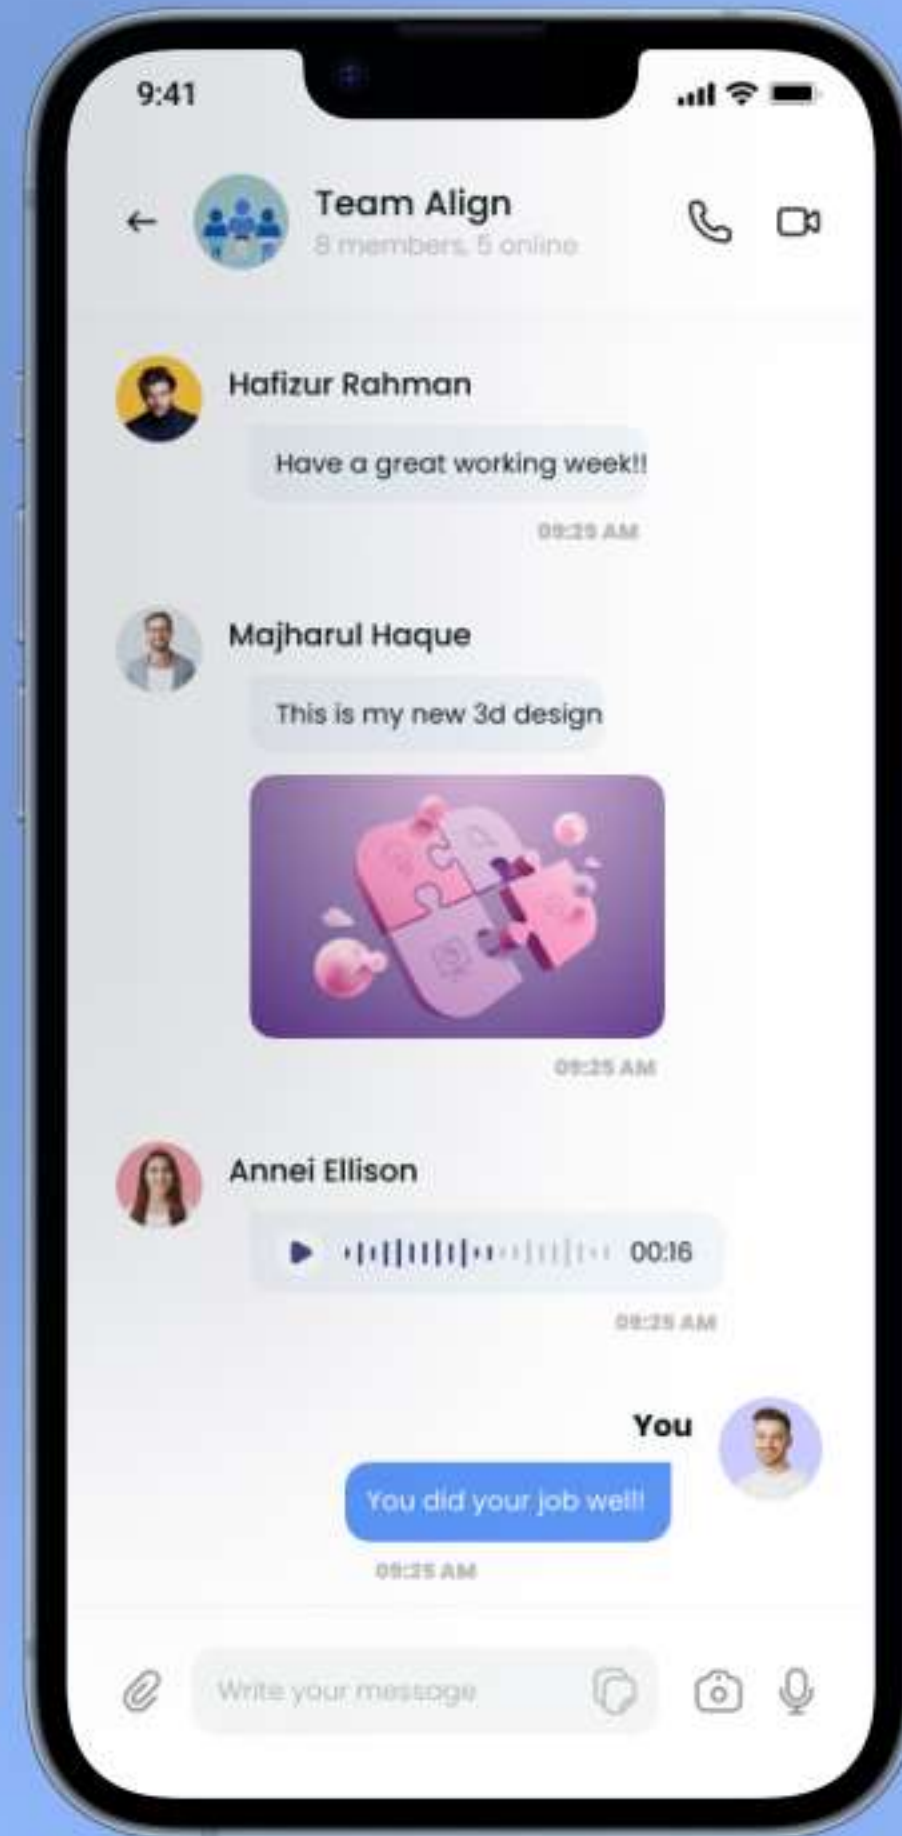

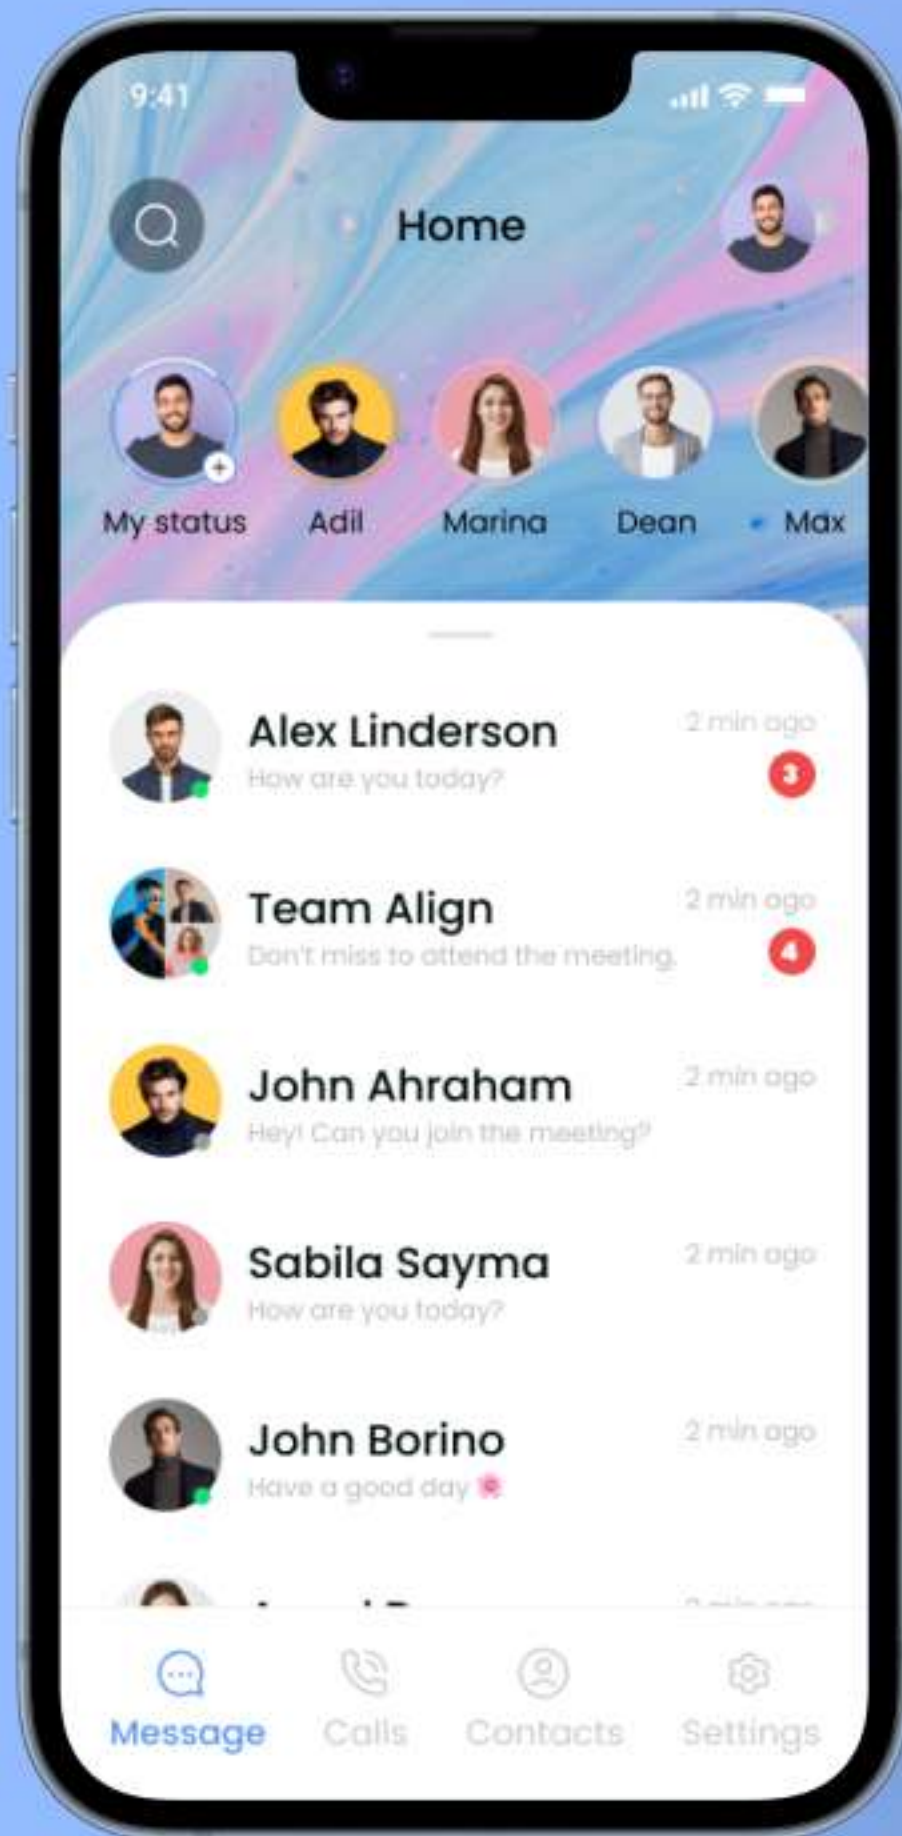

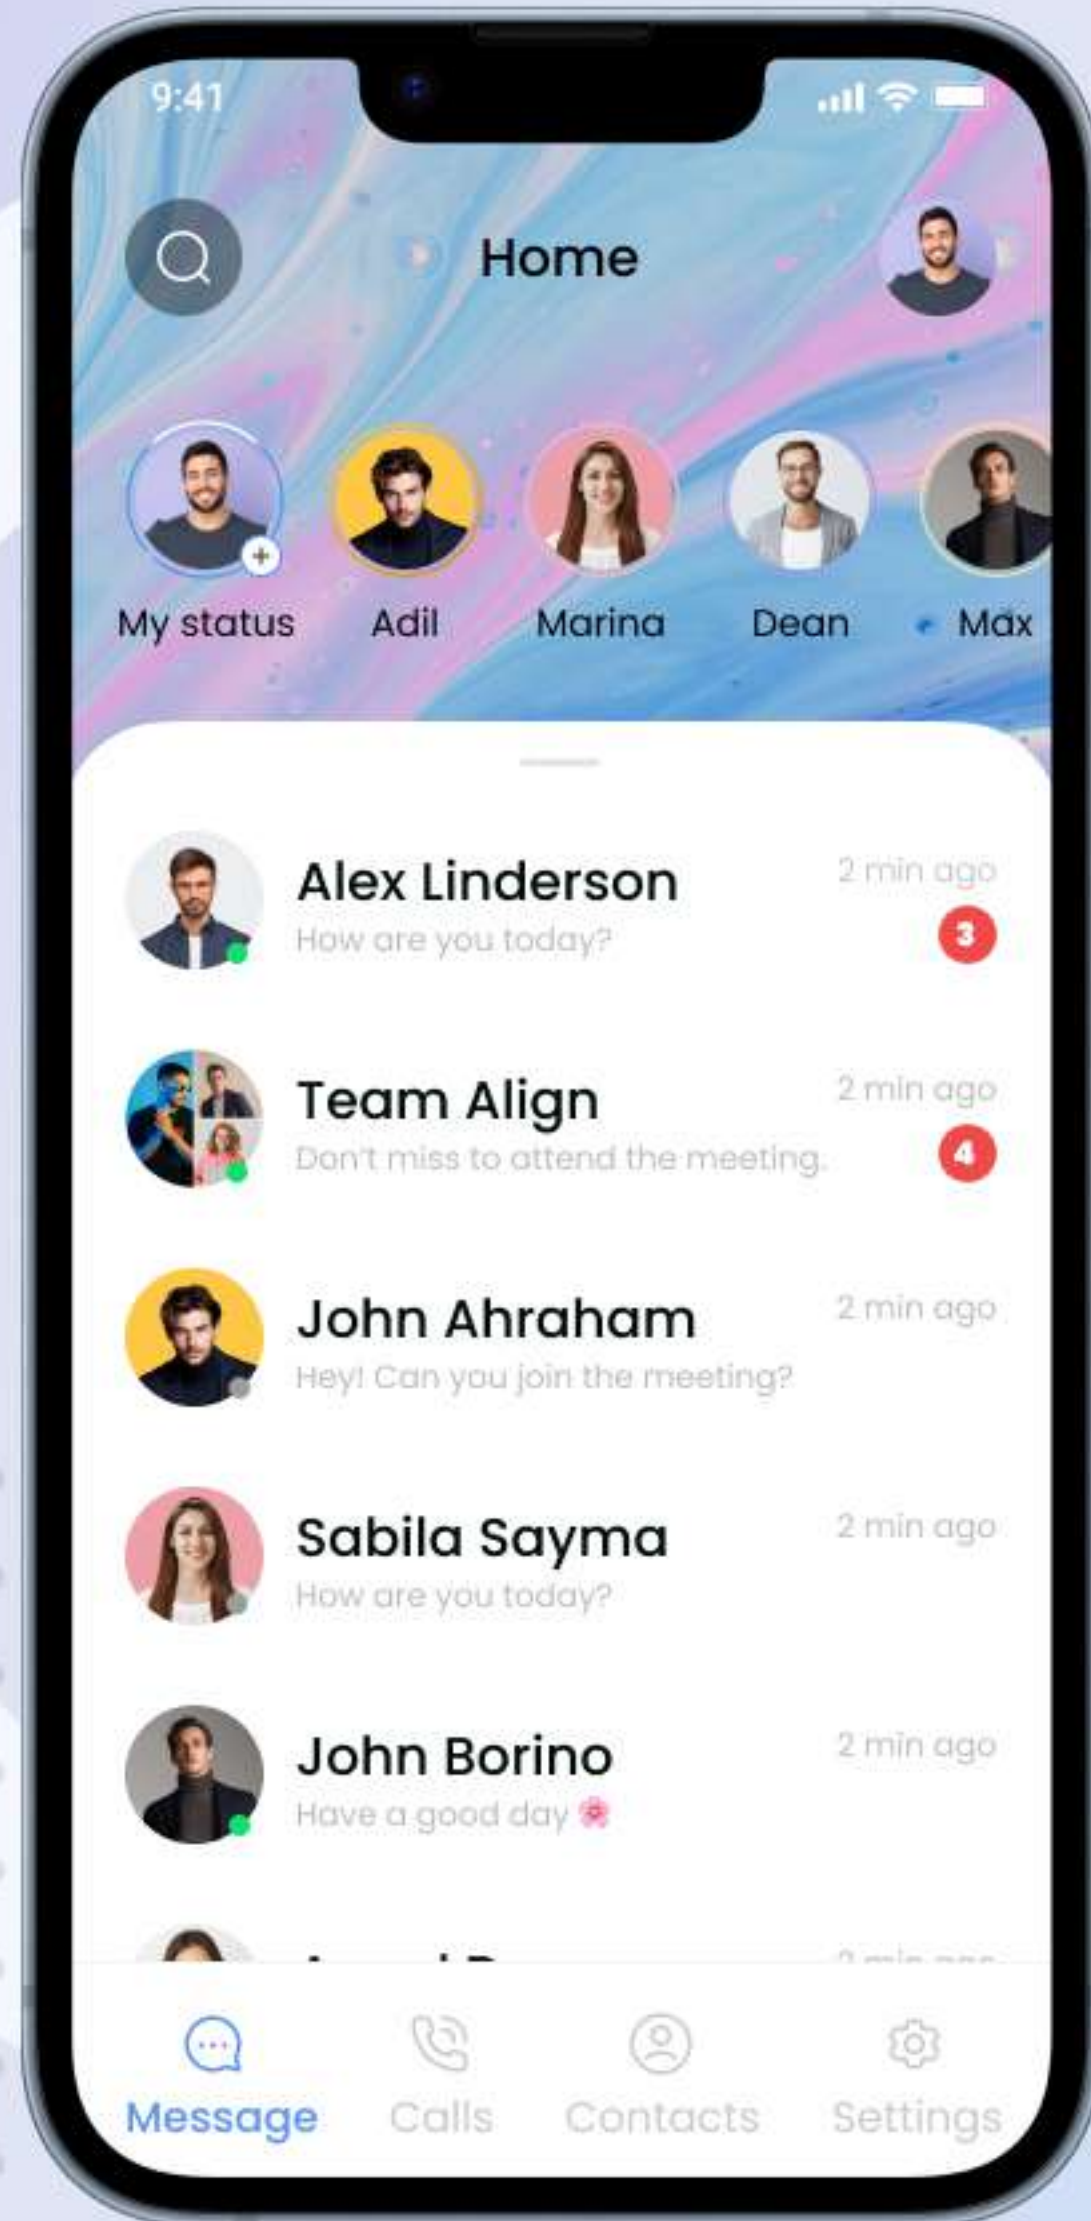

# AI-Driven Chatting App

Our team developed an AI-driven chatting app called Chatty to provide users with engaging conversational experiences.

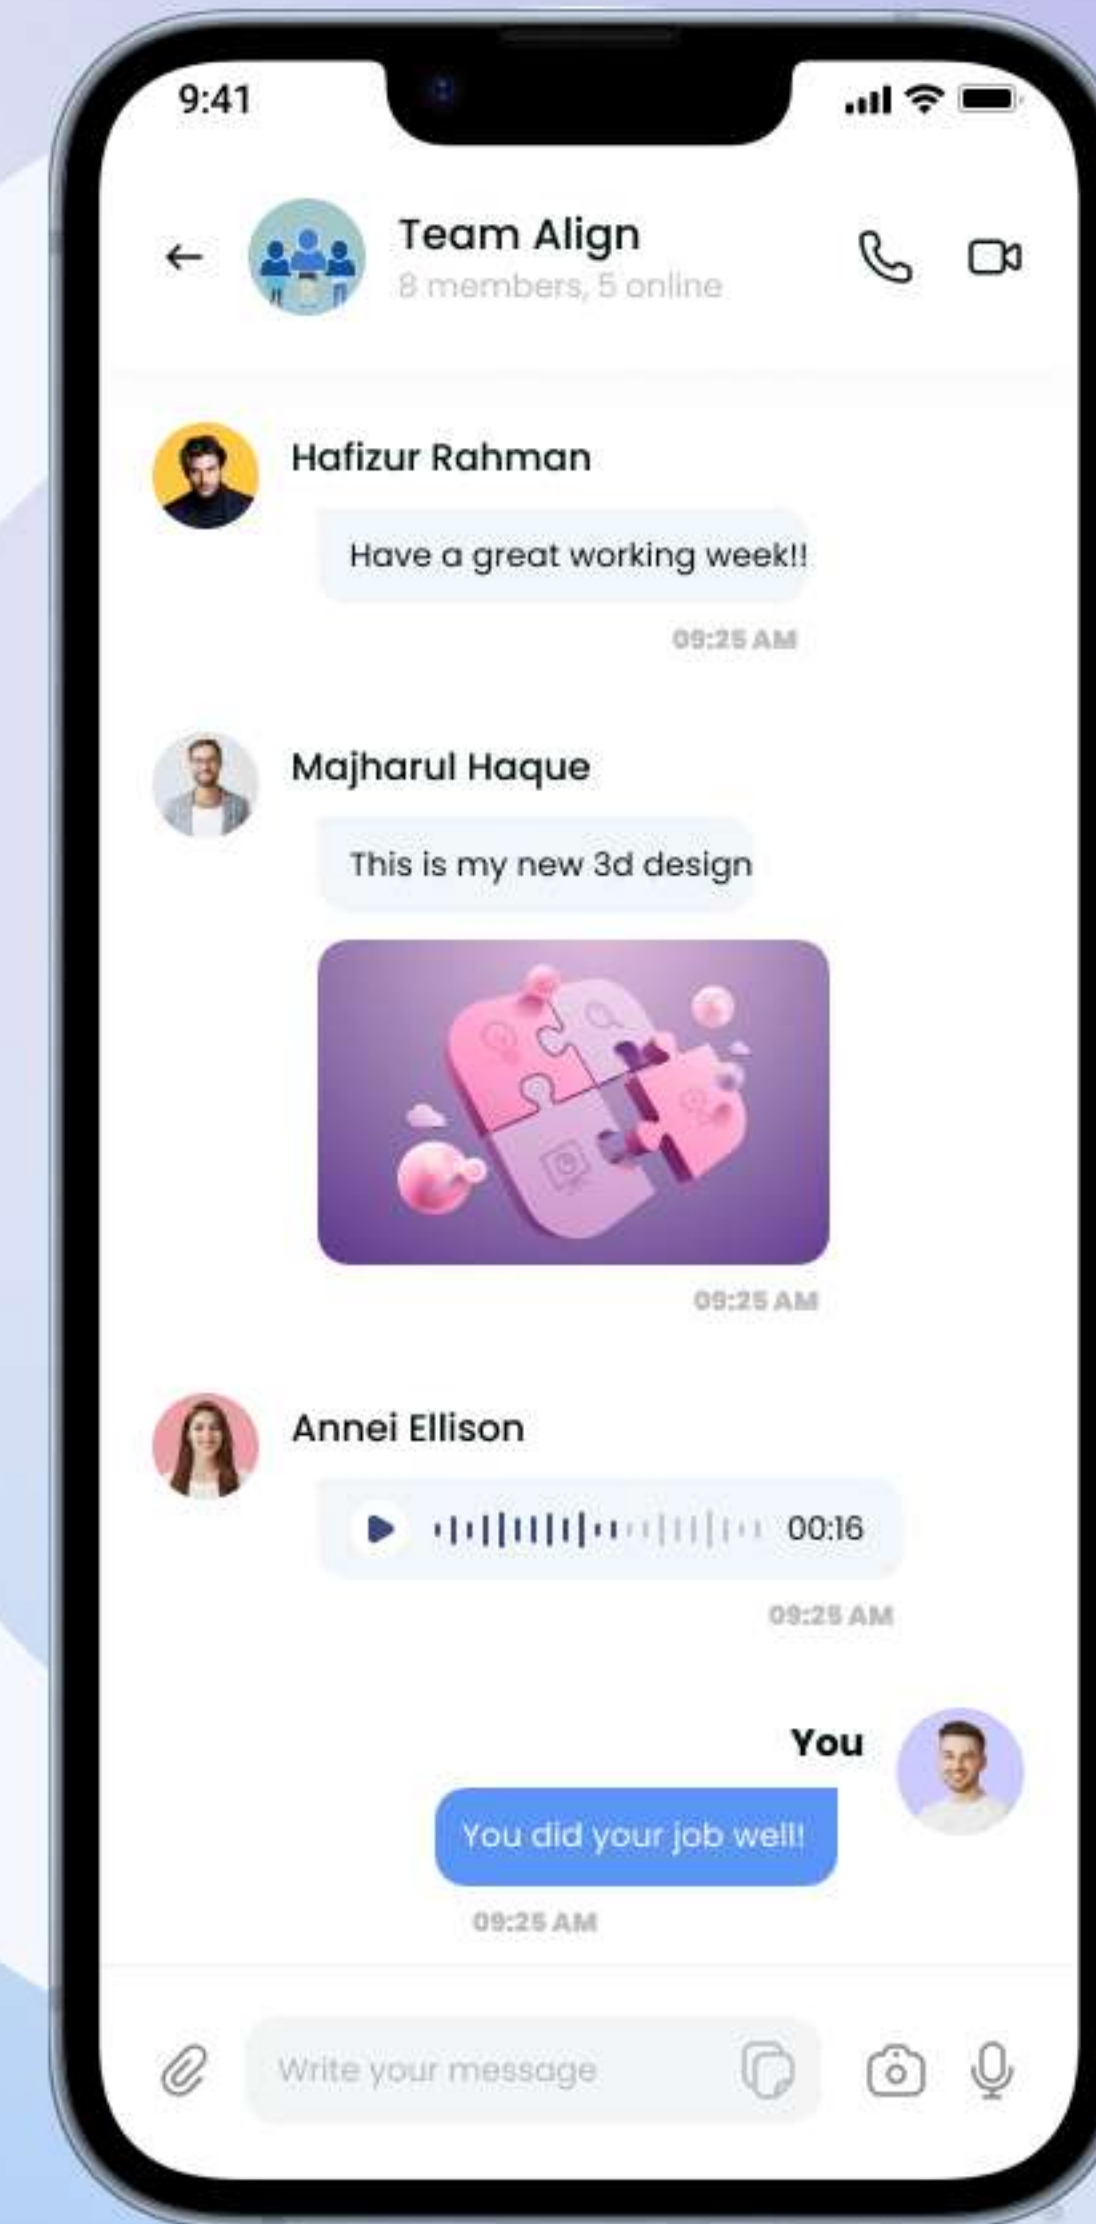

# Features

- ✓ AI-powered Conversational Interface
- ✓ Customizable Chatting Experience
- ✓ Multimedia Communication Support
- ✓ Smart Suggestions and Recommendations
- ✓ Multilingual Support
- ✓ Expression Analysis
- ✓ Privacy and Security

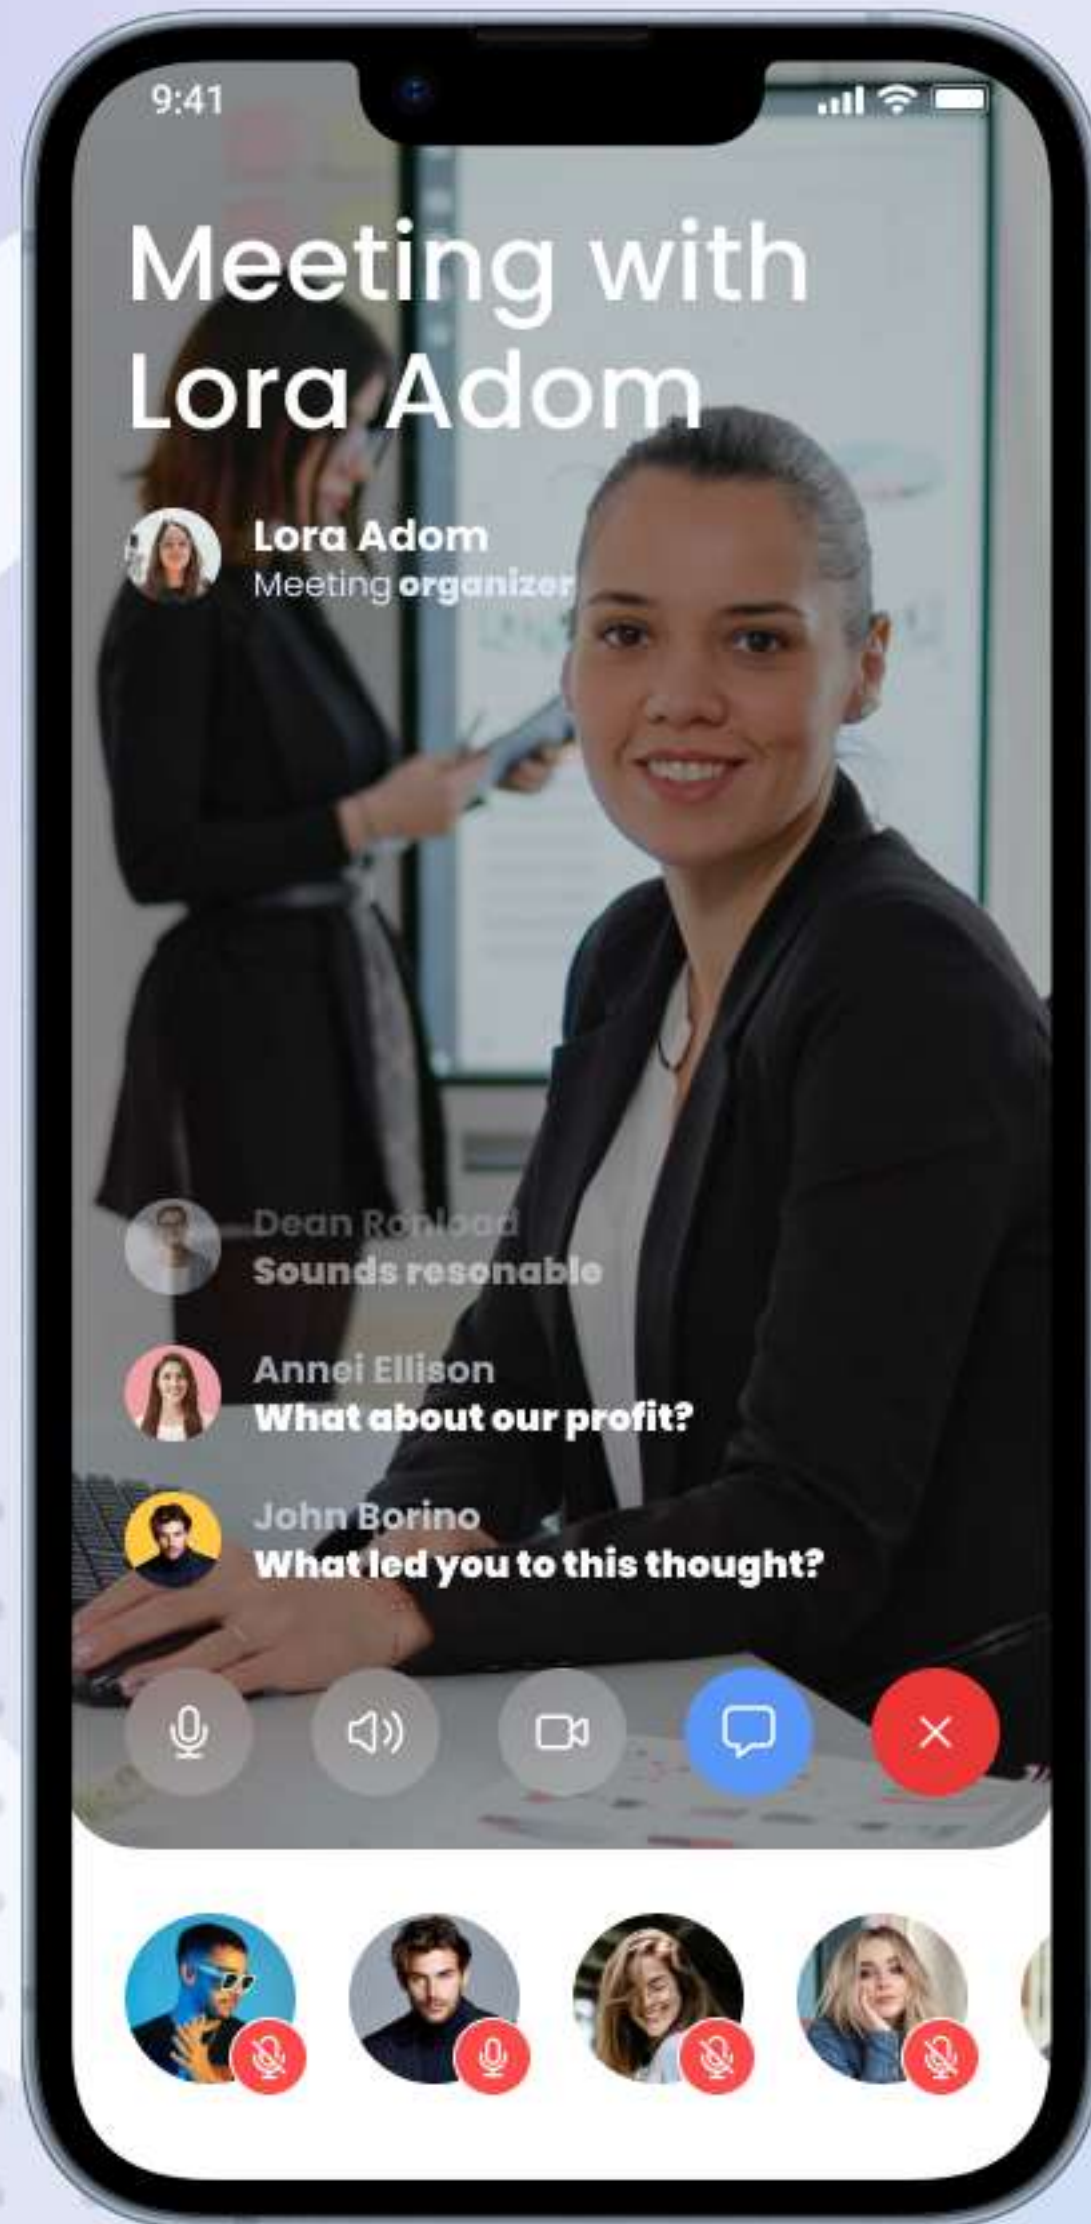

# Challenges

- ✓ Managing high volumes of conversations
- ✓ Detecting toxic content and misinformation
- ✓ Protecting user data privacy
- ✓ Scaling infrastructure with growing user base

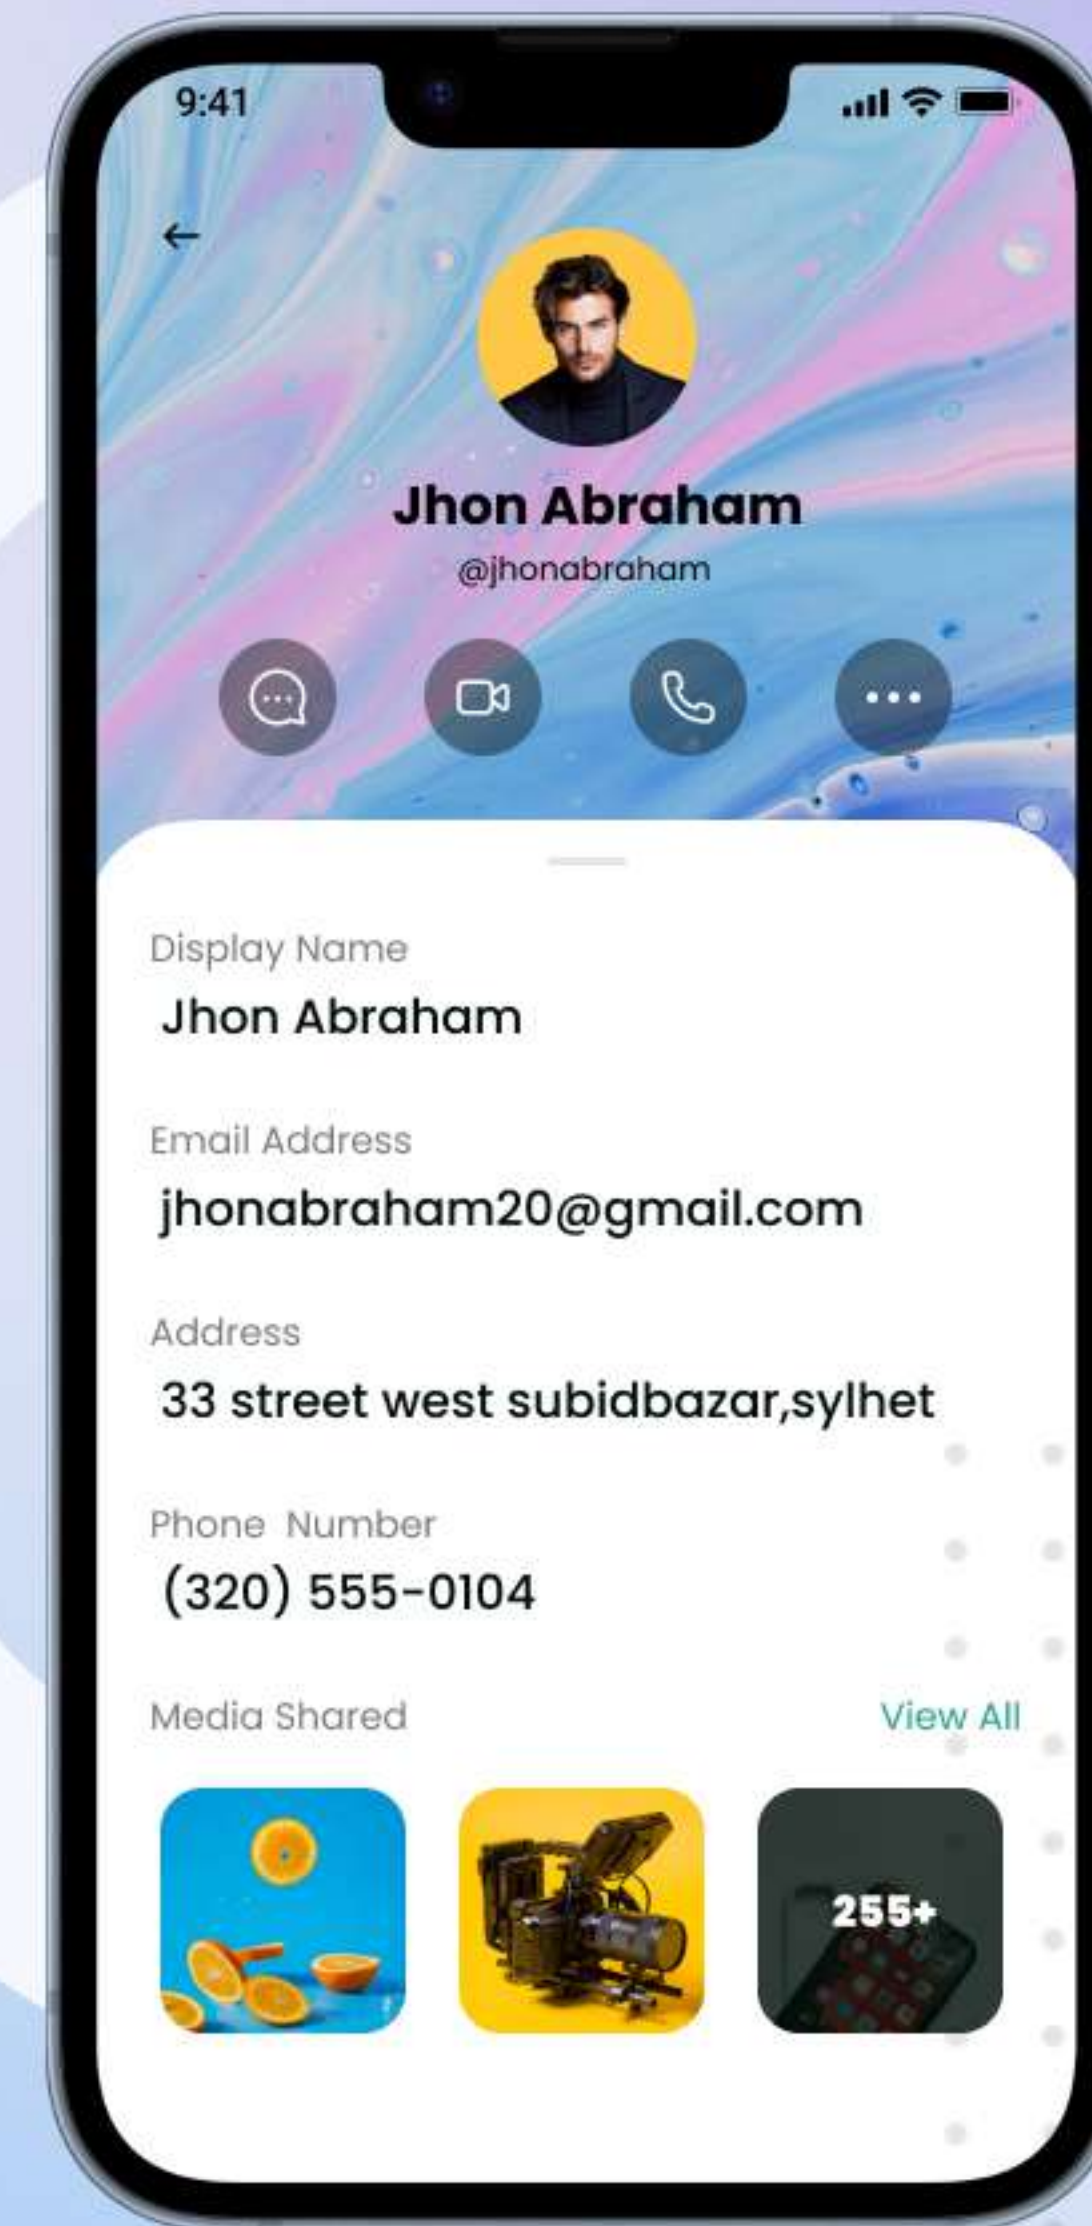

# Solutions

- ✓ Toxic Content Moderation
- ✓ Misinformation Prevention
- ✓ User Privacy Protection
- ✓ Scalable Infrastructure

# Impact

- ✓ 90% reduction in toxic content incidents
  - ✓ 85% accuracy in misinformation detection
  - ✓ 95% user satisfaction with privacy protections
  - ✓ 45% cost savings in infrastructure
- Key Learnings

# AI-Powered Messaging Platform for Users Case Study

The AI-powered messaging platform is a cutting-edge solution that leverages advanced conversational AI and natural language processing (NLP) capabilities to provide users with a personalized, intelligent, and interactive messaging experience. It combines the power of AI with the convenience of messaging to streamline access to information and services, enhance customer engagement, and transform the way businesses interact with their customers.

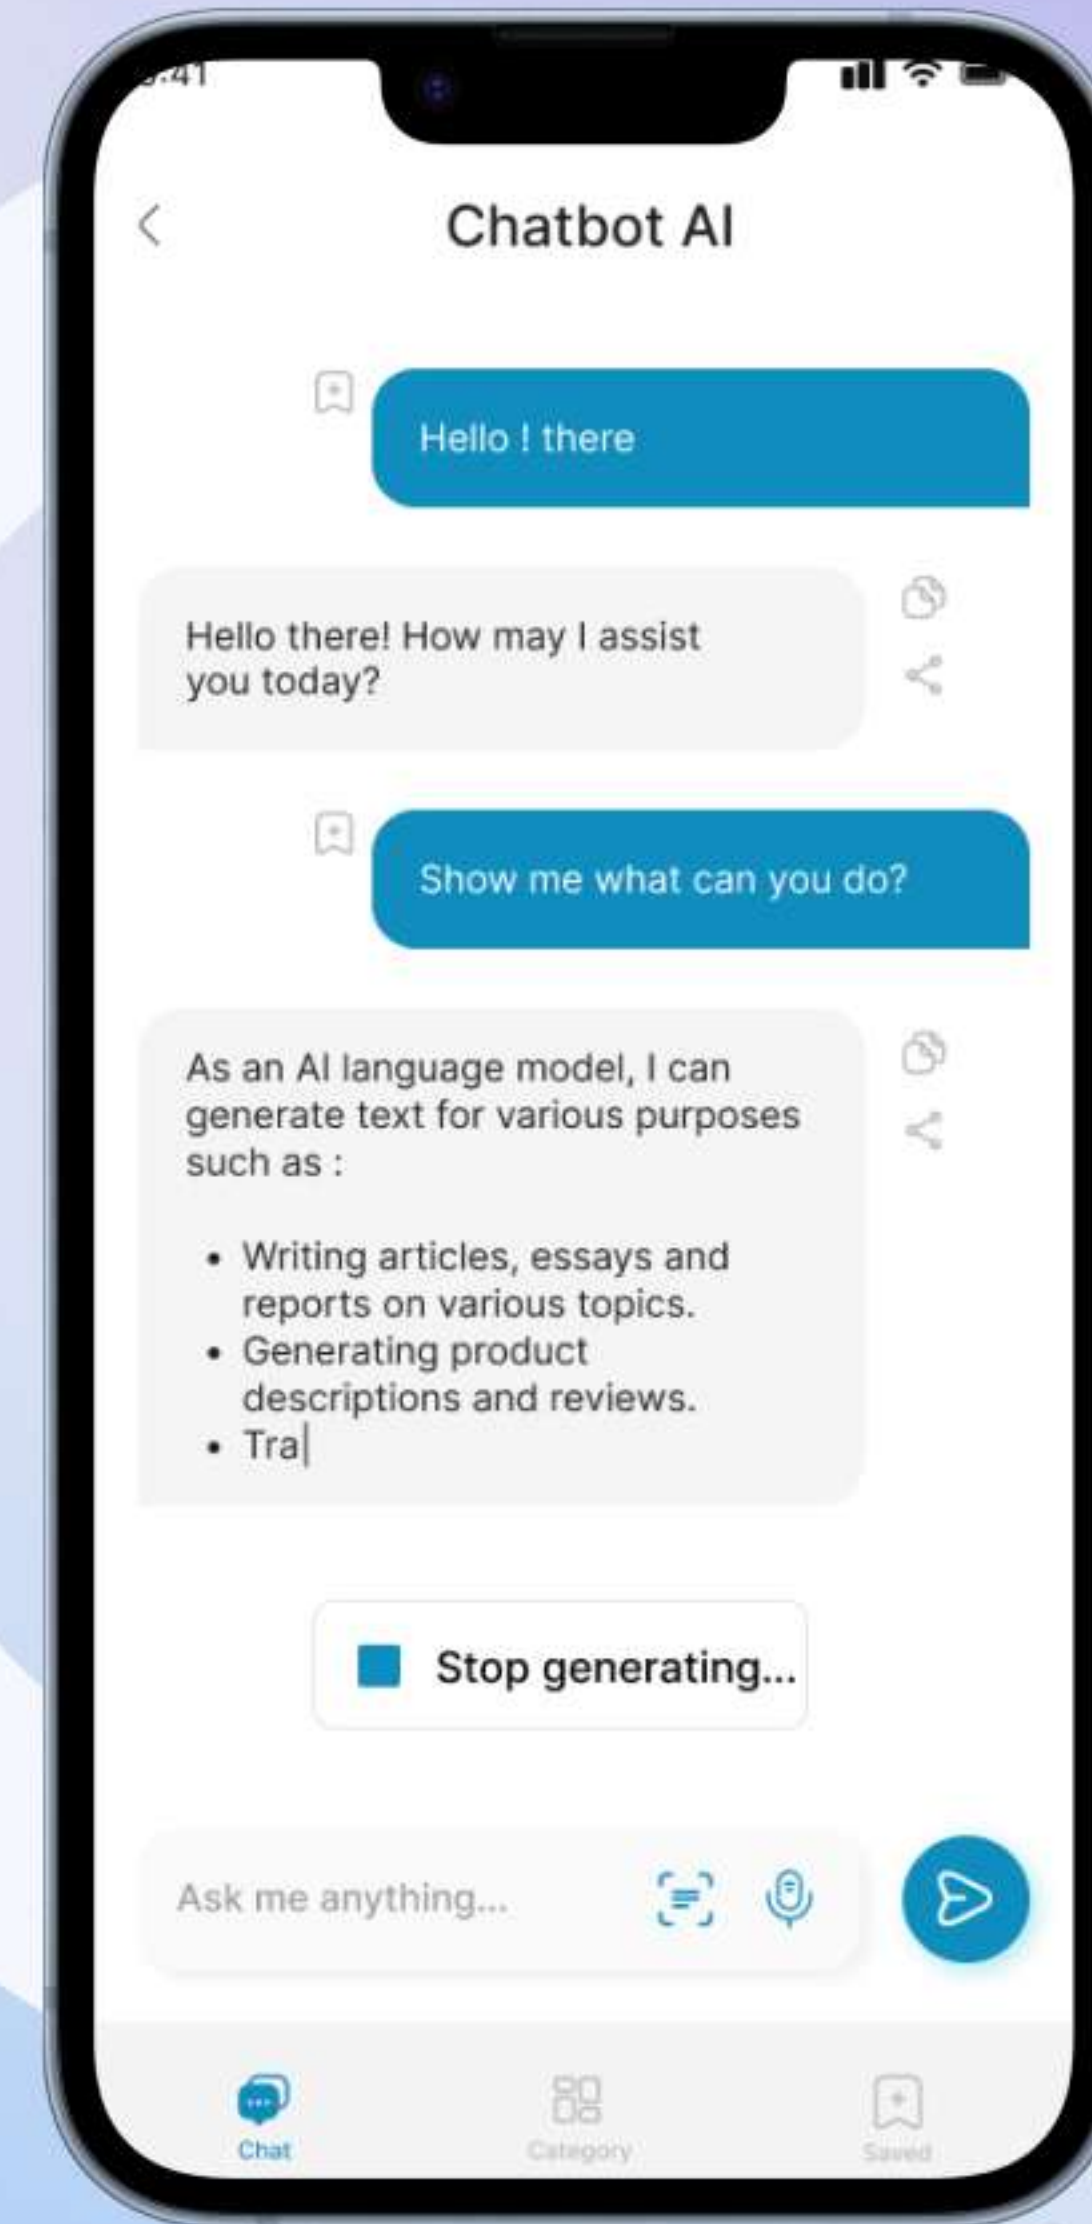

# Features

- ✓ Conversational AI Chatbot
- ✓ Natural Language Processing
- ✓ Contextual Awareness and Memory
- ✓ Integrations with External APIs and Services

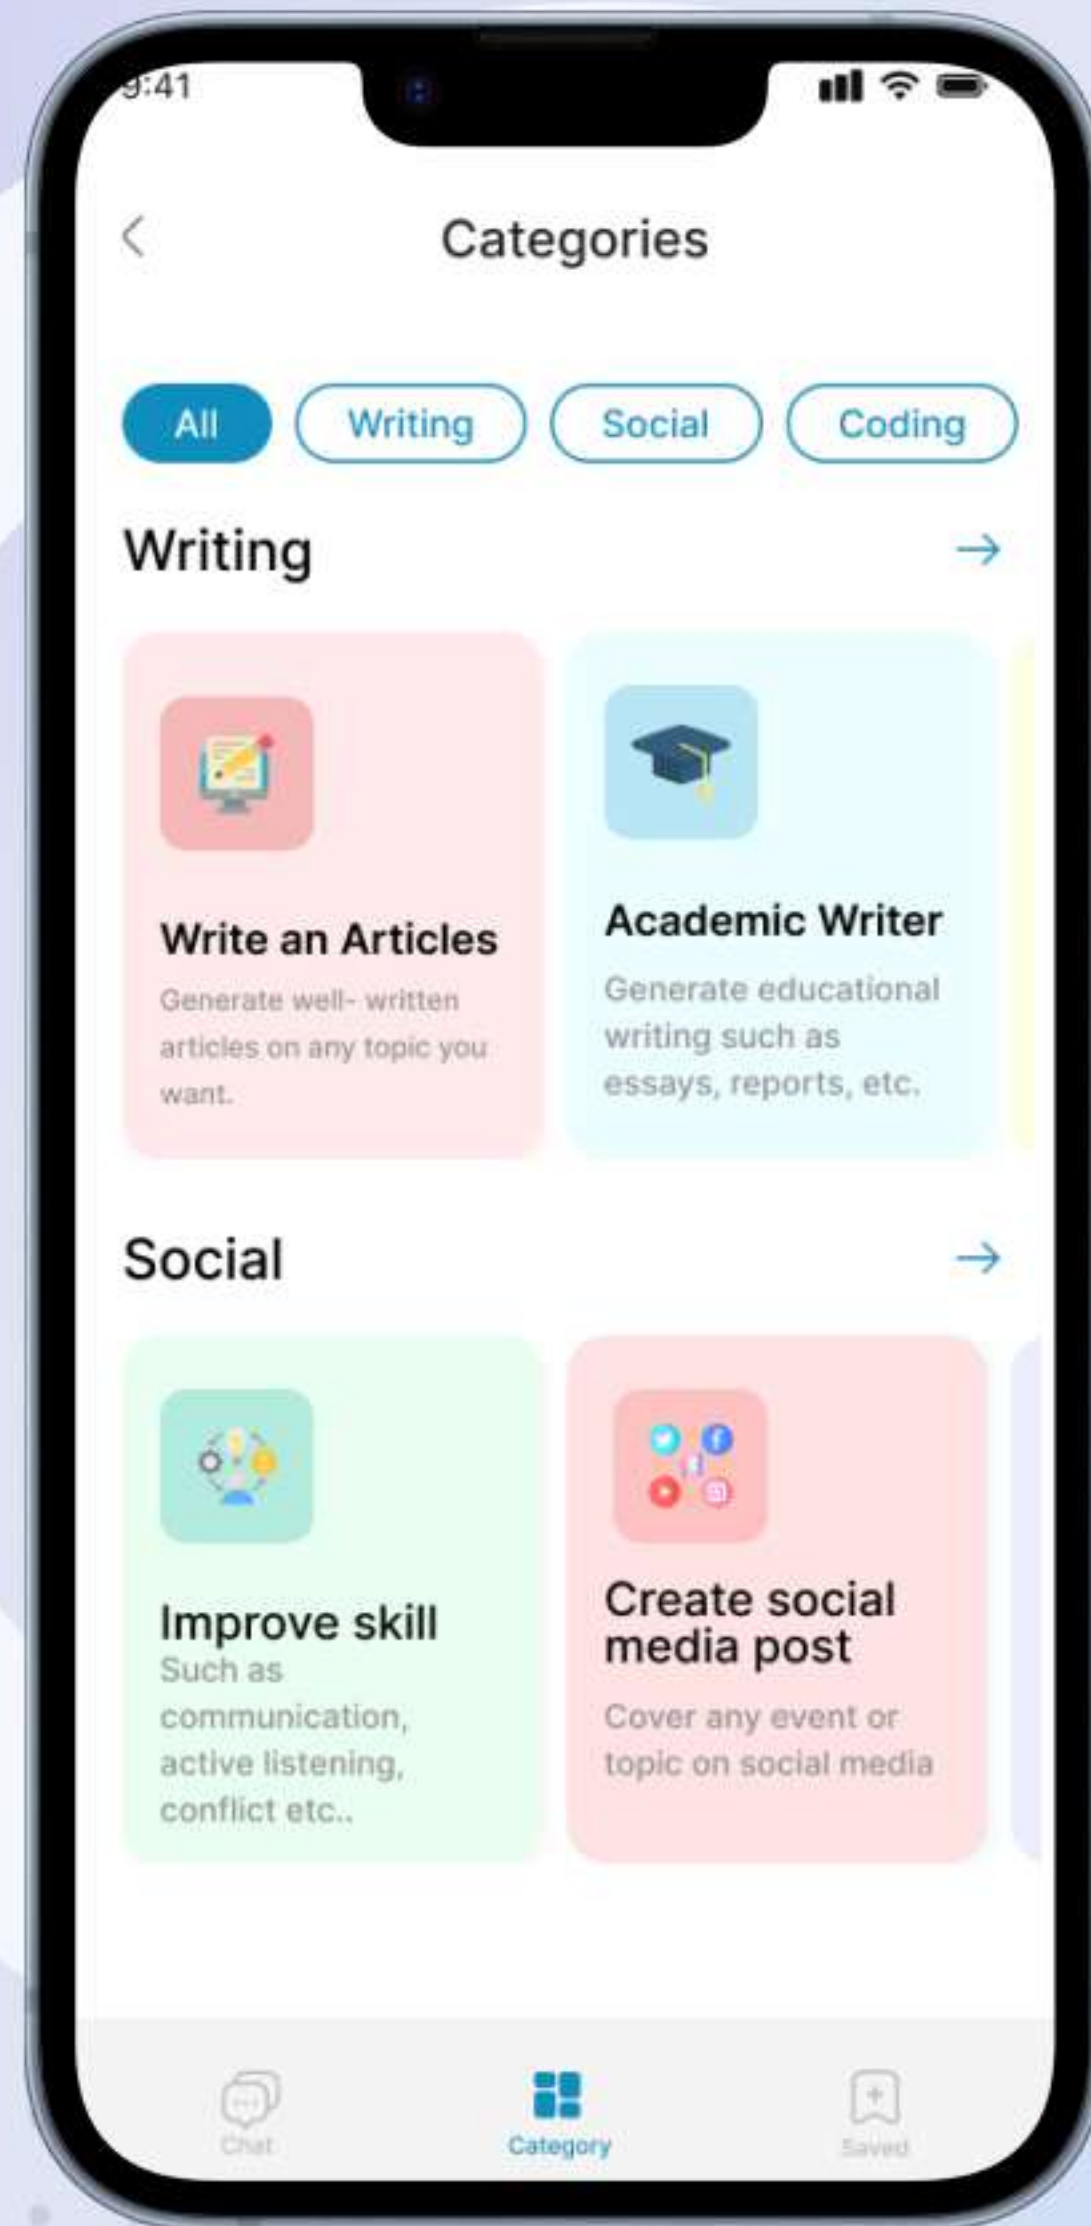

# Challenges

- ✓ Ensuring AI algorithms accurately interpret user messages and provide relevant responses, minimizing errors.
- ✓ Addressing user concerns about data privacy and security when processing and storing personal information.
- ✓ Integrating the AI-powered messaging platform with existing systems and platforms used by users, such as social media or messaging apps.
- ✓ Managing increased demand and usage as the user base grows, ensuring the platform remains stable and responsive.
- ✓ Regularly updating and fine-tuning AI models to adapt to evolving user preferences and language patterns, requiring ongoing resources and expertise.

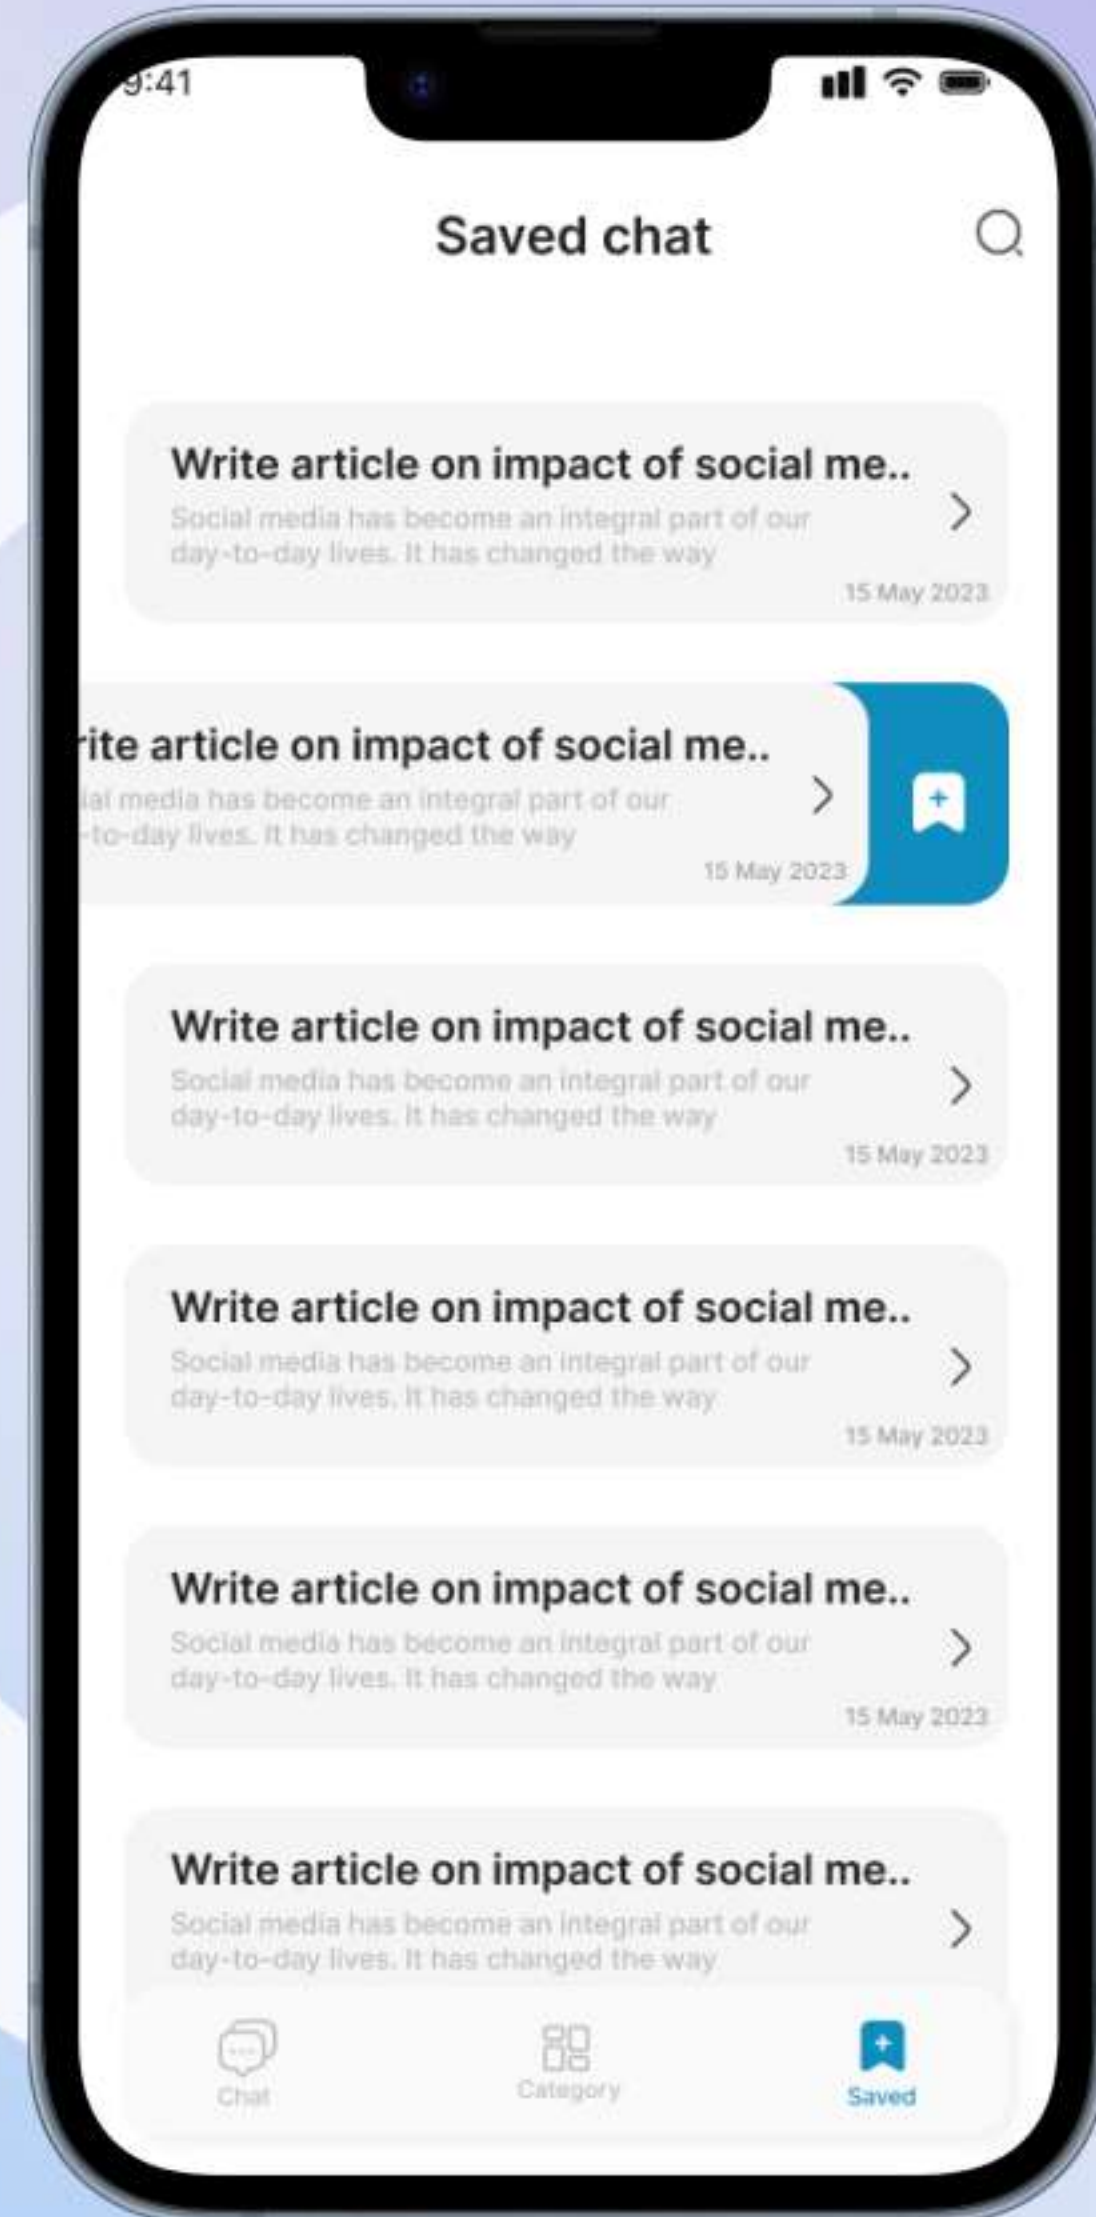

# Solutions

- ✓ Conversational AI chatbot that can understand and respond to user queries in a natural, contextual manner.
- ✓ Advanced NLP models trained on massive datasets to accurately process human language and interpret user intents.
- ✓ Contextual awareness and memory retention to provide coherent, personalized responses and a seamless user experience.
- ✓ Integration with external APIs and services to enable streamlined access to a wide range of information and functionalities.

# Impact

- ✓ Provides personalized and timely communication, leading to higher user satisfaction and engagement.
- ✓ Automates repetitive tasks and inquiries, freeing up human resources for more complex tasks.
- ✓ Builds stronger connections with users through personalized interactions, reducing churn rates.
- ✓ Collects valuable data on user interactions and preferences, informing future product development and marketing strategies.
- ✓ Differentiates the platform from competitors by offering superior communication experiences powered by AI technology.

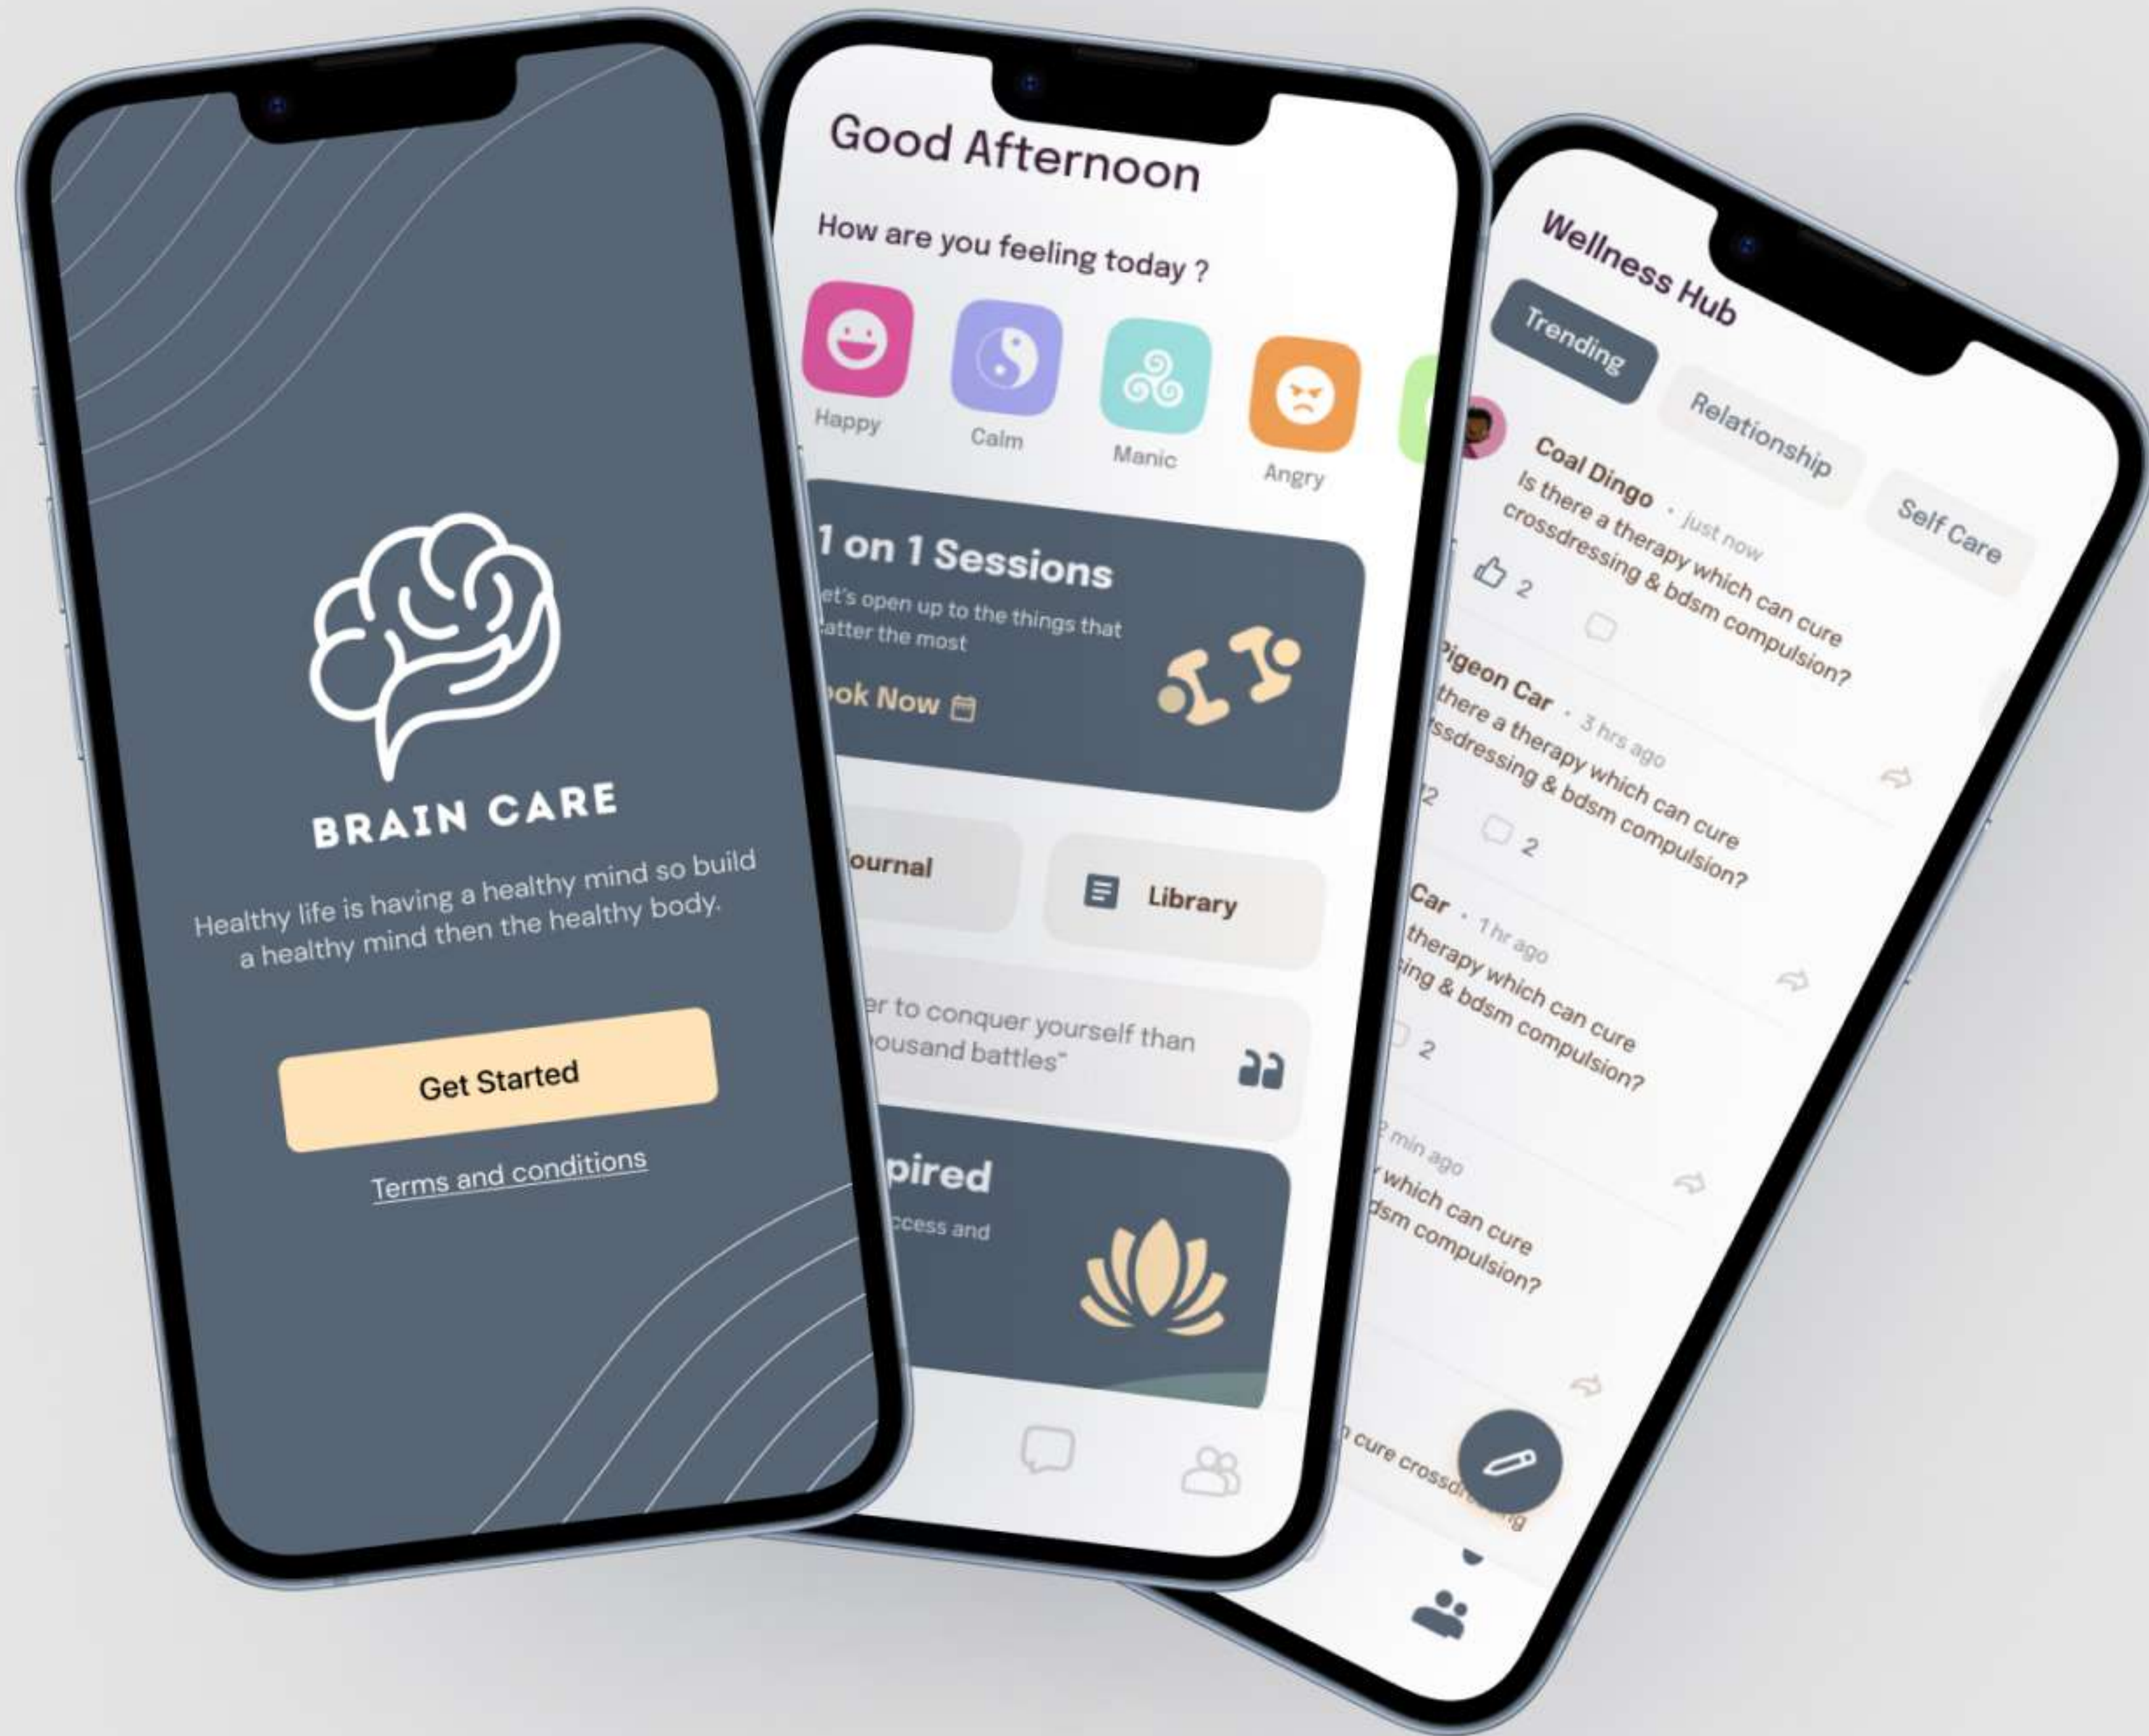

# Anonymous Self-care App

An innovative self-care app designed to provide users with a safe and anonymous space to explore and improve their mental and emotional well-being. Users can access a variety of self-care resources, including guided meditation sessions, mood tracking tools, journaling prompts, and coping techniques for managing stress and anxiety.

# BRAIN CARE

# Features

- ✓ Traveler Profiles
- ✓ Bus Schedules and Availability
- ✓ Intuitive Booking Process
- ✓ Alerts and Notifications
- ✓ Cancellations and Refunds

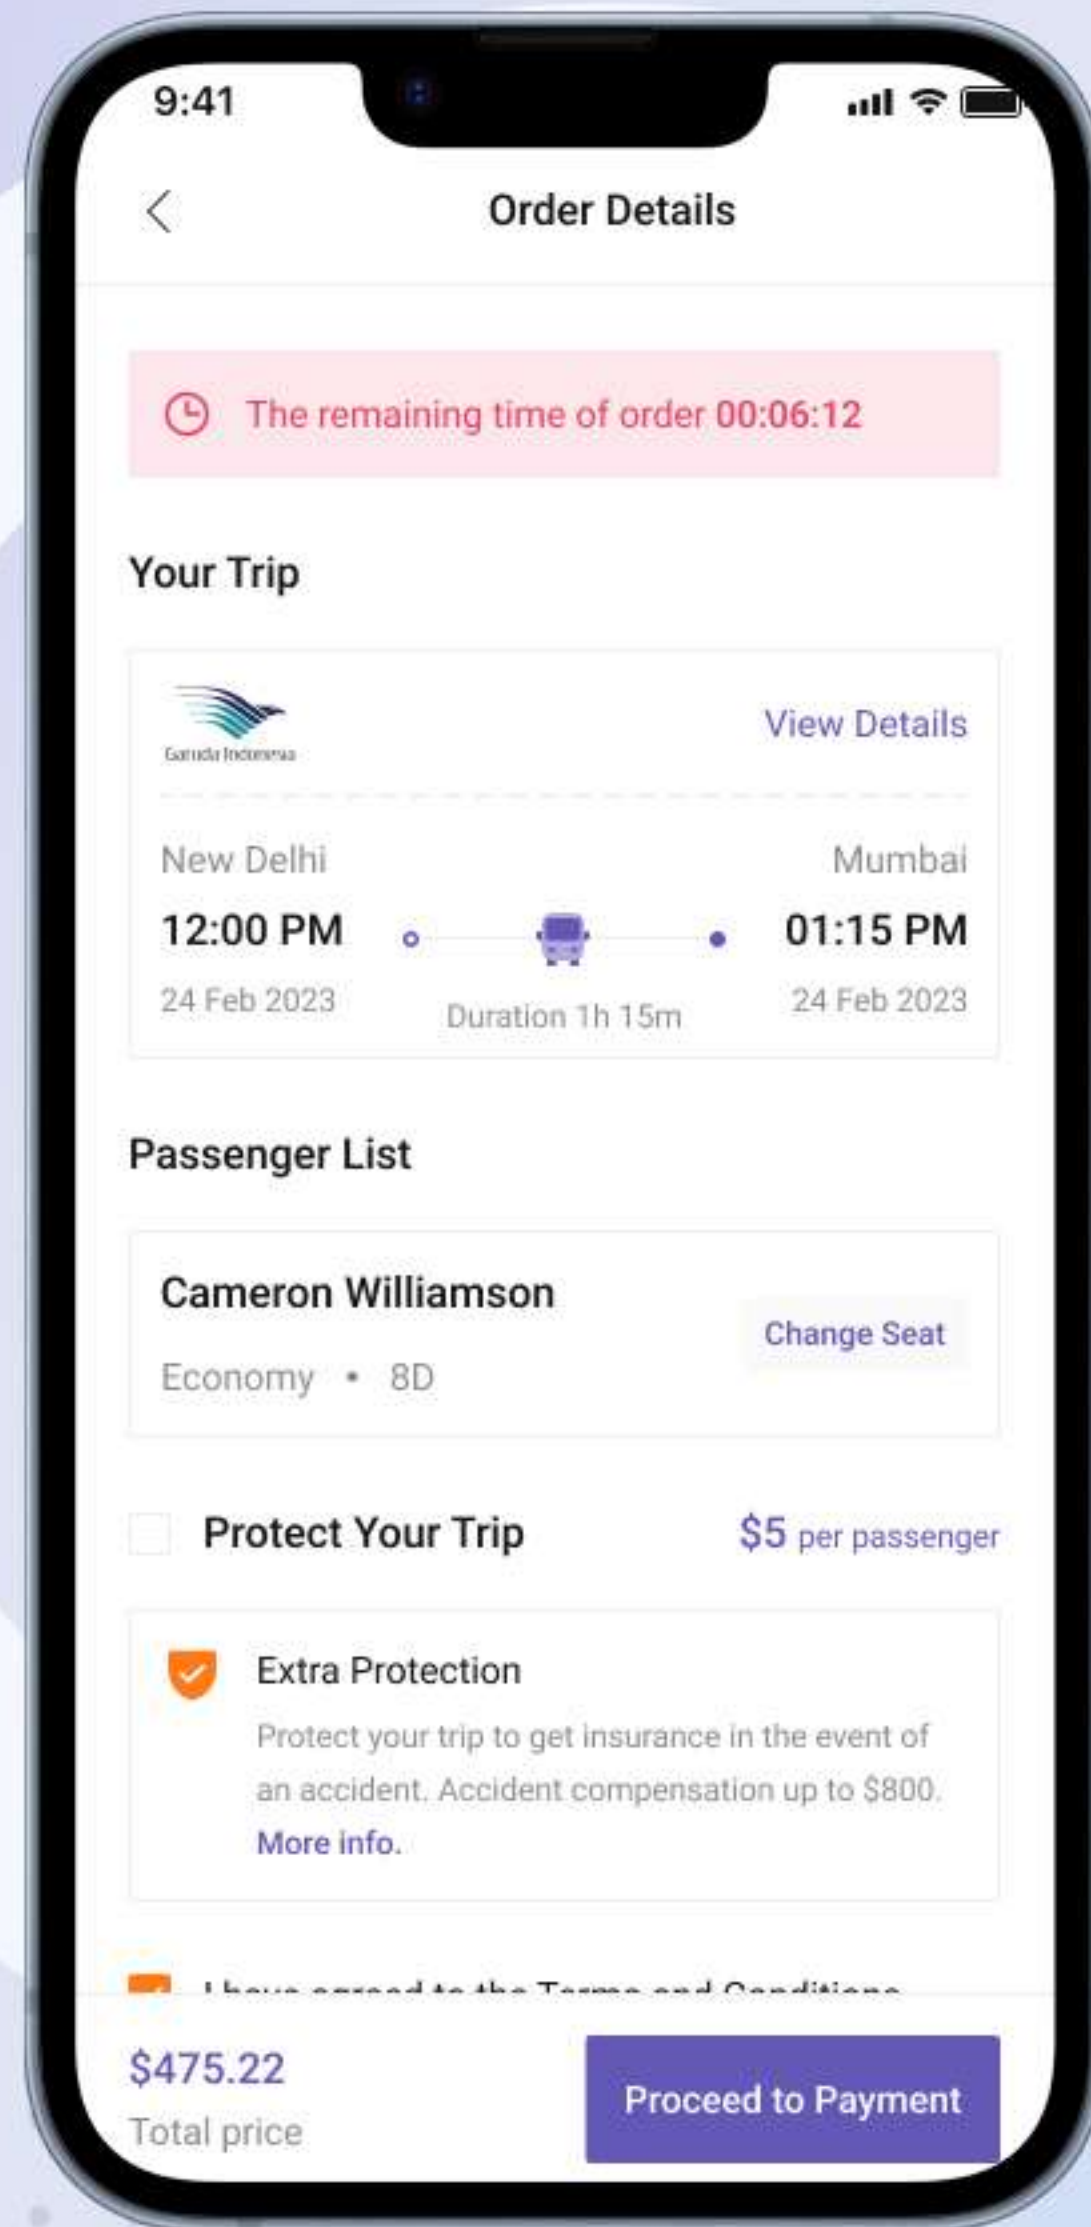

# Challenges

- ✓ High payment failure rates
- ✓ Server failures during peak loads
- ✓ Bus breakdowns and cancellations
- ✓ Refund disputes due to delays
- ✓ Booking errors by users

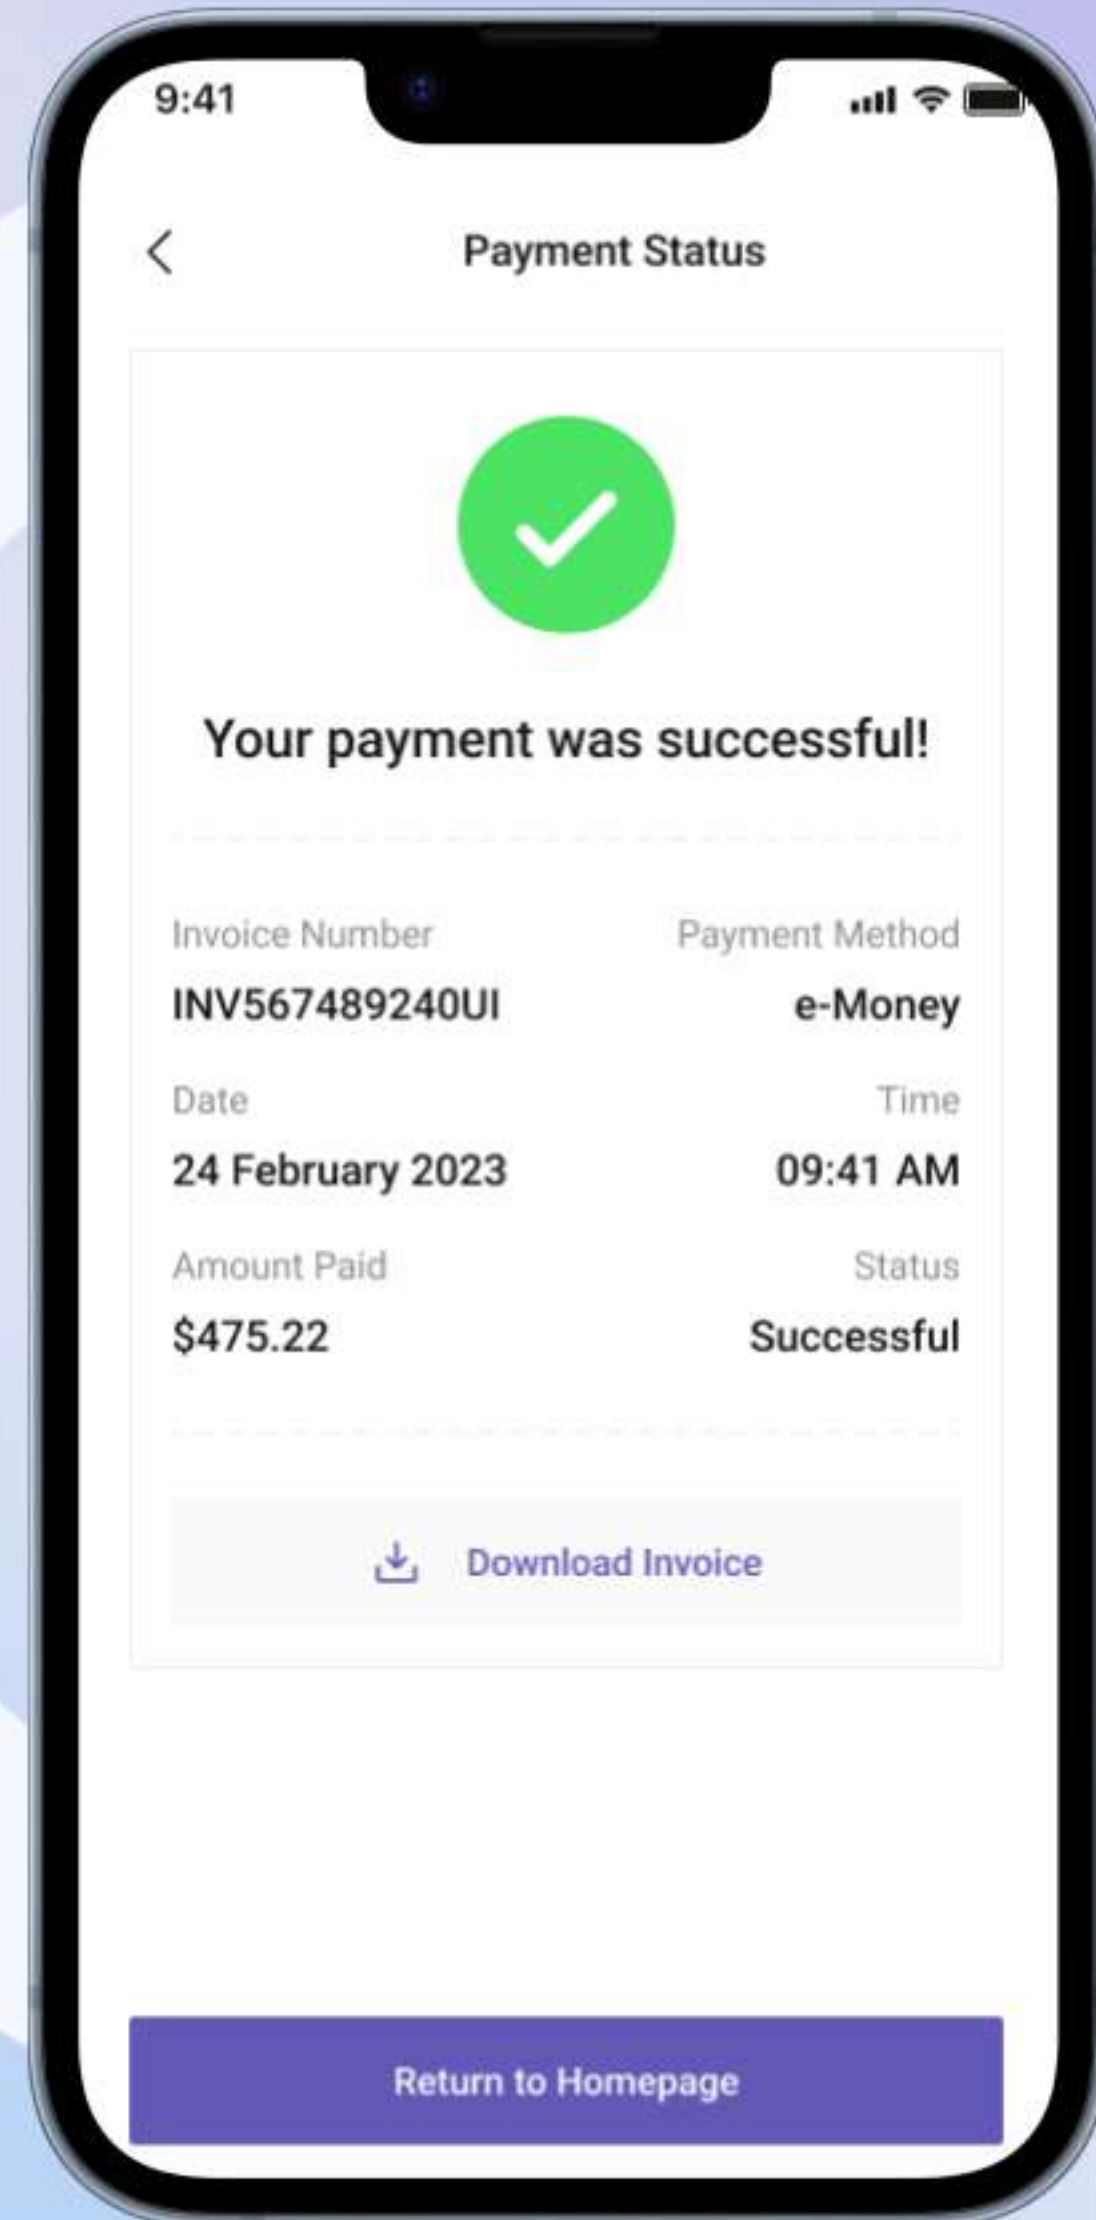

# Solutions

- ✓ Redundant payment gateways
- ✓ Load balanced servers on the cloud
- ✓ Backup buses and immediate alerts
- ✓ Automated refund workflow
- ✓ Confirmation and edit screens before booking

# Impact

- ✓ 8% increase in payments success
- ✓ 99.9% server uptime SLA adherence
- ✓ 92% bus delays covered by backups
- ✓ 87% refunds processed within 24 hrs

# Business AI Management Solution

- Platform developed to manage AI systems in enterprise. Provides model governance, monitoring, and automation
- Creates centralized inventory of models, data, and infrastructure. Aims to increase efficiency, compliance, and control of AI

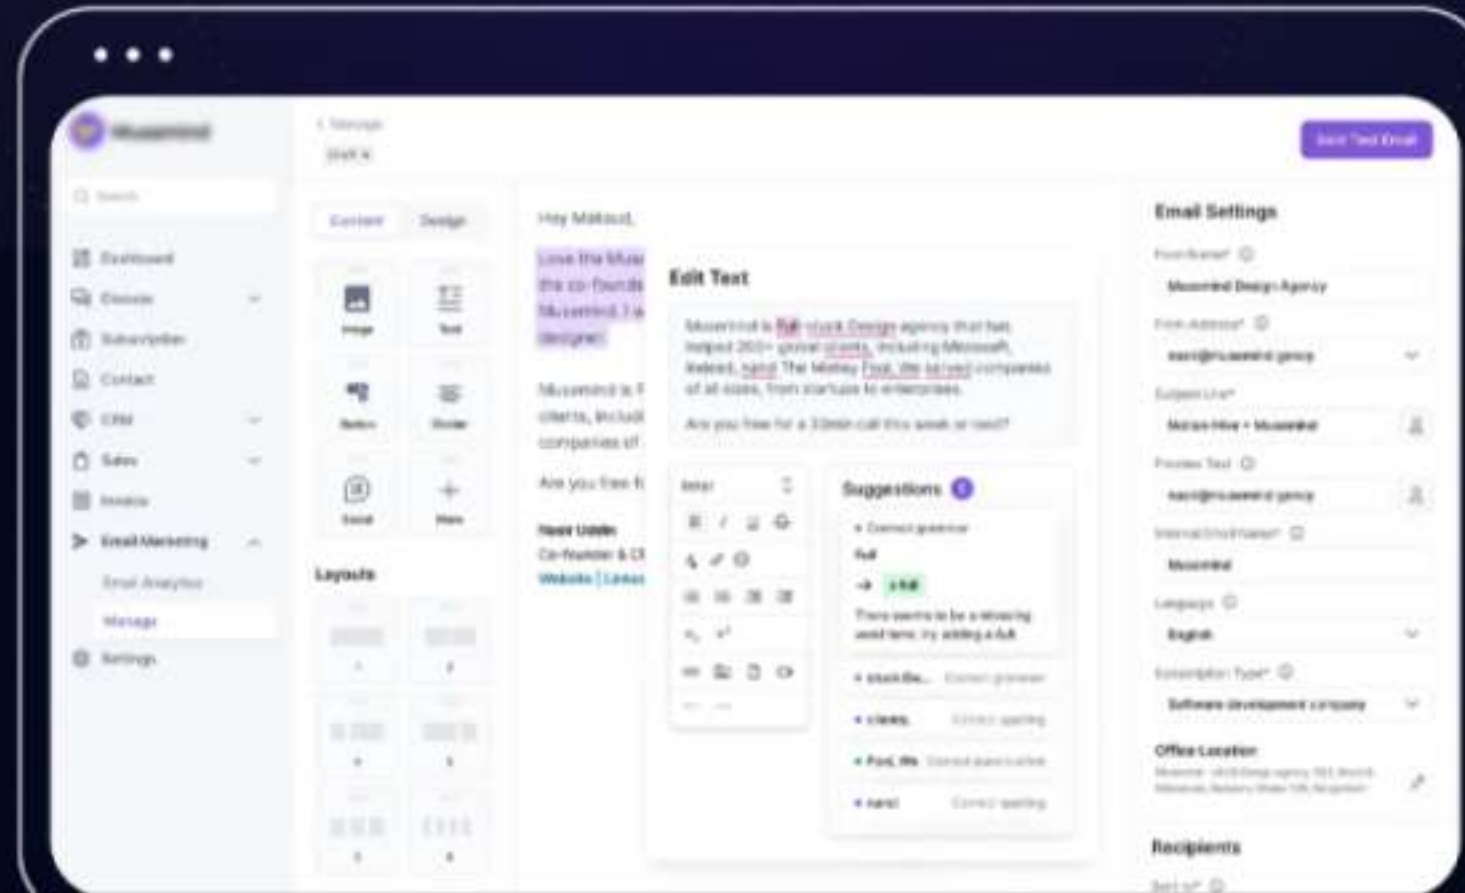

# High-Quality Way to Write your **Technical**

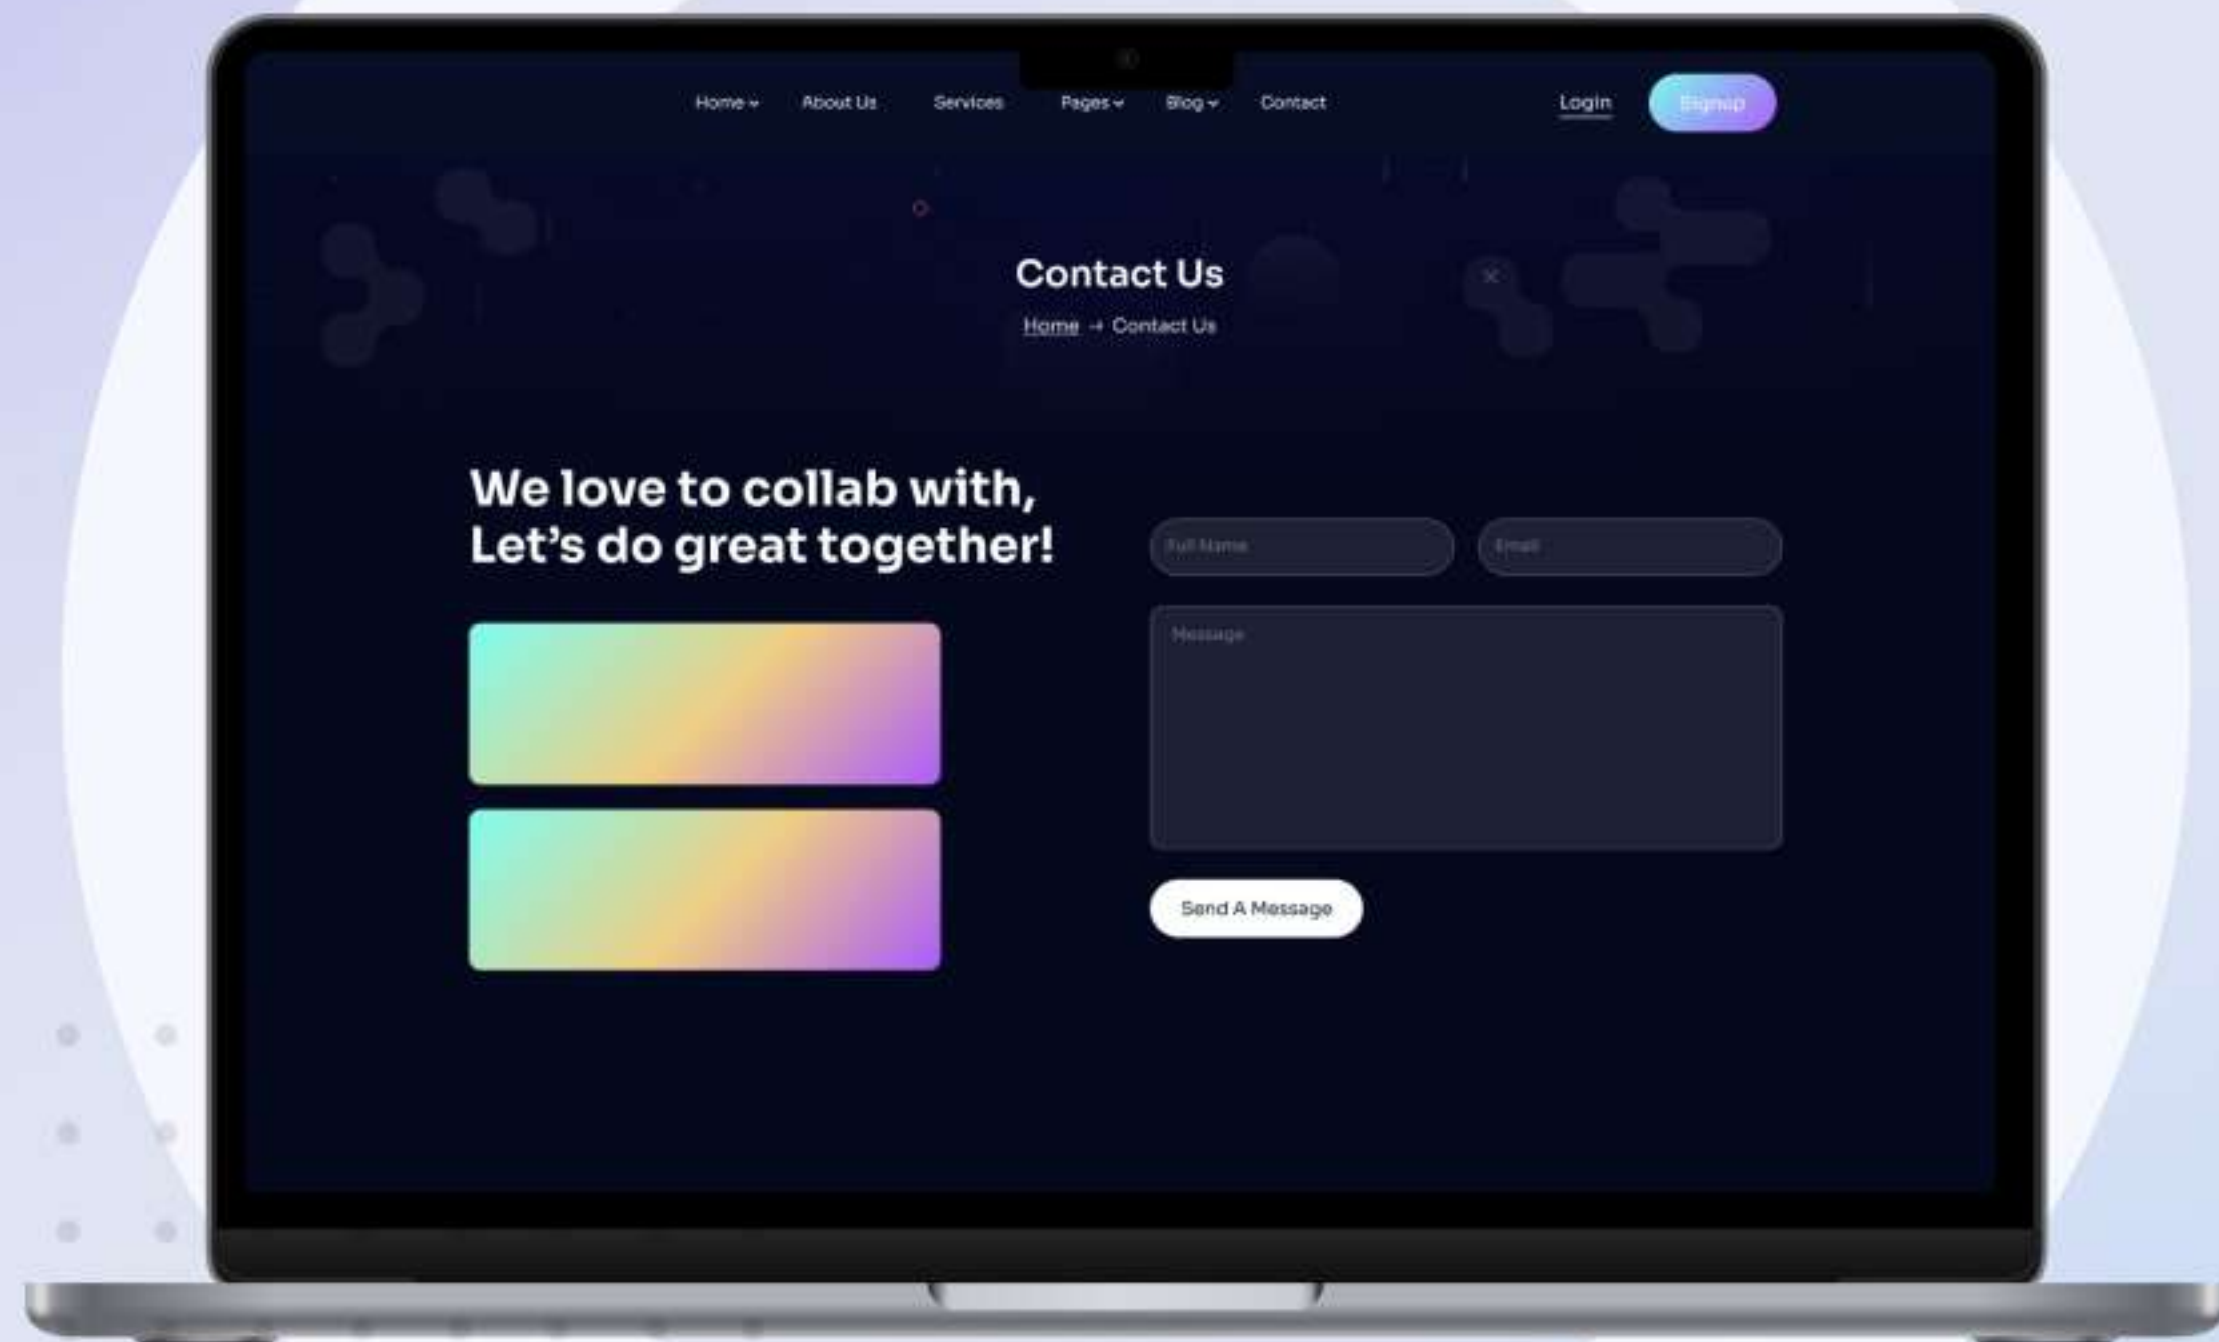

AI Copywriting is revolutionizing the way content is created. AI can create content for blogs, articles, websites, social media and more.

Get Started

# Features

- ✓ Inventory of all AI assets
- ✓ Monitoring of model performance
- ✓ Model versioning and validation
- ✓ Automated workflows for development and deployment
- ✓ Role-based access controls
- ✓ Analytics and reporting

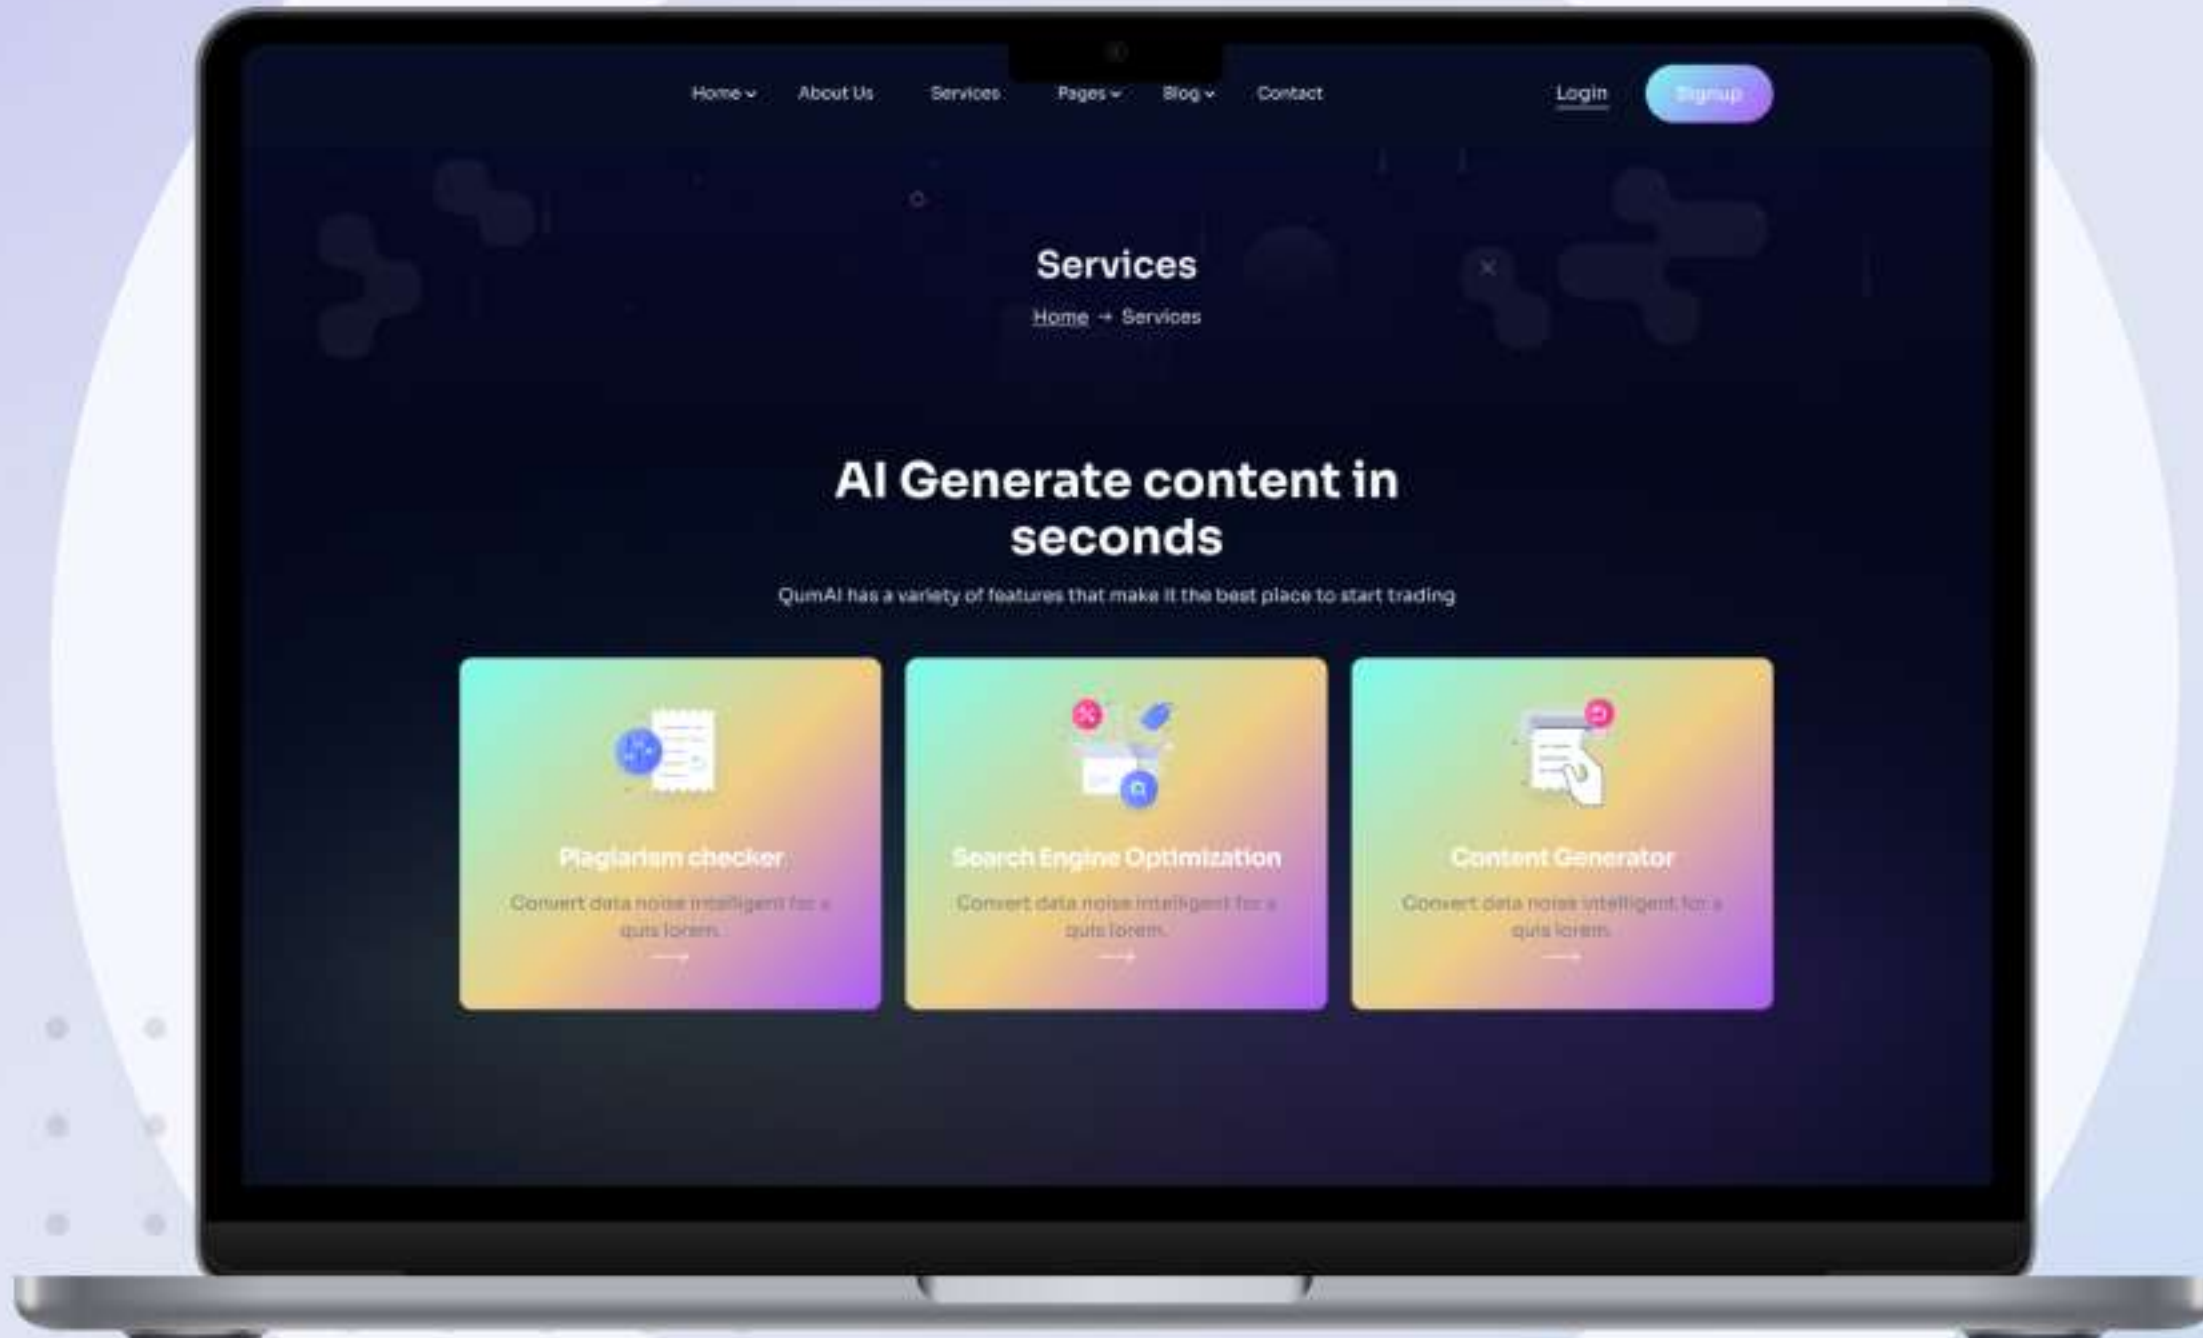

# Challenges

- ✓ Siloed and ad hoc AI development
- ✓ Lack of skills in MLOps and best practices
- ✓ Poor tracking of model performance data
- ✓ Difficulty reproducing experiments
- ✓ Unregulated model access and decay
- ✓ Justifying required investment

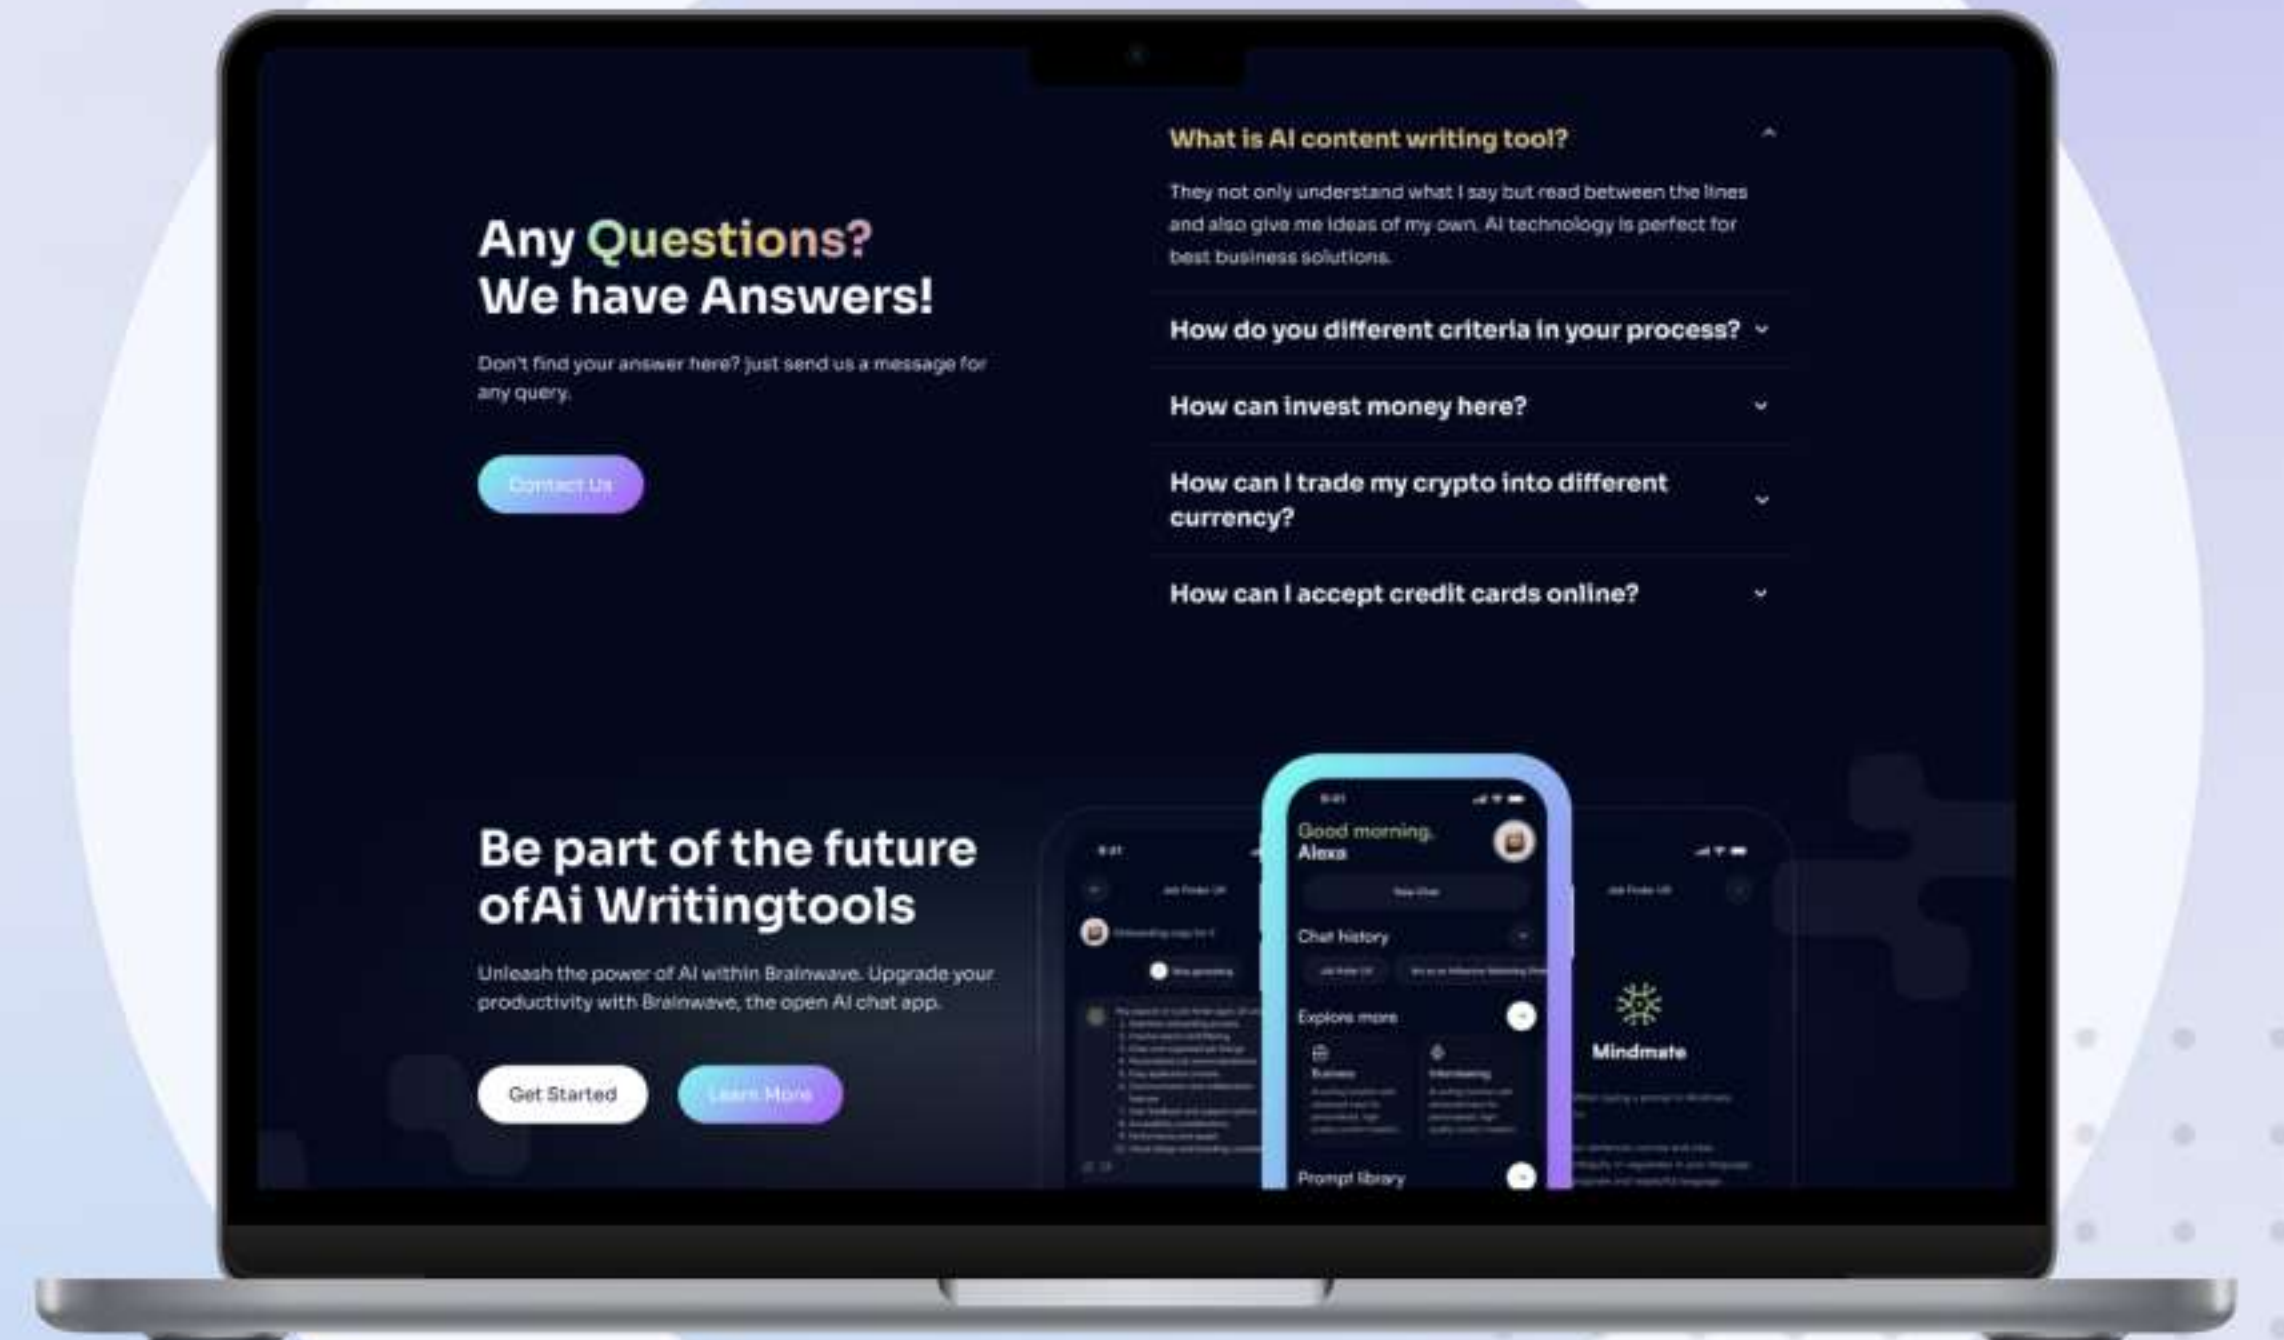

# Solutions

- ✓ Centralized model repository
- ✓ Training programs on MLOps
- ✓ Instrumented model monitoring
- ✓ Model versioning and pipeline automation
- ✓ Access controls and re-training triggers
- ✓ Process automation to reduce overhead

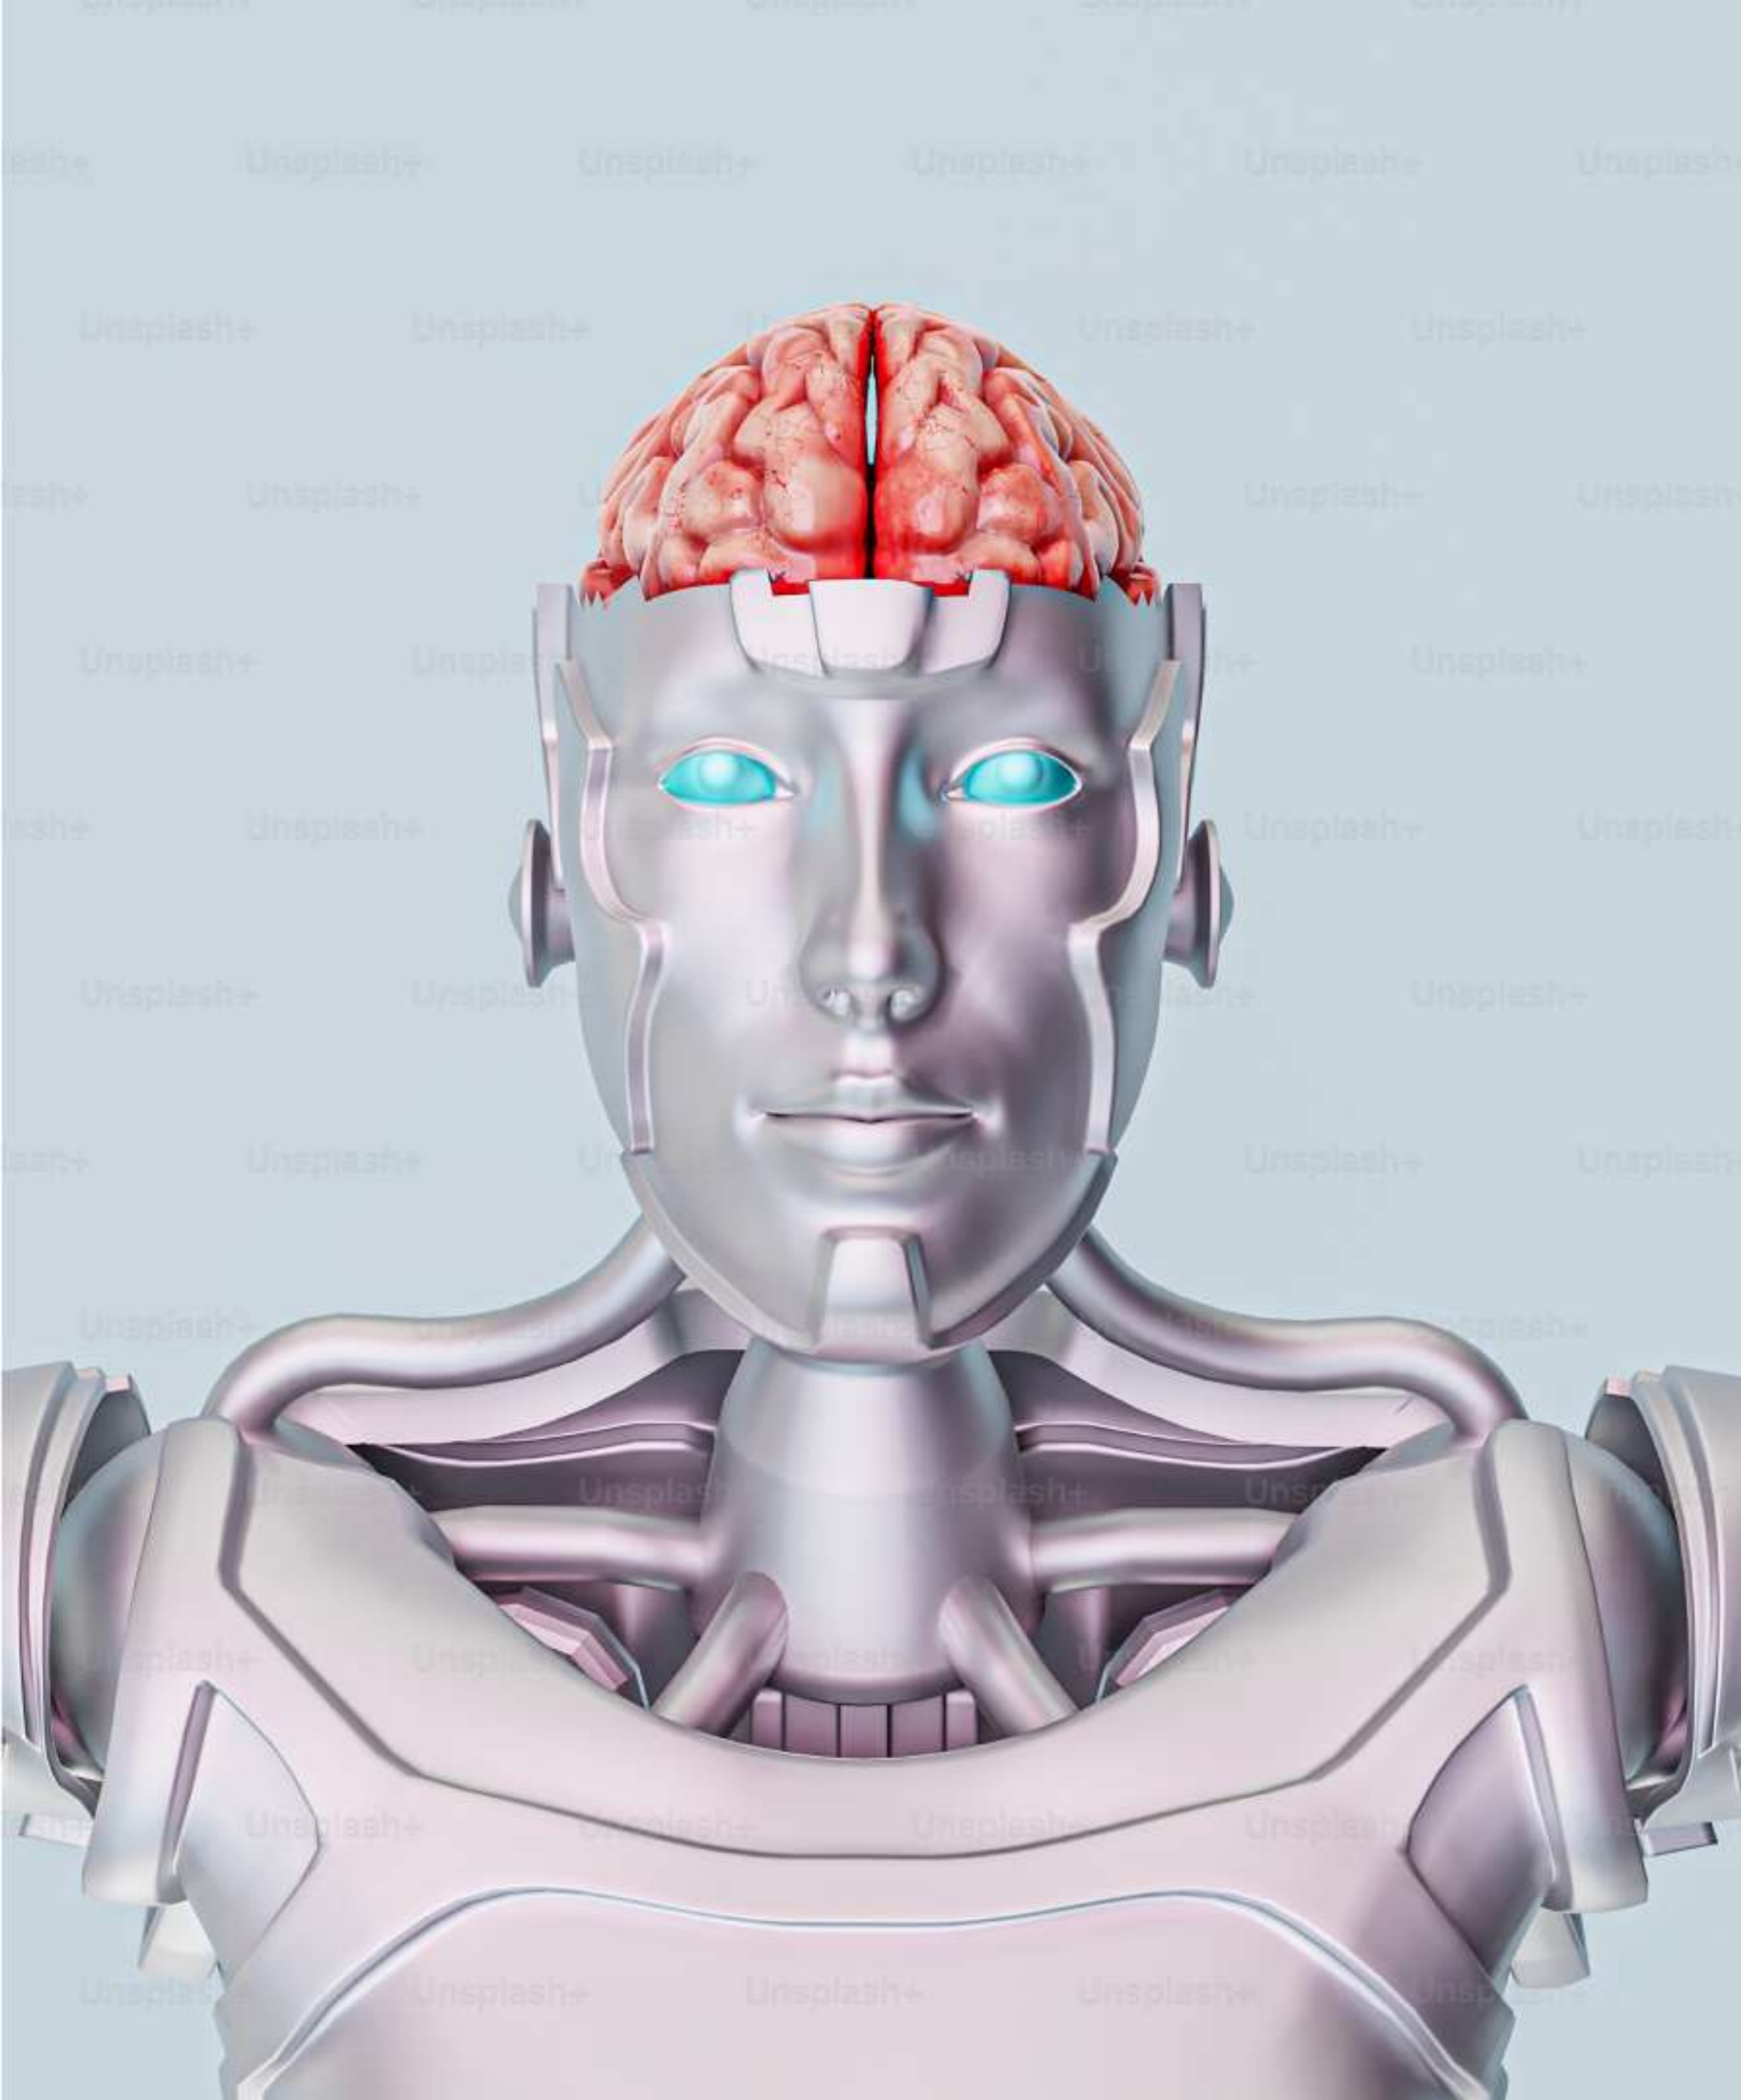

# Impact

- ✓ Increased model accuracy and uptime
- ✓ Faster development and deployment cycles
- ✓ Reduced AI risk and improved compliance
- ✓ More consistent model development practices

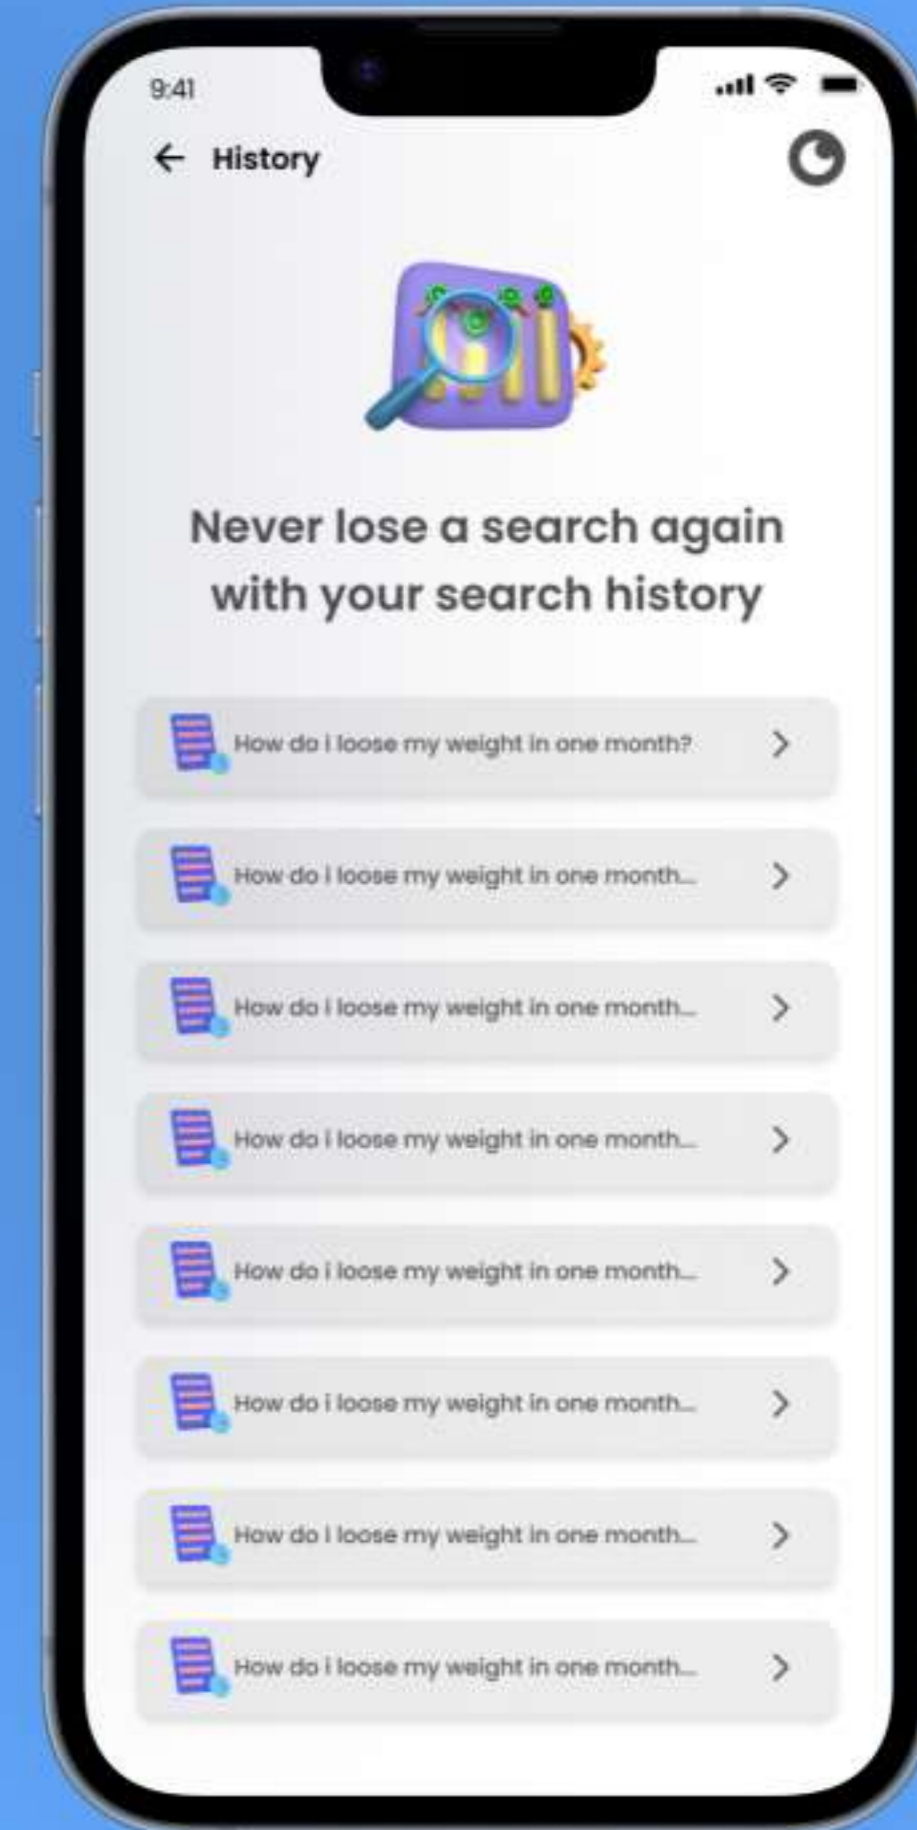

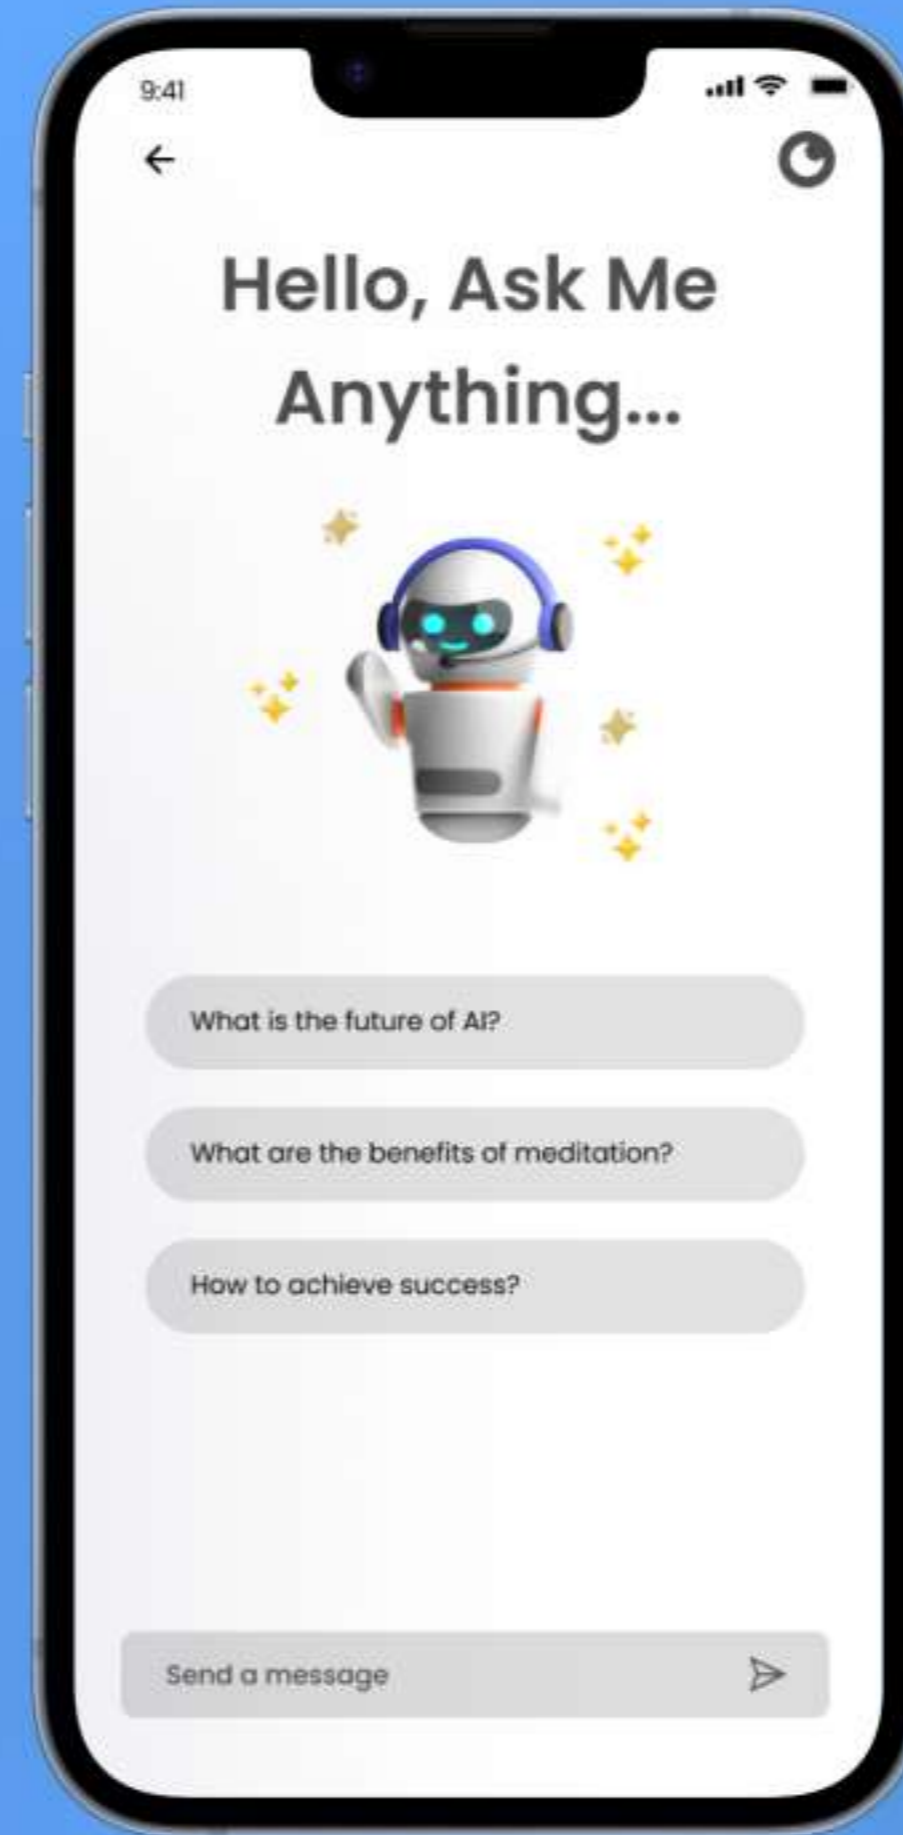

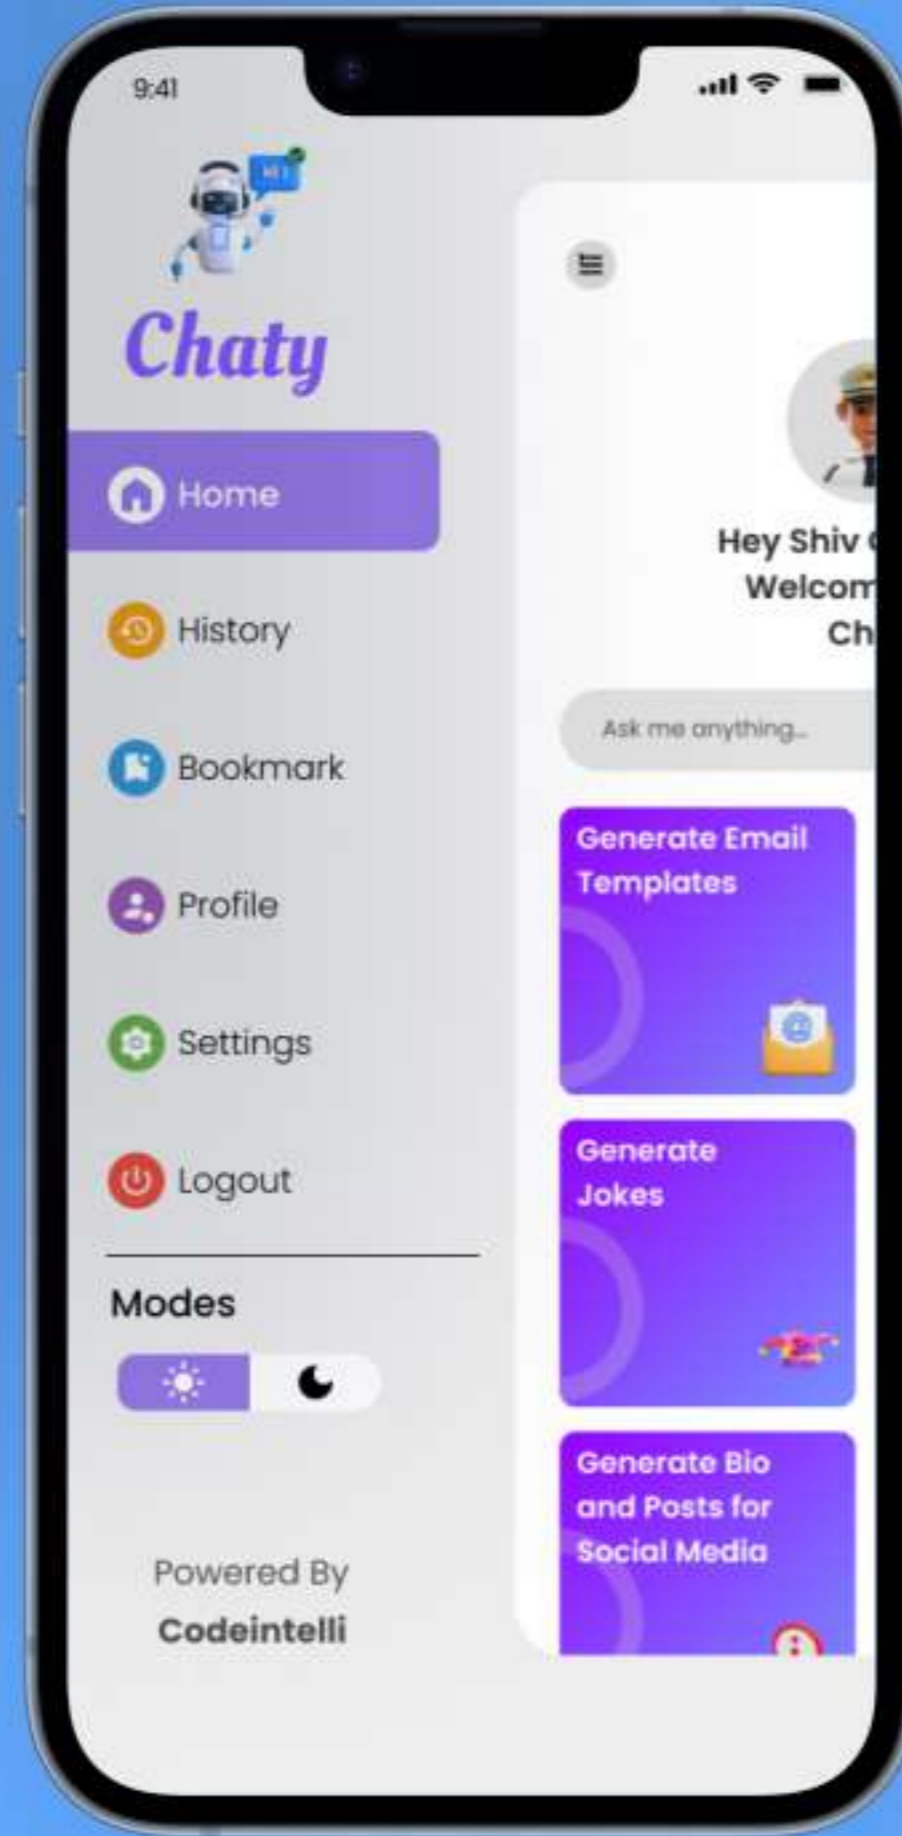

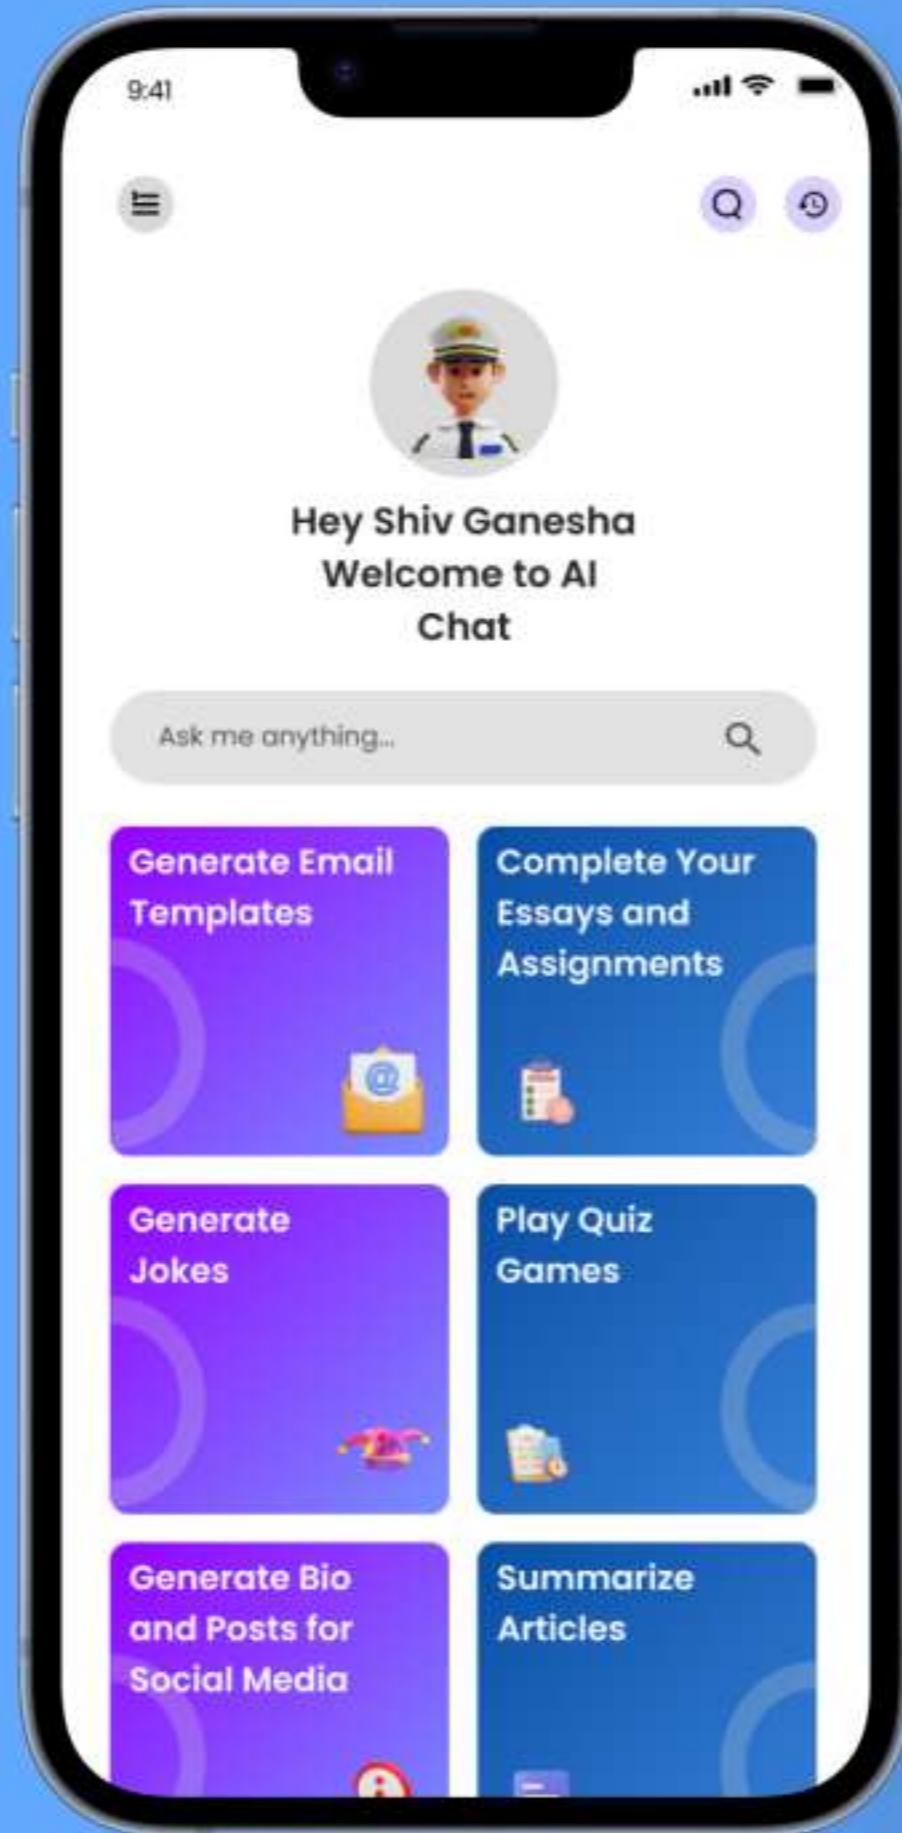

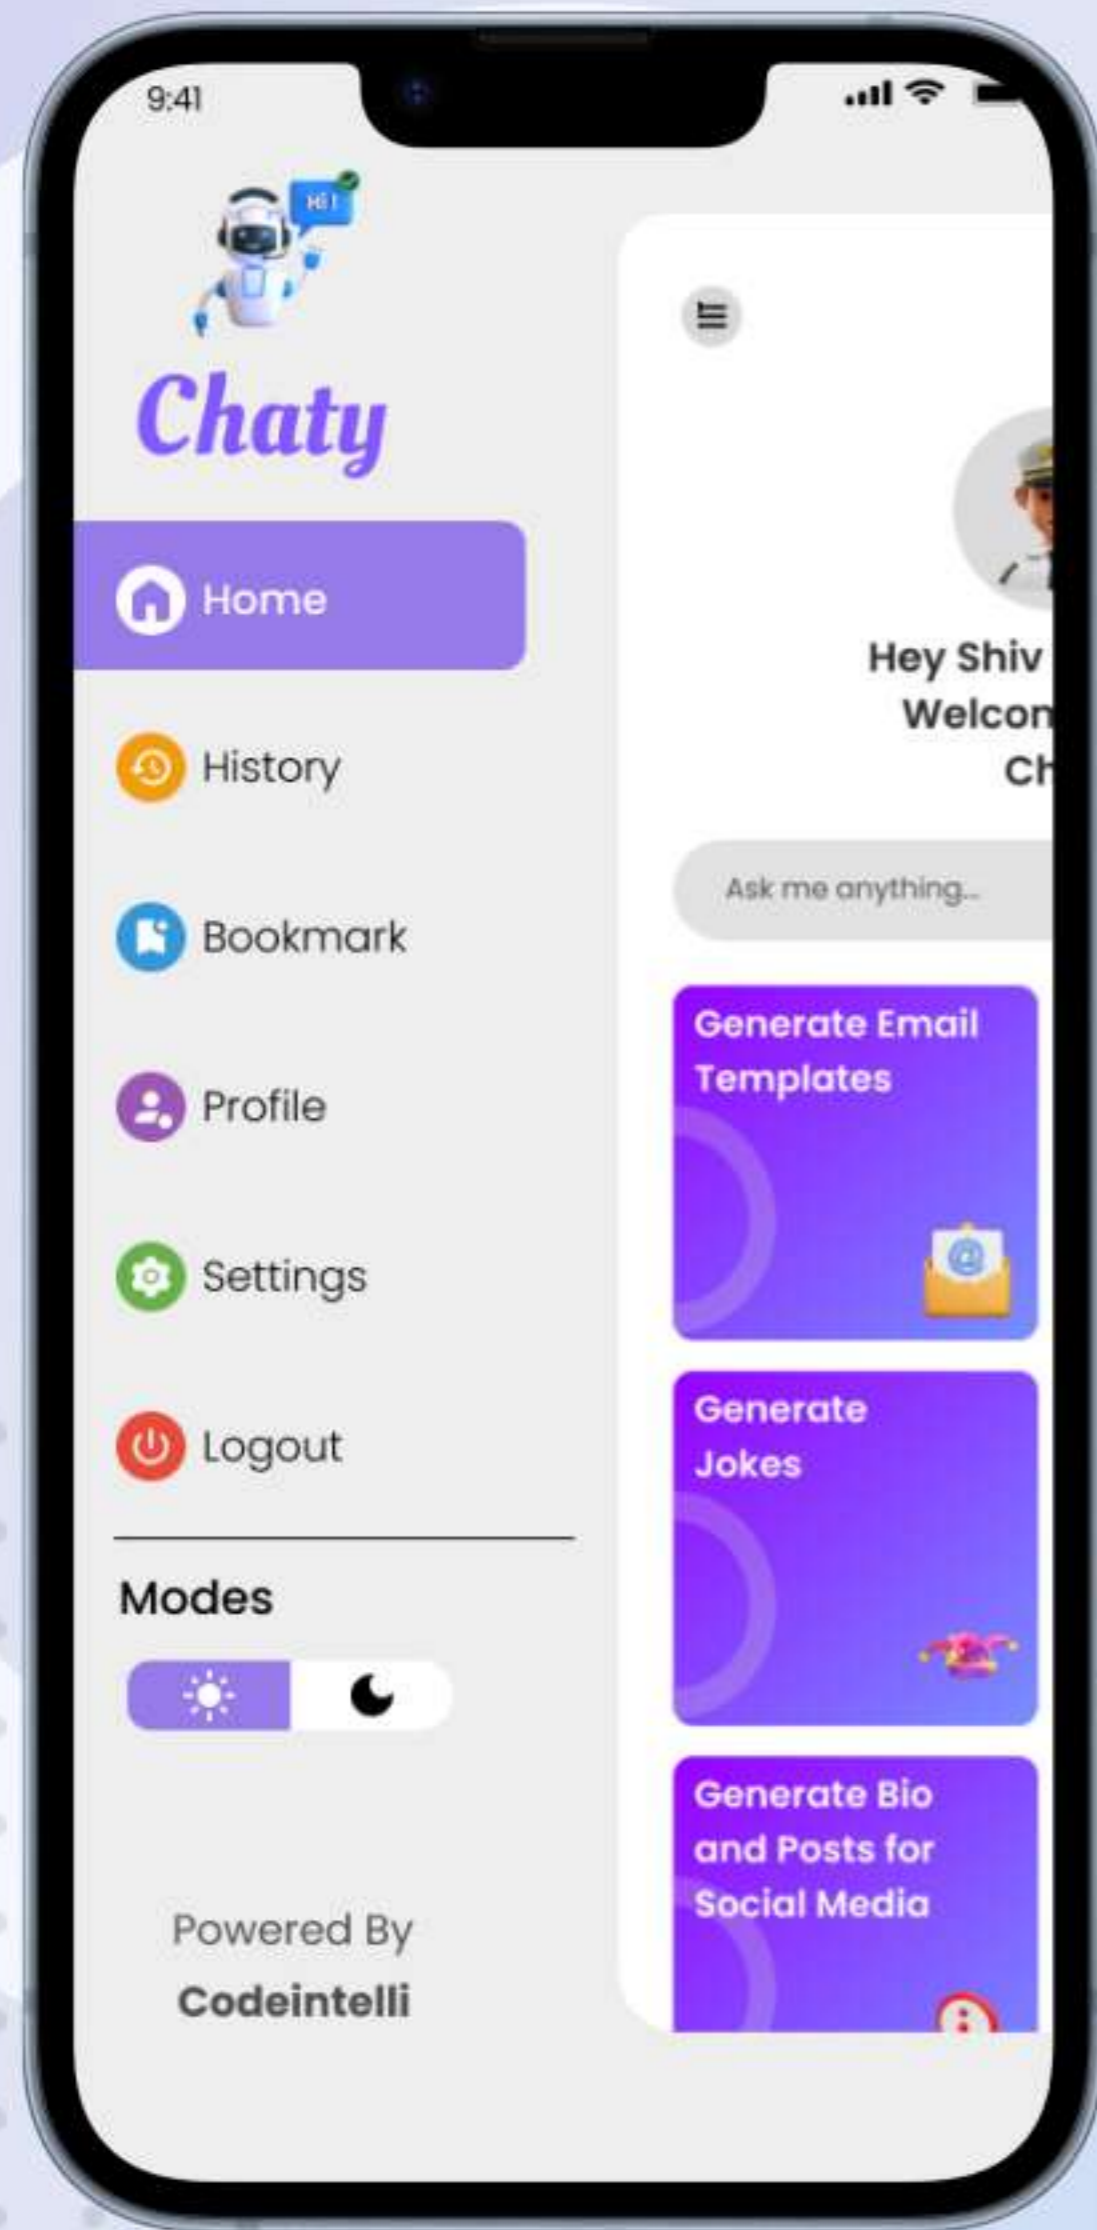

# ChatGPT Clone iOS Application:

As backend developer and project manager, our team successfully built an advanced iOS app offering engaging user experiences powered by ChatGPT integration. We focused on security, scalable infrastructure, and streamlined subscription management.

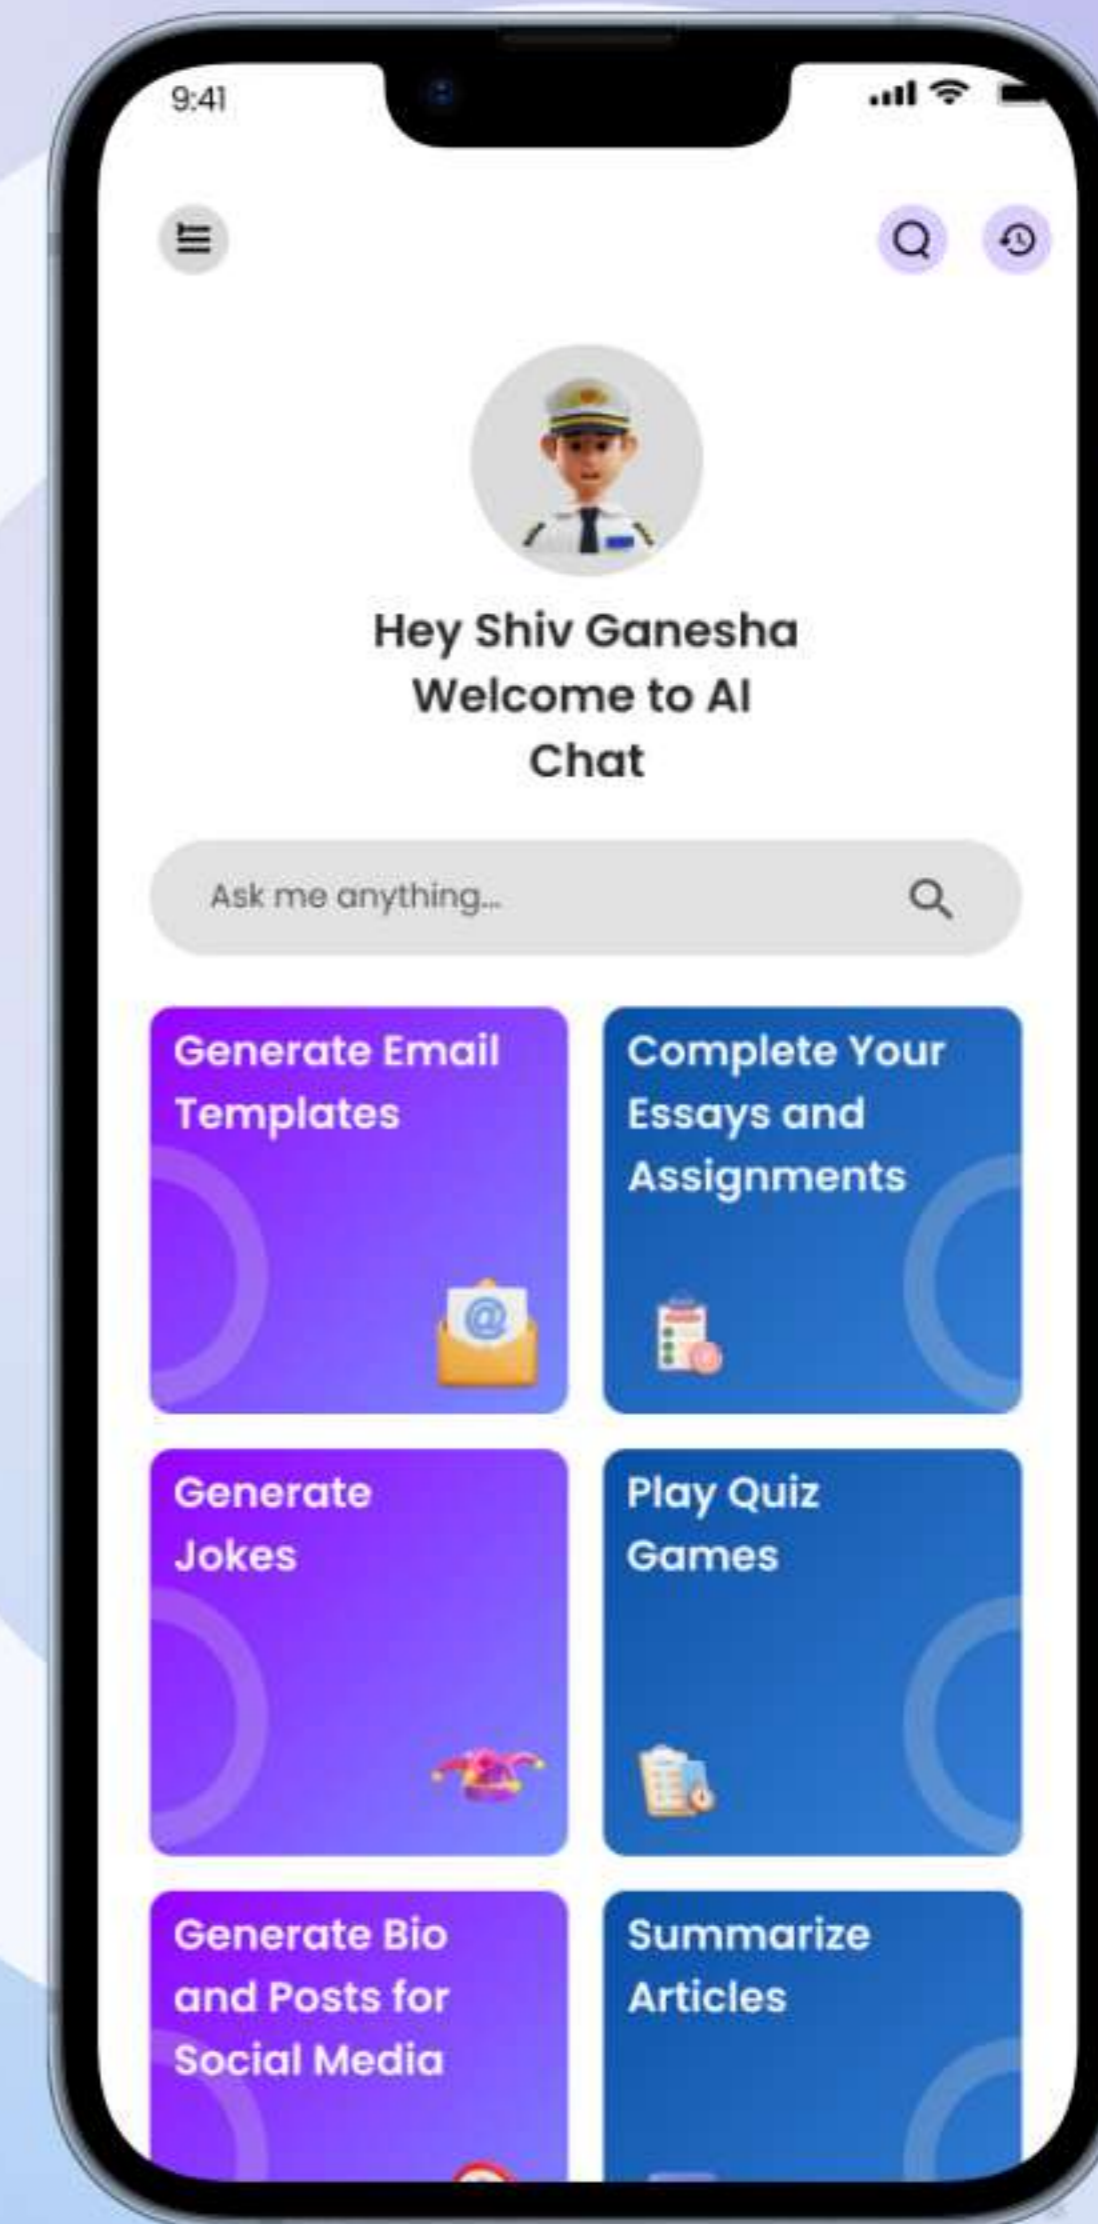

# Features

- ✓ Intelligent ChatGPT Integration
- ✓ Usage-Based Subscription Plans
- ✓ Integrations and Webhooks
- ✓ Flexible Conversational Experience
- ✓ Flexible Subscription Plans
- ✓ Key Integrations

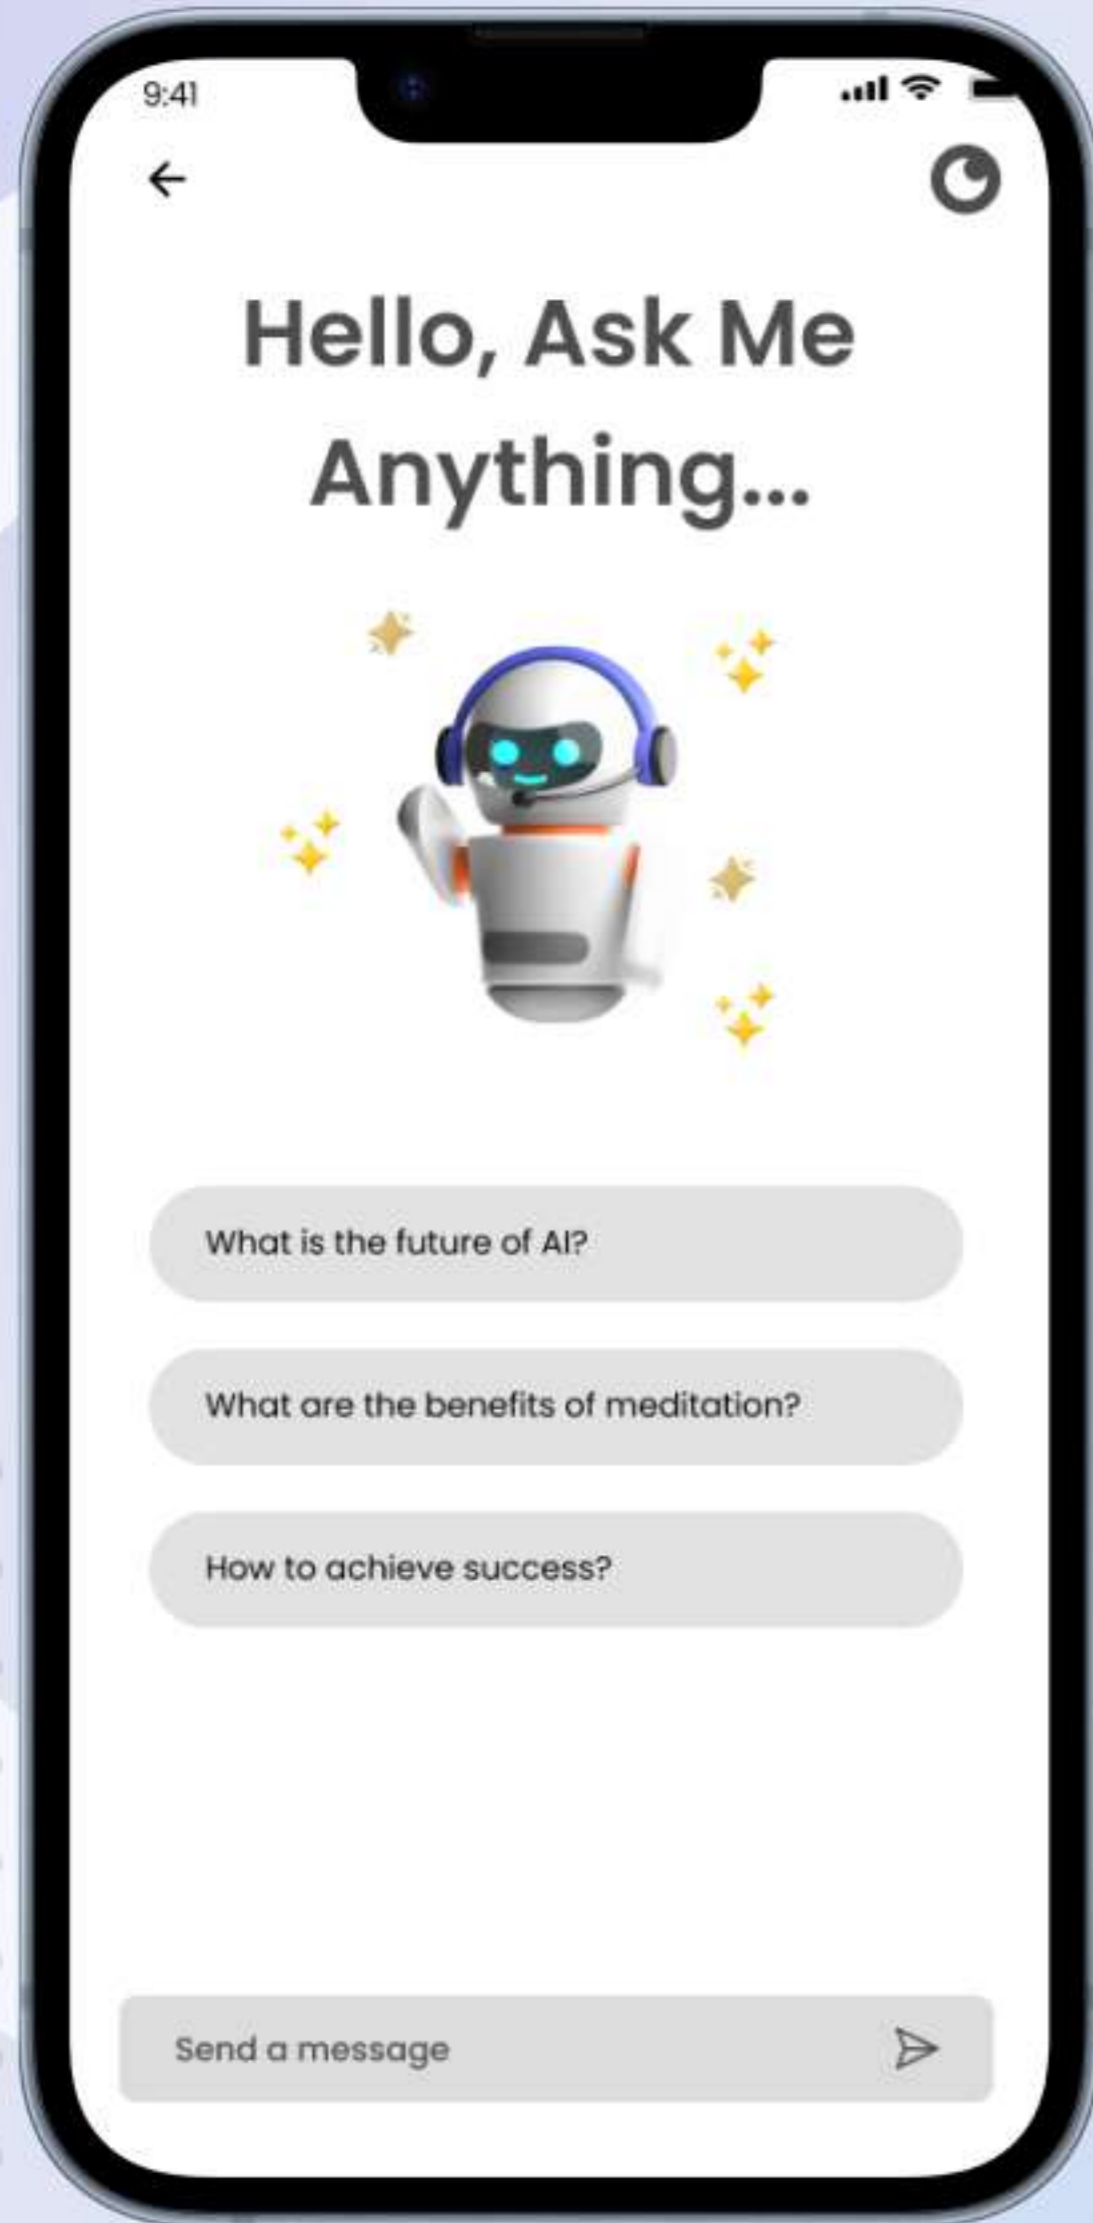

# Challenges

- ✓ Managing dynamic subscription configurations and billing systems
- ✓ Controlling access to balance usage for differentiated tiers of users
- ✓ Maintaining high performance across rapidly scaling application

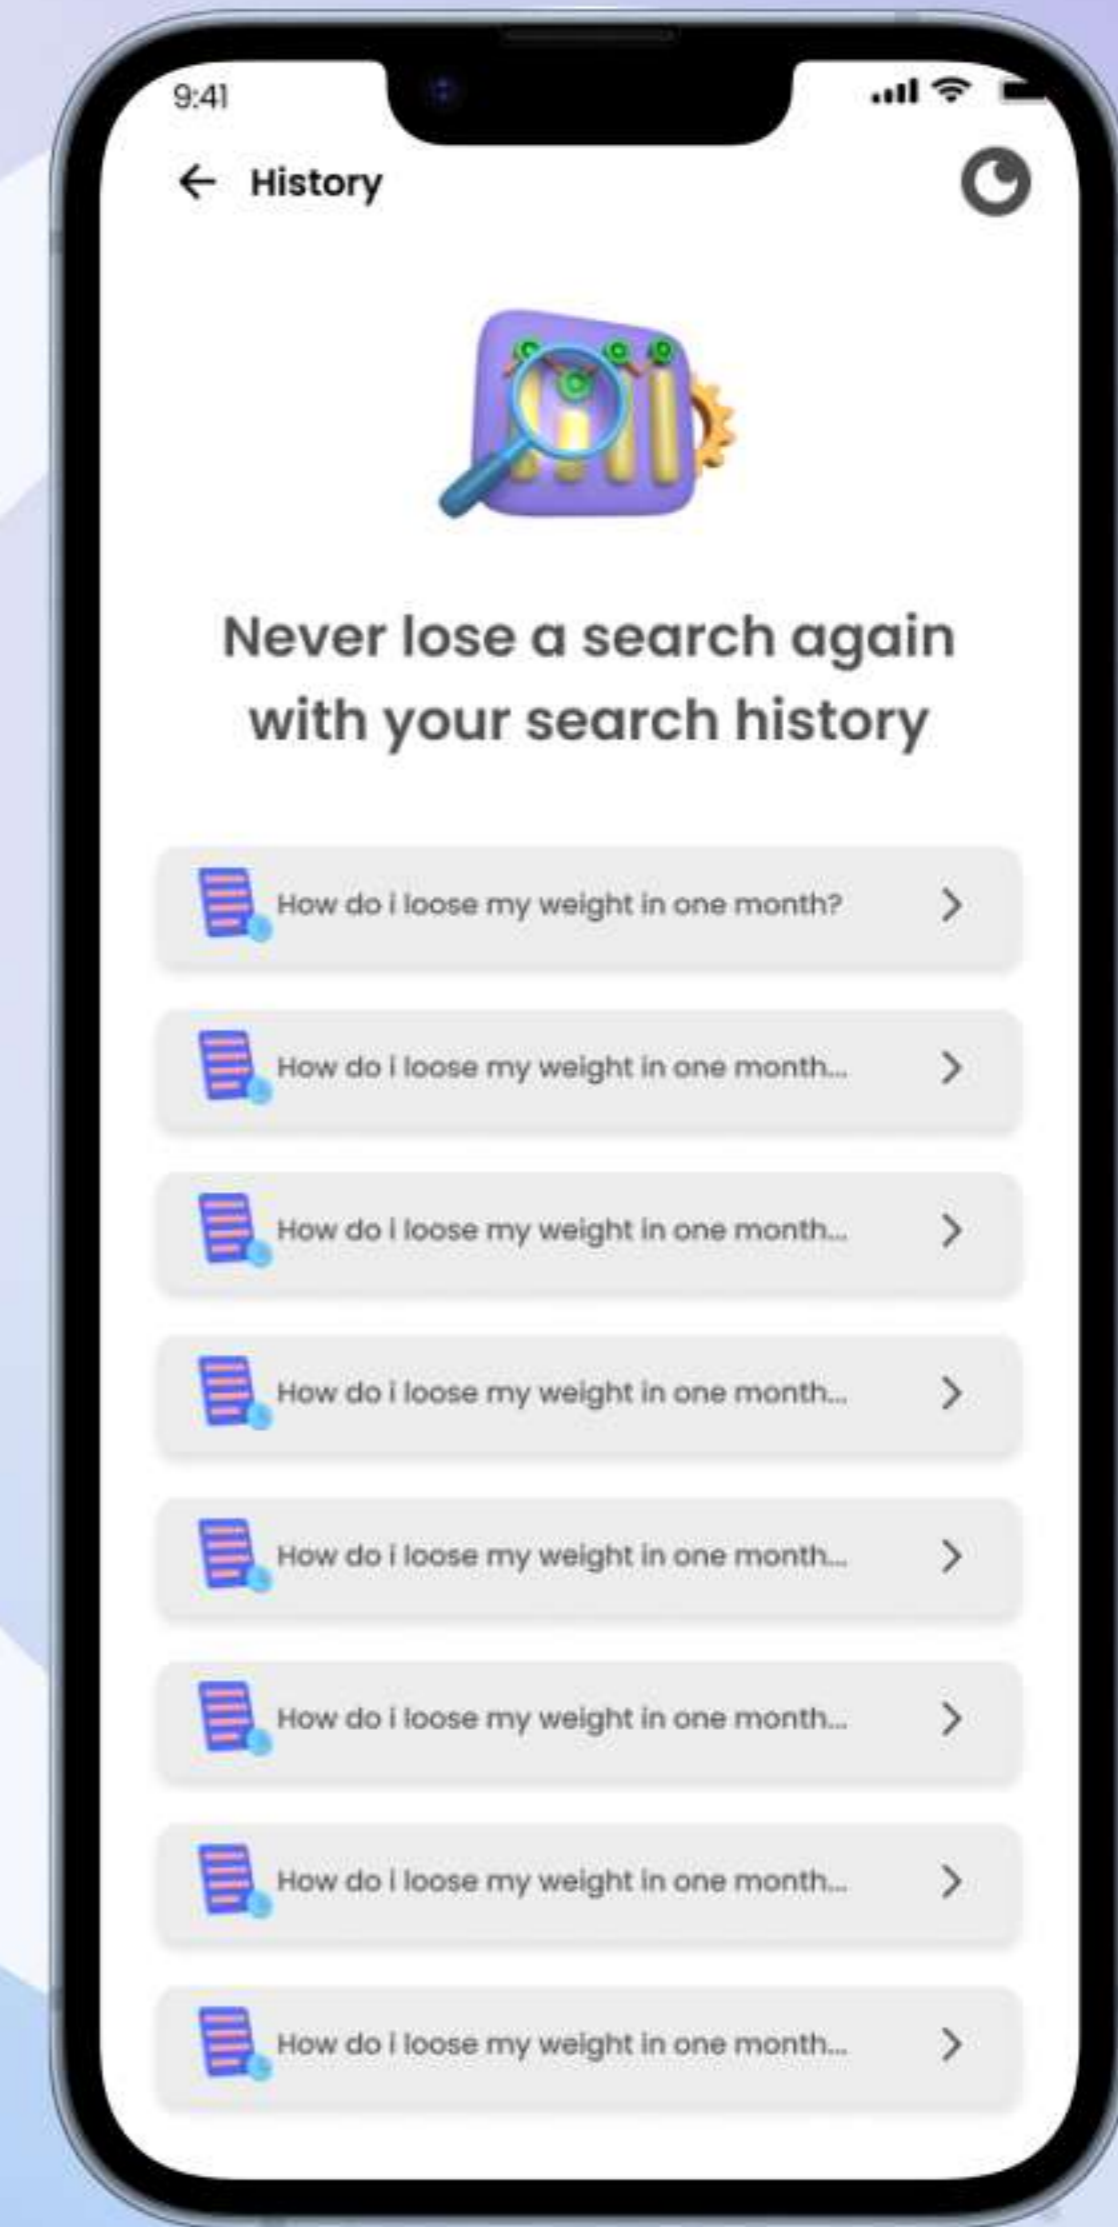

# Solutions

- ✓ Modular billing and access control systems enable changes without downtime
- ✓ Horizontally scalable Kubernetes cluster through AWS ensures reliability
- ✓ Rigorous load testing and staging environments prevent production issues

# Impact

- ✓ Over 100,000 messages processed daily as of launch
- ✓ Average user session duration exceeds 35 minutes
- ✓ Subscribed conversion rate consistently above 14%

# Gygis

Gygis is a revolutionary manufacturing industry management software specifically designed for the German big bag industry. This powerful platform empowers decision-makers with the tools needed to streamline operations, optimize big bag production, and elevate customer service.

## Your dedicated, dependable, and devoted packaging partner

We wholeheartedly commit to being a reliable and steadfast partner, earning your trust by meeting all your packaging requirements.

### Our Product

Gygis is a company that specializes in manufacturing and distributing a wide range of plastic industrial packaging products. Our headquarters are located in Paris, France. At Gygis, we are committed to developing innovative technologies that tackle both application and environmental challenges. Our client base includes startups as well as large enterprises, and we pride ourselves on providing personalized and dedicated customer service to each and every one of them. As we expand our reach to serve customers worldwide, our dedication to our clients has only strengthened.

PP Woven Bags

BIG (FIBC) Bag

Polypropylene Fabric

UN Certified

Food Grade

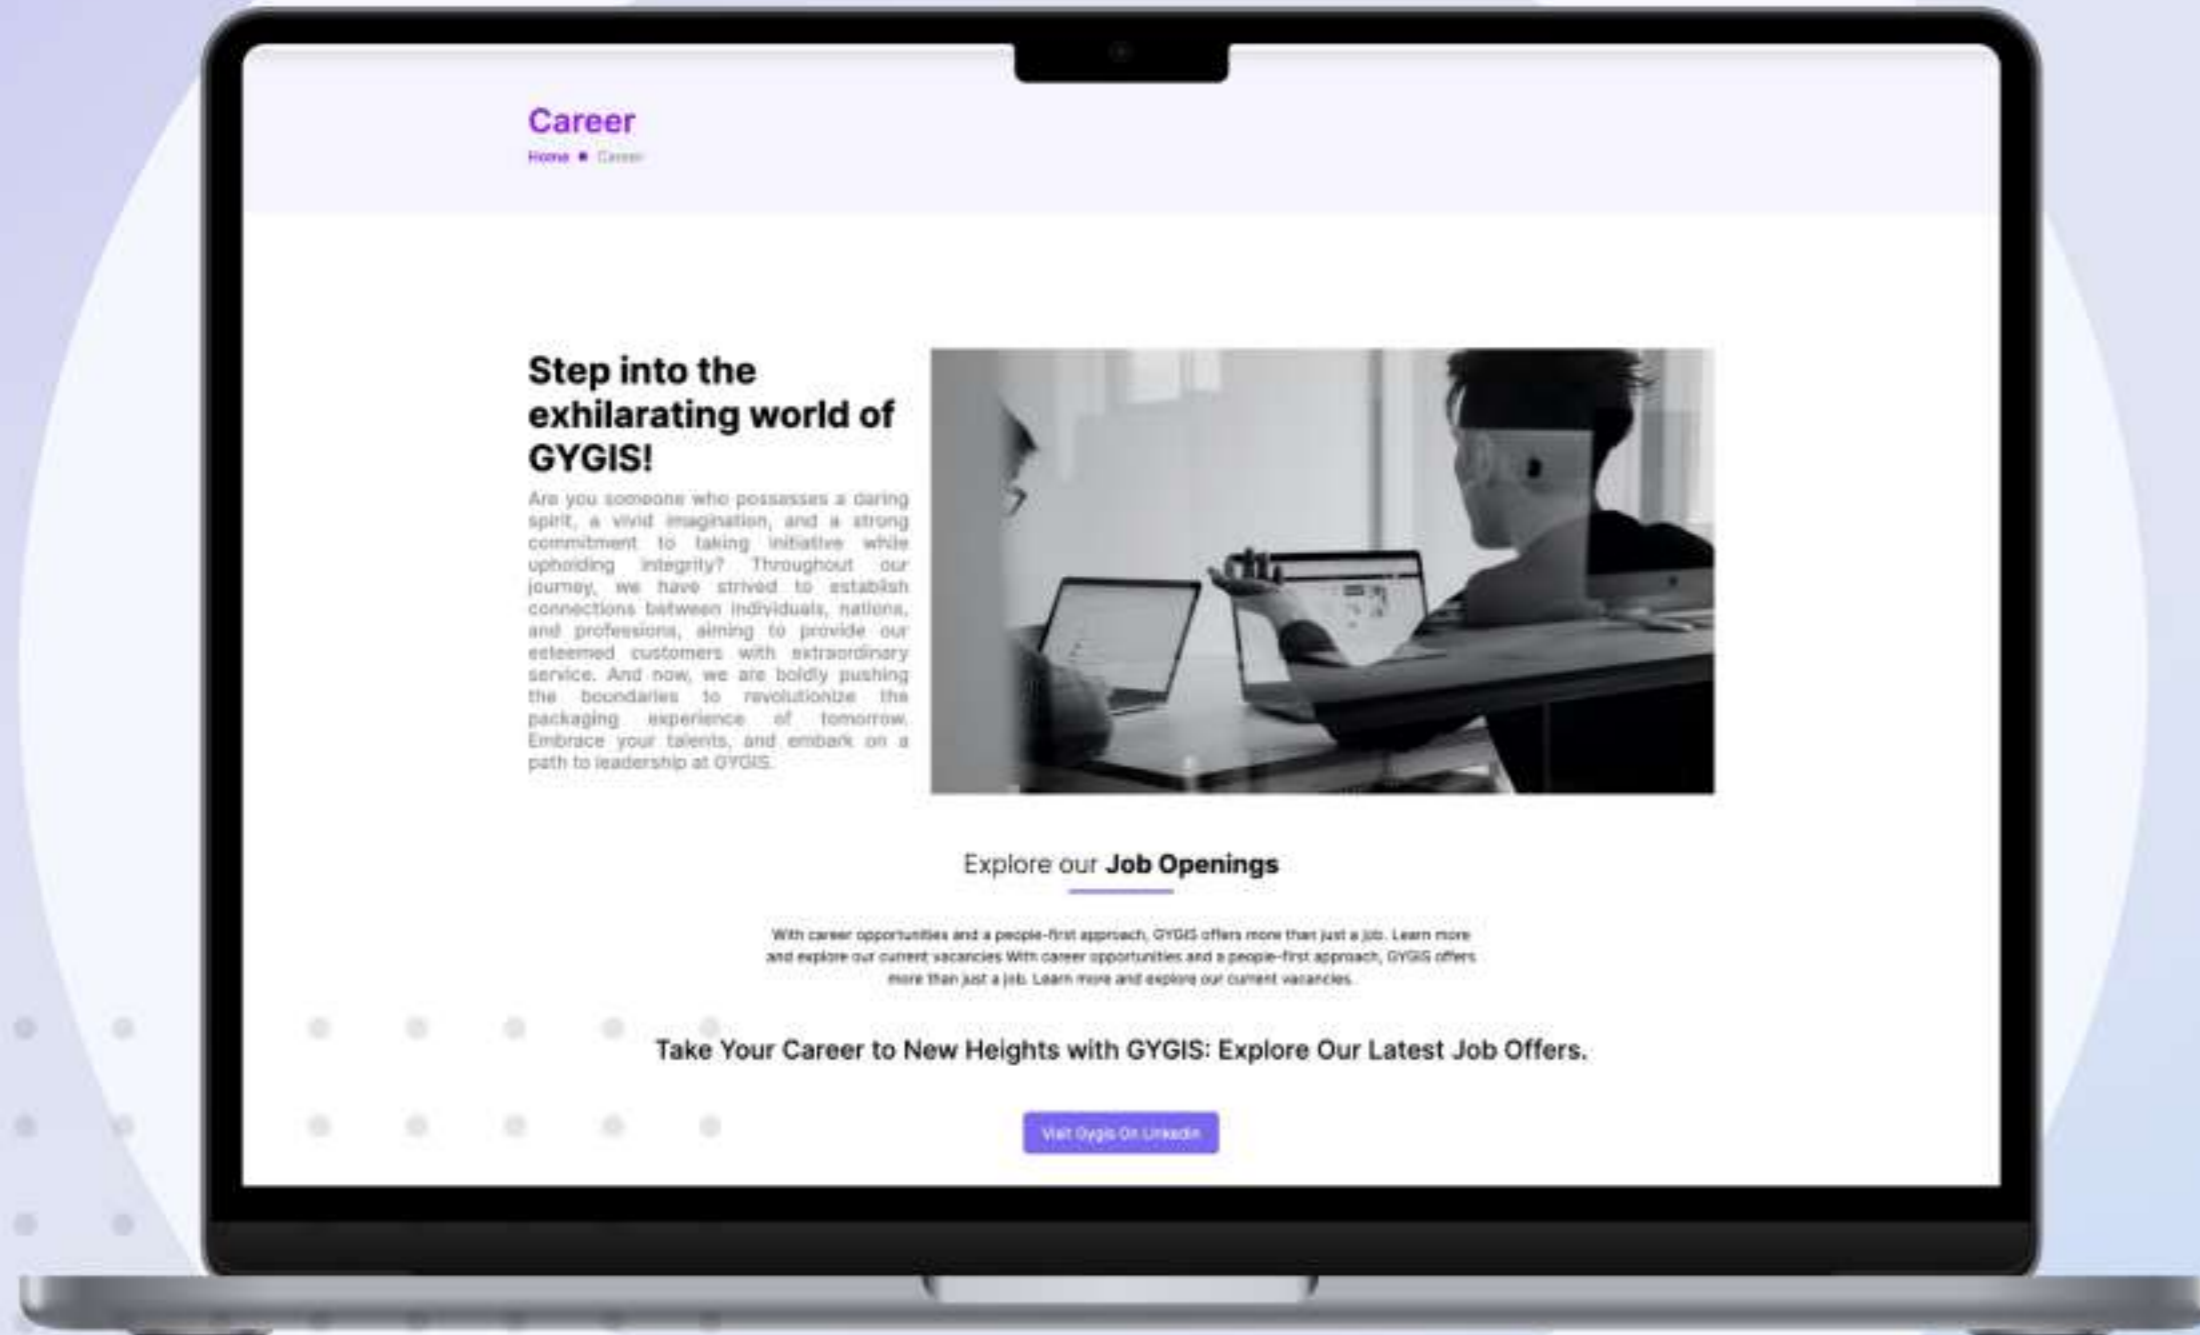

# Features

Comprehensive Product Catalog: Showcase your entire big bag portfolio with detailed descriptions, specifications, and high-quality images, simplifying product selection for international customers.

Enhanced Customer Relationship Management (CRM): Manage client details efficiently, track order history, and personalize communication through a centralized CRM system.

Dynamic Invoice Generation: Effortlessly create customized invoices with multilingual support, catering to the specific needs of each client and industry.

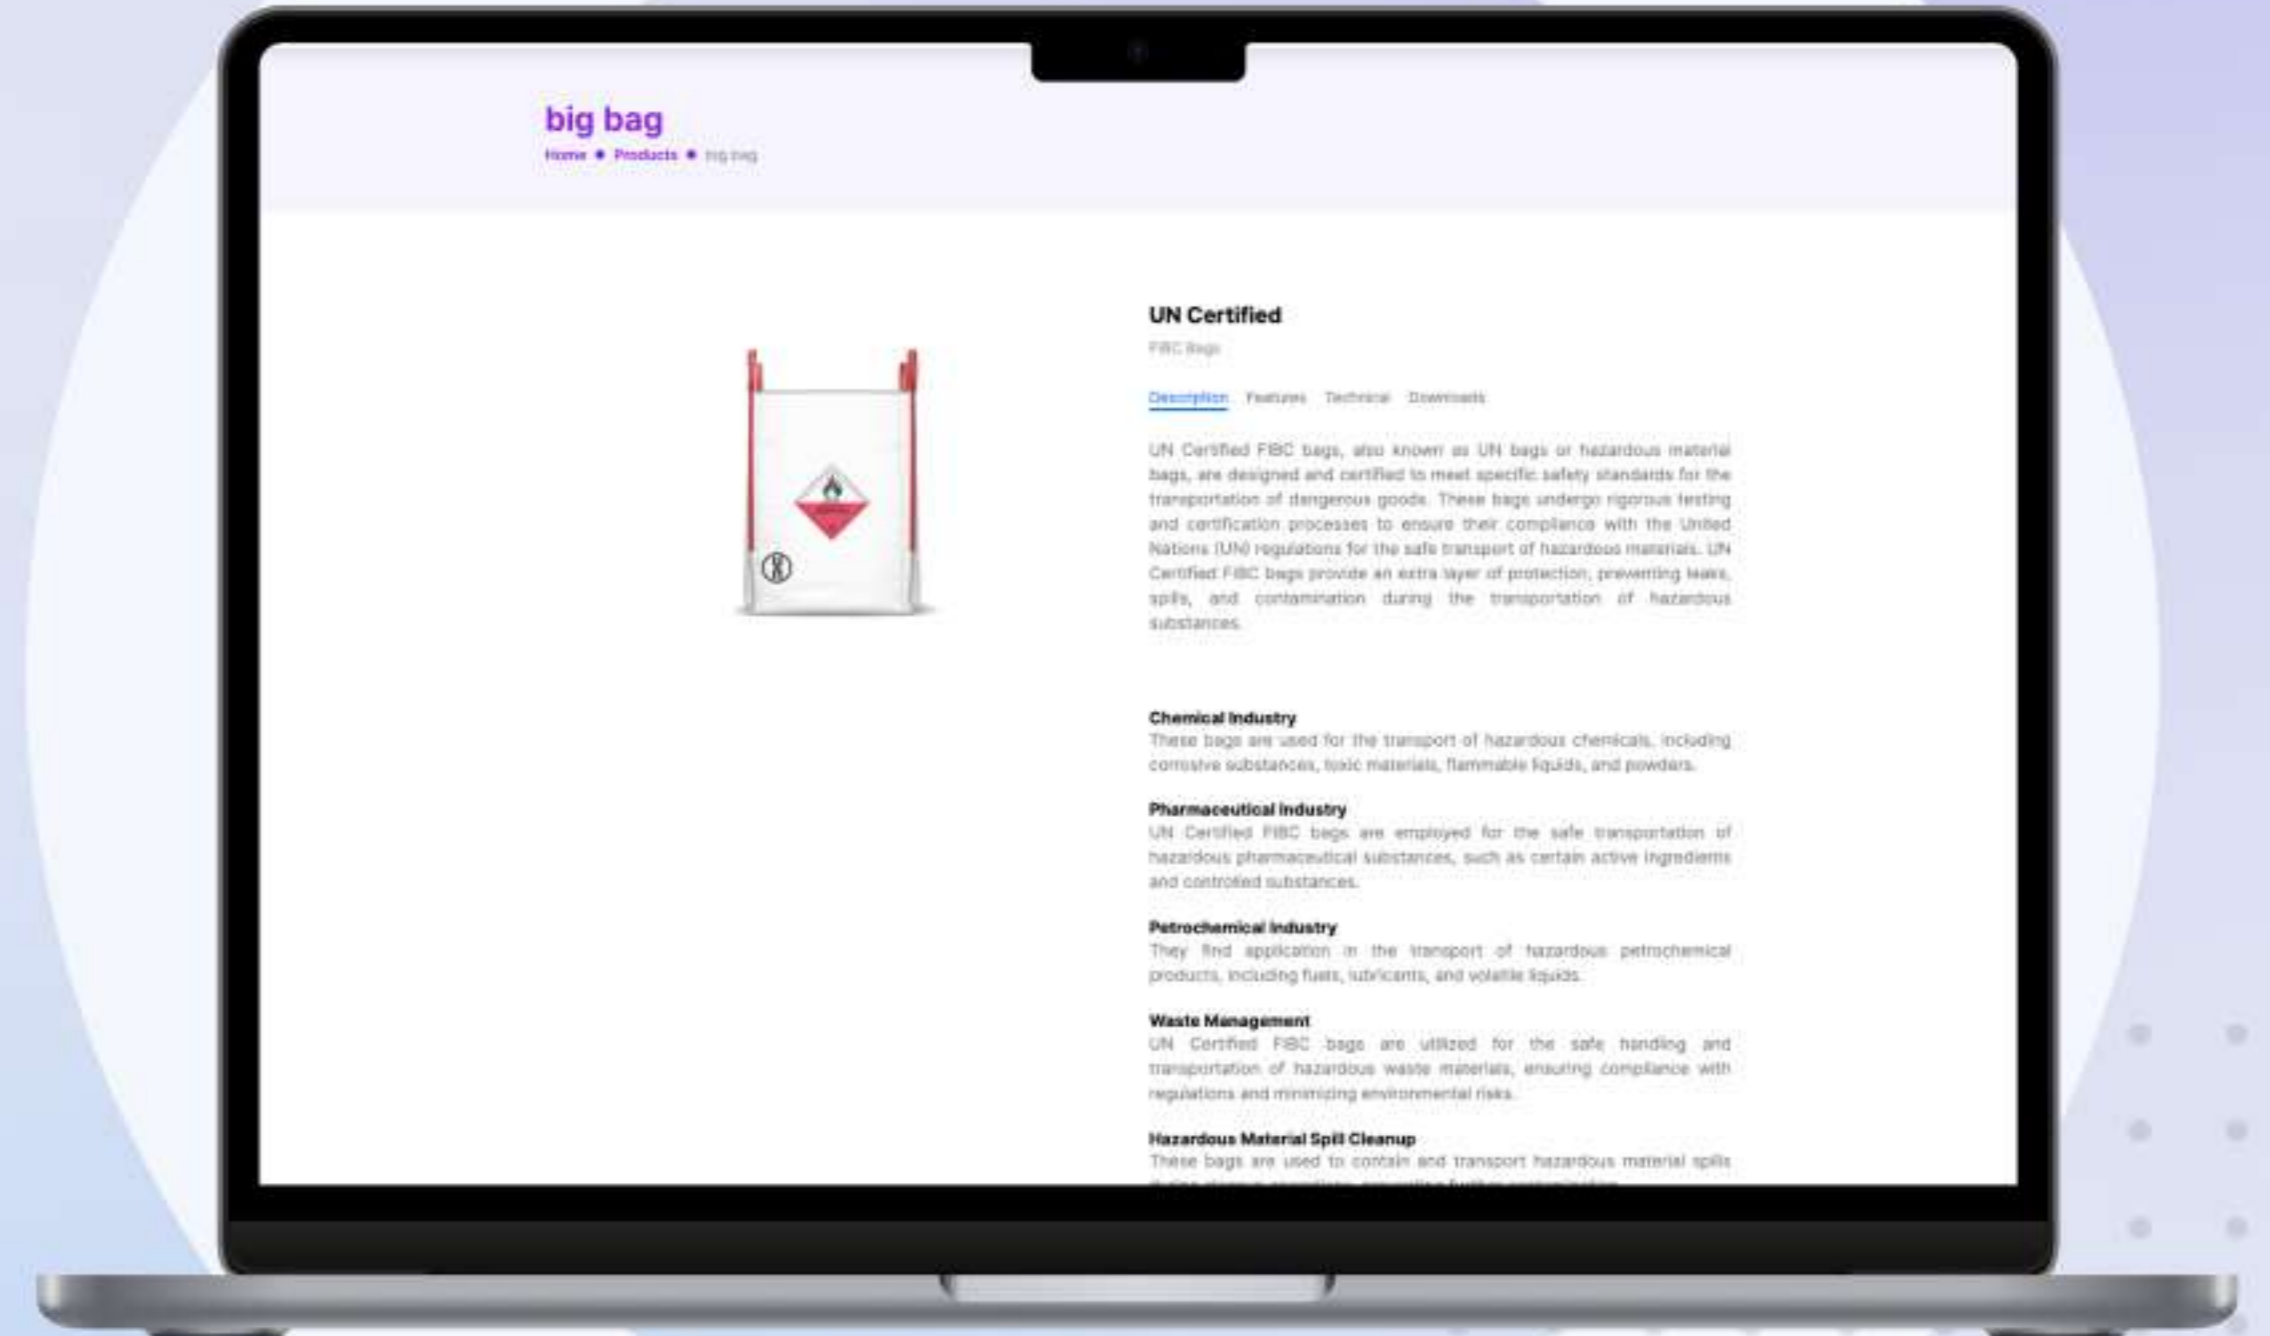

Real-Time Task Management: Assign tasks, track progress, and monitor production workflows in real-time, ensuring efficient team collaboration and on-time delivery.

# Challenges

- ✓ Data Deluge: Managing high volumes of production data, customer information, and order details can be a cumbersome task, leading to inefficiencies and errors.
- ✓ Real-Time Visibility Gap: Lack of real-time data visibility into production workflows can hinder production planning, resource allocation, and timely delivery.
- ✓ Invoice Customization Hurdles: Generating customized invoices for different industries and complying with varying regulations can be time-consuming and prone to errors.
- ✓ Language Barrier Limitations: Reaching a global audience effectively becomes challenging without multilingual support, restricting customer reach and sales potential.

# Solutions

Scalable Database (e.g., MongoDB): Store and manage large amounts of data efficiently with a robust database solution designed for high performance and scalability.

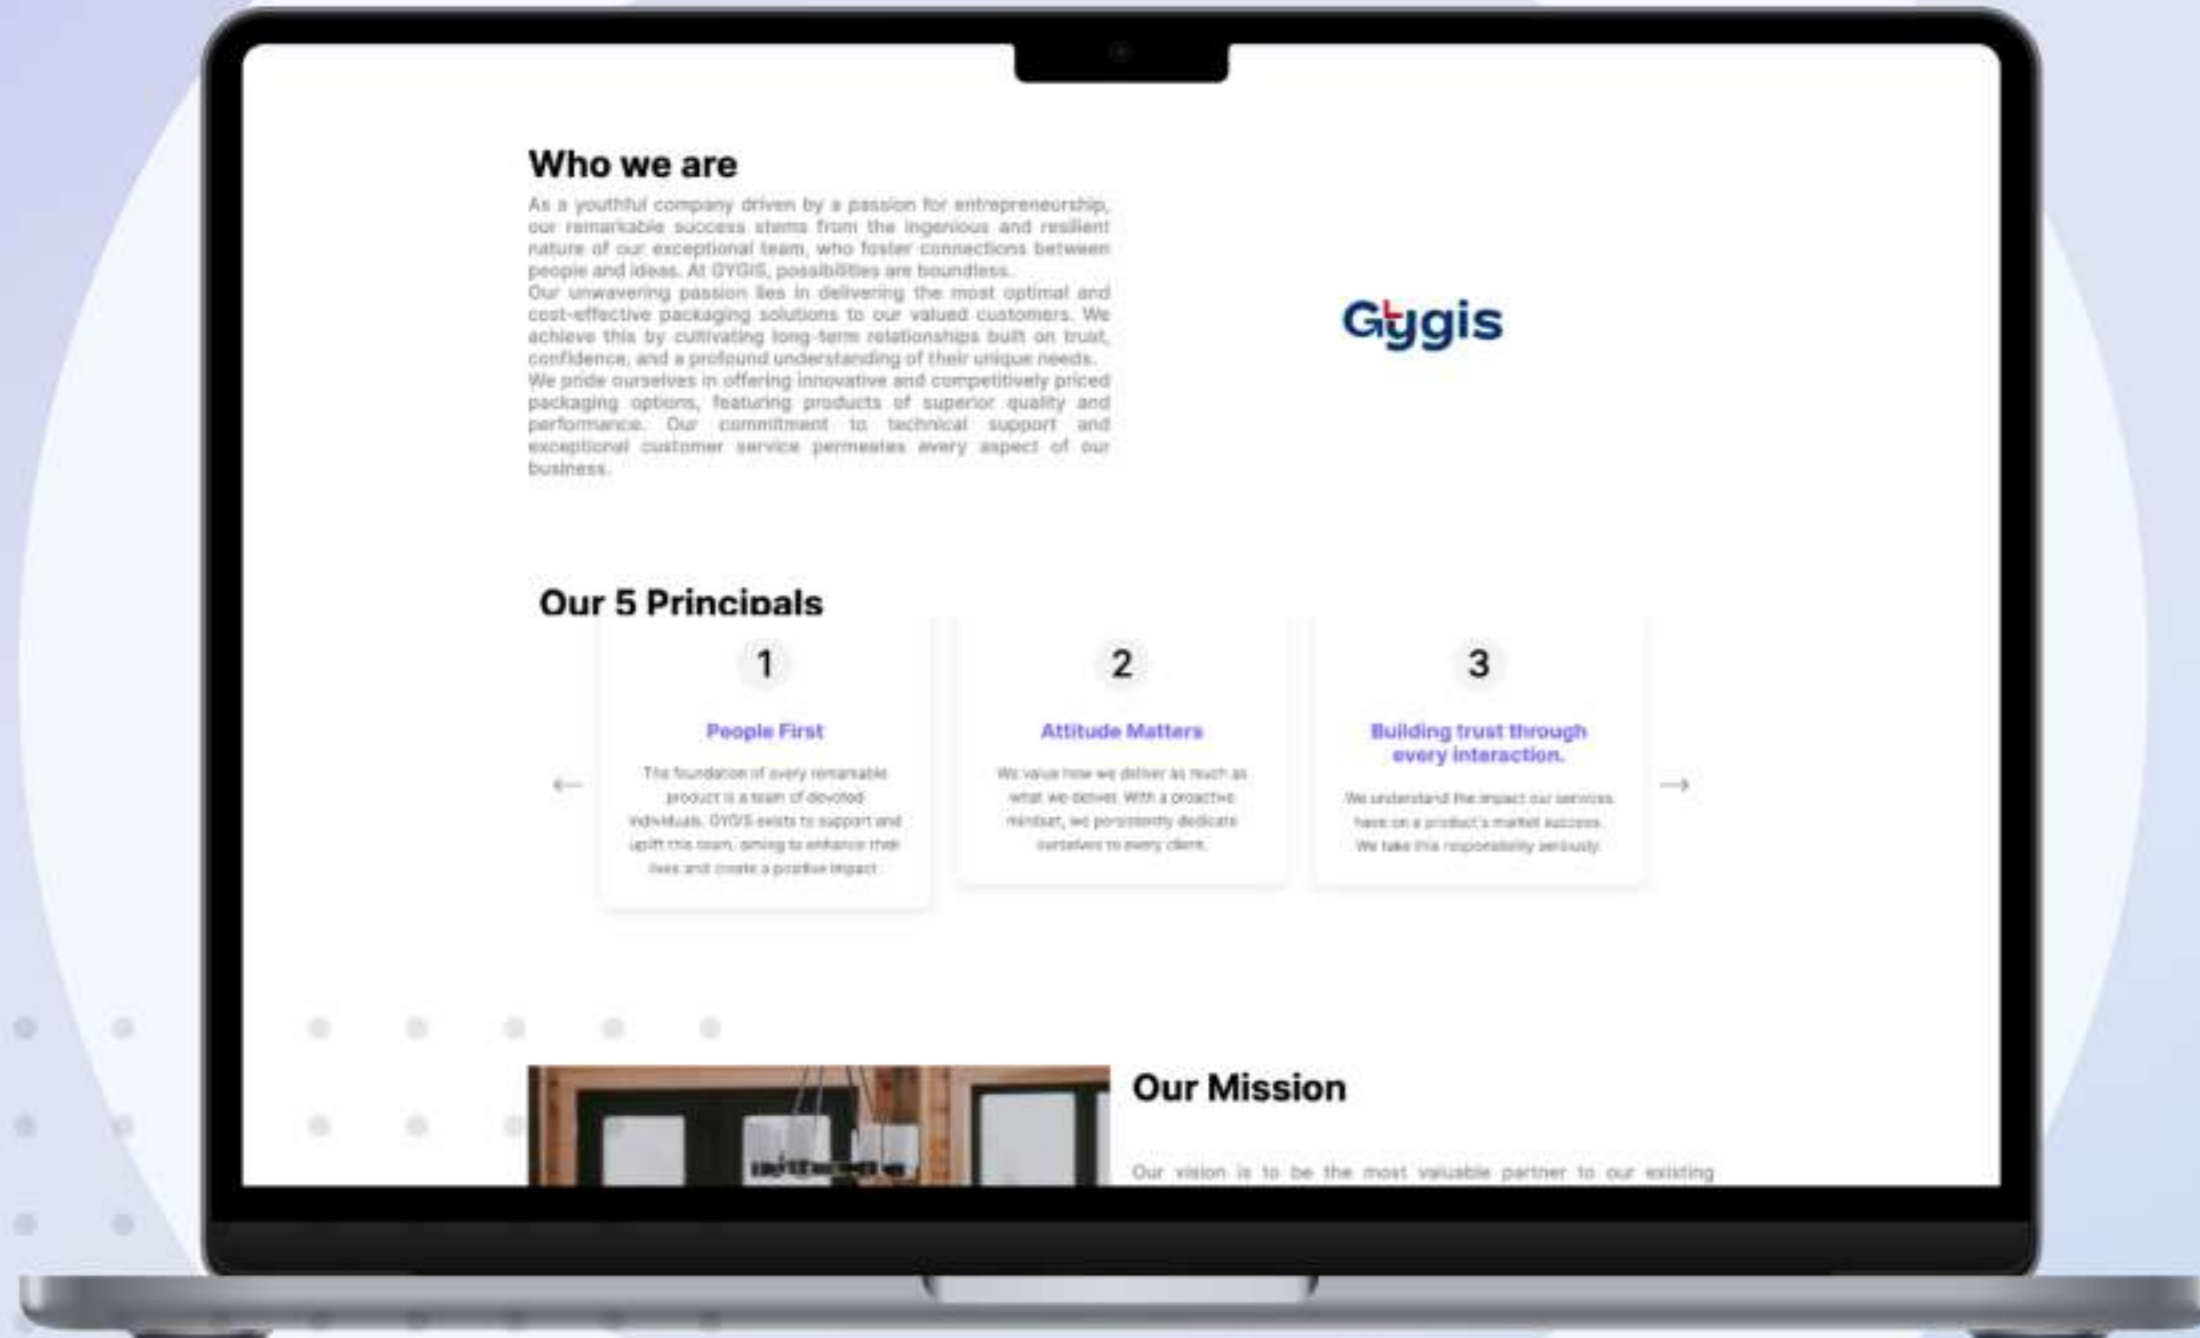

Server-Side Events for Real-Time Updates: Eliminate the need for constant refreshing with server-side events that push real-time data updates to the user interface, ensuring everyone has access to the latest information.

High-Performance Caching (e.g., Redis): Improve application responsiveness and reduce server load by implementing a high-performance caching layer to store frequently accessed data.

Digital Signature Capture with JS PDF: Allow clients to electronically sign invoices directly within the app using JS PDF, streamlining the approval process and ensuring document security.

# Impact

- ✓ Enhanced Visibility: Gygis has led to a 40% increase in website visitors, drawing in new customers and expanding brand awareness in the global big bag market.
- ✓ Sales Acceleration: Streamlined workflows and improved customer service have resulted in a 20% growth in monthly sales, solidifying Gygis as a key player in the industry.
- ✓ Empowered Collaboration: Real-time data visibility and task management features have fostered a 70% increase in inter-team collaboration, leading to improved production efficiency.
- ✓ Performance Optimization: The combined impact of data management solutions and real-time updates has resulted in a 30% overall increase in operational performance.

# J3 Design

J3 Design is a leading branding agency specializing in creative graphics design and custom banner printing services in India. Based in Ahmedabad, J3 Design prides itself on delivering innovative solutions to clients, leveraging HTML, CSS, and JavaScript core technologies to create captivating web experiences that attract clients and generate valuable leads.

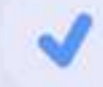

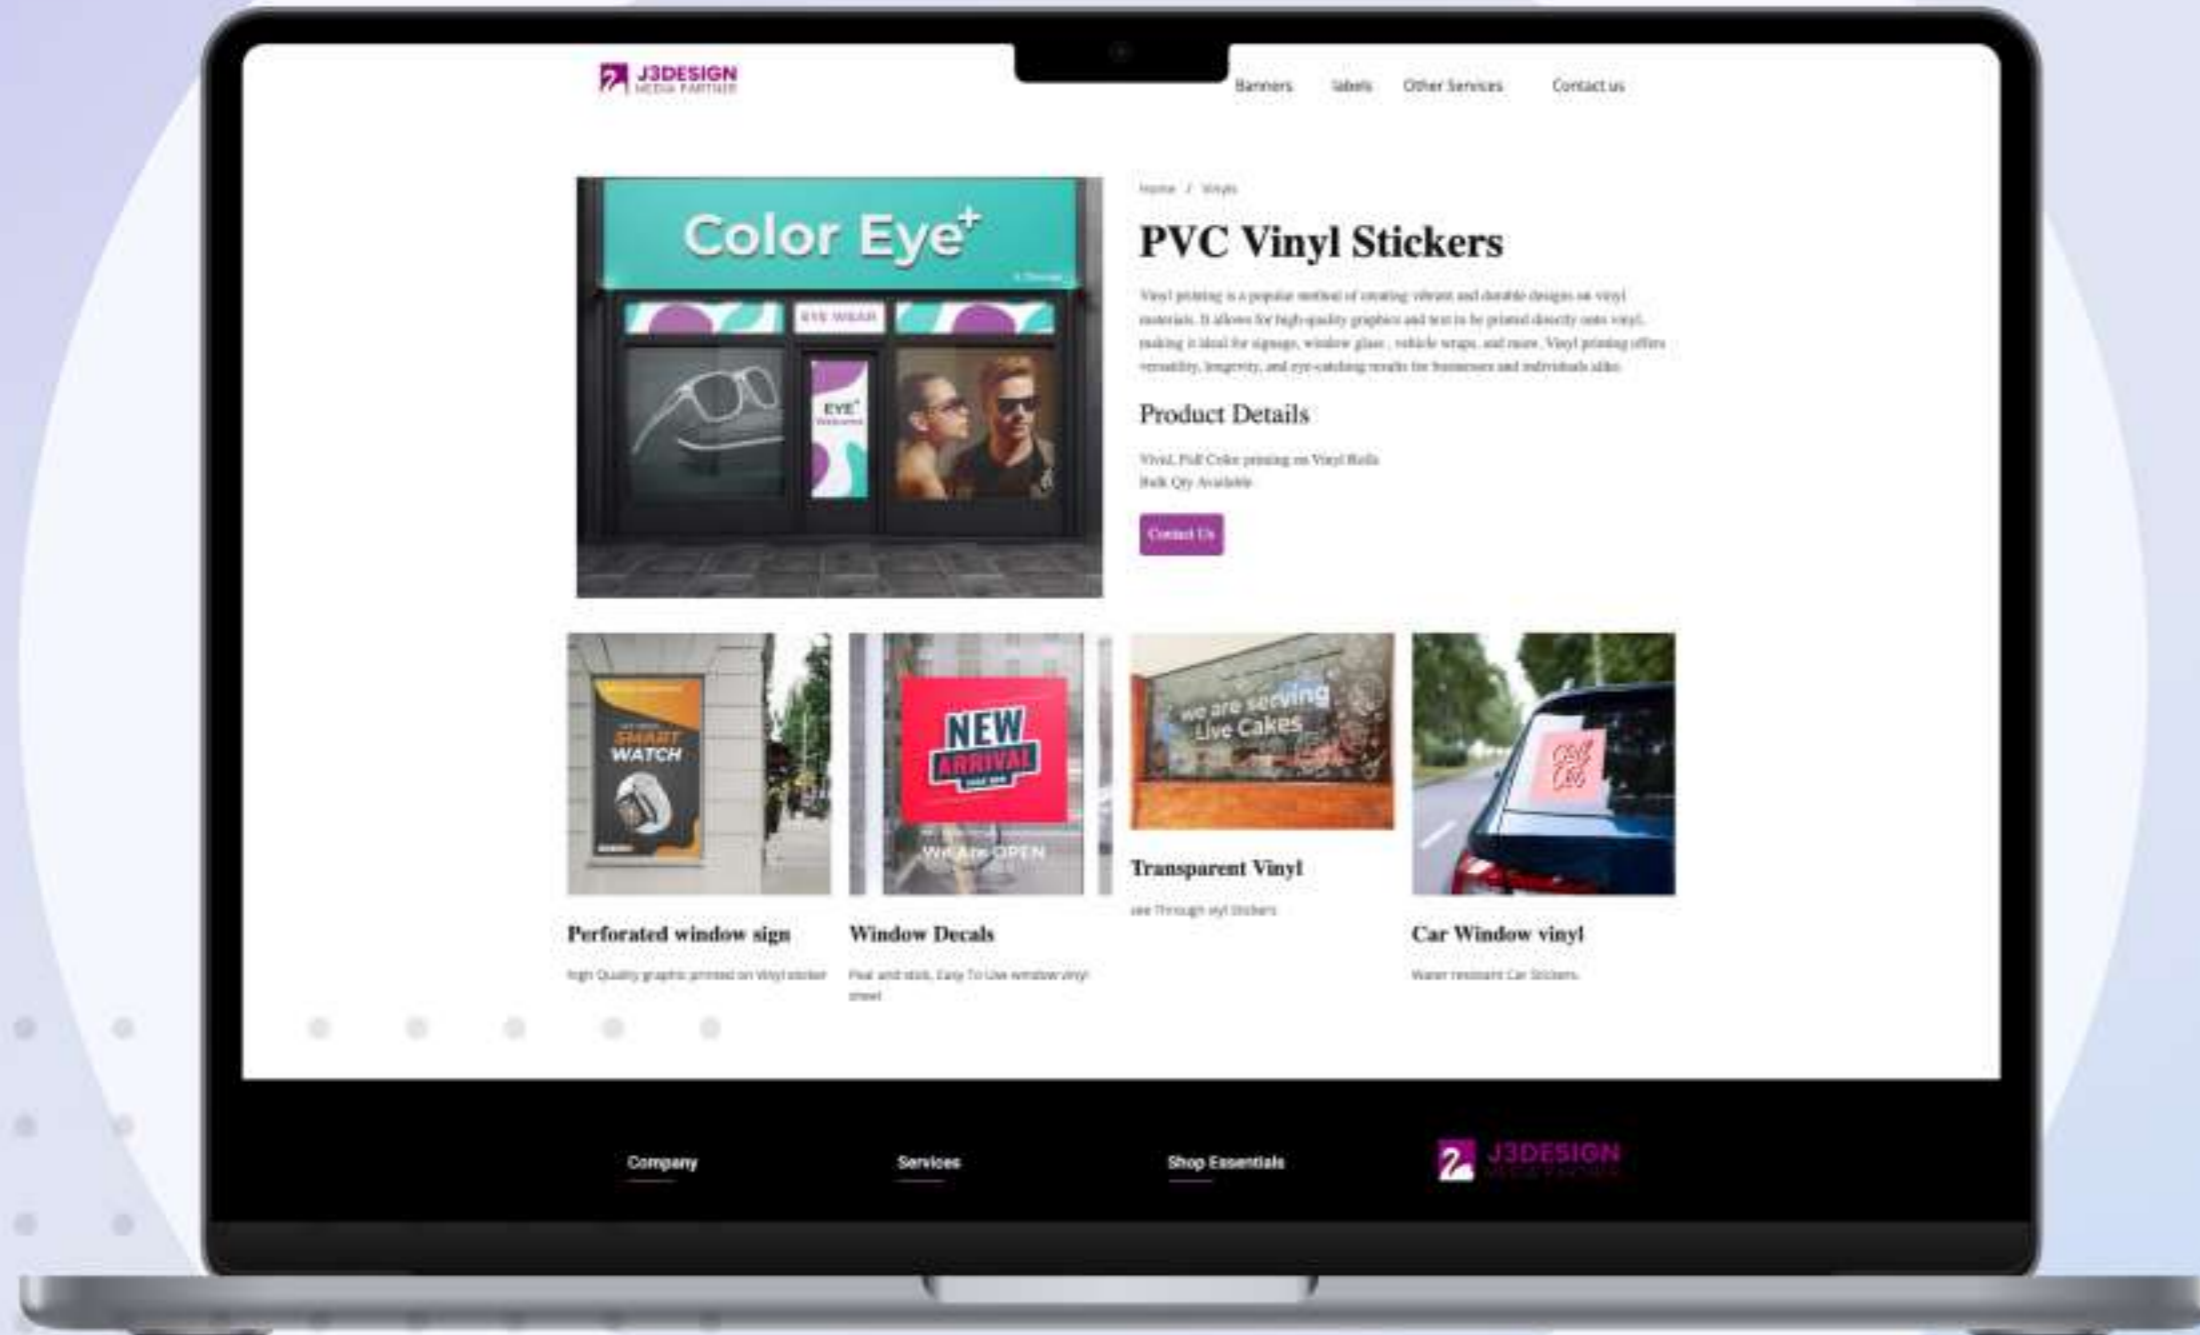

We Create  
Design, Branding, &  
**Marketing**

**From big to small clients, two things We**

# Features

**Creative Graphics Design:** Offering bespoke graphic design solutions tailored to each client's unique branding requirements.

**Custom Banner Printing:** Providing high-quality banner printing services to help businesses stand out in both online and offline marketing channels.

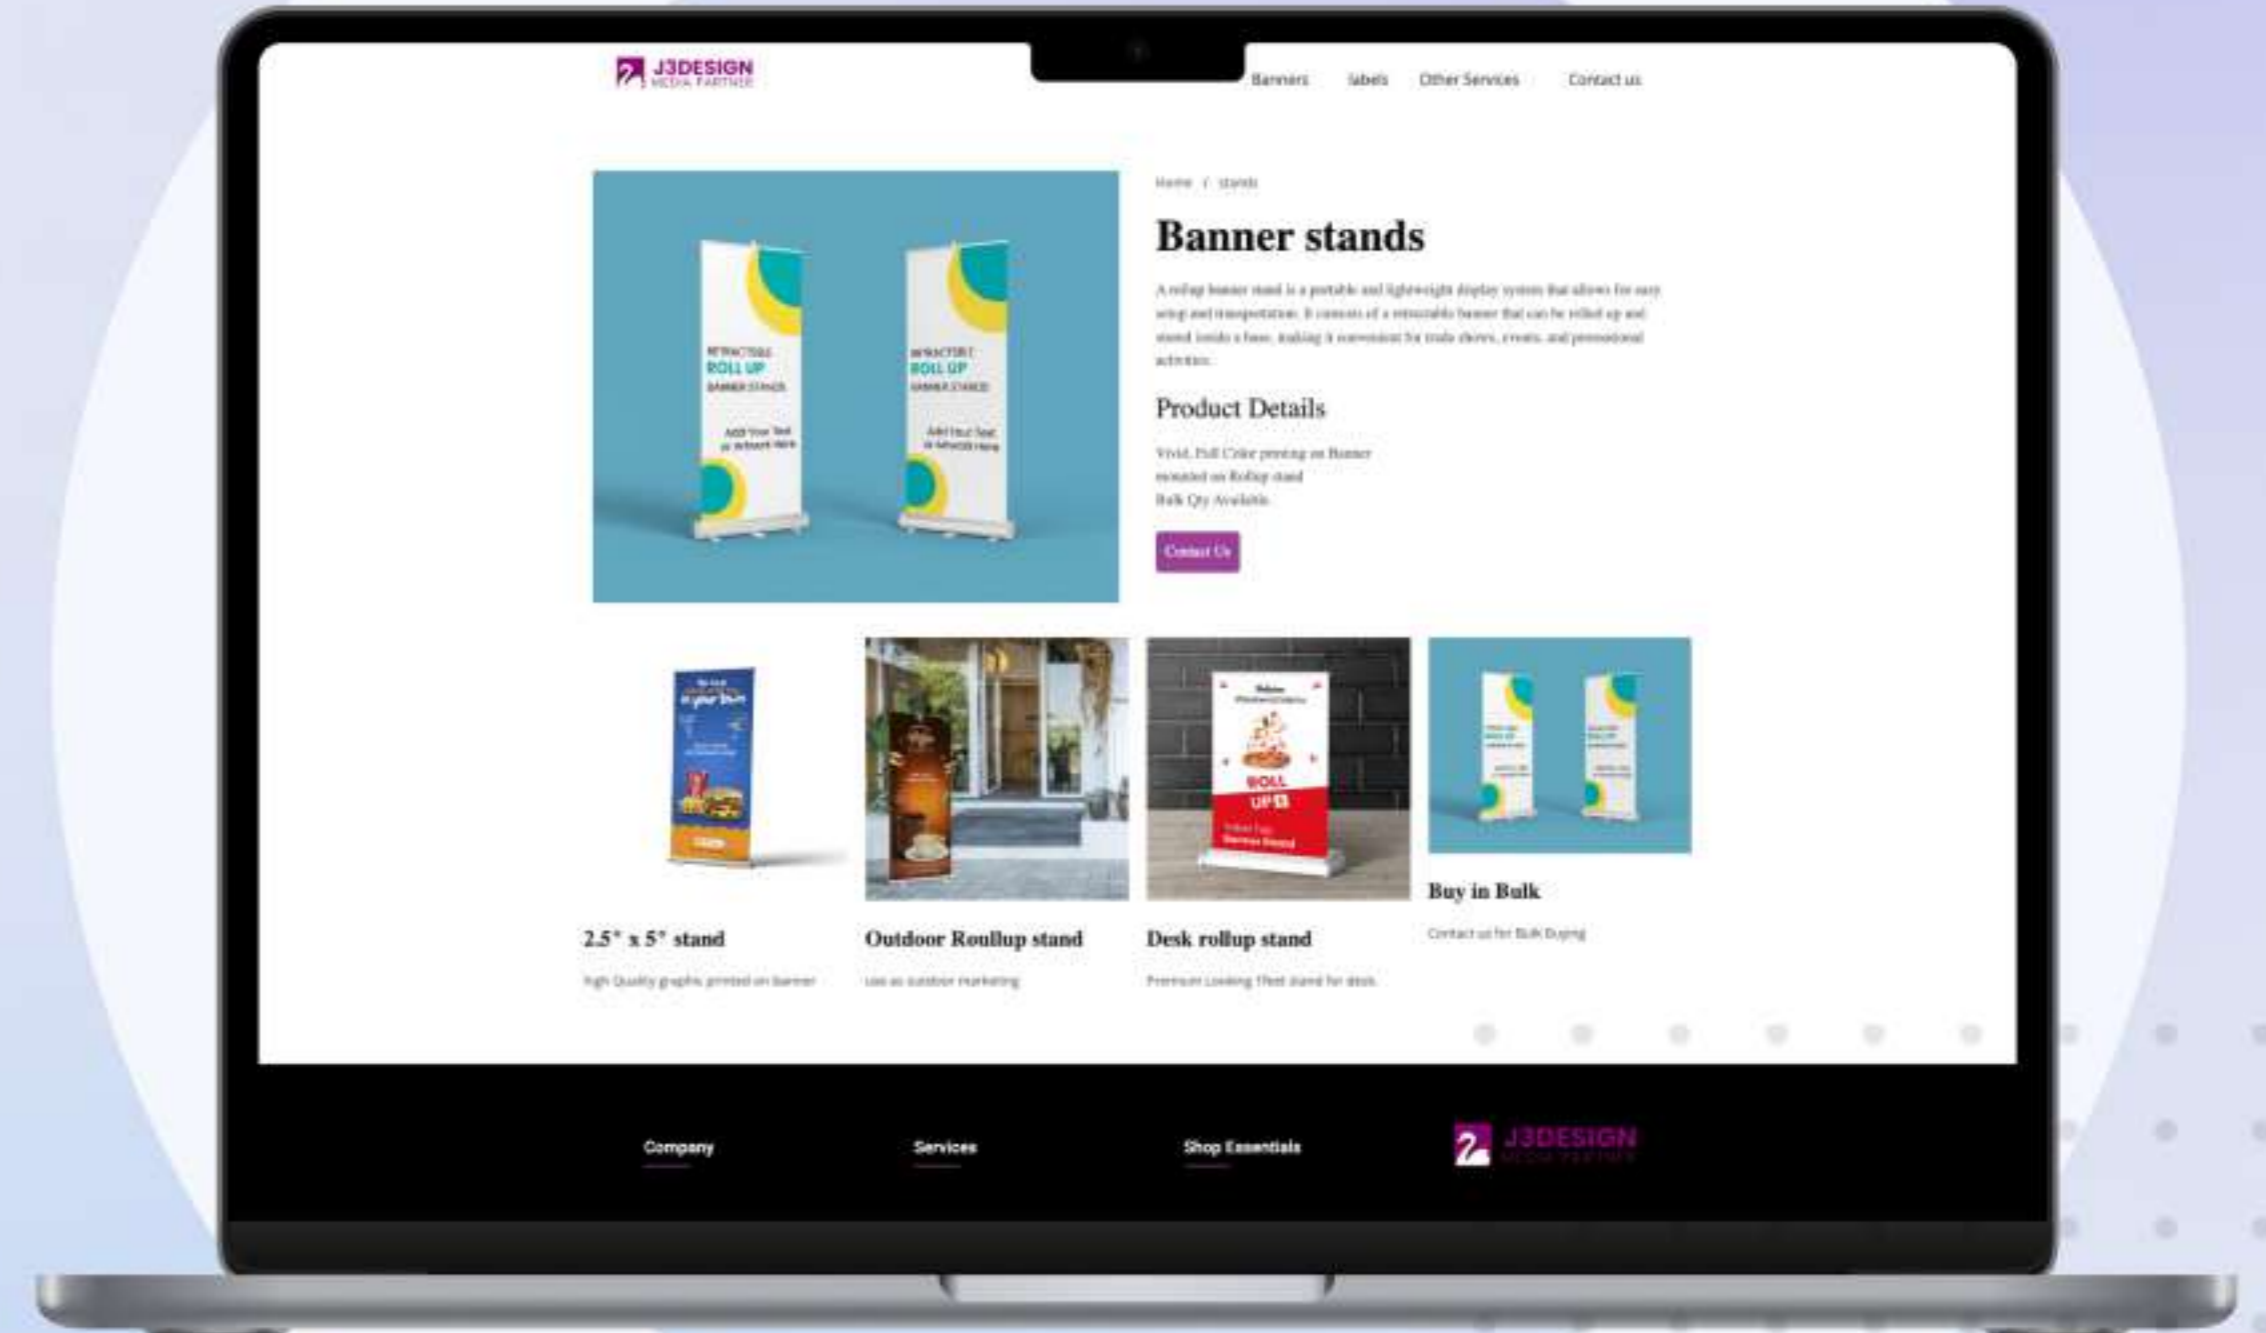

**Catalog Printing Services:** Delivering professional catalog printing services to showcase products and services effectively to target audiences.

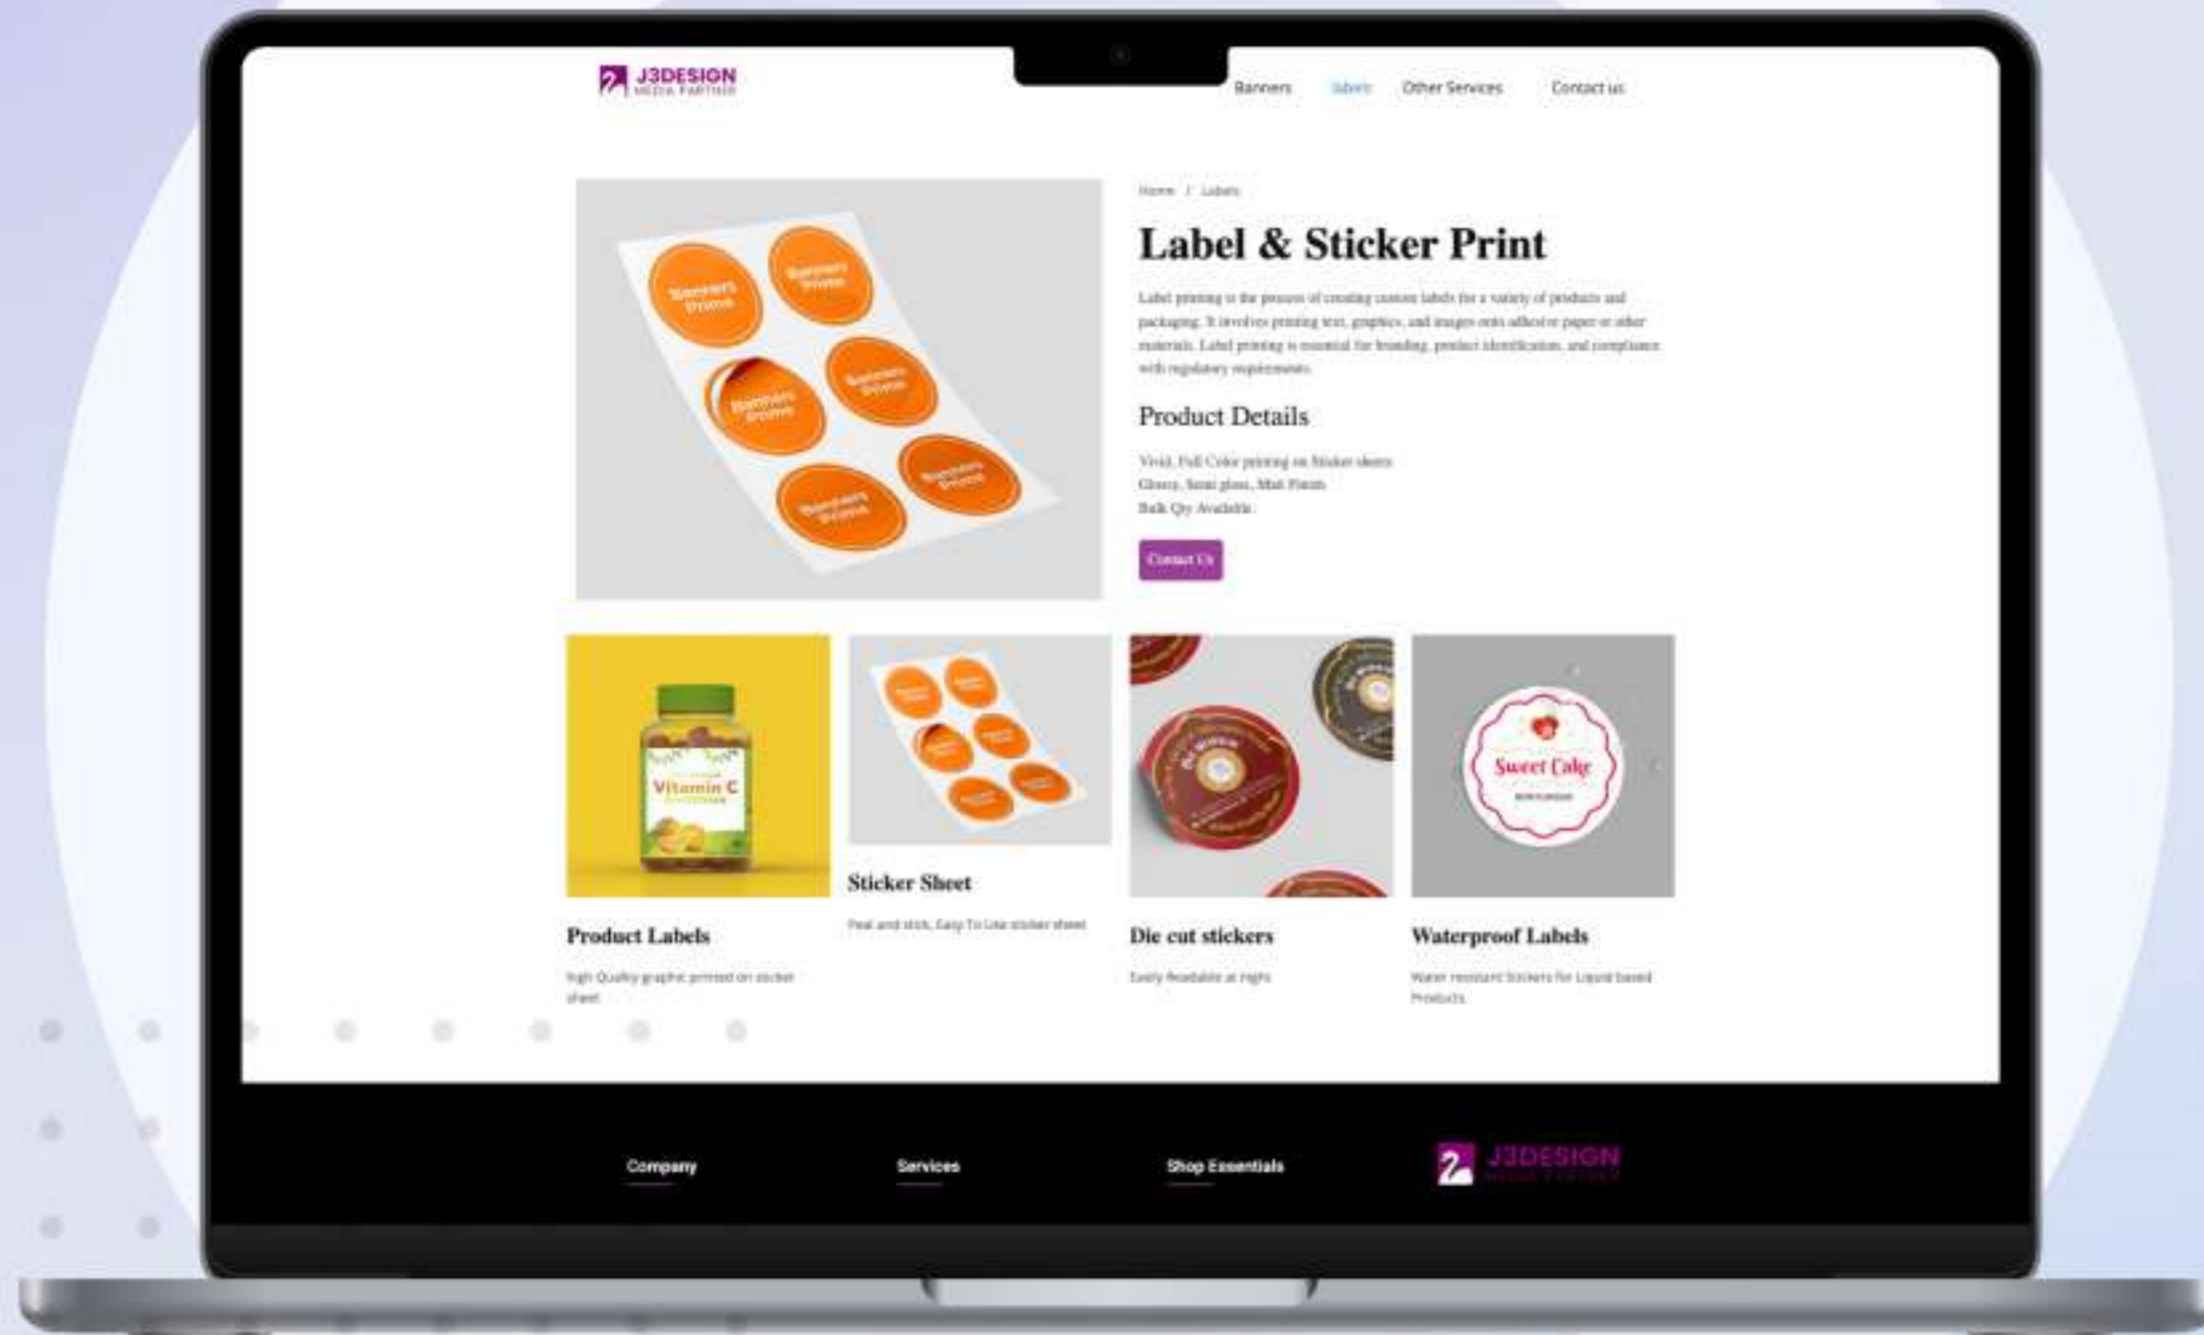

# Challenges

- ✓ Attracting Clients: Effectively attracting potential clients in a competitive market saturated with branding agencies.
- ✓ Lead Generation: Generating quality leads through the website to drive business growth and expansion.
- ✓ HTML CSS JS Core Development: Utilizing HTML, CSS, and JavaScript core technologies to craft visually stunning and interactive websites that engage and captivate visitors.

# Solutions

Strategic Web Development: Implementing a strategic approach to web development using HTML, CSS, and JavaScript core technologies to create visually appealing and user-friendly websites that showcase the agency's portfolio and services effectively.

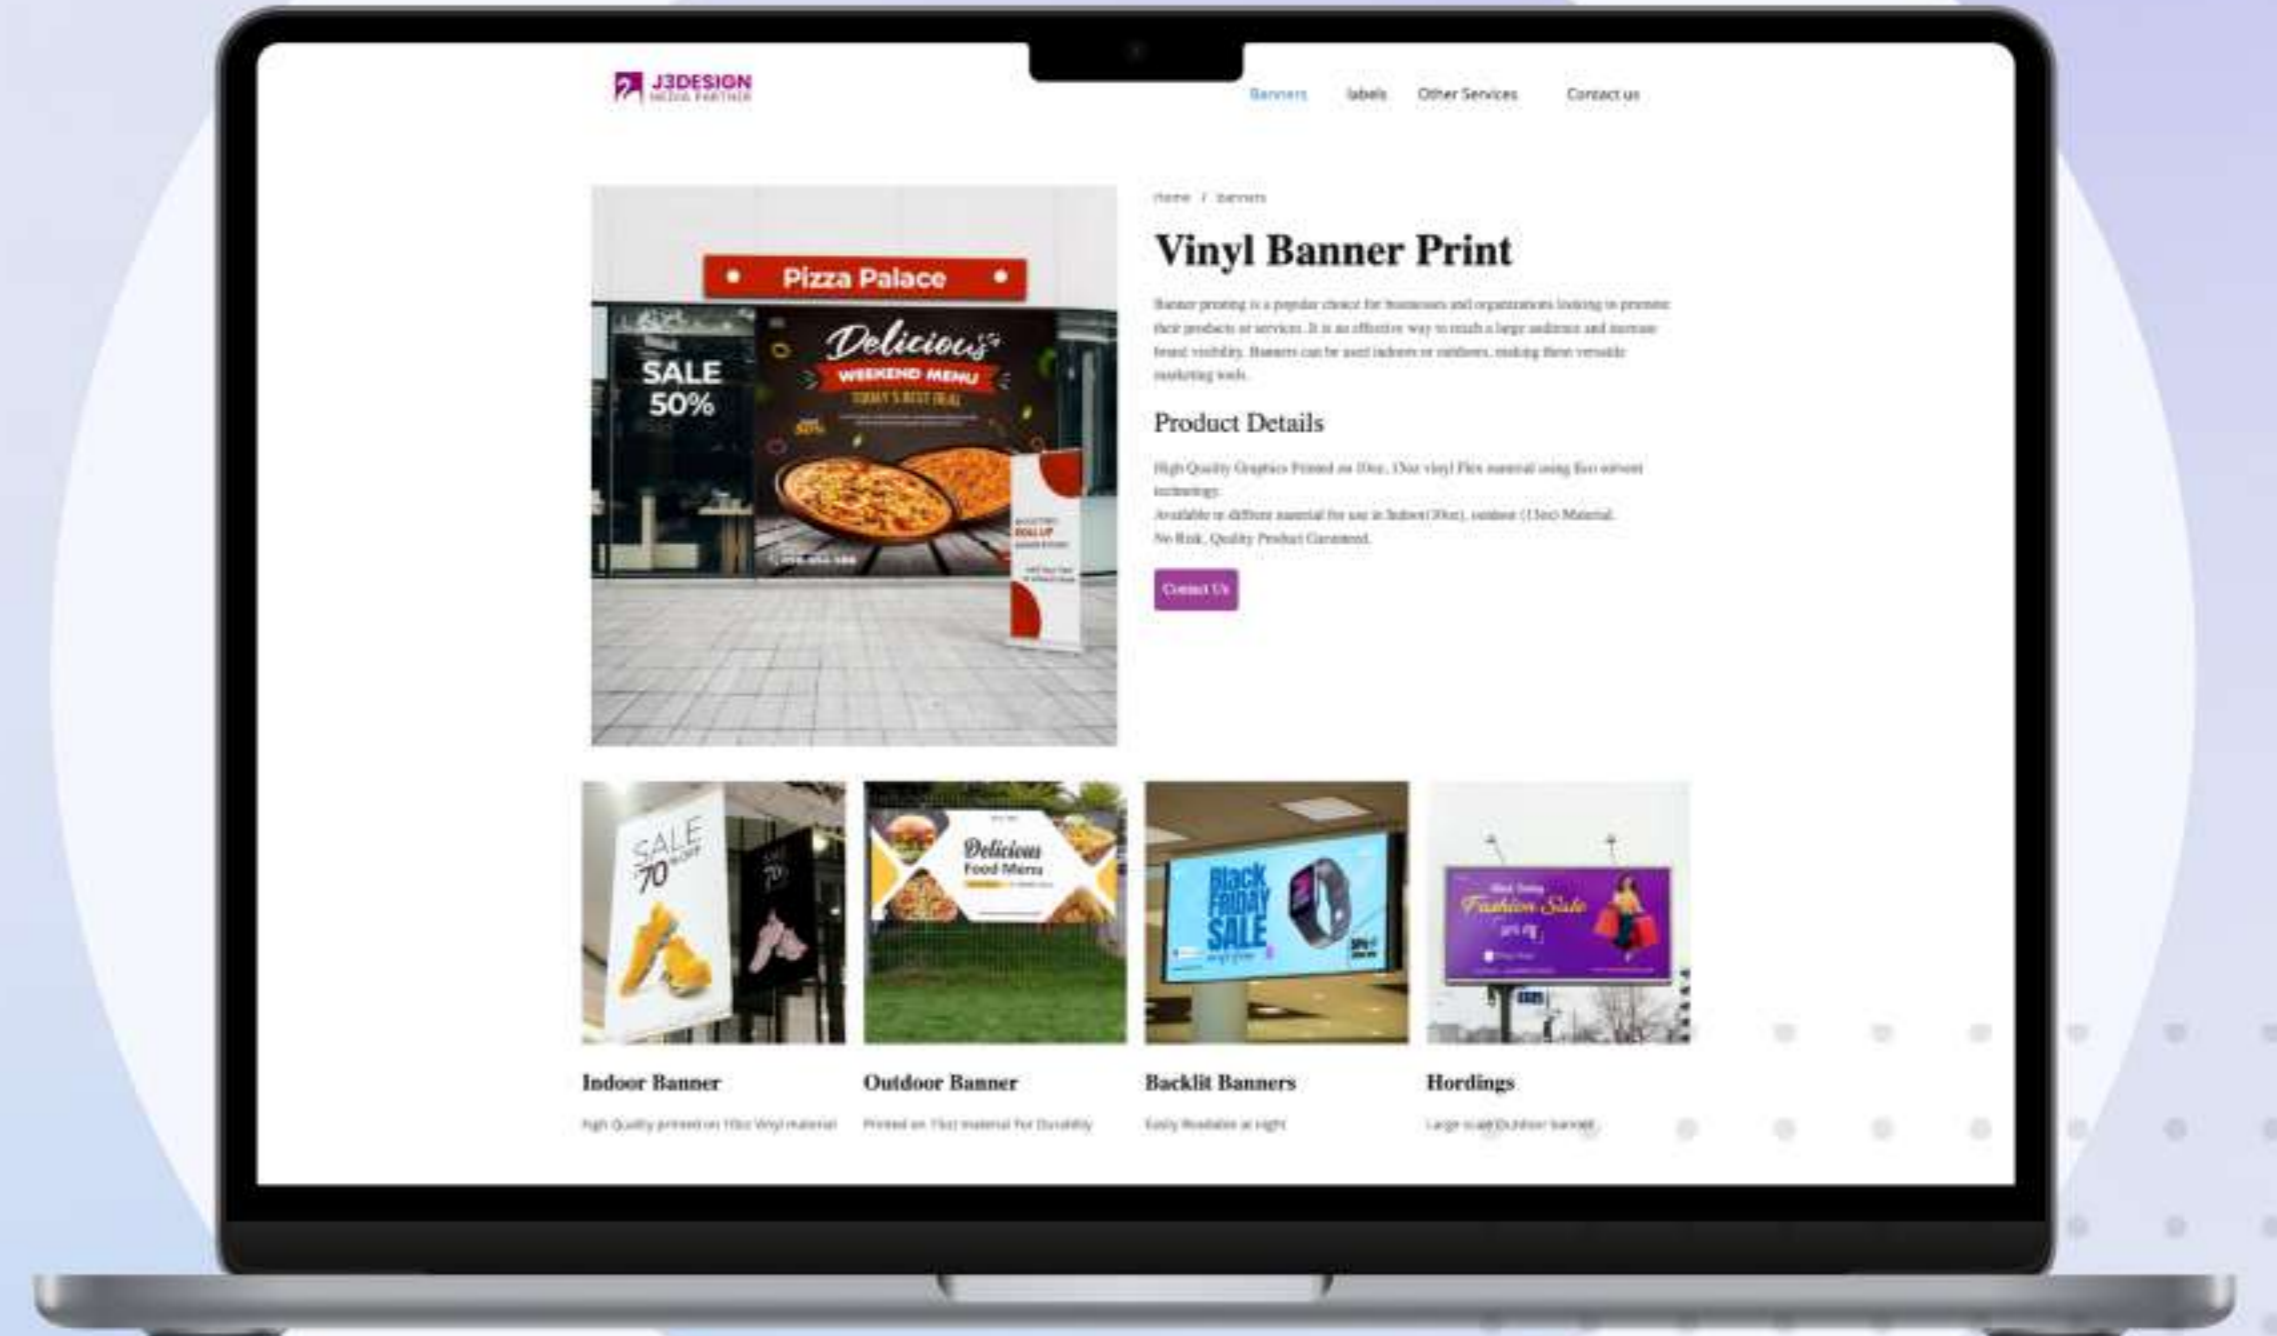

Targeted Marketing: Employing targeted marketing strategies to reach potential clients through digital channels and engage them with compelling content and visuals.

# Impact

- ✓ Increased Client Engagement: Achieved a significant increase in client engagement with the website, resulting in a higher conversion rate and improved business outcomes.
- ✓ Lead Generation Success: Successfully generated quality leads through the website, contributing to business growth and expansion opportunities.
- ✓ Enhanced Brand Visibility: Elevated brand visibility and recognition in the market, positioning J3 Design as a top choice for branding and design services in India.

# ComfyMart

ComfyMart is a premier e-commerce platform specializing in beds and mattresses, offering users a seamless shopping experience to purchase high-quality bedding products. With a focus on providing ultimate comfort and satisfaction, ComfyMart aims to redefine the way customers shop for beds and mattresses online.

# Features

**Wide Product Range:** Offering a diverse range of beds and mattresses to cater to various preferences and requirements.

**User-Friendly Interface:** Providing an intuitive and easy-to-navigate interface for a seamless shopping experience.

**Secure Payment Options:** Ensuring secure payment gateways to protect customer data and facilitate smooth transactions.

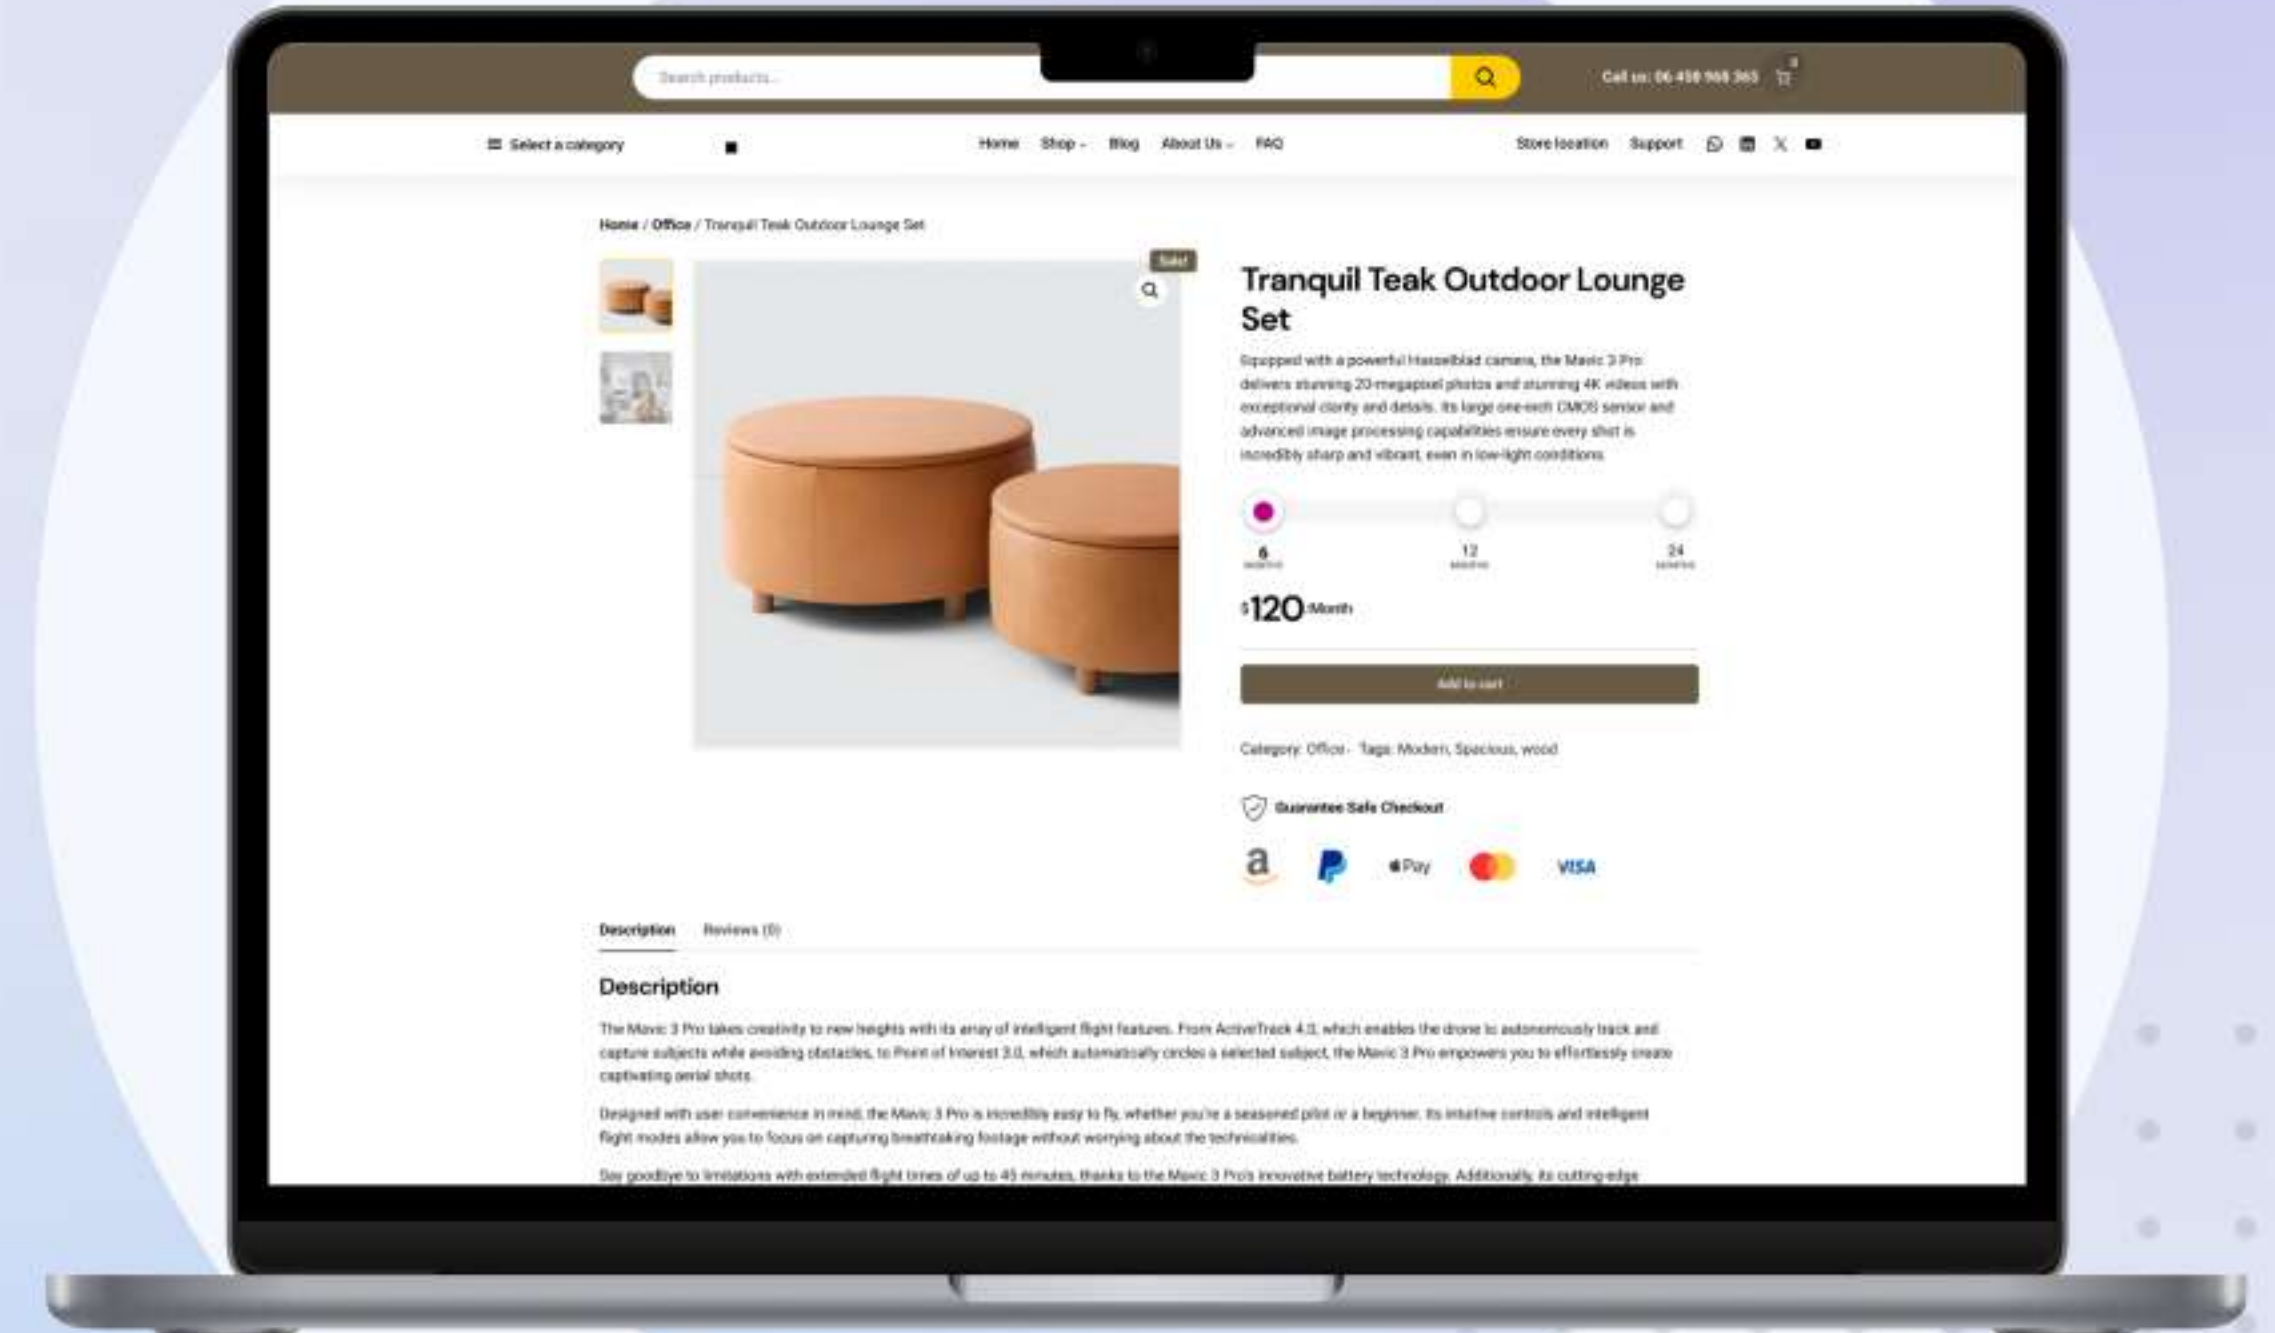

**Responsive Design:** Implementing a responsive design to ensure optimal viewing and functionality across different devices and screen sizes.

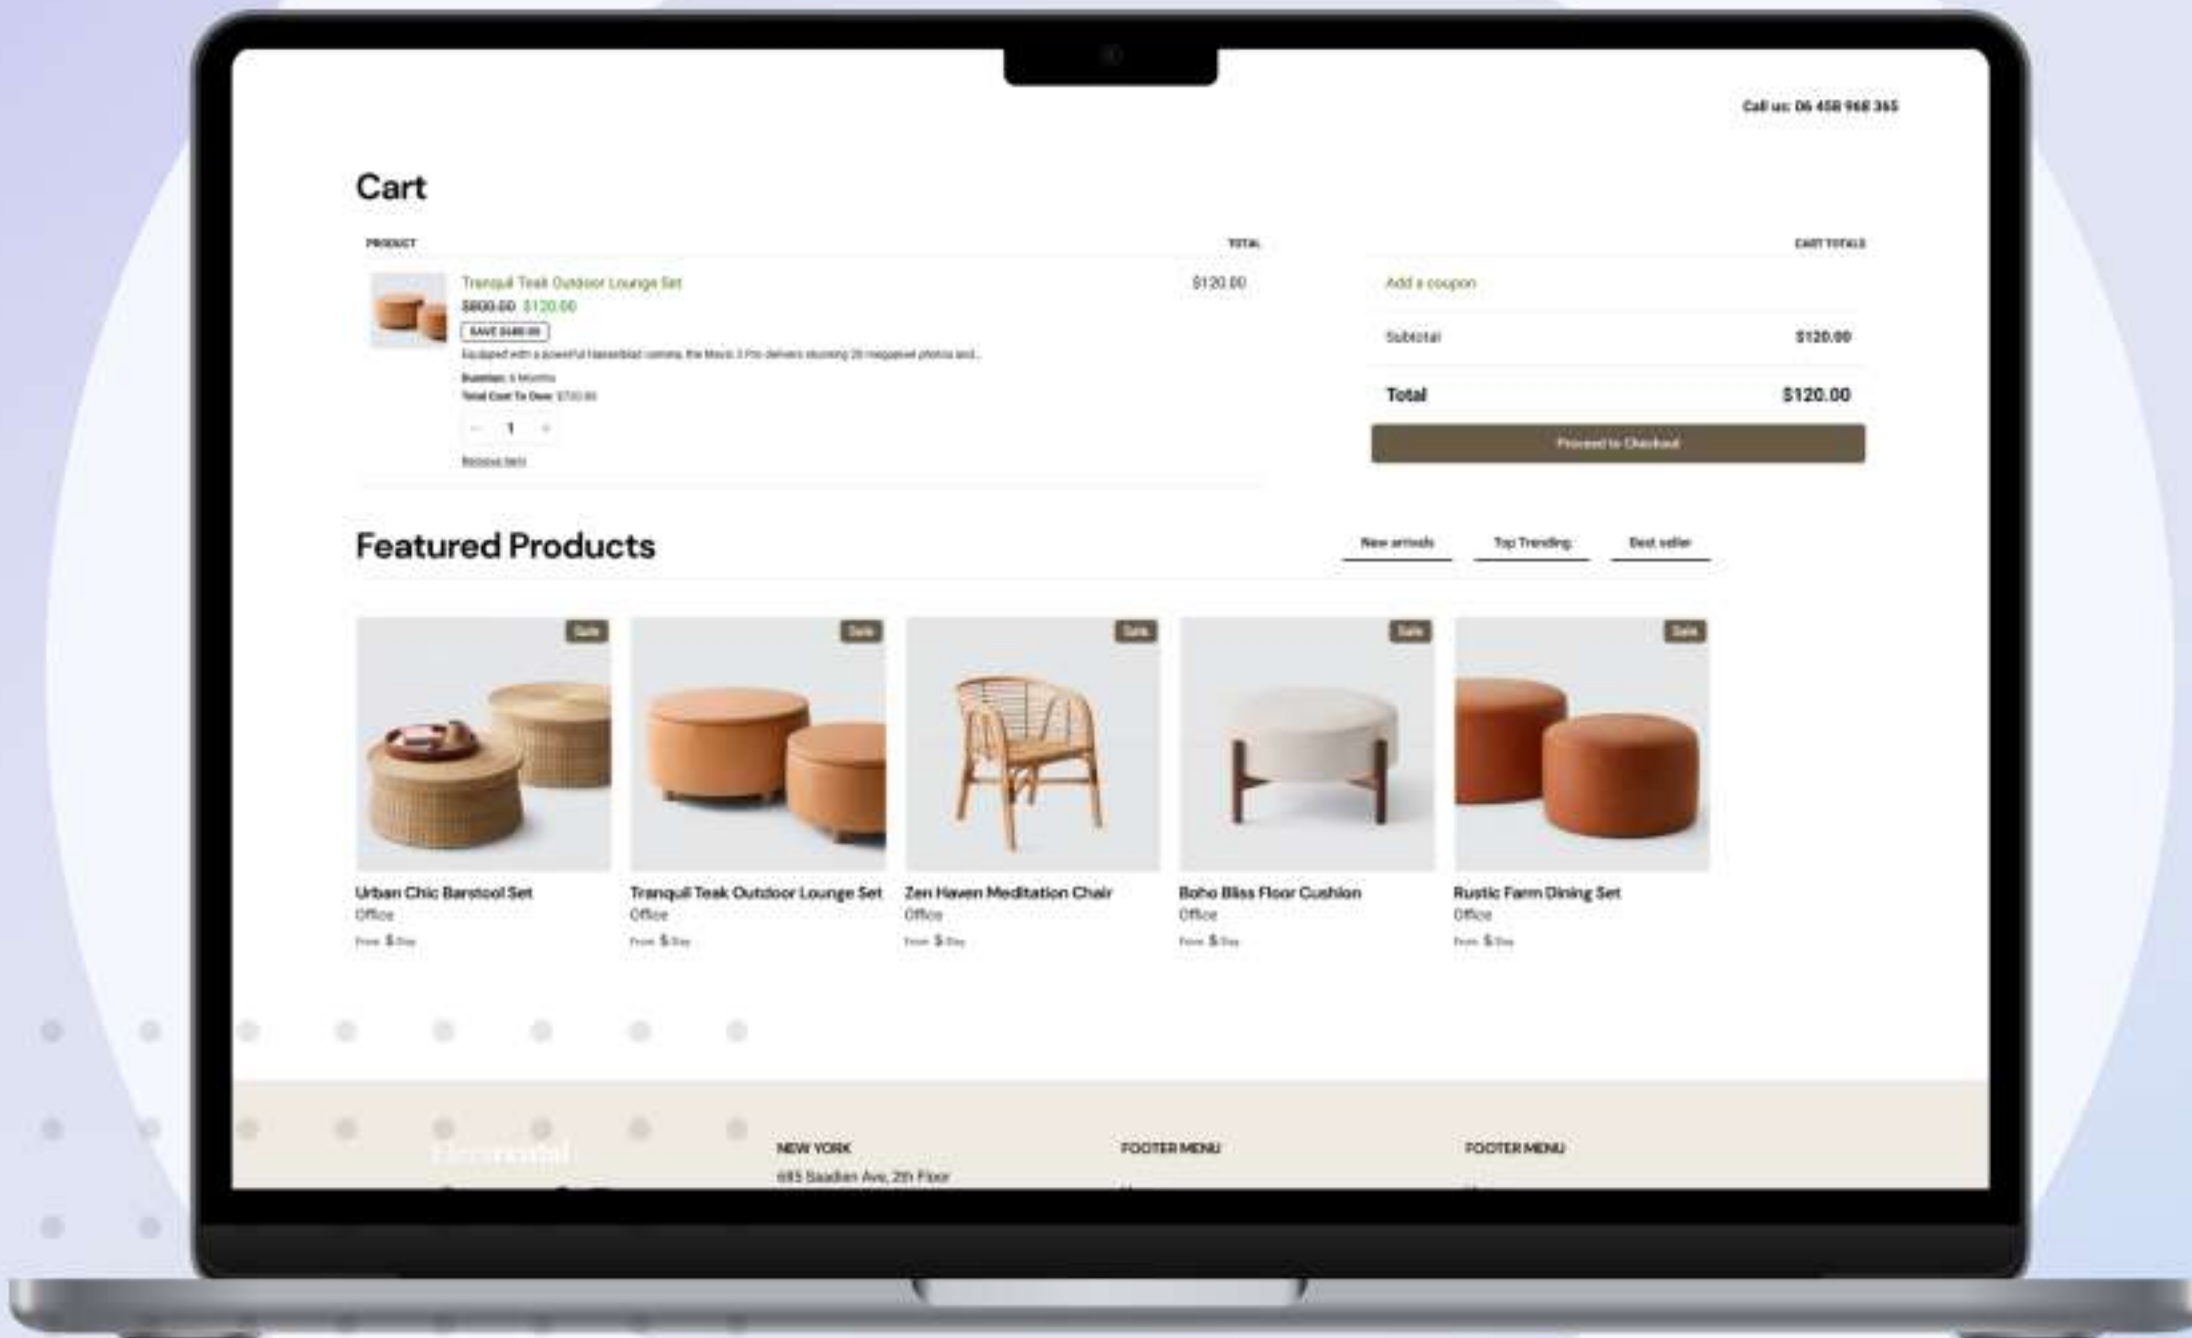

# Challenges

- ✓ Intense Competition: Navigating through a fiercely competitive e-commerce landscape with established players and emerging startups vying for market share.
- ✓ Supply Chain Optimization: Overcoming challenges in supply chain management, including inventory management, shipping logistics, and vendor relationships, to ensure timely product delivery and customer satisfaction.
- ✓ Customer Acquisition and Retention: Developing effective strategies to attract new customers and retain existing ones in a crowded marketplace where customer loyalty is paramount.

# Solutions

Strategic Marketing Initiatives: Implementing targeted marketing campaigns and promotions to reach potential customers and differentiate ComfyMart from competitors.

Advanced Analytics and Automation: Leveraging data analytics and automation tools to optimize supply chain operations, enhance inventory management, and personalize the shopping experience for customers.

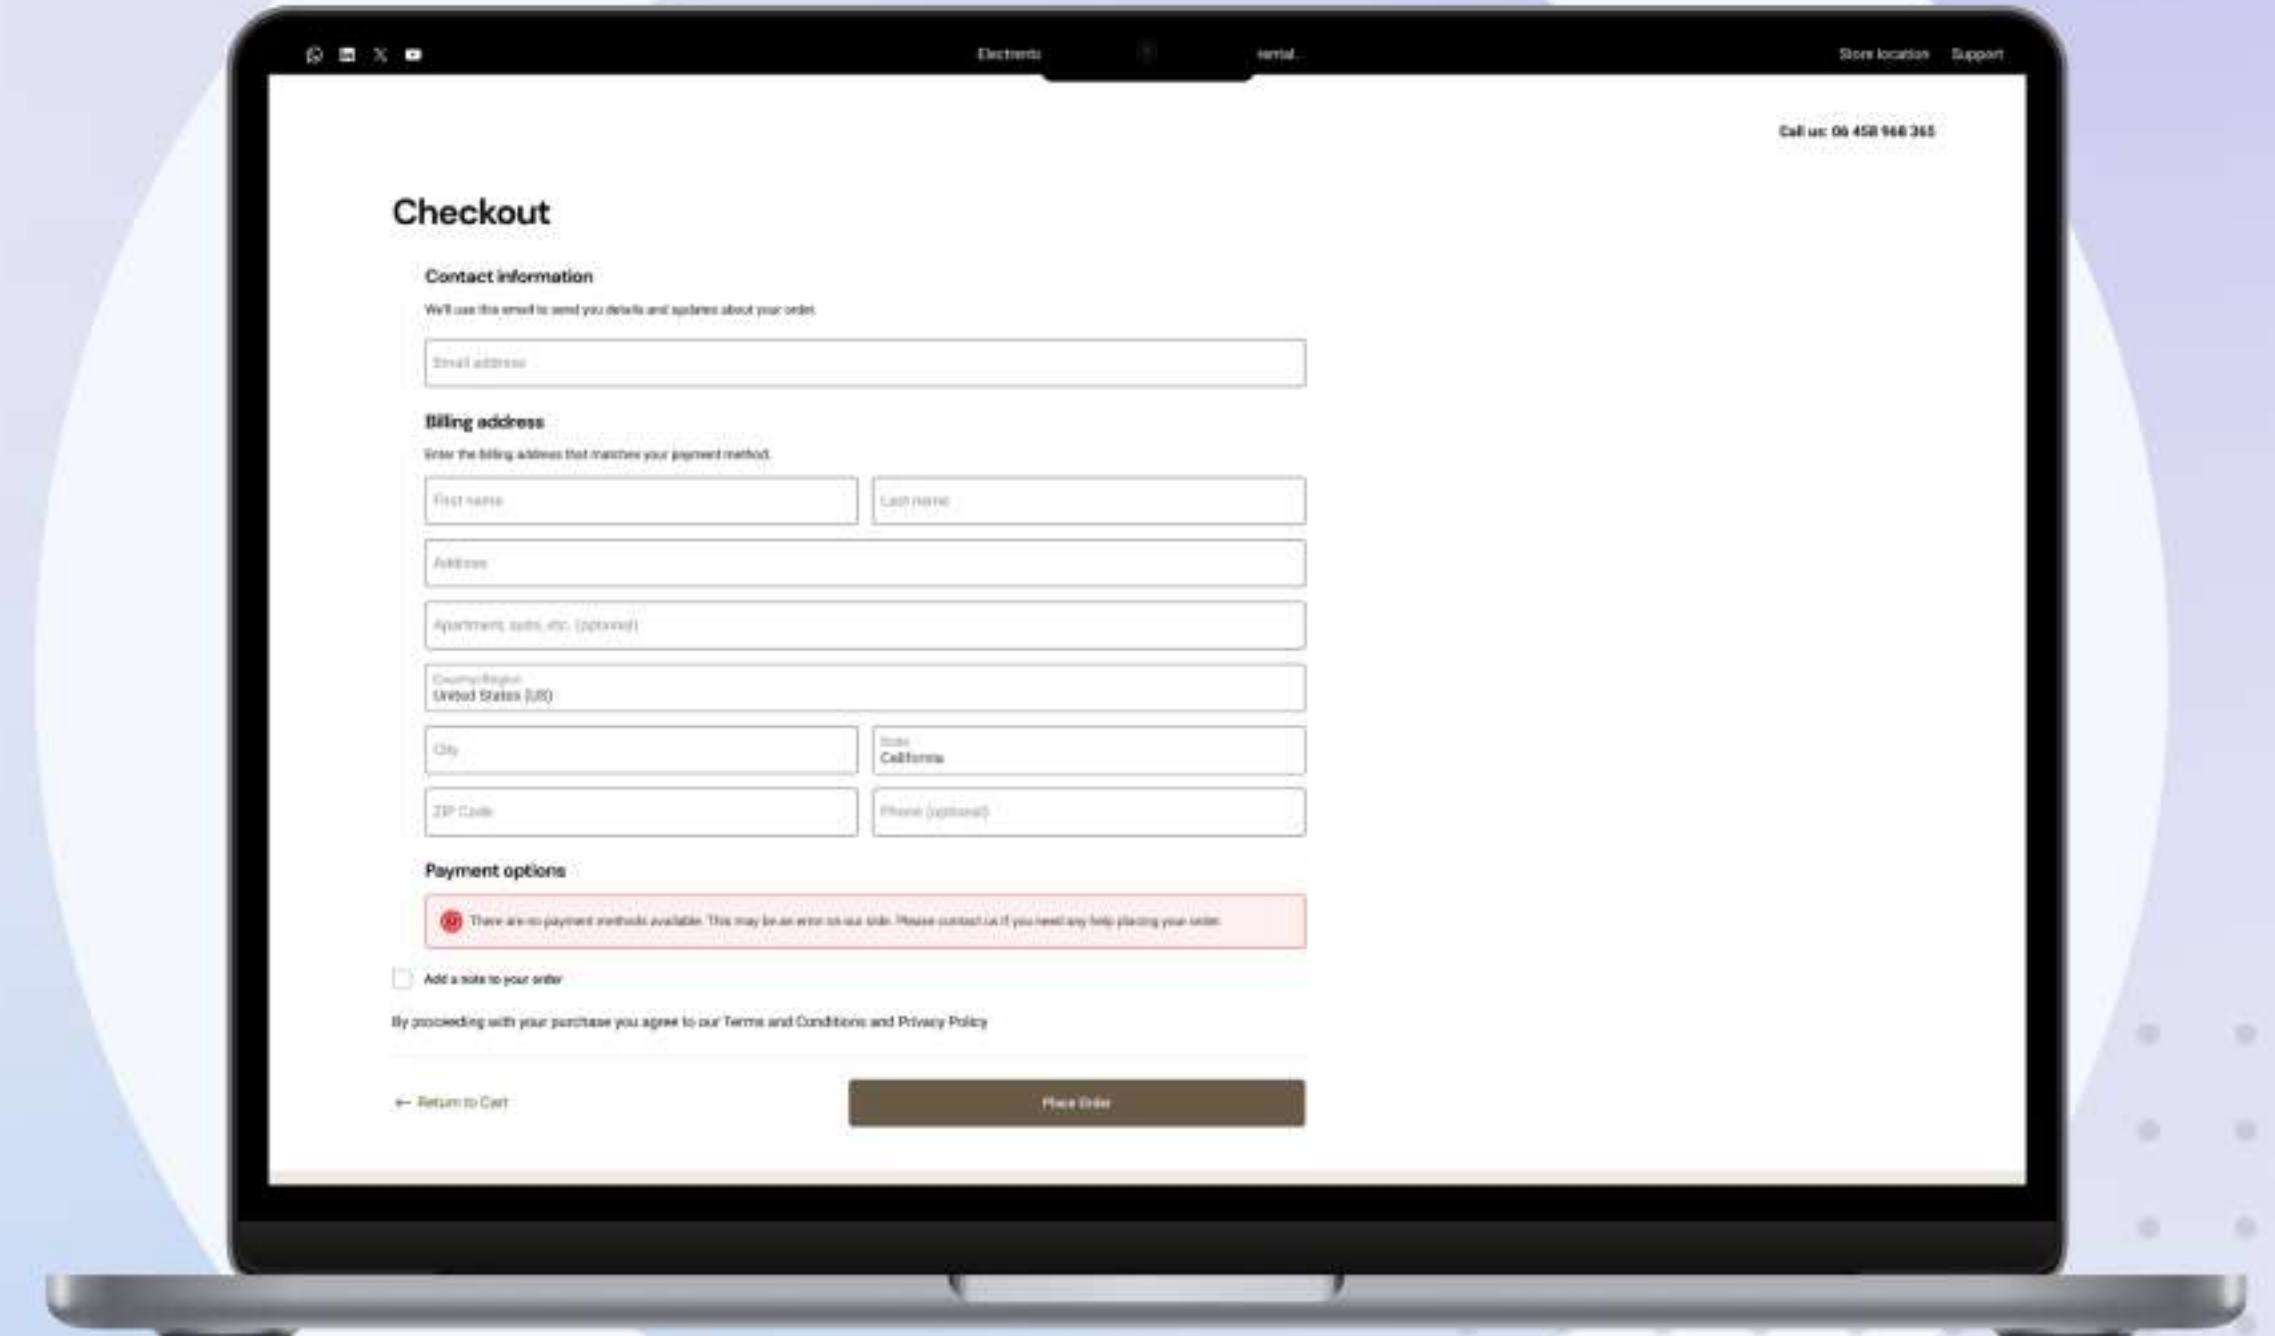

Customer-Centric Approach: Focusing on providing exceptional customer service and support, including responsive communication, hassle-free returns, and post-purchase assistance, to build trust and loyalty among customers.

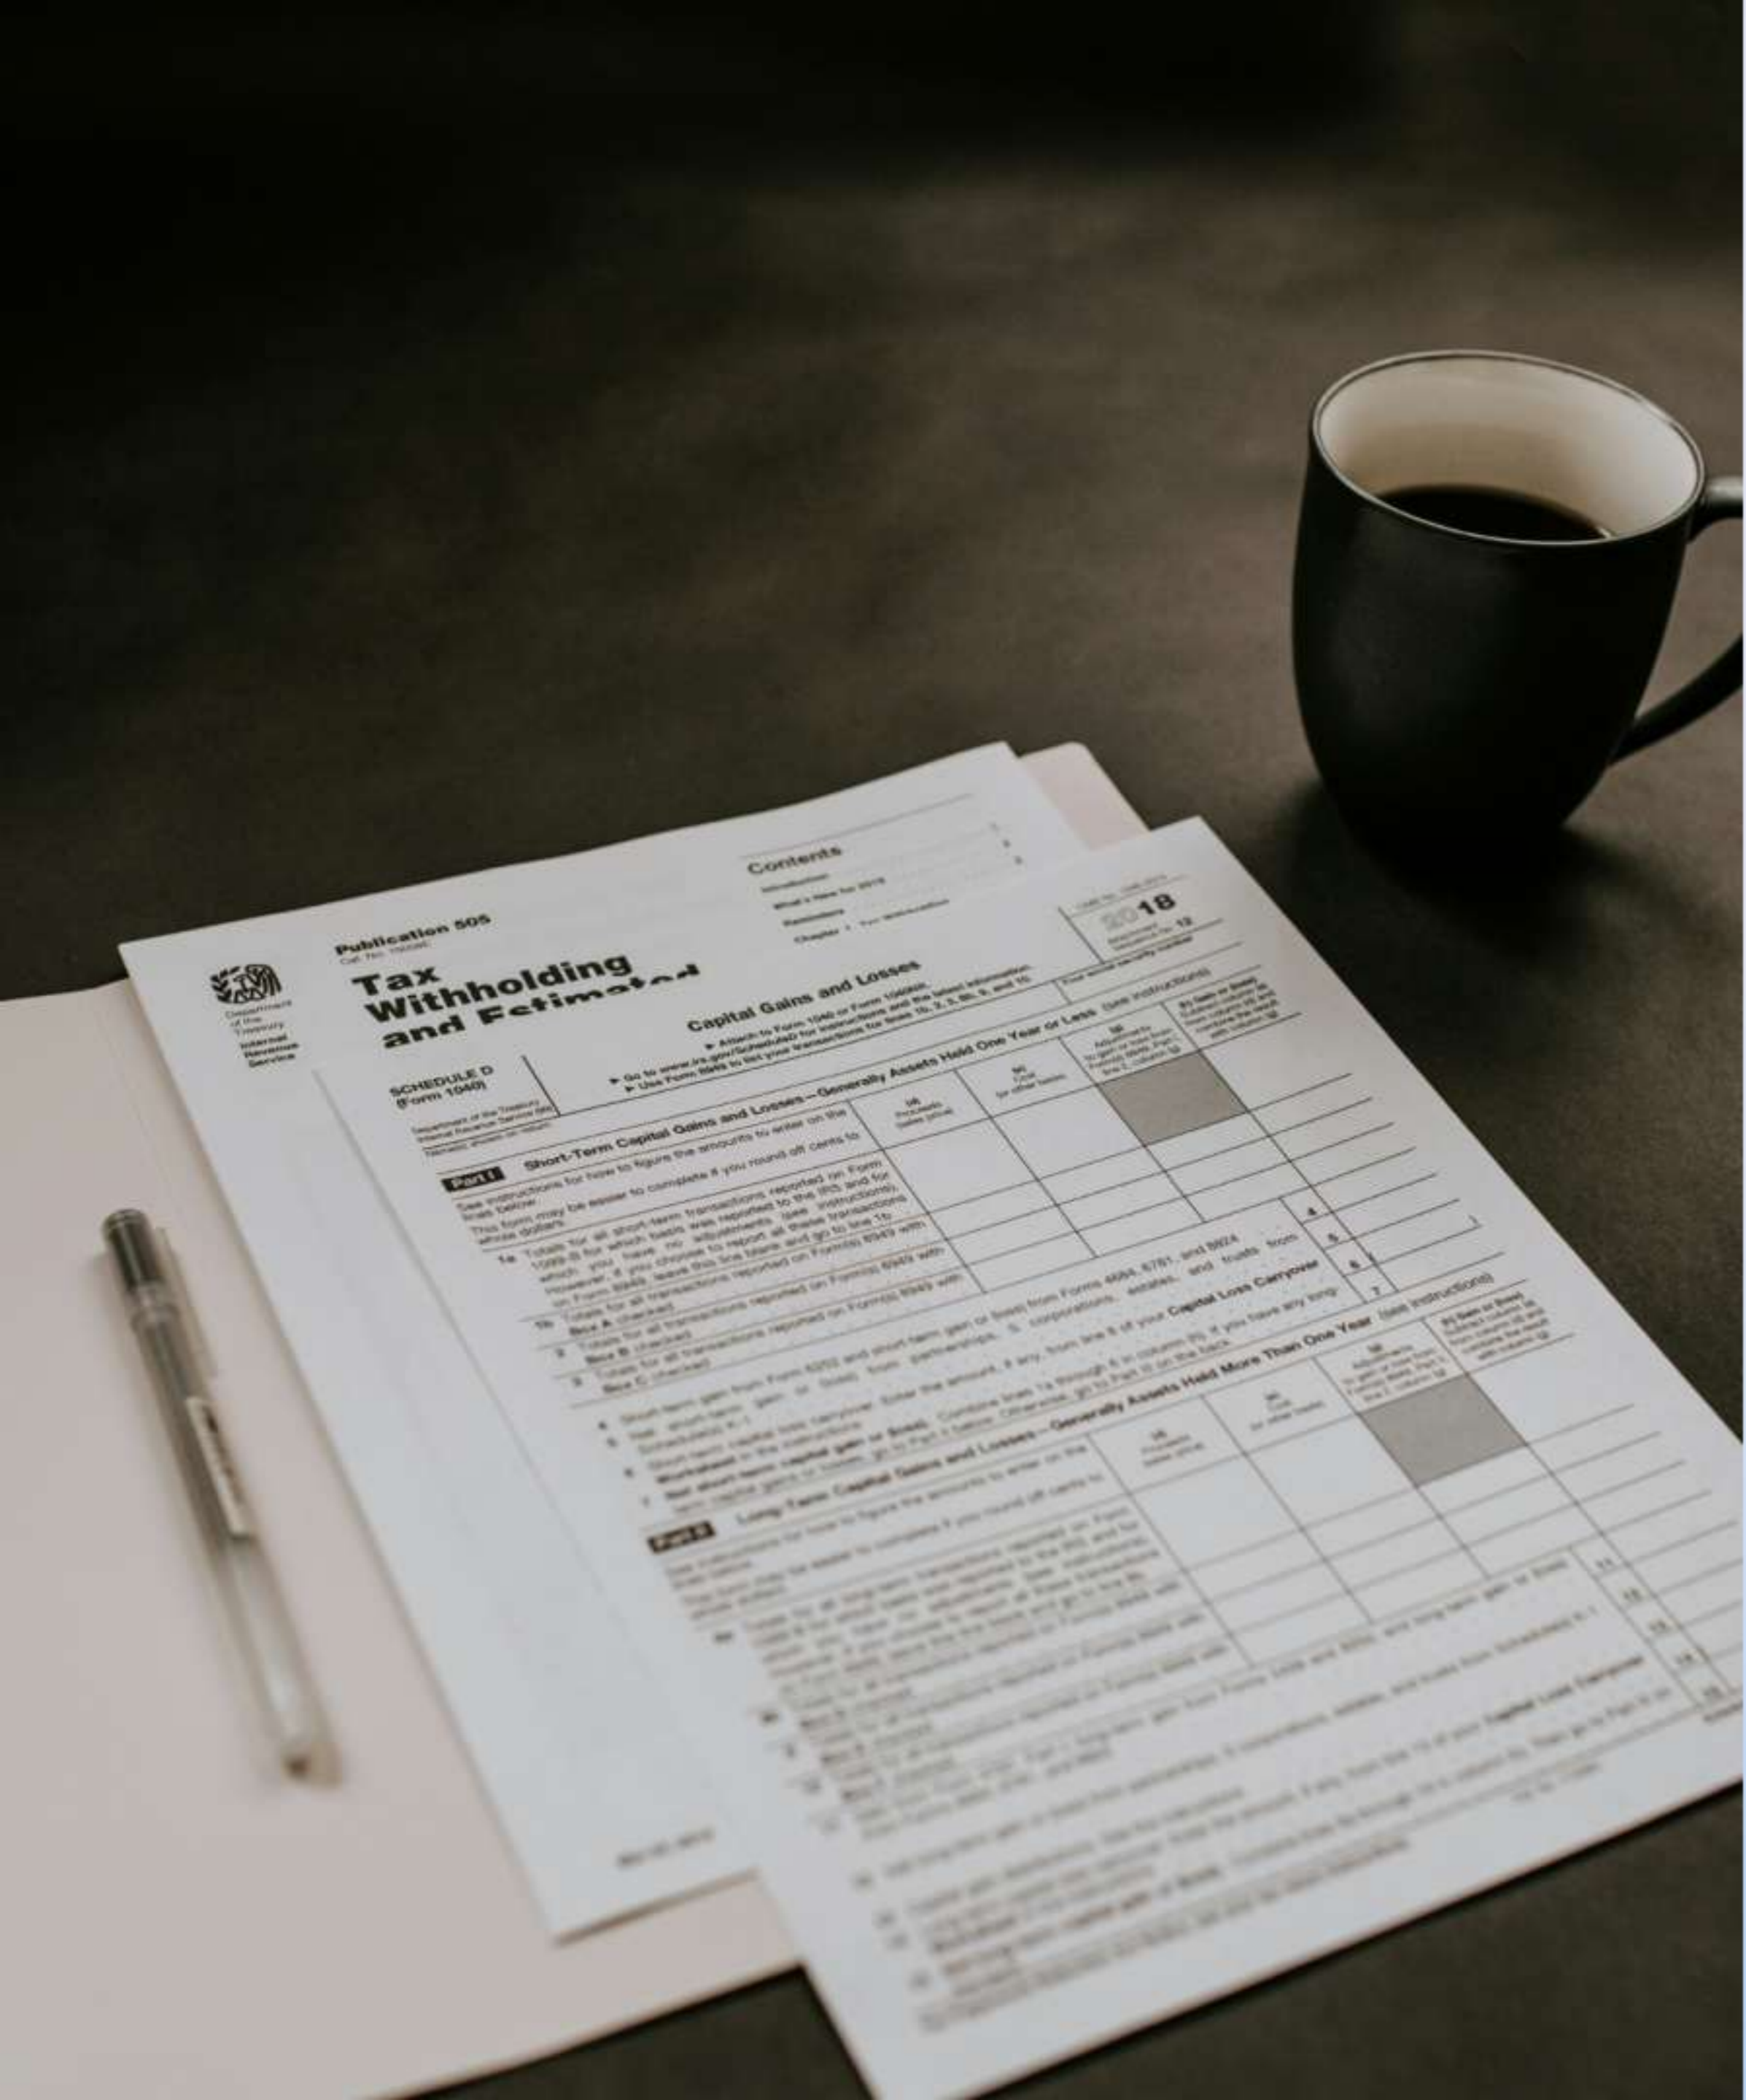

# Impact

- ✓ **Market Leadership:** Establishing ComfyMart as a market leader in the bedding e-commerce sector, capturing a significant share of the market and outperforming competitors.
- ✓ **Customer Satisfaction:** Achieving high levels of customer satisfaction and loyalty through superior product quality, personalized service, and seamless shopping experiences.
- ✓ **Business Growth:** Realizing substantial revenue growth and profitability as a result of effective marketing strategies, operational efficiencies, and strong customer relationships.
- ✓ **Industry Recognition:** Garnering positive industry recognition and accolades for innovation, excellence in customer service, and contributions to the e-commerce landscape.

- ✓ Rise in Offline Ad Revenues: Recorded a remarkable 65% increase in revenues from the offline ad market, showcasing the effectiveness of targeted offline advertising.
- ✓ Boost in Online Ad Revenues: Generated a 55% increase in revenues from the online ad market, highlighting the success of online referral partnerships and expanded advertising options.

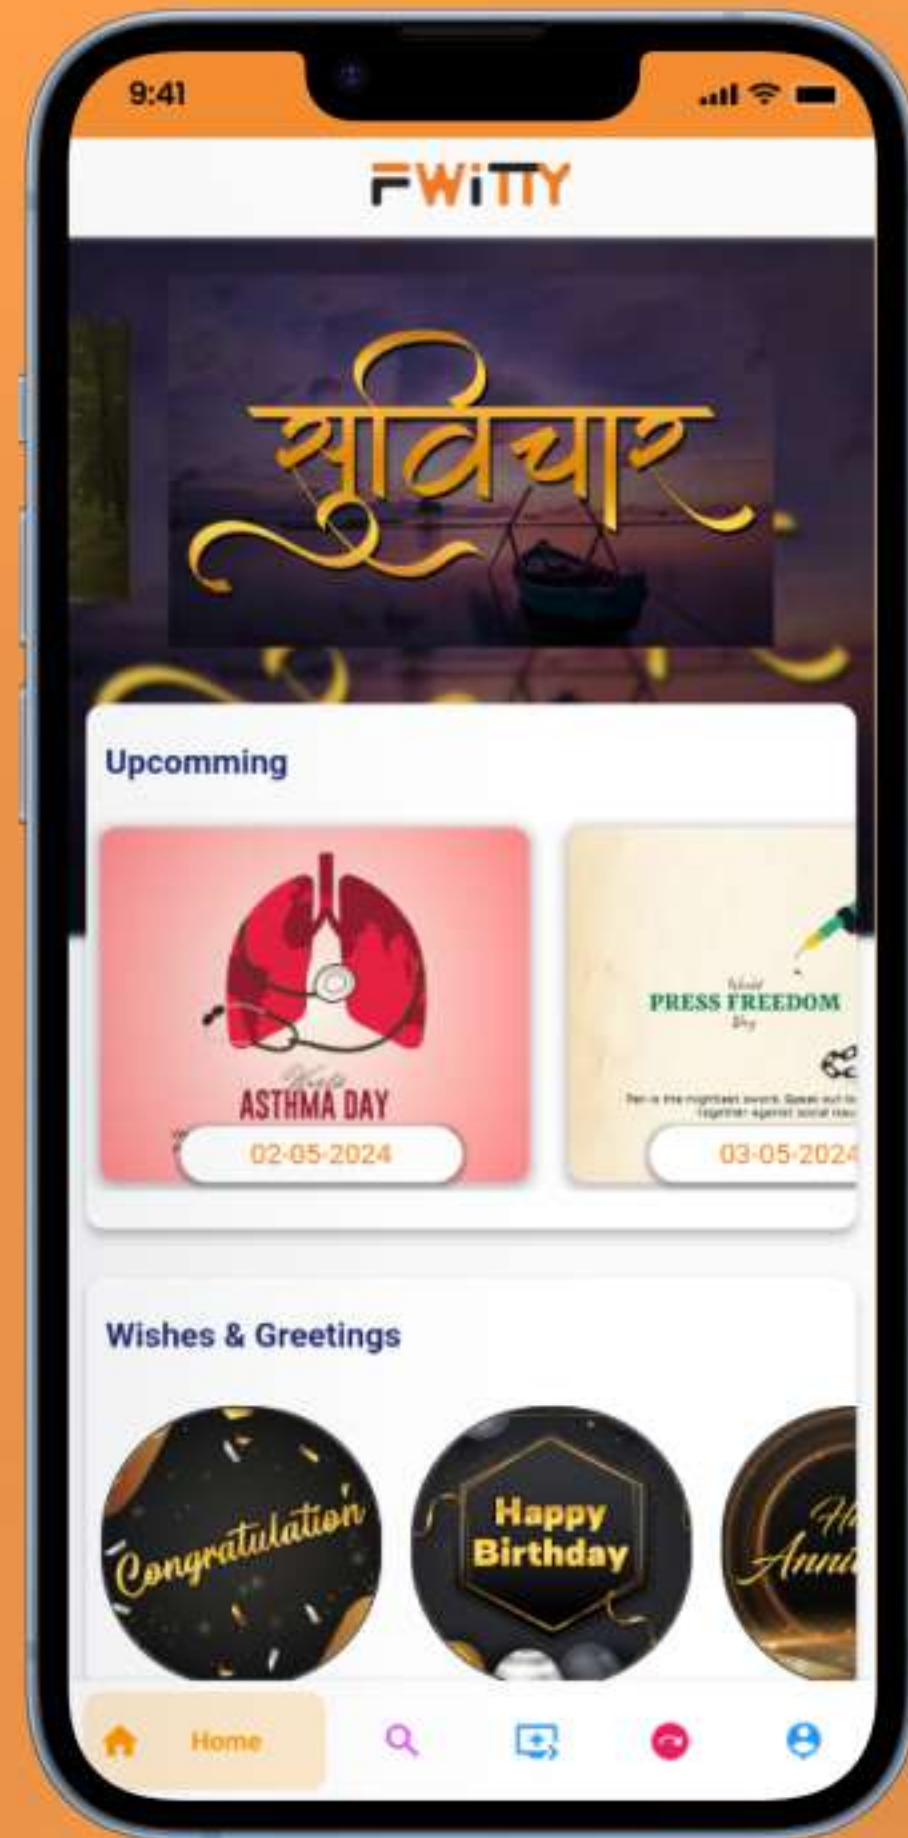

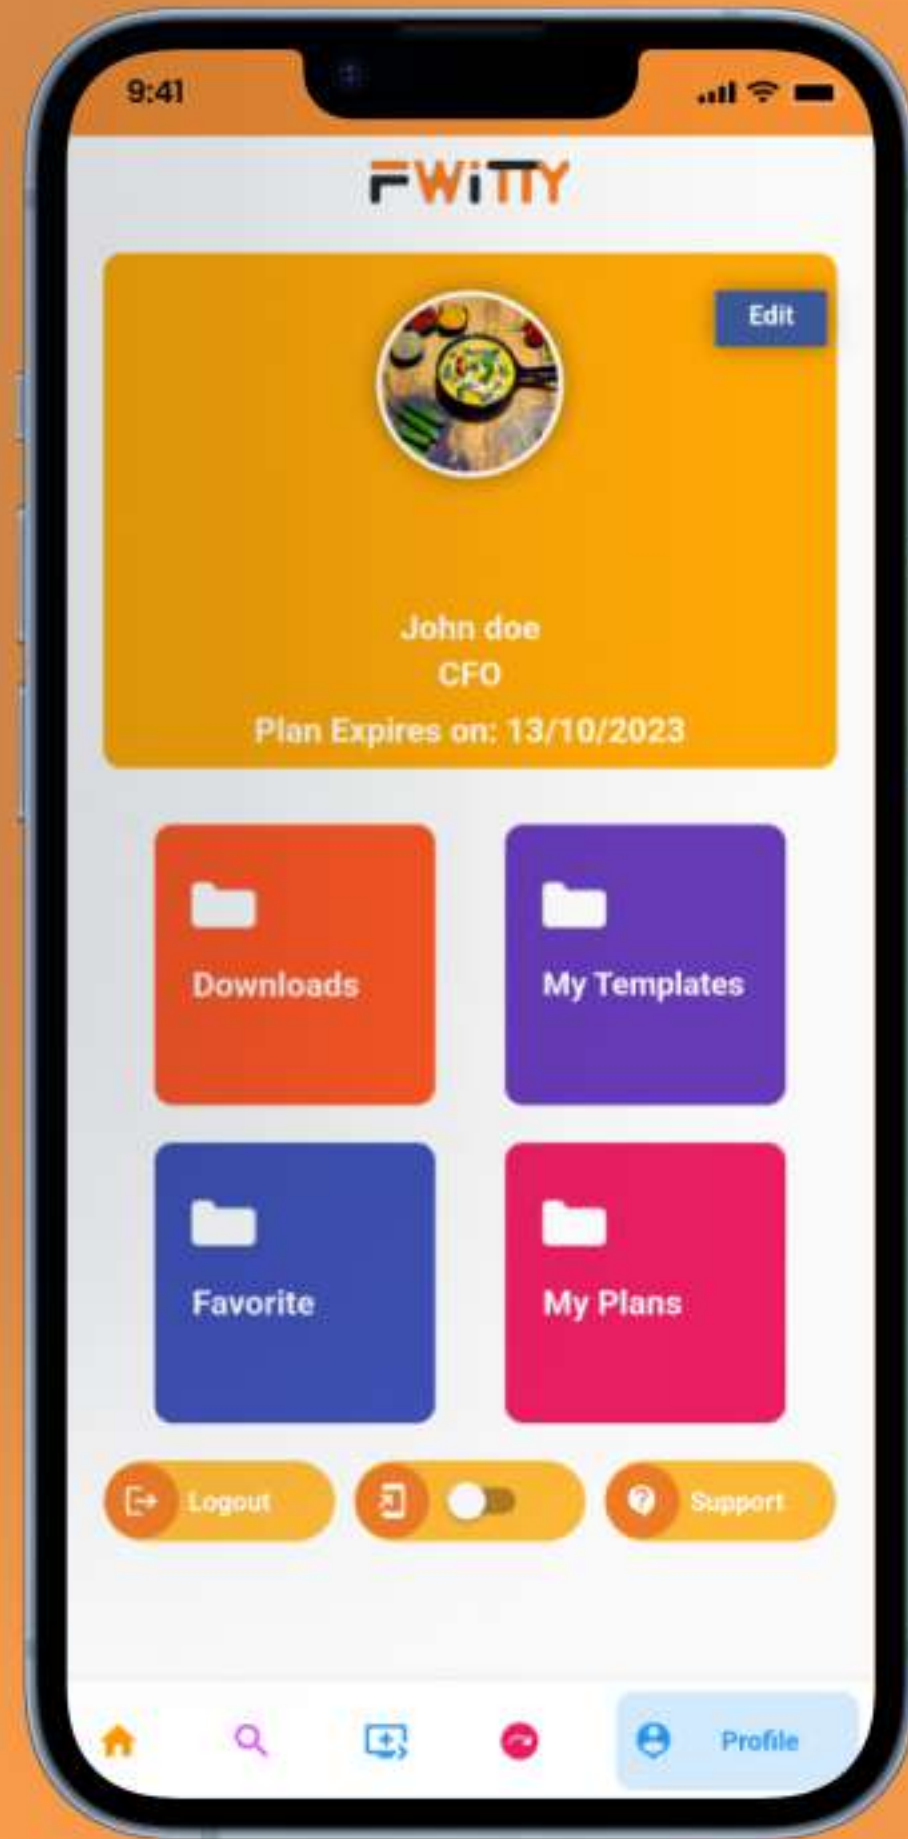

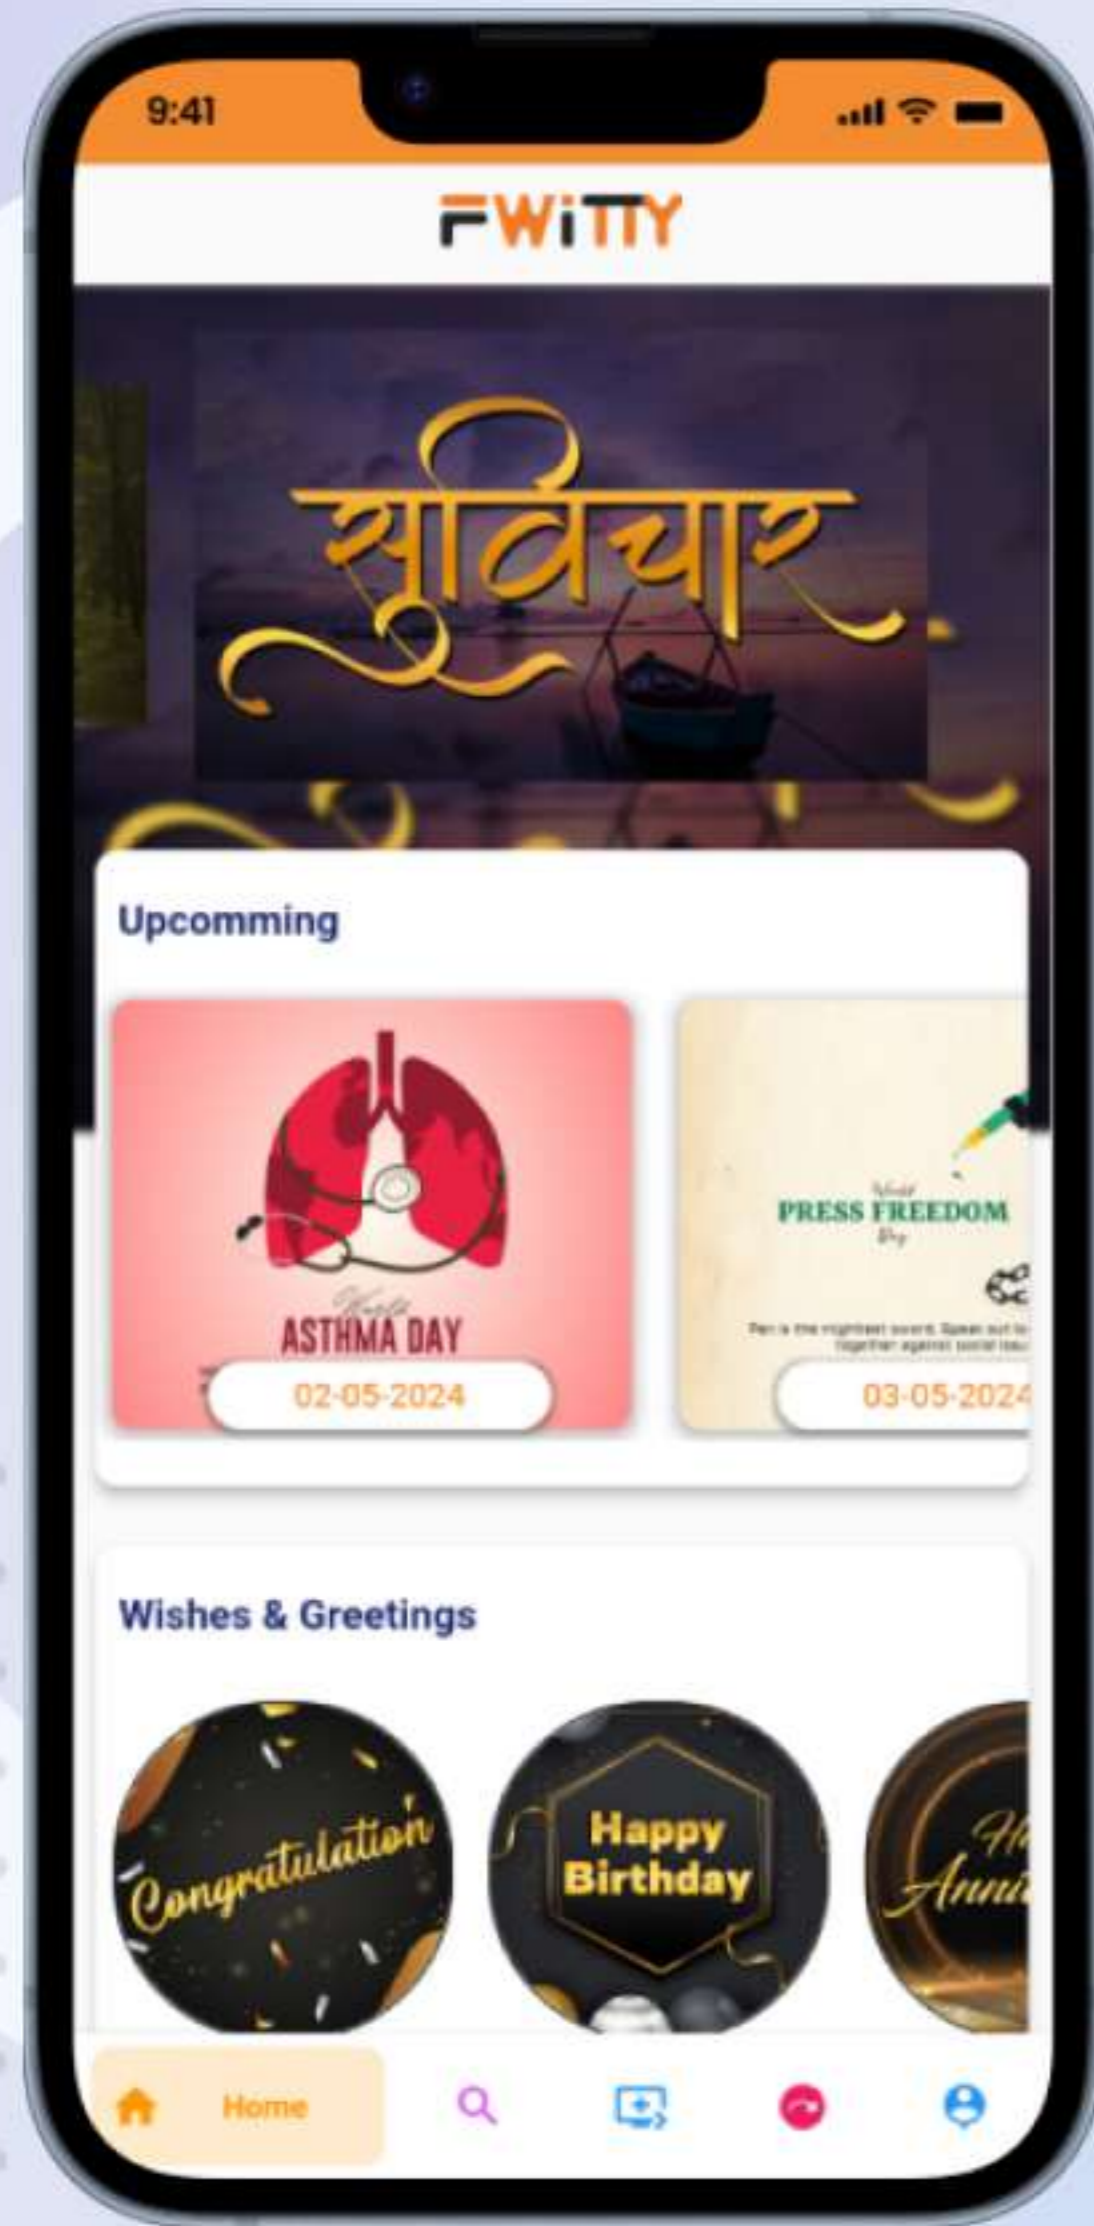

# Fwitty

Give up on your design troubles! Your one-stop shop for gorgeous and interesting festival marketing content creation in India is Fwitty. Get pre-made layouts, include your company information smoothly, and make a statement at every holiday gathering.

# Features

- ✓ Video Enchantment: Use attractive video themes to add energy to your postings.
- ✓ No Troubles with Design? No Issue! Lack a design team members? Allow ours to produce gorgeous, personalised company templates with no cost!
- ✓ Festival Admire: Treat your audience to an array of options from a wide collection of templates for each of the main Indian festivals.
- ✓ Security: You may be confident that our strong security procedures are protecting your data.

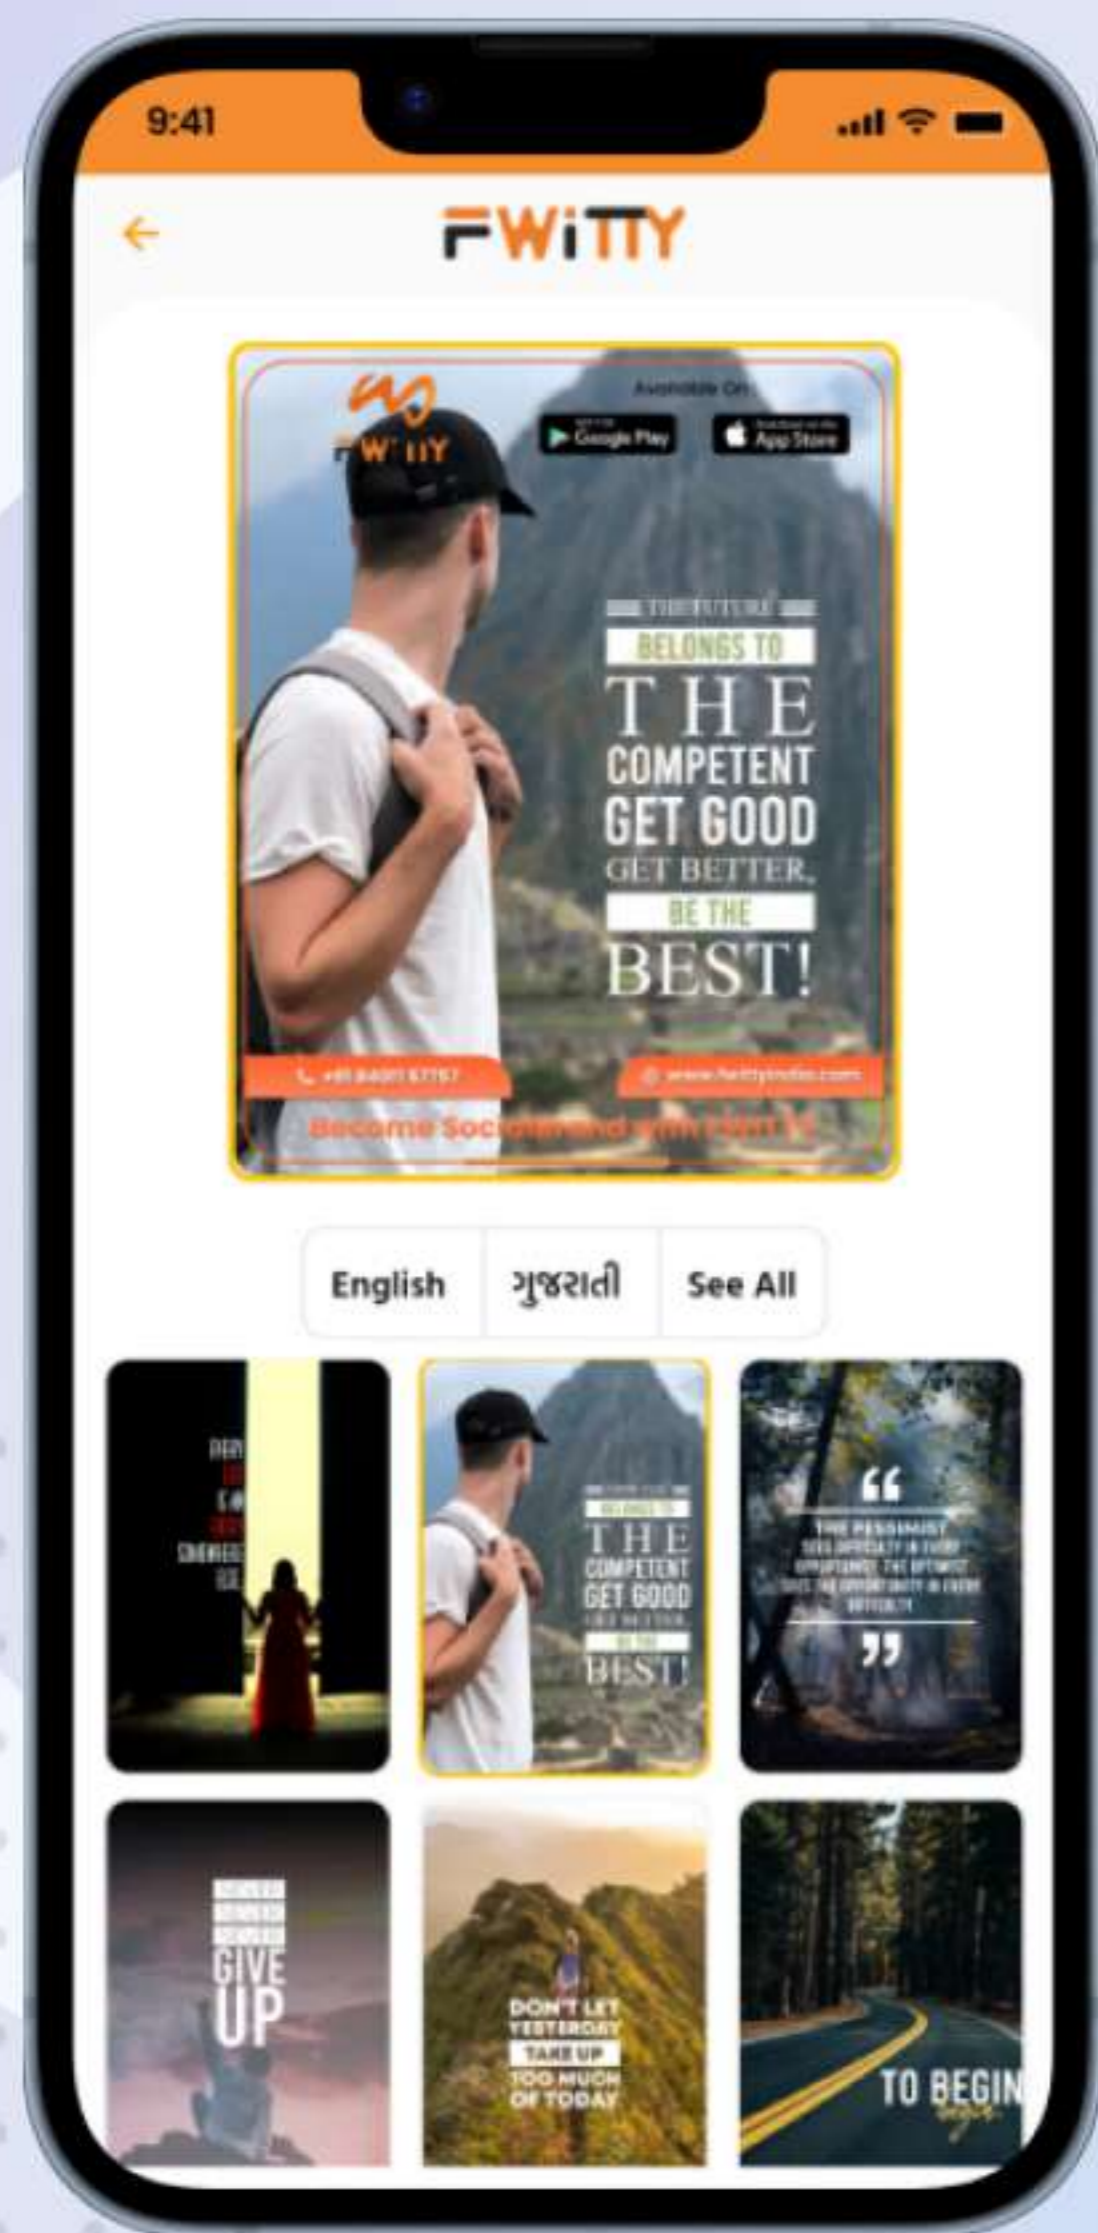

# Challenges

- ✓ FFmpeg Implementation: There were challenges in integrating this potent video processing technology.
- ✓ Image Overload: The app may become laggy due to large image sizes.
- ✓ Video Storage: A server's capacity may be strained by video content.
- ✓ Missing the GIF: People yearned for the capability to use visually striking GIFs in their videos.
- ✓ Editor's Block: Occasionally, there were issues with the integrated picture editor.

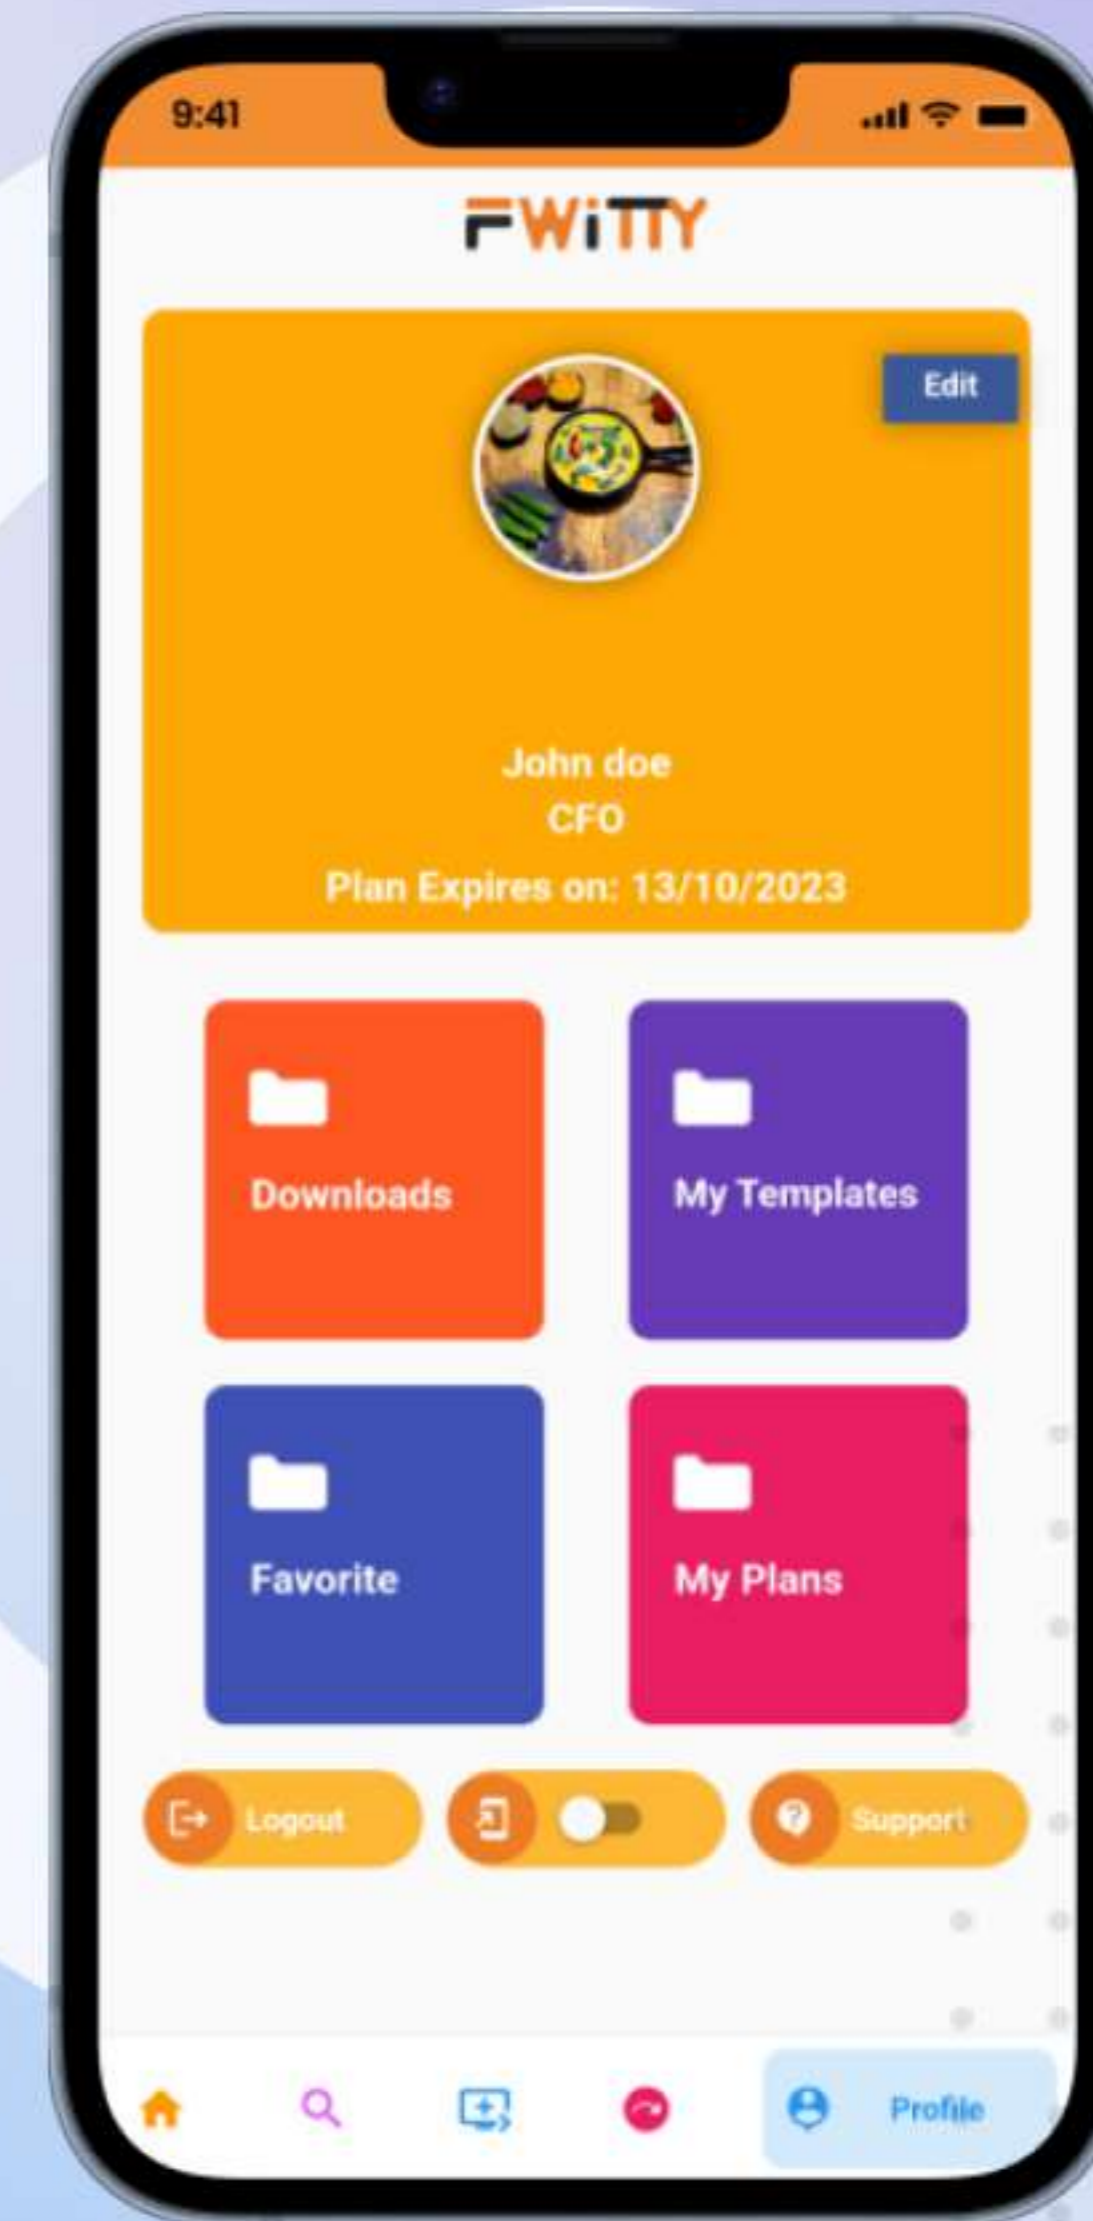

# Solutions

- ✓ Effective FFmpeg Integration: Fwitty used clouinary and FFmpeg to process and save videos in a smooth manner.
- ✓ Optimised Code Structure: To improve performance and shorten the time it takes for images to load, a number of code optimisation techniques were put into place.
- ✓ Enhanced Validation Procedures: To ensure seamless content upload, enhanced validation procedures were implemented to efficiently handle picture and video sizes.
- ✓ Creation of a Custom Image Editor: Fwitty developed a custom image editor with improved functionality and stability in order to address image editor concerns.

# Impact

- ✓ 40% Increase in Downloads: The optimized performance and enhanced feature set resulted in a significant increase in app downloads.
- ✓ 20% Growth in Premium Users: The introduction of seamless video integration and personalized editing features attracted more users to upgrade to premium accounts.
- ✓ 50% Rise in Referrals: Positive user reviews and word-of-mouth referrals surged, reflecting the app's increased popularity and customer satisfaction.

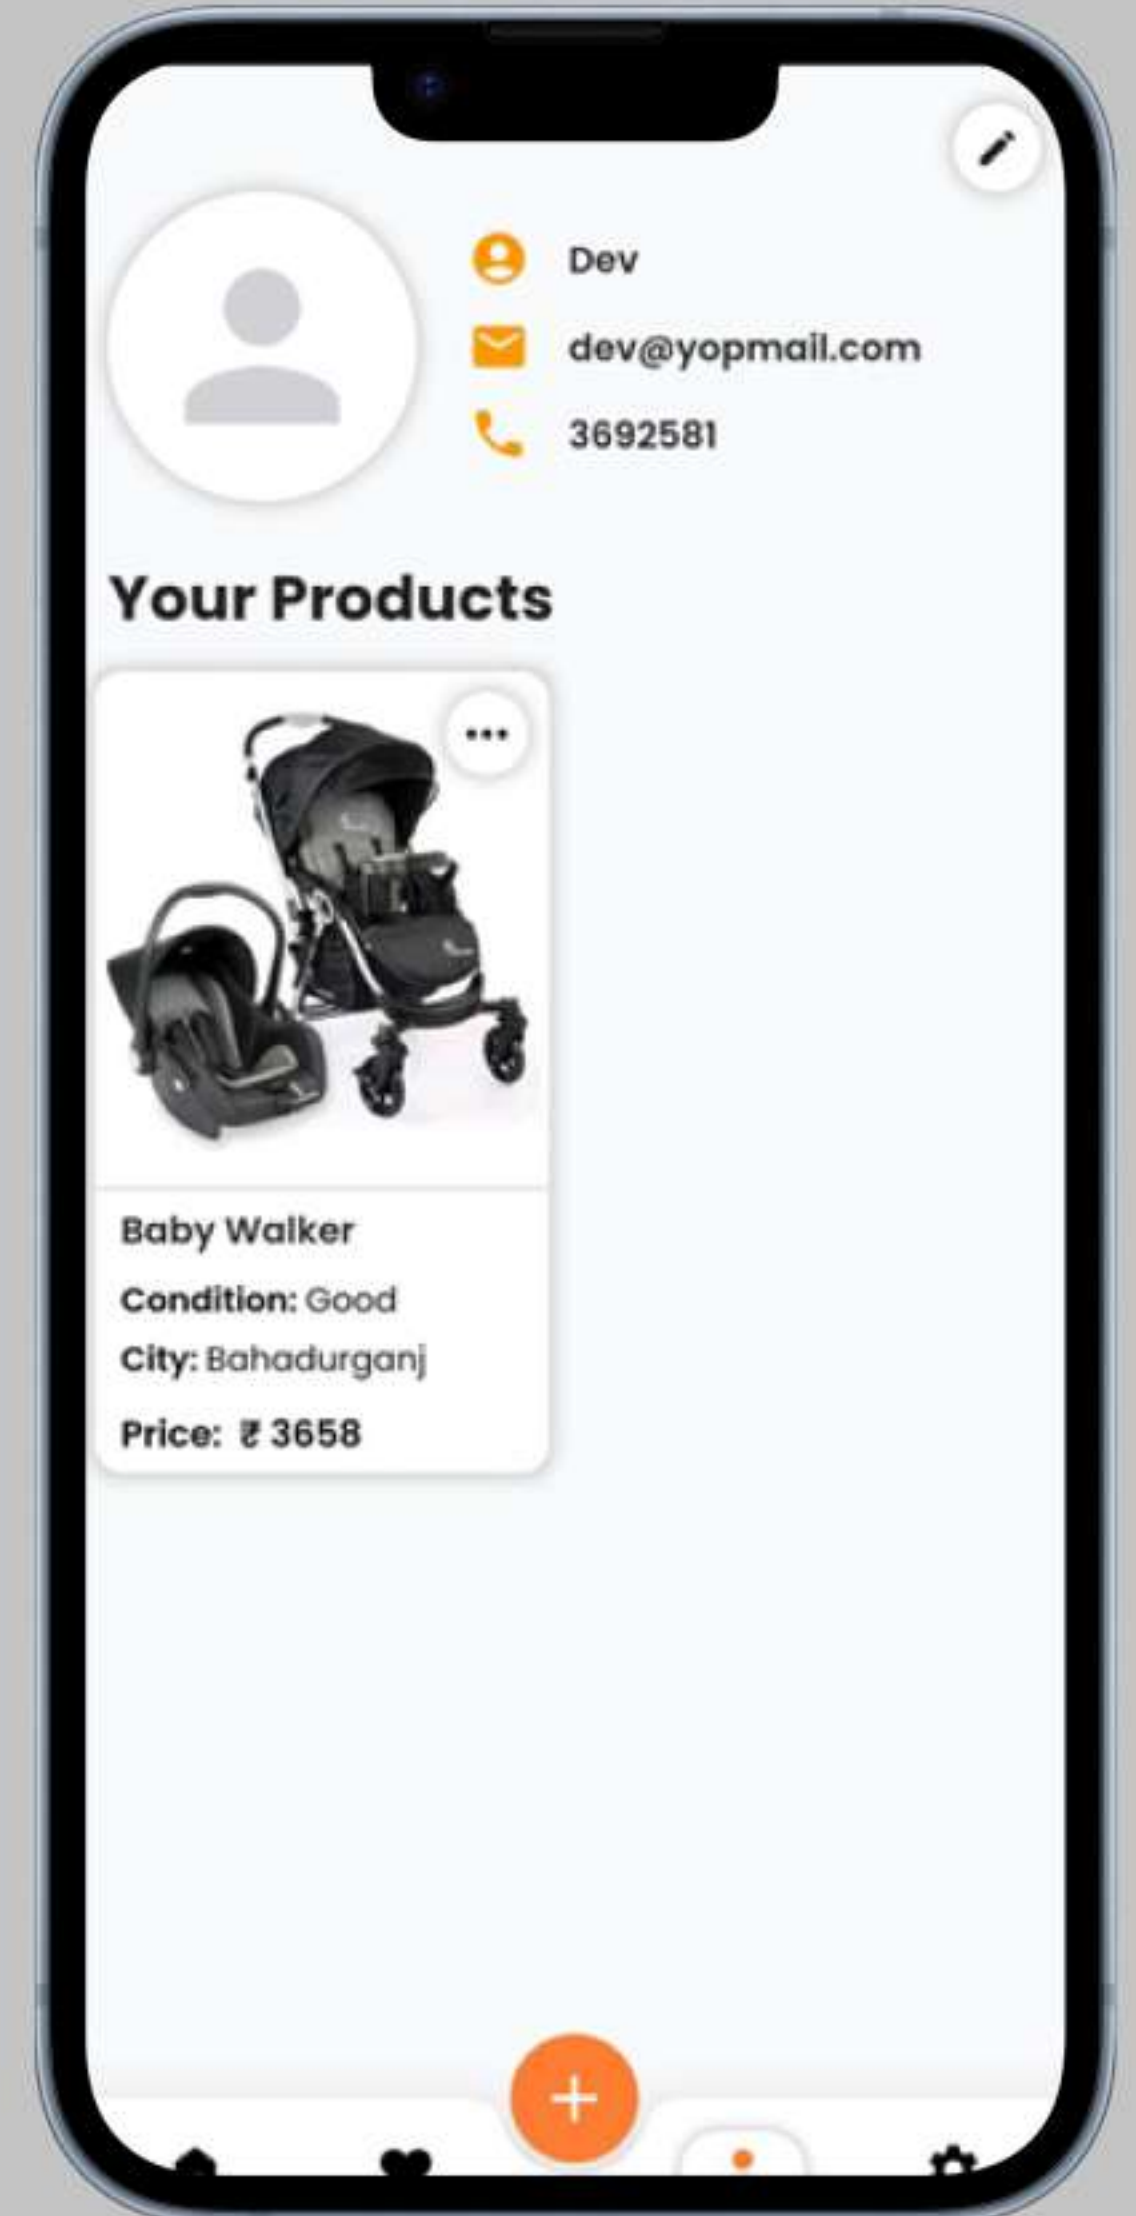

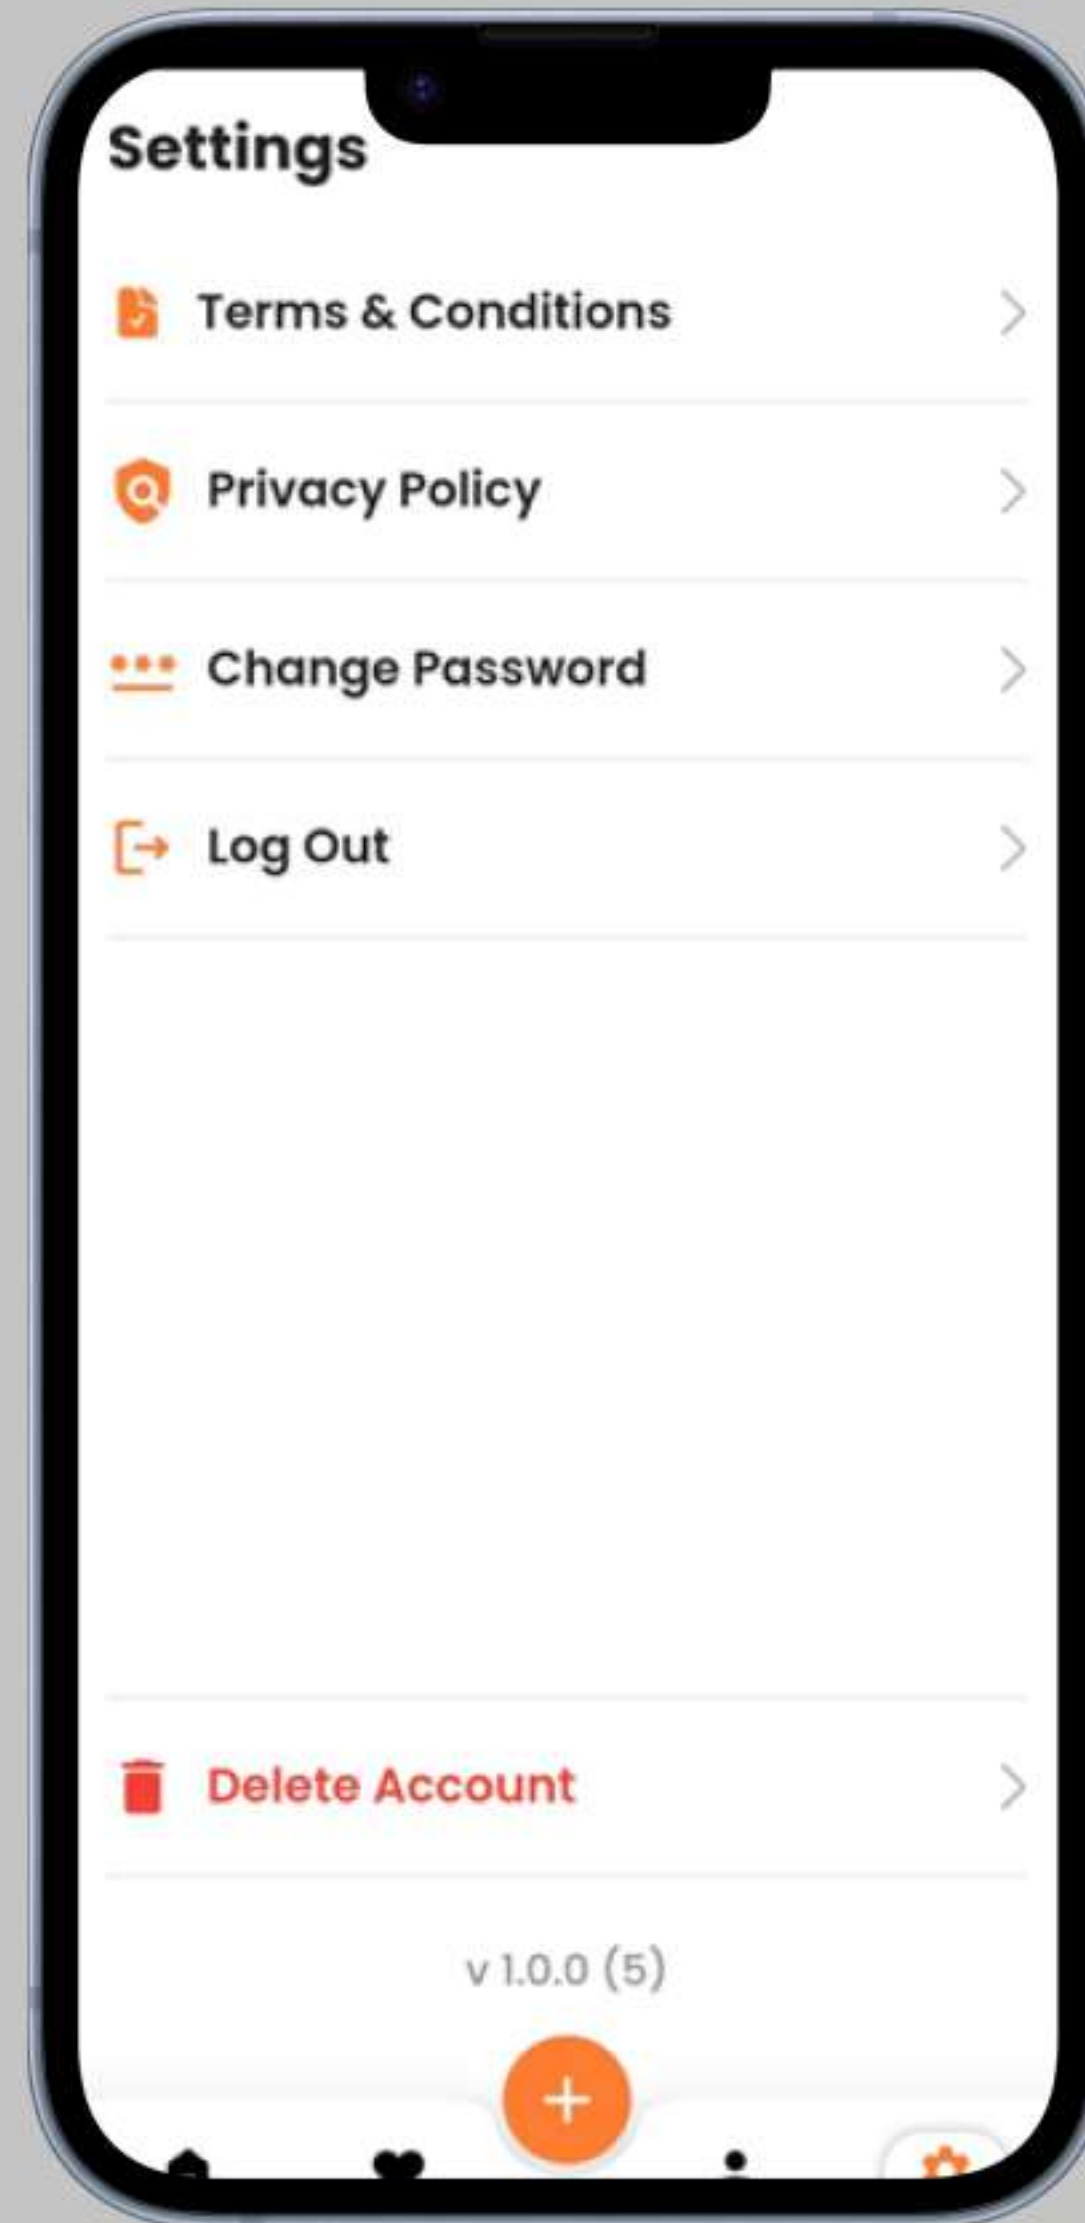

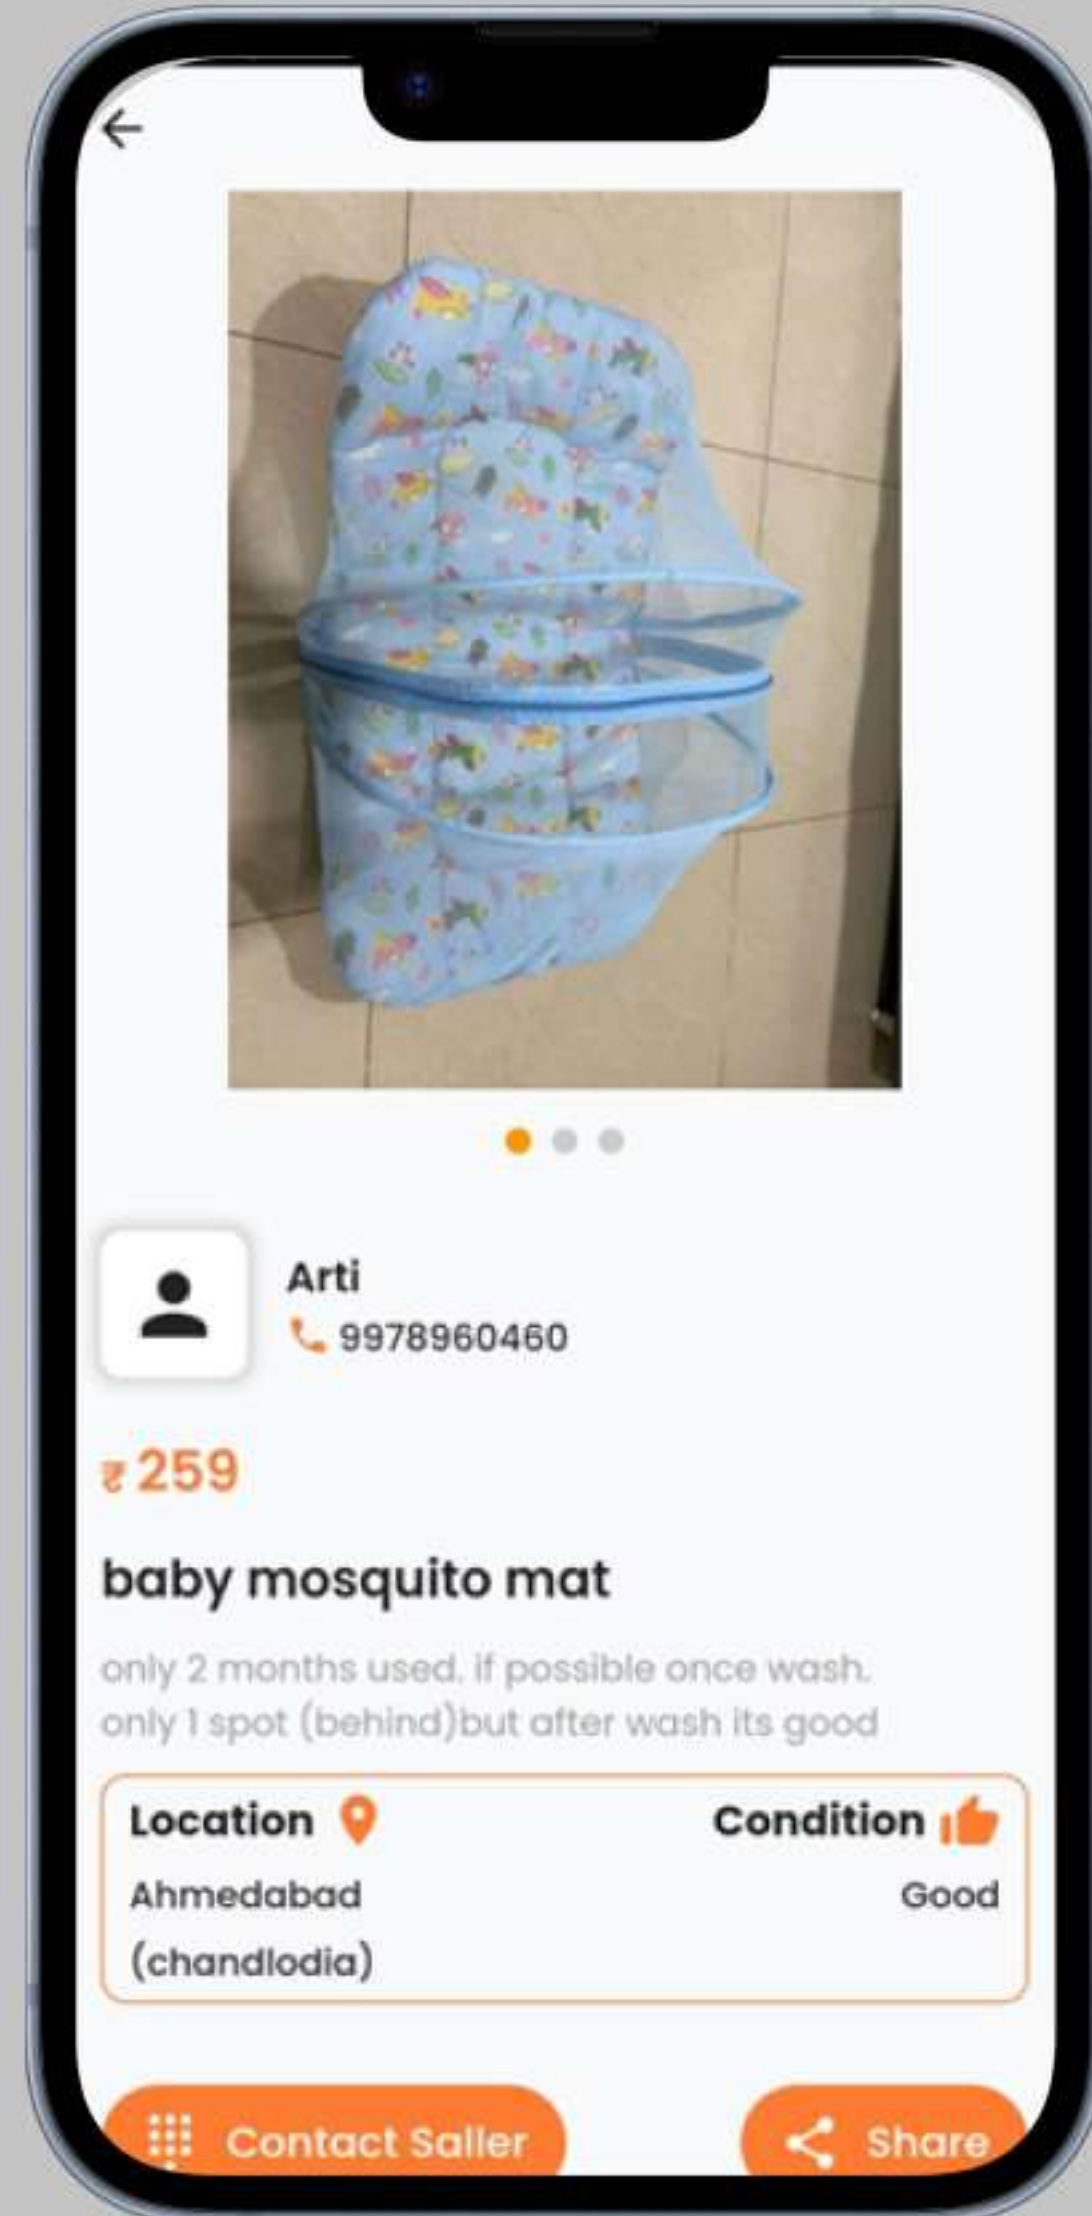

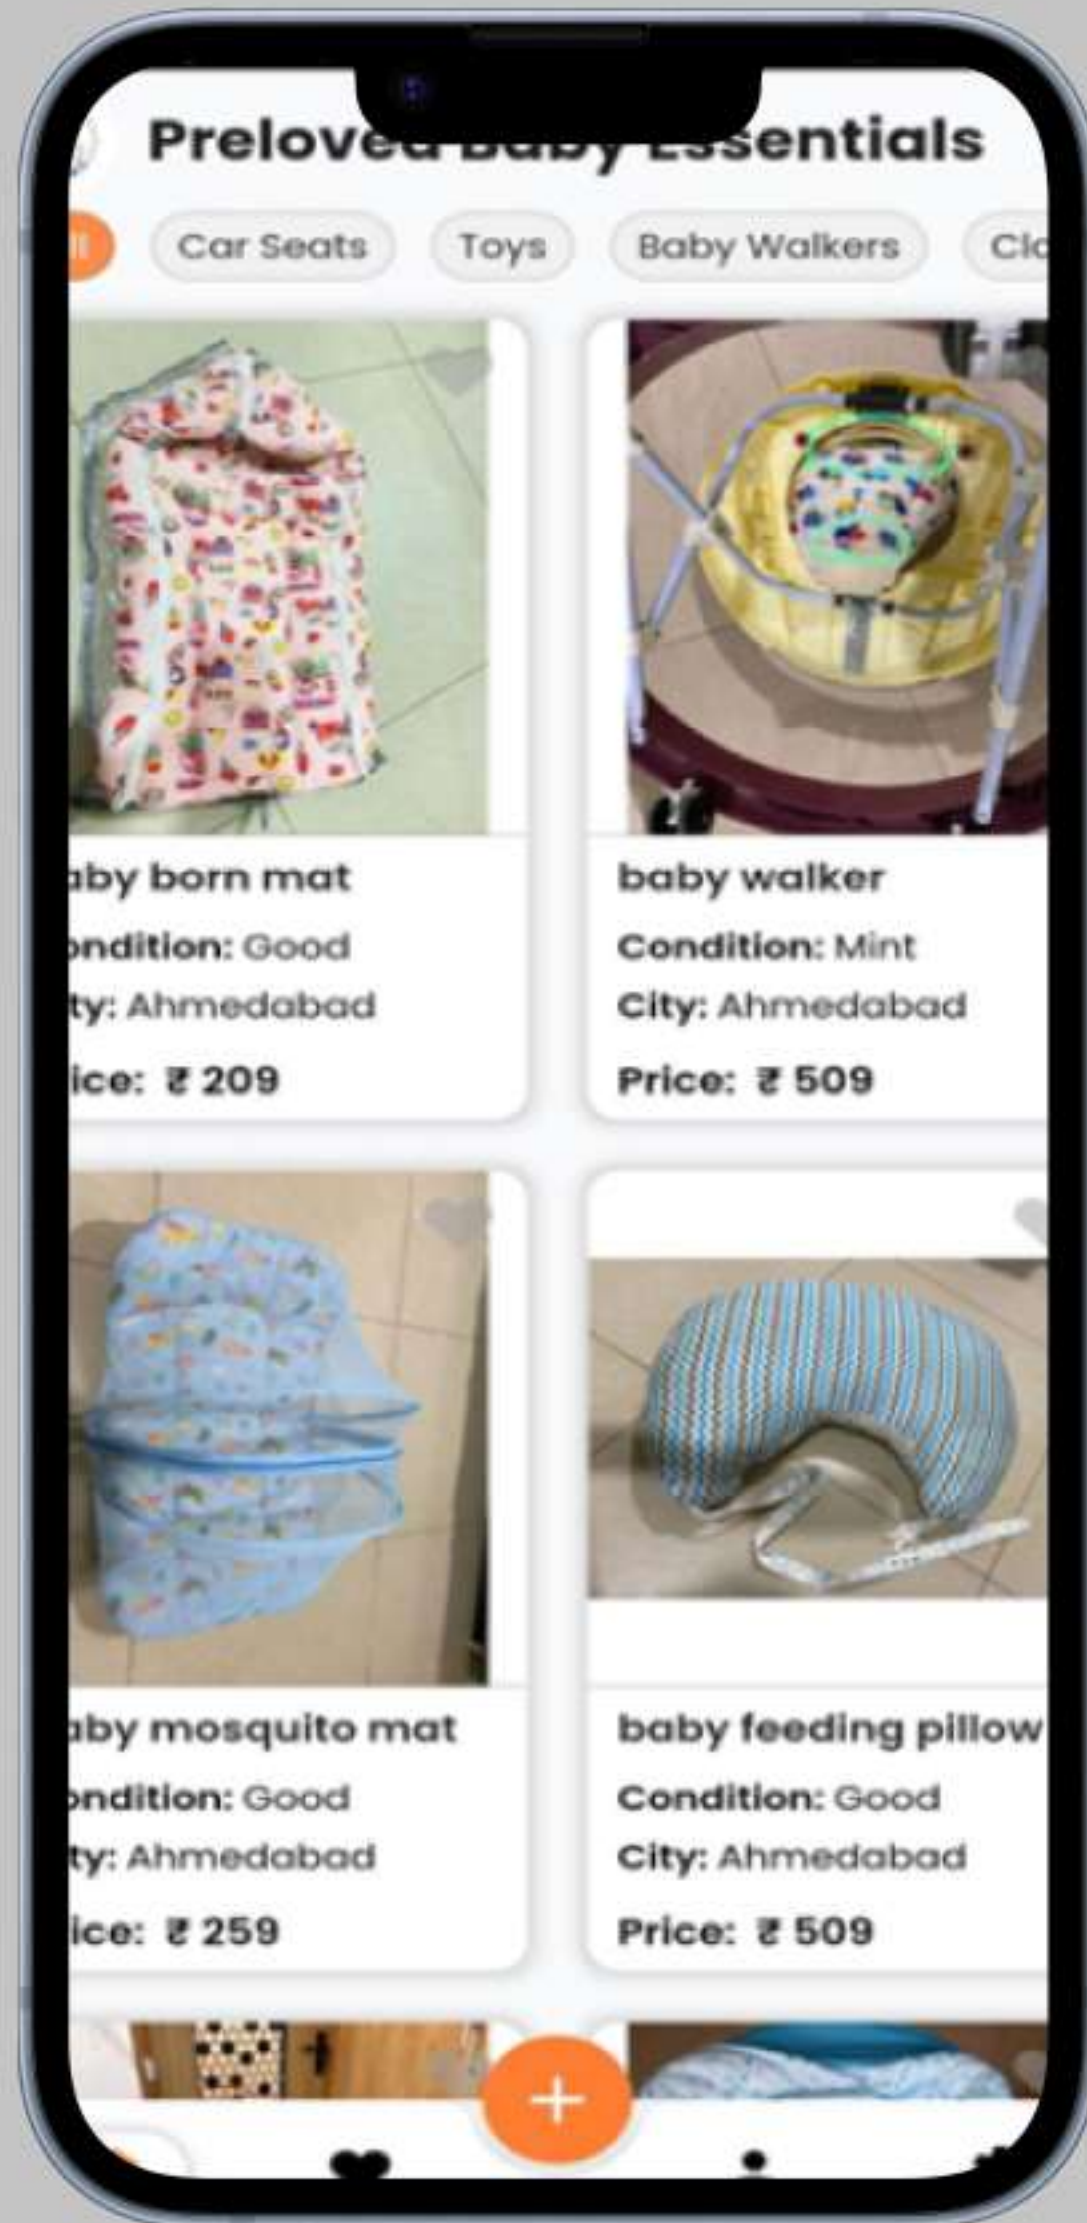

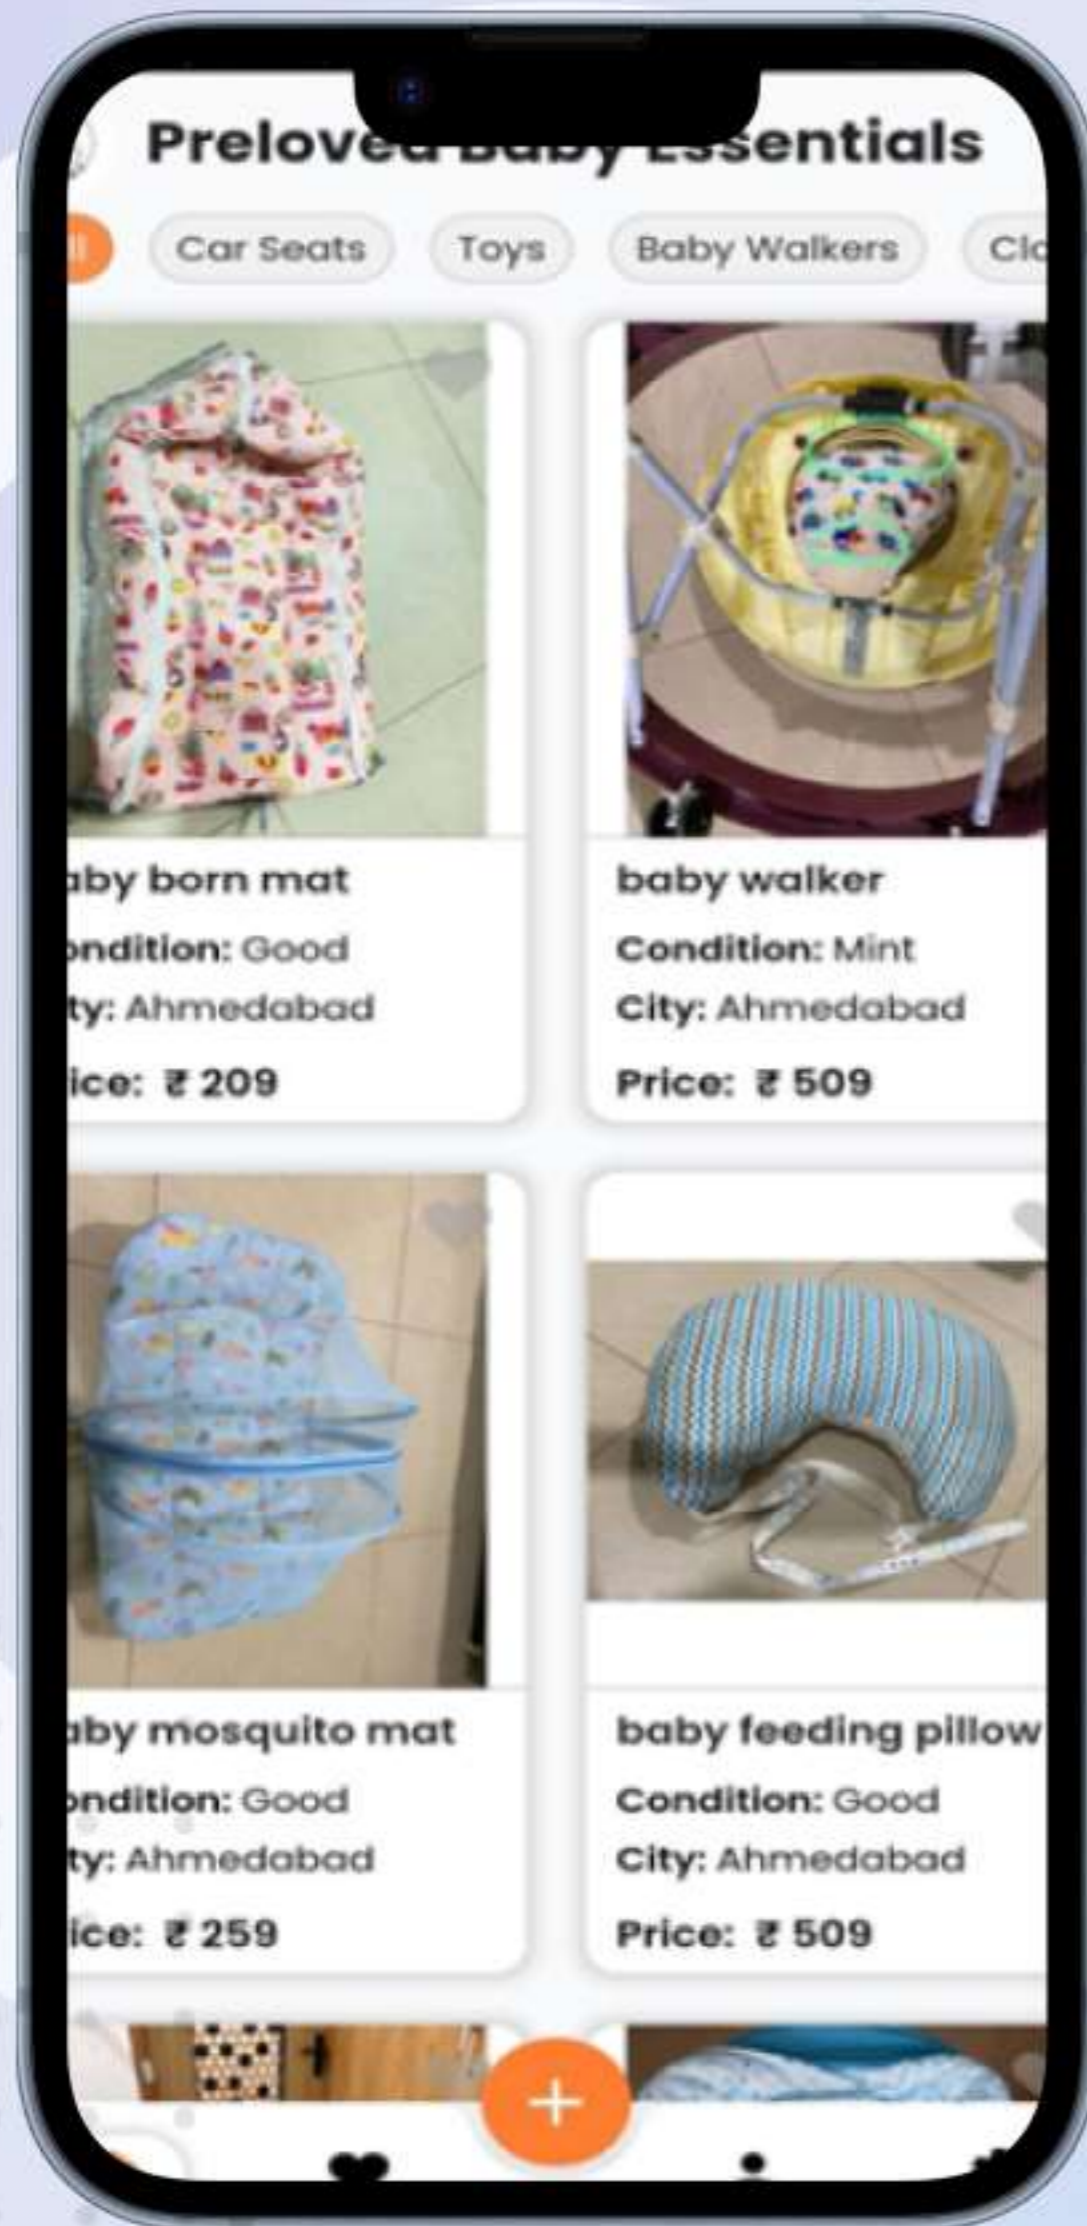

# PreLoved Baby Essentials

Preloved Baby Essentials is a modern mobile platform that is transforming the marketplace for baby products. The platform links millions of people globally and easily streamlines transactions with its user-friendly design.

# Features

**Effortless Listing and Browsing:** Add, update, delete, and view a vast range of baby essentials conveniently categorized for easy navigation.

**High-Quality Image Showcase:** Present your preloved baby items in the best light with the ability to upload multiple high-resolution images.

**Secure Communication Channels:** Initiate chats with sellers directly within the app to verify product details and arrange purchases with confidence.

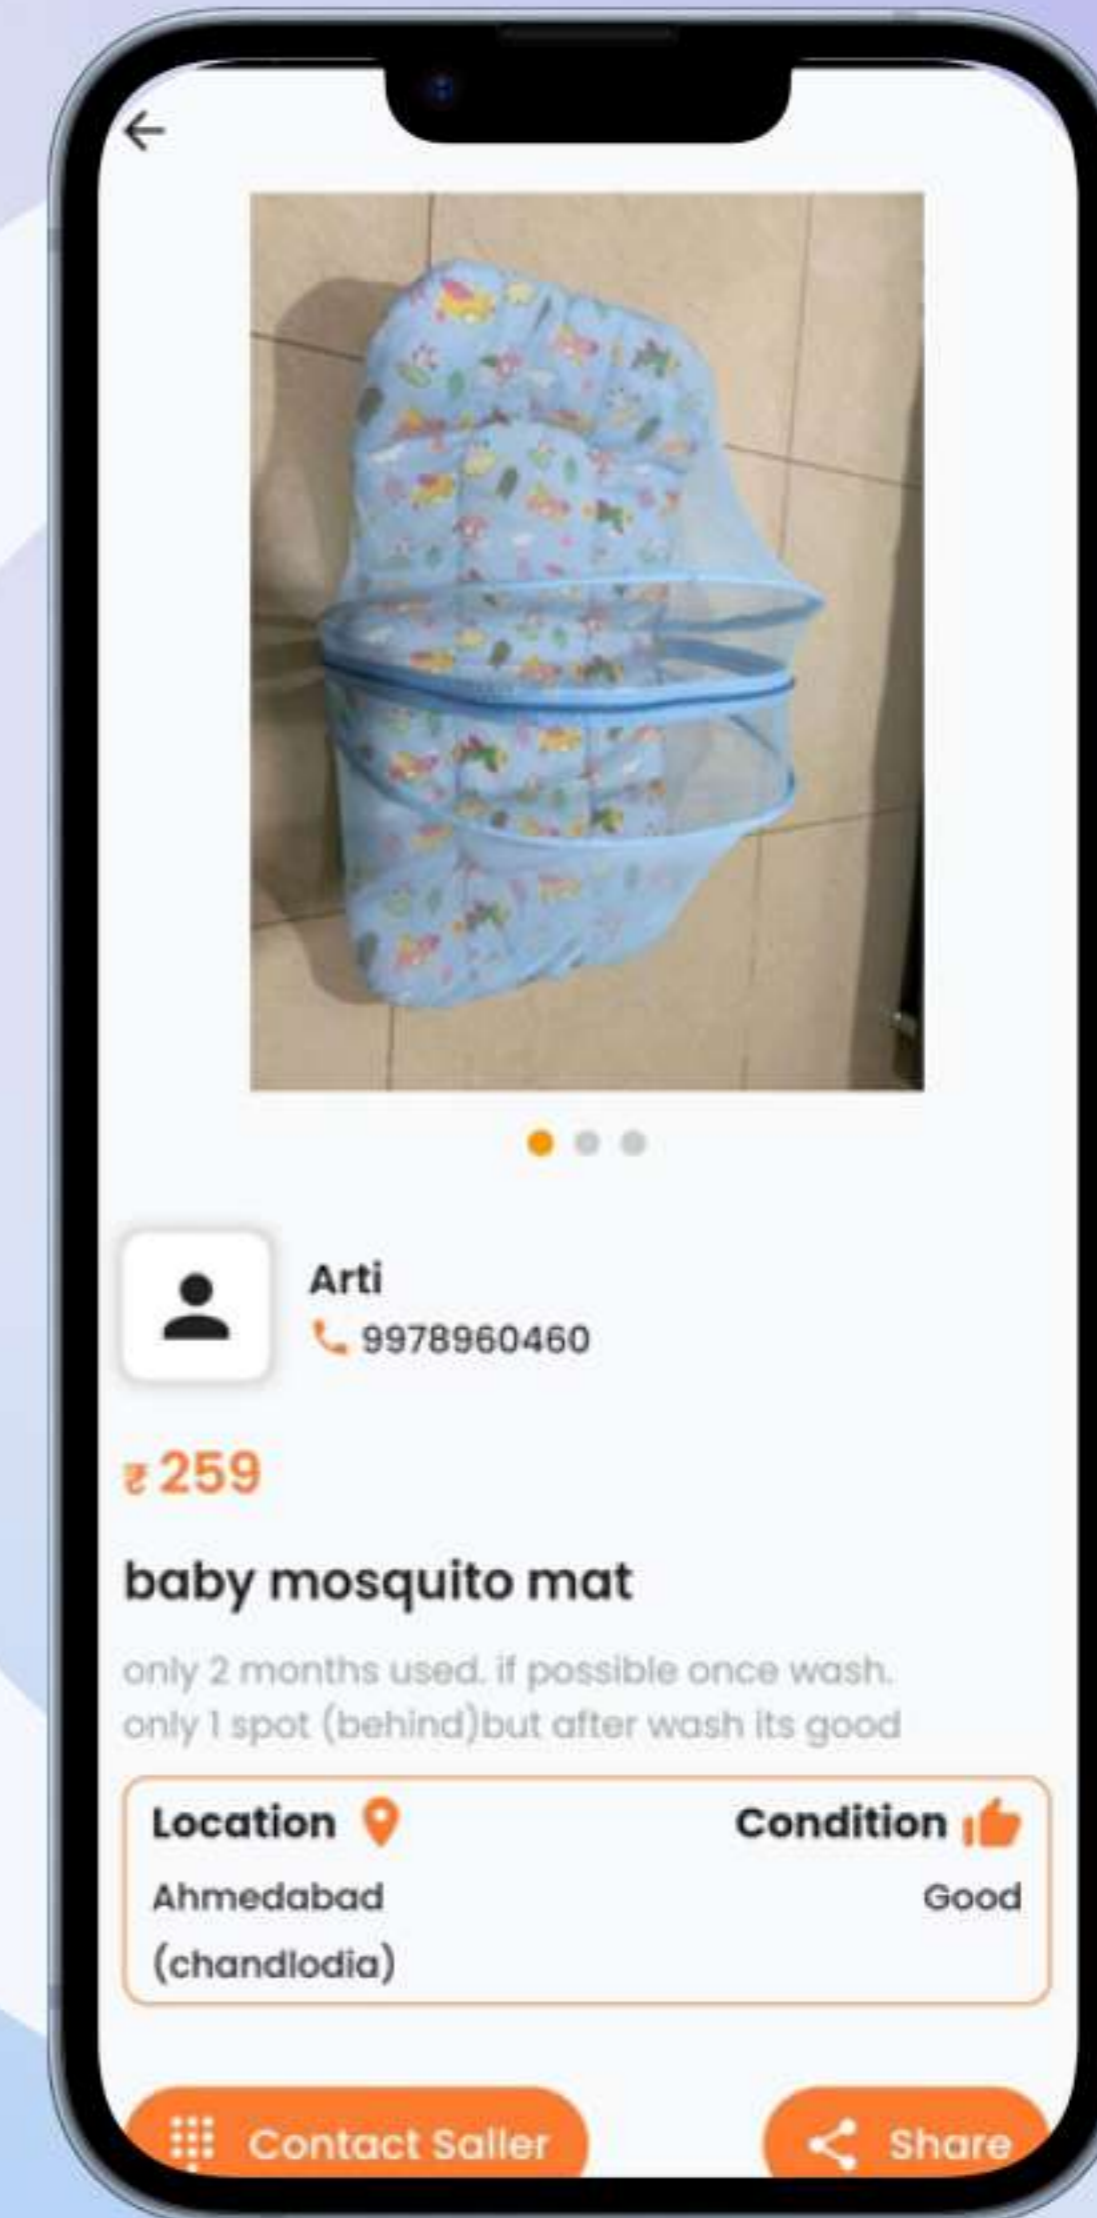

**Advanced Search Filters:** Refine your search by location, category, price range, and even brand to find the perfect preloved treasure for your little one.

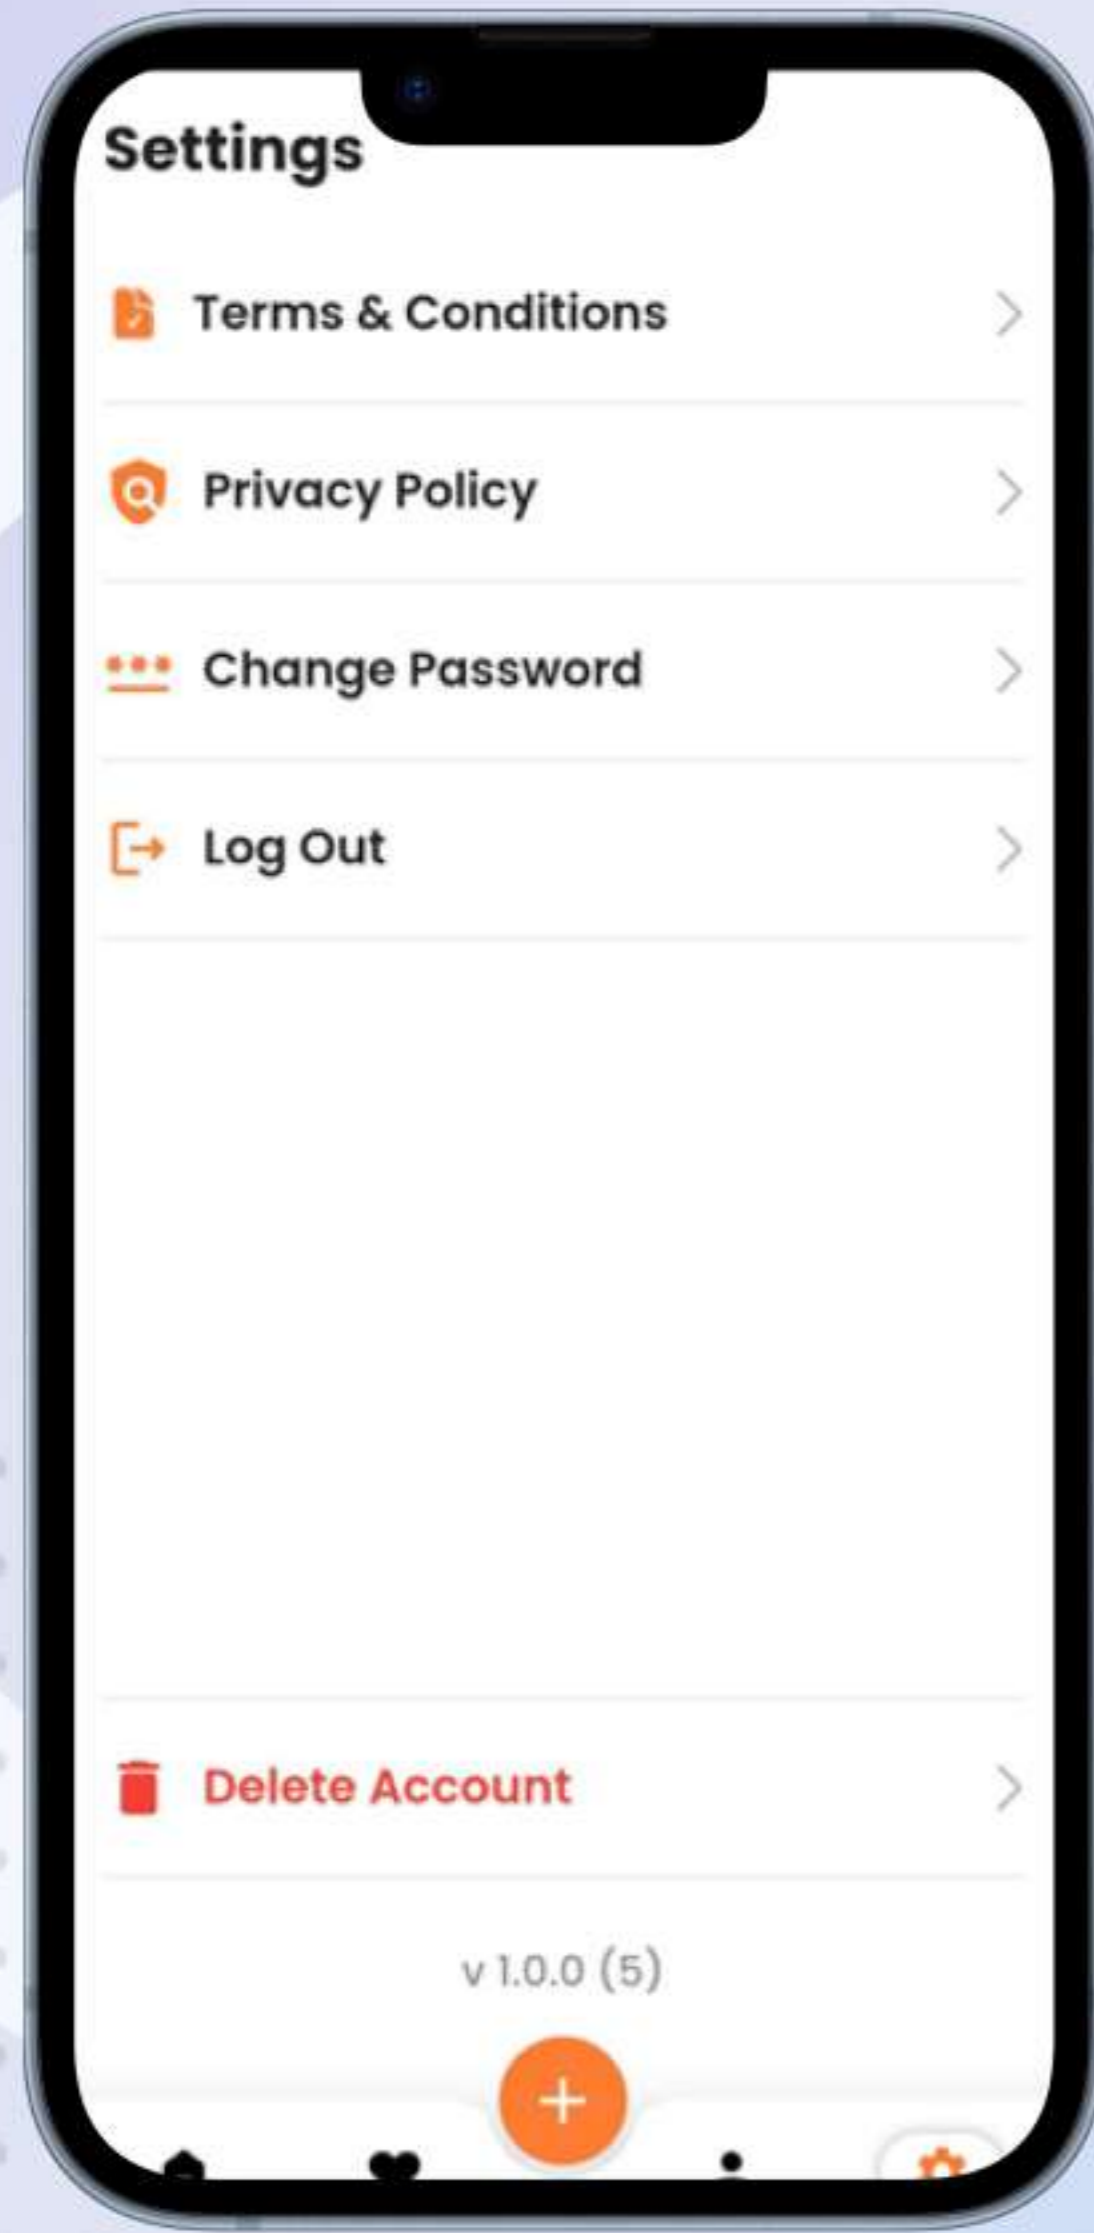

# Challenges

- ✓ **Finding the Perfect Fit:** Traditional methods of buying preloved baby items often involve sifting through cluttered online marketplaces or unorganized garage sales, making it difficult to find specific needs.
- ✓ **Trust and Verification:** Concerns about product condition and seller reliability can act as a barrier to embracing preloved options.
- ✓ **Limited Local Reach:** Connecting with local sellers offering preloved baby essentials can be challenging without a centralized platform.

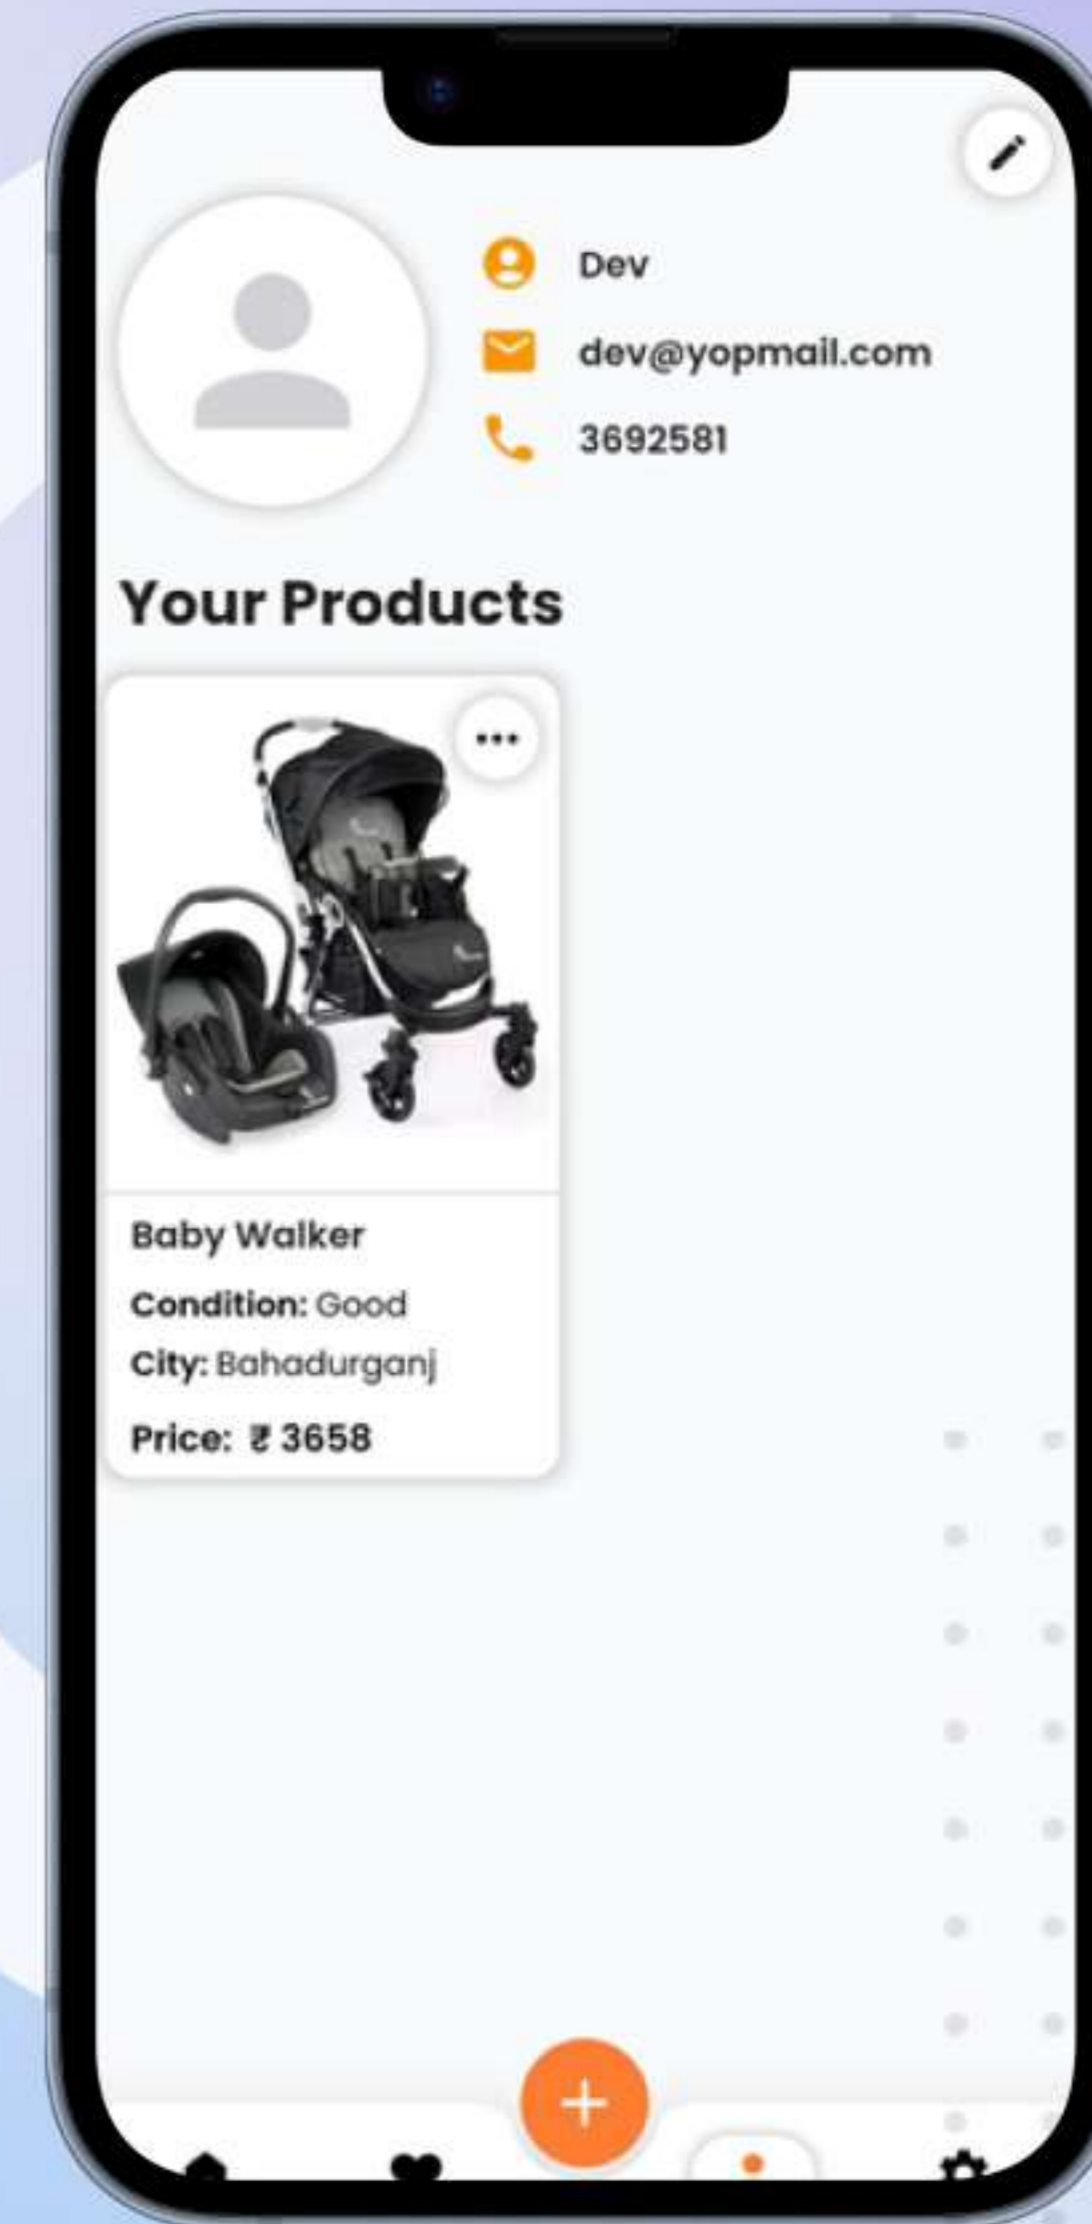

# Solutions

- ✓ **Location-Based Listings:** Discover a treasure trove of preloved baby essentials near you, promoting sustainability by reducing shipping needs.
- ✓ **Seller Reviews and Ratings:** Build trust within the community with an integrated review system that allows users to rate and comment on their buying experiences.
- ✓ **Secure In-App Messaging:** Engage in secure conversations with sellers directly within the app, ensuring clear communication and avoiding the risks associated with exchanging personal contact information through public listings.

# Impact

- ✓ **Sustainable Growth:** PreLoved Baby Essentials has demonstrably increased the adoption of sustainable shopping practices among parents, with a 45% surge in app downloads.
- ✓ **Financial Empowerment:** The app has empowered families by facilitating significant savings on baby essentials, leading to a 25% rise in premium memberships for access to exclusive deals and features.
- ✓ **Building a Community:** Positive reviews have fueled a 65% growth in user referrals, solidifying PreLoved Baby Essentials as a trusted platform for parents seeking a more sustainable and cost-effective approach to baby gear.

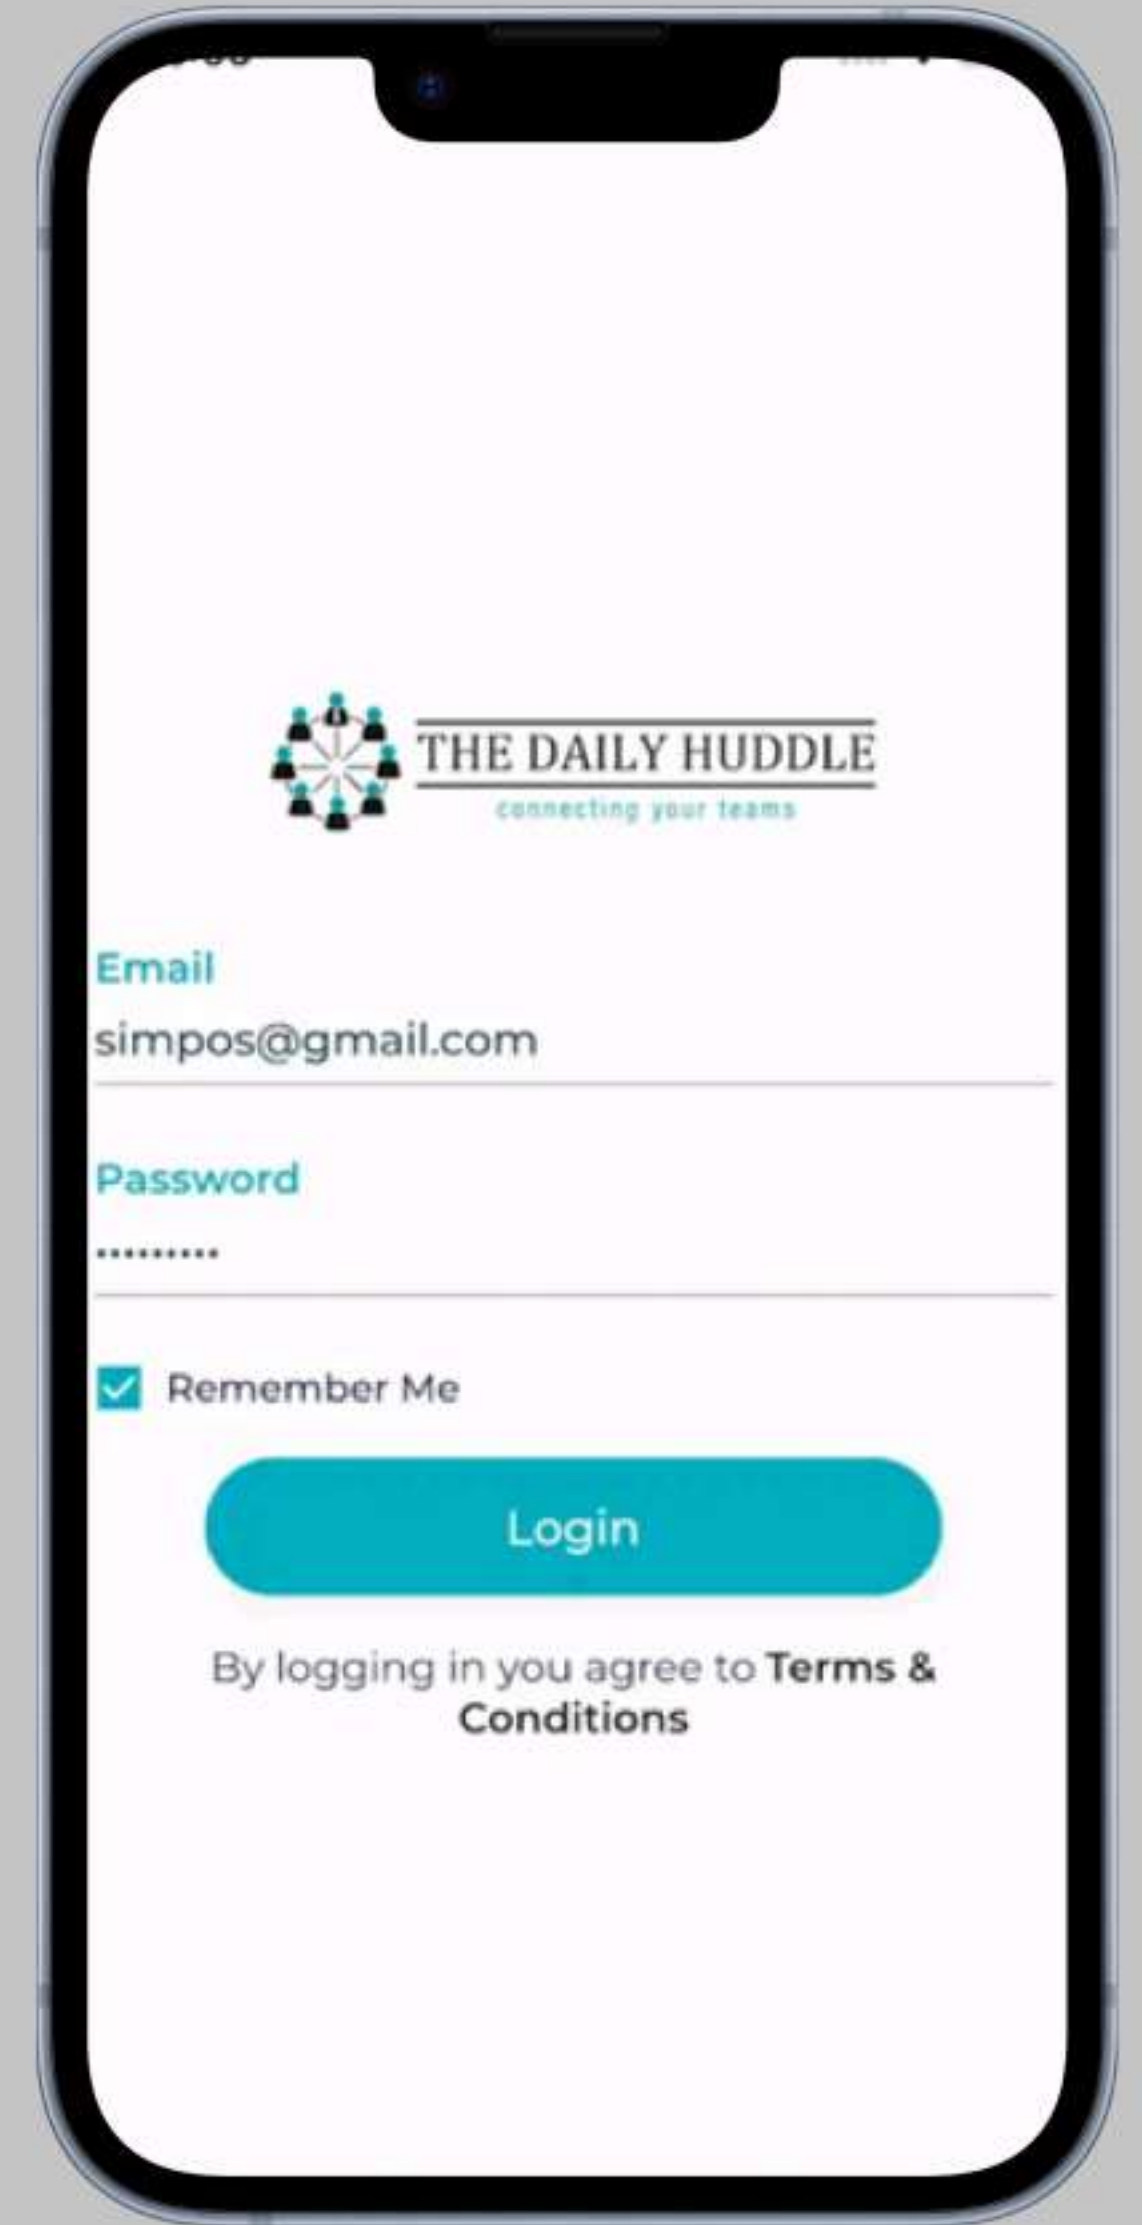

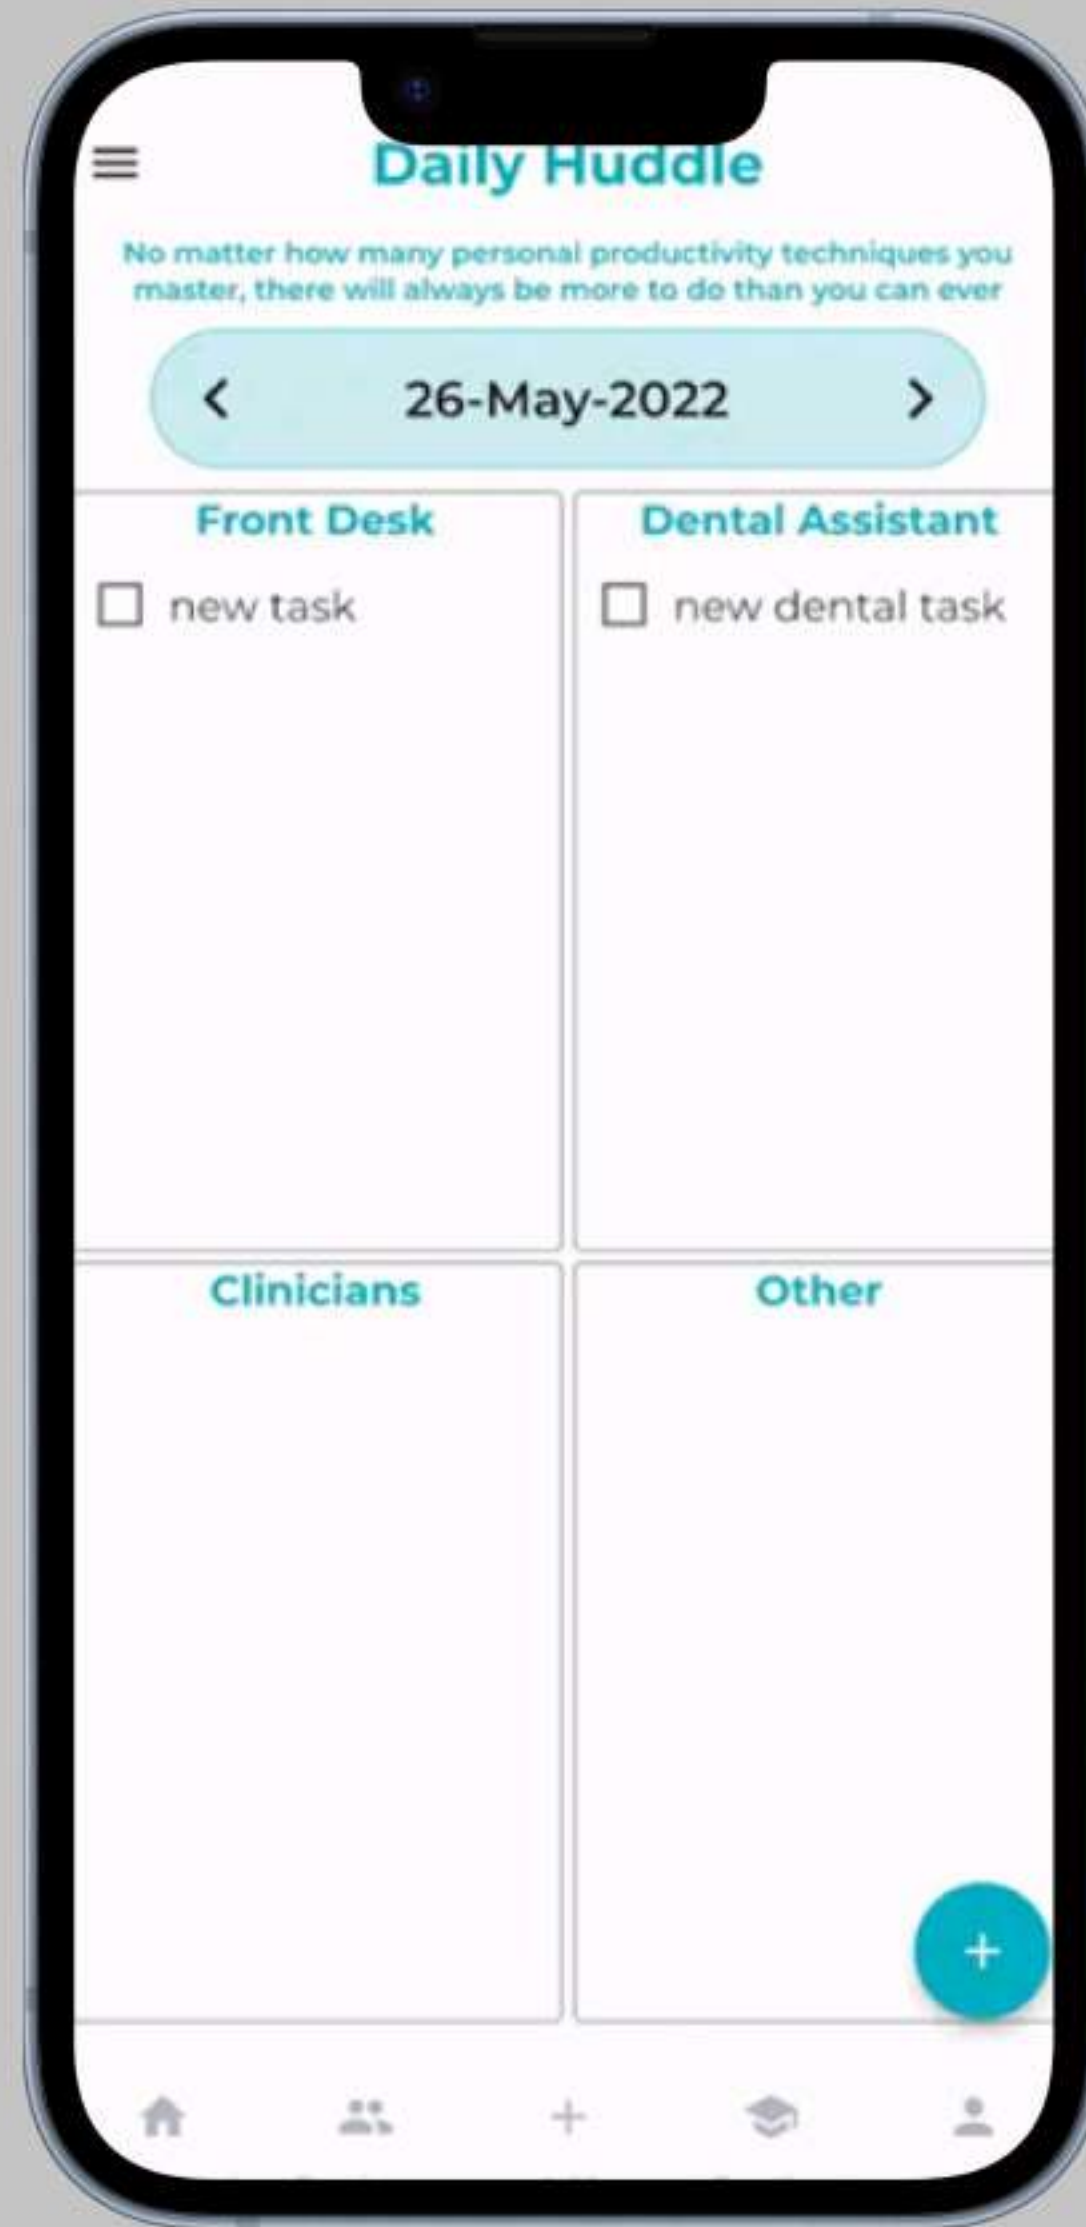

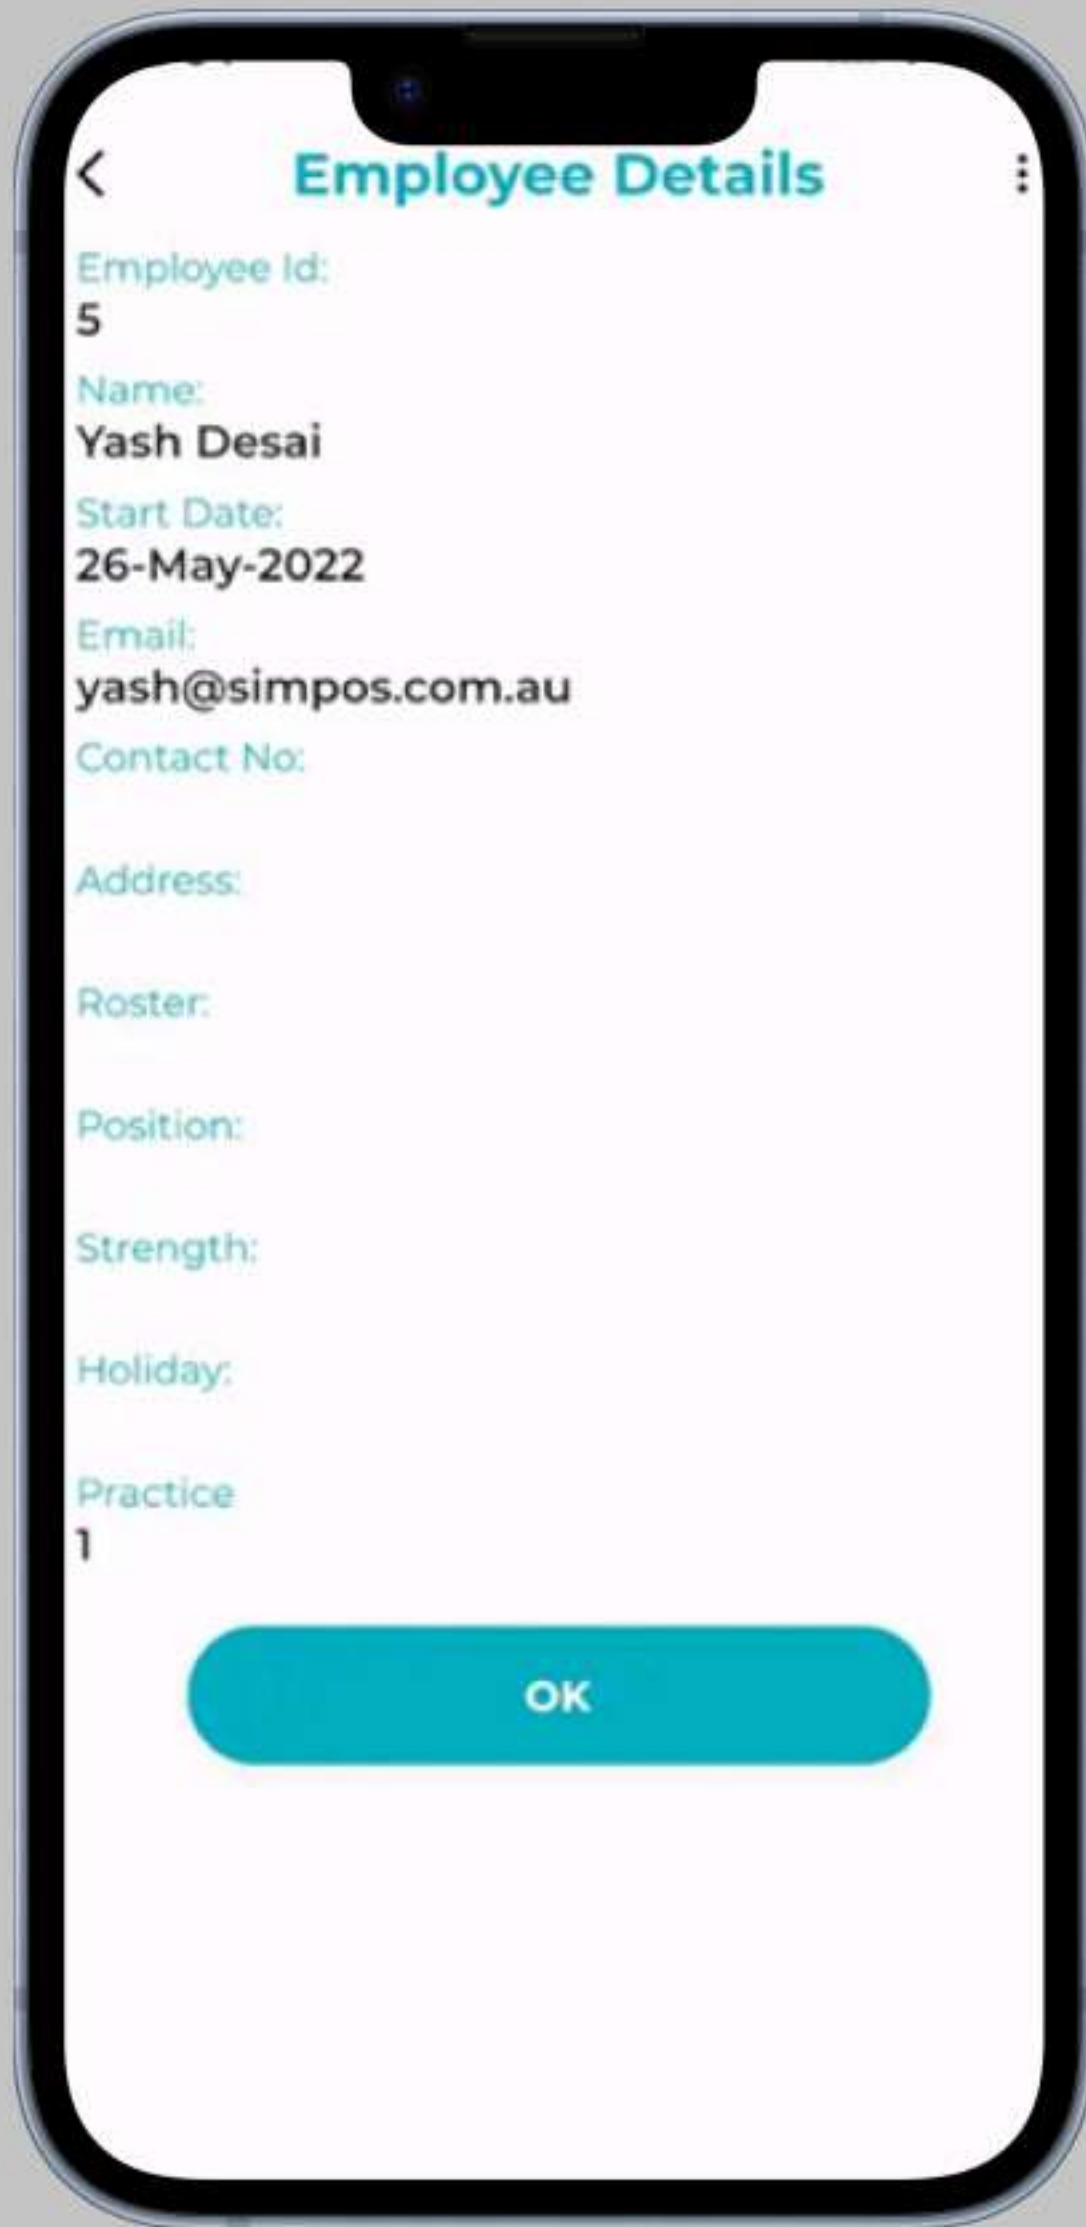

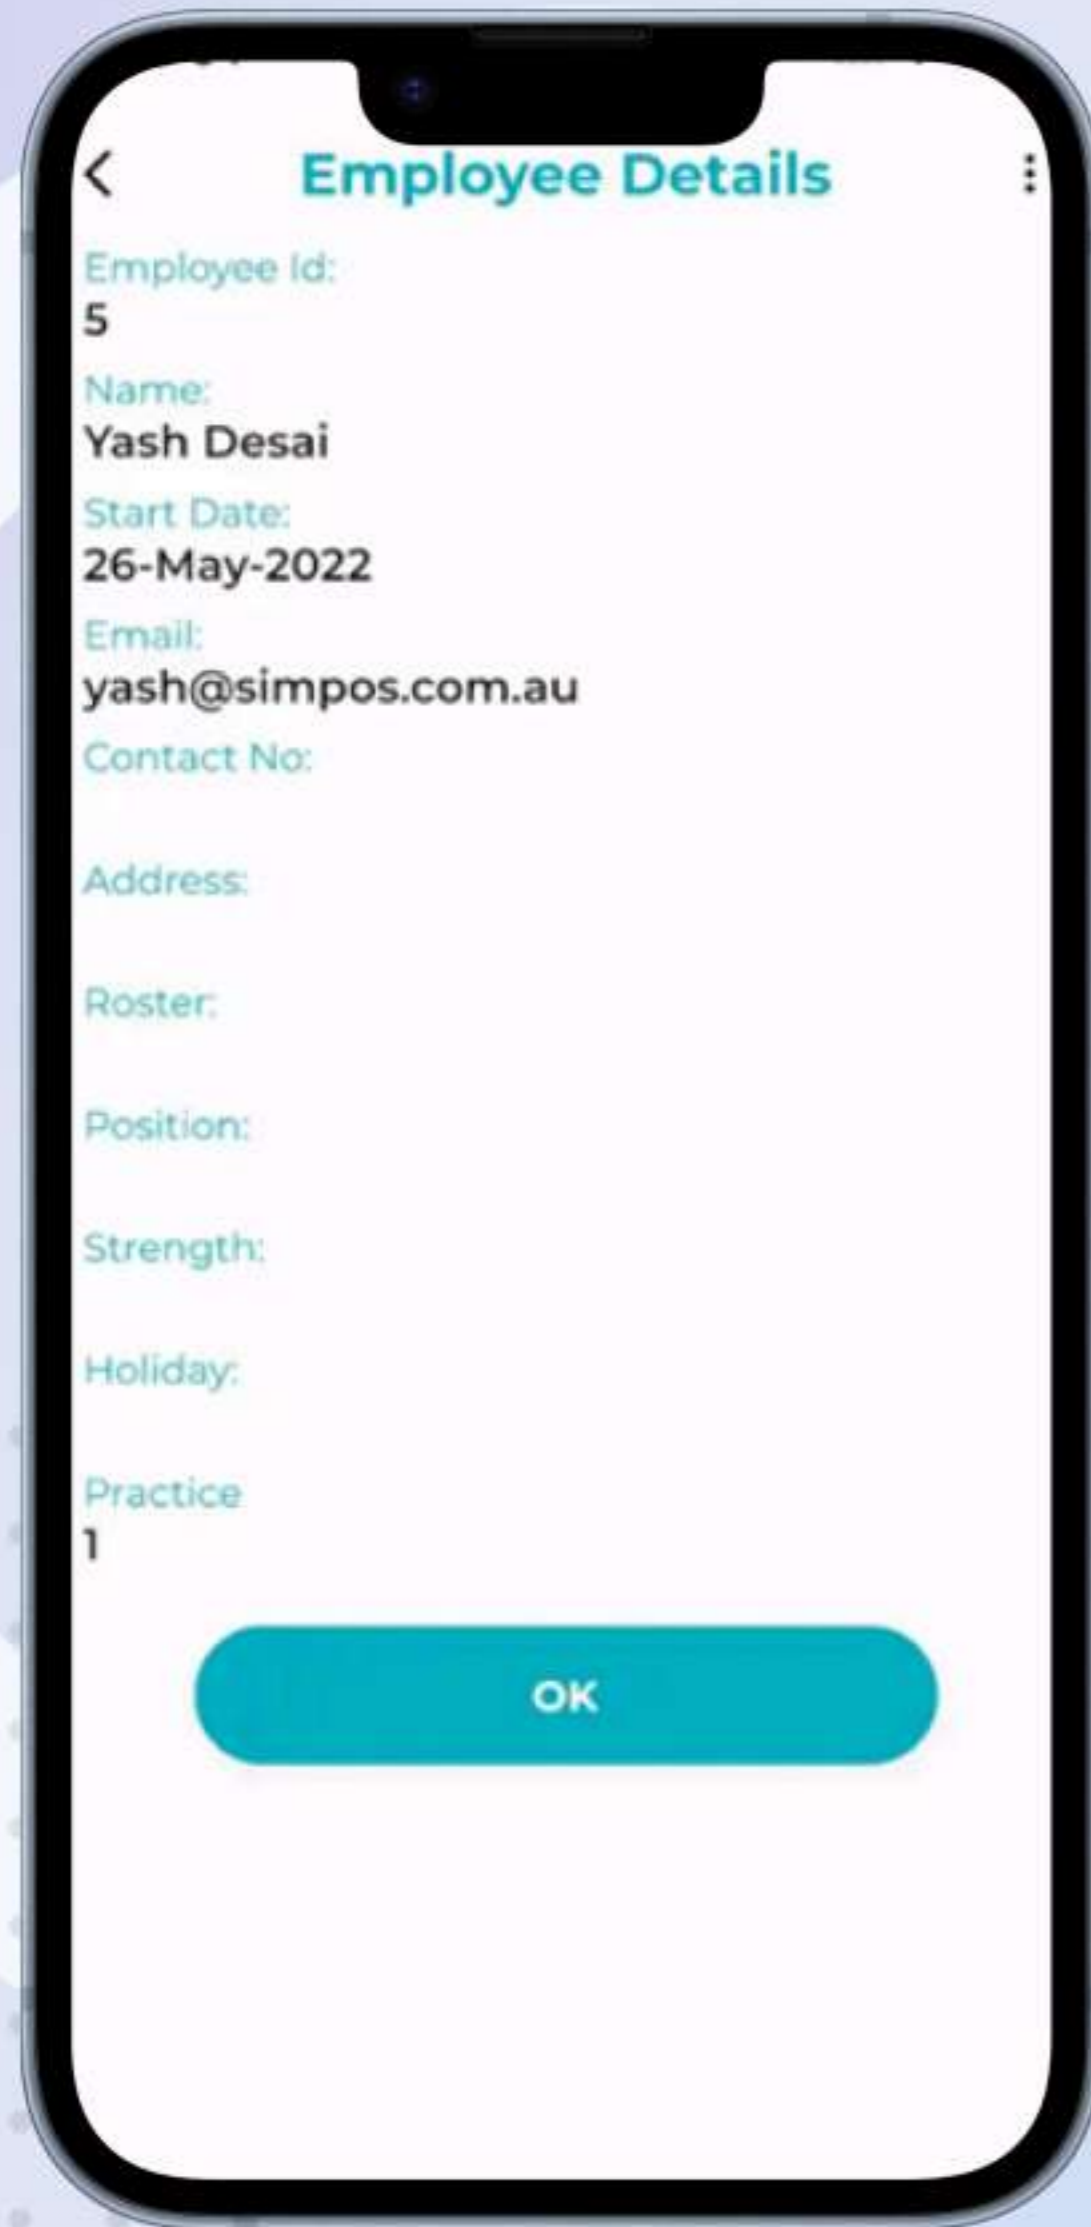

# The Daily Huddle

The Daily Huddle is a revolutionary hospital management app designed to streamline operations, empower staff, and improve patient care. Developed for use in the United States, it caters to hospitals of all sizes, making it a valuable tool for decision-makers at every level.

# Features

- ✓ Unified Hospital Management: Manage all hospitals and staff from a single, user-friendly platform.
- ✓ Micromanagement Made Easy: Assign tasks, track progress, and coordinate schedules for doctors, nurses, interns, and front desk personnel
- ✓ Patient Care Hub: Access patient bills, reports, and medication information effortlessly, enhancing treatment efficiency.
- ✓ Meeting Management: Schedule, manage, and track hospital meetings with agendas and consultations, fostering clear communication and improved decision-making.

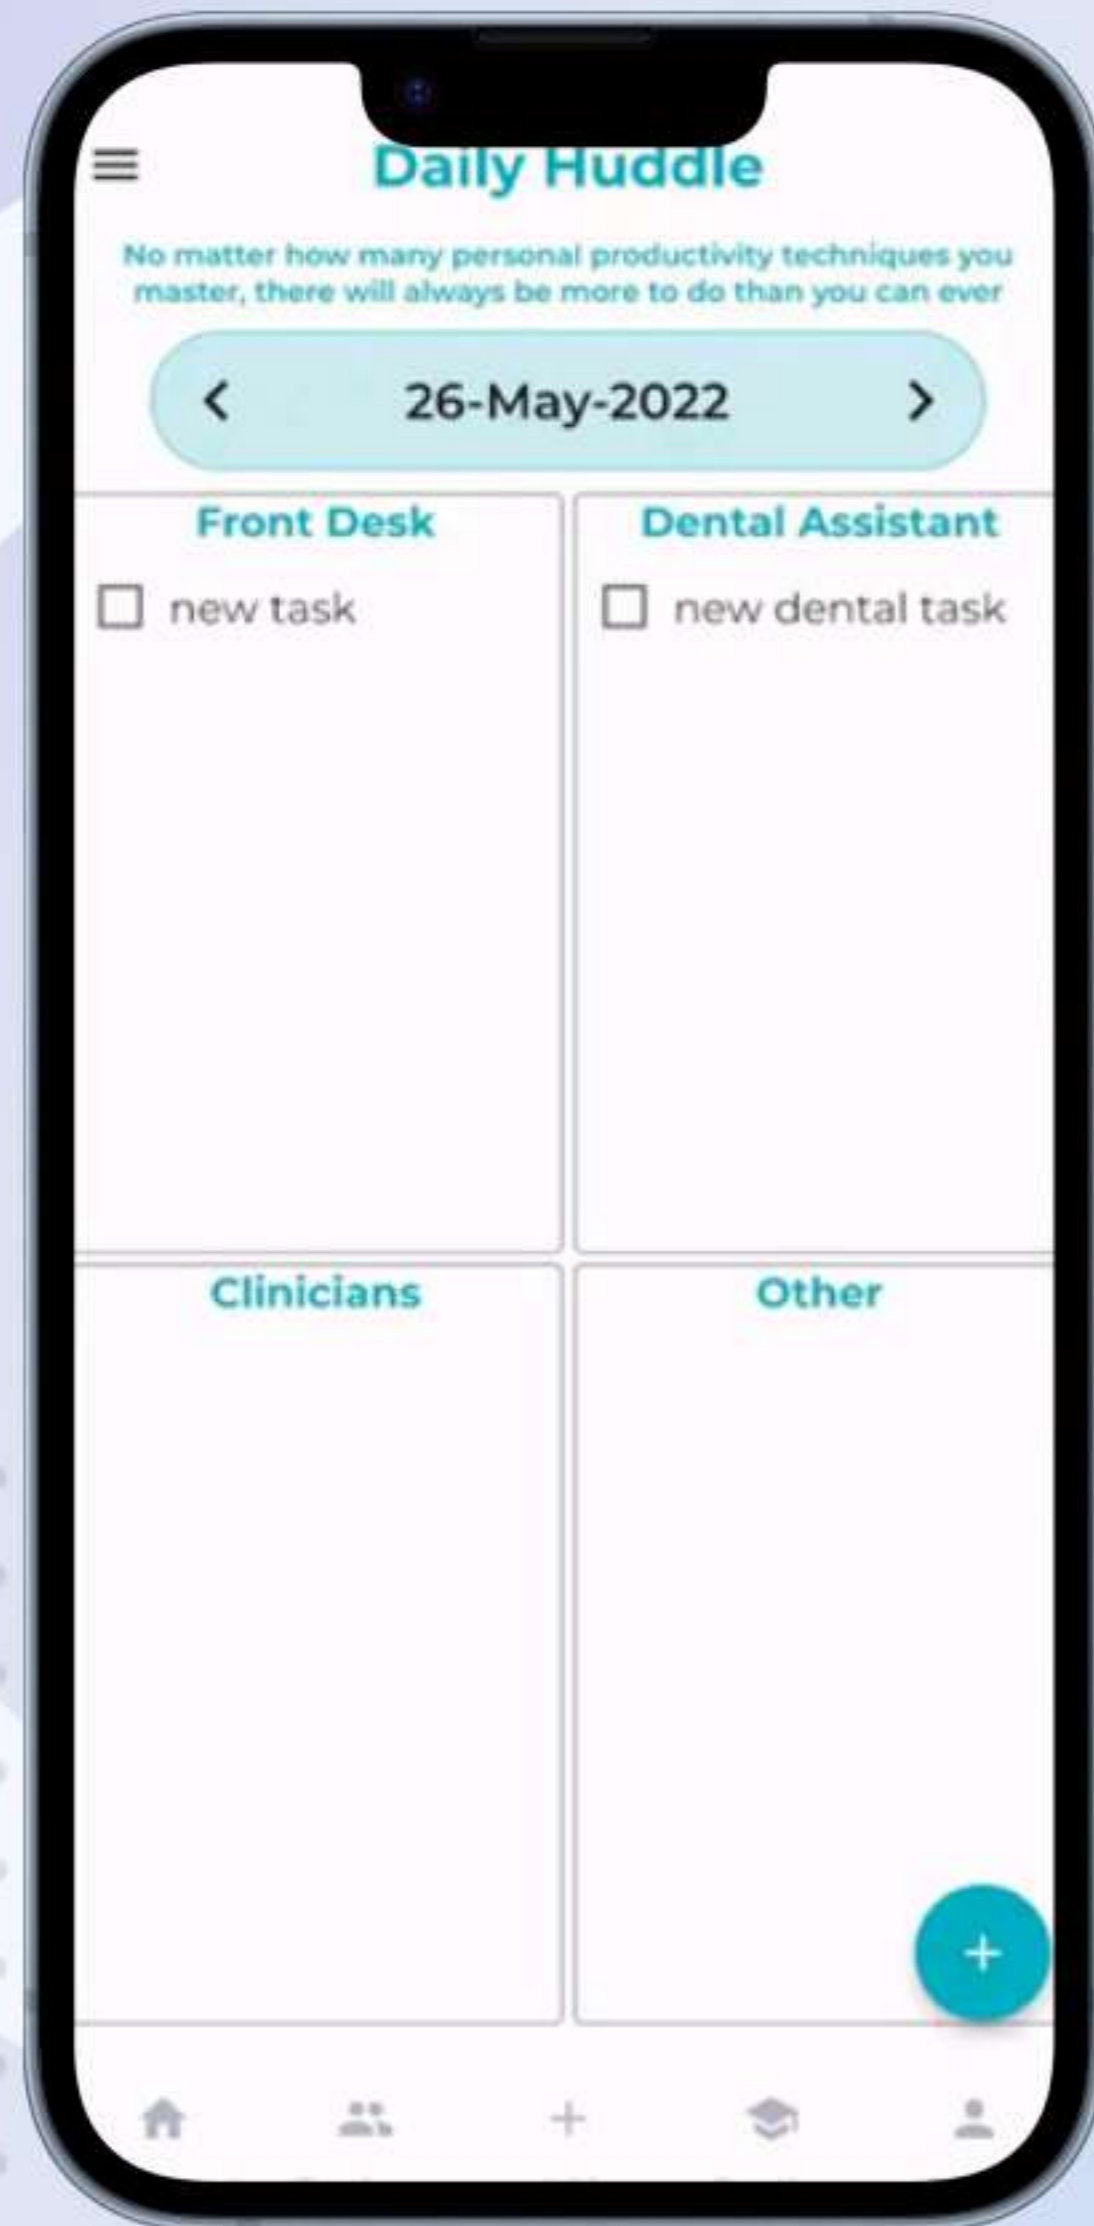

# Challenges

- ✓ **Fragmented Workflow:** Managing multiple hospitals, staff, and tasks often leads to disorganized operations and communication gaps.
- ✓ **Data Overload:** Paperwork mountains and inefficient record-keeping hinder efficient patient care and revenue generation.
- ✓ **Trainee Development Bottleneck:** Trainee management often lacks structure, leading to difficulties in assigning tasks, evaluating performance, and fostering growth.

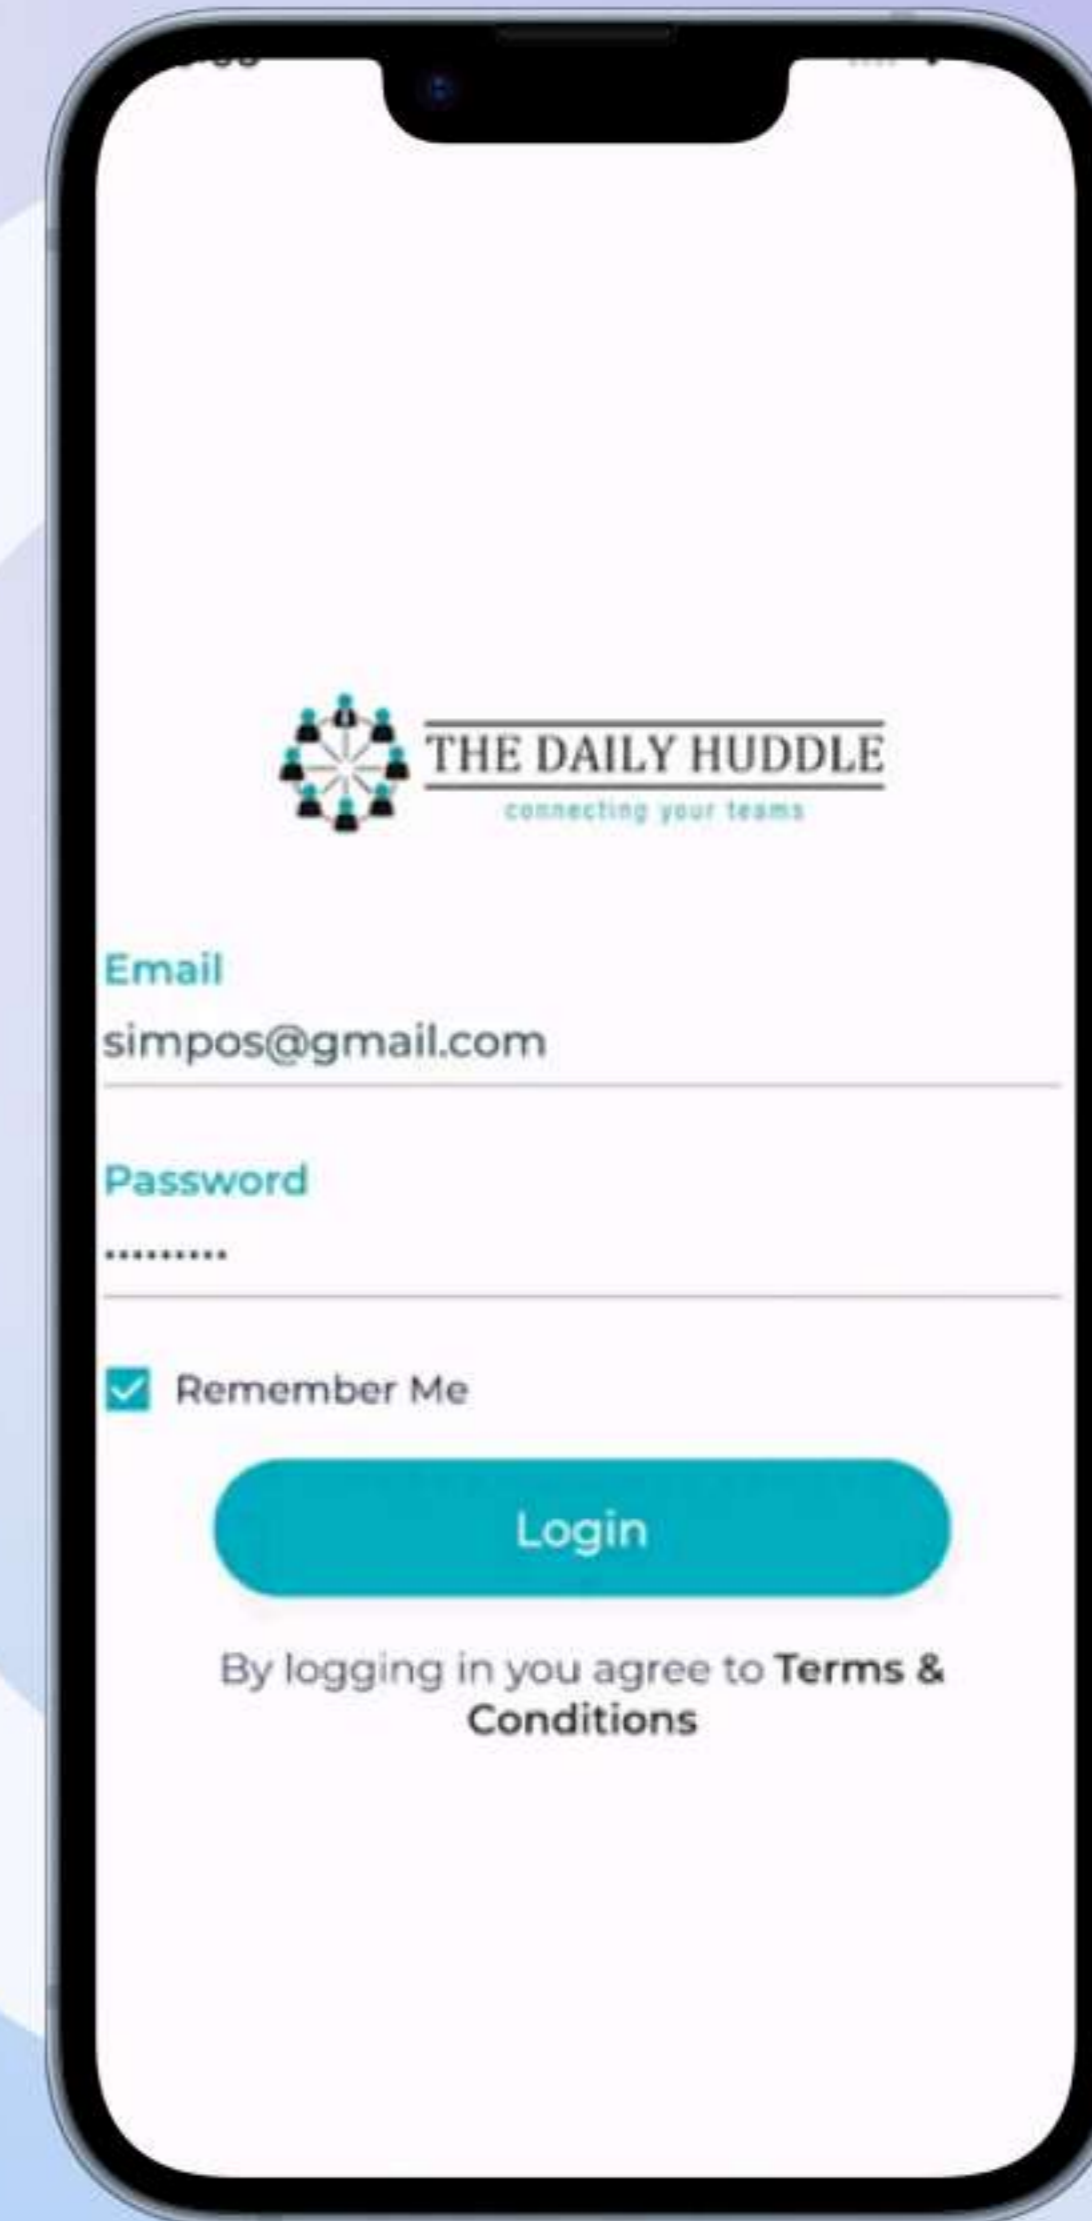

# Solutions

- ✓ **Role-Based Access Control:** Define user roles with varying access levels (Admin, Super Admin, Practice Admin, Team Member) for enhanced security and data organization.
- ✓ **Streamlined Task Management:** Delegate tasks to the right team members, track progress in real-time, and ensure accountability.
- ✓ **Automated Reminders and Scheduling:** Eliminate missed deadlines and delays with built-in reminders and task scheduling features.
- ✓ **Centralized Meeting Management:** Organize meetings, generate agendas, and streamline communication for a more collaborative and productive hospital environment.
- ✓ **Empowering Trainee Development:** Assign tailored assignments, and provide valuable feedback through user-friendly performance evaluation tools.

# Impact

- ✓ Enhanced Efficiency: The Daily Huddle has demonstrably improved overall hospital management by 75%, freeing up valuable time for staff to focus on patient care.
- ✓ Revenue Boost: Our app has facilitated a 55% increase in revenue for hospitals by optimizing workflows and reducing administrative burdens.
- ✓ Reputation Management: Improved patient care and smoother operations have led to a 65% growth in referrals driven by positive reviews, solidifying a strong hospital reputation.

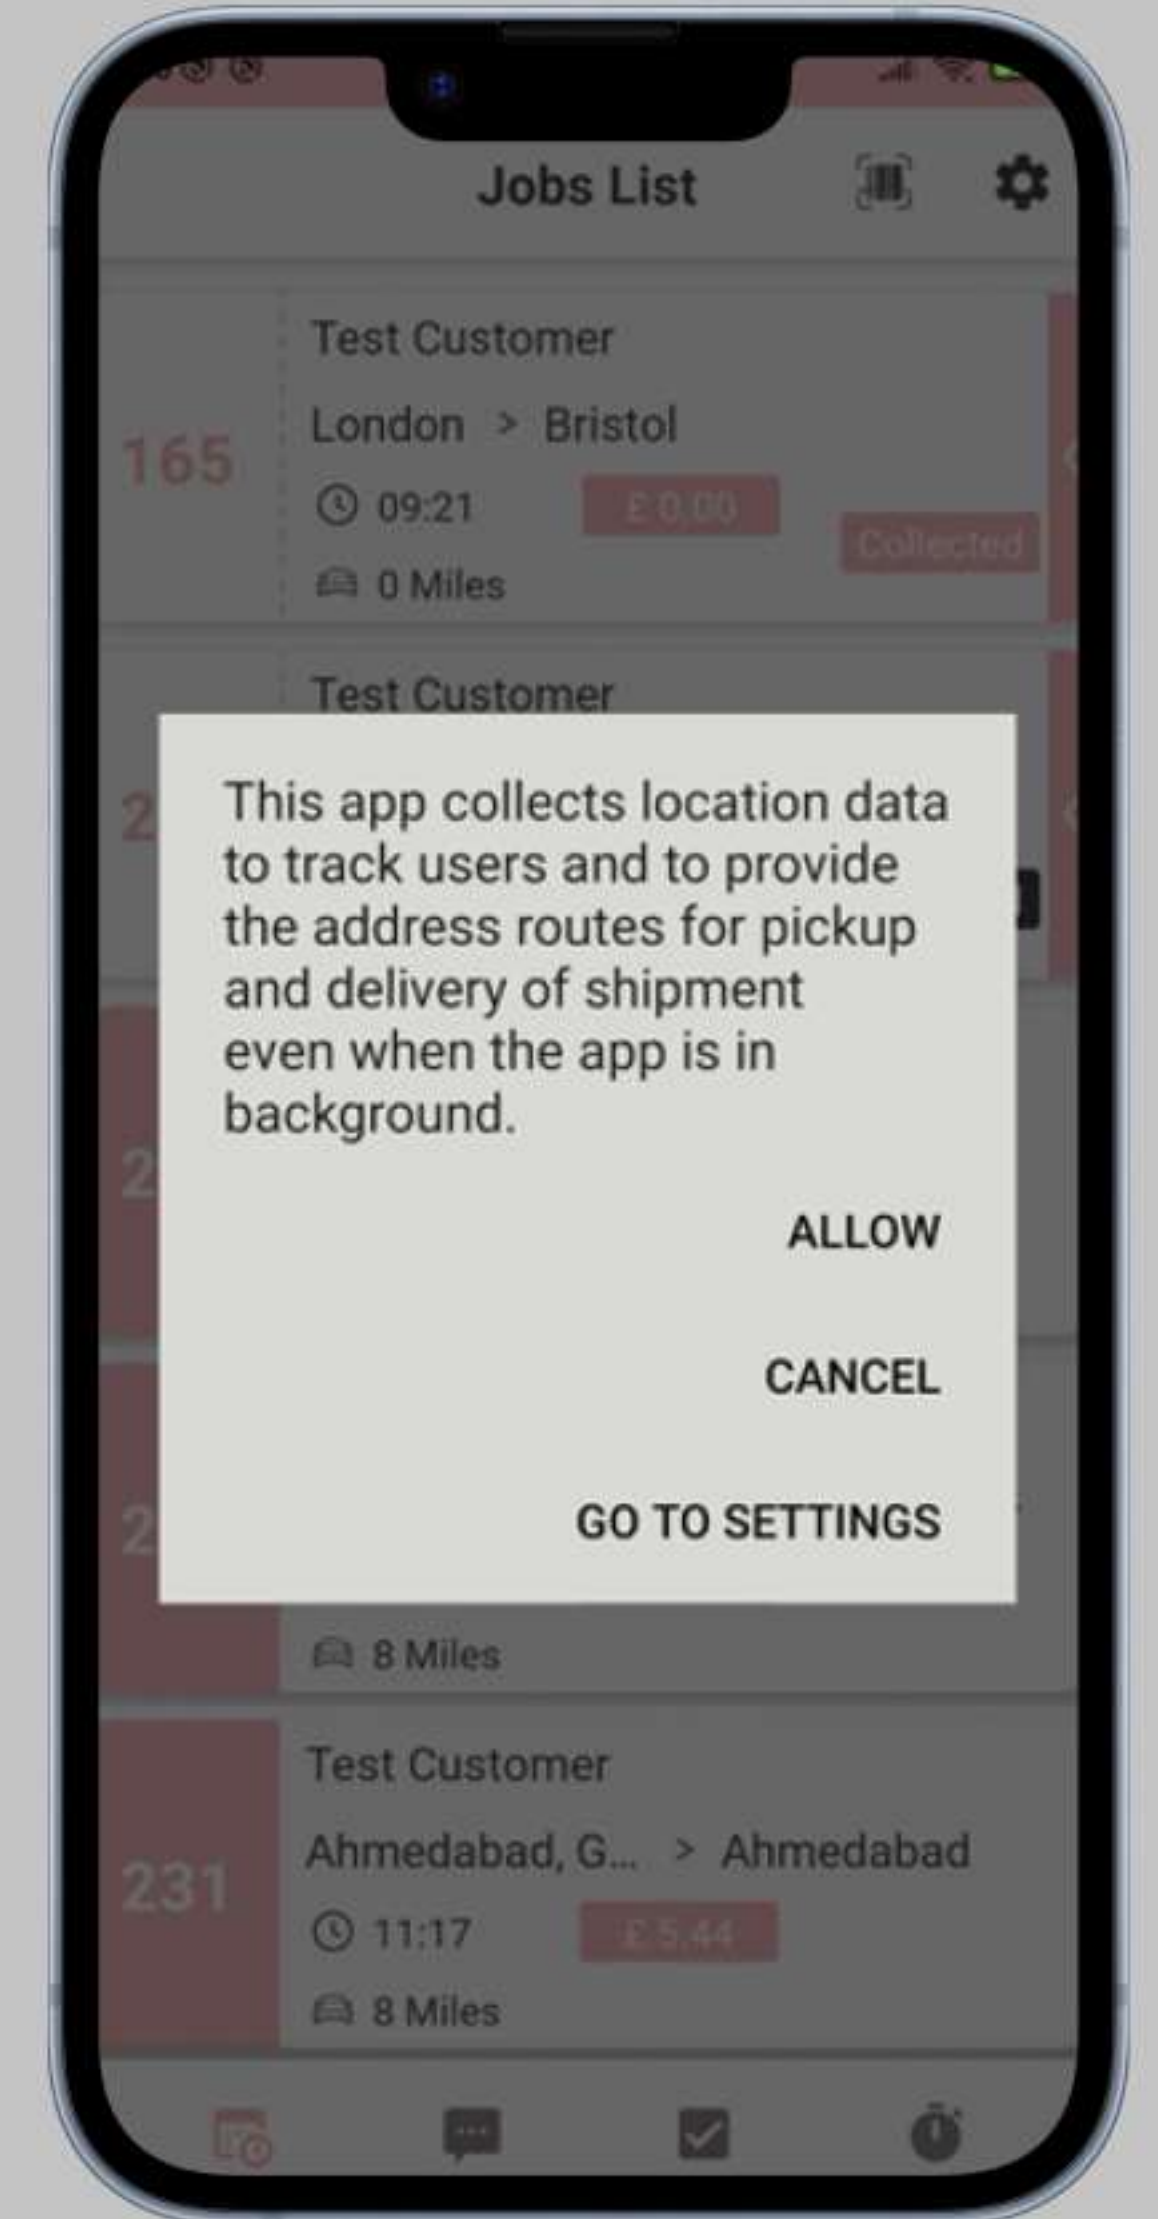

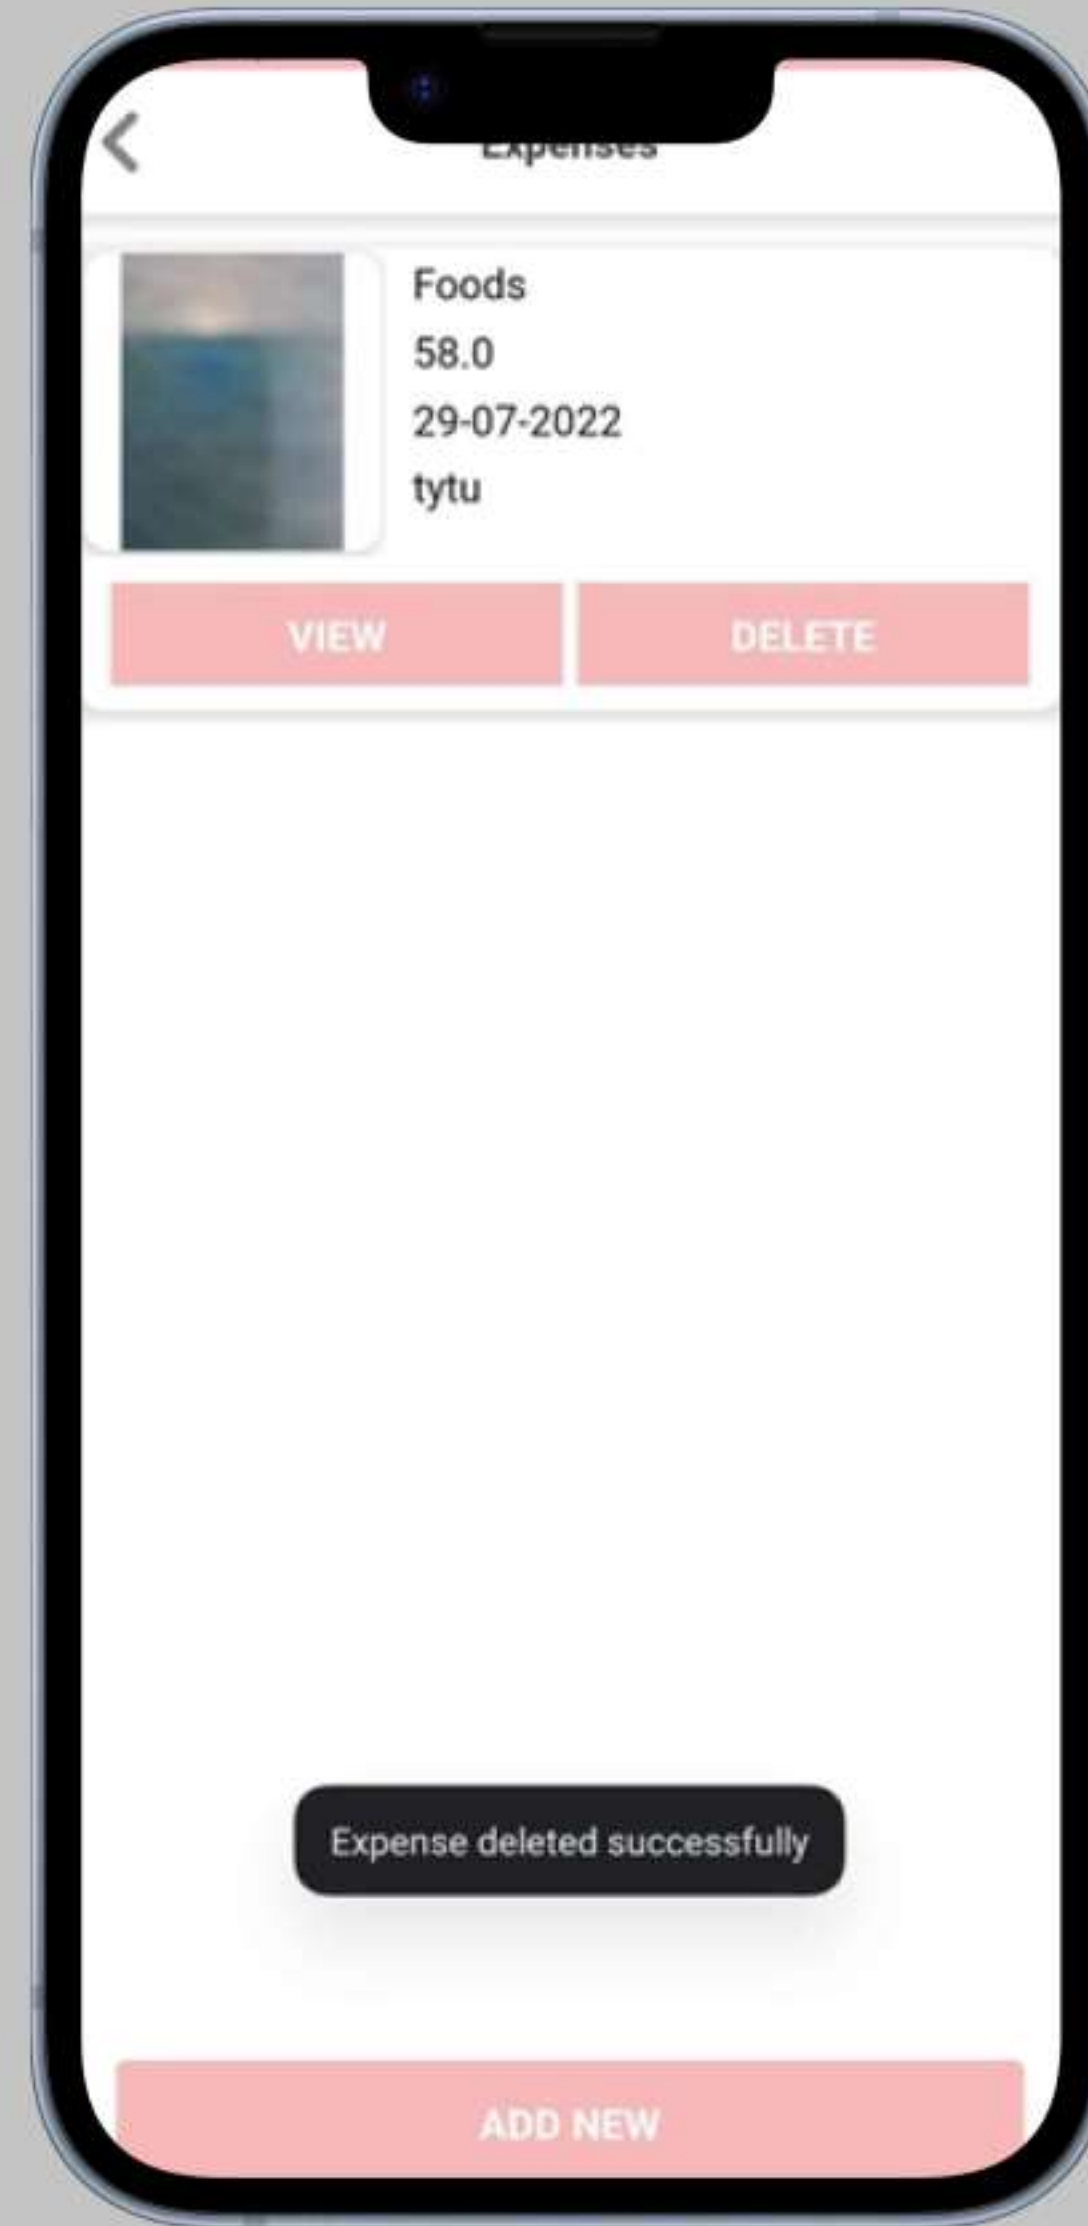

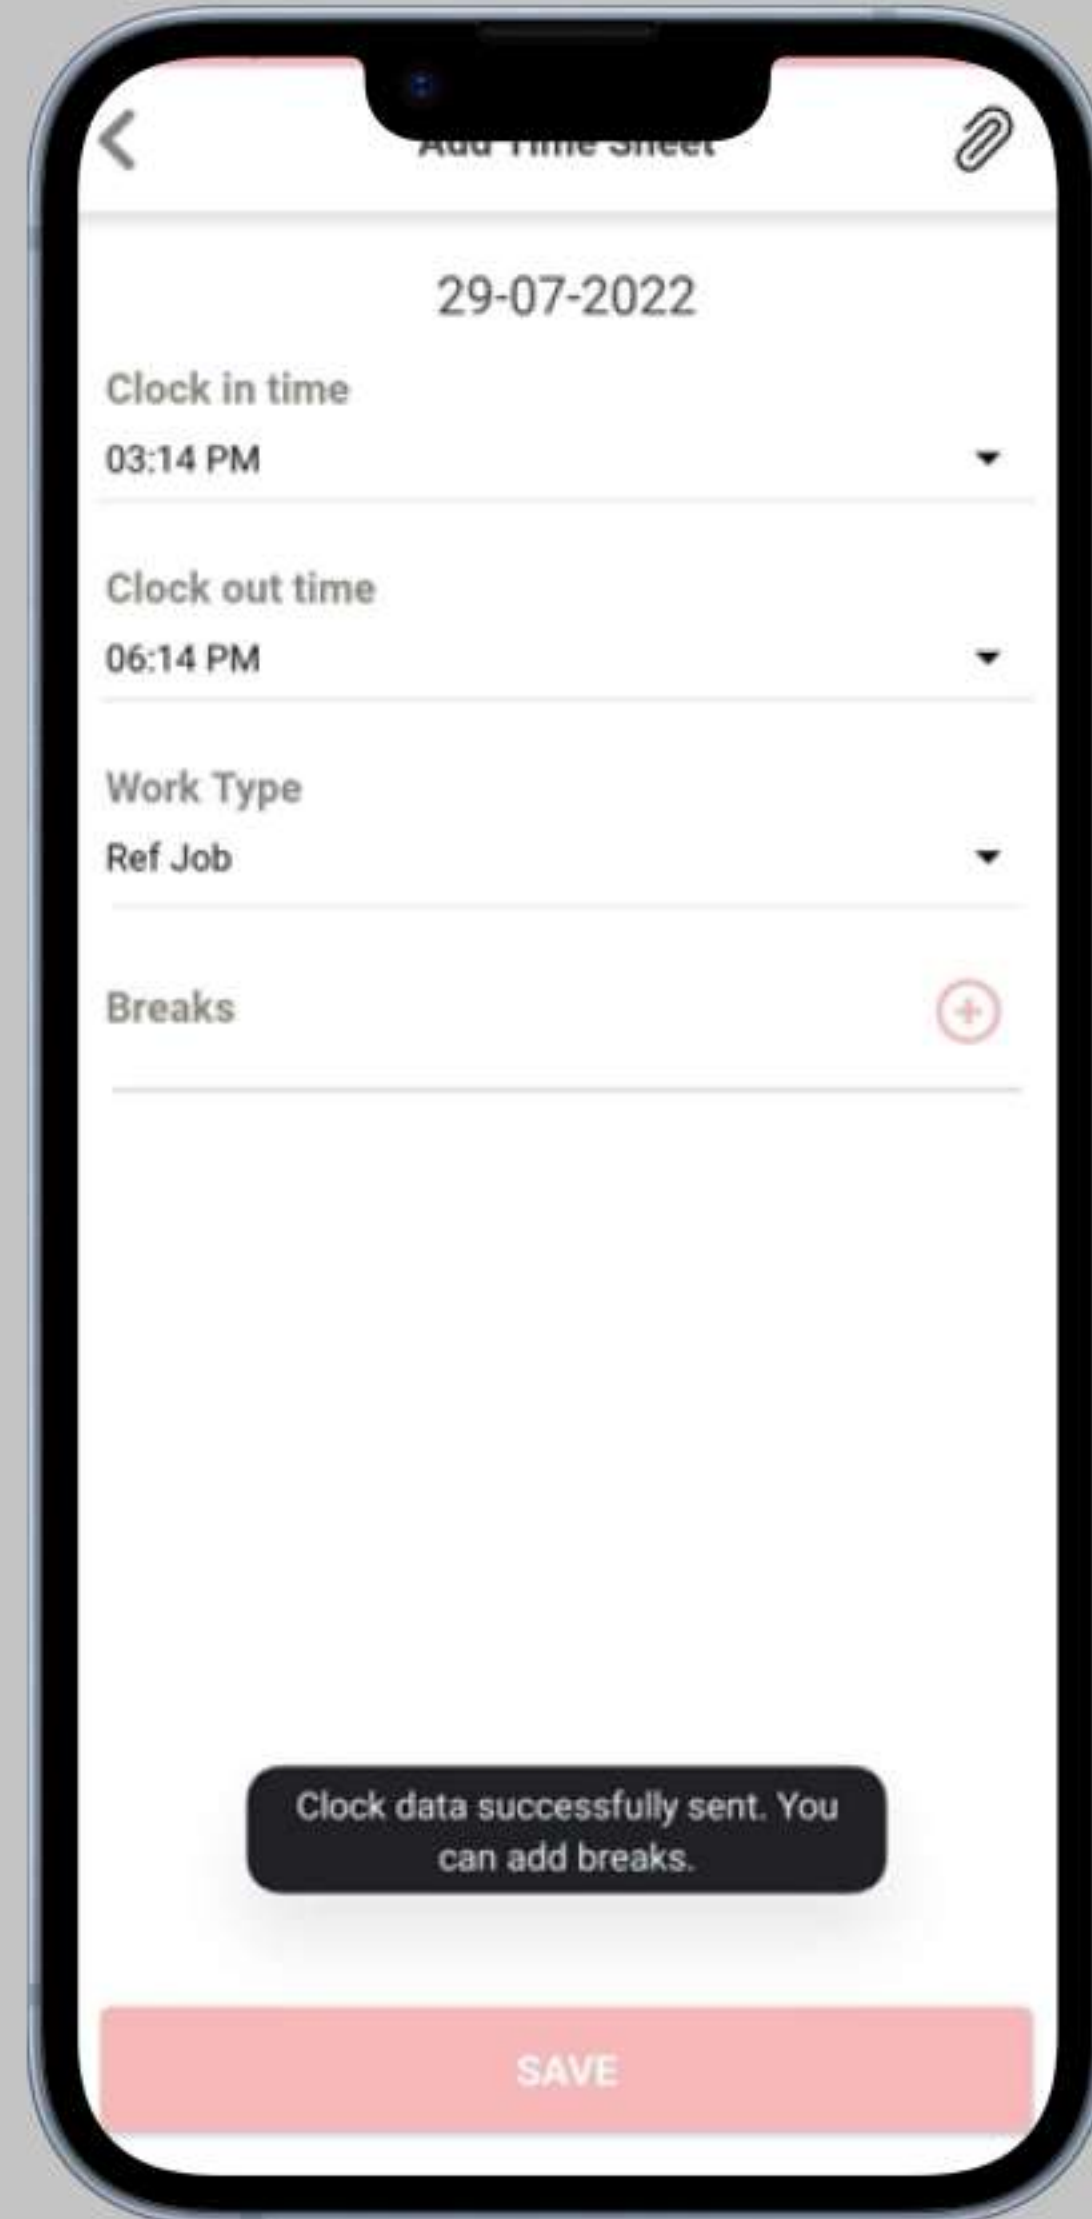

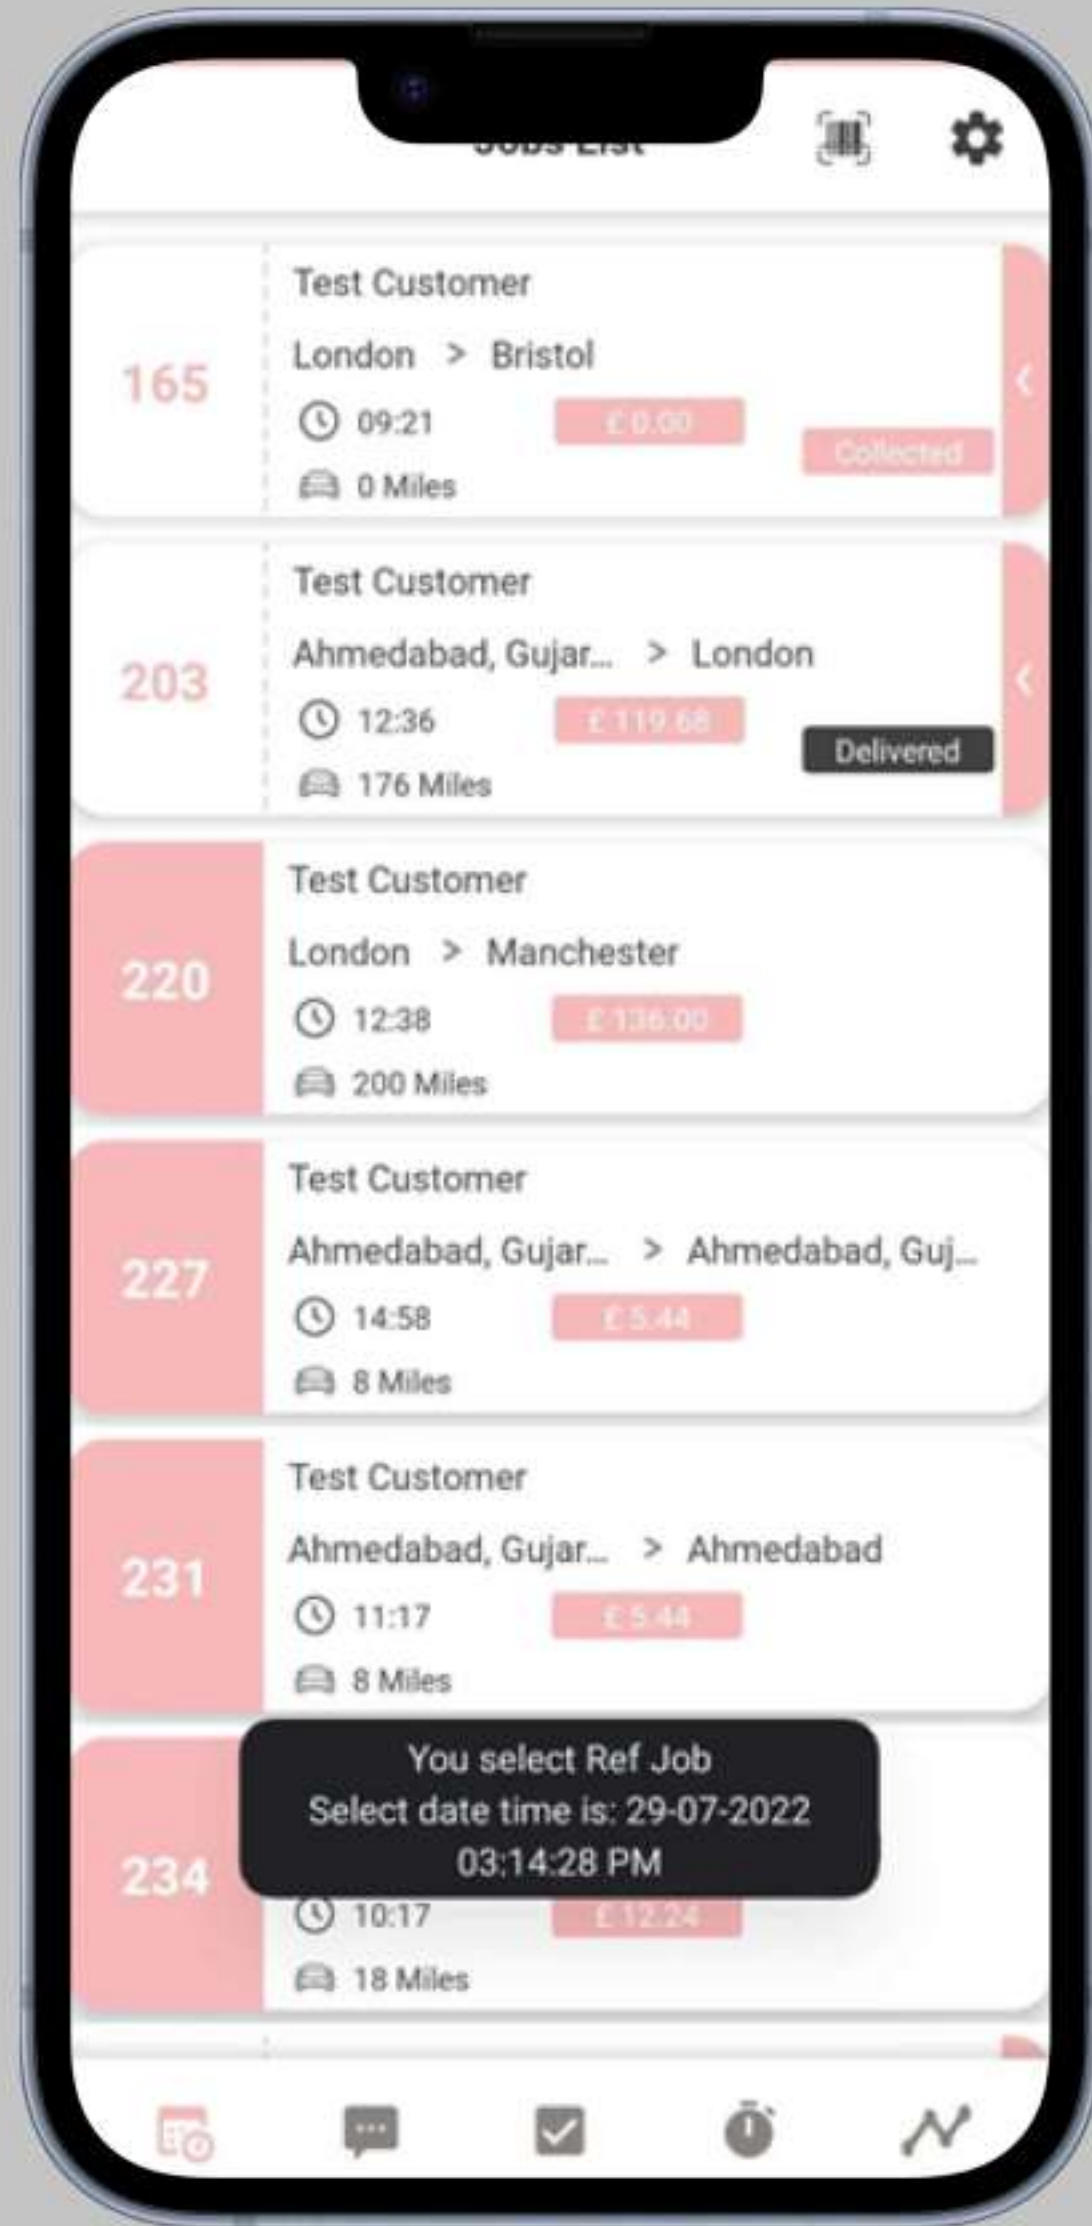

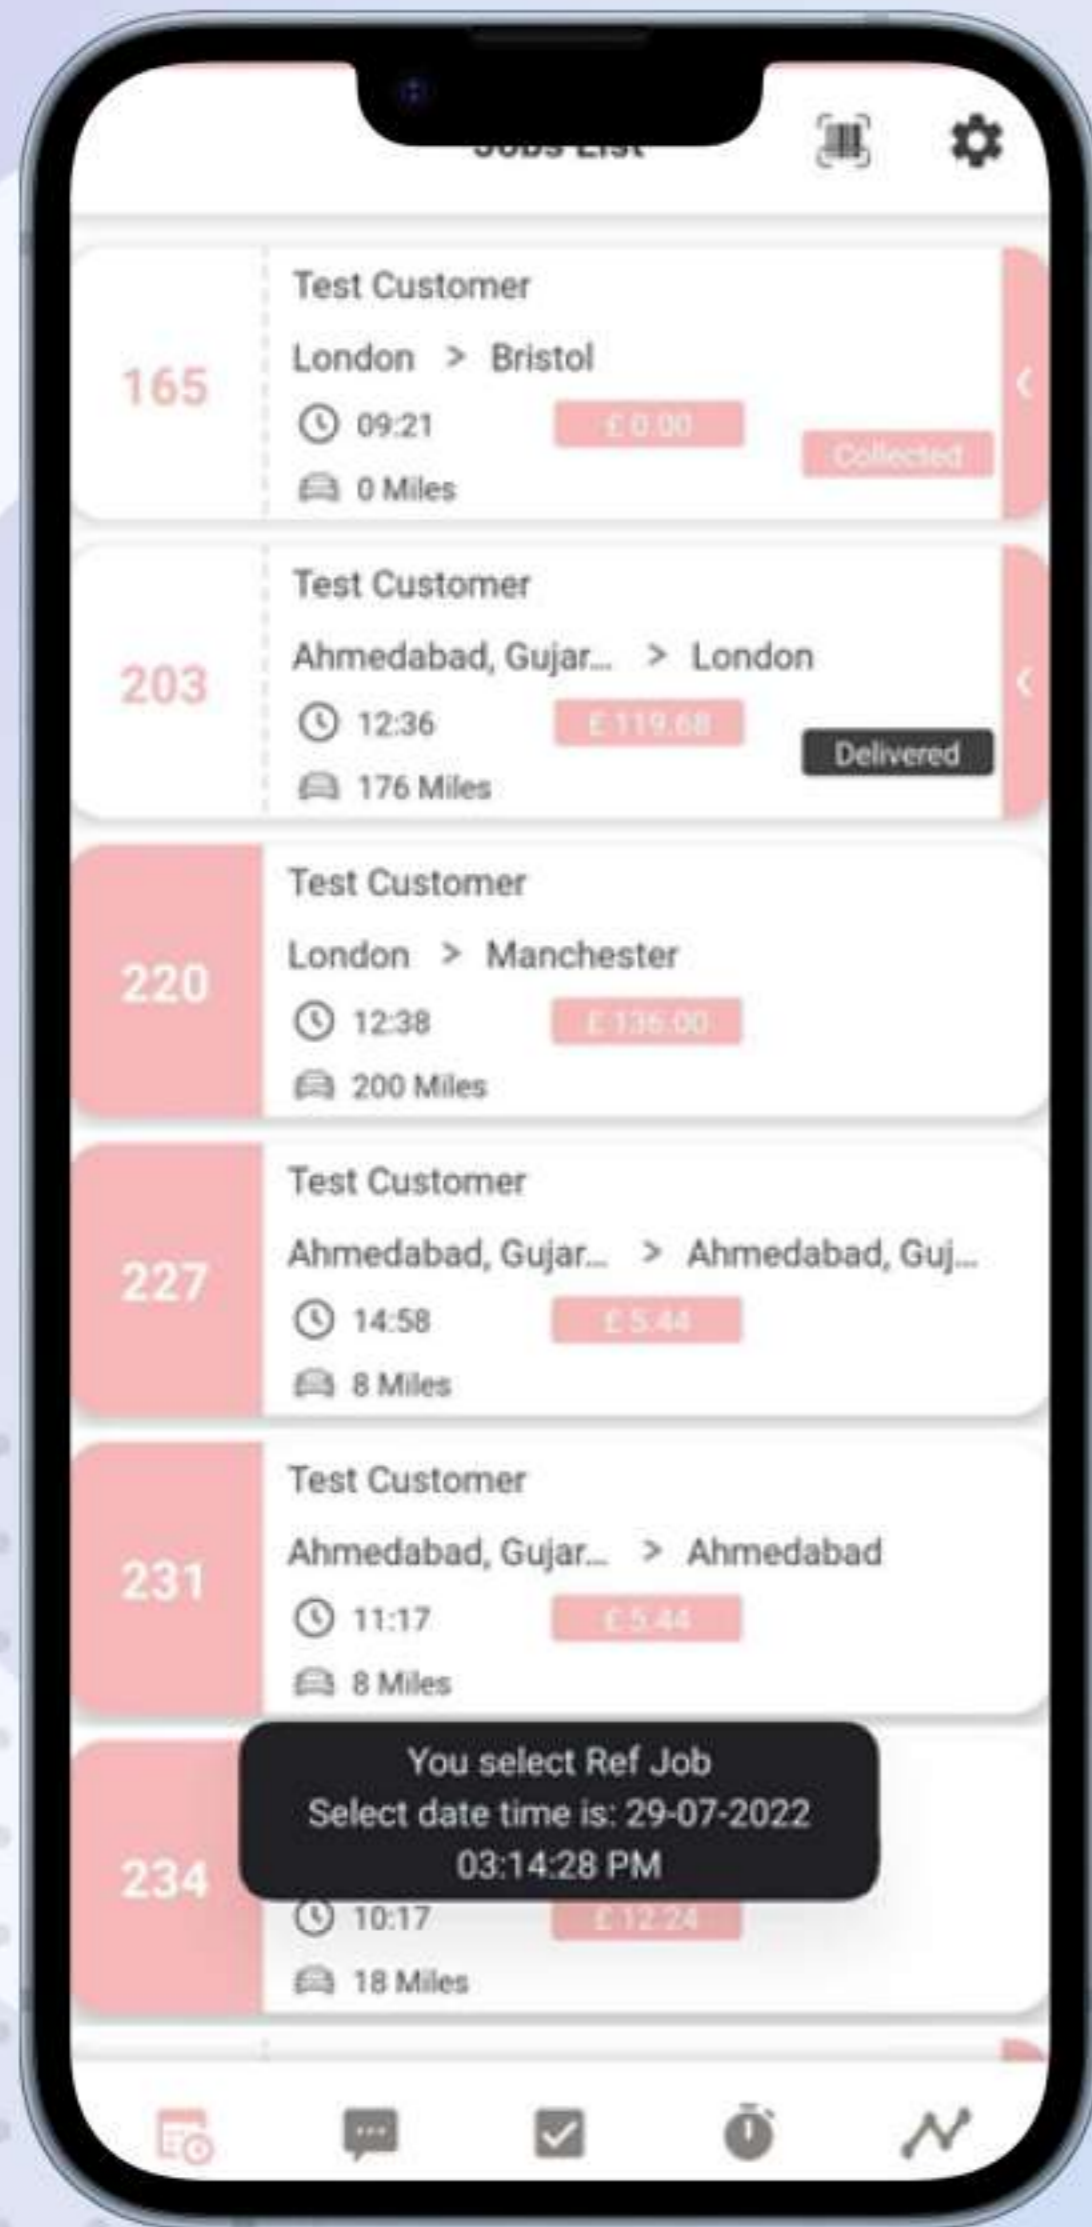

# Delivery manager

Struggling with inefficient deliveries in your B2B operations?  
Look no further than DMS, your one-stop solution for  
streamlined delivery management!

# Features

**Offline Champion:** No internet, no problem! DMS works flawlessly even without connectivity. Local data syncs seamlessly when you regain internet access.

**Real-Time Tracking:** Always know where your deliveries are. DMS tracks driver location every 15 seconds, providing complete transparency.

**Shift Management Made Easy:** Clock in, clock out, and manage breaks with ease. DMS simplifies driver timekeeping for both drivers and organizations.

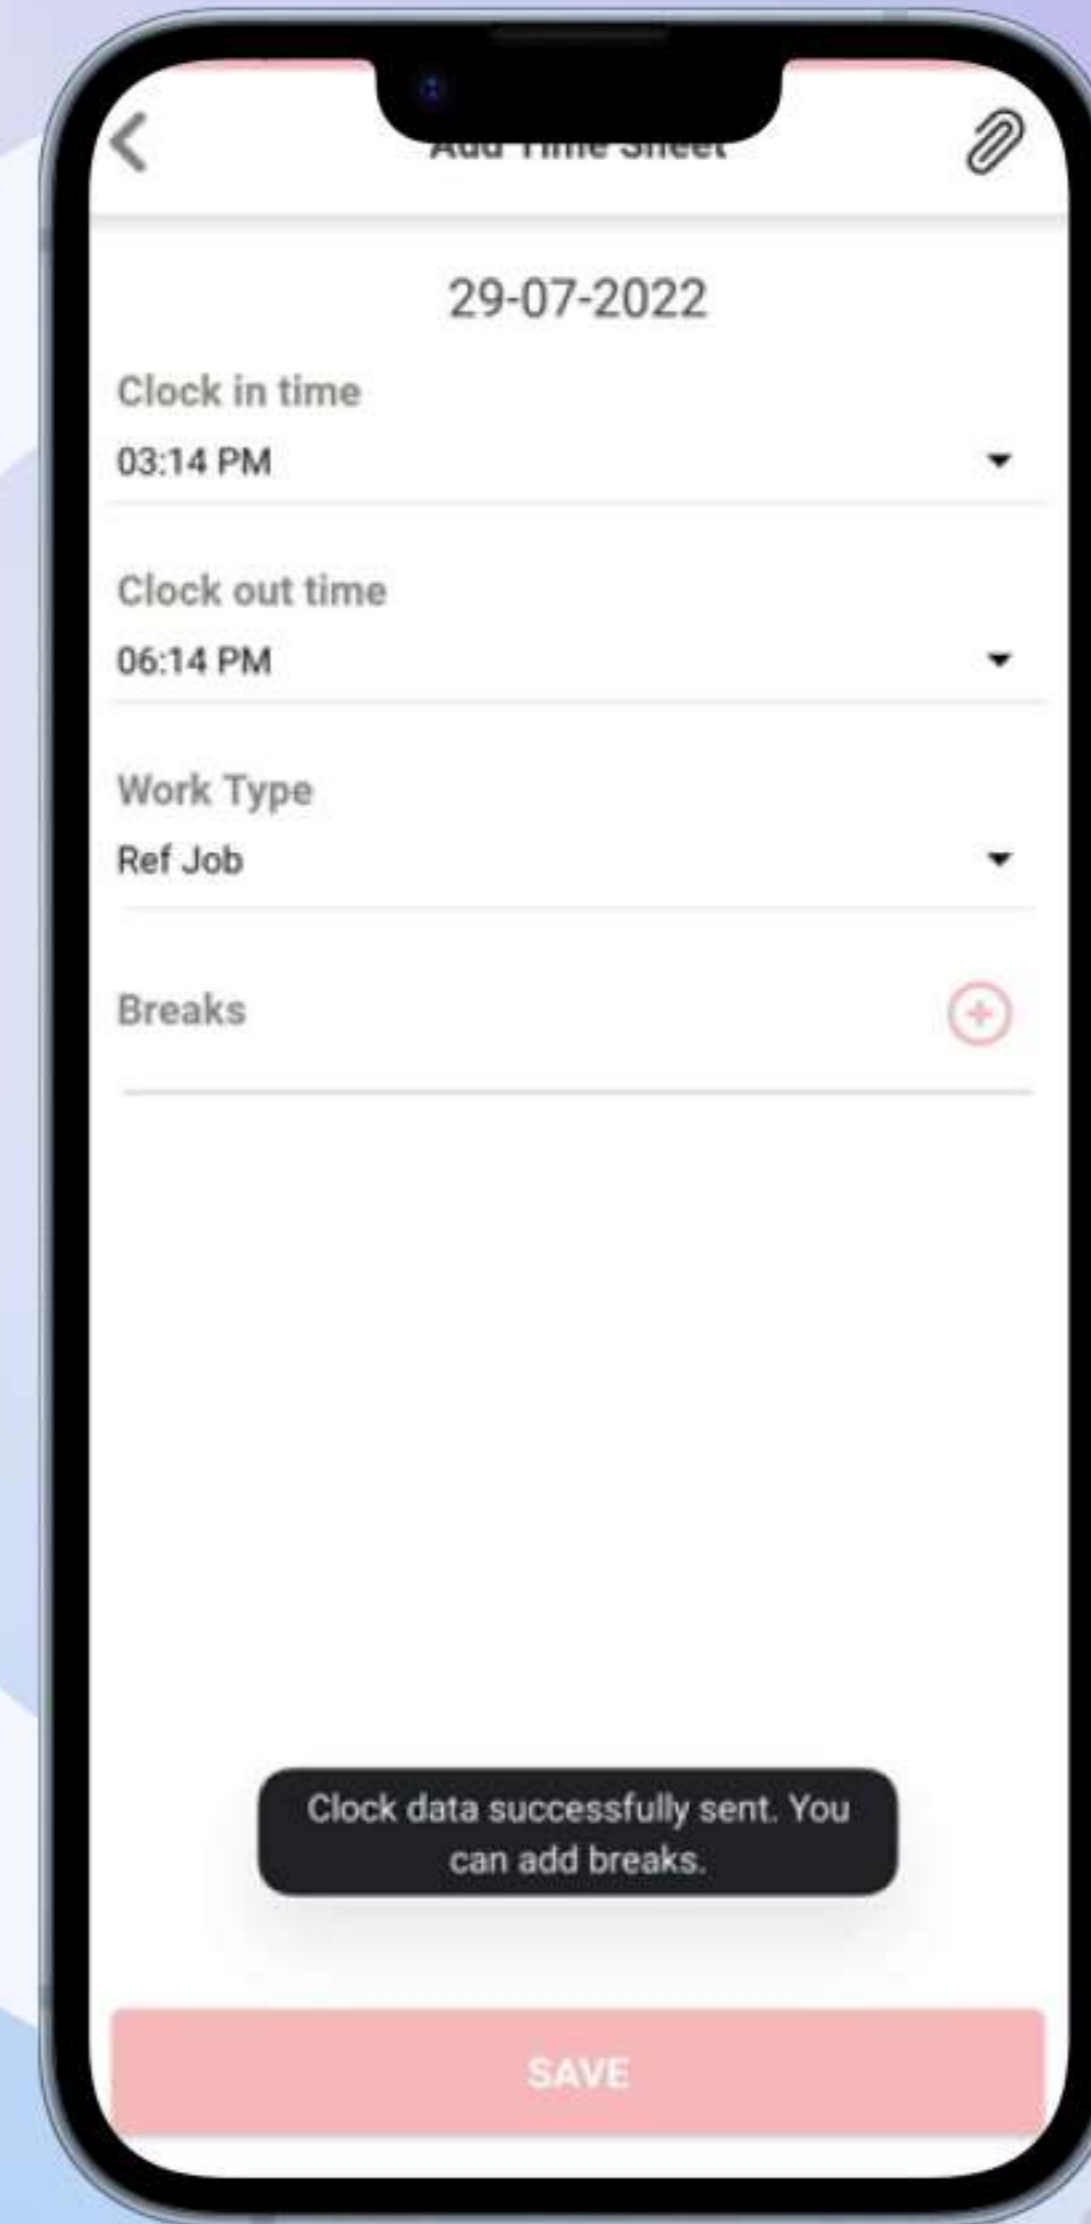

**Expense Tracker with Receipts:** Say goodbye to lost receipts! DMS allows drivers to add expenses with photo attachments for food, repairs, and more.

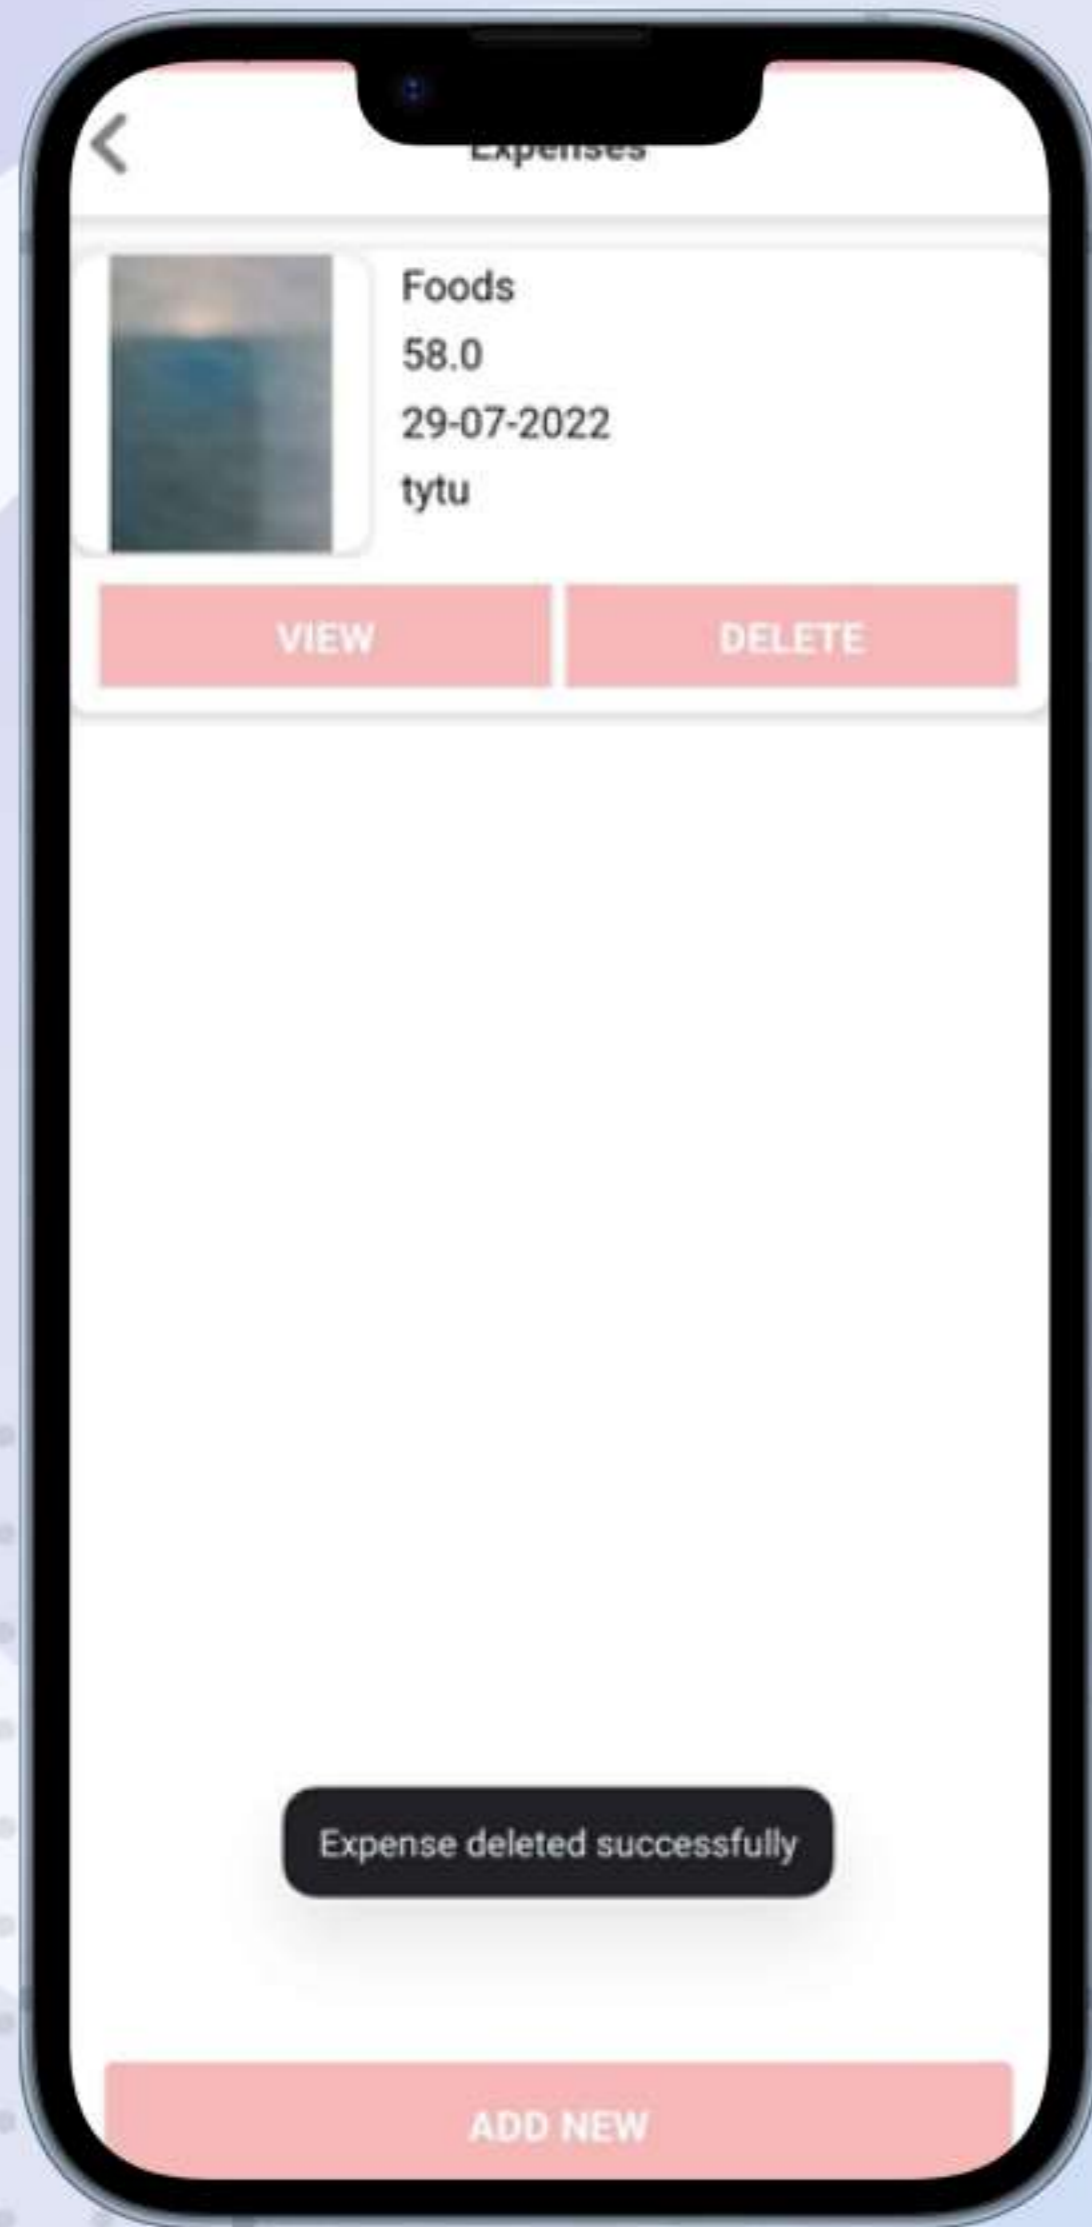

# Challenges

- ✓ **Real-Time Tracking Optimization:** Overcoming the hurdle of real-time tracking without relying on third-party API services to enhance performance and reliability.
- ✓ **Streamlined Time-Sheet Management:** Addressing the complexities of managing driver time-sheets effectively for both drivers and organizations alike.
- ✓ **Seamless Expense Tracking:** Implementing a robust solution to track driver expenses accurately within specific shifts to ensure transparent accounting practices.
- ✓ **Offline Support Integration:** Tackling the challenge of integrating offline support seamlessly into the app to facilitate uninterrupted delivery operations in areas with limited connectivity.

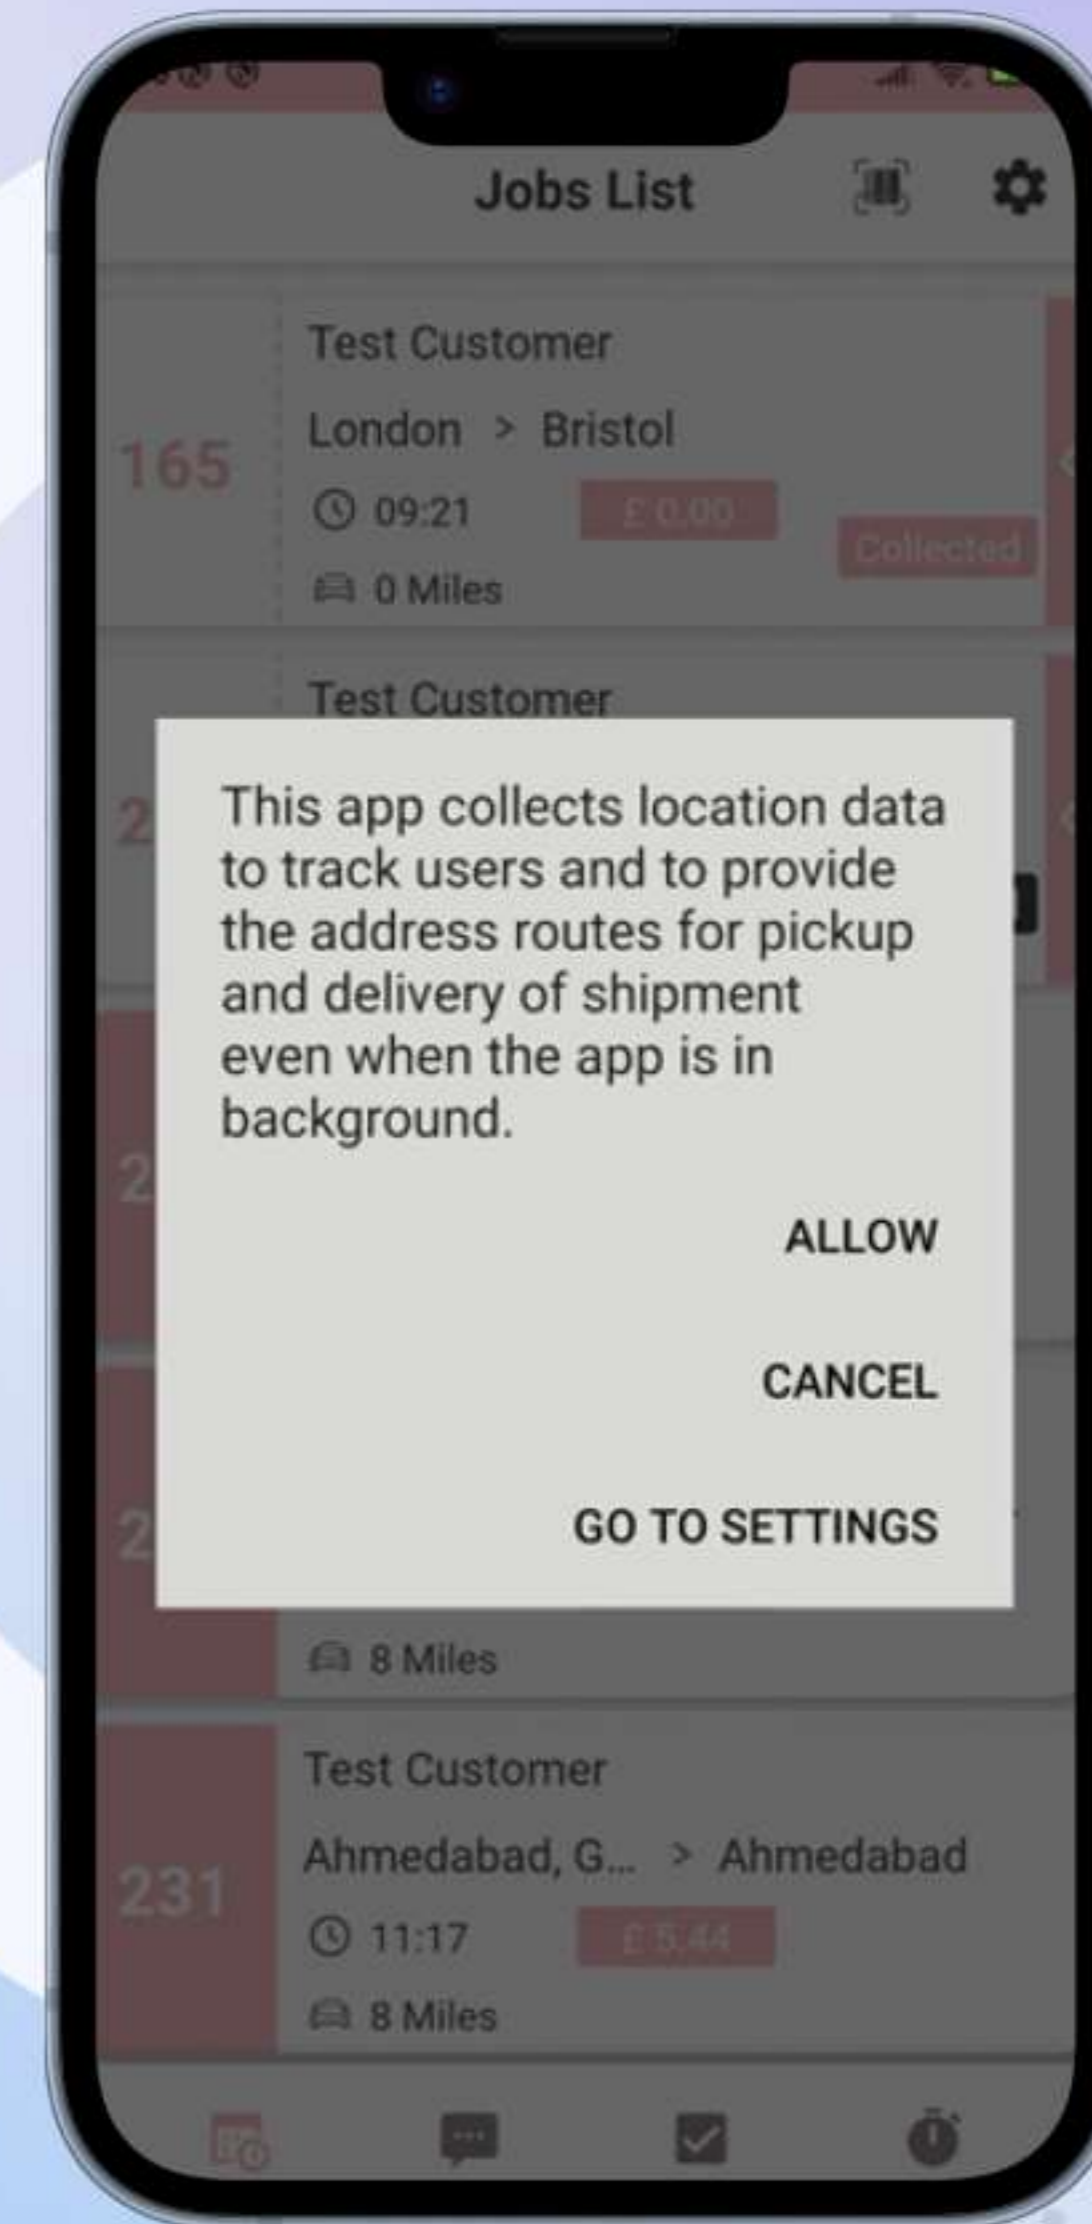

# Solutions

- ✓ **Custom Real-Time Tracking:** Developed an in-house real-time tracking system to eliminate reliance on third-party API services, enhancing performance and reliability.
- ✓ **Intuitive Time-Sheet Management:** Implemented a user-friendly interface for time-sheet management, simplifying the process for drivers and organizations alike.
- ✓ **Automated Expense Tracking:** Introduced an automated expense tracking system to accurately record driver expenses within specific shifts, ensuring transparency and efficiency.
- ✓ **Seamless Offline Support:** Integrated robust offline support capabilities into the app, enabling uninterrupted delivery operations even in areas with limited connectivity.

# Impact

- ✓ **Download Growth:** A startling 58% rise in app downloads was seen, indicating the broad user acceptance and appeal of DMS.
- ✓ **Holding a dominant share of the B2B market:** saw a notable 72% growth in the state-level B2B market and a significant 26% increase in the national B2B market, securing DMS's place as the preferred delivery management solution.
- ✓ **Unprecedented Referral Growth:** Enjoyed a 50% surge in referrals stemming from glowing user reviews, further amplifying DMS's reach and impact in the market.

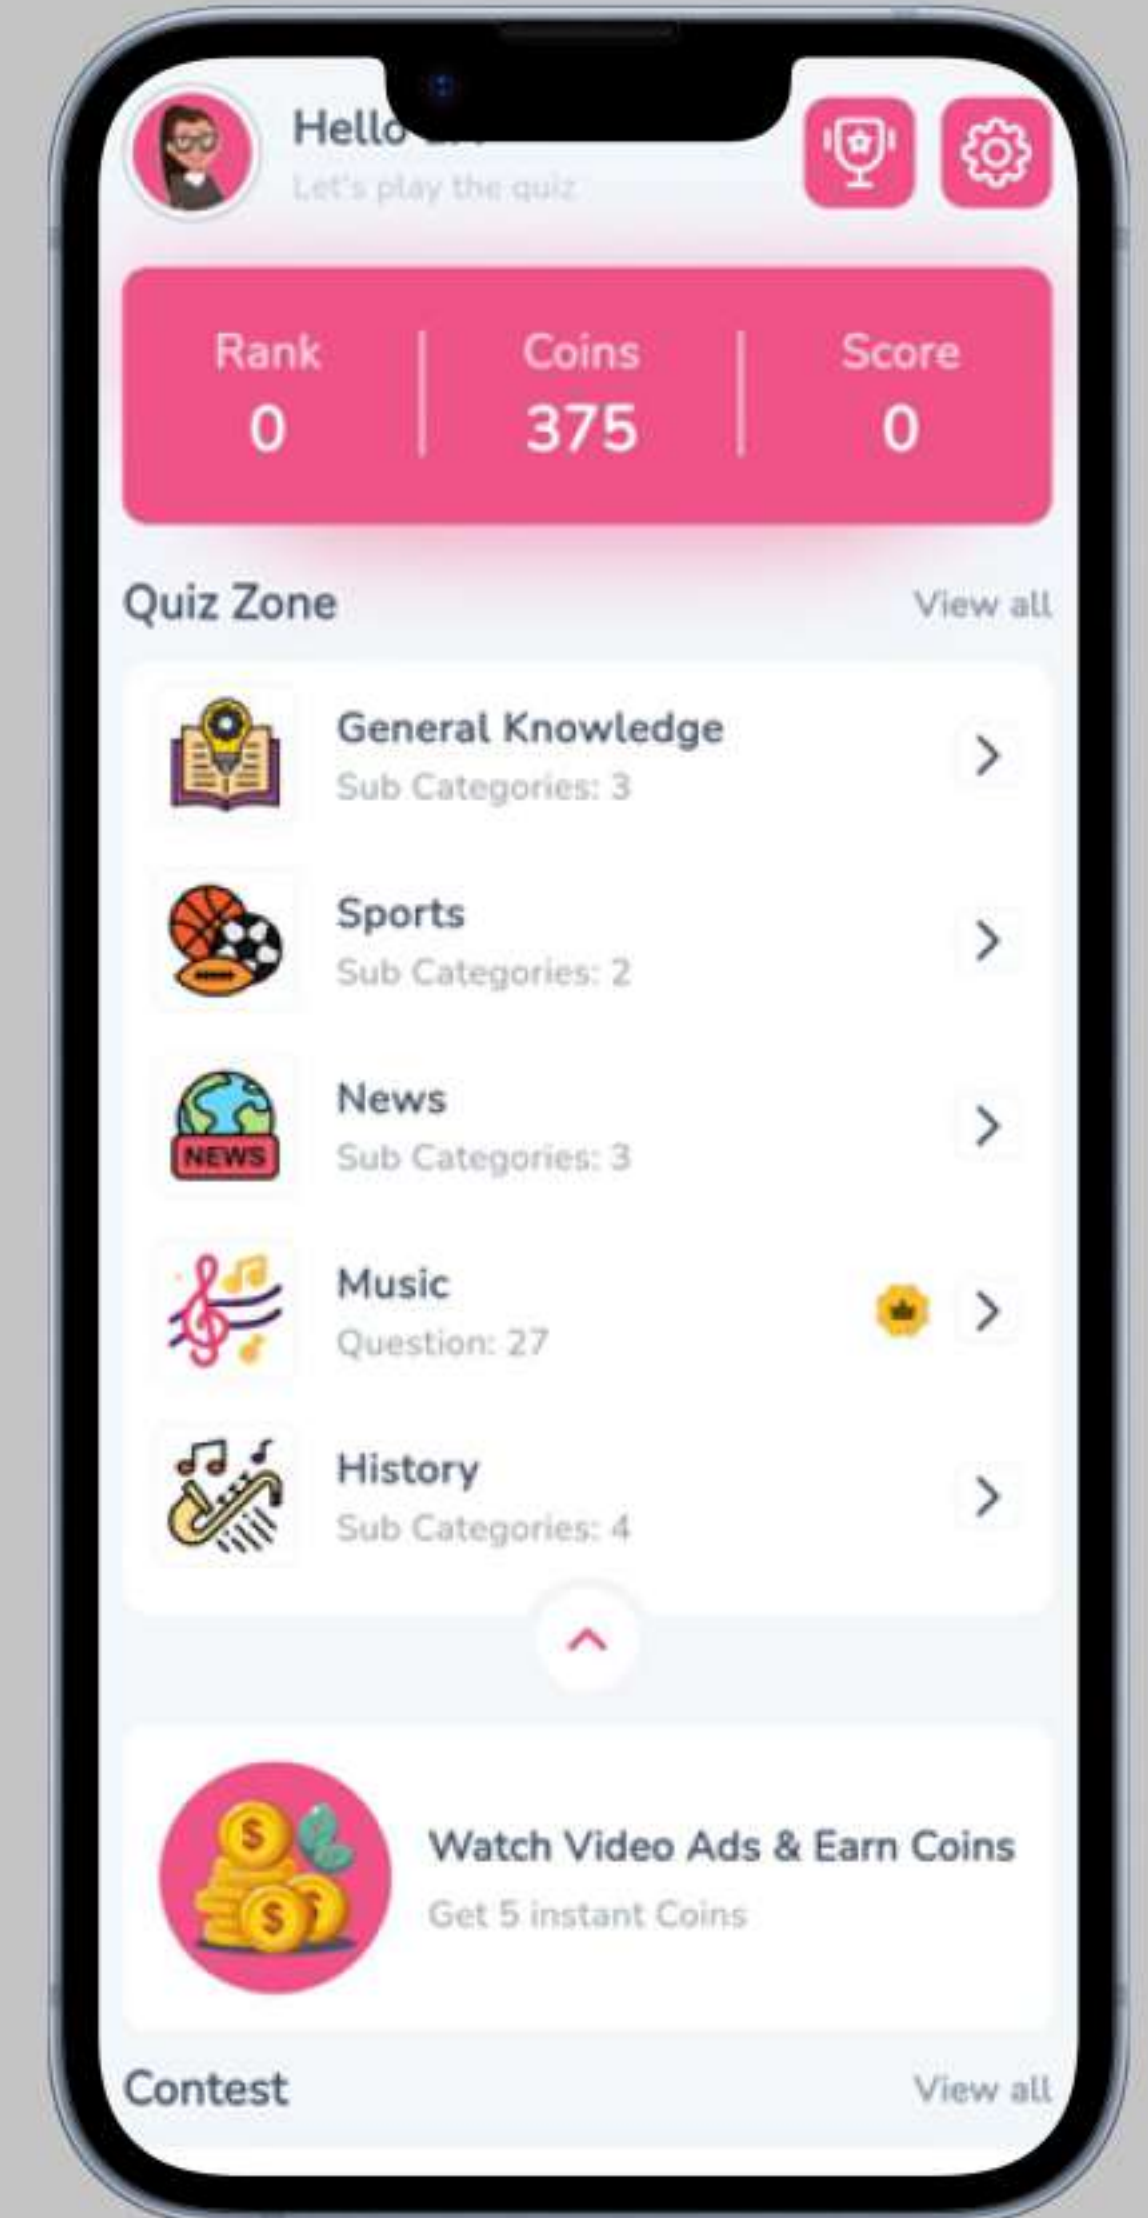

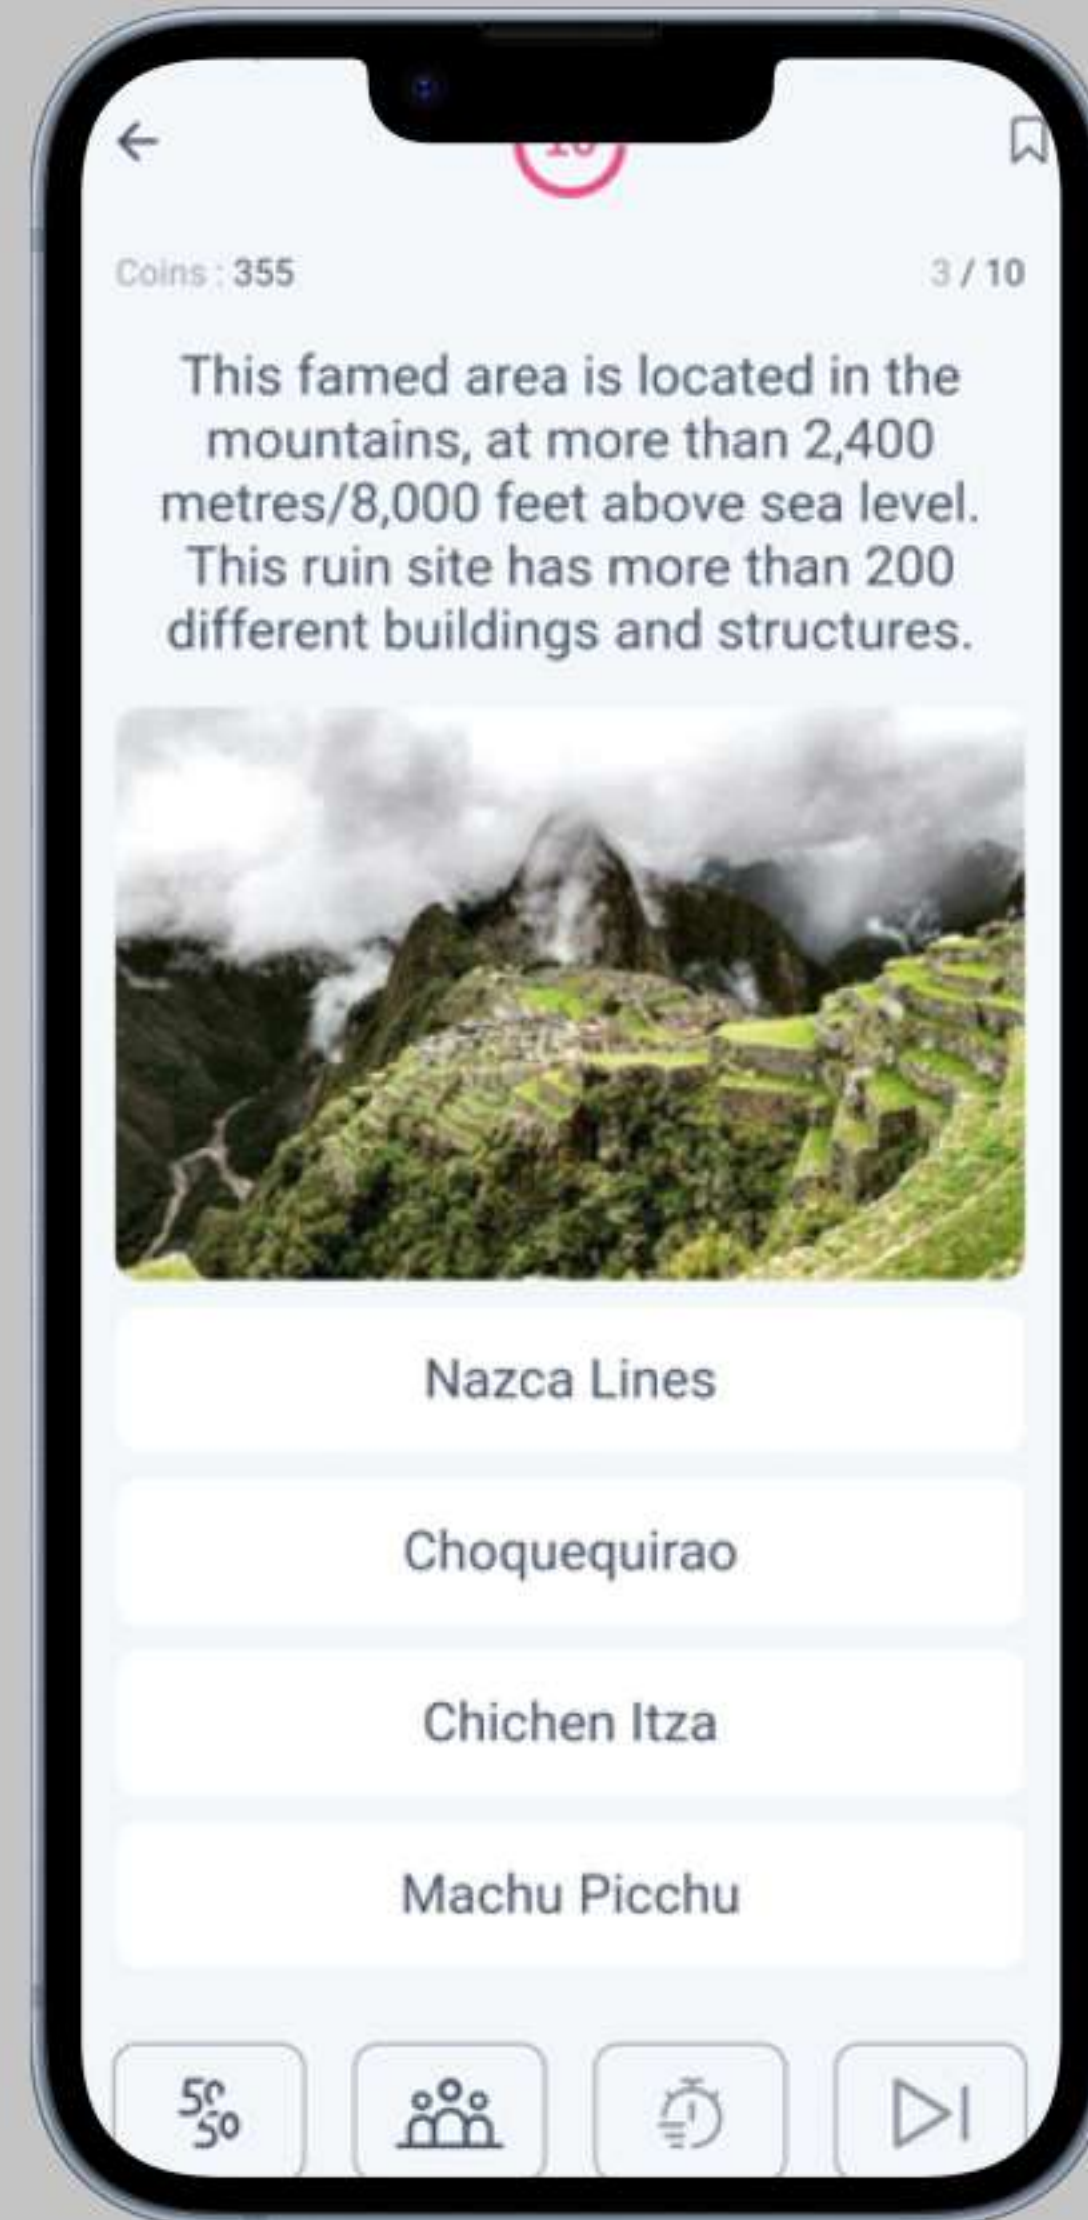

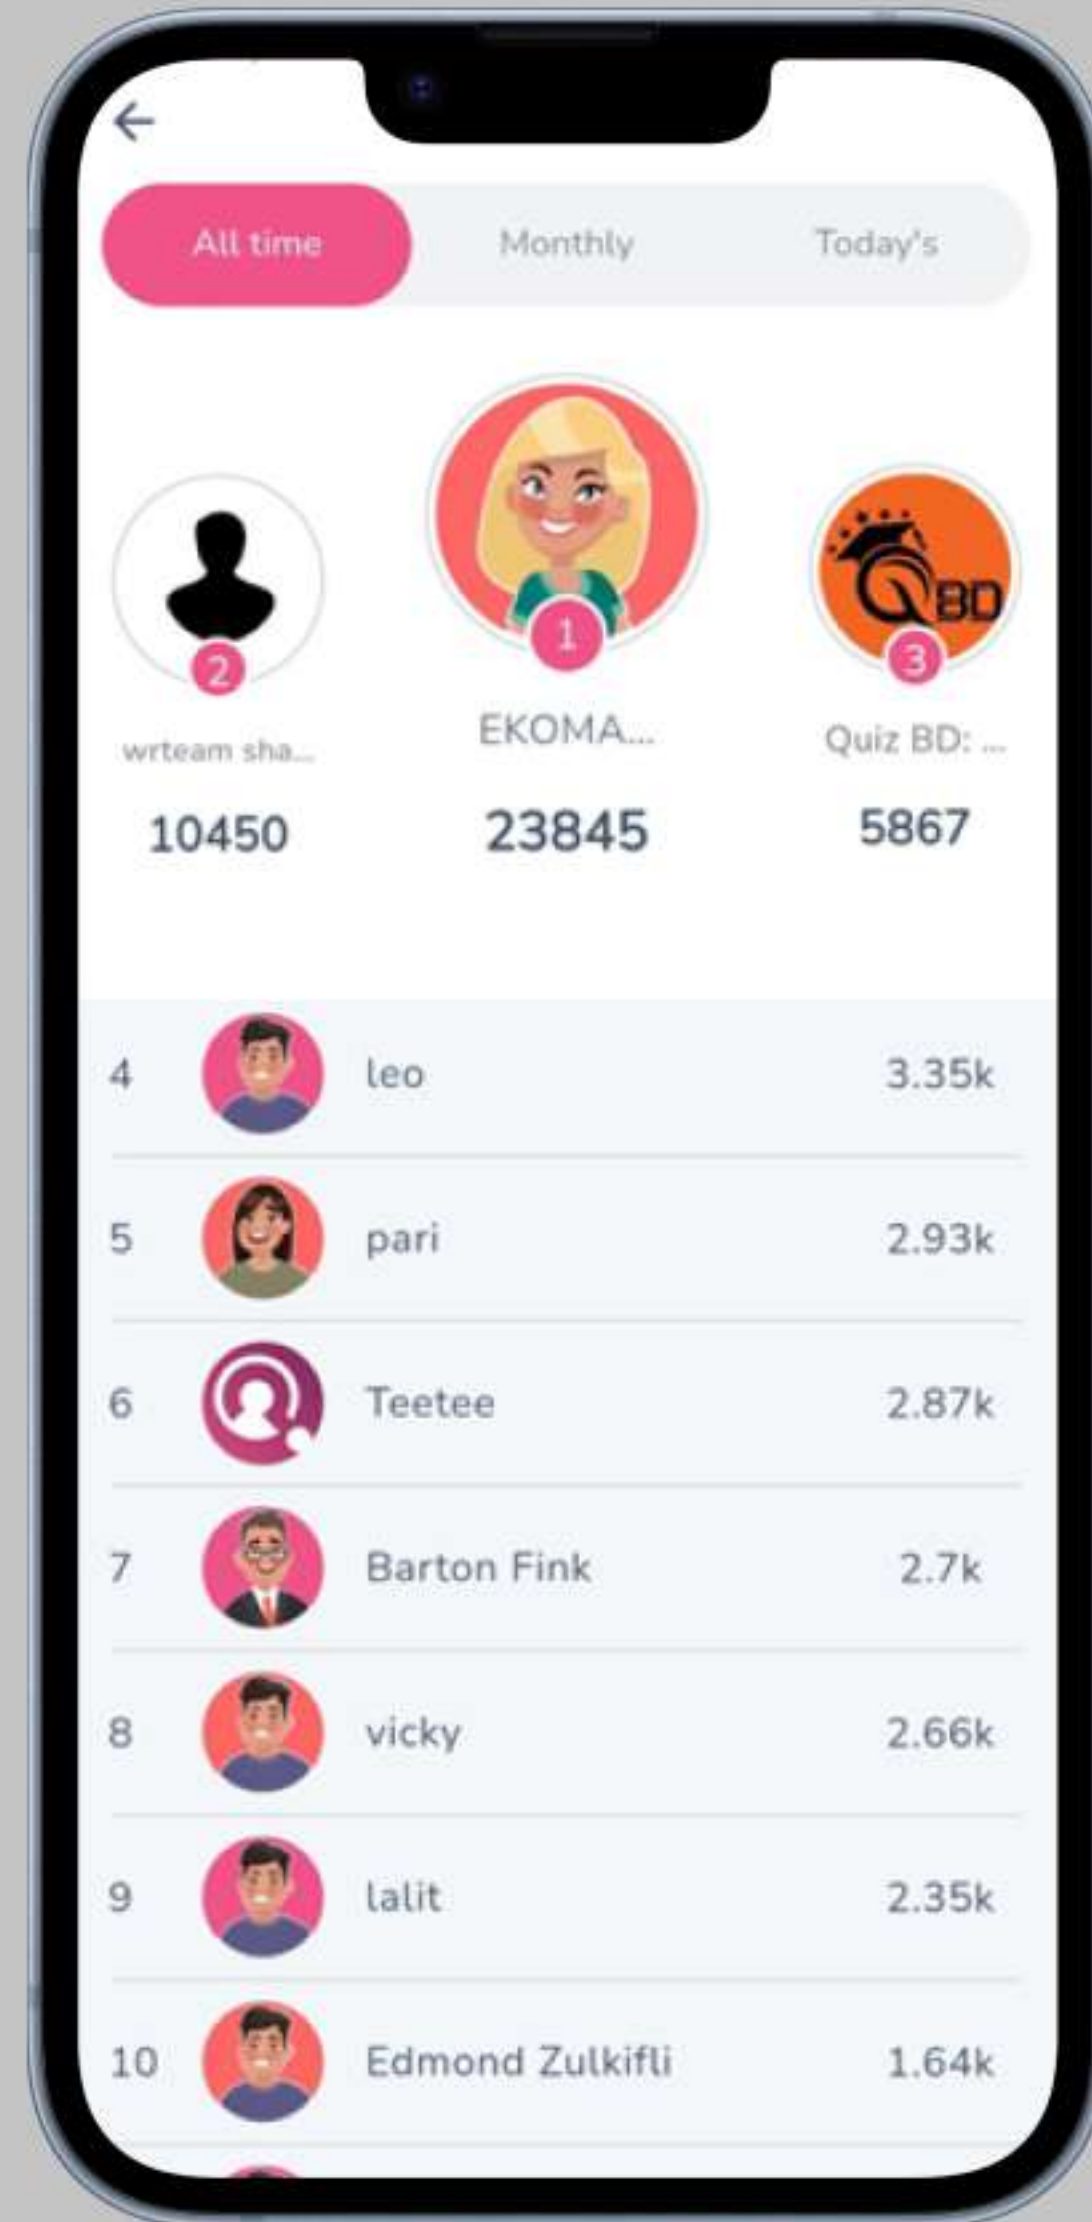

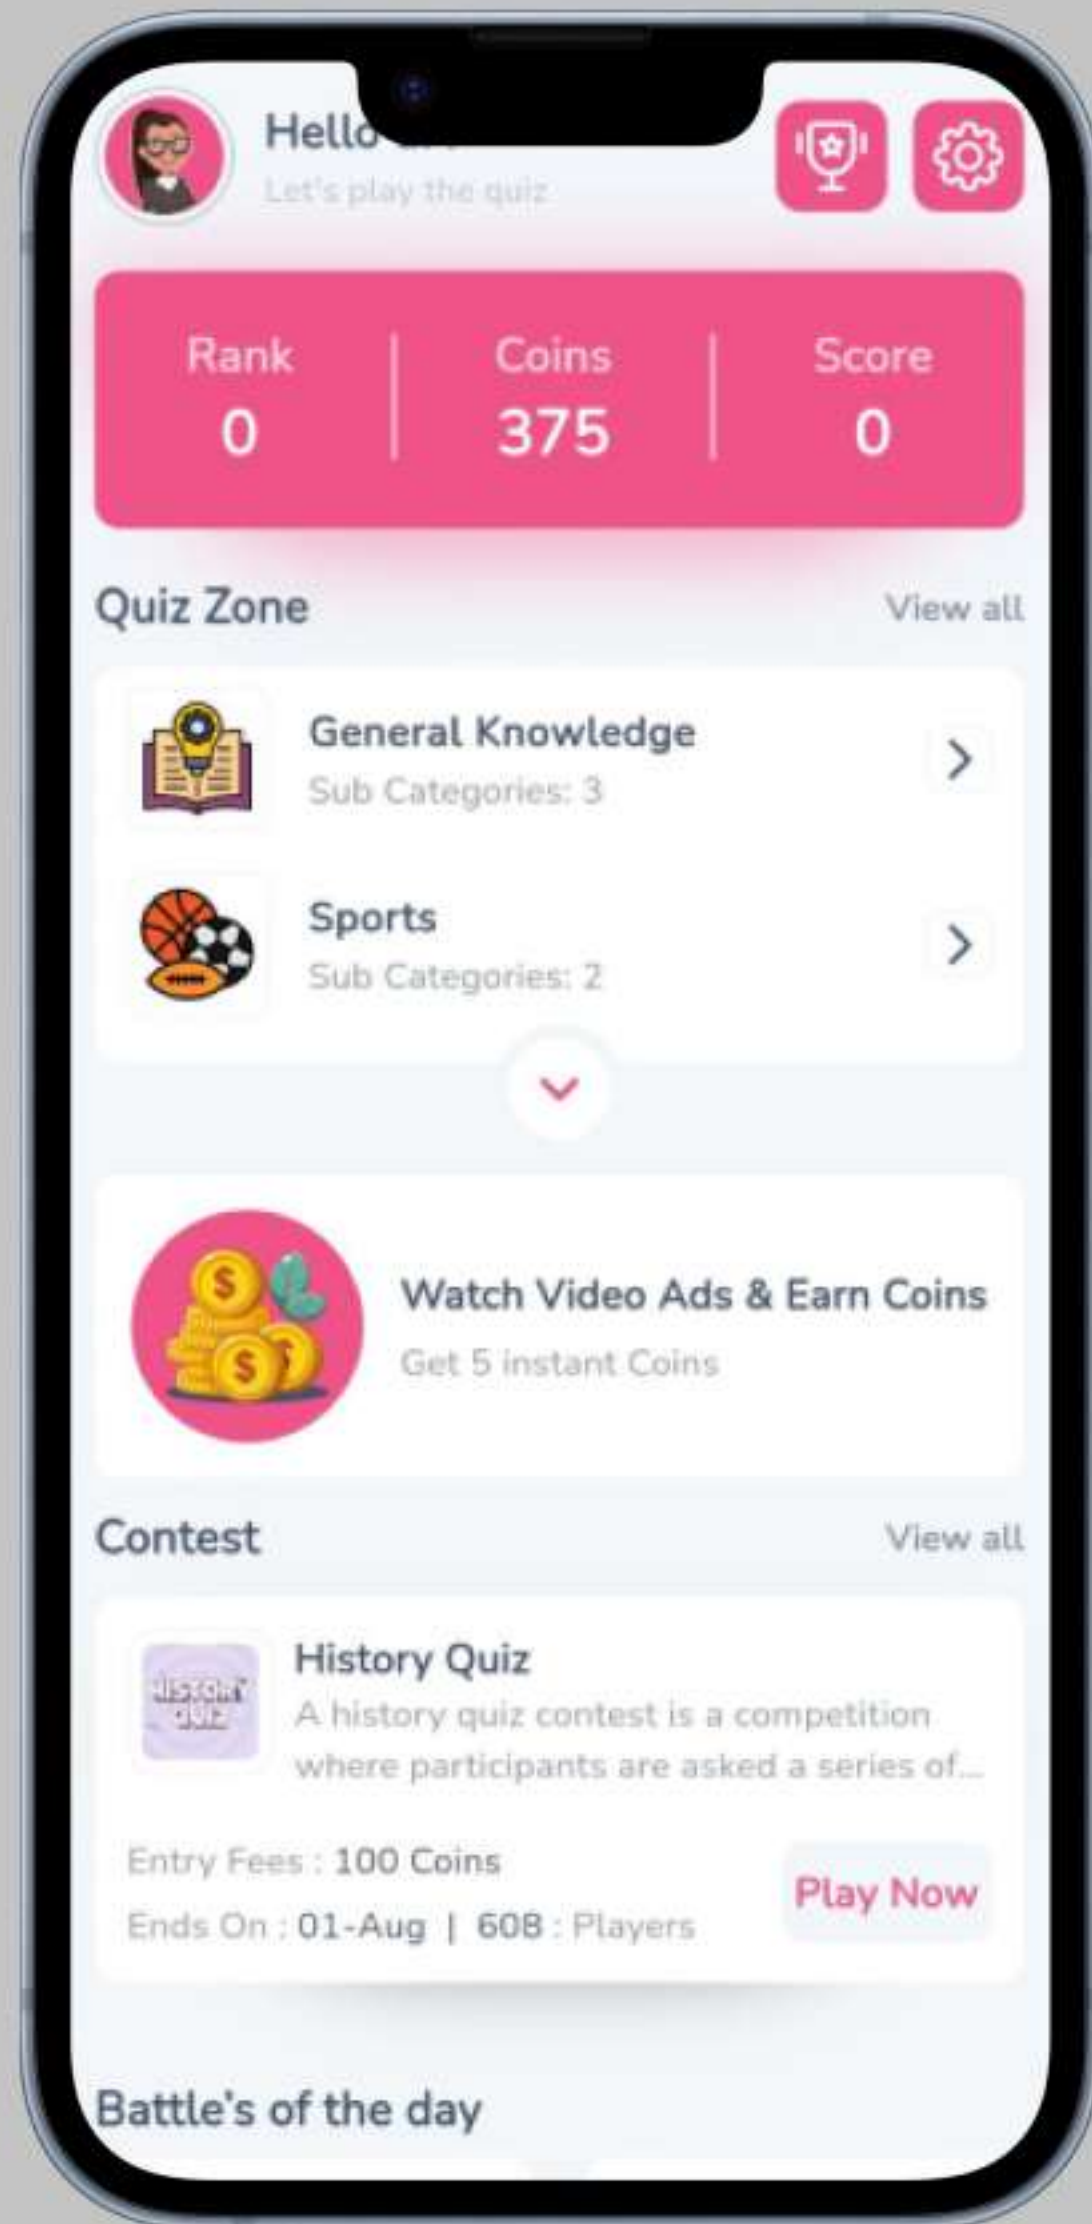

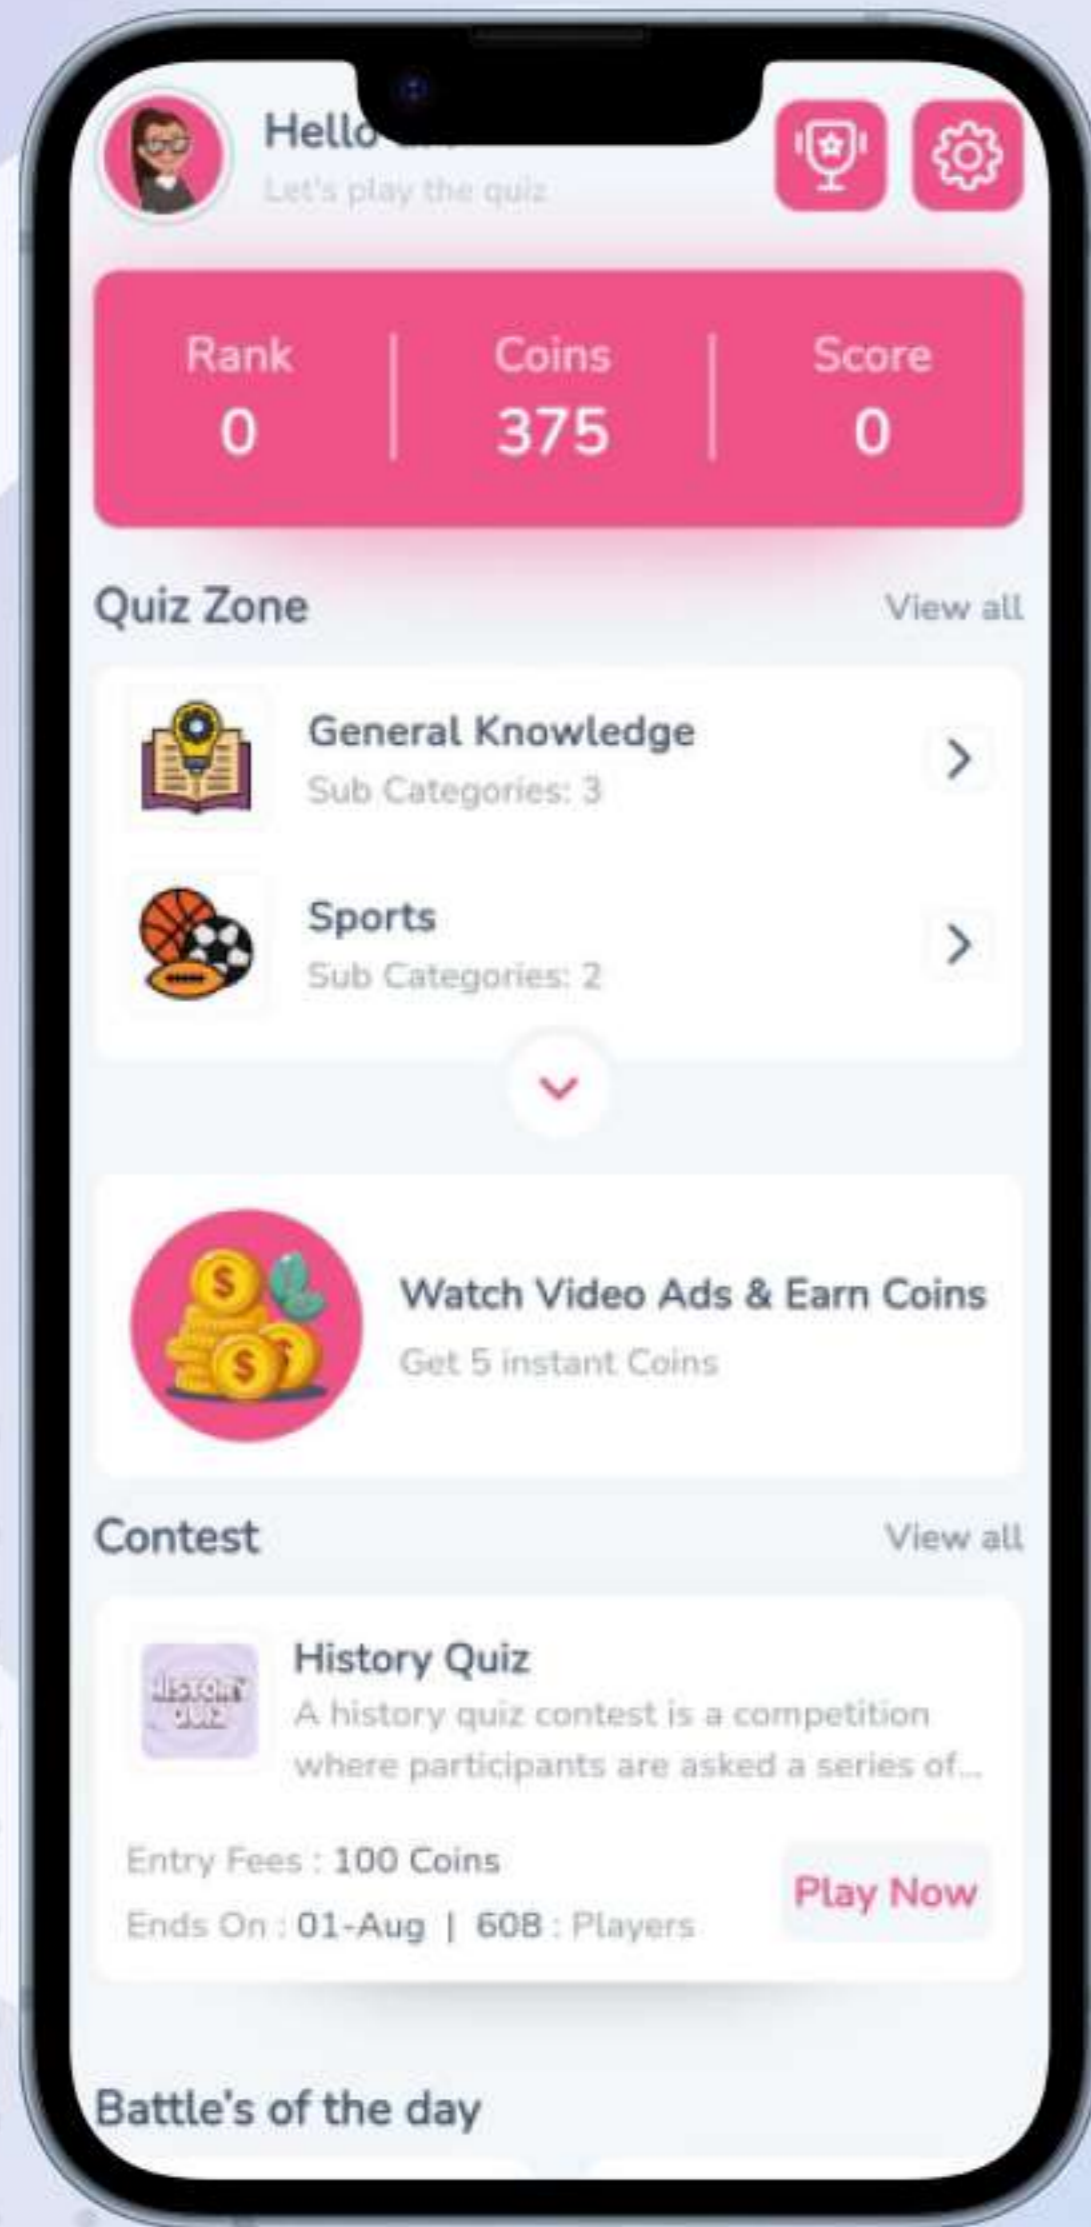

# Elite Quiz

Referred to be the Delivery Master of quiz applications, Elite Quiz is an innovative platform that allows users to play engaging questions against a computer opponent, with friends, or alone, and to experience extra thrill with lifelines.

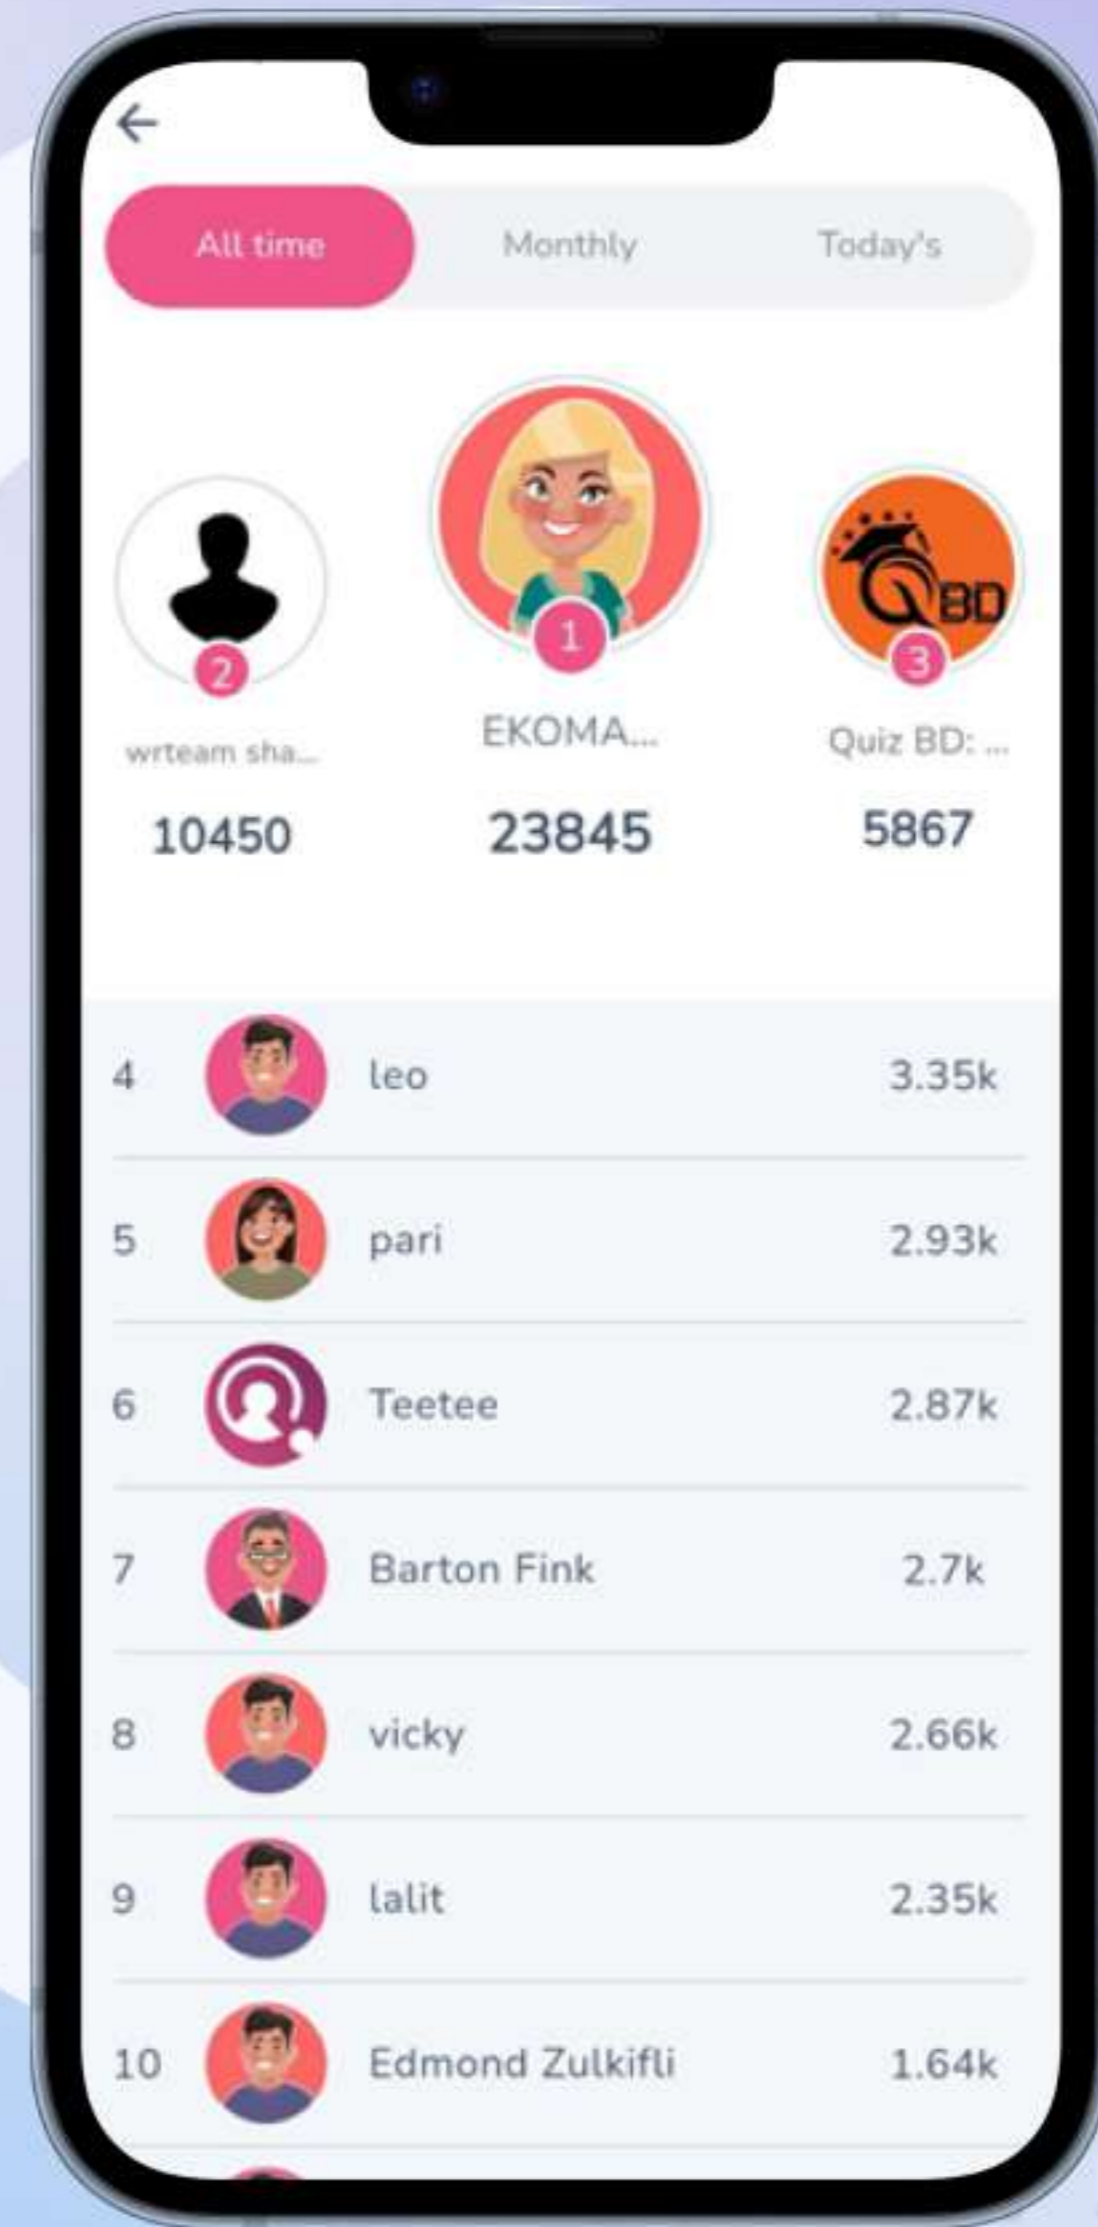

# Features

- ✓ Explore a large library of questions covering pop culture, science, history, and more with Master Diverse Categories!
- ✓ Defy AI or your friends: Show off your skills by defeating our sly AI opponent or going up against friends.
- ✓ Bring Out the Social Butterfly in You: Invite your friends to intense trivia contests to determine who is the best!
- ✓ Daily Dose of Information: Use our daily quiz challenges to sharpen your knowledge and keep your mind active.

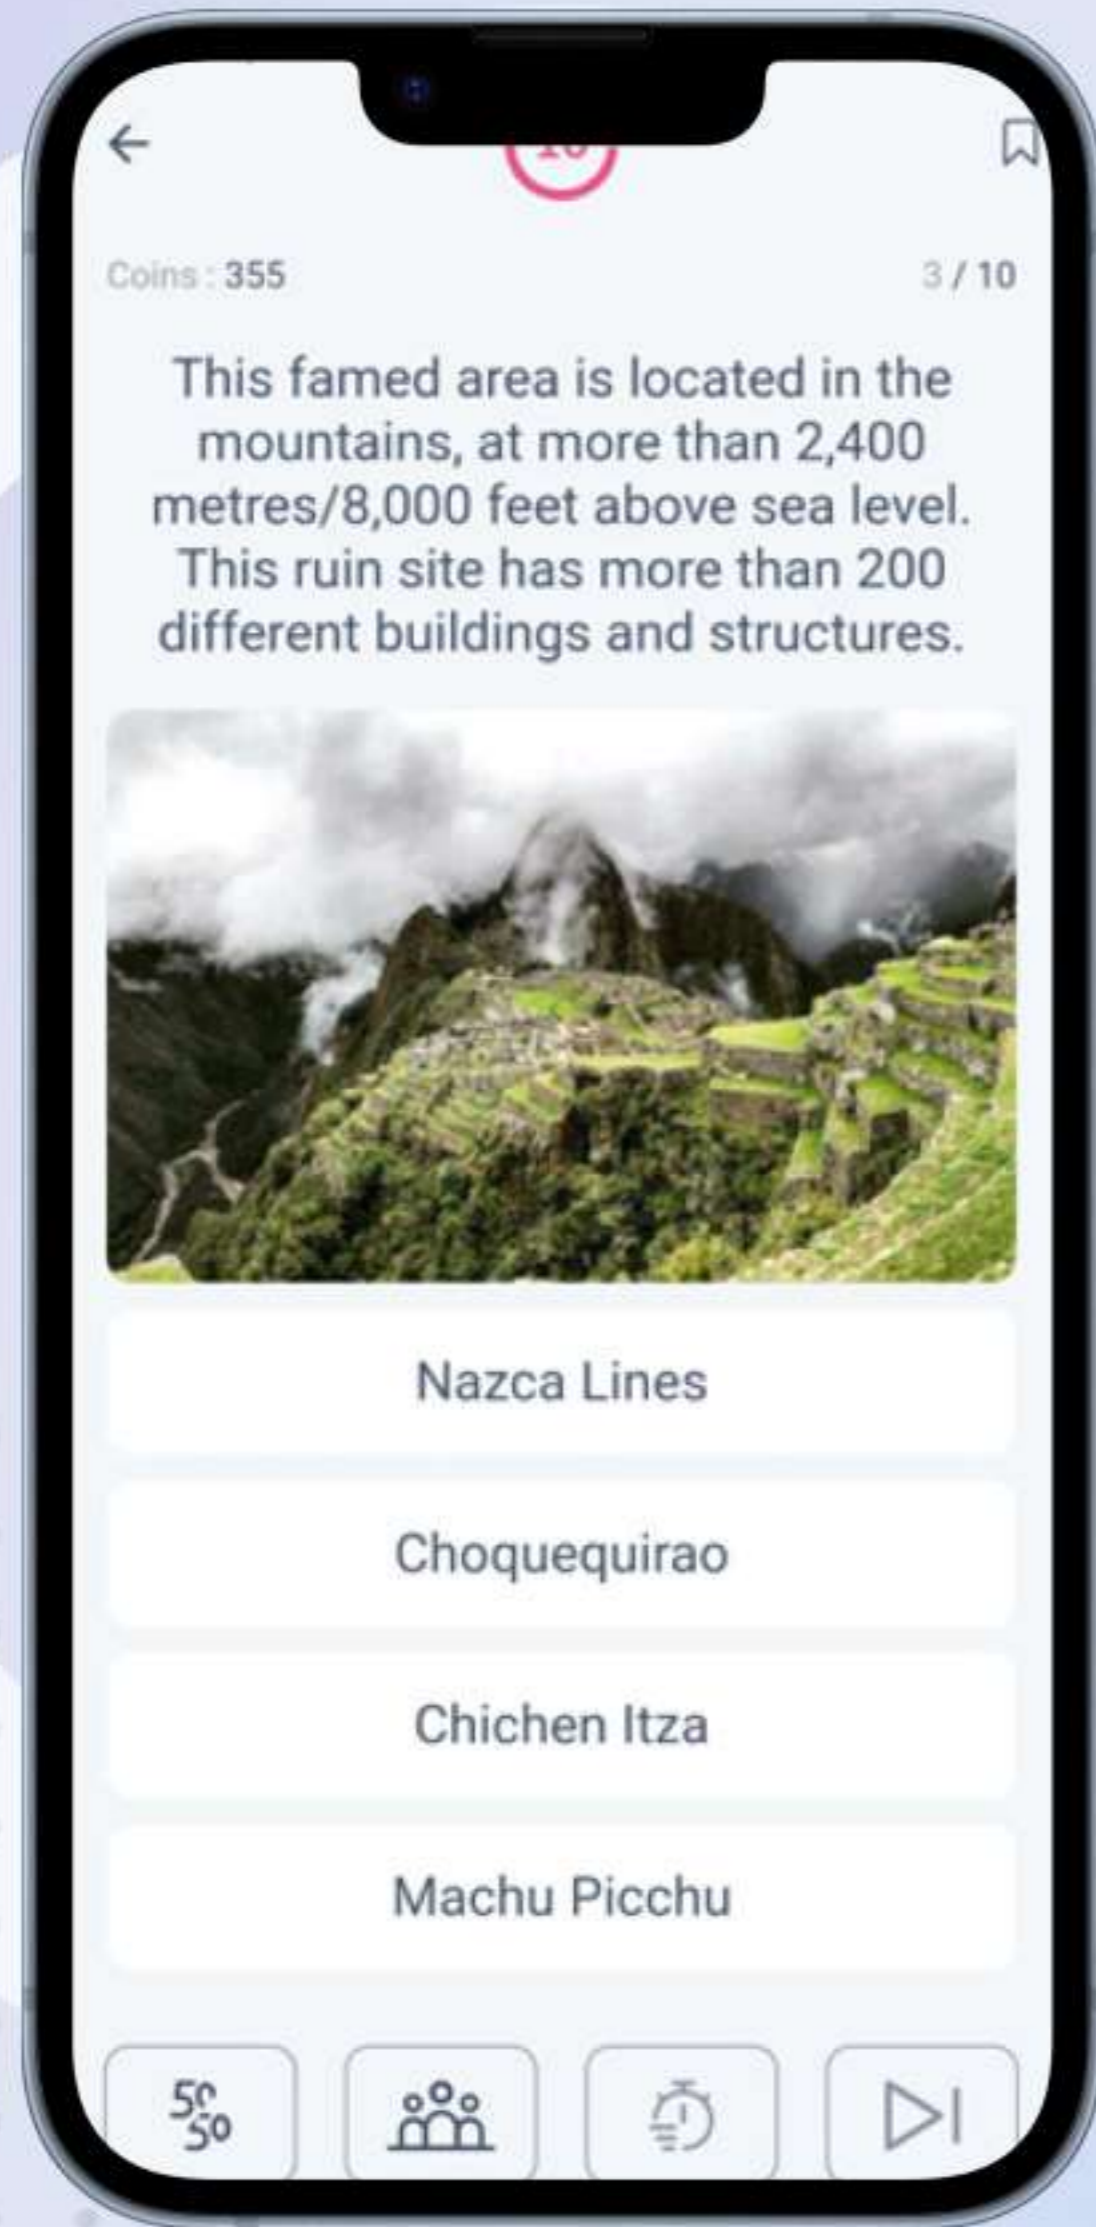

# Challenges

- ✓ **Engaging the Audience:**  
Keeping users hooked with dynamic elements and fresh content was crucial.
- ✓ **Platform Optimization:**  
Ensuring a smooth and responsive experience across various devices.
- ✓ **Enhanced Quiz Play:**  
Implementing features like timers, lifelines, and smart categorization.
- ✓ **Personalized Journey:**  
Recommending quizzes based on user interests for a more tailored experience.

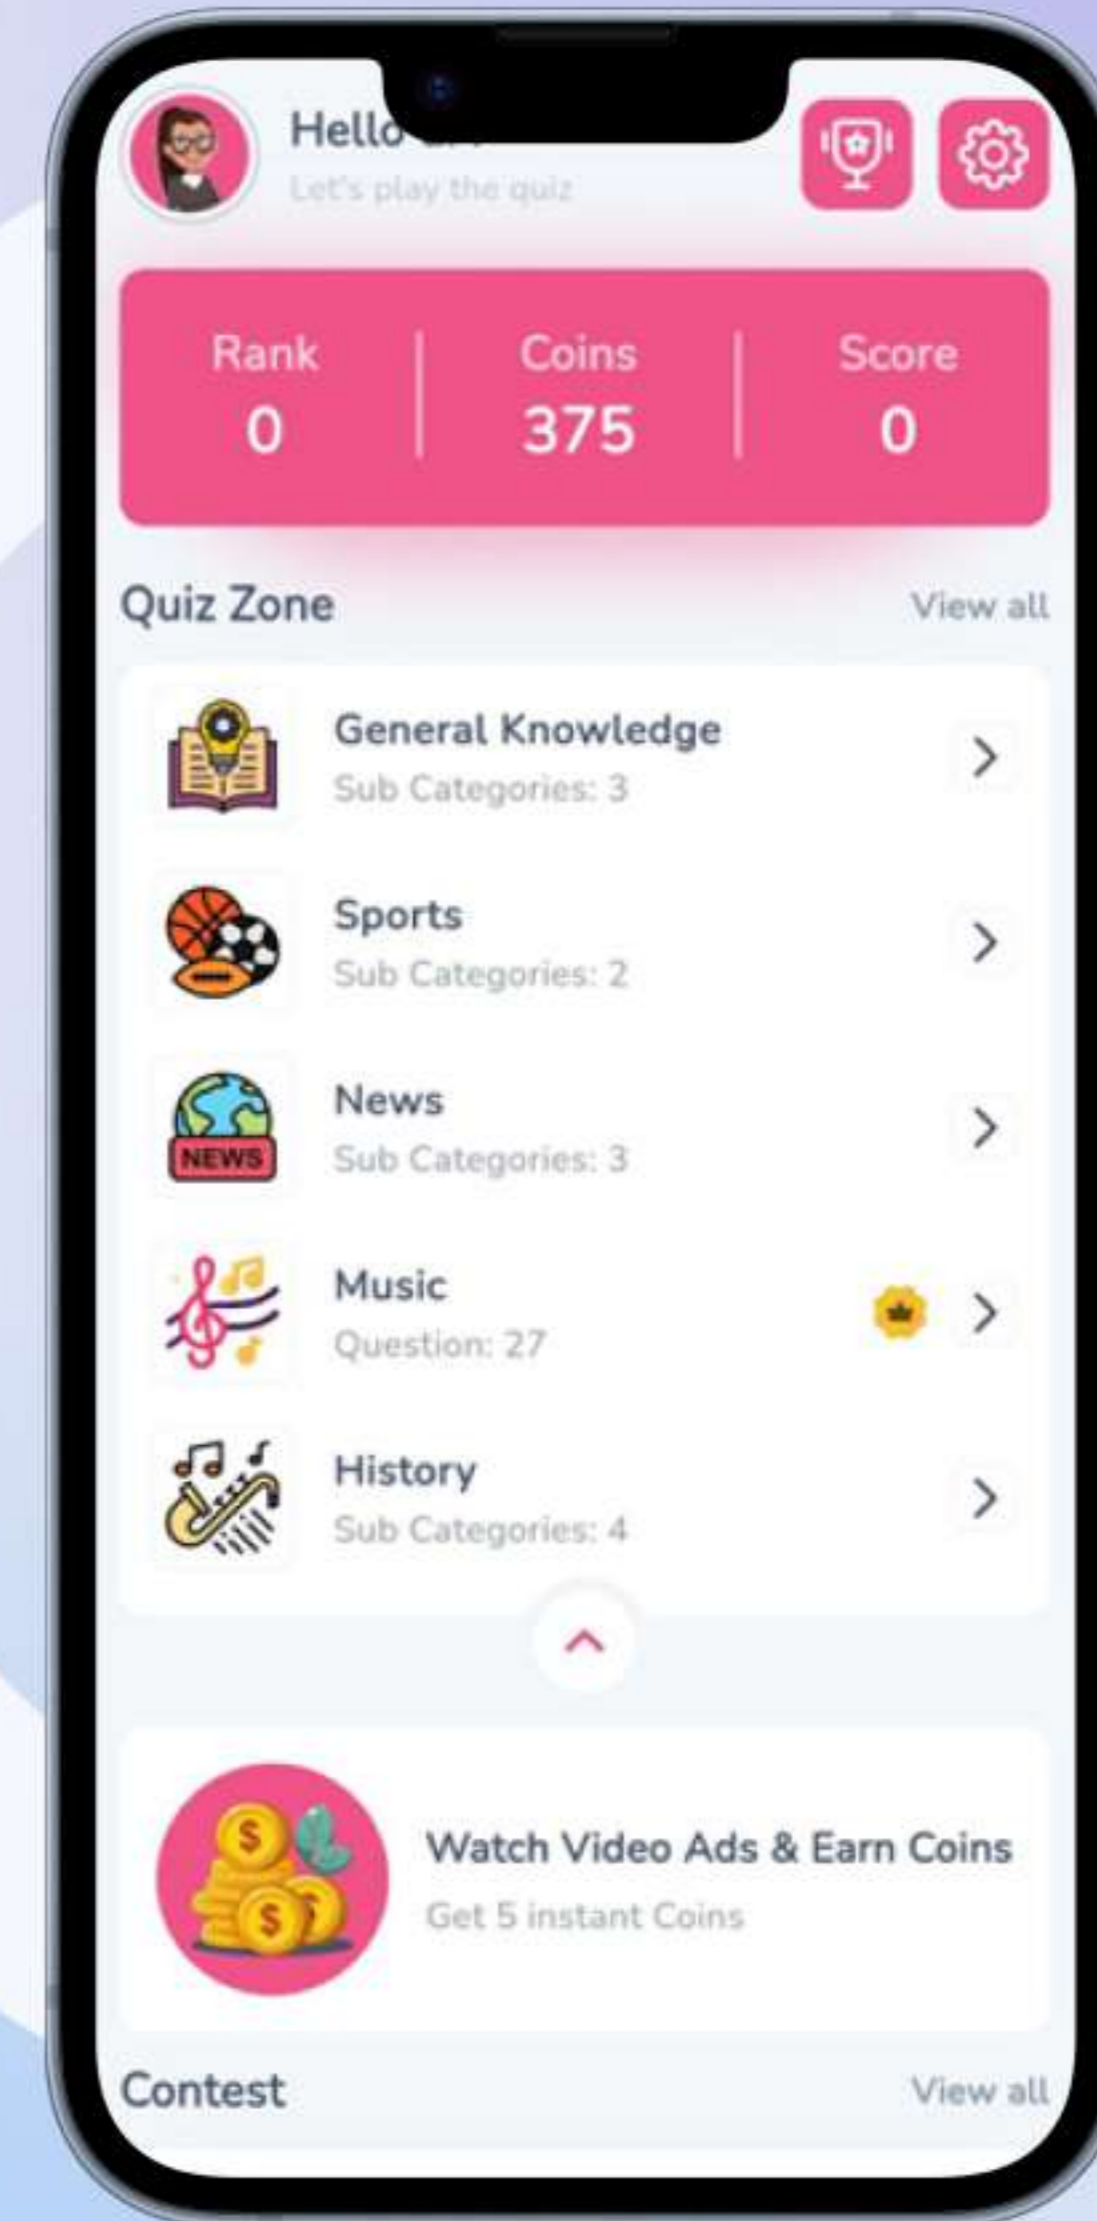

# Solutions

- ✓ **Rewarding Engagement:** Introduced 'Digital Goodies' earned by watching ads, incentivizing user participation.
- ✓ **Seamless Integration:** Implemented smooth ad integration that wouldn't disrupt the gameplay.
- ✓ **Interactive Experience:** Added animations and a responsive design to keep users engaged.
- ✓ **Multilingual & Multi-Device:** Ensured a seamless experience on smartphones, tablets, and potentially different languages in the future.
- ✓ **AI-Powered Recommendations:** Integrated an AI/ML system to suggest quizzes based on user interests and play history.

# Impact

- ✓ **Explosive Growth:** Witnessed a staggering 45% increase in app downloads!
- ✓ **Premium Power:** A 25% rise in premium users, highlighting the value proposition.
- ✓ **Word-of-Mouth Marketing:** A 65% jump in referrals through positive reviews, showcasing user satisfaction.

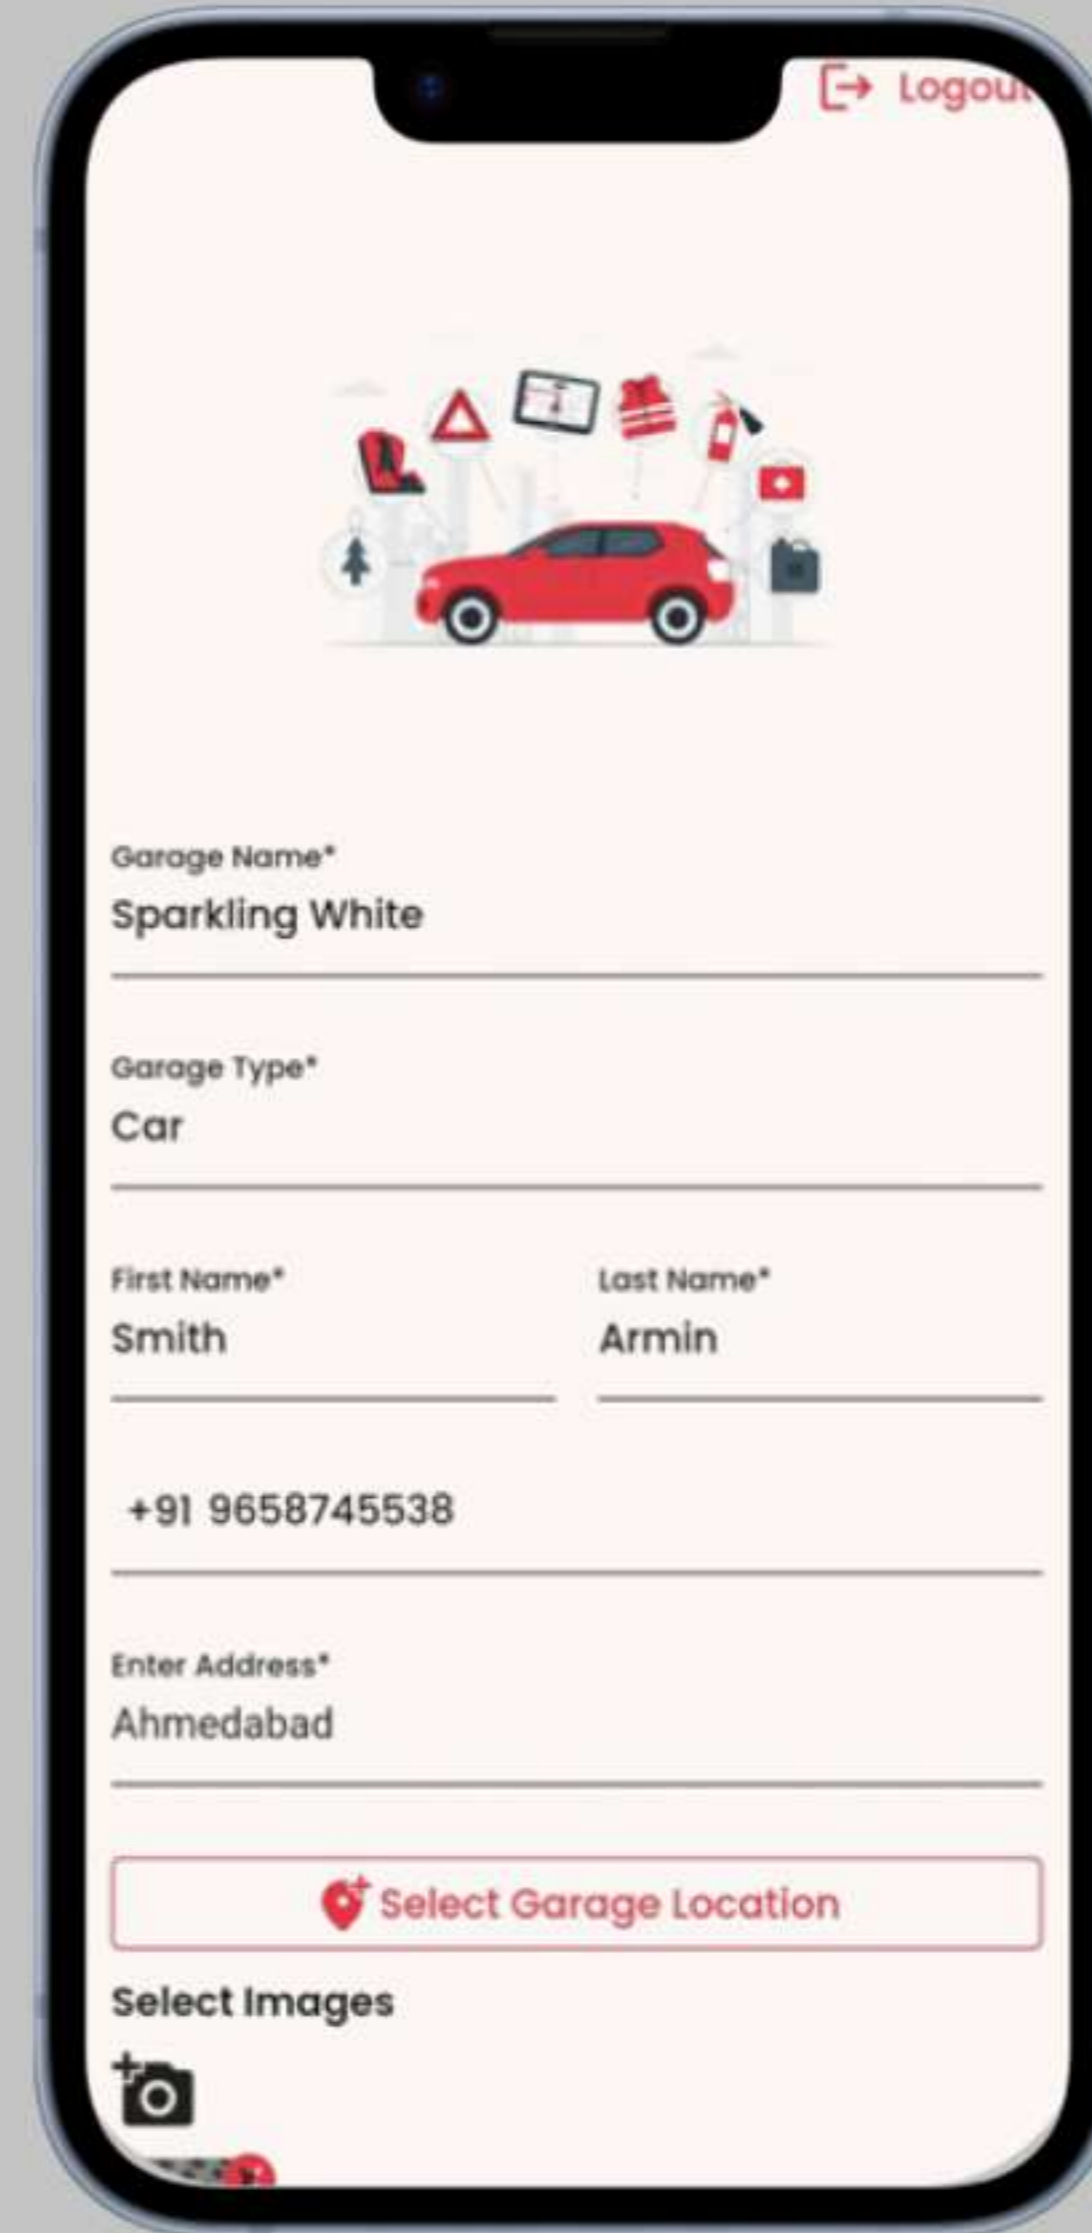

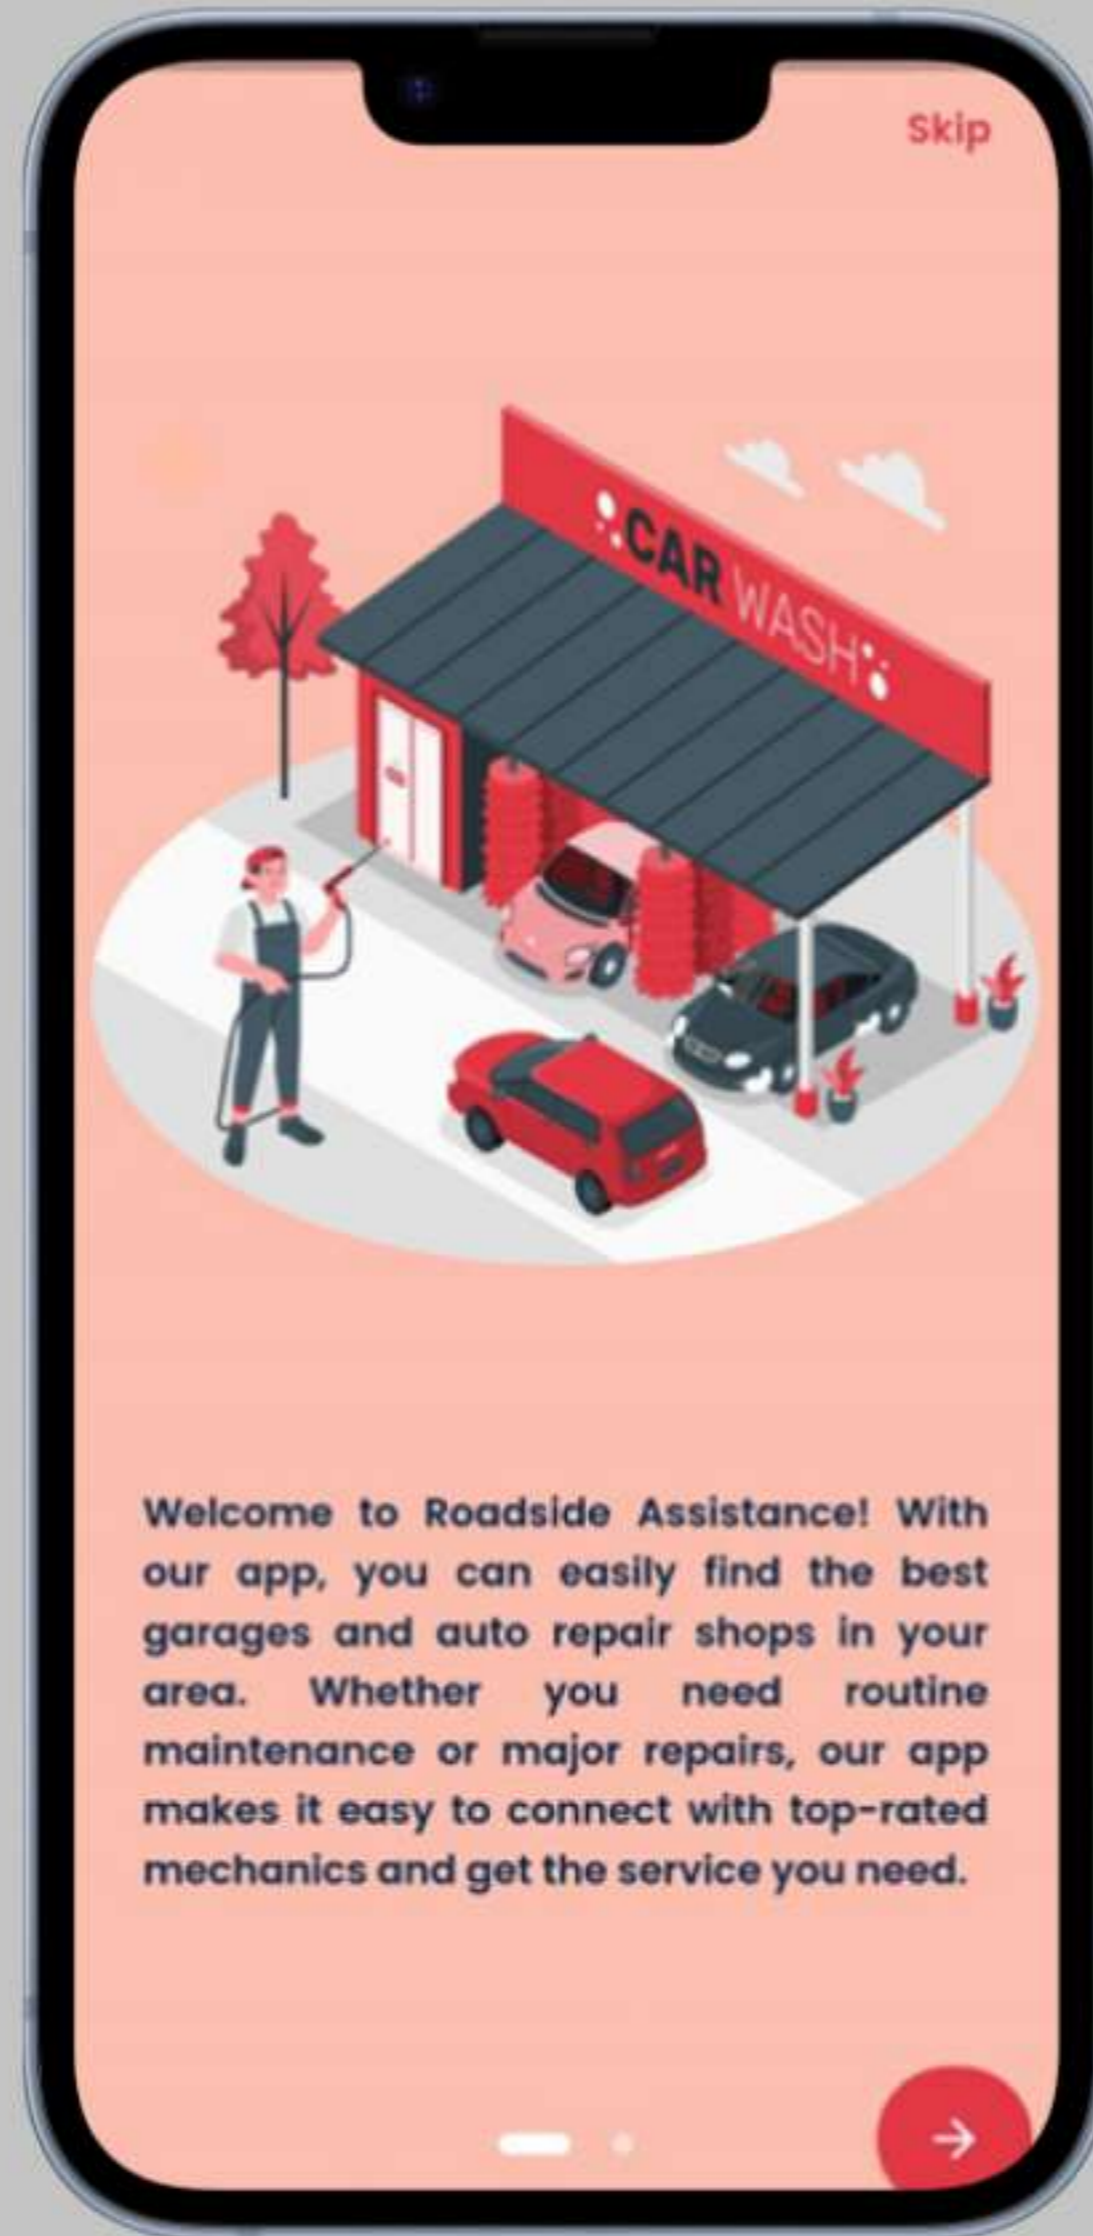

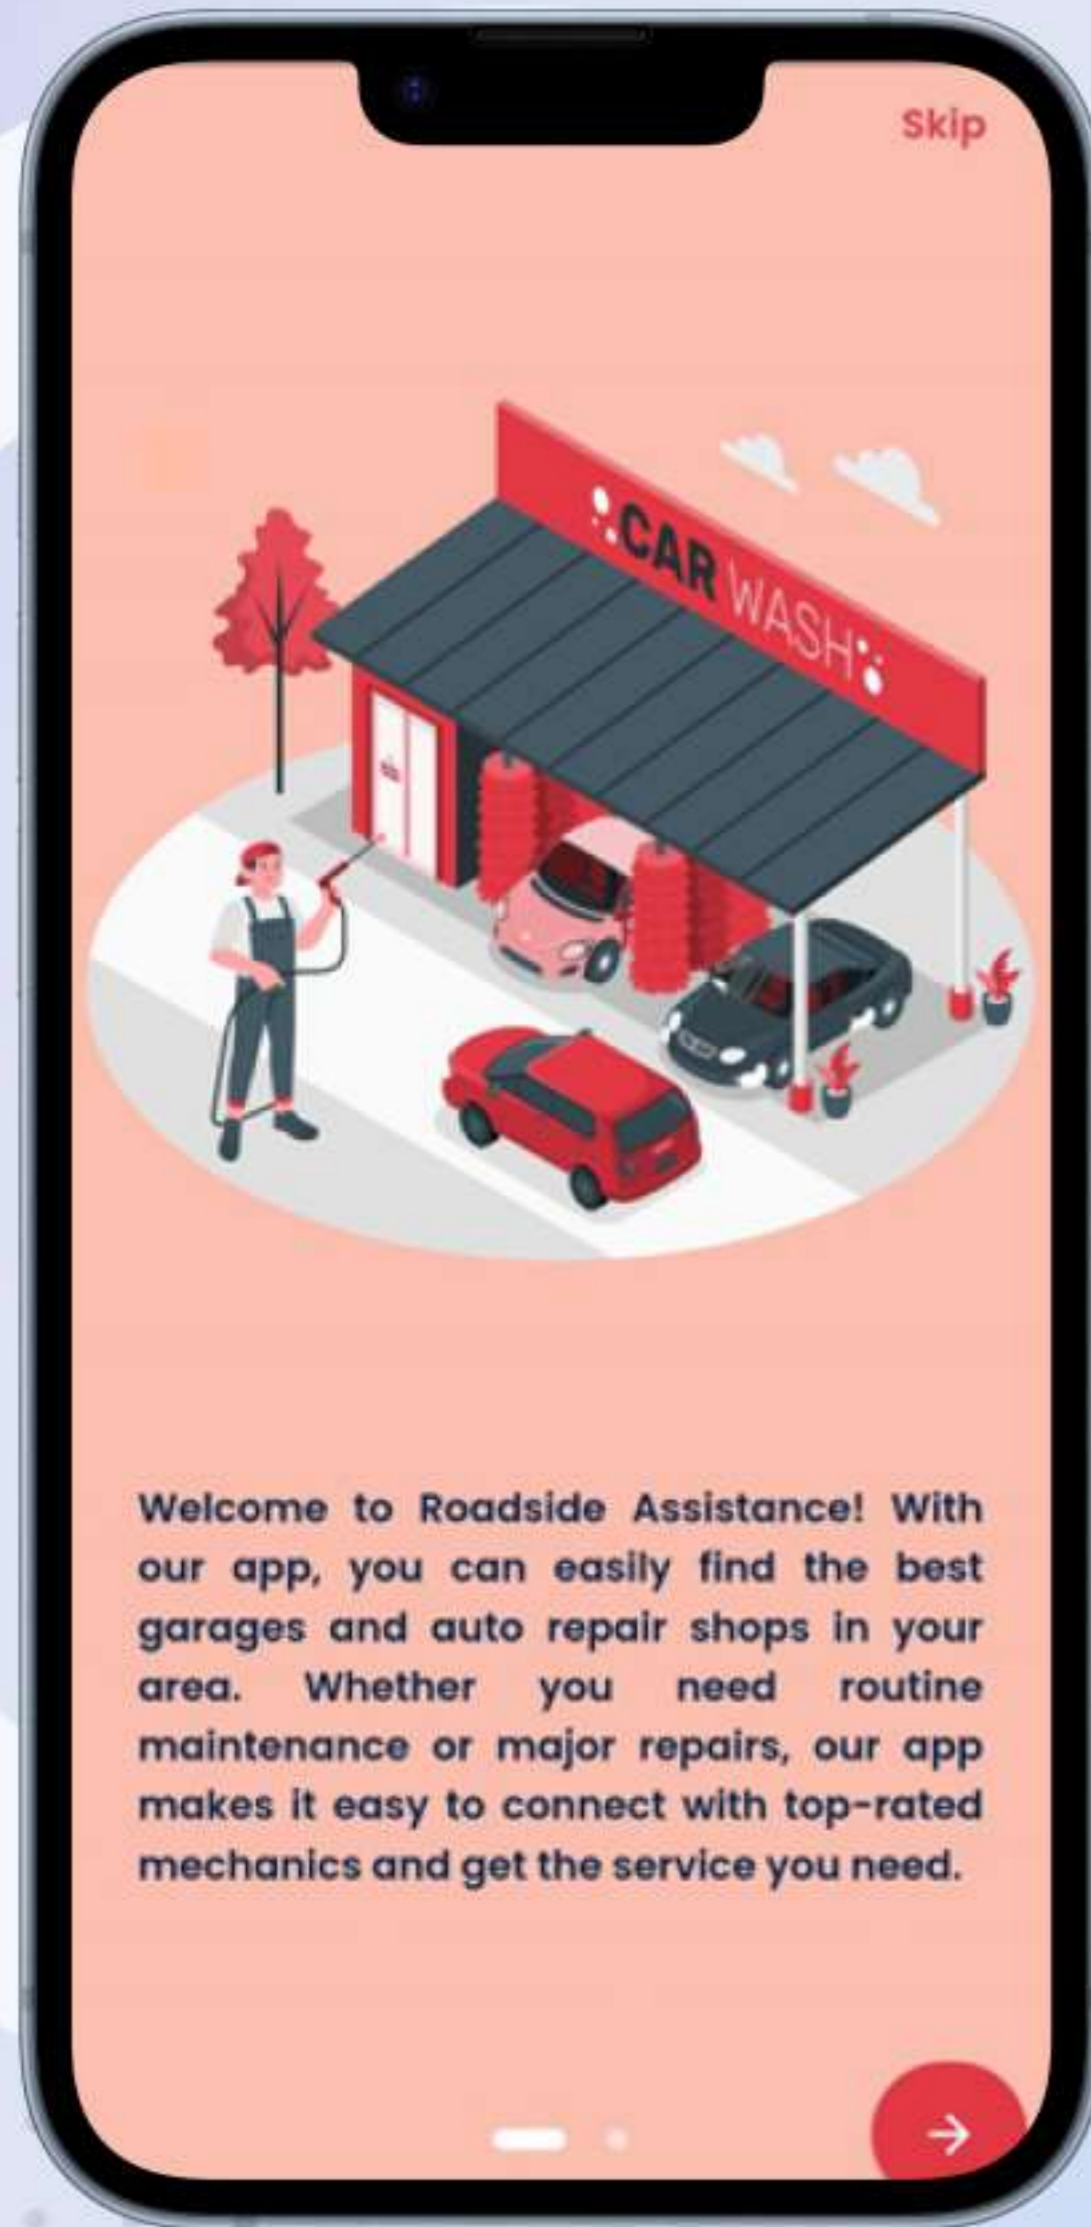

# RSA Garage

RSA Garage revolutionizes roadside assistance and parts procurement, offering a comprehensive solution for drivers in need. Seamlessly connecting garages and parts vendors through an intuitive map interface, RSA Garage ensures quick access to quality services and competitive prices for vehicle repairs.

# Features

## **Integrated Roadside Assistance and Parts Procurement :**

Access roadside assistance and purchase parts from a single platform, simplifying the vehicle repair process.

## **Map-Based Parts Identification :**

Add parts to maps for easy identification and locate nearby distributors for efficient parts procurement.

## **Garage Location Services :**

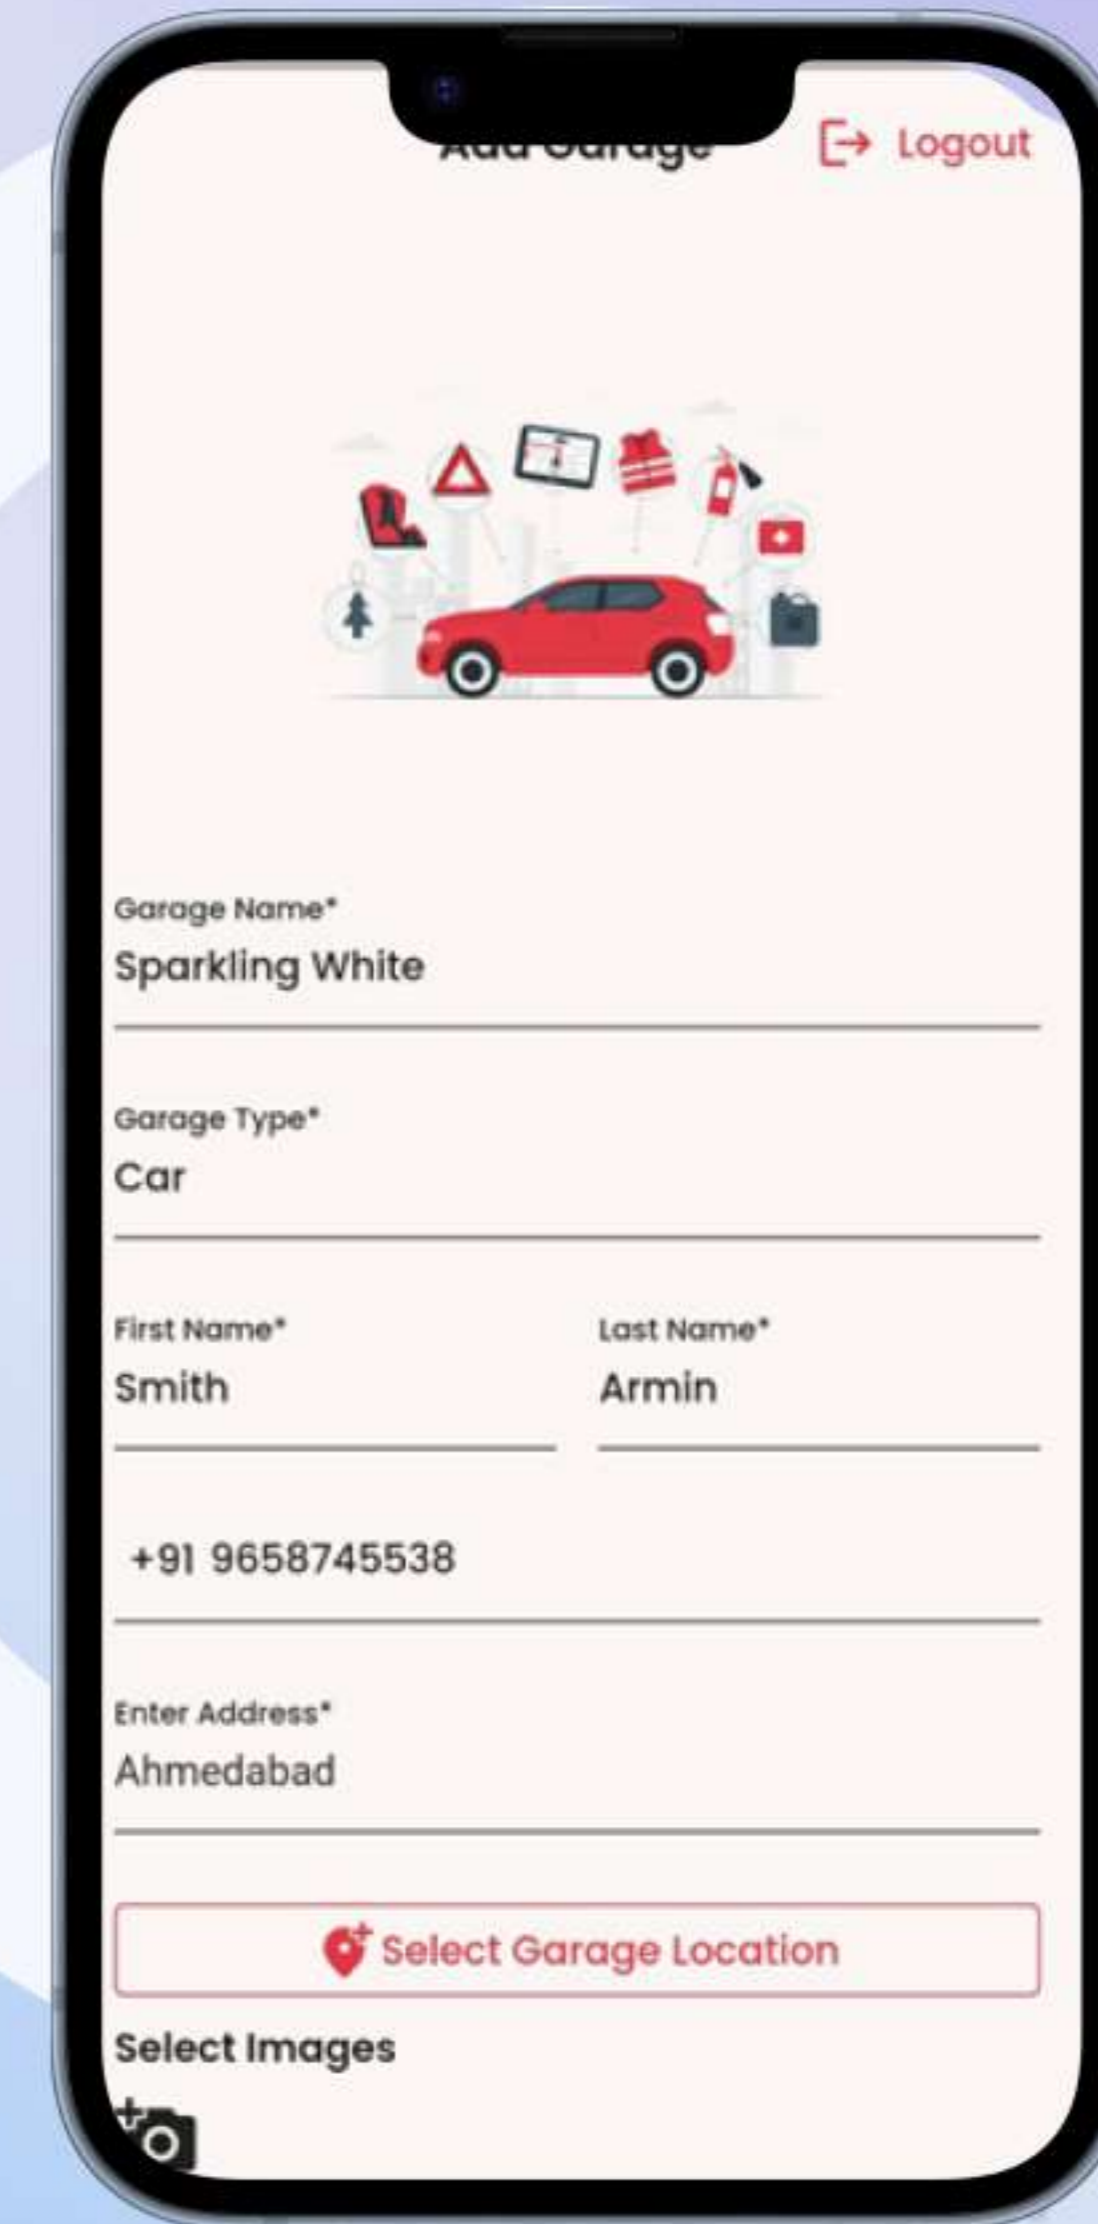

Find nearby garage locations and request services for prompt vehicle repairs and maintenance.

# Challenges

- ✓ **Integrating Garages and Parts Distribution :**  
Streamlining the connection between garages and parts distributors within a unified platform.
- ✓ **Mapping Parts and Garage Locations :**  
Displaying parts and garage locations accurately on maps, ensuring users can easily access the services they need.

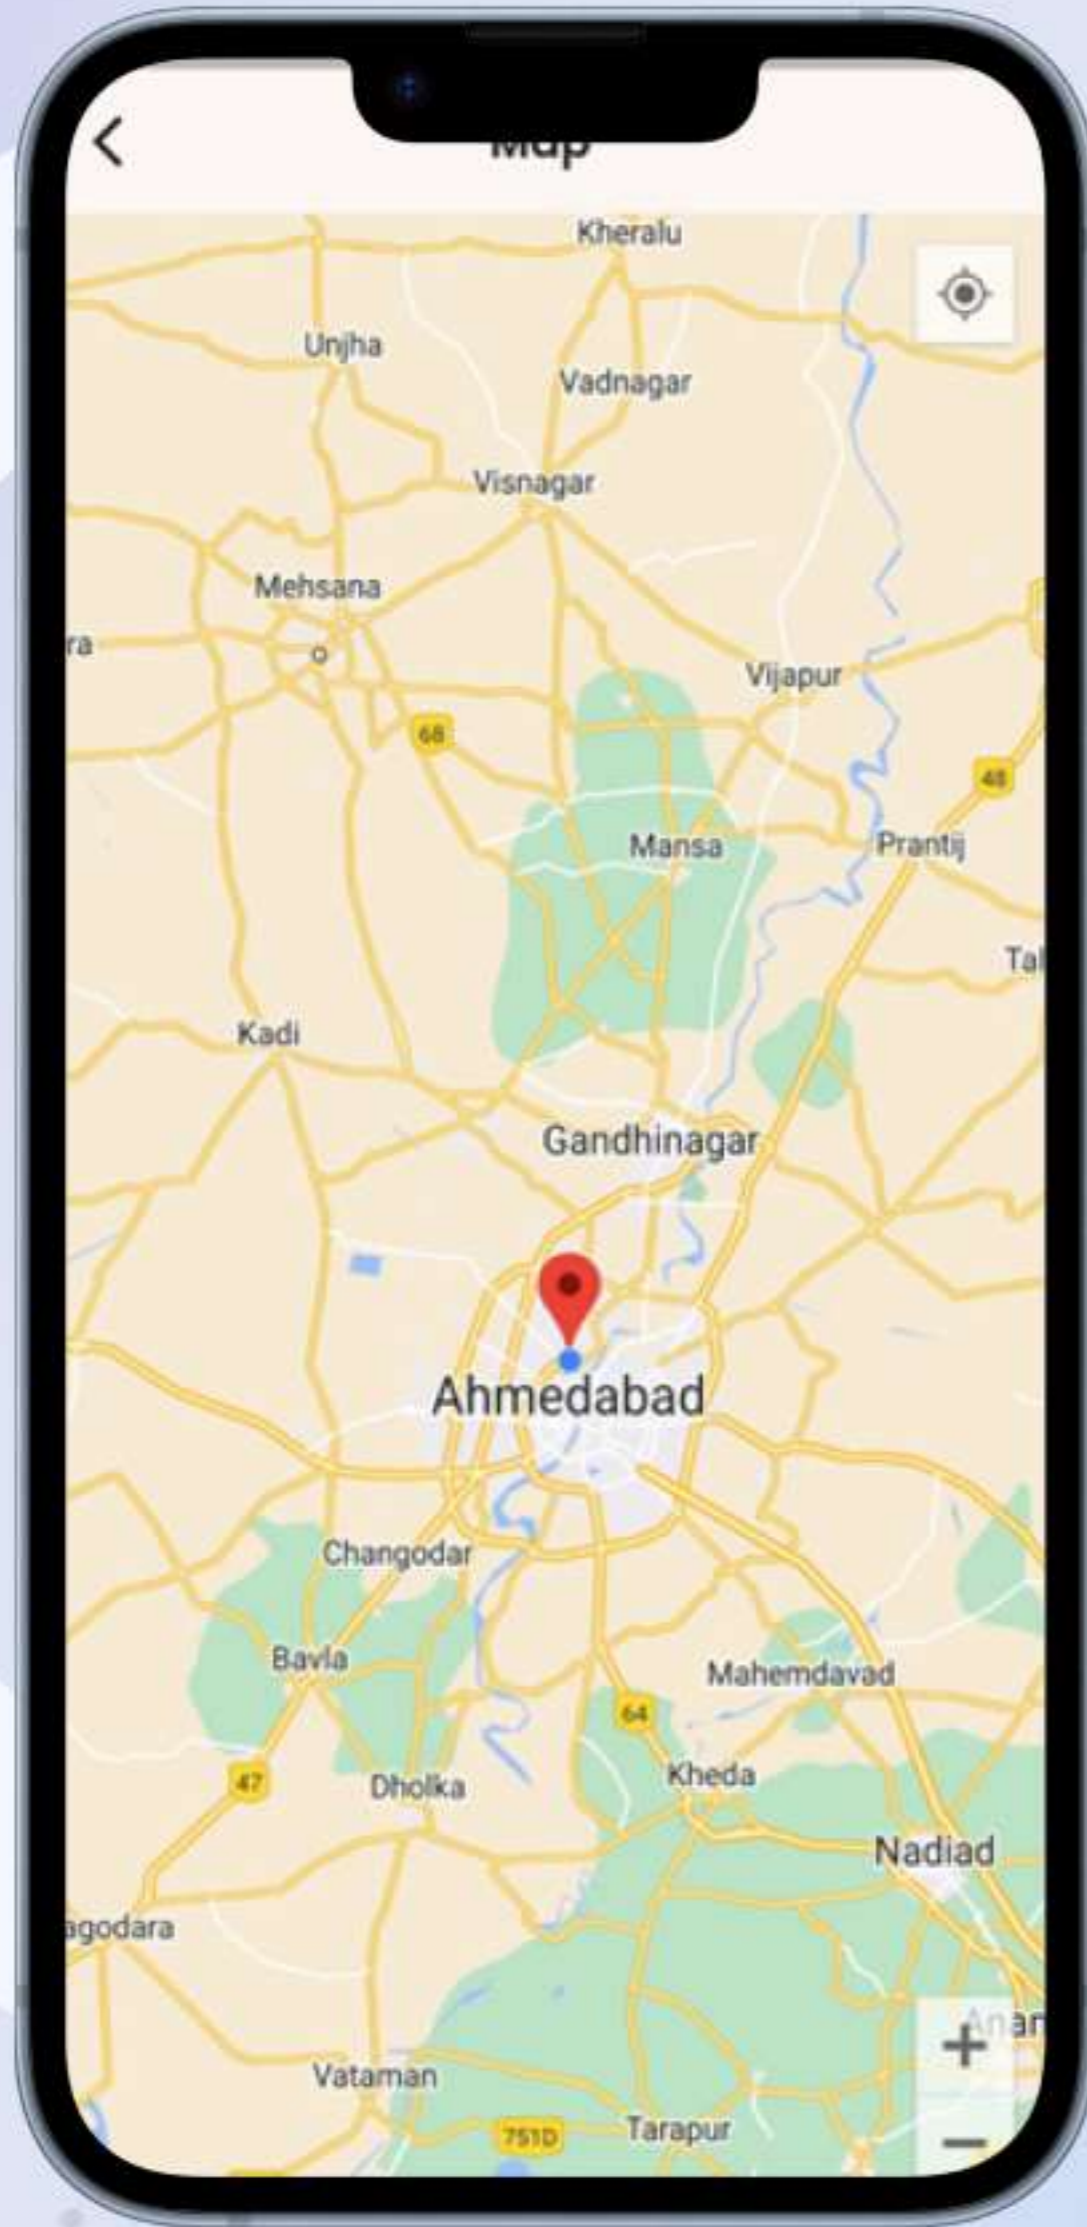

The image shows a smartphone screen displaying a form titled 'Add Garage'. At the top right, there is a 'Logout' button. Below the title is an illustration of a red car surrounded by various automotive parts and tools. The form contains the following fields:

- Garage Name\*  
Sparkling White
- Garage Type\*  
Car
- First Name\*  
Smith
- Last Name\*  
Armin
- +91 9658745538
- Enter Address\*  
Ahmedabad

At the bottom of the form, there is a red button with a location pin icon and the text 'Select Garage Location'. Below the button is a camera icon and the text 'Select Images'.

# Solutions

## **Utilization of Map Integration:**

Leveraging mapping technology to seamlessly connect garages and parts distributors, allowing users to access both services based on their current location.

## **Enhanced User Experience:**

Implementing intuitive map features to provide users with a clear view of nearby garages and parts vendors, facilitating easy navigation and service selection.

# Impact

## Increased Downloads:

Witnessed a remarkable 35% increase in app downloads, indicating growing user interest and adoption.

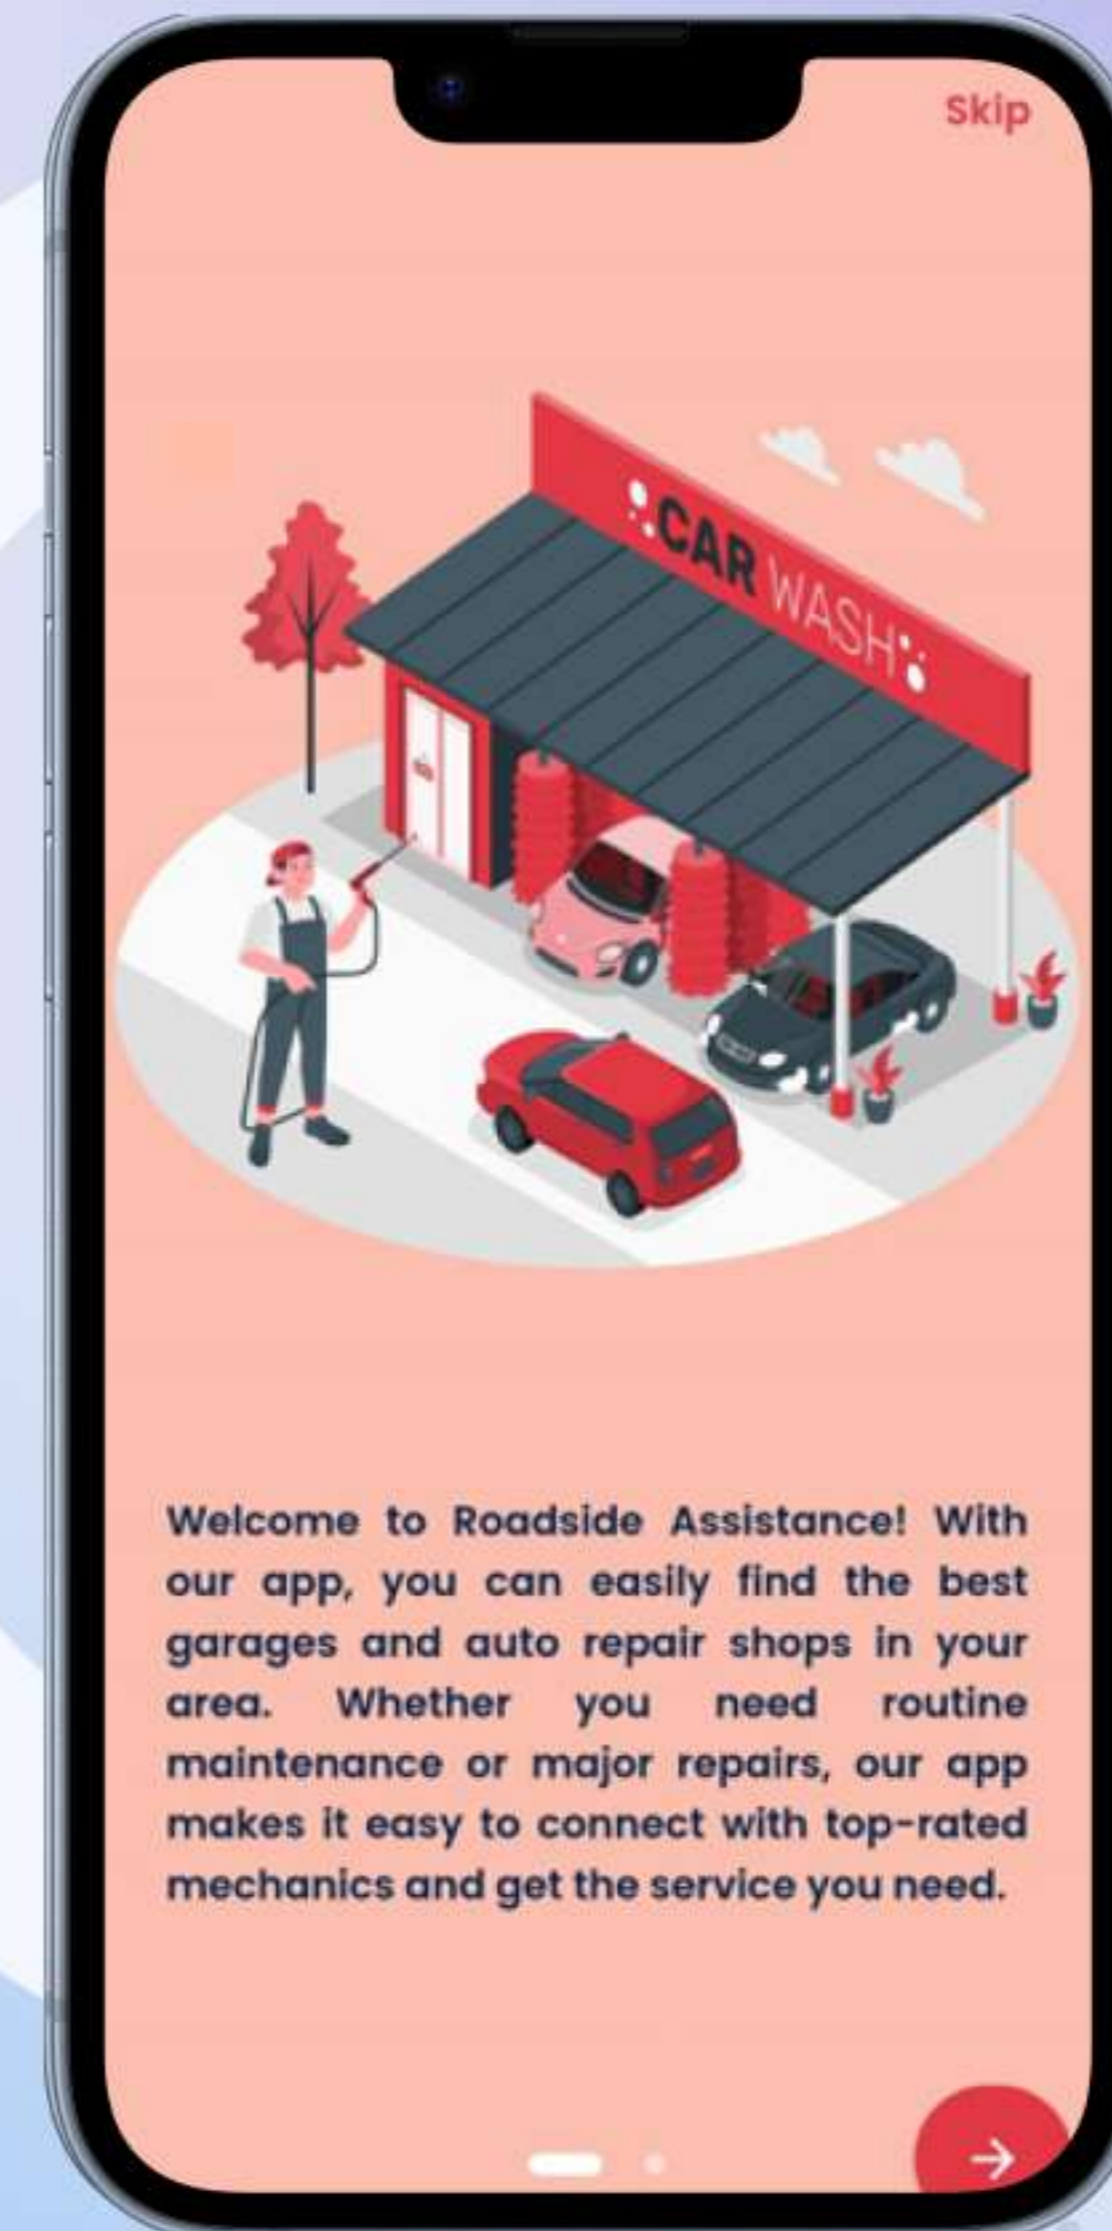

## Expansion of Premium User Base:

Experienced a 25% surge in premium user subscriptions, demonstrating enhanced user satisfaction and willingness to invest in premium services.

## Boost in Referral Traffic:

Received a 55% increase in referral traffic driven by positive reviews and recommendations, highlighting the platform's growing reputation and user advocacy.

# Happy Clients

Glowing testimonials that showcase our commitment to delivering innovative solutions and unparalleled customer service.

## Reviews

### “From Scratch to Success”

My biggest concern was starting with a completely new website. Codeintelli's team took me through the entire process, from initial concept to final launch. They were incredibly patient and always happy to answer my questions, no matter how basic.
